NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED  
TO DECEMBER 31, 2005

**Note 1 - Nature of Business**

Clancy's on Wall, Inc., (The "Company") is a New York State corporation formed, for the purpose of conducting business as a broker/dealer of securities. The Company is registered as a broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the National Association of Securities Dealers, Inc.

**Note 2 - Summary of Significant Accounting Policies**

*a) Revenue Recognition*

Securities transactions (and the recognition of related income and expenses) are recorded on a trade date basis. Commission income and related expense are recorded on a settlement date basis. There is no material difference between settlement date and trade date.

*b) Income Taxes*

The Company has elected to be treated as an "S" Corporation under the provisions of the Internal Revenue Code and New York State tax regulations. Under the provisions, the Company does not pay federal or state corporate income taxes on its taxable income. Instead, the stockholder is liable for individual income taxes on his respective share of the Company's taxable income. The Company continues to pay New York City general corporation taxes.

*c) Cash and Cash Equivalents*

The Company considers demand deposited money market funds to be cash equivalents. The Company maintains cash in bank accounts which, at times, may exceed federally insured limits or where no insurance is provided. The Company has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on cash and cash equivalents.

*d) Fixed Assets*

Equipment is carried at cost and is depreciated over a useful life of 5-7 years using the straight-line methods. Organization expense is amortized over five years using the straight-line method.

*e) Use of Estimates*

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported amounts of revenues and expenses.

**Note 3- Marketable Securities Owned and Sold**

Marketable securities consist of traded securities at quoted market values, as illustrated below:

|          |                |
|----------|----------------|
|          | <u>Owned</u>   |
| Equities | <u>\$9,531</u> |
|          | <u>\$9,531</u> |

**CLANCY'S ON WALL, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2005**

**Note 4 - Profit Sharing Plan**

The Company maintains a defined contribution plan covering substantially all employees. The Company contributes at the discretion of management, up to 25% of the eligible compensation. The Company's liability to the plan for the year ended December 31, 2005 was \$10,630.

**Note 5- Commitments**

***Office Lease***

The Company leases its premises under a lease expiring August 29, 2008. At December 31, 2005, the minimum rental commitment before escalations under the lease is as follows:

| <u>Year</u> | <u>Amount</u> |
|-------------|---------------|
| 2006        | \$82,615      |
| 2007        | \$82,615      |
| 2008        | \$55,077      |

The Company shares its premises with a Company whose 100% stockholder is the spouse of the Company's 100% stockholder. This related entity pays 50% of the rental amount due. The rental expense recorded is the net amount paid by the Company.

**Note 6 - Financial Instruments with Off-Balance Sheet Credit Risk**

As a securities broker, the Company is engaged in buying and selling securities for a diverse group of institutional investors. The Company introduces these transactions for clearance to another broker-dealer on a fully disclosed basis.

The Company's exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair the customer's ability to satisfy their obligations to the Company and the Company's ability to liquidate the collateral at an amount equal to the original contracted amount. The agreement between the Company and its clearing broker provides that the Company is obligated to assume any exposure related to such non-performance by its customers.

The Company seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing broker's internal guidelines. The Company monitors its customer activity by reviewing information it receives from its clearing broker on a daily basis, and requiring customers to deposit additional collateral, or reduce positions, when necessary.

**CLANCY'S ON WALL, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED DECEMBER 31, 2005**

**Note 7 - Net Capital Requirement**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500%. At December 31, 2005, the Company had net capital of \$247,979, which was \$239,316 in excess of its required net capital of \$8,663. The Company's net capital ratio was 27.95%

**INDEPENDENT AUDITORS' REPORT**

To the Officers and Directors of  
Clancy's on Wall, Inc.  
40 Wall Street – 38<sup>th</sup> floor  
New York, NY 10005

We have audited the accompanying statement of financial condition of Clancy's on Wall, Inc. as of December 31, 2005. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the statement of financial condition based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards required that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Clancy's on Wall, Inc. as of December 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

To the Officers and Directors of  
Clancy's on Wall, Inc.  
40 Wall Street – 38<sup>th</sup> floor  
New York, NY 10005

Gentlemen:

In planning and performing our audit of the financial statements of Clancy's on Wall, Inc. for the year ended December 31, 2005, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion of the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5 (g) (1) and (2) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Clancy's on Wall, Inc. that we considered relevant to the objectives stated in Rule 17a-5 (g), (1) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3 (a) (II); (2) in complying with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company (1) in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by rule 17a-13; (2) in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (3) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives.

Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that may be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for determining compliance with the exemption provisions of Rule 15c3-3, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005, to meet the Commission's objectives.

This report recognizes that it is not practicable in an organization the size of Clancy's on Wall, Inc. to achieve all the divisions of duties and cross checks generally included in a system of internal accounting control and that alternatively greater reliance must be placed on surveillance by management.

Further, that no material differences existed between our computations of your net capital, or determination of the reserve requirements, and your corresponding Focus Report Part IIA filing.

This report is intended solely for the use of management, the Securities and Exchange Commission, and other regulatory agencies, which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.

Respectfully submitted,
