INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Affiliated Bankers Capital, L.L.C.

We have audited the accompanying statement of financial condition of Affiliated Bankers Capital, L.L.C., as of December 31, 2005, and the related statements of income, changes in members' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Affiliated Bankers Capital, L.L.C., as of December 31, 2005 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

AFFILIATED BANKERS CAPITAL, L.L.C.

Notes to Financial Statements

December 31, 2005

Note 1 - Summary of Significant Accounting Policies

Affiliated Bankers Capital, L.L.C. (the "Company") was incorporated as a subchapter S corporation in February 1997 under the laws of the state of Texas. In September 1999, the Company was reorganized as a limited liability company. The equity interest of the Company are owned by an individual and two trusts which are related through common ownership of entities listed in Note 4 to these financial statements. The Company processes securities transactions involved in raising capital in the banking industry solely for ASCIB, L.P. ("ASCIB") under common ownership. The Company registered as a broker-dealer in securities registered with the Securities and Exchange Commission ("SEC") and is a member of the National Association of Securities Dealers ("NASD"). The Company operates under (SEC) Rule 15c3-3(k)(3), which provides an exemption if the Company does not handle customer funds.

The Company elected to be taxed as a partnership under the provisions of the Internal Revenue Code. As a result, all federal income tax liability or expense is paid by the members of the Company. Therefore no federal income tax is reflected in these financial statements.

The Company records professional services revenue related to commissions once the related transaction is completed, the fee is fixed and determinable, persuasive evidence of an arrangement exists, and collectibility is probable.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2 - Net Capital Requirements

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2005, the Company had net capital of approximately \$8,300 and net capital requirements of \$5,000. The Company's ratio of aggregate indebtedness to net capital was 4.79 to 1. The Securities and Exchange Commission permits a ratio of no greater than 15 to 1.

Notes to Financial Statements

December 31, 2005

Note 2 - Net Capital Requirements, continued

Capital distributions to its members can be made under a capital distribution policy approved by the Company's board of directors. Periodic distributions approved by the board of directors may be made to enable the members to pay federal income taxes on company profits, among other purposes.

Note 3 - Possession or Control Requirements

The Company does not have any possession or control of customer funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of (SEC) Rule 15c3-3(k)(3).

Note 4 - Related Party Transactions

The Company is affiliated with several other companies through common ownership. These companies are Alex Sheshunoff Management Services, L.P., ASCIB, L.P., AS Agency, L.L.C. and Alex eSolutions, Inc.

During 1998, the Company entered into a service agreement with three affiliates of the Company whereby the affiliates agreed to provide certain limited administrative and operating services as well as office space and equipment at no cost to the Company.

Substantially all of the Company's professional services revenue during 2005 was from ASCIB, L.P. At December 31, 2005, \$14,882 was owed to ASCIB, L.P., \$18,201 was owed to Sheshunoff Management Services, LP, and \$1,000 was due from AS Agency, L.L.C.

The Company and the affiliates are under common control and the existence of that control creates operating results and financial position significantly different than if the companies were autonomous.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL  
CONTROL REQUIRED BY SEC RULE 17a-5

The Board of Directors  
Affiliated Bankers Capital, L.L.C.

In planning and performing our audit of the financial statements and supplemental schedules of Affiliated Bankers Capital, L.L.C. (the "Company"), for the year ended December 31, 2005, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives.

Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles

generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc., and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
