INDEPENDENT AUDITORS' REPORT

To the Stockholder of
American Union Securities, Inc.
New York, NY

We have audited the accompanying statement of financial condition of American Union Securities, Inc. as of December 31, 2005, and the related statement of operations, changes in stockholder's equity and cash flows for the period November 12, 2004 to December 31, 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of American Union Securities, Inc. as of December 31, 2005 and the results of its operations and its cash flows for the period November 12, 2004 to December 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplemental schedule listed in the accompanying index is presented for the purposes of additional analysis and is not a required part of the basic financial statements, but is supplemental information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BUSINESS

American Union Securities, Inc. ("Company") is a registered broker-dealer in securities under the provisions of the Securities Exchange Act of 1934 and is a member of the National Association of Securities Dealers, Inc. The Company incorporated in the State of New York on June 9, 2004. The Company commenced operations as a broker-dealer on November 12, 2004.

The Company is negotiating an agreement ("Agreement") with a clearing broker ("Broker") to clear securities transactions, carry customers' accounts on a fully disclosed basis and perform certain record keeping functions. Accordingly, the Company operates under the exemptive provisions of Securities and Exchange Commission ("SEC") Rule 15c3-3(k)(2)(ii).

SECURITIES TRANSACTIONS

Securities transactions and related commission revenues and expenses are recorded on a trade date basis. Securities listed on a national exchange are valued at the last sales price on the date of valuation. Securities not listed on a national exchange are valued at the last sales price on the date of valuation or, if such price is not available, at the bid price for securities owned and the ask price for securities sold but not yet purchased at the close of business.

INCOME TAXES

Income taxes are computed on the pretax income, offset by pre-existing net operating losses, based on the current tax law. Deferred income taxes are recognized for the tax consequences in future years of differences between the tax basis of assets and liabilities and their financial reporting amounts at each year-end based on enacted tax laws and statutory tax rates.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 1. NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying amounts reported in the balance sheet for cash and cash equivalents, and accounts payable approximate fair value because of the immediate or short-term maturity of these financial instruments. The carrying amount reported for long-term debt approximates fair value because, in general, the interest on the underlying instruments fluctuates with market rates.

FIXED ASSETS

Fixed assets are stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets.

When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts, and any resulting gain or loss is recognized in income for the period. The costs of maintenance and repairs is charged to income as incurred; significant renewals and betterments are capitalized. Deduction is made for retirements resulting from renewals or betterment. Depreciation expense was \$3,408 for the period November 12, 2004 to December 31, 2005.

NOTE 2. CLEARING AGREEMENT

In accordance with the Company's future agreement, all of the Company's property held by the Broker including, but not limited to, securities, deposits, monies and receivables are used as collateral to secure the Company's liabilities and obligations to the Broker.

NOTE 3. REGULATORY NET CAPITAL AND RESERVE REQUIREMENTS

The Company is subject to the SEC's Uniform Net Capital Rule, which requires the maintenance of minimum regulatory net capital and requires that the ratio of aggregate indebtedness to regulatory net capital, both as defined, shall not exceed 15 to 1. As of December 31, 2005, the Company has regulatory net capital of approximately \$246,871 and a minimum regulatory net capital requirement of \$100,000.

Under the provisions of Rule 15c3-3, the Company is not required to segregate funds in a special reserve account for the exclusive benefit of customers and, is not subject to certain other requirements of the Consumer Protection Rule.

NOTE 4. COMMITMENTS

CUSTOMER TRANSACTIONS

In the normal course of business, the Company executes, as agent, securities transactions on behalf of its customers. If the agency transactions do not settle because of failure to perform by either the customer or the counter party, the Company may be obligated to discharge the obligation of the non-performing party and, as a result, is subject to market risk if the market value of the securities is different from the contract amount of the transactions.

The Company does not anticipate nonperformance by customers or counter parties in the above situations. The Company's policy is to monitor its market exposure and counter party risk. In addition, the Company has a policy of reviewing, as considered necessary, the credit standing of each counter party and customer with which it conducts business.

OPERATING LEASE

The Company leases office space under a five-year lease agreement that will expire in June 2009. Currently, the Company is paying \$8,377 per month as a base rent until June 30, 2007 and then \$8,655 per month until the lease ends on June 30, 2009. The minimum rentals for the remainder of the lease is \$358,506.

Rent expense for the period ended December 31, 2005 was \$119,369.

Office equipment and furniture	\$ 3,764
Computer	11,462
Accumulated depreciation	<u>(4,340)</u>
	<u>\$ 10,886</u>

Depreciation expense was \$3,408 for the period ended December 31, 2005.

NOTE 8. SECURITIES SOLD, NOT YET PURCHASED

The Company may, from time to time, sell securities it does not own in anticipation of a decline in the fair value of those securities. When the Company sells a security short, it must borrow the security sold short. A gain, limited to the price at which the Company sells the security short, or a loss, unlimited in amount, will be recognized upon the termination of a short sale. At December 31, 2005, there is no obligation for securities sold, not yet purchased.

NOTE 9. INVESTMENTS

The Company owns 19,200,000 shares of thinly traded stock that they have set up a complete 100% valuation allowance.

NOTE 10. PENSION PLAN

The Company does not have a retirement plan.

NOTE 11. INCOME TAXES

REPORT ON INTERNAL CONTROL

Board of Directors
American Union Securities, Inc.

In planning and performing our audit of the financial statements and supplemental schedules of American Union Securities, Inc. for the period November 12, 2004 to December 31, 2005, we considered its internal control structure, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5 (g) (1) of the Securities and Exchange Commission, we have made a study of the practices and procedures followed by the company that we considered relevant to the objectives stated in Rule 17a-5 (g) in making the periodic computation of aggregate indebtedness and net capital under Rule 17a-3 (a) (11) and the procedures for determining compliance with exemptive provisions of Rule 15c3-3. We did not review practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or in compliance with the requirements for prompt payment of securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5 (g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

MEMBER OF: AMERICAN INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS (AICPA)
SEC PRACTICE SECTION OF THE AICPA (SECPS)
NEW JERSEY SOCIETY OF CERTIFIED PUBLIC ACCOUNTANTS
PENNSYLVANIA INSTITUTE OF CERTIFIED PUBLIC ACCOUNTANTS
FLORIDA STATE BOARD OF ACCOUNTANCY

Because of inherent limitations in any internal control structures or the practices and procedures referred to above, errors or irregularities may occur and may not be detected. Also, protection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weakness under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weakness as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purpose in accordance with Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all materials respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a-5 (g) under the Securities Exchange Act of 1934 and should not be used by anyone other than these specified parties.
