INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Century Securities Associates, Inc.
St. Louis, Missouri

We have audited the accompanying statement of financial condition of Century Securities Associates, Inc. (the "Company") (a wholly-owned subsidiary of Stifel Financial Corp.) as of December 31, 2005, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with generally accepted auditing standards as established by the Auditing Standards Board (United States) and in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such statement of financial condition presents fairly, in all material respects, the financial position of Century Securities Associates, Inc. at December 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

CENTURY SECURITIES ASSOCIATES, INC.
NOTES TO STATEMENT OF FINANCIAL CONDITION
December 31, 2005

NOTE A — SUMMARY OF SIGNIFICANT ACCOUNTING AND REPORTING POLICIES

Nature of Operations

Century Securities Associates, Inc. (the "Company") is a fully disclosed introducing broker, which contracts with independent licensed brokers to sell securities and other investment products to retail (individual) investor accounts. Its major geographic area of concentration is the Midwest. The Company introduces its customers to an affiliated broker-dealer, Stifel Nicolaus & Company, Incorporated ("Stifel") (See Note B) who carries such accounts on a fully disclosed basis. Accordingly, the Company is exempt under Section (k)(2)(ii) from Rule 15c3-3 under the Securities Exchange Act of 1934.

Basis of Presentation

The Company is a wholly-owned subsidiary of Stifel Financial Corp. (the "Parent Company").

The preparation of the financial statement in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the Statement of Financial Condition. Actual results could differ from those estimates.

The Company defines cash equivalents as short-term, highly liquid investments with original maturities of 90 days or less.

The Company is included in the consolidated federal and state income tax returns filed by the Parent Company and its subsidiaries. The Company's portion of the consolidated current income tax liability, computed on a separate return basis pursuant to a tax sharing agreement, was recorded through inter-company transactions with an affiliate, Stifel, also a wholly-owned subsidiary of the Parent Company, which makes the payments on behalf of the Parent Company and its subsidiaries. A local income tax payable is included in the caption "Accrued liabilities" on the accompanying Statement of Financial Condition.

Deferred income taxes are recognized for the future tax consequences attributable to differences between the financial reporting and income tax bases of assets and liabilities.

CENTURY SECURITIES ASSOCIATES, INC.
NOTES TO STATEMENT OF FINANCIAL CONDITION (continued)
December 31, 2005

NOTE A — SUMMARY OF SIGNIFICANT ACCOUNTING AND REPORTING POLICIES (continued)

Recent Accounting Pronouncements

In June 2005, the FASB issued SFAS No. 154, "Accounting Changes and Error Corrections - a replacement of APB Opinion No. 20 and FASB Statement No. 3," ("SFAS No. 154"). SFAS No. 154 changes the requirements for the accounting for and reporting of a change in accounting principle. SFAS No. 154 is effective for accounting changes made in fiscal years beginning after December 15, 2005. The Company does not expect the adoption of SFAS No. 154 to have a material impact on the Company's Statement of Financial Condition.

NOTE B — Related Party Transactions

The Company conducts its securities operations as a fully disclosed introducing broker through an affiliated company, Stifel, ("the carrying broker-dealer"). Under the arrangement, the Company has a proprietary accounts of introducing brokers ("PAIB") agreement with the carrying broker-dealer. The Company receives a portion of the service fees and interest charged to its introduced customers by the carrying broker-dealer. At December 31, 2005, the "Due from carrying broker-dealer" balance consisted of commissions receivable, and retained service fees net of brokerage and clearing expense, and the "Due to affiliate" is comprised principally of payroll, independent contractor fees, taxes and various administrative expenses that were paid on behalf of the Company. The Company reimbursed the Parent Company under a month-to-month lease agreement for office space and equipment rental. During 2005, the Company reimbursed the carrying broker-dealer for write-offs of customer receivables.

NOTE C — NET CAPITAL REQUIREMENTS

The Company is subject to the net capital rule under the Securities Exchange Act of 1934, which requires the maintenance of minimum net capital, as defined. The Company is required to maintain minimum net capital, as defined, equal to the greater of \$50,000 or 6 2/3% of aggregate indebtedness.

At December 31, 2005, the Company had net capital of \$1,899,368, which was 104% of aggregate indebtedness and \$1,767,279 in excess of required net capital.

CENTURY SECURITIES ASSOCIATES, INC.
NOTES TO STATEMENT OF FINANCIAL CONDITION (continued)
December 31, 2005

NOTE D — FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET RISK

The Company's customers' accounts are carried by the carrying broker-dealer. All execution and clearing services are performed by the carrying broker-dealer. The agreement between the Company and the carrying broker-dealer stipulates that all losses resulting from the Company's customers' inability to fulfill their contractual obligations are the responsibility of the Company. The Company manages its risks associated with the aforementioned transactions through its carrying broker-dealer's monitoring of position, credit limits, and collateral. Additional collateral is required from customers and other counterparties, when appropriate.

NOTE E — INCOME TAXES

The Company's deferred tax asset consists of the following temporary differences, at December 31, 2005:

Accruals, not currently deductible	\$ 5,358
Other	<u>942</u>
Deferred tax asset	<u>\$ 6,300</u>

At December 31, 2005, no valuation allowance has been established against deferred tax assets since it is more likely than not that the deferred tax asset will be realized.

NOTE F — EMPLOYEE BENEFIT PLANS

Employees of the Company participate in the Parent Company's profit sharing 401(k) plan, Employee Stock Ownership Plan, and incentive stock award plans.

SUPPLEMENTAL REPORT ON INTERNAL CONTROL REQUIRED BY RULE 17a-5 UNDER THE SECURITIES EXCHANGE ACT OF 1934 AND REGULATION 1.16 OF THE COMMODITY EXCHANGE ACT

To the Board of Directors of
Century Securities Associates, Inc.
St. Louis, Missouri

In planning and performing our audit of the statement of financial condition of Century Securities Associates, Inc. (the "Company") (a wholly-owned subsidiary of Stifel Financial Corp.) for the year ended December 31, 2005, (on which we issued our report dated February 28, 2006), we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing an opinion on the statement of financial condition and not to provide assurance on the Company's internal control.

Also, as required by Rule 17a-5(g)(1) under the Securities Exchange Act of 1934 and Regulation 1.16 under the Commodity Exchange Act, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by the Company that we considered relevant to the objectives stated in Rule 17a-5(g) and Regulation 1.16 in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities. We did not review the practices and procedures followed by the Company in making the daily computations of segregation requirements of Section 4d (2) and Regulation 30.7 under the Commodity Exchange Act, because the Company does not maintain customer commodities accounts or hold foreign futures or foreign options.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control and of the practices and procedures, and to assess whether those practices and procedures can be expected to achieve the Securities and Exchange Commission's and the Commodity Futures Trading Commission's (the "Commissions") above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized acquisition, use, or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of the statement of financial condition in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) and Regulation 1.16(d)(2) list additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control or the practices and procedures referred to above, misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal control or of such practices and procedures to future periods are subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with the practices or procedures may deteriorate.

Our consideration of the Company's internal control would not necessarily disclose all matters in the Company's internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the statement of financial condition being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the Company's internal control and its operation, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commissions to be adequate for their purposes in accordance with the Securities Exchange Act of 1934, the Commodity Exchange Act and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005, to meet the Commissions' objectives.

This report is intended solely for the information and use of the board of directors, management, the Securities and Exchange Commission, the New York Stock Exchange, Inc., the Commodity Futures Trading Commission, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 or Regulation 1.16 under the Commodity Exchange Act in their regulation of registered brokers and dealers and futures commission merchants, and is not intended to be and should not be used by anyone other than these specified parties.
