STRONG CITY SECURITIES, LLC

NOTES TO FINANCIAL STATEMENTS

December 31, 2005

NOTE 1- ORGANIZATION AND NATURE OF BUSINESS

Strong City Securities, LLC, a Delaware limited liability company (the "Company") is registered as a broker-dealer with the Securities and Exchange Commission ("SEC") and became a member of the National Association of Securities Dealers, Inc. ("NASD") in November 2004.

The Company is engaged in the business of securities lending.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Concentration of Credit Risk

The Company is engaged in various investment and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

The carrying value of financial instruments including receivable from broker dealer and accrued expenses, approximates their fair value due to the relatively short-term nature of these instruments.

Recent Accounting Pronouncements

The Company does not expect the adoption of recent accounting pronouncements to have any material impact on its financial condition or results of operations

Comprehensive Income

The Company adopted Statement of Financial Accounting Standards No. 130, "Reporting Comprehensive Income" ("SFAS No. 130"). SFAS No. 130 requires an entity to report comprehensive income and its components and increases financial reporting disclosures. This standard has no impact on the Company's financial position, cash flows or results of operations since no elements of the Company's comprehensive income exist other than the loss from operations.

NOTE 3- INCOME TAXES

No provisions for federal and state income taxes are made in the financial statements as these taxes are the responsibility of the member under this form of organization.

NOTE 4- COMMITMENTS AND CONTINGENCIES

At the current time, the sole member provides office space, for which the Company does not pay any rent.

NOTE 5- NET CAPITAL REQUIREMENTS

The Company is a member of the NASD is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1. NOTE 6- EXEMPTION FROM RULE 15c3-3

The Member of
Strong City Securities, LLC

In planning and performing our audit of the financial statements of Strong City Securities, LLC (the "Company") for the period October 1, 2004 to December 31, 2005, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a) (11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customer as required by Rule 15c3-3

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraphs. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Strong City Securities, LLC

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005 to meet the Commission's objectives.

This report recognizes that it is not practicable in an organization the size of Strong City Securities, LLC to achieve all the divisions of duties and cross-checks generally included in a system of internal control, and that, alternatively, greater reliance must be placed on surveillance by management.

This report is intended solely for the information and use of the Members, management, the SEC, The NASD, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
