INDEPENDENT AUDITORS' REPORT
ON INTERNAL CONTROL REQUIRED BY
SEC RULE 17a-5

ARGENT SECURITIES CO. LLC

Period from September 20, 2005
(commencement of operations)
to December 31, 2005

**INDEPENDENT AUDITORS' REPORT
ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5**

To the Members of
Argent Securities Co. LLC

In planning and performing our audit of the financial statements and supplementary information of Argent Securities Co. LLC (the "Company") for the period from September 20, 2005 (commencement of operations) to December 31, 2005, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customer as required by rule 15c3-3

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005 to meet the SEC's objectives.

This report is intended solely for the information and use of the Company's management, the SEC, the National Association of Securities Dealers, Inc. and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink, appearing to read "Scott Martin" followed by a date "2/23/06".

STATEMENT OF FINANCIAL CONDITION AND
REPORT OF INDEPENDENT CERTIFIED
PUBLIC ACCOUNTANTS

ARGENT SECURITIES CO. LLC

Period from September 20, 2005
(commencement of operations)
to December 31, 2005

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Members of
Argent Securities Co. LLC

We have audited the accompanying statement of financial condition of Argent Securities Co. LLC (the "Company") as of December 31, 2005. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America as established by the Auditing Standards Board of the American Institute of Certified Public Accountants. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Argent Securities Co. LLC as of December 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

	<u>\$1,527,421</u>

The accompanying notes are an integral part of this statement.

NOTES TO STATEMENT OF FINANCIAL CONDITION

December 31, 2005

NOTE A - ORGANIZATION

Argent Securities Co. LLC (the "Company") is a broker-dealer registered with the Securities and Exchange Commission and is a member of the National Association of Securities Dealers, Inc. The Company will engage primarily in proprietary trading of U.S. corporate debt and equity securities. The Company commenced operations on September 20, 2005. The Company is exempt from Rule 15c3-3 of the Securities and Exchange Commission under paragraph k(2)(ii) of that rule.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Preparation

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

2. Cash and Cash Equivalents

The Company considers all highly liquid investments with an initial maturity of three months or less at the purchase date to be cash equivalents.

3. Securities Transactions

Securities transactions are recorded on a trade-date basis. Securities owned and securities sold but not yet purchased are valued at fair value. Fair value is determined as follows: securities owned and securities sold, not yet purchased listed on a national securities exchange (or a National Market Security reported by the National Association of Securities Dealers Automated Quotations system) are valued at the closing market price, on the last day of the year, on the principal exchange on which they are traded. Securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued using the last sale price. For fixed income and preferred securities that are traded predominantly in the over-the-counter market, fair value is established based on quotes obtained from third-party market makers in those markets.

4. Furniture, Equipment and Leasehold Improvements

Furniture, fixtures, office equipment and leasehold improvements are carried at cost. Depreciation of furniture, fixtures and office equipment is provided by the straight-line method over the

NOTES TO STATEMENT OF FINANCIAL CONDITION (continued)

December 31, 2005

NOTE B (continued)

estimated useful lives of the respective assets. Leasehold improvements are amortized over the remaining term of the lease.

5. *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - INCOME TAXES

No provision has been made for income taxes, since these taxes are the responsibility of the individual members.

NOTE D - NET CAPITAL REQUIREMENT

As a registered broker-dealer, the Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule 15c3-1, which requires that net capital, as defined, shall be the greater of \$100,000 or 12-1/2%, in the first year of operations, of aggregate indebtedness, as defined, of \$12,571. At December 31, 2005, the Company had net capital of \$523,237, which exceeded its requirement of \$100,000 by \$423,237.

Proprietary accounts held at the clearing broker ("PAIB assets") are considered allowable assets in the computation of net capital pursuant to an agreement between the Company and the clearing broker which requires, among other things, for the clearing broker to perform a computation for PAIB assets similar to the customer reserve computation set forth in Rule 15c3-3.

NOTE E - COMMITMENTS AND CONTINGENCIES

The Company has no lease commitments or contingencies.
