INTERNAL ACCOUNTING CONTROL

Board of Directors
Cameron, Murphy & Spangler, Inc.

We have examined the financial statements of Cameron, Murphy & Spangler, Inc., as of December 31, 2005, and have issued our report thereon dated February 2, 2006. As part of our examination, we made a study and evaluation of the Company's system of internal accounting control (which includes the procedures for safeguarding securities) to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

Also, as required by Rule 17a-5(g) (1) of the Securities and Exchange Commission, we have made a study of the practices and procedures followed by Cameron, Murphy & Spangler, Inc. that we considered relevant to the objectives stated in Rule 17a-5 (g) (1), (i) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a) (11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. Our review indicated that Cameron, Murphy & Spangler, Inc. was in compliance with the exemption from Rule 15c3-3 as of March 31, 2005 and no facts came to our attention to indicate that such conditions had not been complied with during the period. We did not review the practices and procedures followed by the Company (i) in complying with the requirements for prompt payment for securities of Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, and (ii) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation or differences required by the Rule 17a-13 because the Company does not carry securities accounts for customers to perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. The objectives of a system and the practices and the procedures are to provide

management with reasonable, but not absolute, assurances that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

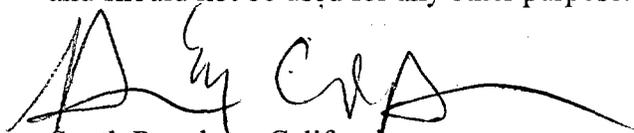

Because of inherent limitations in any internal accounting control procedures or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of Cameron, Murphy & Spangler, Inc. taken as a whole. However, our study and evaluation disclosed no condition that we believed to be a material weakness.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005, to meet the Commission's objectives.

Our opinion recognizes that it is not practicable in an organization the size of Cameron, Murphy & Spangler, Inc. to achieve all the divisions of duties and cross-checks generally included in a system of internal accounting control and that alternatively greater reliance must be placed on surveillance by management.

This report is intended solely for the use of management and the Securities and Exchange Commission, the National Association of Securities Dealers, Inc., and other regulatory agencies, and should not be used for any other purpose.

A handwritten signature in black ink, appearing to be 'A. G. CPA', with a long horizontal flourish extending to the right.
