REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Board of Directors
Smith, Moore & Co.
St. Louis, Missouri

We have audited the statement of financial condition of Smith, Moore & Co. (an S corporation) as of June 30, 2006, and the related statements of income, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Smith, Moore & Co. as of June 30, 2006, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

SMITH, MOORE & CO.

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF ACCOUNTING POLICIES

DESCRIPTION OF BUSINESS - Smith, Moore & Co. is a securities broker/dealer and is a member of the National Association of Securities Dealers (NASD). Most of the Company's clients are individuals residing in the St. Louis, Missouri and Jefferson City, Missouri metropolitan areas.

SECURITIES TRANSACTIONS - Securities transactions, and related revenues and expenses, are recorded on a settlement date basis, generally the third business day following the trade date. Accounting for securities transactions on a trade date basis would not result in a material change to the financial statements.

SECURITIES OWNED - Securities owned and securities sold not yet purchased, are valued at current market prices. Any unrealized gain or losses are reflected in revenues as principal transactions gains and losses.

EQUIPMENT AND FURNITURE - Equipment, furniture and leasehold improvements (included in other assets) with a net book value of \$123,109 are carried at cost. Depreciation is computed on a straight-line basis. When assets are retired, or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts, and any resulting gain or loss is reflected in income for the period. Leasehold improvements are amortized over the lesser of the economic useful life of the improvement or the term of the lease. The cost of maintenance and repairs is charged to income as incurred, whereas significant renewals and improvements are capitalized.

SECURITIES HELD FOR CUSTOMERS - Values of securities held for customers are not recorded in the financial statements.

USE OF ESTIMATES - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

SMITH, MOORE & CO.

NOTES TO FINANCIAL STATEMENTS

2. CASH AND SECURITIES SEGREGATED UNDER FEDERAL AND OTHER REGULATIONS

Cash of \$5,365 is segregated in a special reserve bank account for the benefit of customers under Rule 15c3-3 of the Securities and Exchange Commission.

3. RECEIVABLE FROM AND PAYABLE TO BROKER-DEALERS AND CLEARING ORGANIZATIONS

Amounts receivable from and payable to broker-dealers and clearing organizations at June 30, 2006, consist of the following:

	<u>Receivable</u>	<u>Payable</u>
Securities failed-to-deliver/receive	\$ 132,141	\$ 522,215
Deposits for securities borrowed	<u>676,000</u>	
	\$ <u>808,141</u>	\$ <u>522,215</u>

4. RECEIVABLE FROM AND PAYABLE TO CUSTOMERS OR OFFICERS

Accounts receivable from and payable to customers or officers include amounts due on cash and margin transactions. Securities owned by customers are held as collateral for receivables. Such collateral is not reflected in the financial statements. Substantially all amounts payable to customers are subject to withdrawal upon customer request.

5. EQUIPMENT AND FURNITURE

Equipment, furniture and leasehold improvements consist of the following at June 30, 2006:

		<u>Estimated Life</u>
Computers and office equipment	\$ 77,092	5 to 7 yrs.
Furniture and fixtures	77,208	5 to 7 yrs.
Leasehold improvements	<u>4,495</u>	5 yrs.
	158,795	
Less: Accumulated depreciation and amortization	<u>35,686</u>	
	<u>\$123,109</u>	

SMITH, MOORE & CO.

NOTES TO FINANCIAL STATEMENTS

5. EQUIPMENT AND FURNITURE (continued)

Depreciation and amortization, using the straight-line method, charged to occupancy and equipment expense, was \$23,629 during the fiscal year ended June 30, 2006.

6. NOTES PAYABLE, BANK

The Company has five credit arrangements with U.S. Bank, N.A.. One agreement is secured by customer owned securities, two agreements are secured by securities owned by specific customers, one agreement is secured by officers' securities and one agreement is secured by Company owned securities. Each credit agreement requires interest at the bank's federal funds rate plus 1.00 percent. The notes are due on demand or, if no demand is made, then on September 30, 2006. The maximum loan commitment in aggregate with U.S. Bank, N.A. is \$20,000,000.

The loans outstanding at June 30, 2006 with the approximate market value of securities held as collateral were:

	<u>Outstanding Amount</u>	<u>Value of Collateral</u>
Customer owned securities	\$ 2,525,000	\$ 4,466,642
Company owned securities	425,000	674,144
Officers' securities	<u>25,000</u>	48,468
	<u>\$ 2,975,000</u>	

7. COMMITMENTS AND CONTINGENT LIABILITIES

The Company leases office space at two locations under lease agreements classified as operating leases that expire in May 2007 and August 2009. The Company also has two operating lease agreements on copy machines that expire in January 2009.

SMITH, MOORE & CO.

NOTES TO FINANCIAL STATEMENTS

7. COMMITMENTS AND CONTINGENT LIABILITIES (continued)

Minimum future rental payments as of June 30, 2006 for future years and in the aggregate are:

<u>Year ended June 30,</u>	<u>Amount</u>
2007	\$ 254,555
2008	251,059
2009	251,148
2010	42,091
2011	<u>696</u>
Total minimum future rental payments	\$ 799,549

Rental expense for the items above was \$255,125 for fiscal year 2006.

In addition, the Company is provided securities information services under annual contracts that expire in April and June each year. Payments of \$59,174 were charged to operating expense in fiscal year 2006. The commitments are similar for the fiscal year 2007.

The Company has a contract for computer services extending for four years that began January 1, 2004. Payments under the contract are based on the volume of the Company's business with a minimum charge of \$8,000 per month.

8. RETIREMENT PLAN

The Company has a Savings Incentive Match Plan for Employees (SIMPLE) plan for eligible employees. The Company makes a matching contribution up to three percent of an employee's compensation. During the fiscal year ended June 30, 2006, Company contributions to the plan charged to operations were \$88,053.

9. INCOME TAXES

The Company files its corporate income tax returns using a December 31 year end. The Company has elected to be treated as a Subchapter S corporation for federal and Missouri state income tax purposes. As a result, net taxable federal and Missouri income is reported and taxed on the returns of the individual stockholders. Included in other operating expenses are corporate franchise taxes for Missouri.

SMITH, MOORE & CO.

NOTES TO FINANCIAL STATEMENTS

10. CONCENTRATIONS OF CREDIT RISK

The Company maintains several checking accounts with local banks. The banks provide \$100,000 of deposit insurance through the Federal Depositors Insurance Corporation. Amounts in excess of insured limits at June 30, 2006 were \$1,495,360. The amount subject to the Federal Depositors Insurance Corporation is not net of outstanding checks at June 30, 2006. The amount represents the bank balance at June 30, 2006.

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument.

The Company's customer securities activities are transacted on either a cash or margin basis and are recorded on a settlement date basis. The Company's exposure to credit risk associated with the nonperformance of these customers in fulfilling their contractual obligations pursuant to securities transactions is identical for unsettled or settled transactions and can be directly impacted by volatile trading markets which may impair the customers' ability to satisfy their obligations to the Company.

Generally, account balances are secured by marketable securities controlled by the Company. Also, it is the Company's policy to review, as necessary, the credit standing of each counterparty and customer with whom the company does business.

Securities sold but not yet purchased represent obligations of the Company to deliver specified securities at contracted prices. Settlement of such obligations may be at amounts greater than those recorded in the balance sheet.

11. NET CAPITAL REQUIREMENTS

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain minimum net capital, as defined under such provisions. The rule provides that aggregate indebtedness, as defined, may not exceed 1,500 percent (15 to 1) of net capital, as defined. The rule also provides that equity capital may not be withdrawn if the resulting relationship of aggregate indebtedness to net capital would exceed 1,000 percent (10 to 1). At June 30, 2006 the Company's aggregate indebtedness was \$7,517,181 and net capital was \$1,975,942 for a percentage of aggregate indebtedness to net capital of 380 percent. The Company's net capital in excess of the minimum required was \$1,474,797. The percentage of aggregate indebtedness to net capital may fluctuate on a daily basis.

A PROFESSIONAL CORPORATION
CERTIFIED PUBLIC ACCOUNTANTS

**INDEPENDENT AUDITORS' REPORT ON INTERNAL
ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5**

To the Board of Directors
Smith Moore & Co.
St. Louis, Missouri

In planning and performing our audit of the financial statements of Smith, Moore & Co. for the year ended June 30, 2006, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Smith, Moore & Co. that we considered relevant to the objectives stated in Rule 17a-5(g), (1) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a) (11) and the reserve required by Rule 15c3-3(e); (2) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13; (3) in complying with the requirements for the prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (4) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control structure or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at June 30, 2006 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
