INDEPENDENT AUDITORS' REPORT

The Board of Directors of
R. W. Smith & Associates, Inc.

We have audited the accompanying statement of financial condition of R. W. Smith & Associates, Inc. as of April 30, 2006, and the related statements of operations, changes in shareholder's equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of R. W. Our audit was made for the purpose of forming an opinion on the financial statements taken as a whole. The information contained in the supplemental schedule listed in the accompanying index is presented for purposes of additional analysis and is not required for a fair presentation of the financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. NOTES TO FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and business

R. W. Smith & Associates, Inc. (the "Company") is registered as a "municipal securities brokers' broker" as defined in subsection (ii) of Rule 15c3-1(a)(8) under the Securities Exchange Act of 1934. The Company was incorporated in May 1985 under the laws of the state of Washington. In December 2005, ADC Investments, LLC purchased all outstanding shares of the Company. The Company has nine branch offices and transacts business with broker-dealers and dealer-banks throughout the United States.

Securities owned

Securities owned by the Company (substantially common stock) are recorded at market value. Securities not readily marketable include investment securities for which there is no market on a securities exchange or no independent publicly quoted market, that cannot be publicly offered or sold unless registration has been effected under the Securities Act of 1933, or that cannot be offered or sold because of other arrangements, restrictions, or conditions applicable to the securities or to the Company. Restricted non-marketable securities and other investments for which market prices are not readily available are reported at estimated fair value as determined by management. Changes in fair value are included as unrealized gain or loss on investments.

Securities transactions

State and municipal bond transactions are recorded on a settlement date basis. Commission revenue and related expenses are recorded on a settlement date basis. As of April 30, 2006 and for the year then ended, the Company's financial condition and results of operations using the settlement date basis are not materially different from recording transactions on a trade date basis.

Agreement with clearing broker

The Company under Rule 15c3-3(k)(1) is exempt from the reserve and possession or control requirements of Rule 15c3-3 of the Securities and Exchange Commission. The Company does not carry or clear customer accounts. The Company clears certain of its proprietary and interdealer counterparty transactions through a clearing firm on a fully disclosed basis.

Furniture, equipment and leasehold improvements

Office furniture, equipment and leasehold improvements are carried at cost and depreciated over five to seven years using the straight-line method. Maintenance and repairs are expensed when incurred.

Cash and cash equivalents

For purposes of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

NOTES TO FINANCIAL STATEMENTS

(Continued)

**NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(continued)****Income taxes**

The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes." Under the asset and liability method of Statement 109, deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**NOTE 2 - RECEIVABLE FROM AND PAYABLE TO BROKER-DEALERS AND

Less: accumulated depreciation and amortization	221,045
	<u>\$ 112,412</u>

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes.

The primary components of the Company's deferred income tax assets and liabilities as of April 30, 2006 are as follows.

The Company's financial instruments, including cash, receivables, prepaid assets and deposits, payables and other liabilities are carried at amounts that approximate fair value due to the short-term nature of those instruments. Securities owned, not readily marketable are valued as described in Note 1.

The Company is involved in various legal and regulatory proceedings. Although the final outcome of any of these proceedings cannot be predicted with certainty, the management of the Company, after review and discussion with counsel, believes it will probably be required to pay \$150,000 in connection with resolution of these proceedings, and has recorded this amount as a contingent liability.

The Company has deposits in banks in excess of the FDIC insured amount of \$100,000. At April 30, 2006, the Company had \$101,512 in excess of this requirement which is subject to loss should the bank cease operations.

**INDEPENDENT AUDITORS' REPORT ON
INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5**

The Board of Directors of
R. W. Smith and Associates, Inc.

In planning and performing our audit of the financial statements and supplementary information of R. W. Smith and Associates, Inc. for the year ended April 30, 2006, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by R.W. Smith and Associates, Inc. that we considered relevant to the objectives stated in Rule 17a-5(g), (i) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3; and (ii) for safeguarding the occasional receipt of securities and cash until promptly transmitted to the Company's clearing brokers. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or complying with the requirements for prompt payment for securities under section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. This report recognizes that it is not practicable in an organization the size of R.W. Smith and Associates, Inc. to achieve all the divisions of duties and cross-checks generally included in a system of internal accounting control and that alternatively greater reliance must be placed on surveillance by management.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at April 30, 2006, to meet the SEC's objectives.

In addition, our review indicated that R.W. Smith and Associates, Inc. was in compliance with the conditions of exemption from Rule 15c3-3 pursuant to paragraph k(1) as of April 30, 2006, and no facts came to our attention to indicate that such conditions had not been complied with during the year.

This report is intended solely for the information and use of the Board of Directors, management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
