Independent Auditors' Report

We have audited the accompanying balance sheet of Pflueger & Baerwald Inc. as of March 31, 2006, and 2005, and the related statements of income and retained earnings and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion and that the procedures meet Security and Exchange Commission objectives.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Pflueger & Baerwald Inc. as of March 31, 2006, and 2005, and the results of its operations and its cash flows for the years then ended in conformity with generally accepted accounting principles.

PFLUEGER & BAERWALD INC.
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2006

Note 1 -- Business activity

Pflueger and Baerwald (The Firm) is a California corporation offering securities brokerage services to investors out of its office in downtown San Francisco. The firm has been serving its investors since 1911 and is licensed in California as well as in several other states.

Note 2 -- Summary of significant accounting policies

- a. Revenues and expenses are reported on the basis of the accrual method of accounting.
- b. Assets and liabilities, including investments, are accounted for at acquisition cost.
- c. Securities transactions and related revenues and expenses are recorded on a settlement date basis, generally the third business day following the transaction date.

Note 3 -- Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 4 -- Property and equipment -- depreciation policy

The Firm provides for depreciation on assets by the straight-line and double-declining methods at rates calculated to amortize the cost of the assets over their estimated useful lives ranging from five to ten years.

Note 5--Income taxes

Income taxes are provided for all items included in the income statement regardless of the period when such items are reportable for income tax purposes. Deferred Federal income taxes are provided on the current year's California Franchise Tax which is not deductible for Federal purposes until the following year.

Note 6 -- Retirement plans

The Firm has established a profit-sharing plan and a money-purchase pension plan for full-time employees. Those employees who are wholly compensated by commissions do not become eligible for benefits until commissions earned during the year exceed \$125,000.

The profit-sharing plan was established in 1975. The Firm made no contribution to this plan for the current fiscal year.

The pension plan was established in 1981. The Firm contributes 10% of each eligible employee's compensation to this plan each year. The Firm's contribution for the current year was \$98,707.

Note 7 -- Concentration of credit risk

At March 31, 2006, the Firm had \$382,227 in two accounts at a bank which is insured up to a maximum of \$100,000 by a government agency.

Note 8 -- Related party transactions

Secured demand notes receivable, notes payable to officers and subordinated borrowings reported on the balance sheet are due to and from stockholders and other related parties.

Note 9--Secured demand notes receivable

The demand notes of \$300,000 are non-interest bearing and are secured by securities with a market value at year-end of \$513,768. These notes are used by The Firm as collateral for its short-term borrowings. \$200,000 is due from shareholders and \$100,000 from an outsider.

Note 10--Subordinated borrowings

Long-term notes payable of \$300,000 are subordinated to claims of general creditors. \$100,000 is due on these notes during each of the next three fiscal years. Interest is payable at rates from 2% to 4% per year. \$200,000 is due to shareholders and \$100,000 to an outsider.

Note 11--Lease commitments

The Firm leases its office space under an operating lease which expires on October 31, 2005. The annual rental for the current fiscal year was \$70,500. The new lease provides for monthly rent at \$5,287.50, or \$63,450 on an annual basis with increases to offset the increases in the lessor's direct operating expenses and property taxes.

Note 12--Net capital requirements

As a member of the National Association of Security Dealers, Inc., The Firm is subject to certain minimum capital requirements. NASD Rule 15c3-1 requires that member firms aggregated indebtedness, as defined by regulation, not exceed 15 times net capital, as defined. Minimum capital must be a minimum of \$250,000.

At March 31, 2006, The Firm's net capital ratio was 6.27 to 1. Its net capital, including subordinated debt, was \$1,235,178. Required net capital was \$516,101.

Note 13--Filings with the Securities and Exchange Commission
