Independent Auditor's Report

Board of Directors  
OC Securities, Inc.

We have audited the accompanying statement of financial condition of OC Securities, Inc. as of March 31, 2006 and the related statements of operations, changes in stockholders' equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of OC Securities, Inc. as of March 31, 2006 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 7 to the financial statements, the Company has suffered losses from operations and stagnant activity which raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 7. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Our examination was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on Schedules I-III are presented for purposes of additional analysis and is not required as part of the basic financial statements, but as supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subject to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respect in relating to the basic financial statements taken as a whole and in conformity with the rules of the Securities and Exchange Commission.

**Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*General*

OC Securities, Inc. ("the Company") was incorporated in California on September 28, 2004 and began operations on April 1, 2005. The Company is a fully disclosed broker/dealer registered with the Securities and Exchange Commission ("SEC"), a member of the National Association of Securities Dealers ("NASD"), and the Securities Investors Protection Corporation ("SIPC").

The Company engages in the business to sell corporate debt securities, corporate equity securities over-the-counter, U.S. government securities, mutual funds, and municipal securities. The Company can also serve as a non-exchange member arranging for transactions in listed securities by exchange members, be a put and call dealer, and sell private placements in securities. The Company does not hold customer funds or securities and conducts business on a fully disclosed basis.

*Summary of Significant Accounting Policies*

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Office equipment is stated at cost. Repairs and maintenance to these assets are charged to expense as incurred; major improvements enhancing the function and/or useful life are capitalized. When items are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gains or losses arising from such transactions are recognized. Office equipment is depreciated over its estimated useful life of five (5) to seven (7) years by the straight-line method.

Organizational costs are being amortized on a straight-line basis over 60 months.

Income taxes are provided for current taxes payable or refundable, and temporary differences arising from the future tax consequences of events that have been recognized in the Company's financial statements or income tax returns. The effect of income taxes is measured based on enacted tax laws and rates.

**Note 2: DEPOSITS HELD AT CLEARING FIRM**

The Company has deposited \$25,000 with its clearing firm as security for its transactions with them. Interest is paid monthly on the deposit at the average overnight repurchase rate. The balance at March 31, 2006, includes interest earned for a deposit total of \$25,242.

**Note 3: OFFICE EQUIPMENT, NET**

Office equipment is recorded at cost and summarized by major classifications as follows:

Computer equipment	\$ 7,222
Furniture and fixtures	<u>3,553</u>
	10,775
Less accumulated depreciation	<u>(2,236)</u>
Office equipment, net	<u>\$ 8,539</u>

Depreciation expense for the year ended March 31, 2006 was \$2,193

**Note 4: ORGANIZATION COSTS, NET**

Organization costs at March 31, 2006 are carried at cost

		<u>Amortization</u> <u>Periods</u>
Organization costs	\$ 23,840	5 years
Less accumulated amortization	<u>(4,768)</u>	
Organization costs, net	<u>\$ 19,072</u>	

Amortization expense for the year ended March 31, 2006 was \$4,768.

**Note 5: RENT EXPENSE**

Current year rent expense consists of the following:

Rent	<u>\$ 13,700</u>
------	------------------

**Note 6: INCOME TAXES**

The income tax provision for the year ended March 31, 2006 consists of the California Franchise Tax Board minimum tax of \$800.

The Company has available at March 31, 2006 unused operating loss carry-forwards, which may be applied against future taxable income, resulting in a deferred tax asset of approximately \$23,923, that expire as follows:

**OC Securities, Inc.**  
**Notes to Financial Statements**  
**March 31, 2006**

**Note 6: INCOME TAXES**  
(continued)

Amount of unused operating loss carry-forwards	Expiration during year ended March 31,
<u>\$ 159,485</u>	2026
<u>\$ 159,485</u>	

A 100% valuation allowance has been established against this asset since management cannot determine if it is more likely than not that the asset will be realized.

**Note 7: CONTINGENCIES**

*Going Concern*

The Company had no revenue for the year ended March 31, 2006. Lack of revenue has resulted in an operating loss. Management has a plan to be more of a going concern. First, the Company has increased its marketing effort. Secondly, to provide liquidity, the sole shareholder will continue to capitalize the Company to fund its continuing operations.

**Note 8: RECENTLY ISSUED ACCOUNTING STANDARDS**

In December 2004, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards No. 123 (revised 2004), "Share-Based Payment" ("FAS 123R"), which requires the measurement and recognition of compensation expense for all stock-based compensation payments including grants of employee stock options. Stock options are a valuable and important tool used by many companies as a means to motivate employees and promote business growth. This statement eliminates the ability to account for such share-based compensation transactions using the intrinsic value method as prescribed by Accounting Principles Board, or APB, Opinion No. 25, "Accounting for Stock Issued to Employees," and requires that such transactions be reflected in the financial statements based upon the estimated fair value of the awards. In addition, there are a number of other requirements under the new standard that will result in differing accounting treatment than currently required. These differences include, but are not limited to, the accounting treatment for the tax benefit on employee stock options and for stock issued under an employee stock purchase plan. FASB 123R becomes effective for all reports issued after June 15, 2005. Adoption of the new standard has not had a material effect upon the financial statements of the Company.

**Note 9: NET CAPITAL**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 8 to 1. Net capital and aggregate indebtedness change day to day, but on March 31, 2006, the Company had net capital of \$54,904, which was \$49,904 in excess of its required net capital of \$5,000; and the Company's ratio of aggregate indebtedness (\$2,886) to net capital was 0.05 to 1, which is less than the 8 to 1 maximum ratio allowed for a first year broker/dealer.

**Note 10: RECONCILIATION OF AUDITED NET CAPITAL TO UNAUDITED FOCUS**

There is a \$10,626 difference between the computation of net capital under net capital Sec. Rule 15c3-1 and the corresponding unaudited focus part IIA.

**Supplementary Accountant's Report**

**on Internal Accounting Control**

**Report Pursuant to 17a-5**

**For the Year Ended March 31, 2006**

Board of Directors  
OC Securities, Inc.

In planning and performing our audit of the financial statements and supplemental schedules of OC Securities, Inc. (the Company), for the year ended March 31, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we considered to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at March 31, 2006 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, National Association of Securities Dealers, Inc. and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
