## INDEPENDENT AUDITORS' REPORT

The Board of Directors  
Dunham & Associates Investment Counsel  
San Diego, California

We have audited the accompanying balance sheets of Dunham & Associates Investment Counsel, Inc. (the "Company") as of December 31, 2005 and 2004, and the related statements of operations, changes in shareholder's equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Dunham & Associates Investment Counsel, Inc. at December 31, 2005 and 2004, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, III and IV is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DUNHAM & ASSOCIATES INVESTMENT COUNSEL, INC.  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2005 and 2004

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Operations

Dunham & Associates Investment Counsel, Inc. (the "Company"), a California corporation, is registered with the Securities and Exchange Commission ("SEC") as a Registered Investment Adviser and the National Association of Securities Dealers ("NASD") as a securities broker/dealer. The Company earns fees by providing financial advisory and asset management services to various Dunham & Associates Limited Partnerships ("Partnerships") of which either Dunham & Associates Securities, Inc. or Asset Managers, Inc., both affiliates, is the General Partner. The Company may also earn placement fees from the sale of Partnership units and earns commissions from the execution of investment transactions on behalf of clients. The Company also serves as investment adviser to two collective investment funds ("Trust Funds") for which Dunham Trust Company, also an affiliate, serves as Trustee.

In December 2004, the Company launched a series of registered investment company shares or mutual funds (the "Dunham Funds"). The Company serves as investment adviser to and distributor of the Dunham Funds. As such, the Company earns investment advisory fees and receives commissions (12b-1 fees) on the sales of a certain class of shares. The Company also earns advisory fees from an asset allocation and wrap fee program utilizing a different class of shares.

Recognition of Revenue

The Company has entered into contracts with various broker/dealers and others to sell, through registered sales representatives, units of the Partnerships. The Company may receive a placement fee from investors on the initial sale of Partnership units which is recorded at the time the investment is completed. The Company also earns advisory fees from the Partnerships based on the performance of the Partnerships. These fees are recorded monthly. Any placement fees charged by a registered sales representative and a portion of the advisory fees are in turn paid to the participating broker/dealers.

The Company has entered into contracts with various broker/dealers to sell, through registered sales representatives, shares of the Dunham Funds – Class C Shares. The Company receives compensation in the form of 12b-1 fees on the sales of such shares, which are recorded monthly. Commissions are in turn paid to the participating broker/dealers.

The Company, as program sponsor, has entered into agreements with various financial advisers choosing to use the Company's asset allocation and advisory wrap program ("Asset Allocation Program"). The Asset Allocation Program uses the Dunham Funds – Class N Shares. The Company earns advisory fees based either on the performance of the underlying accounts or on a flat percentage fee basis, subject to the financial adviser's choice and the qualification of the client. Advisory fees are earned monthly and collected quarterly. A portion of the advisory fees are in turn paid to the financial advisers.

The Company also earns monthly advisory fees, which vary by fund, from the Dunham Funds.

DUNHAM & ASSOCIATES INVESTMENT COUNSEL, INC.  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2005 and 2004

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Accounts Receivable and Allowances for Uncollectible Accounts

Accounts receivable are stated at the historical carrying amount. The Company establishes an allowance for uncollectible accounts based on historical experience and any specific customer collection issues that the Company has identified. Uncollectible accounts receivable are written off when a settlement is reached for an amount that is less than the outstanding balance or when the Company has determined that balance will not be collected.

Fair Value of Financial Instruments

The Company believes that the recorded values of its financial instruments approximate their fair value at the balance sheet date.

Furniture, Fixtures and Equipment

Furniture, fixtures and equipment are carried at cost less accumulated depreciation. Depreciation is charged to expense using the straight-line method over the estimated useful lives of the assets, which is generally five years. Depreciation expense for the years ended December 31, 2005 and 2004 was \$6,756 and \$0, respectively, and is included in general, administrative and selling expense. Expenditures for maintenance and repairs are charged to expense as incurred.

Income Taxes

The Company, as a wholly owned subsidiary of an S corporation, has elected to be treated as a qualified subchapter S subsidiary (QSSS). As such, the Company is not treated as a separate corporation for tax purposes. Instead, all its assets, liabilities, and items of income, deduction and credit are treated as assets, liabilities and items of its S corporation parent, which, in general, will accrued directly to its shareholders. The S corporation pays a California franchise tax of 1.5%, which is allocated to the Company based on its net income. Accordingly, no provision for federal income taxes is included in the financial statements and \$6,800 and \$800 (the minimum) is recorded as provision for California state taxes for the years ended December 31, 2005 and 2004, respectively.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the balance sheet date and the reported amount of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year's presentation.

DUNHAM & ASSOCIATES INVESTMENT COUNSEL, INC.  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2005 and 2004

NOTE 2 - CONCENTRATION OF CREDIT RISK

The Company currently maintains its bank accounts at one financial institution located in California. The accounts at this bank are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$100,000. At December 31, 2005 and 2004, the Company's uninsured cash balances totaled \$1,666,168 and \$1,895,669, respectively. The Company has not experienced any losses in such accounts and management believes it places its cash on deposit with financial institutions that are financially stable.

NOTE 3 - SHORT-TERM INVESTMENTS

The Company periodically invests its excess cash in the one or both of the D&A Mortgage Funds. At December 31, 2005, the Company had investments of \$153,881 in the D&A Semi-Annual Mortgage Fund III, L.P., which maintains a constant Net Asset Value, and is available for redemption effective April 1, 2006.

NOTE 4 - ACCOUNTS RECEIVABLE

The Company advances commissions to unaffiliated broker-dealers with whom it has selling agreements and to other registered sales representatives under a "safety-net" program. Such advances are to be repaid from future commissions when earned. As of December 31, 2005 and 2004, the Company was owed \$77,525 and \$214,671, respectively, net of an allowance for uncollectible accounts of \$322,000 and \$210,000, respectively, from unaffiliated broker-dealers and other registered sales representatives under this arrangement. No additional advances will be made after December 31, 2005 under this program.

NOTE 5 - NOTES RECEIVABLE

The Company has outstanding an unsecured promissory note to a non-related party. This note accrues interest at 9% and initially matured December 31, 2001. The balance of this note, including accrued and unpaid interest, was \$0 and \$60,632 at December 31, 2005 and 2004, respectively, net of an allowance for uncollectible accounts of \$60,632 and \$0. The note was put on nonaccrual beginning January 1, 2005. For the year ended December 31, 2005, the note receivable would have accrued interest of \$5,035 had the note been accruing in accordance with its terms. For the year ended December 31, 2004, the note receivable accrued interest of \$5,135, which is reflected in interest income. On January 1, 2002 the Company modified the terms of the note receivable to require monthly payments of the greater of \$1,000 (including principal and interest) or 50% of the borrower's gross monthly commissions earned from the Company. Payments began April 1, 2002 and shall continue until the note is paid in full; however, no payments have been received since September 30, 2004.

NOTE 6 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, as defined, not exceed 15 to 1. At December 31, 2005 and 2004, the amount of net capital, as defined, exceeds the minimum amount required by \$486,730 and \$251,792 respectively, and its ratio of aggregate indebtedness to net capital is 1.34 to 1 and 2.89 to 1, respectively.

DUNHAM & ASSOCIATES INVESTMENT COUNSEL, INC.  
NOTES TO FINANCIAL STATEMENTS  
December 31, 2005 and 2004

NOTE 7 - RELATED PARTY TRANSACTIONS

The Company earns advisory, placement, commissions and other fees related to various Dunham & Associates Limited Partnerships, mutual funds and services as discussed in Notes 1 and 2. For the years ended December 31, 2005 and 2004, these fees amounted to \$3,537,926 and \$3,648,576, respectively. In conjunction with earning the above fees, the Company pays commissions and other expenses to participating broker/dealers. For the years ended December 31, 2005 and 2004, these amounts were \$953,863 and \$1,622,236, respectively.

The Company shares certain expenses and services of employees with affiliates. Such costs are allocated and charged to the Company and to the affiliates based on agreed upon estimates of each affiliate's usage and/or benefit of such expenses and services except for bonus expense which is allocated to each company based on net income. Total allocable expenses of the Company and the affiliates were \$6,245,314 and \$5,852,464 for the years ended December 31, 2005 and 2004, respectively, of which \$3,101,667 and \$3,478,567 were allocated to affiliates. The reimbursements from affiliates were offset against the Company's related operating expenses.

NOTE 8 - CONTINGENCIES

The lease for the facility in which the Company is located is held by an affiliate. The Company pays a portion of the total lease expense based on management's calculation of shared overhead expenses as discussed in Note 7.

The Company, its parent, and certain other affiliates and officers (collectively, "Dunham & Associates") have tentatively agreed to a settlement with the Securities and Exchange Commission ("SEC"), neither admitting or denying any wrongdoing, which would end a multi-year disagreement with one of the Company's regulators.

If accepted, the Company has agreed to pay total penalties of \$200,000 and to retain an independent consultant to examine the Company's policies and procedures, including but not limited to assessment of operations and marketing practices in compliance with federal securities laws. Dunham & Associates has agreed to the settlement to end the many hours of human and financial capital spent debating the long-standing issues and detracting from running the business and serving its clients. The \$200,000 is reflected in general, administrative and selling expense for 2005. There is no assurance of when or if the agreement will be accepted in its current form.

The principal concern of the SEC centered on the Company's alleged public offer and sale of investments in Dunham Trust Company's private trust funds as a separate investment vehicle rather than for use by the trust company solely in its capacity as a fiduciary. Although Dunham & Associates sought the advice of outside counsel when forming the trust company and continually throughout the years while growing and expanding its business, the SEC took issue with certain marketing practices. Dunham & Associates pro-actively formed registered investment company shares (mutual funds) over a year ago and transferred the accounts at issue from the private trust funds in December 2004. There were no findings of investor loss or fraud, misuse of investor funds or any investor complaints.

NOTE 9 - OTHER INCOME

During 2005, the Company realized income of \$12,240 for expert witness fees. During 2004, the Company realized income of \$44,500 for consulting fees and assistance in closing a transaction. Such amounts are included in other income.

## INDEPENDENT AUDITORS' REPORT ON INTERNAL ACCOUNTING CONTROL REQUIRED BY RULE 17A-5 OF THE SECURITIES AND EXCHANGE COMMISSION

The Board of Directors  
Dunham & Associates Investment Counsel  
San Diego, California

In planning and performing our audits of the financial statements of Dunham & Associates Investment Counsel, Inc. (the "Company") for the years ended December 31, 2005 and 2004, we considered its internal control in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal controls. Among the elements of internal control that we considered are the accounting system and control procedures, including procedures for safeguarding securities.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "Commission"), we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Dunham & Associates Investment Counsel, Inc. that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exempt provisions of Rule 15c3-3. We did not study the practices and procedures followed by the Company (i) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13, or (ii) in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System; or (iii) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3 because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining internal controls and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. The objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal controls or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of the internal control to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

Our consideration of the internal controls would not necessarily disclose all matters in the internal controls that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control elements does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the accounting system and control procedures that we consider to be material weaknesses as defined above.

The size of the business and resultant limited number of employees imposes practical limitations on the effectiveness of those internal control practices and procedures that depend on the segregation of duties. Because this condition is inherent in the size of the Company, the specific weaknesses are not described herein and no corrective action has been taken or proposed by the Company.

The foregoing condition was considered in determining the nature, timing and extent of audit procedures to be performed in our audits of the financial statements of the Company for the years ended December 31, 2005 and 2004 and this report does not affect our report thereon dated February 17, 2006.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005 and 2004, to meet the Commission's objectives.

This report is intended solely for the use of the Board of Directors, management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc., and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
