INDEPENDENT AUDITOR'S REPORT

CMC Financial Services, Inc.
Las Vegas, Nevada

We have audited the accompanying statements of financial condition of CMC Financial Services, Inc. (an S corporation) as of December 31, 2005 and 2004, and the related statements of income, changes in stockholders' equity, and cash flows for the years then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we do not express such an opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CMC Financial Services, Inc. at December 31, 2005 and 2004, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CMC FINANCIAL SERVICES, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2005 AND 2004

NOTE 1 - PRINCIPAL ACTIVITY AND SIGNIFICANT ACCOUNTING POLICIES

Principal Business Activity

The Company's principal business activity is the sale of interests in Desert Capital REIT, Inc. (the "REIT"), real estate investment trust. The Company also raises capital to be placed on loans originated and serviced by Consolidated Mortgage, a related party.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash

The Company places its temporary excess cash with high quality financial institutions. Such deposits may exceed the FDIC insurance limits.

Receivables

Accounts receivable consist primarily of receivables from the REIT and Consolidated Mortgage for sales of REIT shares and capital raised.

Revenue Recognition

Commissions and marketing support fees from the sale of securities are recorded on a settlement-date basis. Fees for raising capital for Consolidated Mortgage are recorded when the corresponding loan that the capital is placed on is recorded.

Advertising

The Company expenses advertising and related costs as incurred.

Furniture, Fixtures, and Equipment

Furniture, Fixtures, and Equipment are stated at cost. Depreciation and amortization is computed on a straight line basis over estimated useful lives of 3-7 years.

Income Taxes

The Company has elected to be taxed as an S Corporation, which provides that, in lieu of corporate income taxes, the stockholder will separately account for the company's items of income, deduction, loss and credits. As a result of the election, all income or loss of the Company will ultimately be reportable by the shareholder of the Company. Therefore, no income tax liability or expense has been recorded in these financial statements.

NOTE 2 - FURNITURE, FIXTURES AND EQUIPMENT

Furniture, fixtures, and equipment consisted of the following at December 31, 2005 and 2004:

	<u>2005</u>	<u>2004</u>
Furniture and fixtures	\$ 156,281	\$ -
Equipment	<u>12,271</u>	<u>-</u>
	168,552	-
Less accumulated depreciation	<u>11,969</u>	<u>-</u>
	<u>\$ 156,583</u>	<u>\$ -</u>

Depreciation expense was \$11,969 and \$0 for 2005 and 2004, respectively. In 2004 the Company rented its office furniture and equipment from a third party on a month-to-month basis. The 2004 expense for rental furniture was \$20,929.

NOTE 3 - RETIREMENT PLAN

The Company offers a SIMPLE IRA plan to its employees. The company matches employee contributions dollar for dollar up to 3% of their compensation for the year. The amount matched by the Company is expensed in the same period that the corresponding employee contributions are made. The Company's expense for matching contributions for 2005 and 2004 was \$29,980 and \$18,945, respectively.

NOTE 4 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1) which requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2005 and 2004, the Company had net capital of \$340,416 and \$193,245, respectively, which was \$314,339 and \$185,410 in excess of its required net capital of \$26,078 and 8,105, respectively. The Company's ratio of debt to net capital at December 31, 2005 and 2004 was 1.15 to 1 and 0.63 to 1, respectively.

NOTE 5 - CONCENTRATIONS

The Company is subject to concentrations in the volume of business transacted with Consolidated Mortgage and the REIT. If there was a total or partial loss of the business relationship between the Company and Consolidated Mortgage or the REIT, severe financial impact would result.

The Company is also subject to concentrations in revenue from the raising of capital for Consolidated Mortgage and the sale of REIT securities. If there was a sudden decline in the amount of capital raised for Consolidated Mortgage or volume of REIT security sales, the Company's revenue stream would be severely impacted.

NOTE 6 - COMMITMENTS AND CONTINGENCIES

The Company leases its office space under a noncancelable operating lease from a related party. The lease expires in July 2010. The minimum lease commitments at December 31, 2005 under these leases are due as follows:

<u>Years ending</u> <u>December 31,</u>	
2006	\$ 140,400
2007	140,400
2008	140,400
2009	140,400
2010	<u>81,900</u>
Total	\$ <u>643,500</u>

The total lease expense included in the income statements was \$106,960 and \$64,352 for the years ended December 31, 2005 and 2004, respectively

NOTE 7 - RELATED PARTIES

The Company directs and oversees the sale of the REIT's equity securities and receives a commission based on the sale of these securities. The Company is an affiliate of the REIT, as they have common officers and directors. As of December 31, 2005 and 2004, the Company had earned \$6,243,612 and \$1,468,376, respectively in commissions from the REIT and \$77,542 and \$43,551, was still receivable at the end of 2005 and 2004.

The Company raises capital for loans originated by Consolidated Mortgage and is compensated based on the amount of loans funded by Consolidated Mortgage. The Company is a related party to Consolidated Mortgage because they have similar management. As of December 31, 2005 and 2004, the Company had earned \$1,107,972 and \$1,603,626, respectively, in fees from Consolidated Mortgage and \$0 and \$97,463 was still receivable on December 31, 2005 and 2004.

The Company also leases approximately 5,785 square feet of office space from DCR Galleria LLC, a wholly owned subsidiary of the REIT. The lease expense to DCR Galleria for 2005 was \$48,801.

The Company is exempt from these reporting provisions under 15c3-3 (k) (1).

CPAs & BUSINESS ADVISORS

To the Board of Directors
CMC Financial Services, Inc.
Las Vegas, Nevada

In planning and performing our audit of the financial statements of CMC Financial Services, Inc. ("Company") for the year ended December 31, 2005, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements, and not to provide assurance on the internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by the Company that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3(e). Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the company in any of the following: (1) making the quarterly securities examinations, counts, verifications, and comparisons; (2) recordation of differences required by Rule 17a-13; (3) complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System; or (4) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States. Rule 17-a5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of the inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

PEOPLE. PRINCIPLES. POSSIBILITIES.

www.eidebailly.com

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all materials respects indicate a material inadequacy for such purposes. Based on this understanding and our study, we believe that the Company's practices and procedures were adequate at December 31, 2005 to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc., and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934, in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
