## Independent Auditor's Report

Board of Directors and Stockholder  
CG Brokerage L.L.C.  
Oshkosh, Wisconsin

We have audited the accompanying statements of financial condition of CG Brokerage L.L.C. (A Wholly Owned Subsidiary of Clifton Gunderson LLP) as of May 31, 2006 and 2005, and the related statements of income, changes in member equity, and cash flows for the years then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of CG Brokerage L.L.C. (A Wholly Owned Subsidiary of Clifton Gunderson LLP) at May 31, 2006 and 2005, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on page 5 is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## Notes to Financial Statements

### Note 1      **Summary of Significant Accounting Policies**

#### **Principal Business Activity**

CG Brokerage L.L.C. (the "Company"), a wholly owned subsidiary of CGFS Holding L.L.C., which is a wholly owned subsidiary of Clifton Gunderson LLP (the "Parent"), is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers (NASD). The Company conducts a limited securities business under SEC Rule 15c3-1(a)(2)(vi). Investment products sold are processed on an "application way" basis, whereby the product application and customer check are promptly forwarded to the product sponsor or underwriter.

#### **Revenue Recognition**

The Company recognizes income from commissions on a settlement-date basis, which does not differ materially from a trade-date basis.

#### **Income Taxes**

The Company is a disregarded entity for income tax purposes and, accordingly, its income is included in the federal income tax return filed by the Parent. The Parent is taxed under the partnership provisions of the Internal Revenue Code and comparable state regulations. Under these provisions, the Parent does not pay federal or state corporate income taxes on its taxable income. Instead, the partners report on their personal income tax returns their proportionate share of the LLP's taxable income. Accordingly, no income tax provision has been made for the Company.

#### **Use of Estimates in Preparation of Financial Statements**

The preparation of the accompanying financial statements in conformity with accounting principles generally accepted in the United States requires management to make certain estimates and assumptions that directly affect the results of reported assets, liabilities, revenue, and expenses. Actual results may differ from these estimates.

## Notes to Financial Statements

---

### Note 1            **Summary of Significant Accounting Policies (Continued)**

#### **Shared Expenses**

Before June 1, 2005, the Company had executed a written agreement with its Parent outlining the allocation of shared expenses incurred for personnel, rent, technology, etc. By way of this agreement, shared expenses were allocated 100% to the Parent and 0% to the Company.

Effective June 1, 2005, the Company entered into a new expense sharing agreement with the Parent, which calls for the Company to reimburse the Parent for certain shared expenses based on the Company's pro rata share of gross revenue. These expenses are shown as "contracted services" in the statements of income. The Company will also continue to pay for all direct expenses of the Company.

### Note 2            **Related-Party Transactions**

During 2005, the Company received a majority of commission revenue from Cap Pro Brokerage Services, Inc. ("Cap Pro"). Cap Pro was controlled by Nationwide Financial. A consortium of CPA firms, including the Parent, owned a minority interest in Cap Pro.

During 2006, the Company began using an unrelated broker to complete broker transactions.

### Note 3            **Net Capital Requirements**

As a registered broker-dealer, the Company is subject to the Uniform Net Capital Rule (Rule 15c3-1) under the Securities Exchange Act of 1934. The Company computes its net capital using the aggregate indebtedness standard method, which requires the maintenance of minimum net capital of \$5,000 and requires the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At May 31, 2006 and 2005, the Company had net capital of \$60,331 and \$50,418, respectively, which exceeded its required net capital by \$55,331 and \$45,418, respectively. The Company's aggregate indebtedness to net capital ratio was .9282 to 1 and .0828 to 1 at May 31, 2006 and 2005, respectively.

**Report on Internal Control  
Required by SEC Rule 17a-5 for a Broker-Dealer  
Claiming an Exemption From SEC Rule 15c3-3**

Board of Directors  
CG Brokerage L.L.C.  
100 City Center  
Oshkosh, WI 54901

In planning and performing our audit of the financial statements and additional information of CG Brokerage L.L.C. (the "Company") for the year ended May 31, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recording of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph. Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, which we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at May 31, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
