REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Board of Directors  
Pali Capital, Inc.

We have audited the accompanying statement of financial condition of Pali Capital, Inc. (a wholly-owned subsidiary of European American Investment Bank AG) as of June 30, 2006, and the related statements of operations, changes in stockholder's equity, changes in subordinated borrowings and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Pali Capital, Inc. as of June 30, 2006, and its results of operations and cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for the purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

PALI CAPITAL, INC.  
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – NATURE OF ORGANIZATION:

Pali Capital, Inc. (“Pali”) is a broker-dealer registered with the Securities and Exchange Commission (the “SEC”) and is a member of various exchanges and the National Association of Securities Dealers, Inc. (“NASD”). The Company is also a market maker in certain securities and engages in syndicate underwriting and investment banking services. The Company, a Delaware corporation, is a wholly-owned subsidiary of European American Investment Bank AG (the “Parent”).

The Company has an agreement with another broker-dealer (the “clearing broker”) to clear transactions, carry customers’ accounts on a fully-disclosed basis and perform record keeping functions and, consequently, operates under the exemptive provisions of SEC Rule 15c3-3k(2)(ii).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Security Transactions:

Securities transactions and related commission revenue and expenses are recorded on a trade date basis. Investment revenue is recorded on an accrual basis. Marketable securities are valued at market value and securities not readily marketable are valued at fair value as determined by management. Unrealized gains and losses are included in results of operations. Realized gains and losses on sales of securities are determined on a first-in, first-out basis.

Cash Equivalents:

The Company defines cash equivalents as all short-term, highly liquid investments with original maturity dates less than 90 days.

Commissions:

Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

Corporate Finance Fees:

Corporate finance fees are derived from investment banking activities, which include gains, losses and fees, net of syndicate expenses, arising from securities offerings in which the Company acts as an underwriter or agent. Corporate finance fees also include fees earned from providing merger-and-acquisition and financial restructuring advisory services. Such fees are recorded on the offering date, sales concessions on the settlement date, and underwriting fees at the time the underwriting is completed and the income is reasonably determinable.

Referral Fees:

Referral fees are recorded on an accrual basis and recognized as earned.

Foreign Currency Transactions:

Gains or losses resulting from foreign currency transactions are included in net income. Such transactions were not material for the year ended June 30, 2006.

PALI CAPITAL, INC.  
NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates:

To prepare financial statements in accordance with accounting principles generally accepted in the United States of America, management makes certain estimates and assumptions, where applicable, that affect the reported amounts of assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. While actual results could differ from those estimates, management does not expect such variances, if any, to have a material effect on the financial statements.

Equipment and Improvements:

Equipment and leasehold improvements are stated at cost. Equipment is depreciated on both straight-line and accelerated methods using estimated lives of five to seven years. Leasehold improvements are amortized over the lesser of the economic useful life of the improvement or the term of the lease.

Income Taxes:

The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards No. 109 "Accounting for Income Taxes", which requires deferred income tax assets and liabilities to be computed for temporary differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized.

Concentrations of Credit Risk:

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash and cash equivalents and receivables from brokers and dealers and clearing organizations. The Company maintains its cash and temporary cash investments in bank deposit and other accounts, the balances of which, at times, may exceed Federally insured limits. Exposure to credit risk is reduced by maintaining banking and brokerage relationships with high credit quality financial institutions and monitoring their credit ratings.

The Company closely monitors the extension of credit to its customers while maintaining allowances for potential credit losses, if required. On a periodic basis the Company evaluates its accounts receivable and establishes an allowance for doubtful accounts, if required, based on a history of write-offs and collections and current credit conditions. At June 30, 2006, no allowance for doubtful accounts was deemed necessary.

PALI CAPITAL, INC.  
NOTES TO FINANCIAL STATEMENTS

NOTE 3 – RECEIVABLE FROM BROKER-DEALERS AND CLEARING ORGANIZATIONS

Amounts receivable from broker-dealers and clearing organizations at June 30, 2006 consist of the following:

Receivable from Clearing Organizations	\$2,185,124
Commissions Receivable	<u>4,872,039</u>
Total	<u>\$7,057,163</u>

NOTE 4 – SECURITIES OWNED AND SOLD, NOT YET PURCHASED:

Marketable, securities owned and sold, not yet purchased, consist of trading and investment securities at market value, as follows:

	<u>Owned</u>	<u>Sold, Not Yet Purchased</u>
Corporate Stocks	\$2,812,967	\$ 6,784
Bonds	1,071,818	-0-
Options and Warrants	<u>105,050</u>	<u>200,800</u>
Totals	<u>\$3,989,835</u>	<u>\$207,584</u>

Securities not readily marketable include equity investment securities for which there is no market on a securities exchange or no independent publicly quoted market.

NOTE 5 – EQUIPMENT AND IMPROVEMENTS:

Equipment and improvements are stated at cost. At June 30, 2006, equipment and improvements consist of the following:

	<u>Life</u>	<u>Amount</u>
Furniture and Fixtures	5-7 yrs.	\$ 736,015
Computer Equipment	5 yrs.	682,827

Totals		<u>\$1,942,629</u>

Depreciation and amortization expense was \$390,992 for the year ended June 30, 2006.

PALI CAPITAL, INC.  
NOTES TO FINANCIAL STATEMENTS

NOTE 6 – RELATED PARTY TRANSACTIONS:

Due from related parties consists of expenses paid on behalf of, and/or allocated expenses to, several related companies.

Due to related parties consists of noninterest bearing advances from an officer with no specified due date.

Loans payable consists of a \$1,700,000 loan payable to the Chief Executive Officer, due in thirteen months (reset daily until notice of termination) and secured by commissions receivable, bearing interest at 4.5% per annum, and \$500,000 payable to Euram BV, due in thirteen months (reset daily until notice of termination) and secured by commissions receivable and fixed assets, bearing interest at 4.5% per annum. Interest expense incurred on these related party loans amounted to \$99,353 for the year ended June 30, 2006. Additionally, the loan to the Chief Executive Officer is subordinated to the prior payment in full of all present and future creditors arising out of any matter occurring prior to the date on which his loan matures. The sole recourse of the creditors for non-payment of these loans is the assets that collateralize such loans.

Included in business development expense is \$382,818 under dry lease agreements paid to Pavia Place, LLC and Pavia II, LLC, of which a member of each is an officer of the Company. These agreements require the Company to pay aircraft rental to Pavia Place, LLC and Pavia II, LLC, including a prorated share of a monthly management fee. In addition, included in communication and data processing expenses is \$92,688 paid to Pavia Place, LLC for equipment rental.

During the year ended June 30, 2006, the Company paid \$163,669 for consulting to a company owned by the Chief Operating Officer of the Company.

Included in commissions and clearance charges is commission expense in the amount of \$1,735,519 incurred to Clifden Equities, LLC, a company owned by a stockholder of the Company's Parent.

During the year ended June 30, 2006, the Company paid \$2,130,500 for information technology and administrative services provided by Euram Corporate Services, a commonly owned company. Also, during the year ended June 30, 2006, the Company paid referral fees to Euram Advisors, a commonly owned company, of \$230,000.

During the year ended June 30, 2006 Pali received \$1,817,880 in referral fees from a company in which the Chief Executive Officer is a minority shareholder.

PALI CAPITAL, INC.  
NOTES TO FINANCIAL STATEMENTS

NOTE 7 - COMMITMENTS AND CONTINGENCIES:

Leases Commitments

The Company leases office space under non-cancelable operating leases in New York City. The Company is reimbursed on a month-to-month basis for office space shared with various soft dollar commission clients. In addition, the Company leases furniture, computer equipment and transportation equipment under various non-cancelable operating leases expiring through 2013 from both related and unrelated parties.

Rent expense, which is net of reimbursement from customers of \$565,369, is included in occupancy expense. Net rent expense, of which \$90,504 was incurred to related parties, was \$1,572,339 for the year ended June 30, 2006.

The Company is obligated, pursuant to various lease agreements, to pay minimum future annual rentals for the years subsequent to June 30, 2006, as indicated below. In addition, there are escalation clauses for adjusting rent to reflect increased costs for certain leases.

PALI CAPITAL, INC.  
NOTES TO FINANCIAL STATEMENTS

NOTE 7 - COMMITMENTS AND CONTINGENCIES: (continued)

Leases Commitments (continued)

The Company has provided the landlord of its New York City location with an irrevocable stand-by letter of credit in the amount of \$1,500,000 as collateral for the lease.

Employment Contract

The Company has entered into an employment agreement with its Chief Executive Officer which expires on September 30, 2006. The agreement provides for compensation to be paid based on a percentage of revenues.

Regulatory Examination

The Company has been examined by the NASD, who has had communications with management related to the Company's soft dollar program. The NASD has informed the Company that the Company must maintain a minimum net capital balance of \$250,000 and that the soft dollar liabilities considered to be "customer payables" (that is, amounts for non 28(e) expenses) must be segregated and paid out of a special cash account for the exclusive benefit of those customers pursuant to SEC rule 15c3-3. Although management disagrees with this interpretation, the Company has agreed to comply with the NASD's requests. As such, the Company is reporting a minimum net capital requirement of \$250,000 and has set up a special account to segregate the customer funds. As of June 30, 2006, the total soft dollar liability of \$1,919,169, which is included in accounts payable and accrued expenses, includes "customer payables." At June 30, 2006, the Company has estimated, based upon historical percentages, that such "customer payables" amount to approximately \$800,000. At June 30, 2006, the Company had cash and cash equivalents of \$6,397,979, which includes the balance in the special cash account, which was \$1,002,774. The determination of monthly soft dollar credits occurs upon the receipt of monthly trade information, which is received in the subsequent month.

Financial Instruments with Off Balance Sheet Risk

The Company's customer securities activities are transacted on either a cash or margin basis. In margin transactions, the Company's clearing broker extends credit to the customer, subject to various regulatory and internal margin requirements, collateralized by cash and securities in the customer's account. As a result of guaranteeing customer margin balances carried by the clearing broker, the Company may be exposed to off-balance-sheet risk in the event margin requirements are not sufficient to fully cover losses which the customer may incur. Margin accounts guaranteed by the Company at June 30, 2006 were not material.

Securities sold but not yet purchased represent obligations of the Company to deliver the specified security at the contracted price and thereby create a liability to repurchase the security in the market at prevailing prices. Accordingly, these transactions result in off-balance-sheet risk as the Company's ultimate obligation to satisfy the sale of securities sold but not yet purchased may exceed the amount recognized in the statement of financial condition.

PALI CAPITAL, INC.  
NOTES TO FINANCIAL STATEMENTS

Financial Instruments with Off-Balance-Sheet Risk (continued)

Additionally, the Company is exposed to off-balance-sheet risk of loss on transactions during the period from the trade date to the settlement date, which is generally three business days. If the customer fails to satisfy its contractual obligations to the clearing broker, the Company may have to purchase or sell financial instruments at prevailing market prices in order to fulfill the customer's obligations. Settlement of these transactions is not expected to have a material effect on the Company's financial position.

The Company seeks to control the risks associated with its customers activities by requiring customers to maintain margin collateral in compliance with various regulatory and clearing broker guidelines. The Company monitors required margin levels daily and, pursuant to such guidelines, requires the customers to deposit additional collateral or to reduce positions, when necessary.

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

NOTE 8 – SUBORDINATED BORROWINGS

The borrowing of \$1,000,000 is subject to a subordination agreement at June 30, 2006 and is payable to the Chief Executive Officer. Such borrowing bears interest at 10% and was due on May 31, 2006. Interest expense incurred on this loan for the year ended June 30, 2006 amounted to \$105,747. The due date has been extended to June 30, 2007.

During the year ended June 30, 2006, the Company entered into an unsecured line of credit with a financial institution not to exceed \$1,000,000 which has been approved by the NASD as subordinated borrowings. Amounts outstanding under the line (\$1,000,000 at June 30, 2006) bear interest at prime plus .5% and is due on July 31, 2007

The subordinated borrowings are available in computing net capital under the SEC's Uniform Net Capital Rule. To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they will not be repaid.

NOTE 9 – ACCOUNTS PAYABLE AND ACCRUED EXPENSES

At June 30, 2006, accounts payable and accrued expenses consist of the following:

Soft dollar credits	\$ 1,919,169
Commissions payable	3,049,672
Accrued expenses	<u>7,578,083</u>
Total	<u>\$12,546,924</u>

PALI CAPITAL, INC.  
NOTES TO FINANCIAL STATEMENTS

NOTE 10 – EMPLOYEE BENEFIT PLANS

All full time employees who meet certain age and length of service requirements are eligible to participate in the Company's 401(k) plan. The plan provides for discretionary contributions by the Company in such amounts as the Board of Directors may annually determine. The Company made a contribution to the Plan during the year ended June 30, 2006 of \$8,562.

NOTE 11 – OTHER REVENUES:

Other revenues consist of the following:

Referral Fees	\$5,513,664
Other Income	<u>761,427</u>
Total	<u>\$6,275,091</u>

NOTE 12 – INCOME TAXES:

The provision (credit) for income taxes consists of the following:

	<u>Current</u>	<u>Deferred</u>	<u>Total</u>
Federal	\$ 681,223	\$(382,727)	\$298,496
State and Local	<u>403,320</u>	<u>(123,823)</u>	<u>279,497</u>
Totals	<u>\$1,084,543</u>	<u>\$(506,550)</u>	<u>\$577,993</u>

The disproportionate provision for income taxes results from certain expenses which are not deductible and the inclusion of an underaccrual from prior years.

At June 30, 2006, deferred tax assets, which are included in other assets, attributable to the Company's temporary differences were as follows:

Contribution carryforwards	\$246,675

Report of Independent Public Accountants on Internal Control

To the Board of Directors  
Pali Capital, Inc.

In planning and performing our audit of the financial statements and supplemental schedule of Pali Capital, Inc. (the "Company") as of and for the year ended June 30, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by rule 17a – 5(g)(1) of the Securities Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3 (a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a – 13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customer as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a – 5 (g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at June 30, 2006 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc. and other regulatory agencies that rely on rule 17a-5 (g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
