## PRESS RELEASE

**Milan, March 3, 2006** - AEM S.p.A. and Delmi S.p.A. announce that, as a result of sales that were carried out in recent weeks, as of today, approximately 11.4% of the shares of common stock of Edison S.p.A. are held by the market. The free-float of Edison's shares of common stock, which was reduced on November 4, 2005, as a result of the completion of a tender offer by Transalpina di Energia S.r.l., has thus been timely restored above the minimum level required by law.
