## **Skanska secures construction project in Norway for SEK 370 M**

Skanska has been contracted to build an office and shopping center complex in Kristiansand in southern Norway for NOK 317 M, about SEK 370 M. The contract amount is included in order bookings for the first quarter. The customer is Boinvest A/S, a subsidiary of Storebrand Eiendom.

In cooperation with the customer, Skanska has been responsible for the development of the project, which comprises 34,000 square meters of renovation and additions to the Kvartal 38 property in central Kristiansand. The assignment involves offices as well as a shopping center, with related parking.

Preparatory work has begun and construction begins in the summer. The project is scheduled to be completed in December 2008.

Skanska's major projects in progress in Norway include two assignments at the expansion of the Ormen Lange gas field totaling about NOK 1.9 billion and in Oslo the company is building an immersed tunnel under the Bjørvika cove, the Nya Akershus University Hospital and two schools in a Private Public Partnership.

In 2005, Skanska Norway had sales of NOK 10.5 billion. The company currently has about 4,200 employees.

### **Skanska to construct highway in Czech Republic for approximately SEK 1.1 billion**

Skanska has secured a contract to construct a section of the D47 highway in the Czech Republic. The contract amount totals approximately SEK 1.1 billion (CZK 3.33 billion) and is included in order bookings for the first quarter of 2006.

The customer is Czech Road and Motorway Directorate and the project is being financed by government funds.

The assignment is for a 12-kilometer four-lane expressway section of the D47 at Ostrava in eastern Czech Republic. The project includes an interchange, ten highway bridges and eight other bridges. In addition, the project includes relocation of an adjacent railway line and about ten kilometers of local and approach roads. Construction will also include noise protection walls and a number of flyovers for wild animals to cross.

Preparatory work has begun and the construction work, which will begin in the autumn, is scheduled to be completed in 2009.

Skanska Czech Republic, which is the largest construction company in the Czech Republic, had sales of approximately SEK 10 billion in 2005, with about 7,000 employees. The company's largest projects in progress include expansion of the subway and rail systems in Prague, as well as the construction of a new head office for ČSOB, a Czech bank.
