CHAIRMAN'S AGM STATEMENT

2005 was a transformational year for Morgan Crucible with the Group being approximately one year ahead of our stated target to achieve double-digit margins by the end of 2006. We have improved the earnings quality of the Group by positioning ourselves in less commoditised markets with a greater focus on differentiated, value-added products. This shift in our portfolio mix, combined with a continuing focus on rigorous cost management, supports our new goal of targeting mid-teen operating profit margins for the Group over the medium term.

The disposal of the Magnetics division, completed towards the end of 2005, has contributed to the transformation of the balance sheet. The proceeds from this sale have enabled us to eliminate bank debt and substantially reduce the Group's pension deficit. This balance sheet strength leaves us well placed to target bolt-on acquisitions to support our core businesses in their pursuit of profitable growth. I am pleased to report that earlier this month we successfully completed the first bolt-on acquisition with the acquisition of the ceramic fibres business of Cookson Group plc.

Trading and market conditions in 2006 year to date remain generally consistent with those experienced in the second half of 2005. North America and Asia remain strong and Europe, although weaker, is certainly strengthening. Despite input cost increases for energy and raw materials the Board expects all businesses to show continuing improvement in operating margins. The strategy and its implementation has worked well to date and there is still more upside to pursue. As a result, the Board is confident about Morgan's prospects for the full year.

Morgan Crucible delivered an excellent set of results in 2005. Our focus on shareholder value has resulted in top line growth, improving margins and positive cash flow thereby enabling us to recommend payment of a dividend. We have seen another year of strong financial momentum and we are now well placed within our chosen markets, supported by a strong financial base, to achieve our aim of superior shareholder return. I would like to thank all our employees for their hard work and achievements in 2005, and our investors for their continued support. I would particularly like to thank Warren Knowlton for the leadership he has shown in transforming Morgan Crucible since assuming the Chief Executive role in December 2002; we wish him well when he retires in the third quarter and we are confident that Mark Robertshaw, who will succeed Warren, will carry on the good progress.
