Annual General Meeting – Trading Statement

At the Annual General Meeting of Bradford & Bingley plc held today, Steven Crawshaw, Group Chief Executive, made the following comments:

"The housing and mortgage markets continue to show considerable strength. The demographic drivers of our specialist markets remain strong. For buy-to-let, increasing job mobility, growth in the number of households and the rise in the student population are all important supporting factors. The growing number of self-employed and increasing job flexibility continue to support the self-cert part of our lending portfolio. For lifetime equity release, the increasing issue of inadequate pension provision suggests that this market has great growth potential.

Our Lending business began 2006 in a very good position and this strong momentum has continued throughout the first quarter, with the pipeline of new business remaining robust.

We continue to maintain strict underwriting controls with our credit quality and arrears levels remaining well within our expectations.

The Retail business has made a solid start to 2006 and our Savings business continues its strong performance, adding further support to the funding of our Lending business.

We have made a positive start to the year and we are comfortable with the mean consensus forecast in the market for our performance in 2006."

(A B&B poll of 18 analysts indicates a mean consensus forecast for 2006 profit before tax and exceptionals of £329.6m within a range of £316m to £341m.)

Bradford & Bingley completes acquisition of £729 million loan portfolio from GMAC-RFC

Bradford & Bingley plc is pleased to announce that it has today purchased a mortgage loan portfolio from GMAC-RFC for a consideration of around £729 million. This is the second purchase resulting from an agreement announced in January 2006 to acquire up to £1.4 billion of loans during 2006 from GMAC-RFC.

The purchase, funded from Bradford & Bingley's existing resources, has been made by Mortgage Express, its wholly owned subsidiary.

This latest loan portfolio acquisition will increase the Bradford & Bingley Group's total managed assets, which stood at £40.8 billion on 31st December 2005, by around 1.79%.

All lending in the portfolio is secured on UK residential property and has a similar credit risk profile to previous portfolio acquisitions. In addition to reviewing the credit controls GMAC-RFC employed in originating the loan portfolio, Mortgage Express has tested the loan book using its own credit scoring process to confirm that it meets the Bradford & Bingley Group's credit standards. The acquired mortgages are, by value, approximately 8% buy-to-let, 63% self-certified with the remainder standard mortgages. The book has an average loan size of approximately £142,000 and an average loan to value of approximately 77%.

Note

The consideration figures include the assets purchased and a premium payable to the seller.
