Blizzard has not paid any dividends to date. The payment of dividends in the future will be dependent upon the earnings and financial position of Blizzard and on such other factors as the board of directors of Blizzard considers appropriate. Any payment of dividends by Blizzard requires the prior approval of the bank under Blizzard's credit facility.

PRIOR SALES

Blizzard Shares

Date	Method of Sale	Price per Blizzard Share (\$)	Number of Blizzard Shares	Net amount received by Blizzard (\$)	Nature of Consideration Received by Blizzard
December 21, 2004	Private Placement of Blizzard Shares	2.20	18,000,000	37,490,000	Cash

PRINCIPAL SHAREHOLDERS

To the best knowledge of the directors and senior officers of Blizzard, no person beneficially owns, directly or indirectly, or exercises control or direction over, shares carrying more than 10% of the voting rights attached to any class of voting securities of Blizzard as at the date hereof.

DIRECTORS AND OFFICERS

The following table sets forth the names of the directors and executive officers of Blizzard, their municipalities of residence, positions and offices with Blizzard and their principal occupations:

Name and Municipality of Residence	Position ⁽¹⁾	Principal Occupation ⁽²⁾	Director or Officer Since
James S. Artindale Calgary, Alberta	Chairman and Director	Chairman of Blizzard	December 19, 2002
Larry G. Evans ⁽⁴⁾⁽⁵⁾⁽⁶⁾ Calgary, Alberta	Director	Chairman and Chief Executive Officer of Hygait Resources Ltd. (oil and gas company)	December 12, 2003
Frank J. Guidolin ⁽³⁾⁽⁶⁾ Calgary, Alberta	Director	President of Petroaudit Consultants Inc. (oil and gas joint venture audit firm)	December 19, 2003
David R. MacKenzie ⁽³⁾⁽⁵⁾⁽⁶⁾ Calgary, Alberta	Director	President of Voracious Ventures Inc. (private equity investment company)	December 19, 2003
Douglas G. Manner ⁽⁴⁾⁽⁵⁾⁽⁶⁾ Dallas, Texas	Director	Senior Vice President and Chief Operating Officer of Kosmos Energy LLC (oil and gas company)	December 12, 2003
Robert R. Rooney ⁽⁴⁾ Calgary, Alberta	Secretary and Director	Partner, Bennett Jones LLP (law firm)	December 19, 2002
George W. Watson ⁽³⁾⁽⁶⁾ Calgary, Alberta	Director	Chief Executive Officer of Critical Control Solutions Corp. (information and technology company)	December 12, 2003
John R. Rooney Calgary, Alberta	President and Chief Executive Officer and Director	President and Chief Executive Officer of Blizzard	December 19, 2002
Michael Machalski Calgary, Alberta	Senior Vice President and Chief Operating Officer	Senior Vice President and Chief Operating Officer of Blizzard	December 19, 2002
Hal A. J. Metcalfe Calgary, Alberta	Vice President Finance and Chief Financial Officer	Vice President Finance and Chief Financial Officer of Blizzard	November 1, 2003

Notes:

- (1) James S. Artindale, John R. Rooney and Robert R. Rooney were elected as directors of Pre-Amalgamation Blizzard on December 19, 2002 and have continued as directors of Blizzard following the amalgamation of Pre-Amalgamation Blizzard with Acquisition Corp. Michael Machalski was a director of Pre-Amalgamation Blizzard from December 19, 2002 until December 12, 2003.
- (2) Each of the foregoing directors and executive officers has been engaged in his principal occupation or in another capacity with the same entity over the past five years except for: James S. Artindale, who from October 2001 to January 2002 was the Managing Director of Tristone Capital, Inc. and from October 1998 to September 2001 was the VP Corporate Development of Ventus Energy Ltd.; Larry G. Evans, who from October 2001 to January 2004 was the President and Chief Executive Officer of Ice Energy Limited and from December 1997 to January 2001 was the President and Chief Executive Officer of Avalanche Energy Limited; David R. MacKenzie, who from May 1997 to January 2002 was the President of Gascan Resources Ltd.; Douglas G. Manner, who from September 2002 to January 2004 was the President and Chief Operating Officer of White Stone Energy, LLC, from May 2001 to July 2002 was the Chairman and Chief Executive Officer of Mission Resources Corp., from May 2000 to May 2001 was the Chairman and Chief Executive Officer of Bellwether Exploration Co. and prior thereto was the Vice President and Chief Operating Officer of Gulf Canada Resources Limited; John R. Rooney, who from November 2001 to June 2002 was the President and Chief Executive Officer of Equatorial Energy Inc. and from 1999 to November 2001 was the Chief Financial Officer of Equatorial Energy Inc.; Michael Machalski, who from January 2001 to June 2002 was the Chief Operating Officer of Equatorial Energy Inc., from October 2000 to October 2003 was the President of Fish Creek Resources Inc. and prior thereto was an independent oil and gas consultant; and Hal A.J. Metcalfe, who from January 2003 to November 2003 was a financial consultant, from September 2000 to December 2002 was the Vice President Finance and Chief Financial Officer of Spire Energy Ltd. and from November 1998 to August 2000 was the Vice President Finance and Chief Financial Officer of Ventus Energy Ltd.
- (3) Member of the Audit and Finance Committee.
- (4) Member of the Technical Committee.
- (5) Member of the Human Resources and Governance Committee.
- (6) Independent director.

Blizzard does not have an executive committee of the board of directors. All of the directors of Blizzard were re-elected as directors at Blizzard's annual meeting of shareholders held on May 10, 2005 and will hold their offices until the next annual meeting of shareholders of Blizzard or until their successors are duly elected or appointed, unless their offices are earlier vacated. All directors stand for election at each annual meeting of shareholders of Blizzard.

As at the date hereof, the directors and officers of Blizzard beneficially own, directly or indirectly, or exercise control or direction over 16,800,255 Blizzard Shares, or approximately 15.4% of the outstanding Blizzard Shares (18,553,255 Blizzard Shares, or approximately 16.3% of the outstanding Blizzard Shares, on a fully diluted basis).

Cease Trade Orders or Bankruptcies

No director, executive officer or controlling shareholder of Blizzard has, within the ten years preceding the date hereof, been a director or officer of any companies that, while that person was acting in such capacity:

- (a) was the subject of a cease trade or similar order or an order that denied the company access to any exemption under securities legislation for a period of more than 30 consecutive days;
- (b) was subject to an event that resulted, after the director or executive officer ceased to be a director or executive officer, in the company being the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days; or
- (c) within a year of that person ceasing to act in such capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

Personal Bankruptcies

No director, executive officer or controlling shareholder of Blizzard has, within the ten years preceding the date hereof, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or been subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver manager or trustee appointed to hold such person's assets.

Penalties or Sanctions

No director, officer or controlling shareholder of Blizzard has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority or been subject to any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable investor in making an investment decision.

Conflicts of Interest

There are potential conflicts of interest to which the directors and officers of Blizzard will be subject to in connection with the operations of Blizzard. In particular, certain of the directors and officers of Blizzard are involved in managerial or director positions with other oil and gas companies whose operations may, from time to time, be in direct competition with those of Blizzard or with entities which may, from time to time, provide financing to, or make equity investments in, competitors of Blizzard. In accordance with the ABCA, directors who have a material interest or any person who is a party to a material contract or a proposed material contract with Blizzard are required, subject to certain exceptions, to disclose that interest and generally abstain from voting on any resolution to approve the contract. In addition, the directors are required to act honestly and in good faith with a view to the best interests of Blizzard. Certain of the directors of Blizzard have either other employment or other business or time restrictions placed on them and accordingly, these directors of Blizzard will only be able to devote

part of their time to the affairs of Blizzard.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Compensation of Named Executive Officers

Blizzard currently has four executive officers (the "Named Executive Officers"). From December 19, 2002 until October 31, 2003 no cash compensation was paid to the Named Executive Officers. From November 1, 2003 to December 31, 2003, Blizzard paid or accrued aggregate cash compensation of \$96,000 to the Named Executive Officers. The aggregate amount of other compensation (as defined by applicable regulations) was not greater than the lesser of \$50,000 and 10% of the total annual salary and bonus.

The table below sets forth compensation in respect of the Chief Executive Officer and the other Named Executive Officers for the financial years ended December 31, 2003 and December 31, 2004:

Name and Principal Position	Year	Annual Compensation			Long-term Compensation			
		Salary ⁽¹⁾ (\$)	Bonus (\$)	Other Annual Compensation ⁽²⁾ (\$)	Blizzard Common Shares under Blizzard Options Granted (\$)	Performance Shares ⁽³⁾⁽⁴⁾ (\$)	Blizzard Warrants ⁽⁴⁾ (\$)	All Other Compensation (\$)
James S. Artindale Chairman	2004	144,000	56,000	Nil	Nil	Nil	Nil	Nil
	2003	24,000	Nil	Nil	Nil	Nil	680,000 (A) 544,000 (B)	Nil
John R. Rooney President and Chief Executive Officer	2004	144,000	56,000	Nil	Nil	Nil	Nil	Nil
	2003	24,000	Nil	Nil	Nil	Nil	680,000 (A) 544,000 (B)	Nil
Michael Machalski Senior Vice President and Chief Operating Officer	2004	144,000	56,000	Nil	Nil	Nil	Nil	Nil
	2003	24,000	Nil	Nil	Nil	Nil	680,000 (A) 544,000 (B)	Nil
Hal A.J. Metcalfe Vice President, Finance and Chief Financial Officer	2004	144,000	56,000	Nil	120,000	Nil	Nil	Nil
	2003	24,000	Nil	Nil	350,000	160,000	50,000 (A) 40,000(B)	Nil

Notes:

- (1) None of the Named Executive Officers drew a salary until November 1, 2003, at which time each was awarded a salary of \$144,000 per annum.
- (2) The value of perquisites and benefits paid to each of the Named Executive Officers was less than the lesser of \$50,000 and 10% of each Named Executive Officer's salary and bonus.
- (3) The Performance Shares are held in trust and are valued at \$.0001 per share (\$16.00 in aggregate).
- (4) Each of John R. Rooney, James S. Artindale and Michael Machalski, as a Blizzard Founder, received 2,200,000 Blizzard Shares, 680,000 Blizzard Series A Warrants and 544,000 Blizzard Series B Warrants. All of these Blizzard Series A Warrants and Blizzard Series B Warrants have now been converted to Blizzard Shares. See "Description of Share Capital" in this Appendix.

Option Grants

The following table details information with respect to the grant of Blizzard Options to the Named Executive Officers during the financial year ended December 31, 2004:

Name	Blizzard Shares Under Blizzard Options Granted	% of Total Blizzard Options Granted to Employees in Financial Year	Exercise or Base Price (\$/Blizzard Share)	Market Value of Blizzard Shares Underlying Blizzard Options on the Date of Grant (\$/Blizzard Common Share) ⁽¹⁾	Expiration Date
Hal A.J. Metcalfe Vice President, Finance and Chief Financial Officer	120,000	5.4	\$2.20	\$2.20	December 8, 2009

Note:

(1) There was no public market for the Blizzard Class A Shares on the date of grant.

Option Exercises

No Blizzard Options were exercised by the Named Executive Officers during the most recently completed financial year. The following table contains information relating to Blizzard Options held by the Named Executive Officers and outstanding as at December 31, 2004.

Name and Principal Position	Blizzard Common Shares Acquired on Exercise (#)	Aggregate Value Realized (\$)	Unexercised Blizzard Options at Year End			
			Number of Blizzard Options		Value of in-the-Money Blizzard Options ⁽¹⁾	
			Exercisable (#)	Unexercisable (#)	Exercisable (\$)	Unexercisable (\$)
Hal A. J. Metcalfe	Nil	Nil	205,000	265,000	327,000	351,000

Employment Contracts and Termination of Employment Arrangements

As at December 31, 2004, Blizzard had entered into contracts with each of the Named Executive Officers. The contracts provide for compensation to the Named Executive Officers for loss of office in the event of change of control, as defined in the contracts of Blizzard. Such compensation is equal to 150% of the Named Executive Officer's annual salary in effect plus 150% of the Named Executive Officer's most recent annual bonus.

Other

Blizzard has no retirement plans, pension plans or other forms of retirement compensation for its employees.

Compensation of Directors

Directors are not paid annual retainer fees or fees for attendance at board or committee meetings but are reimbursed for all reasonable expenses incurred in order to attend such meetings. Directors are entitled to participate in Blizzard's stock option plan (the "**Blizzard Stock Option Plan**") and Blizzard Options to purchase an aggregate of 1,040,000 Blizzard Shares have been granted to non-employee directors of which 800,000 have an exercise price of \$0.80 per Blizzard Share and 240,000 have an exercise price of \$2.20 per Blizzard Share.

In addition, non-employee directors received 512,000 Blizzard Shares and 160,000 Blizzard Series A Warrants and 128,000 Blizzard Series B Warrants on the organization of Blizzard.

Composition of the Human Resources and Governance Committee

Blizzard's Human Resources and Governance Committee (the "**HR Committee**") consists of non-management directors, all of whom are unrelated to Blizzard, and assists the board of directors of Blizzard in fulfilling its responsibilities with respect to: (i) human resources policies; (ii) compensation; and (iii) executive succession and development. In particular, the HR Committee is responsible for evaluating the performance of Blizzard's Chief Executive Officer and Chief Financial Officer and recommending their annual compensation to the board of directors of Blizzard, and reviewing and recommending to the board of directors of Blizzard the annual compensation of the remaining executives and the directors of Blizzard.

The Compensation Committee is chaired by Mr. Larry G. Evans and includes Mr. David R. MacKenzie and Mr. Douglas G. Manner.

Report on Executive Compensation

The HR Committee is responsible for determining the level of executive compensation. The primary objectives of Blizzard's executive compensation program are to attract, retain and motivate top quality people and to align their interests with the interests of Blizzard Shareholders.

Blizzard's compensation program is determined within the context of the market place for similar positions in the same industry, and includes performance measurements against both internally set bench marks and comparable companies in the market place.

Base Salaries

Base salaries for executive officers are based on market data for similar roles and levels of responsibility within comparable companies. Individual salaries are based on the recommendation of the Chairman and the President and Chief Executive Officer.

Incentive Bonus

Blizzard's incentive bonus program is based on Blizzard reaching pre-determined 'value creation' goals and may or may not be paid annually. Bonus awards for the officers are based on the recommendation of the Chairman and the President and Chief Executive Officer, and are subject to the review and approval of the committee.

Compensation of the President and Chief Executive Officer

John R. Rooney's compensation is established by the HR Committee with reference to competitive data described above and based on the achievement of overall corporate objectives.

Submitted by the HR Committee

Larry G. Evans (Chair)
David R. MacKenzie
Douglas G. Manner

Equity Compensation Plan Information

Details of the Blizzard Stock Option Plan and Blizzard Warrants as at December 31, 2004 are set forth below:

Plan Category	Number of Blizzard Shares to be Issued Upon Exercise of Outstanding Blizzard Options, Blizzard Warrants and Rights	Weighted-Average Exercise Price of Outstanding Blizzard Options/Blizzard Warrants and Rights	Number of Blizzard Shares Remaining Available for Future Issuance Under Equity Compensation Plans
Blizzard Stock Option Plan	4,532,000	\$1.28	6,345,450
Blizzard Series A Warrants	220,000	\$0.001	N/A
Blizzard Series B Warrants	176,000	\$0.001	N/A
Total	4,928,000	\$1.18	6,345,450

Note:

- (1) The Blizzard Stock Option Plan and Blizzard Warrants were not approved by the Blizzard Shareholders. They were, however, disclosed in Blizzard's prospectus dated May 18, 2004 in respect of the IPO.

INDEBTEDNESS OF DIRECTORS AND OFFICERS

No director, officer, employee or former director, officer or employee or proposed nominee for election as a director of Blizzard or any associate of any such person is, nor at anytime during the year ended December 31, 2004, was indebted to Blizzard.

STOCK OPTION PLAN

The Blizzard Stock Option Plan is designed to align the interests of all Blizzard employees with the interests of Blizzard Shareholders. To date, the Blizzard Founders have elected not to participate in the Blizzard Stock Option Plan. The HR Committee and the Blizzard Founders believe that the existing equity position owned by the Blizzard Founders is sufficient to align their interests with the interests of Blizzard Shareholders and that by not participating in the Blizzard Stock Option Plan, there are more Blizzard Options available to senior technical staff without the overall Blizzard Stock Option Plan being excessively dilutive.

Pursuant to the Blizzard Stock Option Plan, directors may from time to time, at their discretion, grant Blizzard Options to directors, officers, employees and consultants of Blizzard. The directors fix the exercise price for Blizzard Options at the time of grant provided that such exercise price shall not be less than the volume weighted average trading price of the Blizzard Shares on the TSX for the five trading days prior to the date of grant. The Blizzard Options are non-assignable and non-transferable. The aggregate number of Blizzard Shares reserved for issuance under the Blizzard Stock Option Plan is ten percent of the total number of issued and outstanding Blizzard Shares (calculated on a non-diluted basis).

The Blizzard Stock Option Plan provides, among other things, that the number of Blizzard Shares reserved for issuance to any one optionee may not exceed 5% and the maximum number of Blizzard Shares reserved for issuance pursuant to Blizzard Options granted to insiders may not exceed 10% of the number of outstanding Blizzard Shares within any 12-month period.

All Blizzard Options currently outstanding under the Blizzard Stock Option Plan will expire five years from the date of the grant. Blizzard Options granted to directors of Blizzard vested immediately on the date of the grant. Blizzard Options granted to all others vest over three years commencing one year after the date of grant subject to accelerated vesting in the case of a change of control.

Blizzard Options are non-assignable and non-transferable by the person to whom they are granted except by will or the laws of descent and distribution. In the event the holder of Blizzard Options ceases to be employed by Blizzard for any reason (except as a result of death or permanent disability), the holder's Blizzard Options shall be terminated on the earlier of the expiration of the option period and 60 days after the date of such termination. In the event of a holder's death or permanent disability, an option shall be exercisable until the earlier of the expiration period or the date that is 12 months after the date of death or permanent disability, whichever is earlier.

In the event of a "change of control" (as defined in the Blizzard Stock Option Plan), all Blizzard Options shall immediately vest and be exercisable until the first to occur of the expiry date of the option and the date that is 90 days after the date of the sale or the change of control.

The board of directors of Blizzard may, at any time, suspend or terminate the Blizzard Stock Option Plan. Blizzard's board of directors may amend or revise the terms of the Blizzard Stock Option Plan, subject to the receipt of all necessary regulatory approvals, provided that no such amendment or revision shall alter the terms of any Blizzard Options granted under the Blizzard Stock Option Plan.

The following table sets forth information with respect to the Blizzard Options outstanding under the Blizzard Stock Option Plan as of the date hereof.

Group (Number)	Date Blizzard Options Granted	Shares Under Option	Exercise Price	Closing Price On Day Prior to Grant ⁽¹⁾	Expiry Date	Market Value of Blizzard Options ⁽¹⁾
Executive Officers (4)	Dec. 8, 2004	120,000	\$2.20	\$2.50	Dec. 8, 2009	\$2.20
	Dec. 16, 2003	350,000	\$0.80	N/A	Dec. 16, 2008	N/A
Directors (6)	Dec. 8, 2004	240,000	\$2.20	\$2.50	Dec. 8, 2009	\$2.20
	Dec. 16, 2003	800,000	\$0.80	N/A	Dec. 16, 2008	N/A
Employees (13)	Feb. 14, 2005	10,000	\$2.78	\$2.69	Feb. 14, 2010	\$2.78
	Jan. 11, 2005	30,000	\$2.48	\$2.55	Jan. 11, 2010	\$2.48

Note:

(1) There was no market value for the Blizzard Shares on December 16, 2003 or March 22, 2004.

INTEREST OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

No director, executive officer, or principal holder of securities as described under "*Principal Shareholders*" in this Appendix or any associate or affiliate of the foregoing has, or has had, any material interest in any transaction prior to the date hereof or any proposed transaction that has materially affected or will materially affect Blizzard or any of its affiliates, except as disclosed elsewhere in the Information Circular and the following: Robert R. Rooney is a partner of Bennett Jones LLP, which firm receives fees for legal services provided to Blizzard.

RISK FACTORS

The following are certain risk factors related to the business of Blizzard. The following information is a summary only of certain risk factors and is qualified in its entirety by reference to, and must be read in conjunction with, the detailed information appearing elsewhere in the Information Circular.

Exploration, Development and Production Risks

Oil and natural gas operations involve many risks that even a combination of experience, knowledge and careful evaluation may not be able to overcome. The long-term commercial success of Blizzard depends on its ability to find, acquire, develop and commercially produce oil and natural gas reserves. Without the continual addition of new reserves, any existing reserves Blizzard may have at any particular time and the production therefrom will decline over time as such existing reserves are exploited. A future increase in Blizzard's reserves will depend not only on its ability to explore and develop any properties it may have from time to time, but also on its ability to select and acquire suitable producing properties or prospects. No assurance can be given that Blizzard will be able to continue to locate satisfactory properties for acquisition or participation. Moreover, if such acquisitions or participations are identified, Blizzard may determine that current markets, terms of acquisition and participation or pricing conditions make such acquisitions or participations uneconomic. There is no assurance that further commercial quantities of oil and natural gas will be discovered or acquired by Blizzard.

Future oil and natural gas exploration may involve unprofitable efforts, not only from dry wells, but from wells that are productive but do not produce sufficient net revenues to return a profit after drilling, operating and other costs. Completion of a well does not assure a profit on the investment or recovery of drilling, completion and operating costs. In addition, drilling hazards or environmental damage could greatly increase the cost of operations, and various field operating conditions may adversely affect the production from successful wells. These conditions include delays in obtaining governmental approvals or consents, shut-ins of connected wells resulting from extreme weather conditions, insufficient storage or transportation capacity or other geological and mechanical conditions. While diligent well supervision and effective maintenance operations can contribute to maximizing production rates over time, production delays and declines from normal field operating conditions cannot be eliminated and can be expected to adversely affect revenue and cash flow levels to varying degrees.

Oil and natural gas exploration, development and production operations are subject to all the risks and hazards typically associated with such operations, including hazards such as fire, explosion, blowouts, cratering, sour gas releases and spills, each of which could result in substantial damage to oil and natural gas wells, production facilities, other property and the environment or in personal injury. In accordance with industry practice, Blizzard is not fully insured against all of these risks, nor are all such risks insurable. Although Blizzard maintains liability insurance in an amount that it considers consistent with industry practice, the nature of these risks is such that

liabilities could exceed policy limits, in which event Blizzard could incur significant costs that could have a material adverse effect upon its financial condition. Oil and natural gas production operations are also subject to all the risks typically associated with such operations, including encountering unexpected formations or pressures, premature decline of reservoirs and the invasion of water into producing formations. Losses resulting from the occurrence of any of these risks could have a material adverse effect on future results of operations, liquidity and financial condition.

Competition

Oil and gas exploration is intensely competitive in all its phases and involves a high degree of risk. Blizzard competes with numerous other participants in the search for, and the acquisition of, oil and natural gas properties and in the marketing of oil and natural gas. Blizzard's competitors include oil and natural gas companies that have substantially greater financial resources, staff and facilities than those of Blizzard. Blizzard's ability to increase reserves in the future will depend not only on its ability to explore and develop its present properties, but also on its ability to select and acquire suitable producing properties or prospects for exploratory drilling. Competitive factors in the distribution and marketing of oil and natural gas include price and methods and reliability of delivery. Competition may also be presented by alternate fuel sources.

Regulatory

Oil and natural gas operations (exploration, production, pricing, marketing and transportation) are subject to extensive controls and regulations imposed by various levels of government that may be amended from time to time. See "*Industry Conditions*" in this Appendix. Blizzard's operations may require licenses from various governmental authorities. There can be no assurance that Blizzard will be able to obtain all necessary licenses and permits that may be required to carry out exploration and development at its projects. It is not expected that any of these controls or regulations will affect the operations of Blizzard in a manner materially different than they would affect other oil and gas companies of similar size.

Kyoto Protocol

Canada is a signatory to the United Nations Framework Convention on Climate Change and has ratified the Kyoto Protocol established thereunder to set legally binding targets to reduce nationwide emissions of carbon dioxide, methane, nitrous oxide and other so-called "greenhouse gases". Blizzard's exploration and production facilities and other operations and activities emit a small amount of greenhouse gases which may subject Blizzard to legislation regulating emissions of greenhouse gases. The Government of Canada has put forward a Climate Change Plan for Canada which suggests further legislation will set greenhouse gases emission reduction requirements for various industrial activities, including oil and gas exploration and production. Future federal legislation, together with provincial emission reduction requirements such as those proposed in *Alberta's Climate Change and Emissions Management Act* (partially in force), may require the reduction of emissions or emissions intensity produced by Blizzard's operations and facilities. The direct or indirect costs of these regulations may adversely affect the business of Blizzard.

Environmental

All phases of the oil and natural gas business present environmental risks and hazards and are subject to environmental regulation pursuant to a variety of federal, provincial and local laws and regulations. Environmental legislation provides for, among other things, restrictions and prohibitions on spills, releases or emissions of various substances produced in association with oil and natural gas operations. The legislation also requires that wells and facility sites be operated, maintained, abandoned and reclaimed to the satisfaction of applicable regulatory authorities. Compliance with such legislation can require significant expenditures and a breach may result in the imposition of fines and penalties, some of which may be material. Environmental legislation is evolving in a manner expected to result in stricter standards and enforcement, larger fines and liability and potentially increased capital expenditures and operating costs. The discharge of oil, natural gas or other pollutants into the air, soil or water may give rise to liabilities to governments and third parties and may require Blizzard to incur costs to remedy such discharge. Although Blizzard believes that it is in material compliance with current applicable environmental regulations, no assurance can be given that environmental laws will not result in a curtailment of production or a

material increase in the costs of production, development or exploration activities or otherwise adversely affect Blizzard's financial condition, results of operations or prospects. See "*Industry Conditions – Environmental Regulation*" in this Appendix.

Prices, Markets and Marketing

The marketability and price of oil and natural gas that may be acquired or discovered by Blizzard will be affected by numerous factors beyond its control. Blizzard's ability to market its natural gas may depend upon its ability to acquire space on pipelines that deliver natural gas to commercial markets. Blizzard may also be affected by deliverability uncertainties related to the proximity of its reserves to pipelines and processing facilities, and related to operational problems with such pipelines and facilities as well as extensive government regulation relating to price, taxes, royalties, land tenure, allowable production, the export of oil and natural gas and many other aspects of the oil and natural gas business.

Blizzard's revenues, profitability and future growth and the carrying value of its oil and gas properties are substantially dependent on prevailing prices of oil and gas. Blizzard's ability to borrow and to obtain additional capital on attractive terms is also substantially dependent upon oil and gas prices. Prices for oil and gas are subject to large fluctuations in response to relatively minor changes in the supply of and demand for oil and gas, market uncertainty and a variety of additional factors beyond the control of Blizzard. These factors include economic conditions, in the United States and Canada, the actions of the Organization of Petroleum Exporting Countries, governmental regulation, political stability in the Middle East and elsewhere, the foreign supply of oil and gas, the price of foreign imports and the availability of alternative fuel sources. Any substantial and extended decline in the price of oil and gas would have an adverse effect on Blizzard's carrying value of its proved reserves, borrowing capacity, revenues, profitability and cash flows from operations.

Volatile oil and gas prices make it difficult to estimate the value of producing properties for acquisition and often cause disruption in the market for oil and gas producing properties, as buyers and sellers have difficulty agreeing on such value. Price volatility also makes it difficult to budget for and project the return on acquisitions and development and exploitation projects.

In addition, bank borrowings available to Blizzard are in part determined by Blizzard's borrowing base. A sustained material decline in prices from historical average prices could reduce Blizzard's borrowing base, therefore reducing the bank credit available to Blizzard which could require that a portion, or all, of Blizzard's bank debt be repaid.

Substantial Capital Requirements

Blizzard anticipates making substantial capital expenditures for the acquisition, exploration, development and production of oil and natural gas reserves in the future. If Blizzard's revenues or reserves decline, it may have limited ability to expend the capital necessary to undertake or complete future drilling programs. There can be no assurance that debt or equity financing or cash generated by operations will be available or sufficient to meet these requirements or for other corporate purposes or, if debt or equity financing is available, that it will be on terms acceptable to Blizzard. The inability of Blizzard to access sufficient capital for its operations could have a material adverse effect on Blizzard's financial condition, results of operations or prospects.

Additional Funding Requirements

Blizzard's cash flow from its reserves may not be sufficient to fund its ongoing activities at all times. From time to time, Blizzard may require additional financing in order to carry out its oil and gas acquisition, exploration and development activities. Failure to obtain such financing on a timely basis could cause Blizzard to forfeit its interest in certain properties, miss certain acquisition opportunities and reduce or terminate its operations. If Blizzard's revenues from its reserves decrease as a result of lower oil and natural gas prices or otherwise, it will affect Blizzard's ability to expend the necessary capital to replace its reserves or to maintain its production. If Blizzard's cash flow from operations is not sufficient to satisfy its capital expenditure requirements, there can be no assurance that additional debt or equity financing will be available to meet these requirements or available on terms acceptable to Blizzard.

Issuance of Debt

From time to time Blizzard may enter into transactions to acquire assets or the shares of other corporations. These transactions may be financed partially or wholly with debt, which may increase Blizzard's debt levels above industry standards. Depending on future exploration and development plans, Blizzard may require additional equity and/or debt financing that may not be available or, if available, may not be available on favourable terms. Neither Blizzard's articles nor its by-laws limit the amount of indebtedness that Blizzard may incur. The level of Blizzard's indebtedness from time to time, could impair Blizzard's ability to obtain additional financing in the future on a timely basis to take advantage of business opportunities that may arise.

Hedging

From time to time, Blizzard may enter into agreements to receive fixed prices on its oil and natural gas production to offset the risk of revenue losses if commodity prices decline; however, if commodity prices increase beyond the levels set in such agreements, Blizzard will not benefit from such increases. Similarly, from time to time, Blizzard may enter into agreements to fix the exchange rate of Canadian to United States dollars in order to offset the risk of revenue losses if the Canadian dollar increases in value compared to the United States dollar; however, if the Canadian dollar declines in value compared to the United States dollar, Blizzard will not benefit from the fluctuating exchange rate.

Availability of Drilling Equipment and Access

Oil and natural gas exploration and development activities are dependent on the availability of drilling and related equipment in the particular areas where such activities will be conducted. Demand for such limited equipment or access restrictions may affect the availability of such equipment to Blizzard and may delay exploration and development activities. To the extent Blizzard is not the operator of its oil and gas properties, Blizzard will be dependent on such operators for the timing of activities related to such properties and will be largely unable to direct or control the activities of the operators.

Title to Assets

It is the practice of Blizzard in acquiring significant oil and gas leases or interest in oil and gas leases to retain lawyers to fully examine the title to the interest under the lease. In the case of minor acquisitions, Blizzard relies upon the judgment of oil and gas lease brokers or landmen who actually do the field work in examining records in the appropriate governmental office before attempting to place under lease a specific interest. Blizzard believes that this practice is widely followed in the oil and gas industry. Nevertheless, there may be title defects which affect lands comprising a portion of Blizzard's properties which may adversely affect Blizzard.

Reserve Estimates

There are numerous uncertainties inherent in estimating quantities of oil, natural gas and NGL reserves and cash flows to be derived therefrom, including many factors beyond Blizzard's control. The reserve and associated cash flow information set forth in this Appendix represents estimates only. In general, estimates of economically recoverable oil and natural gas reserves and the future net cash flows therefrom are based upon a number of variable factors and assumptions, such as historical production from the properties, production rates, ultimate reserve recovery, timing and amount of capital expenditures, marketability of oil and gas, royalty rates, the assumed effects of regulation by governmental agencies and future operating costs, all of which may vary from actual results. All such estimates are to some degree speculative, and classifications of reserves are only attempts to define the degree of speculation involved. For those reasons, estimates of the economically recoverable oil and natural gas reserves attributable to any particular group of properties, classification of such reserves based on risk of recovery and estimates of future net revenues expected therefrom prepared by different engineers, or by the same engineers at different times, may vary. Blizzard's actual production, revenues, taxes and development and operating expenditures with respect to its reserves will vary from estimates thereof and such variations could be material.

Estimates of proved reserves that may be developed and produced in the future are often based upon volumetric calculations and upon analogy to similar types of reserves rather than actual production history. Estimates based on these methods are generally less reliable than those based on actual production history. Subsequent evaluation of the same reserves based upon production history and production practices will result in variations in the estimated reserves and such variations could be material.

In accordance with applicable securities laws, GLJ has used both constant and forecast price and cost estimates in calculating reserve quantities included in this Appendix. Actual future net revenue will be affected by other factors such as actual production levels, supply and demand for oil and natural gas, curtailments or increases in consumption by oil and natural gas purchasers, changes in governmental regulation or taxation and the impact of inflation on costs.

Actual production and revenues derived therefrom will vary from the estimates contained in the Blizzard Engineering Report, and such variations could be material. The Blizzard Engineering Report is based in part on the assumed success of activities Blizzard intends to undertake in future years. The reserves and estimated cash flows to be derived therefrom contained in the Blizzard Engineering Report will be reduced to the extent that such activities do not achieve the level of success assumed in the Blizzard Engineering Report.

Insurance

Blizzard's involvement in the exploration for and development of oil and natural gas properties may result in Blizzard becoming subject to liability for pollution, blow outs, property damage, personal injury or other hazards. Although prior to drilling Blizzard will obtain insurance in accordance with industry standards to address certain of these risks, such insurance has limitations on liability that may not be sufficient to cover the full extent of such liabilities. In addition, such risks may not in all circumstances be insurable or, in certain circumstances, Blizzard may elect not to obtain insurance to deal with specific risks due to the high premiums associated with such insurance or other reasons. The payment of such uninsured liabilities would reduce the funds available to Blizzard. The occurrence of a significant event that Blizzard is not fully insured against, or the insolvency of the insurer of such event, could have a material adverse effect on Blizzard's financial position, results of operations or prospects.

Management of Growth

Blizzard may be subject to growth-related risks including capacity constraints and pressure on its internal systems and controls. The ability of Blizzard to manage growth effectively will require it to continue to implement and improve its operational and financial systems and to expend, train and manage its employee base. The inability of Blizzard to deal with this growth could have a material adverse impact on its business, operations and prospects.

Expiration of Licences and Leases

Blizzard's properties are held in the form of licences and leases and working interests in licences and leases. If Blizzard or the holder of the licence or lease fails to meet the specific requirement of a licence or lease, the licence or lease may terminate or expire. There can be no assurance that any of the obligations required to maintain each licence or lease will be met. The termination or expiration of Blizzard's licences or leases or the working interests relating to a licence or lease may have a material adverse effect on Blizzard's results of operations and business.

Uncertainty of Global Financial Markets

On September 11, 2001, the United States was the subject of terrorist attacks resulting in significant loss of life and property damage. The events of September 11, 2001 and the response of the United States and other nations have created an environment of uncertainty in global financial markets, the effect of which could have a material impact upon Blizzard, its business and its ability to finance operations.

Reliance on Key Personnel

Blizzard's success depends in large measure on certain key personnel. The loss of the services of such key personnel could have a material adverse affect on Blizzard. Blizzard does not have key person insurance in effect for management. The contributions of these individuals to the immediate operations of Blizzard are likely to be of central importance. In addition, the competition for qualified personnel in the oil and natural gas industry is intense and there can be no assurance that Blizzard will be able to continue to attract and retain all personnel necessary for the development and operation of its business. Investors must rely upon the ability, expertise, judgment, discretion, integrity and good faith of the management of Blizzard.

INDUSTRY CONDITIONS

The oil and natural gas industry is subject to extensive controls and regulations governing its operations (including land tenure, exploration, development, production, refining, transportation and marketing) imposed by legislation enacted by various levels of government and by agreements among the governments of Canada, Alberta, British Columbia and Saskatchewan with respect to pricing and taxation of oil and natural gas, all of which should be carefully considered by investors in the oil and gas industry. It is not expected that any of these controls or regulations will affect Blizzard's operations in a manner materially different than they would affect other oil and gas companies of similar size. All current legislation is a matter of public record and Blizzard is unable to predict what additional legislation or amendments may be enacted. Outlined below are some of the principal aspects of legislation, regulations and agreements governing the oil and gas industry.

Pricing and Marketing – Oil and Natural Gas

The price of oil is determined by negotiation between buyers and sellers. Such price depends in part on oil quality, prices of competing oils, distance to market, the value of refined products and the supply/demand balance. Oil exporters are also entitled to enter into export contracts with terms not exceeding one year in the case of light crude oil and two years in the case of heavy crude oil, provided that an order approving such export has been obtained from the National Energy Board of Canada (the "NEB"). Any oil export to be made pursuant to a contract of longer duration (to a maximum of 25 years) requires an exporter to obtain an export license from the NEB and the issuance of such license requires the approval of the Governor in Council.

The price of natural gas is determined by negotiation between buyers and sellers. Natural gas exported from Canada is subject to regulation by the NEB and the Government of Canada. Exporters are free to negotiate prices with purchasers, provided that the export contracts must continue to meet certain other criteria prescribed by the NEB and the Government of Canada. Natural gas exports for a term of less than two years or for a term of two to 20 years (in quantities of not more than 30,000 m³/day) must be made pursuant to an NEB order. Any natural gas export to be made pursuant to a contract of longer duration (to a maximum of 25 years) or a larger quantity requires an exporter to obtain an export license from the NEB and the issuance of such license requires the approval of the Governor in Council.

The governments of Alberta, British Columbia and Saskatchewan also regulate the volume of natural gas that may be removed from those provinces for consumption elsewhere based on such factors as reserve ability, transportation arrangements and market considerations.

The North American Free Trade Agreement

The North American Free Trade Agreement ("NAFTA") among the governments of Canada, United States of America and Mexico became effective on January 1, 1994. NAFTA carries forward most of the material energy terms that are contained in the Canada – United States Free Trade Agreement. Canada continues to remain free to determine whether exports of energy resources to the United States or Mexico will be allowed, provided that any export restrictions do not: (i) reduce the proportion of energy resources exported relative to domestic use (based upon the proportion prevailing in the most recent 36 month period); (ii) impose an export price higher than the domestic price; or (iii) disrupt normal channels of supply. All three countries are prohibited from imposing minimum export or import price requirements.

NAFTA contemplates the reduction of Mexican restrictive trade practices in the energy sector and prohibits discriminatory border restrictions and export taxes. The agreement also contemplates clearer disciplines on regulators to ensure fair implementation of any regulatory changes and to minimize disruption of contractual arrangements, which is important for Canadian natural gas exports.

Provincial Royalties and Incentives

In addition to federal regulation, each province has legislation and regulations that govern land tenure, royalties, production rates, environmental protection and other matters. The royalty regime is a significant factor in the profitability of crude oil, NGLs, sulphur and natural gas production. Royalties payable on production from lands other than Crown lands are determined by negotiations between the mineral owner and the lessee, although production from such lands is subject to certain provincial taxes and royalties. Crown royalties are determined by governmental regulation and are generally calculated as a percentage of the value of the gross production. The rate of royalties payable generally depends in part on prescribed reference prices, well productivity, geographical location, field discovery date and the type or quality of the petroleum product produced.

From time to time the governments of the western Canadian provinces create incentive programs for exploration and development. Such programs often provide for royalty rate reductions, royalty holidays and tax credits, and are generally introduced when commodity prices are low. The programs are designed to encourage exploration and development activity by improving earnings and cash flow within the industry.

Regulations made pursuant to the *Mines and Minerals Act* (Alberta) provide various incentives for exploring and developing oil reserves in Alberta. Oil produced from horizontal extensions commenced at least 5 years after the well was originally spudded may also qualify for a royalty reduction. A royalty exemption is available to production from a well that has not produced for the preceding 24-month period, if reactivation occurred after February 1, 1993. As well, oil production from eligible new field and new pool wildcat wells and deeper pool test wells spudded or deepened after September 30, 1992 is entitled to a 12-month royalty exemption (to a maximum of \$1 million). Oil produced from low productivity wells, enhanced recovery schemes (such as injection wells) and experimental projects is also subject to royalty reductions.

The Alberta government has also introduced a Third Tier 0.1 royalty with a base rate of 10% and a rate cap of 25% for oil pools discovered after September 30, 1992. The new oil royalty reserved to the Crown has a base rate of 10% and a rate cap of 30% for oil pools discovered between April 1, 1974 and October 1, 1992. The old oil royalty reserved to the Crown has a base rate of 10% and a rate cap of 35% for oil pools discovered prior to April 1, 1974.

In Alberta, the royalty reserved to the Crown in respect of natural gas production, subject to various incentives, is between 15% and 30%, in the case of new gas, and between 15% and 35%, in the case of old gas, depending upon a prescribed reference or corporate average price. Natural gas produced from qualifying intervals in eligible gas wells spudded or deepened to a depth below 2,500 meters is also subject to a royalty exemption, the amount of which depends on the depth of the well.

In Alberta, a producer of oil or natural gas is entitled to a credit against the royalties payable to the Crown by virtue of the ARTC program. The ARTC rate is based on a price sensitive formula and the ARTC rate varies between 75% at prices at and below \$100 per m³ and 25% at prices at and above \$210 per m³. The ARTC rate is applied to a maximum of \$2,000,000 of Alberta Crown royalties payable for each producer or associated group of producers. Crown royalties on production from producing properties acquired from a corporation claiming maximum entitlement to ARTC will generally not be eligible for ARTC. The rate will be established quarterly based on the average "par price", as determined by the Alberta Department of Energy for the previous quarterly period.

Producers of oil and natural gas in British Columbia are also required to pay annual rental payments in respect of Crown leases and royalties and freehold production taxes in respect of oil and gas produced from Crown and freehold lands, respectively. The amount payable as a royalty in respect of oil depends on the vintage of the oil, the quantity of oil produced in a month and the value of the oil. Oil produced from newly discovered pools may be exempt from the payment of a royalty for the first 36 months of production. The royalty payable on natural gas is determined by a sliding scale based on a reference price which is the greater of the amount obtained by the producer and a prescribed minimum price. Gas produced in association with oil has a minimum royalty of 8% while the

royalty in respect of other gas may not be less than 15%.

On May 30, 2003, the Ministry of Energy and Mines for British Columbia announced an Oil and Gas Development Strategy for the Heartlands (the "**Strategy**"). The Strategy is a comprehensive program to address road infrastructure, targeted royalties, and regulatory reduction and British Columbia service-sector opportunities.

The financial incentives provided for in the Strategy include:

- Royalty credits of up to \$30 million annually towards the construction, upgrading and maintenance of road infrastructure in support of resource exploration and development. Funding will be contingent upon an equal contribution from industry.
- Changes to provincial royalties: new royalty rates for low-productivity natural gas to enhance marginally economic resources plays, royalty credits for deep gas exploration to locate new sources of natural gas, and royalty credits for summer drilling to expand the drilling season.

In November 2003, the *Tax Act* was amended to provide the following initiatives applicable to the oil and gas industry to be phased in over a five year period commencing in 2003 and ending in 2007: (i) a reduction of the federal statutory corporate income tax rate on income earned from resource activities from 28 to 21%, beginning with a one percentage point reduction effective January 1, 2003, and (ii) a deduction for federal income tax purposes of actual provincial and other Crown royalties and mining taxes paid and the elimination of the 25% resource allowance. In addition, the percentage of ARTC that Blizzard will be required to include in federal taxable income will be 5% in 2003; 12.5% in 2004; 17.5% in 2005; 32.5% in 2006; 50% in 2007; 60% in 2008; 70% in 2009; 80% in 2010; 90% in 2011, and 100% in 2012 and beyond.

Land Tenure

Crude oil and natural gas located in the western provinces is owned predominantly by the respective provincial governments. Provincial governments grant rights to explore for and produce oil and natural gas pursuant to leases, licenses and permits for varying terms, usually from two to five years, and on conditions set forth in provincial legislation, including requirements to perform specific work or make payments. Oil and natural gas located in such provinces can also be privately owned and rights to explore for and produce such oil and natural gas are granted by lease on such terms and conditions as may be negotiated.

Environmental Regulation

The oil and natural gas industry is currently subject to environmental regulations pursuant to a variety of provincial and federal legislation. Such legislation provides for restrictions and prohibitions on the release or emission of various substances produced in association with certain oil and gas industry operations. In addition, such legislation requires that well and facility sites be abandoned and reclaimed to the satisfaction of provincial authorities. Compliance with such legislation can require significant expenditures and a breach of such requirements may result in suspension or revocation of necessary licenses and authorizations, civil liability for pollution damage and the imposition of material fines and penalties.

Environmental legislation in Alberta has been consolidated into the *Alberta Environmental Protection and Enhancement Act* (the "**APEA**"), which came into force on September 1, 1993. The APEA imposes strict environmental standards, requires stringent compliance, reporting and monitoring obligations and significant penalties. Blizzard anticipates making increased expenditures of both a capital and an expense nature as a result of the increasingly stringent laws relating to the protection of the environment and will be taking such steps as required to ensure compliance with the APEA and similar legislation in other jurisdictions in which it operates. Blizzard believes that it is in material compliance with applicable environmental laws and regulations. Blizzard also believes that it is reasonably likely that the trend towards stricter standards in environmental legislation and regulation will continue.

EXPERTS

Certain legal matters in connection with the Arrangement will be passed upon on behalf of Blizzard by Bennett Jones LLP. As at the date hereof, the partners and associates of Bennett Jones LLP hold approximately 1% of the Blizzard Securities. Certain information relating to Blizzard's reserves has been prepared by GLJ and certain financial information relating to Blizzard and the 2004 Properties has been prepared by Ernst & Young LLP and Pricewaterhouse Coopers LLP. As of the date hereof, none of the members of GLJ, Ernst & Young LLP own any of the outstanding Blizzard Securities.

LEGAL PROCEEDINGS

To the knowledge of management, Blizzard is not a party to, nor are any of Blizzard's properties subject to, any material legal proceedings.

MATERIAL CONTRACTS

Except for contracts entered into in the ordinary course of business, the only material contracts entered into by Blizzard in the two years immediately prior to the date of the Information Circular, which can reasonably be regarded as presently material, are the following:

1. Sierra Farm-in Agreement referred to under "*Information Concerning Blizzard – Development of the Business*" in this Appendix; and
2. the Arrangement Agreement attached as Schedule C to the Information Circular.

PROMOTERS

James S. Artindale, John R. Rooney and Michael Machalski have been promoters of Blizzard within the three most recently completed financial years of Blizzard or are currently promoters of Blizzard (collectively, the "**Promoters**"). The number and percentage of Blizzard Shares held by each of the Promoters and the annual salary and bonus payable by Blizzard to each of the Promoters as at the date hereof are outlined in the following table:

Name	Number of Blizzard Common Shares	Percentage of Outstanding Blizzard Common Shares	Annual Salary ⁽⁴⁾	Bonus ⁽⁵⁾
James S. Artindale	3,853,465 ⁽¹⁾	3.6%	\$144,000	\$56,000
John R. Rooney	3,928,465 ⁽²⁾	3.6%	\$144,000	\$56,000
Michael Machalski	3,915,965 ⁽³⁾	3.6%	\$144,000	\$56,000

Notes:

- (1) Includes 218,750 Blizzard Shares held by Mr. Artindale's spouse.
- (2) Includes 227,500 Blizzard Shares held by Mr. Rooney's spouse and 75,000 Blizzard Shares held by 729176 Alberta Ltd., a corporation in which Mr. Rooney holds a 50% interest.
- (3) Includes 125,000 Blizzard Shares held by Mr. Machalski's children.
- (4) Each of the Promoters drew no salary until November 1, 2003, at which time, they were each awarded a salary of \$144,000 per annum, thereby each receiving a salary in the amount of \$24,000 for 2003.
- (5) Bonus received for financial year ended December 31, 2004.

Each of the Promoters, as a Blizzard Founder, also received 680,000 Blizzard Series A Warrants and 544,000 Blizzard Series B Warrants in 2003. All of the Blizzard Warrants issued to the Promoters in 2003 have been converted into Blizzard Shares. In addition, as at the date hereof, James S. Artindale holds 73,333 Blizzard Series A Warrants and 58,666 Blizzard Series B Warrants, John R. Rooney holds 73,334 Blizzard Series A Warrants and 58,667 Blizzard Series B Warrants and Michael Machalski holds 73,333 Blizzard Series A Warrants and 58,667 Blizzard Series B Warrants. Such Blizzard Warrants were issued to each of the Promoters, as Blizzard Founders, in 2003 and may only be exercised by the Promoters if a corresponding number of Blizzard Series A Warrants or

Blizzard Series B Warrants, as applicable, issued to employees of Blizzard are cancelled.

As at December 31, 2004, Blizzard had entered into contracts with each of the Promoters providing for the compensation of each Promoter for loss of office in the event of a change of control of Blizzard. Such compensation is equal to 150% of the Promoter's annual salary in effect at that time, plus 150% of the Promoter's most recent annual bonus.

AUDITORS, REGISTRAR AND TRANSFER AGENT

The auditors of Blizzard are Ernst & Young LLP, Chartered Accountants, Suite 1000, 440 – 2nd Avenue S.W., Calgary, Alberta, T2P 5E9.

The transfer agent and registrar for the Blizzard Shares is Valiant Trust Company at its principal office in Calgary, Alberta and sub-agency office in Toronto.

Auditors' Report

**To the Directors of
EnCana Corporation**

At the request of EnCana Corporation, we have audited the Schedule of Revenues, Royalties and Expenses for the years ended December 31, 2003 and 2002 and the period ended December 22, 2004 for the Clairmont Property that Blizzard Energy Inc. acquired as of December 22, 2004. This financial information is the responsibility of management. Our responsibility is to express an opinion on this financial information based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial information is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial information. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial information presentation.

In our opinion, the Schedule of Revenues, Royalties and Operating Expenses presents fairly, in all material respects, the revenues, royalties and operating expenses for the Clairmont Property for each of the years ended December 31, 2003 and 2002 and the period ended December 22, 2004 in accordance with basis of accounting disclosed in note 1.

See accompanying Notes to Schedule

Clairmont Property

Notes to Schedule of Revenues, Royalties and Operating Expenses

For the Years Ended December 31, 2003 and 2002

and the Period Ended December 22, 2004

1. Basis of presentation

The Schedule of Revenues, Royalties and Operating Expenses includes the operating results relating to the Clairmont property ("the Property") that Blizzard Energy Inc. acquired as of December 22, 2004. The results have been compiled on an activity month basis.

The Schedule of Revenues, Royalties and Operating Expenses for the Property does not include any provision for the depletion, depreciation and amortization, asset retirement costs, future capital costs, impairment of unevaluated properties, administrative costs and income taxes for the Property as these amounts are based on the consolidated operations of the vendor of which the Property forms only a part.

2. Significant accounting policies

(A) Joint Venture Operations

Substantially all of the Property is operated through joint ventures therefore the schedule reflects only the vendor's proportionate interest.

(B) Revenue Recognition

Revenues are recorded net of related transportation costs when the product is delivered. Gas revenues are recorded based on AECO reference pricing used for sales between operating divisions of EnCana Corporation and do not reflect ultimate marketing related activities. Oil revenues are recorded based on blended prices established between operating divisions of EnCana Corporation for similar quality product delivered to a common carrier.

(C) Royalties

Royalties are recorded at the time the product is produced and sold. Royalties are calculated in accordance with the applicable regulations and/or the terms of individual royalty agreements. Crown royalties for natural gas are based on the Alberta Government posted reference prices. Crown royalties for crude oil are taken in kind by the Alberta Petroleum Marketing Commission.

(D) Operating Expenses

Operating expenses include amounts incurred on extraction of product to the surface, gathering, field processing, treating and field storage.

SCHEDULE B

PRO FORMA FINANCIAL STATEMENTS OF BLIZZARD ENERGY INC.

COMPILATION REPORT

To the Directors of
Blizzard Energy Inc.:

We have read the accompanying unaudited pro forma statement of operations of Blizzard Energy Inc. ("Blizzard") for the year ended December 31, 2004 (the "Pro Forma Statement"), and have performed the following procedures:

1. Compared the figures in the column captioned "Blizzard" to the audited statement of earnings (loss) and deficit of Blizzard for the year ended December 31, 2004 and found them to be in agreement.
2. Compared the figures in the column captioned "Clairmont Properties" in the pro forma statement of operations to the audited Schedule of Revenues, Royalties and Operating Expenses of the Clairmont Properties for the period ended December 22, 2004 and found them to be in agreement.
3. Made enquiries of certain officials of Blizzard who have responsibility for financial and accounting matters about:
 - (a) The basis for determination of the pro forma adjustments; and
 - (b) Whether the Pro Forma Statement complies as to form in all material respects with the applicable regulatory requirements of the Securities Acts of the various provinces of Canada.

The officials:

- (a) Described to us the basis for determination of the pro forma adjustments, and
 - (b) Stated that the Pro Forma Statement complies as to form in all material respects with the applicable regulatory requirements of the Securities Acts of the various provinces of Canada.
4. Read the note to the Pro Forma Statement, and found it to be consistent with the basis described to us for determination of the pro forma amounts.
 5. Recalculated the aggregate of the amounts in the column captioned "Blizzard" and in the column captioned "Clairmont Properties" and found the amounts in the column captioned "Pro Forma Blizzard" to be arithmetically correct.

The Pro Forma Statement is based on management assumptions and adjustments which are inherently subjective. The foregoing procedures are substantially less than either an audit or a review, the objective of which is the expression of assurance with respect to management's assumptions, the pro forma adjustments, and the application of the adjustments to the historical financial information. Accordingly, we express no such assurance. The foregoing procedures would not necessarily reveal matters of significance to the Pro Forma Statement, and we therefore make no representation about the sufficiency of the procedures for the purposes of a reader of such statement.

BLIZZARD ENERGY INC.
NOTES TO THE PRO FORMA STATEMENT OF OPERATIONS

For the Year Ended December 31, 2004
(unaudited)

1. BASIS OF PRESENTATION

The accompanying pro forma statement of operations of Blizzard Energy Inc.. ("Blizzard") for the year ended December 31, 2004 (the "pro forma financial statement") has been prepared to reflect the acquisition by Blizzard of certain oil and natural gas properties, related production facilities and undeveloped land (the "Clairmont Properties") on December 22, 2004 for cash consideration of \$63 million prior to closing adjustments.

The pro forma financial statement has been prepared by management in accordance with Canadian generally accepted accounting principles. The pro forma statement of operations gives effect to the acquisition as if it had occurred on January 1, 2004. The pro forma financial statement may not be indicative of the results that actually would have occurred if the events reflected therein had been in effect on the dates indicated or of the results which may be obtained in the future. In the opinion of management, the pro forma financial statement includes all necessary adjustments for a fair presentation of the ongoing entity.

Accounting policies used in the preparation of the pro forma financial statement are consistent with those used in the audited financial statements of Blizzard as at December 31, 2004 and for the year then ended. The pro forma financial statement has been prepared from information derived from and should be read in conjunction with the Blizzard financial statements, and the audited Schedule of Revenues, Royalties, and Operating Expenses of the Clairmont Properties for the years ended December 31, 2003 and 2002 and the period ended December 22, 2004.

Notes To Financial Statements

Blizzard Energy Inc.

March 31, 2005
(UNAUDITED)

1] Nature of Operations

Blizzard Energy Inc. (the "Company" or "Blizzard") was incorporated with nominal share capital under the laws of the Province of Alberta on December 19, 2002.

2] Summary of Significant Accounting Policies

The unaudited interim financial statements of Blizzard have been prepared in accordance with Canadian generally accepted accounting principles and are consistent with the accounting policies and methods of computation used in the preparation of the audited annual financial statements as at December 31, 2004. The interim financial statements contain disclosures that are supplemental to the Company's annual financial statements. Certain disclosures, which are normally required to be included in the notes to the annual financial statements, have been condensed or omitted. The interim financial statements should be read in conjunction with the Company's audited financial statements and notes thereto for the year ended December 31, 2004.

3] Acquisitions

SOUSA PROPERTY

On March 15, 2004, the Company acquired the working interest of a small joint venture partner to increase its total working interest in the Sousa area of Alberta for cash consideration of \$2,030,499. The purchase price has been allocated to the assets and liabilities acquired as follows:

Three Months Ended March 31,	2004
(000\$)	\$
Property and equipment	2,141
Asset retirement obligations	(111)
	<u>2,030</u>

4] Property and Equipment

	March 31, 2005			Dec. 31, 2004
	Cost	Accumulated Depletion and Depreciation	Net Book Value	Net Book Value
(000\$)	\$	\$	\$	\$
Oil and gas properties	195,058	10,659	184,399	134,191
Office assets	361	52	309	270
	<u>195,419</u>	<u>10,711</u>	<u>184,708</u>	<u>134,461</u>

At March 31, 2005, oil and gas properties included \$31,316,000 (March 31, 2004 – \$6,463,000) relating to undeveloped properties, which have been excluded from the depletion and depreciation calculation. Future development costs on proved undeveloped reserves of \$4,957,000 (March 31, 2004 – \$1,736,000) are included in the determination of the asset base subject to depletion and depreciation in the calculation. During the three months ended March 31, 2005, the Company capitalized \$203,000 (March 31, 2004 – \$133,000) in general and administrative costs related to exploration and development activities.

5] Bank Loan

The Company has a \$50,000,000 extendible revolving term credit facility (#1) from a Canadian chartered bank, of which \$35,633,000 was drawn at March 31, 2005 (December 31, 2004 – \$12,099,000). This facility bears interest at the bank's prime rate (4.25% at March 31, 2005), payable monthly in arrears. The Company may also borrow by way of bankers' acceptances, which are subject to a stamping fee of 1.25%. In addition, the Company has a \$10,000,000 credit facility (#2) from its bank, of which no amount was drawn at March 31, 2005. The credit on both facilities revolve until May 31, 2005 with annual extension periods available at the request of the borrower and subject to the bank's approval. This facility is subject to an annual review and re determination of the Company's borrowing base by the bank.

So long as the loan remains revolving and the borrowing base supports the facility outstanding, there are no repayment requirements. In the event the revolving period is not extended, the credit facility shall be converted to a term facility with a term not exceeding five years. Under the terms of the loan agreement, the Company is subject to certain financial and non-financial covenants.

Collateral pledged for the facility consists of a first floating charge demand debenture in the amount of \$150,000,000 over all of the property of the Company.

6] Asset Retirement Obligations

The Company has recorded a liability for future site restoration and abandonment of \$4,573,000 and \$4,494,000 as at March 31, 2005 and December 31, 2004, respectively. No liabilities were settled in the current period, \$79,000 of accretion expense was recognized in the first quarter of 2005 and no revisions in estimated future cash requirements was recorded. The total undiscounted amount of the estimated future cash requirements was \$6,170,000 at March 31, 2005 and \$5,234,000 at December 31, 2004, each calculated using an inflation factor of 2.5% per year and adjusted for the expectation that costs would occur at the end of the reserves useful life. The undiscounted estimate has been discounted to the present value of \$4,573,000 at March 31, 2005 and \$4,494,000 at December 31, 2004 using a credit adjusted risk-free rate of 7.0%.

(0005)	(\$)
Obligation at January 1, 2004	2,376

Accretion	79
Obligation at March 31, 2005	4,573

7] Share Capital

(a) Authorized

Unlimited number of voting common shares, without par value.

Unlimited number of preferred shares to be issued in series.

(b) Common Shares Issued

	Shares	Amount
(000s)	#	\$
Balance at January 1, 2004	-	-
Conversion of Class A common shares to common shares	59,875	40,511
Issued for cash	44,721	78,767
Share issue costs	-	(4,795)
Tax benefit on share issue costs	-	1,917
Tax benefits renounced to shareholders	-	(4,128)
Exercise of warrants	4,104	4
Exercise of stock options	75	60
Balance at December 31, 2004	108,775	112,336
Share issue costs	-	(9)
Balance at March 31, 2005	108,775	112,327

On May 26, 2004, the Company issued 20,000,000 common shares at a price of \$1.25 per common share for gross proceeds of \$25,000,000 and net proceeds of \$23,086,000, after share issue expenses. On June 16, 2004, under an over allotment option, the Company issued a further 3,000,000 common shares at a price of \$1.25 per common share for gross proceeds of \$3,750,000 and net proceeds of \$3,525,000.

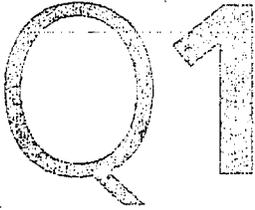

On December 21, 2004, the Company issued 18,000,000 common shares at a price of \$2.20 per common share for gross proceeds of \$39,600,000 (net proceeds of \$37,498,000, after share issue expenses) and 3,720,500 flow-through common shares at \$2.80 per common share for gross proceeds of \$10,417,400 (net proceeds of \$9,863,000, after share issue expenses).

On December 18, 2003, 1,400,000 shares were issued at a price of \$0.0001 per share and held in trust for employees and directors of the Company. At March 31, 2005, 696,000 of these shares had been released from trust, leaving a balance of 704,000 common shares held in trust. One-half is scheduled to be released from trust on each of December 18, 2005 and December 18, 2006.

The fair value of these shares was \$1,120,000 based on the market value of the common shares at the date of closing the Sousa acquisition. The Company has recorded \$70,000 as stock-based compensation expense in each of the three-month periods ended March 31, 2005 and March 31, 2004. \$478,000 will be recorded as additional expense over the next 21 months.

(c) Performance Warrants

The management, employees and directors of the Company have the right to purchase additional common shares of the Company at a purchase price of \$0.001 per share through the granting of performance warrants. On December 16, 2003, 2,500,000 Series A performance warrants and 2,000,000 Series B performance warrants were issued for no consideration.

7] Share Capital (continued)

(c) Performance Warrants (continued)

As at December 31, 2004, 4,104,000 of the performance warrants had been exercised. The remaining 220,000 Series A warrants and 176,000 Series B warrants (collectively "the Employee Warrants") may be exercised by the security holder as to one-half on each of December 16, 2005 and May 31, 2006. An additional 220,000 Series A performance warrants and 176,000 Series B performance warrants have been issued to the founders and may be exercised only if a corresponding number of Employee Warrants are cancelled.

The Company had determined the fair value of the performance warrants at the date of issuance to be \$3,600,000 being the difference between the exercise price and the estimated market value of the common shares at the date of the grant. The Company recognized \$50,000 as stock-based compensation expense in each of the three-month periods ended March 31, 2005 and March 31, 2004. \$240,000 will be recorded as additional expense over the next 15 months.

(d) Stock Options

The Company has a stock option plan that provides for the issuance of options to its directors, officers, employees and consultants to acquire up to 10% of the issued and outstanding common shares. Vesting of options and exercise prices are set by the board of directors at the time of grant. The dates on which options expire are also set by the board of directors at the time of grant and cannot exceed ten years. In connection with this plan, the Company has reserved 4,572,000 common shares for future issuance. The Company has issued stock options to acquire common shares through its stock option plan of which the following are outstanding at March 31, 2005 and December 31, 2004:

	Options Outstanding	Weighted Average Exercise Price
	#0005	\$
Outstanding at January 1, 2004	2,610	0.80
Granted March 22, 2004	372	0.80
Granted June 1, 2004	30	1.25
Cancelled June 24, 2004	(225)	0.80
Granted August 18, 2004	700	1.67
Granted November 8, 2004	50	2.35
Granted December 8, 2004	1,070	2.20
Exercised	(75)	0.80
Outstanding at December 31, 2004	4,532	1.28
Granted January 11, 2005	30	2.48
Granted February 14, 2005	10	2.78
Outstanding at March 31, 2005	4,572	1.30
Options exercisable at March 31, 2005	2,214	1.06

7] Share Capital (continued)

(d) Stock Options (continued)

Of the stock option grants outstanding on March 31, 2005, 800,000 were issued to directors and were fully vested on the date of the grant. The balance of the options were issued to employees and directors, which vest as to one-quarter on the date of the grant and one-quarter for each of the first three anniversary dates from the date of the grant. All of the outstanding options expire five years from the date of the grant.

The fair value of common share options granted to date was estimated to be \$1,383,000 as at the date of grant using the Black Scholes option pricing model and the following assumptions:

Three Months Ended March 31,

Risk free interest rate (%)
Expected life (YEARS)
Expected volatility (%)
Expected dividend yield (%)

2005
3.00
3.00
32.00
0.00

The estimated fair value of the options is amortized to expense over the options' vesting period on a straight line basis. Therefore, \$90,000 and \$16,000 was recognized as stock-based compensation expense for the three-month periods ended March 31, 2005 and March 31, 2004, respectively, each with a corresponding increase to contributed surplus.

(e) Per Share Amounts

The net earnings per common share and diluted net earnings per common share were calculated using the weighted average number of shares outstanding of 108,775,000 and 111,228,000, respectively, for the three months ended March 31, 2005. The weighted average number of shares was 59,875,000 and 67,026,000 for basic and diluted shares, respectively, for the three months ended March 31, 2004.

8] Income Taxes

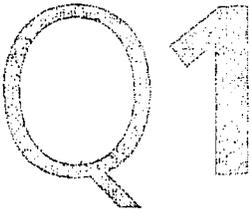

The actual income tax provision differs from the expected amount calculated by applying the Canadian combined federal and provincial corporate tax rates to earnings before income taxes. These differences are explained as follows:

Three Months Ended March 31,

(000s)

Earnings before income taxes
Statutory income tax rate
Expected income tax expense
Increase (decrease) in income taxes from:
Non-deductible crown charges
Resource allowance
Corporate income tax rate change
Non-deductible stock-based compensation costs
Other
Future and current income tax expense

2005	2004
\$	\$
4,641	433
37.62%	39.63%
1,746	172
663	166
(736)	(168)
(177)	3
78	54
-	13
1,574	240

8] Income Taxes (continued)

The net future income tax liability is comprised of:

	Three Months Ended March 31, 2005	Year Ended December 31, 2004
(0005)	\$	\$
Differences between tax base and reported amounts for depreciable assets	(3,749)	(2,318)
Resource allowance and crown lease rentals rate reductions	-	-
Provision for asset retirement obligations	29	41
Tax benefits renounced on flow-through shares	(4,388)	(4,388)
Tax benefits on share issue expenses	2,402	2,475
	<u>(5,706)</u>	<u>(4,190)</u>

The Company had unused resource tax pool balances of approximately \$165,000,000 at March 31, 2005, which are available for reducing future income taxes.

9] Related Party Transactions

As described in note 7(b) herein, 704,000 common shares are being held in trust by a trustee for directors and employees. These shares will be released in two equal amounts on each of December 18, 2005 and 2006. If any of the directors or employees leave the Company before the applicable release date, the unvested shares will become the property of the founding shareholders.

10] Cash Flow Information

Cash was provided or (used) for changes in non-cash working capital as follows:

Three Months Ended March 31,	2005	2004
(0005)	\$	\$
Accounts receivable	(4,763)	(812)
Prepaid expenses	(251)	8,620
Inventory	6,172	-
Accounts payable and accrued liabilities	20,692	5,527
Net change	<u>21,850</u>	<u>13,335</u>
Net change by activity

Three Months Ended March 31,

(0005)

Cash interest paid
Cash taxes paid

	2005	2004
	\$	\$
	256	87
	-	-

11] Subsequent Event

On May 4, 2005, Blizzard renegotiated the terms of its banking agreement, which increased the borrowing base under facility #1 to \$52,000,000. The borrowing base under facility #2 remained unchanged at \$10,000,000, which brings total borrowing capacity to \$62,000,000 for the two facilities combined. In addition, the renewal date was extended to May 31, 2006 on facility #1 and July 31, 2005 on facility #2.

Management's Report

Blizzard Energy Inc.

TO THE SHAREHOLDERS OF BLIZZARD ENERGY INC.

The accompanying financial statements of Blizzard Energy Inc. and all information in this Annual Report are the responsibility of management and have been approved by the Board of Directors.

The financial statements have been prepared by management in accordance with accounting principles generally accepted in Canada and within the framework of the Company's significant accounting policies as described in the notes to the financial statements. The financial statements reflect management's best estimates and judgements based on currently available information within reasonable limits of materiality.

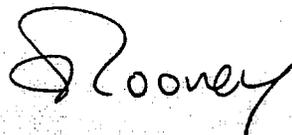

Financial information presented throughout the Annual Report has been prepared and reviewed by management to ensure it is consistent with that shown in the financial statements.

Management is responsible for the integrity of the financial statements. Management maintains appropriate systems of internal control to provide reasonable assurance that transactions are appropriately authorized, assets are safeguarded and financial records are properly maintained to provide reliable financial information for the preparation of financial statements.

Independent auditors are appointed by the shareholders of the Company to perform an examination of the corporate and accounting records so as to express an opinion on the financial statements. Their examination included a review of the system of internal controls and included such tests and other procedures, as they considered necessary, to provide reasonable assurance that the financial statements are presented fairly.

The Board of Directors is responsible for ensuring that management fulfills its responsibilities for financial reporting and is ultimately responsible for reviewing and approving the financial statements. The Board carries out this responsibility through its Audit Committee. The Audit Committee meets with management and the independent auditors to satisfy itself that management's responsibilities are properly discharged, to review the financial statements and recommend the financial statements be presented to the Board of Directors for approval.

The financial statements, including the notes to the financial statements, have been approved by the Board of Directors on the recommendation of the Audit Committee.

John R. Rooney

Hal A.J. Metcalfe
Vice-President, Finance & Chief Financial Officer

Auditors' Report

Blizzard Energy Inc.

TO THE SHAREHOLDERS OF BLIZZARD ENERGY INC.

We have audited the balance sheets of Blizzard Energy Inc. as at December 31, 2004 and 2003 and the statements of earnings (loss) and deficit and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2004 and 2003 and the results of its operations and its cash flows for the years then ended in accordance with Canadian generally accepted accounting principles.

Notes To Financial Statements

Blizzard Energy Inc.

December 31, 2004

1] Nature of Operations

Blizzard Energy Inc. (the "Company" or "Blizzard") was incorporated with nominal share capital under the laws of the Province of Alberta on December 19, 2002 with the intent to develop and operate oil and natural gas properties primarily in Western Canada. From the date of incorporation to December 31, 2002, the only transaction was the issuance of share capital for cash. During 2003 and prior to the closing of the "Sousa Acquisition" on December 18, 2003, the Company's activities were limited to administrative and start up expenses.

2] Summary of Significant Accounting Policies

These financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles and a summary of accounting policies follows:

(a) Capitalized Costs

The Company follows the full cost method of accounting for oil and gas operations whereby all costs relating to the acquisition of, exploration for and development of oil and gas reserves are capitalized in a single cost centre. Such costs include lease acquisition, lease rentals on undeveloped properties, geological and geophysical, drilling both productive and non-productive wells, production equipment and overhead charges directly related to acquisition, exploration and development activities.

Gains or losses are not recognized under the disposition of oil and gas properties unless such a disposition would result in a change in the depletion rate by 20% or more. Gains and losses are recognized upon the disposition of other assets.

(b) Depletion and Depreciation

All costs of acquisition, exploration and development of oil and gas reserves, associated tangible plant and equipment costs (net of salvage value), and estimated costs of future development of proved undeveloped reserves are depleted and depreciated using the unit-of-production method based on estimated gross proved reserves as determined by independent engineers. For purposes of the depletion and depreciation calculation, relative volumes of petroleum and natural gas production and reserves are converted to the energy equivalent conversion rate of six thousand cubic feet of natural gas to one barrel of crude oil.

Costs of unproved properties are initially excluded from oil and gas properties for the purpose of calculating depletion. When proved reserves are assigned or the property is considered to be impaired, the cost of the property or the amount of the impairment is added to costs subject to depletion.

Computer and office furniture and equipment are depreciated on a straight-line basis over five years.

(c) Asset Retirement Obligations

The Company recognizes the fair value of a liability for an asset retirement obligation in the period in which it is incurred and a corresponding increase in the carrying value of the related long-lived asset. The liability is carried on the balance sheet at its discounted present value and is subsequently adjusted for the passage of time, which is recognized as an operating expense in the statement of earnings (loss) on a basis consistent with depreciation and depletion of the underlying assets. The fair value of the obligation is periodically adjusted for revisions in either the timing or the amount of the original estimated cash flows associated with the liability.

2] Summary of Significant Accounting Policies (continued)

(d) Ceiling Test Limitations

The Company calculates its ceiling test by comparing the carrying value of property and equipment to the sum of undiscounted cash flows expected to result from the future production of proved reserves. Cash flows are based on third party quoted forward prices, adjusted for transportation and quality. Should the ceiling test result in an excess of carrying value, the Company would then measure the amount of impairment by comparing the carrying amounts of property and equipment to an amount equal to the estimated net present value of future cash flows from proved plus probable reserves and the cost of unproved properties. A risk-free interest rate is used to arrive at the net present value of the future cash flows. Any excess is recorded as an impairment charge in the statement of earnings (loss). Adoption of this guideline, effective January 1, 2004, had no effect on the Company's operating results for the years presented.

(e) Revenue Recognition

Oil and natural gas sales are recognized as revenue when the commodities are delivered to purchasers.

(f) Joint Interests

Certain of the Company's exploration, development and production activities are conducted jointly with others, and accordingly, these financial statements reflect only the Company's proportionate interest in such activities.

(g) Stock-Based Compensation

The Company has a stock-based compensation plan, which is described in note 7. Options issued are accounted for in accordance with the fair value method of accounting for stock-based compensation. The associated compensation expense is charged to earnings (loss) and corresponding increase in contributed surplus, based on an estimate of the fair value determined using a Black-Scholes option pricing model at the date of the grant. Consideration paid to the Company on the exercise of stock options is credited to share capital. At the time of exercise, the related amounts previously credited to contributed surplus are also transferred to share capital. Stock options issued to directors and employees are amortized into income over their vesting life, while stock options granted to consultants are recorded to earnings (loss) at the time of grant.

(h) Measurement Uncertainty

The amount recorded for depletion and depreciation of oil and gas properties, the provision for future asset retirement obligations and the ceiling test calculation are based on estimates of gross proved reserves, production rates, commodity prices, future costs and other relevant assumptions. By their nature, these estimates are subject to measurement uncertainty and the effect on the financial statements of changes in such estimates in future years could be significant.

(i) Per Share Information

Per share information is calculated using the treasury stock method. Under this method, the diluted weighted average number of common shares is calculated assuming that the proceeds from the exercise of outstanding and in-the-money options is used to purchase common shares at the estimated average market price.

2] Summary of Significant Accounting Policies (continued)

(j) Flow-Through Common Shares

A portion of the Company's exploration and development activities are financed through proceeds received from the issue of flow-through shares or warrants. Under the terms of the flow-through issues, the tax attributes of the resource expenditures related to exploratory and development activities are renounced to the subscribers as incurred. To recognize the foregone tax benefits to the Company, the carrying value of the shares or warrants issued is reduced and the future income tax liability increased by the tax effect of the tax benefits renounced to subscribers. The foregone tax benefit is recognized at the time of the renouncement provided there is reasonable assurance that the expenditures will be incurred.

(k) Future Income Taxes

The Company follows the liability method to account for income taxes. Under this method, future tax assets and liabilities are determined based on differences between the carrying value and the tax basis of assets and liabilities, and measured using the substantively enacted tax rates and laws expected to be in effect when the differences are expected to reverse.

3] Acquisitions

On December 22, 2004, the Company acquired a number of producing properties in the Grande Prairie area of Alberta for cash consideration of \$63,037,000.

On March 15, 2004 and August 5, 2004, the Company acquired the working interest of two different joint venture partners for cash consideration of \$2,030,000 and \$1,988,000, respectively, to increase its total working interest in the Sousa, Alberta unit to 100%.

The purchase price of these acquisitions were allocated to the assets and liabilities acquired as follows:

Year Ended December 31, 2004	Grande Prairie	Sousa	Total
(000s)	\$	\$	\$
Property and equipment	64,010	4,214	68,224
Asset retirement obligations	(973)	(196)	(1,169)
	<u>63,037</u>	<u>4,018</u>	<u>67,055</u>

On December 18, 2003, the Company acquired a natural gas property in the Sousa area of Alberta for cash consideration of \$36,922,000. The purchase price was allocated to property and equipment for \$39,298,000 and asset retirement obligations for \$2,376,000.

4] Property and Equipment

Years Ended December 31,	2004			2003		
	Cost	Accumulated Depletion and Depreciation	Net Book Value	Cost	Accumulated Depletion and Depreciation	Net Book Value
(000s)	\$	\$	\$	\$	\$	\$
Oil and gas properties	140,712	6,521	134,191	39,759	103	39,656
Office assets	306	36	270	47	-	47
	<u>141,018</u>	<u>6,557</u>	<u>134,461</u>	<u>39,806</u>	<u>103</u>	<u>39,703</u>

4] Property and Equipment (continued)

At December 31, 2004, oil and gas properties included \$27,442,000 (2003 - \$6,400,000) relating to undeveloped properties, which have been excluded from the depletion and depreciation calculation. Future development costs on proven undeveloped reserves of \$21,836,000 (2003 - \$10,263,000) are included in the determination of the asset base subject to depletion and depreciation in the calculation.

During the year ended December 31, 2004, the Company capitalized \$949,000 (2003 - \$33,991) in general and administrative costs related to exploration and development activities.

5] Bank Loan

The Company has a \$50,000,000 extendible revolving term credit facility (#1) from a Canadian chartered bank, of which \$12,099,000 was drawn on the facility at December 31, 2004 (December 31, 2003 - \$5,920,000). This facility bears interest at the bank's prime rate (4.25% at December 31, 2004), payable monthly in arrears. The Company may also borrow by way of bankers' acceptances, which are subject to a stamping fee. In addition, the Company has a \$10,000,000 credit facility (#2) from its bank, of which no amount was drawn at December 31, 2004 (December 31, 2003 - \$nil). The credit on both facilities revolve until May 31, 2005 with annual extension periods available at the request of the borrower and subject to the bank's approval. These facilities are subject to an annual review and re-determination of the Company's borrowing base by the bank.

So long as the loan remains revolving and the borrowing base supports the facility outstanding, there are no repayment requirements. In the event the revolving period is not extended, the credit facility shall be converted to a term facility with a term not exceeding five years. Under the terms of the loan agreement, the Company is subject to certain financial and non-financial covenants.

Collateral pledged for the facility consists of a first floating charge demand debenture in the amount of \$150,000,000 over all of the property of the Company.

6] Asset Retirement Obligations

The Company has recorded a liability for future site restoration and abandonment of \$4,494,000 and \$2,376,000 as at December 31, 2004 and December 31, 2003, respectively. No liabilities were settled in the current period, \$138,000 of accretion expense was recognized for the year of 2004 (2003 - \$nil) and a revision of \$1,980,000 in estimated cash flows was recorded during the year of 2004 for new wells drilled or acquired and new facilities constructed or acquired. The total undiscounted amount of the estimated future cash requirements was \$5,234,000 at December 31, 2004 and \$3,654,000 at December 31, 2003. In both calculations, the future cash requirements were expected to occur at the end of the reserves useful life of ten years. The undiscounted estimate has been discounted to the present value of \$4,494,000 at December 31, 2004 and \$2,376,000 at December 31, 2003 using a credit adjusted risk-free rate of 7.0%.

Years Ended December 31,	2004	2003
(000s)	\$	\$
Obligation at beginning of year	2,376	-
Increase in obligation	1,980	2,376
Accretion	138	-
Obligation at end of year	<u>4,494</u>	<u>2,376</u>

7] Share Capital

(a) Authorized

Unlimited number of voting common shares, without par value.
 Unlimited number of voting Class A common shares, without par value.
 Unlimited number of preferred shares to be issued in series.

(b) Common Shares Issued

	Shares	Amount
	#	\$
(000S)		
Balance at December 31, 2002	375	217
Converted to Class A common shares	(375)	(217)
Balance at December 31, 2003	-	-
Conversion of Class A common shares to common shares	59,875	40,511
Issued for cash	44,721	78,767
Share issue costs	-	(4,795)
Tax benefit on share issue costs	-	1,917
Tax benefits renounced to shareholders	-	(4,128)
Exercise of warrants	4,104	4
Exercise of stock options	75	60
Balance at December 31, 2004	108,775	112,336

The 375,000 common shares issued in December 2002 were issued at \$1.00 per share on a flow-through basis and recorded net of tax benefits renounced to the shareholders. These shares were converted to Class A common shares in December 2003.

On May 26, 2004, the Company issued 20,000,000 common shares at a price of \$1.25 per common share for gross proceeds of \$25,000,000 and net proceeds of \$23,086,000, after share issue expenses. On June 16, 2004, under an over allotment option, the Company issued a further 3,000,000 common shares at a price of \$1.25 per common share for gross proceeds of \$3,750,000 and net proceeds of \$3,525,000.

On December 21, 2004, the Company issued 18,000,000 common shares at a price of \$2.20 per common share for gross proceeds of \$39,600,000 (net proceeds of \$37,498,000, after share issue expenses) and 3,720,500 flow-through common shares at \$2.80 per common share for gross proceeds of \$10,417,400 (net proceeds of \$9,863,000 after share issue expenses).

(c) Class A Common Shares Issued

	Shares	Amount
	#	\$
(000S)

Conversion of common shares	375	217
Balance at December 31, 2003	59,875	40,554
Share issue costs	-	(43)
Conversion to common shares	(59,875)	(40,511)
Balance at December 31, 2004	-	-

7] Share Capital (continued)**(c) Class A Common Shares Issued (continued)**

During the year ended December 31, 2003, the Company issued 250,000 flow-through shares at a price of a \$1.00 per Class A common share and renounced \$250,000 of expenditures, the tax effect of which is \$102,000 was recorded as an adjustment to share capital. On December 16, 2003, the Company issued 51,250,000 Class A common shares at a price of \$0.80 per share for gross proceeds of \$41,000,000 and net proceeds of \$39,630,000, after share issue expenses. Share capital at December 31, 2003 included 8,000,000 Class A common shares (subsequently converted to common shares) that were issued at a price of \$0.0001 per share to founders. The Company had no business assets at the date of issue. Of the 8,000,000 Class A common shares issued, 1,400,000 were being held in trust for employees and directors of the Company. 696,000 of the shares have been released from trust to date, with the balance being released as to one-half of the remainder on each of December 18, 2005 and December 18, 2006.

The fair value of these shares was \$1,120,000 based on the market value of the Class A common shares at the date of closing the "Sousa Acquisition." The Company has recorded \$280,000 in the statement of earnings for the year ended December 31, 2004 as additional compensation expense related to these shares with a corresponding increase to contributed surplus. An amount of \$292,000 was recorded in 2003, leaving a remainder of \$548,000 to be recorded as additional expense over the next 24 months from December 31, 2004.

(d) Performance Warrants

The management, employees and directors of the Company have the right to purchase additional common shares of the Company at a purchase price of \$0.001 per share through the granting of performance warrants. On December 16, 2003, 2,500,000 Series A performance warrants and 2,000,000 Series B performance warrants were issued for no consideration.

As at December 31, 2004, 4,104,000 of the performance warrants had been exercised. The remaining 220,000 Series A warrants and 176,000 Series B warrants (collectively "the Employee Warrants") may be exercised by the security holder as to one-half on each of December 16, 2005 and May 31, 2006. An additional 220,000 Series A performance warrants and 176,000 Series B performance warrants have been issued to the founders and may be exercised only if a corresponding number of Employee Warrants are cancelled.

The Company has determined the fair value of the performance warrants at the date of issuance to be \$3,600,000 being the difference between the exercise price and the estimated market value of the Class A common shares at the date of grant. The Company recognized \$200,000 as stock-based compensation expense in the statement of earnings for the year ended December 31, 2004 with a corresponding increase to contributed surplus. With \$3,111,000 being recognized in 2003, \$289,000 remains to be recorded as additional expense over the next 18 months.

(e) Stock Options

The Company has a stock option plan that provides for the issuance of options to its directors, officers, employees and consultants to acquire up to 10% of the issued and outstanding common shares. Vesting of options and exercise prices are set by the board of directors at the time of grant. The dates on which options expire are also set by the board of directors at the time of grant and cannot exceed ten years. In connection with this plan, the Company has reserved 4,532,000 common shares for future issuance. The Company has issued stock options to acquire common shares through its stock option plan of which the following were outstanding at December 31, 2004:

7] Share Capital (continued)

(e) Stock Options (continued)

	Options Outstanding	Weighted Average Exercise Price
	#000s	\$
Outstanding at January 1, 2003	-	-
Granted December 16, 2003	2,610	0.80
Outstanding at December 31, 2003	2,610	0.80
Granted March 22, 2004	372	0.80
Granted June 1, 2004	30	1.25
Cancelled June 24, 2004	(225)	0.80
Granted August 18, 2004	700	1.67
Granted November 8, 2004	50	2.35
Granted December 8, 2004	1,070	2.20
Exercised	(75)	0.80
Outstanding at December 31, 2004	4,532	1.28
Options exercisable at December 31, 2004	2,111	1.06

Of the stock option grants awarded on December 16, 2003, 800,000 were issued to directors and were fully vested on the date of the grant. The balance of the options were issued to employees, which vest as to one-quarter on the date of the grant and one-quarter for each of the first three anniversary dates from the date of the grant. All of the outstanding options expire in five years, and the weighted average remaining contractual life at December 31, 2004 was 52 months.

The fair value of common share options granted to date was estimated to be \$1,351,000 as at the date of grant using the Black Scholes option pricing model and the following assumptions:

Years Ended December 31,	2004	2003
Risk free interest rate (%)	3.00	3.00
Expected life (YEARS)	3.00	3.00
Expected volatility (%)	32.00	2.00
Expected dividend yield (%)	0.00	0.00

The estimated fair value of the options is amortized to expense over the options' vesting period on a straight line basis, \$89,000 of this expense was recognized as stock-based compensation expense in 2003 with \$354,000 for the year ended December 31, 2004 each with a corresponding increase to contributed surplus.

(f) Per Share Amounts

The net earnings (loss) per common share and diluted net earnings (loss) per common share were calculated using the weighted average number of shares outstanding of 76,138,545 and 78,196,036, respectively, for the year ended December 31, 2004. The weighted average number of shares was 375,000 for the year ended December 31, 2003.

8] Income Taxes

The actual income tax provision differs from the expected amount calculated by applying the Canadian combined federal and provincial corporate tax rates to earnings (loss) before income taxes. These differences are explained as follows:

Years Ended December 31,	2004	2003
(000s)	\$	\$
Earnings (loss) before income taxes	5,655	(3,737)
Statutory income tax rate (%)	39.63	40.74
Expected income tax expense (recovery)	2,241	(1,522)
Increase (decrease) in income taxes from:		
Non-deductible crown charges	770	13
Resource allowance	(1,029)	7
Non-deductible stock-based compensation costs	330	1,423
Other	175	7
Future and current income tax expense (recovery)	2,487	(72)

The net future income tax asset (liability) is comprised of:

Years Ended December 31,	2004	2003
(000s)	\$	\$
Differences between tax base and reported amounts for depreciable assets:		
Resource allowance and crown lease rentals rate reductions	(2,318)	45
Provision for asset retirement obligations	41	3
Tax benefits renounced on flow-through shares	(4,388)	(260)
Tax benefits on share issue expenses	2,475	558
	(4,190)	345

The Company had unused resource tax pool balances of approximately \$130,000,000 at December 31, 2004, which are available for reducing future income taxes.

9] Related Party Transactions

A director of the Company is a partner of a law firm that was paid \$97,000 for legal services for the year ended December 31, 2004 (2003 - \$250,000). The fees charged were based on standard rates and time spent on Company matters.

Of the 8,000,000 common shares issued to founders as described in note 7(c) herein, 1,400,000 were being held in trust by a trustee for directors and employees at December 31, 2003. Over the course of the year 2004, 696,000 of the shares held in trust were released. The balance will be released in two equal amounts on each of December 18, 2005 and 2006. If any of the directors or employees leave the Company before the applicable release date, the unvested shares will become the property of the founding shareholders.

10] Cash Flow Information

Cash was provided or (used) for changes in non-cash working capital as follows:

Years Ended December 31,	2004	2003
(0005)	\$	\$
Accounts receivable	(12,021)	(674)
Prepaid expenses	8,565	(8,867)
Inventory	(7,253)	-
Accounts payable and accrued liabilities	16,849	912
Net change	<u>6,140</u>	<u>(8,629)</u>
Net change by activity		
Operating	(2,952)	349
Investing	9,092	(8,978)
Net change	<u>6,140</u>	<u>(8,629)</u>

The following shows the actual cash amount paid:

Years Ended December 31,	2004	2003
(0005)	\$	\$

11] Prepaid Expenses and Inventory

Prepaid expenses at December 31, 2003 included an advance of \$8,727,000 to a contract operator for the winter drilling program that was completed in the first quarter of 2004. Inventory at December 31, 2004 included pipeline and facility equipment in the amount of \$7,253,000, purchased for the upcoming winter drilling program.

12] Commitments

The Company has a drilling commitment with a senior oil and gas producer to spend \$16,000,000 after December 31, 2004, but before April 30, 2005. Collateral pledged as security for the commitment consists of a \$16,000,000 fixed and floating charge debenture over certain of the Company's oil and gas properties, which is subordinated to the Company's bank.

Financial Statements

Blizzard Energy Inc.
Year Ended December 31, 2003

AUDITORS' REPORT

To the Board of Directors of
Blizzard Energy Inc.

We have audited the balance sheets of **Blizzard Energy Inc.** as at December 31, 2003 and 2002 and the statements of earnings (loss) and deficit and cash flows for the year ended December 31, 2003. These financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the company as at December 31, 2003 and 2002 and the results of its operations and its cash flows for the year ended December 31, 2003 in accordance with Canadian generally accepted accounting principles.

Blizzard Energy Inc.**NOTES TO FINANCIAL STATEMENTS**

December 31, 2003

*(Tabular amounts in thousands of dollars, unless otherwise noted)***1. NATURE OF OPERATIONS**

Blizzard Energy Inc. (the "Company" or "Blizzard") was incorporated with nominal share capital under the laws of the Province of Alberta on December 19, 2002 with the intent to develop and operate oil and natural gas properties primarily in western Canada. In the period from the date of incorporation to December 31, 2002, the only transaction was the issuance of share capital for cash. During 2003 and prior to the closing of the "Sousa Acquisition" on December 18, 2003 (see note 3), the Company's activities were limited to administrative and start-up expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles and a summary of accounting policies follows:

(a) Capitalized Costs

The Company follows the full cost method of accounting for oil and gas operations whereby all costs relating to the acquisition of, exploration for and development of oil and gas reserves are capitalized in a single Canadian cost center. Such costs include lease acquisition, lease rentals on undeveloped properties, geological and geophysical, drilling both productive and non-productive wells, production equipment and overhead charges directly related to acquisition, exploration and development activities.

Gains or losses are not recognized upon the disposition of oil and gas properties unless such a disposition would result in a change in the depletion rate by 20 percent or more. Gains and losses are recognized upon the disposition of other assets.

(b) Depletion and Depreciation

All costs of acquisition, exploration and development of oil and gas reserves, associated tangible plant and equipment costs (net of salvage value), and estimated costs of future development of proven undeveloped reserves are depleted and depreciated using the unit of production method based on estimated gross proven reserves as determined by independent engineers. For purposes of the depletion and depreciation calculation, relative volumes of petroleum and natural gas production and reserves are converted at the energy equivalent conversion rate of six thousand cubic feet of natural gas to one barrel of crude oil.

Costs of unproved properties are initially excluded from oil and gas properties for the purpose of calculating depletion. When proven reserves are assigned or the property is considered to be impaired, the cost of the property or the amount of the impairment is added to costs subject to depletion.

Computer and office furniture and equipment are depreciated on a straight-line basis over five years.

(c) Asset Retirement Obligations

The Company recognizes the fair value of a liability for an asset retirement obligation in the period in which it is incurred and a corresponding increase in the carrying value of the related long-lived asset. The liability is subsequently adjusted for the passage of time, which is recognized as an operating expense in the statement of earnings (loss). The fair value of the obligation is periodically adjusted for revisions in either the timing or the amount of the original estimated cash flows associated with the liability.

Blizzard Energy Inc.**NOTES TO FINANCIAL STATEMENTS**

December 31, 2003

*(Tabular amounts in thousands of dollars, unless otherwise noted)***(d) Ceiling Test Limitations**

The Company applies a ceiling test to the capitalized costs of its oil and gas properties, net of future income taxes and future site restoration and abandonment costs, to ensure that the net carrying value does not exceed the estimated value of future net revenues from production of gross proven reserves plus undeveloped properties less future production-related general and administrative expenses, financing costs, estimated future site restoration and abandonment costs and income taxes. The calculation of future net revenues is based on sales prices, costs and regulations in effect at period end. Any reduction in the net carrying value of oil and gas properties as a result of the ceiling test is charged to operations as additional depletion and depreciation.

The carrying value of undeveloped properties (land and seismic data) is reviewed periodically and written down to net realizable value if impairment is determined.

(e) Revenue Recognition

Oil and natural gas sales are recognized as revenue when the commodities are delivered to purchasers.

(f) Joint Interests

Substantially all of the Company's exploration, development and production activities are conducted jointly with others and, accordingly, these financial statements reflect only the Company's proportionate interest in such activities.

(g) Stock Based Compensation

The Company has a stock based compensation plan, which is described in note 7. Options issued are accounted for in accordance with the fair value method of accounting for stock based compensation. The associated compensation expense is charged to earnings (loss) and corresponding increase in contributed surplus, based on an estimate of the fair value determined using a Black-Scholes option pricing model at the date of the grant. Consideration paid to the Company on the exercise of stock options is credited to share capital. At the time of exercise, the related amounts previously credited to contributed surplus are also transferred to share capital. Stock options issued to directors and employees are amortized into income over their vesting life while stock options granted to consultants are recorded to earnings (loss) at the time of grant.

(h) Measurement Uncertainty

The amount recorded for depletion and depreciation of oil and gas properties, the provision for future asset retirement obligations and the ceiling test calculation are based on estimates of gross proven reserves, production rates, commodity prices, future costs and other relevant assumptions. By their nature, these estimates are subject to measurement uncertainty and the effect on the financial statements of changes in such estimates in future years could be significant.

(i) Per Share Information

Per share information is calculated using the treasury stock method. Under this method, the diluted weighted average number of common shares is calculated assuming that the proceeds from exercise of outstanding and in-the-money options is used to purchase common shares at the estimated average market price.

Blizzard Energy Inc.**NOTES TO FINANCIAL STATEMENTS**

December 31, 2003

*(Tabular amounts in thousands of dollars, unless otherwise noted)***(j) Flow-through Common Shares**

Resource expenditure deductions for income tax purposes related to exploration and development activities funded by flow-through share arrangements are renounced to investors in accordance with income tax legislation. The estimated tax benefits transferred to shareholders are recorded as future income taxes and a reduction to share capital when the expenditures are renounced.

(k) Future Income Taxes

The Company follows the liability method to account for income taxes. Under this method, future tax assets and liabilities are determined based on differences between the carrying value and the tax basis of assets and liabilities, and measured using the substantively enacted tax rates and laws expected to be in effect when the differences are expected to reverse.

3. ACQUISITIONS**Sousa property**

On December 18, 2003 the Company acquired a natural gas property in the Sousa area of Alberta for cash consideration of \$36,922,579. The purchase price has been allocated to the assets and liabilities acquired as follows:

Property and equipment	\$39,298
<u>Asset retirement obligations</u>	<u>(2,376)</u>
	<u>\$36,922</u>

4. PROPERTY AND EQUIPMENT

	<u>December 31, 2003</u>		
	Cost	Accumulated Depletion and Depreciation	Carrying Value
	\$	\$	\$
Oil and gas properties	39,759	103	39,656
Computer equipment	31	—	31
Office furniture and equipment	16	—	16
	<u>39,806</u>	<u>103</u>	<u>39,703</u>

At December 31, 2003, oil and gas properties included \$6,400,000 relating to undeveloped properties, which have been excluded from the depletion and depreciation calculation. Future development costs on proven undeveloped reserves of \$10,263,000 are included in the depletion and depreciation calculation.

During the year ended December 31, 2003, the Company capitalized \$33,991 in geological consulting directly related to exploration and development activities.

At December 31, 2002, the Company did not own any property and equipment.

Blizzard Energy Inc.**NOTES TO FINANCIAL STATEMENTS**

December 31, 2003

*(Tabular amounts in thousands of dollars, unless otherwise noted)***5. BANK LOAN**

The Company has a \$15,425,000 extendible revolving term credit facility from a Canadian chartered bank. This facility bears interest at the bank's prime rate plus 12.5 basis points, payable monthly in arrears. The Company may also borrow by way of bankers' acceptances which are subject to a stamping fee. The loan is a revolving facility until July 31, 2004 with annual extension periods available at the request of the borrower and subject to the bank's approval. This facility is subject to an annual review and re-determination of the Company's borrowing base by the bank, with the next review to occur by June 30, 2004. So long as the loan remains revolving and the borrowing base supports the facility outstanding, there are no repayment requirements. In the event the revolving period is not extended the credit facility shall be converted to a term facility with a term not exceeding five years with the first reduction commencing August 30, 2004 in an amount and for a term to be determined by the bank. Under the terms of the loan agreement, the Company is subject to certain financial and non-financial covenants. The effective interest rate on the outstanding loan balance during 2003 was 4.62%.

Collateral pledged for the facility consists of a first floating charge demand debenture in the amount of \$50 million over all of the property of the Company.

6. ASSET RETIREMENT OBLIGATIONS

The Company has recorded a liability for asset retirement obligations of \$2,375,602 as at December 31, 2003. No liabilities were actually incurred or settled in the current period and no accretion expense or revisions in estimated cash flows were recorded. The total undiscounted amount of the estimated future cash requirements is \$3,654,085, which is expected to occur at the end of the reserves useful life of ten years. The undiscounted estimate has been discounted to the present value of \$2,375,602 using a rate of 4.4%.

7. SHARE CAPITAL**(a) Authorized:**

Unlimited number of voting common shares without par value.
 Unlimited number of voting class A common shares without par value.
 Unlimited number of preferred shares to be issued in series.

(b) Common Shares Issued

	Number of Shares	Amount \$
Balance at January 1, 2003	375,000	217
Converted to Class A Common Shares	(375,000)	(217)
Balance at December 31, 2003	—	—

The 375,000 common shares issued in December 2002 were issued at \$1.00 per share on a flow through basis and recorded net of tax benefits renounced to the shareholders. These shares were converted to Class A Common Shares in December 2003.

Blizzard Energy Inc.**NOTES TO FINANCIAL STATEMENTS**

December 31, 2003

*(Tabular amounts in thousands of dollars, unless otherwise noted)***(c) Class A Common Shares Issued**

	Number of Shares	Amount \$
Balance at January 1, 2003	—	—
Issued for cash	8,250,000	251
Tax benefits renounced to shareholders	—	(102)
Issued for cash	51,250,000	41,000
Share issue costs	—	(1,370)
Tax benefits on share issue costs	—	558
Conversion of Common Shares	375,000	217
Balance at December 31, 2003	59,875,000	40,554

Share Capital includes 8,000,000 Class A common shares that were issued at a price of \$0.0001 per share to founders. The Company had no business assets at the date of issue. During the year the Company issued 250,000 flow through shares at a price of a \$1 per Class A common share and renounced \$250,000 of expenditures, the tax effect of which of \$102,000 was recorded as an adjustment to share capital. Of the 8,000,000 Class A common shares issued, 1,400,000 of them are being held in trust for employees and directors of the Company. These shares are released from trust over three years. One quarter of the shares were released from trust on December 18, 2003 and one quarter will be released on the anniversary date for each of the next three years. The fair value of these shares is \$1,120,000 based on the market value of the Class A Common Shares at the date of closing the Sousa Acquisition. For the year ended December 31, 2003, the Company has recorded \$291,666 in the Statement of Earnings (Loss) as additional compensation expense related to these shares with a corresponding increase to contributed surplus. The remaining cost is being recognized in earnings over the next three years.

(d) Performance Warrants

The management, employees and directors of the Company have the right to purchase additional Class A common shares of the Company, or common shares if the class A common shares have been converted, at a purchase price of \$0.001 per share through the granting of performance warrants. On December 16, 2003, 2,500,000 Series A performance warrants and 2,000,000 Series B performance warrants were issued for no consideration.

Subsequent to a "qualifying liquidity event", the number of Series A warrants that eventually become exercisable is determined on a sliding scale by measuring the rate of return provided to shareholders over a base price of \$0.80 per share, with the maximum exercisable at a valuation price of \$1.07 per share. The Series B warrants vest at the time of a "qualifying liquidity event", but do not require a rate of return, with the maximum exercisable if such event occurs prior to May 31, 2005. Of the total warrants outstanding, 2,040,000 Series A warrants and 1,632,000 Series B warrants may be exercised immediately assuming the conditions above are satisfied. The remaining 460,000 Series A warrants and 368,000 Series B warrants (collectively "the Employee Warrants") may be exercised by the security holder as to one-quarter on each of December 18, 2003, 2004 and 2005 and the final quarter on May 31, 2006. An additional 460,000 Series A performance warrants and 368,000 Series B performance warrants have been issued to the founders that may be exercised only if a corresponding number of Employee Warrants are cancelled.

The Company has determined the fair value of the performance warrants at the date of issuance to be \$3,600,000 being the difference between the exercise price and the estimated market value of the Class A Common Shares at the

Blizzard Energy Inc.**NOTES TO FINANCIAL STATEMENTS**

December 31, 2003

(Tabular amounts in thousands of dollars, unless otherwise noted)

date of grant. Of this amount, \$3,111,480 has been recognized as stock based compensation expense in the Statement of Earnings (Loss) for the year ended December 31, 2003 with a corresponding increase in contributed surplus. The remaining, \$488,520 relates to the warrants issued to employees of the Company and will be recorded as additional expense over 2.5 years, being the period in which the warrants become exercisable.

(e) Stock Options

The Company has a stock option plan that provides for the issuance of options to its directors, officers, employees and consultants to acquire up to 10 percent of the issued and outstanding Class A common shares. Vesting of options and exercise prices are set by the board of directors at the time of grant. The dates on which options expire are also set by the board of directors at the time of grant and cannot exceed ten years. In connection with this plan, the Company has reserved 2,610,000 Class A common shares, or common shares if the class A common shares have been converted, for future issuance. The Company has issued stock options to acquire common shares through its stock option plan of which the following are outstanding at December 31, 2003:

	Number of Shares	Weighted average exercise price \$
Outstanding at January 1, 2003	—	—
Granted	2,610,000	0.80
Outstanding at December 31, 2003	2,610,000	0.80
Options exercisable at December 31, 2003	1,252,500	0.80

All stock options were granted on December 16, 2003. 800,000 stock options were issued to Directors. These options vested on the date of the grant. The balance of the options were issued to employees which vested as to one-quarter on the date of the grant and one-quarter for each of the anniversary dates ending December 16, 2004, 2005 and 2006. All of the outstanding options expire in 5 years.

The fair value of Class A common share options granted in 2003 is estimated to be \$182,700 as at the date of grant using the Black-Scholes option pricing model and the following assumptions:

Risk-free interest rate (%)	3.00
Expected life (years)	3.00
Expected volatility (%)	2.00
Expected dividend yield (%)	0

For the purposes of disclosures, the estimated fair value of the options is amortized to expense over the options' vesting period on a straight-line basis, and \$88,995 has been recognized as stock based compensation expense in 2003 with a corresponding increase in contributed surplus.

(f) Per Share Amounts

The net loss per Class A common shares was calculated using the weighted average number of shares outstanding for the year ended December 31, 2003 of 3,546,233. For the year ended December 31, 2003, all of the stock options and warrants were excluded from the computation of diluted loss per share amounts as they were anti-dilutive.

Blizzard Energy Inc.**NOTES TO FINANCIAL STATEMENTS**

December 31, 2003

*(Tabular amounts in thousands of dollars, unless otherwise noted)***8. INCOME TAXES**

The actual income tax provision differs from the expected amount calculated by applying the Canadian combined federal and provincial corporate tax rates to earnings (loss) before income taxes. These differences are explained as follows:

	2003
	\$
Loss before income taxes	(3,737)
Statutory income tax rate	40.74%
Expected income tax recovery	(1,522)
Increase (decrease) in income taxes from:	
Non-deductible crown charges	13
Resource allowance	7
Corporate income tax rate change	(4)
Non deductible stock based compensation costs	1,423
Large corporations tax	8
Other	3
Future and current income tax recovery	(72)

The net future income taxes liability comprises:

	2003
	\$
Differences between tax base and reported amounts for depreciable assets	45
Resource allowance and crown lease rentals rate reductions	(1)
Provision for future site restoration and abandonment	3
Tax benefits renounced on flow through shares	(260)
Tax benefits on share issue expenses	558
	345

At December 31, 2002, the future income tax liability related to the tax benefit renounced on flow-through common shares of \$158,000.

As at December 31, 2003, the Company had unused resource tax pool balances of approximately \$38,000,000 which are available to reduce future taxable income. In addition, the Company has non-capital losses for income tax purposes of approximately \$56,547 which are available for application against future taxable income and which expire in 2010. The income tax benefit of these losses has not been recognized in the financial statements.

9. RELATED PARTY TRANSACTIONS

A director of the Company is a partner of a law firm that was paid \$250,000 for legal services for the year ended December 31, 2003. The fees charged were based on standard rates and time spent on Company matters.

Blizzard Energy Inc.**NOTES TO FINANCIAL STATEMENTS**

December 31, 2003

(Tabular amounts in thousands of dollars, unless otherwise noted)

In addition, two directors and two senior officers of the Company were indebted for \$375,000, in aggregate, to the Company during the year until the loans were repaid in December 2003. No interest was charged on this indebtedness.

Of the 8,000,000 Class A Common Shares issued to founders as described in note 7c, 1,400,000 are being held in trust by a trustee for directors and employees. 336,000 of these shares were released on December 18, 2003. The balance will be released at one-third per year on December 18, 2004, 2005 and 2006. If any of the directors or employees leave the Company before the applicable release date, the shares will become the property of the founding shareholders.

10. FINANCIAL INSTRUMENTS**(a) Fair Value**

The Company has financial instruments consisting of accounts receivable, accounts payable and bank loan. The carrying value of these instruments approximates fair value.

(b) Credit Risk

A substantial portion of the Company's accounts receivable are with entities in the oil and gas industry. The Company generally extends unsecured credit to these companies, and therefore, the collection of accounts receivable may be affected by changes in economic or other conditions and may accordingly impact the Company's overall credit risk. Management believes the risk is mitigated by the size, reputation and diversified nature of the companies to which it extends credit.

(c) Interest Rate Risk

The Company is exposed to interest rate risk in relation to the floating interest rate on its revolving credit facility.

11. CASH FLOW INFORMATION

Changes in non-cash working capital were comprised of the following;

	2003 \$
Accounts receivable	674
Prepaid expenses	8,867
Accounts payable and accrued liabilities	(912)
Net change	8,629
Net change by activity:	
Operating	(349)
Investing	8,978
Net change	8,629

Blizzard Energy Inc.**NOTES TO FINANCIAL STATEMENTS**

December 31, 2003

(Tabular amounts in thousands of dollars, unless otherwise noted)

The following shows the actual cash amount paid:

	2003 \$
Cash interest paid	3
Cash interest received	1
Cash taxes paid	—

12. PREPAID EXPENSES

Prepaid expenses include an advance of \$8,727,154 to a contract operator for the winter drilling program to be undertaken in the first quarter of 2004.

13. COMMITMENTS

The Company has a drilling commitment with a senior oil and gas producer to spend \$14,500,000 by April 30, 2005. Collateral pledged as security for the commitment consists of a \$30,000,000 fixed and floating charge debenture over the Company's oil and gas properties, which is subordinated to the Company's bank.

The Company is committed to payments under operating leases for office space as follows:

	\$
2004	105
2005	105
2006	105
2007	105
2008	9
	429

14. SUBSEQUENT EVENTS

In April of 2004 the Company filed a preliminary prospectus in respect of an initial public offering of 20,000,000 Common Shares at a price of \$1.25 per Common Share for gross proceeds of \$25,000,000. It is expected that the offering will close on or about May 26, 2004.

SCHEDULE D

NI 51-101 FORMS

**REPORT ON RESERVES DATA BY
INDEPENDENT QUALIFIED RESERVES
EVALUATOR OR AUDITOR**

To the board of directors of Blizzard Energy Inc. (the "Company"):

1. We have prepared an evaluation of the Corporation's reserves and resources data as at December 31, 2004. The reserves data consist of the following:
 - (a) (i) proved and proved plus probable oil and gas reserves estimated as at December 31, 2004, using forecast prices and costs; and
 - (ii) the related estimated future net revenue; and
 - (b) (i) proved oil and gas reserves estimated as at December 31, 2004, using constant prices and costs; and
 - (ii) the related estimated future net revenue.
2. The reserves data are the responsibility of the Corporation's management. Our responsibility is to express an opinion on the reserves data based on our evaluation.

We carried out our evaluation in accordance with standards set out in the Canadian Oil and Gas Evaluation Handbook (the "**COGE Handbook**") prepared jointly by the Society of Petroleum Evaluation Engineers (Calgary Chapter) and the Canadian Institute of Mining, Metallurgy & Petroleum (Petroleum Society).
3. Those standards require that we plan and perform an evaluation to obtain reasonable assurance as to whether the reserves data are free of material misstatement. An evaluation also includes assessing whether the reserves data are in accordance with principles and definitions in the COGE Handbook.
4. The following table sets forth the estimated future net revenue (before deduction of income taxes) attributed to proved plus probable reserves, estimated using forecast prices and costs and calculated using a discount rate of 10 percent, included in the reserves data of the Corporation evaluated by us for the year ended December 31, 2004, and identifies the respective portions thereof that we have audited, evaluated and reviewed and reported on to the Corporation's board of directors:

Description and Preparation Date of Evaluation Report	Location of Reserves (Country or Foreign Geographic Area)	Net Present Value of Future Net Revenue (before income taxes, 10% discount rate)			
		Audited	Evaluated	Reviewed	Total
February 28, 2005	Canada	-	\$180,211 M	-	\$180,211 M

5. In our opinion, the reserves and resources data respectively evaluated by us have, in all material respects, been determined and are in accordance with the COGE Handbook.
6. We have no responsibility to update this evaluation for events and circumstances occurring after the preparation dates.
7. Because the reserves data are based on judgments regarding future events, actual results will vary and the variations may be material.

Executed as to our report referred to above:

Gilbert Laustsen Jung Associates Ltd., Calgary, Alberta, Canada.

Dated February 28, 2005.

(Signed) "*Wayne W. Chow, P. Eng.*"
Vice President

**REPORT OF MANAGEMENT AND DIRECTORS
ON OIL AND GAS DISCLOSURE**

Management of Blizzard Energy Inc. (the "**Corporation**") are responsible for the preparation and disclosure of information with respect to the Corporation's oil and gas activities in accordance with securities regulatory requirements. This information includes reserves data, which consist of the following:

- (a) (i) proved and proved plus probable oil and gas reserves estimated as at December 31, 2004 using forecast prices and costs; and
- (ii) the related estimated future new revenue; and
- (b) (i) proved oil and gas reserves estimated as at December 31, 2004 using constant prices and costs; and
- (ii) the related estimated future net revenue.

An independent qualified reserves evaluator has evaluated the Corporation's reserves data. The report of the independent qualified reserves evaluator will be filed with securities regulatory authorities concurrently with this report.

The Technical Committee of the board of directors of the Corporation has

- (a) reviewed the Corporation's procedures for providing information to the independent qualified reserves evaluator;
- (b) met with the independent qualified reserves evaluator to determine whether any restrictions affected the ability of the independent qualified reserves evaluator to report without reservation; and
- (c) reviewed the reserves data with management and the independent qualified reserves evaluator.

The Technical Committee of the board of directors has reviewed the Corporation's procedures for assembling and reporting other information associated with oil and gas activities and has reviewed that information with management. The board of directors has, on the recommendation of the Technical Committee, approved

- (a) the content and filing with securities regulatory authorities of the reserves data and other oil and gas information;
- (b) the filing of the report of the independent qualified reserves evaluator on the reserves data; and
- (c) the content and filing of this report.

Because the reserves data are based on judgments regarding future events, actual results will vary and the variations may be material.

APPENDIX G
STOCK OPTION PLAN

[The page contains extremely faint and illegible text, likely bleed-through from the reverse side of the document. No specific content can be transcribed.]

STOCK OPTION PLAN

1. The Plan

A stock option plan (the "Plan") pursuant to which options to purchase common shares ("Shares") of Zenas Energy Corp. (the "Corporation") may be granted to the directors, officers, employees of or provider of services to, the Corporation and its subsidiaries is hereby established on the terms and conditions herein set forth.

2. Purpose

The purpose of this Plan is to advance the interests of the Corporation by encouraging the directors, officers, employees of, or provider of services to, the Corporation and its subsidiaries to acquire Shares, thereby: (i) increasing the proprietary interests of such persons in the Corporation; (ii) aligning the interests of such persons with the interests of the Corporation's shareholders generally; (iii) encouraging such persons to remain associated with the Corporation; and (iv) furnishing such persons with an additional incentive in their efforts on behalf of the Corporation.

3. Administration

This Plan shall be administered by the board of directors of the Corporation (the "Board"). Subject to the terms and conditions set forth herein, the Board is authorized to provide for the granting, exercise and method of exercise of Options (as hereinafter defined), all on such terms (which may vary between Options granted from time to time) as it shall determine. In addition, the Board shall have the authority to: (i) construe and interpret this Plan and all option agreements entered into hereunder; (ii) prescribe, amend and rescind rules and regulations relating to this Plan; and (iii) make all other determinations necessary or advisable for the administration of this Plan. All determinations and interpretations made by the Board shall be binding on all Participants (as hereinafter defined) and on their legal, personal representatives and beneficiaries.

- (a) Notwithstanding the foregoing or any other provision contained herein, the Board shall have the right to delegate the administration and operation of this Plan, in whole or in part, to a committee of the Board and/or to any member of the Board. Whenever used herein, the term "Board" shall be deemed to include any committee or director to which the Board has, fully or partially, delegated the administration and operation of this Plan pursuant to this section 3.
- (b) An option to acquire the Shares granted hereunder ("Option") shall be evidenced by an agreement, signed on behalf of the Corporation and by the person to whom an Option is granted, which agreement shall be in such form as the Board shall approve.

4. Shares Subject to Plan

- (a) Subject to section 15 below, the securities that may be acquired by Participants under this Plan shall consist of authorized but unissued Shares.
- (b) The aggregate number of Shares reserved for issuance under this Plan, together with any other security-based compensation arrangements of the Corporation shall be such number of Shares equal to 10% of the total number of issued and outstanding Shares, from time to time (calculated on a non-diluted basis). This prescribed maximum may be subsequently increased to any other specified amount, subject to the approval of the stock exchange or exchanges on which the Shares are listed and such shareholder approvals as may be required by such exchanges.
- (c) If any Option or other security granted under this Plan or any other security-based compensation arrangements of the Corporation, shall expire or terminate for any reason without having been

exercised in full, any unpurchased Shares to which such Option or other security relates shall be available for the purposes of the granting of Options under this Plan.

5. Maintenance of Sufficient Capital

The Corporation shall at all times during the term of this Plan ensure that the number of Shares it is authorized to issue shall be sufficient to satisfy the requirements of this Plan.

6. Eligibility and Participation

- (a) The Board may, in its discretion, select any directors, officers, employees of, or provider of services to, the Corporation or subsidiaries of the Corporation to participate in this Plan. No provider of services to the Corporation who is also an insider (as that term is defined by the *Securities Act* (Alberta) of the Corporation shall be granted Options in the capacity of a provider of services. In addition, only persons who provide services to the Corporation of an ongoing or recurring nature shall be entitled to be granted Options. (Any person having been selected for participation in this Plan by the Board is herein referred to as a "Participant").
- (b) The Board may from time to time, in its discretion, grant an Option to any Participant, upon the terms, conditions and limitations set forth herein, and such other terms, conditions and limitations permitted by and not inconsistent with this Plan as the Board may determine, provided that Options granted to any Participant shall be approved by the shareholders of the Corporation if the rules of any stock exchange on which the Shares are listed require such approval.
- (c) the number of Shares reserved for issuance pursuant to Options granted to insiders under this Plan and any other security-based compensation arrangement of the Corporation, shall not exceed 10% of the outstanding issue of Shares.
- (d) The number of Shares issued to insiders under this Plan and any other security-based compensation arrangement of the Corporation, within a one-year period, shall not exceed 10% of the outstanding issue of Shares.
- (e) The number of Shares issued to any one insider and such insider's associates under this Plan, within a one-year period, shall not exceed 5% of the outstanding issue of Shares.

7. Exercise Price

Options may be exercised at a price (the "Exercise Price") which shall be fixed by the Board at the time that the Option is granted. No Option shall be granted with an Exercise Price at a discount to the market price. The market price shall be the volume weighted average trading price of the Shares (calculated by dividing the total value by the total volume of Shares traded for the relevant period) on a stock exchange on which the Shares are traded for the five trading days immediately preceding the date of the grant (the "Market Price"). If the Shares are not listed on a stock exchange at the time of the grant of an Option then the Market Price for the purposes of such a grant shall be determined by the Board in its sole discretion.

Number of Optioned Shares

The number of Shares that may be acquired under an Option (the "Optioned Shares") granted to a Participant shall be determined by the Board as at the time the Option is granted, provided that the aggregate number of Shares reserved for issuance to any one Participant under this Plan or any other plan of the Corporation, shall not exceed five percent of the total number of issued and outstanding Shares (calculated on a non-diluted basis).

(Signed) "*Robert R. Rooney*"
Director

(Signed) "*Larry G. Evans*"
Director

March 30, 2005

(This page has been left blank intentionally.)

8. Term

The period during which an Option may be exercised (the "Option Period") shall be determined by the Board at the time the Option is granted, subject to any vesting limitations which may be imposed by the Board in its sole unfettered discretion at the time such Option is granted, provided that:

- (a) no Option shall be exercisable for a period exceeding ten (10) years from the date the Option is granted;
- (b) the Option Period shall be automatically reduced in accordance with Sections 11 and 12 below upon the occurrence of any of the events referred to therein; and
- (c) no Option in respect of which shareholder approval is required under the rules of any stock exchange or exchanges on which the Shares are then listed shall be exercisable until such time as the Option has been approved by the shareholders of the Corporation.

9. Method of Exercise of Option

- (a) Except as set forth in Sections 11 and 12 below or as otherwise determined by the Board, no Option may be exercised unless the holder of such Option is, at the time the Option is exercised, a director, officer, employee of, or provider of services to, the Corporation or a subsidiary thereof.
- (b) Subject to the other provisions of the Plan and any vesting limitations imposed by the Board at the time of grant, an Option may be exercised, in whole or in part, at any time or from time to time by the Participant giving written notice to the Corporation specifying the number of Shares with respect to which the Option is being exercised, which notice shall be accompanied by payment in full of the Exercise Price for the Shares with respect to which the Option is being exercised.
- (c) A Participant shall not be obligated to purchase and pay for any Optioned Shares except those Optioned Shares in respect of which the Participant shall have exercised the Option pursuant to paragraph 10(b) above.
- (d) Upon the exercise of an Option as aforesaid, the Corporation shall use its reasonable efforts to forthwith deliver, or cause the registrar and transfer agent of the Shares to deliver, to the relevant Participant (or his or her legal or personal representative) or to the order thereof, a certificate representing the number of Shares with respect to which the Option has been exercised, such Shares to be issued as fully paid and non-assessable Shares.
- (e) Notwithstanding anything else contained herein, at or after the time that any Option could be exercised by a Participant, the Participant may elect to surrender, in whole or in part, his or her rights under any Option by written notice given to the Corporation stating that such Participant wishes to surrender his or her Option in exchange for a payment by the Corporation of a cash amount per Optioned Share equal to the difference (if positive) between and the current market price of the Shares on the TSX and the exercise price of the Option. For this purpose the current market price of the Shares shall be the volume weighted average price of the Shares on the TSX, or such exchange on which the majority of the trading volume and value of the listed Shares occurs, for the five trading days immediately preceding the date of such surrender, provided that if the Shares are not then listed and posted for trading on any stock exchange in Canada, then it shall be the fair market value per Share as determined by the Board in its sole discretion. The Board has the sole discretion to consent to or disapprove of the election of the Participant to receive cash pursuant to this Section 10(e). If the Board disapproves of the election, the Participant may (i) exercise the Option under Section 10 (read without reference to Section 10(e)) or (ii) retract the request to exercise such Option.

10. Ceasing to be a Director, Officer, Employee or Consultant

If any Participant who is a director, officer, employee of, or provider of services to, the Corporation or a subsidiary thereof shall cease to be a director, officer or employee of, or provider of services to, the Corporation or a subsidiary of the Corporation for any reason other than death, permanent disability or normal retirement his Option will terminate at 5:00 p.m. (Calgary time) on the earlier of the date of the expiration of the Option Period and the ninetieth (90th) day after the date such Participant ceases to be a director, officer or employee of, or provider of services to, the Corporation or a subsidiary thereof. During such period, the Option, or portion thereof, shall be exercisable only to the extent that the Participant was entitled to exercise the Option as at the date of his cessation. If the relationship of the Participant with the Corporation is terminated for any reason prior to the expiration of his Option, whether or not such termination is with or without notice, adequate notice or legal notice or is with or without legal or just cause, the Participant's rights shall be strictly limited to those provided for in this Section 11. The Participant shall have no claim to or in respect of any Option which may have or would have vested had due notice of termination of employment been given nor shall the Participant have any entitlement to damages or other compensation on any claim for wrongful termination or dismissal in respect of any Option or loss of profit or opportunity which may have or would have vested or accrued to the Participant if such wrongful termination or dismissal had not occurred or if due notice of termination had been given. This provision shall be without prejudice to the Participant's rights to seek compensation for lost employment or lost employment benefits (other than those accruing under or in respect of any Option) in the event of any alleged wrongful termination or dismissal.

Neither the selection of any person as a Participant nor the granting of an Option to any Participant under this Plan shall: (i) confer upon such Participant any right to continue as a director, officer or employee of, or provider of services to, the Corporation or subsidiary, as the case may be; or (ii) be construed as a guarantee that the Participant will continue as a director, officer or employee of, or provider of services to, the Corporation or subsidiary, as the case may be.

11. Death, Permanent Disability or Normal Retirement of a Participant

In the event of the death, permanent disability or normal retirement of a Participant, any Option previously granted to him or her shall be exercisable until the end of the Option Period or until the expiration of 12 months after the date of death, permanent disability or normal retirement of such Participant, whichever is earlier, and then, in the event of death or permanent disability, only:

- (a) by the person or persons to whom the Participant's rights under the Option shall pass by the Participant's will or applicable law; and
- (b) to the extent that he was entitled to exercise the Option as at the date of his death or permanent disability.

12. Rights of Participants

No person entitled to exercise any Option granted under this Plan shall have any of the rights or privileges of a shareholder of the Corporation in respect of any Shares issuable upon exercise of such Option until such Shares have been paid for in full and issued to such person.

13. Proceeds from Exercise of Options

The proceeds from any sale of Shares issued upon the exercise of Options shall be added to the general funds of the Corporation and shall thereafter be used from time to time for such corporate purposes as the Board may determine and direct.

14. Adjustments

- (a) The number of Shares subject to the Plan shall be increased or decreased proportionately in the event of the subdivision or consolidation of the outstanding Shares of the Corporation, and in any such event a corresponding adjustment shall be made changing the number of Shares deliverable upon the exercise of any Option granted prior to such event without any change in the total price applicable to the unexercised portion of the Option, but with a corresponding adjustment in the price for each Share covered by the Option. In case the Corporation is reorganized or merged or consolidated or amalgamated with another corporation, appropriate provisions shall be made for the continuance of the Options outstanding under this Plan and to prevent their dilution or enlargement.
- (b) Adjustments under this Section 15 shall be made by the Board, whose determination as to what adjustments shall be made, and the extent thereof, shall be final, binding and conclusive. No fractional Shares shall be issued under this Plan on any such adjustment.

15. Change of Control

Notwithstanding the provisions of Section 11, in the event of a sale by the Corporation of all or substantially all of its assets or in the event of a change of control of the Corporation then the Participant shall be entitled to exercise in full or in part any unexercised Option previously granted hereunder, whether vested or not, until the earlier of the expiration of the Option Period or the expiration of ninety (90) days after the date of termination of the employment of the Participant with the Corporation or a subsidiary thereof or ninety (90) days after the cessation or termination of the Participant as a director, officer or consultant of the Corporation or any subsidiary thereof.

For the purpose of this Plan, change of control of the Corporation means:

- (a) the acceptance by the holders of Common Shares of the Corporation, representing in the aggregate, fifty (50%) percent or more of all issued Common Shares of the Corporation, of any offer, whether by way of a takeover bid or otherwise, for all or any of the outstanding Shares of the Corporation; provided that no Change of Control shall be deemed to have occurred if upon completion of any such transaction individuals who were members of the Board of Directors of the Corporation immediately prior to the effective date of such transaction constitute a majority of the Board of Directors of the resulting corporation following such effective date;
- (b) the acquisition, by whatever means, by a person (or two or more persons who, in such acquisition, have acted jointly or in concert or intend to exercise jointly or in concert any voting rights attaching to the Common Shares acquired), directly or indirectly, of beneficial ownership of such number of Common Shares or rights to Common Shares of the Corporation, which together with such person's then owned Common Shares and right to Common Shares, if any, represent (assuming the full exercise of such rights to voting securities) fifty (50%) percent or more of the combined voting rights of the Corporation's then outstanding Common Shares;
- (c) the entering into of any agreement by the Corporation to merge, consolidate, restructure, amalgamate, initiate an arrangement or be absorbed by, into or with another corporation; provided that no Change of Control shall be deemed to have occurred if upon completion of any such transaction individuals who were members of the Board of Directors of the Corporation immediately prior to the effective date of such transaction constitute a majority of the Board of Directors of the resulting corporation following such effective date; and
- (d) the passing of a resolution by the Board or shareholders of the Corporation to substantially liquidate the assets or wind-up the Corporation's business or significantly rearrange its affairs in one or more transactions or series of transactions or the commencement of proceedings for such a liquidation, winding-up or re-arrangement (except where such re-arrangement is part of a bona

fide reorganization of the Corporation in circumstances where the business of the Corporation is continued and where the shareholdings remain substantially the same following the re-arrangement).

16. Transferability

All benefits, rights and Options accruing to any Participant in accordance with the terms and conditions of this Plan shall not be transferrable or assignable unless specifically provided herein. The Corporation shall not recognize any attempted exercise of any purported assignee of a Participant. During the lifetime of a Participant any Options granted hereunder may only be exercised by the Participant and in the event of the death or permanent disability of a Participant, by the person or persons to whom the Participant's rights under the Option pass by the Participant's will or applicable law.

17. Amendment and Termination of Plan

The Board may, at any time, suspend or terminate this Plan. The Board may also at any time amend or revise the terms of this Plan or any Options, subject to regulatory approval, provided that no such amendment or revision shall in any manner materially adversely affect the rights of any Participant under any Options theretofore granted under this Plan without such Participant's consent and further provided that approval shall be obtained from a majority of the holders of Shares (excluding the votes of Shares held directly or indirectly by insiders benefiting from the amendment) in respect of any amendment to the Plan which seeks to (i) reduce the Exercise Price or the purchase price paid for any Optioned Shares, or (ii) extend the Option Period.

Where used in this Section 18, the term "insiders" shall have the meaning attributed thereto in the rules of the Toronto Stock Exchange.

18. Necessary Approvals

The obligation of the Corporation to issue and deliver Shares in accordance with this Plan is subject to applicable securities legislation and to the receipt of any approvals that may be required from any regulatory authority or stock exchange having jurisdiction over the securities of the Corporation. Without limiting the forgoing, all unallocated Options under this Plan must, every three years after the effective date of this Plan, be approved by (i) a majority of the Corporation's directors, (ii) a majority of the Corporation's unrelated directors, and (iii) a majority of the holders of the Shares.

If Shares cannot be issued to a Participant upon the exercise of an Option due to legal or regulatory restrictions, the obligation of the Corporation to issue such Shares shall terminate and any funds paid to the Corporation in connection with the exercise of such Option will be returned to the relevant Participant as soon as practicable.

Where used in this Section 19, the term "unrelated directors" shall have the meaning attributed thereto in the rules of the Toronto Stock Exchange.

19. Stock Exchange Rules

The Plan and any option agreements entered into hereunder shall comply with the requirements from time to time of the stock exchange or exchanges on which the Shares are listed.

20. Right to Issue Other Shares

The Corporation shall not by virtue of this Plan be in any way restricted from declaring and paying stock dividends, issuing further Shares, varying or amending its share capital or corporate structure or conducting its business in any way whatsoever.

21. Notice

Any notice required to be given by this Plan shall be in writing and shall be given by registered mail, postage prepaid or delivered by courier or by facsimile transmission addressed, if to the Corporation, at the Office of the Chairman in Calgary, Alberta; or if to a Participant, to such Participant at his address as it appears on the books of the Corporation or in the event of the address of any such Participant not so appearing then to the last known address of such Participant; or if to any other person, to the last known address of such person.

22. Gender

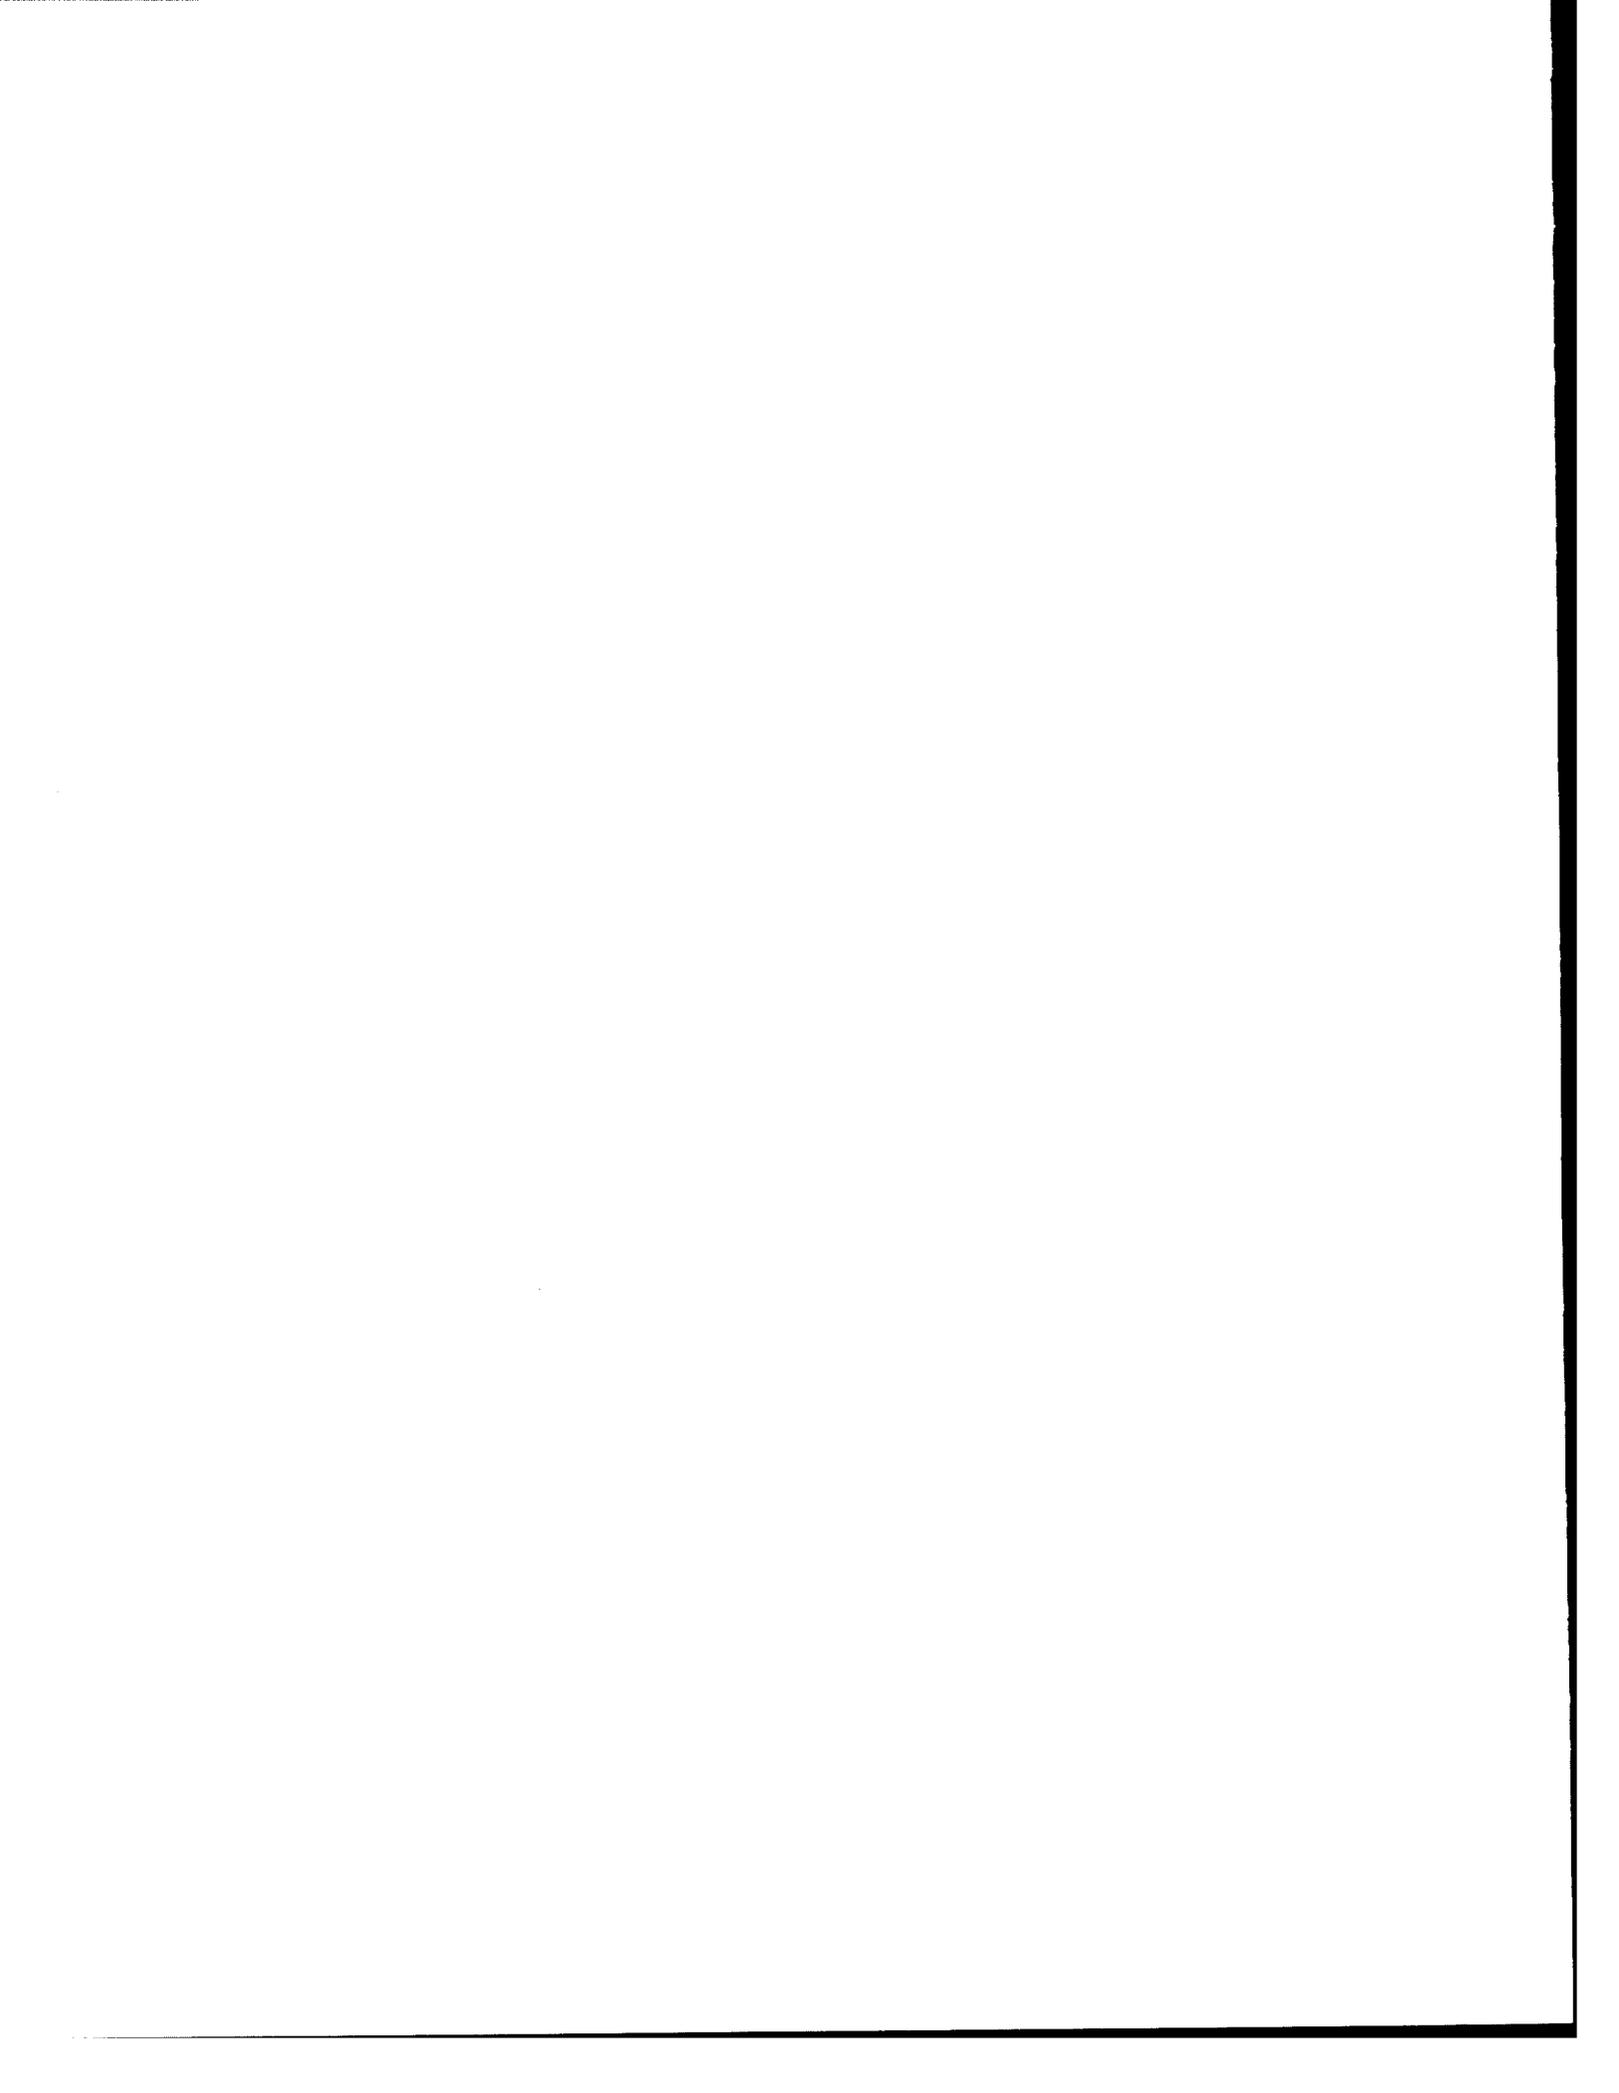

Words used herein importing gender shall include all genders.

23. Interpretation

This Plan will be governed by and construed in accordance with the laws of the Province of Alberta.

NOTE TO READER

Pursuant to the Arrangement, the Fund will acquire all of the issued and outstanding Blizzard Shares. The disclosure in this Appendix has been prepared prior to giving effect to the Arrangement. For further information regarding the Fund, please refer to the following:

- (a) the Renewal Annual Information Form of the Fund dated March 21, 2005 for the year ended December 31, 2004 ("AIF"), which is attached to this Appendix as Schedule "A";
- (b) the Information Circular of the Fund dated March 21, 2005 relating to the special and annual meeting of Unitholders of the Fund held on May 10, 2005, which is attached to this Appendix as Schedule "B";
- (c) the unaudited comparative interim consolidated financial statements of the Fund and the notes thereto as at and for the periods ended March 31, 2005 and 2004, the audited consolidated financial statements of the Fund and the notes thereto as at and for the years ended December 31, 2004 and 2003, together with the auditors' report thereon, and the audited consolidated financial statements of Birchill Resources Limited as at and for the years ended December 31, 2003 and 2002, together with the auditors' report thereon all of which are attached to this Appendix as Schedule "C";
- (d) management's discussion and analysis of the financial condition and operations of the Fund for the period ended March 31, 2005, and management's discussion and analysis of the financial condition and operations of the Fund for the year ended December 31, 2004, all of which are attached to this Appendix as Schedule "D";
- (e) the material change report of the Fund dated June 7, 2005 relating to the Arrangement, which is attached to this Appendix as Schedule "E"; and
- (f) the pro forma financial statements of the Fund as at March 31, 2005 and for the periods ended December 31, 2004 and March 31, 2005, which are attached to this Appendix as Schedule "F".

Any material change reports (excluding confidential reports), comparative interim financial statements and information circulars (excluding those portions that are not required pursuant to applicable securities regulations to be incorporated by reference herein) filed by the Fund with the securities commissions or similar authorities in the provinces of Canada subsequent to the date of this Information Circular and prior to the completion of the Arrangement shall be deemed to be incorporated by reference in this Information Circular.

Any statement contained in a document incorporated or deemed to be incorporated by reference herein shall be deemed to be modified or superseded for the purposes of this Information Circular to the extent that a statement contained herein or in any other subsequently filed document which also is, or is deemed to be, incorporated by reference herein modifies or supersedes such statement. The modifying or superseding statement need not state that it has modified or superseded a prior statement or include any other information set forth in the document that it modifies or supersedes. The making of a modifying or superseding statement shall not be deemed an admission for any purposes that the modified or superseded statement, when made, constituted a misrepresentation, an untrue statement of a material fact or an omission to state a material fact that is required to be stated or that is necessary to make a statement not misleading in light of the circumstances in which it was made. Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Information Circular.

DISTRIBUTION HISTORY

The following table summarizes cash distributions from the Fund since February 15, 2005.

Ex-Distribution Date ⁽¹⁾	Record Date	Payment Date	Distribution Amount (C\$ per Trust Unit)
June 28, 2005	June 30, 2005	July 15, 2005	\$0.23
May 27, 2005	May 31, 2005	June 15, 2005	\$0.23
April 27, 2005	April 30, 2005	May 15, 2005	\$0.23
March 28, 2005	March 31, 2005	April 15, 2005	\$0.23
February 24, 2005	February 28, 2005	February 15, 2005	\$0.23
January 27, 2005	January 31, 2005	January 15, 2005	\$0.23

Notes:

- (1) The ex-distribution date is two business days prior to the record date.
 (2) The record date is the last day of the month.

CAPITALIZATION

The following table sets forth the consolidated capitalization of the Trust as at May 31, 2005, both before and after giving effect to the Arrangement:

	Authorized	As at May 31, 2005 before giving effect to the Arrangement (unaudited)	As at May 31, 2005 after giving effect to the Arrangement (unaudited)
Bank Loan ⁽¹⁾	\$250,000,000 ⁽⁶⁾	\$175,556,000	\$257,789,000
Exchangeable Shares ⁽⁵⁾	unlimited	\$7,632,000 (263,482 shares)	\$7,632,000 (263,482 shares)
Trust Units ⁽²⁾⁽³⁾	300,000,000	\$712,639,000 (54,468,100 units)	\$890,456,000 (63,305,892 units) ⁽⁴⁾

Notes:

- (1) The Fund has a \$250 million revolving credit facility with a syndicate of four Canadian chartered banks. The facility is secured by a \$300 million floating charge debenture on all assets of Shiningbank together with supporting debentures and guarantees from the Fund's operating subsidiaries and affiliates. The revolving period extends to April 27, 2006, at which time the facility reverts to a two-year term with principal payments, if necessary, commencing on July 28, 2006.
- (2) As at May 31, 2005, an aggregate of 3,021,129 Trust Units were reserved for issuance under the Trust Unit Rights Incentive Plan. As at May 31, 2005, there were outstanding rights granted pursuant to the Trust Unit Rights Incentive Plan to acquire an aggregate of 1,942,734 Trust Units at an average grant price of \$18.85 per Trust Unit. As at May 31, 2005, the average adjusted exercise price of these rights was \$16.96 per Trust Unit.
- (3) As at May 31, 2005, an aggregate of 851,117 Trust Units were reserved for issuance upon the exchange of Exchangeable Shares, at the holders' option, at the exchange ratio in effect at May 31, 2005 of 1.37923 Trust Units for each outstanding Exchangeable Share.
- (4) Based on the issuance of 8,837,792 Trust Units issuable pursuant to the Arrangement.
- (5) On October 9, 2002, Shiningbank Energy issued 1,136,614 Exchangeable Shares at a deemed value of \$14.508 per Exchangeable Share in connection with the management internalization transaction. The Exchangeable Shares are exchangeable, at the option of the holder, into Trust Units for no additional consideration. As at May 31, 2005,

353,614 Exchangeable Shares were held in escrow to be released over periods up to October, 2007 under the terms of the respective escrow agreements with each of the two holders of the Exchangeable Shares. As at May 31, 2005, \$1.33 million of the total purchase price was recorded as a deferred reduction to the Exchangeable Shares representing Exchangeable Shares subject to escrow provisions net of the amortization.

- (6) Excludes incremental borrowing capacity related to Blizzard assets estimated at \$52,000,000 based on existing Blizzard credit facilities.

MARKET FOR SECURITIES

Price Range and Trading Volume

The outstanding Trust Units of the Fund are listed and posted for trading on the TSX under the symbol SHN.UN.

The following table sets forth the price range for, and trading volume of, the Trust Units as reported by the TSX on a monthly basis since December 2004.

	<u>Low</u>	<u>High</u>	<u>Volume</u>
January 2005	\$20.90	\$22.75	2,399,463
February 2005	\$22.40	\$23.35	3,309,914
March 2005	\$19.77	\$23.05	3,864,942
April 2005	\$19.60	\$21.97	3,369,090
May 2005	\$20.25	\$22.19	2,583,816
June 1-24, 2005	\$20.65	\$21.84	2,559,423

For the price range and trading volume of the Trust Units for periods prior to those set out above, refer to the AIF, which is attached to this Appendix as Schedule "A".

Prior Sales

Since December 31, 2004, Shiningbank has not entered into nor issued any Trust Units as part of an equity offering. Trust Units are issued from treasury on a monthly basis to those Unitholders who participate in a Distribution Reinvestment Plan.

LEGAL PROCEEDINGS

To the knowledge of management of Shiningbank Energy, there are no legal proceedings to which the Fund or Shiningbank Energy or which any of their property is the subject, nor are any such proceedings that are contemplated.

MATERIAL CONTRACTS

Since December 31, 2004, neither the Fund nor Shiningbank Energy have entered into any material contracts, other than the Arrangement Agreement.

GLOSSARY OF TERMS

The following are defined terms used in this Annual Information Form:

"923720" means 923720 Alberta Inc., a wholly-owned subsidiary of the Fund used for the purpose of the acquisition of Ionic, which was amalgamated with the Corporation and Ionic on May 4, 2001.

"Administrative Services Agreement" means the agreement between the Corporation and the Trustee on behalf of the Fund, dated October 9, 2002, as amended, pursuant to which the Corporation agreed to provide certain management, advisory and administrative services in connection with the Royalties, the Fund, the Trust Units and any entity of the Fund administered by the Corporation;

"ARTC" means Alberta Royalty Tax Credit;

"Birchill" means Birchill Resources Limited, which was amalgamated with Shiningbank Energy Ltd. on March 8, 2004;

"Birchill Acquisition" means the acquisition of Birchill by the Corporation on March 8, 2004. See "General Development of the Fund – Significant Developments in 2004" and "Birchill Acquisition";

"Birchill Acquisition Note" means the promissory note issued to the Fund by the Corporation pursuant to the acquisition of Birchill. See "Incorporation and Organization - The Birchill Acquisition Note";

"Cambright" means Cambright Gas Corporation, which was amalgamated with Shiningbank Energy Ltd. on July 1, 2000;

"Cash Distribution Date" means the date Distributable Cash is paid to Unitholders, which is not later than the fifteenth day of the month following the applicable Distribution Record Date;

"Corporation" means Shiningbank Energy Ltd.;

"Corporation Royalty Agreement" means the royalty agreement dated July 31, 1996, as amended and restated as of February 28, 2003 between the Corporation and the Trustee;

"Corporation USA" means the unanimous shareholder agreement of the Corporation dated October 9, 2002 among the Corporation, SHC and the Trustee;

"Crown" means Her Majesty the Queen in Right of Canada or a Province thereof;

"Debt Service Charges" means all interest and principal repayments relating to the borrowing of funds by the Corporation. See "Incorporation and Organization - The Corporation - Borrowing";

"Deferred Purchase Price Obligation" means the ongoing obligation of the Fund to pay to the Corporation and SLP, in certain circumstances, an amount equal to 99% of the cost of any additional Canadian resource properties (as defined in the Tax Act) which may be subsequently acquired by the Corporation and SLP, directly or by way of corporate take-over or other business combination, to the extent that such cost is not financed by the borrowings of the Corporation and SLP; 99% of any indebtedness incurred by the Corporation and SLP for the purposes of acquiring any additional Canadian resource properties; and 99% of any capital expenditures incurred in respect of the Properties and so designated by the Corporation and SLP, to the extent such cost is not financed by the borrowings of the Corporation and SLP. See "Incorporation and Organization - The Royalties - Deferred Purchase Price Obligation";

"Distributable Cash" means, for any particular period, "net income" as calculated pursuant to the terms of the Trust Indenture, and means the Royalty Income received or receivable by the Fund plus interest and dividend

income received or receivable and Alberta Royalty Credit received or receivable, if any, and other payments or distributions from the Managed Entities, less the aggregate of Crown charges and any other direct cash expenses of the Fund;

"Distribution Record Date" means such dates as the Trustee may from time to time, upon written direction from the Corporation, designate as a "Distribution Record Date" except that December 31 shall be a Distribution Record Date;

"Exchangeable Shares" means the non-voting exchangeable shares of SHC, which are exchangeable into Trust Units based on the Exchange Ratio, of which 1,136,614 were issued to Kivacorp and Proximus collectively, on October 9, 2002, pursuant to the Management Internalization Transactions, 353,614 of which remain subject to escrow at March 21, 2005. See "General Development of the Business of the Fund – Three Year History – Management Internalization Transactions";

"Exchange Ratio" means the ratio pursuant to which Exchangeable Shares can be converted to Trust Units. See "General Development of the Business of the Fund – Three Year History – Management Internalization Transactions";

"Exempt Plan" means an RRSP, DPSP or RRIF;

"Former Manager" means Shiningbank Energy Management Inc.;

"Fund" means Shiningbank Energy Income Fund;

"Ionic" means Ionic Energy Inc.;

"Ionic Acquisition Notes" means the promissory notes issued by a predecessor to the Corporation in exchange for shares of Ionic. See "Incorporation and Organization - The Ionic Acquisition Notes";

"Kivacorp" means Kivacorp Petroleum Ltd.;

"Managed Entities" means the Corporation, SHC, 113024 Alberta Inc., SOT and SLP and all other subsidiary entities of the Fund and of any Managed Entity;

"Management Agreement" means the management agreement dated July 31, 1996, as amended, and terminated October 9, 2002, among the Former Manager, the Corporation and the Trustee pursuant to which the Former Manager provided management services to the Corporation and the Fund prior to the Management Internalization Transactions;

"Management Fee" means a management fee which was payable by the Corporation to the Former Manager prior to October 9, 2002.

"Management Internalization Transactions" means the series of transactions by which the Fund effected an internalization of its management by acquiring, through its wholly-owned subsidiary SHC, all of the shares of the Former Manager and subsequently amalgamating the Former Manager with the Corporation and continuing as the Corporation. See "General Development of the Business of the Fund – Three Year History – Management Internalization Transactions";

"Net Operating Income" means Net Production Revenue plus capital expenditures less all applicable Crown charges net of Alberta Royalty Credit, if applicable;

"Net Production Revenue" means the amount received or receivable by the Corporation and by SLP in respect of the sale of its interest in all Petroleum Substances collected from the Properties less: (i) expenditures paid or payable by or on behalf of the Corporation and of SLP in respect of the operation of the Properties including,

without limitation, the cost of gathering, compressing, processing, lifting, transporting and marketing all Petroleum Substances produced therefrom, the cost of equipment repair and maintenance and all other amounts paid or payable to third parties which are calculated with reference to production from the Properties including, without limitation, gross overriding royalties, lessors' royalties, but excepting Crown charges and other applicable charges; and (ii) capital and asset retirement expenditures paid or payable;

"NI 44-101" means Canadian Securities Administrators' National Policy 44-101 – Prompt Offering Qualification System – Short Form Prospectus Distributions;

"NI 51-101" means Canadian Securities Administrators' National Policy 51-101 – Standards of Disclosure for Oil and Gas Activities;

"Paddock" means Paddock Lindstrom & Associates Ltd., independent petroleum consultants of Calgary, Alberta;

"Paddock Report" means the report dated February 14, 2005 prepared by Paddock that reports on certain reserves attributable to the Fund as at December 31, 2004;

"Petroleum Substances" means oil, natural gas and related hydrocarbons (except coal) including, without limitation, all liquid hydrocarbons and all other substances, including sulphur, whether gaseous, liquid or solid and whether hydrocarbon or not, produced in association with such petroleum, natural gas or related hydrocarbons;

"Property" or "Properties" means the working, royalty or other interests of the Corporation and of SLP in any petroleum and natural gas rights, tangibles and miscellaneous interests which the Corporation and SLP may own from time to time. See "Statement of Reserves Data and Other Oil and Gas Information";

"Proximus" means Proximus Energy Corporation;

"Raider" means Raider Resources Ltd.;

"Raider Acquisition Notes" means the promissory notes issued by a predecessor to the Corporation in exchange for shares of Raider. See "Incorporation and Organization – The Raider Acquisition Notes";

"Royalties" means the entitlement of the Fund to receive Royalty Income derived from the Corporation's and SLP's working interests in the Properties. See "Intercorporate and Organization - The Royalties";

"Royalty Agreements" means collectively, the Corporation Royalty Agreement and the SLP Royalty Agreement;

"Royalty Income" means 99% of the amount by which Net Production Revenue exceeds the aggregate of Debt Service Charges, costs, expenses, taxes and other applicable charges payable by the Corporation and SLP in respect of their Properties;

"SEAL" means Shiningbank Energy Acquisitions Ltd.;

"SHC" means Shiningbank Holdings Corporation;

"SHC USA" means the unanimous shareholders agreement of SHC dated October 9, 2002 among SHC, the Trustee, Proximus and Kivacorp;

"SOT" means Shiningbank Operating Trust;

"SLP" means Shiningbank Limited Partnership;

"SLP Royalty Agreement" means the royalty agreement dated effective March 8, 2004 between the Corporation, as general partner of SLP and the Trustee, as the same shall be amended from time to time;

"Special Resolution" means a resolution passed by a majority of not less than 66 2/3% of the votes cast by the Unitholders who voted in respect of that resolution;

"Sproule" means Sproule Associates Limited, independent petroleum consultants of Calgary, Alberta;

"Sproule Report" means the report dated February 8, 2005 prepared by Sproule that reports on certain reserves attributable to the Fund as at December 31, 2004;

"Statement" means the statement and disclosure provided in this Annual Information Form under the heading "Statement of Reserves Data and Other Oil and Gas Information";

"Tax Act" means the *Income Tax Act* (Canada), as amended from time to time;

"Trustee" means Computershare Trust Company of Canada, or its successors, as trustee of the Fund. See "Incorporation and Organization – Trustee";

"Trust Indenture" means the trust indenture of the Fund dated May 16, 1996, as amended and restated on March 7, 2003, by the Trustee and the Corporation. See "Incorporation and Organization – Trust Units";

"Trust Unit" means an equal undivided beneficial interest in the Fund;

"TSX" means The Toronto Stock Exchange;

"Unitholder" means a holder of one or more Trust Units.

ABBREVIATIONS, TERMS AND CONVERSIONS

Certain terms and abbreviations used in this Annual Information Form are defined below:

"bbl"	barrel of oil or NGL;
"bcf"	billion cubic feet of natural gas;
"boe"*	barrel of oil equivalent;
"boe/d"*	barrel of oil equivalent per day;
"bbl/d"	barrel of oil or NGL per day;
"mdbl"	thousand barrels;
"mboe"*	thousand barrels of oil equivalent;
"mmbtu"	million British Thermal Units;
"mcf"	thousand cubic feet of natural gas;
"mcf/d"	thousand cubic feet of natural gas per day;
"mmcf"	million cubic feet of natural gas;
"mmcf/d"	million cubic feet of natural gas per day;
"mstb"	thousand stock tank barrels;
"NGL"	natural gas liquids;

- * A barrel of oil equivalent is determined by converting a volume of natural gas to barrels using the ratio of six mcf to one barrel. Boe's may be misleading, particularly if used in isolation. The boe conversion ratio of 6 mcf:1 bbl is based on an energy equivalency method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead.

In this Annual Information Form measurements are given in standard Imperial or metric units only. The following table sets forth certain standard conversions.

<u>To Convert From</u>	<u>To</u>	<u>Multiply By</u>
mcf	cubic metres	28.174
cubic metres	cubic feet	35.494
bbl	cubic metres	0.159
cubic metres	bbl	6.290
feet	metres	0.305
metres	feet	3.281
miles	kilometres	1.609
kilometres	miles	0.621
acres	hectares	0.405
hectares	acres	2.471

Unless stated otherwise, all sums of money referred to in this Annual Information Form are expressed in Canadian dollars.

FORWARD LOOKING STATEMENTS

Certain statements contained in this Annual Information Form, including estimates of reserves, estimates of future cash flow and estimates of future production as well as other statements about anticipated future events or results, are forward-looking statements. Forward-looking statements often, but not always, are identified by the use of words such as "seek", "anticipate", "believe", "plan", "estimate", "expect", "targeting" and "intend" and statements that an event or result "may", "will", "should", "could" or "might" occur or be achieved and other similar expressions. The forward-looking statements that are contained in this Annual Information Form involve a number of risks and uncertainties. As a consequence, actual results might differ materially from results forecast or suggested in these forward-looking statements. Some of these risks and uncertainties are identified under the heading "Risk Factors" in this Annual Information Form. Additional information regarding these factors

and other important factors that could cause results to differ materially may be referred to as part of particular forward-looking statements. The forward-looking statements are qualified in their entirety by reference to the important factors discussed under the heading "Risk Factors" and to those that may be discussed as part of particular forward-looking statements.

PRESENTATION OF OIL AND GAS RESERVES AND PRODUCTION INFORMATION

All oil and natural gas information contained in this Annual Information Form has been prepared and presented in accordance with Canadian Securities Administrators' National Instrument 51-101 ("NI 51-101"). The actual oil and natural gas reserves and future production will be greater than or less than the estimates provided in this Annual Information Form. The estimated future net revenue from the production of the disclosed oil and natural gas reserves does not represent the fair market value of these reserves. There is no assurance that the constant or forecast prices and costs or other assumptions made in connection with the reserves disclosed herein will be attained and variances could be material.

The estimates of reserves and future net revenue for individual properties may not reflect the same confidence level as estimates of revenue and future net revenue for all properties, due to the effects of aggregation.

NON-GAAP MEASURES

In this Annual Information Form, the Fund uses the terms "cash flow", "cash available for distribution" and "distributable cash" to refer to the amount of cash available for distribution to Unitholders and as indicators of financial performance. The Fund also uses the term "netbacks", which are calculated as average unit sales price less royalties, transportation costs and operating costs, to represent the cash margin for product sold, calculated on a boe basis. "Cash flow", "cash available for distribution", "distributable cash" and "netbacks" are not measures recognized by Canadian generally accepted accounting principles ("GAAP") and do not have standardized meanings prescribed by GAAP. Therefore, "cash flow", "cash available for distribution", "distributable cash" and "netbacks" of the Fund may not be comparable to similar measures presented by other issuers, and investors are cautioned that "cash flow", "cash available for distribution", "distributable cash" and "netbacks" should not be construed as alternatives to net earnings, cash flow from operating activities or other measures of financial performance calculated in accordance with GAAP. Cash available for distribution cannot be assured and future distributions may vary.

INCORPORATION AND ORGANIZATION

The Fund

The Fund is an unincorporated open-ended investment trust created under the laws of the Province of Alberta and formed and governed by the Trust Indenture. The head and principal offices of the Fund are located at 1310, 111 - 5th Avenue S.W., Calgary, Alberta T2P 3Y6. The registered office of the Fund is located at Suite 1200, 700 - 2nd Street S.W., Calgary, Alberta, T2P 4V5.

The Fund's assets consist primarily of the Royalties granted by the Corporation and SLP, the Raider Acquisition Notes, the Ionic Acquisition Notes and the Birchill Acquisition Note. The Royalties entitle the Fund to receive Royalty Income earned by the Corporation and by SLP. See "Incorporation and Organization - The Royalties". The Raider Acquisition Notes, the Ionic Acquisition Notes and the Birchill Acquisition Note entitle the Fund to receive payments of principal and interest from the Corporation and from SLP in accordance with the terms of promissory notes arising at the time of acquisition of the shares of Raider, Ionic and Birchill.

Holders of Trust Units are the beneficiaries of the Fund. Unitholders indirectly receive the benefit of the Royalties consisting of the entitlement to receive an amount equal to the Royalty Income and also indirectly receive the benefit of the interest income on the Raider Acquisition Notes, the Ionic Acquisition Notes and the Birchill Acquisition Note received by the Fund from the Corporation and SLP.

Shiningbank Energy Ltd.

Shiningbank Energy Ltd. was incorporated under the *Business Corporations Act* (Alberta) on March 7, 1996 as Proximity Energy Ltd. Its articles were amended by Certificate of Amendment dated April 9, 1996 to change its name to Shiningbank Energy Ltd. Effective July 1, 2000, and pursuant to the provisions of the *Business Corporations Act* (Alberta), Shiningbank Energy Ltd. amalgamated with Shiningbank Energy Acquisitions Ltd. ("SEAL"), Raider and Raider's wholly-owned subsidiary Cambright Gas Corporation ("Cambright") and continued under the name Shiningbank Energy Ltd. Effective May 4, 2001, and pursuant to the provisions of the *Business Corporations Act* (Alberta), Shiningbank Energy Ltd. amalgamated with 923720 Alberta Inc. and Ionic Energy Inc. and continued under the name Shiningbank Energy Ltd. Effective October 9, 2002, Shiningbank Energy Ltd. amalgamated with Shiningbank Energy Management Inc. and continued under the name Shiningbank Energy Ltd. Effective January 1, 2004, Shiningbank Energy Ltd. amalgamated with Jocsak Energy Ltd. and continued under the name Shiningbank Energy Ltd. Effective March 8, 2004, Shiningbank Energy Ltd. amalgamated with Birchill Resources Limited and Good Ridge Explorations Ltd. to form the Corporation. The Corporation is a wholly-owned subsidiary of SHC and an indirect wholly-owned subsidiary of the Fund. The head and principal office of the Corporation is located at 1310, 111 - 5th Avenue S.W., Calgary, Alberta, T2P 3Y6. The registered office of the Corporation is located at Suite 1200, 700 - 2nd Street S.W., Calgary, Alberta, T2P 4V5.

The Corporation is in the business of acquiring, developing, exploiting, owning and disposing of oil and natural gas properties, providing certain administrative services to the Fund and acting as general partner of SLP. The Corporation has approximately 65 employees. The Corporation has agreed, pursuant to the Administrative Services Agreement, to provide certain management, advisory and administrative services in connection with the Royalties, the Fund, the Trust Units and any entity of the Fund administered by the Corporation. The Corporation receives no management fees for acting as administrator of the Fund or as general partner of SLP and is reimbursed only for administrative expenses incurred in connection therewith.

Shiningbank Holdings Corporation

Shiningbank Holdings Corporation was incorporated under the *Business Corporations Act* (Alberta) on July 24, 2002 as 999972 Alberta Inc. Its articles were amended by a Certificate of Amendment dated October 8, 2002 to, among other things, change its name to Shiningbank Holdings Corporation and authorize the issuance of an unlimited number of non-voting exchangeable shares. With the exception of the non-voting Exchangeable Shares, the Fund owns all of the issued and outstanding shares of SHC. The head and principal office of SHC is located at 1310, 111 - 5th Avenue S.W., Calgary, Alberta, T2P 3Y6. The registered office of SHC is located at Suite 1200, 700 - 2nd Street S.W., Calgary, Alberta, T2P 4V5.

SHC was incorporated for the purpose of acquiring all of the shares of the Former Manager, for cash and Exchangeable Shares, to effect the internalization of the Fund's management. SHC has no business or employees other than holding the shares of the Corporation. See "General Development of the Business of the Fund – Management Internalization Transactions".

Shiningbank Limited Partnership

Shiningbank Limited Partnership ("SLP") is a limited partnership which was formed on December 10, 2004 under the *Partnership Act* (Alberta). The head and principal office of SLP is located at 1310, 111 – 5th Avenue S.W., Calgary, Alberta, T2P 3Y6. The registered office of SLP is located at Suite 1200, 700 – 2nd Street S.W., Calgary, Alberta, T2P 4V5.

SLP is in the business of acquiring, developing, exploiting, owning and disposing of oil and natural gas properties. Shiningbank Operating Trust owns 100% of the limited partnership interests in SLP and SEL is the general partner of SLP.

Shiningbank Operating Trust

Shiningbank Operating Trust ("SOT") is an unincorporated commercial trust created under the laws of the Province of Alberta and governed by a trust indenture between Arne R. Nielsen, as settlor, and 1130243 Alberta Inc., as trustee, dated September 30, 2004. The head and principal office of SOT is located at Suite 1200, 700 – 2nd Street S.W., Calgary, Alberta, T2P 4V5.

The trustee of SOT is 1130243 Alberta Inc. All of the beneficial interest of SOT is held by the Fund. The assets of SOT currently consist of its limited partnership interest in SLP.

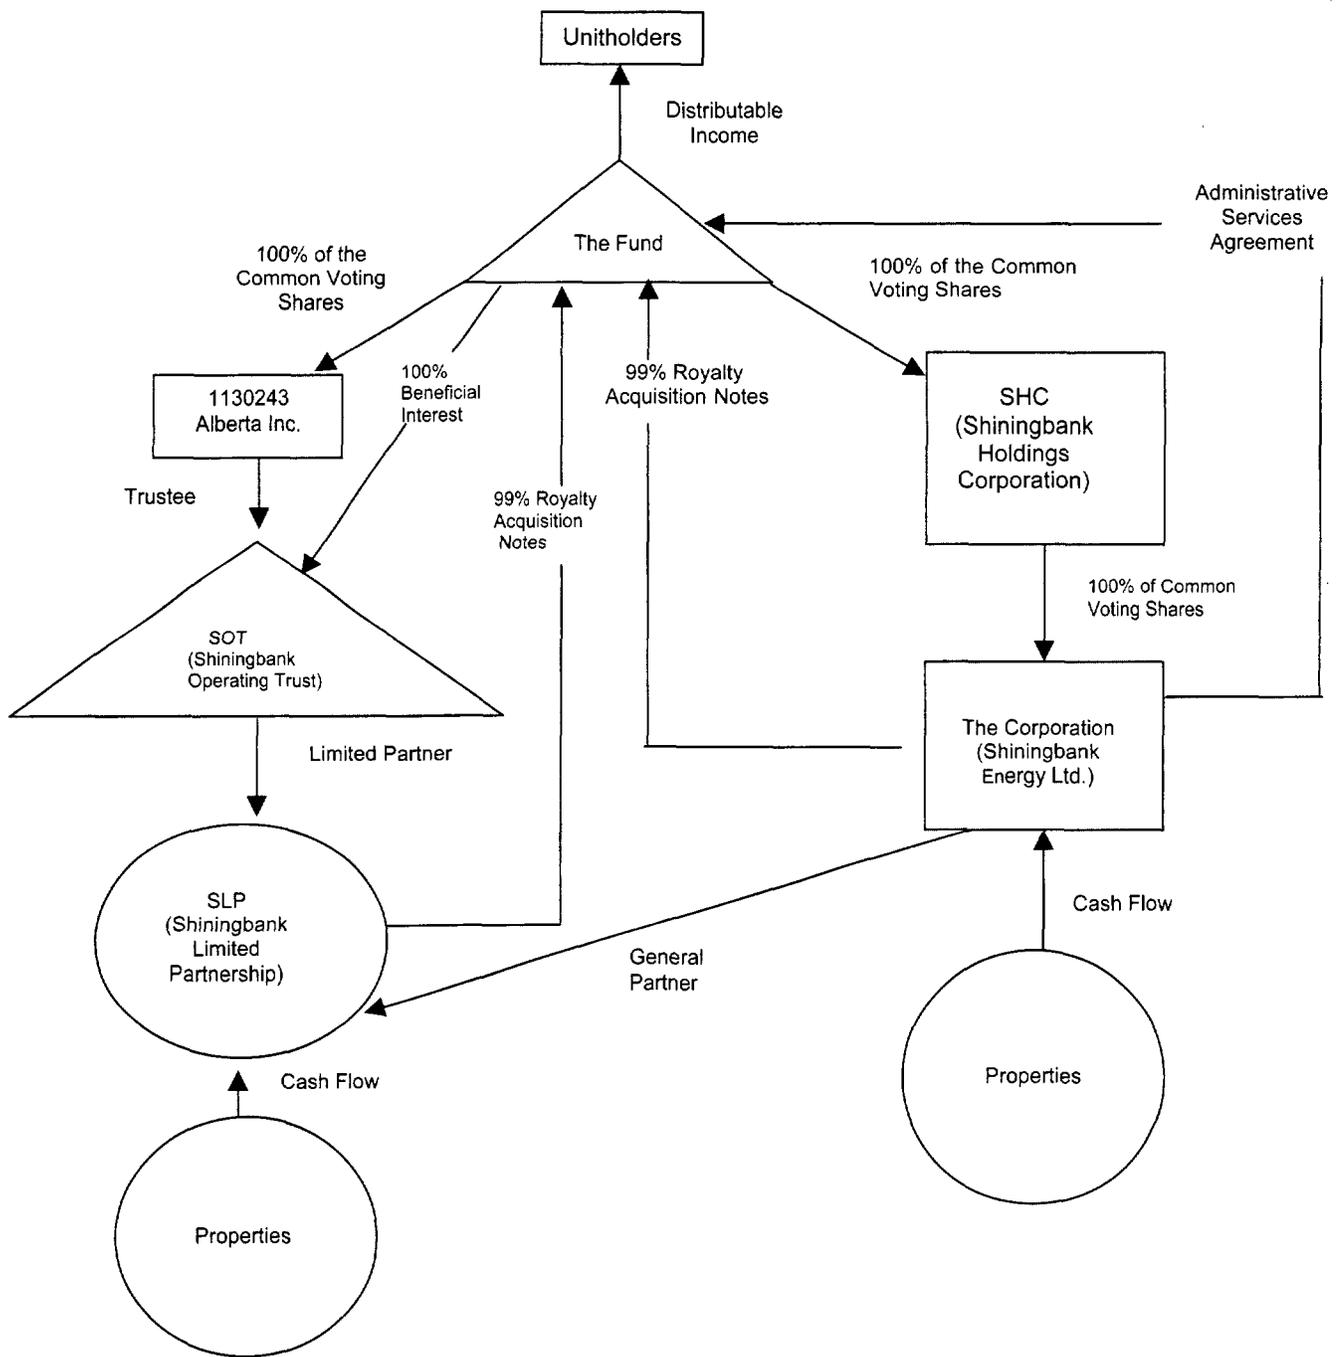

1130243 Alberta Inc.

1130243 Alberta Inc. was incorporated under the ABCA on September 30, 2004. Its head and principal office is located at 1310, 111 – 5th Avenue S.W., Calgary, Alberta, T2P 3Y6 and its registered office is located at Suite 1200, 700 – 2nd Street S.W., Calgary, Alberta, T2P 4V5.

1130243 Alberta Inc. was incorporated for the purpose of being the trustee of SOT. All of the outstanding shares of 1130243 Alberta Inc. are held by the Fund.

Intercorporate Relationships

The following diagram illustrates the flow of cash from the Properties to the Fund and from the Fund to the Unitholders. Reference should be made to the appropriate sections of this Annual Information Form for a complete description of the structure of the Fund:

The Royalties

Pursuant to the Royalty Agreements, the Corporation and SLP have granted the Royalties to the Fund. The Royalties do not constitute an interest in land and the Fund is not entitled to take its share of production in kind or to separately sell or market its share of Petroleum Substances.

The Corporation and SLP are required to pay all Crown charges in respect of the Properties and the Fund is required to reimburse the Corporation and SLP for 99% of the portion thereof not deductible for income tax purposes. At the option of the Corporation and SLP, such reimbursement may be effected by set off against amounts of Royalty Income which the Corporation and SLP are obliged to pay the Fund.

The Royalty Agreements provide that the Fund will be entitled to be paid by the Corporation and SLP, by way of cash payments, the amount payable in respect of the Royalties for each month or quarter (a "Period"), at the election of the Corporation and SLP, on or before the fifteenth day of the month following the completion of each Period.

Deferred Purchase Price Obligation

Recognizing that cash-flows from properties acquired by the Corporation and SLP will be subject to the Royalties for the benefit of Unitholders, the Royalty Agreement imposes upon the Fund the obligation to pay a deferred purchase price (the "Deferred Purchase Price Obligation"). The Deferred Purchase Price Obligation constitutes an ongoing obligation of the Fund to pay to the Corporation and SLP, as additions to the purchase price for the Royalties on the following basis: (i) 99% of the cost of any Canadian resource properties (as defined in the Tax Act) which may be subsequently acquired by the Corporation and SLP, directly or by way of corporate or other business combination, to the extent that such cost is not financed by the debt incurred or assumed by the Corporation and SLP; and (ii) 99% of any capital expenditures incurred in respect of the Properties and so designated by the Corporation and SLP to the extent that such cost is not financed by debt incurred or assumed by the Corporation and SLP. If the Corporation or SLP does not make a designation in respect of capital expenditures at the time they are incurred, the Deferred Purchase Price Obligation shall not be applicable to such expenditures. The Royalty Agreement also provides that the net proceeds realized by the Fund from any offerings of Trust Units which occur subsequent to the initial public offering of Trust Units may be payable by the Fund to the Corporation and SLP pursuant to the Deferred Purchase Price Obligation outstanding at the relevant time.

The cost of the 1% of Canadian resource properties acquired by the Corporation or SLP that is not subject to the Deferred Purchase Price Obligation and the entire cost of depreciable tangible equipment relating to any such additional properties, shall be borne by the Corporation and SLP utilizing their own working capital or funds borrowed by them for such purposes from the Fund or otherwise.

Release of Royalties and Acquisition of Replacement Properties

Pursuant to the terms of the Royalty Agreements, the Corporation and SLP may assign, sell, exchange or otherwise dispose of, all or any portion of the Properties and may release the Royalties therefrom, provided that they determine that such assignments, sales, exchanges or other dispositions would be in the best interests of the Unitholders and that such sales are in accordance with the following:

- (i) all assignments, sales, exchanges or other dispositions of Properties for proceeds in excess of 5% of the net asset value (as defined in the Royalty Agreements) of all Properties must be approved by the Board of directors of the Corporation and, in connection with such approval, the Board of directors of the Corporation must determine whether the net proceeds of any sales allocable to the Fund should be distributed to Unitholders or used to purchase additional properties; and
- (ii) all assignments, sales, exchanges or other dispositions of Properties having a value (as defined in the Royalty Agreements) greater than 25%, in a calendar year, of the net asset value of all Properties must be approved by a Special Resolution of the Unitholders and, in connection with such approval, the Unitholders, subject to the recommendation by the Board of directors of the Corporation, are also required to consider whether the net proceeds of the assignment, sale, exchange or other disposition, allocable to the Fund should be distributed to the Unitholders or used to purchase additional properties.

The Royalty Agreements provide, with respect to the release of the Royalties, that:

- (i) the proceeds of disposition of an interest in any of the Properties (excluding proceeds in respect of related tangible equipment and certain other miscellaneous interests), to the extent not applied to repay borrowings of the Corporation and SLP, shall be allocated 99% to the Fund and 1% to the residual interest of the Corporation and SLP and 100% of the proceeds in respect of related tangible equipment and certain other miscellaneous interests shall be allocated to the Corporation and SLP;
- (ii) the proceeds of disposition allocable as aforesaid to the Fund (the "Royalty Disposition Proceeds") shall be forthwith deposited in an interest bearing account with a Canadian chartered bank maintained by the Corporation or SLP, as the case may be, in trust for the Fund (the "Proceeds Account") and to the extent that there is a Deferred Purchase Price Obligation outstanding, the amount thereof shall be paid to the Corporation out of those proceeds of disposition;
- (iii) interest received on the Proceeds Account during any Period shall be paid by the Corporation and to the Fund on or before the fifteenth day of the month following the end of such Period;
- (iv) to the extent that Royalty Disposition Proceeds create a negative balance in the cumulative Canadian oil and gas property expense account of the Fund (as defined in the *Tax Act*) as at the end of any calendar year, the Corporation and SLP shall remit to the Fund an amount from the Proceeds Account equal to such negative balance so as to permit the distribution thereof; and
- (v) to the extent that Royalty Disposition Proceeds are not used to purchase replacement properties within one year from the date such proceeds are deposited in the Proceeds Account, such proceeds shall be forthwith paid by the Corporation and SLP to the Fund and distributed to Unitholders.

The Raider Acquisition Notes

In June, 2000, the Fund, through SEAL, completed the acquisition of all of the outstanding Raider common shares. SEAL paid approximately \$420,000 in cash and the Fund issued approximately 2.44 million Trust Units in order to acquire 100% of the Raider common shares. Effective July 1, 2000, Shiningbank Energy Ltd., SEAL, Raider and Cambright were amalgamated, continuing as Shiningbank Energy Ltd. Prior to this amalgamation, the Fund transferred to SEAL all of the Raider common shares acquired by it pursuant to the Raider Offer in exchange for the Raider Acquisition Notes. The Raider Acquisition Notes issued by SEAL to the Fund in connection with the acquisition of Raider total approximately \$17.4 million and bear interest at a rate equal to the prime rate of interest announced from time to time by a major Canadian chartered bank for Canadian dollar loans. The Raider Acquisition Notes are now obligations of the Corporation.

The Ionic Acquisition Notes

In April, 2001, the Fund, through 923720, completed the acquisition of all of the outstanding Ionic common shares. The Fund and 923720 paid approximately \$45 million in cash and the Fund issued 5,035,362 Trust Units in order to acquire 100% of the Ionic common shares. Effective May 4, 2001, Shiningbank Energy Ltd., 923720 and Ionic were amalgamated pursuant to the provisions of the *Business Corporations Act* (Alberta), continuing as Shiningbank Energy Ltd., which was a wholly-owned subsidiary of the Former Manager. Prior to such amalgamation, the Fund transferred to 923720 all of the Ionic common shares acquired by it pursuant to the Ionic Offer in exchange for demand promissory notes and the Fund transferred the shares of 923720 to Shiningbank Energy Ltd. These demand promissory notes issued by 923720 to the Fund in connection with the acquisition of Ionic total approximately \$77.6 million (the "Ionic Acquisition Notes"), bear interest at a rate equal to the prime rate of interest announced from time to time by a major Canadian chartered bank for Canadian dollar loans plus one quarter of one percent. The Ionic Acquisition Notes are now obligations of the Corporation.

The Birchill Acquisition Note

On March 8, 2004, Shiningbank Energy Ltd. acquired all of the issued and outstanding shares of Birchill Resources Limited for a purchase price of \$170.1 million. Of this purchase price, \$141.5 million was provided by the Fund which funds were raised by way of a public offering of subscription receipts of the Fund (see "General Development of the Business of the Fund – Significant Developments in 2004"). The remainder of the purchase price for the acquisition of Birchill came from Shiningbank Energy Ltd.'s bank credit facilities. The \$141.5 million in funds provided by the Fund to Shiningbank Energy Ltd. was provided in exchange for a demand promissory note of Shiningbank Energy Ltd. in the same amount. This demand promissory note (the "Birchill Acquisition Note") bears interest at a rate equal to the prime rate of interest announced from time to time by a major Canadian chartered bank for Canadian dollar loans plus one quarter of one percent. A portion of the Birchill Acquisition Note was transferred to SLP pursuant to the restructuring that occurred in late 2004 (see "General Development of the Business of the Fund – Year Ended December 31, 2004"). Effective March 8, 2004, Shiningbank Energy Ltd. amalgamated with Birchill Resources Limited and Good Ridge Explorations Ltd. to form the Corporation.

Trust Units

A maximum of 300,000,000 Trust Units are authorized for issuance pursuant to the Trust Indenture, of which 54,309,735 were issued and outstanding as at March 21, 2005. The Trust Units represent equal and undivided beneficial interests in the Fund. All Trust Units share equally in all distributions from the Fund and all Trust Units carry equal voting rights at meetings of Unitholders. No conversion or pre-emptive rights are attached to the Trust Units.

The following is a summary of certain provisions of the Trust Indenture. For a complete description of the Trust Indenture, reference should be made to the Trust Indenture, a copy of which may be obtained from the Trustee or viewed at the offices of the Corporation at Calgary, Alberta.

Distributions of Cash

The amount of cash to be distributed annually per Trust Unit is equal to a pro rata share of the Fund's Distributable Cash for the year. Cash distributions of Distributable Cash are made on a monthly basis on the Cash Distribution Date. The Corporation determines the Royalty Income and interest income accrued to the Fund on the Raider Acquisition Notes, the Ionic Acquisition Notes and the Birchill Acquisition Note for a particular period and arranges for payment of all direct expenses of the Fund from such income.

Future Offerings

The Fund may offer additional Trust Units or rights to purchase additional Trust Units (up to the authorized maximum) at such times and on such terms and conditions as the Corporation may determine with the approval of the Board of directors of the Corporation. The Royalties will attach to the interests of the Corporation and SLP in any additional properties which are acquired, whether directly or by way of corporate or other business combination, from time to time. Accordingly, the proceeds from any future offerings may be used to finance the acquisition of additional properties, whether directly or by way of corporate or other business combination, should such be available on terms and conditions acceptable to the Corporation, with the approval of the Board of directors of the Corporation in certain circumstances.

Meetings and Voting

Annual meetings of the Unitholders have been held since the inception of the Fund. Special meetings of Unitholders may be called at any time by the Trustee and shall be called by the Trustee upon the written request of Unitholders holding in the aggregate not less than 20% of the issued and outstanding Trust Units. Notice of all meetings of Unitholders shall be given to Unitholders at least 21 days (or such other period of time as may be prescribed by applicable securities legislation) prior to the meeting.

Unitholders may attend and vote at all meetings of Unitholders either in person or by proxy and a proxy holder need not be a holder of Trust Units. Two persons present in person or represented by proxy and representing in the aggregate not less than 5% of the votes attaching to all outstanding Trust Units constitute a quorum for the transaction of business at all such meetings.

Unitholders are entitled to one vote per Trust Unit at all meetings of Unitholders. A Special Resolution of the Unitholders is required to, among other things, amend (except for certain amendments that are not consequential or are required to ensure the Fund complies with applicable laws) the Trust Indenture, the Royalty Agreements, the Administrative Services Agreement, the Corporation USA, the SHC USA, to remove the Trustee, or terminate the Fund.

In addition, holders of Exchangeable Shares have the right to receive notice of, and to vote, at meetings of Unitholders. The holders of the Exchangeable Shares are entitled to vote at meetings of Unitholders through a Special Voting Unit issued by the Fund, on the basis of one vote for each outstanding Exchangeable Share. These rights are governed by a Voting and Exchange Trust Agreement dated October 9, 2002 among the Fund, SHC and the Corporation, and a Support Agreement dated October 9, 2002 among the Fund, SHC and the Corporation as the trustee of the Exchangeable Shares. See "General Development of the Business of the Fund – Three Year History – Management Internalization Transactions".

Corporation USA

The Corporation, SHC and the Trustee, have entered into the Corporation USA which provides that the Unitholders will be entitled to receive notice of and to attend all meetings of the shareholders of the Corporation and except as set forth below, to direct the manner in which SHC votes its shares in the Corporation at all such meetings. Prior to SHC voting its shares of the Corporation, each Unitholder will be entitled to vote in respect of the matter on the basis of one vote per Trust Unit held and SHC will be required to vote its shares of the Corporation in accordance with the result of the votes of Unitholders. Holders of Trust Units are entitled to direct SHC as to how to vote in respect of all matters placed before it as the holder of all voting shares of the Corporation, including the election of directors of the Corporation and the appointment of the auditors of the Corporation and the Fund. In addition, Unitholders are entitled to direct SHC as to how to vote its shares in the Corporation on any proposed amendment to the Corporation USA, the Trust Indenture or the Administrative Services Agreement, which amendments are required to be approved by Special Resolution. SHC is not entitled to exercise its rights as a shareholder except as set forth above.

The Corporation USA also provides that the Board of directors of the Corporation shall consist of a minimum of three and a maximum of nine directors. The number of directors is currently set at five.

SHC USA

SHC, the Trustee, Proximus and Kivacorp have entered into the SHC USA which provides that the Unitholders will be entitled to receive notice of and to attend all meetings of the shareholders of SHC and, except as set forth below, to direct the manner in which the Trustee, on behalf of the Fund, votes its shares in SHC at all such meetings. Prior to the Trustee voting the Fund's shares in SHC, each Unitholder will be entitled to vote in respect of the matter on the basis of one vote per Trust Unit held and the Trustee will be required to vote the Fund's shares in SHC in accordance with the result of the votes of Unitholders. Holders of Trust Units are entitled to direct the Trustee as to how to vote in respect of all matters placed before the shareholders of SHC, including the election of directors of SHC and the appointment of the auditors of SHC. In addition, Unitholders are entitled to direct the Trustee as to how to vote the Fund's shares in SHC on any proposed amendment to the SHC USA, the Trust Indenture or the Administrative Services Agreement, which amendments are required to be approved by Special Resolution. The Fund is not entitled, without the direction of the Unitholders, to exercise its rights as a shareholder, except as set forth above.

The SHC USA also provides that the Board of directors of SHC shall consist of a minimum of three and a maximum of nine directors. The number of directors is currently set at five.

Limitation on Non-Resident Ownership

In order for the Fund to maintain its status as a mutual fund trust under the Tax Act, the Fund must not be established or maintained primarily for the benefit of non-residents of Canada ("non-residents") within the meaning of the Tax Act. Accordingly, the Trust Indenture provides that at no time may non-residents be the beneficial owners of a majority of the Trust Units. The Trustee may require declarations as to the jurisdictions in which beneficial holders of Trust Units are resident. If the Trustee becomes aware, as a result of requiring such declarations or otherwise, that the beneficial owners of 49% of the Trust Units then outstanding are or may be non-residents or that such a situation is imminent, the Trustee shall make a public announcement thereof and shall not accept a subscription for Trust Units from, or issue or register a transfer of Trust Units to, a person unless the person provides a declaration that the person is a resident of Canada. If, notwithstanding the foregoing, the Trustee determines that a majority of the Trust Units are held by non-residents, the Trustee shall send a notice to non-resident holders of Trust Units, chosen in inverse order to the order of acquisition or registration or in such other manner as the Trustee may consider equitable and practicable, requiring them to sell their Trust Units or a portion thereof within a specified period of not less than 60 days. If the Unitholders receiving such notice have not sold the specified number of Trust Units or provided the Trustee with satisfactory evidence that they are not non-residents within such period, the Trustee shall on behalf of such Unitholders sell such Trust Units and in the interim, shall suspend the voting and distribution rights attached to such Trust Units. Any such sale shall be made on any stock exchange on which the Trust Units are then listed and, upon such sale, the affected holders shall cease to be holders of Trust Units and their rights shall be limited to receiving the net proceeds of sale upon surrender of the certificates representing such Trust Units. To the best of the knowledge of management, non-resident ownership of the Trust does not exceed 20% as of the date of this Annual Information Form.

Laws in certain jurisdictions outside Canada may also limit the ownership of Trust Units by certain non-residents, and the Trustee may from time to time take steps similar to the foregoing to minimize any adverse consequences to non-resident Unitholders arising from such laws.

Voting at Meetings of SHC, the Corporation and 1130243 Alberta Inc.

The Unitholders are entitled to certain voting rights at meetings of SHC, the Corporation and 1130243 Alberta Inc. including voting rights with respect to the appointment of auditors and directors of these corporations. See "Incorporation and Organization – Trust Units – Corporation USA" and "Incorporation and Organization – Trust Units – SHC USA".

Termination of the Fund

The Unitholders may vote to terminate the Fund at any meeting of the Unitholders, subject to the following: (a) the vote is requested in writing by the holders of not less than 20% of the Trust Units; or (b) if the Trust Units have become ineligible for investment by Exempt Plans; and (c) a quorum of holders of 50% of the issued and outstanding Trust Units is present in person or by proxy at the meeting; and (d) the termination is approved by Special Resolution of the Unitholders at the meeting.

Unless the Fund is terminated or extended by vote of the Unitholders earlier, the Trustee shall commence to wind up the affairs of the Fund on December 31, 2096. In the event that the Fund is wound-up, the Trustee will liquidate all the assets of the Fund, pay, retire, discharge or make provision for some or all obligations of the Fund and then distribute the remaining proceeds of sale, if any, to Unitholders.

Reporting to Unitholders

The Fund furnishes to Unitholders, within 45 days of the end of the first, second and third quarters of each year, a report which includes an unaudited statement of receipts and disbursements attributable to the Royalties for the quarter. Within 90 days of the end of each calendar year, the Fund furnishes tax reporting information to each person who received Distributable Cash at any time during the previous calendar year (or such shorter period of time as may be prescribed by applicable securities legislation).

The financial statements of the Fund are audited at least annually by an independent, recognized firm of chartered accountants and the audited financial statements of the Fund, together with the report of such

chartered accountants, are mailed by the Trustee to Unitholders within 90 days of the end of each calendar year. The fiscal year end of the Fund is December 31.

The Fund also furnishes annually to Unitholders a summary review of the acquisitions and dispositions of Properties that have occurred during the preceding year and activities conducted thereon, including locations of Properties and aggregate amounts of crude oil, natural gas and natural gas liquids produced therefrom and related operating costs. A summary description of material changes in the Fund's financial affairs and their expected impact on Unitholders is also provided.

Take-over Bids and Unitholder Rights Plan

The Trust Indenture contains provisions to the effect that if a take-over bid is made for Trust Units and not less than 90% of the Trust Units (other than Trust Units held at the date of the take-over bid by or on behalf of the offeror or associates or affiliates of the offeror) are taken up and paid for by the offeror, the offeror shall be entitled to acquire the Trust Units held by Unitholders who did not accept the offer on the terms offered by the offeror, subject to compliance with the relevant provisions of the Trust Indenture. On January 25, 2000, the Board of directors of the Corporation approved the adoption by the Fund of a unitholder rights plan (the "Rights Plan"). The Unitholders ratified the adoption of the Rights Plan at the Special and Annual General Meeting of Unitholders held on May 9, 2000. The provisions of the Rights Plan require that Unitholders ratify the continued existence of the Rights Plan at the first annual meeting of Unitholders of the Fund following the second anniversary of the date of the Rights Plan, and at every second annual meeting of Unitholders of the Fund held thereafter. In addition, pursuant to amendments to the Trust Indenture approved by Unitholders on May 9, 2000, the Trustee has delegated its authority to the Corporation to address all matters pertaining to the Unitholder Rights Plan or the maximization of Unitholder value in the context of a response to an offer for Trust Units or for all or substantially all of the assets of the Trust or any of the Managed Entities. The Unitholders reconfirmed the Rights Plan at the Special and Annual General Meetings of Unitholders held on May 7, 2002 and May 12, 2004.

Retraction Rights

Trust Units will be retractable at any time on demand by the holder thereof upon delivery to the Fund of the certificate or certificates representing such Trust Units, accompanied by a duly completed and properly executed notice requesting retraction. Upon receipt of the retraction request by the Fund, all rights to and under the Trust Units tendered for retraction shall be surrendered and the holder thereof shall be entitled to receive a price per Trust Unit ("Redemption Price") equal to the lesser of: (i) 95% of the "market price" of the Trust Units on the principal market on which the Trust Units are quoted for trading during the 10 trading day period commencing immediately after the date on which the Trust Units are surrendered for retraction; and (ii) the "closing market price" on the principal market on which the Trust Units are quoted for trading on the date that the Trust Units are surrendered for retraction.

The "market price" for the purposes of a retraction of Trust Units will be an amount equal to the simple average of the closing price of the Trust Units for each of the 10 trading days on the principal market on which the Trust Units are quoted for trading and on which there was a closing price; provided that if the applicable exchange or market does not provide a closing price but only provides the highest and lowest prices of the Trust Units traded on a particular day, the "closing price" shall be an amount equal to the simple average of the highest and lowest prices for that trading day if there was a trade; and provided further that if there was a trade on the applicable exchange or market for fewer than five of the 10 trading days, the "market price" shall be the simple average of the "closing market price" on each of the 10 trading days. The "closing market price" shall be an amount equal to the closing price of the Trust Units if there was a trade on the date; an amount equal to the average of the highest and lowest prices of Trust Units if there was trading and the exchange or other market provides only the highest and lowest prices of Trust Units traded on a particular day; and the average of the last bid and last ask prices of the Trust Units if there was no trading on the date.

The aggregate cash Redemption Price payable by the Fund in respect of any Trust Units surrendered for retraction during any calendar month shall be satisfied by way of a cash payment on the last day of the following month; provided that the entitlement of Unitholders to receive cash upon redemption of their Trust Units is subject to the limitations that: (i) the total amount payable by the Fund in respect of such Trust Units and all other Trust Units tendered for retraction in the same calendar month shall not exceed \$100,000 provided that such

limitation may be waived at the discretion of the Board of directors of the Corporation; (ii) at the time such Trust Units are tendered for retraction the outstanding Trust Units of the Fund shall be listed for trading on a stock exchange or traded or quoted on any other market which the Board of directors of the Corporation consider, in their sole discretion, provides representative fair market value prices for the Trust Units; or (iii) the normal trading of Trust Units is not suspended or halted on any stock exchange on which the Trust Units are listed (or, if not listed on a stock exchange, on any market on which the Trust Units are quoted for trading) on the date that the Trust Units are tendered for retraction or for more than five trading days during the 10 day trading period commencing immediately after the date on which the Trust Units are tendered for retraction.

If a Unitholder is not entitled to receive cash upon the redemption of Trust Units as a result of the foregoing limitations, then the Redemption Price for such Trust Units shall be the fair market value thereof as determined by the Board of directors of the Corporation and shall, subject to any applicable regulatory approvals, be paid and satisfied by way of a distribution in specie of the Fund's property (the "Fund Property"). The Fund Property may include interests in shares and/or debt instruments (the "Securities"). No fractional Securities will be distributed and where the number of Securities to be received by a Unitholder includes a fraction, such number shall be rounded to the next lowest whole number. The Fund shall be entitled to all interest paid or accrued and unpaid and to all dividends paid or declared payable with respect to the Fund Property on or before the date of such distribution in specie. The holders of the Fund Property will be subject to the provisions of all material agreements that relate to the Fund Property.

It is not anticipated that the retraction right will be the primary mechanism for Unitholders to liquidate their investment. The Securities which may be distributed to Unitholders in connection with any retraction may be subject to resale restrictions under applicable securities laws, will not be listed on any stock exchange and no market is expected to develop for such Securities. The Securities received as a result of a retraction of Trust Units may not be qualified investments for Exempt Plans, depending upon the circumstances existing at that time. The holders of the Securities will be subject to the provisions of all agreements that relate to the Securities. See "Incorporation and Organization - The Royalties, The Raider Acquisition Notes, The Ionic Acquisition Notes and The Birchill Acquisition Note".

Trustee

Computershare Trust Company of Canada ("Computershare") is the Trustee of the Fund and also acts as the transfer agent for the Trust Units. The Trustee is responsible for, or has delegated to the Corporation, the following: (i) receiving and reviewing subscriptions for Trust Units and issuing Trust Units pursuant thereto; (ii) maintaining books and records of the Fund and providing timely reports to holders of Trust Units; (iii) paying Distributable Cash to Unitholders; and (iv) monitoring, on a continuous basis, the activities of the Fund. The Trustee may require declarations as to the jurisdictions in which beneficial owners of Trust Units are resident.

The Trust Indenture provides that the Trustee shall exercise its powers and carry out its functions thereunder as Trustee honestly, in good faith and in the best interests of the Fund and the Unitholders and, in connection therewith, shall exercise that degree of care, diligence and skill that a reasonably prudent trustee would exercise in comparable circumstances, subject to compliance by the Trustee with any agreements contemplated by the Trust Indenture, which may be binding upon the Trustee or the Fund.

The Trustee is reappointed or changed every two years as may be determined by a majority of the votes cast at a meeting of the Unitholders. At the Special and Annual General Meeting of the Unitholders to be held on May 10, 2005 the Unitholders will be asked to consider and vote on a resolution that Computershare be reappointed and reconfirmed as Trustee. The Trustee may resign upon 60 days' notice to the Corporation. The Trustee may also be removed by Special Resolution of the Unitholders if the Trustee becomes bankrupt or insolvent or otherwise incapable of performing its responsibilities under the Trust Indenture or as the result of a material increase in the fees charged by the Trustee. Such resignation or removal becomes effective upon the acceptance or appointment of a successor trustee. Prior to November 1, 2001, Montreal Trust Company of Canada ("Montreal Trust") was the trustee of the Fund and was replaced by Computershare, the successor in interest to Montreal Trust by virtue of the acquisition of certain assets of Montreal Trust by Computershare early in 2001.

The Corporation, on behalf of the Trustee, keeps such books and records as are necessary for the proper recording of the business transactions of the Fund. Where it is practical to do so, these records are similar to those required to be maintained by a distributing corporation incorporated under the *Business Corporations Act* (Alberta). Unitholders generally have access to such records to the same extent as though they were shareholders of such a corporation. All such records are kept by the Corporation at its offices in Calgary, Alberta.

The Trust Indenture provides that the Trustee shall be under no liability to any holder of Trust Units for any action taken in good faith reliance upon any documents that are, prima facie, properly executed, for any depreciation of, or loss to, the Fund incurred by reason of the sale of any property, for any inaccuracy in any evaluation provided by the Corporation or any other appropriately qualified person, for relying on any such evaluation, for any action or failure to act of the Corporation, or for any other action or failure to act (including, without limitation, the failure to compel in any way any former trustee to redress any breach of trust or any failure by the Corporation to perform its duties under the Trust Indenture, or the Royalty Agreements, the Administrative Services Agreement, the Corporation USA, the SHC USA or any underwriting agreement to which the Fund is a party), unless such liabilities arise out of the Trustee's gross negligence, wilful default or fraud. If the Trustee has retained an appropriate expert or advisor with respect to any matter connected with its duties under the Trust Indenture or the Royalty Agreements, the Trustee may act or refuse to act based on the advice of any such expert or advisor without liability. The Trustee shall be indemnified out of the assets of the Fund and shall have no additional recourse against Unitholders for: (i) any taxes or other government charges imposed upon the Trustee in consequence of its performance of its duties; (ii) losses suffered by it arising out of the performance of its duties under the Trust Indenture; and (iii) for losses arising in respect of third party environmental claims, provided: (a) that such losses do not arise out of the Trustee's gross negligence, wilful default or fraud; and (b) the assets of the Fund are sufficient to satisfy the above losses of the Trustee. Pursuant to the Administrative Services Agreement, the Trustee and any person who is serving or has served as a director, officer, employee or agent of the Trustee shall be indemnified by the Corporation out of the assets of the Corporation against all liabilities (including environmental liabilities), obligations, costs and expenses (including judgments, fines, penalties, amount paid in settlement with the approval of the Corporation, as the case may be, and reasonable counsel fees) arising from or related to any manner of breach of the Administrative Services Agreement by the Corporation or in any way arising from or related in any manner to the fraud, wilful misconduct, or gross negligence of the Corporation in the performance of its obligations thereunder, provided any other person claiming indemnification hereunder shall be indemnified only to the extent such person is not finally adjudged in said action, suit or proceeding to have acted with wilful misfeasance, bad faith, or gross negligence and provided that any such person shall not be indemnified if such person is finally adjudged to have acted other than honestly and in good faith.

The Trust Indenture provides that all contracts signed by or on behalf of the Fund must (except as the Trustee or Corporation may otherwise, in any respect, determine) contain a provision to the effect that the obligations in such agreement will not be binding upon Unitholders personally. Personal liability may also arise in respect of claims against the Fund that do not arise under contracts, including claims in tort, claims for taxes and possibly certain other statutory liabilities. The possibility of any personal liability of this nature arising is considered unlikely. In addition, the *Income Trust Liability Act* (Alberta) provides that a beneficiary of a trust that is (a) created by a trust instrument governed by the laws of Alberta, and (b) a reporting issuer as defined in the *Securities Act* (Alberta), is not liable as a beneficiary for any act, default, obligation or liability of the trustee. See "Risk Factors – Unitholder Liability".

Administrative Services Agreement

The Trustee and the Corporation entered into the Administrative Services Agreement on October 9, 2002. The Administrative Services Agreement may be terminated by the Trustee on the earlier of the expiry of 3 months written notice of termination given by the Trustee to the Corporation, and the date on which a satisfactory replacement administrator is appointed.

Pursuant to the Administrative Services Agreement, the Corporation provides certain management, advisory and administrative services in connection with the Royalties, the Fund, the Trust Units and any entity of the Fund managed by the Corporation. In return, the Corporation is reimbursed only for administrative expenses incurred, with the intention that the Corporation not derive any financial gain, nor suffer any financial loss, as a result of providing such services.

The main duties of the Corporation under the Administrative Services Agreement include:

- ▶ managing all of the operations and other affairs of the Fund;
- ▶ advising the Fund in respect of the Royalties;
- ▶ administering all matters respecting the assets of the Fund and the Trust Units;
- ▶ providing or causing to be provided to Unitholders all information to which Unitholders are entitled under the Trust Indenture;
- ▶ determining the timing and terms of future offerings of Trust Units, if any, and all other services as may be necessary for the Trustee to discharge its responsibilities under the Trust Indenture;
- ▶ ensuring compliance by the Fund with continuous disclosure obligations under all applicable securities legislation;
- ▶ providing investor relations services to the Fund;
- ▶ calling and holding all necessary meetings of Unitholders and distributing materials including notices of meetings and information circulars in respect thereof;
- ▶ determining the amounts payable from time to time to Unitholders and arranging for distributions to Unitholders of Distributable Cash; and
- ▶ providing office space, equipment and staff, including clerical, technical, managerial and accounting services for the Fund and the Corporation.

In exercising its powers and discharging its duties under the Administrative Services Agreement, the Corporation is required to exercise that degree of care, diligence and skill that a reasonably prudent administrator would exercise in comparable circumstances.

The Corporation will be indemnified by the Fund in respect of certain liabilities, obligations, costs and expenses which it may suffer in discharging its obligations under the Administrative Services Agreement provided that such liabilities, obligations, costs and expenses do not arise from the fraud, wilful misconduct or gross negligence of the Corporation.

The Board of directors of the Corporation reviews the provision of services under the Administrative Services Agreement on an ongoing basis. Any significant amendment to the Administrative Services Agreement must be approved by the Board of directors of the Corporation, the Trustee and by Special Resolution of the Unitholders.

The Corporation's Business Strategy

The Corporation manages and administers the assets of the Fund according to the terms and conditions set forth in the Administrative Services Agreement. A business strategy has been set out which utilizes the extensive management, technical and business experience of the directors and officers of the Corporation with the objective of maintaining and enhancing Distributable Cash to Unitholders and the value of the Trust Units. Optimizing income and value will be achieved by increasing both the quality and quantity of the assets held by the Corporation and underlying the Royalties. To achieve this strategy the Corporation:

- ▶ plans to acquire additional producing assets having a long reserve life;
- ▶ operates a significant number of the Properties in order to proactively manage the factors impacting Distributable Cash, including operating costs, capital costs, development plans and timing, abandonment liabilities, commodity markets, joint venture billings and receipts;

- ▶ uses capital to exploit oil and natural gas assets and optimize cash-flow where the Corporation considers the risk to be reasonable;
- ▶ has developed a production marketing strategy to provide a competitive commodity price portfolio as well as to reduce price volatility; and
- ▶ endeavours to optimize cash flow by reducing operating costs and general and administrative costs.

The Corporation endeavours to capitalize on the operating, exploitation, evaluation and management experience of its officers and the directors in order to be competitive in the asset acquisition and cash flow enhancement process.

The Corporation's Acquisition Criteria

The Corporation may periodically purchase additional oil and natural gas properties or acquire corporations or other entities holding such assets, with a view to maintaining or increasing Distributable Cash for Unitholders. Such acquisitions generally comply with the following criteria and procedures:

- ▶ each must be evaluated by an independent engineer except for properties from a single vendor acting at arm's length where the purchase price of the properties is not in excess of \$15 million;
- ▶ each is evaluated using industry accepted pricing and reserve definitions and discount rates. Payout periods and acquisition costs per boe are rigorously evaluated as part of the process to attempt to ensure a competitive Distributable Cash will result from such acquisitions;
- ▶ not more than 50% of the net asset value of all Properties can be attributable to a single pool;
- ▶ at least 60% of the net asset value of all Properties must be represented by proved reserves;
- ▶ the Properties must be selected, in part, on the basis that the amount of anticipated capital expenditures required thereon will be of the type which are intended to maintain, realize or improve production from such properties; and
- ▶ the approval of the Board of directors of the Corporation is required for acquisitions exceeding \$20 million per transaction.

The oil and natural gas industry continues to go through a period of consolidation and rationalization which has resulted in an increase in property divestitures by industry participants. The Corporation believes that this process will continue, thereby providing it with opportunities to acquire oil and natural gas producing properties which meet the foregoing acquisition criteria.

The Corporation and SLP

Business

The Corporation was incorporated and organized for the purpose of, and carries on the business of, acquiring, developing, exploiting and disposing of oil and natural gas properties and granting the royalty to the Fund under the terms of the Corporation Royalty Agreement. It also performs its duties under the Administrative Services Agreement and its duties as general partner of SLP under the limited partnership agreement for SLP.

SLP was formed for the purpose of, and carries on the business of, acquiring, developing, exploiting and disposing of oil and natural gas properties. It granted the royalty to the Fund under the terms of the SLP Royalty Agreement. The Corporation is the general partner of SLP and, in that capacity, directs the operations and policies of SLP.

Borrowing

The Corporation has a \$225 million revolving committed credit facility with a syndicate of Canadian chartered banks. The facility has a revolving period ending on April 27, 2006, at which time the facility, unless renewed, reverts to a two year term with principal payments, if necessary, commencing on July 28, 2005. The credit facility is accessed through the use of funding instruments as provided for under the credit facility and is secured by: (i) \$300 million floating charge demand debentures pursuant to which all of the Corporation's and SLP's assets are pledged; and (ii) general security agreements under which all personal property of the Corporation and of SLP has been mortgaged and charged. The facility contains provisions which may restrict the ability of the Corporation and SLP to pay the Royalties and which may compel a sale of the working interests underlying the Royalties in certain circumstances, with all proceeds from such sale going to the banks and not to the Fund. The Corporation may borrow certain amounts to finance its ongoing operations as well as those of SLP, including certain costs incurred on behalf of the Fund and SLP.

Limitations on Borrowing

Pursuant to the Royalty Agreement, the Corporation is permitted to borrow funds to finance the purchase of Properties, incur capital expenditures or other financial obligations or encumbrances in respect of the Properties or for working capital purposes and to grant security on the Properties in priority to the Royalties to secure the loans of such monies. However, the Royalty Agreements restrict the ability of the Corporation to borrow from third parties if: (i) the amounts borrowed from such third parties to finance the purchase of Properties exceeds 40% of the asset value of all of the Properties at the time of borrowing; or (ii) the Debt Service Charges on amounts borrowed from such third parties to finance the purchase of Properties or capital expenditures to maintain or improve production from the Properties or other borrowings, exceed 30% of the aggregate of the projected annual Royalty Income and the projected annual income from the Birchill Acquisition Note, the Raider Acquisition Notes and the Ionic Acquisition Notes.

Capital Expenditures

The Corporation may approve and fund capital expenditures under the terms of the Royalty Agreements. Future capital expenditures are intended to maintain or improve production and to exploit the assets of the Corporation and of SLP. Capital expenditures will not be incurred to fund what management considers to be high risk exploratory drilling activities. Capital expenditures may be financed from Royalty Income, additional issuances of Trust Units, borrowings or by joint venture agreements on the basis that the joint venture partner will assume such capital expenditures in exchange for a working interest participation in the Properties. Under the terms of the Royalty Agreements, annual capital expenditures are not to exceed 15% of the annual Net Operating Income from the Properties unless financed with borrowings or additional issuances of Trust Units (this requirement is proposed to be removed subject to approval of Unitholders at the Fund's annual meeting of unitholders to be held this year). Capital expenditures which are funded from Royalty Income may result in a short term reduction in Distributable Cash.

Environmental Obligations

The Corporation and SLP are liable for their respective working interest share of ongoing environmental obligations and for the ultimate reclamation of the Properties upon abandonment. Ongoing environmental obligations are expected to be funded as incurred. Management of the Corporation believes that funding environmental obligations in this manner is appropriate given that the Corporation and SLP operate a significant number of the Properties. The Corporation pro-actively monitors the factors giving rise to environmental liabilities on behalf of itself and SLP.

The provision for abandonment costs by the Corporation and SLP is calculated over the remaining life of their respective reserves using the "unit-of-production" method. The Corporation and SLP record a liability equal to the present value of future abandonment and reclamation costs and a corresponding increase in property, plant and equipment costs. The initial liability must be measured at fair value and subsequently adjusted for the accretion of discount and changes in such fair value. The asset retirement cost is capitalized and depleted into earnings over time. Actual abandonment costs incurred in a specific period are charged against this provision. For

Royalty Income calculation, actual abandonment costs paid or payable are charged as an expense. All salvaged equipment is re-used or sold to help offset well abandonment and site reclamation costs.

Insurance

The Corporation carries insurance policies to provide protection for the assets of the Corporation and SLP, providing coverage at or above industry standards. Insurance policies cover property damage, business interruption and general liability. The ongoing level, type and maintenance of insurance will be determined by the Corporation based upon the availability and cost of such insurance and the Corporation's perception of the risk of loss. *The Corporation carries insurance which provides standard industry levels of coverage to individuals for all good faith acts carried out by them on behalf of the Corporation in their capacity as directors or officers of the Corporation.*

The DRIP Plan

On March 14, 2000, the Board of directors of the Corporation approved the adoption by the Fund of a distribution reinvestment and optional trust unit purchase plan (the "DRIP Plan"). On May 9, 2000, the adoption of the DRIP Plan was ratified by the Unitholders at the Special and Annual Meeting of Unitholders. The purpose of the DRIP Plan is to allow eligible Unitholders to purchase additional Trust Units by either re-investing their cash distributions or by making additional optional cash payments of up to a maximum of \$3,000 per quarter for the purchase of additional Trust Units. During 2004, 296,538 Trust Units were issued from treasury pursuant to the DRIP Plan and the balance were purchased through the facilities of the TSX.

Rights Incentive Plan

Effective July 1, 2001, the Fund replaced its trust unit option plan with a trust unit rights incentive plan (the "Rights Incentive Plan"). The Rights Incentive Plan permits the Board of directors of the Corporation to grant rights to purchase Trust Units to employees, officers, directors or other service providers of the Corporation. The purpose of the Rights Incentive Plan is to provide an effective long-term incentive to eligible participants and to reward them on the basis of the long-term Trust Unit trading price performance and distributions of the Fund, thereby reflecting the total return to Unitholders. Further information on the Rights Incentive Plan is available in the Fund's Information Circular dated March 21, 2005 that relates to the Special and Annual General Meeting of the Unitholders of the Fund to be held on May 10, 2005.

Unitholder Rights Plan

For details respecting the Unitholder Rights Plan, see "Trust Units – Take-over Bids and Unitholder Rights Plan" above.

Employee Savings Plan

Effective January 1, 2001, the Corporation established an Employee Trust Unit Savings Plan (the "ESP") to assist employees in meeting long term savings goals through the acquisition of Trust Units of the Fund and other professionally managed investment funds and to encourage its employees to have a direct investment in the Corporation. Under the ESP, employees may contribute as much of their semi-monthly pay period earnings to the Plan as they wish, subject to a minimum contribution of 2% per pay period. The Corporation contributes an amount equal to the amount contributed by the employee to a maximum of 6% per pay period. The Corporation's contributions accumulate and are directly deposited into the employee's account on a monthly basis. Once deposited, the contributions vest immediately in favour of the employee even if his or her employment with the Corporation ends thereafter. All contributions under the ESP are contributed to the employees' respective self-directed RRSP accounts or non-RRSP accounts. The contributions made under the ESP by the Corporation are used to purchase Trust Units of the Fund in the secondary market through the facilities of the TSX. All commissions payable respecting the purchase of Trust Units are paid by the Corporation. Employees are responsible for commissions payable in connection with the sale of their Trust Units or other securities held under the ESP.

GENERAL DEVELOPMENT OF THE BUSINESS OF THE FUND

General

The Fund was created in July 1996, pursuant to an initial public offering of \$53 million of Trust Units, the proceeds of which were used to acquire the royalty from the Corporation under the terms of the Corporation Royalty Agreement. The Fund is a conventional oil and gas royalty trust which earns income from the Royalties and from the Birchill Acquisition Note, Raider Acquisition Notes and Ionic Acquisition Notes, for the benefit of Unitholders and operates as an open-end mutual fund trust, providing Unitholders with regular payments of Distributable Cash. The Corporation and SLP acquire, develop and operate oil and gas properties, the cash flow from which pays the Royalties and the principal and interest under the Raider Acquisition Notes, the Ionic Acquisition Notes and the Birchill Acquisition Note. The Corporation is the general partner of SLP.

Three Year History

Year Ended December 31, 2002

On May 2, 2002, the Fund issued 4,025,000 Trust Units at \$14.20 each for gross proceeds of \$57,155,000 which was used to finance the purchase of long-life oil and natural gas properties.

During 2002, the Corporation expended an aggregate of \$49.6 million in various property acquisitions in 16 separate transactions ranging in size from \$22,000 to \$21.1 million. Each of these acquisitions were structured as asset acquisitions and were funded by a combination of debt and proceeds from the issue of Trust Units described above. The largest transaction was the purchase in May 2002 of a natural gas producing property at Minehead in west-central, Alberta at a cost of \$21.1 million.

On October 9, 2002, the Fund, through SHC, purchased all of the outstanding shares of the Former Manager for net aggregate consideration of \$19.4 million consisting of \$2.9 million in cash and 1,136,614 Exchangeable Shares valued at \$16.5 million, at a deemed value of \$14.508 per Exchangeable Share. See "General Development of the Business of the Fund – Three Year History – Management Internalization Transactions".

At a special meeting of Unitholders held on October 8, 2002, Unitholders approved changes to the Trust Indenture and the Corporation Royalty Agreement to allow for monthly distributions of Distributable Cash to Unitholders. The Fund commenced monthly distributions in the first quarter of 2003. The record date for each monthly distribution is the last day of the calendar month with such distribution being paid on the 15th day of the following month. The record date for the first monthly distribution was February 28, 2003.

Management Internalization Transactions

After receiving the approval of Unitholders at the special meeting held on October 8, 2002, the Fund effected an internalization of its management structure by acquiring, through its wholly-owned subsidiary SHC, all of the shares of the Former Manager, and subsequently amalgamating the Former Manager with the Corporation and continuing as the Corporation. The purposes of the transaction were to eliminate the Fund's on-going management fees and improve its competitiveness and flexibility in making acquisitions, while at the same time retaining the executive officers and key personnel of the Former Manager and better aligning their interests with those of the Unitholders. The consideration paid for the shares of the Former Manager was \$19.4 million, of which \$2.9 million was paid in cash and the balance was paid by the issuance of 1,136,614 Exchangeable Shares of SHC at a deemed value of \$14.508 per Exchangeable Share.

Prior to the internalization, the shareholders of the Former Manager were Proximus, as to 50%, a corporation wholly-owned by Arne R. Nielsen, the Chairman of the Board and a director of the Former Manager and the Corporation, and Kivacorp as to 50%, a corporation wholly-owned by David M. Fitzpatrick, the President, Chief Executive Officer and a director of the Former Manager and the Corporation. The transaction was negotiated on behalf of the Fund by an independent committee of the Board of directors of the Corporation (the "Independent Committee") consisting of the three directors of the Corporation who are independent of management of the

Corporation. The Independent Committee obtained independent legal advice and an independent opinion with respect to the fairness, from a financial point of view, of the consideration payable under the transactions from National Bank Financial Inc. Mr. Nielsen and Mr. Fitzpatrick abstained from voting on the approval of the transactions, both as directors of the Corporation and as Unitholders.

The Trustee, for and on behalf of the Fund, the Corporation and the Former Manager had entered into the Management Agreement, which required the Former Manager to provide management services to the Fund and the Corporation. Under the terms of the Management Agreement, the Former Manager received annual management fees equal to 3.25% of the net operating income of the Corporation (as that term was defined in the Management Agreement) and acquisition fees equal to 1.5% of the purchase price of acquisitions made by the Corporation or its affiliates. A quarterly dividend was also paid to the Former Manager by the Corporation. The dividend amount was equal to approximately 1% of the Distributable Cash for such quarter. During the year ended December 31, 2002, the fees received by the Former Manager under the Management Agreement consisted of management fees of \$1,938,795, acquisition fees of \$720,742 and dividends of \$517,130. Following the acquisition of the Former Manager and its subsequent amalgamation with the Corporation, the Management Agreement was terminated and replaced with the Administrative Services Agreement. See "Incorporation and Organization – Administrative Services Agreement".

The Exchangeable Shares are exchangeable into Trust Units at the election of the holder. The number of Trust Units required to be issued for each Exchangeable Share tendered at the time of the exchange (the "Exchange Ratio") was initially one to one, based on the deemed value of \$14.508 per Exchangeable Share at their issue date of October 9, 2002. The Exchange Ratio is increased at the time of payment of each distribution of Distributable Cash to Unitholders by an amount equal to the distribution per Trust Unit divided by the weighted average trading price of the Trust Units on the TSX for the 10 trading days ending on the record date for that distribution. As at December 31, 2004 the Exchange Ratio was 1.32647 Trust Units for each Exchangeable Share and as of March 21, 2005, the Exchange Ratio was 1.35755 Trust Units for each Exchangeable Share.

Holders of Exchangeable Shares have the right to receive notice of and to vote at meetings of Unitholders. The holders of the Exchangeable Shares are entitled to vote at meetings of Unitholders through a Special Voting Unit issued by the Fund, on the basis of one vote for each outstanding Exchangeable Share. These rights are governed by a Voting and Exchange Trust Agreement dated October 9, 2002 among the Fund, SHC and the Corporation, and a Support Agreement dated October 9, 2002 among the Fund, SHC and the Corporation as the trustee of the Exchangeable Shares.

In order to encourage the retention of the management of the Fund, 378,871 of the 568,307 Exchangeable Shares received by each of Kivacorp and Proximus, and the underlying Trust Units into which they may be exchanged, were placed in escrow with Valiant Trust Company as the escrow agent. Under the terms of the escrow agreement with Kivacorp, one fifth of the escrowed securities were released to Kivacorp on October 9 in 2003 and 2004 with one fifth releasable on October 9 in each of 2005, 2006 and 2007 as long as Mr. Fitzpatrick remains the President and CEO of the Corporation. If Mr. Fitzpatrick voluntarily terminates his employment with the Corporation before October 9, 2007, the Exchangeable Shares or Trust Units remaining in escrow at the time of such termination will be cancelled without consideration. Proximus has a similar escrow agreement but for a period of three years, respecting Mr. Nielsen and his position of Chairman or Executive Chairman of the Corporation, the release dates of which were October 9 in each of 2003 and 2004 with the last release scheduled for October 9, 2005. At December 31, 2004, 263,482 Exchangeable Shares were exercisable and 353,614 remained in escrow.

Under the provisions of a unanimous shareholders agreement of the Corporation, as amended and restated on November 1, 2001, the Former Manager had the right to appoint two directors to the Board of directors of the Corporation, with the balance of the directors being elected by the Unitholders. This unanimous shareholder agreement has been terminated and replaced by the Corporation USA. Pursuant to the terms of the Corporation USA, all of the directors of the Corporation are to be elected annually by the Unitholders; however, the Corporation has agreed that Mr. Fitzpatrick will be a nominee director for at least five years and Mr. Nielsen for at least three years, provided their respective employment with the Corporation continues.

Year Ended December 31, 2003

On January 15, 2003, the Corporation acquired long-life oil and gas reserves in the Modeste Creek, Whitecourt and Long Coulee areas of Alberta, all of which were complementary to its existing operations, in two separate transactions. The aggregate cost of these acquisitions was \$16.7 million. The Modeste Creek asset acquisitions were effective October 1, 2002 and the Whitecourt and Long Coulee asset acquisitions were both effective November 1, 2002.

Pursuant to an offering of 3,340,000 Trust Units under its prospectus dated January 31, 2003, the Fund raised net proceeds of approximately \$47,345,000 which were applied to the amounts owing to the Corporation under its Deferred Purchase Price Obligation.

On March 31, 2003, the Corporation acquired, with an effective date of January 1, 2003, operated and non-operated interests in long life oil and gas reserves principally located in the Ferrier and O'Chiese areas of west central Alberta (the "Ferrier/O'Chiese Properties"), adjacent to the Corporation's then existing properties in the Ferrier area, for a purchase price of \$134.3 million net of closing adjustments (the "Ferrier/O'Chiese Acquisition"). The Ferrier/O'Chiese Properties are characterized by long-life, liquids-rich gas production combined with low operating costs. The natural gas production from the Ferrier/O'Chiese Properties, which constituted 72% of total production from these properties in 2004, is primarily uncontracted. The Ferrier/O'Chiese Acquisition also included 22,755 net acres of undeveloped land. Cash flow and income from the Ferrier/O'Chiese Properties has been consolidated with the Corporation's financial position since April 1, 2003. The Ferrier/O'Chiese Acquisition was funded entirely through the Corporation's credit facilities. For the purposes of the Canadian Securities Administrators' National Instrument 44-101 ("NI 44-101"), the Ferrier/O'Chiese Acquisition was a "significant acquisition" for the Fund.

Pursuant to an offering of 6,497,500 Trust Units under its prospectus dated April 22, 2003, the Fund raised net proceeds of approximately \$92,589,000 which were used to repay a portion of the debt incurred by the Corporation in connection with the Ferrier/O'Chiese Acquisition.

Effective August 1, 2003, Mr. Arne R. Nielsen became the non-executive Chairman of the Corporation. Prior thereto he was the Executive Chairman of the Corporation. Mr. Nielsen continues to remain involved with the business of the Corporation as a director.

During 2003, additional acquisitions for a total cost of \$9.1 million in 11 separate transactions and dispositions of non-core assets with total proceeds of \$5.8 million in 13 separate transactions were completed.

Year Ended December 31, 2004

Effective January 1, 2004 the Corporation acquired all the outstanding shares of Good Ridge Explorations Ltd. for \$7.0 million. The transaction closed on March 5, 2004.

On February 19, 2004, the Corporation entered into a share purchase agreement (the "Share Purchase Agreement") with Dutch Canadian Investments S.A. and Anthos Canada Inc. (collectively, the "Vendor") providing for the acquisition of all of the issued and outstanding shares of Birchill Resources Limited ("Birchill"), a private company incorporated under the laws of Alberta, for a purchase price of \$170.1 million (the "Birchill Acquisition"), which acquisition closed on March 8, 2004. Birchill's oil and gas properties (the "Birchill Properties") and facilities included a mix of operated and non-operated interests located primarily in west central Alberta and southern Saskatchewan. The principal Birchill Properties are located in the Ferrier, Kaybob/Winterburn and Rainbow areas of Alberta and in the Nottingham and Coleville areas of southern Saskatchewan. The Birchill Acquisition complemented the Corporation's production in the Ferrier/O'Chiese area, which has become the Corporation's largest core property. The acquisition of Birchill's interest at Ferrier also provided additional facility synergies and yielded a significant number of additional development drilling opportunities. In 2004, the Birchill Properties produced an average of 3,712 boe/d of which 59% was natural gas. For the purposes of NI 44-101, the Birchill Acquisition was a "significant acquisition" for the Fund.

The Fund completed an underwritten financing on March 8, 2004, issuing 8,800,000 subscription receipts for net proceeds of approximately \$141.5 million which were used to complete the Birchill Acquisition.

Each subscription receipt entitled the holder thereof to receive, without payment of additional consideration, one Trust Unit. On March 8, 2004, a total of 8,800,000 Trust Units were issued pursuant to the terms of these subscription receipts.

In December, 2004, the Fund implemented an internal reorganization of certain of its subsidiaries and assets which resulted in the transfer of certain assets which the Corporation acquired pursuant to the Birchill Acquisition to SLP, a newly formed limited partnership, of which SOT, a newly formed commercial trust, is the sole limited partner and the Corporation is the general partner. The Fund owns all of the shares of 1130243 Alberta Inc. which is the Trustee of SOT. The Fund is SOT's sole beneficiary. The SLP Royalty Agreement was entered into between SLP and the Fund. In addition, as part of the restructuring, a portion of the Birchill Acquisition Note was transferred to SLP. See "Incorporation and Organization – Shiningbank Limited Partnership", "Incorporation and Organization – Shiningbank Operating Trust", "Incorporation and Organization – 1130243 Alberta Inc." and "Incorporation and Organization – Intercorporate Relationships".

Trends

Commodity prices are cyclical. In recent years, the price of oil has moved through a large range and is currently in the high end of that range. It is the Corporation's expectation that the price of oil over the longer term will average in the area of US\$40 to US\$50 per bbl.

Natural gas prices have also moved through a large range in the last several years, reaching peak prices of over \$13 per mcf in February, 2003. Pricing has remained relatively flat throughout 2004, averaging \$7.06 per mcf. The Corporation expects that the price of natural gas will fluctuate in the range of \$6.50 to \$7.50 per mcf during the medium to long term. This expectation is based upon the Corporation's view of supply and demand fundamentals in North American energy markets.

The expectations for natural gas prices are currently in a state of flux, and have led to significant increases in the prices paid to acquire natural gas producing properties. The Fund is dependent on a steady supply of newly acquired properties in order to offset natural production declines and to continue to grow. In order to maintain its natural gas focus, acquisition costs will likely rise.

STATEMENT OF RESERVES DATA AND OTHER OIL AND GAS INFORMATION

This statement of reserves data and other information (the "Statement") is dated March 21, 2005 and is effective December 31, 2004. The preparation date of the information regarding reserves in the Statement from the Paddock Report was February 14, 2005 and from the Sproule Report was February 8, 2005.

The future net revenue numbers presented throughout this Statement, whether calculated without discount or using a discount rate, are estimated values and do not represent fair market value.

Disclosure of Reserve Data

The following reserves data and associated tables summarize the reserves of crude oil, natural gas and associated products and the net present values of future net revenues associated with the Corporation's reserves as evaluated or audited in the Paddock Report and the Sproule Report, based on constant and forecast price assumptions presented in accordance with National Instrument 51-101 – Standards of Disclosure for Oil and Gas Activities ("NI 51-101").

The tables summarize the data contained in the Paddock Report and the Sproule Report and, as a result, may contain slightly different numbers than the Paddock Report and the Sproule Report due to rounding. There is no assurance that the price and cost assumptions set out below will be attained and variances could be material. The reserve estimates provided herein are estimates only and there is no guarantee that the estimated reserves will be recovered. Actual reserves may be greater than or less than the estimates provided herein.

All of the Corporation's properties, reserves and production are located in Canada in the provinces of Alberta, British Columbia, Saskatchewan and Ontario.

The following tables detail the aggregate gross, net and "Company Interest" reserves of the Corporation as a whole derived from both the Paddock Report and the Sproule Report, as at December 31, 2004, using constant prices and costs as well as the aggregate net present value of future net revenue attributable to the reserves estimated using constant prices and costs, calculated without discount and using discount rates of 5%, 10%, 15% and 20%:

Note:

- (1) NI 51-101 requires that issuers engaged in oil and gas activities report their reserves on a "gross" and "net" basis as those terms are defined in the Canadian Oil and Gas Evaluation Handbook (the "COGE Handbook"). See "Definitions, Notes and Other Cautionary Statements". Prior to 2004, the Corporation reported its reserves on a "Company Interest" basis which is the Corporation's working interest reserves before reduction for royalty obligations plus the Corporation's royalty interests. For continuity and comparison purposes, the Corporation is including in the table above its reserves on a "Company Interest" basis.

Notes:

- (1) Including solution gas and other by-products.
- (2) Including by-products but excluding solution gas from oil wells.

The following table details by production group the net present value of future net revenue (before deducting future income tax expenses) for the reserves of the Corporation that are evaluated in the Paddock Report estimated using both constant prices and costs and forecast prices and costs and calculated using a discount rate of 10%:

**Future Net Revenue
By Production Group
As of December 31, 2004
Paddock Report**

Reserves Category	Production Group	Future Net Revenue before Income Taxes (discounted at 10%/year)	
		Constant prices and costs (\$thousands)	Forecast prices and costs (\$thousands)
Proved	Light and Medium Oil ⁽¹⁾	73,307	58,816
	Heavy Oil ⁽¹⁾	4,507	3,345
	Natural Gas ⁽²⁾	371,094	317,887
	Facility Income & Other Revenue	15,203	14,994
	Alberta Royalty Tax Credit	2,700	2,465
		466,811	397,507
Total Proved plus Probable	Light and Medium Oil ⁽¹⁾	99,848	78,104
	Heavy Oil ⁽¹⁾	5,465	4,020
	Natural Gas ⁽²⁾	458,053	388,563
	Facility Income & Other Revenue	15,692	15,557
	Alberta Royalty Tax Credit	3,178	2,930
		582,236	489,174

Notes:

- (1) Including solution gas and other by-products.
- (2) Including by-products but excluding solution gas from oil wells.

The following table details by production group the net present value of future net revenue (before deducting future income tax expenses) for the reserves of the Corporation that are evaluated in the Sproule Report estimated using both constant prices and costs and forecast prices and costs and calculated using a discount rate of 10%:

**Future Net Revenue
By Production Group
As of December 31, 2004
Sproule Report**

Reserves Category	Production Group	Future Net Revenue before Income Taxes (discounted at 10%/year)	
		Constant prices and costs (\$thousands)	Forecast prices and costs (\$thousands)
Proved	Light and Medium Oil ⁽¹⁾	21,635	19,180
	Heavy Oil ⁽¹⁾	114	389
	Natural Gas ⁽²⁾	290,792	252,106
	Facility Income & Other Revenue	3,240	3,240
	Alberta Royalty Tax Credit	330	330
		<u>316,111</u>	<u>275,245</u>
Total Proved plus Probable	Light and Medium Oil ⁽¹⁾	30,924	26,668
	Heavy Oil ⁽¹⁾	337	796
	Natural Gas ⁽²⁾	400,366	340,019
	Facility Income & Other Revenue	4,094	4,094
	Alberta Royalty Tax Credit	587	587
		<u>436,308</u>	<u>372,164</u>

Notes:

- (1) Including solution gas and other by-products.
- (2) Including by-products but excluding solution gas from oil wells.

Pricing Assumptions

The following tables detail the benchmark reference prices for the regions in which the Corporation operated as at December 31, 2004 reflected in the reserves data disclosed above under "Statement of Reserves Data and Other Oil and Gas Information – Disclosure of Reserves Data". The pricing assumptions for both the constant prices and costs and forecast prices and costs were provided by Sproule and were relied upon by Sproule in the Sproule Report and by Paddock in the Paddock Report. Both Paddock and Sproule are independent reserves evaluators and auditors.

Summary of Pricing Assumptions As of December 31, 2004 Constant Prices and Costs⁽¹⁾

Year	OIL		NATURAL GAS AECO Monthly Index (\$Cdn/mmbtu)	EDMONTON LIQUIDS PRICES			Exchange Rate (\$US/\$Cdn)
	Edmonton Reference (\$Cdn/bbl)	Hardisty 12 ^o API (\$Cdn/bbl)		Condensate (\$Cdn/bbl)	Butane (\$Cdn/bbl)	Propane (\$Cdn/bbl)	
As at December 31, 2004	46.51	15.26	6.78	51.80	39.78	36.11	0.84

Note:

(1) The prices shown on the table were adjusted to reflect actual prices received for each area.

Summary of Pricing and Inflation Rate Assumptions As of December 31, 2004 Forecast Prices and Costs

Year	OIL				NATURAL GAS AECO Monthly Index (\$Cdn/ mmbtu)	EDMONTON LIQUIDS PRICES			Inflation Rate %/Year	Exchange Rate (\$US/\$Cdn)
	WTI Cushing (\$US/bbl)	Edmonton Reference (\$Cdn/bbl)	Hardisty 25 ^o (\$Cdn/bbl)	Cromer 29 ^o (\$Cdn/bbl)		Condensate (\$Cdn/bbl)	Butane (\$Cdn/bbl)	Propane (\$Cdn/bbl)		
Forecast:										
2005	44.29	51.25	36.26	44.53	6.97	52.49	38.20	32.09	2.5%	0.84
2006	41.60	48.03	34.89	41.87	6.66	49.19	34.01	30.07	2.5%	0.84
2007	37.09	42.64	32.11	37.27	6.21	43.67	30.20	26.70	2.5%	0.84
2008	33.46	38.31	30.68	33.43	5.73	39.23	27.13	23.98	2.5%	0.84
2009	31.84	36.36	29.08	31.70	5.37	37.24	25.75	22.76	1.5%	0.84
2010	32.32	36.91	29.60	32.22	5.47	37.80	26.13	23.11	1.5%	0.84
2011	32.80	37.47	30.13	32.75	5.57	38.37	26.53	23.46	1.5%	0.84
2012	33.30	38.03	30.67	33.29	5.67	38.95	26.93	23.81	1.5%	0.84
2013	33.79	38.61	31.21	33.83	5.77	39.54	27.34	24.17	1.5%	0.84
2014	34.30	39.19	31.76	34.38	5.87	40.14	27.75	24.53	1.5%	0.84
2015	34.82	39.78	32.33	34.95	5.98	40.74	28.17	24.90	1.5%	0.84
Thereafter	1.5%	1.5%	1.5%	1.5%	1.5%	1.5%	1.5%	1.5%	1.5%	0.84

The Corporation's weighted average prices received in 2004 were \$43.14/bbl for oil, \$7.06/mcf for natural gas and \$40.24/bbl for natural gas liquids.

Reconciliations of Changes in Reserves and Future Net Revenue

The following table outlines the reconciliation of changes in the net reserves estimates for the Corporation as a whole derived from both the Paddock Report and the Sproule Report for the period December 31, 2003 to December 31, 2004 using forecast prices and costs:

Reconciliation of Changes in Net Oil and Gas Reserves Forecast Prices and Costs as at December 31, 2004⁽¹⁾

Factors	Light & Medium Oil			Heavy Oil			Associated & Non-Associated Gas ⁽²⁾			Natural Gas Liquids		
	Proved (mdbl)	Probable (mdbl)	Proved plus Probable (mdbl)	Proved (mdbl)	Probable (mdbl)	Proved plus Probable (mdbl)	Proved (mmcf)	Probable (mmcf)	Proved plus Probable (mmcf)	Proved (mdbl)	Probable (mdbl)	Proved plus Probable (mdbl)
December 31,2003	3,753.8	1,813.7	5,567.5	339.6	123.3	462.9	147,198	55,618	202,816	4,329.5	1,762.6	6,092.1

December 31,2004	4,056.1	2,046.6	6,102.7	279.3	121.3	400.6	167,304	78,154	245,458	5,176.1	2,615.7	7,791.8

Notes:

- (1) The above table is a combination of data from the Sproule Report and the Paddock Report, adjusted for the items referred to in notes 2, 3 and 4 below.
- (2) Includes solution gas.
- (3) Includes acquired production from the effective date of the Birchill and Good Ridge acquisitions.
- (4) Includes development activity associated with the Birchill and Good Ridge acquisitions after the effective date thereof.

The following table outlines the reconciliation of changes in respect of future net revenue for the Corporation as a whole, derived from both the Paddock Report and the Sproule Report, estimated using constant prices and costs and calculated using a 10% discount rate, attributable to net proved reserves of the Corporation:

**Reconciliation of Changes in Net Present Values of Future Net Revenue
Discounted at 10% Per Year**

Net Proved Reserves

**Constant Prices and Costs
as at December 31, 2004**

Factors	(\$millions)
Estimated Net Present Value of Future Net Revenue, beginning of year	\$ 548.6
Estimated 2004 net operating income discounted at 10%	(168.5)
Net Changes in prices, costs and royalties related to future production ⁽¹⁾	70.7
Changes in previously estimated development costs incurred in period	-
Changes in estimated future development costs	0.3
Changes resulting from extensions and improved recovery	-
Changes resulting from discoveries	36.1
Changes resulting from acquisitions of reserves	225.5
Changes resulting from dispositions of reserves	(2.0)
Net change resulting from revisions in quantity estimates	9.6
Accretion of discount	72.6
Net change in royalty tax credits	-
All other changes	(10.0)
Estimated Net Present Value of Future Net Revenue, end of year	\$ 782.9

Note:

- (1) The impact of changes in prices and other economic factors on future net revenue.

Additional Information Relating to Reserves Data

Undeveloped Reserves

The proved and probable undeveloped reserves of the Corporation have been estimated in accordance with procedures and standards contained in the COGE Handbook. In general, the Corporation's undeveloped reserves are scheduled to be developed within the next two years. See "Statement of Reserves Data and Other Oil and Gas Information – Oil and Gas Properties" for the Corporation's general development plans for its undeveloped reserves.

Significant Factors or Uncertainties

For details of important economic factors or significant uncertainties that may affect the components of the reserves data in this Statement, see "Management's Discussion and Analysis" and "Risk Factors".

Future Development Costs

The following table details the development costs deducted in the estimation of future net revenue attributable to proved reserves of the Corporation derived from both the Paddock Report and the Sproule Report (estimated using both constant prices and costs and forecast prices and costs) and proved plus probable reserves of the Corporation (estimated using forecast prices and costs):

Year	Future Development Costs (\$thousands)		
	Proved Reserves		Proved plus Probable Reserves
	(Constant prices and costs)	(Forecast prices and costs)	(Forecast prices and costs)
2005	16,922	16,922	32,734
2006	11,471	11,744	21,755
2007	822	847	1,955
2008	803	840	1,638
2009	383	406	950
Remainder	1,390	1,655	3,179
Total Undiscounted	31,791	32,414	62,211
Total Discounted at 10%	28,162	28,537	54,700

The Corporation's source of funding for future development costs of the Corporation's reserves will be derived from a combination of cash flow, debt and new equity. Management of the Corporation does not anticipate that the costs of funding referred to above will materially affect the Corporation's disclosed reserves and future net revenues or will make the development of any of the Corporation's properties uneconomic.

Oil and Gas Properties

The assets of the Corporation are the oil and natural gas interests upon which the Royalty has been granted and the oil and natural gas interests underlying the Raider Acquisition Notes, the Ionic Acquisition Notes and the Birchill Acquisition Note. The assets of the Corporation include operated and non-operated interests. Set out below is a description of the Corporation's principal producing properties, plants, facilities and installations. All of the Corporation's properties referred to below are onshore properties.

Ferrier/O'Chiese, Alberta

The Corporation owns various operating and non-operating interests in long life oil and gas reserves located in the Ferrier and O'Chiese areas of west central Alberta. These properties are characterized by long-life, liquids-rich gas production combined with low operating costs. The natural gas production from these properties, which constitutes 72% of total production on a boe basis, is primarily uncontracted and is processed in three non-operated gas plants in which the Corporation owns minor working interests or processes for a fee as a non-owner. The Corporation owns and operates an average 44.3% working interest in 131 gross (57.8 net) producing natural gas wells and 7 gross (3.3 net) producing oil wells in this area. During 2005, the Corporation has plans to drill up to 23 gross (13.1 net) wells in the area to further develop the producing pools.

Whitecourt, Alberta

The Corporation owns and operates an average 54% working interest in 55 gross (31.2 net) producing natural gas wells and five gross (2.0 net) producing oil wells in the Whitecourt area. The natural gas is processed in the Corporation operated Whitecourt gas plant. The property is located approximately 150 km northwest of Edmonton, Alberta. The Corporation has an ongoing program of well recompletions and workovers designed to optimize production from the area, but no significant development activity is planned.

Caroline, Alberta

The Corporation holds an average 56% working interest in 31 gross (19.5 net) oil wells and 14 gross (4.1 net) natural gas wells in the Caroline area. The property consists of varying working interests in four separate units, including an 86.5% working interest in 21 gross (18.2 net) producing oil wells in the Corporation operated Caroline Cardium "B" Sand Unit No. 1, along with an interest in 24 gross (5.4 net) non-unit producing oil and natural gas wells. This property is located immediately southwest of the town of Caroline, Alberta. The Corporation has no further development plans in this mature field.

Penhold, Alberta

The Corporation owns and operates an average 58% working interest in 40 gross (24.8 net) producing natural gas wells and 6 gross (3.3 net) oil wells in the Penhold area. This property is located immediately southwest of Red Deer, Alberta. Natural gas is processed in three gas plants operated by others. The Corporation holds an interest in one of these gas plants.

Paddle River, Alberta

The Corporation owns various interests averaging 37% in 44 gross (17.1 net) producing oil and natural gas wells in the Paddle River area, located approximately 120 km northwest of Edmonton, Alberta, which produce primarily from the Nordegg formation. The natural gas produced from this area is liquids-rich with an average ratio of 44 barrels of NGL per mmcf of natural gas. The natural gas is processed at a third party owned and operated gas plant.

Windfall, Alberta

The Corporation owns and operates an average 78% working interest in 21 gross (16.4 net) producing natural gas wells in the Windfall area. The natural gas is processed at a third party owned and operated gas plant. The property is located approximately 200 km northwest of Edmonton, Alberta.

Dunvegan, Alberta

The Corporation holds an average 4.2% working interest in 160 gross (6.8 net) producing wells in the Dunvegan area, located approximately 400 km northwest of Edmonton, Alberta. Included in this is a 4.29% working interest in the Dunvegan Gas Unit No. 1 (the "Unit"), which consists of 143 gross (6.1 net) producing natural gas wells. Production comes from as many as seven pay zones, but primarily the Debolt zone. The Unit was initially placed on production in 1973. The operator of this property has virtually continuous development drilling activity in the area, in which the Corporation participates up to its proportionate share, but due to its small interest, has no control over approvals.

Monias, British Columbia

The Corporation holds an average 57% working interest in, and operates, the Monias gas field and related facilities, located approximately 50 km southwest of Fort St. John, British Columbia. Production is from the Triassic Halfway formation, which exhibits low decline rates and long producing life. Production is processed in a non-operated gas plant in which the Corporation holds no interest.

Medicine Hat, Alberta

The Corporation owns an overriding royalty interest in approximately 475 producing natural gas wells in the Medicine Hat area. The property is located immediately northeast of the City of Medicine Hat. By virtue of the terms of the overriding royalty agreement, the Corporation receives revenue from the wells through the operator and is not responsible for operating or capital costs. Over the last several years this area has been the subject of development drilling by others which has increased the Corporation's production from the area at no cost.

Minehead, Alberta

The Corporation owns and operates an average 45% working interest in 21 gross (9.5 net) producing natural gas wells in the Minehead area. The property is located approximately 160 km east of Edmonton, Alberta. Production is from the Cardium formation, which is characterized by liquids rich gas exhibiting low decline rates and long producing life. Production is processed in a non-operated gas plant in which the Corporation holds no interest. During 2005, the Corporation has plans to drill up to 8 gross (2.8 net) wells in the area to further develop the producing pools.

Long Coulee, Alberta

The Corporation owns and operates a 99% interest in the Long Coulee Unit #2, which consists of 31 gross (30.7 net) producing oil wells. The Corporation also holds an interest in 10 gross (6.3 net) non-unit producing oil and natural gas wells in the Long Coulee area. The property is located approximately 90 km southeast of Calgary, Alberta. During 2005, the Corporation has plans to drill up to 2 gross (2.0 net) wells in the area to further develop the producing pools. The Corporation operates an oil battery but gas is processed at a third party operated gas plant.

Producing and Non-Producing Wells

The following table summarizes the Corporation's interests, as at December 31, 2004 in oil and gas wells:

**Producing and Non-producing Wells
as at December 31, 2004**

	Oil wells		Natural gas wells		Total	
	Gross	Net	Gross	Net	Gross	Net
Producing ⁽¹⁾						
Alberta	527	140.8	1,824	324.0	2,351	464.8
Ontario	90	90.0	47	46.0	137	136.0
British Columbia	2	-	18	6.8	20	6.8
Saskatchewan	59	14.7	1,598	7.8	1,657	22.5
TOTAL PRODUCING	678	245.5	3,487	384.6	4,165	630.1
Non-producing ⁽²⁾						
Alberta	323	53.2	297	54.2	620	107.4
Ontario	-	-	9	9.0	9	9.0
British Columbia	2	2	8	3.0	10	5.0
Saskatchewan	1	-	25	0.7	26	0.7
TOTAL NON-PRODUCING	326	55.2	339	66.9	665	122.1

Notes:

- (1) Includes wells that are temporarily shut-in but which are capable of production.
- (2) Includes wells that are not capable of production but that are not yet abandoned.

Properties with no Attributed Reserves

The following table summarizes information with respect to the Corporation's properties to which no reserves have been specifically attributed:

Land Holdings Without Attributed Reserves as at December 31, 2004

	Unproved Properties (Acres)		Expiring in 2005 (Acres)	
	Gross	Net	Gross	Net
Alberta	447,420	180,460	108,326	54,230
British Columbia	19,923	3,525	-	-
Ontario	14,822	13,470	-	-
Saskatchewan	39,476	1,272	80	10
TOTAL	521,641	198,727	108,406	54,240

There are no material work commitments on the above undeveloped land holdings.

Forward Contracts

For information with respect to the forward contracts of the Corporation as at December 31, 2004, see the section titled "Results of Operations – Pricing (including Hedging Activity) – Current Hedging" in the Management's Discussion and Analysis contained on page 27 of the Fund's Annual Report for the year ended December 31, 2004, which section is incorporated herein by reference.

Additional Information Concerning Abandonment and Reclamation

The Corporation bases its estimates for the costs of abandonment and reclamation of surface leases, wells, facilities and pipelines on previous experience of management with similar well sites and facility locations. As at December 31, 2004, management expected to incur such costs on 752.2 net wells. The total of such costs, net of estimated salvage value, was \$15.0 million (undiscounted) and \$6.0 million (discounted at 10%).

Future net revenue figures set forth in this Statement include abandonment liabilities only for wells assigned reserves. Reclamation costs of \$15.8 million (undiscounted) and salvage values of \$22.5 million are not considered in the future net revenue figures. Within the next three financial years, it is expected such costs will total approximately \$3.3 million (\$2.9 million discounted at 10%).

Tax Horizon

Under its existing trust structure, the Corporation and the Fund do not pay income tax because the tax liability is transferred to the individual Unitholders of the Fund.

Costs Incurred

For the year ended December 31, 2004, the Corporation incurred the following costs on its properties:

Costs Incurred Year Ended December 31, 2004 (\$thousands)	
Property Acquisition costs	
Proved Properties	857
Unproved Properties	1,758
Exploration costs	11
Development costs	<u>56,328</u>
	<u>58,954</u>

In addition to the above, the Corporation purchased Birchill Resources Limited and Good Ridge Explorations Ltd. in 2004 at a total cash cost of \$177.1 million (see "General Development of the Business of the Fund – Three Year History").

Exploration and Development Activities

For the year ended December 31, 2004, the Corporation completed the following exploratory and development wells:

	Exploratory wells		Development wells	
	Gross	Net	Gross	Net
Oil	-	-	4	0.9
Gas	-	-	88	18.5
Service	-	-	-	-
Dry	-	-	4	0.9
<u>Total</u>	<u>-</u>	<u>-</u>	<u>96</u>	<u>20.3</u>

The Corporation's most important current and likely exploration and development activities are described under "Statement of Reserves Data and Other Oil and Gas Information - Oil and Gas Properties".

Production History

The following tables set forth the average daily production volumes, royalties, production costs and the resulting netbacks for the periods indicated as at December 31, 2004:

Average Daily Production⁽¹⁾
Company Interest
Year ended December 31, 2004

	31-Mar	Quarter Ended		31-Dec
		30-Jun	30-Sep

Operating costs (\$/boe)	15.43	13.22	15.10	14.29
Netback (\$/boe)	17.87	21.65	21.83	19.80

Note:

- (1) Company Interest is the Corporation's working interest share of production plus the Corporation's share of production resulting from its royalty interests.

The following table sets forth the production by area for the Corporation's properties for the year ended December 31, 2004:

**Production by Area
Year Ended December 31, 2004
Company Interest**

		Light & Medium			Total Oil
Area		Oil (bbl/d)	Gas (mcf/d)	NGL (bbl/d)	Equivalent (boe/d)

Definitions, Notes and Other Cautionary Statements

In the tables set forth in "Statement of Reserves Data and Other Oil and Gas Information" and elsewhere in this Annual Information Form, unless otherwise indicated, the following definitions and other notes are applicable.

1. **"Gross"** means:
 - (a) in relation to the Corporation's and SLP's interest in production and reserves, its "gross revenues", which are the Corporation's and SLP's interest (operating and non-operating) share before deduction of royalties and without including any royalty interest of the Corporation and SLP;
 - (b) in relation to wells, the total number of wells in which the Corporation and SLP has an interest; and
 - (c) in relation to properties, the total area of properties in which the Corporation and SLP has an interest.

2. **"Net"** means:
 - (a) in relation to the Corporation's and SLP's interest in production and reserves, its "net reserves", which are the Corporation's and SLP's interest (operating and non-operating) share after deduction of royalty obligations, plus the Corporation's and SLP's royalty interest in production of reserves;
 - (b) in relation to wells, the number of wells obtained by aggregating the Corporation's and SLP's working interest in each of its gross wells; and
 - (c) in relation to the Corporation's and SLP's interest in a property, the total area in which the Corporation and SLP has an interest multiplied by the working interest owned by the Corporation and SLP.

3. *Definitions used for reserve categories are as follows:*

Reserves are estimated remaining quantities of oil and natural gas and related substances anticipated to be recoverable from known accumulations, from a given date forward, based on:

- analysis of drilling, geological, geophysical and engineering data;
- the use of established technology; and
- specified economic conditions, which are generally accepted as being reasonable.

Reserves are classified according to the degree of certainty associated with the estimates.

- (a) **Proved reserves** are those reserves that can be estimated with a high degree of certainty to be recoverable. It is likely that the actual remaining quantities recovered will exceed the estimated proved reserves.
- (b) **Probable reserves** are those additional reserves that are less certain to be recovered than proved reserves. It is equally likely that the actual remaining quantities recovered will be greater or less than the sum of the estimated proved plus probable reserves.

Development and Production Status

Each of the reserve categories (proved and probable) may be divided into developed and undeveloped categories:

- (a) **Developed reserves** are those reserves that are expected to be recovered from existing wells and installed facilities or, if facilities have not been installed, that would involve a low expenditure (for example, when compared to the cost of drilling a well) to put the reserves on production. The developed category may be subdivided into producing and non-producing.

- (i) **Developed producing reserves** are those reserves that are expected to be recovered from completion intervals open at the time of the estimate. These reserves may be *currently producing or, if shut-in, they must have previously been on production, and the date of resumption of production must be known with reasonable certainty.*
 - (ii) **Developed non-producing reserves** are those reserves that either have not been on production, or have previously been on production, but are shut-in, and the date of resumption of production is unknown.
- (b) **Undeveloped reserves** are those reserves expected to be recovered from known accumulations where a significant expenditure (for example, when compared to the cost of drilling a well) is required to render them capable of production. They must fully meet the requirements of the reserves classification (proved, probable) to which they are assigned.

In multi-well pools it may be appropriate to allocate total pool reserves between the developed and undeveloped categories or to subdivide the developed reserves for the pool between developed producing and developed non-producing. This allocation should be based on the estimator's assessment as to the reserves that will be recovered from specific wells, facilities and completion intervals in the pool and their respective development and production status.

Levels of Certainty for Reported Reserves

The qualitative certainty levels referred to in the definitions above are applicable to individual reserve entities (which refers to the lowest level at which reserves calculations are performed) and to reported reserves (which refers to the highest level sum of individual entity estimates for which reserves are presented). Reported reserves should target the following levels of certainty under a specific set of economic conditions:

- At least a 90 percent probability that the quantities actually recovered will equal or exceed the estimated proved reserves;
- At least a 50 percent probability that the quantities recovered will equal or exceed the sum of the estimated proved plus probable reserves.

A qualitative measure of the certainty levels pertaining to estimates prepared for the various reserves categories is desirable to provide a clearer understanding of the associated risks and uncertainties. However, the majority of reserves estimates will be prepared using deterministic methods that do not provide a mathematically derived quantitative measure of probability. In principle, there should be no difference between estimates prepared using probabilistic or deterministic methods.

4. *Forecast prices and costs*

Future prices and costs that are:

- (a) Generally acceptable as being a reasonable outlook of the future; and
- (b) If and only to the extent that, there are fixed or presently determinable future prices or costs to which the Corporation and SLP is legally bound by a contractual or other obligation to supply a physical product, including those for an extension period of a contract that is likely to be extended, those prices or costs rather than the prices and costs referred to in paragraph (a).

5. *Constant prices and costs*

Prices and costs used in an estimate that are:

- (a) the Corporation's and SLP's prices and costs as at the effective date of the estimation, held constant throughout the estimated lives of the properties to which the estimate applies; and
- (b) If, and only to the extent that, there are fixed or presently determinable future prices or costs to which the Corporation and SLP is legally bound by a contractual or other obligation to supply a physical product, including those for an extension period of a contract that is likely to be extended, those prices or costs rather than the prices and costs referred to in paragraph (a).

For the purposes of paragraph (a), the Corporation's and SLP's prices are the posted prices for oil and the spot price for gas, after historical adjustments for transportation, gravity and other factors.

- 6. ARTC is included in the cumulative cash flow amounts, ARTC is based on the program announced November 1989 by the Alberta government with modifications effective January 1, 1995. The Fund qualifies for the maximum ARTC.

7. *Future income tax expense*

Future income tax expenses are estimated:

- (a) Making appropriate allocations of estimated unclaimed costs and losses carried forward for tax purposes;
- (b) Without deducting estimated future costs that are not deductible in computing taxable income;
- (c) Taking into account estimated tax credits and allowances; and
- (d) Applying to the future pre-tax net cash flows relating to the Corporation's and SLP's oil and gas activities the appropriate year-end statutory rates, taking into account future tax rates already legislated.

Under its existing trust structure, the Corporation, SLP and the Fund do not pay income tax because the tax liability is transferred to individual Unitholders of the Fund.

- 8. **"Development well"** means a well drilled inside the established limits of an oil and gas reservoir, or in close proximity to the edge of the reservoir, to the depth of a stratigraphic location horizon known to be productive.

- 9. **"Development costs"** means costs incurred to obtain access to reserves and to provide facilities for extracting, treating, gathering and storing the oil and gas from reserves. More specifically, development costs, including applicable operating costs of support equipment and facilities and other costs of development activities, are costs incurred to:

- (a) Gain access to and prepare well locations for drilling, including surveying well locations for the purpose of determining specific development drilling sites, clearing ground, draining, road building, and relocating public roads, gas lines and power lines to the extent necessary in developing the reserves;
- (b) Drill and equip development wells, development type stratigraphic test wells and service wells, including the costs of platforms and of well equipment such as casing, tubing, pumping equipment and wellhead assembly;
- (c) Acquire, construct and install production facilities such as flow lines, separators, treaters, heaters, manifolds, measuring devices and production storage tanks, natural gas cycling and processing plants, and central utility and waste disposal systems; and
- (d) Provide improved recovery systems.

10. **"Exploration well"** means a well that is not a development well, a service well or a stratigraphic test well.
11. **"Exploration costs"** means costs incurred in identifying areas that may warrant examination and in examining specific areas that are considered to have prospects that may contain oil and gas reserves, including costs of drilling exploratory wells and exploratory type stratigraphic test wells. Exploration costs may be incurred both before acquiring the related property and after acquiring the property. Exploration costs, which include applicable operating costs of support equipment and facilities and other costs of exploration activities, are:
 - (a) Costs of topographical, geochemical, geological and geophysical studies, rights of access to properties to conduct those studies, and salaries and other expenses of geologists, geophysical crews and others conducting those studies;
 - (b) Costs of carrying and retaining unproved properties, such as delay rentals, taxes (other than income and capital taxes) on properties, legal costs for title defence, and the maintenance of land and lease records;
 - (c) Dry hole contributions and bottom hole contributions;
 - (d) Costs of drilling and equipping exploratory wells; and
 - (e) Costs of drilling exploratory type stratigraphic test wells.
12. **"Service well"** means a well drilled or completed for the purpose of supporting production in an existing field. Wells in this class are drilled for the following specific purposes: gas injection (natural gas, propane, butane or flue gas), water injection, steam injection, air injection, salt water disposal, water supply for injection, observation or injection for combustion.
13. Numbers may not add due to rounding.
14. The estimates of future net revenue presented do not represent fair market value.
15. Disclosure provided herein in respect of boes may be misleading, particularly if used in isolation. A boe conversion ratio of 6 mcf : 1 bbls is based on an energy equivalency conversion method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead.
16. Estimated future abandonment and reclamation costs related to a property have been taken into account by Paddock and Sproule in determining reserves that should be attributable to a property and in determining the aggregate future net revenue therefrom, there was deducted the reasonable estimated future well abandonment costs.
17. Both the constant and forecast price and cost assumptions assume the continuance of current laws and regulations.
18. The extended character of all factual data supplied to Paddock and Sproule were accepted by them as represented. No field inspection was conducted.

DISTRIBUTABLE CASH

Unitholders of record on each Distribution Record Date are entitled to receive cash distributions of the Distributable Cash. The Corporation will calculate the Distributable Cash that will be paid by the Trustee to the Unitholders on each Cash Distribution Date. The accompanying table summarizes cash distributions from the Fund since January of 2002. Commencing February of 2003, the Fund began paying cash distributions monthly.

<u>Record Date</u>	<u>Payment Date</u>	<u>Distribution per Trust Unit</u>
March 31, 2002	April 15, 2002	\$0.500
June 30, 2002	July 15, 2002	\$0.540
September 30, 2002	October 15, 2002	\$0.520
December 31, 2002	January 15, 2003	\$0.600
February 28, 2003	March 15, 2003	\$0.220
March 31, 2003	April 15, 2003	\$0.280
April 30, 2003	May 15, 2003	\$0.280
May 31, 2003	June 15, 2003	\$0.230
June 30, 2003	July 15, 2003	\$0.230
July 31, 2003	August 15, 2003	\$0.230
August 31, 2003	September 15, 2003	\$0.230
September 31, 2003	October 15, 2003	\$0.230
October 31, 2003	November 15, 2003	\$0.230
November 30, 2003	December 15, 2003	\$0.230
December 31, 2003	January 15, 2004	\$0.230
January 31, 2004	February 15, 2004	\$0.230
February 29, 2004	March 15, 2004	\$0.230
March 31, 2004	April 15, 2004	\$0.230
April 30, 2004	May 15, 2004	\$0.230
May 31, 2004	June 15, 2004	\$0.230
June 30, 2004	July 15, 2004	\$0.230
July 31, 2004	August 15, 2004	\$0.230
August 31, 2004	September 15, 2004	\$0.230
September 30, 2004	October 15, 2004	\$0.230
October 31, 2004	November 15, 2004	\$0.230
November 30, 2004	December 15, 2004	\$0.230
December 31, 2004	January 15, 2005	\$0.230
January 31, 2005	February 15, 2005	\$0.230
February 28, 2005	March 15, 2005	\$0.230

The total distributions per Trust Unit paid in 2004 were \$2.76.

MARKET FOR SECURITIES

The outstanding Trust Units of the Fund are listed and posted for trading on the TSX under the symbol SHN.UN.

The following table sets out the price range for, and trading volume of, the Trust Units as reported by the TSX on a monthly basis for the most recently completed financial year:

	<u>Low</u>	<u>High</u>	<u>Volume</u>
January 2004	\$17.43	\$18.85	2,647,392
February 2004	\$16.51	\$18.34	3,111,490
March 2004	\$17.00	\$17.85	4,875,808
April 2004	\$17.44	\$19.19	4,133,039
May 2004	\$18.12	\$19.28	3,120,029
June 2004	\$18.45	\$19.74	3,498,967
July 2004	\$18.86	\$19.97	2,650,153
August 2004	\$18.83	\$20.25	2,498,498
September 2004	\$19.15	\$22.48	4,750,479
October 2004	\$21.21	\$23.98	5,760,841
November 2004	\$20.01	\$22.59	4,028,471
December 2004	\$20.27	\$22.25	2,925,339

PRIOR SALES

During the most recently completed financial year, a total of 580,000 options to purchase Trust Units were granted to directors, officers and employees of the Corporation, at the following grant prices:

Number Granted

465,000
 15,000
 15,000
 55,000
 15,000
 15,000

Grant Price

\$18.64 per Trust Unit
 \$17.33 per Trust Unit
 \$17.81 per Trust Unit
 \$19.40 per Trust Unit
 \$19.86 per Trust Unit
 \$21.19 per Trust Unit

DIRECTORS AND OFFICERS

The Board of directors of the Corporation is currently set at five members, all of whom are elected in accordance with a vote of Unitholders taken at the annual meeting of Unitholders of the Fund. The Fund does not have any directors or officers.

The following are the names, municipalities of residence and principal occupations of the directors and officers of the Corporation.

Name and Municipality of Residence	Position with the Corporation	Principal Occupation
Arne R. Nielsen ⁽¹⁾⁽²⁾⁽³⁾ Alberta, Canada	Chairman	Chairman of the Corporation
David M. Fitzpatrick Alberta, Canada	President, Chief Executive Officer and Director	President and Chief Executive Officer of the Corporation
Warren D. Steckley ⁽¹⁾⁽²⁾⁽³⁾ Alberta, Canada	Director	President and Chief Operating Officer, Barnwell of Canada, Limited, a private oil and gas company
Edward W. Best ⁽¹⁾⁽²⁾⁽³⁾ Alberta, Canada	Director	Corporate director
D. Grant Gunderson ⁽¹⁾⁽²⁾⁽³⁾ Alberta, Canada	Director	Consultant
Gregory D. Moore Alberta, Canada	Vice President, Operations	Vice President, Operations of the Corporation
Terry P. Prokopy Alberta, Canada	Vice President, Land	Vice President, Land of the Corporation
Bruce K. Gibson Alberta, Canada	Vice President, Finance and Chief Financial Officer	Vice President, Finance and Chief Financial Officer of the Corporation
Richard W. Clark Alberta, Canada	Corporate Secretary	Partner with Gowling Lafleur Henderson LLP, lawyer

Notes:

- (1) Member of the Audit Committee
- (2) Member of the Compensation Committee
- (3) Member of the Environmental, Reserve Review and Corporate Governance Committee

Each of the Directors has been a director since the inception of the Fund in July, 1996. Directors are elected at each annual general meeting of Unitholders to hold office until the next such meeting. The next annual general meeting of Unitholders will be held on May 10, 2005. Including the Exchangeable Shares held beneficially by Mr. Nielsen and Mr. Fitzpatrick, as a group, the Directors and Executive Officers of the Corporation

beneficially own, directly or indirectly, or exercise control over, 836,434 Trust Units or 2% of issued and outstanding Trust Units See "General Development of the Business of the Fund – Management Internalization Transactions".

Arne R. Nielsen

Mr. Nielsen was President of Mobil Oil Canada Ltd. ("Mobil") from 1967 through 1977 and thereafter through 1982 was President and Chief Executive Officer of Canadian Superior Oil Ltd. also serving as Chairman from 1982 through 1986. Pursuant to the acquisition of Canadian Superior Oil Ltd. by Mobil, Mr. Nielsen served as Chairman and CEO of Mobil from 1986 through 1989. Since that time, Mr. Nielsen has served as Chairman and Chief Executive Officer of Bowtex Energy (Canada) Corporation and thereafter through May of 1994 in executive positions with POCO Petroleum Ltd. Since May of 1994, Mr. Nielsen has consulted to various western Canadian and international oil companies. In April of 1995, Mr. Nielsen was appointed Chairman and a director of Serenpet Inc., a position he held until July 31, 1996 when he resigned upon closing of the Fund's initial public offering. On July 31, 2003, Mr. Nielsen retired as the Executive Chairman of the Corporation. He remains the non-executive Chairman of the Corporation. Mr. Nielsen currently is also a director of the following companies: VAALCO Energy Inc., Grand River Resources Ltd. and Softrock Petroleum Ltd. Mr. Nielsen graduated from the University of Alberta in 1949 with an Honors Bachelor of Science Degree in Geology and, subsequently, a Master's Degree in Geology in 1950. In 2000 he received an Honorary Doctorate of Science Degree from the University of Alberta. He is a member of the Association of Professional Engineers, Geologists, and Geophysicists of Alberta, the Canadian Society of Petroleum Geologists, the American Association of Petroleum Geologists and the American Institute of Professional Geologists. In 1998, Mr. Nielsen was inducted into the Canadian Petroleum Hall of Fame.

David M. Fitzpatrick

Mr. Fitzpatrick was employed in various senior management positions at Serenpet Inc. including Chief Operating Officer and, most recently, Senior Vice-President, Corporate Development and Gas Marketing from 1990 until July 31, 1996 when he resigned upon closing of the Fund's initial public offering. Prior to joining Serenpet Inc., Mr. Fitzpatrick held engineering and supervisory positions with Canadian Hunter Exploration Ltd. and Amoco Canada Petroleum Co. Ltd. Mr. Fitzpatrick graduated from Queen's University in 1981 with a degree in Geological Engineering and received an Executive Management Program certificate from Queen's University in 1994. He is a member of the Association of Professional Engineers, Geologists, and Geophysicists of Alberta and the Society of Petroleum Engineers.

Warren D. Steckley

Mr. Steckley is currently President and Chief Operating Officer of Barnwell of Canada, Limited, an oil and gas company and a wholly-owned subsidiary of Barnwell Industries Inc., a public company which trades on the American Stock Exchange. From 1994 to 1998, he was an independent consultant providing a range of technical and financial services to emerging oil and gas companies. Prior to 1994, Mr. Steckley was employed at PowerWest Financial Ltd. (now ARC Financial Corporation) as a Senior Investment Analyst and then as a Vice-President. He is also a director of several public and private junior oil and gas companies.

Edward W. Best

Mr. Best was President of the Oil and Gas Division and a director of BP Canada Inc. from 1980 to 1985 when he retired after being employed with BP Canada Inc. and related companies in various management and professional functions for 30 years. From 1985 to 1995 he was a partner of Foster Research, a management and economic consulting firm. He has consulted internationally and domestically for a number of companies, governments and associations, primarily in the petroleum industry. Mr. Best has been a director for a variety of Canadian companies such as NOVA Corporation, Polysar Energy and Chemical Corporation, Canterra Energy Ltd., ProGas Ltd. and CanWest Gas Supply Inc. He is also a director of a number of junior oil and gas companies and was a member of the Alberta Environmental Appeal Board.

D. Grant Gunderson

Mr. Gunderson was Vice-President, Economics and Planning of Canadian Superior Oil Ltd. from 1981 through January 1986 when that company was acquired by Mobil Oil Canada. From 1986 through 1987, Mr. Gunderson was Manager of Mobil Canada's heavy oil division. From 1988 until July 1990, Mr. Gunderson worked in Mobil Oil's head offices in New York and Fairfax, Virginia, in a planning capacity. Returning to Canada in July 1990, Mr. Gunderson served as Vice President, Business Development of Bowtex Energy (Canada) Corporation until 1992, and as President and Director of that company until July 1, 1983 when Bowtex was merged with Luscar Oil and Gas Ltd. Mr. Gunderson joined Sayer Securities Limited in February 1994, as an associate, and continued in that position until his retirement on June 30, 2003. While at Superior and Mobil, Mr. Gunderson developed long range financial planning models to use as valuation tools and for strategic planning purposes. During his tenure with Bowtex and Sayer, Mr. Gunderson directed corporate and asset evaluation activities, developed budgets (and a system for monitoring the same) and business plans and participated in financial reorganizations. Over the course of his career, along with the extensive experience he obtained in corporate valuations, Mr. Gunderson had the opportunity to work closely with the controllers and other financial officers in the preparation of financial information and disclosure, in addition to his regular review of reserves data and financial statement information for purposes of preparing corporate valuation reports.

Gregory D. Moore

Prior to joining the Corporation on July 1, 1996, Mr. Moore held various engineering and senior management positions with a number of oil and gas exploration and production companies in western Canada and Australia with emphasis on field operations, drilling and completions, production engineering, property acquisitions and dispositions and reservoir exploitation. Most recently, Mr. Moore was Vice President, Production and Operations with Omega Hydrocarbons Ltd. Prior to this, he held positions of increasing responsibility with Suncor Inc., Delhi Petroleum Pty. Ltd. in Australia, Husky Oil Operations Ltd. and Amoco Canada Petroleum Co. Ltd. Mr. Moore graduated from Nova Scotia Technical College in 1970 with a degree in Chemical Engineering and received a Western Executive Program Certificate in 1989 from the University of Western Ontario. He is a member of the Association of Professional Engineers, Geologists and Geophysicists of Alberta, the Society of Petroleum Engineers and the Canadian Institute of Mining, Metallurgy and Petroleum.

Terry P. Prokopy

Mr. Prokopy has over 29 years of land experience with both major and junior oil and gas companies. Mr. Prokopy was appointed Vice President, Land of the Corporation in July 2001. Prior to joining the Corporation in December 2000, Mr. Prokopy consulted to Cabre Exploration from 1999. From 1996 through 1999, Mr. Prokopy was Vice President, Land for Gardiner Exploration Limited. He was Vice President, Land for Gardiner Oil and Gas Ltd. (formerly Asamera Inc.) from 1988 through 1996 and he served as Land Manager for Asamera Inc. from 1986 through 1988. Prior to this, he held various senior positions with Unicorp Resources, Shelter Hydrocarbons Ltd., Francana Oil & Gas Ltd., Provident Resources Ltd., Amoco Canada Petroleum Company Ltd. and Red River Oils. Mr. Prokopy has a Bachelor of Arts Degree in Economics from the University of Calgary and is a member of the Canadian Association of Professional Landmen.

Bruce K. Gibson

Bruce K. Gibson was appointed Vice President, Finance and Chief Financial Officer of the Corporation on September 16, 1997. From January, 1996 to September, 1997, Mr. Gibson was Vice-President, Finance of Magrath Energy Corporation. From September, 1987 to July, 1995, Mr. Gibson was Vice President, Finance of Northridge Exploration Ltd. Mr. Gibson obtained a Bachelor of Commerce Degree from the University of Calgary in 1978. He is a member of the Canadian and Alberta Institutes of Chartered Accountants and a member of the Canadian Petroleum Tax Society.

Richard W. Clark

Mr. Clark is a partner at the Calgary office of the national law firm of Gowling Lafleur Henderson LLP, and practices primarily in the areas of securities and corporate finance law. He received a Bachelor of Laws degree from the University of Calgary in 1990, a Bachelor of Arts degree from the University of Calgary in 1987 and

was admitted to the Law Society of Alberta in 1990. He is the Corporate Secretary of the Corporation, a position he has held since the inception of the Fund in July 1996. Mr. Clark is the Secretary of Rise Healthcare Inc., a company listed on the TSX. Mr. Clark is a director of Platform Resources Inc., and is the CEO and a director of Strike Petroleum Ltd. both of which are listed on the TSX. In addition, Mr. Clark is also a director or officer of a number of private companies.

AUDIT COMMITTEE

The purpose of the Corporation's audit committee is to provide assistance to the Board of directors of the Corporation in fulfilling its legal and fiduciary obligations with respect to matters involving the accounting, auditing, financial reporting, internal control and legal compliance functions of the Corporation and its subsidiaries. It is the objective of the audit committee to maintain a free and open means of communication among the Board of directors of the Corporation, the independent auditors and the financial and senior management of the Corporation.

The full text of the audit committee's terms of reference is included as Schedule A to this Annual Information Form.

Composition of the Audit Committee

The audit committee is comprised of Arne R. Nielsen, Warren D. Steckley, Edward W. Best and D. Grant Gunderson. Mr. Gunderson is the chairman of the audit committee. Each of the members is financially literate under Section 1.5 of MI 52-110 and independent under Section 1.4 of MI 52-110.

Relevant Education and Experience

See the descriptions for each of Messrs. Nielsen, Steckley, Best and Gunderson under "Directors and Officers".

Pre-Approval Policies and Procedures

The audit committee pre-approves engagements for non-audit services provided by the external auditors or their affiliates, together with estimated fees and potential issues of independence.

Audit Fees

The aggregate fees billed by the Corporation's external auditor for audit services in the fiscal year ended December 31, 2004 were \$315,940 (\$260,400 – 2003).

Tax Fees

The aggregate fees billed by the Corporation's external auditor for professional services including tax compliance, tax advice and tax planning in the fiscal year ended December 31, 2004 were \$111,043 (\$27,118 – 2003).

CEASE TRADE ORDERS, BANKRUPTCIES, PENALTIES OR SANCTIONS

To the knowledge of management of the Corporation, no director or executive officer of the Corporation, or any shareholder holding a sufficient number of securities of the Corporation to affect materially the control of the Corporation:

- (a) is, as at the date hereof, or within the 10 years before the date hereof has been, a director or officer of any issuer, that while that person was acting in that capacity:
 - (i) was the subject of a cease trade or similar order, or an order that denied the relevant issuer access to any exemptions under Canadian securities legislation, for a period of more than 30 consecutive days;

- (ii) was subject to an event that resulted, after the director or executive officer ceased to be a director or executive officer, in the issuer being the subject of a cease trade or similar order or an order that denied the relevant issuer access to any exemption under securities legislation, for a period of more than 30 consecutive days; or
 - (iii) or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- (b) has, within the 10 years before the date hereof, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or was subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of such person.

To the knowledge of management of the Corporation, no director or executive officer of the Corporation, or any shareholder holding a sufficient number of securities of the Corporation to affect materially the control of the Corporation, has been subject to:

- (a) any penalties or sanctions imposed by a court relating to Canadian securities legislation or by a Canadian securities regulatory authority or has entered into a settlement agreement with the Canadian securities regulatory authority; or
- (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable investor in making an investment decision.

Conflicts of Interest

Some of the directors of the Corporation are also directors of other oil and natural gas companies, which may from time to time be in competition with the Corporation and the Fund for property acquisitions, or other limited resources. Where required by law, appropriate disclosure of such conflicts will be made by the applicable directors. In particular, the Corporation follows the provisions of the *Business Corporations Act (Alberta)*. These provisions state that in the event that a director has an interest in a contract or proposed contract or agreement, such director shall disclose his interest in such contract or agreement and shall refrain from voting on any matter in respect of such contract or agreement unless otherwise permitted by the *Business Corporations Act (Alberta)*.

INFORMATION CONCERNING THE OIL AND NATURAL GAS INDUSTRY

Government Regulation

The oil and natural gas industry is subject to extensive controls and regulations imposed by various levels of government. Outlined below are some of the more significant aspects of the legislation, regulations and agreements governing the oil and gas industry. It is not expected that any of such controls or regulations would affect the operations of the Fund, the Corporation or SLP in a manner materially different than they would affect other companies of similar size in the oil and natural gas industry. All current legislation is a matter of public record and the Corporation is unable to predict what additional legislation or amendments may be enacted.

Pricing and Marketing - Oil

In Canada, producers of oil negotiate sales contracts directly with oil purchasers, with the result that the market determines the price of oil. The price depends in part on oil quality, prices of competing fuels, distance to market, the value of the refined products and the supply/demand balance. Oil exports may be made pursuant to export contracts with terms not exceeding one year in the case of light crude, and not exceeding two years in the case of heavy crude, provided that an order approving any such export has been obtained from the National Energy Board ("NEB"). Any oil export to be made pursuant to a contract of longer duration requires an

exporter to obtain an export license from the NEB and the issue of such a license requires the approval of the Governor in Council.

Pricing and Marketing - Natural Gas

In Canada, the price of natural gas sold is determined by negotiation between buyers and sellers. Natural gas exported from Canada is subject to regulation by the NEB and the government of Canada. Exporters are free to negotiate prices and other terms with purchasers, provided that the export contracts in excess of two years must continue to meet certain criteria prescribed by the NEB and the government of Canada. As is the case with oil, natural gas exports for a term of less than two years must be made pursuant to an NEB order, or, in the case of exports for a longer duration, pursuant to an NEB license and Governor in Council approval. The price received by the Corporation or SLP depends, in part, on the prices of competing natural gas and other substitute fuels, access to downstream transportation, distance to markets, length of the contract term, weather conditions, the supply and demand balance and other contractual terms.

The governments of Alberta and British Columbia also regulate the volume of natural gas which may be removed from those provinces for consumption elsewhere based on such factors as reserve availability, transportation arrangements and market considerations.

The North American Free Trade Agreement

On January 1, 1994 the North American Free Trade Agreement ("NAFTA") among the governments of Canada, the U.S. and Mexico became effective. The NAFTA carries forward most of the material energy terms contained in the Canada - U.S. Free Trade Agreement. In the context of energy resources, Canada continues to remain free to determine whether exports to the U.S. or Mexico will be allowed provided that the restrictions are justified under certain provisions of the General Agreement on Tariffs and Trade and then only if the export restrictions do not: (i) reduce the proportion of energy resources exported relative to the total supply of the energy resource (based upon the proportion prevailing in the most recent 36 month period), (ii) impose an export price higher than the domestic price, and (iii) disrupt normal channels of supply. All three countries are prohibited from imposing minimum export or import price requirements.

NAFTA contemplates the reduction of Mexican restrictive trade practices in the energy sector and prohibits discriminatory border restrictions and export taxes. The agreement also contemplates clearer disciplines on regulators to ensure fair implementation of any regulatory changes and to minimize disruption of contractual arrangements, which is important for Canadian natural gas exports.

Royalties and Incentives

In addition to federal regulation, the provinces of Alberta, Saskatchewan and British Columbia have legislation and regulations which govern land tenure, royalties, production rates, environmental protection and other matters. The royalty regime is a significant factor in the profitability of oil and natural gas production. Royalties payable on production from lands other than Crown lands are determined by negotiations between the mineral owner and the lessee. Crown royalties are determined by government regulation and are generally calculated as a percentage of the value of the gross production, and the rate of royalties payable generally depends in part on the prescribed reference prices, well productivity, geographical location, field discovery date, the method of recovery and the type or quality of the petroleum product produced.

From time to time the provincial governments of Canada have established incentive programs which have included royalty rate reductions, royalty holidays and tax credits for the purpose of encouraging oil and natural gas exploration or enhanced production projects.

Oil and natural gas royalty holidays and reductions for specific wells reduce the amount of Crown royalties paid by the Corporation to governments. These incentives increase the net income of the Corporation.

There are no assurances that the government's programs or other incentives currently in place will remain so. The termination of any of the current incentives may have a significant effect upon

the Fund and the amount of Distributable Cash available to Unitholders. Alberta Royalty Tax Credit may be claimed in respect of eligible properties only by the Corporation or the Fund and not by holders of Trust Units. The Fund is currently eligible to claim the full amount of the Alberta Royalty Tax Credit.

Land Tenure

Crude oil and natural gas located in the western provinces is owned predominantly by the respective provincial governments. Provincial governments grant rights to explore for and produce oil and natural gas pursuant to leases, licences and permits for varying terms and on conditions set forth in provincial legislation, including requirements to perform specific work or make payments. Oil and natural gas located in such provinces can also be privately owned and rights to explore for and produce such oil and natural gas are granted by lease on such terms and conditions as may be negotiated.

Environmental Regulation

The oil and natural gas industry is subject to environmental regulation pursuant to local, provincial and federal legislation. Environmental legislation provides for restrictions and prohibitions on releases or emissions of various substances produced in association with certain oil and natural gas industry operations and can affect the location and operation of wells and other facilities and the extent to which exploration and development is permitted. In addition, such legislation requires that well and facility sites be abandoned and reclaimed to the satisfaction of provincial authorities. A breach of such legislation may result in the imposition of fines or clean-up orders.

The Corporation is committed to meeting its responsibilities to protect the environment wherever it operates and anticipates making increased expenditures of both a capital and expense nature, as a result of the increasingly stringent laws relating to the protection of the environment. The Corporation's internal procedures are designed to ensure that the environmental aspects of new developments are taken into account prior to proceeding. The Corporation believes that it is reasonably likely that the trend towards stricter standards in environmental legislation and regulation will continue.

RISK FACTORS

The Trust Units do not represent a traditional investment in the oil and natural gas industry. Prospective purchasers of the Trust Units should carefully consider the information set forth below and the other information set forth herein before deciding to invest in the Trust Units.

Development of Additional Reserves

The Fund's future success and its Distributable Cash are dependent upon the Corporation's and SLP's ability to develop or acquire additional oil and natural gas reserves that are economically recoverable at attractive acquisition prices. Except to the extent that the Corporation and SLP conduct successful development activities or acquires properties containing proved reserves, or both, the proved reserves and production of the Corporation and SLP will generally decline as reserves are produced. If prevailing oil and natural gas prices were to increase significantly, the Corporation's and SLP's costs to add reserves could be expected to increase. The drilling of oil and natural gas wells involves a high degree of risk, especially the risk of a dry hole or of a well that is not sufficiently productive to provide an economic return on the capital expended to drill the well.

To the extent that external sources of capital, including the issuance of additional Trust Units, become limited or unavailable, the Corporation's and SLP's ability to make the necessary capital investments to maintain or expand their oil and natural gas reserves will be impaired. To the extent that the Corporation and SLP is required to use Net Production Revenue to finance capital expenditures or property acquisitions, the level of Distributable Cash will be reduced.

There is strong competition relating to all aspects of the oil and gas industry. The Corporation and SLP will actively compete for reserve acquisitions and skilled industry personnel with a substantial number of other oil and gas companies, many of which have significantly greater financial resources than the Corporation and SLP.

There can be no assurance that the Corporation and SLP will be successful in developing additional reserves or acquiring reserves on terms that meet the Fund's investment criteria.

Exploitation and development risks are due to the uncertain results of searching for and producing oil and natural gas using imperfect scientific methods. These risks are mitigated by using highly skilled staff, focussing exploitation efforts in areas in which the Corporation has existing knowledge and expertise or access to such expertise, using up-to-date technology to enhance methods and controlling costs to maximize returns. Advanced oil and natural gas related technologies such as three dimensional seismography, reservoir simulation studies and horizontal drilling may, where appropriate, be used by the Corporation to improve its ability to find, develop and produce oil and natural gas.

Oil and Natural Gas Prices - Marketability of Production

The Fund's revenues are dependent upon prevailing prices for oil and natural gas. Oil and natural gas prices can be extremely volatile and are affected by the actions of foreign governments, international cartels and the Canadian federal and provincial governments. In addition, the marketability of the production underlying the Royalties depends upon the availability and capacity of gathering systems and pipelines, the effect of federal and provincial regulation on such production, supply and demand conditions for oil and gas and general economic conditions. All of these factors are beyond the control of the Corporation and the Fund.

The Fund operates in a competitive environment, wherein the commodity price is and could be affected by a number of factors beyond the control of the Fund. The Corporation's and SLP's results of operations and financial position, and therefore the amounts paid to the Fund pursuant to the Royalties, the Raider Acquisition Notes, Ionic Acquisition Notes and Birchill Acquisition Note, are dependent on the prices received for their oil and natural gas production. Oil and natural gas prices have fluctuated widely during recent years and are determined by supply and demand factors, including weather and general economic conditions as well as conditions in other oil producing regions, which are beyond the control of the Corporation and the Fund. Any decline in oil or natural gas prices could have a material adverse effect on the Corporation's and SLP's operations, financial condition, proved reserves and the level of expenditures for the development of their oil and natural gas reserves. Distributable Cash will therefore be sensitive to prevailing oil and natural gas prices.

The Corporation may manage the risk associated with changes in commodity prices and foreign exchange rates by causing the Corporation and SLP, from time to time, to enter into crude oil or natural gas price hedges and forward foreign exchange contracts. To the extent that the Corporation engages in risk management activities related to commodity prices and foreign exchange rates, it and SLP will be subject to credit risks associated with counter parties with which they contract.

Title

Although satisfactory title reviews of the Properties are conducted in accordance with industry standards, those title reviews do not guarantee or certify that a defect in the chain of title may not arise to defeat the claim of the Corporation or SLP to a Property. A reduction of Royalty Income could result in those circumstances.

Environmental Concerns

The operation of oil and natural gas wells involves a number of natural hazards which may result in blowouts, environmental damage or other unexpected or dangerous conditions resulting in liability to the Corporation and SLP and possibly liability to third parties. The oil and natural gas industry is subject to extensive environmental regulation which provides for restrictions and prohibitions on releases or emissions of various substances produced in association with certain oil and natural gas industry operations. In addition, legislation requires that well and facility sites be abandoned and reclaimed to the satisfaction of provincial authorities. A breach of such legislation may result in fines or the issuance of clean-up orders. The Corporation and SLP will make reasonable provision for well abandonment where appropriate, however there can be no assurance that such provision will be sufficient to satisfy all such obligations. No sinking fund or reserve will be established for the purpose of site reclamation or abandonment costs. Actual abandonment costs incurred in a specific period are deducted for purposes of the Royalty Income and will reduce the amount of Distributable Cash available for distribution to Unitholders.

Reserves

Although Paddock, Sproule and the Fund have carefully prepared the reserve estimates included herein and believe that the methods of estimating reserves have been verified by judgment and operating experience, such figures are estimates and no assurance can be given that the indicated levels of reserves will be produced. Probable reserves estimated for properties may require revision based on the actual development strategies employed to prove such reserves. Declines in the reserves of the Corporation and SLP that are not offset by the acquisition or development of additional reserves may reduce the underlying value of Trust Units to Unitholders. Trust Units will have little or no value once all of the oil and natural gas reserves of the Corporation and SLP have been produced. As a result, holders of Trust Units will have to obtain the return of capital invested out of cash flow derived from their investment in such Trust Units.

Purchase of Reserves

Acquisitions of resource companies and resource assets by the Corporation and SLP will be based on engineering and economic assessments made by management and reviewed by independent engineers. These assessments include a series of assumptions regarding such factors as recoverability and marketability of oil and natural gas, future prices of oil and natural gas and operating costs, future capital expenditures and royalties and other governmental levies which will be imposed over the producing life of the reserves. Many of these factors are subject to change and are beyond the control of the Corporation or the Fund. In particular, changes in the prices of and markets for oil and natural gas from those anticipated at the time of making such assessments will affect the return on and value of the Trust Units. In addition, all such assessments involve a measure of geological and engineering uncertainty which could result in lower production and reserves than anticipated.

Depletion of Reserves

The Fund has certain unique attributes that differentiate it from other oil and gas industry participants. Distributions of Distributable Cash in respect of the Corporation's and SLP's oil and gas properties, absent commodity price increases or cost effective acquisition and development activities, will decline over time in a manner consistent with declining production from typical oil, natural gas and natural gas liquids reserves. The Corporation and SLP will not be reinvesting cash flow in the same manner as other industry participants. Accordingly, absent capital injections, the Corporation's and SLP's initial production levels and reserves will decline.

The Corporation's and SLP's future oil and natural gas reserves and production, and therefore its cash flows, will be highly dependent on the Corporation's and SLP's success in exploiting its reserve base and acquiring additional reserves. Without reserve additions through acquisition or development activities, the Corporation's and SLP's reserves and production will decline over time as reserves are exploited.

To the extent that external sources of capital, including the issuance of additional Trust Units, become limited or unavailable, the Corporation's and SLP's ability to make the necessary capital investments to maintain or expand its oil and natural gas reserves will be impaired. To the extent that the Corporation and SLP are required to use cash flow to finance capital expenditures or property acquisitions, the level of Distributable Cash will be reduced.

There can be no assurance that the Corporation or SLP will be successful in developing or acquiring additional reserves on terms that meet the Fund's investment objectives.

Reliance on Key Personnel

Unitholders are entirely dependent on the Corporation in respect of administration of all matters relating to the Properties and the Trust Units. Investors who are not willing to rely on the Corporation should not invest in the Trust Units.

The Fund is highly dependent upon the executive officers and key employees of the Corporation. The unexpected loss of the services of any of these individuals could have a detrimental effect on the Fund. In particular, termination of the Administrative Services Agreement between the Corporation and the Trustee, could

result in a significant loss to the Fund. See "Directors and Officers". The directors and officers of the Corporation have extensive experience in oil and natural gas production activities.

Credit Facility

The Corporation has credit facilities in the amount of \$225 million. Variations in interest rates could result in significant changes in the amount required to be applied to debt service before payment of the Royalties and principal and interest on the Raider Acquisition Notes, Ionic Acquisition Notes and Birchill Acquisition Note. Certain covenants of the agreements of the Corporation with the bank could limit distributions to the Fund. Although the Corporation believes that the bank lines of credit are sufficient, there can be no assurance that the amount will be adequate for the financial obligations of the Corporation or SLP or that additional funds can be obtained. If the Corporation and SLP do not earn sufficient income from the Properties to meet the debt service obligations under the credit facilities, the bank could foreclose on the Properties and, if the Properties are sold, also cause the Royalties, the Raider Acquisition Notes, Birchill Acquisition Note and/or Ionic Acquisition Notes to be sold. Upon annual review of the underlying assets pledged as security for the credit facilities, the bank may adjust the size of the credit facilities. Principal repayments as required by the bank or as determined by the Corporation will reduce Distributable Cash. The credit facilities contain provisions which may restrict the ability of the Corporation and SLP to pay the Royalties, principal or interest on the Raider Acquisition Notes, Ionic Acquisition Notes and Birchill Acquisition Note and which may compel a sale of the working interests underlying the Royalties and those notes in certain circumstances, with all proceeds from such sale going to the bank and not to the Fund.

Foreign Exchange

Operating costs incurred by the Corporation and SLP are generally paid in Canadian dollars. World oil prices are quoted in United States dollars and the price received by Canadian producers is therefore affected by the Canadian/U.S. dollar exchange rate that may fluctuate over time. A material increase in the value of the Canadian dollar may negatively impact the Corporation's and SLP's net production revenue. To the extent that the Corporation has engaged or will in the future engage in risk management activities related to commodity prices and foreign exchange rates, through entry into oil and natural gas price hedges and forward foreign exchange contracts or otherwise, the Corporation and SLP will be subject to unfavourable price changes and credit risks associated with the counterparties with which it contracts.

Capital Investment

The timing and amount of capital expenditures will directly affect the amount of Distributable Cash for distribution to Unitholders. Distributions may be reduced, or even eliminated, at times when significant capital or other expenditures are made.

Potential Conflicts of Interest

Some of the directors of the Corporation are also directors of other oil and natural gas companies, which may from time to time be in competition with the Corporation and the Fund for property acquisitions, or other limited resources. Where required by law, appropriate disclosure of such conflicts will be made by the applicable directors. In particular, the Corporation follows the provisions of the *Business Corporations Act* (Alberta). These provisions state that in the event that a director has an interest in a contract or proposed contract or agreement, such director shall disclose his interest in such contract or agreement and shall refrain from voting on any matter in respect of such contract or agreement unless otherwise permitted by the *Business Corporations Act* (Alberta).

Competition

The oil and natural gas industry is intensely competitive and the Corporation and SLP will compete for joint venture partners and capital with a substantial number of other companies which have greater resources. Many such companies not only explore for and produce oil and natural gas, but also carry on refining operations and market petroleum and other products on a worldwide basis and as such have greater and more diverse resources upon which to draw. There is also competition between the oil industry and other industries with respect to the supply of energy and fuel to industrial, commercial and individual customers. Oil and natural gas operations

involve a high degree of risk, which even a combination of experience, knowledge and careful evaluation may not be able to overcome.

Operating Risks

The oil and natural gas business involves a variety of operating risks, including the risk of fire, explosions, blowouts and encountering formations with abnormal pressure and oil spills, the occurrence of any of which could result in substantial losses to the Fund. The Corporation and SLP maintain insurance against some, but not all, of these risks, in amounts which meet or exceed standard industry practice. There can be no assurance that any insurance will continue to be available at premium levels that justify its purchase or whether insurance will be available at all.

Continuing production from the Properties, and to some extent the marketing of production therefrom, are dependent upon the ability of the operator of such Properties. To the extent that the operator of a Property fails to perform these functions properly, revenue may be reduced. Payments from production generally flow through the operator and there is a risk of delay and additional expense in receiving such revenues if the operator becomes insolvent or experiences cash flow problems.

Changes in Legislation

There can be no assurance that income tax laws, other laws or government incentive programs relating to the oil and gas industry, such as the status of investment trusts and resource allowance, will not be changed in a manner which will adversely affect the Fund and Unitholders. There can be no assurance that tax authorities having jurisdiction will agree with how the Fund calculates its income for tax purposes or that such tax authorities will not change their administrative practices to the detriment of the Fund or the Unitholders.

Investment Eligibility

The Corporation will seek to ensure that the Trust Units are qualified investments for Exempt Plans under the Tax Act. The Tax Act imposes penalties for the acquisition or holding of non-qualified or ineligible investments and there is no assurance that the conditions prescribed for such qualified or eligible investments will be adhered to at any particular time. If the Fund ceases to qualify at any relevant time as a "mutual fund trust" under the Tax Act, the Trust Units will cease to be qualified investments for Exempt Plans.

Nature of Trust Units

Securities such as the Trust Units are hybrids in that they share certain attributes common to both equity securities and debt instruments. Trust Units are dissimilar to debt instruments in that there is no principal amount owing to Unitholders. The Trust Units do not represent a traditional investment in the oil and natural gas industry and should not be viewed by investors as shares in the Fund. The Trust Units represent an equal undivided beneficial interest in the Fund. As holders of Trust Units, Unitholders will not have the statutory rights normally associated with ownership of shares of a corporation including, for example, the right to bring "oppression" or "derivative" actions. The market price per Trust Unit is a function of anticipated Distributable Cash, the market's perception of the value of Properties and the Corporation's ability to effect long-term growth in the value of the Fund.

Unitholder Liability

The Trust Indenture provides that no Unitholder will be subject to any liability in connection with the Fund or its obligations and affairs and, in the event that a court determines Unitholders are subject to any such liabilities, the liabilities will be, with certain exceptions, enforceable only against, and will be satisfied only out of the Fund's assets.

The Trust Indenture provides that all contracts signed by or on behalf of the Fund must (except as the Trustee or the Corporation may otherwise, in any respect, determine) contain a provision to the effect that the obligations in such agreement will not be binding upon Unitholders personally. Personal liability may also arise in

respect of claims against the Fund that do not arise under contracts, including claims in tort, claims for taxes and possibly certain other statutory liabilities. The possibility of any personal liability of this nature arising is considered unlikely. In addition, the *Income Trust Liability Act* (Alberta) was proclaimed in Alberta on July 1, 2004. The *Income Trust Liability Act* (Alberta) provides that a beneficiary of a trust that is (a) created by a trust instrument governed by the laws of Alberta, and (b) a reporting issuer as defined in the *Securities Act* (Alberta), is not liable as a beneficiary for any act, default, obligation or liability of the trustee.

Additional Financing

To the extent that external sources of capital, including the issuance of additional Trust Units, become limited or unavailable, the Fund's, the Corporation's and SLP's ability to make the necessary capital investments to maintain or expand their oil and gas reserves and to invest in assets, as the case may be, will be impaired. To the extent that the Corporation and SLP are required to use distributable cash flow to finance capital expenditures, property acquisitions or asset acquisitions, as the case may be, the level of Distributable Cash will be reduced.

Return of Capital

Trust Units will have limited value when reserves from the Properties can no longer be economically produced. Distributions of Distributable Cash may not represent a "yield" in the traditional sense as they may represent either a return of capital, a return on investment or both.

Distribution of Cash

The amount of cash available for distribution to holders of Trust Units is subject to a number of factors, including prevailing prices for oil and natural gas, operating costs, capital costs, general and administrative costs, borrowing costs, the cost of capital, Crown and freehold royalty payments and other forms of taxation applied to the Corporation and SLP and their production, as well as the magnitude of other direct expenses of the Corporation and SLP. It is possible that no Distributable Cash will be available for distribution to holders of Trust Units due to these or other factors.

Enforcement of Operating Agreements

Operations of the wells located on properties not operated by the Corporation or SLP are generally governed by operating agreements that typically require the operator to conduct operations in a good and workmanlike manner. Operating agreements generally provide, however, that the operator will have no liability to the other non-operating working interest owners for losses sustained or liabilities incurred, except such as may result from gross negligence or wilful misconduct. In addition, third-party operators are generally not fiduciaries with respect to the Corporation, SLP, the Fund or the Unitholders. The Corporation and SLP, as owners of working interests in properties not operated by them, will generally have a cause of action for damages arising from a breach of such duty. Although not established by definitive legal precedent, it is unlikely that the Fund or Unitholders would be entitled to bring suit against third-party operators to enforce the terms of the operating agreements; thus, Unitholders will be dependent on the Corporation and SLP, as owner of the working interest, to enforce such rights.

Delays in Cash Distribution

In addition to the usual delays in payment by purchasers of oil and natural gas to the operators of oil and gas properties, and by the operator to the Corporation and SLP, payments between any of such parties may also be delayed by restrictions imposed by lenders, delays in the sale or delivery of products, delays in the connection of wells to a gathering system, blowouts or other accidents, recovery by the operator of expenses incurred in the operation of oil and gas properties or the establishment by the operator of reserves for such expenses. Any of these delays could adversely affect distributions made by the Fund.

Potential For Write-Downs

Under Canadian accounting rules, the net capitalized cost of oil and gas properties may not exceed a "ceiling limit", which is based, in part, upon estimated future net cash flows from reserves. If the net capitalized costs exceed this limit, the Corporation and SLP must charge the amount of the excess against earnings. As oil and gas prices decline, the Corporation's and SLP's net capitalized cost may approach and, in certain circumstances, may exceed this cost ceiling resulting in a charge against earnings. While these write-downs would not affect cash flow, the charge to earnings could be viewed unfavourably in the market or could limit the Corporation's and SLP's ability to borrow funds or comply with covenants contained in current or future credit agreements or other debt instruments.

LEGAL PROCEEDINGS

To the knowledge of management of the Corporation, there are no legal proceedings to which the Corporation or the Fund or which any of their property is the subject, nor are any such proceedings that are contemplated.

INTEREST OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

Other than as disclosed elsewhere herein, no director or officer or principal shareholder, or any associate or affiliate of the foregoing, has or has had, any material interest, direct or indirect, in any transaction within the three most recently completed financial years or in the current financial year that has materially affected or will materially affect the Corporation or the Fund.

TRANSFER AGENTS AND REGISTRARS

The transfer agent and registrar of the Trust Units of the Fund is Computershare Trust Company of Canada, at its offices in Calgary, Alberta and Toronto, Ontario.

MATERIAL CONTRACTS

Except for contracts entered into in the ordinary course of business, the only material contracts that were entered into within the most recently completed financial year, or before the most recently completed financial year and still in effect:

1. The Trust Indenture;
2. the Royalty Agreements;
3. the Corporation USA;
4. the SHC USA;
5. the Administration Services Agreement;
6. the Rights Plan; and
7. the Raider Acquisition Notes, the Ionic Acquisition Notes and the Birchill Acquisition Note.

INTERESTS OF EXPERTS

Paddock prepared the Paddock Report relating to certain reserves of the Corporation and Sproule prepared the Sproule Report relating to certain reserves of the Corporation. As of the date hereof, the directors, officers and associates of Paddock Lindstrom & Associates Ltd., as a group, and of Sproule Associates Limited, as a group, own beneficially, directly or indirectly, no outstanding Trust Units.

ADDITIONAL INFORMATION

Additional information, including remuneration and indebtedness of directors and officers of the Corporation, the principal holders of Trust Units and the securities authorized for issuance under equity compensation plans, is contained in the Fund's information circular relating to the Annual and Special Meeting of Unitholders to be held on May 10, 2005, or any adjournment thereof. Additional financial information is provided in the annual audited financial statements of the Fund for the year ended December 31, 2004 and the Management's Discussion and Analysis pertaining thereto.

The above documents and other information may be found on SEDAR at www.SEDAR.com.

**REPORT ON RESERVES DATA BY INDEPENDENT QUALIFIED RESERVES EVALUATOR AND AUDITOR
FORM 51-101F2**

Terms to which a meaning is ascribed in National Instrument 51-101 have the same meaning herein.

To the Board of Directors of Shiningbank Energy Ltd. (the "Company"):

1. We have evaluated and audited the Company's reserves data as at December 31, 2004. The reserves data consist of the following:
 - (a)
 - (i) proved and proved plus probable oil and gas reserves estimated as at December 31, 2004 using forecast prices and costs; and
 - (ii) the related estimated future net revenue; and
 - (b)
 - (i) proved oil and gas reserves estimated as at December 31, 2004 using constant prices and costs; and
 - (ii) the related estimated future net revenue.
2. The reserves data are the responsibility of the Company's management. Our responsibility is to express an opinion on the reserves data based on our evaluation and audit.

We carried out our evaluation and audit in accordance with standards set out in the Canadian Oil and Gas Evaluation Handbook (the "COGE Handbook") prepared jointly by the Society of Petroleum Evaluation Engineers (Calgary Chapter) and the Canadian Institute of Mining, Metallurgy & Petroleum (Petroleum Society).

3. Those standards require that we plan and perform an evaluation and audit to obtain reasonable assurance as to whether the reserves data are free of material misstatement. An evaluation and audit also includes assessing whether the reserves data are in accordance with principles and definitions presented in the COGE Handbook.
4. The following table sets forth the estimated future net revenue (before deduction of income taxes) attributed to proved plus probable reserves, estimated using forecast prices and costs and calculated using a discount rate of 10 percent, included in the reserves data of the Company evaluated and audited by us for the year ended December 31, 2004, and identifies the respective portions thereof that we have evaluated and audited and reported on to the Company's board of directors:

Independent Qualified Reserves Evaluator or Auditor	Description and Preparation Date of Evaluation/Audit Report	Location of Reserves (Country or Foreign Geographic Area)	Net Present Value of Future Net Revenue (\$millions - before income taxes, 10% discount rate)			
			Audited	Evaluated	Reviewed	Total
Paddock Lindstrom & Associates Ltd.	February 14, 2005	Canada	48.5	440.7	nil	489.2

5. In our opinion, the reserves data respectively evaluated and audited by us have, in all material respects, been determined and are in accordance with the COGE Handbook. We express no opinion on the reserves data that we reviewed but did not audit or evaluate.
6. We have no responsibility to update our reports referred to in paragraph 4 for events and circumstances occurring after their respective preparation dates.

7. Because the reserves data are based on judgements regarding future events, actual results will vary and the variations may be material.

Executed as to our report referred to above:

Paddock Lindstrom & Associates Ltd.
Calgary, Alberta, Canada

Execution Date: February 14, 2005

(signed) "L.K. Lindstrom" _____

L.K. Lindstrom, P.Eng.
President

REPORT ON RESERVES DATA BY INDEPENDENT QUALIFIED RESERVES EVALUATOR AND AUDITOR

Report on Reserves Data

To the Board of Directors of Shiningbank Energy Ltd. (the "Company"):

1. We have evaluated the Company's Reserves Data as at December 31, 2004. The reserves data consist of the following:
 - (a) (i) proved and proved plus probable oil and gas reserves estimated as at December 31, 2004 using forecast prices and costs; and
 - (ii) the related estimated future net revenue; and
 - (b) (i) proved oil and gas reserves estimated as at December 31, 2004 using constant prices and costs; and
 - (ii) the related estimated future net revenue.
2. The Reserves Data are the responsibility of the Company's management. Our responsibility is to express an opinion on the reserves data based on our evaluation.

We carried out our evaluation in accordance with standards set out in the Canadian Oil and Gas Evaluation Handbook (the "COGE Handbook"), prepared jointly by the Society of Petroleum Evaluation Engineers (Calgary Chapter) and the Canadian Institute of Mining, Metallurgy & Petroleum (Petroleum Society).

3. Those standards require that we plan and perform an evaluation to obtain reasonable assurance as to whether the reserves data are free of material misstatement. An evaluation also includes assessing whether the reserves data are in accordance with principles and definitions presented in the COGE Handbook.
4. The following table sets forth the estimated future net revenue attributed to proved plus probable reserves, estimated using forecast prices and costs on a before tax basis and calculated using a discount rate of 10%, included in the reserves data of the Company evaluated by us as of December 31, 2004, and identifies the respective portions thereof that we have audited, evaluated and reviewed and reported on to the Company's management and Board of Directors:

Independent Qualified Reserves Evaluator or Auditor	Description and Preparation Date of Evaluation Report	Location of Reserves (Country)	Net Present Value of Future Net Revenue (10% Discount Rate)			
			Audited (M\$)	Evaluated (M\$)	Reviewed (M\$)	Total (\$M)
Sproule	Evaluation of Certain P&NG Reserves of Shiningbank Energy Ltd., as of December 31, 2004 prepared October 2004 through January 2005	Canada	Nil	372,164	Nil	372,164

5. In our opinion, the reserves data evaluated by us have, in all material respects, been determined and are in accordance with the COGE Handbook.
6. We have no responsibility to update our report referred to in paragraph 4 for events and circumstances occurring after its preparation date.

7. Because the reserves data are based on judgements regarding future events, actual results will vary and the variations may be material.

Executed as to our report referred to above:

**REPORT OF MANAGEMENT AND DIRECTORS ON RESERVES DATA AND OTHER INFORMATION
FORM 51-101F3**

Terms to which a meaning is ascribed in National Instrument 51-101 have the same meaning herein.

Management of Shiningbank Energy Ltd. (the "Company") are responsible for the preparation and disclosure of information with respect to the Company's oil and gas activities in accordance with securities regulatory requirements. This information includes reserves data, which consist of the following:

- (a) (i) proved and proved plus probable oil and gas reserves estimated as at December 31, 2004 using forecast prices and costs; and
- (ii) the related estimated future net revenue; and
- (b) (i) proved oil and gas reserves estimated as at December 31, 2004 using constant prices and costs; and
- (ii) the related estimated future net revenue.

Independent qualified reserves evaluators and auditors have evaluated and audited the Company's reserves data. The reports of the independent qualified reserves evaluators and auditors are presented in the Annual Information Form of Shiningbank Energy Income Fund effective as of December 31, 2004.

The Environmental, Corporate Governance and Reserve Review Committee of the board of directors of the Company has

- (a) reviewed the Company's procedures for providing information to the independent qualified reserves evaluator and auditor;
- (b) met with the independent qualified reserves evaluators and auditors to determine whether any restrictions affected the ability of the independent qualified reserves evaluators and auditors to report without reservation; and
- (c) reviewed the reserves data with management and the independent qualified reserves evaluators and auditors.

The Environmental, Corporate Governance and Reserve Review Committee of the board of directors has reviewed the Company's procedures for assembling and reporting other information associated with oil and gas activities and has reviewed that information with management. The board of directors has, on the recommendation of the Environmental, Corporate Governance and Reserve Review Committee, approved:

- (a) the content and filing with securities regulatory authorities of the reserves data and other oil and gas information;
- (b) the filing of the report of the independent qualified reserves evaluator and auditor on the reserves data; and
- (c) the content and filing of this report.

Because the reserves data are based on judgements regarding future events, actual results will vary and the variations may be material.

SCHEDULE "A"

SHININGBANK ENERGY LTD.

AUDIT COMMITTEE - TERMS OF REFERENCE

(Adopted by the Board of Directors of Shiningbank Energy Ltd. effective March 2, 2005)

PURPOSE

The overall purpose of the Audit Committee (the "**Committee**") of the Board of Directors of Shiningbank Energy Ltd. (the "**Corporation**") is to carry out the functions associated with an audit committee of an issuer of the size and nature of the Corporation and the Fund (as defined below). The purpose of the Committee is to ensure that the Corporation's management has designed and implemented an effective system to review and report on the integrity of the consolidated financial statements of Shiningbank Energy Income Fund ("**SEIF**") and its consolidated subsidiaries (collectively referred to as the "**Fund**"). As part of this mandate, the Committee shall take all necessary steps so as to ensure compliance by the Fund with all laws and regulatory policies, rules, regulations and instruments pertaining to audit and financial reporting that are applicable to the Fund from time to time (the "**Applicable Laws**").

COMPOSITION, PROCEDURES AND ORGANIZATION

1. The Committee shall consist of not less than three members of the Board of Directors of the Corporation (the "**Board**"), each of whom:
 - (a) must meet any independence tests; and
 - (b) must satisfy any financial literacy or other competency standards;

as set out under Applicable Laws, except as may be allowed under any applicable exemptions provided for under Applicable Laws or any exemption orders obtained from applicable regulatory authorities.

2. The Board, at its organizational meeting held in conjunction with each annual general meeting of the holders of trust units of SEIF, shall appoint the members of the Committee for the ensuing year. The Board may at any time remove or replace any member of the Committee and may fill any vacancy in the Committee.
3. Unless the Board shall have appointed a chair of the Committee, the members of the Committee shall elect a chair (the "**Chairman**") from amongst their number.
4. The Secretary of the Corporation shall be the secretary of the Committee, unless otherwise determined by the Committee.
5. The quorum for meetings shall be a majority of the members (the "**Members**") of the Committee, present in person or by telephone or other telecommunication device that permits all persons participating in the meeting to speak and to hear each other.
6. The Committee shall have access to such officers and employees of the Corporation and of the other consolidated subsidiaries of the Fund, and to the Fund's external auditors and to such information respecting the Fund, as the Committee considers to be necessary or advisable in order to perform its duties and responsibilities.

7. Meetings of the Committee shall be conducted as follows:
- (a) the Committee shall meet at least four times annually at such times and at such locations as may be requested by the Chairman. The Fund's external auditors or any member of the Committee may request a meeting of the Committee;
 - (b) the Fund's external auditors shall receive notice of and have the right, and shall be encouraged, to attend all meetings of the Committee; and
 - (c) the Chief Executive Officer and the Chief Financial Officer of the Corporation shall be invited to attend all meetings of the Committee, except executive sessions and private sessions with the external auditors. Other management representatives of the Corporation shall be invited to attend as necessary.
8. The internal auditors of the Fund (if any) and the external auditors of the Fund shall have a direct line of communication to the Committee through the Chairman. The Fund shall require the external auditors of the Fund to report directly to the Committee.

DUTIES AND RESPONSIBILITIES

9. The overall duties and responsibilities of the Committee shall include:
- (a) assisting the Board in the discharge of its responsibilities relating to the Fund's accounting principles, reporting practices and internal controls and approving the Fund's annual and quarterly consolidated financial statements;
 - (b) establishing and maintaining a direct line of communication with the Fund's internal (if any) and external auditors and assessing their performance;
 - (c) ensuring that the management of the Corporation has designed, implemented and is maintaining an effective system of internal controls for the Fund;
 - (d) reporting regularly to the Board on the fulfilment of the duties and responsibilities of the Committee;
 - (e) ensure adequate procedures are in place for the review of the Fund's public disclosure of financial information extracted or derived from the Fund's financial statements and periodically assess the adequacy of those procedures;
 - (f) review the appropriateness and effectiveness of the Fund's policies and business practices which impact on the financial integrity of the Fund, including those relating to internal auditing, insurance, accounting, information services and systems and financial controls, management reporting and risk management;
 - (g) review compliance with any business conduct policy that the Fund may put in place and periodically review this policy and recommend to the Board changes which the Committee may deem appropriate; and
 - (h) review any unresolved issues between management and the external auditors that could affect the financial reporting or internal controls of the Fund.

10. The duties and responsibilities of the Committee as they relate to the external auditors shall include:
 - (a) recommending to the Board a firm of external auditors to be engaged by the Fund;
 - (b) reviewing and approving the fee, scope and timing of the audit and other related services rendered by the external auditors;
 - (c) overseeing the work of the external auditor engaged for the purpose of preparing or issuing an auditor's report or performing other audit, review or attest services for the Fund, including the resolution of disagreements between management of the Corporation and the external auditor regarding financial reporting;
 - (d) reviewing the audit plan of the external auditors prior to the commencement of the audit;
 - (e) reviewing with the external auditors, upon completion of their audit:
 - (i) contents of their report;
 - (ii) scope and quality of the audit work performed;
 - (iii) adequacy of the Corporation's financial and auditing personnel;
 - (iv) co-operation received from the Corporation's personnel during the audit;
 - (v) internal resources used;
 - (vi) significant transactions outside of the normal business of the Fund; and
 - (vii) significant proposed adjustments and recommendations for improving internal accounting controls, accounting principles or management systems;
 - (f) pre-approving all non-audit services to be provided to the Fund by the Fund's external auditor in accordance with Applicable Laws; and
 - (g) periodically review the Fund's financial and auditing procedures and the extent to which recommendations made by the internal audit staff or by the external auditors have been implemented.
11. The Committee shall hold *in camera* (i.e. without the presence of management of the Corporation) meetings with the external auditors at least once a year prior the approval of the audited annual financial statements of the Fund and at such other times as determined necessary or appropriate by the Committee.
12. The duties and responsibilities of the Committee as they relate to the Fund's internal auditors (if any) shall include:
 - (a) periodically reviewing the internal audit function with respect to the organization, staffing and effectiveness of the internal audit department;
 - (b) reviewing and approving the internal audit plan; and

- (c) reviewing significant internal audit findings and recommendations, and management's response thereto.

13. The Committee is also charged with the responsibility to:

- (a) review and approve the Fund's financial statements (annual and interim) and MD&A (annual and interim) as well as the financial sections of prospectuses and other public reports requiring approval by the Board before such documents are publicly disclosed by the Fund;
- (b) review regulatory filings and decisions as they relate to the Fund's consolidated financial statements;
- (c) review the minutes of any audit committee meeting of associated companies, partnerships or trusts;
- (d) review with management, the external auditors and if necessary with legal counsel; any litigation, claim or other contingency, including tax assessments that could have a material affect upon the financial position or operating results of the Fund and the manner in which such matters have been disclosed in the consolidated financial statements;
- (e) establish procedures for the receipt, retention and treatment of complaints received by the Fund regarding accounting, internal accounting controls, or auditing matters;
- (f) establish procedures for the confidential, anonymous submission by employees of the Corporation or any other consolidated subsidiary of the Fund of concerns regarding questionable accounting or auditing matters,
- (g) review and approve the Corporation's hiring policies regarding partners, employees and former partners and employees of the present and former external auditors of the Fund; and
- (h) develop a calendar of activities to be undertaken by the Committee for each ensuing year and to submit the calendar in the appropriate format to the Board following each annual general meeting of unitholders.

14. The Committee has the authority:

- (a) to engage independent counsel and other advisors as it determines necessary to carry out its duties; and
- (b) to set and pay the compensation for any advisors employed by the Committee.

SCHEDULE "B"

INFORMATION CIRCULAR OF THE FUND

SHININGBANK ENERGY INCOME FUND

NOTICE OF THE SPECIAL AND ANNUAL GENERAL MEETING OF UNITHOLDERS

TAKE NOTICE that a special and annual general meeting (the "Fund Meeting") of the Unitholders of Shiningbank Energy Income Fund (the "Fund") will be held at the Calgary Petroleum Club, McMurray Room, 319 – 5th Ave. S.W., Calgary, Alberta, at 3:00 p.m. (Calgary time) on Tuesday, May 10, 2005 for the following purposes:

1. to receive the consolidated financial statements of the Fund for the year ended December 31, 2004 and the auditors' report thereon;
2. to appoint auditors of the Fund;
3. to direct the appointment of auditors for Shiningbank Holdings Corporation, Shiningbank Energy Ltd. and 1130243 Alberta Inc.;
4. to elect nominees for directors of Shiningbank Holdings Corporation;
5. to elect nominees for directors of Shiningbank Energy Ltd.;
6. to elect nominees for directors of 1130243 Alberta Inc.;
7. to re-appoint Computershare Trust Company of Canada as trustee of the Fund (the "Trustee");
8. to consider a special resolution which, if passed, will amend the Royalty Agreement between the Trustee on behalf of the Fund and Shiningbank Energy Ltd.;
9. to consider a special resolution which, if passed, will amend the Trust Indenture between the Trustee on behalf of the Fund and Shiningbank Energy Ltd.; and
10. to transact any other business which may properly come before the Fund Meeting.

Calgary, Alberta

SHININGBANK ENERGY INCOME FUND

INFORMATION CIRCULAR

SPECIAL AND ANNUAL GENERAL MEETING OF UNITHOLDERS

SOLICITATION OF PROXIES FOR FUND MEETING

This Information Circular is furnished in connection with the solicitation of proxies by the management of Shiningbank Energy Ltd., as the administrator of Shiningbank Energy Income Fund (the "Fund"), for use at the Special and Annual General Meeting (the "Fund Meeting") of the holders (the "Unitholders") of trust units (the "Trust Units") issued by the Fund, to be held on May 10, 2005 at 3:00 p.m. (Calgary time) at the Calgary Petroleum Club, McMurray Room, Calgary, Alberta, and at any adjournment thereof, for the purposes set forth in the Notice of Meeting. Information contained herein is given as of March 21, 2005, unless otherwise specifically stated.

SHC SHAREHOLDER'S MEETING

Pursuant to the terms of a Unanimous Shareholder Agreement dated October 9, 2002 (the "SHC Unanimous Shareholder Agreement"), Unitholders are entitled to notice of, and to attend at, the meeting of the shareholders of Shiningbank Holdings Corporation ("SHC") to be held on May 10, 2005 at 4:00 p.m. (Calgary time) at the Calgary Petroleum Club, McMurray Room, Calgary, Alberta, but have no right to vote at that meeting. This meeting is described herein as the "SHC Shareholder's Meeting". At the SHC Shareholder's Meeting, Computershare Trust Company of Canada, on behalf of the Fund (the "Trustee"), will vote all of the shares of SHC according to the directions given by resolutions to be passed at the Fund Meeting. The Fund has agreed to refrain from exercising its voting rights as a shareholder of SHC, except as directed by the Unitholders.

CORPORATION SHAREHOLDER'S MEETING

Pursuant to the terms of a Unanimous Shareholder Agreement dated October 9, 2002 (the "Corporation Unanimous Shareholder Agreement"), Unitholders are entitled to notice of, and to attend at, the annual general meeting of Shiningbank Energy Ltd. (the "Corporation") to be held on May 10, 2005 at 4:15 p.m. (Calgary time) at the Calgary Petroleum Club, McMurray Room, Calgary, Alberta, but have no right to vote at that meeting. This meeting is described herein as the "Corporation Shareholder's Meeting". At the Corporation Shareholder's Meeting, SHC will vote all of the shares of the Corporation according to the directions given by resolutions to be passed at the Fund Meeting. SHC has agreed to refrain from exercising its voting rights as a shareholder of the Corporation except as directed by the Unitholders.

1130243 SHAREHOLDER'S MEETING

Unitholders shall receive notice of, and may attend at, the annual general meeting of 1130243 Alberta Inc. ("1130243") to be held on May 10, 2005 at 4:30 p.m. (Calgary time) at the Calgary Petroleum Club, McMurray Room, Calgary, Alberta, but have no right to vote at that meeting. This meeting is described herein as "1130243 Shareholder's Meeting". At the 1130243 Shareholder's Meeting, the Trustee, on behalf of the Fund, will vote all of the shares of 1130243 according to the directions given by resolutions to be passed at the Fund Meeting.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the accompanying Form of Proxy are officers of the Corporation.

A UNITHOLDER HAS A RIGHT TO APPOINT A PERSON, WHO NEED NOT BE A UNITHOLDER OF THE FUND, OTHER THAN A PERSON DESIGNATED IN THE FORM OF PROXY AS NOMINEE, TO ATTEND AND ACT FOR AND ON BEHALF OF SUCH UNITHOLDER AT THE FUND MEETING AND MAY EXERCISE SUCH RIGHT BY INSERTING THE NAME OF SUCH PERSON IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY PROVIDED OR MAY SUBMIT ANOTHER APPROPRIATE FORM OF PROXY. IF A UNITHOLDER APPOINTS A PERSON DESIGNATED IN THE FORM OF PROXY AS NOMINEE AND DOES NOT DIRECT THE SAID NOMINEE TO VOTE EITHER IN FAVOUR OF OR AGAINST OR TO ABSTAIN ON A MATTER OR MATTERS WITH RESPECT TO WHICH AN OPPORTUNITY HAS BEEN GIVEN TO SPECIFY HOW THE TRUST UNITS REGISTERED IN THE NAME OF SUCH UNITHOLDER SHALL BE VOTED, THE PROXY SHALL BE VOTED IN FAVOUR OF SUCH MATTER OR MATTERS.

In order to be acted upon and voted, properly executed proxies of Unitholders must be received at the Toronto office of Computershare Trust Company of Canada, Trustee for the Trust Units, at 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, at least 24 hours before the time set for the Fund Meeting or any adjournments thereof (excluding Saturdays, Sundays and holidays). Accordingly, such proxies must be received by no later than 3:00 p.m. (Calgary time) on Monday, May 9, 2005. **PLEASE NOTE THAT NO PROXIES CAN BE ACCEPTED AFTER THIS TIME INCLUDING AT THE FUND MEETING.**

Any person or corporation giving a proxy has the power to revoke such proxy prior to the exercise thereof by instrument in writing executed by the Unitholder, or by his attorney authorized in writing or, if the Unitholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized, and deposited at the Toronto office for the Trustee at the address set out above, at least 24 hours before the time set for the Fund Meeting or any adjournments thereof (excluding Saturdays, Sundays and holidays) or with the Chairman of the Fund Meeting prior to the commencement of the Fund Meeting, or any adjournment thereof, and upon either of such deposits, the proxy is revoked.

ACTION TO BE TAKEN UNDER THE PROXY

Unless the Unitholder specifies otherwise, proxies in the form enclosed which are properly executed and returned will be voted in favour of the matters referred to in the Notices of Meeting. In each case where the giver of a proxy has appropriately specified that the proxy is to be voted otherwise, it will be voted in accordance with the specifications so made. The persons named in the enclosed proxy, who are members of the management of the Corporation, may, if in their judgment it is deemed to be advisable, vote such proxy to adjourn the Fund Meeting from time to time. It is the intention that, as to any matters or business other than the matters described herein which may be properly brought before the meeting, a vote may be cast pursuant to the enclosed proxy in accordance with the judgment of the person or persons voting the same. Management of the Corporation knows of no such amendments, variations, or other matters to come before the meeting other than the matters referred to in the Notices of Meeting.

SIGNATURE OF PROXY

The Form of Proxy must be executed by the Unitholder or his attorney authorized in writing, or if a Unitholder is a corporation, the Form of Proxy must be signed in its corporate name under its corporate seal or under the hand of any officer or attorney duly authorized and persons signing as executors, administrators, trustees or in some other representative capacity should so indicate following their signature. The appropriate instrument evidencing qualification and authority to act should accompany the proxy (unless such has been previously filed with the Trustee or the Fund). **IF YOUR TRUST UNITS ARE REGISTERED IN THE NAME OF A BROKER OR OTHER INTERMEDIARY, THE FORM OF PROXY RECEIVED BY THE TRUSTEE MUST BE SIGNED BY THE REGISTERED HOLDER. THE INSTRUCTIONS FROM THE INTERMEDIARY ENCLOSED WITH THE FORM OF PROXY SHOULD BE FOLLOWED.**

THIS SOLICITATION IS MADE ON BEHALF OF THE ADMINISTRATOR OF THE FUND

The solicitation is made on behalf of the Fund by the management of the Corporation, as the administrator of the Fund. This solicitation is being made primarily by mail but may also be made personally by telephone and facsimile by directors, officers and other employees of the Corporation who have been delegated responsibility for the solicitation of proxies on behalf of the Fund and who will not be additionally compensated therefore. The total cost of soliciting proxies will be borne by the Fund.

TRUST UNITS ENTITLED TO VOTE AND PRINCIPAL UNITHOLDERS

Pursuant to the terms of the Trust Indenture dated May 16, 1996, as amended and restated on March 7, 2003 between the Corporation and the Trustee, on behalf of the Fund (the "Trust Indenture"), Unitholders are entitled to notice of, and to attend at the Fund Meeting and to one vote per Trust Unit held on any ballot thereat.

The Corporation has set the close of business of the Trustee at its office in Calgary, Alberta, on March 21, 2005 (the "Record Date") as the date for determination of Unitholders entitled to receive notice of the Fund Meeting, the SHC Shareholder's Meeting, the Corporation Shareholder's Meeting and the 1130243 Shareholder's Meeting. The registered Unitholders at that time are entitled to attend and vote at the Fund Meeting and to attend the SHC Shareholder's Meeting, the Corporation Shareholder's Meeting and the 1130243 Shareholder's Meeting.

As at the Record Date, the Fund had 54,309,735 issued and outstanding Trust Units. In addition, there are 617,096 Exchangeable Shares (as defined below) issued and outstanding, which Exchangeable Shares are entitled to one vote per share at the Fund Meeting. To the best of the knowledge of the management of the Corporation, no persons beneficially own, directly or indirectly, Trust Units carrying more than 10% of the voting rights attached to the issued and outstanding Trust Units.

MATTERS TO BE CONSIDERED AT THE FUND MEETING

Capitalized terms used in this section and not otherwise defined herein shall have the meanings ascribed to such terms in the Trust Indenture.

FINANCIAL STATEMENTS

The consolidated financial statements of the Fund for the year ended December 31, 2004, together with the auditors' report thereon, are contained in the 2004 Annual Report mailed to Unitholders with this information circular, and will be presented at the Fund Meeting.

APPOINTMENT OF AUDITORS

It is proposed that the firm of KPMG LLP, Chartered Accountants, of Calgary, Alberta, be re-appointed as auditors of the Fund, to hold office until the next annual general meeting of the Unitholders or until their successor is appointed and that the Trustee be authorized to fix the remuneration of the auditors. KPMG LLP have been the auditors of the Fund since its inception in 1996. The persons named in the enclosed Form of Proxy, if not expressly directed to the contrary in such Form of Proxy, will vote such proxies in favour of a resolution to re-appoint KPMG LLP as auditors of the Fund and authorize the Trustee to fix their remuneration.

Pursuant to the terms of the SHC Unanimous Shareholder Agreement, the Unitholders will direct the Trustee as to the appointment of auditors of SHC. It is proposed that KPMG LLP be appointed auditors of SHC until the next annual meeting of SHC, and that the Trustee be authorized to fix the remuneration of the auditors.

Pursuant to the terms of the Corporation Unanimous Shareholder Agreement, the Unitholders will direct SHC as to the appointment of auditors of the Corporation. It is proposed that KPMG LLP be appointed auditors of the Corporation until the next annual meeting of the Corporation, and that the Trustee be authorized to fix the remuneration of the auditors.

The Unitholders will direct the Trustee as to the appointment of auditors of 1130243. It is proposed that KPMG LLP be appointed auditors of 1130243 until the next annual meeting of 1130243, and that the Trustee be authorized to fix the remuneration of the auditors.

INSTRUCTION TO TRUSTEE AS TO ELECTION OF DIRECTORS OF SHC, THE CORPORATION AND 1130243

Pursuant to the terms of the SHC Unanimous Shareholder Agreement and the Corporation Unanimous Shareholder Agreement, the members of the Boards of Directors of SHC and the Corporation are to be selected by a vote of the Unitholders at the Fund Meeting. Pursuant to the Trust Indenture, the members of the Board of Directors of 1130243 are to be selected by a vote of the Unitholders at the Fund Meeting. Arne R. Nielsen, David M. Fitzpatrick, D. Grant Gunderson, Edward W. Best and Warren D. Steckley have been proposed as the Fund's nominees as directors of SHC and the Corporation. Arne R. Nielsen, David M. Fitzpatrick and Warren D. Steckley have been proposed as the Fund's nominees as directors of 1130243. **At the Fund Meeting, the persons named in the enclosed Form of Proxy, if not expressly directed to the contrary in such Form of Proxy, will vote such proxies (i) to direct the Trustee, on behalf of the Fund, to vote the shares of SHC and to direct SHC to vote the shares of the Corporation in favour of the election, as directors of the SHC and the Corporation, of Arne R. Nielsen, David M. Fitzpatrick, D. Grant Gunderson, Edward W. Best and Warren D. Steckley, and (ii) to direct the Trustee, on behalf of the Fund, to vote the shares of 1130243 in favour of the election, as directors of 1130243, of Arne R. Nielsen, David M. Fitzpatrick and Warren D. Steckley.**

Name and Principal Occupation	Province and Country of Residence	Director Since	Trust Units of the Fund Directly and Indirectly Beneficially Owned
Arne R. Nielsen ⁽¹⁾⁽²⁾⁽³⁾ Chairman of SHC and the Corporation	Alberta, Canada	April 22, 1996	38,371 ⁽⁴⁾

Notes:

- (1) Member of the Audit Committee of the Corporation. For more information on the composition and mandate of the Audit Committee of the Corporation, as required pursuant to Multilateral Instrument 52-110 *Audit Committees*, please refer to the heading "Audit Committee" of the Fund's Annual Information Form for the year ended December 31, 2004, a copy of which will be filed on SEDAR concurrently with this document.
- (2) Member of the Compensation Committee of the Corporation.
- (3) Member of the Environmental, Corporate Governance and Reserve Review Committee of the Corporation.
- (4) In addition, pursuant to the acquisition of Shiningbank Energy Management Inc. by the Corporation in October of 2002, Mr. Nielsen, through Proximus Energy Corporation, holds 313,999 Exchangeable Shares that may be converted (as at March 15, 2005) into 426,269 Trust Units of the Fund at any time, and of which 126,291 Exchangeable Shares are subject to certain escrow conditions. Pursuant to a special voting unit, each Exchangeable Share carries with it the right to one vote at all meetings of holders of Trust Units.
- (5) In addition, pursuant to the acquisition of Shiningbank Energy Management Inc. by the Corporation in October of 2002, Mr. Fitzpatrick, through Kivacorp Petroleum Ltd., holds 303,097 Exchangeable Shares that may be converted (as at March 15, 2005) into 411,469 Trust Units of the Fund at any time, and of which 227,323 Exchangeable Shares are subject to certain escrow conditions. Pursuant to a special voting unit, each Exchangeable Share carries with it the right to one vote at all meetings of holders of Trust Units.

Unless otherwise disclosed herein, no proposed director of the Fund, the Corporation, SHC or 1130243:

- (a) is, as at the date hereof, or has been, within the last 10 years, a director or executive officer of any company that, while that person was acting in that capacity,
 - (i) was the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days;
 - (ii) was subject to an event that resulted, after the director or executive officer ceased to be a director or executive officer, in the company being the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days; or
 - (iii) or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or

- (b) has, within the last 10 years, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

REAPPOINTMENT OF TRUSTEE

Pursuant to Article 6.1 of the Trust Indenture, it is necessary to reappoint, or to appoint a successor to, the Trustee of the Fund at an annual general meeting of the Unitholders, for an ensuing two years. It is proposed that Computershare Trust Company of Canada be re-appointed Trustee of the Fund for the two year period ending at the close of the Special and Annual General Meeting of the Unitholders in 2007. Computershare (including its predecessor Montreal Trust Company of Canada) has been the Trustee of the Fund since its inception in 1996.

Resolution

Unitholders will be requested at the Fund Meeting to consider and, if thought fit, approve the re-appointment of Computershare Trust Company of Canada as Trustee of the Fund by passing the following resolution:

"BE IT RESOLVED THAT Computershare Trust Company of Canada ("Trustee") be re-appointed trustee of Shiningbank Energy Income Fund under the Trust Indenture dated May 16, 1996, as amended and restated on March 7, 2003 between Shiningbank Energy Ltd. and the Trustee, for a two year period ending upon the termination of the Special and Annual General Meeting of the Unitholders of Shiningbank Energy Income Fund to be held in the year 2007."

The foregoing resolution will be passed if it is approved by more than 50% of the votes cast in respect thereof by or on behalf of the Unitholders present in person or represented by proxy at the Fund Meeting.

AMENDMENT TO ROYALTY AGREEMENT

Under the terms of the amended and restated royalty agreement between the Trustee, on behalf of the Fund, and the Corporation dated July 31, 1996, as amended and restated on February 28, 2003 (the "Royalty Agreement"), the Corporation may approve and fund capital expenditures to maintain or improve production and to exploit the Corporation's assets. The Royalty Agreement provides in Section 6.5(b) thereof that the aggregate "capital costs" incurred by the Corporation (which does not include certain costs to the Corporation of acquiring additional properties) during any calendar year shall not exceed 15% of the "net cash flow" (as that term is defined in the Royalty Agreement) from the properties of the Corporation unless those capital costs are financed with borrowings by the Corporation or additional issuances of Trust Units. It is the view of management of the Corporation that the amount of such capital costs that may be required to be spent in the future by the Corporation to maintain and improve production and to exploit its assets, may exceed the 15% limit set out in Section 6.5(b). The amounts spent on any such capital costs by the Corporation will not be available for use in distribution to Unitholders.

In order for the management of the Corporation to have the flexibility to expend capital costs in a manner that is in the best interests of the Corporation, the Fund and the Unitholders, at the Fund Meeting, the Unitholders will be asked to approve a special resolution amending the Royalty Agreement to remove Section 6.5(b) thereof.

Resolutions

Unitholders will be requested at the Fund Meeting to consider and, if thought fit, approve the following special resolutions to amend the Royalty Agreement:

"BE IT RESOLVED THAT:

- (a) the Royalty Agreement between the Trustee, on behalf of Shiningbank Energy Income Fund (the "Fund") and Shiningbank Energy Ltd. (the "Corporation") dated July 31, 1996, as amended and restated on February 28, 2003 (the "Royalty Agreement") be amended such that: (i) Section 6.5(b) shall be deleted from the Royalty Agreement; (ii) the words "Subject to subsection 6.5(b) below" shall be deleted from Section 6.5(a) of the Royalty Agreement; and (iii) such other

changes shall be made to the Royalty Agreement so as to reflect the above as the same is determined by the Trustee and the Corporation such determination to be evidenced by the execution and delivery of the appropriate document so amending the Royalty Agreement; and

- (b) any one of the officers or directors of the Corporation shall execute and deliver all such agreements, documents, certificates and other writings, and take such other actions, for and on behalf of the Corporation, in its own capacity and in its capacity as administrator of the Fund, as such person determines necessary or desirable, to give effect to the foregoing resolutions."

The foregoing special resolutions will be passed if they are approved by not less than 66⅔% of the votes cast in respect thereof by or on behalf of the Unitholders present in person or represented by proxy at the Fund Meeting.

AMENDMENT TO TRUST INDENTURE

Section 7.3 of the Trust Indenture provides that the Trustee shall have no power to borrow, incur any indebtedness or give any guarantee on behalf of the Fund or any other person or to charge, pledge, hypothecate or grant any security interest over any other entity or over the assets of the Fund. This provision may prevent the Fund from issuing debt securities such as convertible debentures, secured or otherwise. In order to afford flexibility to the Fund in this regard, at the Fund Meeting, the Unitholders will be asked to approve a special resolution amending the Trust Indenture to remove this restriction preventing the Trustee from borrowing or incurring indebtedness or giving a guarantee on behalf of the Fund or charging, pledging, hypothecating or granting any security interest over any other entity or over the assets of the Fund.

Resolutions

Unitholders will be requested at the Fund Meeting to consider, and, if thought fit, approve the following special resolutions to amend the Trust Indenture:

"BE IT RESOLVED THAT:

- (a) the Trust Indenture dated May 16, 1996, as amended and restated on March 7, 2003 between Shiningbank Energy Ltd. (the "Corporation") and the Trustee, on behalf of Shiningbank Energy Income Fund (the "Fund") (the "Trust Indenture"), be amended such that: (i) the First Paragraph in Section 7.3 shall be deleted, and (ii) such other changes shall be made to the Trust Indenture so as to reflect the above as the same is determined by the Trustee and the Corporation such determination to be evidenced by the execution and delivery of the appropriate document so amending the Trust Indenture; and
- (b) any one of the officers or directors of the Corporation shall execute and deliver all such agreements, documents, certificates and other writings, and take such other actions, for and on behalf of the Corporation, in its own capacity and in its capacity as administrator of the Fund, as such person determines necessary or desirable, to give effect to the foregoing resolutions."

The foregoing special resolutions will be passed if they are approved by not less than 66⅔% of the votes cast in respect thereof by or on behalf of the Unitholders present in person or represented by proxy at the Fund Meeting.

OTHER BUSINESS

The Corporation knows of no amendment, variation or other matter to come before the Fund Meeting other than the matters referred to in the Notice of Meeting. If any other matter properly comes before the Fund Meeting, however, the accompanying proxies will be voted on such matter in accordance with the best judgment of the person or persons voting the proxies.

MATTERS TO BE CONSIDERED AT THE SHC SHAREHOLDER'S MEETING

APPOINTMENT OF AUDITORS

The Trustee, on behalf of the Fund, will vote the shares of SHC as directed by resolution of the Unitholders at the Fund Meeting, for the appointment of its auditors. KPMG LLP, Chartered Accountants, using their offices in Calgary, Alberta, have been proposed for re-appointment as auditors of the Corporation, to hold office until the next annual meeting thereof. KPMG LLP were first appointed auditors of SHC on August 22, 2002. See "Matters to be Considered at the Fund Meeting – Appointment of Auditors".

ELECTION OF DIRECTORS

The terms of the current directors of SHC expire at the end of the SHC Shareholder's Meeting. Pursuant to the terms of the SHC Unanimous Shareholder Agreement, the Trustee, on behalf of the Fund, will vote for the Board of Directors of SHC pursuant to the instructions of the Unitholders. The Unitholders will direct the Trustee, on behalf of the Fund, how to vote with respect to the five nominees: Arne R. Nielsen, David M. Fitzpatrick, D. Grant Gunderson, Edward W. Best and Warren D. Steckley as directors of SHC. See "Matters to be Considered at the Fund Meeting – Instruction to Trustee as to Election of Directors of SHC, the Corporation and 1130243".

OTHER MATTERS

The Corporation knows of no amendment, variation or other matter to come before the SHC Shareholder's Meeting other than the matters referred to in the Notice of Meeting for the SHC Shareholder's Meeting.

MATTERS TO BE CONSIDERED AT THE CORPORATION SHAREHOLDER'S MEETING

APPOINTMENT OF AUDITORS

SHC will vote the shares of the Corporation as directed by resolution of the Unitholders at the Fund Meeting, for the appointment of its auditors. KPMG LLP, Chartered Accountants, using their offices in Calgary, Alberta, have been proposed for re-appointment as auditors of the Corporation, to hold office until the next annual meeting thereof. KPMG LLP were first appointed auditors of the Corporation on April 22, 1996. See "Matters to be Considered at the Fund Meeting – Appointment of Auditors".

ELECTION OF DIRECTORS

The terms of the current directors of the Corporation expire at the end of the Corporation Shareholder's Meeting. Pursuant to the terms of the Corporation Unanimous Shareholder Agreement, SHC will vote for the Board of Directors of the Corporation pursuant to the instructions of the Unitholders. The Unitholders will direct SHC how to vote with respect to the five nominees: Arne R. Nielsen, David M. Fitzpatrick, D. Grant Gunderson, Edward W. Best and Warren D. Steckley as directors of the Corporation. See "Matters to be Considered at the Fund Meeting - Instruction to Trustee as to Election of Directors of SHC, the Corporation and 1130243".

OTHER MATTERS

The Corporation knows of no amendment, variation or other matter to come before the Corporation Shareholder's Meeting other than the matters referred to in the Notice of Meeting for the Corporation Shareholder's Meeting.

MATTERS TO BE CONSIDERED AT THE 1130243 SHAREHOLDER'S MEETING

APPOINTMENT OF AUDITORS

The Trustee, on behalf of the Fund, will vote the shares of 1130243 as directed by resolution of the Unitholders at the Fund Meeting, for the appointment of its auditors. KPMG LLP, Chartered Accountants, using their offices in Calgary, Alberta, have been proposed for appointment as auditors of 1130243, to hold office until the next annual meeting thereof. See "Matters to be Considered at the Fund Meeting – Appointment of Auditors".

ELECTION OF DIRECTORS

The terms of the current directors of 1130243 expire at the end of the 1130243 Shareholder's Meeting. The Trustee, on behalf of the Fund will vote for the Board of Directors of 1130243 pursuant to the instructions of the Unitholders. The Unitholders will direct the Fund how to vote with respect to the three nominees: Arne R. Nielsen, David M. Fitzpatrick and Warren D. Steckley as directors of the Corporation. See "Matters to be Considered at the Fund Meeting - Instruction to Trustee as to Election of Directors of SHC, the Corporation and 1130243".

OTHER MATTERS

The Corporation knows of no amendment, variation or other matter to come before the 1130243 Shareholder's Meeting other than the matters referred to in the Notice of Meeting for the 1130243 Shareholder's Meeting.

EXECUTIVE COMPENSATION

COMPENSATION OF THE DIRECTORS AND OFFICERS OF SHC AND 1130243

The officers and directors of both SHC and 1130243 do not receive compensation of any kind for their positions as officers or directors of such companies.

COMPENSATION OF DIRECTORS OF THE CORPORATION

The Board of Directors of the Corporation consists of five members, one of whom is a member of management, one of whom is chairman of the Board of Directors (who up until July 31, 2003 was a member of management but is currently considered to be unrelated) and three of whom are unrelated directors. For purposes of the discussion below, compensation of the chairman will be disclosed separately from that of the other unrelated directors. The chairman will be paid an annual retainer of \$25,000 (same as 2004) and a meeting attendance fee of \$1,500 (same as 2004 after committee appointments) for each board meeting or committee meeting attended, excluding teleconference meetings and any meetings in excess of one on any one day. The unrelated directors will be paid an annual retainer of \$15,000 for 2005 (\$12,000 in 2004) and meeting attendance fees of \$1,000 (same as 2004) for each board or committee (of which they are a member) meeting attended, excluding teleconference meetings and any meetings in excess of one on any one day. For 2005, an additional annual fee of \$2,500 (\$1,000 in 2004) will be paid to unrelated directors who are committee chairmen, except the chairman of the audit committee who will be paid an annual fee of \$5,000 (\$3,000 in 2004). The fee increases are commensurate with the increased responsibilities and risks to the directors of the Corporation. The members of the Board of Directors of the Corporation are reimbursed for any expenses to attend board and committee meetings. All fees and expenses of the Board of Directors are paid by the Corporation. No directors' fees are paid to the member of the Board of Directors who is a member of management.

Each member of the Board of Directors of the Corporation is eligible to receive options to purchase Trust Units ("Unit Options") under the Trust Unit Rights Incentive Plan of the Fund adopted and approved by the Board of Directors and the Unitholders on May 8, 2001, as amended from time to time (the "Option Plan"). The following table sets out the number of Unit Options granted to the chairman and the unrelated directors, along with the number of Unit Options currently held. All Unit Options vest over a period of three years, with the Unit Options first becoming exercisable one year from the date of grant. The Unit Options granted to members of the Board of Directors who are members of management are discussed under the heading "Summary of Executive Compensation".

Holder	Date of Grant	Total Options Granted	Grant Price ⁽³⁾	Expiry Date	Currently Held ⁽⁴⁾
Chairman ⁽¹⁾	July 1, 2001	50,000	\$17.25	June 30, 2011	16,667
	January 1, 2002	70,000	\$13.97	December 31, 2011	23,333
	January 1, 2003	90,000	\$15.15	December 31, 2012	60,000
	January 1, 2004	20,000	\$18.64	December 31, 2013	20,000
	January 1, 2005	25,000	\$21.49	December 31, 2014	25,000
Unrelated directors ⁽²⁾	July 1, 2001	150,000	\$17.25	June 30, 2011	-
	January 1, 2002	60,000	\$13.97	December 31, 2011	-
	January 1, 2003	60,000	\$15.15	December 31, 2012	20,001
	January 1, 2004	60,000	\$18.64	December 31, 2013	39,999
	January 1, 2005	75,000	\$21.49	December 31, 2014	75,000

Notes:

- (1) Arne R. Nielsen, the chairman of the Board of Directors, was the Executive Chairman of the Board, and a salaried employee, of the Corporation (and prior to October 9, 2002, of the manager of the Fund) until July 31, 2003.
- (2) Each of the unrelated directors receives an equal number of Unit Options when granted.
- (3) The actual exercise price of these Unit Options reduces as distributions are paid by the Trust on its Trust Units. For more information on the reducing exercise price of these Unit Options, including the exercise price thereof as of March 21, 2005, refer to "Executive Compensation- Summary of Executive Compensation- Unit Options".
- (4) Since the inception of the Option Plan in 2001, the unrelated directors have exercised 270,000 Unit Options and the chairman has exercised 110,000 Unit Options. All Unit Options are subject to three year vesting periods.

EMPLOYMENT AGREEMENTS

Employment agreements have been entered into with each of the executive officers of the Corporation. Upon a change of control (as defined in the applicable employment agreement), then within 30 days of the earlier of: (i) the date that the executive officer has been terminated without cause; (ii) the date of resignation by the executive (which must occur within 6 months of the change of control); or (iii) in the case of the President, the date the Administrative Services Agreement is terminated, the Corporation will be responsible for a lump sum payment to the executive officers of 36 months of salary in the case of the President and 18 months salary in the case of the Vice Presidents, plus benefits applicable at time of termination. In the event that a change of control as defined in the applicable employment agreement does not result in a change of control as defined in the Option Plan, the executive shall elect to either (i) exercise all of the unexercised outstanding Unit Options held by the executive, whether or not such Unit Options have vested, and receive Trust Units upon payment of the exercise price, or (ii) receive a further lump sum payment equal to the 'in-the-money' value of all unexercised Unit Options held at that time, whether or not such Unit Options have vested, and upon the payment of such amount, the executive shall consent to the termination of all such Unit Options. In addition, if the Corporation terminates any executive officer without cause, the Corporation will be responsible for a lump sum payment equal to, in the case of the President, 36 months salary and any earned portion of the bonus, and in the case of any Vice President, 18 months salary, and such lump sum payment shall include benefits applicable at time of termination.

SUMMARY OF EXECUTIVE COMPENSATION

The following Summary Compensation Table details compensation for the referenced fiscal periods paid by the Corporation to the Chief Executive Officer, the Chief Financial Officer and the other executive officers whose total salary and bonus exceeded \$150,000 in the most recently completed financial year.

Name and Principal Position	Year	Annual Compensation			Awards		Payouts	All Other Compensation ⁽⁶⁾
		Salary (\$)	Bonus (\$)	Other Annual Compensation (\$) ⁽³⁾	Securities Under Options Granted (#)	Shares or Units Subject to Resale Restrictions (\$)	LTIP Payouts (\$)	
David M. Fitzpatrick ⁽¹⁾ President and CEO	2004	250,000	200,000	Nil	100,000	Nil	Nil	18,338
	2003	212,500	Nil	Nil	90,000	Nil	Nil	13,328
	2002	180,000	Nil	Nil	70,000	Nil	Nil	11,912
Bruce K. Gibson ⁽²⁾ Vice President, Finance and CFO	2004	170,000	150,000	Nil	60,000	Nil	Nil	12,809
	2003	149,500	90,000 ⁽⁴⁾	Nil	60,000	Nil	Nil	9,637
	2002	30,949	30,000 ⁽⁵⁾	Nil	Nil	Nil	Nil	8,958
Gregory D. Moore ⁽²⁾ Vice President, Operations	2004	170,000	115,000	Nil	60,000	Nil	Nil	12,783
	2003	149,500	90,000 ⁽⁴⁾	Nil	60,000	Nil	Nil	9,582
	2002	30,949	30,000 ⁽⁵⁾	Nil	Nil	Nil	Nil	8,929
Terry Prokopy ⁽²⁾ Vice President, Land	2004	170,000	115,000	Nil	60,000	Nil	Nil	12,640
	2003	149,500	90,000 ⁽⁴⁾	Nil	60,000	Nil	Nil	9,358
	2002	30,949	30,000 ⁽⁵⁾	Nil	Nil	Nil	Nil	8,748

Notes:

- (1) David M. Fitzpatrick currently is a salaried employee of the Corporation. Mr. Fitzpatrick was a salaried employee of Shiningbank Energy Management Inc., the former manager of the Fund, which was not a subsidiary of the Fund (the "Former Manager"). Prior to the management internalization that took place on October 9, 2002 (the "Management Internalization"), the Former Manager received reimbursement from the Fund for general and administrative expenses, including the salary paid to David M. Fitzpatrick, incurred by it in its former role as manager of the Fund.
- (2) Prior to the Management Internalization, Messrs. Moore, Prokopy and Gibson received their compensation from the Former Manager. Since the Management Internalization, they have received their compensation from the Corporation, which is a subsidiary of the Fund. During the period from October 9 to December 31, 2002, each of Messrs. Moore, Prokopy and Gibson received salary at the rate of \$136,000 per annum pursuant to their employment agreements with the Corporation.
- (3) Except as disclosed in the table, perquisites and other personal benefits are less than \$50,000 and 10% of the total annual salary and bonus for any of the named executive officers.
- (4) Out of this bonus amount, \$25,000 was paid by the issuance of 1,599 Trust Units to each of executive officers at a deemed issue price of \$15.63 per Trust Unit.
- (5) This bonus amount was paid by the issuance of 1,981 Trust Units to each of the executive officers at a deemed issue price of \$15.14 per Trust Unit.
- (6) Includes the annual contributions by the Corporation in accordance with the employee savings plan and the insurance premium paid by the Corporation with respect to term life insurance for the benefit of the executive officers.

UNIT OPTIONS

The purpose of the Option Plan is to encourage ownership of Trust Units, to maintain a direct link between compensation and performance and to retain and motivate directors, officers, employees and consultants to optimize the Fund's long-term financial success.

The directors, officers, employees and other service providers of the Corporation are eligible to participate in the Option Plan. Under the current Option Plan a maximum of 3,995,692 Trust Units may be reserved for grants of Unit Options, which represents 7.357% of the Fund's issued and outstanding Trust Units. The number of Trust Units reserved under the Option Plan shall not at any time exceed 7.5% of the aggregate number of issued and outstanding Trust Units unless otherwise approved by the Toronto Stock Exchange (the "TSX") and the Unitholders. At the annual and special meeting held May 12, 2004, Unitholders approved the increase in the number of Trust Units reserved for issuance under the Option Plan from 2,793,163 to 3,995,692. Under the terms of the Option Plan, one-third of the Unit Options granted to each optionee may be exercised commencing after the first anniversary of the date of grant and an additional one-third become exercisable upon each of the following two anniversaries of the date of grant. However, these vesting provisions will be accelerated upon a change of control (as defined in the Option Plan). The aggregate number of Unit Options granted to any single participant under the Option Plan shall not exceed 5% of the issued and outstanding Trust Units of the Fund. Unit Options will be granted at the per unit closing price of the Trust Units on the TSX on the day preceding the date of grant. The Option Plan provides for an exercise period not exceeding ten years on all Unit Options granted under the Option Plan. Upon the cessation of a participant's services to the Corporation for any reason whatsoever, other than death (including services as a member of the Board of Directors of the Corporation), any unvested Unit Options terminate immediately and such participant will have the shorter of 60 days from the date of such cessation and the end of the exercise period to exercise all vested Unit Options, after which time such unexercised Unit Options will terminate; provided, however, that upon termination for cause, all Unit Options, whether vested or unvested, may, at the discretion of the Board of Directors, be terminated immediately. Upon cessation of services by reason of death, the executor or personal representative shall be entitled to exercise all vested Unit Options of the deceased for a period commencing on the date of death and ending on the date which is the shorter of 6 months and the end of the exercise period.

As at March 21, 2005, a total of 2,032,734 Unit Options were outstanding under the Option Plan as follows:

Number of Options Outstanding	As a % of the Issued and Outstanding Trust Units	Grant Date	Grant Price	Current Exercise Price
325,234	0.60%	July 1, 2001	\$17.25 per Trust Unit	\$13.27 per Trust Unit
80,000	0.15%	January 1, 2002	\$13.97 per Trust Unit	\$10.32 per Trust Unit
340,001	0.63%	January 1, 2003	\$15.15 per Trust Unit	\$12.21 per Trust Unit
15,000	0.03%	June 2, 2003	\$16.68 per Trust Unit	\$14.40 per Trust Unit
10,000	0.02%	June 9, 2003	\$16.90 per Trust Unit	\$14.62 per Trust Unit
429,999	0.79%	January 1, 2004	\$18.64 per Trust Unit	\$17.07 per Trust Unit
15,000	0.03%	March 1, 2004	\$17.33 per Trust Unit	\$16.02 per Trust Unit
15,000	0.03%	April 15, 2004	\$17.81 per Trust Unit	\$16.62 per Trust Unit
55,000	0.10%	July 5, 2004	\$19.40 per Trust Unit	\$18.52 per Trust Unit
15,000	0.03%	August 3, 2004	\$19.86 per Trust Unit	\$19.09 per Trust Unit
15,000	0.03%	December 16, 2004	\$21.19 per Trust Unit	\$20.86 per Trust Unit
717,500	1.32%	January 1, 2005	\$21.49 per Trust Unit	\$21.27 per Trust Unit

A further 1,083,395 Unit Options (1.99% of the Fund's issued and outstanding Trust Units) are currently available to be granted to eligible participants under the Option Plan. Under the terms of the Option Plan, the exercise price of each Unit Option is reduced monthly pursuant to a formula. This formula provides that the exercise price of each Unit Option is reduced monthly by the aggregate amount of any decreases in the daily closing prices on the TSX of the Trust Units from the date prior to the date the Trust Units first trade "ex-distribution" (the "Ex-Distribution Date") of the monthly distribution amount thereon to the date that is prior to the next Ex-Distribution Date that is in excess of 0.83333% of the Fund's consolidated net fixed assets (the "Monthly Return Amount"); provided however that such monthly decrease in the exercise price will not exceed the amount of that month's per Trust Unit distribution amount that exceeds the Monthly Return Amount (the "Excess Monthly Return"). In addition, any amount by which the aggregate of the monthly reduction in the exercise price is less than the Excess Monthly Return for that month can be carried over to future months to permit the exercise price to be reduced further by that amount. The Option Plan may be amended, modified or terminated by the Board of Directors with the approval of the TSX, and any Unitholder approvals required by the TSX.

Unit Options Granted During the Most Recently Completed Financial Year

The following table indicates the Unit Options granted during the financial year ended December 31, 2004 to the Chief Executive Officer, the Chief Financial Officer and the other executive officers whose total salary and bonus exceeded \$150,000 for the most recently completed financial year.

Name	Securities Under Unit Options Granted (#)	% of Total Options Granted to Employees in Financial Year	Exercise Price at Date of Grant (\$/Security)	Market Value of Securities Underlying Unit Options at Date of Grant (\$/Security)	Expiration Date
David M. Fitzpatrick	100,000	17%	\$18.64	\$18.64	12/31/2013
Bruce K. Gibson	60,000	10%	\$18.64	\$18.64	12/31/2013
Gregory D. Moore	60,000	10%	\$18.64	\$18.64	12/31/2013
Terry P. Prokopy	60,000	10%	\$18.64	\$18.64	12/31/2013

Also see "Unit Option Exercises During the Most Recently Completed Financial Year and Financial Year-End Option Values" for details on further Unit Options granted on January 1, 2005.

Unit Option Exercises During the Most Recently Completed Financial Year and Financial Year-End Option Values

The following table indicates Unit Option exercises by the named executive officers of the Corporation during the financial year ended December 31, 2004 and the year end values of the Unit Options held by those persons as at December 31, 2004.

Name ⁽¹⁾	Trust Units Acquired on Exercise (#)	Aggregate Value Realized (\$)	Unexercised Unit Options at December 31, 2004 (#) Exercisable / Unexercisable	Value of Unexercised in the money Unit Options at December 31, 2004 ⁽²⁾ (\$ Exercisable/ Unexercisable)
David M. Fitzpatrick	89,767	711,153	36,900/183,333	291,141/1,198,930
Bruce K. Gibson	36,666	270,929	125,000/116,667	986,250/784,070
Gregory D. Moore	119,999	753,513	41,667/116,667	349,953/784,070
Terry P. Prokopy	33,333	302,197	145,000/116,667	1,165,250/784,070

Notes:

- (1) On January 1, 2005, a further 125,000 Unit Options were granted to David Fitzpatrick and a further 70,000 Unit Options were granted to each of Bruce Gibson, Terry Prokopy and Gregory Moore, all at a grant price of \$21.49 per Trust Unit (currently exercisable at \$21.27 per Trust Unit).
- (2) The value of unexercised Unit Options at December 31, 2004 was based on a closing price per Trust Unit on the TSX on December 31, 2004 of \$21.49.

COMPOSITION OF THE COMPENSATION COMMITTEE

The Corporation's Board of Directors has appointed a compensation committee (the "Compensation Committee") whose mandate includes compensation awards, issues and policies, and evaluation of executive performance. The Compensation Committee is comprised of four unrelated directors, Edward W. Best, D. Grant Gunderson, Warren D. Steckley and Arne R. Nielsen, and is chaired by Mr. Best.

REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee, whose members are appointed by and from the Board of Directors, convenes at least once a year to assess executive management, review proposals for compensation for all executive officers and conduct an independent evaluation of compensation for current management. The Compensation Committee submits its recommendations to the Board of Directors. The Compensation Committee has the goal of achieving an effective compensation structure that aligns the interests of management with that of the Unitholders.

The Corporation's policy is to provide a compensation package that will attract and retain qualified executive officers and at the same time link incentives to short and long term corporate and Trust Unit performance. Currently, the compensation program for executive officers of the Corporation is comprised of salary, benefits, Unit Options and a bonus plan.

The following are the components of executive compensation at the Corporation. Although each of the following components have different objectives, each are considered by the Compensation Committee to be equally important and each must be competitive within the Fund's peer group.

Base Salary and Benefits

Base salaries and benefits for executive officers are determined by the Compensation Committee on the basis of position held and related responsibilities and functions performed, having regard to base salary and benefit ranges for similar positions in the Corporation's comparative group. The Compensation Committee also utilizes an independent annual industry survey containing comparative data for a peer group of oil and gas royalty trusts and similarly sized oil and gas exploration and production companies. Compensation levels are to approximate the median level of the survey but individual, executive group and Fund performance are also considered by the Compensation Committee in assessing compensation.

Bonus Plan

The purpose of the bonus plan is to relate a component of compensation directly to the annual results of the Fund and performance of the individual and executive group. The bonus plan was created by the Board of Directors upon the recommendation of the Compensation Committee. Bonus awards are determined by considering the Corporation's growth, financial and operating factors such as cash flow, operating and general and administrative costs and netbacks, all considered on a per boe basis. None of these factors is given a specific weight in determining the bonuses awarded under the bonus plan.

The Compensation Committee compares the Fund's results with comparative data for a peer group of oil and gas royalty trusts in order to remove non-controllable external factors such as royalty rates and commodity prices. The Board of Directors has retained complete discretion in the awarding of bonuses and utilizes independently collected comparative data.

Unit Options

Unit Options are granted as a long-term incentive. The Compensation Committee, in determining the number of Unit Options to be granted, will consider the number and terms of Unit Options held, the responsibilities and functions of the executive officer, the officer's individual and group performance and the overall performance of the Fund over a period of recent years. A wide range of performance factors such as unit price, distribution per Trust Unit, annual and multi-year yields, net asset value per Trust Unit, finding, development and acquisition costs per barrel, recycle ratio and internal rate of return are considered.

Compensation of the Chief Executive Officer

The factors considered by the Compensation Committee in determining total compensation for the CEO, as well as the manner in which these factors are reviewed, are similar to those used in determining total compensation for the other executives of the Corporation. However, in the case of the CEO, more weight is given to the overall performance of the Fund, as well as the CEO's performance in such areas as leadership, communications skills and strategic vision.

The foregoing report is respectfully submitted to the Unitholders by the Compensation Committee.

Edward W. Best

D. Grant Gunderson

Warren D. Steckley

Arne R. Nielsen

REIMBURSEMENT OF THE CORPORATION BY THE FUND - ADMINISTRATIVE EXPENSES

Pursuant to an administrative services agreement (the "Administrative Services Agreement") entered into by the Corporation and the Trustee, on behalf of the Fund, dated October 9, 2002, the Corporation is entitled to reimbursement from the Fund for administrative expenses. Such payment is not intended to provide the Corporation, directly or indirectly, with any financial gain or loss and the Corporation has agreed that such payment will be made only to the extent necessary to reimburse the Corporation for actual costs incurred, including carrying costs until payment. Costs and expenses incurred by the Corporation for the benefit of the Trustee or the Fund and others shall be prorated in a reasonable manner and shall be subject to reimbursement only to the extent such costs and expenses can reasonably be attributed to the services provided under the Administrative Services Agreement.

Administrative expenses are defined in the Administrative Services Agreement as the amount in aggregate representing all expenditures and costs incurred by the Corporation in the management and administration of the Fund, including: (i) reasonable costs and expenses solely and exclusively relating to the Fund which are paid to third parties by the Corporation; and (ii) reasonable costs and expenses incurred by the Corporation to the extent such costs and expenses are reasonably identifiable as being incurred specifically for the Fund including, without limitation, auditing, accounting, bookkeeping, legal, land administration, engineering, travel, telephone, data processing, reporting, executive and management time, salaries and bonuses incurred in providing services provided under the Administrative Services Agreement.

The Administration Services Agreement may be terminated by the Trustee upon the earlier of 3 months from the date of such notice and the date on which a satisfactory replacement administrator is appointed in compliance with the terms of the Trust Indenture.

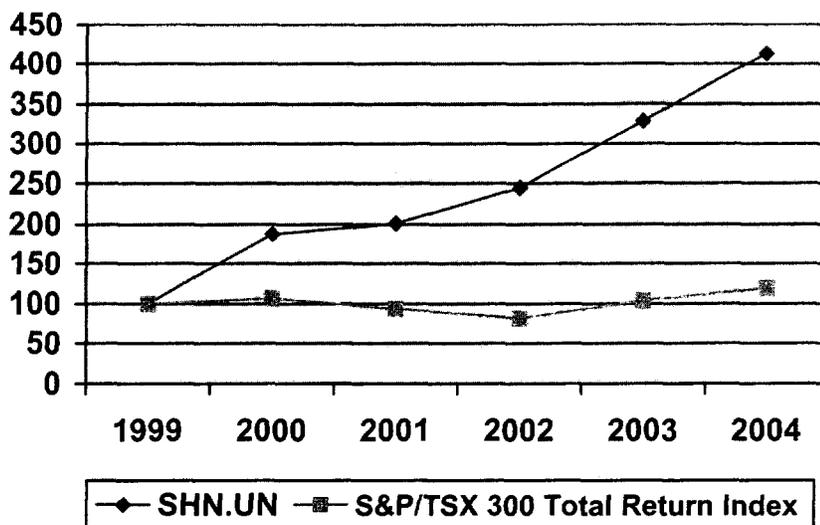

Upon the effective date of termination, the Corporation shall: (i) pay to or to the order of the Fund, as the case may be, all monies collected and held for it pursuant to the Administrative Services Agreement, after deducting any amounts incurred to which it is then entitled; and (ii) deliver to or to the order of the Fund a complete report including a statement showing all payments collected by it, and a statement of all monies held by it pursuant to the Administrative Services Agreement during the period following the date of the last audited statement furnished to the Fund pursuant to the Administrative Services Agreement and prior to the effective date of termination and should an auditor's report for this period be requested, the expense of such a report will be borne by the Fund.

EMPLOYEE SAVINGS PLAN

Effective January 1, 2001, the Corporation established an Employee Trust Unit Savings Plan (the "ESP") to assist employees in meeting long term savings goals through the acquisition of Trust Units of the Fund and other professionally managed investment funds and to encourage its employees to have a direct investment in the Fund. Under the ESP, employees may contribute as much of their semi-monthly pay period earnings to the ESP as they wish, subject to a minimum contribution of 2% per pay period. The Corporation contributes an amount equal to the amount contributed by the employee to a maximum of 6% per pay period. The Corporation's contributions accumulate and are directly deposited into the employee's account on a monthly basis. Once deposited, the contributions vest immediately in favour of the employee even if his or her employment with the Corporation ends afterwards. All contributions under the ESP are contributed to the employees' respective self-directed RRSP accounts or non-RRSP accounts. The contributions made under the ESP by the Corporation are used to purchase Trust Units of the Fund from the secondary market through the facilities of the TSX. All commissions payable respecting the purchase of Trust Units are paid by the Corporation. Employees are responsible for commissions payable in connection with the sale of their Trust Units or other securities held under the ESP.

TRUST PERFORMANCE GRAPH

The following graph and table compare the percentage change in the cumulative Unitholder return since commencement of operation of the Fund, with the cumulative total return of the TSX 300 Index, assuming reinvestment of distributions.

	December 1999	December 2000	December 2001	December 2002	December 2003	December 2004

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

Since the inception of the Fund, no directors or officers of the Corporation, the Former Manager, nor any associate or affiliate of any of them, have been indebted to the Fund or the Corporation.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Except as disclosed in this Information Circular, management of the Corporation is not aware of any material interest of any informed person, director, proposed director or officer of the Corporation, SHC or 1130243, any shareholder of the Corporation, SHC or 1130243, or any Unitholder who beneficially owns more than 10% of the common shares of the Corporation or of the Trust Units, or any known associate or affiliate of these persons, in any transaction since the commencement of the last fiscal year of the Fund or in any proposed transaction that has materially affected or would materially affect the Fund or any of its subsidiaries.

ADDITIONAL INFORMATION

Additional information relating to the Fund is on the SEDAR website at www.sedar.com. The Fund has a current Annual Information Form ("AIF") filed with the securities commissions of all the provinces and territories of Canada pursuant to National Instrument 44-101. Financial information is provided in the Fund's comparative financial statements and MD&A for its most recently completed financial year. The following documents will be provided to any Unitholder upon request to the Corporate Secretary of the Corporation:

1. A copy of the AIF of the Fund, together with one copy of any document or the pertinent pages of any document, incorporated by reference in the AIF; and
2. A copy of the comparative financial statements of the Fund for its most recently completed financial year together with the accompanying report of the auditors and one copy of any interim financial statements of the Fund subsequent to the financial statements for its most recently completed financial year, together with the applicable MD&A.

Such documents are also publicly available on the Fund's website at www.shiningbank.com.

CORPORATE GOVERNANCE

Details of the manner in which the Fund presently responds to the Toronto Stock Exchange corporate governance guidelines, implemented by the Corporation, are provided in Schedule "A" to this Information Circular.

In response to Multilateral Instrument 52-110 *Audit Committees* ("MI 52-110"), the Corporation has updated its audit committee charter to address such items as: (a) the procedure to nominate the external auditor and the recommendation of its compensation; (b) the overview of the external auditor's work; (c) pre-approval of non-audit services; (d) the review of financial statements, MD&A and financial sections of other public reports requiring board of director approval; (e) the procedure to respond to complaints respecting accounting, internal accounting controls or auditing matters and the procedure for confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters; and (f) the review of the Corporation's hiring policies towards present or former employees or partners of the Corporation's present or former external auditor. **Refer to the heading "Audit Committee" in the Fund's AIF for the disclosure required by Section 5.1 of MI 52-110.**

APPROVAL

The contents and mailing of this Information Circular have been approved by the directors of the Corporation.

SCHEDULE "A"

TSX Guidelines	Compliant	Implementation of the Guidelines
1. <i>The Board of Directors of every Corporation should explicitly assume responsibility for the stewardship of the Corporation and, as part of the overall stewardship responsibility, should assume responsibility for the following matters:</i>	Yes	The Board has established procedures with regard to the approval of material transactions, the delegation of authority and the execution of documents as part of its organizational structure. The Board receives an annual report and recommendations from the Environmental, Corporate Governance and Reserves Review Committee in relation to the mandates and terms of reference for each of its committees. The Board meets quarterly in the absence of management and communicates its expectations to management directly.
<i>(a) adoption of a strategic planning process:</i>	Yes	Substantial strategic planning occurs at the Board level on at least an annual basis. Strategic plans proposed by management are reviewed by the Board by considering such items as forecasts and capital budgets, effective allocation of resources and the opportunities and risks associated with the Fund. The Board also approves the Fund's financial statements, major investments, the raising of capital and any organizational restructuring.
<i>(b) the identification of the principal risks of the Corporation's business and ensuring the implementation of appropriate systems to manage these risks:</i>	Yes	Management specifically identifies the Fund's principal risks and reports to the Board thereon. The Board has established committees to review and monitor the systems put in place to address these risks. As an example, the Environmental, Corporate Governance and Reserve Review Committee regularly reviews the Corporation's environmental, health and safety management system, and through the Corporation's Chief Executive Officer, monitors its operation. The same committee reviews the reserve reports prepared by independent reservoir engineering firms, meets with the independent engineers and with management and is apprised of any major changes, or potential future changes to reserves and reserves reporting. Following its review, the committee meets with the full Board to make recommendations regarding the acceptance of such reports. In addition, this committee considers the human resources, organizational structure and succession planning matters annually and reports to the Board. It also reviews the Corporation's overall external communication policies to ensure effective communication with the shareholders and the public. As a further example, the Audit Committee regularly reviews corporate risks, internal control systems, risk management and mitigation, including hedging policies and activities and the implementation of accounting guidelines. The Compensation Committee regularly reviews the competitive position of the Fund in the area of human resources.
<i>(c) succession planning, including appointing, training and monitoring senior management:</i>	Yes	The Board regularly reviews the issues of appointing, training and monitoring senior management as they apply to the management of the assets and operations of the Fund. As part of this review, the Compensation Committee reviews the compensation paid to management annually. Annual reviews of the performance of senior management are conducted by the Compensation Committee.

TSX Guidelines

Compliant

Implementation of the Guidelines

(d) a communications policy for the Corporation:

Yes

The Board and management have put structures in place to avoid selective disclosure and to ensure open, accessible and effective communication within the Corporation as well as between the Corporation, its stakeholders, the public and regulatory authorities. These structures include Audit Committee review and approval of the financial statements with accompanying management discussion and analysis and Board review and approval of all significant disclosure documents such as annual and quarterly reports, financial statements, annual information forms, circulars and press releases regarding material events. The Environmental, Corporate Governance and Reserve Review Committee reviews and approves disclosure of reserves data. Shiningbank also maintains an extensive website at www.shiningbank.com to provide investors with current information pertaining to the Fund and has also established facilities to broadcast live conference calls respecting major developments which are promptly made available via the Internet or telephone.

(e) the integrity of the Corporation's internal control and management information systems:

Yes

Management has implemented an effective system of internal controls, including the management of information systems. Various committees of the Board regularly review, advise and report to the Board on corporate strategy in the following areas:

(i) Human Resources: policies and remuneration;

(ii) Risk Management and Environment: all issues, including minimization of the major operating risks faced by the Corporation and environmental and health and safety compliance;

(iii) Audit and Finance: compliance of financial reporting with GAAP, oversight of all financing plans and control and management of information systems, monitoring of the independence and performance of the external auditors;

(iv) Corporate Governance: determining Board priorities and reviewing the effectiveness of management's interaction with and responsiveness to the Board; and

(v) Reserves: review of independent reserves evaluators and reserve evaluation reports to ensure reserves are reported fairly and to ensure the Board is apprised of any major changes or potential changes to reserves and reserves reporting standards, review of the Corporation's procedures relating to the disclosure of information with respect to oil and gas activities and procedures for providing information to the reserves evaluators, and review and recommend to the Board in relation to content and filing of statements required under National Instrument 51-101 following the meeting with the independent reserves evaluators and management.

TSX Guidelines	Compliant	Implementation of the Guidelines
<p>2. <i>The Board of Directors of every Corporation shall be constituted with a majority of individuals who qualify as unrelated directors. An unrelated director is a director who is independent of management and is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the director's ability to act with a view to the best interests of the Corporation, other than interests and relationships arising from shareholding. A related director is a director who is not an unrelated director. If the Corporation has a significant shareholder, in addition to the majority of unrelated directors, the board should include a number of directors who do not have interests in or relationships with either the Corporation or the significant shareholder.</i></p>	Yes	<p>The Board is presently comprised of five directors, the majority of whom are considered unrelated. Other than Mr. Nielsen, none of the unrelated directors or their associates have worked for the Fund or the Corporation, have material contracts with the Fund or the Corporation or have received material remuneration from the Fund (other than in the form of unit options) or the Corporation in excess of directors' fees. The Board participates in the Fund's Option Plan. The Board meets independently of management when appropriate.</p> <p>The Unitholders of the Fund have the right to elect the Board of Directors of the Corporation. There is no significant Unitholder having the ability to exercise a majority of the votes for the election of directors of the Corporation.</p>
<p>3. <i>The application of the definition of "unrelated director" to the circumstances of each individual director should be the responsibility of the board which will be required to disclose on an annual basis whether the board has a majority of unrelated directors or, in the case of a Corporation with a significant shareholder, whether the board is constituted with the appropriate number of directors which are not related to either the Corporation or the significant shareholder. Management directors are related directors. The board will also be required to disclose on an annual basis the analysis of the principles supporting this conclusion.</i></p>	Yes	<p>A majority of the Board is comprised of unrelated directors, specifically:</p> <p>David M. Fitzpatrick (President and CEO of the Corporation)-related</p> <p>Arne R. Nielsen (Chairman of the Board)- unrelated*</p> <p>Warren D. Steckley- unrelated</p> <p>Edward W. Best- unrelated</p> <p>D. Grant Gunderson- unrelated</p> <p>*Mr. Nielsen does not have a direct or indirect material relationship with the Corporation and is not currently a member of management, having resigned in July of 2003 and under MI 52-110 he is considered to be independent.</p>
<p>4. <i>The Board of Directors of every Corporation shall appoint a committee of directors composed exclusively of outside, i.e., non-management, directors, a majority of whom are unrelated directors, with the responsibility for proposing to the full board new nominees to the board and for assessing directors on an ongoing basis.</i></p>	Yes	<p>Proposals to the Board regarding new nominees to the Board and the assessment of directors on an ongoing basis are functions performed by the Environmental, Corporate Governance and Reserve Review Committee which is comprised entirely of unrelated directors. This committee has established a written charter that clearly establishes the committee's purpose, responsibilities, membership qualification, appointment and removal, structure and operations, and manner of reporting to the Board. In making its recommendations respecting the nomination of a director, the committee considers, among other factors, the competencies and skills the Board considers necessary to possess as a whole, the competencies and skills the Board considers each existing director needs to possess and the competencies and skills each new nominee will bring to the boardroom.</p>

TSX Guidelines

Compliant

Implementation of the Guidelines

5. *Every Board of Directors should implement a process to be carried out by the nominating committee for assessing the effectiveness of the board as a whole, the committees of the board, and the contribution of individual directors.*

Partially

The Board has determined that the implementation of a performance assessment mechanism for individual directors is neither practical nor realistically effective. The mandate of the Environmental, Corporate Governance and Reserve Review Committee includes:

- (i) monitoring the quality of the relationship between management and the Board and recommending improvements;
- (ii) annually assessing the effectiveness of the Board and each of its committees;
- (iii) reviewing the Terms of Reference of committees and recommending changes to the Board if required;
- (iv) reviewing the structures and procedures of the Board and its relationship to management to ensure the Board can function independently of management; and
- (v) reviewing the Corporation's overall approach to corporate governance and, as appropriate, making recommendations to the Board.

6. *Every Corporation, as an integral element of the process for appointing new directors, should provide an orientation and education program for new recruits to the board.*

Yes

The Chairman is responsible for orienting new and existing directors. From time to time, presentations are made to the Board on directors' duties and responsibilities. New directors will meet with management to familiarize themselves with the business and operations, and management is available to meet with the directors upon request. The Environmental, Corporate Governance and Reserve Review Committee tours field sites periodically, which serves to give the directors additional insight into the Corporation's business. In addition, each new director is provided materials detailing the responsibilities of (a) the committees on which he sits, (b) the Chairman, and (c) the President and CEO, as well as corporate governance materials and copies of all the Corporation's policies. Directors are kept up to date on changes affecting their responsibilities, and are encouraged to attend seminars or other learning forums with the consent of the Environmental, Corporate Governance and Reserve Review Committee.

7. *Every Board of Directors should examine its size and, with a view to determining the impact of the number upon effectiveness, undertake where appropriate, a program to reduce the number of directors to a number which facilitates more effective decision-making.*

Yes

The Board must have enough directors to carry out its duties efficiently, while presenting a diversity of views and experience. The Environmental, Corporate Governance and Reserve Review Committee reviews whether the current size of the Board promotes effectiveness and efficiency.

The Board currently is composed of five directors – a minimal, but sufficient number to fulfill its responsibilities effectively and efficiently.

TSX Guidelines	Compliant	Implementation of the Guidelines
8. <i>The Board of Directors should review the adequacy and form of the compensation of directors and ensure the compensation realistically reflects the responsibilities and the risks involved in being an effective director.</i>	Yes	The Compensation Committee has the mandate to review and make recommendations to the Board respecting the remuneration of directors. Factors such as market conditions, time commitment and responsibilities are considered in determining remuneration. It is the Board's belief that the establishment of the Corporation's long-term Option Plan assists in aligning Directors' interests with those of the Unitholders of the Fund and in attracting and retaining competent and effective executives to meet and exceed performance milestones. The Compensation Committee has established a written charter that clearly establishes the committee's purpose, responsibilities, membership qualification, appointment and removal, structure and operations, and manner of reporting to the Board. One of such responsibilities is to review executive compensation disclosure before it is publicly disclosed.
9. <i>Committees of the Board of Directors should generally be composed of outside directors, a majority of whom are unrelated directors, although some board committees, such as the executive committee may include one or more inside directors.</i>	Yes	The Corporation's Board Committees are composed entirely of unrelated directors.
10. <i>Every Board of Directors should expressly assume responsibility for, or assign to a committee of directors the general responsibility for, developing the Corporation's approach to corporate governance issues. This committee would, amongst other things, be responsible for the Corporation's response to these governance guidelines.</i>	Yes	The Environmental, Corporate Governance and Reserve Review Committee has established a written mandate that includes developing the Corporation's approach to corporate governance issues and in responding to the TSX governance guidelines. The committee is keeping abreast of recent developments in this area and is assessing its current policies and procedures in light of the proposed changes. At a minimum, the committee's mandate is reviewed annually to ensure that all aspects of responsible corporate governance are being addressed.
11. <i>The Board of Directors, together with the CEO, should develop position descriptions for the board and the CEO, involving the definition of the limits to management's responsibilities. In addition, the board should approve or develop the corporate objectives which the CEO is responsible for meeting.</i>	Yes	There is no specific mandate for the Board, since the Board has plenary power. Any responsibility which is not delegated to senior management or a Board Committee remains with the full Board. Each Committee has specific Terms of Reference approved by the Environmental, Corporate Governance and Reserve Review Committee. The Environmental, Corporate Governance and Reserve Review Committee reviews and recommends to the Board the CEO's authorities and responsibilities. The Board reviews and approves corporate objectives as part of its planning process and then monitors performance.
12. <i>Every Board of Directors should have in place appropriate structures and procedures to ensure that the board can function independently of management. An appropriate structure would be to (i) appoint a chair of the board who is not a member of management with responsibility to ensure the board discharges its responsibilities, or (ii) adopt alternative means such as assigning this responsibility to a committee of the board or to a director, sometimes referred to as a "lead director". Appropriate procedures may involve the board meeting on a regular basis without management present or may involve expressly assigning the responsibility for administering the board's relationship to management to a committee.</i>	Yes	The Board meets independently of management on a quarterly basis. The Environmental, Corporate Governance and Reserve Review Committee is composed of unrelated directors and ensures that the Board functions independently of management. The Chairman of the Board is not a member of management of the Corporation. Each of the committees has the authority to engage and compensate independent advisors as it deems appropriate.

TSX Guidelines

Compliant

Implementation of the Guidelines

13. *The audit committee of every Board of Directors should be composed only of outside directors. The roles and responsibilities of the audit committee should be specifically defined so as to provide appropriate guidance to audit committee members as to their duties. The audit committee should have direct communication channels with the internal and external auditors to discuss and review specific issues as appropriate. The audit committee's duties should include oversight responsibilities for management reporting on internal control. While it is management's responsibility to design and implement an effective system of internal control, it is the responsibility of the audit committee to ensure that management has done so.*

Yes

The Audit Committee is composed only of outside directors. As well, none of the members of the committee have a direct or indirect material relationship with the Corporation or the Fund, and none are deemed to have a material relationship. The Terms of Reference of the Audit Committee specifically define its duties and responsibilities which include meeting separately with external auditors to discuss and review specific issues as appropriate. The Audit Committee annually recommends to the Board the auditors to be appointed and the remuneration to be paid. The auditors report directly to the Audit Committee. This committee also approves all non-audit services provided by the external auditor and reviews all financial information before it is publicly disclosed. The Audit Committee also reviews internal control systems of the Corporation and the Fund. It is the Board's position that each member of the Audit Committee is "financially literate" and accordingly sufficiently competent to provide effective review of the Corporation's finances. An individual is considered financially literate if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Corporation's financial statements. For further information, refer to the Fund's Annual Information Form.

14. *The Board of Directors should implement a system which enables an individual director to engage an outside adviser at the expense of the Corporation in appropriate circumstances. The engagement of the outside advisor should be subject to the approval of an appropriate committee of the board.*

Yes

Individual directors may engage outside advisers at corporate expense upon receipt of written authorization from the Environmental, Corporate Governance and Reserve Review Committee.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the periods ended March 31, 2005 and 2004

1. SIGNIFICANT ACCOUNTING POLICIES

The interim consolidated financial statements of Shiningbank Energy Income Fund ("Shiningbank" or the "Fund") have been prepared by management in accordance with Canadian generally accepted accounting principles and follow the same accounting principles and methods of computation as the consolidated financial statements for the fiscal year ended December 31, 2004 unless otherwise disclosed. The disclosures provided below are incremental to those included with the annual consolidated financial statements. The interim consolidated financial statements should be read in conjunction with the consolidated financial statements and the notes thereto in Shiningbank's annual report for the year ended December 31, 2004.

2. LONG TERM DEBT

The Corporation has a \$250 million revolving credit facility with a syndicate of four Canadian chartered banks of which \$178.7 million was drawn at March 31, 2005. The revolving period extends to April 27, 2006. If the revolving facility is not renewed on that date, it will revert to a two year term with principal payments commencing on July 28, 2006. The facility is secured by a \$300 million floating charge debenture on all assets of the Corporation together with supporting debentures and guarantees from operating subsidiaries and affiliates. Borrowings under the facility bear interest at an annual rate ranging from the banks' prime rate to the banks' prime rate plus 0.95%, depending on the Fund's total debt to cash flow ratio, or, at Shiningbank's option, the bankers' acceptance rate plus a stamping fee.

3. TRUST UNITS

(a) Authorized

300,000,000 Trust Units

(b) Issued

	Number	Amount (000s)
Balance, December 31, 2004	54,140,619	\$ 706,954
Issued on exercise of rights	91,667	1,165
Issued for cash under Distribution Reinvestment Plan	87,449	1,933
Less: Commissions and issue costs		(5)
Transfer from contributed surplus on exercise of rights		199
Balance, March 31, 2005	54,319,735	\$ 710,246

(c) Exchangeable Shares

	Number	Amount (000s)
Balance, December 31, 2004	263,482	\$ 7,019
Amortization of deferred portion		368
Balance, March 31, 2005	263,482	\$ 7,387
Exchange ratio, March 31, 2005	1.35755	
Trust Units issuable upon conversion of non-escrowed shares	357,690	
Trust Units issuable upon conversion of escrowed shares	480,049	
Total Trust Units issuable upon conversion of all shares	837,739	

(d) Trust Unit Rights Incentive Plan

At March 31, 2005, there were 2,022,734 (2004 – 1,803,668) rights outstanding, of which 715,234 (2004 – 733,668) were exercisable at a weighted average exercise price of \$13.41 (2004 – \$13.60).

	Number	Weighted Average Exercise Price
Balance, December 31, 2004	1,396,901	\$ 14.74
Granted	717,500	21.49
Exercised	(91,667)	12.71
Balance before reduction of exercise price	2,022,734	\$ 17.22
Reduction of exercise price		(0.29)
Balance, March 31, 2005	2,022,734	\$ 16.93

The following table summarizes information about Trust Unit rights outstanding and exercisable at March 31, 2005:

Range of Exercise Prices	Rights Outstanding			Rights Exercisable	
	Number Outstanding at March 31, 2005	Weighted Average Remaining Contractual Life (Years)	Weighted Average Exercise Price	Number Exercisable at March 31, 2005	Weighted Average Exercise Price
\$10.00 to \$12.99	410,001	7.6	\$ 11.84	250,001	\$ 11.61
\$13.00 to \$16.99	380,234	6.6	\$ 13.59	335,234	\$ 13.33
\$17.00 to \$21.50	1,232,499	9.4	\$ 19.65	129,999	\$ 17.07
\$10.00 to \$21.50	2,022,734	8.5	\$ 16.93	715,234	\$ 13.41

Shiningbank recorded Trust Unit incentive compensation expense of \$615,000 during the quarter (2004 – \$298,000) for rights issued between 2003 and 2005, and which vested in first quarter 2005.

During the quarter, \$199,000 (2004 – \$89,000) of contributed surplus was transferred to Trust Unit equity in respect of rights exercised during the period.

The following table reconciles the movement in the contributed surplus balance:

Contributed surplus	Amount (000s)
Balance, December 31, 2004	\$ 1,416
Trust Unit incentive compensation	615
Net benefit on rights exercised ¹	(199)
Balance, March 31, 2005	\$ 1,832

¹ Upon exercise, the net benefit is reflected as a reduction of contributed surplus and an increase to Unitholders' capital.

The \$3.3 million fair value of the 717,500 rights issued during the quarter was estimated using a Black-Scholes option-pricing model with the following assumptions: risk-free interest rate of 4.21%, volatility of 60%, life of 10 years, and a distribution yield rate of 10% representing the difference between the anticipated distribution and the anticipated drop in the strike price. Users are cautioned that the assumptions made are estimates of future events and actual results could differ materially from those estimated.

For rights issued in 2002, Shiningbank has elected to disclose the pro forma effect as if the amended accounting standard had been adopted January 1, 2002. The rights granted on January 1, 2002 fully vested on January 1, 2005 and therefore, no Trust Unit incentive compensation expense related to those rights would have been recorded during the quarter. For the quarter ended March 31, 2004, Shiningbank's net income would have decreased by \$127,000 due to additional Trust Unit incentive compensation expense related to those rights. Neither basic nor diluted per Trust Unit figures would have changed as a result of this additional expense.

(e) Per Trust Unit amounts

For the three months ended March 31, 2005, the weighted average number of Trust Units and non-escrowed Exchangeable Shares outstanding was 54,614,166 (2004 – 46,938,326). In computing diluted net earnings per Trust Unit, the dilutive effect of Trust Unit rights and escrowed Exchangeable Shares added 1,253,690 Trust Units (2004 – 752,148) to the weighted average number of Trust Units outstanding.

4. OTHER CASH FLOW DISCLOSURES

Change in non-cash operating working capital	(000s)
Accounts receivable	\$ 7,435
Prepaid expenses	(2)
Accounts payable and accrued liabilities	1,539
	\$ 8,972

Change in non-cash financing working capital	(000s)
Distributions payable to Unitholders	\$ 83

Change in non-cash investing working capital	(000s)
Accounts payable for capital accruals	\$ 153

Cash payments	(000s)
Cash payments made for taxes	\$ 4
Cash payments made for interest	\$ 1,950

5. FINANCIAL INSTRUMENTS

At March 31, 2005, Shiningbank held certain oil and natural gas hedge contracts, the terms of which are listed in the following table. The estimated market value at March 31, 2005, had the contracts been settled at that time, would have been a loss of \$5.1 million.

Period	Commodity	Volume	Price
April 1, 2005 – December 31, 2005	Gas	5,000 GJ/d	\$5.00/GJ floor \$6.39/GJ ceiling
April 1, 2005 – October 31, 2005	Gas	5,000 GJ/d	\$6.70/GJ
April 1, 2005 – October 31, 2005	Gas	5,000 GJ/d	\$6.65/GJ floor \$7.75/GJ ceiling
May 1, 2005 – October 31, 2005	Gas	5,000 GJ/d	\$6.90/GJ floor \$9.50/GJ ceiling
January 1, 2005 – June 30, 2005	Oil	500 bbl/d	US\$37.00/bbl floor US\$50.50/bbl ceiling
February 1, 2005 – December 31, 2005	Oil	500 bbl/d	US\$40.00/bbl floor US\$55.40/bbl ceiling

AUDITORS' REPORT

To the Unitholders of Shiningbank Energy Income Fund

We have audited the consolidated balance sheets of Shiningbank Energy Income Fund as at December 31, 2004 and 2003 and the consolidated statements of earnings and unitholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Fund as at December 31, 2004 and 2003 and the results of its operations and its cash flows for the years then ended in accordance with Canadian generally accepted accounting principles.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2004 and 2003
(\$ thousands, except Trust Units and per Trust Unit amounts)

1. ORGANIZATION

Shiningbank Energy Income Fund ("Shiningbank" or the "Fund") is an unincorporated open-end investment trust formed under the laws of the Province of Alberta pursuant to a trust indenture dated May 16, 1996 and subsequently amended. Operations commenced on July 1, 1996. The beneficiaries of the Fund are the holders (the "Unitholders") of trust units (the "Trust Units").

On March 5, 2004, the Fund acquired all of the shares of Good Ridge Explorations Ltd. ("Good Ridge") through its wholly owned indirect subsidiary Shiningbank Energy Ltd. (the "Corporation"). On March 8, 2004, the Corporation acquired all of the shares of Birchill Resources Limited ("Birchill") which in turn held substantially all of its assets in a partnership. Also on March 8, 2004, the Corporation, Good Ridge and Birchill were amalgamated, continuing as Shiningbank Energy Ltd. The partnership, which was renamed Shiningbank Energy Partnership ("SEP"), remained in place and was held by the Corporation.

On December 31, 2004, the Corporation transferred substantially all of its interest in SEP to a newly formed limited partnership called Shiningbank Limited Partnership ("SLP") and SEP was wound up. SLP is held by a newly created operating trust called Shiningbank Operating Trust ("SOT"), the sole beneficiary of which is the Fund. The Corporation is the general partner of SLP.

The trust indenture provides that 300,000,000 Trust Units may be issued. Each Trust Unit represents an equal fractional beneficial interest in any distributions from the Fund and in the net assets of the Fund on termination or winding up of the Fund. All Trust Units rank among themselves equally and rateably without discrimination, preference or priority. The trust indenture provides that Trust Units are redeemable at any time on demand by the Unitholders at amounts as determined by a market price formula. The total amount payable by the Fund in respect of all Trust Units tendered for redemption, however, may not exceed \$100,000 in any calendar month.

2. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements have been prepared by management using Canadian generally accepted accounting principles. The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingencies at the date of the financial statements, and revenues and expenses during the reporting period. Actual results could differ from those estimated.

Significant items subject to such estimates and assumptions include the amounts recorded for depletion and depreciation of the petroleum and natural gas properties, accretion of discount on asset retirement obligations, asset retirement expenditures which are based on estimates of reserves and future costs, and the amounts recorded for Trust Unit incentive compensation which are based on the estimated fair value of rights granted. By their nature, these estimates, and those related to future cash flows used to assess impairment, are subject to measurement uncertainty and the impact on the financial statements of future periods could be material.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

(a) Principles of consolidation

These consolidated financial statements include the accounts of the Fund and its direct and indirect subsidiaries, including the Corporation, SLP, SOT, Shiningbank Holdings Corporation ("SHC") and 1130243 Alberta Inc.

(b) Fixed assets

The Fund follows the full cost method of accounting for petroleum and natural gas properties under which all acquisition and development costs are capitalized. Such costs include land acquisition, geological, geophysical and drilling costs for productive and non-productive wells and directly related overhead charges. Proceeds from the sale of petroleum and natural gas properties are applied against capitalized costs. Gains or losses upon disposition of such properties are not recognized unless the disposition would alter the depletion and depreciation rate by 20% or more.

The costs of fixed assets, plus a provision for future development costs of proved undeveloped reserves, are depleted and depreciated using the unit-of-production method based on estimated total proved reserves volumes, before royalties, as determined by independent engineers. Proved reserves are converted to a common unit of measure on the basis of their approximate relative energy content. Other miscellaneous assets are depreciated on a declining balance basis at 20% per annum.

Oil and gas assets are evaluated annually to determine that the carrying amount in a cost centre is recoverable and does not exceed the fair value of the properties in the cost centre. The carrying amounts are assessed to be recoverable when the sum of the undiscounted cash flows expected from the production of proved reserves, the lower of cost and market of unproved properties and the cost of major development projects, exceeds the carrying amount of the cost centre. When the carrying amount is in excess, and is therefore assessed as not recoverable, an impairment loss would be recognized to the extent that the carrying value of assets exceeds the sum of the discounted cash flows from the production of proved and probable reserves, the lower of cost and market of unproved properties and the cost of major development projects. The cash flows are estimated using expected future product prices and costs and are discounted using a risk-free interest rate (see note 4).

(c) Goodwill

Goodwill is recorded upon a corporate acquisition when the total purchase price exceeds the net identifiable assets and liabilities of the acquired company. The goodwill balance is not amortized but instead is assessed for impairment annually or more frequently, if necessary. Impairment is determined based on the fair value of the reporting entity compared to the carrying or net book value of the reporting entity. Any impairment will be charged to earnings in the period in which the fair value of the reporting entity is below the carrying value.

(d) Asset retirement obligation

Shiningbank recognizes the fair value of an Asset Retirement Obligation ("ARO") in the period in which it is incurred when a reasonable estimation of the fair value can be made. The fair value of the estimated ARO is recorded as a long-term liability, with a corresponding increase in the carrying value of the asset. In periods subsequent to initial measurement, the passage of time results in liability changes and the amount of accretion is charged against current period income. The liability is also adjusted for revisions to previously used estimates.

Previously, Shiningbank recognized a provision for estimated future site restoration and abandonment costs calculated on the unit-of-production method over the remaining proved reserves. Actual site restoration and abandonment costs were charged against the liability as incurred.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

(e) Income taxes

The Fund is a taxable trust under the Income Tax Act (Canada). Any taxable income is allocated to the Unitholders and therefore no provision for income taxes relating to the Fund is included in these financial statements.

The Fund's corporate subsidiaries follow the tax liability method of accounting for income taxes. Under this method, income tax liabilities and assets are recognized for the estimated tax consequences attributable to differences between the amounts reported in the financial statements and their respective tax bases, using enacted income tax rates. The effect of a change in income tax rates on future income tax liabilities and assets is recognized in income in the period that the change occurs.

The Fund's corporate subsidiaries are taxable Canadian corporations and are liable for tax on income that they retain. The Corporation is also subject to capital taxes in jurisdictions where such taxes apply and these taxes are deducted from distributions to Unitholders.

(f) Financial instruments

The Corporation from time to time employs financial instruments to manage exposures related to interest rates and commodity prices. These instruments are not used for speculative trading purposes. The Fund formally documents all relationships between hedging instruments and hedged items and assesses, both at the hedge's inception and on an ongoing basis, whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in fair values or cash flows of hedged items. Gains and losses on commodity price hedges are included in revenues upon the sale of related production, provided there is reasonable assurance that the hedge is, and will continue to be, effective.

Realized and unrealized gains and losses associated with hedging instruments that have been terminated or cease to be effective prior to maturity, are deferred on the balance sheet and recognized in income in the period in which the underlying hedged transaction is recognized.

For transactions that do not qualify for hedge accounting, the Fund applies the fair value method of accounting by recording an asset or liability on the consolidated balance sheet and recognizing changes in the fair value of the instruments in the current period statement of earnings.

(g) Trust Unit Rights Incentive Plan

The Fund accounts for the Trust Unit Rights Incentive Plan using the fair value based method. Under this method, compensation costs attributed to the Trust Unit rights are measured at fair value at the grant date and recognized over the vesting period, with a corresponding increase to contributed surplus. Consideration paid by employees and directors of the Corporation on the exercise of Trust Unit rights under this plan is recorded in Trust Units equity upon receipt, along with the amount of non-cash Trust Unit incentive compensation expense recognized in contributed surplus.

(h) Joint ventures

Substantially all of the Fund's petroleum and natural gas activities are conducted jointly with others and, accordingly, these financial statements reflect only the Fund's proportionate interest in such activities.

(i) Per Trust Unit amounts

Basic earnings per Trust Unit is computed by dividing net earnings by the weighted average number of Trust Units outstanding for the year. Diluted net earnings per Trust Unit amounts reflect the potential dilution that could occur if securities or other contracts to issue Trust Units were exercised or converted to Trust Units.

(j) Revenue recognition

Revenue from the sale of oil and natural gas is recognized when the product is delivered.

(k) Comparative figures

Comparative figures have been reclassified to conform to current year presentation.

3. CHANGE IN ACCOUNTING POLICIES

(a) Asset retirement obligation

Effective January 1, 2004 Shiningbank has adopted CICA handbook section 3110, "Asset Retirement Obligations." The standard requires the recognition and measurement of liabilities related to legal obligations to retire property, plant and equipment upon acquisition of the liability. The initial liability must be measured at fair value and subsequently adjusted for the accretion of discount and changes in the fair value. The asset retirement cost is capitalized and depleted into earnings over time.

This change in accounting policy has been adopted retroactively with restatement of the prior period presented for comparative purposes. The effect of the adoption is as follows:

Balance sheet	December 31, 2003	December 31, 2002
Increase in fixed assets for asset retirement costs	\$ 12,531	\$ 13,521
Net increase in asset retirement obligation	15,329	15,560
Decrease in future income tax liability	(771)	(493)
Decrease in accumulated earnings	(2,028)	(1,546)

Statement of earnings	Year ended December 31, 2003
Accretion expense on asset retirement obligation	\$ 1,981
Increased depletion due to asset retirement costs	1,845
Eliminate prior provision for site restoration	(3,066)
Increase future income tax recovery	(277)
Net earnings impact	\$ 483
Basic net earnings per Trust Unit	\$ 0.01
Diluted net earnings per Trust Unit	\$ 0.01

The estimated asset retirement obligation is based upon the Fund's net ownership interest in each area, estimated costs to abandon and reclaim wells and facilities in the area, and the anticipated timing of such expenditures.

Undiscounted expenditures totalling \$37.6 million are expected to be made over the next 33 years. The Fund's credit adjusted risk free rate of 7% and an inflation rate of 2% were used to calculate the present value of the obligation.

The Fund's asset retirement obligation is as follows:

	Year ended December 31, 2004	Year ended December 31, 2003
Carrying amount, beginning of year	\$ 26,524	\$ 23,907
Liability incurred during the year, net of dispositions	2,212	854
Settlement of liability during the year	(684)	(218)
Accretion expense	2,190	1,981
Carrying amount, end of year	\$ 30,242	\$ 26,524

3. CHANGE IN ACCOUNTING POLICIES (continued)**(b) Trust Unit incentive compensation**

During 2003 the Fund elected to adopt the amendments to the CICA Handbook Section 3870, "Stock-based Compensation and Other Stock-based Payments." The section was adopted effective January 1, 2003 and Trust Unit incentive compensation expense of \$572,000 was recorded in 2003 for rights granted during 2003 and vesting within the year.

(c) Hedging relationships

Effective January 1, 2004, the Fund adopted Accounting Guideline 13, "Hedging Relationships" that establishes standards for the documentation and effectiveness of hedging relationships for the purposes of applying hedge accounting. The adoption of this standard had no effect on the Fund's financial results.

4. FIXED ASSETS**(a) Acquisition of Birchill Resources Limited**

Effective January 1, 2004, the Corporation acquired all the outstanding shares of Birchill for \$170.1 million. The transaction closed on March 8, 2004. The acquisition was accounted for by the purchase method and the results of operations of Birchill are included in the accounts from the closing date. Birchill and the Corporation were subsequently amalgamated.

Cash consideration	\$ 169,639
Related fees and expenses	463
Cost of acquisition	\$ 170,102
Working capital deficiency	\$ (5,724)
Future income tax	(66,700)
Asset retirement obligation	(3,028)
Petroleum and natural gas properties and equipment	245,554
Total consideration	\$ 170,102

(b) Acquisition of Good Ridge Explorations Ltd.

Effective January 1, 2004 the Corporation acquired all the outstanding shares of Good Ridge for \$7.0 million. The transaction closed on March 5, 2004. The acquisition was accounted for by the purchase method and the results of operations of Good Ridge are included in the accounts from the closing date. Good Ridge and the Corporation were subsequently amalgamated.

Cash consideration	\$ 6,935
Related fees and expenses	30
Cost of acquisition	\$ 6,965
Working capital	\$ 578
Future income tax	(2,201)
Asset retirement obligation	(147)
Petroleum and natural gas properties and equipment	7,025
Goodwill	1,710
Total consideration	\$ 6,965

4. FIXED ASSETS (continued)

(c) Ceiling test

The Fund performed a ceiling test calculation at December 31, 2004 to assess the recoverable value of fixed assets. Future prices were obtained from third parties, adjusted for commodity differentials specific to the Fund, and then escalated based on factors in the Fund's year-end independent reserves evaluation. The following table summarizes the benchmark prices used in the ceiling test calculation. Based on these assumptions, the undiscounted value of future net revenues from proved reserves exceeded the carrying value of the Fund's fixed assets at December 31, 2004.

Year	Oil		Gas	
	WTI US\$/bbl	Edmonton Light C\$/bbl	AECO C\$/mmbtu	Alberta Reference C\$/mmbtu
2005	\$ 44.29	\$ 51.25	\$ 6.97	\$ 6.76
2006	41.60	48.03	6.66	6.45
2007	37.09	42.64	6.21	6.00
2008	33.46	38.31	5.73	5.55
2009	31.84	36.36	5.37	5.21
2010	32.32	36.91	5.47	5.31
2011	32.80	37.47	5.57	5.38
2012	33.30	38.03	5.67	5.48
2013	33.79	38.61	5.77	5.58
2014	34.30	39.19	5.87	5.68
2015	34.82	39.78	5.98	5.79
Thereafter	+ 1.5% / annum	+ 1.5% / annum	+ 1.5% / annum	+ 1.5% / annum

5. LONG TERM DEBT

The Corporation has a \$225 million revolving credit facility with a syndicate of four Canadian chartered banks of which \$182.1 million was drawn at December 31, 2004 (2003 - \$121.7 million). The revolving period extends to April 27, 2005. If the revolving facility is not renewed on that date, it will revert to a two year term with principal payments commencing on July 28, 2005. The facility is secured by a \$300 million floating charge debenture on all assets of the Corporation together with supporting debentures and guarantees from operating subsidiaries and affiliates. Borrowings under the facility bear interest at an annual rate ranging from the banks' prime rate to the banks' prime rate plus 0.95%, depending on the Fund's total debt to cash flow ratio, or, at Shiningbank's option, the bankers' acceptance rate plus a stamping fee.

6. INCOME TAXES

The provision for income taxes in the financial statements differs from the result that would have been obtained by applying the combined federal and provincial tax rate to the Corporation's and SHC's earnings before income taxes. This difference results from the following items:

	2004	2003
Taxable loss of the Corporation and SHC	\$ (27,800)	\$ (17,400)
Combined federal and provincial tax rate	38.62%	40.60%
Computed income tax recovery	(10,700)	(7,100)
Increase (decrease) in income taxes resulting from:		
Non-deductible Crown charges	3,500	1,800
Other	2,901	(222)
Internalization of management contract	1,400	2,400
Resource allowance	(1,800)	(1,900)
Change in tax rate	(3,100)	(7,700)
Internal restructuring	(78,400)	-
Future income tax recovery	(86,199)	(12,722)
Capital and large corporation taxes	574	595
Income and capital taxes	\$ (85,625)	\$ (12,127)

The recovery of future income taxes, through the internal restructuring, resulted from the transfer of the partnership acquired in the Birchill acquisition from the Corporation to a new operating trust, the beneficiary of which is the Fund.

The components of the Corporation's and SHC's future income tax liability at December 31, are as follows:

	2004	2003
Future income taxes:		
Oil and natural gas properties	\$ 49,151	\$ 59,999
Asset retirement obligation	(9,084)	(4,636)
Non-capital losses	(4,383)	(3,935)
Other	(2,418)	(864)
	\$ 33,266	\$ 50,564

7. TRUST UNITS

(a) Authorized

300,000,000 Trust Units

(b) Issued

	2004		2003	
	Number	Amount	Number	Amount
Balance, beginning of year	44,343,415	\$ 550,267	33,193,937	\$ 391,970
Issued for cash	8,800,000	149,600	10,338,500	155,078
Less: Commissions and issue costs		(8,143)		(8,216)
Issued on exercise of rights	618,166	8,024	134,673	1,831
Issued for cash under Dividend Reinvestment Plan	296,538	5,846	179,488	3,016
Issued on conversion of Exchangeable Shares	82,500	941	496,817	6,588
Transfer from contributed surplus on exercise of rights		419		–
Balance, end of year	54,140,619	\$ 706,954	44,343,415	\$ 550,267

(c) Exchangeable Shares

On October 9, 2002, SHC issued 1,136,614 Exchangeable Shares in connection with the management internalization transaction. The Exchangeable Shares are exchangeable, at the option of the holder, into Trust Units for no additional consideration. As at December 31, 2004, 353,614 (2003 – 555,678) Exchangeable Shares were held in escrow to be released over periods up to October 2007 under the terms of two escrow agreements. The number of Trust Units issuable upon conversion is based upon the exchange ratio in effect at the conversion date. The exchange ratio is adjusted by the distributions paid to Unitholders divided by the 10-day weighted average unit price preceding the record date. The Exchangeable Shares are not eligible for distributions.

	2004		2003	
	Number	Amount	Number	Amount
Balance, beginning of year	126,290	\$ 5,267	378,872	\$ 6,475
Released from escrow	202,064	–	202,064	–
Conversion of Exchangeable Shares	(64,872)	(941)	(454,646)	(6,589)
Amortization of deferred portion		2,693		5,381
Balance, end of year	263,482	\$ 7,019	126,290	\$ 5,267
Exchange ratio, end of year	1.32647		1.18417	
Trust Units issuable upon conversion of non-escrowed shares	349,501		149,549	
Trust Units issuable upon conversion of escrowed shares	469,058		658,016	
Total Trust Units issuable upon conversion of all shares	818,559		807,565	

(d) Trust Unit Rights Incentive Plan

Under Shiningbank's Trust Unit Rights Incentive Plan the initial exercise price of rights granted may not be less than the current market price of the Trust Units as of the date of grant and the maximum term of each right is not to exceed 10 years. The exercise price of the rights is to be adjusted downwards from time to time by the amount, if any, that distributions to Unitholders in any calendar quarter exceed 2.5% (10% annually) of the Fund's consolidated net book value of fixed assets. A total of 3,197,796 Trust Units have been reserved for issuance under the plan. At December 31, 2004, there were 1,396,901 (2003 – 1,460,067) rights outstanding, of which 395,234 (2003 – 583,401) were exercisable at a weighted average exercise price of \$13.34 (2003 – \$14.20). In January 2005, a further 717,500 Trust Unit rights were granted.

7. TRUST UNITS (continued)

Rights	2004		2003	
	Number	Weighted Average Exercise Price	Number	Weighted Average Exercise Price
Balance, beginning of year	1,460,067	\$ 13.93	1,059,000	\$ 15.00
Granted	580,000	\$ 18.75	525,000	\$ 15.24
Forfeited	(25,000)	\$ 16.44	–	\$ –
Exercised	(618,166)	\$ 12.98	(123,933)	\$ 13.44
Balance before reduction of exercise price	1,396,901	\$ 16.31	1,460,067	\$ 15.22
Reduction of exercise price		(1.57)		(1.29)
Balance, end of year	1,396,901	\$ 14.74	1,460,067	\$ 13.93

The following table summarizes information about Trust Unit rights outstanding and exercisable at December 31, 2004:

Range of Exercise Prices	Rights Outstanding			Rights Exercisable	
	Number Outstanding at December 31, 2004	Weighted Average Remaining Contractual Life (Years)	Weighted Average Exercise Price	Number Exercisable at December 31, 2004	Weighted Average Exercise Price
\$10.00 to \$12.99	481,667	7.8	\$ 12.08	65,000	\$ 11.96
\$13.00 to \$16.99	380,234	6.8	\$ 13.92	330,234	\$ 13.62
\$17.00 to \$21.50	535,000	9.1	\$ 17.71	–	\$ –
\$10.00 to \$21.50	1,396,901	8.0	\$ 14.74	395,234	\$ 13.34

Shiningbank recorded Trust Unit incentive compensation expense of \$1,263,000 for the year ended December 31, 2004 (2003 – \$572,000) for rights issued in 2003 and 2004, and vesting within the year.

During the year, \$419,000 (2003 – \$nil) of contributed surplus was transferred to Trust Unit equity in respect of rights exercised during the period.

The following table reconciles the movement in the contributed surplus balance:

Contributed surplus	2004	2003
Balance, beginning of year	\$ 572	\$ –
Trust Unit incentive compensation	1,263	572
Net benefit on rights exercised ¹	(419)	–
Balance, end of year	\$ 1,416	\$ 572

¹ Upon exercise, the net benefit is reflected as a reduction of contributed surplus and an increase to Unitholders' capital.

The fair value of the 580,000 rights issued during the year was estimated using a Black-Scholes option-pricing model with the following assumptions: risk-free interest rates ranging from 4.33 to 4.82% (2003 – 4.16 to 4.76%), volatility of 60%, life of 10 years, and a dividend yield rate of 10% representing the difference between the anticipated distribution and the anticipated drop in the strike price.

For rights issued in 2002, Shiningbank has elected to disclose the pro forma effect as if the amended accounting standard had been adopted January 1, 2002. For the years ended December 31, 2004 and 2003, Shiningbank's net income would have decreased by \$508,000 per year (\$0.01 per basic and diluted Trust Unit in 2003 and 2004) due to additional Trust Unit incentive compensation expense related to rights granted in 2002.

7. TRUST UNITS (continued)**(e) Distribution Reinvestment Plan**

The Distribution Reinvestment Plan ("DRIP") entitles eligible Unitholders to purchase additional Trust Units by re-investing their cash distributions or by making additional optional cash payments of up to a maximum of \$3,000 per quarter for the purchase of additional Trust Units. Trust Units are acquired on the open market at the prevailing market price or issued from treasury at the average market price over the last 10 days of trading. During 2004, 296,538 Trust Units were issued from treasury (2003 – 179,488) under the DRIP for proceeds of \$5.8 million (2003 – \$3.0 million).

(f) Per Trust Unit amounts

For the year ended December 31, 2004, the weighted average number of Trust Units and non-escrowed Exchangeable Shares outstanding was 52,208,852 (2003 – 41,594,854). In computing diluted net earnings per Trust Unit, the dilutive effect of unit rights and escrowed Exchangeable Shares, added 984,155 Trust Units (2003 – 772,760) to the weighted average number of Trust Units outstanding.

8. OTHER CASH FLOW DISCLOSURES**(a) Change in non-cash operating working capital**

	2004	2003
Accounts receivable	\$ (24,271)	\$ (7,950)
Prepaid expenses	(1,841)	248
Accounts payable and accrued liabilities	4,821	9,216
	\$ (21,291)	\$ 1,514

(b) Change in non-cash financing working capital

	2004	2003
Distributions payable to Unitholders	\$ 4,502	\$ 512

(c) Change in non-cash investing working capital

	2004	2003
Accounts payable for capital accruals	\$ 4,720	\$ 526

(d) Cash payments

	2004	2003
Cash payments made for taxes	\$ 1,231	\$ 625
Cash payments made for interest	\$ 6,023	\$ 6,077

9. FINANCIAL INSTRUMENTS

As at December 31, 2004, there are no significant differences between the carrying amounts and the fair value of accounts receivable, accounts payable, accrued liabilities, Trust Unit distributions payable, and long-term debt. The Corporation is exposed to interest rate variance on the long term debt disclosed in the balance sheet. Gains and losses on commodity price hedges are included in revenues upon the sale of related production provided there is reasonable assurance that the hedge is and will continue to be effective.

9. FINANCIAL INSTRUMENTS (continued)

Substantially all of the Fund's accounts receivable are due from customers in the oil and gas industry and are subject to the normal industry credit risks. The carrying value of accounts receivable reflects management's assessment of the associated credit risk. Substantially all derivative financial instruments are entered into with Canadian chartered banks in order to reduce credit risk.

At December 31, 2004, Shiningbank held certain oil and natural gas hedge contracts, the terms of which are listed in the following table. The estimated market value at December 31, 2004, had the contracts been settled at that time, would have been a loss of \$103,484.

Period	Commodity	Volume	Price
April 1, 2004 – March 31, 2005	Gas	5,000 GJ/d	\$5.91/GJ
November 1, 2004 – March 31, 2005	Gas	5,000 GJ/d	\$7.50/GJ floor \$11.00/GJ ceiling
April 1, 2005 – December 31, 2005	Gas	5,000 GJ/d	\$5.00/GJ floor \$6.39/GJ ceiling
January 1, 2005 – June 30, 2005	Oil	500 bbl/d	US\$37.00/bbl floor US\$50.50/bbl ceiling

Subsequent to December 31, 2004, Shiningbank entered into two additional hedge contracts.

Period	Commodity	Volume	Price
February 1, 2005 – December 31, 2005	Oil	500 bbl/d	US\$40.00/bbl floor US\$55.40/bbl ceiling
April 1, 2005 – October 31, 2005	Gas	5,000 GJ/d	\$6.70/GJ

10. INTERNALIZATION OF MANAGEMENT CONTRACT

Effective October 9, 2002, the Fund acquired all of the outstanding shares of Shiningbank Energy Management Inc., the former Manager of the Fund. Total consideration for the transaction consisted of a cash payment of \$2.91 million plus 1,136,614 Exchangeable Shares. Total consideration was reduced by \$1.8 million to provide for performance/retention bonuses to be paid to employees. During 2004, the remainder of this bonus pool, or \$817,250 (2003 – \$582,750) was paid out in cash and expensed.

Total consideration:

Cash	\$ 2,910
Exchangeable Shares issued	16,490
Costs associated with the transaction	1,195
Total purchase price	\$ 20,595

Prior to the acquisition, the Fund paid fees to the former Manager of 3.25% of net operating income, a fee of 1.5% on the purchase price of acquisitions and a quarterly scheduled dividend in accordance with the terms of the management agreement. The acquisition resulted in the elimination of all fees and dividends under the management contract.

Exchangeable Shares in the amount of \$10.0 million were originally subject to escrow provisions and are being deferred and amortized into income as internalization of management contract expense over the specific vesting periods through 2007. For the year ending December 31, 2004, \$2,693,400 (2003 – \$5,380,600) has been recorded as expense representing the amortization of these escrowed Exchangeable Shares.

**AUDITED CONSOLIDATED FINANCIAL STATEMENTS OF BIRCHILL RESOURCES LIMITED FOR THE
YEARS ENDED DECEMBER 31, 2003 AND 2002**

AUDITORS' REPORT TO THE DIRECTORS

We have audited the consolidated balance sheets of Birchill Resources Limited as at December 31, 2003 and 2002 and the consolidated statements of earnings and retained earnings and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2003 and 2002 and the results of its operations and its cash flows for the years then ended in accordance with Canadian generally accepted accounting principles.

BIRCHILL RESOURCES LIMITED

Notes to Consolidated Financial Statements of Cash Flows

Years ended December 31, 2003 and 2002

1. Basis of presentation:

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries.

On January 1, 2003 Trilwood Investment Limited ("Trilwood"), a company under the common control of the ultimate parent company, was amalgamated with the Company. The name of the combined company continues as Birchill Resources Limited.

The Company has accounted for this transaction as continuity of interests and, as a result, these financial statements present the assets, liabilities and results of operations as if the companies were combined since their inception. The comparative figures represent the combined financial information of the predecessor companies. All significant intercompany balances and transactions have been eliminated.

The net assets of the companies on December 31, 2002 prior to the combination were as follows:

	Birchill	Trilwood	Total
Current assets	\$ 12,797,067	\$ 237,395	\$ 13,034,462
Non-current assets	184,264,323	15,951,418	200,215,741
Current liabilities	12,956,678	370,603	13,327,281
Long-term liabilities	71,965,255	9,844,440	81,809,695
Shareholders' equity	112,139,456	5,973,770	118,113,226
Net earnings	7,568,301	8,218,645	15,786,946

2. Significant accounting policies:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. The financial statements have, in management's opinion, been properly prepared using careful judgment with reasonable limits of materiality and within the framework of the significant policies summarized below:

(a) Petroleum and natural gas operations:

The Company follows the full cost method of accounting whereby all costs of exploring for and developing petroleum, natural gas and related reserves are capitalized. Such costs include land acquisition costs, geological and geophysical costs, carrying charges on non-producing properties, costs of drilling both productive and non-productive wells, and overhead charges directly related to acquisition, exploration and development activities.

Such costs, including production equipment, are depleted and depreciated on the unit-of-production method based on estimated gross proved reserves as determined by external petroleum engineers. In calculating depletion, natural gas reserves are converted to equivalent units of crude oil based on the energy equivalents of each product (6mcf = 1 bbl).

Costs of acquiring and evaluating unproved properties are initially excluded from depletion calculations. These unevaluated properties are assessed periodically to ascertain whether an

impairment in value has occurred. When proved reserves are assigned or the value of the property is considered to be impaired, the cost of the property or the amount of the impairment is added to costs subject to depletion.

The capitalized costs less accumulated depletion, depreciation and provision for site restoration are limited to an amount equal to the estimated future net revenue from proved reserves (based on prices and costs at the balance sheet date) plus the cost (net of impairment) of unproved properties. Future net revenue is determined after provision for royalties, direct operating costs and future development expenditures. The above amount is further limited by a deduction for future site restoration costs, general and administrative expenses, financing costs and income taxes.

Proceeds from the sale of petroleum and natural gas properties are applied against capitalized costs with no gain or loss recognized, unless such a sale would significantly alter the rate of depletion and depreciation.

A significant portion of the exploration, development and production activities are conducted jointly with others and, accordingly, the accounts reflect only the Company's proportionate interest in such activities.

(b) Future site restoration costs:

Estimated future site restoration costs are provided for using the unit-of-production method based on estimated gross proved reserves. Costs are estimated based on current regulations, technology and industry standards and practices. The annual charge is recorded as site restoration expense and the accumulated provision is reflected as a long-term liability. Site restoration expenditures are charged to the accumulated provision account as incurred.

(c) Furniture and equipment:

Office furniture and equipment is stated at cost and is depreciated by the declining balance method over their estimated useful life.

(d) Sales price hedging for crude oil and natural gas:

The Company periodically uses futures contracts and physical sales arrangements for crude oil and natural gas to manage the prices received for production, and to reduce the impact of price fluctuations on revenues. Gains and losses associated with sales under futures contracts are recognized as adjustments to oil and gas sales revenue when the hedged volumes are sold.

For cash flow hedges, effectiveness is achieved if the changes in the cash flows of the derivative substantially offset the changes in the cash flows of the hedged position and the timing of the cash flows is similar. Effectiveness for fair value hedges is achieved if the fair value of the derivative substantially offsets changes in the fair value attributable to the hedged item. In the event that a derivative does not meet the designation or effectiveness criteria, the gain or loss on the derivative is recognized in earnings. If a derivative that qualifies as a hedge is settled early, the gain or loss at settlement is deferred and recognized when the gain or loss on the hedged transaction is recognized.

(e) Income taxes:

The Company follows the asset and liability method of accounting for income taxes. Under the asset and liability method, future tax assets and liabilities are recognized for future tax

consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Future tax assets and liabilities are measured using enacted or substantively enacted tax rates expected to apply when the asset is realized or the liability settled. The effect on future tax assets and liabilities of a change in tax rates is recognized in earnings in the year that substantive enactment or enactment occurs.

(f) Investments:

Investments in companies subject to significant influence are accounted for using the equity method, all other investments are recorded at cost.

(g) Foreign currency translation:

Assets and liabilities denominated in foreign currencies are translated into Canadian dollars at the year-end rates of exchange. Revenues and expenses are translated at the rates in effect at the time of the transactions. Foreign currency gains and losses are included in the determination of net earnings.

3. **Property, plant and equipment:**

2003			
	Cost	Accumulated depletion and depreciation	Net book value
Petroleum and natural gas properties	\$ 228,876,789	\$ 73,606,532	\$ 155,270,257
Production equipment	79,498,588	24,160,017	55,338,571
Furniture and equipment	1,042,747	715,779	326,968
	\$ 309,418,124	\$ 98,482,328	\$ 210,935,796

2002			
	Cost	Accumulated depletion and depreciation	Net book value
Petroleum and natural gas properties	\$ 187,759,581	\$ 58,192,139	\$ 129,567,442
Production equipment	72,008,220	19,345,245	52,662,975
Furniture and equipment	1,458,120	956,015	502,105
	\$ 261,225,921	\$ 78,493,399	\$ 182,732,522

As at December 31, 2003, the cost of acquiring and evaluating unproved properties excluded from the depletion calculation totalled \$15,727,760 (2002 - \$12,500,780). Future development costs related to proved undeveloped reserves of \$16,279,000 are included in the 2003 depletion calculation.

As at December 31, 2003, the estimated future site restoration costs to be accrued over the life of the remaining proven reserves were \$5,383,000 (2002 - \$3,313,367). During 2003, the Company incurred \$1,127,290 of remediation costs on a single lease as a result of lease contamination which had occurred prior to the Company acquiring the lease in 1994.

4. **Investments:**

The Company's investments are comprised as follows:

- (a) The Company invested \$3,087,750 in 17.2% of the common shares of a private company engaged in identifying coalbed methane opportunities. The investee does not have any significant operating activities as at December 31, 2003.
- (b) The Company invested \$863,616 in 23.1% of the common shares of a private oil and gas exploration company. The investee does not have any significant operating activities as at December 31, 2003.

5. **Pension Plan:**

Effective January 1, 2004 the Company no longer participates as an employer in a non-contributory defined benefit pension plan which covered substantially all of the employees. The plan provides pensions based on length of service and average earnings. Management has not confirmed with its employees how past service benefits will be treated for members. Consequently, no determination has been made of any gain or loss on the ultimate pension plan settlement.

Information about the pension plan as at December 31 is as follows:

	2003	2002
Fair value of plan assets	\$ 3,575,000	\$ 3,368,000
Accrued benefit obligation	3,027,000	2,855,000
Funded status – surplus	\$ 548,000	\$ 513,000
Accrued benefit asset, net of valuation allowance	\$ 564,000	\$ 732,000

Pension expense for the year ended December 31, 2003 was \$168,000 (2002 - \$52,000).

The significant weighted-average actuarial assumptions used to measure the Company's accrued benefit obligations are as follows:

Discount rate	6.50%
Expected long-term rate of return on plan assets	7.25%
Rate of compensation increase	4.00%

Benefits paid from the pension plan during the year ended December 31, 2003 were \$129,000 (2002 - \$249,000).

6. **Bank indebtedness:**

The Company has a credit facility in the amount of \$20,000,000. The facility bears interest at the Bank of Montreal's prime lending rate, is repayable on demand and is secured by the assets of a company under common control.

7. **Capital stock:**

On January 1, 2003 the Company amalgamated with Trilwood and the Company was authorized to issue an unlimited number of the following shares:

- Class A common voting shares
- Class B common voting shares
- Class C preferred non-voting, retractable and redeemable at an amount as determined by the directors.

As a result of the amalgamation of the predecessor companies, their shares became issued and fully paid shares of the Company as follows:

- One common share of Birchill Resources Limited became one Class A share
- One Class A common share of Birchill Resources Limited became one Class B share
- 70,243,062 common shares of Trilwood became one Class C share

On August 22, 2003 articles of amendment were issued authorizing an unlimited number of Class D common voting shares.

The issued capital stock is summarized as follows:

	Number	Amount
Class A (formerly common shares of the predecessor Birchill company):		
Opening balance	37,787,000	\$ 25,000,001
Increase in stated capital by a transfer from Class C shares	-	43,526,230
Issuance of shares for cash	13,777,427	38,000,000
Ending balance	51,564,427	\$ 106,526,231
Class B (formerly Class A of the predecessor Birchill company):		
Opening and ending balance	3,571,429	\$ 5,000,000
Class C (formerly common shares of Trilwood):		
Opening balance	1	\$ 49,500,000
Decrease in stated capital by transfer to Class A shares	-	(43,526,230)
Redemption of share	(1)	(5,973,770)
Ending balance	-	\$ -
Class D:		
Opening balance	-	-
Issue of shares on conversion of debenture	3,448,275	\$ 10,000,000
Ending balance	3,448,275	\$ 10,000,000
Total		\$ 121,526,231

In 2002, the paid-up capital of the Trilwood common shares was reduced by \$38,520,000 and paid to Trilwood's parent company as a return of capital.

8. Contingencies:

- (a) The Company has letters of credit totaling approximately \$1,300,000 outstanding at December 31, 2003 relating to the Company's long-term transportation agreements.
- (b) The Company has filed a statement of claim in the amount of \$394,432 against a working interest owner for amounts owing on a Company operated drilling contract. The working interest owner has filed a counter claim against the Company, for an unspecified amount, alleging, amongst other claims, that the contract is invalid. It is the opinion of management that the counter claim is without merit and will be vigorously defended. The amount of potential loss, if any, as a result of the counter claim is not determinable at this time.

9. Income taxes:

The income tax expense varies from the amount that would be computed by applying the Canadian federal and provincial statutory tax rates to earnings from continuing operations before income taxes as follows:

	2003	2002
Expected tax rate	41.0%	42.4%
Expected income tax provision	\$ 6,571,222	\$ 7,052,918
Increase (decrease) in expected tax provision:		
Non-deductible provincial royalties and lease rentals	5,448,398	3,767,126
Capital taxes	620,046	400,000
Alberta Royalty Tax Credit	(184,696)	(212,050)
Resource allowance	(4,191,943)	(3,934,715)
Change in effective rates	(5,409,348)	(935,328)
Other	(88,913)	(73,971)
Income tax provision	\$ 2,764,766	\$ 6,063,980

Future income tax expense in 2003 included a benefit of \$5,409,348 resulting from Bill C-48, an Act to amend the Income Tax Act (natural resources), being substantively enacted. The resource tax changes resulting from Bill C-48 include a change in the federal tax rate, deductibility of crown royalties and elimination of the resource allowance, which is to be phased in over the next five years.

The components of the net future income tax liability are as follows:

	2003	2002
Future income tax assets:		
Future site restoration	\$ 246,586	\$ 168,608
Net capital loss carryforwards	427,711	-
Less valuation allowance	(291,553)	-
	382,744	168,608
Future income tax liabilities:		
Property, plant and equipment	(40,701,744)	(39,440,771)
Other	(2,163,004)	(2,163,004)
Net future income tax liability	\$ (42,482,004)	\$ (41,435,167)

10. **Discontinued operations:**

In 2003, the Company approved a plan to cease its portfolio investment activities, close its Toronto offices and sever all of the Toronto personnel.

As a result of the Company's plan to discontinue its investment portfolio activities, the results of operations for the discontinued operations have been reported separately in the consolidated statements of earning and retained earnings and the previously reported financial statements have been reclassified.

Summarized below is selected financial information for the discontinued operations for 2003 and 2002:

	2003	2002
(Loss) gain on disposition of portfolio investments	\$ (2,083,344)	\$ 7,534,285
Other income	1,869,555	1,744,440
Interest Expense	(1,143,230)	(1,459,632)
Operating expenses	(3,835,693)	(3,156,436)
	(5,192,712)	4,662,657
Income tax recovery (expense):		
Current	560,540	1,257,856
Future	1,097,883	(703,828)
	1,658,423	554,028
Earnings (loss) from discontinued operations	\$ (3,534,289)	\$ 5,216,685

	2003	2002
Current assets	\$ 145,649	\$ 336,394
Furniture and equipment	-	168,084
Portfolio investments	-	15,951,419
	145,649	16,455,897
Current liabilities	1,249,303	799,050
Net (liabilities) assets from discontinued operations	\$ (1,103,654)	\$ 15,656,847
Net cash (used in) provided by operations	\$ (3,654,643)	\$ 1,630,715
Net cash provided by investments	13,918,986	132,470,082
Net cash provided by discontinued operations	\$ 10,264,343	\$ 134,100,797

11. **Related party transactions:**

- (a) The Company earned management fees in the amount of \$1,649,471 (2002 - \$778,180) from a company under common control.
- (b) On December 18, 2003 the Company repaid loans to the parent company and a company under common control in the amount of \$29,844,440 of which \$20,000,000 was interest bearing at bank prime. Interest paid was \$702,876 (2002 - \$839,315).

These transactions are measured at the exchange amount, which is the amount of consideration established and agreed to by the related parties.

12. **Financial instruments:**

The nature of the operations expose the Company to fluctuations in commodity prices, exchange rates and interest rates. The Company monitors and, when appropriate, utilizes financial instruments to manage its exposure to these risks.

These instruments are exposed to fluctuations in prices and rates, but by their nature of being hedges of actual or anticipated transactions, gains or losses will be offset by gains or losses on the hedged transaction.

The Company is exposed to losses in the event of non-performance by counter-parties to financial instruments.

Commodity risk management:

As at December 31, 2003, the Company has a long-term transportation agreement to deliver 4,000 MMBTU per day of natural gas to Chicago until 2008.

Fair value of financial instruments:

The carrying amounts in the balance sheet for accounts receivable, bank indebtedness, accounts payable and accrued liabilities and income taxes payable approximate the fair value as at December 31, 2003 due to the short time to maturity of these instruments.

13. **Supplemental cash flow information:**

	2003	2002
Income and capital taxes paid	\$ 623,704	\$ 688,097
Interest received	51,987	192,951
Interest paid	1,504,789	1,485,741

14. **Subsequent events:**

Pursuant to conveyance and share sale agreements dated January 1, 2004, the Company disposed of the following assets to a company with a common shareholder for cash consideration as follows:

Property, plant and equipment	\$ 38,735,000
Investments	4,614,578
Furniture and equipment	326,968
Total	\$ 43,676,546

The disposition of the property, plant and equipment did not result in a significant (greater than 20%) change to the Company's rate of depletion and depreciation and as a result, no gain or loss will be recognized. The disposition of the investments resulted in a pre-tax gain of \$663,211. The fair value of the furniture and equipment approximates the net book value as at December 31, 2003. The transactions were measured at the exchange amount.

On February 19, 2004, the shareholders of the Company entered into a share purchase agreement providing for the sale of all of the shares of the Company subject to the satisfaction of certain conditions, including completion of due diligence and obtaining all necessary consents and approvals. The closing date is expected to occur on or before March 12, 2004.

In connection with the sale of certain assets on January 1, 2004 and the proposed sale of the Company's shares, certain employees and former employees would be entitled to incentive payments of up to approximately \$3,350,000.

SCHEDULE "D"

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following is management's discussion and analysis ("MD&A") of the operating and financial results of Shiningbank Energy Income Fund ("Shiningbank" or the "Fund") for the three months ended March 31, 2005. This information is provided as of May 5, 2005. The first quarter results have been compared with the corresponding period in 2004. This MD&A should be read in conjunction with the Fund's audited consolidated financial statements for the years ended December 31, 2004 and 2003, together with the accompanying notes, and the December 31, 2004 Annual Information Form ("AIF"). These documents and additional information about the Fund are available on SEDAR at www.sedar.com.

SUPPLEMENTAL DISCLOSURE

Management believes that distributions to unitholders, cash flow and operating netbacks are useful supplemental measures. Distributions to unitholders should not be construed as an alternate to net income as determined by Canadian generally accepted accounting principles ("GAAP"). All references to cash flow throughout this MD&A are based on cash flow before changes in non-cash working capital, which management uses to analyze operating performance and leverage. Cash flow as presented is not intended to represent operating cash flow or operating profits, nor should it be viewed as an alternative to cash flow from operating activities, net earnings or other measures of financial performance calculated in accordance with Canadian GAAP. Operating netbacks, which are calculated as average unit sales price less royalties, transportation costs and operating costs, represent the cash margin for product sold, calculated on a boe basis. Distributions to unitholders, cash flow and operating netbacks as presented do not have any standardized meanings prescribed by Canadian GAAP and therefore may not be comparable with the calculations of similar measure for other entities.

FORWARD-LOOKING STATEMENTS

This MD&A contains forward-looking statements relating to future events. In some cases, forward-looking statements can be identified by such words as "may," "expects" or similar expressions. These statements represent management's best projections, but undue reliance should not be placed upon them as they are derived from numerous assumptions. These assumptions are subject to known and unknown risks and uncertainties, including the business risks discussed in this MD&A and in the AIF, which may cause actual performance and financial results to differ materially from any projections of future performance or results expressed or implied by such forward-looking statements. Accordingly, readers are cautioned that events or circumstances could cause results to differ materially from those predicted.

BARREL OF OIL EQUIVALENT

Barrel of oil equivalent (boe) volumes are reported at 6:1 with 6 mcf = 1 bbl. The 6:1 boe conversion ratio is based on an energy equivalency conversion method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead. While it is useful for comparative measures, it may not accurately reflect individual product values and may be misleading if used in isolation.

REPORTING CURRENCY

All figures are in Canadian dollars unless otherwise noted.

RESULTS OF OPERATIONS

PRODUCTION VOLUMES

Daily Production Volumes

	Three months ended March 31,		
	2005	2004	%
Oil (bbl/d)	2,327	2,142	9
Natural gas (mmcf/d)	86.8	82.0	6
Natural gas liquids (bbl/d)	3,242	2,670	21
Oil equivalent (boe/d)	20,031	18,478	8
Natural gas % of production	72%	74%	(2)

First quarter daily average production grew 8% over first quarter 2004 primarily due to the acquisition of Birchill Resources Limited ("Birchill") late in first quarter 2004. Natural gas liquids ("NGL") accounted for the majority of the volume increase as a result of the acquisition of NGL-rich properties from Birchill.

A successful development drilling program and well tie-ins during the second half of 2004 also contributed to the quarter over quarter volume growth. Drilling in the first quarter was at a moderate level with the emphasis on partner-operated wells and arresting production declines. Average production in 2005 is expected to be 19,500 – 20,000 boe/d.

PRICING (INCLUDING HEDGING ACTIVITY)

Average Prices – After Hedging

	Three months ended March 31,		
	2005	2004	%
Average Prices			
Oil (\$/bbl)	\$ 56.25	\$ 39.54	42
Natural gas (\$/mcf)	\$ 7.03	\$ 7.05	–
Natural gas liquids (\$/bbl)	\$ 45.91	\$ 35.96	28
Oil equivalent (\$/boe)	\$ 44.41	\$ 41.04	8
Benchmark Prices			
WTI (US\$/bbl)	\$ 49.84	\$ 35.14	42
AECO natural gas (Cdn\$/mcf)	\$ 6.69	\$ 6.61	1

Natural Gas

Shiningbank's realized natural gas prices remained flat in the first quarter averaging \$7.03/mcf. Hedging increased the gas price by \$0.04/mcf for the quarter compared with a hedging loss of \$0.01/mcf in first quarter 2004. Futures prices remain high, with summer prices averaging over \$7.40/mcf and the upcoming winter prices averaging over \$8.50/mcf.

Oil and Natural Gas Liquids

Realized oil prices for the quarter averaged \$56.25/bbl, up 42% from first quarter 2004. Hedging reduced the price by \$0.37/bbl for the quarter compared with a hedging loss of \$2.09/bbl in first quarter 2004.

The benchmark West Texas Intermediate ("WTI") price averaged 42% higher than in first quarter 2004, however strength in the Canadian dollar partially offset this increase. Oil prices continue to be exceptionally high, with futures prices averaging over \$50.00/bbl for the remainder of 2005.

NGL prices were also strong, reflecting high oil prices. The average NGL price in first quarter 2005 was 28% higher than in first quarter 2004 at \$45.91/bbl. NGL prices continue to average between 80 – 85% of realized pre-hedged oil prices.

Hedging

Shiningbank maintains an active hedging program designed to reduce the variability of cash flow and stabilize distributions. Under the Fund's hedging policy, not more than one-half of production volumes of any commodity can be hedged at any one time. Gains and losses from hedging activities are typically recorded when they are realized and are included in oil and natural gas sales unless a particular hedge is considered ineffective. Currently, Shiningbank has the following hedging contracts in place:

Period	Commodity	Volume	Price
April 1, 2005 – December 31, 2005	Gas	5,000 GJ/d	\$5.00 /GJ floor \$6.39/GJ ceiling
April 1, 2005 – October 31, 2005	Gas	5,000 GJ/d	\$6.70/GJ
April 1, 2005 – October 31, 2005	Gas	5,000 GJ/d	\$6.65 /GJ floor \$7.75/GJ ceiling
May 1, 2005 – October 31, 2005	Gas	5,000 GJ/d	\$6.90 /GJ floor \$9.50/GJ ceiling
January 1, 2005 – June 30, 2005	Oil	500 bbl/d	US\$37.00/bbl floor US\$50.50/bbl ceiling
February 1, 2005 – December 31, 2005	Oil	500 bbl/d	US\$40.00/bbl floor US\$55.40/bbl ceiling

REVENUES

(000s)	Three months ended March 31,			
	2005	% of Revenue	2004	% of Revenue
Oil	\$ 11,858	15	\$ 8,114	12
Natural gas	54,567	68	52,691	75
Natural gas liquids	13,396	17	8,738	13
Other income	72	–	615	1
Gas hedging	324	–	(125)	–
Oil hedging	(78)	–	(408)	(1)
	\$ 80,139	100	\$ 69,625	100

The accompanying table demonstrates the net effect of price and volume variances on revenues.

Sales Variance Analysis (Including Hedging Activity)

(000s)	Three months ended March 31,	
	2005/2004	
Oil and natural gas liquids		
Volume increase		\$ 2,328
Price increase		6,404
Net increase		\$ 8,732
Natural gas		
Volume increase		\$ 2,453
Price decrease		(128)
Net increase		\$ 2,325

ROYALTIES

	Three months ended March 31,		
	2005	2004	%
Total royalties, net (000s)	\$ 18,541	\$ 13,776	35
As a % of revenue	23.1%	19.8%	17
Per boe	\$ 10.28	\$ 8.19	26

Royalty expense consists of royalties paid to provincial governments, freehold landowners and overriding royalty owners. The royalty rate increased in first quarter 2005 due to an adjustment related to prior periods regarding the Birchill acquisition. Excluding this one time adjustment, the royalty rate would have been 22.3%. The Fund expects rates to average 22.5% in 2005.

TRANSPORTATION COSTS

	Three months ended March 31,		
	2005	2004	%
Transportation costs (000s)	\$ 1,167	\$ 1,335	(13)
Per boe	\$ 0.65	\$ 0.79	(18)

Transportation costs decreased 18% on a boe basis from first quarter 2004. The decrease was the result of lower pricing following the termination of certain transportation service commitments. These terminations are not expected to impact the Fund's ability to market production.

OPERATING COSTS

	Three months ended March 31,		
	2005	2004	%
Operating costs (000s)	\$ 11,772	\$ 11,106	6
Per boe	\$ 6.53	\$ 6.60	(1)

Operating costs on a boe basis were flat in first quarter 2005, decreasing 1% from first quarter 2004. Higher field and plant maintenance costs in most areas were offset by volume increases in some areas with lower operating costs. Operating costs are expected to average \$7.00/boe in 2005.

OPERATING NETBACKS

(\$/boe)	Three months ended March 31,		
	2005	2004	%
Oil and natural gas sales	\$ 44.41	\$ 41.40	7
Other income (loss)	0.04	(0.36)	(111)
Royalty expenses	(10.28)	(8.19)	26
Transportation expenses	(0.65)	(0.79)	(18)
Operating expenses	(6.53)	(6.60)	(1)
Operating netbacks	\$ 26.99	\$ 25.46	6

Operating netbacks increased 6% quarter over quarter due mainly to higher commodity prices which were partially offset by higher royalty expenses.

GENERAL AND ADMINISTRATIVE COSTS

	Three months ended March 31,		
	2005	2004	%
General and administrative costs (000s)	\$ 2,177	\$ 1,547	41
Per boe	\$ 1.21	\$ 0.92	32
Per average Trust Unit	\$ 0.04	\$ 0.03	33

General and administrative costs increased on all metrics including on a per boe basis and per average Trust Unit. These increases were due to higher activity levels related to acquisitions, development activities and increasing costs for corporate governance from additional regulation. Costs are expected to average \$1.25/boe in 2005.

INTEREST ON LONG TERM DEBT

	Three months ended March 31,		
	2005	2004	%
Interest on long term debt (000s)	\$ 1,844	\$ 1,471	25
Per boe	\$ 1.02	\$ 0.87	17
Per average Trust Unit	\$ 0.03	\$ 0.03	-

Interest expense, which includes bank charges, increased 25% from first quarter 2004 due to higher debt levels resulting from the funding of acquisitions and capital expenditures. Shiningbank is currently in compliance with all external debt covenants.

DEPLETION, DEPRECIATION AND ACCRETION

	Three months ended March 31,		
	2005	2004	%
Depletion, depreciation and accretion (000s)	\$ 30,637	\$ 25,648	19
Per boe	\$ 16.99	\$ 15.25	11

Depletion, depreciation and accretion rose 11% per boe for the first quarter. The increase was primarily related to expansion of the asset base from acquisitions made late in first quarter 2004 and associated future development costs.

TRUST UNIT INCENTIVE COMPENSATION

	Three months ended March 31,		
	2005	2004	%
Trust Unit incentive compensation (000s)	\$ 615	\$ 298	106
Per boe	\$ 0.34	\$ 0.18	89

During first quarter 2005, one new issue of Trust Unit rights was granted. The fair value of rights issued was determined using a Black-Scholes model, and will be brought into income over the vesting period of the rights. The total first quarter 2005 expense of \$615,000 (2004 – \$298,000) represented the fair value of rights issued during 2003 through to 2005 and which vested in first quarter 2005. All of these costs are “non-cash” costs and are not deducted in calculating distributions to unitholders.

INTERNALIZATION OF MANAGEMENT CONTRACT

	Three months ended March 31,		
	2005	2004	%
Internalization of management contract (000s)	\$ 368	\$ 734	(50)
Per boe	\$ 0.20	\$ 0.44	(55)

Effective October 9, 2002, the Fund internalized its management by acquiring all of the shares of Shiningbank Energy Management Inc., the former Manager of the Fund. Prior to the acquisition, the Fund paid fees of 3.25% of net operating income, a fee of 1.5% on the purchase price of acquisitions and a quarterly scheduled dividend in accordance with the terms of a management agreement. The acquisition eliminated all future fees and dividends.

Of the total purchase price of \$20.6 million, \$11.0 million was deferred, representing Exchangeable Shares subject to escrow provisions which are being amortized into income over specific vesting periods through 2007. During first quarter 2005, \$368,000 (2004 – \$734,000) was expensed, representing the amortization of these escrowed Exchangeable Shares.

TAXES

	Three months ended March 31,		
	2005	2004	%
Capital and large corporation taxes (000s)	\$ 129	\$ 225	(43)
Future income tax recovery (000s)	\$ (1,486)	\$ (5,311)	(72)
Per boe	\$ (0.75)	\$ (3.02)	(75)

The Fund is obligated to pay provincial capital taxes and federal large corporations tax in its operating entities. Under the Fund's structure, payments are made between Shiningbank Energy Ltd. and the Fund. These payments provide the mechanism for transferring income to unitholders along with tax benefits and future tax liabilities. Current income taxes are not presently payable by the Fund or its operating entities.

NET EARNINGS

Shiningbank's first quarter earnings were \$14.4 million or \$0.26 per Trust Unit, basic and diluted. Earnings in first quarter 2004 were \$18.8 million or \$0.40 per Trust Unit (\$0.39 diluted).

Distributions to Unitholders

(000s except per Trust Unit amounts)	Three months ended March 31,		
	2005	2004	%
Cash flow before change in non-cash working capital	\$ 44,509	\$ 39,544	13
Capital expenditures	(14,462)	(11,007)	31
Asset retirement expenditures	(473)	(199)	138
Working capital adjustments	7,923	6,429	23
Distributions to unitholders	\$ 37,497	\$ 34,767	8
Distributions per Trust Unit	\$ 0.69	\$ 0.69	-
Trust Units outstanding	54,320	53,279	2

Distributions to unitholders for the quarter increased 8% over the same period in 2004 to \$37.5 million. The increase was based on higher production volumes, large gains in pricing for oil and NGL and strong gas prices.

On a per Trust Unit basis, distributions were consistent in both periods at \$0.69. The increase in the number of Trust Units outstanding offset the higher cash flow. The Fund paid out 84% of its first quarter cash flow compared with 88% in first quarter 2004.

QUARTERLY FINANCIAL INFORMATION

(000s except per Trust Unit amounts)	March 31, 2005	December 31, 2004	September 30, 2004	June 30, 2004

Per Trust Unit	0.69	0.69	0.69	0.69
Payout ratio	88%	102%	87%	83%

Quarterly fluctuations are primarily the result of production increases due to acquisitions, the Fund's development drilling program and realized commodity prices which can be extremely volatile. Volume increases from acquisitions occurred in second quarter 2003 through the acquisition of assets at Ferrier/O'Chiese and again, in second quarter 2004 with the acquisition of Birchill.

Natural gas prices remained strong and relatively consistent through the eight quarters. Oil prices increased substantially in late 2004. With oil playing a small role in Shiningbank's overall revenues and with increased capital programs absorbing the extra cash flow, there was no change in distributions.

COSTS OF ACQUISITIONS AND DEVELOPMENT

A total of \$14.5 million was spent on drilling and new facilities in first quarter 2005, compared with \$11.0 million in the same period in 2004. Cash flow funded \$7.0 million of these expenditures, with the balance funded by debt and proceeds from the Fund's Distribution Reinvestment Plan. The capital program funded a successful development drilling program concentrated in the Ferrier/O'Chiese area and the completion and tie-in of those wells. Most expenditures in first quarter 2005 were associated with partner-operated activities. The Fund's drilling program will be more active in the summer and fall of 2005 when drilling costs are expected to be lower.

LIQUIDITY AND CAPITAL RESOURCES

Shiningbank's ability to grow depends on access to bank lines of credit and periodic equity infusions. Smaller acquisitions through the course of a year are funded by bank debt. Equity is issued to fund single large acquisitions, or to pay down debt acquired following a number of smaller acquisitions. When the proceeds of an equity issue are greater than acquisition costs, the excess is used to reduce bank debt.

LONG TERM DEBT

The Fund has a \$250 million revolving credit facility with a syndicate of four Canadian chartered banks of which \$178.7 million was drawn at March 31, 2005. The revolving period extends to April 27, 2006, at which time the facility reverts to a two-year term with principal payments, if necessary, commencing on July 28, 2006. The facility is secured by a \$300 million floating charge debenture on all assets of Shiningbank together with supporting debentures and guarantees from the Fund's operating subsidiaries and affiliates. Borrowings under the facility bear interest at an annual rate ranging from the banks' prime rate to the banks' prime rate plus 0.95%, depending on the total debt to cash flow ratio or, at Shiningbank's option, the bankers' acceptance rate plus a stamping fee. At March 31, 2005 the debt to cash flow ratio was 1:1.

UNITHOLDERS' EQUITY

A total of 179,116 Trust Units were issued during the quarter under the Trust Unit Rights Incentive Plan and under the Fund's Distribution Reinvestment Plan.

When equity is raised, the intended use of proceeds is specified in the related prospectus. Each major equity issue has been undertaken to acquire properties or to reduce debt incurred from prior acquisitions. In all cases, the proceeds were used according to the purpose specified.

As of May 5, 2005, the Fund had 54,437,186 Trust Units, 263,482 non-escrowed Exchangeable Shares and 353,614 escrowed Exchangeable Shares outstanding. Exchangeable Shares held in escrow will be released over the next three years under the terms of two escrow agreements. Exchangeable Shares are not eligible for distributions until they are exchanged for Trust Units at the discretion of the holder. The exchange rate was initially one Trust Unit for each Exchangeable Share. The exchange rate increases with each distribution by an amount equal to the per unit distribution divided by the 10-day weighted average trading price of the Trust Units preceding the record date for that distribution. As of March 31, 2005, the exchange rate was 1 to 1.35755.

CONTRACTUAL OBLIGATIONS

(000s)	Total	Payments Due by Period			
		Less than 1 Year	1-3 Years	4-5 Years	After 5 Years
Long term debt principal ¹	\$ 178,746	\$ -	\$ 178,746	\$ -	\$ -
Operating leases	8,064	1,113	3,112	3,171	668
Pipeline transportation	4,908	1,306	2,612	990	-
Total obligations	\$ 191,718	\$ 2,419	\$ 184,470	\$ 4,161	\$ 668

¹ The long term debt obligation assumes that the revolving credit line is not renewed in April 2006.

Shiningbank has ongoing capital commitments in the ordinary course of business for development drilling, equipment and facilities. These are funded through a combination of cash flow, debt financing and periodic equity financing.

IMPACT OF NEW ACCOUNTING POLICIES

NON-CONTROLLING INTEREST

On March 8, 2005, the Emerging Issues Committee of the Canadian Institute of Chartered Accountants amended its position on the reporting of exchangeable securities issued by subsidiaries of income trusts. The amendment states that exchangeable securities issued by a subsidiary of an income trust should be reflected as either non-controlling interest or debt on the consolidated balance sheet unless they meet certain criteria. The amendment will take effect in the second quarter of 2005 and the changes may result in a restatement of 2004 earnings and comparable figures. It is not expected that these changes will have a material impact on the financial statements.

CRITICAL ACCOUNTING ESTIMATES

The Fund makes numerous accounting estimates in its financial statements in order to provide timely information to users. A critical accounting estimate is one that requires management to make assumptions about matters that are highly uncertain at the time the estimate is made and, if a different estimate was used, financial results would be materially different. The following estimates are considered critical:

RESERVES

The Fund must estimate its reserves. Reserves are evaluated and reported on annually by independent petroleum reserve evaluators who use various subjective factors and assumptions, including forecasts of costs based on geological and engineering data, projected future rates of production, and timing and amounts of future development costs. Although reserves are estimated, management believes the estimates are reasonable based on information available at the time the estimates were prepared. Management, the Fund's internal engineers, and the Board's Environmental, Corporate Governance and Reserve Review Committee all review and approve the estimates reported by the independent reserve evaluators.

As new information becomes available, changes are made to the reserve estimates and future development cost estimates. Historically, the Fund has had no significant changes to these estimates, with the exception of adjusting reserves for acquisitions and divestitures and the results of new drilling. Future actual results could vary greatly from the estimates made, resulting in material changes to the depletion calculation and asset impairment test.

ASSET RETIREMENT OBLIGATION

The Fund's estimated asset retirement obligation is based on estimated timing and costs to abandon and restore properties.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following is management's discussion and analysis ("MD&A") of the operating and financial results of Shiningbank Energy Income Fund ("Shiningbank" or the "Fund") for the three months and year ended December 31, 2004. This information is provided as of March 1, 2005. The fourth quarter and year-end results have been compared with the corresponding periods in 2003. Certain comparative figures have been restated to reflect the accounting changes described in note 3 to the consolidated financial statements. This MD&A should be read in conjunction with the Fund's audited consolidated financial statements for the years ended December 31, 2004 and 2003, together with the accompanying notes, and the December 31, 2004 Annual Information Form ("AIF"). These documents and additional information about the Fund are available on SEDAR at www.sedar.com.

SUPPLEMENTAL DISCLOSURE

Management believes that distributions to unitholders, cash flow and netbacks are useful supplemental measures. Distributions to unitholders should not be construed as an alternate to net income as determined by Canadian generally accepted accounting principles ("GAAP"). All references to cash flow throughout this MD&A are based on cash flow before changes in non-cash working capital, which management uses to analyze operating performance and leverage. Cash flow as presented is not intended to represent operating cash flow or operating profits, nor should it be viewed as an alternative to cash flow from operating activities, net earnings or other measures of financial performance calculated in accordance with Canadian GAAP. Operating netbacks, which are calculated as average unit sales price less royalties, transportation costs and operating costs, represent the cash margin for product sold, calculated on a boe basis. Distributions to unitholders, cash flow and netbacks as presented do not have any standardized meanings prescribed by Canadian GAAP and therefore may not be comparable with the calculations of similar measure for other entities.

FORWARD-LOOKING STATEMENTS

This MD&A contains forward-looking statements relating to future events. In some cases forward-looking statements can be identified by such words as "may," "expects" or similar expressions. These statements represent management's best projections, but undue reliance should not be placed upon them as they are derived from numerous assumptions. These assumptions are subject to known and unknown risks and uncertainties, including the business risks discussed in this MD&A and in the AIF, which may cause actual performance and financial results to differ materially from any projections of future performance or results expressed or implied by such forward-looking statements. Accordingly, readers are cautioned that events or circumstances could cause results to differ materially from those predicted.

BARREL OF OIL EQUIVALENT

Barrel of oil equivalent (boe) volumes are reported at 6:1 with 6 mcf = 1 bbl. The 6:1 boe conversion ratio is based on an energy equivalency conversion method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead. While it is useful for comparative measures, it may not accurately reflect individual product values and may be misleading if used in isolation.

REPORTING CURRENCY

All figures are in Canadian dollars unless otherwise noted.

RESULTS OF OPERATIONS

PRODUCTION VOLUMES

Daily Production Volumes

	Three months ended December 31,			Year ended December 31,		
	2004	2003	%	2004	2003	%
Oil (bbl/d)	2,502	2,018	24	2,381	2,023	18
Natural gas (mmcf/d)	90.4	76.6	18	86.6	74.9	16
Natural gas liquids (bbl/d)	3,259	2,530	29	3,125	2,252	39
Oil equivalent (boe/d)	20,833	17,311	20	19,933	16,759	19
Natural gas % of production	72%	74%	(2)	72%	74%	(2)

Fourth quarter daily average production grew 20% over fourth quarter 2003, and 19% year over year. Natural gas liquids (“NGL”) accounted for the majority of the volume increases as a result of the acquisition of NGL-rich properties, notably Ferrier, during the year. The volume growth in 2004 was primarily due to acquisitions, along with a successful development drilling program.

The most significant acquisitions were the first quarter 2004 purchases of Birchill Resources Limited (“Birchill”) for \$170.1 million and Good Ridge Explorations Ltd. (“Good Ridge”) for \$7.0 million. Both acquisitions closed in early March and, together, added approximately 19% to 2004 production. These acquisitions were partially offset by the natural declines of producing properties, which are estimated to average 14% per year. Production in 2005 is expected to average between 19,500 and 20,000 boe/d.

The Fund’s 2004 drilling program added approximately 2,000 boe/d to year-end production rates. Due to wet weather in the spring and summer of 2004 which restricted field access, the effect of the drilling program was not fully realized until late in the year and will carry over to 2005. Production from these new wells will initially decline faster than the Fund’s average. The impact is expected to be a slight increase in the average decline rate in 2005, as well as a marginal reduction in the Fund’s reserve life index until the wells have stabilized at a level of long-term deliverability.

PRICING (INCLUDING HEDGING ACTIVITY)

Average Prices – After Hedging

	Three months ended December 31,			Year ended December 31,		
	2004	2003	%	2004	2003	%
Average Prices						
Oil (\$/bbl)	\$ 42.61	\$ 33.62	27	\$ 43.14	\$ 37.95	14
Natural gas (\$/mcf)	\$ 7.20	\$ 6.32	14	\$ 7.06	\$ 7.00	1
Natural gas liquids (\$/bbl)	\$ 43.70	\$ 32.93	33	\$ 40.24	\$ 33.65	20
Oil equivalent (\$/boe)	\$ 43.23	\$ 36.71	18	\$ 42.14	\$ 40.42	4
Benchmark Prices						
WTI (US\$/bbl)	\$ 48.28	\$ 31.21	55	\$ 41.40	\$ 31.04	33
AECO natural gas (Cdn\$/mcf)	\$ 7.08	\$ 5.59	27	\$ 6.79	\$ 6.70	1

Natural Gas

Shiningbank's realized natural gas prices averaged \$7.20/mcf for the fourth quarter, 14% higher than for the same period in 2003. For the full year, the average price was 1% higher than 2003 at \$7.06/mcf. Natural gas pricing remained relatively flat throughout 2004 despite significant increases in oil prices. Hedging decreased the gas price by \$0.11/mcf for the quarter and \$0.07/mcf for the year, which compares with a 2003 hedging gain of \$0.35/mcf for the quarter and \$0.11/mcf for the year.

Gas pricing fundamentals remain strong. The Fund expects prices to weaken late in first quarter 2005 with the end of winter, a normal seasonal effect. The Fund also expects that there will be significant market volatility in 2005 with benchmark prices averaging in the range of Cdn\$6.50 to \$7.50/mcf. Shiningbank does not control the prices received for its production, but it does mitigate market risk through various methods including hedges and geographical diversity. (See "Business Risks" on page 40.)

Oil and Natural Gas Liquids

Realized oil prices for the quarter were \$42.61/bbl, up 27% from fourth quarter 2003. Hedging reduced the price by \$8.36/bbl for the quarter compared with a hedging loss of \$1.50/bbl in fourth quarter 2003.

For full-year 2004, Shiningbank's average oil price rose 14% to \$43.14/bbl. Hedging reduced the price by \$5.46/bbl as compared to a \$1.33/bbl decline in 2003. The benchmark West Texas Intermediate ("WTI") price averaged 33% higher than in 2003, however strength in the Canadian dollar partially offset this increase. Oil prices are expected to remain high in US dollar terms, with many analysts calling for a US\$40.00/bbl average price for 2005. Futures prices at the time of writing were over US\$50.00/bbl.

NGL prices were also strong, reflecting high oil prices. The average NGL price in the fourth quarter of 2004 was 33% higher than in fourth quarter 2003 at \$43.70/bbl, and 20% higher for the full year at an average \$40.24/bbl.

Hedging

Shiningbank maintains an active hedging program designed to reduce the variability of cash flow and stabilize distributions. Under the Fund's hedging policy, not more than one-half of production volumes of any commodity can be hedged at any one time. Gains and losses from hedging activities are typically recorded when they are realized and are included in oil and natural gas sales unless a particular hedge is considered ineffective. During 2004, the Fund hedged an average of 26% of total gas production (25% – 2003) and 39% of total oil production (37% – 2003). Currently, Shiningbank has the following hedging contracts in place:

Period	Commodity	Volume	Price
April 1, 2004 – March 31, 2005	Gas	5,000 GJ/d	\$5.91/GJ
November 1, 2004 – March 31, 2005	Gas	5,000 GJ/d	\$7.50/GJ floor \$11.00/GJ ceiling
April 1, 2005 – December 31, 2005	Gas	5,000 GJ/d	\$5.00/GJ floor \$6.39/GJ ceiling
April 1, 2005 – October 31, 2005	Gas	5,000 GJ/d	\$6.70/GJ
January 1, 2005 – June 30, 2005	Oil	500 bbl/d	US\$37.00/bbl floor US\$50.50/bbl ceiling
February 1, 2005 – December 31, 2005	Oil	500 bbl/d	US\$40.00/bbl floor US\$55.40/bbl ceiling

REVENUES

(000s)	Three months ended December 31,				Year ended December 31,			
	2004	% of Revenue	2003	% of Revenue	2004	% of Revenue	2003	% of Revenue
Oil	\$ 11,731	14	\$ 6,520	11	\$ 42,352	14	\$ 29,000	12
Natural gas	60,850	74	42,116	72	226,040	74	188,454	76

	\$ 82,453	100	\$ 58,474	100	\$ 307,514	100	\$ 247,207	100

The accompanying table demonstrates the net effect of price and volume variances on revenues.

Sales Variance Analysis (Including Hedging Activity)

(000s)	Three months ended December 31,	
	2004/2003	2004/2003
Oil and natural gas liquids		
Volume increase	\$ 3,705	\$ 15,880
Price increase	5,298	12,043
Net increase	\$ 9,003	\$ 27,923
Natural gas		
Volume increase	\$ 8,057	\$ 30,388
Price increase	7,366	1,989
Net increase	\$ 15,423	\$ 32,377

ROYALTIES

	Three months ended December 31,			Year ended December 31,		
	2004	2003	%	2004	2003	%
Total royalties, net (000s)	\$ 19,159	\$ 12,794	50	\$ 63,930	\$ 53,628	19
As a % of revenue	23.2%	21.9%	6	20.8%	21.7%	(4)
Per boe	\$ 10.00	\$ 8.03	25	\$ 8.76	\$ 8.77	-

Royalty expense consists of royalties paid to provincial governments, freehold landowners and overriding royalty owners. The royalty rate was marginally lower in 2004 due to a one-time credit received in the third quarter of 2004 related to 2003 Crown royalties, offset in part by the high commodity price environment. The fourth quarter royalty rate was 6% higher due to the hedging loss experienced in 2004 as compared to a hedging gain in 2003. Hedging gains and losses affect revenue without a corresponding effect on royalties. The 2004 fourth quarter pre-hedging royalty rate was 22.4% which is comparable to the 2003 rate of 22.7% for the same period. The Fund expects that commodity prices in 2005 will be similar to those realized in 2004, resulting in little change to the 2005 royalty rate. The Alberta government provides a credit under the Alberta Royalty Credit program, which the Fund is eligible to access on a small portion of its properties. The Fund recorded the maximum credit of \$500,000 in both 2004 and 2003.

TRANSPORTATION COSTS

	Three months ended December 31,			Year ended December 31,		
	2004	2003	%	2004	2003	%
Transportation costs (000s)	\$ 1,186	\$ 1,293	(8)	\$ 5,550	\$ 5,050	10
Per boe	\$ 0.62	\$ 0.81	(23)	\$ 0.76	\$ 0.83	(8)

Transportation costs decreased 23% on a boe basis from fourth quarter 2003. The decrease was the result of prior quarter adjustments flowing through the fourth quarter. The 8% year over year decrease was the result of lower pricing and termination of certain transportation service commitments. In 2005, transportation costs are expected to be flat on a boe basis with 2004.

OPERATING COSTS

	Three months ended December 31,			Year ended December 31,		
	2004	2003	%	2004	2003	%
Operating costs (000s)	\$ 11,465	\$ 11,058	4	\$ 48,692	\$ 40,536	20
Per boe	\$ 5.98	\$ 6.94	(14)	\$ 6.67	\$ 6.63	1

Operating costs on a boe basis decreased 14% from fourth quarter 2003 and increased 1% year over year. Higher field and plant maintenance costs in most areas were offset by volume increases in some areas with lower operating costs. The Fund expects 2005 costs to average \$7.00/boe. While the Fund has gained efficiencies of scale in its operations on a per boe basis, operating costs will remain under pressure due to rising field costs, aging of the property portfolio and the likelihood of higher energy costs in 2005.

OPERATING NETBACKS

(\$/boe)	Three months ended December 31,			Year ended December 31,		
	2004	2003	%	2004	2003	%
Natural Gas Wells						
Oil and natural gas sales	\$ 44.47	\$ 35.36	26	\$ 42.90	\$ 40.12	7
Hedging gain (loss)	(1.22)	1.50	(181)	(0.78)	0.42	(286)
Royalties	10.09	8.07	25	8.83	8.91	(1)
Transportation costs	0.65	0.87	(25)	0.80	0.89	(10)
Operating costs	5.59	6.50	(14)	6.29	6.25	1
Operating netback	\$ 26.92	\$ 21.42	26	\$ 26.20	\$ 24.49	7
Oil Wells						
Oil and natural gas sales	\$ 49.70	\$ 35.27	41	\$ 46.94	\$ 39.49	19
Hedging gain (loss)	(7.54)	(0.97)	677	(4.45)	(1.00)	345
Royalties	8.07	7.06	14	7.55	6.64	14
Operating costs	14.29	13.50	6	14.15	11.96	18
Operating netback	\$ 19.80	\$ 13.74	44	\$ 20.79	\$ 19.89	5
All Wells						
Oil and natural gas sales	\$ 44.71	\$ 35.35	26	\$ 43.10	\$ 40.09	8
Hedging gain (loss)	(1.48)	1.33	(211)	(0.96)	0.33	(391)
Other income (loss)	(0.21)	0.03	(800)	0.01	–	–
Royalties	10.00	8.03	25	8.76	8.77	–
Transportation costs	0.62	0.81	(23)	0.76	0.83	(8)
Operating costs	5.98	6.94	(14)	6.67	6.63	1
Operating netback	\$ 26.42	\$ 20.93	26	\$ 25.96	\$ 24.19	7

Total operating netback increased 26% quarter over quarter due mainly to higher commodity prices and lower transportation and operating costs. The year over year operating netback increased 7% due to higher commodity prices and lower transportation costs.

GENERAL AND ADMINISTRATIVE COSTS

	Three months ended December 31,			Year ended December 31,		
	2004	2003	%	2004	2003	%
General and administrative costs (000s)	\$ 1,686	\$ 1,432	18	\$ 6,681	\$ 4,649	44
Per boe	\$ 0.88	\$ 0.90	(2)	\$ 0.92	\$ 0.76	21
Per average Trust Unit	\$ 0.03	\$ 0.03	–	\$ 0.13	\$ 0.11	18

General and administrative costs per boe decreased 2% from fourth quarter 2003, and increased 21% year over year. The increases, including higher per average Trust Unit metrics, were due to higher activity levels resulting from acquisitions and increasing costs for corporate governance due to additional regulation. At year end, Shiningbank had 43 full-time employees and 24 full-time and part-time consultants at its head office. Field and production staff consisted of two production superintendents, 18 full-time employees and 38 contract operators. Costs of field and production staff are included in operating costs. General and administrative costs for 2005 are expected to trend upward to approximately \$1.25/boe as a result of further corporate governance and related administrative costs.

INTEREST ON LONG TERM DEBT

	Three months ended December 31,			Year ended December 31,		
	2004	2003	%	2004	2003	%
Interest on long term debt (000s)	\$ 1,759	\$ 1,093	61	\$ 6,159	\$ 6,103	1
Per boe	\$ 0.92	\$ 0.69	33	\$ 0.84	\$ 1.00	(16)
Per average Trust Unit	\$ 0.03	\$ 0.02	50	\$ 0.12	\$ 0.15	(20)

Interest expense, which includes bank charges, increased 61% from fourth quarter 2003 due to higher debt levels resulting from the funding of capital expenditures. Year over year interest expense was relatively flat due to higher debt levels being offset by lower interest rates. Shiningbank is currently in compliance with all external debt covenants. Interest expense in 2005 is expected to be approximately \$1.25/boe due to higher projected debt levels and interest rates.

DEPLETION, DEPRECIATION AND ACCRETION

	Three months ended December 31,			Year ended December 31,		
	2004	2003	%	2004	2003	%
Depletion, depreciation and accretion (000s)	\$ 32,035	\$ 22,865	40	\$ 118,547	\$ 78,853	50
Per boe	\$ 16.71	\$ 14.36	16	\$ 16.25	\$ 12.89	26

Depletion, depreciation and accretion rose 16% per boe for the fourth quarter and 26% year over year. These increases were primarily due to expansion of the asset base from acquisitions made during the first quarter and associated future development costs. The fourth quarter depletion calculation was based on December 31, 2004 reserve estimates.

The 2003 comparative figure has been restated and increased by \$3.8 million as a result of the adoption of the new asset retirement obligation standard. The accretion of discount on the asset retirement liability and additional depletion due to asset retirement costs are now included as part of this expense.

TRUST UNIT INCENTIVE COMPENSATION

	Three months ended December 31,			Year ended December 31,		
	2004	2003	%	2004	2003	%
Trust Unit incentive compensation (000s)	\$ 333	\$ 147	127	\$ 1,263	\$ 572	121
Per boe	\$ 0.17	\$ 0.09	89	\$ 0.17	\$ 0.09	89

During fourth quarter 2003, the Fund elected to prospectively adopt amendments to the Canadian Institute of Chartered Accountants ("CICA") Handbook Section 3870, "Stock-based Compensation and Other Stock-based Payments" for all rights issued on or after January 1, 2003. At that time, a total of \$572,000 was expensed for 2003 representing the fair value of rights issued and which vested in 2003.

During fourth quarter 2004, one new issue of rights was granted. Six new issues of rights, aggregating 580,000 in total (2003 – 525,000), were granted during the year. The fair value of rights issued was determined using a Black-Scholes model, and will be brought into income over the vesting period of the rights. Expenses in 2004 of \$1.3 million represented the fair value of rights issued during 2003 and 2004, and which vested in 2004. All of these costs are "non-cash" costs and are not deducted in calculating distributions to unitholders.

INTERNALIZATION OF MANAGEMENT CONTRACT

	Three months ended December 31,			Year ended December 31,		
	2004	2003	%	2004	2003	%
Internalization of management contract (000s)	\$ 1,307	\$ 1,561	(16)	\$ 3,511	\$ 5,989	(41)
Per boe	\$ 0.68	\$ 0.98	(31)	\$ 0.48	\$ 0.98	(51)

Effective October 9, 2002, the Fund internalized its management by acquiring all of the shares of Shiningbank Energy Management Inc., the former Manager of the Fund. Prior to the acquisition, the Fund paid fees of 3.25% of net operating income, a fee of 1.5% on the purchase price of acquisitions and a quarterly scheduled dividend in accordance with the terms of a management agreement. The acquisition eliminated all future fees and dividends.

Of the total purchase price of \$20.6 million, \$11.0 million was deferred, representing Exchangeable Shares subject to escrow provisions which are being amortized into income over specific vesting periods through 2007. During 2004, \$2.7 million (2003 – \$5.4 million) was expensed, representing the amortization of these escrowed Exchangeable Shares. At December 31, 2004, \$1.9 million was left to be amortized (\$1.3 million in 2005, \$0.4 million in 2006 and \$0.2 million in 2007).

Total consideration for the internalization was reduced by \$1.8 million at the time of the transaction to provide for performance and retention bonuses to be paid to employees. During 2004, the remaining balance of this bonus pool, or \$817,250, was paid out in cash and included in internalization expenses. This compares with \$582,000 paid in 2003.

TAXES

	Three months ended December 31,			Year ended December 31,		
	2004	2003	%	2004	2003	%
Capital and large corporation taxes (000s)	\$ (451)	\$ 139	(424)	\$ 574	\$ 595	(4)
Future income tax (recovery) (000s)	\$ (74,064)	\$ 738	(10,136)	\$ (86,199)	\$ (12,722)	578
Per boe	\$ (38.88)	\$ 0.55	(7,169)	\$ (11.74)	\$ (1.98)	493

The Fund is obligated to pay provincial capital taxes and federal large corporations tax in its operating entities. Under the Fund's structure, payments are made between Shiningbank Energy Ltd. and the Fund. These payments provide the mechanism for transferring income to unitholders along with tax benefits and future tax liabilities. Current income taxes are not presently payable by the Fund or Shiningbank Energy Ltd.

In first quarter 2004, the Alberta government passed legislation to reduce the provincial corporate income tax rate to 11.5% from 12.5% effective April 1, 2004. Shiningbank's expected future income tax rate incorporating this rate reduction is approximately 38.49% compared with the current rate of approximately 38.62% applicable to the 2004 tax year.

During the fourth quarter, the Fund changed its organizational structure to take advantage of certain tax attributes of a partnership acquired in the Birchill acquisition. These changes eliminated future income taxes payable within the Fund on income earned from the Birchill assets by taking advantage of the tax flow-through structure of that partnership. As a result of the Fund's restructuring, a reduction in future income taxes was credited to income in the fourth quarter in accordance with Canadian GAAP. The effect on earnings for the year was an additional \$78.4 million, or \$1.50 per Trust Unit (\$1.47 diluted). Net earnings were also affected through increased depletion charges arising from future income taxes being recorded in the cost of the assets at the time of the Birchill acquisition. This additional depletion reduced earnings by \$8.1 million, or \$0.15 per Trust Unit, basic and diluted. The costs of the restructuring were included in general and administrative costs in the fourth quarter.

NET EARNINGS

Shiningbank's fourth quarter earnings were \$88.0 million or \$1.62 per Trust Unit (\$1.60 diluted). Earnings in fourth quarter 2003, after restatement for the retroactive application of new accounting policies, were \$5.4 million or \$0.12 per Trust Unit, basic and diluted. For the year ended December 31, 2004 net earnings were \$138.8 million or \$2.66 per Trust Unit (\$2.61 diluted), compared with restated 2003 figures of \$64.0 million or \$1.54 per Trust Unit (\$1.51 diluted). Net earnings for the fourth quarter were increased by \$78.4 million or \$1.44 per Trust Unit (\$1.43 diluted) as a result of an internal restructuring which reduced future income taxes. See "Taxes".

DISTRIBUTIONS TO UNITHOLDERS

(000s except per Trust Unit amounts)	Three months ended December 31,			Year ended December 31,		
	2004	2003	%	2004	2003	%
Cash flow before change in non-cash working capital	\$ 47,220	\$ 30,082	57	\$ 174,878	\$ 136,038	29
Capital expenditures	(13,323)	(6,865)	94	(56,339)	(22,931)	146
Asset retirement expenditures	(208)	(57)	265	(684)	(218)	214
Working capital adjustments	3,701	7,469	(50)	28,505	9,398	203
Distributions to unitholders	\$ 37,390	\$ 30,629	22	\$ 146,360	\$ 122,287	20
Distributions per Trust Unit	\$ 0.69	\$ 0.69	-	\$ 2.76	\$ 2.85	(3)
Trust Units outstanding	54,141	44,343	22	54,141	44,343	22

Distributions to unitholders for the quarter increased 22% over the same period in 2003 to \$37.4 million, while distributions per Trust Unit were consistent in both periods at \$0.69. For full-year 2004, distributions to unitholders increased 20% to \$146.4 million from \$122.3 million in 2003. The increases in distributions to unitholders for both periods in 2004 were due to higher production volumes, large gains in pricing for oil and NGL and strong gas prices. On a per Trust Unit basis, the effect of an increased number of Trust Units outstanding offset the increase in distributions to unitholders. Full-year distributions decreased 3% to \$2.76 in 2004 from \$2.85 in 2003 as a result of greater holdbacks to fund capital expenditures. The Fund paid out 84% of its cash flow in 2004 compared with 90% in 2003. Management expects that the current distribution level will continue through 2005 provided that commodity prices remain at or near 2004 levels.

2005 Cash Flow Sensitivities

The estimated sensitivity of cash flow to commodity price variables is shown in the table below.

	(\$000s)	Per Trust Unit
US \$1 per bbl	\$ 1,700	\$ 0.03
Cdn \$0.25 per mcf	\$ 5,900	\$ 0.11
US \$0.01 exchange	\$ 2,700	\$ 0.05
100 bbl/d	\$ 1,100	\$ 0.02
1 mmcf/d	\$ 1,700	\$ 0.03
1% prime rate	\$ 1,900	\$ 0.03

INCOME TAX INFORMATION

In 2004, 73.57% of cash distributions paid by the Fund were required to be included in the income of unitholders. The remaining 26.43% reduced each unitholder's adjusted cost base ("ACB") for income tax purposes. A summary of cash distributions paid in 2004 and the implications for Canadian taxpayers is shown below.

Record Date	Payment Date	Distribution ¹ (\$ per Trust Unit)	Taxable Income (\$ per Trust Unit)	ACB Reduction (\$ per Trust Unit)
December 31, 2003	January 15, 2004	\$ 0.23	\$ 0.1692	\$ 0.0608
January 31, 2004	February 15, 2004	\$ 0.23	\$ 0.1692	\$ 0.0608
February 29, 2004	March 15, 2004	\$ 0.23	\$ 0.1692	\$ 0.0608
March 31, 2004	April 15, 2004	\$ 0.23	\$ 0.1692	\$ 0.0608
April 30, 2004	May 15, 2004	\$ 0.23	\$ 0.1692	\$ 0.0608
May 31, 2004	June 15, 2004	\$ 0.23	\$ 0.1692	\$ 0.0608
June 30, 2004	July 15, 2004	\$ 0.23	\$ 0.1692	\$ 0.0608
July 31, 2004	August 15, 2004	\$ 0.23	\$ 0.1692	\$ 0.0608
August 31, 2004	September 15, 2004	\$ 0.23	\$ 0.1692	\$ 0.0608
September 30, 2004	October 15, 2004	\$ 0.23	\$ 0.1692	\$ 0.0608
October 31, 2004	November 15, 2004	\$ 0.23	\$ 0.1692	\$ 0.0608
November 30, 2004	December 15, 2004	\$ 0.23	\$ 0.1692	\$ 0.0608
Total		\$ 2.76	\$ 2.0304	\$ 0.7296

¹ Distributions for income tax purposes are based on cash received during 2004 rather than accrual-based income reported elsewhere in this report.

For US unitholders, 82.39% of distributions were taxable in 2004. Unitholders in both Canada and the US should consult tax advisors as to the proper treatment of Shiningbank distributions for income tax purposes.

ANNUAL FINANCIAL INFORMATION

(000s except per Trust Unit amounts)	2004	2003	2002
		Restated (note 3)	Restated (note 3)
Oil and natural gas sales	\$ 307,514	\$ 247,207	\$ 142,661

Weighted average	52,209	41,595	31,677
Dividends to former Manager	–	–	517

Acquisitions are a key driver of Shiningbank's growth. In 2003, the Fund completed a major acquisition of properties at Ferrier/O'Chiese. In 2004, the Fund completed a major corporate acquisition of Birchill and a much smaller corporate acquisition of Good Ridge. Such acquisitions add to production volumes, revenues, earnings and assets. Revenues and earnings are also greatly affected by commodity prices, particularly natural gas prices as 72% of the Fund's 2004 production was natural gas. With its high weighting to natural gas, the Fund's revenue and earnings results closely track changes in natural gas pricing.

In 2003, substantial production growth through acquisitions and a rebound in oil and gas prices boosted revenues and earnings compared with relatively weak natural gas prices in 2002 which resulted in lower revenues and earnings. In 2004, the same combination of acquisition-driven production growth and high commodity prices resulted in higher revenues and cash flow. Earnings increased as a percentage of revenue in 2004 as a result of the recovery of future income taxes related to the Fund's internal restructuring.

QUARTERLY FINANCIAL INFORMATION

Payout ratio	90%	83%	87%	102%

As with Shiningbank's annual results, quarterly fluctuations are primarily the result of production increases due to acquisitions, the Fund's development drilling program and realized gas prices which can be extremely volatile. Volume increases from acquisitions occurred in second quarter 2003 through the acquisition of assets at Ferrier/O'Chiese and again, in second quarter 2004 with the acquisitions of Birchill and Good Ridge.

Natural gas prices remained strong and relatively consistent through the two years, apart from exceptionally strong prices in first quarter 2003 which led to higher distributions for that period. Oil prices increased substantially in late 2004, however, with oil playing a small role in Shiningbank's overall revenues, and with increased capital programs absorbing the extra cash flow, there was no change in distributions.

COSTS OF ACQUISITIONS AND DEVELOPMENT

During the first quarter, Shiningbank spent \$177.1 million on the acquisitions of Birchill and Good Ridge. These acquisitions added approximately 19% to Shiningbank's production volumes for 2004 with the majority of additions coming in the Ferrier area, adjacent to Shiningbank's existing property and using much of the same infrastructure.

A total of \$56.3 million was spent on drilling and new facilities during 2004, compared with \$22.9 million in 2003. Cash flow was used to fund \$27.8 million of these expenditures, with the balance being funded by debt. The increased expenditures funded a successful development drilling program concentrated in the Ferrier/O'Chiese area. Of the year's total, \$13.3 million was spent in the fourth quarter compared with \$6.9 million in fourth quarter 2003. A total of 96 wells (20.3 net) were drilled in 2004, 88 (18.5 net) of which were successful gas wells, four (0.9 net) were successful oil wells and four (0.9 net) were dry and abandoned. In addition, Shiningbank farmed-out an additional 30 wells for which no costs were incurred.

In 2005, the Fund plans to spend approximately \$50 million on drilling, new facilities and maintenance capital. This will be funded through a combination of cash flow and debt financing.

NET ASSET VALUE

(000s except per Trust Unit amounts)	Discount factor	
	10%	12%
Present value of reserves ¹		
Proved	\$ 672,753	\$ 634,333
Probable	188,585	166,835
Undeveloped lands	27,800	27,800
Working capital deficiency	(10,015)	(10,015)
Total assets	879,123	818,953
Long term debt	(182,147)	(182,147)
Net asset value	\$ 696,976	\$ 636,806
Trust Units outstanding	54,141	54,141
Net asset value per Trust Unit at December 31, 2004	\$ 12.87	\$ 11.76

¹ The present value of reserves is calculated based on the price forecast prepared by Sproule Associates Limited in their December 31, 2004 evaluation.

LIQUIDITY AND CAPITAL RESOURCES

Shiningbank's ability to grow depends on access to bank lines of credit supplemented by periodic equity infusions. Smaller acquisitions through the course of the year are funded by bank debt. Equity is issued to fund single large acquisitions, or to pay down debt acquired following a number of smaller acquisitions. When the proceeds of an equity issue are greater than acquisition costs, the excess is used to reduce bank debt.

Since the Fund's initial public offering in 1996, 11 public equity issues have been completed. Acquisitions have led to steady accretion in value to unitholders. This accretion is offset when equity is issued as existing unitholders are diluted by the issue of new units. However, as all new equity issues have been done in conjunction with an acquisition, over time, unitholders have not been diluted. This is apparent in the stability of the Net Asset Value ("NAV") per unit of the Fund over time. At the inception of the Fund, the NAV was \$9.43 per unit, discounted at 10%. At the end of 2004, despite payment of over \$19 per unit in distributions over eight years, the NAV per unit was at a level of \$12.87, discounted at 10%, indicating that unitholders have not been diluted.

LONG TERM DEBT

The Fund has a \$225 million revolving credit facility with a syndicate of four Canadian chartered banks of which \$182.1 million was drawn at December 31, 2004. The revolving period extends to April 27, 2005, at which time the facility reverts to a two-year term with principal payments, if necessary, commencing on July 28, 2005. The facility is secured by a \$300 million floating charge debenture on all assets of Shiningbank together with supporting debentures and guarantees from the Fund's operating subsidiaries and affiliates. Borrowings under the facility bear interest at an annual rate ranging from the banks' prime rate to the banks' prime rate plus 0.95%, depending on the total debt to cash flow ratio or, at Shiningbank's option, the bankers' acceptance rate plus a stamping fee.

UNITHOLDERS' EQUITY

On March 8, 2004, the Fund issued 8,800,000 new Trust Units at \$17.00 each for gross proceeds of \$149.6 million. In addition, a total of 997,204 Trust Units were issued during the year under the Trust Unit Rights Incentive Plan, under the Fund's Distribution Reinvestment Plan, and through the exercise of Exchangeable Shares.

When equity is raised, the intended use of proceeds is specified in the related prospectus. Each major equity issue has been undertaken to acquire properties or to reduce debt incurred from prior acquisitions. In all cases, the proceeds were used according to the purpose specified.

As of March 1, 2005, the Fund had 54,280,516 Trust Units, 263,482 non-escrowed Exchangeable Shares and 353,614 escrowed Exchangeable Shares outstanding. Exchangeable Shares held in escrow will be released over the next three years under the terms of two escrow agreements. Exchangeable Shares are not eligible for distributions until they are exchanged for Trust Units at the discretion of the holder. The exchange rate was initially one Trust Unit for each Exchangeable Share. The exchange rate increases with each distribution by an amount equal to the per unit distribution divided by the 10-day weighted average trading price of the Trust Units preceding the record date for that distribution. As of December 31, 2004, the exchange rate was 1 to 1.32647.

FUTURE GROWTH

Shiningbank's growth is based on its ability to raise debt and equity capital in Canadian financial markets. The Fund examines acquisition opportunities and selects those it believes to be accretive for such parameters as cash flows, distributions, net asset value, production and reserves.

Acquisitions are typically made using the Fund's credit facilities. Periodically, new Trust Units are issued, and the proceeds are used to pay down debt accumulated from previous acquisitions.

If the Canadian equity or debt markets were unable to satisfy Shiningbank's funding needs, it would impair the Fund's ability to continue to replace production and maintain distributions. The Fund has lines of credit held by four Canadian chartered banks, which provide sufficient debt capital to satisfy the Fund's ability to complete all but the largest acquisitions. However, the Fund's governing documents restrict debt levels to 40% of the value of its properties, and debt service costs are not to exceed 30% of the projected annual cash flow.

CONTRACTUAL OBLIGATIONS

(000s)	Total	Payments Due by Period			
		Less than 1 Year	1-3 Years	4-5 Years	After 5 Years
Long term debt principal ¹	\$ 182,147	\$ -	\$ 182,147	\$ -	\$ -
Operating leases	8,071	826	3,003	3,173	1,069
Pipeline transportation	5,234	1,306	2,612	1,316	-
Total obligations	\$ 195,452	\$ 2,132	\$ 187,762	\$ 4,489	\$ 1,069

¹ The long term debt obligation assumes that the revolving credit line is not renewed in April 2005.

Shiningbank has on-going capital commitments in the ordinary course of business for development drilling, equipment and facilities. These are funded through a combination of cash flow, debt financing and periodic equity financing.

CRITICAL ACCOUNTING ESTIMATES

The Fund makes numerous accounting estimates in its financial statements in order to provide timely information to users. A critical accounting estimate is one that requires management to make assumptions about matters that are highly uncertain at the time the estimate is made and, if a different estimate was used, financial results would be materially different. The following estimates are considered critical:

RESERVES

The Fund must estimate its reserves. Reserves are evaluated and reported on annually by independent petroleum reserve evaluators who use various subjective factors and assumptions, including forecasts of costs based on geological and engineering data, projected future rates of production, and timing and amounts of future development costs. Although reserves are estimated, management believes the estimates are reasonable based on information available at the time the estimates were prepared. Management, the Fund's internal engineers, and the Board's Environmental, Corporate Governance and Reserve Review Committee all review and approve the estimates reported by the independent reserve evaluators.

As new information becomes available, changes are made to the reserve estimates and future development cost estimates. Historically, the Fund has had no significant changes to these estimates, with the exception of adjusting reserves for acquisitions and divestitures and the results of new drilling. Future actual results could vary greatly from the estimates made, resulting in material changes to the depletion calculation and asset impairment test.

ASSET RETIREMENT OBLIGATION

The Fund's estimated asset retirement obligation is based on estimated timing and costs to abandon and restore properties.

FINANCIAL REPORTING

During 2003 and 2004, there were numerous changes to financial reporting and regulatory requirements. The most important changes for Shiningbank are described below.

ASSET RETIREMENT OBLIGATIONS

Effective January 1, 2004, Shiningbank adopted CICA handbook section 3110, "Asset Retirement Obligations." The standard requires the recognition and measurement of liabilities related to legal obligations to retire property, plant and equipment upon acquisition of the liability. The initial liability must be measured at fair value and subsequently adjusted for the accretion of discount and changes in the fair value. The asset retirement cost is capitalized and depleted into earnings over time.

HEDGING RELATIONSHIPS

Effective January 1, 2004, the Fund adopted Accounting Guideline 13, "Hedging Relationships" which establishes standards for the documentation and effectiveness of hedging relationships for the purposes of applying hedge accounting. The adoption of this standard had no effect on the Fund's financial results.

TRUST UNIT INCENTIVE COMPENSATION

In September 2003, the CICA amended section 3870 of its handbook – "Stock-based Compensation and Other Stock-based Payments." Effective January 1, 2004, companies are required to use the fair value method to measure all stock-based payments and recognize compensation expense in their financial statements. The Fund elected to adopt these amendments in fourth quarter 2003 for all rights issued on or after January 1, 2003.

Previously the Fund followed common practice in the sector and used the excess of the unit price over the exercise price at the date of the financial statement as a surrogate for fair value. If the Fund were to continue to use this method under the amended standard, the Fund could experience large fluctuations, even recoveries, in compensation expense over the next 10 years. Because of the highly volatile nature of distributions and unit trading prices, management believes amounts expensed and/or recovered under this calculation do not properly represent the benefit conveyed to rights holders during the vesting period, and could be confusing when reading the financial statements.

Management considered numerous methods of determining the fair value of rights granted and has chosen to use a Black-Scholes option-pricing model to determine fair value. The calculation of fair value requires management to make numerous assumptions, as outlined in note 7 to the financial statements. Readers are cautioned that the assumptions made are estimates of future events and actual results could differ materially from those estimated.

BUSINESS RISKS

Shiningbank is faced with a number of business risks that are inherent in the oil and gas business, and which can have a material impact on distributions to unitholders. To mitigate these risks, the Fund employs policies and procedures in its day-to-day operations and in its longer-term planning. These risk factors include, but are not limited to, the following influences:

MARKET RISKS

Commodity Prices

The primary risk to cash flow and therefore, distributions, is fluctuations in oil and gas prices. With Shiningbank's production weighted heavily to natural gas, changes in natural gas markets and pricing are the primary driver behind the level of distributions.

To mitigate price risk, the Fund actively manages the sales of its production to optimize pricing. The Fund has an active hedging program through which management attempts to minimize the effect of commodity price drops in the short run, while retaining exposure to upward price changes. This is accomplished by use of simple hedging instruments, primarily "costless collars" and fixed price swaps.

Under the Fund's hedging policy, not more than 50% of production volumes can be hedged at any one time. Shiningbank's hedging practices are not designed to have a material impact on the medium- and long-term effects of commodity prices on distributions to unitholders. Unitholders remain exposed to price fluctuations over time. Hedging is employed only as a risk-management tool to stabilize distributions, and not for speculation.

Interest Rates

Shiningbank is exposed to changes in interest rates, however, interest rates have significantly less of an impact on distributions than changes in commodity prices. The Fund's governing documents restrict debt levels to 40% of the value of its properties, and debt service costs are not to exceed 30% of the projected annual cash flow. All of Shiningbank's debt is currently exposed to short-term interest rate fluctuations.

Currency Rates

Exposure to currency exchange risk arises from the fact that prices for oil and, to a lesser degree natural gas, are determined in international markets, usually in US dollars. As a result, the amount received by Shiningbank may be dependent on the strength of the Canadian dollar versus the US dollar.

Shiningbank has the ability to hedge its currency exposure to manage currency fluctuations. The Fund currently has no hedges of this type in place.

ENVIRONMENTAL RISKS

Environmental laws and regulatory initiatives impact Shiningbank financially and operationally. The Fund may incur substantial capital and operating costs to comply with increasingly complex laws and regulations covering the protection of the environment and human health and safety. In particular, the Fund may be required to incur significant costs to comply with the 1997 Kyoto Protocol to the United Nations Framework Convention on Climate Change.

POLITICAL AND LEGAL RISKS

Shiningbank's activities are affected by the political and legal environment in which it operates. Some examples of these uncertainties include:

- Changes in securities regulations which could affect the Fund's ability to raise additional equity or debt capital or its cost structure related thereto;
- Changes in income tax laws which could affect either tax costs to the Fund or to its unitholders;
- Changes in provincial Crown royalty regulation and compliance; and,
- Changes in law that affect the price or ownership of oil and gas reserves and production.

Unitholders' Liability

There had been concern in the investment community over the lack of statutory protection for unitholders in mutual fund trusts. The issue stems from the fact that, under Canadian law, a shareholder's liability in a corporation is limited to their investment in the corporation. That had not been the case for mutual fund trusts.

On July 1, 2004, the Income Trusts Liability Act (Alberta) came into force alleviating this concern. The Act creates a statutory limitation of the liability of unitholders of Alberta income trusts such as the Fund. The legislation provides that a unitholder will not be, as a beneficiary, liable for any act, default, obligation or liability of the trustee that arises after the legislation comes into effect. Similar legislation has been passed in Ontario.

OPERATING RISKS

Field Operations

Oil and gas production activities carry a number of inherent risks including production risks related to the ability to produce and process crude oil and natural gas from existing wells; the ability to develop or acquire sufficient quantities of crude oil and natural gas to replace production and maintain reserves; risks of environmental damage; and risks to the safety of its employees, contractors and the public.

To mitigate these risks, the Fund maintains financial flexibility to ensure its ability to operate efficiently in the field. The Fund employs skilled personnel, both in the field and in its head office, and ensures that they are equipped with efficient and effective tools and training. Shiningbank's strategy of operating a significant portion of its production provides greater control over operational factors, including ensuring properties are operated in accordance with its policy to minimize impacts on the environment.

Insurance coverage is maintained in order to minimize the impact of events that might cause substantial financial damage.

Reserve Replacement

As oil and gas reserves are produced, they naturally deplete over time. Shiningbank's ability to replace production depends on acquiring new reserves and developing existing reserves. Acquisition of oil and gas assets depends on the availability of economically desirable opportunities and on management's assessment of the value of the assets.

To mitigate these risks, the Fund subjects all potential prospects to stringent investment criteria, due diligence and review. All acquisitions over \$20 million require Board of Directors' review and approval.

SCHEDULE "E"
MATERIAL CHANGE REPORT

**FORM 51-102F3
MATERIAL CHANGE REPORT**

1. Name and Address of Company:

Shiningbank Energy Income Fund ("Shiningbank")
1310, 111 - 5th Ave SW
Calgary, AB T2P 3Y6

2. Date of Material Change:

June 6, 2005

3. News Release:

A press release disclosing in detail the material summarized in this material change report was disseminated through the facilities of CCN Matthews on June 6, 2005 and would have been received by the securities commissions where Shiningbank is a "reporting issuer" and the stock exchanges on which the securities of Shiningbank are listed and posted for trading in the normal course of their dissemination.

4. Summary of Material Change:

Shiningbank Energy Income Fund ("Shiningbank"), Shiningbank Energy Ltd. ("Shiningbank Energy") and Blizzard entered into an arrangement agreement dated June 6, 2005 (the "Arrangement Agreement"), a copy of which (excluding the schedules thereto) is filed on SEDAR as a material contract, which was unanimously approved by the board of directors of Blizzard and board of trustees of Shiningbank. Pursuant to the Arrangement Agreement and the plan of arrangement (the "Arrangement") set out therein, Shiningbank will acquire the majority of Blizzard's natural gas assets and certain Blizzard producing assets and undeveloped land will be transferred to a new exploration focused producer, to be named at a later date ("Exploreco"). Exploreco will be managed by the current management team and board of directors of Blizzard. As a result of the Arrangement, shareholders of Blizzard will receive 0.0777 units of Shiningbank, \$0.4097 cash, one common share of Exploreco and 0.211 of an Exploreco transaction warrant for each Blizzard common share held. Each whole Exploreco transaction warrant entitles the holder to acquire an additional share of Exploreco at the current estimated asset value for Exploreco for 30 days after closing.

5. Full Description of Material Change:

The Arrangement and the Arrangement Agreement

Pursuant to the Arrangement, Shiningbank will acquire the majority of Blizzard's natural gas assets and certain Blizzard producing assets and undeveloped land will be transferred to Exploreco. As a result of the Arrangement, shareholders of Blizzard will receive 0.0777 units of Shiningbank, \$0.4097 cash, one common share of Exploreco and 0.211 of an Exploreco transaction warrant for each Blizzard common share held. Each whole Exploreco transaction warrant entitles the holder to acquire an additional share of Exploreco at the current estimated asset value for Exploreco for 30 days after closing.

An information circular detailing the Arrangement is anticipated to be mailed to securityholders of Blizzard by the end of June. A meeting of the securityholders of Blizzard to consider the Arrangement is scheduled to take place in late July with closing anticipated to occur in early August.

The Arrangement will require the approval of 66⅔ percent of the votes cast by the shareholders, option holders and warrant holders of Blizzard voting as a single class, the approval of the majority of the shareholders, excluding directors and officers of Blizzard participating in the Exploreco private placement (as hereinafter described) and the approval of the Court of Queen's Bench of Alberta and certain regulatory agencies.

Non-Solicitation Provisions

Pursuant to the Arrangement Agreement, Blizzard has agreed to not directly or indirectly, do or authorize or permit any of its officers, directors or employees or any financial advisor, expert or other representative retained by it to do, any of the following:

- (a) solicit, facilitate, initiate or encourage any Acquisition Proposal (which is defined in the Arrangement Agreement to mean any inquiry or the making of any proposal to Blizzard or its shareholders from any person which constitutes, or may reasonably be expected to lead to (in either case whether in one transaction or a series of transactions): (A) an acquisition from Blizzard or its shareholders of more than 20% of the securities of Blizzard (other than on exercise of currently outstanding Blizzard options or Blizzard warrants); (B) any acquisition of 20% or more of the assets of Blizzard; (C) an amalgamation, arrangement, merger, or consolidation involving Blizzard; or (D) any take-over bid, issuer bid, exchange offer, recapitalization, liquidation, dissolution, reorganization into a royalty trust or income fund or similar transaction involving Blizzard or any other transaction, the consummation of which would or could reasonably be expected to impede, interfere with, prevent or delay the transactions contemplated by the Arrangement Agreement or the Arrangement or which would or could reasonably be expected to materially reduce the benefits to the other party under the Arrangement Agreement or the Arrangement);
- (b) enter into or participate in any negotiations or initiate any discussion regarding an Acquisition Proposal, or furnish to any other person any information with respect to its business, properties, operations, prospects or conditions (financial or otherwise) in connection with an Acquisition Proposal or otherwise cooperate in any way with, or assist or participate in, facilitate or encourage, any effort or attempt of any other person to do or seek to do any of the foregoing;
- (c) waive, or otherwise forbear in the enforcement of, or enter into or participate in any discussions, negotiations or agreements to waive or otherwise forbear in respect of, any rights or other benefits under confidential information agreements, including, without limitation, any "standstill provisions" thereunder; or
- (d) accept, recommend, approve or enter into an agreement to implement an Acquisition Proposal,

provided, however, that notwithstanding any other provision of the Arrangement Agreement, Blizzard and its officers, directors and advisers may:

- (e) enter into or participate in discussions or negotiations regarding ExploreCo or the assets of ExploreCo provided that no binding agreement regarding ExploreCo or the assets of ExploreCo, as applicable, is entered into until after the date the Arrangement becomes effective under the *Business Corporation Act* (Alberta) which shall be the first business day immediately following the date of the Blizzard Meeting or such later date as may be agreed to by Blizzard and Shiningbank provided that such date shall not be before August 2, 2005 (the "**Effective Date**");
- (f) enter into or participate in any negotiations or initiate any discussion with a third party which (without any solicitation, initiation or encouragement, directly or indirectly, after the date of the Arrangement Agreement, by Blizzard or any of its officers, directors or employees or any financial advisor, expert or other representative retained by it) seeks to initiate such negotiations or discussions and, subject to execution of a confidentiality agreement substantially similar to the Confidentiality Agreement (provided that such confidentiality agreement shall provide for disclosure thereof (along with all information provided thereunder) to Shiningbank and Shiningbank Energy as set out below), may furnish to such third party information concerning Blizzard and its business, properties and assets, in each case if, and only to the extent that:
 - (i) the third party has first made a written bona fide Acquisition Proposal which the board of directors of Blizzard determines in good faith: (1) that funds or other consideration necessary for the Acquisition Proposal are or are likely to be available; (2) (after consultation with its financial advisor) would, if consummated in accordance with its terms, result in a transaction financially superior for securityholders of Blizzard as compared to the transaction contemplated by the Arrangement Agreement; and (3) after receiving the advice of outside counsel as reflected in minutes of the board of directors of Blizzard, that the taking of such action is necessary for the board of directors in discharge of its fiduciary duties under applicable laws (a "**Superior Proposal**"); and
 - (ii) prior to furnishing such information to or entering into or participating in any such negotiations or initiating any discussions with such third party, Blizzard provides prompt notice to Shiningbank and Shiningbank Energy to the effect that it is furnishing information to or entering into or participating in discussions or negotiations with such person or entity together with a copy of the confidentiality agreement referenced above and if not previously provided to Shiningbank or Shiningbank Energy, copies of all information provided to such third party concurrently with the provision of such information to such third party, and provided further that, Blizzard shall notify Shiningbank and Shiningbank Energy orally and in writing of any inquiries, offers or proposals with respect to a Superior Proposal (which written notice shall include, without limitation, a summary of the details of such proposal (and any amendments or supplements thereto), the identity of the person making it (unless the Superior Proposal is an all cash offer), if not previously provided to Shiningbank or Shiningbank Energy, copies of all information provided to such party and all other information reasonably requested by Shiningbank or Shiningbank Energy), within 24 hours of the receipt thereof, shall keep Shiningbank and Shiningbank Energy informed of

the status and details of any such inquiry, offer or proposal and answer Shiningbank and Shiningbank Energy's questions with respect thereto;

- (g) comply with Section 172 of the *Securities Act* (Alberta) and similar provisions under applicable Canadian securities laws relating to the provision of directors' circulars and make appropriate disclosure with respect thereto to its securityholders; and
- (h) accept, recommend, approve or enter into an agreement to implement a Superior Proposal from a third party, but only if prior to such acceptance, recommendation, approval or implementation, its board of directors shall have concluded in good faith, after considering all proposals to adjust the terms and conditions of the Arrangement Agreement and after receiving the advice of financial advisors and outside counsel as reflected in minutes of the board of directors of Blizzard, that the taking of such action is necessary for the board of directors in discharging its fiduciary duties under applicable laws and Blizzard complies with its obligations set forth in the Arrangement Agreement and terminates the Arrangement Agreement and pays the termination fee.

Termination Fee

Pursuant to the Arrangement Agreement, Blizzard, Shiningbank and Shiningback Energy have agreed that if at any time after the execution of the Arrangement Agreement:

- (a) the board of directors of Blizzard has withdrawn or changed any of its recommendations or determinations regarding the Arrangement in a manner adverse to Shiningback or shall have resolved to do so prior to the Effective Date other than in certain circumstances provided for in the Arrangement Agreement;
- (b) a bona fide Acquisition Proposal is publicly announced, proposed, offered or made to the Blizzard shareholders or to Blizzard and: (i) the Blizzard shareholders do not approve the Arrangement; and (ii) such Acquisition Proposal is consummated within 6 months of the date of the Arrangement Agreement;
- (c) Blizzard accepts, recommends, approves or enters into an agreement (other than a confidentiality agreement) to implement a Superior Proposal prior to the Effective Date or termination of the Arrangement Agreement;
- (d) Blizzard breaches any of its covenants in the Arrangement Agreement or wilfully breaches any other of its representations, warranties or covenants made in the Arrangement Agreement which breach individually or in the aggregate would materially impede a condition to the Arrangement being satisfied or the completion of the Arrangement; or
- (e) Blizzard breaches any of its representations, warranties or covenants made in the Arrangement Agreement (other than a wilful breach referred to in (d) above), which breach individually or in the aggregate would materially impede a condition to the Arrangement being satisfied or the completion of the Arrangement

(each of the above being a "**Shiningbank Damages Event**"), then in the event of the termination of the Arrangement Agreement, Blizzard shall pay to Shiningbank \$8.0 million (in the case of an event referred to in (a), (b), (c) or (d) above) or \$1.0 million in the aggregate (in the case of an event referred to in (e) above) as liquidated damages in immediately available funds to an account

designated by Shiningbank and Shiningbank Energy within one business day after the first to occur of the events described above, and after such event but prior to payment of such amount, Blizzard shall be deemed to hold such fund in trust for Shiningbank. Blizzard shall only be obligated to pay a maximum of \$8.0 million.

If at any time after the execution of the Arrangement Agreement, Shiningbank or Shiningbank Energy breaches any of its representations, warranties or covenants made in the Arrangement Agreement, which breach individually or in the aggregate would materially impede a condition to the Arrangement being satisfied or the completion of the Arrangement (being a "**Blizzard Damages Event**"), then in the event of termination of the Arrangement Agreement, Shiningbank shall pay to Blizzard \$1.0 million, in aggregate, as liquidated damages in immediately available funds to an account designated by Blizzard within one business day after the breach as described above and after such event but prior to payment of such amount, Shiningbank shall be deemed to hold such funds in trust for Blizzard.

Termination

The Arrangement Agreement may be terminated at any time prior to the Effective Date:

- (a) by mutual written consent of Shiningbank and Blizzard;
- (b) as a result of the failure to satisfy any of the conditions set forth in the Arrangement Agreement;
- (c) by Shiningbank upon the occurrence of a Shiningbank Damages Event, in certain circumstances, provided that in the event of a Shiningbank Damages Event, the Arrangement Agreement may not be terminated by Shiningbank unless Blizzard securityholders do not approve the Arrangement as required in the interim order of the Court of Queen's Bench concerning the Arrangement or the Arrangement is not submitted for their approval;
- (d) by Blizzard upon the occurrence of a Shiningbank Damages Event, in certain circumstances, and the payment by Blizzard to Shiningbank of the applicable termination fee; or
- (e) by Blizzard upon the occurrence of a Blizzard Damages Event.

In the event of any such termination, the Arrangement Agreement shall forthwith become void and neither party shall have any liability or further obligation to the other party under the Arrangement Agreement except with respect to the payment of the termination fee which shall survive such termination.

Benefits of Transaction to Shiningbank Energy Trust

Under the Plan, Shiningbank will acquire an attractive suite of long-life natural gas properties concentrated in the Peace River Arch area near Grande Prairie and the Sousa area of north-western Alberta. The majority of the properties are operated and are characterized by high working interests, low operating costs and high field netbacks. The current production of these properties is 4,600 barrels of oil equivalent per day (boe/d), approximately 95% of which is natural gas. The addition of the Blizzard properties adds two new core areas to Shiningbank's operations including the Peace River Arch, which is a logical extension of Shiningbank's existing

west-central natural gas focused operations. Significant undeveloped acreage in the two key areas will provide substantial additional low-risk development opportunities over the next several years, which Shiningbank expects to exploit to enhance production volumes and reserves.

Transaction highlights:

- The transaction is expected to be accretive to Shiningbank's cash flow, net asset value, production and reserves on a per unit basis;
- The transaction results in the addition of 4,600 boe/d of low cost natural gas production to Shiningbank's portfolio, increasing Shiningbank's overall natural gas weighting to 78% and improving overall unit operating costs and netbacks;
- Proved plus probable reserves to be acquired by Shiningbank are estimated at 16.0 million barrels of oil equivalent (95% natural gas), as at March 31, 2005, which reserves estimates are based on the year-end reserve evaluation by an independent engineering firm, plus Shiningbank's estimate of reserves added through first quarter 2005 exploration and development drilling activity;
- Approximately 70% of the acquired reserves are proved and 88% of the proved plus probable reserves are developed;
- The proved plus probable reserve life index of the acquired properties is 9.5 years, which is consistent with Shiningbank's reserve life index; and
- Shiningbank will also add approximately 265,000 net acres of undeveloped lands valued at approximately \$30 million, which more than doubles Shiningbank's current undeveloped land position.

Based on a total acquisition cost of \$275 million, including the assumption of a \$42.0 million debt and working capital deficiency, the acquisition metrics of the transaction are as follows:

- Reserve acquisition metrics of \$17.19/boe of proved plus probable reserves (\$15.31/boe net of \$30 million attributed to undeveloped land) and excluding estimated future development costs of \$14.7 million;
- Production acquisition cost of \$59,780/boe/d (\$52,261/boe/d net of the value of undeveloped land) and excluding estimated future development costs;
- Anticipated 2005 annualized cash flow (assuming C\$7.00/mcf AECO natural gas and US\$45.00/bbl WTI) of \$48.4 million; and
- Cash flow multiple of 5.7 times.

Shiningbank is a conventional oil and gas royalty trust listed on the Toronto Stock Exchange under the symbol SHN.UN.

The board of directors of Shiningbank has unanimously approved this transaction. CIBC World Markets Inc. is acting as financial advisor to Shiningbank in connection with the transaction.

COMPILATION REPORT

To the Board of Directors of Shiningbank Energy Ltd. on behalf of Shiningbank Energy Income Fund

We have read the accompanying unaudited pro forma consolidated balance sheet of Shiningbank Energy Income Fund (the "Fund") as at March 31, 2005 and the unaudited pro forma consolidated statements of operations for the three months then ended and the year ended December 31, 2004, and have performed the following procedures:

1. Compared the figures in the columns captioned "Shiningbank" to the unaudited interim consolidated financial statements of the Fund as at March 31, 2005 and for the three months then ended and to the audited consolidated financial statements of the Fund for the year ended December 31, 2004, respectively, and found them to be in agreement.
2. Compared the figures in the columns captioned "Blizzard" to the unaudited interim consolidated financial statements of Blizzard Energy Inc. ("Blizzard") as at March 31, 2005 and for the three months then ended and to the audited consolidated financial statements of Blizzard for the year ended December 31, 2004, respectively, and found them to be in agreement.
3. Compared the figures in the column captioned "Clairmont Property" to the audited schedule of revenue, royalties and operating expenses associated with the Clairmont Property that Blizzard Energy Inc. acquired as of December 22, 2004 for the period from January 1, 2004 to December 22, 2004 and found them to be in agreement.
4. Made enquires of certain officials of the Fund who have responsibility for financial and accounting matters about:
 - (a) the basis for the determination of the pro forma adjustments; and
 - (b) whether the pro forma financial statements comply as to form in all material respects with the regulatory requirements of the various Securities Commissions and similar regulatory authorities in Canada.

The officials:

- (a) described to us the basis for determination of the pro forma adjustments; and
 - (b) stated that the pro forma financial statements comply as to form in all material respects with the regulatory requirements of the various Securities Commissions and similar regulatory authorities in Canada.
5. Read the notes to the pro forma financial statements, and found them to be consistent with the basis described to us for determination of the pro forma adjustments.

6. Recalculated the application of the pro forma adjustments to the aggregate of the amounts in the applicable columns captioned "Shiningbank", "Blizzard", "Birchill" and "Clairmont Property" as at March 31, 2005 and for the three months then ended and for the year ended December 31, 2004 and found the amounts in the column captioned "Pro Forma" to be arithmetically correct.

A pro forma financial statement is based on management assumptions and adjustments which are inherently subjective. The foregoing procedures are substantially less than either an audit or a review, the objective of which is the expression of assurance with respect to management's assumptions, the pro forma adjustments and the application of the adjustments to the historical financial information. Accordingly, we express no such assurance. The foregoing procedures would not necessarily reveal matters of significance to the pro forma financial statements, and we therefore make no representation about the sufficiency of the procedures for the purposes of a reader of such statements.

SHININGBANK ENERGY INCOME FUND

Notes to the Pro forma Consolidated Financial Statements

As at March 31, 2005 and December 31, 2004

(Unaudited)

(\$ thousands, except per Trust Unit amounts)

1. **Basis of presentation:**

The accompanying unaudited pro forma consolidated financial statements (the "Pro Forma Statements") of Shiningbank Energy Income Fund ("Shiningbank") have been prepared by the management of Shiningbank, in accordance with accounting principles generally accepted in Canada.

The unaudited pro forma consolidated balance sheet as at March 31, 2005 and the unaudited pro forma consolidated statement of earnings for the three months ended March 31, 2005 have been prepared from the unaudited consolidated balance sheets and statements of earnings of Shiningbank and Blizzard Energy Inc. ("Blizzard").

The unaudited pro forma consolidated statement of earnings for the year ended December 31, 2004 has been prepared from the audited consolidated statements of earnings for Shiningbank and Blizzard and the audited schedule of revenue and expenses associated with the asset acquisition by Blizzard ("Clairmont Property") for the period from January 1, 2004 to December 22, 2004.

The unaudited pro forma consolidated financial statements have been prepared from information derived from and should be read in conjunction with the published audited consolidated financial statements of Shiningbank for the year ended December 31, 2004 and published unaudited financial statements of Shiningbank for the three months ended March 31, 2005.

In the opinion of management, these Pro Forma Statements include all material adjustments necessary for a fair presentation in accordance with Canadian generally accepted accounting principles. The pro forma consolidated balance sheet gives effect to the transactions in note 2 as if they occurred on the balance sheet date while the pro forma consolidated statement of earnings gives effect to those transactions as if they had occurred at the beginning of the periods to which these statements relate.

The Pro Forma Statements are not necessarily indicative either of the results that actually would have occurred if the events reflected herein had taken place on the dates indicated or of the results which may be obtained in the future, including operational and administrative efficiencies which would be expected to occur as a result of combining Shiningbank and Blizzard.

It is the recommendation of management that this financial information should be read in conjunction with the financial statements and notes thereto of the financial statements referred to above.

2. Pro forma assumptions and adjustments:

The accounting policies used in preparing the Pro Forma Statements are in accordance with those disclosed in the consolidated financial statements of Shiningbank for the fiscal year ended December 31, 2004.

The Pro Forma Statements give effect to the following transactions and adjustments:

- (a) The acquisition of Blizzard was accounted for using the purchase method of accounting. The following table shows the allocation of the purchase price to the net assets of Blizzard. The following is a preliminary calculation which is subject to change with regards to closing adjustments and other items.

Fair Value of Shiningbank Trust Units issued	\$ 177,816
Cash consideration	46,600
Related fees and expenses	1,000
<hr/> Cost of acquisition	<hr/> \$ 225,416
Working capital deficiency	\$ (42,400)
Future income taxes	(50,800)
Asset retirement obligation	(4,281)
Goodwill	42,657
Petroleum and natural gas properties and equipment	280,240
<hr/> Total consideration	<hr/> \$ 225,416

Included in the working capital deficiency is the estimated fair market value of the marketing contract assumed of \$400,000.

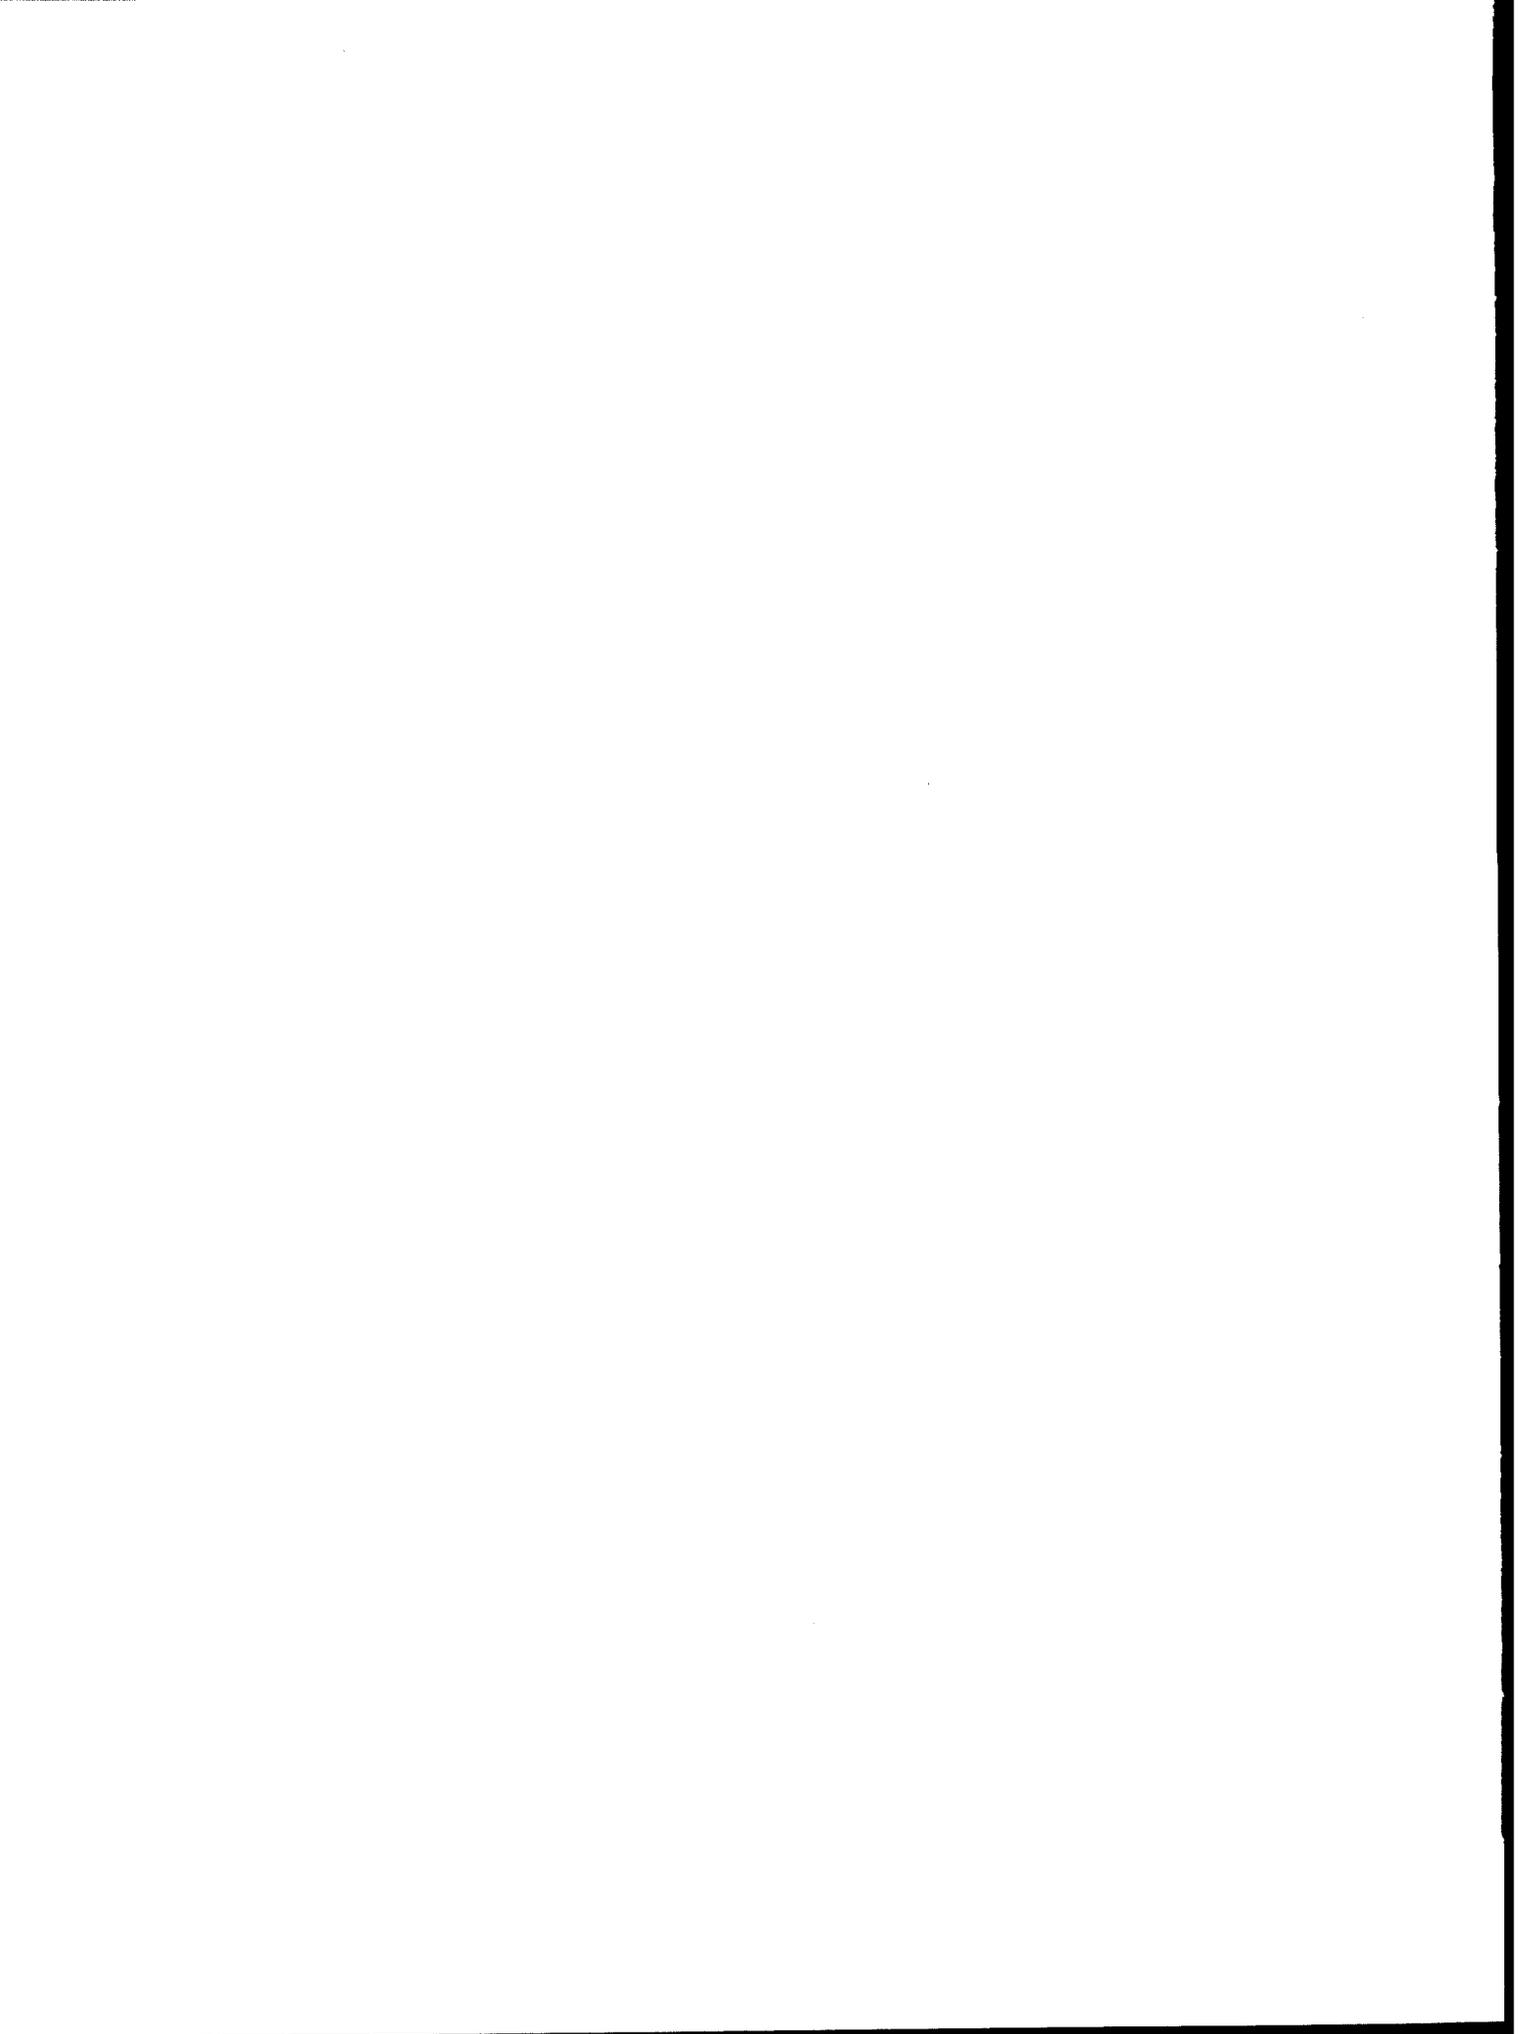

- (b) Prior to the closing of the Blizzard acquisition certain producing assets and undeveloped lands were transferred to Zenas Energy Corp. The revenues and expenses from these assets have been removed for the purposes of the pro forma statement of earnings.
- (c) Completion of the proposed business combination whereby all issued and outstanding Blizzard Preferred A Shares are acquired by Shiningbank for consideration of 0.0777 of a Trust Unit and cash consideration of \$0.4097. It is assumed that 8,837,792 Trust Units will be issued, and a cash payment of \$46,600 will be made.

- (d) Interest is calculated at Shiningbank's average cost of borrowing on additional bank indebtedness arising from the acquisition of Blizzard.
- (e) The provisions for depreciation, depletion and accretion are adjusted as a result of the increase in property, plant and equipment carrying costs recorded under the purchase method of accounting.
- (f) Large corporation tax has been adjusted to reflect the impact of the change in debt, trust units, asset retirement obligation, and future income taxes.
- (g) The future income tax liability and provision for income taxes have been adjusted to incorporate all pro forma adjustments.
- (h) General and administrative expenses have been adjusted to reflect Shiningbank's estimate of incremental costs related to the Blizzard acquisition.
- (i) The earnings per Trust Unit amounts were calculated using the weighted average number of Shiningbank Trust Units outstanding during the three months ended March 31, 2005 and the year ended December 31, 2004 had the equity issue noted in (c) occurred on January 1, 2005 and January 1, 2004, respectively. The basic weighted average number of Trust Units after giving effect to the issuance of equity was 63,451,958 (diluted – 64,087,483) for the three months ended March 31, 2005. The basic weighted average number of Trust Units after giving effect to the issuance of equity was 61,046,644 (diluted – 62,030,800) for the year ended December 31, 2004.
- (j) On March 8, 2004 Shiningbank acquired Birchill Resources Limited ("Birchill"). The pro forma consolidated statement of earnings for the year ended December 31, 2004 has been adjusted to include the effect of this acquisition as if it had occurred on January 1, 2004.

(This page has been left blank intentionally.)

APPENDIX I

SECTION 191 OF THE ABCA

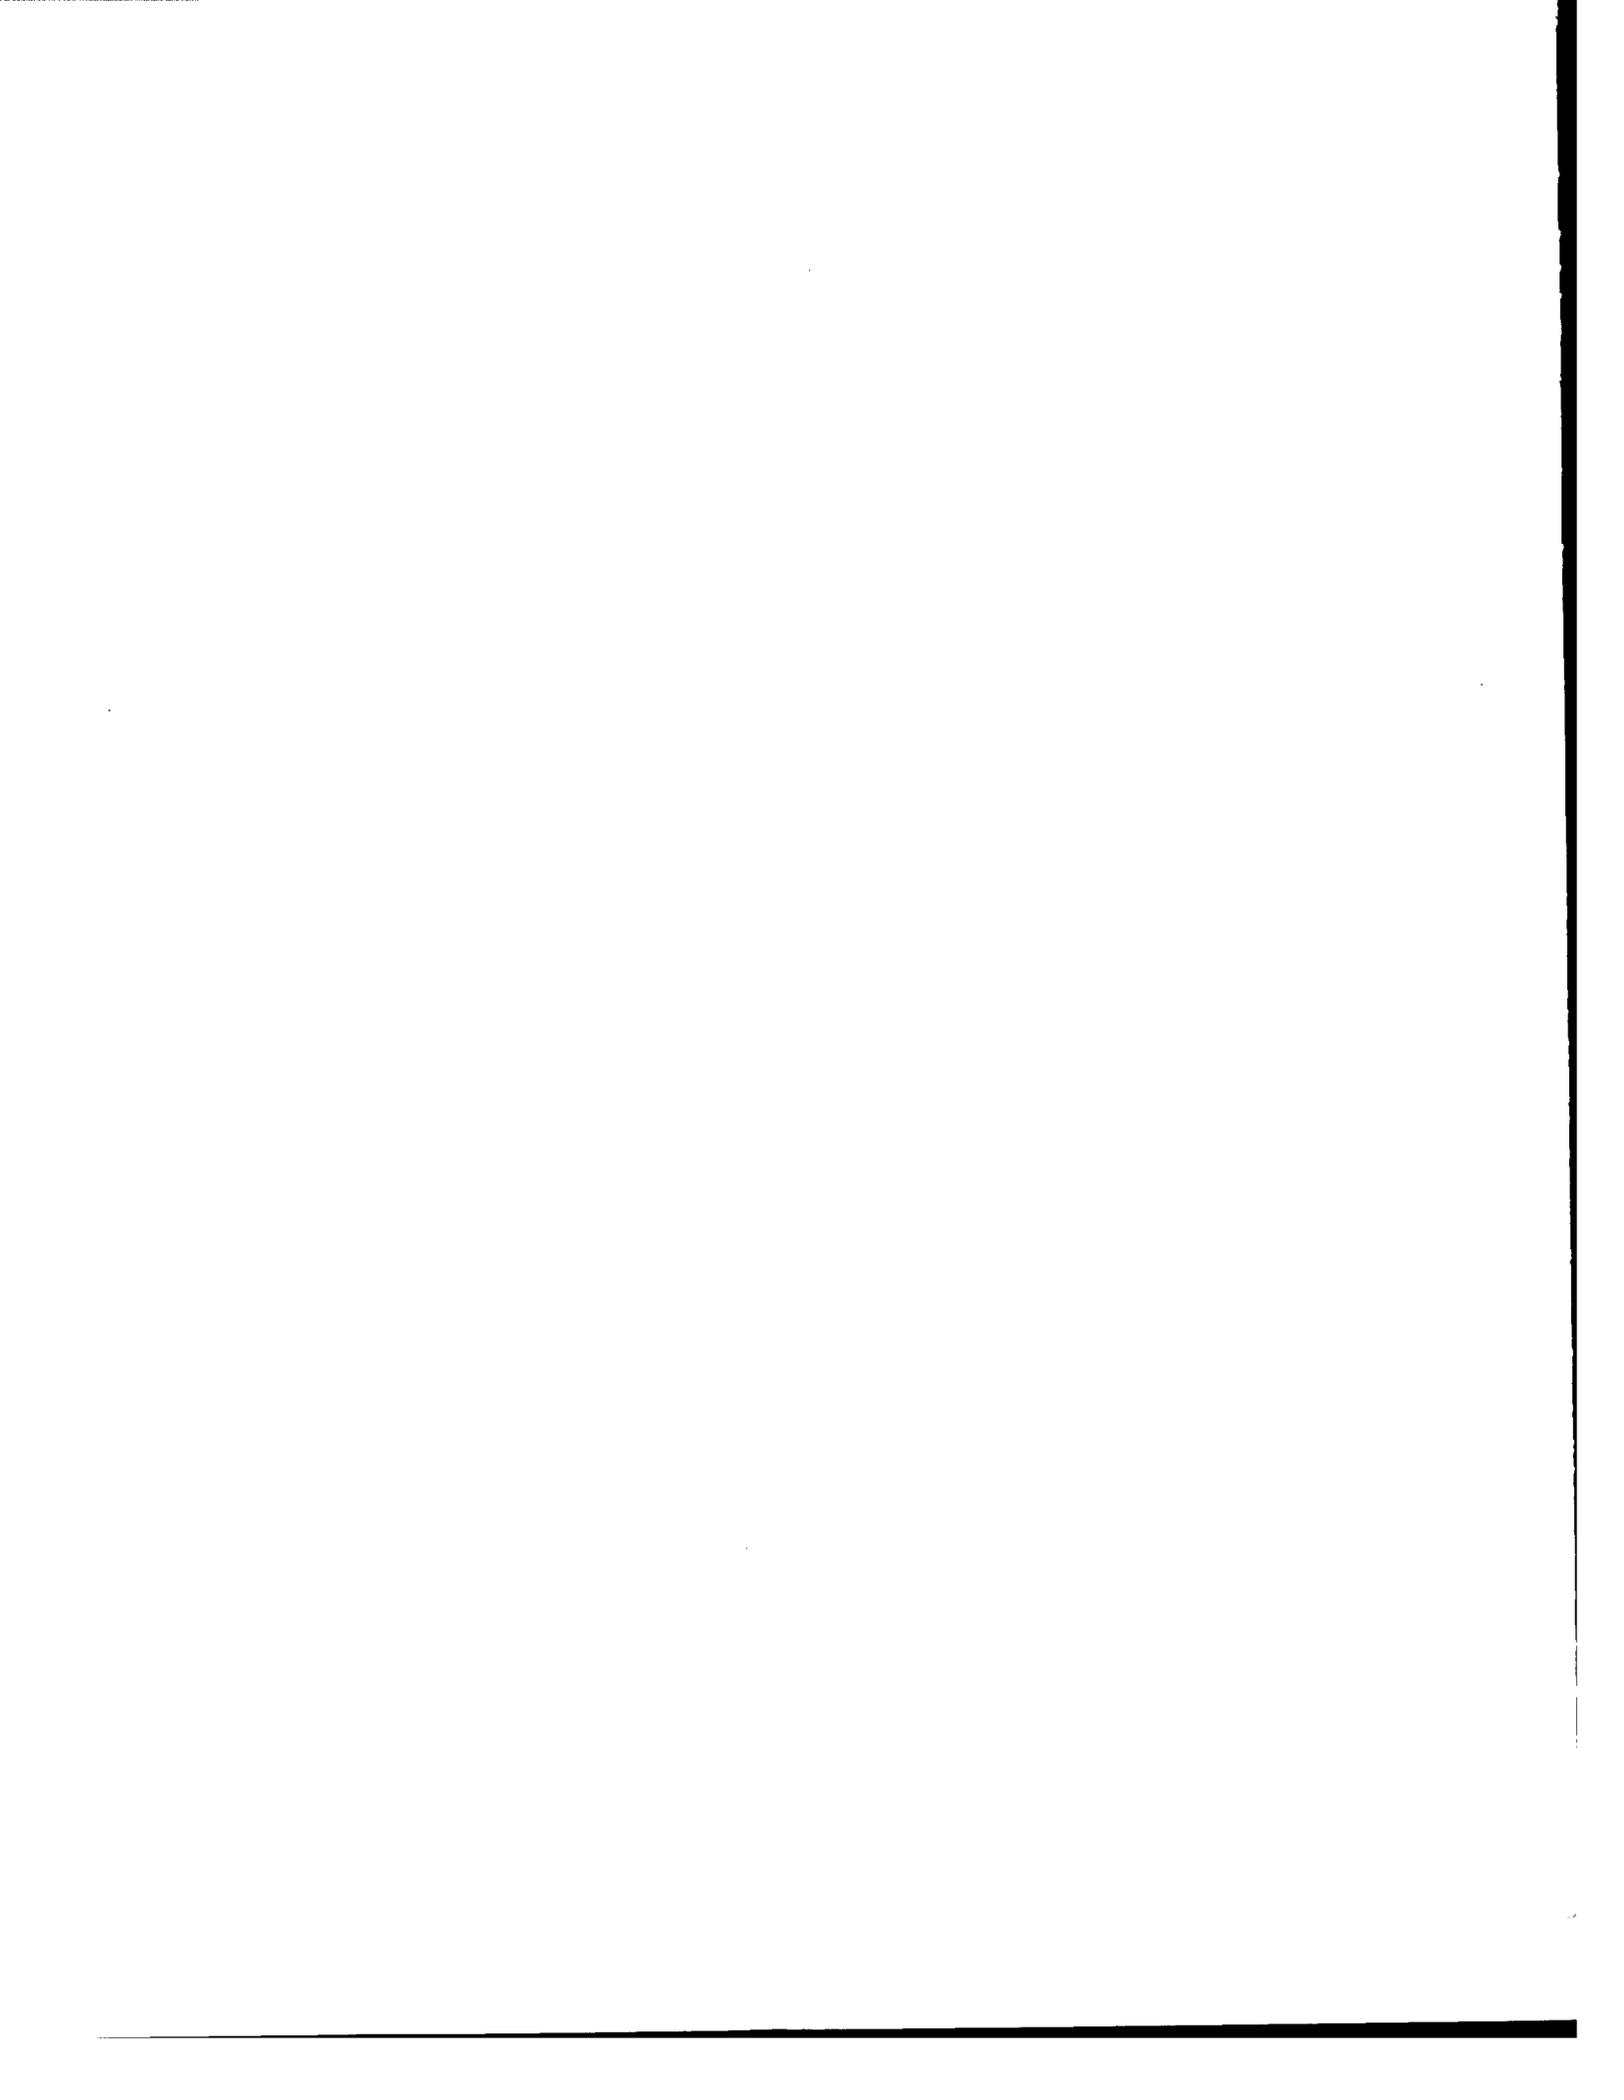

SECTION 191 OF THE ABCA

Pursuant to the ABCA, Blizzard Shareholders have the right to dissent in respect of the Arrangement. Such right of dissent is described in the Information Circular. The full text of Section 191 of the ABCA is set forth below.

- 191(1) Subject to sections 192 and 242, a holder of shares of any class of a corporation may dissent if the corporation resolves to
- (a) amend its articles under section 173 or 174 to add, change or remove any provisions restricting or constraining the issue or transfer of shares of that class,
 - (b) amend its articles under section 173 to add, change or remove any restrictions on the business or businesses that the corporation may carry on,
 - (c) amalgamate with another corporation, otherwise than under section 184 or 187,
 - (d) be continued under the laws of another jurisdiction under section 189, or
 - (e) sell, lease or exchange all or substantially all its property under section 190.
- (2) A holder of shares of any class or series of shares entitled to vote under section 176, other than section 176(1)(a), may dissent if the corporation resolves to amend its articles in a manner described in that section.
- (3) In addition to any other right he may have, but subject to subsection (20), a shareholder entitled to dissent under this section and who complies with this section is entitled to be paid by the corporation the fair value of the shares held by the shareholder in respect of which the shareholder dissents, determined as of the close of business on the last business day before the day on which the resolution from which the shareholder dissents was adopted.
- (4) A dissenting shareholder may only claim under this section with respect to all the shares of a class held by the shareholder or on behalf of any one beneficial owner and registered in the name of the dissenting shareholder.
- (5) A dissenting shareholder shall send to the corporation a written objection to a resolution referred to in subsection (1) or (2)
- (a) at or before any meeting of shareholders at which the resolution is to be voted on, or
 - (b) if the corporation did not send notice to the shareholder of the purpose of the meeting or of the shareholder's right to dissent, within a reasonable time after the shareholder learns that the resolution was adopted and of the shareholder's right to dissent.
- (6) An application may be made to the Court by originating notice after the adoption of a resolution referred to in subsection (1) or (2),
- (a) by the corporation, or
 - (b) by a shareholder if the shareholder has sent an objection to the corporation under subsection (5), to fix the fair value in accordance with subsection (3) of the shares of a shareholder who dissents under this section.
- (7) If an application is made under subsection (6), the corporation shall, unless the Court otherwise orders, send to each dissenting shareholder a written offer to pay the shareholder an amount considered by the directors to be the fair value of the shares.

- (8) Unless the Court otherwise orders, an offer referred to in subsection (7) shall be sent to each dissenting shareholder
- (a) at least 10 days before the date on which the application is returnable, if the corporation is the applicant, or
 - (b) within 10 days after the corporation is served with a copy of the originating notice, if a shareholder is the applicant.
- (9) Every offer made under subsection (7) shall
- (a) be made on the same terms, and
 - (b) contain or be accompanied with a statement showing how the fair value was determined.
- (10) A dissenting shareholder may make an agreement with the corporation for the purchase of the shareholder's shares by the corporation, in the amount of the corporation's offer under subsection (7) or otherwise, at any time before the Court pronounces an order fixing the fair value of the shares.
- (11) A dissenting shareholder
- (a) is not required to give security for costs in respect of an application under subsection (6), and
 - (b) except in special circumstances must not be required to pay the costs of the application or appraisal.
- (12) In connection with an application under subsection (6), the Court may give directions for
- (a) joining as parties all dissenting shareholders whose shares have not been purchased by the corporation and for the representation of dissenting shareholders who, in the opinion of the Court, are in need of representation,
 - (b) the trial of issues and interlocutory matters, including pleadings and examinations for discovery,
 - (c) the payment to the shareholder of all or part of the sum offered by the corporation for the shares,
 - (d) the deposit of the share certificates with the Court or with the corporation or its transfer agent,
 - (e) the appointment and payment of independent appraisers, and the procedures to be followed by them,
 - (f) the service of documents, and
 - (g) the burden of proof on the parties.
- (13) On an application under subsection (6), the Court shall make an order
- (a) fixing the fair value of the shares in accordance with subsection (3) of all dissenting shareholders who are parties to the application,
 - (b) giving judgment in that amount against the corporation and in favour of each of those dissenting shareholders, and
 - (c) fixing the time within which the corporation must pay that amount to a shareholder.

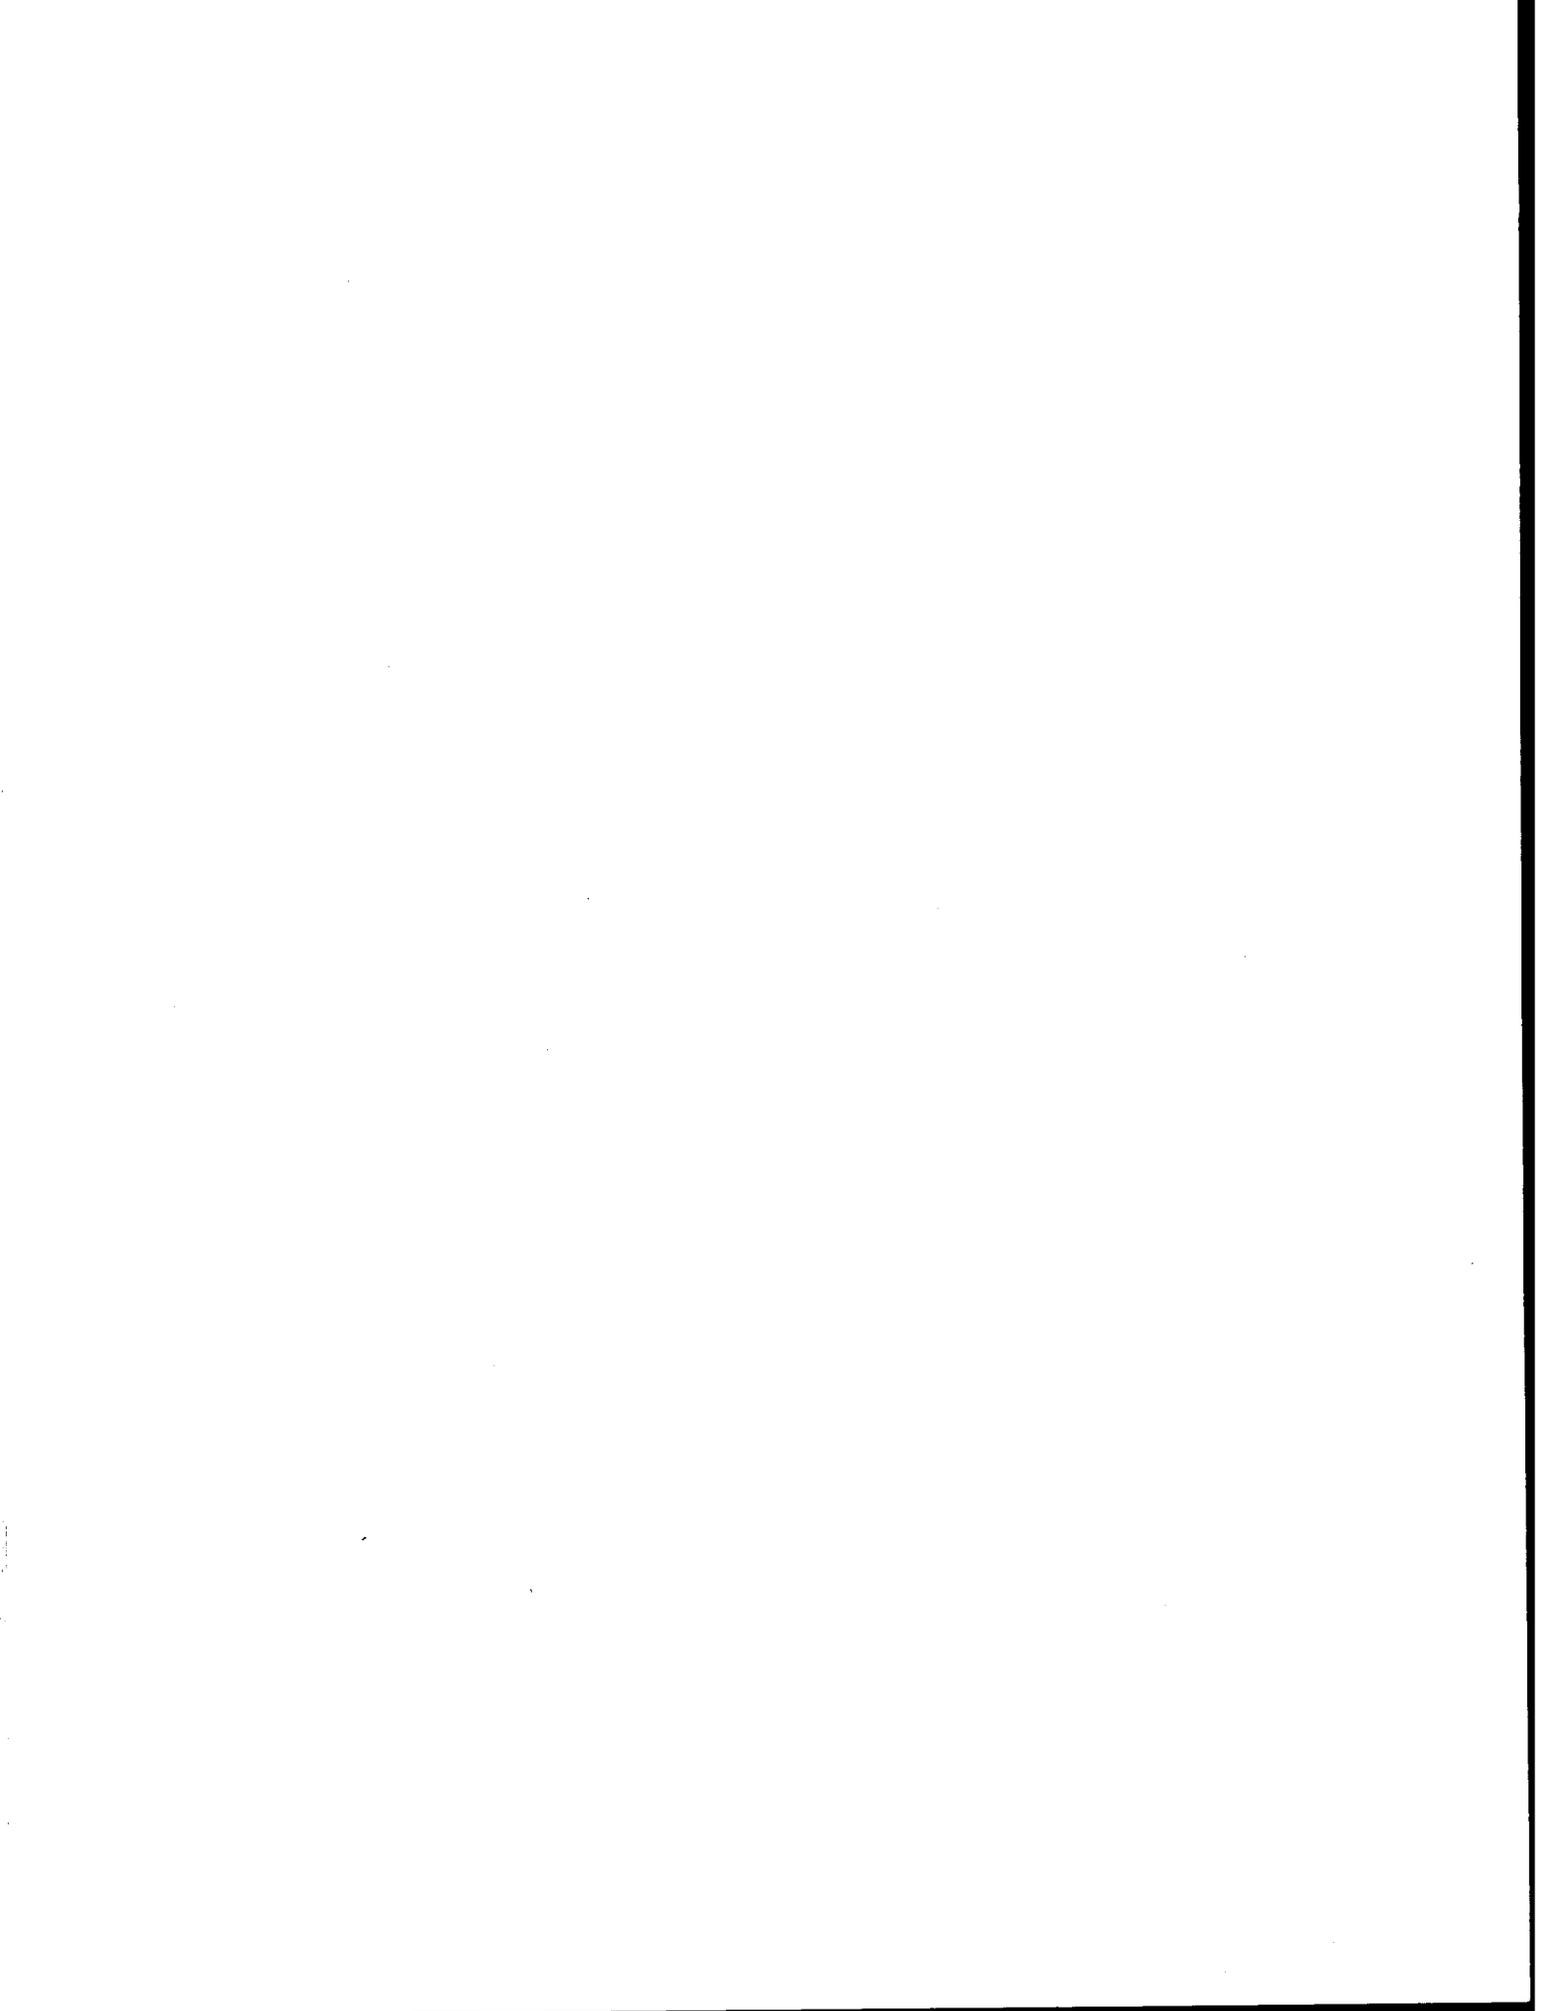

- (14) On
- (a) the action approved by the resolution from which the shareholder dissents becoming effective,
 - (b) the making of an agreement under subsection (10) between the corporation and the dissenting shareholder as to the payment to be made by the corporation for the shareholder's shares, whether by the acceptance of the corporation's offer under subsection (7) or otherwise, or
 - (c) the pronouncement of an order under subsection (13);
- whichever first occurs, the shareholder ceases to have any rights as a shareholder other than the right to be paid the fair value of the shareholder's shares in the amount agreed to between the corporation and the shareholder or in the amount of the judgment, as the case may be.
- (15) Subsection (14)(a) does not apply to a shareholder referred to in subsection (5)(b).
- (16) Until one of the events mentioned in subsection (14) occurs,
- (a) the shareholder may withdraw the shareholder's dissent, or
 - (b) the corporation may rescind the resolution,
- and in either event proceedings under this section shall be discontinued.
- (17) The Court may in its discretion allow a reasonable rate of interest on the amount payable to each dissenting shareholder, from the date on which the shareholder ceases to have any rights as a shareholder by reason of subsection (14) until the date of payment.
- (18) If subsection (20) applies, the corporation shall, within 10 days after
- (a) the pronouncement of an order under subsection (13), or
 - (b) the making of an agreement between the shareholder and the corporation as to the payment to be made for the shareholder's shares, notify each dissenting shareholder that it is unable lawfully to pay dissenting shareholders for their shares.
- (19) Notwithstanding that a judgment has been given in favour of a dissenting shareholder under subsection (13)(b), if subsection (20) applies, the dissenting shareholder, by written notice delivered to the corporation within 30 days after receiving the notice under subsection (18), may withdraw the shareholder's notice of objection, in which case the corporation is deemed to consent to the withdrawal and the shareholder is reinstated to the shareholder's full rights as a shareholder, failing which the shareholder retains a status as a claimant against the corporation, to be paid as soon as the corporation is lawfully able to do so or, in a liquidation, to be ranked subordinate to the rights of creditors of the corporation but in priority to its shareholders.
- (20) A corporation shall not make a payment to a dissenting shareholder under this section if there are reasonable grounds for believing that
- (a) the corporation is or would after the payment be unable to pay its liabilities as they become due, or
 - (b) the realizable value of the corporation's assets would by reason of the payment be less than the aggregate of its liabilities.

QUESTIONS AND OTHER ASSISTANCE

Blizzard and the Fund have jointly retained Georgeson Shareholder Communications Canada Inc. to act as information agent and to solicit proxies in connection with the Arrangement. SHININGBANK ENERGY INCOME FUND
TENTH SUPPLEMENTAL TRUST INDENTURE

RECEIVED

2006 MAY -2 A 11:29

BANK OF INTERNATIONAL
CORPORATE FINANCE

September 6, 2005

Recitals

- A. The holders of the trust units (the "Unitholders") of the Shiningbank Energy Income Fund (the "Trust") resolved at a Special Meeting of the Unitholders held on May 10, 2005 (the "Meeting"), that certain amendments be made to the Shiningbank Energy Income Fund Trust Indenture dated May 16, 1996, as amended on March 7, 2003 (the "Trust Indenture").
- B. Computershare Trust Company of Canada, as trustee of the Trust, is authorized pursuant to Section 13.1 of the Trust Indenture to make certain amendments to, among other things, correct or rectify any ambiguities, defective or inconsistent provisions, errors, mistakes or omissions herein, provided that in the opinion of the Trustee, the rights of the Trustee and the Unitholders are not prejudiced thereby.
- C. The parties hereto wish to amend and restate the Trust Indenture to reflect the above.

The parties agree as follows:

ARTICLE 1
AMENDMENT AND RESTATEMENT

The Trust Indenture shall be amended and restated, such restatement to be in the form attached as Schedule "A" to this Agreement and such restated Trust Indenture shall be the Trust Indenture for the purposes of the Trust.

ARTICLE 2
CONTINUATION

The Trust Indenture, as amended and restated as aforesaid, shall continue in full force and effect in accordance with the terms thereof.

ARTICLE 3
MISCELLANEOUS

3.1 Enurement

This Agreement shall enure to the benefit of and be binding upon the parties hereto and their respective successors and permitted assigns.

3.2 Waivers in Writing

No waiver by any party hereto of any breach of any of the covenants, conditions and provisions herein contained shall be effective or be binding on any other party hereto unless such waiver is expressed in writing and any waiver so expressed shall not limit or affect its rights with respect to any other or future breach.

3.3 Amendments

No amendment, alteration or variation of this Agreement or any of its terms or conditions shall be binding upon the parties hereto unless made in writing and signed by the duly authorized representatives of each of the parties hereto.

Executed and delivered.

Shiningbank Energy Income Fund

Trust Indenture

May 16, 1996

Between

RICHARDSON GREENSHIELDS OF CANADA LIMITED, a body corporate incorporated under the laws of Canada with offices in Calgary, Alberta ("**Settlor**")

and

COMPUTERSHARE TRUST COMPANY OF CANADA, a trust company incorporated under the laws of Canada, with offices in Calgary, Alberta ("**Trustee**")

and

SHININGBANK ENERGY LTD., a body corporate amalgamated under the laws of Alberta, with offices in Calgary, Alberta ("**Administrator**")

Recitals

- A.** The Settlor has paid to the Trustee one hundred dollars in lawful money of Canada as the Settled Amount for the purpose of settling the Trust constituted hereby;
- B.** The Trustee has agreed to hold the Settled Amount and all amounts and other property subsequently received under this Indenture in trust in accordance with the provisions hereinafter set forth;
- C.** It is intended that the beneficiaries of the Trust shall be the holders of Trust Units, each of which Trust Units shall rank equally in all respects with every other Trust Unit;
- D.** It is intended that the Trust will offer the Trust Units for sale from time to time and that the net proceeds of the first Offering thereof shall be used to acquire the Royalty, as hereinafter defined;
- E.** It is intended that the Trust shall qualify as a "unit trust" and as a "mutual fund trust" under the provisions of paragraph 108(2) and subsection 132(6) of the *Income Tax Act* (Canada); and
- F.** The parties hereto desire to set out the terms and conditions which shall govern the settlement and the administration of the Trust.

The parties agree as follows.

ARTICLE 1 INTERPRETATION

1.1 Definitions

In this Indenture including the recitals and in the Trust Certificates and schedules hereto, unless the context otherwise requires, the following words and expressions shall have the following meanings:

"Administrative Services Agreement" means the agreement to be entered into between the Administrator and the Trustee as trustee for and on behalf of the Trust dated October 9, 2002 as the same may be amended from time to time and includes any subsequent agreement between the Trustee and an administrator whereby an administrator is engaged to provide certain services in connection with the management and administration of the Trust or the Royalty, as set forth herein and therein;

"Administrator" means Shiningbank Energy Ltd., in its capacity as administrator of the Trust in accordance with the provisions of the Administrative Services Agreement and shall be deemed to include any replacements or successor administrators under such agreement or as the Trustee may appoint hereunder, or its successor or successors in the office of the administrator of the Trust hereunder;

"Affiliate" or **"Associate"**, when used to indicate a relationship with a person or company, means the same as is set forth in the *Securities Act* (Alberta);

"ARC" means credits or rebates in respect of Crown Royalties which are paid or credited by the Crown, including those paid or credited under the *Alberta Corporate Tax Act* which are commonly known as "Alberta Royalty Credits";

"Auditors" means KPMG LLP, Chartered Accountants, or such other firm of chartered accountants as may be appointed as auditor or auditors of the Trust and of the Managed Entities, by or in accordance with Article 15;

"Business Day" means a day other than a Saturday, Sunday or statutory holiday in the Provinces of Alberta, Ontario and Quebec, as may be applicable;

"Certified Resolution" means a copy of a resolution or bylaw certified by the Secretary or an Assistant Secretary or other authorized officer of the Administrator under its corporate seal to have been duly passed by the directors or shareholders thereof, as the case may be, and to be in full force and effect on the effective date of such certification;

"Closing Market Price" means an amount equal to the closing price of the Trust Units if there was a trade on the date; an amount equal to the average of the highest and lowest prices of Trust Units if there was trading and the exchange or other market provides only the highest and lowest prices of Trust Units traded on a particular day; and the average of the last bid and last ask prices of the Trust Units if there was no trading on the date.

"Corporation" means Shiningbank Energy Ltd.;

"Counsel" means a law firm acceptable to the Trustee acting reasonably;

"Crown" means Her Majesty the Queen in Right of Canada or a Province thereof;

"Crown Royalties" means any amount paid or payable to or received or receivable by the Crown by virtue of an obligation imposed by statute or a contractual obligation substituted for an obligation imposed by statute as a royalty, tax (other than municipal or school tax), lease rental or bonus or in lieu thereof that may be reasonably regarded as being in relation to petroleum and natural gas rights or the production of Petroleum Substances;

"Date of Closing" means the date on which an issue of Trust Units to the public pursuant to an Offering is completed;

"Deferred Purchase Payments" means any additional payments made by the Trust to the Managed Entities pursuant to the Royalty Agreement as further consideration for the Royalty;

"Distribution Date" means the fifteenth day of the month following a month within which a Distribution Record Date occurs, or such other date as may be specified by written notice given to the Trustee by the Administrator in respect of any Distribution Record Date specified by the Administrator therein;

"Distribution Record Date" means such dates as the Trustee may from time to time, upon the written direction given to the Trustee by the Administrator, designate as a 'Distribution Record Date' except that December 31 shall be a Distribution Record Date;

"Issue Expenses" means all expenses of an Offering payable by the Trust including legal fees, accounting fees and printing expenses and all other fees and expenses which may be described, whether generally or specifically, in any Offering Document relating to the particular Offering, but excluding underwriters' fees and Trust Expenses;

"Lender" means the lender(s) providing the financing to any of the Managed Entities for the ownership and operation of the Properties;

"Managed Entities" means Shiningbank Energy Ltd., Shiningbank Holdings Corporation, and all other Subsidiaries of the Trust, and any Subsidiary of a Managed Entity;

"Market Price" means an amount equal to the simple average of the closing price of the Trust Units for each of the ten trading days on the principal market on which the Trust Units are quoted for trading and on which there was a closing price; provided that if the applicable exchange or market does not provide a closing price but only provides the highest and lowest prices of the Trust Units traded on a particular day, the "closing price" shall be an amount equal to the simple average of the highest and lowest prices for that trading day if there was a trade; and provided further that if there was a trade on the applicable exchange or market for fewer than five of the ten trading days, the Market Price shall be the simple average of the Closing Market Price on each of the ten trading days.

"Material Contracts" means the Royalty Agreement, the Administrative Services Agreement and the Unanimous Shareholder Agreement each as amended or replaced from time to time, and any underwriting agreement;

"Net Proceeds" means the proceeds of an Offering after deduction of underwriters' fees and Issue Expenses;

"Offering" means any issuance and offering of Trust Units (or any rights to acquire Trust Units), or any rights, warrants, special warrants, subscription receipts, exchangeable securities, or other securities to purchase, convert or redeem or exchange into Trust Units or other securities of the Trust (including, without limitation, debt convertible into Trust Units or other securities of the Trust) on a public or private basis pursuant to an Offering Document in Canada or elsewhere;

"Offering Document" includes any one or more of a prospectus, information memorandum, private placement memorandum, rights offering circular and similar public or private offering document in relation to, or any written understanding, commitment or agreement with respect to, an Offering;

"Ordinary Resolution" means a resolution approved at a meeting of Unitholders by more than 50% of the votes cast in respect of the resolution by or on behalf of those Unitholders and Special Unitholders present in person or represented by proxy at the meeting, as counted together;

"outstanding", in relation to Trust Units, has the meaning attributed thereto in Section 1.2 hereof;

"Permitted Investments" means: (i) obligations issued or guaranteed by the Government of Canada or any province of Canada or any agency or instrumentality thereof; (ii) term deposits, guaranteed investment certificates, certificates of deposit or bankers' acceptances of any Canadian chartered bank or other financial institution the short-term debt or deposits of which have been rated at least A1 or the equivalent thereof by Standard & Poors Ratings Group or at least P1 or the equivalent thereof by Moodys Investor Service, Inc. or which have been rated at least A1 by CBRS Inc. or at least R1 (high) by Dominion Bond Rating Service Limited, in each case maturing within 180 days after the date of acquisition; (iii) loan advances to and share capital in Managed Entities or their subsidiaries or to or in other corporations in which the Trust owns or has the right to acquire more than 66 $\frac{2}{3}$ % of all outstanding securities and securities under option; and (iv) trust units of Managed Entities and equitable interests in Managed Entities which are Trusts.

"person" shall be interpreted broadly and shall include any individual, partnership, joint venture, body corporate, association, trust, unincorporated organization, government or other entity;

"Petroleum Substances" means petroleum, crude bitumen, oil sands, natural gas, coal bed methane, natural gas liquids, related hydrocarbons and any and all other substances, whether liquid, solid or gaseous, whether hydrocarbons or not, produced or producible in association with any of the foregoing, including hydrogen sulphide and sulphur;

"Properties" means all assets of any Managed Entity including, without limitation, the working, royalty or other interests of the Managed Entities in any petroleum and natural gas rights, tangibles and miscellaneous interests which the Managed Entities may own from time to time;

"pro rata share" of any particular amount in respect of a Unitholder at any time shall be the product obtained by multiplying the number of Trust Units that are owned by that Unitholder at that time by the quotient obtained when the particular amount is divided by the total number of all Trust Units that are outstanding at that time;

"Redemption Price" means a price per Trust Unit equal to the lesser of: (i) 95% of the Market Price of the Trust Units on the principal market on which the Trust Units are quoted for trading during the 10 trading day period commencing immediately after the date on which the Trust Units are surrendered for retraction; and (ii) the Closing Market Price on the principal market on which the Trust Units are quoted for trading on the date that the Trust Units are surrendered for retraction.

"Royalty" means the royalty payable by any Managed Entities to the Trust in respect of the Properties, as more particularly defined in the applicable Royalty Agreement;

"Royalty Disposition Proceeds" means the proceeds of disposition of an interest in any of the Properties which are allocable to the Trust Fund pursuant to the Royalty Agreement in consideration for the release of the Royalty with respect to the interest so disposed of, and which are more particularly defined as the 'Royalty Disposition Proceeds' in the Royalty Agreement;

"Royalty Income" means the 'Royalty Income' as defined in the Royalty Agreement;

"Royalty Agreement" means the Royalty Agreement entered into between the Corporation and the Trustee dated as of the date of the closing of the first Offering relating to the purchase of the Royalty, as amended from time to time, or any other Royalty Agreement between the Trustee and any Managed Entity, as amended from time to time;

"Settled Amount" means the amount of one hundred dollars in lawful money of Canada paid by the Settlor to the Trustee for the purpose of settling the Trust;

"Special Resolution" has the meaning attributed thereto in Section 10.6 hereof;

"Special Unitholder" means the holder from time to time of a Special Voting Unit and **"Special Unitholders"** means the holders from time to time of Special Voting Units;

"Special Voting Unit" means a special voting unit of the Trust issued hereunder and for the time being entitled to the benefits and subject to the limitations set out in Section 3.15;

"Subsidiary" means, in relation to any specified person, any company, corporation, partnership of any kind having a separate legal status, trust, joint stock company, joint venture or other entity, a majority of the total voting power of the outstanding capital stock or other equity interests entitled to vote in the election of directors (or members of a comparable governing body) of which is at that time owned or controlled, directly or indirectly, by the specified person;

"Support Agreement" means that certain Support Agreement to be entered into October 9, 2002, among the Trust, Shiningbank Holdings Corporation and Shiningbank Energy Ltd., as amended from time to time, or any other Support Agreement among the Trust, any Managed Entity and any trustee, as amended from time to time;

"Tax Act" means the *Income Tax Act* (Canada), as amended from time to time;

"Transfer Agent" means the Trustee in its capacity as transfer agent for the Trust Units or such other company as may from time to time be appointed by the Trustee to act as transfer agent for the Trust Units together, in either such case, with any sub-transfer agent duly appointed by the transfer agent;

"Trust" refers to the trust relationship between the Trustee and the Unitholders with respect to the Trust Fund, upon the terms and conditions set out herein from time to time and, if the context requires, may also refer to the Trust Fund;

"Trust Certificate" means the definitive certificate evidencing one or more Trust Units;

"Trust Expenses" means all expenses incurred by the Trustee, the Administrator or any third party, in each case for the account of the Trust, in connection with this Trust Indenture, the establishment and ongoing management of the Trust and the ongoing administration of the Trust Units, including without limitation those amounts payable to the Trustee under Sections 7.8 and 7.9, and all amounts payable to the Administrator under the Administrative Services Agreement;

"Trust Fund", at any time, shall mean such of the following monies, properties and assets that are at such time held by the Trustee for the purposes of the Trust under this Trust Indenture:

- (a) the Settled Amount;
- (b) all funds realized from the sale of Trust Units and any Permitted Investments in which such funds may from time to time be invested;
- (c) the Royalty;
- (d) any proceeds of disposition of any of the foregoing property including, without limitation, the Royalty;
- (e) shares, debt and trust units of any Managed Entity and any equitable interest in any Managed Entity; and
- (f) all income, interest, profit, gains and accretions and additional assets, rights and benefits of any kind or nature whatsoever arising directly or indirectly from or in connection with or accruing to such foregoing property or such proceeds of disposition;

"Trust Units" means the Trust Units of the Trust created, issued and certified hereunder and for the time being outstanding and entitled to the benefits hereof and for greater certainty Trust Units do not include Special Voting Units;

"Trustee" means Computershare Trust Company of Canada in its capacity as trustee of the Trust or its successor or successors for the time being as trustee hereunder;

"Unanimous Shareholder Agreement" means the unanimous shareholder agreement to be entered into between the Corporation or any other Managed Entity, the Trustee for and on behalf of the Trust and any shareholders of such Corporation or other Managed Entity if the Trustee on behalf of the Trust is not a shareholder or not the sole shareholder of such Corporation or other Managed Entity pursuant to which the Unitholders will be entitled, inter alia, to elect a majority of the Board of Directors of the Corporation or the Managed Entity;

"underwriters' fees" means the amount so designated in an underwriting agreement;

"underwriting agreement" means any underwriting, agency or similar agreement entered into by the Trustee and investment dealers, and such other persons, including the Administrator, as may be party thereto, relating to an Offering;

"Unitholders" means the holders from time to time of one or more Trust Units;

"Voting and Exchange Trust Agreement" means that certain Voting and Exchange Trust Agreement to be entered into October 9, 2002, among the Trust, Shiningbank Holdings Corporation and Shiningbank Energy Ltd., as amended from time to time, or any other Voting and Exchange Trust Agreement among the Trust, any Managed Entity and any trustee, as amended from time to time; and

"year" means, initially, the period commencing on the date hereof and ending on December 31, 1996 and thereafter means a calendar year.

1.2 Meaning of "Outstanding"

Every Trust Unit created, issued, certified and delivered hereunder shall be deemed to be outstanding until it shall be cancelled or delivered to the Trustee for cancellation provided that:

- (a) when a new Trust Certificate has been issued in substitution for a Trust Certificate which has been lost, stolen or destroyed, only one of such Trust Certificates shall be counted for the purpose of determining the number of Trust Units outstanding; and
- (b) for the purposes of any provision of this Indenture entitling holders of outstanding Trust Units to vote, sign consents, requisitions or other instruments or take any other action under this Indenture, Trust Units owned directly or indirectly, legally or equitably, by the Administrator or any affiliate thereof shall be disregarded except that for the purpose of determining whether the Trustee shall be protected in relying on any such vote, consent, requisition or other instrument or action only the Trust Units which the Trustee knows are so owned shall be so disregarded.

1.3 References to Acts Performed by the Trust

For greater certainty, where any reference is made herein to an act to be performed by the Trust, such reference shall be construed and applied for all purposes as if it referred to an act to be performed by the Trustee on behalf of the Trust or by some other person duly authorized to do so by the Trustee or pursuant to the provisions hereof.

1.4 Tax Act

Any reference to the Tax Act shall refer to the *Income Tax Act*, Revised Statutes of Canada 1985, Chapter 1 (5th Supplement) and the Income Tax Regulations as amended from time to time applicable with respect thereto. Any reference herein to a particular provision of the Tax Act shall include a reference to that provision as it may be renumbered or amended from time to time. Where there are proposals for amendments to the Tax Act which have not been enacted into law or proclaimed into force on or before the date on which such proposals are to become effective, the Trustee may take such proposals into consideration and apply the provisions hereof as if such proposals had been enacted into law and proclaimed into force.

1.5 Headings

The division of this Trust Indenture into articles and sections, subsections, clauses, subclauses and paragraphs and the provision of headings is for convenience of reference only and shall not affect the construction or interpretation of this Indenture.

1.6 Construction of Terms

Words importing the singular number only shall include the plural, and vice versa, and words importing gender shall include the masculine, feminine and neuter genders. References in this Trust Indenture to "this Trust Indenture", "this Indenture", "hereto", "herein", "hereof", "hereby", "hereunder" and similar expressions shall be deemed to refer to this instrument and not to any particular Article, Section or portion hereof and include any and every instrument supplemental or ancillary hereto or in implementation hereof.

1.7 Accrual Method of Calculation

Except as otherwise specifically provided in this Indenture, all amounts to be calculated pursuant to this Indenture shall be calculated on an accrual basis in accordance with generally accepted accounting principles used in Canada as at such time.

ARTICLE 2 DECLARATION OF TRUST

2.1 Settlement of Trust

The Settlor hereby confirms that it has paid the Settled Amount to the Trustee for the purpose of creating and settling the Trust and the Settlor is hereby issued ten initial Trust Units in the Trust.

2.2 Declaration of Trust

The Trustee hereby agrees that it does and shall hold the Trust Fund in trust for the use and benefit of the Unitholders, their permitted assigns and personal representatives upon the trusts and subject to the terms and conditions hereinafter declared and set forth.

2.3 Name

The Trust shall be known and designated as "Shiningbank Energy Income Fund" and, whenever lawful and convenient, the affairs of the Trust shall be conducted and transacted under that name. If the Trustee determines that the use of the name "Shiningbank Energy Income Fund" is not practicable, legal or convenient, it may use such other designation or it may adopt such other name for the Trust as it deems appropriate and the Trust may hold property and conduct its activities under such other designation or name. Without limiting the foregoing, the Trustee may enter into agreements and other documents for and on behalf of the Trust under the name "Shiningbank Energy Income Fund" and the Trustee hereby acknowledges and confirms that any such agreement or other documents so entered into under the name "Shiningbank Energy Income Fund" shall for all purposes be and be deemed to have been entered into by, and be binding on, the Trustee, as trustee for and on behalf of the Trust.

2.4 Nature of the Trust

The Trust is a open-end investment trust established for the purpose of issuing the Trust Units and acquiring and holding the Royalty and Permitted Investments. The only undertaking of the Trust is and will be investing the funds of the Trust in the Royalty and Permitted Investments. The Trust shall not carry on any business. The Trust is not and is not intended to be, shall not be deemed to be and shall not be treated as a general partnership, limited partnership, syndicate, association, joint venture, company, corporation or joint stock company nor shall the Trustee, the Administrator, the Managed Entities or the Unitholders or any of them or any person be, or be deemed to be, treated in any way whatsoever liable or responsible hereunder as partners, or joint venturers. Neither the Trustee, the Administrator nor any Managed Entity shall be, or be deemed to be, an agent of the Unitholders and shall have no power to bind any Unitholder. The relationship of the Unitholders to the Trustee shall be solely that of beneficiaries of the Trust and their rights shall be limited to those conferred upon them by this Trust Indenture.

2.5 Legal Entitlements and Restrictions of Unitholders

- (a) The rights of each Unitholder to call for a distribution or division of assets, monies, funds, income and capital gains held, received or realized by the Trustee are limited to those contained herein.
- (b) Subject to the terms and conditions of this Indenture, no Unitholder or Unitholders shall be entitled to interfere or give any direction to the Trustee or the Administrator with respect to the affairs of the Trust or in connection with the exercise of any powers or authorities conferred upon the Trustee or the Administrator under this Indenture.

- (c) Subject to the provisions of section 3.13, the legal ownership of the assets of the Trust and the right to conduct the business of the Trust (subject to the limitations contained herein) are vested exclusively in the Trustee or such other persons as the Trustee may determine, and the Unitholders shall have no interest therein and they shall have no right to compel or call for any partition, division, dividend or distribution of the Trust Fund or any of the assets of the Trust. The Trust Units shall be personal property and shall confer upon the holders thereof only the interest and rights specifically set forth in this Trust Indenture. No Unitholder has or is deemed to have any right of ownership in any of the assets of the Trust.

2.6 Liability of Unitholders

No Unitholder shall incur or be subject to any liability in contract or in tort or of any other kind whatsoever to any person in connection with the Trust Fund or the obligations or the affairs of the Trust or with respect to any act performed by the Trustee or by any other person pursuant to this Indenture or with respect to any act or omission of the Trustee or any other person in the performance or exercise, or purported performance or exercise, of any obligation, power, discretion or authority conferred upon the Trustee or such other person hereunder or with respect to any transaction entered into by the Trustee or by any other person pursuant to this Indenture and no Unitholder shall be liable to indemnify the Trustee or any other person with respect to any such liability or liabilities incurred by the Trustee or by any such other person or persons or with respect to any taxes payable by the Trustee or by the Trustee or any other person on behalf of or in connection with the Trust; provided, however, to the extent that notwithstanding the foregoing, any such liabilities of Unitholders may be determined by a court of competent jurisdiction, they shall be enforceable only against, and shall be satisfied only out of, the Trust Fund.

2.7 Contracts of the Trust

Every contract entered into by or on behalf of the Trust, whether by the Trustee, the Administrator or otherwise, shall (except as the Trustee or Administrator may otherwise in any respect determine) include a provision substantially to the following effect:

The parties hereto acknowledge that the Trustee/Administrator is entering into this agreement solely in its capacity as Trustee/Administrator on behalf of the Trust and the obligations of the Trust hereunder shall not be personally binding upon the Trustee, the Administrator or any of the Unitholders of the Trust such that any recourse against the Trust, the Trustee, the Administrator or any Unitholder in any manner in respect of any indebtedness, obligation or liability of the Trust arising hereunder or arising in connection herewith or from the matters to which this agreement relates, if any, including without limitation claims based in contract, on negligence or tortious behaviour or otherwise, shall be limited to, and satisfied only out of, the Trust Fund as defined in the Trust Indenture dated as of May 16, 1996, as amended or restated from time to time, relating to the Trust.

The omission of such provision from any such written instrument shall not operate to impose personal liability on the Trustee, the Administrator or the Unitholders or in any way affect the validity, enforceability or binding effect of such instrument.

2.8 Head Office of Trust

The head office of the Trust hereby created shall be located at 1310, 111 – 5th Avenue S.W., Calgary, Alberta, T2P 3Y6 or at such other place or places in Canada as the Trustee may from time to time designate.

ARTICLE 3 ISSUE AND SALE OF TRUST UNITS

3.1 Creation of Trust Units

The beneficial interests of the Trust shall be divided into interests of one class, described and designated as Trust Units, which shall be entitled to the rights and subject to the limitations, restrictions and conditions set out herein. The aggregate number of Trust Units which may be authorized and issued hereunder is limited to 300,000,000 Trust Units.

3.2 Offerings of Trust Units

Trust Units, including rights to acquire Trust Units, may be created, issued, sold and delivered pursuant hereto on terms and conditions and at such time or times as the Trustee may determine. The Trust is further authorized to create, issue, sell, or deliver any rights, warrants, special warrants, subscription receipts, instalment receipts, exchangeable securities or other securities to purchase, convert, redeem or exchange into Trust Units or other securities of the Trust (including, without limitation, debt convertible into Trust Units or other securities of the Trust), on such terms and conditions as the Trustee may determine.

3.3 Issue of Trust Units

- (a) Trust Units are issuable only in fully registered form. Trust Certificates evidencing Trust Units authorized pursuant to Section 3.2 shall forthwith be executed by the Administrator and delivered to the Trustee and shall thereupon be certified by and on behalf of the Trustee and shall be delivered by the Trustee to or upon the written order of the Administrator.
- (b) No Trust Certificate shall be issued or, if issued, shall entitle the holder to the benefits of this Indenture, until it has been certified by or on behalf of the Trustee substantially in the form set out in the Schedule hereto or in some other form approved by the Trustee. Such certification on any Trust Certificate shall be conclusive evidence that such Trust Certificate is duly issued and is entitled to the benefits hereof. The certificate of the Trustee signed on the Trust Certificates shall not be construed as a representation or warranty by the Trustee as to the validity of this Indenture or of the Trust Certificates or as to the issuance of the Trust Certificates. The certificate of the Trustee signed on any Trust Certificate shall, however, be a representation and warranty by the Trustee that such Trust

Certificate has been duly certified by or on behalf of the Trustee pursuant to the provisions of this Indenture.

- (c) It is a condition of the closing of the first Offering of Trust Units that at least 300 persons each purchase a minimum of 100 Trust Units.

3.4 Certificates for Trust Units

The definitive form of certificate for the Trust Units: (i) shall be in either the English or French language or both, substantially in the form set forth in the Schedule hereto, (ii) shall be dated as of the date of issue thereof and (iii) shall contain such distinguishing letters and numbers as the Trustee may prescribe.

3.5 Ranking of Trust Units

Each Trust Unit represents an equal fractional undivided beneficial interest in the Trust Fund. All Trust Units outstanding from time to time shall be entitled to an equal fractional undivided share of any distributions by the Trustee and, in the event of termination of the Trust, in the net assets of the Trust. All Trust Units shall rank among themselves equally and rateably without discrimination, preference or priority whatever may be the actual date or terms of issue of the same respectively.

3.6 Trust Units Fully Paid and Non-Assessable

Trust Units are only to be issued as fully paid and are not to be subject to future calls or assessments; provided however that the Trust Units to be issued under the Offering may be issued for a consideration payable in instalments and that the Trust may take security over such Trust Units to be issued under the Offering as security for the payment of unpaid instalments.

3.7 No Conversion, Retraction, Redemption or Pre-Emptive Rights

No person shall be entitled, as a matter of right, to subscribe for or purchase any Trust Unit. Subject to the provisions of section 3.11, there are no conversion, retraction, redemption or pre-emptive rights attaching to the Trust Units.

3.8 No Fractional Trust Units

Fractions of Trust Units shall not be issued.

3.9 Transferability of Trust Units

The Trust Units are transferable.

3.10 Non-Resident Holders

At no time may more than one-half of the outstanding Trust Units be held by non-residents of Canada ("non-residents") within the meaning of the Tax Act. If at any time the Trustee becomes aware, as a result of requiring declarations as to beneficial ownership under Section 7.12 or

otherwise, that the beneficial owners of 49% of the Trust Units then outstanding are or may be non-residents or that such a situation is imminent, the Trustee may make a public announcement thereof and shall not accept a subscription for Trust Units from or issue or register a transfer of Trust Units to a person unless the person provides a declaration pursuant to Section 7.12 that the person is not a non-resident. If notwithstanding the foregoing, the Trustee determines that a majority of the Trust Units are held by non-residents, the Trustee may send a notice to non-resident holders of Trust Units, chosen in inverse order to the order of acquisition or registration or in such other manner as the Trustee may consider equitable and practicable, requiring them to sell their Trust Units or a specified portion thereof within a specified period of not less than 60 days. If the Unitholders receiving such notice have not sold the specified number of Trust Units or provided the Trustee with satisfactory evidence that they are not non-residents within such period, the Trustee may on behalf of such Unitholders sell such Trust Units and, in the interim, shall suspend the voting and distribution rights attached to such Trust Units. Any such sale by the Trustee shall be made on any stock exchange on which the Trust Units are then listed and, upon such sale, the affected holders shall cease to be holders of Trust Units and their rights shall be limited to receiving the net proceeds of sale upon surrender of the Trust Certificates representing such Trust Units.

3.11 Retraction Right

Trust Units will be retractable at any time on demand by the holder thereof upon delivery to the Trust of the certificate or certificates representing such Trust Units, accompanied by a duly completed and properly executed notice requesting retraction. Upon receipt of the retraction request by the Trust, all rights to and under the Trust Units tendered for retraction shall be surrendered and the holder thereof shall be entitled to receive the Redemption Price.

3.12 Limit on Cash Payments

The aggregate cash Redemption Price payable by the Trust in respect of any Trust Units surrendered for retraction during any calendar month shall be satisfied by way of a cash payment on the last day of the following month; provided that the entitlement of Unitholders to receive cash upon redemption of their Trust Units is subject to the limitations that:

- (a) the total amount payable by the Trust in respect of such Trust Units and all other Trust Units tendered for retraction in the same calendar month shall not exceed \$100,000 provided that such limitation may be waived at the discretion of the board of directors of the Corporation;
- (b) at the time such Trust Units are tendered for retraction the outstanding Trust Units of the Trust shall be listed for trading on a stock exchange or traded or quoted on any other market which the board of directors of the Corporation considers in its sole discretion, provides representative fair market value prices for the Trust Units; or
- (c) the normal trading of Trust Units is not suspended or halted on any stock exchange on which the Trust Units are listed (or, if not listed on a stock exchange, on any market on which the Trust Units are quoted for trading) on the date that

the Trust Units are tendered for retraction or for more than five trading days during the ten day trading period commencing immediately after the date on which the Trust Units are tendered for retraction.

3.13 Distribution In Specie

If a Unitholder is not entitled to receive cash upon the redemption of Trust Units as a result of the foregoing limitations, then the redemption price for such Trust Units shall be the fair market value thereof as determined by the board of directors of the Corporation and shall, subject to any applicable regulatory approvals, be paid and satisfied by way of a distribution *in specie* of the Trust's property (the "Property"). Such Property may include interests in shares and/or debt instruments (the "Securities"). No fractional Securities will be distributed and where the number of Securities to be received by a Unitholder includes a fraction, such number shall be rounded to the next lowest whole number. The Trust shall be entitled to all interest paid or accrued and unpaid and to all dividends paid or declared payable with respect to the Property on or before the date of the distribution *in specie*. The holders of Property will be subject to the provisions of all material agreements that relate to such Property.

3.14 Non-Eligibility of *In Specie* Distribution

The Trustee, the Administrator and the Managed Entities shall not be liable to the Unitholder for any costs, expenses, charges, penalties or taxes imposed on a Unitholder as a result of or by virtue of Property received pursuant to Section 3.13 not being an eligible investment for registered retirement savings plans, registered retirement income funds and deferred profit sharing plans.

3.15 Special Voting Units

In addition to Trust Units, the Trust is authorized to create, issue, sell and deliver an unlimited number of Special Voting Units entitling the holders thereof to such number of votes at meetings of Unitholders as may be determined by the Administrator and set out in any applicable Voting and Exchange Trust Agreement. The Special Voting Units may have such other rights or limitations and may be issued on such terms and may take such form as the Administrator may determine and as are set out in any applicable Voting and Exchange Trust Agreement. The Administrator shall determine any matter of doubt or uncertainty which may arise with respect to any Special Voting Unit regarding voting eligibility, entitlement or procedure or other matter which in the opinion of the Administrator is not determined by the applicable Voting and Exchange Trust Agreement. Notwithstanding any of the foregoing, Special Voting Units may only be issued by the Trust in conjunction with the issuance by Shiningbank Holdings Corporation or any other Managed Entity of exchangeable shares and the holders of Special Voting Units, as such, shall not be entitled to any distributions of any nature whatsoever from the Trust or have any beneficial interest in any part of the Trust Fund during the administration of the Trust or on termination or winding-up of the Trust. Without restricting any other authority of the Trust to issue Trust Units, Trust Units shall be issued and delivered as required pursuant to the terms and conditions of any applicable Voting and Exchange Trust Agreement and Support Agreement.

ARTICLE 4 INVESTMENTS OF TRUST FUND

4.1 Initial Investments

At the closing of the first Offering, the Trustee shall use the Net Proceeds of such Offering as follows:

- (a) to acquire the Royalty on the terms and conditions set forth in the Royalty Agreement, at and for the consideration specified therein;
- (b) to pay all amounts due to the Corporation under the Royalty Agreement;
- (c) to pay all Issue Expenses and underwriters' fees incurred in connection with the Offering and all structuring or other fees disclosed in the relevant Offering Document;
- (d) to repurchase for cancellation the ten initial Trust Units issued to the Settlor on the execution of these presents; and
- (e) to invest all remaining Net Proceeds in Permitted Investments.

4.2 Subsequent Offerings

The Net Proceeds of Offerings after the first Offering by the Trust, if any, shall only be used to make Deferred Purchase Payments, Permitted Investments, payments pursuant to section 3.11 and such other purposes as the board of directors of the Corporation may determine to be in the best interests of Unitholders and to pay costs, fees and expenses associated therewith or incidental thereto.

4.3 Other Investment Restrictions

Without in any manner qualifying or limiting the restrictions imposed by Section 4.2, under no circumstances shall the Trustee purchase any investment which (a) is defined as "foreign property" under any provision of the Tax Act, (b) is a "small business security" as that term is used in Part L1 of the Income Tax Regulations, or (c) would result in the Trust not being considered either a "unit trust" or a "mutual fund trust" for purposes of the Tax Act at the time such investment was acquired.

ARTICLE 5 DISTRIBUTIONS

5.1 Determination of Net Income

In this Article 5 and Section 7.2, "Net Income" means, in respect of a particular Distribution Record Date, the sum of the following amounts calculated as of such Distribution Record Date:

- (a) all interest income that has accrued to the Trust after the immediately preceding Distribution Record Date and on or before the particular Distribution Record Date;
- (b) all previously undistributed dividends, payments on return of capital or redemption of shares, principal repayments, proceeds from the sale of shares or debt and any trust distributions of income or capital received by the Trust after the immediately preceding Distribution Record Date and on or before the particular Distribution Record Date or that may reasonably be anticipated to be received on or before the Distribution Date immediately following the particular Distribution Record Date;
- (c) all previously undistributed Royalty Income received by the Trust after the immediately preceding Distribution Record Date and on or before the particular Distribution Record Date or that may reasonably be anticipated to be received on or before the Distribution Date immediately following the particular Distribution Record Date;
- (d) all previously undistributed ARC received by the Trust after the immediately preceding Distribution Record Date and on or before the particular Distribution Record Date or that may reasonably be anticipated to be received on or before the Distribution Date immediately following the particular Distribution Record Date; and
- (e) all other income received by the Trust after the immediately preceding Distribution Record Date and on or before the particular Distribution Record Date or that may reasonably be anticipated to be received on or before the Distribution Date immediately following the particular Distribution Record Date;

less the sum of:

- (f) all Trust Expenses incurred after the immediately preceding Distribution Record Date and on or before the particular Distribution Record Date;
- (g) any other amounts (including taxes) required by law or hereunder to be deducted, withheld or paid by or in respect of the Trust after the immediately preceding Distribution Record Date and on or before the particular Distribution Record Date; and
- (h) all Crown Royalties which are not deductible for income tax purposes and that have been reimbursed by the Trust to the Corporation by way of set-off or otherwise after the immediately preceding Distribution Record Date and on or before the particular Distribution Record Date;

except to the extent that any portion of such amount becomes payable under Section 5.3 hereof on or before the particular Distribution Record Date, provided that for the purposes of calculating Net Income for the first Distribution Record Date, the references above to the "immediately preceding Distribution Record Date" shall be deemed to mean the Date of Closing

of the first Offering, and further provided that items of income or expense not provided for above or in Section 5.3 may also be included or deducted in determining Net Income hereunder as may be considered appropriate by the Trustee.

5.2 Distributions of Net Income

The Trustee shall, with respect to each Distribution Record Date, declare to be payable to the persons who are Unitholders of record on that Distribution Record Date such part of Net Income as may be specified in the written notice given to the Trustee by the Administrator in respect of any period specified by the Administrator ending on or before that Distribution Record Date. Such Net Income, or part thereof, shall be payable to such Unitholders on either the Distribution Record Date or the Distribution Date, as such notice may specify.

Notwithstanding the foregoing, the amount of any Net Income that is determined by the Trustee to be required to be retained by the Trustee in order to pay any tax liability of the Trust or any payments in respect of the Redemption Price shall not be distributed by the Trustee to the Unitholders.

5.3 Income for Tax Purposes to Become Payable

On December 31 of each year, the amount equal to the Trust's net income for such year determined in accordance with the Tax Act, other than subsection 104(6) thereof, to the extent not otherwise payable pursuant to this Article on any date in the year to any Unitholder or not otherwise deemed to have become payable in the year pursuant to subsection 104(29) of the Tax Act, shall become payable to the Unitholders on that date and a Unitholder shall be entitled to enforce payment thereof on that day. Absent a demand from a Unitholder to enforce payment, such amount shall be paid to Unitholders on or before February 15th of the following year, provided that any amount determined by the Trustee to be required to be retained by the Trustee in order to pay any tax liability of the Trust shall not be paid by the Trustee to the Unitholders. The share of such Net Income for each Trust Unit shall be determined by dividing such amount by the number of Trust Units in the Trust outstanding as of such December 31. Each Unitholder's share thereof shall be equal to the proportionate share per Trust Unit multiplied by the number of Trust Units owned of record by the Unitholder on such December 31. Notwithstanding the foregoing, the amount of any Net Income so determined for a year that is determined by the Trustee to be required to be retained by the Trustee in order to pay any tax liability of the Trust in respect of that or any prior year shall not be payable by the Trustee to Unitholders.

5.4 Other Amounts

Any amounts not otherwise payable to Unitholders pursuant to this Article 5 may be declared by the Trustee to be payable to Unitholders and distributed to Unitholders in the manner provided for in Section 5.2.

5.5 Amounts to Become Payable

Each Unitholder shall have the right to enforce payment of any amount payable to such Unitholder under this Article 5 at the time the amount became payable.

5.6 Withholding Taxes

The Trustee may deduct or withhold from the amounts payable to any Unitholder, amounts required by law to be withheld from such Unitholder's distributions or payments under this Article 5 or from any payments made to a Unitholder in respect of the Redemption Price.

ARTICLE 6 APPOINTMENT, RESIGNATION AND REMOVAL OF TRUSTEE

6.1 Trustee's Term of Office

Subject to Sections 6.2 and 6.3, Montreal Trust Company of Canada is hereby appointed as trustee hereunder for an initial term of office which shall expire immediately upon the second annual meeting of Unitholders. A decision to reappoint, or to appoint a successor to, a Trustee shall be made at the second annual meeting of the Unitholders and thereafter at each second annual meeting of Unitholders following any such reappointment or appointment. Any such reappointment or appointment shall be made either by an Ordinary Resolution at such meeting of Unitholders or shall be made in the manner set out in Section 6.4. Notwithstanding the foregoing, if a Trustee is not reappointed at the meeting of Unitholders held immediately before the term of office of such Trustee expires and if no successor to such Trustee is appointed at that meeting, such Trustee shall continue to hold the office of Trustee under this Indenture until a successor has been appointed under Section 6.4.

6.2 Resignation of Trustee

The Trustee may resign from the office of trustee hereunder on giving not less than 60 days' notice in writing to the Administrator but no such resignation shall be effective until: (i) the appointment of, and acceptance of such appointment by, a new Trustee in the place of the resigning Trustee has been made in the manner set out in Section 6.4, and (ii) the legal and valid assumption by the new Trustee of all obligations of the Trustee related hereto in the same capacities as the resigning Trustee.

6.3 Removal of Trustee

The Trustee shall be removed on not less than 21 days' notice in writing delivered by the Administrator to the Trustee in the event that, at any time, the Trustee shall no longer satisfy all of the requirements in Section 6.6 or shall be declared bankrupt or insolvent or shall enter into liquidation, whether compulsory or voluntary, and not being merely a voluntary liquidation for the purposes of amalgamation or reconstruction, or if the assets of the Trustee shall otherwise become liable to seizure or confiscation by any public or governmental authority or if the Trustee shall otherwise become incapable of performing or shall fail in any material respect to perform its responsibilities under this Indenture or as a result of a material increase in the fees charged by the Trustee. No decision to remove a Trustee under this Section 6.3 shall become effective until approved by a Special Resolution at a meeting of Unitholders duly called for that purpose and the appointment of, and acceptance of such appointment by, a new Trustee under Section 6.4 in the place of the Trustee to be removed.

6.4 Appointment of Successor to Trustee

- (a) A successor to a Trustee who has been removed by a Special Resolution of Unitholders under Section 6.3 or which has given notice of resignation under Section 6.2, shall be appointed by an Ordinary Resolution passed at a meeting of Unitholders duly called for that purpose, provided the successor meets the requirements of Section 6.6;
- (b) Subject to Section 6.6, the Administrator may appoint a successor to any Trustee who has been removed by a Special Resolution of the Unitholders under Section 6.3 or which has given a notice of resignation under Section 6.2, if the Unitholders fail to do so at such meeting.

No appointment of any successor Trustee (including under Section 6.5) shall be effective until such successor Trustee shall have complied with the provisions of Section 6.2(ii).

6.5 Failure to Appoint Successor

In the event that no successor to a Trustee who has delivered a notice of resignation in accordance with Section 6.2, or who has received notice of removal in accordance with Section 6.3, has accepted an appointment within 120 days after the receipt by the Administrator of the notice of resignation, or 60 days after the receipt by the Trustee of the notice of removal, the Trustee, the Administrator or any Unitholder may apply to a court of competent jurisdiction for the appointment of a successor to the Trustee. The appointment of such successor by such court shall not require the approval of Unitholders.

6.6 Qualifications of Trustee

The Trustee and any successor to the Trustee or new Trustee appointed under this Article 6 shall be a corporation incorporated under the laws of Canada or of a province thereof and shall be a resident of Canada for the purposes of the Tax Act. Such corporation must at all times when it is the Trustee be registered under the laws of the Province of Alberta to carry on the business of a trust company and must have undertaken in writing to discharge all of the obligations and responsibilities of the Trustee under this Indenture. The Trustee shall be a corporation which has reported in its last annual audited consolidated financial statements shareholders' equity of at least \$100 million, which financial statements shall be dated not more than 365 days prior to the date of appointment.

ARTICLE 7 CONCERNING THE TRUSTEE

7.1 Powers of the Trustee

- (a) Subject to the terms and conditions of this Indenture or other contracts or obligations of the Trustee or the Trust, the Trustee may exercise from time to time in respect of the Trust Fund any and all rights, powers and privileges that could be exercised by a beneficial owner thereof, except as specifically designated in subparagraph b. below.

- (b) The Corporation may exercise from time to time any and all rights, powers and privileges in relation to all matters relating to the maximization of Unitholder value in the context of a response to an offer for Trust Units or for all or substantially all of the assets of the Trust or the Managed Entities, or of any subsidiary of the Trust or the Managed Entities (an "Offer") including: (i) any Unitholder rights plan either prior to or during the course of any Offer; (ii) any defensive action either prior to or during the course of any Offer; (iii) the preparation of any "Directors' Circular" in response to any Offer; (iv) consideration on behalf of Unitholders and recommendations to Unitholders in response to any Offer; (v) any regulatory or court action in respect of any matters related to any Offer; and (vi) the carriage of any and all matters related to, or ancillary to, any Offer; and the Corporation accepts such responsibility and agrees that, in respect of such matters, it shall carry out its functions honestly, in good faith and in the best interest of the Trust and the Unitholders and, in connection therewith, shall exercise that degree of care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. The Corporation may, and if directed by the Corporation in writing, the Trustee shall, execute any agreements on behalf of the Trust as the Corporation shall have authorized within the scope of the exercise of any such rights, powers or privileges.

7.2 Specific Powers and Authorities

Subject only to the express limitations contained in this Indenture or other contracts or obligations of the Trustee or the Trust, and in addition to any powers and authorities conferred by this Indenture (including, without limitation, Section 7.1 hereof) or which the Trustee may have by virtue of any present or future statute or rule of law, the Trustee without any action or consent by the Unitholders shall have the following powers and authorities which may be exercised by it from time to time in its sole judgment and discretion and in such manner and upon such terms and conditions as it may from time to time deem proper:

- (a) to accept subscriptions for Trust Units received by the Trust and to issue Trust Units pursuant thereto;
- (b) to maintain books and records;
- (c) to provide timely reports to Unitholders in accordance with the provisions hereof;
- (d) to apply for Alberta Royalty Tax Credits or any other similar incentive credits or payments;
- (e) to deposit funds of the Trust in interest-bearing accounts in banks, whose short term obligations constitute Permitted Investments, including those of the Trustee, the same to be subject to withdrawal on such terms and in such manner and by such person or persons (including any one or more officers, agents or representatives) as the Trustee may determine;

- (f) to possess and exercise all the rights, powers and privileges appertaining to the ownership of all or any part of the assets of the Trust, to the same extent that an individual might, unless otherwise limited herein, and, without limiting the generality of the foregoing, to vote or give any consent, request or notice, or waive any notice, either in person or by proxy or power of attorney, with or without power of substitution, to one or more persons, which proxies and powers of attorney may be for meetings or action generally or for any particular meeting or action and may include the exercise of discretionary power and the Trustee shall ensure that the directors of the Corporation and where applicable, any other Managed Entity, be elected or appointed (or re-elected or re-appointed, as the case may be) at intervals not exceeding eighteen months;
- (g) where reasonably required, to engage or employ any persons as agents, representatives, employees or independent contractors (including, without limitation, investment advisers, registrars, underwriters, accountants, lawyers, appraisers, brokers or otherwise) in one or more capacities;
- (h) to collect, sue for and receive all sums of money coming due to the Trust, and to engage in, intervene in, prosecute, join, defend, compromise, abandon or adjust, by arbitration or otherwise, any actions, suits, proceedings, disputes, claims, demands or other litigation relating to the Trust, the assets of the Trust or the Trust's affairs, to enter into agreements therefor, whether or not any suit is commenced or claim accrued or asserted and, in advance of any controversy, to enter into agreements regarding the arbitration, adjudication or settlement thereof;
- (i) to arrange for insurance contracts and policies insuring the assets of the Trust against any and all risks and insuring the Trust and/or any or all of the Trustee, the Administrator or the Unitholders against any and all claims and liabilities of any nature asserted by any person arising by reason of any action alleged to have been taken or omitted by the Trust or by the Trustee, Administrator or Unitholders;
- (j) to cause legal title to any of the assets of the Trust to be held by and/or in the name of the Trustee, or except as prohibited by law, by and/or in the name of the Trust, or any other person, on such terms, in such manner, with such powers in such person as the Trustee may determine and with or without disclosure that the Trust or the Trustee is interested therein, provided that should legal title to any of the assets of the Trust be held by and/or in the name of any person other than the Trustee or the Trust, the Trustee shall require such person to execute a trust agreement acknowledging that legal title to such assets is held in trust for the benefit of the Trust;
- (k) to make, execute, acknowledge and deliver any and all deeds, contracts, waivers, releases or other documents of transfer and any and all other instruments in writing necessary or proper for the accomplishment of any of the powers herein granted;

- (l) to pay out of the Trust Fund all reasonable fees, costs and expenses incurred in the administration of the Trust;
- (m) to pay out of the Trust Fund the Net Income in accordance with the provisions hereof;
- (n) except as prohibited by law, to delegate any or all of the management and administrative powers and duties of the Trustee to the Administrator and to any one or more agents, representatives, officers, employees, independent contractors or other persons without liability to the Trustee except as provided in this Indenture;
- (o) to enter into and perform its obligations under any agreements with a Lender, including, without limitation, compliance with any provisions thereof which may restrict the powers of the Trustee hereunder or preclude the Trustee from acting in certain circumstances on resolutions of the Unitholders as might otherwise be provided for hereunder;
- (p) to convey the Royalty in accordance with the terms of the Royalty Agreement in connection with any realization by a Lender upon the Properties;
- (q) to do all such other acts and things as are incidental to the foregoing, and to exercise all powers which are necessary or useful for the operation of the Trust, to promote any of the purposes for which the Trust is formed and to carry out the provisions of this Indenture;
- (r) to use reasonable efforts to ensure that the Trust complies at all times with the requirements of subsections 108(2) and 132(6) of the Tax Act;
- (s) without limiting any of the provisions hereof, to pay out of the Trust Fund:
 - (i) underwriting fees;
 - (ii) the purchase price of the Royalty; and
 - (iii) Issue Expenses;all as contemplated by the Offering Documents;
- (t) to cancel or sell any Trust Unit tendered for retraction pursuant to section 3.11;
- (u) to make a payment to a Unitholder pursuant to section 3.11, or to distribute assets of the Trust Fund to a Unitholder who has tendered a Trust Unit for retraction pursuant to section 3.13;
- (v) to enter into and perform its obligations under any Voting and Exchange Trust Agreement and any Support Agreement;

- (w) to acquire shares of corporations, to acquire interests or units of trusts and to loan money to Managed Entities; and
- (x) on behalf of the Trust Fund, to enter into a trust indenture.

provided that the exercise of powers and authorities shall not adversely affect the status of the Trust as a "unit trust" and a "mutual fund trust" for the purposes of the Tax Act and the exercise of any powers and authorities shall only be to the extent the same are within the reasonable control of the Trustee and/or the Administrator.

7.3 Restrictions on Powers

Except as permitted in the Royalty Agreement, the Trustee shall not sell, assign or otherwise dispose of the assets of the Trust without the approval of the Unitholders by Special Resolution at a meeting of Unitholders called for that purpose.

7.4 Banking

The banking business of the Trust, or any part thereof, shall be transacted with such bank, trust company (including the Trustee) or other firm or corporation carrying on a banking business as the Trustee may designate, appoint or authorize from time to time and all such banking business or any part thereof, shall be transacted on the Trust's behalf by such one or more officers of the Trustee or other persons (who may be officers or employees of the Administrator) as the Trustee may designate, appoint or authorize from time to time.

7.5 Standard of Care

Except as otherwise provided herein, the Trustee shall exercise its powers and carry out its functions hereunder as Trustee honestly, in good faith and in the best interests of the Trust and the Unitholders and, in connection therewith, shall exercise that degree of care, diligence and skill that a reasonably prudent trustee would exercise in comparable circumstances, subject to compliance by the Trustee with any agreements contemplated hereby which may be binding on the Trustee or the Trust. Unless otherwise required by law, the Trustee shall not be required to give bond, surety or security in any jurisdiction for the performance of any duties or obligations hereunder. The Trustee, in its capacity as trustee, shall not be required to devote its entire time to the business and affairs of the Trust.

7.6 Fees and Expenses

The Trustee shall be entitled to be paid from the Trust Fund such fees as may be agreed upon from time to time by the Administrator and the Trustee. As part of the Trust Expenses, the Trustee may pay or cause to be paid reasonable fees, costs and expenses incurred in connection with the administration and management of the Trust, including (without limitation) fees of auditors, lawyers, appraisers and other agents, consultants and professional advisors employed by or on behalf of the Trust and the cost of reporting or giving notices to Unitholders. All costs, charges and expenses (including any amounts payable to the Trustee under Section 7.8 or 7.9) properly incurred by the Trustee on behalf of the Trust shall be payable out of the Trust Fund.

The Trustee shall have a lien on the Trust Fund (which shall have priority over the interests of the Unitholders pursuant hereto) to enforce payment of the fees, costs, expenses and other amounts payable or reimbursable by the Trust to the Trustee.

7.7 Limitations on Liability of Trustee

The Trustee, its officers and agents shall not be liable to any Unitholder for any action taken in good faith in reliance on any documents that are, *prima facie*, properly executed, for any depreciation of, or loss to, the Trust Fund incurred by reason of the sale of any property, for any inaccuracy in any evaluation provided by the Administrator or any other appropriately qualified person, for relying on any such evaluation, for any action or failure to act of the Administrator, or for any other action or failure to act (including, without limitation, the failure to compel in any way any former trustee to redress any breach of trust or any failure by the Administrator to perform its duties under this Indenture or any Material Contract), unless such liabilities arise out of the Trustee's or such officer's or agent's gross negligence, wilful default or fraud. If the Trustee has retained an appropriate expert or advisor with respect to any matter connected with its duties under this Indenture or any Material Contract, the Trustee may act or refuse to act based on the advice of such expert or advisor and the Trustee shall not be liable for any action or refusal to act based on the advice of any such expert or advisor.

7.8 Indemnification of Trustee

The Trust (to the extent of the Trust Fund) is liable to, and shall indemnify and save harmless the Trustee and each of its officers and agents in respect of:

- (a) any liability and all costs, charges and expenses sustained or incurred in respect of any action, suit or proceeding that is proposed or commenced against the Trustee or against such officer or agent, as the case may be, for or in respect of anything done or permitted to be done in respect of the Trust and the execution of all duties, responsibilities, powers and authorities pertaining thereto; and
- (b) all other costs, charges, taxes, penalties and interest in respect of unpaid taxes and all other expenses and liabilities sustained or incurred by the Trustee in respect of the administration or termination of the Trust;

unless any of the foregoing arises out of the Trustee's or such officer's or agent's gross negligence, wilful default or fraud, in which case the provisions of this Section 7.8 shall not apply.

7.9 Environmental Indemnity

- (a) Subject to Section 7.9(c), the Trust (to the extent of the Trust Fund) is liable to, and shall indemnify and save harmless, the Trustee, its directors, officers, employees, and agents, and all of their successors and assigns (collectively, the "Indemnified Parties") against any loss, expense, claim, liability or asserted liability (including strict liability and including costs and expenses of abatement and remediation of spills or releases or releases of contaminants and including liabilities of the Indemnified Parties to third parties (including governmental

agencies) in respect of bodily injuries, property damage, damage to or impairment of the environment or any other injury or damage and including liabilities of the Indemnified Parties to third parties for the third parties' foreseeable and unforeseeable consequential damages) incurred as a result of:

- (i) the administration of the trust created hereby;
- (ii) the exercise by the Trustee of any rights or obligations hereunder;

which result from or relate, directly or indirectly, to:

- (iii) the presence or release of any contaminants, by any means or for any reason, on or in respect of the Properties, whether or not such release or presence of the contaminants was under the control, care or management of the Trust or the Administrator, or of a previous owner or operator of a Property;
 - (iv) any contaminant present on or released from any contiguous property to the Properties; or
 - (v) the breach or alleged breach of any environmental laws by the Trust or the Administrator.
- (b) For purposes of this Section 7.9, "liability" shall include: (i) liability of an Indemnified Party for costs and expenses of abatement and remediation of spills and releases of contaminants, (ii) liability of an Indemnified Party to a third party to reimburse the third party for bodily injuries, property damages and other injuries or damages which the third party suffers, including (to the extent, if any, that the Indemnified Party is liable therefor) foreseeable and unforeseeable consequential damages suffered by the third party, and (iii) liability of the Indemnified Party for damage to or impairment of the environment;
- (c) In no event shall the Trust be liable to indemnify an Indemnified Party against any loss, expense, claims, liability or asserted liability to the extent resulting from the gross negligence, wilful default or fraud of the Indemnified Party.

7.10 Apparent Authority

No purchaser, transfer agent or other person dealing with the Trustee or with any officer, employee or agent of the Trustee shall be bound to make any inquiry concerning the validity of any transaction purporting to be made by the Trustee or by such officer, employee or agent or make inquiry concerning, or be liable for, the application of money or property paid, lent or delivered to or on the order of the Trustee or of such officer, employee or agent. Any person dealing with the Trustee in respect of any matter pertaining to the Trust Fund and any right, title or interest therein shall be entitled to rely on a certificate, statutory declaration or resolution executed or certified on behalf of the Trustee as to the capacity, power and authority of any officer, employee or any other person to act for and on behalf and in the name of the Trust.

7.11 Notice to Unitholders of Non-Eligibility for Deferred Income Plans

If the Trustee becomes aware that the Trust Units have ceased to be eligible investments for registered retirement savings plans, registered retirement income funds and deferred profit sharing plans (all within the meaning of the Tax Act) or any of such plans, the Trustee shall give notice to Unitholders at their latest address as shown on the register of Unitholders that Trust Units have ceased to be eligible investments for such plans. Notwithstanding the foregoing, the Trustee shall not be liable to the Trust or to any Unitholder for any costs, expenses, charges, penalties or taxes imposed upon a Unitholder as a result of or by virtue of a Trust Unit not being an eligible investment for any such plan, notwithstanding any failure or omission of the Trustee to have given such notice, provided the Trustee has complied with Section 7.5.

7.12 Declaration as to Beneficial Ownership

The Trustee may require any Unitholder as shown on the register of Unitholders to provide a declaration, in form prescribed by the Trustee, as to the beneficial ownership of Trust Units registered in such Unitholder's name and as to the jurisdiction in which such beneficial owner is resident.

7.13 Conditions Precedent to Trustee's Obligations to Act

The obligation of the Trustee to commence or continue any act, action or proceeding for the purpose of enforcing the rights of the Trustee and of the Unitholders shall be conditional upon the Administrator or Unitholders furnishing, when required by notice in writing by the Trustee, sufficient funds to commence or continue such act, action or proceeding and indemnity (to the extent sufficient funds for such purpose are not available in the Trust Fund) reasonably satisfactory to the Trustee to protect and hold harmless the Trustee against the costs, charges and expenses and liabilities to be incurred therein and any loss and damage it may suffer by reason thereof. None of the provisions contained in this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties or in the exercise of any of its rights or powers unless indemnified as aforesaid.

**ARTICLE 8
DELEGATION OF POWERS**

8.1 The Administrator and the Corporation

- (a) Except as expressly prohibited by law, and without regard to whether such authority is normally granted or delegated by trustees, the Trustee shall delegate to the Corporation the authority to exercise all rights, powers and privileges in relation to all matters set out in Section 7.1(b).
- (b) Except as expressly prohibited by law, the Trustee may grant or delegate to the Administrator such authority as the Trustee may in its sole discretion deem necessary or desirable to effect the actual administration of the duties of the Trustee under this Indenture, without regard to whether such authority is normally granted or delegated by trustees. The Trustee may grant broad discretion to the Administrator to administer and manage the day-to-day operations of the Trust

and the Trust Fund, to act as agent for the Trust, to execute documents on behalf of the Trust and to make executive decisions which conform to general policies and general principles set forth herein or previously established by the Trustee, provided that the Administrator shall make no decisions with respect to the exercise of the voting rights at meetings of the Corporation or any other Managed Entity. The Administrator shall have the powers and duties expressly provided for herein and in any administrative services agreement including, without limitation, the power to retain and instruct such appropriate experts or advisors to perform those duties and obligations herein which it is not qualified to perform (and the Administrator shall notify the Trustee of the name of the person or persons retained or instructed and the terms and conditions thereof). The Trustee may enter into a contract with the Administrator relating to the Administrator's authority, term of appointment, compensation and any other matters deemed desirable by the Trustee. The Administrator of the Trust Fund with respect to the Trust Units shall be the Corporation, and the Trustee shall enter into the Administrative Services Agreement with the Corporation. In the event of any replacement of the Corporation as Administrator, the person replacing the Corporation as Administrator shall become a party to this Indenture in the place and stead of the Corporation and shall agree to perform and be bound by and entitled to the benefits of and the covenants, obligations and duties of the Administrator herein and the Corporation shall be released from the obligations hereunder, provided that nothing herein shall release the Corporation of those covenants, obligations and duties required to be performed by the Corporation as Administrator prior to the date of such replacement.

8.2 Offerings

The Trustee hereby delegates to the Administrator responsibility for any or all matters relating to Offerings including: (i) ensuring compliance with all applicable laws, (ii) all matters relating to the content of any Offering Documents and the accuracy of the disclosure contained therein, including the certification thereof, (iii) all matters concerning the terms of the Material Contracts, and (iv) all matters concerning any underwriting or agency agreement providing for the sale of Trust Units. The Administrator may, and if directed by the Administrator the Trustee shall, execute any agreements on behalf of the Trust as the Administrator shall have authorized within the scope of any authority delegated to it hereunder.

8.3 Power of Attorney

Without limiting any of the other provisions of this Article 8, the Trustee hereby delegates to the Administrator, who may in turn delegate to the Corporation, from time to time the full power and authority, and constitutes the Administrator or the Corporation as the case may be, its true and lawful attorney in fact, to sign on behalf of the Trust all prospectuses, annual information forms, management proxy circulars, other Offering Documents and any other documents ancillary or similar thereto required to be signed by the Trust from time to time.

8.4 Liability of Trustee

The Trustee shall have no liability or responsibility for any actions of the Administrator hereunder or under the Administrative Services Agreement and the Trustee, in relying upon the Administrator, shall be deemed to have complied with its obligations under Section 7.5 hereof.

8.5 Performance of Duties

In the event that the Administrator is unable or unwilling to perform its duties under the Administrative Services Agreement, or there is no Administrator, the Trustee shall either perform all duties of the Administrator thereunder or shall be entitled to engage another person that is duly qualified to perform such duties.

ARTICLE 9 AMENDMENT

9.1 Amendment

Except where specifically provided otherwise, the provisions of this Indenture, the Administrative Services Agreement and the Royalty Agreement of the Corporation may only be amended by the Trustee with the consent of the Unitholders by Special Resolution.

Any of the provisions of this Indenture, the Administrative Services Agreement or the Royalty Agreement of the Corporation may be amended by the Trustee at any time or times, without the consent, approval or ratification of any of the Unitholders or any other person, for the purpose of:

- (a) ensuring that the Trust will comply with any applicable laws or requirements of any governmental agency or authority of Canada or of any province;
- (b) ensuring that the Trust will satisfy the provisions of each of subsections 108(2) and 132(6) of the Tax Act as from time to time amended or replaced;
- (c) ensuring that such additional protection is provided for the interests of Unitholders as the Trustee may consider expedient;
- (d) removing or curing any conflicts or inconsistencies between the provisions of this Indenture or any supplemental indenture, the Administrative Services Agreement or the Royalty Agreement and any other agreement of the Trust or any prospectus filed with any regulatory or governmental body with respect to the Trust, or any applicable law or regulation of any jurisdiction, provided that in the opinion of the Trustee the rights of the Trustee and of the Unitholders are not prejudiced thereby;
- (e) making changes for any other purpose not inconsistent with the terms of this Indenture, the Administrative Services Agreement and the Royalty Agreement, including the correction or rectification of any ambiguities, defective or inconsistent provisions, errors, mistakes or omissions, provided that in the opinion

of the Trustee the rights of the Trustee and of the Unitholders are not prejudiced thereby.

Notwithstanding the foregoing, no amendment shall reduce the percentage of votes required to be cast at a meeting of the Unitholders for the purpose of amending this Section 9.1 or provide that a Trust Unit represents less than an equal fractional undivided interest in any distribution of the Trust Fund or, in the event of termination of the Trust, in the net assets of the Trust without the consent of the holders of all of the Trust Units then outstanding. The execution of this Trust Indenture by the Administrator shall not in any manner constitute or be deemed to constitute the consent or agreement to any amendment of the Royalty Agreement or the Administrative Services Agreement.

9.2 Notification of Amendment

As soon as shall be practicable after the making of any amendment pursuant to this Article 9, the Trustee shall furnish written notification of the substance of such amendment to each Unitholder.

ARTICLE 10 MEETINGS OF UNITHOLDERS

10.1 Annual and Special Meetings of Unitholders

Annual meetings of the Unitholders shall be held, commencing in 1997, on a day, at a time and at a place to be set by the Trustee. The business transacted at such meetings shall include the transaction of such business as Unitholders may be entitled to vote upon as hereinafter provided in this Article 10, or as the Trustee may determine. Special meetings of the Unitholders may be called at any time by the Trustee and shall be called by the Trustee upon a written request of Unitholders holding in the aggregate not less than 20% of the Trust Units then outstanding, such request specifying the purpose or purposes for which such meeting is to be called. For the purposes of determining such percentage required for such written request, the holders of any issued Special Voting Units shall not be regarded as representing outstanding Trust Units. Meetings of Unitholders shall be held in the City of Calgary, or at such other place as the Trustee shall designate. The Chairman of any annual or special meeting shall be a person designated by the Trustee for the purpose of such meeting except that, on the motion of any Unitholder, any person may be elected as Chairman by a majority of the votes cast at the meeting instead of such designated person or in the event that no person shall be designated by the Trustee.

10.2 Notice of Meetings

Notice of all meetings of Unitholders shall be given by unregistered mail postage prepaid addressed to each Unitholder and Special Unitholder at his registered address, mailed at least 21 days and not more than 60 days before the meeting. Such notice shall set out the time when, and the place where, such meeting is to be held and shall specify the nature of the business to be transacted at such meeting in sufficient detail to permit a Unitholder to form a reasoned judgment thereon, together with the text of any resolution proposed, at the time of mailing of the notice, to be passed. Any adjourned meeting may be held as adjourned without further notice. The accidental omission to give notice to or the non-receipt of such notice by any Unitholder or Special Unitholder shall not invalidate any resolution passed at any such meeting.

10.3 Quorum

At any meeting of the Unitholders, subject as hereinafter provided, a quorum shall consist of two or more individuals present in person either holding personally or representing as proxies not less than 5% of the outstanding Trust Units. For the purposes of determining such quorum, the holders of any issued Special Voting Units who are present in person or represented by proxy at the meeting shall not be regarded as representing outstanding Trust Units. In the event of such quorum not being present at the appointed place on the date for which the meeting is called within one half (½) hour after the time fixed for the holding of such meeting, the meeting, if convened on the requisition of Unitholders, shall be dissolved, but in any other case it shall stand adjourned to such day being not less than 14 days later and to such place and time as may be appointed by the Chairman of the meeting. If at such adjourned meeting a quorum as above defined is not present, the Unitholders present either personally or by proxy shall form a quorum, and any business may be brought before or dealt with at such an adjourned meeting which might have been brought before or dealt with at the original meeting in accordance with the notice calling the same.

10.4 Voting Rights of Unitholders

Only Unitholders and Special Unitholders of record shall be entitled to vote at any meeting of the Unitholders. Each Trust Unit shall entitle the holder or holders of that Trust Unit to one vote; each Special Voting Unit shall entitle the holder thereof to such number of votes as shall be determined in accordance with the applicable Voting and Exchange Trust Agreement. Every question submitted to a meeting, other than a Special Resolution, shall, unless a poll vote is demanded, be decided by a show of hands vote, on which every person present and entitled to vote shall be entitled to one vote. At any meeting of Unitholders, any holder of Trust Units entitled to vote thereat may vote by proxy and a proxy need not be a Unitholder, provided that no proxy shall be voted at any meeting unless it shall have been placed on file with the Trustee, or with such agent of the Trustee as the Trustee may direct, for verification at least twenty-four hours prior to the commencement of such meeting. If approved by the Trustee, proxies may be solicited in the name of the Trustee. When any Trust Unit is held jointly by several persons, any one of them may vote at any meeting in person or by proxy in respect of such Trust Unit, but if more than one of them shall be present at such meeting in person or by proxy, and such joint owners of their proxies so present disagree as to any vote to be cast, the joint owner present or represented whose name appears first in the register maintained pursuant to Section 11.3 shall be entitled to cast such vote. Any holder of a Special Voting Unit may vote by proxy or more than one proxy in accordance with the applicable Voting and Exchange Trust Agreement.

10.5 Resolutions

- (a) The Trustee shall in accordance with an Ordinary Resolution passed by the Unitholders:
 - (i) change or cause the Administrator to change the Auditors as provided in Section 15.3;

- (ii) exercise or cause the Administrator or others to exercise the voting rights at meetings of the Managed Entities in favour of the appointment of auditors of the Managed Entities;
 - (iii) exercise or cause the Administrator or others to exercise the voting rights at meetings of the Managed Entities in favour of the election of directors of the Managed Entities;
 - (iv) exercise or cause the Administrator or others to exercise the voting rights at meetings of the Managed Entities in favour of the ratification of any new bylaw of the Managed Entities or the amendment, repeal or modification of any bylaw of the Managed Entities; and
 - (v) exercise or cause the Administrator or others to exercise the voting rights at meetings of the Managed Entities in favour of any matter which requires security holder approval pursuant to stock exchange rules or securities laws, regulations or policies applicable to the Trust.
- (b) The Trustee shall in accordance with a Special Resolution passed by the Unitholders:
- (i) subject to Section 9.1, amend this Indenture;
 - (ii) subject to Section 9.1, approve any amendment to the Royalty Agreement of the Corporation;
 - (iii) subdivide or consolidate Trust Units;
 - (iv) sell or agree to sell the property of the Trust Fund as an entirety or substantially as an entirety or, subject to the Royalty Agreement, assign, transfer or dispose of the Royalty in whole or in part;
 - (v) subject to Section 9.1, amend the Administrative Services Agreement or enter into a replacement Administrative Services Agreement;
 - (vi) exercise or cause the Administrator or others to exercise the voting rights at meetings of the Managed Entities in favour of any matter which, under the *Business Corporations Act* (Alberta) or such other legislation as may at the relevant time govern the Managed Entities, requires the sanction of a special resolution of the shareholders of the Managed Entities;
 - (vii) appoint an Inspector if so requested pursuant to Section 10.9;
 - (viii) resign if removed pursuant to Section 6.3;
 - (ix) commence to windup and windup the affairs of the Trust if requested pursuant to Section 12.2; and

- (x) commence, defend, adjust or settle suits or legal proceedings in connection with the Trust and to represent the Trust in any such suits or legal proceedings (provided that the Trustee shall be required to comply with such authority and requirements only in the event that the Trustee has been provided with reasonable security for the payment of all costs which may be incurred in connection therewith).

Except with respect to the above matters set out in this Section 10.5 and the matters set forth in Sections 6.3, 6.4 and 12.2 hereof, no action taken by the Unitholders or resolution of the Unitholders at any meeting shall in any way bind the Trustee. Any action taken or resolution passed in respect of any matter at a meeting of Unitholders shall be by Special Resolution unless the contrary is otherwise expressly provided under any specific provisions of this Indenture.

10.6 Meaning of "Special Resolution"

Subject to Section 12.2, the expression "Special Resolution" when used in this Indenture means, subject as hereinafter in this Article provided, a resolution proposed to be passed as a special resolution at a meeting of Unitholders (including an adjourned meeting) duly convened for the purpose and held in accordance with the provisions of this Article at which two or more holders of at least 5% of the aggregate number of Trust Units then outstanding are present in person or by proxy and passed by the affirmative votes of the holders of not less than 66 $\frac{2}{3}$ % of the Trust Units represented at the meeting and voted on a poll upon such resolution. For the purpose of determining such quorum, the holder of any issued Special Voting Unit who is present in person or represented by proxy at the meeting shall not be regarded as representing outstanding Trust Units. For the purpose of determining such percentage of votes upon any such resolution, the holder of any issued Special Voting Unit who is present in person or represented by proxy at the meeting shall be regarded as representing outstanding Trust Units equivalent in number to such number of votes as shall be determined in accordance with the applicable Voting and Exchange Trust Agreement. Votes on a Special Resolution shall always be given on a poll and no demand for a poll on a Special Resolution shall be necessary.

10.7 Record Date for Voting

For the purpose of determining the Unitholders and any Special Unitholders who are entitled to vote or act at any meeting or any adjournment thereof, the Trustee may fix a date not more than 60 days and not less than 35 days prior to the date of any meeting of Unitholders as a record date for the determination of Unitholders and any Special Unitholders entitled to vote at such meeting or any adjournment thereof, and any Unitholder who was a Unitholder and any Special Unitholder who was a Special Unitholder at the time so fixed shall be entitled to vote at such meeting or any adjournment thereof even though he has since that time disposed of his Trust Units or Special Voting Units, as the case may be, and no Unitholder or Special Unitholder becoming such after that time shall be so entitled to vote at such meeting or any adjournment thereof. In the event that the Trustee does not fix a record date for any meeting of Unitholders, the record date for such meeting shall be the Business Day immediately preceding the date upon which notice of the meeting is given as provided under Section 10.2.

10.8 Binding Effect of Resolutions

Every Ordinary Resolution and every Special Resolution passed in accordance with the provisions of this Indenture at a meeting of Unitholders shall be binding upon all the Unitholders and Special Unitholders, whether present at or absent from such meeting, and each and every Unitholder and Special Unitholder shall be bound to give effect accordingly to every such Ordinary Resolution and Special Resolution.

10.9 Appointment of Inspector

The Trustee shall call a meeting of Unitholders upon the written request of Unitholders holding in the aggregate not less than 20% of the Trust Units then outstanding for the purpose of considering the appointment of an Inspector to investigate the performance by the Trustee of any of the responsibilities thereof. For the purpose of determining such percentage required for such written request, the holder of any issued Special Voting Unit shall not be regarded as holding Trust Units. The Inspector shall have such powers not inconsistent herewith, as may be conferred upon him at the meeting when he is appointed but in all events shall not have any powers to act in any capacity as the Trustee hereunder or in place or in stead of the Trustee in any manner hereunder.

10.10 Solicitation of Proxies

A Unitholder shall have the right to appoint a proxy to attend and act for the Unitholder at any meeting of Unitholders. A Special Unitholder shall have the right to appoint one or more proxies to attend and act for the Special Unitholder at any meeting of Unitholders as determined in accordance with the applicable Voting and Exchange Trust Agreement. The Trustee shall solicit proxies from Unitholders in connection with all meetings of Unitholders. In connection therewith, the Trustee shall comply, as near as may be possible, with all provisions of the *Business Corporations Act* (Alberta) and the requirements of Canadian securities legislation applicable to the solicitation of proxies.

10.11 No Breach

Notwithstanding any provisions of this Indenture, Unitholders and Special Unitholders shall have no power to effect any amendment hereto which would require the Trustee to take any action which would constitute a breach or default by the Trust or the Trustee under any agreement binding on or obligation of the Trust or the Trustee.

ARTICLE 11 CERTIFICATES, REGISTRATION AND TRANSFER OF TRUST UNITS

11.1 Nature of Trust Units

The nature of a Trust Unit and the relationship of a Unitholder to the Trustee and the relationship of one Unitholder to another is as described in Sections 2.4 and 2.5(c) and the provisions of this Article 11 shall not in any way alter the nature of Trust Units or the said relationships of a Unitholder to the Trustee and of one Unitholder to another, but are intended only to facilitate the issuance of certificates evidencing the registered ownership of Trust Units and the recording of

all such transactions whether by the Trustee, securities dealers, stock exchanges, transfer agents, registrars or other persons.

11.2 Certificates

The form of certificate representing Trust Units shall be substantially as set out in the Schedule hereto or such other form as is authorized from time to time by the Trustee. Each such certificate shall bear an identifying serial number and shall be certified manually on behalf of the Trustee. Any additional signature required by the Trustee to appear on such certificate may be printed, lithographed or otherwise mechanically reproduced thereon and, in such event, certificates so signed are as valid as if it had been signed manually. Any certificate which has one manual signature as hereinbefore provided shall be valid notwithstanding that one or more of the persons whose signature is printed, lithographed or mechanically reproduced no longer holds office at the date of issuance of such certificate. The Trust Certificates may be engraved, printed or lithographed, or partly in one form and partly in another, as the Trustee may determine.

11.3 Register of Unitholders

A register shall be kept at the principal corporate trust office of the Trustee in the City of Calgary by the Trustee or by a Transfer Agent designated to act on behalf and under the direction of the Trustee, which register shall contain the names and addresses of the Unitholders, the respective numbers of Trust Units held by them, the certificate numbers of the certificates representing such Trust Units and a record of all transfers thereof. Branch transfer registers shall be maintained at such other offices of the Trustee or Transfer Agent as the Trustee may from time to time designate. The Trustee shall designate an office in the Cities of Toronto and Montreal at which a branch register shall be maintained. Except in the case of the registers required to be maintained at the Cities of Calgary, Toronto and Montreal, the Trustee shall have the power at any time to close any register of transfers and in that event shall transfer the records thereof to another existing register or to a new register.

Only Unitholders whose certificates are so recorded shall be entitled to receive distributions or to exercise or enjoy the rights of Unitholders hereunder. The Trustee shall have the right to treat the person registered as a Unitholder on the register of the Trust as the owner of such Trust Units for all purposes, including, without limitation, payment of any distribution, giving notice to Unitholders and determining the right to attend and vote at meetings of Unitholders, and the Trustee shall not be bound to recognize any transfer, pledge or other disposition of a Trust Unit or any attempt to transfer, pledge or dispose of a Trust Unit, or any beneficial interest or equitable or other right or claim with respect thereto, whether or not the Trustee shall have actual or other notice thereof, until such Trust Unit shall have been transferred on the register of the Trust as herein provided.

The registers referred to in this Section shall at all reasonable times be open for inspection by the Unitholders, the Administrator and the Trustee.

11.4 Transfer of Trust Units

- (a) Subject to the provisions of this Article 11, the Trust Units shall be fully transferable without charge as between persons, but no transfer of Trust Units

shall be effective as against the Trustee or shall be in any way binding upon the Trustee until the transfer has been recorded on the register or one of the branch registers of transfer maintained by the Trustee or Transfer Agent. No transfer of a Trust Unit shall be recognized unless such transfer is of a whole Trust Unit.

- (b) Subject to the provisions of this Article 11, Trust Units shall be transferable on the register or one of the branch registers of Unitholders of the Trust only by the Unitholders of record thereof or their executors, administrators or other legal representatives or by their agents hereunto duly authorized in writing, and only upon delivery to the Trustee or to a Transfer Agent of the Trust if appointed, of the certificate therefor, if certificates representing Trust Units are issued, properly endorsed or accompanied by a duly executed instrument of transfer and accompanied by all necessary transfer or other taxes imposed by law, together with such evidence of the genuineness of such endorsement, execution and authorization and other matters that may reasonably be required by the Trustee. Upon such delivery the transfer shall be recorded on the register of Unitholders and a new certificate for the residue thereof (if any) shall be issued to the transferor.
- (c) Any person becoming entitled to any Trust Units as a consequence of the death, bankruptcy or incompetence of any Unitholder or otherwise by operation of law, shall be recorded as the holder of such Trust Units and shall receive a new certificate therefor only upon production of evidence satisfactory to the Trustee thereof and delivery of the existing certificate to the Trustee, but until such record is made the Unitholder of record shall continue to be and be deemed to be the holder of such Trust Units for all purposes whether or not the Trustee shall have actual or other notice of such death or other event.

11.5 Trust Units Held Jointly or in a Fiduciary Capacity

The Trustee may treat two or more persons holding any Trust Units as joint owners of the entire interest therein unless their ownership is expressly otherwise recorded on the register of the Trust, but no entry shall be made in the register or on any certificate that any person is in any other manner entitled to any future, limited or contingent interest in any Trust Units; provided, however, that any person recorded as a Unitholder may, subject to the provisions hereinafter contained, be described in the register or on any certificate as a fiduciary of any kind and any customary words may be added to the description of the holder to identify the nature of such fiduciary relationship. Where any Trust Certificate is registered in more than one name, the distributions (if any) in respect thereof may be paid to the order of all such holders failing written instructions from them to the contrary and such payment shall be a valid discharge to the Trustee and any Transfer Agent. In the case of the death of one or more joint holders, the distributions (if any) in respect of any Trust Units may be paid to the survivor or survivors of such holders and such payment shall be a valid discharge to the Trustee and any Transfer Agent.

11.6 Performance of Trust

The Trustee, the Administrator, the Unitholders and any officer or agent of the Trustee or Administrator shall not be responsible for or otherwise inquire into or ensure the performance of any trust, express, implied or constructive, or of any charge, pledge or equity to which any of the Trust Units or any interest therein are or may be subject, or to ascertain or enquire whether any transfer of any such Trust Units or interests therein by any such Unitholder or by his personal representatives is authorized by such trust, charge, pledge or equity, or to recognize any person as having any interest therein except for the person recorded as Unitholder.

11.7 Lost Certificates

In the event that any certificate for Trust Units is lost, stolen, destroyed or mutilated, the Trustee may authorize the issuance of a new certificate for the same number of Trust Units in lieu thereof. The Trustee may in its discretion, before the issuance of such new certificate, require the owner of the lost, stolen, destroyed or mutilated certificate, or the legal representative of the owner, to make an affidavit or statutory declaration setting forth such facts as to the loss, theft, destruction or mutilation as the Trustee may deem necessary, to surrender any mutilated certificate and may require the applicant to supply to the Trust a "lost certificate bond" or a similar bond in such reasonable sum as the Trustee may direct indemnifying the Trustee and its agent for so doing. The Trustee shall have the power to require from an insurer or insurers a blanket lost security bond or bonds in respect of the replacement of lost, stolen, destroyed or mutilated certificates. The Trustee shall pay all such premiums and other funds of money payable for such purpose out of the Trust Fund with such contribution, if any, by those insured as may be determined by the Trustee in its sole discretion. If such blanket lost security bond is required, the Trustee may authorize and direct (upon such terms and conditions as the Trustee may from time to time impose) any agent to whom the indemnity of such bond extends to take such action to replace any lost, stolen, destroyed or mutilated certificate without further action or approval by the Trustee.

11.8 Death of a Unitholder

The death of a Unitholder during the continuance of the Trust shall not terminate the Trust or any of the mutual or respective rights and obligations created by or arising under this Trust Indenture nor give such Unitholder's personal representative a right to an accounting or to take any action in court or otherwise against other Unitholders or the Trustee or the Trust Fund, but shall entitle the personal representatives of the deceased Unitholder to demand and receive, pursuant to the provisions hereof, a new certificate for Trust Units in place of the certificate held by the deceased Unitholder, and upon the acceptance thereof such personal representatives shall succeed to all rights of the deceased Unitholder under this Indenture.

11.9 Unclaimed Interest or Distribution

In the event that the Trustee shall hold any amount of interest or other distributable amount which is unclaimed or which cannot be paid for any reason, the Trustee shall be under no obligation to invest or reinvest the same but shall only be obliged to hold the same in a non-interest bearing account pending payment to the person or persons entitled thereto. The Trustee

shall, as and when required by law, and may at any time prior to such required time, pay all or part of such interest or other distributable amount so held to the Public Trustee (or other appropriate Government official or agency) whose receipt shall be a good discharge and release of the Trustee.

11.10 Exchanges of Trust Certificates

Trust Certificates representing any number of Trust Units may be exchanged, upon payment by a Unitholder of the Trustee's normal fees and charges relating thereto, for Trust Certificates representing an equivalent number of Trust Units in the aggregate. Any exchange of Trust Certificates may be made at the offices of the Trustee or at the offices of any Transfer Agent where registers are maintained for the Trust Certificates pursuant to the provisions of this Article 11. Any Trust Certificates tendered for exchange shall be surrendered to the Trustee or appropriate Transfer Agent and shall be cancelled.

ARTICLE 12 TERMINATION

12.1 Termination Date

Unless the Trust is terminated or extended earlier, the Trustee shall commence to wind up the affairs of the Trust on December 31, 2096.

12.2 Termination by Special Resolution of Unitholders

- (a) The Unitholders may vote by Special Resolution to terminate the Trust at any meeting of Unitholders duly called for the purpose, whereupon the Trustee shall commence to wind up the affairs of the Trust, provided that such a vote may only be held if requested in writing by the holders of not less than 20% of the Trust Units or the Trust Units have become ineligible for investment by registered retirement savings plans, registered retirement income funds and deferred profit sharing plans.
- (b) For the purpose of this Section and notwithstanding any other provision hereof, a quorum of at least 50% of the issued and outstanding Trust Units must be present or represented by proxy at the meeting or any adjournment thereof at which the vote is taken.

12.3 Procedure Upon Termination

Forthwith upon being required to commence to wind up the affairs of the Trust, the Trustee shall give notice thereof to the Unitholders, which notice shall designate the time or times at which Unitholders may surrender their Trust Units for cancellation and the date at which the register of the Trust shall be closed.

12.4 Powers of the Trustee upon Termination

After the date on which the Trustee is required to commence to wind up the affairs of the Trust, the Trustee shall carry on no activities except for the purpose of winding up the affairs of the Trust as hereinafter provided and for these purposes, the Trustee shall continue to be vested with and may exercise all or any of the powers conferred upon the Trustee under this Indenture.

12.5 Sale of Investments

After the date referred to in Section 12.4, the Trustee shall proceed to wind up the affairs of the Trust as soon as may be reasonably practicable and for such purpose shall, subject to the terms of any agreements binding on or obligations of the Trust and the Trustee, sell and convert into money the Royalty and other assets comprising the Trust Fund in one transaction or in a series of transactions at public or private sale and do all other acts appropriate to liquidate the Trust Fund, and shall in all respects act in accordance with the directions, if any, of the Unitholders (in respect of a termination authorized under Section 12.2) and the Administrator (subject to any resolution of the Unitholders, in the case of termination pursuant to Section 12.2). Notwithstanding anything herein contained, in no event shall the Trust be wound up until the Royalty and other investments shall have been disposed of, and under no circumstances shall any Unitholder come into possession of any interest in the Royalty, except as permitted in Section 3.13.

12.6 Distribution of Proceeds

After paying, retiring or discharging or making provision for the payment, retirement or discharge of all known liabilities and obligations of the Trust and providing for indemnity against any other outstanding liabilities and obligations, the Trustee shall distribute the remaining part of the proceeds of the sale of the Royalty and other assets together with any cash forming part of the Trust Fund among the Unitholders in accordance with their pro rata shares.

12.7 Further Notice to Unitholders

In the event that all of the Unitholders shall not surrender their Trust Units for cancellation within 6 months after the time specified in the notice referred to in Section 12.3, such remaining Trust Units shall be deemed to be cancelled without prejudice to the rights of the holders of such Trust Units to receive their pro rata shares of the amounts referred to in Section 12.6 and the Trustee may either take appropriate steps, or appoint an agent to take appropriate steps, to contact such Unitholders (deducting all expenses thereby incurred from the amounts to which such Unitholders are entitled as aforesaid) or, in the discretion of the Trustee, may pay such amounts into court.

12.8 Responsibility of Trustee after Sale and Conversion

The Trustee shall be under no obligation to invest the proceeds of any sale of the Royalty or other assets or cash forming part of the Trust Fund after the date referred to in Section 12.4 and, after such sale, the sole obligation of the Trustee under this Indenture shall be to hold such proceeds in trust for distribution under Section 12.6.

ARTICLE 13 SUPPLEMENTAL INDENTURES

13.1 Provision for Supplemental Indentures

From time to time the Trustee may, subject to the provisions hereof, and it shall, when so directed in accordance with the provisions hereof, execute and deliver by its proper officers, indentures or instruments supplemental hereto, which thereafter shall form part hereof, for any one or more or all of the following purposes:

- (a) adding to the provisions hereof such additional provisions as, in the opinion of Counsel, are necessary or advisable in the premises, provided that the same are not in the opinion of the Trustee prejudicial to the interests of the Unitholders;
- (b) giving effect to any Special Resolution passed as provided in Article 10;
- (c) making such provisions not inconsistent with this Indenture as may be necessary or desirable with respect to matters or questions arising hereunder, provided that such provisions are not, in the opinion of the Trustee, prejudicial to the interests of the Unitholders;
- (d) making any modification in the form of Trust Certificates which does not materially affect the substance thereof;
- (e) modifying any of the provisions of this Indenture (including relieving the Administrator from any obligations, conditions or restrictions herein contained) provided that the Trustee may in its sole discretion decline to enter into any such supplemental indenture which in its opinion may not afford adequate protection to the Trustee when the same shall become operative; and
- (f) for any other purpose not inconsistent with the terms of this Indenture, including the correction or rectification of any ambiguities, defective or inconsistent provisions, errors, mistakes or omissions herein, provided that in the opinion of the Trustee, the rights of the Trustee and the Unitholders are not prejudiced thereby.

ARTICLE 14 NOTICES TO UNITHOLDERS

14.1 Notices

Any notice required to be given under this Indenture to the Unitholders shall be given by letter or circular sent through ordinary post addressed to each registered holder at his last address appearing on the register; provided that if there is a general discontinuance of postal service due to strike, lockout or otherwise, such notice may be given by publication twice in the National Edition of The Globe and Mail or any other newspaper having national circulation in Canada; provided further that if there is no newspaper having national circulation, then by publishing twice in a newspaper in each city where the register or a branch register is maintained. Any

notice so given shall be deemed to have been given on the day following that on which the letter or circular was posted or, in the case of notice being given by publication, the day following the day of the second publication in the designated newspaper or newspapers. In proving notice was posted, it shall be sufficient to prove that such letter or circular was properly addressed, stamped and posted.

14.2 Failure to Give Notice

The failure by the Trustee, by accident or omission or otherwise unintentionally, to give any Unitholder any notice provided for herein shall not affect the validity or effect of any action referred to in such notice, and the Trustee shall not be liable to any Unitholder for any such failure.

14.3 Joint Holders

Service of a notice or document on any one of several joint holders of Trust Units shall be deemed effective service on the other joint holders.

14.4 Service of Notice

Any notice or document sent by post to or left at the address of a Unitholder pursuant to this Article shall, notwithstanding the death or bankruptcy of such Unitholder, and whether or not the Trustee has notice of such death or bankruptcy, be deemed to have been fully served and such service shall be deemed sufficient service on all persons interested in the Trust Units concerned.

**ARTICLE 15
AUDITORS**

15.1 Qualification of Auditors

The Auditors shall be an independent recognized firm of chartered accountants which has an office in Alberta.

15.2 Appointment of Auditors

The Trustee hereby appoints KPMG LLP, Chartered Accountants, as the Auditors of the Trust, to hold such office until the first annual meeting of the Unitholders at such remuneration as may be approved by the Trustee. The Auditors will be appointed at each annual meeting of Unitholders, and the Trustee shall, from time to time, approve the remuneration to be paid to the Auditors.

15.3 Change of Auditors

The Auditors may at any time be removed by the Trustee with the approval of a majority of the votes cast by Unitholders at a meeting of Unitholders duly called for the purpose and, upon the resignation or the removal of Auditors as aforesaid, new auditors may be appointed by the Trustee with the approval of a majority of votes cast by Unitholders at a meeting duly called for the purpose.

15.4 Reports of Auditors

The Auditors shall audit the accounts of the Trust at least once in each year and a report of the Auditors with respect to the annual financial statements of the Trust shall be provided to each Unitholder as set out in Section 16.3.

ARTICLE 16 ACCOUNTS, RECORDS AND FINANCIAL STATEMENTS

16.1 Records

The Trustee shall keep such books, records and accounts as are necessary and appropriate to document the Trust Fund and each transaction of the Trust. Without limiting the generality of the foregoing, the Trustee will, at its principal office in Calgary, Alberta, keep records of all transactions of the Trust, a list of the Royalty and other assets of the Trust Fund from time to time and a copy of this Indenture and the Material Contracts with any amendments thereto.

16.2 Quarterly Reporting to Unitholders

The Trustee will mail to each Unitholder on or before May 30, August 29 and November 29 in each year, an unaudited quarterly financial statement of the Trust Fund for the most recent calendar quarter and an unaudited statement of receipts and disbursements related to the Royalty.

16.3 Annual Reporting to Unitholders

The Trustee will mail:

- (a) to each Unitholder, within 140 days after the end of each year, the audited consolidated financial statements of the Trust for the most recently completed year together with the report of the Auditors thereon;
- (b) to each person who received a distribution from the Trust during a year, within 90 days after the end of such year, tax reporting information relating to such year for the purpose of enabling such persons to report the income tax consequences of their respective investments in Trust Units in their respective annual Canadian income tax returns; and
- (c) annually to each Unitholder a summary review of the acquisitions and dispositions of assets that have occurred during the preceding year, and activities conducted thereon, including well locations and aggregate amounts of petroleum and natural gas produced therefrom and related operating costs. A summary description of material changes in the Trust's financial affairs and their expected impact on Unitholders will also be provided.

16.4 Additional Reporting to Unitholders

If any material change occurs in relation to the Trust, Unitholders will be advised thereof in accordance with applicable law and regulatory policy. The Trust will comply with its continuous disclosure obligations under all applicable securities legislation.

16.5 Information Available to Unitholders

- (a) Each Unitholder shall have the right to obtain, on demand and on payment of reasonable reproduction costs, from the head office of the Trust, a copy of this Indenture and any indenture supplemental hereto or any Material Contract.
- (b) Each Unitholder, upon payment of a reasonable fee and upon sending to the Trustee the affidavit referred to in paragraph (d) below, may upon application require the Trustee to furnish within 10 days from the receipt of the affidavit a list (the "basic list") made up to a date not more than 10 days before the date of receipt of the affidavit setting out the names of the Unitholders, the number of Trust Units owned by each Unitholder and the address of each Unitholder as shown on the records of the Trustee.
- (c) A person requiring the Trustee to supply a basic list may, if he states in the affidavit referred to in paragraph (d) below that he requires supplemental lists, require the Trustee upon payment of a reasonable fee to furnish supplemental lists setting out any changes from the basic list in the names or addresses of the Unitholders and the number of Trust Units owned by each Unitholder for each business day following the date the basic list is made up to.
- (d) The affidavit referred to in paragraph (b) above shall state:
 - (i) the name and address of the applicant;
 - (ii) the name and address for service of the body corporate if the applicant is a body corporate; and
 - (iii) that the basic list and any supplemental lists will not be used except as permitted under paragraph (e) below.
- (e) A list of Unitholders obtained under this Section shall not be used by any person except in connection with:
 - (i) an effort to influence the voting of Unitholders;
 - (ii) an offer to acquire Trust Units; or
 - (iii) any other matter relating to the affairs of the Trust.

16.6 Income Tax: Obligation of the Trustee

The Trustee shall satisfy, perform and discharge all obligations and responsibilities of the Trustee under the Tax Act or any similar provincial legislation, and neither the Trust nor the Trustee shall be accountable or liable to any Unitholder by reason of any act or acts of the Trustee consistent with any such obligations or responsibilities.

16.7 Income Tax: Designations

In the return of its income under Part I of the Tax Act for each year the Trust shall make such designations to Unitholders with respect to any amounts distributed or payable to Unitholders in the year including, without restricting the generality of the foregoing, designations with respect to any taxable capital gains realized and distributed to Unitholders by the Trust in the year, and any interest payable to Unitholders in the year, as shall be permitted under the provisions of the Tax Act and as the Trustee in its sole discretion shall deem to be reasonable and equitable. In the first year, in filing a return of income for the Trust, the Trust shall elect that the Trust be deemed to be a mutual fund trust for the entire year.

16.8 Income Tax: Deductions

The Administrator shall determine the tax deductions to be claimed by the Trust in any year, and the Trustee shall claim such deductions for the purposes of computing the income of the Trust pursuant to the provisions of the Tax Act.

16.9 Fiscal Year

The fiscal year of the Trust shall end on December 31 of each year.

ARTICLE 17 TAKE-OVER BID PROVISIONS

17.1 Definitions

In this Article 17:

- (a) **"Dissenting Unitholder"** means a Unitholder who does not accept an Offer referred to in Section 17.2 and includes any assignee of the Trust Unit of a Unitholder to whom such an Offer is made, whether or not such assignee is recognized under this Declaration of Trust;
- (b) **"Offer"** means an offer to acquire outstanding Trust Units where, as of the date of the offer to acquire, the Trust Units that are subject to the offer to acquire, together with the Offeror's Units, constitute in the aggregate 20% or more of all outstanding Trust Units;
- (c) **"offer to acquire"** includes an acceptance of an offer to sell;

- (d) **"Offeror"** means a person, or two or more persons acting jointly or in concert, who make an Offer to acquire Trust Units;
- (e) **"Offeror's Notice"** means the notice described in Section 17.3;
- (f) **"Offeror's Units"** means Trust Units beneficially owned, or over which control or direction is exercised, on the date of an Offer by the Offeror, any Affiliate or Associate of the Offeror or any person or company acting jointly or in concert with the Offeror;

17.2 Offers for Trust Units

If an Offer for all of the outstanding Trust Units (other than Trust Units held by or on behalf of the Offeror or an Affiliate or Associate of the Offeror) is made and:

- (a) within the time provided in the Offer for its acceptance or within 45 days after the date the Offer is made, whichever period is the shorter, the Offer is accepted by Unitholders representing at least 90% of the outstanding Trust Units, other than the Offeror's Units;
- (b) the Offeror is bound to take up and pay for, or has taken up and paid for the Trust Units of the Unitholders who accepted the Offer, and
- (c) the Offeror complies with Sections 17.3 and 17.5

the Offeror is entitled to acquire, and the Dissenting Unitholders are required to sell to the Offeror, the Trust Units held by the Dissenting Unitholders for the same consideration per Trust Unit payable or paid, as the case may be, under the Offer.

17.3 Offeror's Notice

Where an Offeror is entitled to acquire Trust Units held by Dissenting Unitholders pursuant to subsection (2), and the Offeror wishes to exercise such right, the Offeror shall send by registered mail within 30 days after the date of termination of the Offer a notice (the "Offeror's Notice") to each Dissenting Unitholder stating that:

- (a) Unitholders holding at least 90% of the Trust Units of all Unitholders, other than Offeror's Units, have accepted the Offer;
- (b) the Offeror is bound to take up and pay for, or has taken up and paid for, the Trust Units of the Unitholders who accepted the Offer;
- (c) Dissenting Unitholders must transfer their respective Trust Units to the Offeror on the terms on which the Offeror acquired the Trust Units of the Unitholders who accepted the Offer within 21 days after the date of the sending of the Offeror's Notice; and

- (d) Dissenting Unitholders must send their respective Trust Unit Certificate(s) to the Fund within 21 days after the date of the sending of the Offeror's Notice.

17.4 Delivery of Trust Unit Certificates

A Dissenting Unitholder to whom an Offeror's Notice is sent pursuant to subsection (3) shall, within 21 days after the sending of the Offeror's Notice, send his or her Trust Unit Certificate(s) to the Trustee, duly endorsed for transfer.

17.5 Payment for Trust Units

Within 21 days after the Offeror sends an Offeror's Notice pursuant to subsection (3), the Offeror shall pay or transfer to the Trustee, or to such other person as the Trustee may direct, the cash or other consideration that is payable to Dissenting Unitholders pursuant to Section 17.2.

17.6 Deposit of Funds

The Trustee, or the person directed by the Trustee, shall hold in trust for the Dissenting Unitholders the cash or other consideration it receives under Section 17.5. The Trustee, or such person, shall deposit cash in a separate account in a Canadian chartered bank, and shall place other consideration in the custody of a Canadian chartered bank or similar institution for safekeeping.

17.7 Transfer of Trust Units

Within 30 days after the date of the sending of an Offeror's Notice pursuant to Section 17.3, the Trustee, if the Offeror has complied with Section 17.5 shall:

- (a) do all acts and things and execute and cause to be executed all instruments as in the Trustee's opinion may be necessary or desirable to cause the transfer of the Trust Units of the Dissenting Unitholders to the Offeror;
- (b) send to each Dissenting Unitholder who has complied with Section 17.4 the consideration to which such Dissenting Unitholder is entitled under this Article 17; and
- (c) send to each Dissenting Unitholder who has not complied with Section 17.4 a notice stating that:
 - (i) his or her Trust Units have been transferred to the Offeror;
 - (ii) the Trustee or some other person designated in such notice are holding in trust the consideration for such Trust Units; and
 - (iii) the Trustee, or such other person, will send the consideration to such Dissenting Unitholder as soon as practicable after receiving such Dissenting Unitholder's Certificate(s) or such other documents as the Trustee, or such other person may require in lieu thereof;

and the Trustee is hereby appointed the agent and attorney of the Dissenting Unitholders for the purposes of giving effect to the foregoing provisions.

17.8 Delivery of Offer to the Trustee

An Offeror cannot make an Offer for Trust Units unless, concurrent with the communication of the Offer to any Unitholder, a copy of the Offer is provided to the Trustee.

**ARTICLE 18
MISCELLANEOUS**

18.1 Continued Listing

The Trustee hereby appoints the Administrator as its agent and the Administrator hereby covenants to the Trustee and agrees that it shall, at the cost and expense of the Trust, take all steps and actions and do all things that may be required to obtain and maintain the listing and posting for trading of the Trust Units on The Toronto Stock Exchange and to maintain its status as a "reporting issuer" not in default of the securities legislation and regulations of each of the provinces of Canada.

18.2 Successors and Assigns

The provisions of this Indenture shall enure to the benefit of and be binding upon the parties and their successors and, in the case of the Administrator, its assigns.

18.3 Counterparts

This Trust Indenture may be simultaneously executed in several counterparts, each of which so executed shall be deemed to be an original, and such counterparts, together, shall constitute but one and the same instrument, which shall be sufficiently evidenced by any such original counterparts.

18.4 Severability

If any provision of this Trust Indenture shall be held invalid or unenforceable in any jurisdiction, such invalidity or unenforceability shall attach only to such provision in such jurisdiction and shall not in any manner affect or render invalid or unenforceable such provision in any other jurisdiction or any other provision of this Indenture in any jurisdiction.

18.5 Day Not a Business Day

Subject to Section 5.3, in the event that any day on or before which any amount is to be determined or any action is required to be taken hereunder is not a Business Day, then such amount shall be determined or such action shall be required to be taken at or before the requisite time on the next succeeding day that is a Business Day.

18.6 Time of the Essence

Time shall be of the essence in this Trust Indenture.

18.7 Governing Law

This Trust Indenture and the Trust Certificates shall be construed in accordance with the laws of the Province of Alberta and the laws of Canada applicable therein and shall be treated in all respects as Alberta contracts. The parties hereby irrevocably submit to the jurisdiction of the Courts of the Province of Alberta.

18.8 Notices to Trustee and Administrator

- (a) Any notice to the Trustee under this Trust Indenture shall be valid and effective if delivered or if given by registered letter, postage prepaid, addressed to the attention of the Trust at the principal trust office of the Trustee at 710, 530 – 8th Avenue S.W., Calgary, Alberta, T2P 3S8, Attention: Manager Corporate Trust or to the attention of any employee or officer of the Trustee who shall be designated by the Trustee, or may be given by telex or telecommunications device, at (403) 267-6598 and shall be deemed to have been given on the date of delivery or, if mailed, effective five (5) days after deposit in the Canadian mail.
- (b) Any notice to the Administrator under this Trust Indenture shall be valid and effective if delivered or if given by registered letter, postage prepaid, addressed to the Administrator at 1310, 111 – 5th Avenue S.W., Calgary, Alberta, T2P 3Y6, Attention: the President, or may be given by telex or telecommunications device at (403) 268-7499 and shall be deemed to have been effectively given on the date of delivery or, if mailed, five (5) days after deposit in the Canadian mail.
- (c) The Administrator or the Trustee may from time to time notify the other in writing of a change of address which thereafter, until changed by like notice, shall be the address of the Administrator or the Trustee for all purposes of this Indenture.
- (d) If, by reason of a strike, lockout or other work stoppage, actual or threatened, involving postal employees, any notice to be given hereunder could reasonably be considered unlikely to reach its destination, such notice shall be valid and effective only if it is delivered at the appropriate address provided in this Section, by cable, telegram, telex, telecommunications device or other means of prepaid, transmitted and recorded communication.

18.9 References to Agreements

Any reference herein to any agreement, contract or obligation shall refer to such agreement, contract or obligation as the same may be amended from time to time.

Executed and delivered.

Schedule

To the annexed indenture dated as of May 16, 1996 and amended and restated as of September 6, 2005 and made between:

SHININGBANK ENERGY LTD.,

RICHARDSON GREENSHIELDS OF CANADA LIMITED

and

COMPUTERSHARE TRUST COMPANY OF CANADA

**(Form of Certificate for the Trust
Units in the English Language)**

TRUST UNITS

Shiningbank Energy Income Fund

**(a trust created under the laws of the Province of Alberta
by a Trust Indenture dated as of May 16, 1996)**

No. _____ Trust Units
CUSIP _____

THIS CERTIFIES THAT

is the registered holder of _____ fully paid Trust Units issued by Shiningbank Energy Income Fund.

The Trust Units represented by this Certificate are issued upon the terms and subject to the conditions of an indenture (which indenture together with all other instruments supplemental or ancillary thereto is herein referred to as the "Trust Indenture") dated as of May 16, 1996 and amended and restated as of October 9, 2002 and made between Richardson Greenshields of Canada Limited, Shiningbank Energy Ltd. and Computershare Trust Company of Canada (the "Trustee") which Trust Indenture is binding upon all holders of Trust Units and, by acceptance of this Certificate, the holder assents to the terms and conditions of the Trust Indenture. Terms defined in the Trust Indenture have the same meaning when used herein.

A copy of the Trust Indenture pursuant to which this certificate and the Trust Units represented hereby are issued may be obtained by any Unitholder on demand and on payment of reasonable photocopying costs from the head office of Shiningbank Energy Income Fund (the "Trust").

This Trust Certificate may only be transferred, upon compliance with the conditions prescribed in the Trust Indenture, on the registers to be kept at the office of the Trustee in the City of Calgary and at such other place or places, if any, as the Trustee may designate, by the registered holder thereof or his executors or administrators or other legal representatives or his or their attorney duly appointed by an instrument in writing in form and execution satisfactory to the Trustee, and upon compliance with such reasonable requirements as the Trustee may prescribe.

The Trust Indenture contains provisions for the holding of meetings of Unitholders and rendering resolutions passed at such meetings binding upon all Unitholders.

The Trust Indenture provides that no Unitholder shall incur or be subject to any liability in connection with the Trust Fund or the obligations or the affairs of the Trust or with respect to any act performed by the Trustee or by any other person pursuant to the Trust Indenture.

The Trust Indenture provides that Trust Units shall be issued only when fully paid and the Unitholders shall not thereafter be required to make any further contribution to the Trust with respect to such Trust Units.

This Trust Certificate shall not be valid for any purpose until it shall have been certified by the Trustee under the Trust Indenture.

AGREEMENT AMENDING

ROYALTY AGREEMENT

September 6, 2005

BETWEEN

SHININGBANK ENERGY LTD., a corporation amalgamated under the laws of Alberta, having its registered office and principal place of business in Calgary, Alberta (the "Grantor")

and

COMPUTERSHARE TRUST COMPANY OF CANADA, a trust company incorporated under the laws of Canada, with offices in Calgary, Alberta ("Trustee") for and on behalf of **Shiningbank Energy Income Fund**, a trust formed in accordance with the laws of Alberta (the "Fund")

Recitals

- A.** The holders of the trust units (the "Unitholders") of Shiningbank Energy Income Fund (the "Fund") resolved at a Special Meeting of the Unitholders (the "Unitholders") held on May 10, 2005 (the "Meeting"), that certain amendments be made to the amended and restated royalty agreement between the Trustee, on behalf of the Fund, and the Grantor dated July 31, 1996, as amended and restated on February 28, 2003 (the "Royalty Agreement").
- B.** The parties hereto wish to amend and restate the Royalty Agreement to reflect the above.

The parties agree as follows.

ARTICLE 1 AMENDMENTS

The parties hereto agree that the Royalty Agreement will be amended effective as of the date set out above such that it shall be amended and restated, such restatement to be in the form attached hereto as Schedule "A" to this Agreement, and such restated Royalty Agreement shall be the Royalty Agreement.

ARTICLE 2 CONTINUATION

The Royalty Agreement, as amended as aforesaid, shall continue in full force and effect in accordance with the terms thereof.

**ARTICLE 3
MISCELLANEOUS**

3.1 Enurement

This Agreement shall enure to the benefit of and be binding upon the parties hereto and their respective successors and permitted assigns.

3.2 Waivers in Writing

No waiver by any party hereto of any breach of any of the covenants, conditions and provisions herein contained shall be effective or be binding on any other party hereto unless such waiver is expressed in writing and any waiver so expressed shall not limit or affect its rights with respect to any other or future breach.

3.3 Amendments

No amendment, alteration or variation of this Agreement or any of its terms or conditions shall be binding upon the parties hereto unless made in writing and signed by the duly authorized representatives of each of the parties hereto.

3.4 Liability

The parties hereto acknowledge that the Trustee is entering into this agreement solely in its capacity as Trustee on behalf of the Trust and the obligations of the Trust hereunder shall not be personally binding upon the Trustee or any of the holders of the Trust Units of the Trust such that any recourse against the Trust, the Trustee or the Administrator or any holder of the Trust Units of the Trust in any manner in respect of any indebtedness, obligation or liability of the Trust arising hereunder or arising in connection herewith or from the matters to which this agreement relates, if any, including without limitation claims based in contract, on negligence or tortious behaviour or otherwise, shall be limited to, and satisfied only out of, the Trust Fund as defined in the Trust Indenture dated as of May 16, 1996, as amended or restated from time to time, relating to the Trust.

Executed and delivered.

Schedule A

Amended and restated
as of September 6, 2005

ROYALTY AGREEMENT

Between:

SHININGBANK ENERGY LTD., a corporation incorporated under the laws of Alberta, having its registered office and principal place of business in Calgary, Alberta

and

COMPUTERSHARE TRUST COMPANY OF CANADA, a trust company incorporated under the laws of Canada with offices in Calgary, Alberta as trustee for and on behalf of **Shiningbank Energy Income Fund**, a trust formed in accordance with the laws of Alberta

Recital:

The Grantor wishes to grant the Royalty and the Royalty Owner wishes to acquire the Royalty from the Grantor on the terms and conditions set forth herein.

The parties agree as follows.

ARTICLE 1 DEFINITIONS

1.1 Definitions

For the purposes of this Agreement, including the recitals, the following words and expressions shall have the following meanings except where the context otherwise expressly provides:

"Additional Properties" means those P&NG Rights and any related Tangibles and Miscellaneous Interests which are acquired by the Grantor after the Closing Date;

"Administrative Services Agreement" means the agreement between the Grantor and the Trustee as trustee for and on behalf of the Royalty Fund dated October 9, 2002, pursuant to which the Grantor has agreed to provide certain management and administration services to the Royalty Fund and the Trustee, and all amendments thereof, substitutions therefor and replacements thereof;

"Affiliate" means an affiliated body corporate within the meaning of Section 2(1) of the *Business Corporations Act* (Alberta);

"**Agreement**" means this agreement including the Schedule A hereto;

"**ARC**" means credits or rebates in respect of Crown Royalties which are paid or credited by the Crown, including those paid or credited under the *Alberta Corporate Tax Act* which are commonly known as "Alberta Royalty Credits";

"**Asset Value**" in respect of any Property or the Properties at any time means the present worth (using the Discount Rate) of the estimated pre-tax net cash flow from such Property or the Properties of the Proved Reserves and 50% of the Probable Reserves shown on the most recent independent engineering report relating to such Property or the Properties;

"**Business Day**" means a day other than a Saturday, Sunday or statutory holiday in Alberta;

"**Canadian resource property**" shall have the meaning attributable to such term in the Tax Act;

"**Capital Costs**" means:

- (a) drilling costs, completion costs and equipping costs of wells; and
- (b) all other costs relating to the Properties which are "capital costs" under GAAP;

but does not include Future Acquisition Costs;

"**Closing**" means the closing of the issuance of Trust Units by the Royalty Fund contemplated by a final prospectus dated July 18, 1996;

"**Closing Date**" means the date upon which the Closing occurs;

"**Commodity Price Swaps**" means swap, hedging and other arrangements made by the Grantor, from time to time, the purpose of which is to mitigate or eliminate fluctuations in prices or commodities which affect Production Costs or revenues attributable to the Properties;

"**Credit Facilities**" means the credit facilities of the Grantor existing as of the date hereof, and those made available to the Grantor, from time to time hereafter, to fund the payment of or to refinance the payment of Production Costs, Future Acquisition Costs and other corporate requirements of the Grantor, and all amendments thereto, substitutions therefor and replacements thereof;

"**Crown**" means Her Majesty the Queen in Right of Canada or a Province thereof;

"**Crown Royalties**" means any amount paid or payable to or received or receivable by the Crown by virtue of an obligation imposed by statute or a contractual obligation substituted for an obligation imposed by statute as a royalty, tax (other than municipal or school tax), lease rental or bonus or in lieu thereof that may be reasonably regarded as being in relation to P&NG Rights or the production of Petroleum Substances;

"Currency Exchange Swaps" means swap, hedging and other arrangements made by the Grantor, from time to time, the purpose of which is to mitigate or eliminate fluctuations in rates of exchange of one currency for another which affect Production Costs or revenues attributable to the Properties;

"Debt Service Charges" means, in respect of a Period:

- (a) all interest, penalties, fees, indemnities, legal costs, and other costs, expenses and disbursements for which the Grantor is liable pursuant to the Credit Facilities and which, in each case, accrue during such Period;
- (b) all amounts payable during such Period on account of principal pursuant to the Credit Facilities including, without limitation, scheduled, prepaid (voluntary or mandatory) and accelerated principal and (subject to the provisos below) any amounts required to be paid on account of banker's acceptances and letters of credit (other than fees described in (a) above);
- (c) plus (if there is a net loss) or minus (if there is a net profit) the net profit or loss from Interest Rate Swaps which accrues during such Period;

provided that the difference between the face amount of a banker's acceptance which is issued and accepted pursuant to the Credit Facilities and its discount proceeds (such difference being the "imputed interest") shall be treated as interest accruing at the times that it is considered to accrue in accordance with GAAP and provided that when the Grantor becomes liable under the Credit Facilities to pay the full amount of a banker's acceptance, the face amount less the amount of imputed interest for such banker's acceptance shall be included in the Debt Service Charges;

"Deductible Production Costs" means, in respect of a Period and without duplication:

- (a) Production Costs for that Period; plus
 - (b) Deductible Production Costs which are carried forward to such Period pursuant to Section 3.4;
- less
- (c) Production Costs paid from advances made pursuant to the Credit Facilities; and
 - (d) payments made in that Period by the Grantor in respect of Production Costs from Other Revenues and Grantor Disposition Proceeds pursuant to subsection 2.4(c);

"Deferred Purchase Payment" means any payment in addition to the payment of the Initial Purchase Payment required to be made by the Royalty Owner to the Grantor pursuant to Section 2.2 as additional consideration for the Royalty;

"Discount Rate" on any particular day shall be the lesser of:

- (a) twice the yield on ten year Government of Canada Bonds on the fifth Business Day preceding the particular date, rounded down to the nearest whole percentage point;
- (b) the yield on ten year Government of Canada Bonds on the fifth Business Day preceding the particular date plus 8%, rounded down to the nearest whole percentage point; or
- (c) 15%;

"Execution Date" means July 31, 1996;

"Farmout" means an agreement whereby a Person at arm's length to the Grantor and the Royalty Owner agrees to pay for the drilling of one or more wells on one or more of the Properties in order to earn an interest therein with the Grantor retaining a royalty or residual interest in such Properties;

"Future Acquisition Costs" means amounts paid by or on behalf of the Grantor in respect of the costs of acquiring interests in Additional Properties (including purchase price, adjustments, broker's fees and commissions, professional and consulting fees and disbursements);

"GAAP" means, as of any time, generally accepted accounting principles in Canada as at such time;

"General and Administrative Costs" means the amount in aggregate representing all expenditures and costs incurred in the management and administration of the Grantor and the Royalty Fund including, without limitation:

- (a) all reasonable costs and expenses relating to the Grantor and the Royalty Fund and paid directly to Third Parties by or on behalf of the Grantor or the Royalty Fund or their Affiliates, including, without limitation, Trustee's fees; and
- (b) all reasonable costs and expenses incurred by the Grantor specifically for the Royalty Fund including, without limitation, auditing, accounting, bookkeeping, rent and other leasehold expenses, legal, land administration, engineering, travel, telephone, data processing, reporting, executive and management time, salaries and all of those costs and expenses incurred by the Grantor (or any successor to it as administrator under the Administrative Services Agreement) in discharging its obligations under the Administrative Services Agreement;

"Grantor" means Shiningbank Energy Ltd. and each of its Affiliates, unless the context or an express indication indicates otherwise;

"Grantor Disposition Proceeds" means:

- (a) 1% of the proceeds of assignment, sale or other disposition of the Properties or any portion thereof (excluding proceeds in respect of Tangibles and Miscellaneous Interests directly related thereto); plus the portion of the remaining 99% of such proceeds which are utilized to repay borrowings of the Grantor; and
- (b) 100% of the proceeds of assignment, sale or other disposition of Tangibles and Miscellaneous Interests directly related to the Properties assigned, sold or otherwise disposed of;

"Grantor's Share" means the share (determined as if the Royalty had not been granted) which is attributable to the Properties, for which the Grantor is responsible or to which the Grantor is entitled;

"Grantor's Share of Production" means the Grantor's Share of the production of Petroleum Substances from the Royalty Lands and lands pooled or unitized therewith;

"In Specie Distribution" means a distribution pursuant to Section 3.13 of the Trust Indenture;

"Initial Properties" means those P&NG Rights, Tangibles and Miscellaneous Interests in which the Grantor has an interest (whether contingent or absolute, legal or beneficial, present or future, vested or not) as of the Execution Date including, without limitation, the P&NG Rights, Tangibles and Miscellaneous Interests relating to the lands and leases described in Schedule A;

"Initial Purchase Payment" means the net proceeds from the issuance of Trust Units by the Royalty Fund contemplated by a final prospectus dated July 18, 1996 after deducting underwriting fees, legal fees, accounting fees and printing expenses and all other fees and expenses which may be incurred in connection with such issuance, representing the consideration for the Royalty (other than Deferred Purchase Payments) an estimate of which is paid by the Royalty Owner on the Execution Date and the balance of which shall be paid or refunded (if overpaid) within 120 days of the Execution Date and, for greater certainty, the Initial Purchase Payment shall total \$48,769,730 and shall be satisfied, in part through a cash payment of \$27,612,398 and in part by an absolute assignment of the Royalty Owner's entire right, title and interest in and to the Instalment Receivables and certain rights under the Instalment Receipt Agreement;

"Instalment Receipt Agreement" means the Instalment Receipt and Pledge Agreement dated July 31, 1996 made between the Royalty Fund, Richardson Greenshields of Canada Limited, CIBC Wood Gundy Securities Inc., Levesque Beaubien Geoffrion Inc., TD Securities Inc., Moss Lawson & Company Limited, First Marathon Securities Limited, Montreal Trust Company of Canada and The Trust Company of the Bank of Montreal;

"Instalment Receipts" means the Instalment Receipts issued on the closing of the Offering, representing beneficial ownership of the Trust Units issued pursuant to the Offering subject to the pledge of such Trust Units as security for the payment of the Instalment Receivables pursuant to the Instalment Receipt and Pledge Agreement;

"Instalment Receivables" means the unpaid final instalments of \$4.00 per Trust Unit payable to the Royalty Fund on or before July 31, 1997 in respect of the Instalment Receipts issued on closing of the Offering;

"Interest Rate Swaps" means interest rate swap, hedging and other arrangements made by the Grantor, from time to time, the purpose of which is to mitigate or eliminate exposure to fluctuations in interest rates applicable to the Credit Facilities or which otherwise affect Production Costs;

"Leases" means collectively the leases, reservations, permits, licenses, certificates of title or other documents of title (including all renewals and extensions of such documents and all documents issued in substitution therefor) by virtue of which the holder thereof is entitled to drill for, win, own, remove and/or receive proceeds from the sale or disposition of Petroleum Substances within, upon or under all or any part of the Royalty Lands or lands pooled or unitized therewith;

"Lender" means:

- (a) the lender or lenders (if there is more than one) that make the Credit Facilities available to the Grantor and includes any agent acting on their behalf; and
- (b) the Person or Persons with whom the Grantor makes Swap Arrangements;

"Miscellaneous Interests" means all interests, property, rights and assets of the Grantor, whether contingent or absolute, legal or beneficial, present or future, vested or not (and not being P&NG Rights, Tangibles, seismic or geophysical data), which pertain to the P&NG Rights or Tangibles or are described below in this definition, including without limitation, the interests of the Grantor in any of the following property, rights and assets:

- (a) contracts, agreements and documents (including Title and Operating Documents) relating to any of such P&NG Rights or Tangibles or any rights in relation thereto;
- (b) Surface Rights which are used or held for use in connection with any of such P&NG Rights or Tangibles;
- (c) permits, licences, authorizations and deposits relating to any of such P&NG Rights or Tangibles, including in respect of facilities, wells and pipelines, the export, removal, transportation, purchase or sale of Petroleum Substances;
- (d) the wells, including without limitation the wells listed in Schedule A hereto;
- (e) all extensions, renewals, replacements or amendments of the foregoing items described in subparagraphs (a) to (d) of this definition;
- (f) books, maps, records, documents, geological, engineering, data processing, well, plant and other reports, studies, data, information, tapes, disks, computer

programs, papers or other records which relate to or are necessary or useful in connection with the Properties or any of the property or assets referred to in subparagraphs (a), (b), (c), (d) or (e) of this definition;

- (g) provided always that Miscellaneous Interests and Properties shall not include the well bores for wells located on the Royalty Lands which are dry and abandoned and for which a certificate of reclamation or certificate of restoration has been issued;

"Month" means a period commencing at 7:00 a.m. Calgary time on the first day of a calendar month and ending at 7:00 a.m. Calgary time on the first day of the following calendar month;

"Non-Deductible Crown Royalties" means Crown Royalties which are either:

- (a) required to be included in taxable income pursuant to the Tax Act, or
- (b) not permitted to be deducted in computing taxable income pursuant to the Tax Act;

"Offering" means the offering by the Royalty Fund of 5,289,333 Trust Units pursuant to the Prospectus dated July 18, 1996, at a price of \$10.00 per Trust Unit payable on an instalment basis, with the initial payment of \$6.00 per Trust Unit payable on the closing of the Offering and the final instalment of \$4.00 per Trust Unit payable on or before July 31, 1997;

"Other Revenues" means, in respect of a Period, ARC payable to the Grantor during the Period and the Grantor's Share of all revenues which accrue during such Period including, without limitation:

- (a) fees and similar payments made by Third Parties for processing, transportation, gathering, refining or treatment of their Petroleum Substances in facilities comprised in the Tangibles;
- (b) proceeds from the sale of Petroleum Substances purchased from Third Parties and processed in facilities comprised in the Tangibles;
- (c) take or pay and similar payments made to the Grantor in lieu of a buyer taking delivery of all or a portion of the Grantor's Share of Production;
- (d) proceeds from the sale of Tangibles and Miscellaneous Interests (except when sold in connection with P&NG Rights);
- (e) insurance proceeds, including business interruption insurance, property damage insurance and third party liability insurance proceeds;
- (f) the net profit or loss (which will be a negative amount for purposes of computing the Other Revenues if there is a net loss) from Currency Exchange Swaps which settled during the Period;

- (g) incentives, rebates and credits in respect of Production Costs payable to the Grantor during the Period; and
- (h) proceeds from the sale or licensing of seismic and similar data;

but not including Production Revenues and proceeds from the sale of P&NG Rights and any related Tangibles and Miscellaneous Interests;

"P&NG Rights" means all of the right, title, estate and interest of the Grantor (whether absolute or contingent, legal or beneficial, present or future, vested or not, and whether or not an interest in land) in or to:

- (a) rights to explore for, drill for, produce, take, save or market Petroleum Substances;
- (b) rights to a share of the production of Petroleum Substances;
- (c) rights to a share of the proceeds of, or to receive payments calculated by reference to the quantity or value of, the production of Petroleum Substances, other than rights under agreements for the sale of Petroleum Substances;
- (d) the interests set forth in Schedule A hereto in and to and in respect of the Leases and the Royalty Lands subject to the burdens, liens and encumbrances listed in Schedule A hereto;
- (e) the interests in and to and in respect of the Leases and the Royalty Lands hereafter acquired by the Grantor subject to the burdens, liens and encumbrances existing at the time of such acquisition;
- (f) rights to acquire any of the rights described in subparagraphs (a) to (e) of this definition; and
- (g) interests in any rights described in subparagraphs (a) to (f) of this definition;

including, without limitation, all interests and rights known as working interests, royalty interests, overriding royalty interests, gross overriding royalty interests, profits interests, net profits interests, revenue interests, net revenue interests, economic interests and other interests; fractional or undivided interests in any of the foregoing; and all freehold, leasehold or other interests in any lands, but not including, Tangibles or Miscellaneous Interests;

"Party" means the Royalty Owner or the Grantor;

"Period" means Quarter provided that from time to time the Board of Directors of the Grantor may give notice that Period shall mean either Month or Quarter, as the case may be, effective at the end of the Quarter within which such notice is given in each case, and thereafter Period shall mean whatever is specified by such notice, provided that the two Month period commencing at

7:00 a.m. Calgary time on January 1, 2003 and the Month commencing at 7:00 a.m. Calgary time on March 1, 2003 shall each be a Period;

"Permitted Investments" means:

- (a) obligations issued or guaranteed by the Government of Canada or any province of Canada or any agency or instrumentality thereof;
- (b) term deposits, guaranteed investment certificates, certificates of deposit or bankers' acceptances of any Canadian chartered bank or other financial institution the short-term debt or deposits of which have been rated at least A1 or the equivalent thereof by Standard & Pools Ratings Group or at least P1 or the equivalent thereof by Moody's Investor Service, Inc. or which have been rated at least A1 by CBRS Inc. and R1 by Dominion Bond Rating Service Limited; and
- (c) commercial paper rated at least A1 or the equivalent by CBRS Inc. and R1 (high) by Dominion Bond Rating Service Limited, in each case maturing within 180 days after the date of acquisition;

"Person" shall be interpreted broadly and shall include any individual, partnership, joint venture, body corporate, association, trust, unincorporated organization, government or other entity;

"Petroleum Substances" means petroleum, crude bitumen, oil sands, natural gas, coal bed methane, natural gas liquids, related hydrocarbons and any and all other substances, whether liquid, solid or gaseous, whether hydrocarbons or not, produced or producible in association with any of the foregoing, including hydrogen sulphide and sulphur;

"Probable Reserves" means those reserves which analysis of drilling, geological, geophysical and engineering data does not demonstrate to be proved, but where such analysis suggests the likelihood of their existence and future recovery under current technology and existing or anticipated economic conditions provided that the Probable Reserves to be obtained by the application of enhanced recovery processes will be the increased recovery over and above that included in Proved Reserves which can be realistically estimated for the pool on the basis of enhanced recovery processes which can be reasonably expected to be instituted in the future;

"Proceeds Account" means the interest bearing account maintained by the Grantor in trust for the Royalty Fund with a Canadian chartered bank pursuant to Section 8.3;

"Production Costs" means, in respect of a Period and without duplication, the following items:

- (a) Debt Service Charges;
- (b) the Grantor's Share of all costs and expenses (including, both operating costs and Capital Costs) in respect of the Properties and the Title and Operating Documents incurred in such Period, including, without limitation:

- (i) costs and expenses for lifting or otherwise recovering Grantor's Share of Production (including, without limitation, costs and expenses of waterflood, miscible flood and other secondary and tertiary recovery operations);
- (ii) costs and expenses for extracting and processing Grantor's Share of Production (including without limitation costs and expenses of compressing, dehydrating, separating and treating Grantor's Share of Production);
- (iii) royalty and other amounts pursuant to the Leases (other than Non-Deductible Crown Royalties);
- (iv) costs and expenses for storing or stockpiling Grantor's Share of Production;
- (v) costs and expenses for gathering and transporting (whether by pipelines, trucking or otherwise) Grantor's Share of Production to the point of sale;
- (vi) costs and expenses for marketing Grantor's Share of Production;
- (vii) drilling costs, completion costs, equipping costs and operating costs of wells;
- (viii) costs and expenses of obtaining, processing, reprocessing and interpreting of seismic, geological and other data;
- (ix) insurance premiums and similar items and property, municipal, production, *ad valorem*, mineral and other taxes and assessments in respect of the Royalty Lands or operations thereon, or the Tangibles or the operation thereof or the production therefrom;
- (x) costs and expenses for the purpose of generating Other Revenues;
- (xi) costs, expenses and other amounts in respect of Third Party claims arising in connection with the Properties including, without limitation, claims and adjustments arising out of the acquisition, sale or disposition of the Properties;
- (xii) costs and expenses for clean-up and remediation of spills of hazardous substances and other environmental damage and costs and expenses paid for land reclamation obligations associated with the Properties;
- (xiii) costs and expenses including payments to a sinking fund for abandonment of wells and decommissioning of Tangibles;

- (xiv) costs and expenses of acquiring Tangibles and Miscellaneous Interests (except when acquired together with P&NG Rights) and costs and expenses of maintaining, operating, repairing and replacing Tangibles and Miscellaneous Interests (including, without limitation, Surface Rights);
 - (xv) all other costs and expenses (including both operating costs and Capital Costs) pursuant to the Leases or the Title and Operating Documents; and
 - (xvi) cash calls paid for any of the costs and expenses enumerated items (i) through (xv) above, inclusive;
- (c) current income taxes, capital taxes and other direct taxes of the Grantor which accrue during such Period;
 - (d) the Grantor's general overhead and administrative expenses for the Period, including without limitation the General and Administrative Costs payable in such Period; and
 - (e) all costs and expenses not listed above related to the Properties which are incurred during such Period;

provided, however, that items (b) through (e) shall not include: (v) Future Acquisition Costs, (w) depreciation or deferred taxes, (x) losses from Commodity Price Swaps, (y) Non-Deductible Crown Royalties, or (z) any amounts paid with respect to the acquisition of the shares or other securities of Shiningbank Energy Management Inc.;

"Production Revenues" means, in respect of a Period, the gross proceeds from the sale of the Grantor's Share of Production which accrue during such Period (including, without limitation, the share reserved to the Crown) after taking into account the credit or set off for take or pay payments plus income from royalties, net profits interests and other similar interests plus the net profit or loss (which will be a negative amount for this purpose) from Commodity Price Swaps; provided, however, that Production Revenues shall not include, (x) proceeds of the Grantor in connection with the disposition of any P&NG Rights and any related Tangibles and Miscellaneous Interests, or (y) ARC receivable by the Grantor during such Period;

"Properties" means the Initial Properties and the Additional Properties;

"Proved Reserves" means reserves estimated as recoverable with a high degree of certainty under current technology and existing economic conditions in the case of constant price and cost analyses and anticipated economic conditions in the case of escalated price and cost analyses, from that portion of a reservoir which can be reasonably evaluated as economically productive on the basis of analysis of drilling, geological, geophysical and engineering data, including the reserves to be obtained by enhanced recovery processes demonstrated to be economic and technically successful in the subject reservoir;

"**Quarter**" means the period from 7:00 a.m. Calgary time on the Execution Date to 7:00 a.m. on September 30, 1996 and any period of three consecutive Months thereafter which commences on the first day of January, April, July or October;

"**Regulations**" means all statutes, laws, rules, orders and regulations in effect from time to time and made by governments or governmental boards or agencies having jurisdiction over the Properties;

"**Royalty**" means the entitlement granted herein to receive the Royalty Income subject to the terms described herein;

"**Royalty Disposition Proceeds**" means 99% of the proceeds of assignment, sale or other disposition of the Properties, or any portion thereof (excluding proceeds in respect of Tangibles and Miscellaneous Interests directly related thereto) to the extent not utilized to repay borrowings of the Grantor;

"**Royalty Fund**" means Shiningbank Energy Income Fund;

"**Royalty Income**" means in respect of a Period the amount by which 99% of Production Revenue for such Period exceeds 99% of the Deductible Production Costs for such Period;

"**Royalty Lands**" means the lands to which the P&NG Rights relate;

"**Royalty Owner**" means Shiningbank Energy Income Fund, a trust formed in accordance with the laws of Alberta pursuant to the Trust Indenture or such other owner or owners of the Royalty;

"**Royalty Owner Working Capital Amount**" means at any particular time the amount of the Royalty Owner's available working capital at such time including, without limitation, the proceeds received by the Royalty Owner from the issue of any Trust Units after the Closing Date and the funds deposited in the Proceeds Account;

"**Royalty Payment**" means in respect of a Period, the payment for such Period to which the Royalty Owner is entitled pursuant to subsection 2.1(b);

"**Special Resolution**" means a resolution passed by a majority of not less than 66 $\frac{2}{3}$ % of the votes cast, either in person or by proxy, at a meeting of Unitholders (at which a quorum is present consisting of at least two Persons representing at least 10% of the votes attaching to all units held by Unitholders entitled to vote on such resolution), called for the purpose of approving such resolution, or approved in writing by not less than 66 $\frac{2}{3}$ % of the Unitholders entitled to vote on such resolution;

"**Subsidiary**" and "**Subsidiaries**" have the meaning set out in subsection 2.2(c);

"**Surface Rights**" means rights (whether fee simple or pursuant to orders, licences, leases, easements, rights-of-way or otherwise) of the Grantor to enter upon, use or occupy the surface of:

- (a) any Royalty Lands or lands pooled or unitized therewith;
- (b) the lands on which any of the Tangibles is located; and
- (c) any lands required to gain access to the foregoing lands;

"**Swap Arrangements**" means Commodity Price Swaps, Currency Exchange Swaps and Interest Rate Swaps;

"**Tangibles**" means:

- (a) the interests of the Grantor in and to all tangible property, apparatus, plant, equipment, machinery and facilities used or held for use for purposes of producing Petroleum Substances or for storing, measuring, compressing, treating, processing or collecting Petroleum Substances including, without limitation, the interests of the Grantor in the tangible equipment described in Schedule A.
- (b) all right, title, estate and interest, whether absolute or contingent, legal or beneficial, present or future, vested or not, held by the Grantor in connection with the P&NG Rights in and to any tangible property, apparatus, plant, equipment, machinery and facilities, fixed or non-fixed, real or personal, used or capable of use in exploiting any Petroleum Substances (whether the P&NG Rights to which such Petroleum Substances are attributable are owned by the Grantor or by others or both), including:
 - (i) systems, plants and facilities used or useful in producing, gathering, compressing, dehydrating, scrubbing, processing, treating, separating, collecting, refrigerating, refining, measuring, storing, transporting or shipping Petroleum Substances;
 - (ii) tangible property and assets used or intended for use in exploring for, producing, storing, injecting or removing Petroleum Substances; and
 - (iii) all extensions, additions and accretions to any item described in subparagraphs (i) or (ii) of this definition;

excluding the lands on which any system, plant or facility, property or asset described in subparagraphs (a) or (b) of this definition is located, but including all producing, shut-in, injection, disposal and other wells, casing, tubing, wellheads, buildings, plants, erections, production equipment, improvements, flowlines, pipelines, pipeline connections, extraction facilities, meters, generators, motors, compressors, separators, gas treating and processing equipment, dehydrators, scrubbers, pumps, refineries, pump jacks, tanks, boilers, communications

equipment, enhanced recovery systems and other machinery, apparatus and equipment;

"**Tax Act**" means the *Income Tax Act* (Canada), R.S.C. 1952 c.148 and the regulations thereunder, as amended;

"**Third Party**" means any Person other than the Grantor and the Royalty Owner;

"**Title and Operating Documents**" means, in respect of the Properties, all of the agreements, contracts, instruments and other documents (including Leases, reservations, permits, licences of all sorts, exploration agreements, operating agreements, unit agreements, pooling agreements, assignments, trust declarations and other agreements to recognize the interests of the Grantor, participation agreements, farm-in and farm-out agreements, royalty agreements, purchase agreements and transfers; gas, oil, condensate and other production sale contracts; gathering, common stream, transportation and processing agreements; and agreements for the construction, ownership and/or operation of Tangibles) by virtue of which such P&NG Rights or Tangibles were acquired or constructed or are held by the Grantor or pursuant to which the construction, ownership, operation, exploration, exploitation, development, production, transportation or marketing of such P&NG Rights, Tangibles or Petroleum Substances are subject or which grant rights which are or may be used by the Grantor in connection therewith; and the rights and benefits (except for P&NG Rights) granted under or created by such documents;

"**Trust Indenture**" means a trust indenture dated May 16, 1996, as amended among the Trustee, Shiningbank Energy Management Inc., Richardson Greenshields of Canada Limited and Montreal Trust Company of Canada;

"**Trust Unit**" means a fractional undivided interest in the Royalty Fund, which represents an undivided beneficial interest in any distributions from the Royalty Fund and in the net assets of the Royalty Fund in the event of termination or winding-up of the Royalty Fund;

"**Trustee**" means Computershare Trust Company of Canada in its capacity as trustee for and on behalf of the Royalty Fund; and

"**Unitholders**" means holders, from time to time, of Trust Units.

1.2 Number and Gender

Words importing the singular number include the plural and vice versa and words importing gender include the masculine, feminine and neuter genders.

1.3 References

The table of contents and headings herein are for convenience of reference only and shall not affect the construction or interpretation of this Agreement. A reference herein to an Article, Section or subsection without further reference shall be a reference to an Article, Section or subsection of this Agreement.

1.4 Choice of Law

This Agreement shall be governed by the laws of the Province of Alberta and the laws of Canada applicable therein and shall be construed, interpreted and performed in accordance therewith.

1.5 Attornment

Any legal action or proceedings with respect to this Agreement shall be brought in the courts of the Province of Alberta and the courts of appeal therefrom. Each Party hereby attorns to and accepts for itself and in respect of its assets generally, irrevocably and unconditionally, the exclusive jurisdiction of such courts.

1.6 Monetary Sums

All references herein to dollar amounts or sums of money are to lawful funds of Canada.

1.7 *In Specie* Distribution

In the event of an in specie distribution of an interest in the Royalty pursuant to the rights of retraction in the Trust Indenture, as amended, there will be no further acquisition of properties under this Agreement.

**ARTICLE 2
ROYALTY**

2.1 Royalty Grant

- (a) Subject to the terms and conditions hereof, the Grantor hereby grants, transfers, assigns and conveys the Royalty to the Royalty Owner.
- (b) Subject to the terms and conditions hereof, the Royalty Owner, as the owner of the Royalty, shall be entitled to a payment from the Grantor with respect to each Period equal to the Royalty Income and the Grantor hereby covenants and agrees to make such payment.
- (c) The Royalty Owner shall reimburse to the Grantor 99% of all Non-Deductible Crown Royalties payable by the Grantor in respect of the Properties or the production of Petroleum Substances therefrom. The Grantor shall be entitled to set off Royalty Payments against amounts reimbursable to it pursuant to this subsection 2.1(c).
- (d) Subject to Section 6.6, the Grantor may acquire Additional Properties. Upon the acquisition of Additional Properties by the Grantor, such Additional Properties shall also automatically be subject to the Royalty, subject, to the extent applicable, to the security described in subsection 9.2(b).

2.2 Payment for Royalty Grant

- (a) The Royalty Owner shall pay to the Grantor as consideration for the granting and transferring of the Royalty:
 - (i) the Initial Purchase Payment; and
 - (ii) the Deferred Purchase Payments.
- (b) The Grantor acknowledges that the Royalty Owner has paid an estimate of the Initial Purchase Payment on the Execution Date by way of a cash payment in the sum of \$27,612,398.00 and the balance of \$21,157,332 by way of an absolute assignment of the Royalty Owner's right, title and interest in and to the Instalment Receivables and certain rights under the Instalment Receipt Agreement. Within 120 days of the Execution Date the amount of the Initial Purchase Payment shall be finalized and the Royalty Owner or the Grantor shall pay to the other the underpayment or overpayment, respectively.
- (c) If the Grantor acquires any Additional Properties, whether by way of a purchase of Additional Properties or the acquisition of the shares of a corporation or an interest in a partnership, trust or other entity (such corporations, partnerships, trusts and other entities being hereinafter referred to as a "Subsidiary" or "Subsidiaries") that owns Additional Properties and the subsequent amalgamation, winding-up, liquidation or similar combination (a "Combination") of such Subsidiary with the Grantor, the Royalty Owner shall make a Deferred Purchase Payment to the Grantor in an amount equal to 99% of the amount of the purchase price (including adjustments) for such Additional Properties that is allocated to Canadian resource property, to the extent that such purchase price is not financed with indebtedness incurred or assumed by the Grantor, provided that in the event of an acquisition of Additional Properties by way of acquisition of a Subsidiary and its subsequent Combination with the Grantor for purposes of determining the amount of the Deferred Purchase Payment respecting such Additional Property:
 - (i) the purchase price for such Additional Property shall be deemed to include the purchase price paid for the securities of such Subsidiary and the indebtedness of such Subsidiary that is not discharged prior to such acquisition; and
 - (ii) the purchase price for such Additional Property shall be allocated among the assets of such Subsidiary in accordance with their fair market value and the indebtedness of such Subsidiary and any indebtedness incurred to acquire such Subsidiary or assumed as a result of such acquisition (including for greater certainty all indebtedness of such Subsidiary that is not discharged prior to such acquisition) shall be deemed to be indebtedness incurred or assumed by the Grantor in that regard, and such

indebtedness shall be first allocated to any Canadian resource property that is included in such Additional Property up to the fair market value of such Canadian resource property, and the remaining indebtedness, if any, shall be allocated among the other components of such Additional Property pro rata in accordance with their respective fair market values.

- (d) If the Grantor designates any Capital Costs on or before the date on which the same are incurred, the Royalty Owner shall make a Deferred Purchase Payment to the Grantor in an amount equal to 99% of the amount of such designated Capital Costs incurred by the Grantor to the extent that such Capital Costs are not financed with indebtedness incurred or assumed by the Grantor.
- (e) If at any time while the Royalty Owner has an obligation to make a Deferred Purchase Payment to the Grantor, the Grantor is indebted to the Royalty Owner, the Deferred Purchase Payment shall be set off against such indebtedness.
- (f) If the Royalty Owner issues any Trust Units after the Closing Date (a "Future Offering"), the Royalty Owner shall make, if requested to do so by the Grantor, a Deferred Purchase Payment to the Grantor in such amount as may be specified by the Grantor, not exceeding the lesser of:
 - (i) the net proceeds of the Future Offering after deducting, without limitation, underwriters' fees and legal, accounting, engineering, professional fees and other disbursements; and
 - (ii) 99% of the principal amount of any outstanding indebtedness under the Credit Facility which reasonably relates to the Canadian resource property purchase price component of any Additional Property acquired by the Grantor on or before such Future Offering with the proceeds of the Credit Facility.

2.3 INTENTIONALLY DELETED

2.4 Use of Other Revenues and Grantor Disposition Proceeds

The Grantor shall not pay or be required to pay to the Royalty Owner the Other Revenues or the Grantor Disposition Proceeds. The Royalty Owner shall have no interest of any kind whatsoever in the Other Revenues or the Grantor Disposition Proceeds, provided however, after the Closing Date and as soon as reasonably practicable after receipt thereof by the Grantor, the Grantor shall use the Other Revenues and such portion of the Grantor Disposition Proceeds not utilized to repay borrowings of the Grantor for any of the following purposes:

- (a) purchase of Permitted Investments;
- (b) payment of Future Acquisition Costs;
- (c) general corporate purposes of the Grantor; and

- (d) payment of or provision for Production Costs (which would otherwise be deducted in determining Deductible Production Costs);

provided that the Grantor shall not use the Other Revenues for the payment of or provision for Production Costs unless the grantor is of the opinion that such payment will not have any adverse tax consequences for the Grantor or the Royalty Owner.

2.5 No Right to Take In Kind

The Royalty Owner shall not have the right:

- (a) to take in kind all or any portion of the Grantor's Share of Production for a Period; or
- (b) to separately sell or market all or any portion of the Grantor's Share of Production for a Period.

2.6 No Share of Production

The Royalty Owner shall not own or have any rights to any of the Grantor's Share of Production.

2.7 Amendment to Schedule A

The Grantor shall from time to time as the P&NG Rights, Tangibles and Miscellaneous Interests pertaining to the Initial Properties are assigned, conveyed, surrendered or otherwise disposed of pursuant hereto and as Additional Properties are acquired or assigned, conveyed, surrendered or otherwise disposed of pursuant hereto, issue a revised composite Schedule A to this Agreement. Such revised Schedule A shall bear the effective date of the revision, shall be numbered sequentially to the most recent revision issued by the Grantor, shall be initialled by the Grantor and a copy thereof shall be sent to the Royalty Owner.

2.8 Petroleum Substances Used in Operations

The Royalty shall not apply to Petroleum Substances lost or consumed in operations.

2.9 Not an Interest in Land

The Royalty:

- (a) is not a covenant attached to or running with the Royalty Lands;
- (b) is not an interest in land;
- (c) is not an interest in real property; and
- (d) does not attach to or form part of the Leases.

**ARTICLE 3
PAYMENTS AND STATEMENTS**

3.1 Payments

- (a) On the fifteenth day of the Month following the end of a Period or the next following Business Day, if such day is not a Business Day, the Grantor shall pay the Royalty Payment for such Period to the Royalty Owner.
- (b) To the extent that Royalty Disposition Proceeds create a credit balance in the Grantor's cumulative Canadian oil and gas property expense account (as defined under the Tax Act) as at the end of any calendar year, the Grantor shall remit to the Royalty Owner on or before the tenth day of the following January, an amount from the Proceeds Account equal to such credit balance so as to permit the distribution thereof.
- (c) Royalty Disposition Proceeds shall be paid by the Grantor to the Royalty Owner in accordance with any required approval obtained from the Unitholders or the board of directors of the Grantor to an assignment, sale, exchange or other disposition of Properties and in any event, any Royalty Disposition Proceeds which are not used to purchase Additional Properties within one year from the date the same are deposited in the Proceeds Account shall be forthwith paid by the Grantor to the Royalty Owner.
- (d) On the fifteenth day of the Month following the end of a Period or the next following Business Day, if such day is not a Business Day, interest income accrued on the Proceeds Account during such Period shall be paid by the Grantor to the Royalty Owner.
- (e) Where there are amounts owing by a Royalty Owner as a result of the provisions of this Agreement, any payments pursuant to this Article may be offset against such amounts owing
- (f) The Grantor shall satisfy, perform and discharge all obligations and responsibilities under the *Income Tax Act* (Canada) or any similar provincial legislation, including withholding any taxes required to be withheld from such payments.

3.2 Statements

- (a) Each Royalty Payment in respect of a Quarter, and each Royalty Payment in respect of the last Month in a Quarter, shall be accompanied by a statement setting forth:
 - (i) the amount of the Royalty Payment for such Quarter;
 - (ii) all calculations used in determining the Royalty Payment for such Quarter;

- (iii) the Grantor's Share of Production (itemized by product) sold during such Quarter;
- (iv) the Non-Deductible Crown Royalties for such Quarter;
- (v) the Production Revenues for such Quarter;
- (vi) the Other Revenues for such Quarter;
- (vii) an itemized list of the Production Costs and Deductible Production Costs for such Quarter;
- (viii) the Properties surrendered, farmed out, disposed of or acquired in such Quarter;
- (ix) wells drilled, cased, or abandoned in such Quarter; and
- (x) the amount of the Proceeds Account and Royalty Owner Working Capital Account as at the end of such Quarter and the amount of the Deferred Purchase Payments, if any, made in such Quarter.

3.3 Overpayments

If the payment made by the Grantor on account of the Royalty for a Period is greater than the actual amount of the Royalty Payment for such Period, the Grantor will be entitled to recover the overpayment by set off against Royalty Payments for subsequent Periods.

3.4 Carry Forward of Deductible Production Costs

If the Deductible Production Costs for a Period exceed the Production Revenues for such Period, there shall be no Royalty Payment for such Period and the amount of the excess shall be carried forward and treated as Deductible Production Costs for the following Period and, if required, subsequent Periods.

3.5 Collection of Production Revenues and Other Revenues

The Grantor will use all commercially reasonable efforts to obtain the payment of Production Revenues and Other Revenues but shall not have any liability to the Royalty Owner to the extent that it fails to collect them, notwithstanding such commercially reasonable efforts to do so.

ARTICLE 4 INSURANCE

4.1 Maintenance of Insurance

The Grantor shall obtain and maintain such property damage and third party liability insurance with respect to the Properties with reputable insurers in such amounts and covering such risks as

it reasonably determines to be appropriate, having regard to the insurance maintained by the operators pursuant to the Title and Operating Documents.

ARTICLE 5 BOOKS AND RECORDS

5.1 Examination

During the term hereof and for a period of two years thereafter the Grantor shall maintain in Calgary, Alberta complete books and records pertaining to: (i) the Royalty, (ii) Petroleum Substances attributable to the Royalty Lands consumed or sold by the Grantor, and (iii) all calculations made by the Grantor to determine the amount of payments on account of the Royalty. The Royalty Owner shall have the right at all reasonable times during business hours to inspect such books and records to the extent reasonably necessary in order to verify the amount paid or payable hereunder in respect of the Royalty.

5.2 Audit

Upon notice to the Grantor, the Royalty Owner shall have the right to audit the books and records referred to in Section 5.1 within the 24 month period next following the end of the calendar year to which they relate. The costs of any such audit shall be borne by the Royalty Owner. Any claims of discrepancies disclosed by such audit shall be made in writing to the Grantor within two months of the completion of such audit. The Grantor shall respond to any claims within six months of receipt of such claims. If the Grantor is unable to respond to the claims during the six month period, one extension of three months may be allowed if requested in writing by the Grantor within such six month period. If the Grantor disagrees with such claim or discrepancy and such matter cannot be settled, then the matter will be referred to arbitration in accordance with the *Arbitration Act (Alberta)* as amended. In the event that the Grantor agrees with the claim or discrepancy or the claim or discrepancy is upheld, in whole or in part, by arbitration, the Grantor will forthwith rectify same and where such rectification includes payment of sums, promptly credit such sums to the Production Revenues, Other Revenues, Grantor Disposition Proceeds or otherwise as appropriate.

5.3 Confidentiality

The Royalty Owner shall keep all information provided to it pursuant to this Agreement (including, without limitation, information made available to it in connection with the audits, examinations and inspections conducted by it pursuant to the foregoing provisions of this Article 5) strictly confidential, except for information which it is required by law to be disclosed or becomes publicly available through no act or omission of the Royalty Owner or which becomes available to the Royalty Owner from a source other than the Grantor, without confidentiality restrictions.

ARTICLE 6 OPERATIONS

6.1 **Generally**

Having regard to and subject to the provisions of the Title and Operating Documents and the Grantor's rights and obligations thereunder, the Grantor shall use all reasonable efforts so that:

- (a) operations on the Royalty Lands and lands pooled or unitized therewith for the recovery of Petroleum Substances and the operation of the Tangibles are conducted in compliance with all applicable Regulations and in accordance with good oil and gas field practices;
- (b) all duties and obligations of the Grantor under the Title and Operating Documents are diligently and promptly performed and all amounts payable as rental, royalty or similar charges from time to time due in respect of the Properties or in accordance with applicable laws are paid and all other actions as may be reasonably necessary to maintain the Title and Operating Documents in good standing at all times are taken, subject to the terms and provisions hereof; and
- (c) all Surface Rights needed for the proper operation of the Royalty Lands and the Tangibles are acquired and maintained in good standing and all taxes, rates, assessments and other amounts from time to time payable in respect of the Royalty Lands and the Tangibles are promptly paid.
- (d) the Grantor:
 - (i) will pay or cause to be paid, as they become due and payable, Grantor's Share of all accounts of contractors and claims for wages or salaries for services rendered or performed for the Grantor and for materials supplied to the Grantor;
 - (ii) will keep the Royalty Lands free from liens and encumbrances resulting from the failure to pay the costs described in subsection 6.1(d)(i) above, unless and to the extent there is a *bona fide* dispute with respect thereto; and
 - (iii) will not permit any dues or claims from any Workers' Compensation Board or similar authority established under any Regulations to become in arrears with respect to Grantor's employees.

6.2 **No Obligation to Develop**

Nothing contained in this Agreement shall impose any obligation, expressed or implied, on the Grantor to explore or develop the Royalty Lands.

6.3 Compliance with and Maintenance of Title and Operating Documents

The Grantor covenants to and in favour of the Royalty Owner that, except as provided in Article 7, the Grantor will:

- (a) observe and perform all of its duties and obligations under the Title and Operating Documents; and
- (b) not, without the written consent of the Royalty Owners owning greater than 50% of the Royalty which will not be unreasonably withheld or delayed:
 - (i) agree to the amendment or termination of the Title and Operating Documents; or
 - (ii) waive or consent to a departure from the performance by any Person of any of such Person's obligations under the Title and Operating Documents;

which could have a material, adverse effect on the Royalty or the rights and obligations of the Royalty Owner in respect of the Royalty, provided, however, that acts or omissions by Persons (including operators) without specific authorization from the joint operators and acts or omissions approved by affirmative vote of the joint operators which the Grantor did not vote in favour of and which are binding upon the Grantor shall not constitute a breach of the foregoing provisions.

6.4 Rights and Obligations

Except as otherwise expressly provided for herein, as between the Royalty Owner and the Grantor, the Grantor shall have exclusive control and authority over the production, operation, exploration and development of the Royalty Lands and lands pooled or unitized therewith and the recovery of Petroleum Substances from the Royalty Lands and lands pooled or unitized therewith and the marketing thereof. As between the Royalty Owner and the Grantor, the Grantor shall make all decisions regarding drilling, completion, equipping, suspension and abandonment of wells and the rates of production of Petroleum Substances therefrom. Subject to the other provisions of this Article 6, the Grantor shall undertake and implement such activities in such manner as it determines in its sole discretion. The Royalty Owner acknowledges that, as owner of the Royalty, it shall not be entitled to any interest in the Properties or the Title and Operating Documents and the Grantor acknowledges that the Royalty Owner, as owner of the Royalty, shall not be liable for any of the duties or obligations arising thereunder. The Grantor shall arrange for the sale of the Grantor's Share of Production on such terms and conditions as the Grantor (acting in good faith and in accordance with good oil and gas field practices) may determine.

6.5 Capital Costs

- (a) The Grantor may approve future Capital Costs or other obligations intended to maintain or improve production from the Properties. The Grantor shall not approve Capital Costs on exploration drilling without the approval of the Unitholders except where such drilling relates to the extension of an existing pool. The Grantor may finance Capital Costs by borrowings or by using Grantor's working capital. The Royalty Owner acknowledges that the non-approval of Capital Costs on exploration or development drilling may result in a production penalty or forfeiture under the Title and Operating Documents.

6.6 Borrowing

- (a) Subject to subsection 6.6(b) below, the Grantor may borrow funds pursuant to the Credit Facilities or from the Royalty Owner or otherwise to finance the purchase of Additional Properties, for Capital Costs or for other financial obligations or encumbrances in respect of the Properties or for working capital purposes and grant security on the Properties in priority to the Royalty in accordance with subsection 9.3(b);
- (b) The Grantor may not borrow funds under subsection 6.6(a) in circumstances where immediately after such proposed borrowing:
 - (i) the Grantor's total indebtedness pursuant to the Credit Facilities to parties other than the Trustee and the Grantor's Affiliates will exceed 40% of the aggregate Asset Value of all Initial Properties and the Additional Properties owned by the Grantor and its Affiliates, including for greater certainty any Additional Properties to be acquired with the proceeds of such proposed borrowing; or
 - (ii) the projected Debt Service Charges for the next twelve Months exceed 30% of the projected Royalty Payments for the next twelve Months.

Notwithstanding the above limitations on borrowing:

- (c) Any present or future liability or obligation of the Grantor to a financial institution in respect of a borrowing that contravenes subsection 6.6(b) including any obligation to repay a financial institution upon demand, shall not be affected, reduced or impaired by such contravention; and
- (d) the priority, validity, effectiveness and enforceability of any mortgage, charge, security interest or other security whatsoever now or hereafter granted by the Grantor to any financial institution and which contravenes subsection 6.6(b) shall not be affected, prejudiced or impaired by such contravention.

6.7 Costs of Tangibles and Miscellaneous Interests

The cost of Tangibles and Miscellaneous Interests comprising any Additional Properties shall be paid by the Grantor utilizing its own working capital or funds borrowed by it for such purposes pursuant to the Credit Facilities or from the Royalty Owner or otherwise.

6.8 Site Restoration Costs

If an In Specie Distribution has occurred, the Grantor may, at its discretion, create a sinking fund to fund site restoration and other liabilities as a result of abandonment of wells.

ARTICLE 7 FARMOUTS, POOLING, UNITIZATION, SURRENDER, ABANDONMENT

7.1 Farmouts

The Grantor shall have full right, power and authority to Farmout (and subsequently assign any interest earned pursuant thereto) any of the P&NG Rights comprised in the Properties, from time to time, provided that, in the Grantor's sole discretion, the Farmout is prudent and the terms thereof are in accordance with normal oil and gas industry practices.

7.2 Pooling and Unitization

The Grantor shall have full right, power and authority to pool or unitize any of the P&NG Rights comprised in the Properties, from time to time, with other P&NG rights provided that, in the Grantor's sole discretion, the pooling or unitization is prudent and the terms thereof are in accordance with normal oil and gas industry practices.

7.3 Surrender

Subject to the Title and Operating Documents, the Grantor may surrender a Lease, in whole or in part, without the consent of the Royalty Owner, provided that in the reasonable opinion of the Grantor there are no wells located on the lands covered by the Lease capable of producing Petroleum Substances in paying quantities from the zones which the Grantor proposes to surrender. From and after any such surrender, this Agreement and the Royalty shall cease to apply to the Royalty Lands surrendered except as to matters which occurred prior to the surrender.

7.4 Abandonment and Reclamation

The Grantor shall have the full right, power and authority without the prior consent of the Royalty Owner to authorize the abandonment of any well comprised in the Properties and/or the reclamation of any of the Properties if:

- (a) the Grantor determines in its sole discretion that such well is not capable of producing Petroleum Substances in paying quantities;

- (b) the operator of such well or portion of the Properties recommends or elects to do so; or
- (c) it is in accordance with the Regulations or any order of any government or agency.

ARTICLE 8 DISPOSITION OF PROPERTIES

8.1 Dispositions of Properties

Except as provided in Article 7 and Sections 8.2, 8.3 and 9.2, the Grantor shall not assign, sell or otherwise dispose of any interest in the Properties without first notifying the Royalty Owner of its intention to do so and obtaining the written consent of the Royalty Owner, which consent shall not be unreasonably withheld or delayed.

8.2 Release of Royalty

The Grantor may assign, sell, exchange or otherwise dispose of all or any portion of the Properties and the Royalty Owner irrevocably authorizes the Grantor to release the Royalty therefrom provided that the Grantor determines such assignment, sale, exchange or other disposition would be in the best interests of the Unitholders and that such assignment, sale, exchange or other disposition is in accordance with the following:

- (a) an assignment, sale, exchange or other disposition of Properties for proceeds in excess of 5% of Asset Value must be approved by the board of directors of the Grantor. In connection with such approval, the board of directors of the Grantor shall determine whether the Royalty Disposition Proceeds in respect of such assignment sale or other disposition should be distributed to Unitholders or used to purchase Additional Properties; and
- (b) all assignments, sales, exchanges or other dispositions of Properties in a calendar year having an aggregate Asset Value of greater than 25% of the Asset Value of all Properties must be approved by a Special Resolution of the Unitholders. In connection with such approval, the Unitholders shall determine whether the net proceeds of such assignments, sales, exchanges or other dispositions should be distributed to the Unitholders or used to purchase Additional Properties.

8.3 Proceeds of Disposition of Properties

- (a) As consideration for the release of the Royalty as provided for in Section 8.2, the Grantor shall, forthwith upon the receipt of any Royalty Disposition Proceeds, deposit the same in an interest bearing account maintained by the Grantor in trust for the Royalty Fund with a Canadian chartered bank (the "Proceeds Account").
- (b) Subject to the entitlement of the Royalty Owner to receive payments in respect of interest earned on the Proceeds Account and to receive distributions of principal

from the Proceeds Account as specifically provided for in this Agreement, the Grantor shall hold and apply the funds deposited in the Proceeds Account towards the Royalty Owner's obligation to make Deferred Purchase Payments in accordance with the provisions in this Agreement.

ARTICLE 9 ASSIGNMENT

9.1 Consent to Assign; Assumption

Except as provided in Section 9.2, a Party shall not assign, sell, mortgage, pledge, charge or grant a security interest in, or otherwise dispose of any interest under this Agreement without first notifying the other Party of its intention to do so and obtaining the written consent of the other Party, which consent will not be unreasonably withheld or delayed. Subject to subsections 9.2, no such assignment, sale or transfer shall be effective as against the other Party until the assignee, purchaser or transferee shall have executed and delivered a written undertaking, in favour of, and enforceable by, such other Party, agreeing to be bound by and to perform all of the terms and provisions of this Agreement applicable to the interest assigned, sold or disposed of.

9.2 Grant of Security

Notwithstanding Sections 8.1, 8.2 and 9.1:

- (a) the Grantor, without the consent of the Royalty Owner, may:
 - (i) dispose of tools, machinery and equipment which is surplus to its needs;
 - (ii) dispose of Petroleum Substances in the ordinary course of business;
- (b) the Grantor, without the consent of the Royalty Owner, may mortgage, pledge, charge or grant a security interest in the Initial Properties, the Additional Properties or this Agreement:
 - (i) to secure its obligations and liabilities under the Credit Facilities or under Swap Arrangements, which security may be granted in priority to the Royalty; and
 - (ii) to finance the purchase of Additional Properties or for Capital Costs or other financial obligations or encumbrances in respect of the Initial Properties and/or the Additional Properties or for working capital purposes, and such security on the Initial Properties and/or the Additional Properties may be granted in priority to the Royalty to secure the borrowing of such funds;

and may enter into subordination and postponement agreements with the holders of the obligations owed under the Credit Facilities, Swap Arrangements and other financing transactions confirming the subordination of the Royalty thereto.

- (c) the Lender or a receiver or receiver-manager of the Grantor or of all or part of its assets or any other enforcement agent may sell, mortgage or otherwise dispose of the Properties or the Grantor's interest under this Agreement, in whole or in part, without the approval of the Royalty Owner in the course of realization on security for the Grantor's liabilities and obligations under or in connection with the Credit Facilities or Swap Arrangements and the Royalty may be released, terminated or foreclosed out in accordance with subsection 9.2(d); and
- (d) if all or a portion of the Properties is to be sold, transferred or conveyed (a "Disposition") by a receiver or receiver-manager of the Grantor or any of its assets or a secured creditor of the Grantor in the course of enforcement of any security having priority over the Royalty (a "Disposing Person") and the Royalty in relation thereto is released, terminated or foreclosed, the portion of the proceeds of the Disposition, net of the cost of the Disposition, to which the Royalty Owner shall be entitled on account of the release, termination or foreclosure of the Royalty and the Royalty Owner's interest in this Agreement or portion thereof pursuant to the Disposition shall be the greater of the following:
 - (i) \$10.00; and
 - (ii) 99% of the amount remaining (the "Remainder") after the proceeds of the Disposition, net of the cost of Disposition, have been applied to (A) Production Costs for the Month in which the Disposition occurs (determined as if such Month ended on the date that the Disposition occurred) and (B) the amount of all outstanding liabilities and obligations in respect of the Credit Facilities and Swap Arrangements, to the extent (if any) not included in such Production Costs; provided that payment of the Remainder pro rata to the Royalty Owners shall only be made when payments by the Person to whom the Disposition is made are received and after the applications described in items (A) and (B) above have been made.

The balance of the net proceeds of a Disposition not allocated to the interest in the Royalty and the Royalty Owner's interest in this Agreement released pursuant thereto will be allocated to the interest in the Properties disposed of pursuant thereto.

**ARTICLE 10
TERM OF AGREEMENT**

10.1 Term

Subject to Article 9, this Agreement shall continue in full force and effect until there are no Properties to which the Royalty applies. Thereafter, this Agreement shall nevertheless remain in full force and effect:

- (a) in respect of any accrued and unfulfilled obligations of either Party; and
- (b) as to Articles 5 and 9.

**ARTICLE 11
NOTICES AND PAYMENTS**

11.1 Addresses for Service and Payments

All payments hereunder in respect of the Royalty shall be paid or tendered to the Royalty Owner at its address for notices hereunder or such other place or depository as the Royalty Owner may request by written notice to the Grantor, provided that no change in the place at which payments on account of the Royalty are to be paid or tendered shall be effective until 30 days after written notice thereof has been provided to the Grantor by the Royalty Owner.

11.2 Giving and Deemed Receipt of Notices

Whether or not so stipulated herein, all notices, communications and statements (herein called "notices") required or permitted hereunder shall be in writing. Notices may be served:

- (a) by delivering them to the Party on which they are to be served at the Party's address for notices hereunder, provided such delivery shall be during normal business hours of the addressee. Such notices shall be deemed received by the addressee when actually delivered as aforesaid; or
- (b) by telecopier (or by any other like method by which a written and recorded message may be sent) directed to the Party on which they are to be served at the Party's telecopy number for notices hereunder. Such notices shall be deemed received by the addressee thereof: (i) when actually received by it if sent within the normal working hours of a Business Day of the addressee, or (ii) otherwise at the commencement of the next ensuing Business Day following transmission thereof, whichever is earlier.

11.3 Addresses

The address for service for telecopy numbers and notices hereunder of each of the Parties shall be as follows:

Grantor:

Shiningbank Energy Ltd.
1050, 250 - 6th Avenue S.W.
Calgary, AB
T2P 3C4

Attention: Chief Financial Officer
Telecopy: (403) 231-3099

Royalty Owner:

Computershare Trust Company of Canada
710, 530 - 8th Avenue S.W.
Calgary, Alberta
T2P 3S8

Attention: Manager, Corporate Trust Department
Telecopy: (403) 267-6598

11.4 Change of Address

A Party may change its said address or telecopy number for notices hereunder by notice to the other Party.

11.5 *In Specie* Distribution

Should an *In Specie* Distribution occur, the new Royalty Owner shall provide an address for payment and service to the Grantor.

**ARTICLE 12
MISCELLANEOUS**

12.1 Enurement

Subject to Section 9.1, this Agreement shall enure to the benefit of and be binding upon the Parties and their respective successors and permitted assigns.

12.2 Waivers in Writing

No waiver by any Party of any breach of any of the covenants, conditions and provisions herein contained shall be effective or be binding on any other Party unless such waiver is expressed in writing and any waiver so expressed shall not limit or affect its rights with respect to any other or future breach.

12.3 Time of Essence

Time is of the essence of this Agreement.

12.4 No Partnership

Nothing herein shall be construed as creating a partnership and neither Party shall have any partnership rights or liabilities hereunder or in connection herewith.

12.5 Severability

This Agreement are severable. In the event of the unenforceability or invalidity of any one or more of the terms, covenants or conditions of this Agreement under applicable law, such unenforceability or invalidity shall not render any of other terms, covenants or conditions hereof unenforceable or invalid and the Parties agree that this Agreement shall be construed as if such unenforceable or invalid term, covenant or condition was never contained herein.

12.6 Amendments

No amendment, alteration or variation of this Agreement or any of its terms or conditions shall be binding upon the Parties unless made in writing and signed by the duly authorized representatives of each of the Parties.

**ARTICLE 13
CONCERNING THE TRUSTEE**

13.1 Acknowledgement

The Parties hereto acknowledge that Computershare Trust Company of Canada is entering into this Agreement solely in its capacity as trustee of the Royalty Fund and the obligations of the Royalty Owner hereunder shall not be personally binding upon Computershare Trust Company of Canada or any of the Unitholders and that any recourse against the Royalty Fund, Computershare Trust Company of Canada as trustee of the Royalty Fund, or any Unitholder in any manner in respect of any indebtedness, obligation or liability of the Royalty Owner arising hereunder or arising in connection herewith or from the matters to which this Agreement relates, if any, including without limitation, claims based on negligence, tortious behaviour or otherwise, shall be limited to, and satisfied only out of, the Royalty Fund as defined in the Trust Indenture dated as of May 16, 1996 as it may be amended by supplemental from time to time.

Executed and delivered.

Schedule A dated July 31, 1996, as amended, forming part of a Royalty Agreement dated July 31, 1996 between Computershare Trust Company of Canada, as Trustee for and on behalf of Shiningbank Energy Income Fund, and Shiningbank Energy Ltd., as amended from time to time.

NEWS RELEASE

SHININGBANK ANNOUNCES EQUITY FINANCING

Shiningbank Energy Income Fund ("Shiningbank") announced today that it has entered into an agreement to sell 4,100,000 Trust Units at \$24.45 per Trust Unit, to a syndicate of underwriters on a bought deal basis, to raise gross proceeds of \$100,245,000. The underwriting syndicate, led by CIBC World Markets Inc., includes BMO Nesbitt Burns Inc., Scotia Capital Inc., RBC Capital Markets, National Bank Financial Inc., TD Securities Inc. and FirstEnergy Capital Corp. The issue will be offered in all provinces of Canada. Closing of the offering is expected to occur on September 28, 2005, and is subject to regulatory approvals. Purchasers of Trust Units offered hereunder will be entitled to receive the distribution to be paid on or about October 15, 2005 to holders of record on September 30, 2005.

Net proceeds from the financing will be used to repay indebtedness incurred in respect of Shiningbank's recent acquisitions of Outlook Energy Corp. and Blizzard Energy Inc., to fund ongoing capital expenditures and for general corporate purposes.

Shiningbank Energy Income Fund is a conventional oil and gas royalty trust and its units are listed on the Toronto Stock Exchange under the symbol "SHN.UN".

This news release shall not constitute an offer to sell, or the solicitation of an offer to buy, securities in the United States, or any province or territory of Canada, nor shall there be any sale of the securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. The securities offered will not be, and have not been, registered under the United States Securities Act of 1933 and may not be offered or sold in the United States absent registration or applicable exemption from the registration requirement.

**NOT FOR DISTRIBUTION TO THE U.S. NEWSWIRE SERVICES OR FOR
 DISSEMINATION IN THE UNITED STATES**

A copy of this preliminary short form prospectus has been filed with the securities regulatory authorities in each of the provinces of Canada but has not yet become final for the purpose of the sale of securities. Information contained in this preliminary short form prospectus may not be complete and may have to be amended. The securities may not be sold until a receipt for the short form prospectus is obtained from the securities regulatory authorities.

This short form prospectus constitutes a public offering of these securities only in those jurisdictions where they may be lawfully offered for sale and therein only by persons permitted to sell such securities. No securities regulatory authority has expressed an opinion about these securities and it is an offence to claim otherwise.

These securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act"), or the securities laws of any state of the United States. Accordingly, these securities may not be offered or sold within the United States of America or to a U.S. person (as such term is defined in Regulation S under the U.S. Securities Act) except in transactions exempt from the registration requirements of the U.S. Securities Act and applicable state securities laws. This short form prospectus does not constitute an offer to sell or a solicitation of an offer to buy any of these securities within the United States of America. See "PLAN OF DISTRIBUTION".

PRELIMINARY SHORT FORM PROSPECTUS

New Issue

September 12, 2005

SHININGBANK ENERGY INCOME FUND

\$100,245,000

4,100,000 TRUST UNITS

Price: \$24.45 per Trust Unit

RECEIVED
 2005 MAY -2 A 11:30
 DEPARTMENT OF INTERNATIONAL
 CORPORATE FINANCE

Shiningbank Energy Income Fund ("Shiningbank" or the "Fund") is hereby qualifying 4,100,000 trust units ("Trust Units") of the Fund for distribution (the "Offering") at a price of \$24.45 per Trust Unit. Each Trust Unit represents an undivided beneficial interest in the Fund. The outstanding Trust Units are listed and posted for trading on the Toronto Stock Exchange (the "TSX") under the trading symbol "SHN.UN". Shiningbank has applied to list the Trust Units offered pursuant to this short form prospectus on the TSX. Listing will be subject to Shiningbank fulfilling all the listing requirements of the TSX. On September 8, 2005, the closing price of the Trust Units on the TSX prior to the public announcement of the Offering was \$24.99. On September 9, 2005, the closing price of the Trust Units on the TSX was \$24.59.

The offering price of the Trust Units was determined by negotiation between Shiningbank and CIBC World Markets Inc., on behalf of itself and BMO Nesbitt Burns Inc., Scotia Capital Inc., RBC Dominion Securities Inc., National Bank Financial Inc., TD Securities Inc. and FirstEnergy Capital Corp. (collectively, the "Underwriters").

	Price to Public	Underwriters' Fee	Net Proceeds to Shiningbank ⁽¹⁾
Per Trust Unit	\$ 24.45	\$ 1.2225	\$ 23.2275
Total	\$ 100,245,000	\$ 5,012,250	\$ 95,232,750

Note:

(1) Before deducting expenses of the Offering estimated to be \$280,000.

Shiningbank pays distributions on the Trust Units on or about the 15th day of each month to holders of Trust Units ("Unitholders") of record on the last business day of the month preceding payment. Purchasers of Trust Units under this Offering who own such Trust Units on September 30, 2005 will receive the monthly distribution of the Fund to be paid on or about October 15, 2005. See "RECORD OF CASH DISTRIBUTIONS".

The Underwriters, as principals, conditionally offer the Trust Units, subject to prior sale if, as and when issued by the Fund and accepted by the Underwriters, in accordance with the conditions contained in the Underwriting Agreement referred to under the section entitled "PLAN OF DISTRIBUTION" and subject to the approval of certain legal matters on behalf of the Fund by Gowling Lafleur Henderson LLP, Calgary, Alberta, and on behalf of the Underwriters by Macleod Dixon LLP, Calgary, Alberta. Subject to applicable laws, the Underwriters may, in connection with the Offering,

effect transactions which stabilize or maintain the market price of the Trust Units at levels other than those which otherwise might prevail in the open market. Such transactions, if commenced, may be discontinued at any time. See "PLAN OF DISTRIBUTION".

Five of the Underwriters, being CIBC World Markets Inc., BMO Nesbitt Burns Inc., Scotia Capital Inc., National Bank Financial Inc. and TD Securities Inc., are, directly or indirectly, subsidiaries of Canadian chartered banks (the "Banks"), all of which are lenders to Shiningbank Energy Ltd. (the "Corporation"). Consequently, the Fund may be considered to be a connected issuer of each of these Underwriters in connection with this Offering for the purposes of applicable Canadian securities laws. All of the net proceeds of this Offering will be used initially to reduce the Corporation's indebtedness to the Banks under its revolving credit facility. See "USE OF PROCEEDS" and "RELATIONSHIP BETWEEN THE CORPORATION AND THE UNDERWRITERS".

In the opinion of counsel, provided the Fund is a "mutual fund trust" for purposes of the *Income Tax Act* (Canada) (the "Tax Act"), the Trust Units will, when issued, be qualified investments for registered retirement savings plans, registered retirement income funds, registered education savings plans and deferred profit sharing plans under the Tax Act. See "CANADIAN FEDERAL INCOME TAX CONSIDERATIONS - Taxation of Unitholders - *Eligibility for Exempt Plan Investment*".

A return on an investment in the Fund is not comparable to the return on an investment in a fixed-income security. The recovery of an initial investment in the Fund is at risk, and the anticipated return on such investment is based on many performance assumptions. Although the Fund intends to make distributions of its available cash to Unitholders, these cash distributions may be reduced or suspended. The actual amount distributed will depend on numerous factors, including the financial performance of the Fund's operating entities, debt obligations, working capital requirements and future capital requirements. In addition, the market value of the Trust Units may decline if the Fund is unable to meet its cash distribution targets in the future, and that decline may be significant. **Cash distributions by the Fund to Unitholders are not guaranteed.**

It is important for an investor to consider the particular risk factors that may affect the industry in which it is investing, and therefore the stability of the distributions that it receives. See, for example, "Credit Facility", "Oil and Natural Gas Prices – Marketability of Production", "Environmental Concerns", "Purchase of Reserves", "Depletion of Reserves", "Foreign Exchange", "Capital Investment", "Operating Risks", "Changes in Legislation", "Investment Eligibility", "Additional Financing", "Distribution of Cash" and "Delays in Cash Distribution" under the heading "RISK FACTORS", at pages 65 to 71 of the Renewal Annual Information Form of the Fund dated March 21, 2005. These sections also describe the Fund's assessment of those risk factors as well as the potential consequences to an investor if a risk should occur.

The after-tax return from an investment in Trust Units to Unitholders subject to Canadian income tax can be made up of both a return on and a return of capital. That composition may change over time, thus affecting an investor's after-tax return. Returns on capital are generally taxed as ordinary income or as dividends in the hands of a Unitholder. Returns of capital are generally tax-deferred (and reduce the Unitholder's cost base in the Trust Unit for tax purposes). See "CANADIAN FEDERAL INCOME TAX CONSIDERATIONS".

Subscriptions for Trust Units will be received subject to rejection or allotment in whole or in part and the right is reserved to close the subscription books at any time without notice. It is expected that closing of this Offering will take place on or about September 28, 2005, or such other date as may be agreed to by the Fund and the Underwriters, but in any event not later than September 29, 2005.

Dominion Bond Rating Service Limited ("DBRS") has assigned a stability rating of STA-6 (middle) to the Trust Units. Income funds rated as STA-6 are considered by DBRS to have a very weak level of stability and sustainability of distributions per unit. STA-1 is the highest DBRS rating available to units of income funds and STA-7 is the lowest DBRS rating available to units of income funds. See "DETAILS OF THE OFFERING - Stability Rating".

The Trust Units are not "deposits" within the meaning of the *Canada Deposit Insurance Corporation Act* and are not insured under the provisions of such Act or any other legislation. Furthermore, the Fund is not a trust company and, accordingly, is not registered under any trust and loan company legislation, as it does not carry on or intend to carry on the business of a trust company.

ABBREVIATIONS

In this short form prospectus, the abbreviations set forth below have the following meanings.

"**ARTC**" means Alberta Royalty Tax Credit.
"**bbl**" means one barrel.
"**bbls**" means barrels.
"**bbl/d**" means barrels per day.
"**boe**" means barrel of oil equivalent.*
"**boe/d**" means one barrel of oil equivalent per day.
"**GJ**" means Gigajoule.
"**GJ/d**" means Gigajoule per day.
"**MS**" means thousands of dollars.
"**mbbl**" means one thousand barrels.
"**mboe**" means one thousand barrels of oil equivalent.
"**mcf**" means one thousand cubic feet.
"**mcf/d**" means one thousand cubic feet per day.
"**MMS**" means millions of dollars.
"**MMbtu**" means one million British Thermal Units
"**mmcf/d**" means one million cubic feet per day.
"**NGL**" means natural gas liquids.

* A barrel of oil equivalent is determined by converting a volume of natural gas to barrels using the ratio of six mcf to one barrel. Boe's may be misleading, particularly if used in isolation. The boe conversion ratio of six mcf:one bbl is based on an energy equivalency method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead.

In this short form prospectus, references to "dollars" and "\$" are to Canadian dollars, unless otherwise indicated.

DOCUMENTS INCORPORATED BY REFERENCE

The following documents of Shiningbank, filed with Canadian securities regulatory authorities in all of the provinces of Canada (the "**Filing Jurisdictions**"), are specifically incorporated by reference into and form an integral part of this short form prospectus:

1. the Renewal Annual Information Form of Shiningbank dated March 21, 2005 (the "**Annual Information Form**") for the fiscal year ended December 31, 2004;
2. the interim unaudited comparative consolidated financial statements of Shiningbank and notes thereto as at and for the three and six month periods ended June 30, 2005 and 2004 together with management's discussion and analysis of financial condition and results of operations ("**MD&A**") for the periods then ended;
3. the audited comparative consolidated financial statements of Shiningbank and notes thereto as at and for the years ended December 31, 2004 and 2003, including the auditors' report thereon, together with the MD&A for the years then ended, contained in Shiningbank's 2004 Annual Report to Unitholders;
4. the information circular of Shiningbank dated March 21, 2005 (excluding the sections entitled "Executive Compensation - Trust Performance Graph" and "Corporate Governance", which, pursuant to National Instrument 44-101 of the Canadian securities regulatory authorities, are not required to be incorporated by reference herein) prepared in connection with Shiningbank's annual and special meeting of Unitholders held on May 10, 2005;

5. the interim unaudited financial statements of Blizzard Energy Inc. ("**Blizzard**") as at and for the six month periods ended June 30, 2005 and 2004 and notes thereto which was filed on Shiningbank's page on the SEDAR website on September 12, 2005;
6. the audited financial statements of Birchill Resources Limited ("**Birchill**") for the years ended December 31, 2003 and 2002, including the auditors' report thereon, contained in Appendix B to the short form prospectus of Shiningbank dated February 27, 2004;
7. the material change report of Shiningbank dated June 7, 2005 relating to the execution of an arrangement agreement dated June 6, 2005 with Blizzard pursuant to which Shiningbank would acquire Blizzard; and
8. the material change report of Shiningbank dated August 12, 2005 relating to the completion of Shiningbank's acquisition of Blizzard.

Any material change reports (except confidential material change reports), comparative interim financial statements, management's discussion and analysis for interim financial periods, comparative financial statements for the most recently completed financial year (together with the accompanying report of the auditor) and any information circular (excluding the portions thereof which, pursuant to National Instrument 44-101 of the Canadian securities regulatory authorities, are not required to be incorporated by reference in a short form prospectus) filed by Shiningbank in the Filing Jurisdictions subsequent to the date of this short form prospectus and prior to the termination of this distribution shall be deemed to be incorporated by reference into this short form prospectus.

Any statement contained in this short form prospectus or in a document incorporated or deemed to be incorporated by reference herein shall be deemed to be modified or superseded for purposes of this short form prospectus to the extent that a statement contained herein or in any other subsequently filed document which also is, or is deemed to be, incorporated by reference herein, modifies or supersedes such statement. The modifying or superseding statement need not state that it has modified or superseded a prior statement or include any other information set forth in the document that it modifies or supersedes. The making of a modifying or superseding statement shall not be deemed an admission for any purpose that the modified or superseded statement, when made, constituted a misrepresentation, an untrue statement of a material fact or an omission to state a material fact that is required to be stated or that is necessary to make a statement not misleading in light of the circumstances in which it is made. Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this short form prospectus.

Information has been incorporated by reference in this short form prospectus from documents filed with securities commissions or similar authorities in Canada. Copies of the documents incorporated herein by reference may be obtained on request without charge from the Chief Financial Officer of the Corporation, the administrator of the Fund, by sending a written request to Suite 1310, 111 - 5th Avenue S.W., Calgary, Alberta, T2P 3Y6, by faxing a written request to 403-268-7499 or by calling 403-268-7477. For the purpose of the Province of Québec, this simplified prospectus contains information to be completed by consulting the permanent information record. A copy of the permanent information record may be obtained from the Chief Financial Officer of the Corporation, the administrator of the Fund, at the above-mentioned address and fax and telephone numbers.

FORWARD-LOOKING STATEMENTS

Certain statements contained in this short form prospectus, and in certain documents incorporated by reference into this short form prospectus, constitute forward-looking statements. The use of any of the words "anticipate", "continue", "estimate", "expect", "may", "will", "project", "should", "believe" and similar expressions are intended to identify forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors that may cause actual results or events to differ materially from those anticipated in such forward-looking statements. The Fund believes the expectations reflected in those forward-looking statements are reasonable but no assurance can be given that these expectations will prove to be correct and such forward-

looking statements included in, or incorporated by reference into, this short form prospectus should not be unduly relied upon. These statements speak only as of the date of this short form prospectus or as of the date specified in the documents incorporated by reference into this short form prospectus, as the case may be.

In particular, this short form prospectus, and the documents incorporated by reference, contain forward-looking statements pertaining to the following:

- the performance characteristics of the Fund's oil and natural gas properties;
- oil and natural gas production levels;
- the size and value of the Fund's oil and natural gas reserves;
- projections of market prices and costs and the related sensitivity of distributions;
- supply and demand for oil and natural gas;
- expectations regarding the ability to raise capital and to continually add to reserves through acquisitions and development;
- treatment under governmental regulatory regimes and tax laws; and
- capital expenditure programs.

The actual results could differ materially from those anticipated in these forward-looking statements as a result of the risk factors set forth below and elsewhere in this short form prospectus and the documents incorporated by reference:

- volatility in market prices for oil and natural gas;
- liabilities inherent in oil and gas operations;
- uncertainties associated with estimating oil and natural gas reserves;
- competition for, among other things, capital, acquisitions of reserves, undeveloped lands and skilled personnel;
- incorrect assessments of the value of acquisitions;
- geological, technical, drilling and processing problems;
- fluctuations in foreign exchange or interest rates and stock market volatility; and
- changes in income tax laws or changes in tax laws and incentive programs relating to the oil and gas industry and income trusts.

Statements relating to "reserves" or "resources" are deemed to be forward-looking statements, as they involve the implied assessment, based on certain estimates and assumptions, that the resources and reserves described can be profitably produced in the future. Except as required under applicable securities legislation, Shiningbank does not undertake any obligation to publicly update or revise any forward-looking statements.

Readers are cautioned that the foregoing lists of factors are not exhaustive. The forward-looking statements contained in this short form prospectus and the documents incorporated by reference herein are expressly qualified by this cautionary statement.

NON-GAAP MEASURES

In this short form prospectus, and in certain documents incorporated by reference herein, the Fund uses the terms "cash flow", "cash available for distribution" and "distributable cash" to refer to the amount of cash available for distribution to Unitholders and as indicators of financial performance. The Fund also uses the term "netbacks", which are calculated as average unit sales price less royalties, transportation costs and operating costs, to represent the cash margin for product sold, calculated on a boe basis. "Cash flow", "cash available for distribution", "distributable cash" and "netbacks" are not measures recognized by Canadian generally accepted accounting principles ("**GAAP**") and do not have standardized meanings prescribed by GAAP. Therefore, "cash flow", "cash available for distribution", "distributable cash" and "netbacks" of the Fund may not be comparable to similar measures presented by other issuers, and investors are cautioned that "cash flow", "cash available for distribution", "distributable cash" and "netbacks" should not be construed as alternatives to net earnings, cash flow from operating activities or other measures of financial performance calculated in accordance with GAAP. The

Fund considers "cash flow from operations" a key measure of performance as it demonstrates the Fund's ability to generate the cash flow necessary to fund future distributions and capital investments and repay indebtedness. The Fund considers "netbacks" a key measure as it indicates the relative performance of crude oil and natural gas assets. Cash available for distribution cannot be assured and future distributions may vary.

SHININGBANK ENERGY INCOME FUND

The Fund

The Fund is an unincorporated open-ended investment trust created under the laws of the Province of Alberta and governed by an amended and restated trust indenture (the "**Trust Indenture**") between Computershare Trust Company of Canada (the "**Trustee**") and the Corporation dated September 6, 2005. The head and principal office of the Fund is located at 1310, 111 - 5th Avenue S.W., Calgary, Alberta, T2P 3Y6. The registered office of the Fund is located at Suite 1200, 700 - 2nd Street S.W., Calgary, Alberta, T2P 4V5.

The Fund's assets consist primarily of royalties equal to 99% of the net cash flow generated by the petroleum and natural gas interests held by the Corporation and Shiningbank Limited Partnership ("**SLP**") after certain costs, expenditures and deductions (collectively, the "**Royalty**") and the notes issued on the acquisitions of Raider Resources Ltd., Ionic Energy Inc., Birchill and Blizzard (collectively, the "**Acquisition Notes**").

The Fund has an obligation (the "**Deferred Purchase Price Obligation**") to pay to the Corporation and SLP, as the case may be, as partial consideration for the Royalty, to the extent of the Fund's available funds, up to 99% of the cost of any Canadian resource property (as such term is defined in the Tax Act) acquired by the Corporation or SLP, excluding any amount borrowed to fund such acquisitions, and up to 99% of the cost of certain designated capital expenditures, excluding any amount borrowed to fund such expenditures. The Fund is also required to pay a Deferred Purchase Price Obligation respecting the Corporation's or SLP's acquisition of certain other corporations or entities that own Canadian resource property, excluding any amount borrowed to fund such acquisitions.

Each Trust Unit entitles the holder to receive distributions of the holder's proportionate share of distributable cash ("**Distributable Cash**") equal to the income that the Fund receives under the Royalty, plus interest income received or receivable by the Fund from the Acquisition Notes, any ARTC received and other payments or distributions received, directly or indirectly, from its operating entities, less certain charges and cash expenses of the Fund. From its inception through December 31, 2002, the distributions were made on a quarterly basis. Since February 2003, distributions have been paid monthly on or about the 15th day of each month to Unitholders of record on the last business day of the month preceding payment.

Shiningbank Energy Ltd.

The Corporation was incorporated under the *Business Corporations Act* (Alberta) (the "**ABCA**") on March 7, 1996 as Proximity Energy Ltd. Its articles were amended by a Certificate of Amendment dated April 9, 1996 to change the Corporation's name to Shiningbank Energy Ltd. Effective July 1, 2000, it amalgamated with Shiningbank Energy Acquisitions Ltd., Raider Resources Ltd. and Cambright Gas Corporation and continued under the name Shiningbank Energy Ltd. Effective May 4, 2001, the Corporation amalgamated with 923720 Alberta Inc. and Ionic Energy Inc. and continued under the name Shiningbank Energy Ltd. Effective October 9, 2002, the Corporation amalgamated with Shiningbank Energy Management Inc. and continued under the name Shiningbank Energy Ltd. Effective January 1, 2004, the Corporation amalgamated with Jocsak Energy Ltd. and continued under the name Shiningbank Energy Ltd. Effective March 8, 2004, the Corporation amalgamated with Birchill and Good Ridge Explorations Ltd. and continued under the name Shiningbank Energy Ltd. Effective August 2, 2005, the Corporation amalgamated with Outlook Energy Corp. and Blizzard and continued under the name Shiningbank Energy Ltd. The Corporation is a wholly-owned subsidiary of Shiningbank Holdings Corporation ("**SHC**") and an indirect wholly-owned subsidiary of the Fund. The head and principal office of the Corporation is located at 1310, 111 - 5th Avenue S.W., Calgary, Alberta, T2P 3Y6. The registered office of the Corporation is located at Suite 1200, 700 - 2nd Street S.W., Calgary, Alberta, T2P 4V5.

The Corporation is in the business of acquiring, developing, exploiting, owning and disposing of oil and natural gas properties, providing certain administrative services to the Fund and acting as a general partner of SLP. The Corporation has approximately 75 employees. The Corporation has agreed, pursuant to an Administrative Services Agreement between the Corporation and the Trustee dated October 9, 2002 (the "**Administrative Services Agreement**"), to provide certain management, advisory and administrative services in connection with the Royalty, the Fund, the Trust Units and any entity of the Fund managed by the Corporation. The Corporation receives no management fees for acting as administrator of the Fund or as general partner of SLP and is reimbursed only for general and administrative expenses incurred in connection therewith.

Shiningbank Holdings Corporation

SHC was incorporated under the ABCA on July 24, 2002 as 999972 Alberta Inc. Its articles were amended by a Certificate of Amendment dated October 8, 2002 to, among other things, change its name to Shiningbank Holdings Corporation and authorize the issuance of an unlimited number of non-voting exchangeable shares ("**Exchangeable Shares**"). With the exception of the Exchangeable Shares, the Fund owns all the issued and outstanding shares of SHC. The head and principal office of SHC is located at 1310, 111 – 5th Avenue S.W., Calgary, Alberta, T2P 3Y6. The registered office of SHC is located at Suite 1200, 700 – 2nd Street S.W., Calgary, Alberta, T2P 4V5.

SHC was incorporated for the purpose of acquiring all of the shares of Shiningbank Energy Management Inc., the former manager of the Fund, for cash and Exchangeable Shares, to effect the internalization of the Fund's management as further described under the heading "General Development of the Business of the Fund – Management Internalization Transactions" on pages 22 and 23 of the Annual Information Form. SHC has no business or employees.

Shiningbank Limited Partnership

SLP is a limited partnership which was formed on December 10, 2004 under the *Partnership Act* (Alberta). The head and principal office of SLP is located at 1310, 111 – 5th Avenue S.W., Calgary, Alberta, T2P 3Y6. The registered office of SLP is located at Suite 1200, 700 – 2nd Street S.W., Calgary, Alberta, T2P 4V5.

SLP is in the business of acquiring, developing, exploiting, owning and disposing of oil and natural gas properties. Shiningbank Operating Trust ("**SOT**") owns 100% of the limited partnership interests in SLP and the Corporation is the general partner of SLP.

Shiningbank Operating Trust

SOT is an unincorporated commercial trust created under the laws of the Province of Alberta and governed by a trust indenture dated September 30, 2004. The head and principal office of SOT is located at 1310, 111 – 5th Avenue S.W., Calgary, Alberta, T2P 3Y6. The registered office of SOT is located at Suite 1200, 700 – 2nd Street S.W., Calgary, Alberta, T2P 4V5.

The trustee of SOT is 1130243 Alberta Inc. The Fund holds the entire beneficial interest in SOT. The assets of SOT consist of its limited partnership interest in SLP.

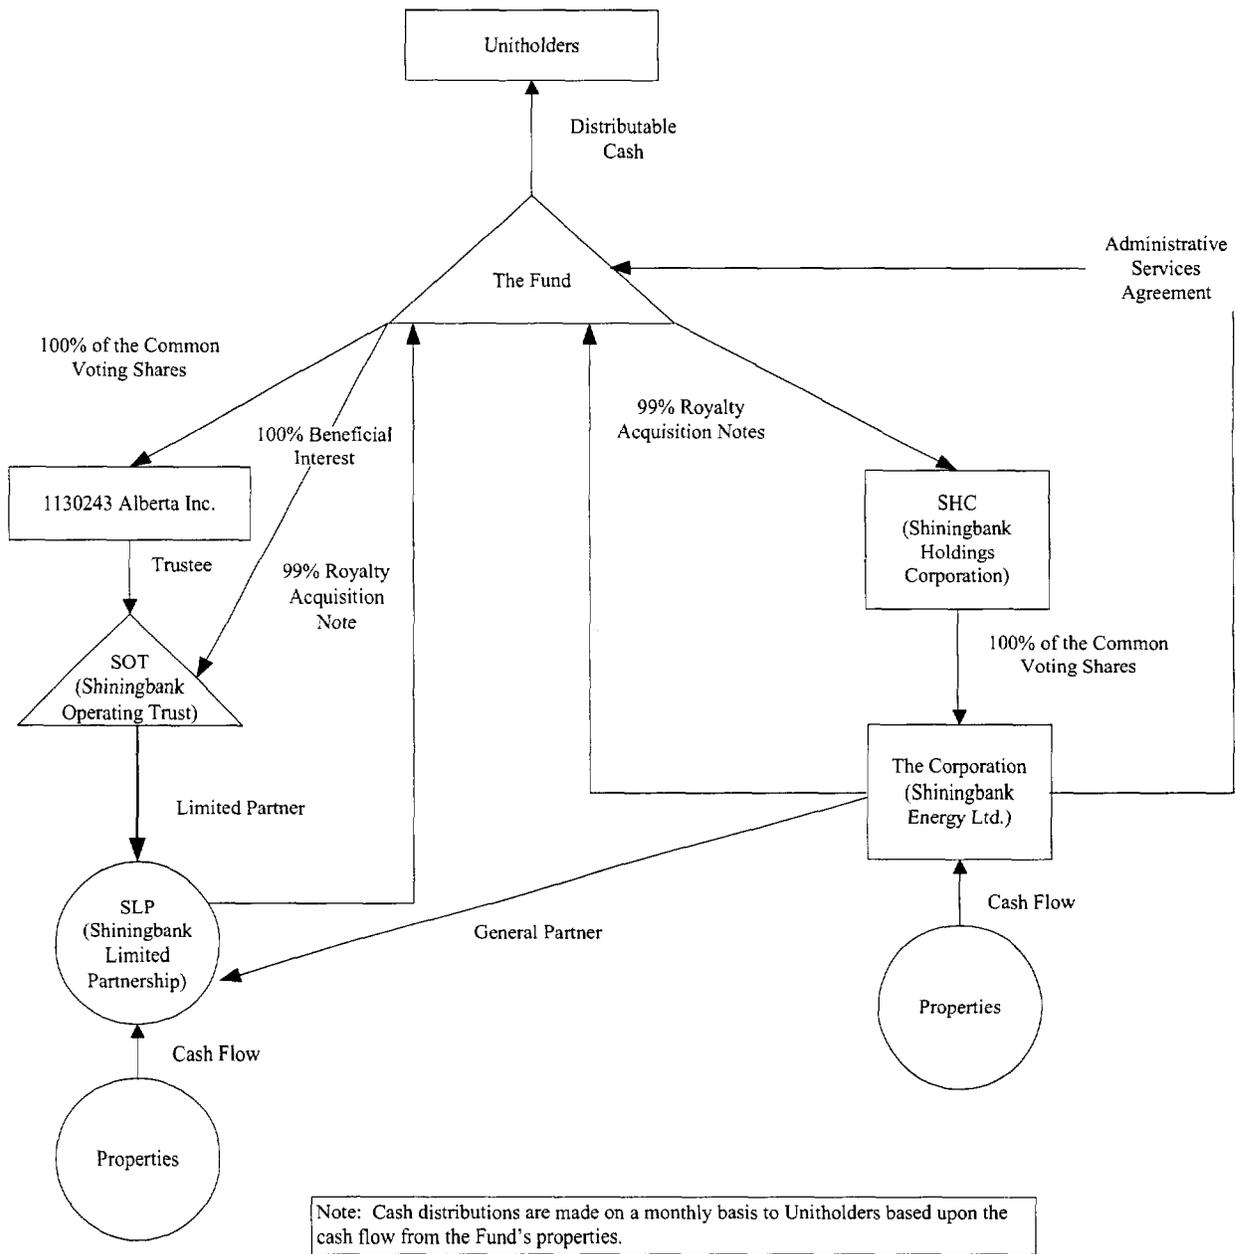

1130243 Alberta Inc.

1130243 Alberta Inc. was incorporated under the ABCA on September 30, 2004. Its head and principal office is located at 1310, 111 – 5th Avenue S.W., Calgary, Alberta, T2P 3Y6 and its registered office is located at Suite 1200, 700 – 2nd Street S.W., Calgary, Alberta, T2P 4V5.

1130243 Alberta Inc. was incorporated for the purpose of being the trustee of SOT. All of the outstanding shares of 1130243 Alberta Inc. are held by the Fund.

Structure

The following diagram illustrates the structure of the Fund and the flow of cash from the Fund's properties to the Unitholders.

RECENT DEVELOPMENTS

Credit Facility

On August 2, 2005, the Corporation's revolving credit facility with a syndicate of Canadian chartered banks was increased from \$250 million to \$330 million in connection with the completion of the Blizzard Acquisition (as defined below under "ACQUISITIONS – 2005 Acquisitions – Blizzard Acquisition"). For more information on the credit facility, see note (1) under "CAPITALIZATION".

Hedging Contracts

Currently, the Corporation has the following hedging contracts in place:

Collar

Period		Commodity	Volume Fixed	Prices	
Commencement Date	Termination Date			Floor	Ceiling
April 1, 2005	December 31, 2005	Gas	5,000 GJ/d	\$5.00/GJ	\$6.39/GJ
April 1, 2005	October 31, 2005	Gas	5,000 GJ/d	\$6.65/GJ	\$7.75/GJ
May 1, 2005	October 31, 2005	Gas	5,000 GJ/d	\$6.90/GJ	\$9.50/GJ
November 1, 2005	March 31, 2006	Gas	5,000 GJ/d	\$7.50/GJ	\$12.00/GJ

Board of Directors

On June 22, 2005, Richard W. Clark was appointed to the board of directors of the Corporation, bringing the board to six members.

ACQUISITIONS

2005 Acquisitions

Blizzard Acquisition

On August 2, 2005, the Corporation acquired all of the outstanding shares of Blizzard for aggregate consideration of \$275 million, subject to adjustments, consisting of the issuance of 8,837,729 Trust Units, the payment of \$46.6 million in cash and the assumption of \$42.4 million in debt and working capital deficiency (the "**Blizzard Acquisition**"). The Blizzard Acquisition was completed pursuant to a plan of arrangement involving Blizzard, the Fund, the Corporation, Zenas Energy Corp., Zenas Finance Corp. and the security holders of Blizzard and Zenas Finance Corp. Through the Blizzard Acquisition, the Corporation acquired Blizzard's long-life natural gas properties (the "**Blizzard Properties**") concentrated in the Peace River Arch area near Grande Prairie, Alberta and the Sousa area of north-western Alberta. The majority of the Blizzard Properties are operated and are characterized by high working interests, low operating costs and high field netbacks. At the time of the Blizzard Acquisition, production from the Blizzard Properties, as estimated by the Corporation, was 4,600 boe/d, approximately 95% of which was natural gas. Based on an independent engineering report prepared for Blizzard, the Corporation estimated the gross proved plus probable reserves of the Blizzard Properties acquired as at the time of the Blizzard Acquisition, after adjustment for the Corporation's estimate of reserves added through first quarter 2005 exploration and development drilling activity, to be 16 mmboe. The acquisition of Blizzard also included approximately 265,000 net acres of undeveloped land with a significant inventory of development drilling possibilities. See "SCHEDULE A - INFORMATION CONCERNING BLIZZARD".

For further information on the effect of the Blizzard Acquisition, see "EFFECT OF THE BLIZZARD ACQUISITION ON SHININGBANK" below, the Material Change Report dated August 12, 2005 (which is incorporated by reference herein) and the Pro Forma Financial Statements attached hereto. Certain of the information set out in Schedule A was provided by Blizzard and other third parties. While management of the Corporation has performed certain procedures to satisfy itself that such disclosure constitutes full, true and plain disclosure and has no reason

to believe that the information is incorrect, there can be no assurances concerning the completeness or accuracy of such information in respect of the assets acquired from Blizzard.

Effective August 2, 2005, the Corporation amalgamated with Blizzard. See "SHININGBANK ENERGY INCOME FUND – Shiningbank Energy Ltd."

Acquisitions of Other Oil and Gas Assets in 2005

On June 21, 2005, the Corporation acquired all the issued and outstanding shares of Outlook Energy Corp. ("**Outlook**"), a private corporation, for \$31.4 million in cash. Outlook's properties include a mix of gas focused, operated and non-operated interests in west-central Alberta. The principal properties are located in the Minnehik, Alexander and Nelson areas of Alberta and are adjacent to a number of Shiningbank's existing operations at Pembina, Alexander and Penhold. At the time of acquisition, Outlook's production, as estimated by the Corporation, was 600 boe/d, approximately 95% of which was natural gas.

2004 Acquisitions

Birchill Acquisition

On March 8, 2004, the Corporation acquired all of the outstanding shares of Birchill for consideration of \$170.1 million in cash (the "**Birchill Acquisition**"). Through the Birchill Acquisition, the Corporation acquired oil and natural gas properties (the "**Birchill Properties**") and facilities, which included a mix of operated and non-operated interests, located primarily in west central Alberta and southern Saskatchewan, with the principal Birchill Properties being located in the Ferrier, Kaybob/Winterburn and Rainbow areas of Alberta and in the Nottingham and Coleville areas of southern Saskatchewan. For further information on the Birchill Acquisition and its effect on Shiningbank, see the disclosure under the heading "General Development of the Business of the Fund – Three Year History – Year Ended December 31, 2004" on pages 24 and 25 of the Annual Information Form.

Acquisitions of Other Oil and Gas Assets in 2004

Effective January 1, 2004, the Corporation acquired all the outstanding shares of Good Ridge Explorations Ltd., a private oil and gas corporation, for \$7.0 million in cash. The acquisition closed on March 5, 2004. For further information on this acquisition see the disclosure under the heading "General Development of the Business of the Fund – Three Year History – Year Ended December 31, 2004" on pages 24 and 25 of the Annual Information Form.

Potential Acquisitions

The Fund continues to evaluate potential acquisitions of all types of petroleum, natural gas and other energy-related assets as part of its ongoing acquisition program. The Fund is regularly in the process of evaluating several potential acquisitions at any one time which individually or together could be material. As of the date hereof, the Fund has not reached agreement on the price or terms of any potential acquisition. The Fund cannot predict whether any current or future opportunities will result in one or more acquisitions for the Fund.

EFFECT OF THE BLIZZARD ACQUISITION ON SHININGBANK

Selected Pro Forma Financial and Operational Information

The following table sets forth selected pro forma financial and operational information for the Fund for the year ended December 31, 2004 and the six months ended June 30, 2005 as well as selected pro forma reserves data for the Fund as at December 31, 2004, derived from independent engineering reports (adjusted to exclude the assets transferred to Zenas), after giving effect to the Blizzard Acquisition and certain other adjustments.

The following information is qualified in its entirety by, and should be read in conjunction with, the unaudited pro forma consolidated financial statements of Shiningbank set forth on pages 23 to 30 of this prospectus, together with the information in Schedule A hereto and the material change report of Shiningbank dated August 12, 2005, which is incorporated by reference herein.

	Six Months Ended June 30, 2005	Year Ended December 31, 2004
	(unaudited) (\$000s)	(unaudited) (\$000s)
Oil and Natural Gas Sales	194,922	351,240
Operating Expenses	(28,218)	(54,698)
Net Earnings	37,197	136,026

	Six Months Ended June 30, 2005	Year Ended December 31, 2004
Average Daily Production		
Oil (bbl/d)	2,382	3,323
NGL (bbl/d)	3,237	4,077

Oil Equivalent (mboe)	83,038.3	79,915.2	66,048.2
Undeveloped Land Holdings (Net Acres)	-	-	463,727

Note:

- (1) National Instrument 51-101 *Standards of Disclosure for Oil and Gas Activities* requires that issuers engaged in oil and gas activities report their reserves on a "gross" and "net" basis as those terms are defined in the Canadian Oil and Gas Evaluation Handbook. Prior to 2004, Shiningbank reported its reserves on a "Company Interest" basis which is Shiningbank's working interest reserves before reduction for royalty obligations plus the Shiningbank royalty interests. For continuity and comparison purposes, reserves included in the table above are also presented on a "Company Interest" basis.

USE OF PROCEEDS

The estimated net proceeds to the Fund of this Offering are \$94,952,750, after deducting the Underwriters' fee of \$5,012,250 and the expenses of this Offering, estimated to be \$280,000. The net proceeds will be applied to the amounts owing to the Corporation by the Fund under the Deferred Purchase Price Obligation and thereafter will be applied by the Corporation to its revolving loan credit facility, which has the effect, pursuant to the Corporation's banking arrangements, of increasing the available undrawn portion of its credit facility. The

Corporation's credit facility will then be drawn upon to the extent necessary to continue with the Fund's business strategy of acquiring long-life natural gas reserves and exploiting development opportunities. The estimated amount owing to the Corporation under the Deferred Purchase Price Obligation as at June 30, 2005, prior to the reduction from the proceeds of the Offering, was \$12,099,000. In the event that the net proceeds of the Offering exceed the amounts owing under the Deferred Purchase Price Obligation, the excess amount will be loaned by the Fund to the Corporation, which loan will be reduced by future additions to the Deferred Purchase Price Obligation.

RECORD OF CASH DISTRIBUTIONS

The accompanying table summarizes the cash distributions made by Shiningbank since the beginning of the most recently completed financial year.

Record Date	Payment Date	Distribution per Trust Unit
January 31, 2004	February 15, 2004	\$0.23
February 29, 2004	March 15, 2004	\$0.23
March 31, 2004	April 15, 2004	\$0.23
April 30, 2004	May 15, 2004	\$0.23
May 31, 2004	June 15, 2004	\$0.23
June 30, 2004	July 15, 2004	\$0.23
July 31, 2004	August 15, 2004	\$0.23
August 31, 2004	September 15, 2004	\$0.23
September 30, 2004	October 15, 2004	\$0.23
October 31, 2004	November 15, 2004	\$0.23
November 30, 2004	December 15, 2004	\$0.23
December 31, 2004	January 15, 2005	\$0.23
Total For Year		\$2.76
January 31, 2005	February 15, 2005	\$0.23
February 28, 2005	March 15, 2005	\$0.23
March 31, 2005	April 15, 2005	\$0.23
April 30, 2005	May 15, 2005	\$0.23
May 31, 2005	June 15, 2005	\$0.23
June 30, 2005	July 15, 2005	\$0.23
July 31, 2005	August 15, 2005	\$0.23
Total For Year to Date		\$1.61

The Fund has declared a distribution of \$0.23 per Trust Unit to be paid on September 15, 2005 to Unitholders of record on August 31, 2005.

PRICE RANGE AND TRADING VOLUME OF TRUST UNITS

The Trust Units are listed and posted for trading on the TSX under the trading symbol "SHN.UN". The following table sets forth the reported high and low sale prices (which are not necessarily the closing prices) and the trading volumes for the Trust Units for the periods indicated as reported by sources the Corporation believes to be reliable.

	Price Range (\$)		Trading Volume
	High	Low	
2004			
First Quarter	18.85	16.51	10,634,690
Second Quarter	19.74	17.44	10,752,035
Third Quarter	22.48	18.83	9,899,130
Fourth Quarter	23.98	20.01	12,714,651
2005			
First Quarter	23.35	19.77	9,574,319
Second Quarter	22.19	19.60	8,916,032

	Price Range (\$)		Trading Volume
	High	Low	
July	25.00	21.50	4,363,253
August	25.75	22.02	7,295,008
September (1-9)	25.00	24.24	1,509,888

On September 8, 2005, the closing price of the Trust Units on the TSX prior to the public announcement of this Offering was \$24.99. On September 9, 2005, the closing price of the Trust Units on the TSX was \$24.59.

CAPITALIZATION

The following table sets forth the consolidated capitalization of Shiningbank as at December 31, 2004, June 30, 2005 and August 31, 2005 before and after giving effect to the issue of Trust Units pursuant to the Offering.

	Authorized	December 31, 2004 (audited)	June 30, 2005 (unaudited)	Outstanding as at August 31, 2005 before giving effect to the Offering (unaudited)	Outstanding as at August 31, 2005 after giving effect to the Offering ⁽⁴⁾ (unaudited)
Bank Loan ⁽¹⁾	\$ 330,000,000	\$ 182,147,000	\$ 207,432,000	\$ 303,244,000	\$ 208,291,000
Trust Units ⁽²⁾⁽³⁾	300,000,000	\$ 706,954,000 (54,140,619 units)	\$ 713,718,000 (54,524,356 units)	\$ 894,245,000 (63,527,377 units)	\$ 989,198,000 (67,627,377 units)
Exchangeable Shares ⁽⁵⁾	unlimited	\$ 7,019,000 (263,482 shares)	\$ 7,755,000 (263,482 shares)	\$ 7,783,000 (248,482 shares)	\$ 7,783,000 (248,482 shares)

Notes:

- (1) The Corporation maintains a \$330 million revolving credit facility with a syndicate of Canadian chartered banks. Borrowings under the credit facility bear interest at an annual rate ranging from the banks' prime rate to the banks' prime rate plus 0.95%, depending on the total debt to cash flow ratio, or, at Shiningbank's option, the bankers' acceptance rate plus a stamping fee. The credit facility is secured by a \$600 million floating charge debenture on all assets of the Corporation together with supporting debentures and guarantees from the Fund's material subsidiaries and affiliates. The revolving period extends to April 27, 2006, at which time the credit facility, unless renewed, reverts to a two-year term with the principal payments, if necessary, commencing on July 28, 2006.
- (2) As at August 31, 2005, an aggregate of 2,910,862 Trust Units were reserved for issuance under Shiningbank's Trust Unit Rights Incentive Plan (the "Incentive Plan"). As at August 31, 2005, there were outstanding rights granted pursuant to the Incentive Plan to acquire an aggregate of 1,892,467 Trust Units at an average grant price of \$18.98 per Trust Unit. As at August 31, 2005, the average adjusted exercise price of these rights was \$17.01 per Trust Unit.
- (3) As at August 31, 2005, an aggregate of 849,184 Trust Units were reserved for issuance upon the exchange of the Exchangeable Shares, at the holders' option, at the exchange ratio in effect at August 31, 2005 of 1.41038 Trust Units for each outstanding Exchangeable Share.
- (4) Based on the issuance of 4,100,000 Trust Units for aggregate gross proceeds of \$100,245,000 less the Underwriters' fee of \$5,012,250 and expenses of the issue estimated to be \$280,000, the net proceeds from this issue are estimated to be \$94,952,750. See "USE OF PROCEEDS" and "PLAN OF DISTRIBUTION".
- (5) The Exchangeable Shares were originally issued on October 9, 2002 in connection with the management internalization transaction. The Exchangeable Shares are exchangeable, at the option of the holder, into Trust Units for no additional consideration. In addition to the 248,842 Exchangeable Shares reflected in the table as outstanding on August 31, 2005, an additional 353,614 Exchangeable Shares were held in escrow to be released over periods up to October 2007 under the terms of the escrow agreements with each of the two holders of the Exchangeable Shares. As at August 31, 2005, \$960,000 of the total purchase price was recorded as a deferred reduction to Exchangeable Shares representing Exchangeable Shares subject to escrow provisions net of the amortization.

PLAN OF DISTRIBUTION

Pursuant and subject to the terms and conditions contained in an agreement (the "**Underwriting Agreement**") dated September 12, 2005 among Shiningbank, the Corporation and the Underwriters, Shiningbank has agreed to issue and sell and the Underwriters have severally agreed to purchase on or about September 28, 2005, or such other date as Shiningbank and the Underwriters agree, but in any event not later than September 29, 2005, 4,100,000 Trust Units at a price of \$24.45 per Trust Unit for total gross consideration of \$100,245,000 payable in cash to Shiningbank against delivery of the Trust Units. The offering price of the Trust Units was determined by negotiation between Shiningbank and CIBC World Markets Inc., on behalf of itself and the other Underwriters. The Underwriting Agreement provides that Shiningbank will pay to the Underwriters an underwriters' fee in the aggregate amount of \$5,012,250 (5% or \$1.2225 per Trust Unit) in consideration for the services of the Underwriters in connection with the Offering.

The obligations of the Underwriters under the Underwriting Agreement are several and may be terminated at their discretion upon the occurrence of certain stated events. The Underwriters are, however, obligated to take-up and pay for all of the Trust Units if any of the Trust Units are purchased under the Underwriting Agreement.

Without the prior written consent of CIBC World Markets Inc., which consent shall not be unreasonably withheld, Shiningbank has agreed, for a period of 90 days from the closing of the Offering, not to sell or issue any Trust Units or securities convertible into or exchangeable for Trust Units other than pursuant to the Incentive Plan, Shiningbank's Distribution Reinvestment and Optional Trust Unit Purchase Plan, the exchange of issued and outstanding Exchangeable Shares or the issuance of Trust Units as bonuses to employees of the Corporation consistent with past practice.

Pursuant to policy statements of the Ontario Securities Commission and the Autorité des marchés financiers, the Underwriters may not, throughout the period of distribution, bid for or purchase Trust Units. The foregoing restriction is subject to certain exceptions, including: (i) a bid or purchase permitted under the by-laws and rules of the TSX relating to market stabilization and passive market making activities; and (ii) a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution, provided that the bid or purchase was not engaged in for the purpose of creating actual or apparent active trading in, or raising the price of, the Trust Units.

In connection with this Offering and subject to the foregoing, the Underwriters may over-allot or effect transactions which stabilize or maintain the market price of the Trust Units at levels other than those which might otherwise prevail on the open market. Such transactions, if commenced, may be discontinued at any time.

The Fund has agreed to indemnify the Underwriters and their controlling persons, directors, officers and employees against certain liabilities.

Shiningbank has applied to list the Trust Units offered pursuant to this short form prospectus on the TSX. Listing will be subject to Shiningbank fulfilling all the listing requirements of the TSX.

The Trust Units issuable hereunder have not been and will not be registered under the U.S. Securities Act, or the securities laws of any state of the United States and, accordingly, may not be offered or sold within the United States or to a U.S. person (as such term is defined in Regulation S under the U.S. Securities Act) except in transactions exempt from the registration requirements of the U.S. Securities Act and applicable state securities laws. In addition, until 40 days after the commencement of this Offering, any offer or sale of the Trust Units within the United States by any dealer (whether or not participating in the Offering) may violate the registration requirements of the U.S. Securities Act.

RELATIONSHIP BETWEEN THE CORPORATION AND THE UNDERWRITERS

CIBC World Markets Inc., BMO Nesbitt Burns Inc., Scotia Capital Inc., National Bank Financial Inc. and TD Securities Inc., being five of the Underwriters, are each, directly or indirectly, subsidiaries of major Canadian chartered banks (the "**Banks**") all of which are lenders to the Corporation. Accordingly, the Fund may be considered a connected issuer of CIBC World Markets Inc., BMO Nesbitt Burns Inc., Scotia Capital Inc., National Bank Financial Inc. and TD Securities Inc. in connection with this Offering for the purpose of applicable Canadian securities laws.

As at August 31, 2005, the Corporation was indebted to the Banks in the amount of \$303,244,000 under the revolving credit facility between the Corporation and the Banks. The Corporation is in compliance with all material terms of the agreements governing such revolving credit facility and the Banks have not waived any material breach of the agreements relating to such facility. The revolving credit facility is secured by a \$600 million floating charge debenture on all assets of the Corporation, together with supporting debentures and guarantees from operating subsidiaries and affiliates. Neither the financial position of the Corporation nor the value of the security under the revolving credit facility has changed substantially since the indebtedness under the credit facility was incurred.

The decision to distribute the Trust Units offered hereby and the determination of the terms of the distribution were made through negotiations between the Corporation, on behalf of the Fund, and CIBC World Markets Inc., on behalf of itself and the other Underwriters. The Banks did not have any involvement in such decision or determination; however, the Banks have been advised of the issuance of the Trust Units and the terms thereof. In connection with the distribution of the Trust Units, CIBC World Markets Inc., BMO Nesbitt Burns Inc., Scotia Capital Inc., National Bank Financial Inc. and TD Securities Inc. will each receive their share of the Underwriters' fee and, until required for the Corporation's capital expenditure requirements relating to property acquisitions and development programs, all of the net proceeds of the Offering will be paid to the Banks as a reduction of the Corporation's outstanding indebtedness to the Banks. See "CAPITALIZATION" and "USE OF PROCEEDS".

RISK FACTORS

An investment in the Trust Units offered hereunder is subject to certain risks. The risk factors identified under the heading "Risk Factors" at pages 65 to 71 of the Annual Information Form, which is incorporated by reference herein, should be carefully reviewed and evaluated by prospective purchasers before purchasing the Trust Units being offered hereunder.

DETAILS OF THE OFFERING

The Offering consists of 4,100,000 Trust Units at a price of \$24.45 per Trust Unit. See "PLAN OF DISTRIBUTION".

Trust Units

A maximum of 300,000,000 Trust Units have been authorized and may be issued pursuant to the Trust Indenture, of which 63,527,377 were issued and outstanding as at August 31, 2005, and an aggregate of 3,760,046 Trust Units were reserved for issuance under the Incentive Plan and the exchange of issued and outstanding Exchangeable Shares. The Trust Units represent equal and undivided beneficial interests in the Fund. All Trust Units share equally in all distributions from the Fund and all Trust Units carry equal voting rights at meetings of Unitholders. No conversion or pre-emptive rights are attached to the Trust Units.

Future Offerings

Under the Trust Indenture, the Fund may offer additional Trust Units or rights to purchase additional Trust Units (up to the authorized maximum) at such times and on such terms and conditions as the Corporation may determine.

Cash Distributions of Income

The amount of cash to be distributed annually per Trust Unit is equal to a *pro rata* share of the Fund's Distributable Cash for the year. The Corporation determines the Distributable Cash for a particular period and, after payment of all direct expenses of the Fund from such cash, distributes the remainder of such cash to the Unitholders. From Shiningbank's inception through to December 31, 2002, the distributions were made on a quarterly basis. Since February 2003, distributions have been paid on a monthly basis. See "SHININGBANK ENERGY INCOME FUND - The Fund" and "RECORD OF CASH DISTRIBUTIONS".

Retraction Rights

Trust Units are retractable at any time on demand by the holder thereof upon delivery to the Fund of the certificate or certificates representing such Trust Units, accompanied by a duly completed and properly executed notice requesting retraction. Upon receipt of the retraction request by the Fund, all rights to and under the Trust Units tendered for retraction shall be surrendered and the holder thereof shall be entitled to receive a price per Trust Unit equal to the lesser of: (i) 95% of the "**market price**" (as defined in the Trust Indenture) of the Trust Units on the principal market on which the Trust Units are quoted for trading during the 10 trading day period commencing immediately after the date on which the Trust Units are surrendered for retraction; and (ii) the "**closing market price**" (as defined in the Trust Indenture) on the principal market on which the Trust Units are quoted for trading on the date that the Trust Units are surrendered for retraction.

Limitation on Non-Resident Ownership

In order for the Fund to maintain its status as a mutual fund trust under the Tax Act, the Fund must not be established or maintained primarily for the benefit of non-residents of Canada ("**non-residents**") within the meaning of the Tax Act. Accordingly, the Trust Indenture provides that at no time may non-residents be the beneficial owners of a majority of the Trust Units. The Trustee may require declarations as to the jurisdictions in which beneficial holders of Trust Units are resident. If the Trustee becomes aware, as a result of requiring such declarations or otherwise, that the beneficial owners of 49% of the Trust Units then outstanding are or may be non-residents or that such a situation is imminent, the Trustee shall make a public announcement thereof and shall not accept a subscription for Trust Units from, or issue or register a transfer of Trust Units to, a person unless the person provides a declaration that the person is a resident of Canada. If, notwithstanding the foregoing, the Trustee determines that a majority of the Trust Units are held by non-residents, the Trustee shall send a notice to non-resident holders of Trust Units, chosen in inverse order to the order of acquisition or registration or in such other manner as the Trustee may consider equitable and practicable, requiring them to sell their Trust Units or a portion thereof within a specified period of not less than 60 days. If the Unitholders receiving such notice have not sold the specified number of Trust Units or provided the Trustee with satisfactory evidence that they are not non-residents within such period, the Trustee shall on behalf of such Unitholders sell such Trust Units and in the interim, shall suspend the voting and distribution rights attached to such Trust Units. Any such sale shall be made on any stock exchange on which the Trust Units are listed and, upon such sale, the affected holders shall cease to be holders of Trust Units and their rights shall be limited to receiving the net proceeds of sale upon surrender of the certificates representing such Trust Units.

Stability Rating

DBRS has assigned a stability rating of STA-6 (middle) to the Trust Units. The stability rating is based on a rating scale developed by DBRS that provides an indicator of both the stability and sustainability of an income fund's distributions per unit. Ratings categories range from STA-1 to STA-7, with STA-1 being the highest. In addition, DBRS further separates the ratings into "high", "middle" and "low" subcategories to indicate where they fall within the rating category. Ratings take into consideration the seven main factors of: (1) operating and industry characteristics; (2) asset quality; (3) financial flexibility; (4) diversification; (5) size and market position; (6) sponsorship/governance; and (7) growth. In addition, consideration is given to specific structural or contractual elements that may eliminate or mitigate risks or other potentially negative factors. Specifically, income funds rated as STA-6 are considered by DBRS to have very weak distributions per unit in terms of stability and

sustainability. A rating is not a recommendation to buy, sell or hold any security and may be subject to revision or withdrawal at any time by DBRS.

CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Gowling Lafleur Henderson LLP, counsel to Shiningbank, and Macleod Dixon LLP, counsel to the Underwriters, the following is, as of the date hereof, a fair and adequate summary of the principal Canadian federal income tax considerations generally applicable to an investor who acquires Trust Units pursuant to this Offering and who, for purposes of the Tax Act, is resident in Canada, holds the Trust Units as capital property and deals at arm's length and is not affiliated with the Fund, the Corporation, SLP and the Underwriters. Generally, the Trust Units will be considered to be capital property to an investor provided the investor does not hold the Trust Units in the course of carrying on a business and has not acquired them in one or more transactions considered to be an adventure in the nature of trade. Certain investors who might not otherwise be considered to hold their Trust Units as capital property may, in certain circumstances, be entitled to have them treated as capital property by making the election permitted by subsection 39(4) of the Tax Act.

This summary is not applicable to a purchaser that is a "financial institution" or a "specified financial institution" as defined in the Tax Act for purposes of the mark-to-market rules or to a purchaser an interest in which would be a "tax shelter investment" pursuant to the Tax Act and any such purchaser should consult its own tax advisor with respect to an investment in Trust Units.

This summary is based upon the facts set out in this short form prospectus, the current provisions of the Tax Act and the regulations thereunder (the "**Regulations**"), all specific proposals to amend the Tax Act and the Regulations publicly announced prior to the date hereof (the "**Proposals**"), counsels' understanding of the current administrative practices of the Canada Revenue Agency and certificates as to certain factual matters provided by the Corporation, SLP and the Fund. No assurance can be given that the Proposals will be enacted as proposed. This summary is not exhaustive of all possible Canadian federal income tax considerations and, except for the Proposals, does not take into account or anticipate changes in the law, whether by way of judicial, government or legislative decision or action, nor does it take into account provincial, territorial or foreign tax legislation.

This summary is of a general nature only and is not intended to be, and it should not be construed to be, legal or tax advice to any prospective purchaser of Trust Units. The tax liability of a purchaser will depend on the purchaser's particular circumstances. Each prospective purchaser should obtain independent legal advice regarding the income tax consequences of investing in Trust Units with reference to such prospective purchaser's particular circumstances.

Status of the Fund

Based on certain factual representations by the Corporation, SLP and Fund, the Fund currently qualifies as a "unit trust" and a "mutual fund trust" for purposes of the Tax Act. It will continue to so qualify provided certain conditions under the Tax Act (relating principally to the number and residence for tax purposes of Unitholders, the fair market value of the Trust Units from time to time and the nature of the Fund's activities) are maintained. **Except as otherwise indicated, this summary is based on the assumption that the Fund will at all material times qualify as a mutual fund trust for the purposes of the Tax Act.** Counsel is of the view that it is reasonable to assume that the Fund will maintain such qualification for the foreseeable future based on the Corporation's, SLP's and the Fund's representations to counsel.

If the Fund was not at present or a future time to qualify as a mutual fund trust, the income tax considerations respecting the Fund and Unitholders may be materially different from those described in this summary, and in particular the following adverse income tax consequences may result:

- The Trust Units may cease to be qualified investments for registered retirement savings plans ("**RRSPs**"), registered retirement income funds ("**RRIFs**"), deferred profit sharing plans ("**DPSPs**") and registered education savings plans ("**RESPs**") (collectively referred to as "**Exempt Plans**"). Where at the end of any

month an Exempt Plan holds non-qualified investments, the Exempt Plan may be obligated to pay, with respect to that month, tax equal to 1% of the fair market value of such investments at the time such investments were acquired by the Exempt Plan. Where a trust governed by an RRSP or an RRIF acquires investments that are not qualified investments, the beneficiary of that trust will be deemed to have received taxable income in an amount equal to the purchase price of such investments, and while it holds investments that are not qualified investments, that trust will be taxable on its income attributable to such investments. Where a trust governed by a DPSP acquires investments that are not qualified investments the trust is liable for tax in an amount equal to the fair market value of such investments at the time of their acquisition. Where a trust governed by a RESP acquires investments that are not qualified investments or does not dispose of investments within 60 days of their ceasing to be qualified investments, the registration of the RESP may be revoked and the RESP will cease to be exempt from tax.

- The Fund will be required to pay a tax under Part XII.2 of the Tax Act in respect of amounts distributed to non-resident persons. The payment of this tax by the Fund may have adverse income tax consequence for certain Unitholders, including non-resident persons and tax exempt persons (including Exempt Plans).
- The Fund will cease to be eligible for the capital gains refund mechanism available to mutual fund trusts.
- Trust Units would become taxable Canadian property. As a result, non-resident Unitholders would be subject to Canadian income tax on any gains realized on a disposition of Trust Units held by them.

The Tax Act currently provides that, subject to certain exceptions, a trust that is maintained primarily for the benefit of non-residents of Canada will cease to qualify as a mutual fund trust. On September 8, 2005, the Department of Finance released its consultation paper "Tax and Other Issues Related to Publicly Listed Flow-Through Entities (Income Trusts and Limited Partnerships)". It is not known whether legislation will result from the consultation of which the paper is part. Any legislation could materially affect the Fund or its Unitholders.

The Trust Indenture contains provisions that are intended to permit the Fund to take measures to reduce the number of Trust Units held by non-residents and partnerships that are not Canadian partnerships for purposes of the Tax Act ("**Non-Canadian Partnerships**") in certain circumstances that are intended to enable the Fund to retain its mutual fund trust qualification. If non-residents and Non-Canadian Partnerships acquire a substantially greater number of Trust Units than they now own, the Fund's ability to maintain its status as a mutual fund trust may be dependent on its ability to determine the amount of the Trust Units held by non-residents and Non-Canadian Partnerships on an accurate and timely basis and to take effective steps to prevent a majority of Trust Units from being held by non-residents and Non-Canadian Partnerships. If the Fund takes steps to limit the percentage of Trust Units held by non-residents and Non-Canadian Partnerships or others so as to protect its mutual fund trust qualification, such steps could adversely affect some Unitholders and could adversely affect the market value of the Trust Units. Moreover, there can be no assurance that any steps taken by the Fund will prevent the Fund from losing its mutual fund trust status.

Taxation of the Fund

Income of the Fund

The Tax Act requires the Fund to compute its income or loss for a taxation year as though it were an individual resident in Canada. The Fund's taxation year is the calendar year.

The Fund will be required to include in computing its income for a taxation year all net realized taxable capital gains, all amounts that become receivable or are received in that year in respect of royalties, including any amount subject to set off, and including any amounts paid by it to the Corporation or SLP in respect of reimbursed Crown charges and any amounts that become payable to the Fund from SOT. An amount will be considered to be payable to the Fund in a taxation year if it is paid in the year by SOT or the Fund is entitled in that year to enforce payment of the amount. The Fund will also be required to include in its income for each taxation year all interest on any investments held by the Fund, including the Acquisition Notes, that accrues to it to the end of the year, or becomes receivable or is received by it before the end of the year, or is deemed to have been paid

(including a premium on redemption, if any) except to the extent that such interest was included in computing its income for a preceding year.

The Fund will be entitled to deduct in computing its income for a taxation year, reasonable current expenses incurred in its ongoing operations, expenses incurred respecting the issuance of Trust Units on a five year, straight line basis, as well as annual deductions in respect of its cumulative Canadian oil and gas property expense account ("**cumulative COGPE**"), on a 10% declining balance basis.

In accordance with the Tax Act and the Regulations, the Fund may deduct in computing its income for a year a resource allowance computed by reference to its "adjusted resource profits". Generally, the Fund's adjusted resource profits will equal its income from the royalties less amounts deducted in computing its income, other than deductions in respect of its COGPE account, interest expense or any amount deducted in respect of distributions to Unitholders. The Fund may deduct a portion of the Crown charges reimbursed by it to the grantors of the royalties in the year. The excess, if any, of reimbursed Crown charges over the resource allowance deductible by the Fund in the year is deemed to be an amount that has become payable to the Unitholders, to the extent designated by the Fund and must be included in the Unitholders' income. Counsel is advised that the Fund intends to designate the full amount of any such excess annually in respect of the Unitholders. The resource allowance is being phased out, and deductibility of actual Crown charges is being phased in over a five-year period commencing in 2003.

To the extent that the Fund has any income for a taxation year after the inclusions and deductions outlined above, the Fund will be permitted to deduct all amounts which are payable by it to Unitholders in the year. An amount will be considered to be payable to a Unitholder in a taxation year if it is paid in the year by the Fund or the Unitholder is entitled in the year to enforce payment of the amount. The Trust Indenture provides that the Fund's income for purposes of the Tax Act each year that has not otherwise been made payable to Unitholders will be deemed to become so payable on December 31 of such year, and that each Unitholder has the right to enforce payment of same on the date it becomes payable, provided that any income of the Fund that is required to satisfy any tax liability on the part of the Fund shall not be payable to Unitholders.

Counsel has been advised that the Fund intends to make payable to the Unitholders with respect to each taxation year an amount equal to all of the income of the Fund for such year, together with the taxable and non-taxable portion of any capital gains realized by the Fund in such year (excluding capital gains which may be realized by the Fund upon a distribution *in specie* of the property of the Fund in connection with a redemption of the Trust Units) less the Fund's expenses and the amount, if any, required to be retained to pay the Fund's tax liability.

Counsel has been advised that for purposes of the Tax Act, the Fund intends to deduct in computing its income the full amount available in each year to the extent of its income that will be subject to tax, otherwise determined. Therefore, the Fund does not expect to be liable for a material amount of tax under the Tax Act. The Tax Act provides that the Fund may, at its discretion, claim a deduction in computing income for a taxation year in an amount less than its income for such year that becomes payable to Unitholders in such year. The Fund may wish to do so in order to utilize losses from prior taxation years.

Acquisition of the Royalty and Release of the Royalty on Certain Properties

Counsel is advised that the amount paid by the Fund for the acquisition of the Royalty has been, and subsequent amounts paid or payable by the Fund pursuant to the Deferred Purchase Price Obligation are intended to be, added to the Fund's cumulative COGPE in the taxation year of the Fund in which such acquisition occurs.

Where as a result of a sale of a property by the Corporation or SLP and the release of the Royalty relating to that property, proceeds of disposition from the sale become receivable by the Fund in a taxation year, the amount of such proceeds will be required to be deducted from the balance of the Fund's cumulative COGPE otherwise determined at the end of that year. If all or a portion of the consideration receivable in a taxation year upon the release of the Royalty relating to a property is used by the Corporation or SLP, as the case may be, to

acquire in that year one or more replacement Canadian resource properties, the amount so used will be added in that year to the Fund's cumulative COGPE.

The Fund may deduct, in computing its income from all sources for a taxation year, an amount not exceeding 10%, on a declining balance basis, of any positive balance of its cumulative COGPE at the end of the year. If the balance of the Fund's cumulative COGPE at the end of a particular taxation year after all additions and deductions for the year have been made would otherwise be a negative amount, the negative amount will be included in the Fund's income for purposes of the Tax Act for that year.

Redemption of Trust Units

Where the Fund distributes property of the Fund to a Unitholder on a redemption of Trust Units, the Fund will be deemed to have received proceeds of disposition equal to the fair market value of such property at that time, and such distribution may give rise to a capital gain or income to the Fund, depending upon the nature of the property. The Fund will be entitled for each taxation year to reduce (or receive a refund in respect of) its liability, if any, for tax on its net taxable capital gains by an amount determined under the Tax Act based on the redemption or retraction of Trust Units during the year (the "**Capital Gains Refund**"). The Capital Gains Refund in a particular year may not completely offset the Fund's tax liability for such taxation year that may arise upon distributions of property in connection with the redemption of Trust Units. The Trust Indenture provides that income of the Fund that is required to satisfy any tax liability on the part of the Fund shall not be payable to Unitholders. Under the Trust Indenture, the Fund's income may be used to finance cash redemptions of the Trust Units.

Taxation of Unitholders

Income from Trust Units

Each Unitholder is required to include in computing income for a particular taxation year the Unitholder's *pro rata* share of the Fund's net income for tax purposes that was payable in that year by the Fund to that Unitholder whether such amounts are reinvested in additional Trust Units and whether the amount was actually paid to the Unitholder in that year, together with all amounts designated to the Unitholder as reimbursed Crown charges in excess of the resource allowance deducted in computing the Fund's income. An amount will be considered to be payable to the Unitholders in a taxation year if it is paid in the year by the Fund or the Unitholder is entitled in that year to enforce payment of the amount.

Income of a Unitholder from the Trust Units will generally be considered to be income from property and not business income, dividend income or income from production for purposes of the Tax Act. Any loss of the Fund for purposes of the Tax Act cannot be allocated to, and treated as a loss of, the Unitholders. The amount of income for purposes of the Tax Act allocable to a Unitholder by the Fund may not be the same as the amount of cash paid by the Fund to such Unitholder as a result of the deduction by the Fund for purposes of determining income pursuant to the Tax Act of certain non-cash expenses, and the non-deductibility or deferred deductibility for the same purpose of certain Fund expenditures.

Provided that appropriate designations are made by the Fund, all income derived from the Fund's net taxable capital gains and taxable dividends as is paid or payable to a Unitholder will retain its character as taxable capital gains and taxable dividends, respectively, and shall be treated as such in the hands of the Unitholders for purposes of the Tax Act.

Adjusted Cost Base of Trust Units

The cost to a Unitholder of Trust Units acquired pursuant to this Offering will equal the purchase price of the Trust Units plus the amount of any other reasonable costs incurred in connection therewith. Trust Units issued pursuant to a reinvestment of distributions will be considered acquired at a cost equal to the amount of the distribution. The cost of a Trust Unit will be averaged with the cost of all other Trust Units owned by a Unitholder to determine the adjusted cost base of each Trust Unit so owned. Amounts distributed by the Fund to a Unitholder

in respect of a Trust Unit will reduce the Unitholder's adjusted cost base respecting such Trust Unit to the extent that the amounts distributed are in excess of such Unitholder's share of the Fund's income for the purposes of the Tax Act computed prior to any deduction for amounts distributed to Unitholders. To the extent that the adjusted cost base to a Unitholder of a Trust Unit at the end of a taxation year would otherwise be less than zero, the negative amount will be treated as a capital gain from the disposition of such Trust Units, and the adjusted cost base will be adjusted to a nil amount.

Disposition of Trust Units

An actual or deemed disposition of Trust Units will give rise to a capital gain (or capital loss) equal to the amount by which the proceeds of disposition are greater than (or less than) the adjusted cost base to the holder of such Trust Units plus reasonable costs associated with the disposition.

Generally, one-half of any capital gain (a "**taxable capital gain**") realized by a Unitholder in a taxation year must be included in the Unitholder's income for purposes of the Tax Act for that year, and one-half of any capital loss (an "**allowable capital loss**") realized by a Unitholder in a taxation year must be deducted from taxable capital gains realized by the Unitholder in that year. Allowable capital losses for a taxation year in excess of taxable capital gains for that year generally may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against net taxable capital gains realized in such years, to the extent and under the circumstances described in the Tax Act. Taxable capital gains realized by a Unitholder that is a "Canadian controlled private corporation" for the purposes of the Tax Act may give rise to a liability for certain refundable taxes.

Interest on Funds Borrowed to Acquire Trust Units

Reasonable amounts of interest paid or payable pursuant to a legal obligation by a Unitholder on borrowed money used to acquire Trust Units will generally be deductible in computing the Unitholder's income for the period during which the Unitholder holds the Trust Units. Interest on money borrowed to directly or indirectly make a contribution to an Exempt Plan is not deductible.

Eligibility for Exempt Plan Investment

Subject to the qualifications set out above under the heading "CANADIAN FEDERAL INCOME TAX CONSIDERATIONS - Status of the Fund", the Trust Units at the date of issue will be qualified investments for Exempt Plans.

Redemption of Trust Units

Where the Fund distributes property (a "**Distributed Property**"), other than a Canadian or foreign resource property, as defined by the Tax Act (a "**Resource Property**"), including the Royalty, to a Unitholder on a redemption of Trust Units, the Unitholder will generally be considered to have disposed of its Trust Units for proceeds of disposition equal to the fair market value of the Distributed Property at that time (the "**Fair Market Value**"), less (a) the portion, if any, of such amount that is considered to be a payment to the Unitholder out of the income or capital gains of the Fund for the year (the Fair Market Value less such amount hereinafter referred to as the "**Adjusted Proceeds**"), and (b) the amount, if any, by which the Fair Market Value is greater than the cost amount of the Distributed Property to the Fund, determined for purposes of the Tax Act. If the Distributed Property is a Resource Property, the Unitholder will be considered to have disposed of its Trust Units for proceeds of disposition equal to the Adjusted Proceeds. The cost to a Unitholder of the Distributed Property will be equal to the Fair Market Value. Income earned from Distributed Property or Resource Property may not be treated in the same manner for income tax purposes as income earned from Trust Units and such property may not be a qualified investment for Exempt Plans.

LEGAL MATTERS

Legal matters in connection with the issuance of the Trust Units will be passed upon on behalf of Shiningbank by Gowling Lafleur Henderson LLP, Calgary, Alberta, and on behalf of the Underwriters by Macleod Dixon LLP, Calgary, Alberta.

INTERESTS OF EXPERTS

As at the date hereof, the partners and associates of each of Gowling Lafleur Henderson LLP and Macleod Dixon LLP as a group owned beneficially, directly or indirectly, less than one percent of the outstanding Trust Units. Richard W. Clark, a partner of Gowling Lafleur Henderson LLP, is a director of the Corporation.

As at the date hereof, the directors, officers and associates of each of Paddock Lindstrom & Associates Ltd., Sproule Associates Limited and Gilbert Laustsen Jung Associates Ltd. as a group owned beneficially, directly or indirectly, less than one percent of the outstanding Trust Units.

AUDITORS, TRANSFER AGENT AND REGISTRAR

The auditors of Shiningbank are KPMG LLP, Chartered Accountants, 1200, 205 - 5th Avenue S.W., Calgary, Alberta, T2P 4B9.

The registrar and transfer agent for the Trust Units is Computershare Trust Company of Canada at its principal offices in Calgary, Alberta and Toronto, Ontario. The Trustee of the Fund is Computershare Trust Company of Canada at its principal office in Calgary, Alberta.

STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser.

AUDITORS' CONSENTS

Consent of KPMG LLP

To the Board of Directors of Shiningbank Energy Ltd. on behalf of Shiningbank Energy Income Fund

We have read the short form prospectus dated September •, 2005 relating to the qualification for distribution of 4,100,000 trust units of the Fund (the "Prospectus"). We have complied with Canadian generally accepted standards for an auditors' involvement with offering documents.

We consent to the incorporation by reference in the above-mentioned Prospectus of our report to the Unitholders of Shiningbank Energy Income Fund on the consolidated balance sheets of the Fund as at December 31, 2004 and 2003 and the consolidated statements of earnings and Unitholders' equity and cash flow for the years then ended. Our report is dated March 1, 2005.

We also consent to the incorporation by reference in the above-mentioned Prospectus of our report to the directors of Birchill Resources Limited on the consolidated balance sheets of Birchill Resources Limited as at December 31, 2003 and 2002 and the consolidated statements of earnings and retained earnings and cash flows for each of the years then ended. Our report is dated February 20, 2004.

PRO FORMA FINANCIAL STATEMENTS

COMPILATION REPORT

To the Board of Directors of Shiningbank Energy Ltd. on behalf of Shiningbank Energy Income Fund

We have read the accompanying unaudited pro forma consolidated balance sheet of Shiningbank Energy Income Fund (the "Fund") as at June 30, 2005 and the unaudited pro forma consolidated statements of operations for the six months then ended and the year ended December 31, 2004, and have performed the following procedures:

1. Compared the figures in the columns captioned "Shiningbank" to the unaudited interim consolidated financial statements of the Fund as at June 30, 2005 and for the six months then ended and to the audited consolidated financial statements of the Fund for the year ended December 31, 2004, respectively, and found them to be in agreement.
2. Compared the figures in the columns captioned "Blizzard" to the unaudited interim consolidated financial statements of Blizzard Energy Inc. ("Blizzard") as at June 30, 2005 and for the six months then ended and to the audited consolidated financial statements of Blizzard for the year ended December 31, 2004, respectively, and found them to be in agreement.
3. Compared the figures in the column captioned "Clairmont Property" to the audited schedule of revenue, royalties and operating expenses associated with the Clairmont Property that Blizzard Energy Inc. acquired as of December 22, 2004 for the period from January 1, 2004 to December 22, 2004 and found them to be in agreement.
4. Made enquiries of certain officials of the Fund who have responsibility for financial and accounting matters about:
 - (a) the basis for the determination of the pro forma adjustments; and
 - (b) whether the pro forma financial statements comply as to form in all material respects with the regulatory requirements of the various Securities Commissions and similar regulatory authorities in Canada.

The officials:

- (a) described to us the basis for determination of the pro forma adjustments; and
 - (b) stated that the pro forma financial statements comply as to form in all material respects with the regulatory requirements of the various Securities Commissions and similar regulatory authorities in Canada.
5. Read the notes to the pro forma financial statements, and found them to be consistent with the basis described to us for determination of the pro forma adjustments.
 6. Recalculated the application of the pro forma adjustments to the aggregate of the amounts in the applicable columns captioned "Shiningbank", "Blizzard", "Birchill" and "Clairmont Property" as at June 30, 2005 and for the six months then ended and for the year ended December 31, 2004 and found the amounts in the column captioned "Pro Forma" to be arithmetically correct.

A pro forma financial statement is based on management assumptions and adjustments which are inherently subjective. The foregoing procedures are substantially less than either an audit or a review, the objective of which is the expression of assurance with respect to management's assumptions, the pro forma adjustments and the application of the adjustments to the historical financial information. Accordingly, we express no such assurance. The foregoing procedures would not necessarily reveal matters of significance to the pro forma financial statements, and we therefore make no representation about the sufficiency of the procedures for the purposes of a reader of such statements.

SHININGBANK ENERGY INCOME FUND

Notes to the Pro forma Consolidated Financial Statements

As at June 30, 2005 and December 31, 2004

(Unaudited)

(\$ thousands, except per Trust Unit amounts)

1. **Basis of presentation:**

The accompanying unaudited pro forma consolidated financial statements (the "Pro Forma Statements") of Shiningbank Energy Income Fund ("Shiningbank") have been prepared by the management of Shiningbank, in accordance with accounting principles generally accepted in Canada.

The unaudited pro forma consolidated balance sheet as at June 30, 2005 and the unaudited pro forma consolidated statement of earnings for the six months ended June 30, 2005 have been prepared from the unaudited consolidated balance sheets and statements of earnings of Shiningbank and Blizzard Energy Inc. ("Blizzard").

The unaudited pro forma consolidated statement of earnings for the year ended December 31, 2004 has been prepared from the audited consolidated statements of earnings for Shiningbank and Blizzard and the audited schedule of revenue and expenses associated with the asset acquisition by Blizzard for the period from January 1, 2004 to December 22, 2004.

The unaudited pro forma consolidated financial statements have been prepared from information derived from and should be read in conjunction with the published audited consolidated financial statements of Shiningbank for the year ended December 31, 2004 and published unaudited financial statements of Shiningbank for the six months ended June 30, 2005.

In the opinion of management, these Pro Forma Statements include all material adjustments necessary for a fair presentation in accordance with Canadian generally accepted accounting principles. The pro forma consolidated balance sheet gives effect to the transactions in note 2 as if they occurred on the balance sheet date while the pro forma consolidated statement of earnings gives effect to those transactions as if they had occurred at the beginning of the periods to which these statements relate.

The Pro Forma Statements are not necessarily indicative either of the results that actually would have occurred if the events reflected herein had taken place on the dates indicated or of the results which may be obtained in the future, including operational and administrative efficiencies which would be expected to occur as a result of combining Shiningbank and Blizzard.

It is the recommendation of management that this financial information should be read in conjunction with the financial statements and notes thereto of the financial statements referred to above.

2. **Pro forma assumptions and adjustments:**

The accounting policies used in preparing the Pro Forma Statements are in accordance with those disclosed in the consolidated financial statements of Shiningbank for the fiscal year ended December 31, 2004.

The Pro Forma Statements give effect to the following transactions and adjustments:

- (a) The acquisition of Blizzard was accounted for using the purchase method of accounting. The following table shows the allocation of the purchase price to the net assets of Blizzard. The following is a preliminary calculation which is subject to change with regards to closing adjustments and other items.

SHININGBANK ENERGY INCOME FUND

Notes to the Pro forma Consolidated Financial Statements

As at June 30, 2005 and December 31, 2004

(Unaudited)

(\$ thousands, except per Trust Unit amounts)

Fair Value of Shiningbank Trust Units issued	\$	177,816
Cash consideration		46,600
Related fees and expenses		1,000
Cost of acquisition	\$	225,416
Working capital deficiency	\$	(42,400)
Future income taxes		(50,800)
Asset retirement obligation		(4,281)
Goodwill		42,657
Petroleum and natural gas properties and equipment		280,240
Total consideration	\$	225,416

Included in the working capital deficiency is the estimated fair market value of the marketing contract assumed of \$400,000.

- (b) Prior to the closing of the Blizzard acquisition certain producing assets and undeveloped lands were transferred to Zenas Energy Corp. The revenues and expenses from these assets have been removed for the purposes of the pro forma statement of earnings.
- (c) Completion of the proposed business combination whereby all issued and outstanding Blizzard Preferred A Shares were acquired by Shiningbank for consideration of 0.0777 of a Trust Unit and cash consideration of \$0.4097 each. 8,837,792 Trust Units were issued, and a cash payment of \$46.6 million was made.
- (d) Interest is calculated at Shiningbank's average cost of borrowing on additional bank indebtedness arising from the acquisition of Blizzard.
- (e) The provisions for depreciation, depletion and accretion are adjusted as a result of the increase in property, plant and equipment carrying costs recorded under the purchase method of accounting.
- (f) Large corporation tax has been adjusted to reflect the impact of the change in debt, trust units, asset retirement obligation, and future income taxes.
- (g) The future income tax liability and provision for income taxes have been adjusted to incorporate all pro forma adjustments.
- (h) General and administrative expenses have been adjusted to reflect Shiningbank's estimate of incremental costs related to the Blizzard acquisition.
- (i) The earnings per Trust Unit amounts were calculated using the weighted average number of Shiningbank Trust Units outstanding during the six months ended June 30, 2005 and the year ended December 31, 2004 had the equity issue noted in (c) occurred on January 1, 2005 and January 1, 2004, respectively. The basic weighted average number of Trust Units after giving effect to the issuance of equity was 67,652,359 (diluted – 68,329,665) for the six months ended June 30, 2005. The basic weighted average number of Trust Units after giving effect to the issuance of equity was 65,146,644 (diluted – 66,130,800) for the year ended December 31, 2004.

SHININGBANK ENERGY INCOME FUND

Notes to the Pro forma Consolidated Financial Statements

As at June 30, 2005 and December 31, 2004

(Unaudited)

(\$ thousands, except per Trust Unit amounts)

- (j) On March 8, 2004 Shiningbank acquired Birchill Resources Limited. The pro forma consolidated statement of earnings for the year ended December 31, 2004 has been adjusted to include the effect of this acquisition as if it had occurred on January 1, 2004.
- (k) Includes the issuance by Shiningbank, as anticipated under this Prospectus, of 4,100,000 Trust Units for net proceeds of \$94,952,750 after deducting estimated underwriters fees and expenses of the issue of \$5,292,250. The issue is expected to close on September 28, 2005.

BLIZZARD FINANCIAL STATEMENTS

Audited financial statements of Blizzard Energy Inc. as at and for the years ended December 31, 2004 and 2003	32
Audited schedule of revenues, royalties and operating expenses for the Clairmont Property for the years ended December 31, 2003 and 2002 and for the period from January 1, 2004 to December 22, 2004	45

Note: The audited schedule of revenues, royalties and operating expenses for the Clairmont Property have been provided as Blizzard Energy Inc. acquired the Clairmont Property on December 22, 2004 and, as such, while Blizzard Energy Inc.'s audited balance sheet for December 31, 2004 reflects such acquisition, Blizzard Energy Inc.'s audited statements of earnings (loss) and deficit and statements of cash flows for the year ended December 31, 2004 do not.

AUDITORS' REPORT

To the Shareholders of Blizzard Energy Inc.

We have audited the balance sheets of Blizzard Energy Inc. as at December 31, 2004 and 2003 and the statements of earnings (loss) and deficit and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2004 and 2003 and the results of its operations and its cash flows for the years then ended in accordance with Canadian generally accepted accounting principles.

Notes To Financial Statements

Blizzard Energy Inc.

December 31, 2004

1. Nature of Operations

Blizzard Energy Inc. (the "Company" or "Blizzard") was incorporated with nominal share capital under the laws of the Province of Alberta on December 19, 2002 with the intent to develop and operate oil and natural gas properties primarily in Western Canada. From the date of incorporation to December 31, 2002, the only transaction was the issuance of share capital for cash. During 2003 and prior to the closing of the "Sousa Acquisition" on December 18, 2003, the Company's activities were limited to administrative and start-up expenses.

2. Summary of Significant Accounting Policies

These financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles and a summary of accounting policies follows:

(a) Capitalized Costs

The Company follows the full cost method of accounting for oil and gas operations whereby all costs relating to the acquisition of, exploration for and development of oil and gas reserves are capitalized in a single cost centre. Such costs include lease acquisition, lease rentals on undeveloped properties, geological and geophysical, drilling both productive and non-productive wells, production equipment and overhead charges directly related to acquisition, exploration and development activities.

Gains or losses are not recognized under the disposition of oil and gas properties unless such a disposition would result in a change in the depletion rate by 20% or more. Gains and losses are recognized upon the disposition of other assets.

(b) Depletion and Depreciation

All costs of acquisition, exploration and development of oil and gas reserves, associated tangible plant and equipment costs (net of salvage value), and estimated costs of future development of proved undeveloped reserves are depleted and depreciated using the unit-of-production method based on estimated gross proved reserves as determined by independent engineers. For purposes of the depletion and depreciation calculation, relative volumes of petroleum and natural gas production and reserves are converted to the energy equivalent conversion rate of six thousand cubic feet of natural gas to one barrel of crude oil.

Costs of unproved properties are initially excluded from oil and gas properties for the purpose of calculating depletion. When proved reserves are assigned or the property is considered to be impaired, the cost of the property or the amount of the impairment is added to costs subject to depletion.

Computer and office furniture and equipment are depreciated on a straight-line basis over five years.

(c) Asset Retirement Obligations

The Company recognizes the fair value of a liability for an asset retirement obligation in the period in which it is incurred and a corresponding increase in the carrying value of the related long-lived asset. The liability is carried on the balance sheet at its discounted present value and is subsequently adjusted for the passage of time, which is recognized as an operating expense in the statement of earnings (loss) on a basis consistent with depreciation and depletion of the underlying assets. The fair value of the obligation is periodically adjusted for revisions in either the timing or the amount of the original estimated cash flows associated with the liability.

2. Summary of Significant Accounting Policies (continued)

(d) Ceiling Test Limitations

The Company calculates its ceiling test by comparing the carrying value of property and equipment to the sum of undiscounted cash flows expected to result from the future production of proved reserves. Cash flows are based on third party quoted forward prices, adjusted for transportation and quality. Should the ceiling test result in an excess of carrying value, the Company would then measure the amount of impairment by comparing the carrying amounts of property and equipment to an amount equal to the estimated net present value of future cash flows from proved plus probable reserves and the cost of unproved properties. A risk-free interest rate is used to arrive at the net present value of the future cash flows. Any excess is recorded as an impairment charge in the statement of earnings (loss). Adoption of this guideline, effective January 1, 2004, had no effect on the Company's operating results for the years presented.

(e) Revenue Recognition

Oil and natural gas sales are recognized as revenue when the commodities are delivered to purchasers.

(f) Joint Interests

Certain of the Company's exploration, development and production activities are conducted jointly with others, and accordingly, these financial statements reflect only the Company's proportionate interest in such activities.

(g) Stock-Based Compensation

The Company has a stock-based compensation plan, which is described in note 7. Options issued are accounted for in accordance with the fair value method of accounting for stock-based compensation. The associated compensation expense is charged to earnings (loss) and corresponding increase in contributed surplus, based on an estimate of the fair value determined using a Black-Scholes option pricing model at the date of the grant. Consideration paid to the Company on the exercise of stock options is credited to share capital. At the time of exercise, the related amounts previously credited to contributed surplus are also transferred to share capital. Stock options issued to directors and employees are amortized into income over their vesting life, while stock options granted to consultants are recorded to earnings (loss) at the time of grant.

(h) Measurement Uncertainty

The amount recorded for depletion and depreciation of oil and gas properties, the provision for future asset retirement obligations and the ceiling test calculation are based on estimates of gross proved reserves, production rates, commodity prices, future costs and other relevant assumptions. By their nature, these estimates are subject to measurement uncertainty and the effect on the financial statements of changes in such estimates in future years could be significant.

(i) Per Share Information

Per share information is calculated using the treasury stock method. Under this method, the diluted weighted average number of common shares is calculated assuming that the proceeds from the exercise of outstanding and in-the-money options is used to purchase common shares at the estimated average market price.

(j) Flow-Through Common Shares

A portion of the Company's exploration and development activities are financed through proceeds received from the issue of flow-through shares or warrants. Under the terms of the flow-through issues, the tax attributes of the resource expenditures related to exploratory and development activities are renounced to the subscribers as incurred. To recognize the foregone tax benefits to the Company, the carrying value of the shares or warrants issued is reduced and the future income tax liability increased by the tax effect of the tax benefits renounced to subscribers. The foregone tax benefit is recognized at the time of the renouncement provided there is reasonable assurance that the expenditures will be incurred.

2. Summary of Significant Accounting Policies (continued)

(k) Future Income Taxes

The Company follows the liability method to account for income taxes. Under this method, future tax assets and liabilities are determined based on differences between the carrying value and the tax basis of assets and liabilities, and measured using the substantively enacted tax rates and laws expected to be in effect when the differences are expected to reverse.

3. Acquisitions

On December 22, 2004, the Company acquired a number of producing properties in the Grande Prairie area of Alberta for cash consideration of \$63,037,000.

On March 15, 2004 and August 5, 2004, the Company acquired the working interest of two different joint venture partners for cash consideration of \$2,030,000 and \$1,988,000, respectively, to increase its total working interest in the Sousa, Alberta unit to 100%.

The purchase price of these acquisitions were allocated to the assets and liabilities acquired as follows:

Year Ended December 31, 2004	Grande Prairie	Sousa	Total
(000s)	(\$)	(\$)	(\$)
Property and equipment	64,010	4,214	68,224
Asset retirement obligations	(973)	(196)	(1,169)
	63,037	4,018	67,055

On December 18, 2003, the Company acquired a natural gas property in the Sousa area of Alberta for cash consideration of \$36,922,000. The purchase price was allocated to property and equipment for \$39,298,000 and asset retirement obligations for \$2,376,000.

4. Property and Equipment

Years Ended December 31,	2004			2003		
	Cost	Accumulated Depletion and Depreciation	Net Book Value	Cost	Accumulated Depletion and Depreciation	Net Book Value
(000s)	(\$)	(\$)	(\$)	(\$)	(\$)	(\$)
Oil and gas properties	140,712	6,521	134,191	39,759	103	39,656
Office assets	306	36	270	47	--	47
	141,018	6,557	134,461	39,806	103	39,703

At December 31, 2004, oil and gas properties included \$27,442,000 (2003 – \$6,400,000) relating to undeveloped properties, which have been excluded from the depletion and depreciation calculation. Future development costs on proven undeveloped reserves of \$21,836,000 (2003 – \$10,263,000) are included in the determination of the asset base subject to depletion and depreciation in the calculation.

During the year ended December 31, 2004, the Company capitalized \$949,000 (2003 – \$33,991) in general and administrative costs related to exploration and development activities.

5. Bank Loan

The Company has a \$50,000,000 extendible revolving term credit facility (#1) from a Canadian chartered bank, of which \$12,099,000 was drawn on the facility at December 31, 2004 (December 31, 2003 – \$5,920,000). This facility bears interest at the bank's prime rate (4.25% at December 31, 2004), payable monthly in arrears. The Company may also borrow by way of bankers' acceptances, which are subject to a stamping fee. In addition, the Company has a \$10,000,000 credit facility (#2) from its bank, of which no amount was drawn at December 31, 2004 (December 31, 2003 – \$nil). The credit on both facilities revolve until May 31, 2005 with annual extension periods available at the request of the borrower and subject to the bank's approval. These facilities are subject to an annual review and re-determination of the Company's borrowing base by the bank.

So long as the loan remains revolving and the borrowing base supports the facility outstanding, there are no repayment requirements. In the event the revolving period is not extended, the credit facility shall be converted to a term facility with a term not exceeding five years. Under the terms of the loan agreement, the Company is subject to certain financial and non-financial covenants.

Collateral pledged for the facility consists of a first floating charge demand debenture in the amount of \$150,000,000 over all of the property of the Company.

6. Asset Retirement Obligations

The Company has recorded a liability for future site restoration and abandonment of \$4,494,000 and \$2,376,000 as at December 31, 2004 and December 31, 2003, respectively. No liabilities were settled in the current period, \$138,000 of accretion expense was recognized for the year of 2004 (2003 – \$nil) and a revision of \$1,980,000 in estimated cash flows was recorded during the year of 2004 for new wells drilled or acquired and new facilities constructed or acquired. The total undiscounted amount of the estimated future cash requirements was \$5,234,000 at December 31, 2004 and \$3,654,000 at December 31, 2003. In both calculations, the future cash requirements were expected to occur at the end of the reserves useful life of ten years. The undiscounted estimate has been discounted to the present value of \$4,494,000 at December 31, 2004 and \$2,376,000 at December 31, 2003 using a credit adjusted risk-free rate of 7.0%.

Years Ended December 31,	2004	2003
(000s)	(\$)	(\$)
Obligation at beginning of year	2,376	--
Increase in obligation	1,980	2,376
Accretion	138	--
Obligation at end of year	4,494	2,376

7. Share Capital

(a) Authorized

Unlimited number of voting common shares, without par value.

Unlimited number of voting Class A common shares, without par value.

Unlimited number of preferred shares to be issued in series.

7. Share Capital (continued)

(b) Common Shares Issued

	Shares	Amount
(000s)	(#)	(\$)
Balance at December 31, 2002	375	217
Converted to Class A common shares	(375)	(217)

Exercise of warrants	4,104	4
Exercise of stock options	75	60
Balance at December 31, 2004	108,775	112,336

The 375,000 common shares issued in December 2002 were issued at \$1.00 per share on a flow-through basis and recorded net of tax benefits renounced to the shareholders. These shares were converted to Class A common shares in December 2003.

On May 26, 2004, the Company issued 20,000,000 common shares at a price of \$1.25 per common share for gross proceeds of \$25,000,000 and net proceeds of \$23,086,000, after share issue expenses. On June 16, 2004, under an over allotment option, the Company issued a further 3,000,000 common shares at a price of \$1.25 per common share for gross proceeds of \$3,750,000 and net proceeds of \$3,525,000.

On December 21, 2004, the Company issued 18,000,000 common shares at a price of \$2.20 per common share for gross proceeds of \$39,600,000 (net proceeds of \$37,498,000, after share issue expenses) and 3,720,500 flow-through common shares at \$2.80 per common share for gross proceeds of \$10,417,400 (net proceeds of \$9,863,000 after share issue expenses).

(c) Class A Common Shares Issued

Balance at December 31, 2004	--	--

7. Share Capital (continued)

(c) Class A Common Shares Issued (continued)

During the year ended December 31, 2003, the Company issued 250,000 flow-through shares at a price of a \$1.00 per Class A common share and renounced \$250,000 of expenditures, the tax effect of which is \$102,000 was recorded as an adjustment to share capital. On December 16, 2003, the Company issued 51,250,000 Class A common shares at a price of \$0.80 per share for gross proceeds of \$41,000,000 and net proceeds of \$39,630,000, after share issue expenses. Share capital at December 31, 2003 included 8,000,000 Class A common shares (subsequently converted to common shares) that were issued at a price of \$0.0001 per share to founders. The Company had no business assets at the date of issue. Of the 8,000,000 Class A common shares issued, 1,400,000 were being held in trust for employees and directors of the Company. 696,000 of the shares have been released from trust to date, with the balance being released as to one-half of the remainder on each of December 18, 2005 and December 18, 2006.

The fair value of these shares was \$1,120,000 based on the market value of the Class A common shares at the date of closing the "Sousa Acquisition." The Company has recorded \$280,000 in the statement of earnings for the year ended December 31, 2004 as additional compensation expense related to these shares with a corresponding increase to contributed surplus. An amount of \$292,000 was recorded in 2003, leaving a remainder of \$548,000 to be recorded as additional expense over the next 24 months from December 31, 2004.

(d) Performance Warrants

The management, employees and directors of the Company have the right to purchase additional common shares of the Company at a purchase price of \$0.001 per share through the granting of performance warrants. On December 16, 2003, 2,500,000 Series A performance warrants and 2,000,000 Series B performance warrants were issued for no consideration.

As at December 31, 2004, 4,104,000 of the performance warrants had been exercised. The remaining 220,000 Series A warrants and 176,000 Series B warrants (collectively "the Employee Warrants") may be exercised by the security holder as to one-half on each of December 16, 2005 and May 31, 2006. An additional 220,000 Series A performance warrants and 176,000 Series B performance warrants have been issued to the founders and may be exercised only if a corresponding number of Employee Warrants are cancelled.

The Company has determined the fair value of the performance warrants at the date of issuance to be \$3,600,000 being the difference between the exercise price and the estimated market value of the Class A common shares at the date of grant. The Company recognized \$200,000 as stock-based compensation expense in the statement of earnings for the year ended December 31, 2004 with a corresponding increase to contributed surplus. With \$3,111,000 being recognized in 2003, \$289,000 remains to be recorded as additional expense over the next 18 months.

(e) Stock Options

The Company has a stock option plan that provides for the issuance of options to its directors, officers, employees and consultants to acquire up to 10% of the issued and outstanding common shares. Vesting of options and exercise prices are set by the board of directors at the time of grant. The dates on which options expire are also set by the board of directors at the time of grant and cannot exceed ten years. In connection with this plan, the Company has reserved 4,532,000 common shares for future issuance. The Company has issued stock options to acquire common shares through its stock option plan of which the following were outstanding at December 31, 2004:

7. Share Capital (continued)

(e) Stock Options (continued)

	Options Outstanding (#000s)	Weighted Average Exercise Price (\$)
Outstanding at January 1, 2003	--	—
Granted December 16, 2003	2,610	0.80
Outstanding at December 31, 2003	2,610	0.80
Granted March 22, 2004	372	0.80
Granted June 1, 2004	30	1.25
Cancelled June 24, 2004	(225)	0.80
Granted August 18, 2004	700	1.67
Granted November 8, 2004	50	2.35
Granted December 8, 2004	1,070	2.20
Exercised	(75)	0.80
Outstanding at December 31, 2004	4,532	1.28
Options exercisable at December 31, 2004	2,111	1.06

Of the stock option grants awarded on December 16, 2003, 800,000 were issued to directors and were fully vested on the date of the grant. The balance of the options were issued to employees, which vest as to one-quarter on the date of the grant and one-quarter for each of the first three anniversary dates from the date of the grant. All of the outstanding options expire in five years, and the weighted average remaining contractual life at December 31, 2004 was 52 months.

The fair value of common share options granted to date was estimated to be \$1,351,000 as at the date of grant using the Black-Scholes option pricing model and the following assumptions:

Years Ended December 31,	2004	2003
Risk free interest rate (%)	3.00	3.00
Expected life (years)	3.00	3.00
Expected volatility (%)	32.00	2.00
Expected dividend yield (%)	0.00	0.00

The estimated fair value of the options is amortized to expense over the options' vesting period on a straight-line basis, \$89,000 of this expense was recognized as stock-based compensation expense in 2003 with \$354,000 for the year ended December 31, 2004 each with a corresponding increase to contributed surplus.

(f) Per Share Amounts

The net earnings (loss) per common share and diluted net earnings (loss) per common share were calculated using the weighted average number of shares outstanding of 76,138,545 and 78,196,036, respectively, for the year ended December 31, 2004. The weighted average number of shares was 375,000 for the year ended December 31, 2003.

8. Income Taxes

The actual income tax provision differs from the expected amount calculated by applying the Canadian combined federal and provincial corporate tax rates to earnings (loss) before income taxes. These differences are explained as follows:

Years Ended December 31,	2004	2003
(000s)	(\$)	(\$)
Earnings (loss) before income taxes	5,655	(3,737)
Statutory income tax rate (%)	39.63	40.74
Expected income tax expense (recovery)	2,241	(1,522)
Increase (decrease) in income taxes from:		
Non-deductible crown charges	770	13
Resource allowance	(1,029)	7
Non-deductible stock-based compensation costs	330	1,423
Other	175	7
Future and current income tax expense (recovery)	2,487	(72)

The net future income tax asset (liability) is comprised of:

Years Ended December 31,	2004	2003
(000s)	(\$)	(\$)
Differences between tax base and reported amounts for depreciable assets	(2,318)	45
Resource allowance and crown lease rentals rate reductions	--	(1)
Provision for asset retirement obligations	41	3
Tax benefits renounced on flow-through shares	(4,388)	(260)
Tax benefits on share issue expenses	2,475	558
	(4,190)	345

The Company had unused resource tax pool balances of approximately \$130,000,000 at December 31, 2004, which are available for reducing future income taxes.

9. Related Party Transactions

A director of the Company is a partner of a law firm that was paid \$97,000 for legal services for the year ended December 31, 2004 (2003 – \$250,000). The fees charged were based on standard rates and time spent on Company matters.

Of the 8,000,000 common shares issued to founders as described in note 7(c) herein, 1,400,000 were being held in trust by a trustee for directors and employees at December 31, 2003. Over the course of the year 2004, 696,000 of the shares held in trust were released. The balance will be released in two equal amounts on each of December 18, 2005 and 2006. If any of the directors or employees leave the Company before the applicable release date, the unvested shares will become the property of the founding shareholders.

10. Cash Flow Information

Cash was provided or (used) for changes in non-cash working capital as follows:

Years Ended December 31,	2004	2003
(000s)	(\$)	(\$)
Accounts receivable	(12,021)	(674)
Prepaid expenses	8,565	(8,867)
Inventory	(7,253)	--
Accounts payable and accrued liabilities	16,849	912
Net change	6,140	(8,629)
Net change by activity		
Operating	(2,952)	349
Investing	9,092	(8,978)
Net change	6,140	(8,629)

The following shows the actual cash amount paid:

Years Ended December 31,	2004	2003
(000s)	(\$)	(\$)
Cash interest paid	183	3
Cash taxes paid	4	--

11. Prepaid Expenses and Inventory

Prepaid expenses at December 31, 2003 included an advance of \$8,727,000 to a contract operator for the winter drilling program that was completed in the first quarter of 2004. Inventory at December 31, 2004 included pipeline and facility equipment in the amount of \$7,253,000, purchased for the upcoming winter drilling program.

12. Commitments

The Company has a drilling commitment with a senior oil and gas producer to spend \$16,000,000 after December 31, 2004, but before April 30, 2005. Collateral pledged as security for the commitment consists of a \$16,000,000 fixed and floating charge debenture over certain of the Company's oil and gas properties, which is subordinated to the Company's bank.

Auditors' Report

**To the Directors of
EnCana Corporation**

At the request of EnCana Corporation, we have audited the Schedule of Revenues, Royalties and Expenses for the years ended December 31, 2003 and 2002 and the period ended December 22, 2004 for the Clairmont Property that Blizzard Energy Inc. acquired as of December 22, 2004. This financial information is the responsibility of management. Our responsibility is to express an opinion on this financial information based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial information is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial information. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial information presentation.

In our opinion, the Schedule of Revenues, Royalties and Operating Expenses presents fairly, in all material respects, the revenues, royalties and operating expenses for the Clairmont Property for each of the years ended December 31, 2003 and 2002 and the period ended December 22, 2004 in accordance with basis of accounting disclosed in note 1.

Clairmont Property

Notes to Schedule of Revenues, Royalties and Operating Expenses

For the Years Ended December 31, 2003 and 2002

And the Period Ended December 22, 2004

1. **Basis of presentation**

The Schedule of Revenues, Royalties and Operating Expenses includes the operating results relating to the Clairmont property ("the Property") that Blizzard Energy Inc. acquired as of December 22, 2004. The results have been compiled on an activity month basis.

The Schedule of Revenues, Royalties and Operating Expenses for the Property does not include any provision for the depletion, depreciation and amortization, asset retirement costs, future capital costs, impairment of unevaluated properties, administrative costs and income taxes for the Property as these amounts are based on the consolidated operations of the vendor of which the Property forms only a part

2. **Significant accounting policies**

(A) Joint Venture Operations

Substantially all of the Property is operated through joint ventures therefore the schedule reflects only the vendor's proportionate interest.

(B) Revenue Recognition

Revenues are recorded net of related transportation costs when the product is delivered. Gas revenues are recorded based on AECO reference pricing used for sales between operating divisions of EnCana Corporation and do not reflect ultimate marketing related activities. Oil revenues are recorded based on blended prices established between operating divisions of EnCana Corporation for similar quality product delivered to a common carrier.

(C) Royalties

Royalties are recorded at the time the product is produced and sold. Royalties are calculated in accordance with the applicable regulations and/or the terms of individual royalty agreements. Crown royalties for natural gas are based on the Alberta Government posted reference prices. Crown royalties for crude oil are taken in kind by the Alberta Petroleum Marketing Commission.

(D) Operating Expenses

Operating expenses include amounts incurred on extraction of product to the surface, gathering, field processing, treating and field storage.

SCHEDULE A – INFORMATION CONCERNING BLIZZARD

INFORMATION CONCERNING BLIZZARD

Blizzard Energy Inc. ("**Blizzard**") was engaged in the exploration for, and the development and production of, natural gas and crude oil in the Western Canadian Sedimentary Basin in Alberta and in the Greater Sierra area of northeastern British Columbia.

Pursuant to a plan of arrangement involving Shiningbank Energy Income Fund (the "**Fund**"), Shiningbank Energy Ltd. (the "**Corporation**"), Zenas Energy Corp. ("**Zenas**"), Zenas Finance Corp. and the securityholders of Zenas and Zenas Finance Corp. (the "**Arrangement**"), certain of Blizzard's producing assets and undeveloped lands were transferred to Zenas, and Blizzard became a wholly-owned subsidiary of the Corporation. Effective August 2, 2005, the Corporation amalgamated with Outlook Energy Corp. and Blizzard and continued under the name Shiningbank Energy Ltd.

In this schedule, references to Blizzard's properties, reserves, landholdings and historical production exclude the assets transferred to Zenas pursuant to the Arrangement.

RESERVES AND OTHER INFORMATION

The following is a description of Blizzard's principal oil and natural gas properties as of December 31, 2004. Unless otherwise specified, gross and net acres and well count information are as at December 31, 2004. Reserve amounts are stated before the deduction of royalties as at December 31, 2004, based on forecast cost and price assumptions as evaluated in the report prepared by Gilbert Laustsen Jung Associates Ltd. ("**GLJ**") evaluating the crude oil, natural gas and NGL reserves of Blizzard having a preparation date of February 28, 2005 and an effective date of December 31, 2004 (the "**Blizzard Engineering Report**"). At Shiningbank's request, GLJ updated this report on September 8, 2005 to remove the assets transferred to Zenas pursuant to the Arrangement.

The estimates of reserves and future net revenue for individual properties may not reflect the same confidence level as estimates of reserves and future net revenue for all properties, due to the effects of aggregation.

Properties

Sousa, Alberta

At December 31, 2004, Blizzard had an average 83% working interest in 105 gross (87.34 net) producing gas wells in the Sousa area. Almost all of the gas is processed at company owned facilities. In addition, 97 gross (97 net) gas wells were drilled in the Sousa area in the first quarter of 2005 with all new wells being brought on production in April 2005. In addition, Sousa currently has a significant portion of undeveloped land consisting of 164,816 gross (148,404 net) acres available for future development.

Due to this area being winter access only, no further development activity is planned until 2006.

Grande Prairie, Alberta

At December 31, 2004, Blizzard had an average 72% working interest in 30 gross (21.2 net) producing gas wells and four gross (3.3 net) producing oil wells in the Grande Prairie area. All production is processed at third party owned and operated facilities. In addition, five gross (1.5 net) gas wells that were drilled in 2004 are standing and awaiting tie-in.

During the six months ended June 30, 2005, an additional five gross (1.8 net) gas wells were drilled and are awaiting tie-in, and two gross (1.0 net) gas wells were re-completed and are on production. In total, at June 30, 2005, there were 10 gross (3.3 net) gas wells awaiting completion and tie-in. The majority of these will be on-stream in the third quarter with the start-up of third party operated compression facilities.

Additional drilling and re-completion opportunities are scheduled through the remainder of 2005.

Reserves Data

The reserves data set forth below (the "Reserves Data") is based upon the Blizzard Engineering Report. The Blizzard Engineering Report has been prepared in accordance with the standards contained in the Canadian Oil and Gas Evaluation Handbook and the reserves definitions contained in Canadian Securities Administrators' National Instrument 51-101 ("NI 51-101") and the Canadian Oil and Gas Evaluation Handbook. The Reserves Data summarizes the oil, natural gas and NGL reserves of Blizzard and the net present values of future net revenue for these reserves using constant prices and costs and forecast prices and costs. The Reserves Data conforms with the requirements of NI 51-101. Blizzard engaged GLJ to provide an evaluation of the Proved Reserves and Proved plus Probable Reserves of Blizzard and the Corporation had GLJ assist in the update of such information after removing the assets transferred to Zenas pursuant to the Arrangement. No attempt was made to evaluate possible reserves.

All evaluations of future net revenue are stated after the deduction of future income tax expenses (unless otherwise noted in the tables), royalties, development costs, production costs and well abandonment costs, but before consideration of indirect costs such as administrative, overhead and other miscellaneous expenses. The estimated future net revenue contained in the following tables does not necessarily represent the fair market value of Blizzard's reserves. There is no assurance that the forecast price and cost assumptions contained in the Blizzard Engineering Report will be attained and variances could be material. Other assumptions and qualifications relating to costs and other matters are summarized in the notes to the following tables. The recovery and reserves estimates on Blizzard's properties herein are estimates only. The actual reserves on Blizzard's properties may be greater or less than those calculated.

Disclosure provided in this Schedule in respect of boes may be misleading, particularly if used in isolation. A boe conversion ratio of 6 mcf: 1 bbl is based on an energy equivalency method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead.

Notes:

- (1) Columns may not add due to rounding.
 - (2) "Gross" or "gross" means:
 - (a) in relation to Blizzard's interest in production or reserves, Blizzard's gross reserves, which are its working interest (operating or non-operating) share before deduction of royalties and without including any of Blizzard's royalty interests;
 - (b) in relation to wells, the total number of wells in which Blizzard has an interest; and
 - (c) in relation to properties, the total area of properties in which Blizzard has an interest;
- "Net" or "net" means:
- (a) in relation to Blizzard's interest in production or reserves, Blizzard's working interest (operating or non-operating) share after deduction of royalty obligations, plus Blizzard's royalty interests in production or reserves;
 - (b) in relation to Blizzard's interest in wells, the number of wells obtained by aggregating Blizzard's working interest in each of its gross wells; and

- (c) in relation to Blizzard's interest in a property, the total area in which Blizzard has an interest multiplied by the working interest owned by Blizzard;

"reserves" are the estimated remaining quantities of oil and natural gas and related substances anticipated to be recoverable from known accumulations, from a given date forward, based on: analysis of drilling, geological, geophysical and engineering data; the use of established technology; and specified economic conditions, which are generally accepted as being reasonable. Reserves are classified according to the degree of certainty associated with the estimates.

"Proved plus Probable Reserves" means the aggregate of Proved Reserves and Probable Reserves, before deduction of royalties.

"Proved Reserves" are those reserves that can be estimated with a high degree of certainty to be recoverable. It is likely that the actual remaining quantities recovered will exceed the estimated Proved Reserves. At least a 90% probability that the quantities actually recovered will equal or exceed the estimated Proved Reserves is the targeted level of certainty.

"Probable Reserves" are those additional reserves that are less certain to be recovered than Proved Reserves. It is equally likely that the actual remaining quantities recovered will be greater or less than the sum of the estimated Proved plus Probable Reserves. At least a 50% probability that the quantities actually recovered will equal or exceed the sum of the estimated Proved plus Probable Reserves is the targeted level of certainty.

"Developed Reserves" are those reserves that are expected to be recovered from existing wells and installed facilities or, if facilities have not been installed, that would involve a low expenditure (e.g. when compared to the cost of drilling a well) to put the reserves on production. The developed category may be subdivided into producing and non-producing.

"Developed Producing Reserves" are those reserves that are expected to be recovered from completion intervals open at the time of the estimate. These reserves may be currently producing or, if shut-in, they must have previously been on production, and the date of resumption of production must be known with reasonable certainty.

"Developed Non-Producing Reserves" are those reserves that either have not been on production, or have previously been on production, but are shut-in, and the date of resumption of production is unknown.

"Undeveloped Reserves" are those reserves expected to be recovered from known accumulations where a significant expenditure (e.g., when compared to the cost of drilling a well) is required to render them capable of production. They must fully meet the requirements of the reserves classification (proved, probable, possible) to which they are assigned.

- (3) The forecast cost and price assumptions assume the continuance of current laws and regulations and increases in wellhead selling prices, and take into account inflation with respect to future operating and capital costs. In the Blizzard Engineering Report, operating costs are assumed to escalate at 2% per annum. Oil and natural gas base case prices as forecast by GLJ effective January 1, 2005 are as follows:

SUMMARY OF PRICING AND INFLATION RATE ASSUMPTIONS

**SUMMARY OF PRICING ASSUMPTIONS
as of December 31, 2004**

CONSTANT PRICES AND COSTS

Year	Oil			Natural Gas	Exchange Rate (\$US/\$CDN)
	WTI Cushing Oklahoma (\$US/bbl)	Edmonton Par Price 40° API (\$Cdn/bbl)	Cromer Medium 29.3° API (\$Cdn/bbl)	AECO Gas Price (\$Cdn/MMbtu)	
Historical (Year End)					
2001	25.97	39.40	31.56	6.21	0.6448
2002	26.08	40.33	35.48	4.04	0.6376
2003	31.07	43.66	37.55	6.66	0.7213
2004 (Year End)	43.45	46.54	32.12	6.79	0.8308

- (4) The constant price assumptions assume the continuance of current laws, regulations and operating costs in effect on the date of the Blizzard Engineering Report. Product prices were not escalated beyond December 31, 2004. In addition, operating and capital costs have not been increased on an inflationary basis.
- (5) Effective on January 1, 1995, the ARTC rate ranges from a maximum of 75% of \$2,000,000 when the royalty tax credit reference is below \$100/m³ to a minimum of 25% of \$2,000,000 when the royalty tax credit reference is above \$210/m³.
- (6) The extent and character of all factual data supplied to GLJ were accepted by GLJ as represented. The oil and natural gas reserve calculations and any projections upon which the Blizzard Engineering Report is based were determined in accordance with generally accepted evaluation practices. No field inspection was conducted. Salvage values for facilities and lease reclamation costs have not been included in the Blizzard Engineering Report (well abandonment costs associated with existing and future reserves wells have been included).
- (7) The royalties deducted from the reserves are based on the percentage royalty calculated by applying the applicable royalty rate or formula. In the case of Crown sliding scale royalties which are dependent on selling prices, the price forecasts for the individual properties in question have been employed.

Notes:

- (1) Blizzard actual before income taxes, excluding general and administrative expenses.
- (2) The impact of changes in prices and other economic factors on future net revenue.
- (3) Actual capital expenditures relating to the exploration, development and production of oil and gas reserves.
- (4) The change in forecast development costs.
- (5) End of period net present value of the related reserves.
- (6) Estimated as 10% of the beginning of the period net present value.
- (7) The difference between forecast income taxes at the beginning of the period and the actual taxes for the period plus forecast income taxes at the end of the period.
- (8) Includes changes due to revised production profiles, development timing, operating costs, royalty rates, actual price received in 2004 versus forecast, etc.

Additional Information Relating to Reserves Data

Undeveloped Reserves

Based on the evaluation carried out by GLJ and reflected in the Blizzard Engineering Report, 10,266 mmcf of natural gas was attributed to Proved Undeveloped Reserves and 30,403 mmcf of natural gas was attributed to Probable Undeveloped Reserves for the year ended December 31, 2004, using forecast prices and costs. As at December 31, 2004, approximately 71% of Blizzard's Probable Undeveloped Reserves were attributable to the Sousa property.

Significant Factors or Uncertainties

For details of significant economic factors or uncertainties affecting the reserves data generally, see "Risk Factors" in the Renewal Annual Information Form of the Fund for the year ended December 31, 2004 dated March 21, 2005.

Future Development Costs

The following table details the development costs deducted in the estimation of future net revenue attributable to the reserves categories noted below, calculated using no discount and a 10% discount:

Year	Constant Prices and Costs (M\$)		Forecast Prices and Costs (M\$)	
	Proved Reserves		Proved Reserves	Proved Plus Probable Reserves
2005.....	22.6		22.6	27.8
2006.....	2.8		2.9	14.7
2007.....	-		-	-
2008.....	-		-	-
2009.....	-		-	-
Remainder.....	-		-	-
Total (Undiscounted)	25.5		25.6	42.6
Total (Discounted at 10%)	24.0		24.1	39.3

Future development costs will be funded from a combination of cash flow, debt and new equity.

Other Oil and Gas Information

Landholdings

Blizzard's developed and undeveloped landholdings as at June 30, 2005 are set forth in the following table:

Location	Undeveloped (acres)		Developed (acres)		Total (acres)	
	Gross	Net	Gross	Net	Gross	Net
Alberta.....	262,608	228,980	67,902	51,335	330,510	280,315
Total	262,608	228,980	67,902	51,335	330,510	280,315

Oil and Natural Gas Wells

The following table summarizes Blizzard's interest as at December 31, 2004 and June 30, 2005 in wells that are currently producing or which Shiningbank considers to be capable of production:

December 31, 2004

Location	Producing Wells				Shut-in Wells ⁽¹⁾⁽²⁾			
	Oil		Natural Gas		Oil		Natural Gas	
	Gross	Net	Gross	Net	Gross	Net	Gross	Net
Alberta	4	3.3	133	109.1	3	1.3	99	82.1
Total	4	3.3	133	109.1	3	1.3	99	82.1

June 30, 2005

Location	Producing Wells				Shut-in Wells ⁽¹⁾			
	Oil		Natural Gas		Oil		Natural Gas	
	Gross	Net	Gross	Net	Gross	Net	Gross	Net
Alberta	5	3.6	249	210.9	2	1.0	78	63.2
Total	5	3.6	249	210.9	2	1.0	78	63.2

Notes:

- (1) "Shut-in Wells" refers to wells that have encountered and are capable of producing crude oil or natural gas but which are not producing due to lack of available transportation facilities, available markets or other reasons. Shut-in wells are located no further than five kilometres from existing pipelines.
- (2) Includes 24 gross (24 net) natural gas wells that were tied-in in the first quarter of 2005.

Properties with No Attributed Reserves

As at June 30, 2005, Blizzard had an interest in 262,608 gross (228,980 net) acres in Alberta to which no reserves have been attributed. Approximately 79% of Blizzard's gross land holdings as at such date were considered undeveloped. Approximately 63,744 gross and net acres or 24% of this undeveloped land is considered non-prospective and will be permitted to expire in 2005.

Abandonment & Reclamation Costs

Abandonment costs for existing and future reserves wells have been estimated by GLJ based on data specific to Blizzard's operating areas as provided by the AEUB. Reclamation costs for leases were estimated by Blizzard based on historical average costs as provided by the AEUB. This data and the procedures used for calculating abandonment liabilities is consistent with those endorsed by the AEUB using their "Licensee Liability Rating System".

The undiscounted abandonment liability, net of estimated salvage value, in respect of Blizzard's total Proved Reserves, as estimated in the Blizzard Engineering Report, is \$5.4 million (\$2.0 million at a 10% discount rate) using constant prices and costs. The expected undiscounted cost over the next three years is \$70,000. The total liability in respect of Blizzard's total Proved Reserves represents cost estimates in respect of 207 net wells.

Costs Incurred

The following table outlines the costs incurred by Blizzard during the financial year ended December 31, 2004 for acquisitions, dispositions and capital expenditures:

Nature of Cost	Year Ended December 31, 2004 Amount (MMS)
Property Acquisition Costs	
Proved	33.8
Unproved	13.0
Exploration Costs	5.1
Development Costs	30.6
Total	82.5

Exploration and Development Activities

The following table summarizes the results of Blizzard's exploration and development activities for the periods indicated:

	Six Months Ended June 30, 2005		Year Ended December 31, 2004	
	Gross	Net	Gross	Net
Development Wells				
Gas	97	97	65	48.4
Oil	-	-	-	-
Service	-	-	-	-
Dry	-	-	3	1.6
Exploratory Wells				
Gas	5	1.8	8	3.7
Oil	-	-	-	-
Service	-	-	-	-
Dry	-	-	-	-
Total Wells	102	98.8	76	53.7

Production Estimates

The following table, which is based on the Blizzard Engineering Report, summarizes the total estimated production of Blizzard for the year ended December 31, 2005 using constant and forecast prices and costs:

	Estimated Production	
	Constant Prices and Costs	Forecast Prices and Costs
Light and Medium Crude Oil (mbbls)		
Sousa Property.....	-	-
Other	27	27
Total	27	27
Natural Gas (mmcf)		
Sousa Property.....	4,419	4,419
Other	2,600	2,600
Total	7,019	7,019
NGL (mbbls)		
Sousa Property.....	-	-
Other	73	73
Total	73	73

Approximately 63% of the estimated 2005 natural gas production is attributable to the Sousa property.

Production History and Netbacks

The following table sets forth Blizzard's average daily production volumes, prices, royalties, production costs and netbacks, before deduction of royalties, for the periods indicated:

	2005		2004				Year Ended December 31, 2004

 OFFICE OF INTERNATIONAL
 CORPORATE FINANCE

Dear Sirs:

Re: Offering of Trust Units of Shiningbank Energy Income Fund

We understand that Shiningbank Energy Income Fund (the "Fund") proposes to issue and sell 4,100,000 Trust Units of the Fund (the "Offered Units").

We also understand that the Fund indirectly owns all of the outstanding shares of Shiningbank Energy Ltd. (the "Corporation") and that the Corporation provides administrative services to the Fund.

Subject to the terms and conditions set forth below, CIBC World Markets Inc., BMO Nesbitt Burns Inc., Scotia Capital Inc., RBC Dominion Securities Inc., National Bank Financial Inc., TD Securities Inc. and FirstEnergy Capital Corp. (collectively, the "Underwriters") hereby severally, and not jointly, offer to purchase from the Fund, and, by its acceptance hereof, the Fund agrees to sell to the Underwriters, at the Closing Time (as hereinafter defined), all but not less than all of the Offered Units at a price of \$24.45 per unit.

In consideration of the services rendered and to be rendered by the Underwriters in connection herewith, the Fund agrees to pay to the Underwriters at the Closing Time a fee of \$1.2225 per Trust Unit purchased by the Underwriters at the Closing Time. For greater certainty, the services provided by the Underwriters in connection herewith will not be subject to Goods & Services Tax provided for in the *Excise Tax Act* (Canada), as any taxable supplies provided will be incidental to the exempt financial services provided.

TERMS AND CONDITIONS

This agreement shall be subject to the following terms and conditions:

1. Definitions and Interpretation

1.1 In this agreement:

- (a) "agreement", "hereto", "herein", "hereunder", "hereof" and similar expressions refer to the agreement resulting from the acceptance by the Fund of this offer and not to any particular section or other portion of this agreement;
- (b) "ASC" means the Alberta Securities Commission;

- (c) "**Birchill**" means Birchill Resources Limited;
- (d) "**Blizzard**" means Blizzard Energy Inc.;
- (e) "**business day**" means a day which is not a Saturday or Sunday or a legal holiday in the Province of Alberta;
- (f) "**Closing Date**" means September 28, 2005, or such other date not later than September 29, 2005 as the Underwriters and the Fund may agree upon in writing;
- (g) "**Closing Time**" means 7:00 a.m. (Calgary time) on the Closing Date or such other time on such date as the Underwriters and the Fund may agree upon;
- (h) "**distribution**" means "**distribution**" or "**distribution to the public**" which terms have the meanings attributed thereto under applicable Securities Laws;
- (i) "**final MRRS Decision Document**" means the decision document issued in accordance with the Mutual Reliance Review System evidencing that final receipts for the Prospectus have been issued for each of the Provinces;
- (j) "**Lead Underwriter**" means CIBC World Markets Inc.;
- (k) "**material change**", "**material fact**" and "**misrepresentation**" have the meanings attributed thereto under applicable Securities Laws;
- (l) "**Mutual Reliance Review System**" means the mutual reliance review system provided for under National Policy 43-201 of the Canadian Securities Administrators;
- (m) "**preliminary MRRS Decision Document**" means the decision document issued in accordance with the Mutual Reliance Review System evidencing that preliminary receipts for the Preliminary Prospectus have been issued for each of the Provinces;
- (n) "**Preliminary Prospectus**" means the English and French language versions (unless the context otherwise requires) of the preliminary short form prospectus of the Fund to be dated September 12, 2005 relating to the distribution of the Offered Units and, unless the context otherwise requires, includes all documents incorporated therein by reference;
- (o) "**Prospectus**" means the English and French language versions (unless the context otherwise requires) of the final short form prospectus of the Fund relating to the distribution of the Offered Units and, unless the context otherwise requires, includes all documents incorporated therein by reference;
- (p) "**Prospectus Amendment**" means the English and French language versions of any amendment to the Preliminary Prospectus or the Prospectus, other than

merely by incorporation by reference into the Preliminary Prospectus or the Prospectus of Subsequent Disclosure Documents;

- (q) "**Provinces**" means the provinces of Canada;
- (r) "**Securities Commissions**" means the securities commissions or other securities regulatory authorities in the Provinces;
- (s) "**Securities Laws**" means the securities acts or similar statutes of the Provinces and all regulations, rules, policy statements, notices and blanket orders or rulings thereunder;
- (t) "**Subsequent Disclosure Documents**" means any financial statements, information circulars, annual information forms, material change reports or other documents issued by or on behalf of the Fund after the filing of the Prospectus which are deemed to be incorporated by reference into the Prospectus;
- (u) "**subsidiary**" has the meaning attributed thereto under applicable Securities Laws and includes Shiningbank Operating Trust and Shiningbank Limited Partnership;
- (v) "**Tax Act**" means the *Income Tax Act* (Canada);
- (w) "**Trust Units**" means the trust units in the Fund created, issued and certified under the amended and restated trust indenture pursuant to which the Trust has been established, representing equal undivided beneficial interests in the Fund;
- (x) "**Trustee**" means Computershare Trust Company of Canada as trustee of the Fund;
- (y) "**TSX**" means the Toronto Stock Exchange;
- (z) "**Underwriting Fee**" means the fee of \$1.2225 per Trust Unit purchased by the Underwriters, to be paid to the Underwriters under this agreement; and
- (aa) "**Unitholders**" means holders of Trust Units.

Other terms which are defined elsewhere in this agreement have the meanings so ascribed.

2. Filing of Prospectus

- 2.1 The Fund represents and warrants that it is eligible to make use of the short form prospectus distribution system and procedures established pursuant to National Instrument 44-101 for the distribution of the Offered Units.
- 2.2 The Fund shall:
 - (a) prepare and, as soon as practicable and in any event not later than September 12, 2005, file the Preliminary Prospectus (in the English and French languages, as

appropriate) and other documents required under the Securities Laws and the Mutual Reliance Review System with the Securities Commissions and designate the ASC as the principal regulator and obtain a preliminary MRRS Decision Document from the ASC, evidencing that a receipt has been issued for the Preliminary Prospectus in each Province dated not later than September 12, 2005;

- (b) forthwith after any comments with respect to the Preliminary Prospectus have been received from the Securities Commissions, but not later than September 21, 2005 (or such later date as may be agreed to in writing by the Fund and the Underwriters), have:
 - (i) prepared and filed the Prospectus (in the English and French languages, as appropriate) and other documents required under the Securities Laws and the Mutual Reliance Review System with the Securities Commissions; and
 - (ii) obtained a final MRRS Decision Document from the ASC, evidencing that a receipt has been issued for the Prospectus in each Province, or otherwise obtained a receipt for the Prospectus from each of the Securities Commissions;

and otherwise fulfilled all legal requirements to enable the Offered Units to be offered and sold to the public in each of the Provinces through the Underwriters or any other investment dealer or broker registered in the applicable Province; and

- (c) until completion of the distribution of the Offered Units, promptly take all additional steps and proceedings that from time to time may be required under the Securities Laws to continue to qualify the Offered Units for distribution or, in the event that the Offered Units have, for any reason, ceased to so qualify, to again qualify the Offered Units for distribution.

2.3 Prior to the filing of each of the Preliminary Prospectus and the Prospectus and, during the period of distribution of the Offered Units, prior to the filing with any Securities Commissions of any Subsequent Disclosure Documents or Prospectus Amendment, the Fund shall have allowed the Underwriters and their counsel, acting reasonably, to participate fully in the preparation of, and to approve the form of, the Preliminary Prospectus, the Prospectus and any Prospectus Amendment and to have reviewed any Subsequent Disclosure Document prior to the filing or issuance thereof.

2.4 During the period from the date hereof until completion of the distribution of the Offered Units, the Fund shall allow the Underwriters to conduct all due diligence which they may reasonably require in order to fulfil their obligations as underwriters under applicable Securities Laws and in order to enable the Underwriters to execute responsibly the certificates required to be executed by them in the Preliminary Prospectus, the Prospectus and any Prospectus Amendment.

3. Delivery of Prospectus and Related Documents

- 3.1 The Fund shall deliver or cause to be delivered to the Underwriters and the Underwriters' counsel the documents set out below at the respective times indicated:
- (a) prior to or contemporaneously, as nearly as practicable, with the filing with the Securities Commissions of each of the Preliminary Prospectus and the Prospectus, copies of the Preliminary Prospectus and the Prospectus, as the case may be, each in the English and French languages, signed as required by the Securities Laws;
 - (b) as soon as they are available, copies of the English and French language versions, as applicable, of any Prospectus Amendment required to be filed under any of the Securities Laws, signed as required by the Securities Laws;
 - (c) at the time of delivery to the Underwriters pursuant to this section 3.1 of the French language version of the Prospectus:
 - (i) an opinion of counsel in Québec addressed to the Fund and the Underwriters and dated the date of the Prospectus, to the effect that the French version thereof and any documents incorporated therein by reference (except for any financial statements and financial information which are the subject of the opinion of the Fund's auditors referred to below, as to which no opinion need to be expressed by Québec counsel) is in all material respects a reasonable and proper translation of the English version thereof and that the English and French versions are not susceptible of any materially different interpretation with respect to any material matter contained therein; and
 - (ii) an opinion of the Fund's auditors addressed to the Fund and the Underwriters and dated the date of the Prospectus, to the effect that the French version of the financial statements and financial information set forth therein or incorporated therein by reference and as to which no opinion has been expressed by Québec counsel is in all material respects a complete and proper translation of the English version thereof;
 - (d) at the time of delivery to the Underwriters pursuant to this section 3.1 of the Prospectus, a comfort letter from the Fund's auditors dated the date of the Prospectus and satisfactory in form and substance to the Underwriters, with respect to the financial and accounting information relating to the Fund contained in or incorporated by reference into the Prospectus, which comfort letter shall be based on a review by the auditors having a cut-off date of not more than two business days prior to the date of the comfort letter and shall be in addition to any comfort letter which must be filed with securities regulatory authorities pursuant to applicable Securities Laws;
 - (e) at the time of delivery to the Underwriters pursuant to this section 3.1 of the Prospectus, a comfort letter from the auditors of Birchill dated the date of the Prospectus in satisfactory form and substance to the Underwriters, with respect to

the financial information relating to Birchill contained in or incorporated by reference into the Prospectus, which comfort letter shall be based on a review by the auditors having a cut-off date of not more than two business days prior to the date of the comfort letter and shall be in addition to any comfort letters which must be filed with securities regulatory authorities pursuant to applicable Securities Laws;

- (f) at the time of delivery to the Underwriters pursuant to this section 3.1 of the Prospectus, a comfort letter from the auditors of Blizzard dated the date of the Prospectus in satisfactory form and substance to the Underwriters, with respect to the financial information relating to Blizzard contained in or incorporated by reference into the Prospectus, which comfort letter shall be based on a review by the auditors having a cut-off date of not more than two business days prior to the date of the comfort letter and shall be in addition to any comfort letters which must be filed with securities regulatory authorities pursuant to applicable Securities Laws; and
- (g) at the time of delivery to the Underwriters pursuant to this section 3.1 of the Prospectus, a comfort letter from the auditors for the Schedule of Revenues, Royalties and Operating Expenses for the Clairmont Property to be contained in the Prospectus, dated the date of the Prospectus in satisfactory form and substance to the Underwriters, with respect to such Schedule, which comfort letter shall be based on a review by the auditors having a cut-off date of not more than two business days prior to the date of the comfort letter and shall be in addition to any comfort letters which must be filed with securities regulatory authorities pursuant to applicable Securities Laws.

3.2 The delivery by the Fund to the Underwriters of the Preliminary Prospectus and the Prospectus shall constitute a representation and warranty to the Underwriters by each of the Fund and the Corporation that:

- (a) the information and statements contained in the Preliminary Prospectus or the Prospectus, as the case may be, (except any information and statements relating solely to the Underwriters) constitutes full, true and plain disclosure of all material facts relating to the Offered Units; and
- (b) the Preliminary Prospectus or the Prospectus, as the case may be, does not contain a misrepresentation.

Such delivery shall also constitute the Fund's consent to the use of the Preliminary Prospectus or the Prospectus, as the case may be, by the Underwriters in connection with the distribution of the Offered Units in the Provinces.

4. Commercial Copies of Prospectus

4.1 The Fund shall cause to be delivered to the Underwriters, as soon as practicable and in any event within two business days of the date of the filing of the Preliminary Prospectus

or the Prospectus, as the case may be, with the Securities Commissions, at offices in the cities of Vancouver, Calgary, Toronto and Montreal designated by the Underwriters, the number of commercial copies of the Preliminary Prospectus and the Prospectus previously specified by the Underwriters in writing to the Fund.

- 4.2 The Fund shall from time to time deliver to the Underwriters as soon as practicable at the offices in the cities of Vancouver, Calgary, Toronto and Montreal designated by the Underwriters the number of copies of documents incorporated, or containing information incorporated, by reference in the Preliminary Prospectus and the Prospectus, and of any Subsequent Disclosure Documents or any Prospectus Amendment, which the Underwriters may from time to time request.

5. Distribution of Offered Units

- 5.1 The Underwriters shall offer the Offered Units for sale to the public, directly and through banking and selling group members, in the Provinces upon the terms and conditions set forth in the Prospectus and this agreement only in compliance with applicable Securities Laws. The Underwriters will not solicit offers to purchase or sell the Offered Units so as to require registration of the Offered Units or filing of a prospectus, registration statement or other notice or document with respect to the distribution of the Offered Units under the laws of any jurisdiction other than the Provinces, and will require each banking and selling group member to agree with the Underwriters not to so solicit or sell. For purposes of this section 5, the Underwriters shall be entitled to assume that the Offered Units are qualified for distribution in any Province where a receipt or similar document for the Prospectus has been obtained from the applicable Securities Commission (including pursuant to the final MRRS Decision Document issued by the ASC under the Mutual Reliance Review System) following the filing of the Prospectus unless the Underwriters receive notice to the contrary from the Fund or the applicable Securities Commission. The Underwriters shall use all reasonable efforts to complete and to cause any banking and selling group members to complete the distribution of the Offered Units as soon as possible after the Closing Time.
- 5.2 The Lead Underwriter will notify the Fund when the Underwriters have ceased distribution of the Offered Units and shall, as soon as practicable, provide the Fund with a breakdown of the number of Offered Units distributed in each of the Provinces where such breakdown is required for the purpose of calculating fees payable to Securities Commissions and forthwith upon completion of the distribution of the Offered Units provide to the Securities Commissions notice to that effect, if required by applicable Securities Laws.

6. Material Changes

- 6.1 During the period from the date hereof until completion of the distribution of the Offered Units, the Fund shall promptly notify the Underwriters in writing, with full particulars, of:

- (a) any change (actual, contemplated or threatened) in the business, affairs, operations, assets, liabilities (contingent or otherwise), capital or ownership of the Fund or any of its subsidiaries;
- (b) any change in any matter covered by a statement contained or incorporated by reference in the Preliminary Prospectus, the Prospectus or any Subsequent Disclosure Document or Prospectus Amendment; or
- (c) the occurrence of any other fact or event;

which change or occurrence is, or may be, of such a nature as to render the Preliminary Prospectus, the Prospectus or any Subsequent Disclosure Document or Prospectus Amendment misleading or untrue in any material respect or would result in any of such documents containing a misrepresentation or which would result in any of such documents not complying in any material respect with any of the Securities Laws or which change or occurrence would reasonably be expected to have a significant effect on the market price or value of the Offered Units. The Fund shall in good faith discuss with the Underwriters any change or occurrence (actual or proposed within the knowledge of the Corporation) which is of such a nature that there is reasonable doubt whether notice need be given to the Underwriters pursuant to this section and, in any event, prior to making any filing referred to in section 6.3.

6.2 During the period from the date hereof until completion of the distribution of the Offered Units, the Fund will promptly inform the Underwriters of the full particulars of:

- (a) any request of any Securities Commission for any amendment to the Preliminary Prospectus or the Prospectus or for any additional information;
- (b) the issuance by any Securities Commission or similar regulatory authority, the TSX or any other competent authority of any order to cease or suspend trading of any securities of the Fund or of the institution or threat of institution of any proceedings for that purpose; and
- (c) the receipt by the Fund of any communication from any Securities Commission or similar regulatory authority, the TSX or any other competent authority relating to the Preliminary Prospectus, the Prospectus or the distribution of the Offered Units.

6.3 The Fund shall promptly comply with all applicable filing and other requirements, if any, under the Securities Laws arising as a result of any change referred to in section 6.1 above and shall prepare and file under all applicable Securities Laws, with all possible dispatch, and in any event within any time limit prescribed under applicable Securities Laws, any Subsequent Disclosure Document or Prospectus Amendment as may be required under applicable Securities Laws; provided that the Fund shall have allowed the Underwriters and their counsel to participate fully in the preparation of any Subsequent Disclosure Document or Prospectus Amendment, to have reviewed any other documents incorporated by reference therein and conduct all due diligence investigations which the Underwriters may reasonably require in order to fulfill their obligations as underwriters

and in order to enable the Underwriters to execute responsibly the certificate required to be executed by them in any Prospectus Amendment and the Underwriters shall have approved the form of any Prospectus Amendment, such approval not to be unreasonably withheld and to be provided in a timely manner. The Fund shall further promptly deliver to the Underwriters and the Underwriters' counsel a copy of each Prospectus Amendment in the English and French languages and each Subsequent Disclosure Document in the English and French languages as filed with the Securities Commissions and, if applicable, opinions and letters with respect to each such Prospectus Amendment and Subsequent Disclosure Document substantially similar to those referred to in sections 3.1(c) and (d) above.

- 6.4 The delivery by the Fund to the Underwriters of each Prospectus Amendment and Subsequent Disclosure Document shall constitute a representation and warranty to the Underwriters by the Fund and the Corporation with respect to the Prospectus, as amended, modified or superseded by such Prospectus Amendment or Subsequent Disclosure Document, and by each Prospectus Amendment and Subsequent Disclosure Document previously delivered to the Underwriters as aforesaid, to the same effect as set forth in sections 3.2(a) and (b) above. Such delivery shall also constitute the Fund's consent to the use of the Prospectus, as amended or supplemented by any such document, by the Underwriters in connection with the distribution of the Offered Units in the Provinces.
- 6.5 During the period from the date hereof until completion of the distribution of the Offered Units, the Fund will allow the Underwriters and their counsel to review any press releases to be issued by the Fund prior to the dissemination of the press releases to the public.

7. Representations, Warranties and Covenants

- 7.1 Each of the Fund and the Corporation jointly and severally represents, warrants and covenants to and with the Underwriters, and acknowledges that the Underwriters are relying thereon in connection with the purchase of the Offered Units, that:
- (a) the Fund has been properly created and organized and is validly existing as a trust under the laws of the Province of Alberta;
 - (b) the only subsidiaries of the Fund are the Corporation, Shiningbank Holdings Corporation, 1130243 Alberta Inc., Shiningbank Operating Trust and Shiningbank Limited Partnership;
 - (c) each of the Corporation, Shiningbank Holdings Corporation and 1130243 Alberta Inc. has been duly amalgamated or incorporated and is validly subsisting under the laws of the Province of Alberta and has all requisite corporate power and authority to carry on its business as now conducted by it and to own, lease and operate its properties and assets;
 - (d) Shiningbank Operating Trust has been properly created and organized and is validly existing as a trust under the laws of the Province of Alberta;

- (e) Shiningbank Limited Partnership has been formed and is existing as a limited partnership under the laws of the Province of Alberta;
- (f) the Fund is authorized to issue 300,000,000 Trust Units of which 63,534,877 are issued and outstanding as at the date hereof;
- (g) no person has any agreement or option or right or privilege capable of becoming an agreement for the purchase, subscription or issuance of any unissued Trust Units, shares, warrants or other securities of the Fund other than: (i) in respect of incentive rights to acquire Trust Units issued to directors, officers and employees of the Corporation pursuant to the Trust Unit Rights Incentive Plan of the Fund; (ii) pursuant to the Distribution Reinvestment and Optional Trust Unit Purchase Plan of the Fund; and (iii) pursuant to the outstanding non-voting exchangeable shares of Shiningbank Holdings Corporation;
- (h) the Corporation has the necessary power and authority to enter into this agreement on behalf of the Fund and to execute and deliver, on behalf of the Fund, this agreement and all other necessary documents in connection with the offering of the Offered Units;
- (i) the Fund has the necessary power, authority and capacity to issue the Offered Units as provided for herein and to enter into this agreement and to perform its obligations hereunder;
- (j) the Corporation has the necessary corporate power and authority to execute the Preliminary Prospectus, the Prospectus and any Prospectus Amendment on behalf of the Fund;
- (k) each of the Fund and the Corporation has the necessary trust or corporate power and authority to execute this agreement, to perform its obligations hereunder and to carry out the transactions contemplated hereby, and this agreement has been duly authorized, executed and delivered by the Fund and the Corporation and constitutes a legal, valid and binding obligation of the Fund and the Corporation enforceable against them in accordance with its terms;
- (l) the Fund and each of its subsidiaries holds all material licences, registrations, qualifications, permits and consents necessary or appropriate for owning, leasing and holding its properties and assets or appropriate for carrying on its business;
- (m) the comparative audited financial statements of the Fund for the year ended December 31, 2004 to be incorporated by reference into the Prospectus fairly and accurately present, in all material respects, in accordance with generally accepted accounting principles in Canada consistently applied, the financial position and condition of the Fund (on a consolidated basis) as at the dates thereof and the results of operations of the Fund (on a consolidated basis) for the period then ended;

- (n) to the knowledge of the Fund and the Corporation, after due enquiry, the comparative audited financial statements of Birchill for the year ended December 31, 2003 to be contained in the Prospectus fairly and accurately present, in all material respects, in accordance with generally accepted accounting principles in Canada consistently applied, the financial position and condition of Birchill (on a consolidated basis) as at the date thereof and the results of operations of Birchill (on a consolidated basis) for the period then ended;
- (o) to the knowledge of the Fund and the Corporation, after due enquiry, the comparative audited financial statements of Blizzard for the year ended December 31, 2004 and the comparative interim financial statements of Blizzard for the six months ended June 30, 2005 to be contained in the Prospectus fairly and accurately present, in all material respects, in accordance with generally accepted accounting principles in Canada consistently applied, the financial position and condition of Blizzard (on a consolidated basis) as at the dates thereof and the results of operations of Blizzard (on a consolidated basis) for the periods then ended;
- (p) to the knowledge of the Fund and the Corporation, after due enquiry, the Schedule of Revenues, Royalties and Operating Expenses for the Clairmont Property for the year ended December 31, 2003 and the period ended December 22, 2004 to be contained in the Prospectus fairly and accurately present, in all material respects, in accordance with generally accepted accounting principles in Canada consistently applied, the revenues, royalties and operating expenses associated with the Clairmont Property for the periods then ended;
- (q) the pro forma financial statements, including the notes thereto, of the Fund to be contained in the Prospectus have been prepared in accordance with generally accepted accounting principles in Canada, consistently applied, have been prepared and presented in accordance with applicable Securities Laws, and include all adjustments necessary for a fair presentation; the assumptions contained in such pro forma financial statements are suitably supported and consistent with the financial results of the Fund, Birchill, Blizzard and the Clairmont Property, and such statements provide a reasonable basis for the compilation of the pro forma financial statements and such pro forma financial statements accurately reflect such assumptions;
- (r) subsequent to December 31, 2004, except as has been publicly disclosed prior to the date of this agreement:
 - (i) there has not been any material change (financial or otherwise) in the business, affairs, operations, assets, liabilities (contingent or otherwise) or capital of the Fund and its subsidiaries, taken as a whole; and
 - (ii) the Fund and its subsidiaries, acting as a whole, have carried on business in the ordinary course;

- (s) there is no action, proceeding or investigation pending or, to the knowledge of the Corporation, threatened against or affecting the Fund or any of its subsidiaries at law or in equity or before or by any federal, provincial, municipal or other governmental department, commission, board or agency, domestic or foreign, which in any way materially adversely or may materially adversely affect the business, operations or condition of the Fund and its subsidiaries, taken as a whole (financial or otherwise) or which questions or may question the validity of the issuance, as fully paid and non-assessable, of the Offered Units or any action taken or to be taken by the Fund or the Corporation pursuant to or in connection with this agreement;
- (t) except as disclosed in the consolidated comparative audited financial statements of the Fund as at and for the year ended December 31, 2004, the Fund and its subsidiaries, taken as a whole, have no material contingent liabilities or material tax liabilities;
- (u) the Fund qualifies as a "mutual fund trust" under the Tax Act and the Fund and the Corporation have conducted and will conduct their affairs so that the Fund will continue to qualify as a mutual fund trust under the Tax Act, including (in the case of the Fund) by (i) limiting its activities to investing the property of the Trust in property in which a mutual fund trust is permitted by the Tax Act to invest and (ii) restricting investment in Trust Units or securities convertible or exchangeable for Trust Units by non-residents of Canada for purposes of the Tax Act;
- (v) to the best of the Fund's and the Corporation's knowledge, non-residents of Canada for the purposes of the Tax Act do not own more than 35% of the issued and outstanding Trust Units;
- (w) the execution and delivery of this agreement, the performance by the Fund and the Corporation of their respective obligations hereunder, the sale by the Fund at the Closing Time of the Offered Units and the delivery of the Offered Units at the Closing Time do not and will not result in a breach of, and do not and will not create a state of facts which, after notice or lapse of time or both, will result in a breach of, and do not and will not conflict with:
 - (i) any terms, conditions or provisions of the articles, by-laws, constating documents or resolutions of the directors (or any committee thereof), shareholders or unitholders, as the case may be, of the Fund or the Corporation which are in effect as at the date hereof;
 - (ii) any terms, conditions or provisions of any indenture, agreement or instrument to which the Fund or any of its subsidiaries is a party or by which any of them are contractually bound as at the date hereof or the Closing Date; or

- (iii) any judgment, decree or order of any court, governmental agency or body or regulatory authority having jurisdiction over or binding the Fund or any of its subsidiaries or their respective properties or assets,

and will not result in the creation or imposition of any lien, charge or encumbrance upon any properties or assets of the Fund or any of its subsidiaries pursuant to any mortgage, note, indenture, contract, agreement, instrument, lease or other document to which the Fund or any of its subsidiaries is a party or by which it is bound or to which any of the property or assets of the Fund or any of its subsidiaries is subject;

- (x) except such as shall have been made or obtained at or before the Closing Time under the Securities Laws, no consent, approval, authorization, order, filing, registration or qualification of or with any court, governmental agency or body or regulatory authority is required for the execution, delivery and performance by each of the Fund and the Corporation of this agreement, the sale of the Offered Units as contemplated herein, or the consummation by the Fund of the transactions contemplated herein;
- (y) none of the Fund and its subsidiaries is in violation of its respective constating documents or by-laws and each of the Fund and its subsidiaries is not in default in the performance or observance of any obligation, agreement, covenant or condition contained in any contract, indenture, mortgage, loan agreement, note, lease or other instrument to which it is a party or by which it may be bound or to which any of its respective property or assets is subject, which violation or default might reasonably be expected to materially adversely affect the business, operations, capital or condition (financial or otherwise) of the Fund and its subsidiaries, taken as a whole;
- (z) the Fund is a reporting issuer and is not included in the list of defaulting reporting issuers maintained pursuant to the Securities Act (Alberta) and has a similar status under the Securities Laws of each of the other Provinces;
- (aa) the Offered Units will have attributes substantially as set forth in the Prospectus;
- (bb) the Offered Units will, upon issuance thereof at the Closing Time, be duly and validly issued;
- (cc) no order, ruling or determination having the effect of ceasing, suspending or restricting trading in any securities of the Fund or the sale of the Offered Units has been issued and no proceedings, investigations or inquiries for such purpose are pending or contemplated or threatened; and
- (dd) each of the Fund's subsidiaries has conducted and will conduct its business in compliance, in all material respects, with all applicable laws, regulations and rules, including, without limitation, all environmental laws, regulations and rules, of each jurisdiction in which its business is carried on and holds and maintains in

good standing all necessary licences, leases, permits, authorizations and other approvals necessary to permit it to conduct its business or to own, lease or operate its properties and assets (including, without limitation, any rights or registrations relating to any intellectual property rights) except where the failure to obtain any licence, lease, permit, authorization or other approval would not have a material adverse effect on the Fund and its subsidiaries, taken as a whole, and none of the Fund's subsidiaries has received any notice of proceedings relating to the revocation or modification of any such licence, lease, permit, authorization or other approval which may, individually or in the aggregate, materially and adversely affect the Fund and its subsidiaries, taken as a whole.

- 7.2 The Fund covenants and agrees with and in favour of the Underwriters that the purchase price for the Offered Units (net of related costs) received by the Fund from the Underwriters will be used for the purposes described in the Prospectus.
- 7.3 The Fund covenants and agrees with and in favour of the Underwriters that the Fund will not make any distribution to Unitholders for which the record date for determining the Unitholders entitled to such distribution is prior to the Closing Date other than the normal monthly distributions made to Unitholders of record on the last day of each month.

8. Closing

- 8.1 The closing of the purchase and sale of the Offered Units shall take place at the Closing Time at the offices of Gowling Lafleur Henderson LLP in Calgary, Alberta. At the Closing Time, the Fund shall deliver to the Underwriters a certificate representing the Offered Units, registered in the name of CDS & Co. or in such other name or names as the Lead Underwriter may notify the Fund not less than one business day before the Closing Date, against payment by the Underwriters to the Fund, by wire transfer in immediately available Canadian funds, of the purchase price therefor less the amount of the Underwriting Fee.

9. Conditions Precedent

- 9.1 The following are conditions precedent to the obligations of the Underwriters to close the transactions contemplated by this agreement, which conditions each of the Fund and the Corporation covenants to exercise its best efforts to have fulfilled at or prior to the Closing Time and which conditions may be waived in writing in whole or in part by the Underwriters:
- (a) at the Closing Time, the Corporation (on its own behalf and on behalf of the Fund) shall have delivered to the Underwriters a certificate, dated the Closing Date, signed by its Chief Executive Officer and its Chief Financial Officer, or by such other officers as the Underwriters may approve, certifying that:
 - (i) the Fund and the Corporation have complied in all material respects with all terms and conditions of this agreement to be complied with by them at or prior to the Closing Time;

- (ii) except for changes contemplated by this agreement, the representations and warranties of the Fund and the Corporation contained herein are true and correct as of the Closing Time with the same force and effect as if made at and as of the Closing Time;
 - (iii) no order, ruling or determination having the effect of ceasing or suspending trading in the Offered Units in any of the Provinces has been issued and no proceedings for such purpose are pending or, to the knowledge of the persons signing such certificate, contemplated or threatened; and
 - (iv) there has been no adverse material change, financial or otherwise, to such date, in the business, affairs, operations, assets, liabilities (contingent or otherwise) or capital of the Fund and its subsidiaries, taken as a whole, from that disclosed in the Prospectus or any Prospectus Amendment;
- (b) at the Closing Time, the Fund shall have furnished to the Underwriters evidence that the Trust Units purchased at that time have been conditionally approved for listing on the TSX and that such Trust Units will be posted for trading at the opening of trading on the Closing Date;
 - (c) at the Closing Time, the Underwriters shall have received a letter of the auditors of the Fund, updating the letter referred to in section 3.1(d) above to the Closing Time, such letter to be in form and substance satisfactory to the Underwriters and their counsel, provided that such letter shall be based on a review by the auditors having a cut-off date not more than two business days prior to the Closing Date;
 - (d) at the Closing Time, the Underwriters shall have received an appropriate legal opinion, dated the Closing Date, from Québec counsel as to compliance with the laws of Québec relating to the use of the French language, which opinion shall be in form and substance satisfactory to the Underwriters' counsel; and
 - (e) at the Closing Time, the Underwriters shall have received favourable legal opinions dated the Closing Date, on behalf of the Fund from Gowling Lafleur Henderson LLP and on behalf of the Underwriters from Macleod Dixon LLP, with respect to all such matters as the Underwriters may reasonably request, including, without limitation, the issue of the Offered Units and their offering and sale as contemplated by the Prospectus.

It is understood that counsel for the Underwriters may rely on the opinions of counsel for the Fund as to matters which relate specifically to the Fund and its subsidiaries and that counsel for the Fund and the Underwriters may rely upon the opinions of local counsel as to all matters not governed by the laws of the respective jurisdictions in which they are qualified to practice, and may rely, to the extent appropriate in the circumstances, as to matters of fact on certificates of the Corporation, the Fund's auditors and public officials, and that the opinions of counsel may be subject to usual qualifications as to equitable remedies, creditors' rights laws and public policy considerations.

10. Termination

10.1 In addition to any other remedies which may be available to the Underwriters, the Underwriters (or any of them) shall be entitled, at their or its option, to terminate and cancel its obligations under this agreement, without any liability on their part, if prior to the Closing Time:

- (a) any inquiry, investigation or other proceeding is announced, commenced or threatened or any order or ruling is issued (and has not been rescinded, revoked or withdrawn) by any securities regulatory authority, the TSX or any other competent authority, or there is any change of law or the interpretation or administration thereof, which operates to prevent or restrict or suspend or to materially adversely affect the trading in or the distribution of the Offered Units or any of them in the Provinces;
- (b) there shall occur any change as is contemplated in section 6.1 hereof (other than a change related solely to the Underwriters) which in their or its opinion would reasonably be expected to have a significant adverse effect on the market price or value of the Offered Units;
- (c) there should develop, occur or come into effect or existence any event, action, state, condition or major financial occurrence of national or international consequence or any law or regulation, or any other occurrence of any nature whatsoever which, in their or its opinion, acting reasonably, seriously adversely affects or will seriously adversely affect the financial markets or the business, operations or affairs of the Fund and its subsidiaries, taken as a whole;
- (d) the Underwriters shall become aware, as a result of their due diligence review or otherwise, of any adverse material change or fact with respect to the Fund which had not been publicly disclosed prior to the date of this agreement; or
- (e) there is announced any changes or proposed change in the income tax laws of Canada or the interpretation or administration thereof and such change would, in their or its opinion, acting reasonably, be expected to have a significant adverse effect on the market price or value of the Offered Units.

Any such termination shall be effected by giving written notice to the Fund at any time prior to the Closing Time. Prior to giving any such notice of termination, the Underwriter intending to give such notice shall consult with the Fund respecting such matter. In the event of a termination by any of the Underwriters pursuant to this section 10.1, there shall be no further liability on the part of the Underwriters or of the Fund and the Corporation to the Underwriters except in respect of any liability of the Fund and the Corporation to the Underwriters which may have arisen or may thereafter arise under sections 12.1 or 12.3 hereof or in respect of the expenses payable by the Fund to the Underwriters under section 13.1 hereof.

11. Conditions

- 11.1 All terms and conditions of this agreement shall be construed as conditions and any breach or failure to comply in all material respects with any such terms or conditions which are for the benefit of the Underwriters shall entitle the Underwriters to terminate their obligation to purchase the Offered Units by notice in writing to that effect given to the Fund at or prior to the Closing Time. The Underwriters may waive in whole or in part or extend the time for compliance with any of such terms and conditions without prejudice to its rights in respect of any other of such terms and conditions or any other breach or non-compliance, provided that to be binding on the Underwriters any such waiver or extension must be in writing.

12. Indemnification

- 12.1 Each of the Fund and the Corporation (collectively, the "Indemnitors"), jointly and severally, covenants and agrees to indemnify and hold harmless the Underwriters and the Underwriters' directors, officers, employees, shareholders and agents (the "Indemnified Parties") from and against all liabilities, claims, demands, losses (other than loss of profit in connection with the distribution of the Offered Units), costs, damages and expenses in any way caused by or arising directly or indirectly from or in consequence of:
- (a) any information or statement (except any information or statement relating solely to the Underwriters) in the Preliminary Prospectus, the Prospectus or any Prospectus Amendment or in any other document or material filed or delivered pursuant hereto being or being alleged to be a misrepresentation or untrue, or any omission or alleged omission to state therein any fact or information (except facts or information relating solely to the Underwriters) required to be stated therein or necessary to make any of the statements therein not misleading in light of the circumstances in which they were made;
 - (b) any order made or any inquiry, investigation or proceeding commenced or threatened by any securities regulatory or other authority based upon any untrue statement, omission or misrepresentation or alleged untrue statement, omission or misrepresentation (except a statement, omission or misrepresentation relating solely to the Underwriters) in the Preliminary Prospectus, the Prospectus or in any Prospectus Amendment or in any other document or material filed or delivered pursuant hereto, preventing or restricting the trading in or the distribution of the Offered Units or any of them in any of the Provinces;
 - (c) the breach of any representations, warranties or covenants of the Fund or the Corporation contained herein or delivered pursuant hereto; or
 - (d) the Fund or the Corporation not complying with any requirement of applicable Securities Laws or the by-laws, rules or policies of the TSX in connection with the transactions contemplated herein;

provided that none of the Indemnitors shall be liable to an Indemnified Party in any such case to the extent that any such liabilities, claims, demands, losses, costs, damages and expenses arise directly or indirectly by reason of the negligence, fraud or willful misconduct of such Indemnified Party or the breach by any such Indemnified Party of any of its covenants herein provided for or of applicable Securities Laws or other laws in connection with the transactions contemplated herein.

12.2 In order to provide for just and equitable contribution in circumstances in which the indemnification provided for in section 12.1 is due in accordance with its terms but is held by a court to be unavailable, in whole or in part, for any reason to an Indemnified Party in respect of any liabilities, claims, demands, losses, costs, damages and expenses referred to therein, the Indemnitors shall contribute to the amount paid or payable (or, if such indemnity is unavailable only in respect of a portion of the amount so paid or payable, such portion of the amount so paid or payable) by such Indemnified Party as a result of such liabilities, claims, demands, losses, costs, damages and expenses:

- (a) in such proportion as is appropriate to reflect the relative benefits received by the Indemnitors on the one hand and the Underwriters on the other from the distribution of the Offered Units; or
- (b) if the allocation provided by clause (a) above is not permitted by applicable law, in such proportion as is appropriate to reflect not only the relative benefits referred to in clause (a) above but also the relative fault of the Indemnitors on the one hand and the Underwriters on the other in connection with the matters or things referred to in section 12.1 which resulted in such liabilities, claims, demands, losses, costs, damages or expenses, as well as any other relevant equitable considerations;

provided that the Underwriters shall not in any event be liable to contribute, in the aggregate, any amount in excess of the Underwriting Fee actually received. The relative benefits received by the Indemnitors on the one hand and the Underwriters on the other shall be deemed to be in the same ratio as the total proceeds from the distribution of the Offered Units (net of the Underwriting Fee payable to the Underwriters but before deducting expenses) received by the Fund is to the Underwriting Fee received by the Underwriters. The relative fault of the Indemnitors on the one hand and of the Underwriters on the other shall be determined by reference to, among other things, whether the matters or things referred to in section 12.1 which resulted in such liabilities, claims, demands, losses, costs, damages and expenses relate to information supplied by or steps or actions taken or done or not taken or done by or on behalf of the Indemnitors or to information supplied by or steps or actions taken or done or not taken or done by or on behalf of the Underwriters and the relative intent, knowledge, access to information and opportunity to correct or prevent such statement, omission or misrepresentation, or other matter or thing referred to in section 12.1. The parties agree that it would not be just and equitable if contribution pursuant to this section 12.2 were determined by any method of allocation which does not take into account the equitable considerations referred to above in this section 12.2.

- 12.3 If any matter or thing contemplated by this section 12 shall be asserted against any Indemnified Party, the Indemnified Party concerned shall promptly notify the Indemnitors and the Underwriters of the nature of such claim (provided that any failure to so notify promptly shall relieve the Indemnitors of liability under this section 12 only to the extent that such failure prejudices the ability to defend such claim), and the Indemnitors shall, subject as hereinafter provided, be entitled (but not required) to assume the defence of any suit or proceeding (including any governmental or regulatory investigation or proceeding) brought to enforce such claim. Any such defence shall be through legal counsel acceptable to the Indemnified Party (whose acceptance shall not be unreasonably withheld) and no admission of liability or settlement shall be made by the Indemnitors or any Indemnified Party in respect of any Indemnified Party without, in each case, the prior written consent of all the Underwriters, such consent not to be unreasonably withheld. An Indemnified Party shall have the right to employ separate counsel in any such suit and participate in the defence thereof but the fees and expenses of such counsel shall be at the expense of the Indemnified Party unless: (i) the Indemnitors fail to assume the defence of such suit on behalf of the Indemnified Party within a reasonable period of time; or (ii) the employment of such counsel has been authorized in writing by the Indemnitors (or any of them); or (iii) the named parties to any such suit or proceeding include both the Indemnified Party on the one hand and any of the Indemnitors on the other and the Indemnified Party shall have received a written opinion from counsel that representation of both parties by the same counsel would be inappropriate due to the actual or potential differing interests between them (in which case, if such Indemnified Party notifies the Indemnitors in writing that it elects to employ separate counsel at the expense of the Indemnitors, the Indemnitors shall not have the right to assume the defence of such suit or proceeding on behalf of the Indemnified Party and shall be liable to pay the reasonable fees and expenses of counsel for the Indemnified Party, it being understood, however, that the Indemnitors shall not, in connection with any one such action or separate but substantially similar or related actions in the same jurisdiction arising out of the same general allegations or circumstances, be liable for the fees and expenses of more than one separate law firm for all such Indemnified Parties). None of the Indemnitors shall be liable for any settlement of any action or suit effected without its written consent. It is the intention of the Indemnitors to constitute each of the Underwriters as trustees, for the Underwriters' directors, officers, employees, shareholders and agents of the covenants of the Indemnitors under section 12.1 with respect to the Underwriters' directors, officers, employees, shareholders and agents, and the Underwriters agree to accept such trust and to hold and enforce such covenants on behalf of such persons.
- 12.4 The rights provided in this section 12 shall be in addition to and not in derogation of any other right which the Underwriters may have by statute or otherwise at law.

13. Expenses

- 13.1 Whether or not the transactions herein contemplated shall be completed, all expenses of or incidental to the issue and offering of the Offered Units shall be borne by the Fund, including, without limitation, all costs and expenses of or incidental to the preparation, filing and reproduction of the Preliminary Prospectus, the Prospectus and any Prospectus

Amendment, listing fees, the fees and expenses of the Fund's counsel, the fees and expenses of agent counsel retained by the Fund's counsel and the fees and expenses of auditors and engineers relating to the transactions contemplated herein. The out-of-pocket expenses incurred by the Underwriters, including the fees and expenses of counsel for the Underwriters, shall be paid by the Underwriters except that the Underwriters will be reimbursed by the Fund for all of the fees and expenses incurred by the Underwriters, to the extent they are reasonable, if the sale of the Offered Units as contemplated herein is not completed other than by reason of a default by any of the Underwriters.

14. Several Obligations

14.1 The Underwriters' obligations to purchase the Offered Units at the Closing Time shall be several and not joint and the Underwriters' respective obligations in this respect shall be as to the following percentages of the Offered Units to be purchased at that time:

CIBC World Markets Inc.	30%
BMO Nesbitt Burns Inc.	20%
Scotia Capital Inc.	15%
RBC Dominion Securities Inc.	11%
National Bank Financial Inc.	10%
TD Securities Inc.	10%
FirstEnergy Capital Corp.	<u>4%</u>
	<u>100%</u>

If any one or more of the Underwriters fails or refuses to purchase at the Closing Time its or their applicable percentages of the Offered Units, the other Underwriter or Underwriters shall have the right, but shall not be obligated, to purchase on a *pro rata* basis (or such other basis as such other Underwriters may agree) all, but not less than all, of the Offered Units which would otherwise have been purchased by the Underwriter or Underwriters which fail or refuse to purchase; provided, however, that in the event that the percentage of the total number of the Offered Units which one or more of the Underwriters has failed or refused to purchase is less than 5% of the total number of the Offered Units which the Underwriters have agreed to purchase, the other Underwriters shall be obligated severally to purchase on a *pro rata* basis (or such other basis as such other Underwriters may agree) all, but not less than all, of the Offered Units which would otherwise have been purchased by the one or more Underwriters which failed or refused to purchase. In any such case either a non-defaulting Underwriter or the Fund shall have the right to postpone the Closing Time for such period, not exceeding five Business Days, in order that the required changes, if any, in the Prospectus or in any other documents or arrangements may be effected. In the event that the right to assume the entire obligations of the defaulting Underwriters set forth in this section 14.1 is not exercised, the Underwriter or Underwriters which are able and willing to purchase shall be relieved of all obligations to the Fund on submission to the Fund of reasonable evidence of its or their ability and willingness to fulfil its or their obligations hereunder at the Closing Time. Nothing in this section shall oblige the Fund to sell to any or all of the

Underwriters less than all of the Offered Units or shall relieve any of the Underwriters in default hereunder from liability to the Fund.

15. Restrictions on Further Issuances

15.1 During the period commencing on the date hereof and ending on the day which is 90 days following the Closing Date, the Fund shall not, without the prior written consent of the Lead Underwriter, on behalf of itself and the other Underwriters, which consent shall not be unreasonably withheld, issue or sell any Trust Units or any securities giving the right to acquire Trust Units (other than pursuant to the Trust Unit Rights Incentive Plan of the Fund, the Distribution Reinvestment and Optional Trust Unit Purchase Plan of the Fund or the exchangeable shares of Shiningbank Holdings Corporation and other than the issuance of Trust Units as bonuses to employees of the Corporation consistent with past practice), agree to become bound to do so, or disclose to the public any intention to do so.

16. Authority to Lead Underwriter

16.1 The Fund and the Corporation shall be entitled to and shall act on any notice or other communication given by or on behalf of the Underwriters by the Lead Underwriter, which shall represent the Underwriters and which has the authority to bind the Underwriters except in respect of a notice of termination given pursuant to section 10, which notice may be given by any Underwriter, or actions taken under sections 12 and 14, which may be taken only by the Underwriter affected thereby. Each Underwriter shall consult fully with any other with respect to any such notice or action. Acceptance of this offer by the Fund and the Corporation shall constitute their respective authority for accepting notification of any such matters from the Lead Underwriter.

17. Notices

17.1 Any notices or other communication to be given hereunder shall, in the case of notice to the Fund or the Corporation be addressed to the Corporation at the address on page 1 hereof (telecopier no. (403) 268-7499), and, in the case of notice to the Underwriters, be addressed as follows:

CIBC World Markets Inc.
9th Floor, Bankers Hall
855 - 2nd Street S.W.
Calgary, Alberta T2P 4J7

Attention: Brenda A. Mason
Telecopier: (403) 260-0524

Any notice or other communication shall be in writing and, unless delivered personally to a responsible officer of the addressee, shall be given by telecopy, and shall be deemed to be given at the time telecopied or delivered, if telecopied or delivered to the recipient on a business day (in Calgary) and before 5:00 p.m. (Calgary time) on such business day, and otherwise shall be deemed to be given at 9:00 a.m. (Calgary time) on the next

following business day (in Calgary). Any party may change its address for notice by advising the other parties hereto in the manner provided for in this section.

Upon receipt of any notice to the Underwriters by the Lead Underwriter, it shall forthwith provide each of the other Underwriters with a copy of such notice at their principal offices in Calgary, Alberta.

18. Miscellaneous

- 18.1 The representations and warranties contained in this agreement shall survive the purchase by the Underwriters of the Offered Units and shall continue in full force and effect unaffected by any subsequent disposition by the Underwriters of the Offered Units.
- 18.2 The parties hereto acknowledge that the obligations of the Fund hereunder shall not be personally binding upon the Trustee or any of the Unitholders and that any recourse against the Fund, the Trustee or any Unitholder in any manner in respect of any indebtedness, obligation or liability of the Fund arising hereunder or arising in connection herewith or from the matters to which this agreement relates, if any, including, without limitation, claims based on negligence or otherwise tortious behaviour, shall be limited to, and satisfied only out of, the Trust Fund as defined in the Trust Indenture.
- 18.3 Time shall be of the essence of this agreement.
- 18.4 This agreement may be executed in several counterparts, each of which when so executed shall be deemed to be an original but which together shall constitute one and the same agreement.
- 18.5 If any provision of this agreement is determined to be void or unenforceable in whole or in part, it shall be deemed not to affect or impair the validity of any other provision of this agreement and such void or unenforceable provision shall be severable from this agreement.
- 18.6 This agreement shall be governed by and interpreted in accordance with the laws of the Province of Alberta and the federal laws of Canada applicable in the Province of Alberta.
- 18.7 It is understood that the terms and conditions of this agreement shall supersede any written agreement among the Underwriters, the Fund and the Corporation in respect of the offer and sale of the Offered Units.

If the foregoing is acceptable to you, please signify such acceptance by executing and returning the enclosed copy of this letter to the Lead Underwriter on behalf of the Underwriters. Such acceptance will constitute an agreement for the purchase by the Underwriters and sale by the Fund of Trust Units on the terms set out herein.

Yours truly,

**BLIZZARD ENERGY INC.
NOTES TO FINANCIAL STATEMENTS**

June 30, 2005
(unaudited)

1. Nature of Operations

Blizzard Energy Inc. (the "Company" or "Blizzard") was incorporated with nominal share capital under the laws of the Province of Alberta on December 19, 2002.

2. Summary of Significant Accounting Policies

The unaudited interim financial statements of Blizzard have been prepared in accordance with Canadian generally accepted accounting principles and are consistent with the accounting policies and methods of computation used in the preparation of the audited annual financial statements as at December 31, 2004. The interim financial statements contain disclosures that are supplemental to the Company's annual financial statements. Certain disclosures, which are normally required to be included in the notes to the annual financial statements, have been condensed or omitted. The interim financial statements should be read in conjunction with the Company's audited financial statements and notes thereto for the year ended December 31, 2004.

3. Acquisitions

Sousa Property

On March 15, 2004, the Company acquired the working interest of a small joint venture partner to increase its total working interest in the Sousa area of Alberta for cash consideration of \$2,030,499. The purchase price has been allocated to the assets and liabilities acquired as follows:

	Six Months Ended June 30, 2004
<i>(000s)</i>	<i>(\$)</i>
Property and equipment	2,141
Asset retirement obligations	(111)
	2,030

4. Property and Equipment

	June 30, 2005		December 31, 2004	
	Cost	Accumulated Depletion and Depreciation	Net Book Value	Net Book Value
<i>(000s)</i>	<i>(\$)</i>	<i>(\$)</i>	<i>(\$)</i>	<i>(\$)</i>
Oil and gas properties	203,461	16,624	186,837	134,191
Office assets	347	68	279	270
	203,808	16,692	187,116	134,461

At June 30, 2005, oil and gas properties included \$35,208,000 (June 30, 2004 – \$6,463,000) relating to undeveloped properties, which have been excluded from the depletion and depreciation calculation. Future development costs on proved undeveloped reserves of \$4,957,000 (June 30, 2004 – \$17,884,000) are included in the determination of the asset base subject to depletion and depreciation in the calculation. During the six months ended June 30, 2005, the Company capitalized \$327,000 (June 30, 2004 – \$336,000) in general and administrative costs related to exploration and development activities.

5. **Bank Loan**

The Company has a \$52,000,000 extendible revolving term credit facility (#1) from a Canadian chartered bank, of which \$42,644,000 was drawn at June 30, 2005 (December 31, 2004 – \$12,099,000). This facility bears interest at the bank's prime rate (4.25% at June 30, 2005), payable monthly in arrears. The Company may also borrow by way of bankers' acceptances, which are subject to a stamping fee of 1.25%. In addition, the Company has a \$10,000,000 credit facility (#2) from its bank, of which no amount was drawn at June 30, 2005. The credit revolves until May 31, 2006 for facility #1 and July 31, 2005 for facility #2, each with extension periods available at the request of the borrower and subject to the bank's approval. This facility is subject to an annual review and re-determination of the Company's borrowing base by the bank.

So long as the loan remains revolving and the borrowing base supports the facility outstanding, there are no repayment requirements. In the event the revolving period is not extended, the credit facility shall be converted to a term facility with a term not exceeding five years. Under the terms of the loan agreement, the Company is subject to certain financial and non-financial covenants.

Collateral pledged for the two facilities consists of a first floating charge demand debenture in the amount of \$150,000,000 over all of the property of the Company.

6. **Asset Retirement Obligations**

The Company has recorded a liability for future site restoration and abandonment of \$4,652,000 and \$4,494,000 as at June 30, 2005 and December 31, 2004, respectively. No liabilities were settled in the current period, \$158,000 of accretion expense was recognized in the first half of 2005 and no revisions in estimated future cash requirements were recorded. The total undiscounted amount of the estimated future cash requirements was \$6,140,000 at June 30, 2005 and \$5,234,000 at December 31, 2004, respectively, each calculated using an inflation factor of 2.5% per year and adjusted for the expectation that costs would occur at the end of the reserves' useful life. The undiscounted estimate has been discounted to the present value of \$4,652,000 at June 30, 2005 and \$4,494,000 at December 31, 2004 using a credit adjusted risk-free rate of 7.0%.

7. Share Capital

(a) Authorized

Unlimited number of voting common shares, without par value.
 Unlimited number of preferred shares to be issued in series.

(b) Common Shares Issued

	Shares	Amount
<i>(000s)</i>	<i>(#)</i>	<i>(\$)</i>
Balance at January 1, 2004	--	--
Conversion of Class A common shares to common shares	59,875	40,511
Issued for cash	44,721	78,767
Share issue costs	--	(4,795)
Tax benefit on share issue costs	--	1,917
Tax benefits renounced to shareholders	--	(4,128)
Exercise of warrants	4,104	4
Exercise of stock options	75	60
Balance at December 31, 2004	108,775	112,336
Share issue costs	--	(18)
Balance at June 30, 2005	108,775	112,318

On May 26, 2004, the Company issued 20,000,000 common shares at a price of \$1.25 per common share for gross proceeds of \$25,000,000 and net proceeds of \$23,086,000, after share issue expenses. On June 16, 2004, under an over allotment option, the Company issued a further 3,000,000 common shares at a price of \$1.25 per common share for gross proceeds of \$3,750,000 and net proceeds of \$3,525,000.

On December 21, 2004, the Company issued 18,000,000 common shares at a price of \$2.20 per common share for gross proceeds of \$39,600,000 (net proceeds of

\$37,498,000, after share issue expenses) and 3,720,500 flow-through common shares at \$2.80 per common share for gross proceeds of \$10,417,400 (net proceeds of \$9,863,000, after share issue expenses).

On December 18, 2003, 1,400,000 shares were issued at a price of \$0.0001 per share and held in trust for employees and directors of the Company. At March 31, 2005, 696,000 of these shares had been released from trust, leaving a balance of 704,000 common shares held in trust. All of these shares were released from trust on July 5, 2005. The fair value of these shares was \$1,120,000 based on the market value of the common shares at the date of closing the Sousa acquisition. The Company has recorded \$140,000 as stock-based compensation expense in each of the six-month periods ended June 30, 2005 and June 30, 2004.

(c) Performance Warrants

The management, employees and directors of the Company have the right to purchase additional common shares of the Company at a purchase price of \$0.001 per share through the granting of performance warrants. On December 16, 2003, 2,500,000 Series A performance warrants and 2,000,000 Series B performance warrants were issued for no consideration.

As at December 31, 2004, 4,104,000 of the performance warrants had been exercised. The remaining 220,000 Series A warrants and 176,000 Series B warrants (collectively "the Employee Warrants") were exercised by the security holders on July 5, 2005.

The Company had determined the fair value of the performance warrants at the date of issuance to be \$3,600,000 being the difference between the exercise price and the estimated market value of the common shares at the date of the grant. The Company recognized \$100,000 as stock-based compensation expense in each of the six-month periods ended June 30, 2005 and June 30, 2004.

(d) Stock Options

The Company has a stock option plan that provides for the issuance of options to its directors, officers, employees and consultants to acquire up to 10% of the issued and outstanding common shares. Vesting of options and exercise prices are set by the board of directors at the time of grant. The dates on which options expire are also set by the board of directors at the time of grant and cannot exceed ten years. In connection with this plan, the Company has reserved 4,572,000 common shares for future issuance. The Company has issued stock options to acquire common shares through its stock option plan of which the following are outstanding at June 30, 2005 and December 31, 2004:

	Options Outstanding	Weighted Average Exercise Price
	(#000s)	(\$)
Outstanding at January 1, 2004	2,610	0.80
Granted March 22, 2004	372	0.80
Granted June 1, 2004	30	1.25
Cancelled June 24, 2004	(225)	0.80
Granted August 18, 2004	700	1.67
Granted November 8, 2004	50	2.35
Granted December 8, 2004	1,070	2.20
Exercised	(75)	0.80
Outstanding at December 31, 2004	4,532	1.28
Granted January 11, 2005	30	2.48
Granted February 14, 2005	10	2.78
Outstanding at June 30, 2005	4,572	1.30
Options exercisable at June 30, 2005	2,221	1.06

Vesting on all of the outstanding options was accelerated in July 2005, as a result of the pending plan of arrangement detailed in Note 11 and all of them were exercised on July 27, 2005.

The fair value of common share options granted to date was estimated to be \$1,383,000 as at the date of grant using the Black-Scholes option pricing model and the following assumptions:

Six Months Ended June 30,	2005
Risk free interest rate (%)	3.00
Expected life (years)	3.00
Expected volatility (%)	32.00
Expected dividend yield (%)	0.00

The estimated fair value of the options is amortized to expense over the options' vesting period on a straight-line basis. Therefore, \$172,000 and \$20,000 was recognized as stock-based compensation expense for the six-month periods ended June 30, 2005 and June 30, 2004, respectively, each with a corresponding increase to contributed surplus.

(e) Per Share Amounts

The net earnings per common share and diluted net earnings per common share were calculated using the weighted average number of shares outstanding of 108,775,000 and 111,227,000, respectively, for the six months ended June 30, 2005. The weighted average number of shares was 64,078,000 and 69,670,000 for basic and diluted shares, respectively, for the six months ended June 30, 2004.

8. **Income Taxes**

The actual income tax provision differs from the expected amount calculated by applying the Canadian combined federal and provincial corporate tax rates to earnings before income taxes. These differences are explained as follows:

	Three Months Ended June 30, 2005	Three Months Ended June 30, 2004	Six Months Ended June 30, 2005	Six Months Ended June 30, 2004
<i>(000s)</i>	<i>(\$)</i>	<i>(\$)</i>	<i>(\$)</i>	<i>(\$)</i>
Earnings before income taxes	8,773	1,472	13,414	1,905
Statutory income tax rate	33.62%	39.63%	33.62%	39.63%
Expected income tax expense	2,949	583	4,510	755
Increase (decrease) in income taxes from:				
Non-deductible crown charges	701	222	1,364	388
Resource allowance	(1,811)	(314)	(2,362)	(482)
Corporate income tax rate change	(34)	(3)	(211)	-
Non-deductible stock-based compensation costs	77	49	155	103
Other	22	35	22	48
Future and current income tax expense	1,904	572	3,478	812

The net future income tax liability is comprised of:

	Six Months Ended June 30, 2005	Year Ended December 31, 2004
<i>(000s)</i>	<i>(\$)</i>	<i>(\$)</i>
Differences between tax base and reported amounts for depreciable assets	(5,669)	(2,318)
Resource allowance and crown lease rentals rate Reductions	--	--
Provision for asset retirement obligations	53	41
Tax benefits renounced on flow-through shares	(4,388)	(4,388)
Tax benefits on share issue expenses	2,475	2,475
	(7,529)	(4,190)

The Company had unused resource tax pool balances of approximately \$159,000,000 at June 30, 2005, which are available for reducing future income taxes.

9. **Related Party Transactions**

As described in note 7(b) herein, 704,000 common shares are being held in trust by a trustee for directors and employees. These shares were all released on July 5, 2005 as a result of the plan of arrangement detailed in the subsequent event note #11.

10. **Cash Flow Information**

Cash was provided or (used) for changes in non-cash working capital as follows:

	Three Months Ended June 30, 2005	Three Months Ended June 30, 2004	Six Months Ended June 30, 2005	Six Months Ended June, 2004
<i>(000s)</i>	<i>(\$)</i>	<i>(\$)</i>	<i>(\$)</i>	<i>(\$)</i>
Accounts receivable	6,503	(557)	1,740	(1,369)
Prepaid expenses	(470)	(137)	(721)	8,483
Inventory	(377)	--	5,795	--
Accounts payable and accrued liabilities	(19,223)	2,365	1,469	7,892
Net change	(13,567)	1,671	8,283	15,006
Net change by activity				
Operating	(211)	(899)	(1,763)	(988)
Financing	(1)	(4)	--	--
Investing	(13,355)	2,574	10,046	15,994
Net change	(13,567)	1,671	8,283	15,006

The following shows the actual cash amount paid:

Six Months Ended June 30,	2005	2004
<i>(000s)</i>	<i>(\$)</i>	<i>(\$)</i>
Cash interest paid	776	140
Cash taxes paid	--	--

11. Subsequent Event

On July 28, 2005, Blizzard shareholders approved a plan of arrangement which resulted in the sale of the company to Shiningbank Energy Income Fund (the "Fund") on August 2, 2005. The arrangement resulted in the sale of certain producing assets and undeveloped lands to Zenas Energy Corp. and the majority of the Company's natural gas assets and the shares of the Company were acquired by the Fund.

12. Contingent Liability

The Company is subject to a claim relating to the completion of a pipeline twinning project completed this past winter. The claim alleges that due to delays caused by the Company, the costs associated with the twinning project increased. The Company believes the claim to be without merit and does not expect the claim to have an adverse effect.

September 15, 2005

SECOND AMENDING AGREEMENT

THIS AMENDING AGREEMENT is made August 2, 2005.

AMONG:

SHININGBANK ENERGY LTD.
as Borrower (the "Borrower")

OF THE FIRST PART

- and -

THE TORONTO-DOMINION BANK
as Administration Agent (the "Agent")

OF THE SECOND PART

- and -

THE PERSONS NAMED ON THE SIGNATURE PAGES HEREOF
as Lenders (hereinafter collectively referred to as the "Lenders"
and sometimes individually referred to as a "Lender")

OF THE THIRD PART

WHEREAS The Toronto-Dominion Bank ("TD"), Bank of Montreal ("BMO"); The Bank of Nova Scotia ("BNS") and Canadian Imperial Bank of Commerce ("CIBC") are currently Lenders under the Credit Agreement;

AND WHEREAS the parties hereto wish to (i) add Alberta Treasury Branches ("ATB") and National Bank of Canada ("NBC") as Lenders under the Credit Agreement, (ii) increase the Loan Limit and Borrowing Base under the Credit Agreement, and (iii) make certain other amendments to the Credit Agreement;

NOW THEREFORE in consideration of the covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by each of the parties hereto, the parties hereto agree as follows:

1. Interpretation

1.1 In this Agreement and the recitals hereto, unless otherwise defined herein or something in the subject matter or the context is inconsistent therewith:

- (a) "Agreement" means this agreement, as amended, modified, supplemented or restated from time to time;
- (b) "Amalgamation" means the amalgamation of Shiningbank Energy Ltd., Outlook Energy Corp. and Blizzard Energy Inc. to form the Borrower;

- (c) **"Credit Agreement"** means the Restated Credit Agreement dated as of December 31, 2004 among Shiningbank Energy Ltd., the Agent, and TD, BMO, BNS and CIBC as Lenders, as amended by the First Amending Agreement;
- (d) **"Effective Date"** means the date on which all of the conditions in Sections 4.1 and 4.2 of this Agreement have been satisfied or waived by the Lenders;
- (e) **"Existing Bankers' Acceptances"** means the following Bankers' Acceptances issued as Syndicated Loans:
 - (i) Bankers' Acceptances in the aggregate principal amount of Cdn. \$33,000,000 and with a maturity date of September 16, 2005;
 - (ii) Bankers' Acceptances in the aggregate principal amount of Cdn. \$20,000,000 and with a maturity date of August 19, 2005;
 - (iii) Bankers' Acceptances in the aggregate principal amount of Cdn. \$18,000,000 and with a maturity date of August 19, 2005;
 - (iv) Bankers' Acceptances in the aggregate principal amount of Cdn. \$22,000,000 and with a maturity date of August 19, 2005;
 - (v) Bankers' Acceptances in the aggregate principal amount of Cdn. \$10,000,000 and with a maturity date of August 25, 2005;
 - (vi) Bankers' Acceptances in the aggregate principal amount of Cdn. \$13,000,000 and with a maturity date of August 25, 2005;
 - (vii) Bankers' Acceptances in the aggregate principal amount of Cdn. \$46,000,000 and with a maturity date of August 25, 2005;
 - (viii) Bankers' Acceptances in the aggregate principal amount of Cdn. \$22,000,000 and with a maturity date of September 16, 2005; and
 - (ix) Bankers' Acceptances in the aggregate principal amount of Cdn. \$7,000,000 and with a maturity date of September 26, 2005;
- (f) **"First Amending Agreement"** means the First Amending Agreement made April 18, 2005 among the Shiningbank Energy Ltd., the Agent, and TD, BMO, BNS and CIBC as Lenders;
- (g) **"Information Circular"** means the Notice of Special Meeting, Notice of Petition, and Information Circular and Proxy Statement of Blizzard Energy Inc. relating to the proposed arrangement involving Blizzard Energy Inc., Shiningbank Energy Income Fund, Shiningbank Energy Ltd. and others, dated June 28, 2005; and
- (h) **"Plan of Arrangement"** means has the meaning ascribed thereto in the Information Circular.

1.2 Capitalized terms used herein without express definition shall have the same meanings herein as are ascribed thereto in the Credit Agreement.

1.3 The division of this Agreement into Sections and the insertion of headings are for convenience of reference only and shall not affect the construction or interpretation of this Agreement. The terms "this Agreement", "hereof", "hereunder" and similar expressions refer to this Agreement and not to any particular Section or other portion hereof and include any agreements supplemented hereto. Unless otherwise indicated, all references to "Sections" refer to Sections of this Agreement.

1.4 This Agreement shall be governed by and construed in accordance with the laws of the Province of Alberta and the federal laws of Canada applicable therein.

2. **Addition of New Lenders and Increase in Loan Limit**

2.1 Effective as of the Effective Date:

- (a) each of ATB and NBC is hereby added as and shall be deemed to be a Lender under the Credit Agreement; and
- (b) each of ATB and NBC hereby covenants and agrees to responsible for its obligations as a Lender under the Credit Agreement and to be bound by the terms and provisions of the Credit Agreement;

in each case as fully as if it had been an original party to the Credit Agreement, and all references in the Credit Agreement to "Lenders" or "a Lender" shall be deemed to include ATB and NBC.

2.2 Effective as of the Effective Date:

- (a) the Loan Limit shall be increased from Cdn. \$250,000,000 to Cdn. \$330,000,000 and for such purpose Section 1.1 of the Credit Agreement is hereby amended by deleting the definition of "Loan Limit" and replacing it with the following:

"**Loan Limit**" means Cdn. \$330,000,000 (or the U.S. Equivalent thereof) and shall be subject to reduction and adjustment in accordance with the provisions hereof;";
- (b) the Borrowing Base shall be and is hereby increased to Cdn. \$330,000,000 or the U.S. Equivalent, subject to subsequent adjustment in accordance with the provisions of the Credit Agreement;
- (c) Schedule "A" to the Credit Agreement is hereby deleted in its entirety and Schedule "A" to this Agreement is hereby substituted therefor to reflect:
 - (i) the addition of NBC and ATB as Lenders under the Credit Agreement;
 - (ii) the increase in the Loan Limit effected hereby; and

- (iii) the respective Commitments of the Lenders after giving effect to the addition of NBC and ATB as Lenders and the increase in the Loan Limit.

2.3 The Lenders hereby agree to take all steps and actions and execute and deliver all agreements, instruments and other documents as may be reasonably required by the Agent or any of the Lenders (including assignment of interests in, or the purchase of participations in, existing Syndicated Loans) to give effect to allocation of Syndicated Commitments among the Lenders as set out in Schedule "A" to this Agreement as of the Effective Date and to ensure that, subject to *de minimus* variations, Outstanding Principal of Syndicated Loans owing to each Syndicated Lender (including ATB and NBC) under the Credit Agreement is outstanding in proportion to each Syndicated Lender's Pro Rata Share of all such outstanding Syndicated Loans after giving effect to the addition of NBC and ATB as Lenders and the increase in the Loan Limit provided for herein; provided that, for clarity, no assignment, transfer or other adjustment as between Lenders for such purpose shall have the effect of assigning or transferring any right, title or interest in or to any interest or fees paid or to be paid to a Lender under or pursuant to or in respect of the Loans, the Credit Facility or the Credit Agreement for any period of time or in respect of any event or circumstance prior to the Effective Date.

2.4 In order to give effect to the addition of NBC and ATB as Lenders under the Credit Agreement, the increase in the Loan Limit and the allocation of the Commitments among the Lenders as set out in Schedule "A" to this Agreement, the Outstanding Principal of Syndicated Loans shall be adjusted (by the Agent in accordance with its normal practices) as follows:

- (a) on the Effective Date, all Outstanding Principal shall be adjusted to ensure that, subject to *de minimus* variations, each Lender is owed its Pro Rata Share of all Outstanding Principal of the Syndicated Loans and on and after the Effective Date all Drawdowns of Syndicated Loans shall be made on the basis of the Pro Rata Share of each Syndicated Lender, provided that, notwithstanding anything otherwise provided for herein or in the Credit Agreement, no adjustment shall be made to any Lender's share of Existing Bankers' Acceptances and the Existing Bankers' Acceptances shall continue to be Syndicated Loans deemed to be made by the Lenders other than ATB and NBC;
- (b) for certainty, if and to the extent that the Existing Bankers' Acceptances are subject to a Rollover or a Conversion after the Effective Date, all Lenders shall fund their amended Pro Rata Share of such Rollover or Conversion;
- (c) while any Existing Bankers' Acceptances are outstanding, no Lender shall participate in any other Syndicated Loans to the extent that such participation would result in such Lender exceeding its Syndicated Commitment or being owed more than its Pro Rata Share of all outstanding Syndicated Loans; and
- (d) for so long as the Lenders' respective shares of outstanding Syndicated Loans do not match their respective Pro Rata Shares as a result of the foregoing provisions, the applicable provisions of the Credit Agreement (including as amended hereby) relating to determination and payments of amounts owing to the Lenders on a Pro Rata Basis shall be adjusted accordingly.

2.5 The Borrower acknowledges that the provisions of Section 2.4 relating to Existing Bankers' Acceptances which contemplate Syndicated Loans being made by the Lenders other than on a Pro Rata Basis are intended to be temporary until the Existing Bankers' Acceptances are no longer outstanding. Accordingly, the Borrower covenants and agrees that, notwithstanding anything otherwise provided for in the Credit Agreement, until such time as the Lenders share in all outstanding Syndicated Loans on a Pro Rata Basis, the Borrower shall, in making Drawdowns, Rollovers and Conversions under the Credit Agreement, select terms of borrowing (including, without limitation, applicable amounts, BA Periods and LIBOR Periods) as shall permit the Lenders to share in all outstanding Syndicated Loans on a Pro Rata Basis as soon as reasonably practicable after the Effective Date hereof (and for such purpose the Borrower agrees to consult with and cooperate with the Agent).

3. Other Amendments

3.1 Section 2.1(d) of the Credit Agreement is hereby amended by adding the phrase "(which, for clarity, and without limitation to Article 11 or any of the other provisions of this Agreement, shall be repayable in accordance with the provisions of Section 6.1 and Section 6.2)" after the phrase "non-revolving reducing credit facility" in the first sentence of Section 2.1(d).

3.2 Section 6.1(a) of the Credit Agreement is hereby amended by deleting the phrase "on each of the next 10 Quarterly Reduction Dates thereafter," and substituting therefor the phrase "on each Quarterly Reduction Date thereafter until and including the Quarterly Reduction Date immediately prior to the Maturity Date,".

3.3 Section 14.1(e) of the Credit Agreement is hereby amended by deleting the portion of Section 14.1(e) which follows the semi-colon in sub-clause (ix) and substituting therefor the following:

"shall require the unanimous consent in writing of all the Lenders unless the express terms of this Agreement permit such matter to be consented to, determined or otherwise decided by the Super Majority Lenders, in which case such matter (including any applicable consent, request, designation, exercise of a right or other determination or decision permitted hereunder to be effected by the Super Majority Lenders) shall only require the consent of the Super Majority Lenders in writing; and any amendment or waiver which does not fall within any of (i) to (ix) immediately above, inclusive, and which changes or relates to the rights or obligations of the Agent or the Swing Line Lender, shall require (i) the agreement of the Majority Lenders thereto in writing, (ii) the agreement of the Agent or the Swing Line Lender, as applicable, thereto in writing, and (iii) the agreement of the Borrower thereto in writing."

4. Conditions Precedent to Effectiveness

4.1 As conditions precedent to this Agreement becoming effective, the Borrower shall deliver or cause to be delivered to the Agent the following:

- (a) an executed copy of this Agreement;

- (b) executed confirmations of all outstanding Guarantees and related Security Documents in the form appended to this Agreement;
- (c) the Borrower shall execute and deliver to the Agent:
 - (i) a supplemental debenture which increases to Cdn. \$600,000,000 the principal amount of the floating charge demand debenture which has been issued by the Borrower in favour of the Agent, together with a replacement deposit instrument in respect thereof; and
 - (ii) an amending agreement to confirm the general security agreement entered into between the Borrower and the Agent;
- (d) a supplemental debenture from each Material Subsidiary which increases to Cdn. \$600,000,000 the principal amount of the floating charge demand debenture which has been issued by such Material Subsidiary in favour of the Agent, together with a replacement deposit instrument in respect thereof;
- (e) a certified copy of the resolutions of the board of directors or equivalent of the Borrower and each Material Subsidiary authorizing the execution, delivery and performance of the Loan Documents referred to in Sections 4.1(a), (b), (c) and (d) to which it is a party;
- (f) the Agent shall have received evidence satisfactory to the Agent and its counsel that:
 - (i) all regulatory, court, securityholders and other third party approvals required for the implementation of the Plan of Arrangement shall have been obtained and all other conditions required for such implementation shall have been satisfied;
 - (ii) without limitation to Section 4.1(f)(i), all debenture obligations of Blizzard Energy Inc. to Encana Oil & Gas Partnership and/or Encana Corporation and all security held by Encana Oil & Gas Partnership and/or Encana Corporation with respect to Blizzard or any property or assets of Blizzard Energy Inc., other than the property and assets transferred to Zenas Energy Corp. pursuant to the Plan of Arrangement, shall have been fully released and discharged;
 - (iii) the Plan of Arrangement has been implemented and become effective; and
 - (iv) the Amalgamation has been effected;
- (g) a favourable opinion of the Borrower's Counsel addressed to the Agent and the Lenders and relating to the Borrower, each Material Subsidiary, the execution, delivery and enforceability of the Loan Documents referred to in Sections 4.1(a), (b), (c) and (d) and such other matters as may be reasonably requested by the Agent or its counsel;

- (h) a favourable opinion of the Lenders' counsel addressed to the Agent and the Lenders and relating to the enforceability of the Loan Documents referred to in Sections 4.1(a), (b), (c) and (d) and such other matters as may be reasonably requested by the Agent;
- (i) payment of an arrangement fee in the amount of **[the wording was intentionally removed due to confidentiality]** to the Agent on behalf of the Lenders in consideration of the Lenders increasing their Syndicated Commitments; and
- (j) such other documents, consents, acknowledgements and agreements as may be reasonably requested by the Agent or its counsel.

4.2 In addition, the following additional conditions precedent must also be satisfied or waived by the Lenders in writing:

- (a) no Material Adverse Effect shall have occurred since March 31, 2005;
- (b) the Agent shall have received payout information from The Bank of Nova Scotia in respect of Blizzard Energy Inc.'s existing credit facilities, and shall have received confirmation satisfactory to the Agent that on the Effective Date such indebtedness shall be paid in full and such existing facilities and all security and other agreements and guarantees thereunder shall unconditionally terminate and that all registrations at public offices made in respect thereof shall be discharged; and
- (c) the Agent shall have received a compliance certificate (with such modifications thereto as permitted by the Agent).

4.3 The conditions precedent set out in Sections 4.1 and 4.2 are intended for the sole benefit of the Lenders and may be waived only by the unanimous consent of the Lenders. If such conditions have not been satisfied or waived by August 15, 2005 (or such later date as the Lenders and the Borrower may agree upon in writing), then, notwithstanding anything otherwise herein contained, this Agreement shall terminate and be null and void and shall have no force or effect whatsoever.

4.4 All Loan Documents, certificates, reports, opinions and other documentation which the Lenders are entitled to receive hereunder from time to time shall be in form and substance satisfactory to the Lenders and their counsel, acting reasonably, and shall be provided with sufficient numbers to enable the Agent to distribute at least one original thereof to each Lender.

5. Representations and Warranties

The Borrower represents and warrants to the Agent and the Lenders as follows:

- (a) the Borrower is a corporation validly subsisting and in good standing under the laws of its jurisdiction of incorporation or amalgamation, is duly registered to carry on business in all other applicable jurisdictions in which the nature of any material business carried on by it or the character or location of any material

properties owned by it makes registration necessary and has the capacity and power to own its own property and assets, to carry on business, to execute and deliver this Agreement and the Security Documents referred to in Section 4.1(c), to comply with the provisions hereof and to duly perform and observe all of its obligations hereunder and the entering into, performance and observance by it of these obligations has been duly authorized by all necessary corporate action;

- (b) the representations and warranties in Section 8.1(a) of the Credit Agreement which are applicable to the Material Subsidiaries are true and correct with respect to the Material Subsidiaries as if made on the date hereof;
- (c) prior to the Amalgamation, the only jurisdictions in which Blizzard Energy Inc. had any material assets or property were the provinces of Alberta and British Columbia, and the only jurisdiction in which Outlook Energy Corp. had any material assets or property was the Province of Alberta;
- (d) none of the execution, delivery or performance by the Borrower of this Agreement or the Security Documents referred to in Section 4.1(c), nor the execution, delivery or performance by any Material Subsidiary of the Loan Documents referred to in Sections 4.1(b) or (d), will violate any provision of:
 - (i) any applicable Law or Governmental Authorization of any Governmental Authority having jurisdiction; or
 - (ii) the Borrower's or any Material Subsidiary's constating documents, or any agreement, deed, undertaking or instrument to which the Borrower or any Material Subsidiary is a party or by which it or its assets are bound except for any such violation which would not have a Material Adverse Effect;
- (e) this Agreement constitutes a legal, valid and binding obligation of the Borrower enforceable in accordance with the terms, subject to the exceptions referred to in the opinion of Borrower's counsel referred to in Section 4 of this Agreement; and
- (f) no Default or Event of Default has occurred and is continuing.

Section 8.3 of the Credit Agreement shall apply *mutatis mutandis* to the representations and warranties set out in this Agreement.

6. Confirmation of the Credit Agreement other Loan Documents

The Credit Agreement and the other Loan Documents and all covenants, terms and provisions thereof, except as expressly amended and supplemented by this Agreement, shall be and continue to be in full force and effect and the Credit Agreement as amended and supplemented by this Agreement and each of the other Loan Documents is hereby ratified and confirmed and shall from and after the date hereof continue in full force and effect as herein amended and supplemented, with such amendments and supplements being effective as of the date hereof.

7. Further Assurances

The parties hereto shall from time to time do all such further acts and things and execute and deliver all such documents as are reasonably required by the Agent in order to effect the full extent of and fully perform and carry out the terms of this Agreement.

8. Counterparts and Facsimile Execution

This Agreement may be executed in any number of counterparts in either original or facsimile form, each of which shall be deemed to be an original and all of which taken together shall be deemed to constitute one and the same instrument.

IN WITNESS WHEREOF the parties hereto have executed this Agreement as of the date first above written.

CONFIRMATION OF GUARANTEES AND SECURITY

For good and valuable consideration (the receipt and sufficiency of which are hereby conclusively acknowledged), each of the undersigned hereby confirms and agrees that the Guarantees and Security Documents executed and delivered by it are and shall remain in full force and effect in all respects notwithstanding the amendments and supplements contained in the above Second Amending Agreement (or any of the transactions contemplated thereby) or the First Amending Agreement and continue to apply to all of the Obligations (as defined in the Guarantees). This Confirmation is in addition to and shall not limit, derogate from or otherwise affect the provisions of the Guarantees including, without limitation, Section 2, 3 and 4 of the Guarantees. Capitalized terms used in this Confirmation of Guarantees and Security without express definition shall have the same meanings herein as are ascribed thereto in the above Second Amending Agreement. This Confirmation may be executed in any number of counterparts in either original or facsimile form, all of which shall be deemed to be an original and all of which taken together shall be deemed to constitute one and the same instrument.

[intentionally removed due to confidentiality]

FIRST AMENDING AGREEMENT

THIS AMENDING AGREEMENT is made April 18, 2005.

AMONG:

SHININGBANK ENERGY LTD.
as Borrower (the "**Borrower**")

OF THE FIRST PART

- and-

THE TORONTO-DOMINION BANK
as Administration Agent (the "**Agent**")

OF THE SECOND PART

- and-

THE PERSONS NAMED ON THE SIGNATURE PAGES HEREOF
as Lenders (hereinafter collectively referred to as the "**Lenders**"
and sometimes individually referred to as a "**Lender**")

OF THE THIRD PART

WHEREAS the parties hereto are parties to the Credit Agreement;

AND WHEREAS the parties hereto have agreed to amend certain provisions of the Credit Agreement as hereinafter set forth;

NOW THEREFORE in consideration of the covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by each of the parties hereto, the parties hereto agree as follows:

1. Interpretation

1.1 In this Agreement and the recitals hereto, unless something in the subject matter or the context is inconsistent therewith:

- (a) "**Agreement**" means this agreement, as amended, modified, supplemented or restated from time to time; and
- (b) "**Credit Agreement**" means the Restated Credit Agreement dated as of December 31, 2004 between the Borrower, the Agent and the Lenders.

1.2 Capitalized terms used herein without express definition shall have the same meanings herein as are ascribed thereto in the Credit Agreement.

1.3 The division of this Agreement into Sections and the insertion of headings are for convenience of reference only and shall not affect the construction or interpretation of this Agreement. The terms "this Agreement", "hereof", "hereunder" and similar expressions refer to this Agreement and not to any particular Section or other portion hereof and include any agreements supplemented hereto. Unless otherwise indicated, all references to "Sections" refer to Sections of this Agreement.

1.4 This Agreement shall be governed by and construed in accordance with the laws of the Province of Alberta and the federal laws of Canada applicable therein.

2. Amendments and Confirmations

2.1 Section 1.1 of the Credit Agreement is hereby amended as follows:

(a) the definition of "Loan Limit" is deleted and replaced with the following:

""**Loan Limit**" means Cdn. \$250,000,000 (or the U.S. Equivalent thereof) and shall be subject to reduction and adjustment in accordance with the provisions hereof;" and

(b) the definition of "Term-Out Date" is deleted and replaced with the following:

""**Term-Out Date**" means April 27, 2006 (subject to one or more extensions in accordance with Section 2.2, which, in the event of any Partial Extension, will result in different Term-Out Dates among the Lenders as provided for in Section 2.2(f));".

2.2 In accordance with Section 2.8(a) of the Credit Agreement, the parties hereto confirm and agree that the Borrowing Base is Cdn. \$250,000,000 or the U.S. Equivalent.

2.3 Schedule "A" to the Credit Agreement is hereby deleted in its entirety and Schedule "A" attached hereto is substituted therefor.

3. Additional Fees

In consideration of the Lenders entering into this Agreement and agreeing to increase their Syndicated Commitments in accordance with the new Schedule "A" attached hereto, the Borrower agrees to pay the Lenders an upfront fee of **[the wording was intentionally removed due to confidentiality]**. The amount payable to each Lender shall be **[the wording was intentionally removed due to confidentiality]** of the incremental amount of such Lender's Syndicated Commitment and shall be payable on the date hereof by payment to the Agent on behalf of the Lenders.

4. Representations and Warranties

The Borrower represents and warrants to the Agent and the Lenders as follows:

- (a) the Borrower is a corporation validly subsisting and in good standing under the laws of its jurisdiction of incorporation or amalgamation, is duly registered to carry on business in all other applicable jurisdictions in which the nature of any material business carried on by it or the character or location of any material properties owned by it makes registration necessary and has the capacity and power to own its own property and assets, to carry on business, to execute and deliver this Agreement, to comply with the provisions hereof and to duly perform and observe all of its obligations hereunder and the entering into, performance and observance by it of these obligations has been duly authorized by all necessary corporate action;
- (b) the execution, delivery and performance by the Borrower of this Agreement will not violate any provision of:
 - (i) any applicable law or Governmental Authorization of any Governmental Authority having jurisdiction; or
 - (ii) its constating documents, or any agreement, deed, undertaking or instrument to which the Borrower is a party or by which it or its assets are bound except for any such violation which would not have a Material Adverse Effect;
- (c) this Agreement constitutes, a legal, valid and binding obligation of the Borrower enforceable in accordance with the terms, subject to the exceptions referred to in the opinion of Borrower's counsel referred to in Section 6 of this Agreement; and
- (d) no Default or Event of Default has occurred and is continuing.

Section 8.3 of the Credit Agreement shall apply *mutatis mutandis* to the representations and warranties set out in this Agreement.

5. Confirmation of the Credit Agreement other Loan Documents

The Credit Agreement and the other Loan Documents and all covenants, terms and provisions thereof, except as expressly amended and supplemented by this Agreement, shall be and continue to be in full force and effect and the Credit Agreement as amended and supplemented by this Agreement and each of the other Loan Documents is hereby ratified and confirmed and shall from and after the date hereof continue in full force and effect as herein amended and supplemented, with such amendments and supplements being effective as of the date hereof.

RESTATED CREDIT AGREEMENT

THIS AGREEMENT dated as of the 31st day of December, 2004.

BETWEEN:

SHININGBANK ENERGY LTD., a corporation subsisting under the laws of the Province of Alberta, as Borrower

OF THE FIRST PART

- and -

THE TORONTO-DOMINION BANK, a Canadian chartered bank, as Agent

OF THE SECOND PART

- and -

THE PERSONS NAMED ON THE SIGNATURE PAGES HERETO, as Lenders

OF THE THIRD PART

WHEREAS the Borrower, the Agent and the Lenders have entered into the Original Credit Agreement pursuant to which certain credit facilities have been made available to the Borrower.

AND WHEREAS the Borrower has requested and the Lenders have agreed that the parties enter into this Agreement to amend and restate the Original Credit Agreement as herein provided.

NOW THEREFORE, in consideration of the covenants and agreements herein contained, the parties hereby agree as follows:

ARTICLE 1 **INTERPRETATION**

1.1 Definitions

In this Agreement, the following terms shall have the meanings set forth below (unless something in the subject matter or context is inconsistent therewith):

"Administrative Services Agreement" means the Administrative Services Agreement dated as of October 9, 2002 between the Borrower and the Fund, as such agreement may, subject to compliance with Section 9.3(n), hereafter be amended, modified, supplemented or restated from time to time;

"**Affiliate**" means, with respect to any Person, each other Person that directly or indirectly (through one or more intermediaries or otherwise) controls, is controlled by or is under common control with such Person; and a Person shall be deemed to be "controlled by" any other Person if such other Person possesses, directly or indirectly, (i) the power to vote greater than 50% of the securities or other voting rights (on a fully-diluted basis) having ordinary voting power for the election or appointment of directors, managing partners, general partners or trustees, or (ii) the power to direct or cause the direction of the management and policies of such Person, whether by contract or otherwise;

"**Agency Agreement**" means the agency fee agreement dated May 4, 2001 between the Borrower and the Agent in connection with this Agreement;

"**Agent**" means The Toronto-Dominion Bank in its capacity as administration agent for the Lenders hereunder, or any Successor Agent appointed pursuant to Section 14.10;

"**Agent's Accounts**" means the accounts at the Agent's Branch which are designated by the Agent as the accounts through which the Lenders make Loans hereunder;

"**Agent's Branch**" means the branch of the Agent located at International Centre, 5th Floor, Toronto Dominion Bank Tower, Toronto-Dominion Centre, Toronto, Ontario or such other branch or office of the Agent in Canada as the Agent may, from time to time, designate with the concurrence of the Borrower;

"**Applicable Pricing Margin**" means, as regards any Loan or the standby fees payable in accordance with Section 3.5, the percentage rate per annum set forth opposite the applicable Debt to Cash Flow Ratio:

Debt to Cash Flow Ratio	BA Stamping Fee / LIBOR Margin	Prime Margin / USBR Margin	Standby Fee	LC Fee	TC Fee
≤ 1.00	[intentionally removed due to confidentiality]				
> 1.00 to 1.50					
> 1.50 to 2.00					
> 2.00 to 2.50					
> 2.50					

provided that:

- (a) during the Term Period, each of the Applicable Pricing Margins for Prime Loans, USBR Loans, LIBOR Loans and BA Issues (being the margins in columns two and three above) shall increase by an additional 0.25% per annum;
- (b) any change in the Applicable Pricing Margin shall become effective on the first day of the calendar month immediately following the date on which the Borrower delivers the Fund's Financial Statements (and accompanying Compliance Certificate) which reflect such Debt to Cash Flow Ratio; provided that if the Borrower fails to deliver the applicable Financial Statements of the Fund and Compliance Certificate, then the Applicable Pricing Margin shall be based upon the last row of the above chart for the period from the last date for delivery of

such statements and Compliance Certificate until such statements and Compliance Certificate are delivered as required hereby;

"BA Discount Proceeds" means, in respect of any Bankers' Acceptance, the amount obtained by multiplying (i) the aggregate face amount of such Bankers' Acceptance by (ii) the amount (rounded up or down to the fifth decimal place with .000005 being rounded up) determined by dividing one by the sum of one plus the product of (A) the BA Discount Rate, and (B) a fraction the numerator of which is the number of days in the BA Period of such Bankers' Acceptance and the denominator of which is 365;

"BA Discount Rate" means:

- (a) with respect to an issue of Bankers' Acceptances accepted by a Schedule I Lender, the CDOR Rate;
- (b) with respect to an issue of Bankers' Acceptances accepted by a Lender that is a Schedule II Lender or a Schedule III Lender, the lesser of: (i) the rate set out in clause (a) immediately above plus one-tenth of one percent (0.10%); and (ii) the annual rate, expressed as a percentage, as being the average discount rate for bankers' acceptances having a comparable face value and a comparable issue and maturity date to the face value and issue and maturity date of such issue of Bankers' Acceptances, expressed on the basis of a year of 365 days, quoted by the BA Reference Lenders, for the purchase by such Lenders of Bankers' Acceptances accepted by them, at or about 10:00 a.m. (Toronto time) on the date of issue of such Bankers' Acceptances; and
- (c) with respect to a BA Equivalent Loan:
 - (i) made by a Schedule I Lender, the CDOR Rate; and
 - (ii) made by any other Lender, the rate set out in clause (b) immediately above;

"BA Equivalent Loan" means a Loan made by a Non-BA Lender and evidenced by a Discount Note;

"BA Issue" means a Drawdown of or Conversion or Rollover into Cdn. Dollars made available by way of Bankers' Acceptances;

"BA Period" means, in relation to a BA Issue, the term to maturity selected by the Borrower hereunder, commencing on the date that the relevant Bankers' Acceptances are issued in connection with such BA Issue; provided, however, that:

- (a) each BA Period shall have a term of approximately one, two, three or six months (or such shorter or longer period as may be agreed to by the Lenders) and shall be subject to the availability of a market for bankers' acceptances of such term;

- (b) the last day of each BA Period shall be also the first day of the next BA Period in the case of a Rollover;
- (c) the last day of each BA Period shall be a Banking Day and if the last day of a BA Period selected by the Borrower is not a Banking Day the Borrower shall be deemed to have selected a BA Period the last day of which is the Banking Day next following the last day of the BA Period selected unless such next following Banking Day falls in the next calendar month in which event the Borrower shall be deemed to have selected a BA Period the last day of which is the Banking Day next preceding the last day of the BA Period selected by the Borrower; and
- (d) the last day of all BA Periods for all BA Issues outstanding under the Credit Facility shall expire on or prior to the Maturity Date;

"BA Reference Lenders" means up to two Schedule II Lenders or Schedule III Lenders which are designated as such by the Agent and the Borrower from time to time (it being agreed that the Agent and the Borrower may at any time terminate the designation of a Lender as a BA Reference Lender and designate another Schedule II or Schedule III Lender as a BA Reference Lender in its place by deliver to the lenders of a written notification to such effect executed by the Agent); provided that, if a Person ceases to be a Lender hereunder, then such Person shall thereupon cease to be a BA Reference Lender without further action;

"BA Stamping Fee" means the fee charged by the Lenders for endorsing a Bankers' Acceptance which shall be calculated in accordance with Section 3.4;

"Bankers' Acceptance" means a non-interest bearing draft drawn by the Borrower in Cdn. Dollars, accepted by a Lender and issued for value pursuant to this Agreement and includes a depository bill under the DBNA and a bill of exchange under the *Bills of Exchange Act* (Canada);

"Banking Day" means:

- (a) in relation to a LIBOR Loan, a day on which banks are open for business in Calgary (Alberta), Toronto (Ontario), New York (New York) and London (England);
- (b) in relation to a USBR Loan, a day on which banks are open for business in Calgary (Alberta), Toronto (Ontario) and New York (New York); and
- (c) for all other purposes, a day on which banks are open for business in Calgary (Alberta) and Toronto (Ontario);

but does not, in any event, include a Saturday or a Sunday;

"boe" means barrel of oil equivalent determined by converting volumes of natural gas to barrels of oil using the ratio of 10 thousand cubic feet of natural gas to one barrel of oil;

"Borrower" means Shiningbank Energy Ltd., a corporation subsisting under the laws of the Province of Alberta;

"Borrower Royalty" means, collectively, the royalty payable by the Borrower to the Fund pursuant to the Borrower Royalty Agreement and all rights of the Fund with respect thereto and all other rights and benefits of the Fund under or pursuant to the Borrower Royalty Agreement, including, without limitation, all rights to receive any payments other than or in addition to the royalty payable thereunder;

"Borrower Royalty Agreement" means the royalty agreement dated July 31, 1996 between the Borrower and Montreal Trust Company of Canada, as trustee of the Fund, as amended and restated as of February 28, 2003 and, subject to compliance with Section 9.3(n), as such agreement may hereafter be amended, modified, supplemented or restated from time to time;

"Borrower's Accounts" means the accounts of the Borrower maintained at the branch of The Toronto-Dominion Bank located at Two Calgary Place, 340 - 5th Avenue S.W., Calgary, Alberta or such other branch or office in Canada as the Borrower may, from time to time, designate with the concurrence of the Agent;

"Borrowing Base" has the meaning ascribed to that term in Section 2.8(a);

"Borrowing Base Assets" means, at any time, Proven Producing Reserves in the Canadian sedimentary basin or any other P&NG Rights acceptable to the Super Majority Lenders based on their customary lending practices which in each case are not subject to any Lien other than that created by the Security Documents and other Permitted Liens, and in respect of which the Borrower or a Borrowing Base Subsidiary has good and marketable title, subject only to minor title defects;

"Borrowing Base Subsidiary" means a Material Subsidiary in respect of which:

- (a) the Fund directly or indirectly through one or more Subsidiaries owns 100% of the share capital of or other equity interests in such Material Subsidiary;
- (b) the Borrower has complied with its obligations under Section 9.2(m) with respect to such Material Subsidiary, including causing such Material Subsidiary and the Fund to execute and deliver and otherwise provide or cause to be provided all security and other documents requested by the Agent pursuant to Section 9.2(m); and
- (c) if any shares or other equity interests of such Material Subsidiary are indirectly owned by the Fund through one or more Subsidiaries (each such Subsidiary, including any intermediary Subsidiaries, being referred to as an "**Applicable Subsidiary**"), the Borrower shall have provided written notice to the Agent of each Applicable Subsidiary and upon the request of the Agent the Borrower shall have caused each such Applicable Subsidiary to guarantee the repayment of the Loan Indebtedness and the Secured Swap Obligations and the performance of the Borrower's other obligations under the Loan Documents and the Swaps and

provide security in the manner contemplated by Section 9.2(m) as if such Applicable Subsidiary was a Material Subsidiary, which provisions shall apply *mutatis mutandis*;

"Capital Lease Obligations" means, as to any Person, the obligations of such Person to pay rent or other amounts under a lease of (or other agreement conveying the right to use) real and/or personal property which obligations are required to be classified and accounted for as a capital lease on a balance sheet of such Person and, for purposes of this Agreement, the amount of such obligations shall be the capitalized amount thereof;

"Cash Flow" means, as of the last day of any Fiscal Quarter, the annualized cash flow for such Fiscal Quarter calculated by multiplying the total of the following amounts (such total to be determined by addition and subtraction, as indicated) by four:

- (a) the net income of the Fund for such Fiscal Period as shown in the Fund's Financial Statements; plus
- (b) all non-cash expenses and losses (including depreciation and depletion expense and provision for future site restoration) deducted in computing such net earnings; plus
- (c) all Taxes (including deferred taxes) deducted in computing such net income (to the extent such Taxes are non-cash items and are not included in (b) immediately above); plus
- (d) all extraordinary losses deducted in computing such income; less
- (e) all non-cash gains added in computing such net income; less
- (f) all extraordinary gains added in computing such net income;

with all of the amounts in (a) to (f) immediately above being determined in accordance with GAAP on a consolidated basis;

"Cdn. Dollars" and **"Cdn. \$"** mean lawful money of Canada for the payment of public and private debts;

"Cdn. Equivalent" means, at any time and in relation to any amount in U.S. Dollars, the amount obtained by converting such amount into Cdn. Dollars at the Spot Rate;

"CDOR Rate" means, on any day:

- (a) for Bankers' Acceptances which have a term to maturity of 1, 2, 3 or 6 months, the annual rate of interest determined by the Agent which is equal to the average of the yield rates per annum applicable to Cdn. Dollar bankers' acceptances having identical issue and comparable maturity dates as the Bankers' Acceptances proposed to be issued by the Borrower, displayed and identified as such on the Reuters Screen Page CDOR at approximately 10:00 a.m. (Toronto time) on such

day, or if such day is not a Banking Day, then on the immediately preceding Banking Day (as adjusted by the Agent after 10:00 a.m. (Toronto time) to reflect any error in a posted rate of interest or in the posted average annual rate of interest); provided, however, if such rates do not appear on such Reuters Screen Page CDOR, then the "CDOR Rate" shall be the discount rate applicable to Cdn. Dollar bankers' acceptances having identical issue and comparable maturity dates and in a comparable amount to the Bankers' Acceptances proposed to be issued by the Borrower quoted by the Agent as of 10:00 a.m. (Toronto time) on such day for the purchase of bankers' acceptances accepted by the Agent, or if such day is not a Banking Day, then on the immediately preceding Banking Day; and

- (b) for Bankers' Acceptances which do not have a term to maturity of 1, 2, 3 or 6 months, the discount rate applicable to Cdn. Dollar bankers' acceptances having identical issue and comparable maturity dates and in a comparable amount to the Bankers' Acceptance proposed to be issued by the Borrower quoted by the Agent as of 10:00 a.m. (Toronto time) on such day for bankers acceptances accepted by the Agent, or if such day is not a Banking Day, then on the immediately preceding Banking Day;

"Collateral" means all of the present and future property, assets and undertaking of the Borrower and the Material Subsidiaries;

"Commitment" means, in relation to a Lender other than the Swing Line Lender, its Syndicated Commitment, and in respect of the Swing Line Lender, the aggregate of its Syndicated Commitment and its Swing Line Commitment;

"Compliance Certificate" means an Officer's Certificate, in substantially the form attached as Schedule B, relating to certain compliance matters;

"Conversion" means a conversion of one type of Loan into another type of Loan in the same currency pursuant to this Agreement;

"Conversion Date" means the date on which a Conversion occurs;

"Credit Facility" means the credit facility established by this Agreement;

"Current Ratio" means, as at the last day of a Fiscal Quarter, the ratio of current assets to current liabilities as determined by the applicable Financial Statements of the Fund; provided that, for the purposes only of such calculation, (i) the undrawn portion of the Credit Facility (after all reductions to the Loan Limit pursuant to the provisions hereof) shall be treated as advanced to the Borrower and included in current assets but no part of the Credit Facility shall be included in current liabilities, (ii) no amount of the Royalties or Subordinated Indebtedness shall be included in current liabilities other than the Unitholder Distribution Amount as at the end of the applicable Fiscal Quarter, which Unitholder Distribution Amount shall be deemed to be included in current liabilities, and (iii) no proceeds received by the Fund from equity offerings or other financing activities shall be included in current assets except to the extent such amounts have been contributed to the Borrower or SLP pursuant to the deferred purchase payments under the

Royalty Agreements or loaned by the Fund to the Borrower or SLP as Subordinated Indebtedness;

"**DBNA**" means the Depository Bills and Notes Act (Canada);

"**Debt**" means, with respect to the Fund, the Borrower and/or any Material Subsidiaries, as applicable, the following as determined in accordance with GAAP on a consolidated basis and without duplication:

- (a) indebtedness for borrowed money including the Loan Indebtedness;
- (b) obligations arising pursuant to bankers' acceptances (including payment and reimbursement obligations in respect thereof), tender cheques or letters of credit and letters of guarantee supporting obligations which would otherwise constitute Debt within the meaning of this definition or indemnities issued in connection therewith;
- (c) obligations under Guarantees, indemnities, assurances, legally binding comfort letters or other contingent obligations relating to the indebtedness for borrowed money of any other Person or the obligations of any other Person which would otherwise constitute Debt within the meaning of this definition and all other obligations incurred for the purpose of or having the effect of providing Financial Assistance to another Person in respect of indebtedness for borrowed money or such other Debt obligations, including, without limitation, endorsements of bills of exchange (other than for collection or deposit in the ordinary course of business);
- (d) all indebtedness representing the deferred purchase price of any property, and all Purchase Money Obligations and Capital Lease Obligations; and
- (e) any amount by which current liabilities exceed current assets;

provided, however, that the Royalties and Subordinated Indebtedness shall be deemed not to be Debt, except that, for the purposes of calculating the Debt to Cash Flow Ratio as at the end of each Fiscal Quarter, the Unitholder Distribution Amount as at the end of the applicable Fiscal Quarter (and no other portion of the Royalties or Subordinated Indebtedness) shall be deemed to constitute Debt and shall be included in current liabilities for the purposes of subparagraph (e) of this definition;

"**Debt to Cash Flow Ratio**" means, as of the last day of a Fiscal Quarter, the ratio of Debt to Cash Flow at such date as determined by reference to the Fund's Financial Statements;

"**Deductible Production Costs**" means (i) with respect to the Borrower, the Borrower Royalty Agreement or any Borrower Royalty Payment, "Deductible Production Costs" as defined in the Borrower Royalty Agreement, and (ii) with respect to SLP, the SLP Royalty Agreement or any SLP Royalty Payment, "Deductible Production Costs" as defined in the SLP Royalty Agreement;

"Default" means any event or condition which, with the giving of notice, lapse of time or upon a declaration or determination being made (or any combination thereof), would constitute an Event of Default;

"Designated Lending Branch" means, in relation to a Lender, the branch or office designated from time to time in writing to the Agent by such Lender as the branch or office from which such Lender funds its Pro Rata Share of the Loans and to which the Agent is to forward payments by the Borrower hereunder, the initial branch or office being as set forth opposite such Lender's name on the signature pages hereof;

"Direct Loan" means a Prime Loan, a USBR Loan or a LIBOR Loan;

"Discount Note" means a non-interest bearing promissory note of the Borrower, denominated in Cdn. Dollars, issued by the Borrower to a Non-BA Lender, substantially in the form attached as Schedule C;

"Disposition Supplement" has the meaning ascribed thereto in Section 9.3(b);

"Distribution" means:

- (a) any declaration or payment of dividends or other income, capital or equity distributions by the Borrower or a Material Subsidiary other than to the Borrower or a Material Subsidiary;
- (b) any redemption, retraction, purchase or other acquisition of shares or other equity interests of the Borrower or a Material Subsidiary other than a redemption, retraction, purchase or other acquisition by the Borrower or a Material Subsidiary from the Borrower or a Material Subsidiary; and
- (c) any payment of principal or other amounts (other than interest) in respect of Debt (other than Loan Indebtedness) owed to a shareholder of the Borrower or an Affiliate of such shareholder other than payments to the Borrower or a Material Subsidiary;

but excluding, for certainty, any payment of the Royalties by the Borrower or SLP;

"Drawdown" means any Loan which results in an increase in the Outstanding Principal;

"Drawdown Date" means the date on which a Drawdown occurs;

"Effective Date" means the date on which all of the conditions set forth in Section 10.1 have been satisfied (or waived by the Lenders in accordance with Section 10.3);

"Engineering Report" means a report prepared by an independent petroleum engineer or engineers approved by the Agent, acting reasonably, to be dated effective on or about January 1 of the calendar year in which such report is to be delivered by the Borrower pursuant to Section 9.2(d), which report (i) covers all of the major P & NG Rights of the Borrower and the Material Subsidiaries, (ii) is certified by the independent petroleum

engineer or engineers, (iii) is prepared in accordance with established criteria generally accepted in the oil and gas industry and standards customarily used by such independent petroleum engineer or engineers in making determinations and appraisals, (iv) is based upon assumptions, methods of calculation, estimates and projections fully disclosed in such report which are satisfactory to the Agent, acting reasonably, and (v) contains a statement of any changes in assumptions, methods of calculations or data base from the previous report delivered by the Borrower pursuant to Section 9.2(d) or otherwise pursuant hereto;

"Environment" means each and every component of the earth, including, without limitation, all layers of the atmosphere, air, land (including, without limitation, all underground spaces and cavities and all lands submerged under water), soil, water (including, without limitation surface and underground water), organic and inorganic matter and living organisms, and the interacting natural systems that include the components referred to in this definition;

"Environmental Claims" means any and all administrative, regulatory or judicial actions, suits, demands, claims, Liens, notices of non-compliance or violation, investigations, inspections, inquiries or proceedings relating in any way to any Environmental Laws or to any permit issued under any such Environmental Laws including, without limitation:

- (a) any claim by a Governmental Authority for enforcement, clean-up, removal, response, remedial or other actions or damages pursuant to any Environmental Laws; and
- (b) any claim by a Person seeking damages, contribution, indemnification, cost recovery, compensation or injunctive or other relief resulting from or relating to Hazardous Materials, including any Release thereof, or arising from alleged injury or threat of injury to human health or safety (arising from environmental matters) or the Environment;

"Environmental Laws" means any Laws relating, in whole or in part, to the protection or enhancement of the Environment, including with respect to occupational safety, product liability, public health, public safety and transportation or handling of dangerous goods;

"Event of Default" means each of the events described in Section 11.1;

"Existing Security" means the following Security Documents:

- (a) the Demand Debenture (Oil and Gas) and related Deposit Instrument dated May 4, 2001 from the Borrower;
- (b) the General Security Agreement dated May 4, 2001 from the Borrower;

- (c) the First Supplemental Debenture dated October 9, 2002 and the Second Supplemental Debenture dated April 22, 2004 between the Borrower and the Agent;
- (d) the First GSA Amending Agreement dated October 9, 2002 and the Second GSA Amending Agreement dated April 22, 2004 between the Borrower and the Agent;
- (e) the Designated Subsidiary Guarantees dated April 22, 2004 from each of Shiningbank Energy Partnership and 566940 Alberta Ltd.;
- (f) the Demand Debenture (Oil and Gas) and related Deposit Instrument dated April 22, 2004 from Shiningbank Energy Partnership;
- (g) the General Security Agreements dated April 22, 2004 from each of Shiningbank Energy Partnership and 566940 Alberta Ltd.;

"Extending Lenders" has the meaning ascribed thereto in Section 2.2(b);

"Extension Request" means a written request from the Borrower to the Agent, in substantially the form attached as Schedule D, requesting an extension of the Revolving Period;

"Federal Funds Rate" means, for any day, the rate of interest per annum set forth in the weekly statistical release designated as H.15(519), or any successor publication, published by the Federal Reserve Board (including any such successor), "H.15(519)" for such day opposite the caption "Federal Funds (Effective)";

"Financial Assistance" means providing or agreeing to provide (either directly or indirectly) financial assistance to any Person including, without limitation, financial assistance by way of a loan, Guarantee, share purchase, equity contribution or any credit support arrangement of any nature whatsoever;

"Financial Statements" means the financial statements of Fund, the financial statements of the Borrower or the Financial Statements of the Material Subsidiaries, as the context requires, which shall be consolidated and which shall, in each case, include a balance sheet, a statement of earnings (or loss) and a statement of changes in financial position, together with comparative figures in each case (where a comparative period on an earlier statement exists), all prepared, maintained and stated in accordance with GAAP applied consistently;

"Fiscal Quarter" means a three month period ending on March 31, June 30, September 30 or December 31 of a Fiscal Year;

"Fiscal Year" means a twelve month period ending on December 31;

"Fund" means Shiningbank Energy Income Fund, an unincorporated investment trust established pursuant to the Trust Indenture;

"Fund Subordination Agreement" means the restated subordination agreement dated December 31, 2004 made by the Fund, the Borrower and SLP in favour of the Agent, as such agreement may hereafter be amended, modified, supplemented or restated from time to time;

"GAAP" means generally accepted accounting principles which are in effect from time to time in Canada as defined in the Handbook of the Canadian Institute of Chartered Accountants;

"Governmental Authority" means:

- (a) any government, parliament or legislature, any regulatory or administrative authority, agency, commission or board and any other statute, rule or regulation making entity having jurisdiction in the relevant circumstances;
- (b) any Person acting under the authority of any of the foregoing or under a statute, rule or regulation thereof; and
- (c) any judicial, administrative or arbitral court, authority, tribunal or commission having jurisdiction in the relevant circumstances;

"Governmental Authorization" means, in respect of any transaction, Person or event, any authorization, exemption, license, permit, franchise or approval from, or any filing or registration with, any Governmental Authority applicable to such transaction, Person or event or to any of such Person's business, undertaking or property, including those required under any Environmental Law, and **"Governmental Authorizations"** means any and all of the foregoing;

"Guarantee" means any undertaking to assume, guarantee, endorse, contingently agree to purchase or to provide funds for the payment of, or otherwise become liable in respect of, any obligation of any Person; provided that the amount of each Guarantee shall be deemed to be the amount of the obligation guaranteed thereby, unless the Guarantee is limited to a specified amount in which case the amount of such Guarantee shall be deemed to be the lesser of such specified amount or the amount of such obligation;

"Hazardous Materials" means any and all hazardous substances, toxic waste, contaminants, pollutants or related materials, any products of waste, or any other contaminants, pollutants, substances or products declared to be waste, hazardous or toxic under Environmental Laws;

"Interest Payment Date" means:

- (a) in relation to a Prime Loan or USBR Loan, the last Banking Day of each calendar month; and
- (b) in relation to a LIBOR Loan, the last day of each applicable LIBOR Period and, if any LIBOR Period is longer than three months, the last Banking Day of each such three month period during such LIBOR Period;

"Issuing Bank" means TD or such other lender as agreed to by the Borrower and the Agent; provided, however, that with respect to any Letter of Credit issued as a Swing Line Loan, the Issuing Bank shall be the Swing Line Lender (including, for certainty, after any conversion of such Letter of Credit into a Syndicated Loan pursuant to Section 2.9(b));

"Law" means all constitutions, treaties, laws (including principles of common law and equity), statutes, codes, ordinances, orders, decrees, rules, regulations and municipal by-laws, whether domestic, foreign or international, any and all judgments, orders, writs, injunctions, decisions, rulings, decrees and awards of any Governmental Authority, and any policies of any Governmental Authority;

"LC Fee" means the fee charged by the Issuing Bank for issuing a Letter of Credit which shall be calculated in accordance with Section 5.1;

"LC Issue" means the issuance by the Issuing Bank of a Letter of Credit;

"Lenders" means the Persons named on the signature pages hereto as Lenders and any other Persons which become party to this Agreement as Lenders pursuant to Article 15 and their respective successors and permitted assigns, and **"Lender"** means any one of them, as the context requires;

"Letter of Credit" means a standby or documentary letter of credit or letter of guarantee in Cdn. Dollars or U.S. Dollars issued by the Issuing Bank at the request of the Borrower pursuant to this Agreement;

"LIBOR" means, for each LIBOR Loan, the rate of interest per annum appearing on the display shown as LIBOR 01 Page on the Reuters Monitor Money Service (or any display substituted therefor) at or about 11:00 a.m. London, England time on the second Banking Day prior to the first day of the applicable LIBOR Period, provided that if the LIBOR 01 Page (or any display substituted therefor) is unavailable, then LIBOR shall be the rate of interest per annum determined by the Agent with reference to page 3750 of the Telerate screen at or about 11:00 a.m. London, England time on the second Banking Day prior to the first day of the applicable LIBOR Period; and provided further that if both the LIBOR 01 Page and the Telerate page 3750 are unavailable, then LIBOR shall be as determined by the Agent, and rounded upwards, if necessary, to the nearest whole multiple of 1/16th of 1%, at which U.S. Dollar deposits are offered by it to leading banks in the London Interbank Eurodollar Market at or about 11:00 a.m. London local time on the second Banking Day prior to the first day of the applicable LIBOR Period in an amount equal to or nearest to the principal amount of the applicable LIBOR Loan and for the same period;

"LIBOR Loan" means a Drawdown of or Conversion or Rollover into U.S. Dollars for which LIBOR is the reference interest rate;

"LIBOR Period" means, in relation to a LIBOR Loan, the interest period selected by the Borrower hereunder, commencing on the relevant Drawdown Date, Rollover Date or Conversion Date for such LIBOR Loan; provided, however, that:

- (a) each LIBOR Period shall have a term of approximately one, two, three or six months and shall be subject to the availability of a market for LIBOR Loans of such term;
- (b) the last day of each LIBOR Period shall be also the first day of the next LIBOR Period in the case of a Rollover;
- (c) the last day of each LIBOR Period shall be a Banking Day and if the last day of a LIBOR Period selected by the Borrower is not a Banking Day the Borrower shall be deemed to have selected a LIBOR Period the last day of which is the Banking Day next following the last day of the LIBOR Period selected unless such next following Banking Day falls in the next calendar month in which event the Borrower shall be deemed to have selected a LIBOR Period the last day of which is the Banking Day next preceding the last day of the LIBOR Period selected by the Borrower; and
- (d) the last day of all LIBOR Periods for all LIBOR Loans outstanding under the Credit Facility shall expire on or prior to the Maturity Date;

"**Lien**" means any mortgage, charge, pledge, lien, hypothec, assignment by way of security, lease, conditional sale or title retention agreement (including, without limitation, a capital lease but excluding an operating lease), security created under the *Bank Act* (Canada) or any other encumbrance or security interest, howsoever created or arising, whether absolute or contingent, fixed or floating, legal or equitable, perfected or otherwise, and any other interest in property or assets that secures payment or performance of an obligation, but does not include a right of set-off unless such right is intended to secure payment or performance of an obligation;

"**Limited Partnership Agreement**" means the Limited Partnership Agreement dated December 10, 2004 among the Borrower, 1130243 Alberta Inc., in its capacity as trustee of Shiningbank Operating Trust, and each party who, from time to time, is accepted as a limited partner of SLP, as such agreement may, subject to compliance with Section 9.3(n), hereafter be amended, modified, supplemented or restated from time to time;

"**Loan**" means a Prime Loan, a USBR Loan, a LIBOR Loan, a BA Issue, an LC Issue or a TC Issue;

"**Loan Documents**" means this Agreement, the Security Documents, the Fund Subordination Agreement, the Agency Agreement and all other agreements, instruments and documents contemplated or provided hereunder or thereunder (excluding for greater certainty any Swaps);

"**Loan Indebtedness**" means the aggregate, at any time, of:

- (a) all Outstanding Principal;

- (b) all accrued and unpaid interest including interest on overdue and unpaid interest payable by the Borrower hereunder; and
- (c) all fees, indemnities and other amounts payable by the Borrower hereunder or under the other Loan Documents;

"Loan Limit" means Cdn. \$225,000,000 (or the U.S. Equivalent thereof) and shall be subject to reduction and adjustment in accordance with the provisions hereof;

"Majority Lenders" means, at any time when there are two or more Lenders, Lenders holding at least 66²/₃% of the Total Commitment at such time, and at any other time, the Lender;

"Material Adverse Effect" means any event, circumstance, occurrence or change which has or could reasonably be expected to have a material adverse effect on (i) the business, financial condition, operations, assets or properties of the Borrower and the Material Subsidiaries taken as a whole, (ii) the ability of the Borrower to repay the Loan Indebtedness or the ability of the Borrower or a Material Subsidiary to perform its obligations under the Loan Documents, or (iii) the validity or enforceability of this Agreement or any other Loan Documents;

"Material Contracts" means the Trust Indenture, the SOT Trust Indenture, the Limited Partnership Agreement, the Royalty Agreements, the Administrative Services Agreement, the USA and all agreements and instruments relating to any Subordinated Indebtedness;

"Material Subsidiary" means each of the New Material Subsidiaries and any Subsidiary having assets with a fair market value in excess of 5% of the Tangible Net Assets;

"Maturity Date" means the second anniversary of the Term-Out Date; provided that such date may be extended or accelerated pursuant to the provisions hereof and provided further that in the event of any Partial Extension, there will be different Maturity Dates among the Lenders as provided for in Section 2.2(f);

"New Material Subsidiaries" means SLP, Shiningbank Operating Trust, SHC and 1130243 Alberta Inc.;

"Non-BA Lender" means a Lender that does not, or ceases to, accept bankers' acceptances in the ordinary course of its business;

"Non-Extending Lenders" has the meaning ascribed thereto in Section 2.2(c);

"Notice of Drawdown" means a written irrevocable notice from the Borrower to the Agent, in substantially the form attached as Schedule E, requesting a Drawdown;

"Notice of Rollover/Conversion/Repayment" means a written irrevocable notice from the Borrower to the Agent, in substantially the form attached as Schedule F, requesting a Rollover or Conversion or advising of a repayment or prepayment of any Loan;

"Officer's Certificate" means a certificate signed by a senior officer of the Borrower;

"Old System Issuer" means a Lender, other than a Non-BA Lender, who elects not to accept bankers' acceptances as depository bills under the DBNA;

"Original Credit Agreement" means the Credit Agreement dated May 4, 2001 between the Borrower, the Agent and the Lenders, as amended by the First Amending Agreement dated September 12, 2001 between the Borrower, the Agent and the Lenders, the Second Amending Agreement dated December 31, 2001 between the Borrower, the Agent and the Lenders, the Letter Agreement dated March 18, 2002 between the Agent (on behalf of the Lenders) and the Borrower, the Third Amending Agreement dated October 9, 2002 between the Borrower and the Agent (on behalf of itself and the Lenders), the letter dated January 16, 2003 by the Agent on behalf of the Lenders to the Borrower extending the Revolving Period, the Fourth Amending Agreement dated March 27, 2003 between the Borrower, the Agent and the Lenders and the Fifth Amending Agreement dated April 22, 2004 between the Borrower, the Agent and the Lenders;

"Outstanding Principal" means the aggregate, at any time, of:

- (a) the aggregate outstanding principal amount of all Direct Loans (including any Swing Line Loans);
- (b) the aggregate face amount of all outstanding and unpaid Bankers' Acceptances;
- (c) the aggregate face amount of all outstanding and undrawn Letters of Credit; and
- (d) the aggregate face amount of all outstanding and uncashed Tender Cheques;

"P & NG Rights" means any interest, estate or right in or in respect of any Petroleum Substances including all such interests and rights known as working interests, royalty interests, overriding royalty interests, gross overriding royalty interests, production payments, profits interests, net profits interests, revenue interests, net revenue interests, economic interests and other interests and fractional or undivided interests in any of the foregoing and whether freehold, leasehold, Crown or otherwise;

"Partial Extension" has the meaning ascribed thereto in Section 2.2(f);

"Period" has the meaning given to it in the Royalty Agreements;

"Permitted Contest" means action taken by the Borrower or a Material Subsidiary in good faith by appropriate proceedings diligently pursued to contest any Taxes, claim or Lien; provided that:

- (a) the Borrower or a Material Subsidiary has established reasonable reserves therefor in accordance with GAAP;
- (b) proceeding with such contest would not have a Material Adverse Effect; and

- (c) proceeding with such contest will not create a material risk of sale, forfeiture or loss of, or interference with the use or operation of, a material part of the property or assets of the Borrower or a Material Subsidiary;

"Permitted Debt" means:

- (a) the Loan Indebtedness;
- (b) the Subordinated Indebtedness, but only to the extent the Subordinated Indebtedness is and remains fully postponed and subordinated to the Loan Indebtedness and the Secured Swap Obligations as provided for in the Fund Subordination Agreement;
- (c) indebtedness arising under Purchase Money Obligations not exceeding Cdn. \$2,000,000, in the aggregate;
- (d) accounts payable and accrued liabilities incurred in the ordinary course of business;
- (e) Financial Assistance to any Person or Persons not exceeding Cdn. \$1,000,000, in the aggregate; and
- (f) indebtedness owing between the Borrower and any Borrowing Base Subsidiary or between any Borrowing Base Subsidiaries;

"Permitted Liens" means:

- (a) the right reserved to or vested in any municipality or governmental or other public authority by the terms of any lease, license, franchise, grant or permit acquired by the Borrower or a Material Subsidiary or by any statutory provision, to terminate any such lease, license, franchise, grant or permit, or to require annual or other periodic payments as a condition of the continuance thereof;
- (b) liens incurred, created or granted in the ordinary course of business in favour of a public utility, municipality or governmental authority in connection with operations conducted with respect to the Borrower's or a Material Subsidiary's P & NG Rights, but only insofar as such liens relating to costs and expenses for which payment is not due or delinquent;
- (c) liens, privileges or other charges imposed or permitted by law such as statutory liens and deemed trusts, carriers' liens, builders' liens, warehousemen's liens, mechanics' liens, materialmen's liens and other liens, privileges or other charges of a similar nature which relate to obligations not due and delinquent (and if registrable, which have not been registered), including any lien or trust arising in connection with workers' compensation, unemployment insurance, pension and employment laws or regulations;

- (d) lessor royalties (including crown or freehold lessor royalties), overriding royalty interests, net profit interests, reversionary interests and carried interests or other similar burdens on production in respect of the Borrower's or a Material Subsidiary's oil and gas properties that are entered into with or granted to arm's length third parties in the ordinary course of business and in accordance with sound oil and gas industry practice in western Canada;
- (e) liens for penalties arising under non-participation or independent operations provisions of operating or similar agreements in respect of the Borrower's or a Material Subsidiary's oil and gas properties if such liens do not materially detract from the value of any material part of the property of the Borrower or a Material Subsidiary;
- (f) liens incurred or created in the ordinary course of business and in accordance with sound industry practice in respect of the joint operation of oil and gas properties or related production or processing facilities as security in favour of any other person conducting the development or operation of the property to which such liens relate, for the Borrower's or a Material Subsidiary's portion of the costs and expenses of such development or operation provided that such costs or expenses are not due or delinquent;
- (g) any right of first refusal in favour of any Person granted in the ordinary course of business with respect to all or any of the oil and gas properties of the Borrower or a Material Subsidiary;
- (h) Liens for Taxes, assessments and governmental charges which are not due or delinquent, or if due and delinquent the validity of which is subject to a Permitted Contest; provided that if so requested by the Agent, there shall have been deposited with the Agent, a court or the assessing authority security satisfactory to the Agent for payment of such amount;
- (i) the Liens created by the Security Documents;
- (j) the Royalties; and
- (k) Liens securing Purchase Money Obligations not exceeding Cdn. \$2,000,000 in the aggregate;

"Person" means an individual, a partnership, a corporation, a trust, an unincorporated organization, a union, a government or any department or agency thereof and the heirs, executors, administrators or other legal representatives of an individual, and words importing persons have a similar meaning;

"Petroleum Substances" means crude oil, crude bitumen, synthetic crude oil, petroleum, natural gas, natural gas liquids, related hydrocarbons and any and all other substances, whether liquid, solid or gaseous, whether hydrocarbons or not, produced or producible in association with any of the foregoing, including hydrogen sulphide and sulphur;

"Prime Loan" means a Drawdown of or Conversion into Cdn. Dollars for which Prime Rate is the reference interest rate;

"Prime Rate" means, for any day, the greater of:

- (a) the variable rate of interest (expressed as a rate per annum) which the Agent establishes from time to time as the reference rate of interest which it employs in order to determine the interest rate it will charge for demand loans in Cdn. Dollars to its customers in Canada and which it designates as its prime rate; and
- (b) the average rate for one month bankers' acceptances which rate is shown on the display referred to as the Reuters Screen Page CDOR (or any display substituted therefor) of Reuter Monitor Money Rates Service at 10:00 a.m. (Toronto local time) on such day, plus 0.75%;

provided that if for any reason the foregoing rate in (b) immediately above does not appear or is otherwise unavailable, the "Prime Rate" shall be the rate specified in (a) immediately above;

"Production Payout Date" means the date determined or redetermined pursuant to Section 2.8(e) as the projected date on which the Residual Percentage of the Borrowing Base Assets will remain, as redetermined from time to time;

"Production Revenues" means (i) with respect to the Borrower, the Borrower Royalty Agreement or any Borrower Royalty Payment, "Production Revenues" as defined in the Borrower Royalty Agreement, and (ii) with respect to SLP, the SLP Royalty Agreement or any SLP Royalty Payment, "Production Revenues" as defined in the SLP Royalty Agreement;

"Pro Rata Basis" means, at any time, in proportion to the respective Syndicated Commitments of each Syndicated Lender at such time;

"Pro Rata Share" means, at any time and in relation to any Lender and any amount, the proportionate share of such amount which is calculated by multiplying such amount by a fraction, the numerator of which is the Syndicated Commitment of such Lender at such time and the denominator of which is the Total Syndicated Commitment at such time;

"Proven Producing Reserves" means, at any time, P&NG Rights owned by the Borrower or any Borrowing Base Subsidiary that:

- (a) are producing at the date of the determination; or
- (b) if not producing at the date of the determination, could be recovered from existing wells or facilities but are not producing and the reasons for the current non-producing status is the choice of the owner rather than the lack of markets or some other reason;

"Purchase Money Obligation" means any secured Debt of the Borrower or any Material Subsidiary created or assumed to finance any part of the purchase price of real or tangible personal property, and including any extensions, renewals or refunding of any such Debt, provided that the principal amount of such Debt outstanding on the date of such extension, renewal or refunding is not increased and further provided that the Lien given in respect of such Debt shall not extend to any property other than the property acquired in connection with such Debt was created or assumed, any proceeds thereof and fixed improvements, if any, erected or constructed thereon;

"Quarterly Reduction" has the meaning set forth in Section 6.1, and is subject to adjustment in accordance with Section 2.8(e);

"Quarterly Reduction Date" means, subject to Section 2.8(e), each quarterly date which corresponds numerically to the Term-Out Date (or the last day of a calendar month if there is no such numerically corresponding date), commencing in the third calendar month following the calendar month in which the Term-Out Date occurs and continuing on the same date of each third calendar month thereafter;

"Release" means any release, seepage, spill, emission, leak, escape, pumping, injection, deposit, disposal, discharge, dispersal, leaching, dumping or migration into the environment including, without limitation, the movement of Hazardous Materials through ambient air, soil, surface water, ground water, wetlands or sub-surface strata;

"Residual Percentage" means the percentage designated by the Super Majority Lenders from time to time, in accordance with their normal lending practices, as that residual percentage of the Borrowing Base Assets which should remain after repayment in full of all Loan Indebtedness, and as of the date hereof the Residual Percentage is 50%;

"Restructuring Transactions" means the series of transactions relating to the transfer of the assets (and related liabilities) of Shiningbank Energy Partnership to SLP in the manner disclosed in writing by the Borrower to the Agent prior to this Agreement being entered into;

"Reuters Screen Page CDOR" means the display designated as page CDOR on the Reuters Monitor Money Service or such other page as may, from time to time, replace the Reuters Screen Page CDOR on that service for the purpose of displaying bid quotations for bankers' acceptances of leading Schedule I chartered banks;

"Revolving Period" means the period commencing on the date hereof and ending on the day immediately before the Term-Out Date; provided that in the event of any Partial Extension, the Revolving Period will be determined by reference to the applicable Term-Out Date, as provided for in Section 2.2(f);

"Rollover" means:

- (a) in relation to a LIBOR Loan, the continuation of all or any portion of such LIBOR Loan for an additional LIBOR Period after the initial or any subsequent LIBOR Period applicable thereto; and

- (b) in relation to a BA Issue, the issuance of new Bankers' Acceptances in respect of all or any portion of Bankers' Acceptances maturing at the end of the BA Period applicable thereto;

"Rollover Date" means the date on which a Rollover occurs;

"Royalties" means, collectively, the Borrower Royalty and the SLP Royalty;

"Royalty Agreements" means, collectively, the Borrower Royalty Agreement and the SLP Royalty Agreement;

"Royalty Payments" means, collectively, the "Royalty Payment" as defined in the Borrower Royalty Agreement and the "Royalty Payment" as defined in the SLP Royalty Agreement;

"Schedule I Lender" means a Lender which is a Schedule I chartered bank under the *Bank Act* (Canada);

"Schedule II Lender" means a Lender which is a Schedule II chartered bank under the *Bank Act* (Canada);

"Schedule III Lender" means a Lender which is a Schedule III chartered bank under the *Bank Act* (Canada);

"Secured Swap Obligations" means all indebtedness, obligations and liabilities of the Borrower under any Swaps entered into by the Borrower with any Lender at any time after the date of this Agreement, but excluding, for certainty, any Swaps entered into by the Borrower with any Lender after such Lender's Commitment has been fully cancelled in accordance with the terms hereof or after such Lender has assigned all of its rights to the Credit Facility in accordance with Article 15.

"Security Documents" and **"Security"** means the security documents described in Section 7.1 and any other security documents which may be given to or held by the Agent or the Lenders from time to time to secure repayment of any or all of the Loan Indebtedness and the Secured Swap Obligations;

"SHC" means Shiningbank Holdings Corporation, a corporation incorporated under the laws of the Province of Alberta;

"SLP" means Shiningbank Limited Partnership, a limited partnership formed under the laws of the Province of Alberta;

"SLP Royalty" means, collectively, the royalty payable by SLP to the Fund pursuant to the SLP Royalty Agreement and all rights of the Fund with respect thereto and all other rights and benefits of the Fund under or pursuant to the SLP Royalty Agreement, including, without limitation, all rights to receive any payments other than or in addition to the royalty payable thereunder;

"SLP Royalty Agreement" means the royalty agreement dated March 8, 2004 between Shiningbank Energy Partnership and the Trustee, as such agreement (with respect to the rights and obligations of Shiningbank Energy Partnership thereunder) was assigned and assumed by SLP pursuant to the transfer of assets and assumption of liabilities agreement dated December 31, 2004 among the Borrower, SLP, Shiningbank Energy Partnership and the Fund, and as may, subject to compliance with Section 9.3(n), hereafter be amended, modified, supplemented or restated from time to time;

"Spot Rate" means, in relation to the conversion of one currency into another currency, the spot rate of exchange for such conversion as quoted by the Bank of Canada (or, if not so quoted, the spot rate of exchange quoted for wholesale transactions by the Agent in Calgary, Alberta in accordance with its normal practice) at approximately 10:00 a.m. on the date that such conversion is to be made;

"SOT Trust Indenture" means the trust indenture dated September 30, 2004 between Arnie Nielson and 1130243 Alberta Inc. pursuant to which Shiningbank Operating Trust was established, as such indenture may, subject to compliance with Section 9.3(n), hereafter be amended, modified, supplemented or restated from time to time;

"Subordinated Indebtedness" means any and all present and future indebtedness and obligations of the Borrower or SLP to the Fund other than the Royalties, but including, without limitation, all indebtedness owing under or pursuant to any and all promissory notes issued by the Borrower, SLP or any of their respective predecessors in favour of the Fund;

"Subsidiary" means (i) any corporation in which greater than 50% of its stock of any class or classes having by the terms thereof ordinary voting power to elect a majority of the directors of such corporation (irrespective of whether or not at the time stock of any class or classes of such corporation have or might have voting power by reason of the happening of any contingency unless such contingency has occurred and the only for so long as it continues) as of the time is owned by the Fund directly or indirectly through Subsidiaries; and (ii) any partnership, limited liability company, trust, association or other entity in which the Fund directly or indirectly through Subsidiaries is either a general partner or has a greater than 50% equity interest at the time;

"Super Majority Lenders" means, at any time when there are two or more Lenders, Lenders holding at least 75% of the Total Commitment at such time, and at any other time, the Lender;

"Swaps" means any rate swap transaction, basis swap, forward rate transaction, forward sales transaction, commodity swap, commodity option, equity or equity index swap, equity or equity index option, bond option, interest rate option, foreign exchange transaction, cap transaction, floor transaction, collar transaction, currency swap transaction, cross-currency rate swap transaction, currency option or any other similar transaction (including any option with respect to any of these transactions) obligating the Borrower to make payments, whether periodically or upon the happening of a contingency;

"Swing Line Commitment" means Cdn. \$10,000,000 or the U.S. Equivalent thereof, subject to reduction in accordance with the terms hereof;

"Swing Line Lender" means TD or such other Lender as agreed to by the Borrower and the Agent;

"Swing Line Loan" means a Prime Loan, a USBR Loan, an LC Issue or a TC Issue made only by the Swing Line Lender in accordance with Section 2.9;

"Syndicated Commitment" means, in relation to a Syndicated Lender, the maximum principal amount such Syndicated Lender agreed to make available to the Borrower pursuant to Syndicated Loans as set forth in Schedule A, subject to reduction pursuant to the terms hereof;

"Syndicated Lenders" means the Lenders providing Syndicated Commitments;

"Syndicated Loans" means Loans made available by the Syndicated Lenders pursuant to the Syndicated Commitments;

"Tangible Net Assets" means, at any date of determination, the net book value of all property, plant and equipment owned by the Fund as reflected in the Fund's Financial Statements for such date;

"Taxes" means and includes, without limitation, all present or future taxes of any nature and howsoever termed, including all license and documentation fees, income taxes, capital taxes, goods and services taxes, levies, fiscal charges, imposts, duties, fees, assessments, surcharges, withholdings, restrictions, conditions or other charges of whatever nature and however arising which are imposed, assessed, charged, levied, withheld, deducted, demanded or otherwise applied pursuant to applicable Laws by any Person at any time, together with all interest thereon and penalties or similar liabilities with respect thereto;

"TC Fee" means the fee charged by the Swing Lender for issuing a Tender Cheque which shall be calculated in accordance with Section 5.2;

"TC Issue" means the issuance by the Swing Line Lender of a Tender Cheque;

"TD" means The Toronto-Dominion Bank, a Canadian chartered bank;

"Tender Cheque" means a bank draft issued by Swing Line Lender in Cdn. Dollars or a Cdn. \$ cheque drawn by the Borrower and certified by the Swing Line Lender for the purpose of providing funds to or to the order of a Canadian provincial government in connection with a tender bid or offer made by the Borrower to such government to purchase P & NG Rights at provincial land sales;

"Term-Out Date" means April 28, 2005 (subject to one or more extensions in accordance with Section 2.2, which, in the event of any Partial Extension, will result in different Term-Out Dates among the Lenders as provided for in Section 2.2(f));

"Term Period" means the period commencing on the Term-Out Date and ending upon repayment of all Loan Indebtedness and termination of this Agreement; provided that in the event of any Partial Extension, there will be different Term Periods among the Lenders as provided for in Section 2.2(f)

"Total Commitment" means, at any time, the aggregate of the Commitments of all Lenders at such time, which amount cannot exceed the Loan Limit;

"Total Syndicated Commitment" means, at any time, any amount equal to the aggregate of the Syndicated Commitments of the Syndicated Lenders at such time, which amount cannot exceed the difference between the Loan Limit and Swing Line Commitment;

"Trust Indenture" means the trust indenture dated May 16, 1996 among the Montreal Trust Company of Canada, Shiningbank Energy Management Inc. (a predecessor to the Borrower) and the settlor named therein, as amended and restated on March 7, 2003, and, subject to compliance with Section 9.3(n), as such indenture may hereafter be amended or restated from time to time;

"Trustee" means Computershare Trust Company of Canada, as trustee of the Fund;

"Unitholder Distribution Amount" means, as at the last day of a Fiscal Quarter, the aggregate amount of all payments of the Royalties and Subordinated Indebtedness that form the basis of outstanding distributions to be made by the Fund, and such amount shall be deemed to be equal to the aggregate amount payable by the Fund to its unitholders as shown on or otherwise reflected in the Fund's Financial Statements as of the last day of such Fiscal Quarter;

"USA" means the unanimous shareholder agreement dated October 9, 2002 among the Borrower, the Trustee and Shiningbank Holdings Corporation and, subject to compliance with Section 9.3(n), as such agreement may hereafter be amended, modified, supplemented or restated from time to time;

"USBR" means, for any day, the greater of:

- (a) the variable lending rate of interest (expressed as a rate per annum) which the Agent establishes from time to time as the reference rate of interest in order to determine the interest rate it will charge for demand loans in U.S. Dollars to its customers in Canada and which it designates as its base rate; and
- (b) the Federal Funds Rate for such day as published by the Federal Reserve Board plus 0.75%; provided that if for any reason the Federal Funds Rate is not released or is otherwise unavailable, the **"U.S. Base Rate"** shall be the rate specified in (a) above;

"USBR Loan" means a Drawdown of or Conversion into U.S. Dollars for which USBR is the reference interest rate;

"**U.S. Dollars**" and "**U.S. \$**" means lawful money of the United States of America for the payment of public and private debts;

"**U.S. Equivalent**" means, at any time and in relation to any amount in Cdn. Dollars, the amount obtained by converting such amount into U.S. Dollars at the Spot Rate.

1.2 **Interpretation and Headings**

In this Agreement:

- (a) headings are inserted for convenience of reference only and shall not affect the construction or interpretation of this Agreement;
- (b) words importing the singular number include the plural and vice versa, and words importing gender include masculine, feminine and neuter;
- (c) any reference to "**this Agreement**" shall be a reference to this restated credit agreement as it may from time to time be amended, supplemented or otherwise modified in accordance with the provisions hereof;
- (d) references to "**herein**", "**hereunder**" and similar expressions shall be a reference to this Agreement and not to any particular section;
- (e) references herein to the "**date hereof**" or similar expressions shall be and shall be deemed to be the date of the restatement hereof, being December 31, 2004;
- (f) unless otherwise noted, all references to "**Section**" refer to a section, subsection or paragraph of this Agreement, as the case may be;
- (g) unless otherwise noted, all references to "**Schedule**" refer to a Schedule to this Agreement; and
- (h) words and terms denoting inclusiveness (such as "**include**", "**includes**" or "**including**"), whether or not so stated, are not limited by their context or by the words or phrases which precede or succeed them.

1.3 **Governing Law**

This Agreement and, unless expressly specified otherwise, each of the other Loan Documents shall be governed by and interpreted in accordance with the laws of the Province of Alberta and the laws of Canada applicable therein and shall be treated as Alberta contracts. The parties irrevocably submit to the non-exclusive jurisdiction of the courts of the Province of Alberta, without prejudice to the rights of the parties to take proceedings in any other jurisdictions.

1.4 Accounting Terms

Each accounting term used in this Agreement, unless otherwise defined herein, has the meaning assigned to it under GAAP applied consistently throughout the relevant period and relevant prior periods.

1.5 Currency and Time References

- (a) Unless otherwise noted, all references to currency shall be deemed to refer to Cdn. Dollars.
- (b) Unless otherwise noted, all references to time shall be deemed to refer to Calgary local time.

1.6 Severability

If any provision of any of the Loan Documents or any part thereof is found or determined to be invalid, illegal or unenforceable, such provision shall be severable from such Loan Document and the remainder of such Loan Document shall be construed as if such invalid, illegal or unenforceable provision or part had been deleted therefrom.

1.7 Time of the Essence

Time is of the essence of each of the Loan Documents.

1.8 Schedules

The following Schedules are attached to and form a part of this Agreement:

- Schedule A - Commitments and Addresses
- Schedule B - Compliance Certificate
- Schedule C - Discount Note
- Schedule D - Extension Request
- Schedule E - Notice of Drawdown
- Schedule F - Notice of Rollover/Conversion/Repayment
- Schedule G - Lender Assignment Agreement
- Schedule H - Material Subsidiaries and Organizational Chart

ARTICLE 2 CREDIT FACILITY

2.1 Establishment of Credit Facility

- (a) Subject to the terms and conditions of this Agreement, the following revolving term facility in the maximum principal amount of the Loan Limit is hereby established in favour of the Borrower:

- (i) each Lender hereby severally agrees to make available Syndicated Loans in the aggregate amount of the Syndicated Commitment of such Lender; and
 - (ii) the Swing Line Lender hereby agrees to make available Swing Line Loans in an aggregate amount equal to the Swing Line Commitment
- (b) The Borrower may obtain Syndicated Loans under the Credit Facility by way of:
- (i) Direct Loans;
 - (ii) Bankers' Acceptances; and
 - (iii) Letters of Credit;

provided that the Outstanding Principal amount of all Syndicated Loans shall at no time exceed the Total Syndicated Commitment. In addition, the Borrower may obtain Swing Line Loans under the Credit Facility, provided that the Outstanding Principal amount of all Swing Line Loans shall at no time exceed the Swing Line Commitment.

- (c) During the Revolving Period, the Outstanding Principal under the Credit Facility may revolve and the Borrower may borrow, repay and re-borrow Cdn. Dollars or U.S. Dollars and may issue, repay and re-issue Bankers' Acceptances, Letters of Credit and Tender Cheques; provided, however, that, subject to Sections 2.8(d) and 6.2(c), at no time shall the Cdn. Equivalent of the Outstanding Principal exceed the Loan Limit.
- (d) On the Term-Out Date, the Credit Facility shall convert to a non-revolving reducing credit facility and any undrawn portion of the Credit Facility shall be permanently cancelled and, for certainty, each Lender's Commitment shall be permanently reduced by the undrawn portion of such Commitment (subject to the provisions of Section 2.2(f) in the event of a Partial Extension). On and after the Term-Out Date, the Loan Limit shall, subject to Section 2.2(f), be deemed to be equal to the aggregate of the Lenders' respective Commitments as reduced from time to time in accordance with the provisions hereof.
- (e) All Loans shall be used for lawful general corporate purposes of the Borrower including the exploration, development and acquisition of P & NG Rights and related assets.
- (f) No Lender shall be responsible for the Commitment of any other Lender. The failure of a Lender to make available its share of any Loan in accordance with its obligations under this Agreement shall not release any other Lender from its obligations hereunder. Notwithstanding anything to the contrary in this Agreement, no Lender shall be obligated to make Loans in excess of its Commitment, and the Swing Line Lender shall not be obligated to make Syndicated Loans in excess of its Syndicated Commitment, or Swing Line Loans

in excess of its Swing Line Commitment. The obligation of each Lender to make its Commitment available to the Borrower is a separate obligation between that Lender and the Borrower and such obligation is not the joint or the joint and several obligation of any other Lender.

2.2 Extension of Revolving Period

- (a) The Borrower may, at its option, by delivering to the Agent an Extension Request, request the Lenders to extend the Revolving Period for an additional period of up to 364 days; provided that this request cannot be made more than 120 days or less than 90 days before the end of the then current Revolving Period and must be accompanied by payment by the Borrower to the Agent (for the account of the Lenders) of a renewal request fee (the "**Renewal Request Fee**") equal to **[the wording was intentionally removed due to confidentiality]** of the Total Commitment as at the date such Extension Request is delivered to the Agent. Any Extension Request which is delivered prior to 120 days before the end of the current Revolving Period or after 90 days before the end of the current Revolving Period, or which is not accompanied by the required Renewal Request Fee, shall not be effective and shall be deemed not to have been given to or received by the Agent or the Lenders for the purpose of this Section 2.2.
- (b) Subject to Section 2.2(a), promptly after receipt from the Borrower of an executed Extension Request (and payment of the Renewal Request Fee), the Agent shall deliver to each Lender a copy of such request, and each Lender shall, at least 45 days before the end of the then current Revolving Period (the "**Election Date**"), advise the Agent in writing (i) whether such Lender will agree to extend the Revolving Period, and (ii) if such Lender will agree to extend the Revolving Period, the amount, if any, by which such Lender is prepared to increase its Commitment in the event the Borrower proposes to assign the Commitment of a Non-Extending Lender (as defined below); provided that if any Lender fails to so advise the Agent by the Election Date, then such Lender shall be deemed to have advised the Agent that it will not agree to extend the Revolving Period. The Agent shall promptly notify the Borrower if any Lender advises that it will not agree to extend the Revolving Period. Subject to the provisions of Section 2.2(e), the Agent shall only extend the Revolving Period upon the agreement of the Lenders holding at least 75% of the Total Commitment at such time and such extension shall apply only to those Lenders which provided their consent to such extension (the "**Extending Lenders**"). The determination of each Lender whether or not to extend the Revolving Period shall be made by each individual Lender in its sole discretion.
- (c) As soon as all of the Lenders have advised, or are deemed to have advised, the Agent whether or not they will be extending the Revolving Period but in any event within five Banking Days after the Election Date, the Agent shall either:
 - (i) deliver to the Borrower (with a copy to each Lender) a written extension signed by the Agent; or

- (ii) notify the Borrower that the request for extension has been denied.

If the extension is approved by less than all of the Lenders, then the Agent shall also advise the Borrower of which Lenders did not agree to the requested extension (each, a "**Non-Extending Lender**"), each Non-Extending Lender's Pro Rata Share of the Loan Indebtedness then outstanding and the amount, if any, by which each Extending Lender is prepared to increase its Commitment in the event the Borrower proposes to assign the Commitment of a Non-Extending Lender.

- (d) Upon the delivery to the Borrower of a written extension, the Revolving Period shall be extended for up to 364 days as specified in such written extension.

- (e) If an Extension Request is approved but there are Non-Extending Lenders, then:

- (i) the Borrower may require any Non-Extending Lender to assign all of its rights, benefits and interests under the Loan Documents, its Commitment and all Loan Indebtedness then owing to such Non-Extending Lender (collectively, the "**Assigned Interests**") to (A) any Extending Lenders which have agreed to increase their Commitments and purchase Assigned Interests, and (B) to the extent the Assigned Interests are not transferred to Extending Lenders, other Persons selected by the Borrower and acceptable to the Agent, acting reasonably. Such assignments shall be effective upon execution of assignment agreements in substantially the form of Schedule G, upon payment to the relevant Non-Extending Lender (in immediately available funds) by the relevant assignee of an amount equal to its share of all Loan Indebtedness being assigned, and upon payment by the relevant assignee to the Agent (for the Agent's own account) of the assignment fee contemplated in Section 15.1(b). Upon such assignment and transfer, the Non-Extending Lender shall have no further right, interest or obligation in respect of the Credit Facility and the assignee thereof shall succeed to the position of such Lender as if the same was an original party hereto in the place and stead of such Non-Extending Lender; and

- (ii) to the extent that the Borrower has not caused any Non-Extending Lender to assign its rights and interests to an Extending Lender or other financial institution as provided in paragraph (i) above, the Borrower may, notwithstanding any other provision hereof, repay to such Non-Extending Lender all Loan Indebtedness then owing to such Non-Extending Lender, without making corresponding repayment to the Extending Lenders and, upon provision satisfactory to the relevant Non-Extending Lender (acting reasonably) being made for payment at maturity of all outstanding Bankers' Acceptances accepted by such Lender, the Borrower may cancel such Lender's Commitment. Upon completion of the foregoing, such Non-Extending Lender shall have no further right, interest, benefit or obligation in respect of the Credit Facility and the Total Commitment shall be reduced by the amount of such Lender's cancelled Commitment.

- (f) If an Extension Request is approved but all of the Commitments of the Non-Extending Lenders are not assigned or repaid in accordance with Section 2.2(e) (such extension is referred to herein as a "**Partial Extension**"), the remaining Commitments of the Non-Extending Lenders shall continue for the Term Period applicable to such Lenders but any undrawn portion of these Commitments shall be cancelled on the Term-Out Date applicable to such Lenders. Thereafter, any Drawdowns under the Credit Facility may only be obtained from the Extending Lenders in proportion to their Commitments and all applicable provisions of this Agreement shall be construed accordingly. Without limitation to the foregoing, in the event of any Partial Extension:
- (i) the Revolving Period (and the corresponding Term-Out Date and Maturity Date) will only be extended in respect of the Extending Lenders and the Term-Out Date and Maturity Date for the Non-Extending Lenders will remain unchanged;
 - (ii) the provisions herein relating to the Term Period shall apply separately to the Non-Extending Lenders as a group and to each other group of Lenders having a common Term Period (each such group being referred to herein as a "**Lender Group**") and, notwithstanding Section 6.1, the Quarterly Reductions payable to each Lender Group shall, subject to adjustment pursuant to Section 2.8(e), be equal to one-twentieth (1/20) of the Cdn. Equivalent of the aggregate Outstanding Principal owed to such Lender Group on the Term-Out Date pertaining to such Lender Group and shall be allocated among the Lenders in such Lender Group in accordance with their respective Commitments (and if the Swing Line Lender is part of that Lender Group, as provided for in Section 6.1(b)(i) with respect to its Syndicated Commitment and its Swing Line Commitment), and the provisions of Section 6.1 shall otherwise apply *mutatis mutandis*;
 - (iii) notwithstanding Section 6.1, if the Borrower makes a prepayment during the Revolving Period, such prepayment shall be deemed to have been made to the Extending Lenders only and shall not be applied in repayment of Outstanding Principal owed to Non-Extending Lenders unless the Agent is expressly directed in writing by the Borrower at the time of payment to allocate such payment specifically to the Non-Extending Lenders (if such allocation is made, the provisions of Section 6.1(b) shall apply provided that such prepayment shall be allocated to the Non-Extending Lenders in accordance with their respective Commitments (and if the Swing Line Lender is part of that Lender Group, as provided for in Section 6.1(b)(i) with respect to its Syndicated Commitment and its Swing Line Commitment) and the provisions of Section 6.1(b) shall otherwise apply *mutatis mutandis*;
 - (iv) any Non-Extending Lender shall be excluded from the provisions of this Section 2.2 with respect to any future extensions;

- (v) cancellations under Section 2.5 shall be only allocated among the Extending Lenders in accordance with their respective Commitments; and
- (vi) for so long as the Revolving Period exists concurrently with one or more Term Periods, the Loan Limit shall be deemed to be equal to the aggregate of the Commitments of the Extending Lenders and the Non-Extending Lenders and any reduction in the Loan Limit pursuant to Section 2.8 or Section 9.3(b) shall be allocated pro rata among the Extending Lenders and the Non-Extending Lenders in accordance with their respective Commitments and the provisions of Sections 2.8 and 9.3(b) shall otherwise apply *mutatis mutandis*.
- (g) This Section 2.2 shall apply from time to time to permit successive extensions to the Revolving Period prior to the Term-Out Date.

2.3 Drawdowns – Notices and Limitations

The Borrower may request Drawdowns only upon the following terms and conditions:

- (a) for Swing Line Loans, the Borrower may request a Drawdown (other than a Letter of Credit) by delivering a Notice of Drawdown to the Swing Line Lender on same day notice and in principal amounts of not less than Cdn. or U.S. \$10,000 as the case may be, and provided that if the Drawdown is made by overdraft no notice is required;
- (b) for Syndicated Loans, the Borrower may request a Drawdown (other than Letters of Credit) as follows:
 - (i) in the case of any Loan other than a LIBOR Loan, by delivering a Notice of Drawdown to the Agent before 10:00 a.m. (Calgary time) at least two Banking Days prior to the requested Drawdown Date ; and
 - (ii) in the case of a LIBOR Loan, by delivering a Notice of Drawdown to the Agent before 10:00 a.m. (Calgary time) at least three Banking Days prior to the requested Drawdown Date;
- (c) for Syndicated Loans, each Drawdown by the Borrower shall be requested and made available in minimum amounts of not less than:
 - (i) in the case of a Prime Loan or USBR Loan, Cdn. or U.S. \$1,000,000;
 - (ii) in the case of a LIBOR Loan, U.S. \$5,000,000 and in multiples of U.S. \$1,000,000 thereafter; and
 - (iii) in the case of a BA Issue, Cdn. \$5,000,000 and in multiples of Cdn. \$1,000,000 thereafter; and

- (d) Drawdowns may only be requested during the Revolving Period and will only be made available if all applicable conditions precedent referred to in Article 10 (other than Section 10.2(a) with respect to Swing Line Loans) are or will be satisfied on or before the requested Drawdown Date.

2.4 Rollovers and Conversions - Notices and Limitations

- (a) The Borrower may request Rollovers and Conversions only upon the following terms and conditions:
 - (i) the Borrower may request a Rollover or Conversion by delivering a Notice of Rollover/Conversion/Repayment with the same prior notice period that would apply if it was obtaining a Drawdown of the relevant type and amount of Loan;
 - (ii) the Borrower may request a Rollover or Conversion of only a part of a Loan; provided, however, that:
 - (A) each Loan resulting from such Rollover or Conversion is not less than the relevant Drawdown minimum specified in Section 2.3(c); and
 - (B) any portion of an existing LIBOR Loan or BA Issue which is not rolled over or converted shall be repaid in accordance with the provisions hereof;
 - (iii) a Rollover or Conversion of a LIBOR Loan may occur only on the last day of the relevant LIBOR Period for such LIBOR Loan (unless the Borrower pays the LIBOR breakage costs to the Lenders in accordance with Section 13.2); and
 - (iv) a Rollover or Conversion of a BA Issue may occur only on the maturity date for such BA Issue.
- (b) In anticipation of the expiry of each LIBOR Period for each LIBOR Loan, the Borrower shall do one or a combination of the following:
 - (i) request a Rollover of all or part of such LIBOR Loan in accordance with Section 2.4(a);
 - (ii) request a Conversion of all or part of such LIBOR Loan in accordance with Section 2.4(a); or
 - (iii) repay all or part of such LIBOR Loan before 10:00 a.m. on the last day of such LIBOR Period with notice in accordance with Section 6.3(a).

If and to the extent that the Borrower fails to so notify the Agent or so pay the relevant LIBOR Loan in accordance with the foregoing, the Borrower shall be

deemed to have requested a Conversion into a USBR Loan in an amount equal to that portion of the LIBOR Loan which is not rolled over, converted or repaid.

- (c) In anticipation of the maturity of any Bankers' Acceptances, the Borrower shall, subject to and in accordance with the requirements hereof, do one or a combination of the following with respect to the aggregate face amount at maturity of all such Bankers' Acceptances:
- (i) (A) request a Rollover of the maturing Bankers' Acceptances in accordance with Section 2.4(a) and (B) on the maturity date of the maturing Bankers' Acceptances, pay to the Agent for the account of the Lenders any amount that the Borrower is required to pay under Section 4.5(e);
 - (ii) (A) request a Conversion of the maturing Bankers' Acceptances to another type of Loan in accordance with Section 2.4(a) and (B) on the maturity date of the maturing Bankers' Acceptances pay to the Agent for the account of the Lenders an amount equal to the aggregate face amount of such Bankers' Acceptances; or
 - (iii) on the maturity date of the maturing Banker's' Acceptances, pay to the Agent for the account of the Lenders an amount equal to the aggregate face amount of such Bankers' Acceptances with notice in accordance with Section 6.3(a).

If and to the extent that the Borrower fails to so notify the Agent or so pay the relevant Bankers' Acceptances in accordance with the foregoing, the Borrower shall be deemed to have requested a Conversion into a Prime Loan in an amount equal to that portion of the BA Issue which is not rolled over, converted or repaid; provided that the Borrower shall pay interest on such Prime Loan for the three-day period following the maturity of the relevant Bankers' Acceptance at an annual rate equal to 115% of the Prime Rate. The Borrower acknowledges that such additional rate of interest is a genuine pre-estimate of the damages to the Lenders that would be caused by the aforesaid failure.

2.5 Optional Reduction of Credit Facility

The Borrower may, at its option, permanently reduce the Loan Limit during the Revolving Period by cancelling all or any part of the undrawn portion of the Credit Facility; provided that:

- (a) the Borrower shall provide the Agent with at least three Banking Days' prior written notice of any such cancellation;
- (b) each such cancellation shall be a minimum of Cdn. \$5,000,000 and in whole multiples of Cdn. \$1,000,000 thereafter;
- (c) any such cancellation shall be allocated among the Lenders in proportion to the respective Commitments of each Lender at the time of cancellation, and the

allocation of such cancellation to the Commitment of the Swing Line Lender shall be further allocated between the Swing Line Lender's Syndicated Commitment and the Swing Line Commitment and on a pro rata basis in accordance with the respective amounts of such commitments; and

- (d) any cancellation notice shall be irrevocable.

2.6 Loans - General

- (a) Loans shall be made in such currency and at the time and in the manner requested by the Borrower, subject to the limitations of this Agreement and upon fulfillment of all conditions precedent to the making of such Loans.
- (b) No Loans need be made except on a Banking Day.
- (c) All Loans by the Lenders (other than Swing Line Loans) and all payments by the Borrower hereunder (other than with respect to Swing Line Loans) shall be made at the Agent's Branch in immediately available freely transferable funds. The Borrower shall open and maintain the Borrower's Accounts (and, with respect to the Swing Line Loans, accounts with the Swing Line Lender) for the purpose of receiving Loans and making payments, repayments and prepayments under this Agreement.
- (d) The Agent shall open and maintain books of account evidencing all Syndicated Loans and all other amounts owing by the Borrower to the Lenders hereunder other than in respect of the Swing Line Loans, and the Swing Line Lender shall open and maintain books of accounts evidencing the Swing Line Loans and other amounts owing with respect thereto. The Agent and the Swing Line Lender shall enter in the foregoing books of accounts details of all applicable amounts from time to time owing, paid or repaid by the Borrower hereunder. The information entered in the foregoing books of accounts shall constitute *prima facie* evidence of the Loan Indebtedness owing from time to time by the Borrower to the Agent and the Lenders (including the Swing Line Lender) hereunder.

2.7 Loans: Inter-Lender Arrangements

- (a) Upon receipt by the Agent of a Drawdown/Conversion/Rollover Notice from the Borrower, the Agent shall promptly advise each Lender of the date, amount and other particulars with respect to such Drawdown, Conversion or Rollover and the amount of each Lender's Pro Rata Share thereof.
- (b) Subject to prior satisfaction of the applicable conditions precedent set forth in Article 10, each Lender shall remit its Pro Rata Share of each requested Loan to the applicable Agent's Accounts on the relevant Drawdown Date, Rollover Date or Conversion Date for same day value. The Agent shall make such funds available to the Borrower by crediting the Borrower's Accounts for same day value on the relevant Drawdown Date, Rollover Date or Conversion Date.

2.8 Borrowing Base

- (a) Annually, the Super Majority Lenders shall determine the borrowing base for the Credit Facility (the "**Borrowing Base**"), which shall be the lesser of:
- (i) 66.7% of the net present value of Proved Producing Reserves, as determined by the Super Majority Lenders based on the most recent Engineering Report delivered to the Agent pursuant to this Agreement and using the Super Majority Lenders' then current discount rates and projections of oil and gas prices, general and administrative expenses, interest rates, net after tax cash flow generated from the Borrowing Base Assets and other reasonable assumptions in accordance with their normal lending practices; and
 - (ii) the maximum amount of Outstanding Principal that could be supported by anticipated net cash flow from the Borrowing Base Assets by that point in time when 50% of the Borrowing Base Assets remain, as determined by the Super Majority Lenders based on the most recent Engineering Report delivered to the Agent pursuant to this Agreement and using the Super Majority Lenders' then current projections of oil and gas prices, general and administrative expenses, interest rates, net after tax cash flow generated from the Borrowing Base Assets and other reasonable assumptions in accordance with their normal lending practices and taking into account all amounts required to service other indebtedness.

As at the Effective Date, the Borrowing Base is Cdn. \$225,000,000 or the U.S. Equivalent. For clarity, the annual determination of the Borrowing Base pursuant to this Section 2.8(a) next following the Effective Date shall be made following the delivery of the Engineering Report required to be delivered by the Borrower to the Agent pursuant to Section 9.2(d) within 60 days following December 31, 2004.

- (b) After each determination of the Borrowing Base, the Super Majority Lenders, in their discretion, may elect to reduce the Loan Limit to an amount not less than the most recent determination of the Borrowing Base. Each such reduction shall be promptly communicated to the Agent and shall be effective upon the Agent's delivery of such notice of such reduction to the Borrower (subject to Section 2.8(d)).
- (c) In addition to annual determinations of the Borrowing Base pursuant to Section 2.8(a), the Super Majority Lenders shall have the right, on a one time basis, to request at any time an Engineering Report, which shall be prepared at the sole expense of the Borrower, to redetermine the Borrowing Base (for certainty, any Engineering Report provided pursuant to Section 9.2(d) and any Disposition Supplement provided pursuant to Section 9.3(b) shall be deemed not to constitute the exercise of, or otherwise relate to, such one time right). If such determination results in a Borrowing Base that is less than the then current Loan Limit, the

Super Majority Lenders, in their discretion, may elect to reduce the Loan Limit to an amount not less than the such redetermined Borrowing Base. Such reduction shall be promptly communicated to the Agent and shall become effective upon the Agent delivering notice of the aforesaid reduction to the Borrower (subject to Section 2.8(d)).

- (d) Within 90 days of its receipt of a notice delivered pursuant to Section 2.8(b) or Section 2.8(c) (45 days if the redetermined Borrowing Base is less than 90% of the Borrowing Base immediately prior to such redetermination), the Borrower shall repay any amount required to reduce the Outstanding Principal to an amount not exceeding the reduced Loan Limit and the Lenders shall have no obligation to make any further Drawdowns during this 90 day or 45 day period, as applicable, until any required payment had been made.
- (e) Prior to the commencement of the Term Period and annually thereafter during the Term, based on the Borrowing Base Assets as evaluated in the most recent Engineering Report delivered pursuant to Section 9.2(d), the Super Majority Lenders shall determine or redetermine, as applicable, the Production Payout Date and, for the purpose of such determination, the Super Majority Lenders shall apply their then standard assumptions and procedures regarding reserves, production and prices. If, in respect of any such determination or redetermination, the new Production Payout Date is prior to the Maturity Date, the Super Majority Lenders, in their discretion, may revise the amount of the Quarterly Reductions in such manner as they determine desirable and consistent with projected annual cash flows to be generated from the Borrowing Base Assets to ensure complete repayment of the Outstanding Principal prior to the new Production Payout Date. Each such revision shall be promptly communicated to the Borrower by the Agent on behalf of the Super Majority Lenders and shall become effective upon the next Quarterly Reduction Date following the Agent's delivery of notice of the aforesaid revision to the Borrower.
- (f) The Borrower, at the request of the Agent, shall execute such documents and instruments as the Agent requests to give effect to any reductions or revisions made pursuant to this Section 2.8. The Borrower shall pay all reasonable costs and expenses (including reasonable legal and registration fees) relating to the preparation and registration of such documents and instruments.
- (g) Each reduction of the Loan Limit under this Section 2.8 or under Section 9.3(b) shall:
 - (i) be allocated among the Lenders in proportion to the respective Commitments of each Lender at the time of such reduction, and the allocation of such reduction to the Commitment of the Swing Line Lender shall be further allocated between the Swing Line Lender's Syndicated Commitment and its Swing Line Commitment on a pro rata basis in accordance with the respect amounts of such Commitments; and

- (ii) be permanent unless all of the Lenders consent otherwise.

2.9 Swing Line Loans

- (a) Notwithstanding the provisions of this Agreement which contemplate the making of Loans by all Lenders on a Pro Rata Basis, but subject to the conditions set out in Article 10 other than Section 10.2(a), the Borrower may obtain Loans by way of Swing Line Loans provided that: (i) the Outstanding Principal of all Swing Line Loans plus the Outstanding Principal of all Syndicated Loans will not exceed the Loan Limit; (ii) the aggregate amount of all Swing Line Loans will not exceed the Swing Line Commitment. Swing Line Loans (other than LC Issues and TC Issues) require a Notice of Drawdown to be delivered to the Swing Line Lender in accordance with Section 2.3. Notwithstanding any of the provisions of this Agreement which contemplate the making of payments to the Agent for the account of the Lenders (other than Section 6.1), the Borrower shall repay directly to the Swing Line Lenders all payments due to the Swing Line Lender hereunder.
- (b) The Swing Line Lender, at any time (whether during the Revolving Period or the Term Period) in its sole and absolute discretion, may (and upon the Swing Line Loans being outstanding in an aggregate amount of at least Cdn. \$7,500,000 for 30 days or upon the Swing Line Lender being so requested by the Borrower in writing, the Swing Line Lender will) give notice to the Agent requesting conversion of Swing Line Loans (other than LC Loans or TC Loans) into Syndicated Loans and the Agent will promptly notify each Lender and request each Lender to make a Syndicated Loan in the form of a Prime Loan (or another type of Syndicated Loan if requested by the Borrower in accordance with Section 2.3) in an aggregate amount equal to its Pro Rata Share of the aggregate unpaid principal amount of any outstanding Swing Line Loans (other than LC Loans or TC Loans) for the purpose of refinancing such Swing Line Loans (in this Section called a "**Refinancing Advance**"). Upon the giving of such notice by the Agent to each Lender, each Lender will promptly remit to the Agent for the account of the Swing Line Lender such Refinancing Advance in accordance with the notice requirements in Section 2.3(b) and otherwise in the manner set out in Article 14. In addition, the Swing Line Lender, at any time (whether during the Revolving Period or the Term Period) in its sole and absolute discretion, may (and upon Swing Line Lender being so requested by the Borrower in writing, the Swing Lender will) give notice to the Agent requesting conversion of Letters of Credit outstanding as Swing Line Loans (which notice will include details of each Letter of Credit outstanding as a Swing Line Loan (each, a "**SLLC**")) and the Agent will promptly notify each Lender and advise each Lender of the details of each SLLC. Upon the giving of such notice by the Agent to each Lender each SLLC shall be deemed to be converted into a Syndicated Loan in the form of an LC Issue (for certainty, the SLLC shall be deemed to constitute such LC Issue and no new Letter of Credit shall be issued for such purpose) and, for such purpose, shall be deemed to be a Letter of Credit issued by the Issuing Bank as fronting bank hereunder.

- (c) The proceeds of the Refinancing Advances will be paid to the Swing Line Lender (and not to the Borrower) and applied to the payment of principal of the outstanding Swing Line Loans (other than LC Loans or TC Loans). If and to the extent any Lender does not make its Refinancing Advance, such unpaid amount will be deemed an unpaid portion of a Loan made by the Agent but not paid by such Lender, and will be governed by Section 14.2(c). Each Lender's obligation to make Refinancing Advances is, and the conversion of SLLC's into Syndicated Loans in the form of LC Issues and each Lender's obligation with respect thereto are, absolute and unconditional and will not be affected by any circumstances, including, without limitation:
 - (i) any set off, counterclaim, recoupement, defence or other right which such Lender may have against the Agent, Borrower or anyone else for any reason whatsoever;
 - (ii) the occurrence or continuance of a Default or Event of Default;
 - (iii) any adverse change in the condition (financial or otherwise) of the Borrower;
 - (iv) any breach of this Agreement by the Borrower, Agent or any Lender; or
 - (v) any other circumstance, happening or event whatsoever, whether or not similar to any of the foregoing.
- (d) With respect to each SLLC converted into a Syndicated Loan in the form of an LC Issue pursuant to Section 2.9(b):
 - (i) the Borrower shall pay to the Issuing Bank the required fronting bank fee in accordance with Section 5.1;
 - (ii) for certainty, the provisions of Article 5 with respect to Letters of Credit issued by the Issuing Bank as fronting bank hereunder shall be deemed to apply to such SLLC; and
 - (iii) the Swing Line Lender shall promptly remit to the Agent, for the account of the Syndicated Lenders on a Pro Rata Basis, that portion of the LC Fee received by the Swing Line Lender upon issuance of the SLLC which is applicable to the remaining term of the SLLC.
- (e) Notwithstanding the provisions of Section 2.9(b), (c) and (d), if and to the extent that any Refinancing Advances and/or conversions of SLLC's into Syndicated Loans in the form of LC Issues would result in the Outstanding Principal under the Syndicated Loans exceeding the Total Syndicated Commitment, the amounts of the Refinancing Advances required to be made by the Syndicated Lenders and/or amounts of SLLC's to be converted into Syndicated Loans shall be reduced accordingly such that the Outstanding Principal under the Syndicated Loans does not exceed the Total Syndicated Commitment, and such reduction shall be

allocated among the Syndicated Lenders with respect to their obligations relating to the Refinancing Advances and conversions of SLLC's to a Syndicated Loans on a Pro Rata Basis.

- (f) Notwithstanding that any Lender may assign its rights and obligations hereunder, the obligations in this Section 2.9 shall continue as obligations of the Persons who were Lenders at the time each such Swing Line Loan was made, unless the Swing Line Lender specifically releases such Lender from such obligations in writing.

2.10 Takeover Notification

- (a) In the event the Borrower wishes to utilize Drawdowns under the Credit Facility to make a take-over bid (as defined under applicable securities laws) which is unsolicited (a "**Takeover**"), then either:
 - (i) the Borrower shall provide to the Agent evidence satisfactory to the Agent (acting reasonably) of the agreement of the board of directors or its equivalent of the person that is the target of the Takeover approving the Takeover; or
 - (ii) the following steps shall be followed:
 - (A) at least seven Banking Days prior to the delivery of any notice to the Agent pursuant to Section 2.3 requesting Drawdowns intended to be utilized for such Takeover, the chief financial officer of the Borrower shall advise the Agent of the particulars of such Takeover in sufficient detail to enable each Lender to determine whether it has a conflict of interest if Drawdowns from such Lender are utilized by the Borrower for such Takeover, and the Agent shall promptly ensure that a Vice President of each Lender (or such other senior officer of such Lender as may be designated by such Lender to the Agent from time to time) is advised of such information; and
 - (B) within five Banking Days of being so advised:
 - (1) if a Lender shall not have notified the Borrower and the Agent that an actual conflict of interest exists (such determination to be made by each Lender in the exercise of its sole discretion having regard to such considerations as it deems appropriate), such Lender shall be deemed to have no such actual conflict of interest; or
 - (2) if a Lender has notified the Borrower and the Agent within such period of five Banking Days that such an actual conflict of interest exists, then upon the Borrower and the Agent being so notified, such Lender shall have no obligation to provide Drawdowns to finance such Takeover

notwithstanding any other provision of this Agreement to the contrary.

- (b) If any notification has been made by a Lender pursuant to Section 2.10(a)(ii)(B)(2), then, except as provided in Section 2.10(c) below, Pro Rata Shares of any Drawdowns made to finance the Takeover in respect of which such notice was given shall be determined without reference to the Commitments of such Lender; any such notification by a given Lender shall not relieve any other Lender of any of its obligations hereunder, provided that, for certainty, no Lender shall be obligated by this Section to make or provide Drawdowns in excess of its Commitment.
- (c) If the conflict of interest giving rise to a notification under Section 2.10(a)(ii)(B)(2) ceases to exist (whether by successful completion of the Takeover or otherwise), then the Lender giving such notification shall, on the next Rollover or Conversion of or, in the case of a Prime Loan or a USBR Loan, the next Interest Payment Date for, the Loans made to finance the relevant Takeover, purchase, and the other Lenders shall on a rateable basis sell and assign to such Lender, portions of such Advances equal in total to the notifying Lender's Pro Rata Share thereof without regard to Sections 2.10(a) and 2.10(b).

ARTICLE 3 **INTEREST AND FEES**

3.1 Interest on Prime Loans

The Borrower shall pay interest on its Prime Loans outstanding from time to time at a rate per annum equal to the aggregate of the Prime Rate and the Applicable Pricing Margin in effect from time to time. Such interest shall be calculated on the principal amount of each Prime Loan and on the basis of the actual number of days each such Prime Loan is outstanding in a year of 365 days or 366 days in a leap year. Such interest shall be payable monthly in arrears on each Interest Payment Date for such Prime Loan. Changes in the Prime Rate shall cause an immediate adjustment of the interest rate applicable to each Prime Loan without the necessity of any notice to the Borrower.

3.2 Interest on USBR Loans

The Borrower shall pay interest on its USBR Loans outstanding from time to time at a rate per annum equal to the aggregate of the USBR and the Applicable Pricing Margin in effect from time to time. Such interest shall be calculated on the principal amount of each USBR Loan and on the basis of the actual number of days each such USBR Loan is outstanding in a year of 365 days or 366 days in a leap year. Such interest shall be payable monthly in arrears on each Interest Payment Date for such USBR Loan. Changes in the USBR shall cause an immediate adjustment of the interest rate applicable to each USBR Loan without the necessity of any notice to the Borrower.

3.3 Interest on LIBOR Loans

The Borrower shall pay interest on its LIBOR Loans outstanding from time to time at a rate per annum equal to the aggregate of the LIBOR for each LIBOR Period and the Applicable Pricing Margin in effect from time to time. Such interest shall accrue daily on the principal amount of each LIBOR Loan outstanding during each such LIBOR Period and on the basis of the actual number of days each such LIBOR Loan is outstanding in a year of 360 days. Such interest shall be payable in arrears on each Interest Payment Date for such LIBOR Loan.

3.4 Payment of BA Stamping Fees

Upon acceptance of a Bankers' Acceptance by a Lender, the Borrower shall pay to such Lender, by way of set-off in accordance with Section 4.2, a fee (the "**BA Stamping Fee**") payable in Cdn. Dollars and calculated on the face amount of each Bankers' Acceptance accepted by each Lender at the rate per annum equal to the Applicable Pricing Margin, computed on the basis of the number of days to but excluding the maturity date of such Bankers' Acceptance and a year of 365 days or 366 days in a leap year.

3.5 Standby Fees

- (a) The Borrower shall pay to the Agent for the account of each Lender, (i) for the account of each Syndicated Lender, a standby fee in Cdn. Dollars calculated on the amount, if any, by which the amount of the Outstanding Principal of Syndicated Loans owed to such Lender under the Credit Facility for each day in the Revolving Period is less than such Lender's Syndicated Commitment, and (ii) for the account of the Swing Line Lender, a standby fee in Cdn. Dollars calculated on the amount, if any, by which the amount of Outstanding Principal of the Swing Line Loans for each day of the Revolving Period is less than the Swing Line Commitment, in each case at the rate per annum equal to the Applicable Pricing Margin and computed on the basis of the number of days in the relevant period of determination. For the purposes of calculating these standby fees payable to a Syndicated Lender, (i) the Outstanding Principal of Syndicated Loans owed to a Syndicated Lender shall be deemed to include its Pro Rata Share of all outstanding and undrawn Letters of Credit issued by the Issuing Bank as fronting bank hereunder (including Letters of Credit issued by the Swing Line Lender that have been converted into Syndicated Loans pursuant to Section 2.9(b)), and (ii) the Outstanding Principal of the Swing Line Loans shall be deemed to include all outstanding Tender Cheques and all outstanding Letters of Credit issued by the Swing Line Lender other than Letters of Credit that have been converted to Syndicated Loans pursuant to Section 2.9(b). Fees determined in accordance with this Section shall accrue daily from and after the date hereof and be payable by the Borrower in accordance with Section 3.5(b), until the earlier of cancellation in full of the undrawn portion of the Credit Facility and the last day of the Revolving Period.

- (b) The standby fees referred to in Section 3.5(a) shall accrue daily and shall be payable quarterly in arrears on the third Banking Day following the end of each Fiscal Quarter.
- (c) In order to calculate the daily Outstanding Principal, the Agent shall convert any Loans in U.S. Dollars into the Cdn. Equivalent thereof (based on the simple average of the monthly average spot rate of exchange quoted by Bank of Canada for each of the months in the previous Fiscal Quarter).

3.6 Agent's Fees

The Borrower shall pay to the Agent, for its own account, the fees required to be paid by the Borrower to the Agent pursuant to the Agency Agreement. Any unpaid fees under the Agency Agreement shall be deemed to form part of the Loan Indebtedness.

3.7 Interest on Overdue Amounts

To the maximum extent permitted by law, the Borrower shall pay interest on all overdue amounts owing by the Borrower hereunder (including, without limitation, any overdue interest payments) from the date each such amount is due until the date each such amount is paid in full. Such interest shall be calculated daily, compounded monthly and payable on demand of the Agent at a rate per annum equal to the aggregate of the Prime Rate plus **[the wording was intentionally removed due to confidentiality]** per annum.

3.8 General Interest Provisions

- (a) In the event of any dispute, disagreement or adjudication involving or pertaining to the determination of the Prime Rate, USBR, LIBOR, CDOR Rate or Federal Funds Rate in effect at any time, the certificate of the Agent as to such rate shall be accepted as *prima facie* evidence thereof for all purposes of this Agreement.
- (b) Each determination by the Agent of the amount of interest, fees or other amounts due from the Borrower hereunder shall be *prima facie* evidence of the accuracy of such determination.
- (c) All interest, fees and other amounts payable by the Borrower hereunder shall accrue daily, be computed as described herein, and be payable both before and after demand, maturity, default and judgment.
- (d) To the maximum extent permitted by law, the covenant of the Borrower to pay interest at the rates provided herein shall not merge in any judgment relating to any obligation of the Borrower to the Lenders.
- (e) In no event shall any interest, fees or other amounts payable hereunder exceed the maximum rate permitted by law. If any such interest or fee exceeds such maximum rate, such interest or fee shall be reduced to the maximum rate recoverable under law assuming that the parties had agreed to such amount by contract.

- (f) For the purposes of the *Interest Act* (Canada):
 - (i) the annual rate of interest which is equivalent to the interest rate determined by reference to LIBOR hereunder shall be the determined rate multiplied by a fraction, the numerator of which is the total number of days in such year and the denominator of which is 360;
 - (ii) the principle of deemed reinvestment of interest shall not apply to any interest calculation under this Agreement;
 - (iii) the rates of interest specified in this Agreement are intended to be nominal rates and not effective rates; and
 - (iv) unless otherwise stated, the rates of interest specified in this Agreement are to be calculated on the basis of a calendar year of 365 days.

ARTICLE 4 **BANKERS' ACCEPTANCES**

4.1 Form of Bankers' Acceptances

- (a) Each bankers' acceptance draft to be tendered by the Borrower for acceptance by a Lender will be drawn on a form acceptable to such accepting Lender.
- (b) The face amount of any Bankers' Acceptance shall be Cdn. \$100,000 or any integral multiple thereof. If the face amount of a Bankers' Acceptance which would otherwise be accepted by a Lender would not be Cdn. \$100,000 or an integral multiple thereof, such face amount shall be increased or decreased by the Agent in its sole discretion to Cdn. \$100,000 or the nearest integral multiple of that amount, as appropriate; provided that the aggregate face amount of the Bankers' Acceptances to be accepted by a Lender shall not exceed such Lender's Syndicated Commitment in effect on such date.
- (c) The term to maturity of each draft drawn by the Borrower to be accepted as a Bankers' Acceptance shall, subject to market availability as determined by the Lenders, be the BA Period selected by the Borrower in the relevant Notice of Drawdown or Notice of Rollover/Conversion/Repayment, and each Bankers' Acceptance shall be payable and mature on the last day of the BA Period selected by the Borrower for such Bankers' Acceptance.

4.2 Purchase of Bankers' Acceptances

Each Lender, other than a Non-BA Lender, hereby agrees to purchase, or arrange for purchase of, at the BA Discount Rate, each Bankers' Acceptance accepted by it and to provide to the Agent for the account of the Borrower for value on the date of purchase of such Bankers' Acceptance, by transfer to the Agent's Accounts, the BA Discount Proceeds for such Bankers' Acceptance less the BA Stamping Fee for such Bankers' Acceptance.

4.3 Depository Bills and Notes Act

If and for so long as the power of attorney referred to in Section 4.4(a) is in force with respect to each of the Lenders, it is intended that pursuant to the DBNA, all Bankers' Acceptances accepted by the Lenders (other than Old System Issuers) under this Agreement will be issued in the form of a "**depository bill**" (as defined in the DBNA), deposited with a "**clearing house**" (as defined in the DBNA including, without limitation, The Canadian Depository for Securities Ltd. or its nominee CDS & Co.). In order to give effect to the foregoing, the Agent will, subject to the approval of the Borrower and the Majority Lenders, establish and notify the Borrower and the Lenders of any additional procedures, consistent with the terms of this Agreement and the DBNA, as are reasonably necessary to accomplish such intention, including:

- (a) any instrument held by the Agent for the purposes of Bankers' Acceptances will have marked prominently and legibly on its face and within its text, at or before the time of issue, the words "This is a depository bill subject to the *Depository Bills and Notes Act* (Canada)";
- (b) any reference to the authentication of the Bankers' Acceptance will be removed; and
- (c) any reference to the "**bearer**" will be removed and such Bankers' Acceptances will not be marked with any words prohibiting negotiation, transfer or assignment of it or of an interest in it.

4.4 Terms of Acceptance by Lenders

- (a) **Power of Attorney.** The Borrower hereby appoints each Lender, acting by any authorized signatory of such Lender, the attorney of the undersigned:
 - (i) to execute, for and on behalf and in the name of the Borrower as drawer, and to endorse on its behalf, drafts in such Lender's standard form which constitute depository bills for the purpose of the DBNA (in the case of Lenders other than Old System Issuers and Non-BA Lenders), bills of exchange for the purpose of the *Bills of Exchange Act* (Canada) (in the case of Old System Issuers) and Discount Notes (in the case of Non-BA Lenders);
 - (ii) to complete the amount, date and maturity date of such Bankers' Acceptances (or Discount Notes as applicable); and
 - (iii) to deposit such Bankers' Acceptances which have been accepted by the Lender with a clearing house (as defined in the DBNA);

provided that such acts in each case are to be undertaken by such Lender strictly in accordance with instructions given to such Lender by the Borrower as provided in this Section 4.4(a). For certainty, signatures of any authorized signatory of such Lender may be mechanically reproduced in facsimile on Bankers'

Acceptances (or Discount Notes as applicable) issued in accordance with Section 4.5 and such facsimile signatures will be binding and effective as if they had been manually executed by such authorized signatory of such Lender. Instructions from the Borrower to such Lender relating to the execution, completion, endorsement, discount and/or delivery by such Lender on behalf of the Borrower of Bankers' Acceptances (or Discount Notes as applicable) will be communicated by delivery to the Agent of a Notice of Drawdown or Notice of Rollover/Conversion/Repayment. This power of attorney may be withdrawn by the Borrower providing each Lender with two days written notice of such withdrawal.

(b) **Delivery and Payment.**

(i) If the Borrower has withdrawn the power of attorney pursuant to Section 4.4(a), the Borrower will pre-sign and deliver to each Lender bankers' acceptance drafts (or Discount Notes as applicable) in sufficient quantity to meet the Borrower's requirements for anticipated Loans by way of Bankers' Acceptances.

(ii) The Borrower waives presentment for payment and any defence to payment of any Bankers' Acceptances and the Borrower will not claim any days of grace for the payment at maturity of any Bankers' Acceptances.

(iii) Any amount owing by the Borrower in respect of any Bankers' Acceptance which is not paid in accordance with the foregoing, will, as and from its maturity date, be deemed to be outstanding hereunder as a Prime Loan.

(c) **No Liability.** The Lenders will not be liable for any damage, loss or improper use of any bankers' acceptance draft or promissory note endorsed in blank except for any loss arising by reason of a Lender failing to use the same standard of care in the custody of such bankers' acceptance drafts or promissory notes as each such Lender uses in the custody of its own property of a similar nature.

4.5 Mechanics of Issuance

(a) By 10:00 a.m. (Calgary time) on the applicable Drawdown Date, Conversion Date or Rollover Date involving a BA Issue, the Borrower shall be deemed to have authorized each Lender, other than any Lender that is a Non-BA Lender, to sign on behalf of the Borrower (if the power of attorney referred to in Section 4.4(a) remains in force with respect to such Lender), complete and accept, drafts drawn by the Borrower on such Lender in a principal amount at maturity equal to such Lender's Pro Rata Share (as adjusted pursuant to Sections 4.1(b) and 4.5(b)) of the aggregate amount of the Bankers' Acceptances specified by the Borrower in the relevant Notice of Drawdown or Notice of Rollover/Conversion/Repayment, as notified to the Lenders by the Agent.

- (b) Upon receipt by the Agent of a Notice of Drawdown or Notice of Rollover/Conversion/Repayment from the Borrower requesting a BA Issue, the Agent shall promptly notify the Lenders thereof and advise each Lender of the aggregate face amount of Bankers' Acceptances to be accepted by such Lender, the date of issue, the BA Period for such BA Issue and the BA Discount Proceeds and BA Stamping Fee in respect of the Bankers' Acceptances to be accepted by such Lender. The allocation among the Lenders of the face amounts of Bankers' Acceptances to be accepted by each Lender shall be determined by the Agent on a Pro Rata Basis; provided that, when such allocation cannot be evenly made, such allocation shall be rounded by the Agent in its discretion in accordance with its normal money market practices.
- (c) On each Drawdown Date, Rollover Date or Conversion Date involving a BA Issue, each Lender, other than any Lender that is a Non-BA Lender, shall complete and accept, in accordance with the Notice of Drawdown or Notice of Rollover/Conversion/Repayment delivered by the Borrower and advised by the Agent in connection with such issue, its Pro Rata Share (as adjusted pursuant to Sections 4.1(b) and 4.5(b)) of the Bankers' Acceptances to be issued on such date and shall purchase such Bankers' Acceptances for its own account at a purchase price which reflects the BA Discount Rate applicable to such issue.
- (d) On each Drawdown Date involving the issuance of Bankers' Acceptances, each Lender shall, for same day value on the Drawdown Date, remit the BA Discount Proceeds payable by such Lender (net of the BA Stamping Fee payable to such Lender pursuant to Section 3.4) to the Agent for the account of the Borrower; and the Agent shall credit such funds to the Borrower's Accounts for same day value on such date.
- (e) In respect of any Rollover of Bankers' Acceptances, in order to satisfy the continuing liability of the Borrower to a Lender for the face amount of maturing Bankers' Acceptances accepted by such Lender, such Lender shall receive and retain for its own account the BA Discount Proceeds of new Bankers' Acceptances issued on such Rollover, and the Borrower shall on the maturity date of the Bankers' Acceptances being rolled over pay to the Agent for the account of such Lender an amount equal to the difference between the face amount of the maturing Bankers' Acceptances and the BA Discount Proceeds from the new Bankers' Acceptances, together with the BA Stamping Fee payable to such Lender pursuant to Section 3.4.
- (f) In respect of any Conversion into Bankers' Acceptances, in order to satisfy the continuing liability of the Borrower to the Lenders for the amount of the converted Loan, each Lender shall receive and retain for its own account the BA Discount Proceeds of the Bankers' Acceptances issued upon such Conversion, and the Borrower shall on the Conversion Date pay to the Agent for the account of the Lenders an amount equal to the difference between the principal amount of the converted Loan and the aggregate BA Discount Proceeds from the Bankers'

Acceptances issued on such Conversion, together with the BA Stamping Fee payable to the Lenders pursuant to Section 3.4.

- (g) Each Lender may at any time and from time to time hold, sell, rediscount or otherwise dispose of any or all Bankers' Acceptances accepted and purchased by it for its own account.

4.6 BA Equivalent Loans

Notwithstanding the other provisions of this Article 4, a Non-BA Lender shall, in lieu of accepting and purchasing Bankers' Acceptances, make a BA Equivalent Loan. The amount of each BA Equivalent Loan shall be equal to the BA Discount Proceeds which would be realized from a hypothetical sale of those Bankers' Acceptances to such Non-BA Lender which such Lender would otherwise be required to accept and purchase as part of such a BA Issue. To determine the amount of such BA Discount Proceeds, the hypothetical sale shall be deemed to take place at the BA Discount Rate and using the BA Period for such BA Issue. Any BA Equivalent Loan shall be made on the relevant Drawdown Date, Conversion Date or Rollover Date, as the case may be, and shall remain outstanding for the term of the relevant Drawdown of, Conversion into or Rollover of Bankers' Acceptances issued concurrently therewith. Concurrently with the making of a BA Equivalent Loan, a Non-BA Lender shall be entitled to deduct therefrom an amount equal to the BA Stamping Fee which such Lender would otherwise be entitled to receive pursuant to Section 3.4 as part of such BA Issue if such Lender was accepting Bankers' Acceptances, based on the amount payable on the maturity date of such BA Equivalent Loan. Upon the maturity date for such Bankers' Acceptances, the Borrower shall pay to each Non-BA Lender the face amount of its BA Equivalent Loan plus interest calculated at the BA Discount Rate. All references in this Agreement to "**Loans**", "**Bankers' Acceptances**" and "**BA Issue**" shall, unless otherwise expressly provided herein or unless the context otherwise requires, be deemed to include BA Equivalent Loans made by a Non-BA Lender as part of a Drawdown of, Conversion into or Rollover of Bankers' Acceptances. Each such Loan shall be evidenced by a Discount Note executed by the Borrower.

ARTICLE 5 **LETTERS OF CREDIT AND TENDER CHEQUES**

5.1 LC Fees

Upon the issuance of each Letter of Credit, the Borrower shall pay to the Issuing Bank the LC Fee plus, unless the Letter of Credit is issued as a Swing Line Loan, a fronting bank fee. No fronting bank fee shall be payable in respect of a Letter of Credit issued as a Swing Line Loan unless and until such Letter of Credit is converted into a Syndicated Loan pursuant to Section 2.9(b), at which time a fronting bank fee shall be paid by the Borrower not later than one Banking Day following the date of such conversion (provided that the Issuing Bank may require such payment at the time of and as a condition of such conversion). The LC Fee shall be calculated on the basis of the Applicable Pricing Margin, the stated maximum amount of each Letter of Credit and the actual number of days in the term of each Letter of Credit; provided that the minimum LC Fee shall be Cdn. \$200 per Letter of Credit. The fronting bank fee shall be calculated on the basis of a rate of [the wording was intentionally removed due to

confidentiality] per annum, the stated maximum amount of each Letter of Credit and (i) in the case of a Letter of Credit not originally issued as a Swing Line Loan, the actual number of days in the term of each Letter of Credit, and (ii) in the case of a Letter of Credit which has been converted into a Syndicated Loan pursuant to Section 2.9(b), the actual number of days remaining in the term of the Letter of Credit calculated from the date of such conversion. The LC Fee shall be for the account of the Lenders and the fronting bank fee shall be for the sole account of the Issuing Bank. Such fees shall, except as hereinbefore provided in this Section, be payable at the time of issuance of each Letter of Credit.

5.2 TC Fee

Upon the issuance of each Tender Cheque, the Borrower shall pay the Swing Line Lender the TC Fee. The TC Fee shall be calculated on the basis of the Applicable Margin, the face amount of the Tender Cheque and the number of days calculated from the date of issue of the Tender Cheque until the Tender Cheque is returned and cancelled or cashed; provided that the minimum TC Cheque shall be \$200 per Tender Cheque. The TC shall be for the sole account of the Swing Lender. The TC Fee shall be payable at the time of the issuance of the Tender Cheque.

5.3 Procedures and Limitations

The following provisions shall apply to LC Issues and TC Issues:

- (a) any request by the Borrower for the issuance of a Letter of Credit shall be given to both the Issuing Bank and the Agent, except for a request for the issuance of a Letter of Credit as a Swing Line Loan, which request need only be given to the Swing Line Lender;
- (b) any request by the Borrower for a Tender Cheque shall be given to the Swing Line Lender;
- (c) unless issued as a Swing Line Loan (in which case Section 2.9 shall apply), each Letter of Credit shall be issued by the Issuing Bank as fronting bank on behalf of the Lenders;
- (d) each Letter of Credit shall expire not later than the Maturity Date and shall otherwise be in a form satisfactory to the Issuing Bank;
- (e) the Issuing Bank and the Swing Line Lender shall have no obligation to issue a Letter of Credit or Tender Cheque (as applicable) until the Borrower has executed and delivered to the Issuing Bank or Swing Line Lender (as applicable) such ancillary documents, including applications and indemnities, as the Issuing Bank or Swing Line Lender (as applicable) normally requires for similar transactions at least two Banking Days prior to the date of issuance;
- (f) the aggregate face amount of all outstanding and undrawn Letters of Credit shall at no time exceed Cdn. \$5,000,000 or the U.S. Equivalent thereof;

- (g) the aggregate face amount of all outstanding and uncashed Tender Cheques shall not exceed Cdn. \$2,000,000;
- (h) except as provided in Sections 5.4(b) and (c), the Borrower may not effect a Conversion of a Letter of Credit or a Tender Cheque; and
- (i) the Borrower shall immediately reimburse the Issuing Bank or the Swing Line Lender (as applicable) for any amounts drawn on a Letter of Credit or a Tender Cheque; provided that if such reimbursement fails to occur, the provisions of Section 5.4 shall apply.

5.4 Indemnification by Lenders

- (a) The Lenders hereby agree to indemnify the Issuing Bank, on a Pro Rata Basis, from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever which may be imposed on, incurred by or asserted against the Issuing Bank in respect of any Letter of Credit issued by the Issuing Bank as fronting bank hereunder, except for any harm or losses caused by the Issuing Bank's gross negligence or wilful misconduct.
- (b) Notwithstanding anything to the contrary herein contained, to the extent that the Issuing Bank makes any payment under any Letter of Credit issued by it as fronting bank hereunder and is not reimbursed by the Borrower, the Issuing Bank shall promptly notify the Agent who shall promptly provide a copy of such notice to the Lenders and, effective on the day of notice to that effect to the other Lenders from the Agent, the Borrower shall be deemed to have effected a Conversion of such Letter of Credit into: (i) a Prime Loan (in the case of a Letter of Credit denominated in Cdn. Dollars); or (ii) a USBR Loan (in the case of a Letter of Credit denominated in U.S. Dollars), in each case to the extent of the payment of the Issuing Bank thereunder; and on the day of receipt of such notice, the other Lenders shall disburse to the Agent for the account of the Issuing Bank their Pro Rata Share(s) of such Prime Loan or USBR Loan, as applicable. If a Lender fails to disburse its Pro Rata Share of any amount under this Section 5.4(b) then any distributions or payments payable to such Lender (including any distribution or payment with respect to the Borrower upon any enforcement or realization proceedings or any bankruptcy, winding-up, liquidation, arrangement, compromise or composition in respect of the Loan Indebtedness) shall be re-allocated until the amounts owed by the Borrower are outstanding to each Lender in accordance with its Pro Rata Share.
- (c) Notwithstanding anything to the contrary herein contained, to the extent that the Swing Line Lender makes any payment under a Letter of Credit not issued by it as a fronting bank hereunder or under a Tender Cheque, and is not reimbursed by the Borrower, the Borrower shall be deemed to have effected a Conversion of such Letter of Credit or Tender Cheque (as applicable) into a Swing Line Loan consisting of (i) a Prime Loan (in the case of a Letter of Credit denominated in

Cdn. \$ or in the case of a Tender Cheque); or (ii) a USBR Loan (in the case of a Letter of Credit denominated in U.S. Dollars), in each case to the extent of the payment by the Swing Line Lender thereunder.

- (d) The Lenders shall be obligated to disburse their Pro Rata Share of the Prime Loan or USBR Loan contemplated by Section 5.4(b) irrespective of:
 - (i) whether a Default or Event of Default is then continuing; and
 - (ii) whether or not the Borrower has, in fact, actually requested the Conversion referred to in Section 5.4(b).
- (e) Notwithstanding that any Lender may assign its rights and obligations hereunder, the obligations in this Section 5.4 with respect to Letters of Credit issued by the Issuing Bank as fronting bank hereunder shall continue as obligations of the Persons who were Lenders at the time each such Letter of Credit was issued, unless the Issuing Bank specifically releases such Lender from such obligations in writing.

ARTICLE 6 **PAYMENTS**

6.1 Quarterly Reductions and Pre-Payments During Term Period

- (a) Commencing on the first Quarterly Reduction Date, and on each of the next 10 Quarterly Reduction Dates thereafter, the Loan Limit shall be permanently reduced by an amount equal to one-twentieth (1/20) of the Cdn. Equivalent of the Outstanding Principal on the Term-Out Date (each a "**Quarterly Reduction**").
- (b) Each Quarterly Reduction and each prepayment of Outstanding Principal during the Term Period shall:
 - (i) be received by the Agent for the account of the Lenders, and shall be applied in repayment of Outstanding Principal owed to each Lender in proportion to the respective Commitments of each Lender at the time of payment, and the amount received for the account of the Swing Line Lender shall be further applied in repayment of its Syndicated Commitment and its Swing Line Commitment on a pro rata basis in accordance with the respective amounts of such commitments; and
 - (ii) reduce the Commitments of the Lenders correspondingly in accordance with the application of such payment pursuant to (i) immediately above.

6.2 Repayment and Prepayment of Loans

- (a) On each Quarterly Reduction Date, the Borrower shall repay the amount, if any, by which the Cdn. Equivalent of the Outstanding Principal exceeds the amount of the Loan Limit after giving effect to the reductions required by Section 6.1.

- (b) The Borrower shall repay all such amounts as may be required pursuant to Section 2.8(d) as a result of any redetermination of the Borrowing Base.
- (c) If the Cdn. Equivalent of the Outstanding Principal is, at any time and for any reason (other than as a result of a redetermination of the Borrowing Base), in excess of the Loan Limit, the Borrower shall within 31 days after receipt of notice from the Agent of such excess:
 - (i) repay or otherwise reduce the Outstanding Principal under such Credit Facility by the amount of such excess;
 - (ii) if and to the extent permitted by the Agent, pay to the Agent for deposit into an escrow account maintained by and in the name of the Agent for the benefit of the Lenders an amount equal to such excess; or
 - (iii) any combination of (i) or (ii) above.
- (d) Subject to the other provisions hereof, the Borrower shall be entitled to repay or prepay all or any portion of any Loan without premium or penalty.
- (e) On the Maturity Date, the Borrower shall:
 - (i) repay in full all Outstanding Principal; and
 - (ii) repay all other Loan Indebtedness.

6.3 Payments - General

- (a) In anticipation of any repayment or prepayment of any Loan, the Borrower shall deliver to the Agent a Notice of Rollover/Conversion/Repayment with the same prior notice that would apply if the Borrower was obtaining a Drawdown of such Loan.
- (b) All payments of principal, interest, fees and other amounts owing from time to time by the Borrower to the Lenders pursuant to this Agreement shall be made in the currency in which the related Loan is outstanding (or in Cdn. Dollars if such payment does not relate to any Loan) by deposit or transfer to the Borrower's Accounts no later than 12:00 (Toronto time) on the relevant date for payment. Any payment received after 12:00 noon (Toronto time) shall be deemed to be received on the next following Banking Day.
- (c) The Borrower authorizes and directs the Agent to automatically debit the Borrower's Accounts for all amounts payable by the Borrower under this Agreement, including the repayment of principal and the payment of interest and fees and all charges agreed to by the Borrower for the maintaining of the Borrower's Accounts. The Agent shall, as soon as is practical after making any such debit, inform the Borrower of the amount thereof and provide reasonable details of the calculation thereof.

- (d) All payments by the Borrower hereunder shall be made in immediately available freely transferable funds.
- (e) Except as provided in the remainder of this Section 6.3(e), the Borrower shall make all payments required hereunder, whether by way of principal, interest or otherwise, without regard to any defence, counterclaim or right of set-off available to the Borrower and without withholding any Taxes. If the Borrower is required by Law to deduct any withholding Taxes from or in respect of any amounts payable under this Agreement (excluding, however, any withholding Taxes withheld wholly because such Lender (including any Lender who becomes such as an assignee hereunder) is or becomes a non-resident of Canada for the purposes of the *Income Tax Act* (Canada)) (i) the amounts payable by the Borrower hereunder will be increased by the amount necessary so that after making all required deductions (including deductions applicable to additional sums payable under this Section 6.3(e)) the Agent and the Lenders will receive an amount equal to the sum they would have received had no such deductions been made, (ii) the Borrower will make such deductions and (iii) the Borrower will pay the full amount deducted to the relevant taxing authority or other Governmental Authority in accordance with applicable Law.
- (f) Unless otherwise specifically provided for herein, if any payment required hereunder shall become due and payable on a day which is not a Banking Day, such payment shall be made on the next following Banking Day and any extension of time shall in such case be included in computing interest payable hereunder relating to such payment.
- (g) A repayment or prepayment of a LIBOR Loan may occur only on the last day of the relevant LIBOR Period for such LIBOR Loan (unless the Borrower pays LIBOR breakage costs to the Lenders in accordance with Section 13.2).
- (h) A repayment or prepayment of a BA Issue may occur only on the maturity date for such BA Issue.

6.4 Application of Payments After Default

If an Event of Default occurs and is continuing, all payments made by the Borrower hereunder shall be applied to such portion of the Loan Indebtedness as each Lender may select in its sole discretion or as otherwise required by law.

ARTICLE 7 **SECURITY**

7.1 Security

As continuing collateral security for the Loan Indebtedness and the Secured Swap Obligations, the Borrower has already arranged to be delivered the Existing Security to the Agent on behalf of the Lenders prior to the date hereof and shall also deliver or cause to be delivered to the Agent on behalf of the Lenders the following Security Documents:

- (a) a guarantee from each of the New Material Subsidiaries;
- (b) a floating charge demand debenture in the principal amount of Cdn. \$300,000,000 granted by each of the New Material Subsidiaries together with a deposit agreement in respect thereof; and
- (c) a general security agreement granted by each of the New Material Subsidiaries.

In addition, the Borrower shall execute and deliver and shall cause the Fund and SLP to execute and deliver the Fund Subordination Agreement in favour of the Agent on behalf of the Lenders.

7.2 General Security Provisions

- (a) The Security Documents shall secure the Loan Indebtedness and Secured Swap Obligations on a *pari passu* basis. The Security shall rank in priority to all Liens other than any Permitted Liens; provided that nothing herein shall be construed as a subordination of the Security to such Permitted Liens.
- (b) Each of the Security Documents shall be registered or perfected in all such jurisdictions as may be required, in the opinion of the Agent, acting reasonably, to preserve and protect the priority of the Security.
- (c) Forthwith upon request of the Agent, the Borrower shall promptly provide all such documents and information and perform all such acts as the Agent may reasonably request in order to establish or maintain the validity, perfection or priority of the Security.
- (d) Each of the Security Documents shall for all purposes be treated as a separate and continuing collateral Lien and shall be deemed to have been given in addition to and not in place of any other Security Document or any other Liens now or hereafter acquired by the Lenders.
- (e) The Lenders may grant extensions of time or other indulgences, acquire and release Security, accept compromises, grant releases and discharges and otherwise deal with the Borrower and other Persons and with Security as the Lenders may see fit, without prejudice to any other rights or recourse the Lenders may have under this Agreement or any of the Security Documents against the Borrower.
- (f) The Existing Security is effective and continuing security, and the new Security Documents provided pursuant to Section 7.1 shall be effective immediately and shall be continuing, whether Drawdowns or any part thereof shall be advanced before or after or at the same time as the creation of any such Security Documents or before or after or upon the date of execution of this Agreement.

ARTICLE 8
REPRESENTATIONS AND WARRANTIES

8.1 Representations and Warranties of Borrower

The Borrower represents and warrants to the Agent and the Lenders as follows:

- (a) (i) the Borrower and each corporate Material Subsidiary is a corporation validly subsisting and in good standing under the laws of its jurisdiction of incorporation or amalgamation, is duly registered to carry on business in all other applicable jurisdictions in which the nature of any material business carried on by it or the character or location of any material properties owned by it makes registration necessary and has the capacity and power to own its property and assets, to carry on its business, to execute and deliver the Loan Documents executed by it, to comply with the provisions thereof and to duly perform and observe all of its obligations thereunder and the entering into, performance and observance by it of these obligations has been duly authorized by all necessary corporate action; (ii) each Material Subsidiary that is a partnership is validly subsisting as a partnership or a trust under the laws of its jurisdiction of formation, is duly registered to carry on business in all other applicable jurisdictions in which the nature of any material business carried on by it or the character or location of any material properties owned by it makes registration necessary, and has the capacity and power to own its property and assets, to carry on its business, to execute and deliver the Loan Documents executed by it, to comply with the provisions thereof and to duly perform and observe all of its obligations thereunder, and the entering into, performance and observance by it of these obligations has been duly authorized by all necessary partnership action; and (iii) the trustee of each Material Subsidiary that is a trust is a corporation validly subsisting and in good standing under the laws of its jurisdiction of incorporation or amalgamation, the trust, in respect of which it is trustee has been duly established and is validly existing as a trust under the laws of the jurisdiction under which it was organized and such trustee is duly registered to carry on business in all other applicable jurisdictions in which the nature of any material business carried on by it in its capacity as trustee of the trust or the location of any material trust properties makes registration necessary and has the capacity and power to hold title to the property and assets of the trust, to carry on the business of the trust, to execute and deliver the Loan Documents executed by it, to comply with the provisions thereof and to duly perform and observe all of its obligations thereunder, and the entering into, performance and observance by it of these obligations has been duly authorized by all necessary corporate and trust action;
- (b) the execution, delivery and performance by the Borrower of the Loan Documents will not violate any provisions of:
 - (i) any applicable Law or Governmental Authorization of any Governmental Authority having jurisdiction; or

- (ii) its constating documents, or any agreement, deed, undertaking or instrument to which the Borrower is a party or by which it or its assets are bound except for any such violation which would not have a Material Adverse Effect;
- (c) each of the Loan Documents constitutes, or when executed and delivered by the Borrower will constitute, a legal, valid and binding obligation of the Borrower enforceable in accordance with its terms subject to the exceptions referred to in the opinion of Borrower's counsel referred to in Section 10.1(a)(v);
- (d) no Default or Event of Default has occurred and is continuing;
- (e) the Borrower is not in default under any agreement to which it is a party or by which it is bound except for any such default which would not have a Material Adverse Effect, and no litigation, arbitration or administrative proceedings are presently ongoing or, to the knowledge of the Borrower are pending or threatened, which, if determined adverse to the interest of the Borrower, would have a Material Adverse Effect;
- (f) all Governmental Authorizations which are reasonably necessary or advisable to conduct the business of the Borrower have been or will be obtained and are in full force and effect except to the extent that the failure to do so would not have a Material Adverse Effect;
- (g) the Financial Statements provided by the Borrower and/or the Fund to the Agent in connection with this Agreement (or in connection with the negotiation of this Agreement) were prepared by the Borrower, the Fund or their auditors in accordance with GAAP, fairly present the respective financial positions of the Fund, the Borrower and the Material Subsidiaries at the date or dates thereof, and there has been no adverse change subsequent thereto which would have a Material Adverse Effect;
- (h) all of the Taxes required to be remitted by the Borrower to any Governmental Authority have been made, are currently up to date and there are no outstanding arrears except to the extent that the failure to make such remittance would not have a Material Adverse Effect;
- (i) the Borrower has complied with all Laws including, without limitation, all Environmental Laws, relating to its assets, business and operations except to the extent that the failure to do so would not have a Material Adverse Effect, and, in addition (but without limitation to the foregoing), the Borrower represents and warrants that, except as disclosed in writing to the Agent prior to the execution of this Agreement:
 - (i) to the best of the knowledge of the Borrower, the Borrower possesses all environmental licences, permits and other Governmental Authorizations necessary to conduct its business including, without limitation, operations at its plants, other than such licences, permits and other Governmental

Authorizations the absence of which would not have a Material Adverse Effect;

- (ii) to the best of the knowledge of the Borrower, the Borrower has not received any notices to the effect that the operations or the assets of the Borrower on its real property are: (A) not in full compliance with all Environmental Laws or (B) the subject of any federal or provincial remedial or control action or order, or any investigation or evaluation as to whether any remedial action is needed to respond to a release or threatened release of any Hazardous Materials into the Environment or any facility or structure;
- (iii) to the best of the knowledge of the Borrower, the Borrower has not received any notices or claims that it is or may be liable to any Person (including, without limitation, any individual or government, whether federal, provincial, city or municipal) as a result of the Release or threatened Release of any Hazardous Materials into the Environment or into any facility or structure nor have there been, to the best of the knowledge of the Borrower, any Releases, spills or discharges of any Hazardous Materials into the Environment or into any facility or structure, which after lapse of time, would give rise to any Environmental Claims nor is the Borrower aware that there is any basis for any such Environmental Claims being commenced nor has the Borrower ever been convicted of any offence in respect of Environmental Claims; and
- (iv) to the best of the knowledge of the Borrower, the Borrower has not used any real property as a landfill or waste disposal site, nor is the Borrower aware of the presence of any Hazardous Materials deposited or disposed of on any real property except in the normal and ordinary course of its business in accordance with standards adhered to by prudent oil and gas operators operating similar properties in Canada; and
- (v) to the best of the knowledge of the Borrower, all pollution control equipment which operates as part of the business is effective in meeting applicable emissions limits and effluent pre-treatment standards;
- (j) except as disclosed in Schedule H, there are no Subsidiaries, and the ownership structure of the Fund, the Borrower and all Subsidiaries is as set forth in the organizational chart included in Schedule H;
- (k) the Borrower has good and valid title to all of its P & NG Rights, subject only to Permitted Liens and the potential existence of certain Liens and defects in title which are not general in application and which in the aggregate do not materially detract from the value of its P & NG Rights or any significant part thereof or materially impair the use of any thereof in the operation of the business of the Borrower;

- (l) except as disclosed in writing to the Agent, the Borrower has not received any notice of non-compliance in any material respect with any Environmental Laws from any Governmental Authority or other Person or that any Release has occurred of, from, around, under or in respect of, any of the Collateral;
- (m) all engineering reports and other related information provided by or on behalf of the Borrower to the Agent or any Lender in writing in connection with this Agreement are true and correct in all material respects, and there is no information known to the Borrower that would cause such information provided to the Agent or any Lender, as of the date of execution and delivery of this Agreement, to be incorrect or misleading in any material respect;
- (n) the only partners of SLP are the Borrower as general partner and Shiningbank Operating Trust as limited partner;
- (o) the Fund is the sole beneficiary of Shiningbank Operating Trust, the sole trustee of Shiningbank Operating Trust is 1130243 Alberta Inc. and the Fund owns all of the issued and outstanding shares of SHC and 1130243 Alberta Inc.;
- (p) SHC owns all of the issued and outstanding shares of the Borrower; and
- (q) the Fund does not have any assets or liabilities of a material nature (excluding assets and liabilities which use is ancillary to its existence as a unincorporated investment trust) other than (i) its equity interests in SHC and 1130243 Alberta Inc., (ii) its rights under the Royalty Agreements, (iii) the Subordinated Indebtedness and (iv) the Fund's interest as beneficiary of Shiningbank Operating Trust.

8.2 Representations and Warranties of Subsidiaries

The substance of the representations and warranties made by the Borrower in Section 8.1 (except those made in Sections 8.1(g), 8.1(j) and 8.1(m) and excluding those representations and warranties relating to the Loan Documents), shall be deemed to apply to each Material Subsidiary. The Borrower represents and warrants to the Agent and the Lenders that all such representations and warranties are true and correct.

8.3 Nature and Survival of Representations and Warranties

All statements contained in any certificate or other instrument delivered by or on behalf of the Borrower pursuant to or in connection with the Credit Facility, and all representations, warranties, covenants, indemnities and agreements contained in the Loan Documents, shall survive the execution and delivery of the Loan Documents, the making of Loans and the repayment of the Loan Indebtedness. All such representations and warranties (except those made in Section 8.1(m) and subclauses (ii), (iii) and (v) of Section 8.1(i)) shall be deemed to be repeated on each Drawdown Date, as if made on such date.

ARTICLE 9
COVENANTS

9.1 Financial Covenants of Borrower

The Borrower covenants and agrees that, for so long as any Loan Indebtedness is outstanding or the Borrower is entitled to obtain any Loans under the Credit Facility, the Current Ratio at the end of each Fiscal Quarter shall not be less than 1.0 and the Borrower shall take all steps and do all acts and things required to maintain a Current Ratio of not less than 1.0.

9.2 Positive Covenants of Borrower

The Borrower covenants and agrees with the Agent and the Lenders that the Borrower shall:

- (a) duly and punctually pay or cause to be paid the Loan Indebtedness at the times, at the places and in the manner specified herein;
- (b) within 60 days after the end of each of the first three Fiscal Quarters, provide the Agent with quarterly unaudited Financial Statements of the Fund, together with a Compliance Certificate (which Compliance Certificate shall contain details as to the Borrower's outstanding Swaps as contemplated by Schedule B);
- (c) within 120 days after the end of each Fiscal Year, provide the Agent with annual audited Financial Statements of the Fund, together with a Compliance Certificate (which Compliance Certificate shall contain details as to the Borrower's outstanding Swaps as contemplated by Schedule B);
- (d) within 60 days after the end of each Fiscal Year, provide the Agent with an Engineering Report accompanied by an Officer's Certificate which certifies that, to the best of the officer's knowledge, information and belief (after due enquiry), ownership of the P & NG Rights and interests therein by the Borrower and Borrowing Base Subsidiaries and any royalties or other encumbrances on such rights and interests is as set forth in such report. Each Engineering Report may be supplemented by all such other internal information as the Borrower or the Lenders, acting reasonably, may deem appropriate;
- (e) at the request of the Agent, provide the Agent with the following:
 - (i) cash flow forecasts;
 - (ii) monthly production and revenue reports covering all of the Borrower's producing P & NG Rights;
 - (iii) reports on its exploration, development or acquisition programs; and
 - (iv) unaudited Financial Statements in respect of the Borrower and the Material Subsidiaries and such other reports, financial data and other

information as may be reasonably requested by the Agent from time to time;

- (f) care for, maintain, protect and preserve its P & NG Rights, oilfield equipment and related assets in accordance with sound oil and gas industry practice in western Canada;
- (g) cause to be done all things necessary to maintain in good standing its corporate existence and preserve and keep all of its material agreements, rights, franchises, licences, operations, contracts or other arrangements in full force and effect, subject, however, to the Permitted Liens;
- (h) carry on and conduct its business in a proper and efficient manner, and comply with all Laws including, without limitation, all Environmental Laws, relating to its assets, business and operations, if any non-compliance therewith would have a Material Adverse Effect;
- (i) cause to be paid or discharged all lawful Taxes, assessments and government charges or Liens imposed on earnings, labour or materials, subject, however, to Permitted Contests;
- (j) give the Agent prompt written notice of (i) any Default or Event of Default, (ii) any Release, litigation, proceeding, claim or dispute affecting it which, if determined adverse to the interest of the Borrower, would have a Material Adverse Effect, and (iii) any notices or claims of the kind referred to in clause (ii) or (iii) of Section 8.1(i) which are received by the Borrower;
- (k) obtain and maintain in full force and effect all Governmental Authorizations which are required or reasonably necessary to carry on its business, except to the extent that the failure to obtain and maintain such Governmental Authorizations would not have a Material Adverse Effect;
- (l) cause the tangible Collateral to be insured by reputable insurance companies against loss or damage by fire and other risks in accordance with prudent oil and gas industry standards and cause to be maintained third party liability insurance in accordance with sound Canadian oil and gas industry practices in western Canada, and provide such evidence thereof as the Agent may request from time to time;
- (m) promptly notify the Agent of the creation or existence of any Material Subsidiary by delivering a new Schedule H; and upon the request of the Agent the Borrower shall cause each such Material Subsidiary to guarantee the payment and performance of the Loan Indebtedness, the Secured Swap Obligations and all of the Borrower's other obligations under and in respect of the Loan Documents and the Secured Swap Obligations, and, to the extent required by the Agent, the Borrower shall (i) cause the Material Subsidiary to promptly execute in favour of the Lenders an unlimited guarantee in form and substance satisfactory to the Lenders, together with security documents equivalent to the Security Documents, (ii) if the Material Subsidiary is or becomes obligated to the Fund under any

royalty, indebtedness or other obligations, cause the Fund and such Material Subsidiary to execute and deliver in favour of the Lenders a subordination agreement from the Fund equivalent to the Fund Subordination Agreement and the Material Subsidiary to execute and deliver in favour of the Lenders such agreements and documents as may be reasonably requested by the Agent (including, without limitation, agreements containing covenants similar to the covenants contained in this Section 9.2 and Section 9.3 as considered appropriate by the Agent), and (iii) cause to be provided such legal opinions and other documents and instruments in connection with the documents provided pursuant to (i) and (ii) and with respect to such Material Subsidiary and the Fund as may be reasonably requested by the Agent;

- (n) at reasonable times and upon reasonable notice, permit representatives of the Agent or the Lenders to examine the Borrower's books, accounts, records and other assets; and
- (o) promptly notify the Agent of any change in the name of the Borrower or the location of the Borrower's chief executive office.

9.3 Negative Covenants of Borrower

The Borrower covenants and agrees with the Agent and the Lenders that the Borrower shall not, without the prior written consent of the Lenders:

- (a) create, issue, incur, assume or permit to exist any Lien (other than Permitted Liens) upon any of the Collateral;
- (b) sell, transfer, assign, abandon, surrender, exchange, farmout, lease, sublease, convey or otherwise dispose of, or permit the sale, transfer, assignment, abandonment, surrender, exchange, farmout, lease, sublease or conveyance or other disposition of, in any Fiscal Year, any of the respective property or assets of the Borrower or any of the Material Subsidiaries (other than its production of Petroleum Substances in the ordinary course of business) which have an aggregate fair market value in excess of 10% of the Borrowing Base as in effect for the most recently ended Fiscal Quarter (the "**Limit**") (for certainty, for the purposes of determining whether the Limit has been exceeded in any Fiscal Year, the market value of all property and assets sold by the Borrower and the Material Subsidiaries in such Fiscal Year shall be aggregated and the Borrower shall be obligated to ensure compliance with this covenant by the Material Subsidiaries); provided that the Borrower or any Material Subsidiary may, without such consent and without being accounted for in the determination of the foregoing 10% threshold:
 - (i) sell, abandon, surrender, farmout or otherwise dispose of any of its P & NG Rights to which no value has been attributed in the most recent Engineering Report provided in accordance with Section 9.2(d);

- (ii) pool or unitize any of its P & NG Rights, provided such pooling or unitization is in the ordinary course of business and in accordance with prudent oil and gas industry standards; or
- (iii) dispose of its production of Petroleum Substances in the ordinary course of business;

notwithstanding the foregoing provisions of this Section 9.3(b), the Borrower and the Material Subsidiaries shall be entitled to dispose of for value to any arm's length bona fide third parties any of its property, plant and equipment which has an aggregate fair market value in excess of the Limit, provided that the following conditions are met with respect to such disposition (the "**Disposition**"):

- (iv) prior to the Disposition, the Borrower has notified the Agent and requested a redetermination of the Borrowing Base by the Super Majority Lenders on the assumption that the assets being disposed of (to the extent they are Borrowing Base Assets) are no longer part of the Borrowing Base Assets; for the purpose of such redetermination of the Borrowing Base, the Borrower shall have prepared, at its sole expense, a supplement (the "**Disposition Supplement**") to the Engineering Report most recently delivered by the Borrower to the Agent pursuant to this Agreement (the "**Applicable Engineering Report**"), which Disposition Supplement shall cover only the P&NG Rights subject to the Disposition but shall otherwise be prepared in the same manner and using the same effective date, assumptions, methods of calculations, estimates and projections used in the preparation of the Applicable Engineering Report;
- (v) the Borrowing Base shall be redetermined by the Super Majority Lenders taking into account the Disposition Supplement and otherwise as contemplated by Section 2.8(a), and after such redetermination of the Borrowing Base, the Super Majority Lenders may elect to reduce the Loan Limit to an amount not less than such redetermined Borrowing Base, and if the aggregate Outstanding Principal exceeds the Loan Limit as so reduced (such excess is defined as the "**Borrowing Base Shortfall**"), the Borrower shall repay from the proceeds of the Disposition or otherwise the Outstanding Principal in an amount equal to the Borrowing Base Shortfall; and
- (vi) the Disposition shall not be completed unless and until the conditions set forth in (iv) and (v) immediately above are satisfied or arrangements acceptable to the Lenders, in their sole discretion, are made for the satisfaction of such conditions;

in any event, if the Limit is exceeded other than in compliance with the conditions specified in (iv), (v) and (vi) immediately above, the Super Majority Lenders in their sole discretion may reduce the Loan Limit by the amount of such excess.

- (c) enter into any transaction or series of transactions (including by way of reorganization, consolidation, amalgamation, merger, liquidation or otherwise) which would have the effect or which would otherwise result in the Collateral becoming the property of any other Person, or in the case of an amalgamation, of the continuing corporation resulting therefrom; provided that the Borrower may, without such consent, amalgamate with a wholly-owned Subsidiary on the condition that, and the Borrower covenants and agrees that it shall, execute and deliver and cause to be delivered to the Agent all such supplemental security documents and opinions of counsel as the Agent may request in order to confirm the validity, enforceability and effectiveness of the Security Documents following such amalgamation;

- (d) in any Fiscal Year (the "**Applicable Fiscal Year**"), from and after the earlier of:
 - (i) March 1 of the Applicable Fiscal Year; and
 - (ii) the date of delivery of the Engineering Report required to be delivered following the end of the Fiscal Year immediately preceding the Applicable Fiscal Year pursuant to Section 9.2(d);until the earlier of 60 days from the date of receipt by the Agent of such Engineering Report and the date the Super Majority Lenders redetermine the Borrowing Base based on, *inter alia*, such Engineering Report, the Borrower shall not make, and shall not permit SLP to make, any payment or distribution of the Royalties or any payment of or with respect to any Subordinated Indebtedness, other than:
 - (iii) the Royalty Payments for the Period that ends on January 1 of the Applicable Fiscal Year and the Royalty Payments for each Period thereafter which ends on or before April 1 of the Applicable Fiscal Year; and
 - (iv) payments of Subordinated Indebtedness but only to the extent that such payments have been included in Deductible Production Costs under the Borrower Royalty Agreement (with respect to any such payments by the Borrower) or Deductible Production Costs under the SLP Royalty Agreement (with respect to any such payments by SLP) for the Periods described in (iii) immediately above for the purpose of calculating and determining the Royalty Payments which are paid to the Fund for such Periods and provided that Section 9.3(f) is not contravened by making any such payments;

- (e) make, or permit SLP to make, any payment of or with respect to any Subordinated Indebtedness in any Period unless the amount of such payment is included in Deductible Production Costs under the Borrower Royalty Agreement (with respect to any such payment by the Borrower) or Deductible Production Costs under the SLP Royalty Agreement (with respect to any such payment by SLP) for

such Period for the purpose of calculating and determining the Royalty Payments which are paid to the Fund for such Period;

- (f) make, or permit SLP to make, in any Period, any payment of or with respect to any Subordinated Indebtedness:
 - (i) if, apart from such payment, Deductible Production Costs under the Borrower Royalty Agreement (with respect to any such payment by the Borrower) or Deductible Production Costs under the SLP Royalty Agreement (with respect to any such payment by SLP) for such Period exceed or will exceed Production Revenues under the Borrower Royalty Agreement (with respect to any such payment by the Borrower) or Production Revenues under the SLP Royalty Agreement (with respect to any such payment made by SLP) for such Period; or
 - (ii) if, as a result of such payment (and having regard to all Deductible Production Costs under the Borrower Royalty Agreement and all Deductible Production Costs under the SLP Royalty Agreement for such Period), Deductible Production Costs under the Borrower Royalty Agreement would exceed Production Revenues under the Borrower Royalty Agreement for such Period or Deductible Production Costs under the SLP Royalty Agreement would exceed Production Revenues under the SLP Royalty Agreement for such Period;
- (g) make, or permit SLP to make, any payment or distribution of the Royalties or any payment of or with respect to any Subordinated Indebtedness, if:
 - (i) a Default or Event of Default has occurred and is continuing or would occur as a result of such payment or distribution; or
 - (ii) such payment or distribution includes or is derived from (in whole or in part) proceeds of disposition from the sale or other disposition of P & NG Rights or other property or assets (other than a sale or other disposition described in Section 9.3(b)(i) or (iii)) without the consent of the Majority Lenders;
- (h) notwithstanding anything otherwise herein contained, if following any redetermination of the Borrowing Base hereunder the Loan Limit is reduced such that the Outstanding Principal exceeds the Loan Limit (as so reduced), the Borrower shall not make, or permit SLP to make, except as permitted by the proviso at the end of this Section 9.3(h), any payment or distribution of the Royalties or any payment of or with respect to any Subordinated Indebtedness following the date on which notice of such reduction (the "**Reduction Notice**") is delivered by the Agent pursuant to Section 2.8(b) or Section 2.8(c) until such time as the Borrower has repaid all amounts required to reduce the Outstanding Principal to an amount not exceeding the reduced Loan Limit; provided, however, that, notwithstanding the foregoing provisions of this Section 9.3(h), if the Reduction Notice is not delivered to the Borrower within the 45 day period

following the receipt by the Agent of the Engineering Report upon which the reduction of the Borrowing Base giving rise to the Reduction Notice is based, the Borrower and SLP will be entitled to pay any Royalty Payment and any payment of Subordinated Indebtedness if and only if:

- (i) such Royalty Payment and such Subordinated Indebtedness payment form the basis of a specific monthly or quarterly distribution to be made by the Fund which has been publicly announced in a news release which is issued by the Fund or the Borrower:
 - (A) not earlier than the 20th day before the end of the Period to which such Royalty Payment relates; and
 - (B) after the end of the aforesaid 45 day period and prior to the date on which the Reduction Notice is given;
 - (ii) the provisions of Sections 9.3(e) and (f) are complied with with respect to such payment of Subordinated Indebtedness; and
 - (iii) the Borrower is not otherwise prohibited from paying or permitting SLP to pay such Royalty Payment or such Subordinated Indebtedness by any provisions of this Section 9.3;
- (i) make, or permit any Material Subsidiary to make, (i) any Distributions to any Person, or (ii) any other payments or distributions of any kind to the Fund or to any Subsidiary except payments to the Fund of the Royalties and except payments to the Fund of or with respect to Subordinated Indebtedness (provided that any payments or distributions of the Royalties and any payments of or with respect to Subordinated Indebtedness shall be subject to all other provisions of this Agreement relating thereto);
 - (j) make any material change in the nature of its business as carried on at the date hereof;
 - (k) provide Financial Assistance to any Person or Persons which exceeds, in the aggregate, Cdn. \$1,000,000;
 - (l) incur any Debt except for Permitted Debt;
 - (m) enter into:
 - (i) any Swaps for speculative purposes;
 - (ii) any Swaps with any Persons other than the Lenders except on an unsecured basis;

- (iii) any Swaps with the Lenders (or any of them) except commodity Swaps, interest Swaps and currency Swaps, which Swaps are subject to the following limitations:
 - (A) commodity Swaps for a term not exceeding three years and for notional volumes of Petroleum Substances not exceeding 1,500,000 boe, in the aggregate, and for notional daily volumes not exceeding, in the aggregate, 50% of the aggregate daily production of Petroleum Substances by the Borrower and the Material Subsidiaries, net of royalties other than the Royalties;
 - (B) interest Swaps for a notional principal amount not exceeding Cdn. \$100,000,000, in the aggregate, for a term not exceeding four (4) years; and
 - (C) currency Swaps for a term not exceeding 12 months on a notional principal amount not exceeding U.S. \$80,000,000, in the aggregate, and currency Swaps for a term of 13 to 24 months on a notional principal amount not exceeding U.S. \$40,000,000, in the aggregate;
- (n) amend or agree to any amendment to, or permit SLP to amend or agree to any amendment to, any of the Material Contracts or waive, or permit SLP to waive, the benefit of any provisions thereof if such amendment or waiver is or could be material and adverse to the Lenders and their rights under any of the Loan Documents (including, without limitation, any amendment or waiver which increases or accelerates either of the Royalties or any Subordinated Indebtedness or any amendment or waiver which changes the manner of calculation or the payment dates of either of the Royalties or any Subordinated Indebtedness);
- (o) be or become a party to any agreement, or permit any Material Subsidiary to be or become a party to any agreement, providing for its management to be wholly or substantially conducted by or delegated to any Person other than the Borrower;
- (p) (i) acquire any material assets or property outside of the Provinces of Alberta, Saskatchewan, British Columbia and Ontario, or (ii) permit any Material Subsidiary to acquire any material assets or property outside of the Provinces of Alberta and Saskatchewan, except, in each such case, on 15 days prior written notice to the Agent so as to permit the Agent to make or cause to be made all necessary filings, notices and registrations relating to the Security and the priority thereof;
- (q) give or permit to be given by the Borrower, the Borrower's board of directors or SLP any notice under the Borrower Royalty Agreement or the SLP Royalty Agreement which results at any time in the applicable Period under the Borrower Royalty Agreement being different than the applicable Period under the SLP Royalty Agreement, it being understood that both the Borrower Royalty Payment

and the SLP Royalty Payment shall at any given time be calculated and payable on the same monthly or quarterly basis (as the case may be); and

- (r) take or omit to take, or permit the Fund to take or omit to take, any action that results in the consolidated assets and income of the Borrower and the Material Subsidiaries ceasing to account for at least 95% of the Fund's consolidated assets and income, respectively (it being acknowledged by the Borrower that the Lenders have agreed to permit the Borrower to use the Fund's Financial Statements for certain purposes of this Agreement, on the basis that such Financial Statements will be representative of the combined financial position of the Borrower and the Material Subsidiaries).

For the purposes of this Section 9.3, (i) if SLP or any other Material Subsidiary makes any payment or distribution or takes any other action which the Borrower has covenanted in this Section 9.3 to not permit SLP or such other Material Subsidiary to make or do, such payment, distribution or action shall be deemed to have been permitted by the Borrower, and (ii) if at any time the consolidated assets and income of the Borrower and the Material Subsidiaries cease to account for at least 95% of the Fund's consolidated assets and income, respectively, the Borrower shall be deemed to be in default of its covenants and obligations under Section 9.3(r).

9.4 Covenants of Subsidiaries

The Borrower covenants and agrees to cause each Material Subsidiary to perform or observe all of all of the positive covenants made by the Borrower in Sections 9.2(f), (g), (h), (i), (j), (k), (l), (n) and (o) and of all of the negative covenants made by the Borrower in Section 9.3(a), (b), (c), (i), (j), (k), (l), (m), (n), (o), (p) and, in the case of SLP only, (q) as if the substance of each such covenant applied to each Material Subsidiary, *mutatis mutandis*. In addition, compliance with the negative covenants made by the Borrower in Section 9.3(k), (l) and (m) will be determined in reference to the Borrower and the Material Subsidiaries on a combined basis.

ARTICLE 10 CONDITIONS PRECEDENT

10.1 Conditions Precedent to Effectiveness

As a conditions precedent to this Agreement becoming effective:

- (a) the Borrower shall deliver or cause to be delivered to the Agent the following:
 - (i) an executed copy of this Agreement;
 - (ii) executed copies of the Security Documents referred to in Sections 7.1(a), (b) and (c);
 - (iii) an executed copy of the Fund Subordination Agreement;
 - (iv) a certified copy of the resolutions of the board of directors or equivalent of the Borrower, each New Material Subsidiary and the Fund authorizing the

execution, delivery and performance of the Loan Documents referred to in Sections 10.1(a)(i), (ii) and (iii) to which it is a party;

- (v) a favourable opinion of the Borrower's counsel addressed to the Agent and the Lenders and relating to the Borrower, the Fund and each New Material Subsidiary, the execution, delivery and enforceability of the Loan Documents referred to in Sections 10.1(a)(i), (ii) and (iii) and such other matters as may be reasonably requested by the Agent or its counsel;
 - (vi) a favourable opinion of the Lenders' counsel addressed to the Agent and the Lenders and relating to the enforceability of the Loan Documents referred to in Sections 10.1(a)(i), (ii) and (iii) and such other matters as may be reasonably requested by the Agent; and
 - (vii) such other documents, consents, acknowledgements and agreements as may be reasonably requested by the Lenders or their counsel; and
- (b) the Agent shall have received evidence satisfactory to the Agent and its counsel that the Restructuring Transactions have been completed and all requirements relating thereto have been satisfied.

10.2 Conditions Precedent to Drawdowns

The obligation of the Lenders to make any Drawdown shall be subject to satisfaction of the following conditions precedent on or before the relevant Drawdown Date:

- (a) the Agent shall have received a Notice of Drawdown in respect of such Drawdown in accordance with Section 2.3;
- (b) on the relevant Drawdown Date, all representations and warranties contained in the Loan Documents (excluding the representations and warranties set out in Section 8.1(m) and in clauses (ii), (iii) and (v) of Section 8.1(i)) shall be true and correct in all material respects as if made on such date;
- (c) on the relevant Drawdown Date, no Default or Event of Default shall have occurred and be continuing and no Default or Event of Default shall occur as a result of the making of such Drawdown; and
- (d) since the date of the most recent Financial Statements of the Fund delivered to the Agent, no event, act or condition has occurred that would have a Material Adverse Effect.

10.3 Waiver of Conditions Precedent

The conditions precedent set out in Sections 10.1 and 10.2 are inserted for the sole benefit of the Lenders and may be waived only by the Lenders, in whole or in part and with or without terms or conditions, in respect of all of any portion of the Drawdowns without affecting

the right of the Lenders to assert such terms and conditions in respect of any other Drawdowns or any other matter contemplated by this Agreement.

10.4 Form and Substance of Documents

All Loan Documents, certificates, reports, opinions and other documentation which the Lenders are entitled to receive hereunder from time to time shall be in form and substance satisfactory to the Lenders and their counsel, acting reasonably, and shall be provided with sufficient copies to enable the Agent to distribute at least one copy thereof to each Lender.

ARTICLE 11 **EVENTS OF DEFAULT**

11.1 Events of Default

Each of the following events shall constitute an "**Event of Default**":

- (a) if the Borrower fails to pay all or any part of the Loan Indebtedness on the date such amount becomes due and payable hereunder and such default continues for at least 3 Banking Days;
- (b) if the Borrower or any Material Subsidiary fails to perform or observe any of its covenants and obligations under the Loan Documents (excluding the payment obligations referred to in (a) immediately above) and such default continues for at least 30 days after written notice thereof is given by the Agent to the Borrower;
- (c) if any representation and warranty made by the Borrower or any Material Subsidiary in the Loan Documents proves to be incorrect or misleading in any material respect when made or deemed to be made and such inaccuracy or misrepresentation continues for at least 30 days after written notice thereof is given by the Agent to the Borrower;
- (d) if any of the Loan Documents is or becomes invalid or unenforceable and such invalidity or unenforceability continues for at least 15 days after written notice thereof is given by the Agent to the Borrower;
- (e) if under the *Companies' Creditors Arrangement Act* (Canada), the *Bankruptcy and Insolvency Act* (Canada), the *Winding Up Act* (Canada) or any other bankruptcy, insolvency or analogous laws:
 - (i) the Borrower or any Material Subsidiary makes a general assignment for the benefit of creditors, files or presents a petition, makes a proposal or commits any act of bankruptcy;
 - (ii) any action is taken by or against the Borrower or any Material Subsidiary for its winding up, liquidation or for the appointment of a liquidator, trustee in bankruptcy, custodian, curator, sequestrator, receiver or if any other officer with similar powers be appointed over the Borrower or any

Material Subsidiary or if a judgment or order shall be entered by any court or jurisdiction approving a petition for reorganization, arrangement or composition of or in respect of the Borrower or any Material Subsidiary and, in the case of any such action, appointment or entry initiated by a third party against the Borrower or any Material Subsidiary, if such action or appointment shall continue undismissed or unstayed for a period of 30 days; or

- (iii) the Borrower or any Material Subsidiary is adjudged or declared bankrupt;
- (f) if there exists a voluntary or involuntary suspension of business of the Borrower or any Material Subsidiary which could reasonably be expected to have a Material Adverse Effect;
- (g) if action is taken by any creditor against the Borrower or any Material Subsidiary to take possession of or enforce proceedings against any of the property and assets of the Borrower or a Material Subsidiary having a fair market value in excess of Cdn. \$5,000,000, unless such action is subject to a Permitted Contest and the Borrower's or Material Subsidiary's interest in such assets is not in imminent danger of being extinguished;
- (h) if any judgment for the payment of amounts in excess of Cdn. \$3,000,000 is rendered against the Borrower or any Material Subsidiary by a court of last resort and is not discharged within 30 days from the date of imposition of such judgment;
- (i) if the Borrower defaults in the payment or performance of any Secured Swap Obligations when due (whether at scheduled maturity or by required prepayment, acceleration, demand or otherwise) or required to be performed and, if there is a grace period applicable thereto, such failure continues on beyond the expiry of the grace period applicable thereto;
- (j) if the Borrower or any Material Subsidiary fails to pay any Debt in excess of Cdn. \$10,000,000 in the aggregate when due (whether at scheduled maturity or by required prepayment, acceleration, demand or otherwise) or if the Borrower is in default under any other term or provision of any agreement evidencing or relating to any Debt in excess of Cdn. \$10,000,000 in the aggregate and, if there is a grace period applicable thereto, such failure or default continues on beyond the expiry of the grace period;
- (k) the occurrence of any event, circumstance, occurrence or change which constitutes or gives rise to a Material Adverse Effect;
- (l) if the Fund ceases to own, directly or indirectly, all of the issued and outstanding shares of the Borrower or all of the issued and outstanding shares or other equity interests of any Material Subsidiary without the prior written consent of the Majority Lenders; or

- (m) if any Person or combination of related Persons acting jointly or in concert (within the meaning of the *Securities Act* (Alberta) as amended) acquires more than 50% of the outstanding Trust Units (as defined in the Trust Indenture), including any equivalent equity rights, any rights that are exchangeable into Trust Units or such equivalent equity rights, without prior written consent of the Majority Lenders.

11.2 Effect of Events of Default

If an Event of Default occurs, the Agent with the approval of the Majority Lenders may, by notice in writing to the Borrower, cancel the availability of the Credit Facility and/or declare all or any part of the outstanding Direct Loans, together with all accrued and unpaid interest thereon and all other Loan Indebtedness, to be immediately due and payable, whereupon:

- (a) all such amounts shall become immediately due and payable, without protest, presentment, demand or further notice of any kind, all of which are expressly waived by the Borrower and the Borrower hereby unconditionally promises and agrees to immediately pay such amounts to the Agent;
- (b) such notice shall constitute due demand for payment under any notes issued pursuant to the Loan Documents;
- (c) the Security Documents shall become enforceable;
- (d) at the option of the Majority Lenders, the Borrower shall convert any LIBOR Loan in U.S. Dollars into a USBR Loan, notwithstanding that such Conversion may cause the Borrower to incur liability pursuant to Section 13.2;
- (e) at the option of the Majority Lenders, the Borrower shall forthwith pay funds in an amount sufficient to pay the maximum aggregate amount for which the Lenders are or may become liable in respect of all outstanding Bankers' Acceptances, Letters of Credit or Tender Cheques into a cash collateral account with the Agent and any amount not so paid by the Borrower may, at the option of the Majority Lenders and without notice to the Borrower, be paid by the Lenders into an interest-bearing cash collateral account and shall be deemed to constitute a Prime Loan; and
- (f) the Agent on behalf of the Lenders shall be entitled to exercise all rights and remedies available to it under any of the Loan Documents, at law, in equity, by statute, or otherwise.

11.3 Right of Set-Off

Upon the occurrence and during the continuation of an Event of Default, each Lender is hereby authorized at any time and from time to time thereafter, without notice to the Borrower (any such notice being expressly waived by the Borrower) and to the fullest extent permitted by law, to set-off and apply any and all deposits (whether general or special, time or demand, provisional or final, matured or unmatured) at any time held and any and all other Debt at any

time owing, by such Lender to or for the credit or the account of the Borrower against any or all of the Loan Indebtedness of the Borrower. Such Lender agrees to promptly notify the Borrower after any such set-off and application; provided, however, that the failure to give such notice shall not affect the validity of such set-off and application. This set-off may occur notwithstanding that such deposits or other Indebtedness are expressed in different currencies and such Lender is hereby authorized to effect any necessary currency conversions at the Spot Rate.

ARTICLE 12

CHANGE OF CIRCUMSTANCES

12.1 Increased Costs

- (a) If after the date hereof the introduction of or any change in any Laws or in the interpretation or application thereof by any Governmental Authority charged with the interpretation or administration thereof, or if compliance with any request or directive from any central bank or other fiscal, monetary or other authority (whether or not having the force of law) issued or otherwise coming into effect after the date hereof:
 - (i) subjects a Lender to, or causes the withdrawal or termination of a previously granted exemption with respect to, any Taxes (other than Taxes on a Lender's income or capital (other than capital adequacy requirements)), or changes the basis of taxation of payments due to a Lender, or increases any existing Taxes (other than Taxes on a Lender's income) on payments of principal, interest or other amounts payable by a Borrower to a Lender under this Agreement;
 - (ii) imposes, modifies or deems applicable any reserve, liquidity, special deposit, regulatory or similar requirement against assets or liabilities held by, or deposits in or for the account of, or loans by a Lender, or any acquisition of funds for loans or commitments to fund loans or obligations in respect of undrawn, committed lines of credit or in respect of Bankers' Acceptances accepted by a Lender;
 - (iii) imposes on a Lender or requires there to be maintained by a Lender any capital adequacy or additional capital requirements (including, without limitation, a requirement which affects a Lender's allocation of capital resources to its obligations) in respect of any Loans or obligation of the Lenders hereunder, or any other condition with respect to this Agreement; or
 - (iv) directly or indirectly affects the cost to a Lender of making available, funding or maintaining any Loan or otherwise imposes on a Lender any other condition or requirement affecting this Agreement or any Loan or any obligation of a Lender hereunder;

and the result of (i), (ii), (iii) or (iv) above, in the determination of such Lender acting reasonably and in good faith, is:

- (v) to increase the cost to such Lender of performing its obligations hereunder with respect to any Loans;
- (vi) to reduce any amount received or receivable by such Lender hereunder or its effective return hereunder or on its capital in respect of any Loans;
- (vii) to reduce the standby fees payable to such Lender pursuant to Section 3.5; or
- (viii) to cause such Lender to make any payment with respect to or to forego any return on or calculated by reference to, any amount received or receivable by such Lender hereunder with respect to any Loans;

such Lender shall determine such additional cost, reduction in income or payment, without duplication, (the "**Additional Compensation**") and the Agent shall promptly notify the Borrower. Such Lender shall provide to the Agent who shall provide to the Borrower a photocopy of the relevant law, rule, guideline, regulation, treaty or official directive and a certificate of a duly authorized officer of such Lender setting forth the Additional Compensation and the basis of calculation thereof and for the purposes of calculating such amount such Lender shall treat the Borrower and the Credit Facility in a manner consistent with comparable borrowers and transactions. If and to the extent that the Additional Compensation is payable to a Lender, the Borrower shall pay to such Lender on the next payment date hereunder such Additional Compensation calculated from the effective date of the relevant adoption or change.

- (b) If the Borrower is notified that Additional Compensation is owed to a Lender, the Borrower shall have the right, upon at least three Banking Days irrevocable written notice to the Agent to repay to such Lender the relevant portion of any Loan on the date specified in such notice together with all interest accrued thereon to the date of repayment, the Additional Compensation if any to the date of payment and all other amounts, if any, payable for the account of such Lender hereunder in respect of such Loans (including any amounts payable under Article 13).
- (c) Each Lender shall use reasonable efforts to minimize the amount of Additional Compensation payable to it pursuant to this Section 12.1; provided, however, that no Lender shall have any obligation to incur costs (other than incidental costs which are not material in the aggregate and in respect of which each Lender shall be entitled to be reimbursed by the Borrower) or take any action detrimental to its interests in connection therewith.

12.2 Market Disruption

If at any time and from time to time, a Lender determines, in its reasonable discretion, that the London interbank Euro-currency market is not readily accessible to such Lender or no longer reflects the effective cost of such Lender's funding for LIBOR Loans, then such Lender shall give notice thereof to the Agent who shall so notify the Borrower and, at the option of such Lender, no further LIBOR Loans shall be made available to the Borrower from such Lender.

12.3 Illegality

If at any time and from time to time, a Lender determines, in its reasonable discretion, that any introduction of, change in, or change in the interpretation or application of, any Laws makes it unlawful or impossible for such Lender to make available, make, fund or maintain any type or types of Loans, then such Lender shall give notice thereof to the Agent who shall so notify the Borrower and the Borrower shall within 30 days thereafter repay to such Lender all of the affected Loan Indebtedness without any obligation to make a corresponding prepayment to any other Lender. Any such affected Loans shall cease to be available to the Borrower.

12.4 Replacement Lender

If a Lender exercises its rights under Section 12.1(b) or Section 12.3, or if the Borrower is required under Section 6.3(e) to deduct any withholding Taxes in respect of amounts owing to any Lender, the Borrower may, treating each affected Lender rateably and in the same manner as other Lenders subject to similar circumstances, replace such Lender by reaching satisfactory arrangements with one or more existing Lenders or new Lenders that are acceptable to the Agent, acting reasonably, for the purchase of such Lender's Commitment as long as (i) such purchasing Lending unconditionally offers in writing (with copy to the Agent) to purchase all of the rights and obligations of the Lender being replaced under this Agreement including all outstanding Loans owed to such Lender for a purchase price equal to the aggregate Loan Indebtedness owed to the Lender being replaced (payable in immediately available funds), (ii) the obligations of the Borrower owing pursuant to Section 6.3(e), Section 12.1 and Section 12.3 to the Lender being replaced are paid in full to the Lender being replaced concurrently with such replacement, (iii) all requirements set forth in Article 15 with respect to such assignment are complied with, including without limitation, entering into of an assignment agreement in the form set forth in Schedule G and the payment by the purchasing Lender to the Agent (for the Agent's own account) of the assignment fee contemplated in Section 15.1(b).

ARTICLE 13

COSTS, EXPENSES AND INDEMNIFICATION

13.1 Costs and Expenses

The Borrower shall pay, upon demand by the Agent, all reasonable out-of-pocket costs and expenses incurred by the Agent in connection with the preparation, implementation, registration, syndication, administration and enforcement of this Agreement and the other Loan Documents to be delivered hereunder, whether or not any Drawdown has been made hereunder, including, without limitation:

- (a) all reasonable fees and out-of-pocket expenses of counsel to the Agent with respect to the foregoing;
- (b) all reasonable costs and expenses incurred in the performance of any due diligence performed hereunder;
- (c) all reasonable costs and expenses of syndicating the Credit Facility;
- (d) all reasonable costs and expenses incurred as a result of any failure by the Borrower to perform or observe its obligations contained in this Agreement or any of the other Loan Documents to be delivered hereunder; and
- (e) all reasonable costs and expenses of collection of amounts owing hereunder.

Any such costs and expenses remaining unpaid after demand shall bear interest at the Prime Rate plus the Applicable Pricing Margin in effect from time to time from the date such cost or expense was incurred until paid.

13.2 General Indemnity

In addition to any liability of the Borrower to any Lender or the Agent under any other provision hereof, the Borrower shall and does hereby indemnify each Lender and the Agent and their respective Affiliates, directors, officers, agents and employees (collectively, in this Section, the "**Indemnified Parties**") and hold each Indemnified Party harmless against any losses, claims, costs, damages or liabilities (including, without limitation, any expense or cost incurred in the liquidation and re-deployment of funds acquired to fund or maintain any portion of a Loan and reasonable out-of-pocket expenses and reasonable legal fees on a solicitor and his own client basis) incurred by the same as a result of or in connection with the Credit Facility or the Loan Documents, including, without limitation, as a result of or in connection with:

- (a) any cost or expense incurred by reason of the liquidation or re-deployment in whole or in part of deposits or other funds required by any Lender to fund any Bankers' Acceptance or to fund or maintain any Loan as a result of the Borrower's failure to complete a Drawdown or to make any payment, repayment or prepayment on the date required hereunder or specified by it in any notice given hereunder;
- (b) subject to permitted or deemed Rollovers and Conversions, the Borrower's failure to provide for the payment to the Agent for the account of the Lenders of the full principal amount of each Bankers' Acceptance on its maturity date;
- (c) the Borrower's failure to pay any other amount, including without limitation any interest or fees, due hereunder on its due date after the expiration of any applicable grace or notice periods (subject, however, to the interest obligations of the Borrower hereunder for overdue amounts);
- (d) the Borrower's repayment or prepayment of a LIBOR Loan otherwise than on the last day of its LIBOR Period;

- (e) the prepayment of any outstanding Bankers' Acceptance before the maturity date of such Bankers' Acceptance;
- (f) the Borrower's failure to give any notice required to be given by it to the Agent or the Lenders hereunder;
- (g) the failure of the Borrower to make any other payment due hereunder;
- (h) any inaccuracy of the Borrower's representations and warranties contained in Article 8;
- (i) any failure of the Borrower to observe or fulfil its covenants under Article 9; or
- (j) the occurrence of any Default or Event of Default;

provided that this Section shall not apply to any losses, claims, costs, damages or liabilities that arise by reason of the gross negligence or wilful misconduct of the Indemnified Party claiming indemnity hereunder. The provisions of this Section shall survive repayment of the Loan Indebtedness.

13.3 Environmental Indemnity

The Borrower shall and does hereby indemnify and hold harmless the Agent and the Lenders (including a receiver, receiver-manager or similar Person appointed under applicable Law) and its and their respective Affiliates, officers, directors, employees and agents (collectively, in this Section, the "**Indemnified Parties**"), forthwith on demand by the Agent, from and against any and all claims, suits, actions, debts, damages, costs, losses, liabilities, penalties, obligations, judgments, charges, expenses and disbursements (including without limitation, all reasonable legal fees and disbursements on a solicitor and his own client basis) of any nature whatsoever, suffered or incurred by the Indemnified Parties or any of them with respect to any Environmental Claims relating to the property of the Borrower or any of the Subsidiaries arising under any Environmental Laws as a result of the past, present or future operations of the Borrower or any of the Subsidiaries (or any predecessor in interest to the Borrower or any of the Subsidiaries) relating to the property of the Borrower or of the Subsidiaries, or the past, present or future condition of any part of the property of the Borrower or the Subsidiaries, whether owned, operated or leased by the Borrower or by any of the Subsidiaries, or any such predecessor in interest but excluding any Environmental Claims or liabilities relating thereto to the extent that such Environmental Claims or liabilities arise by reason of the gross negligence or wilful misconduct of the Indemnified Party claiming indemnity hereunder. The provisions of this Section shall survive the repayment of the Loan Indebtedness.

13.4 Currency Indemnity

Any payment made to or for the account of a Lender in respect of any amount payable by the Borrower in a currency (the "**Tendered Currency**") other than the currency in which such payment is due (the "**Required Currency**"), whether pursuant to any judgment or order of a court or tribunal or otherwise, shall constitute a discharge of the Borrower only to the extent of the amount of the Required Currency which may be purchased with such Tendered Currency at

the time of payment at the Spot Rate at such time. The Borrower covenants and agrees to and in favour of each Lender that it shall, as a separate and independent obligation which shall not be merged in any such judgment or order, pay or cause to be paid the amount not so discharged in accordance with the foregoing and indemnify and hold harmless each Lender against any loss or damage arising as a result of any such amount being paid in such Tendered Currency. A certificate of the Agent as to any such loss or damage shall be *prima facie* evidence of the amount thereof in the absence of manifest error.

ARTICLE 14
AGENCY AND ADMINISTRATION PROVISIONS

14.1 Authorization and Action

- (a) Each Lender hereby irrevocably appoints and authorizes the Agent to be its agent in its name and on its behalf to exercise such rights or powers granted to the Agent or the Lenders under this Agreement to the extent specifically provided herein and on the terms hereof, together with such powers as are reasonably incidental thereto and the Agent hereby accepts such appointment and authorization. As to any matters not expressly provided for by this Agreement, the Agent shall not be required to exercise any discretion or take any action, but, subject to Section 14.9, shall be required to act or to refrain from acting (and shall be fully protected in so acting or refraining from acting) upon the instructions of the Majority Lenders and such instructions shall be binding upon all Lenders; provided, however, that the Agent shall not be required to take any action which exposes the Agent to liability in such capacity or which could result in the Agent incurring any costs or expenses, without provision being made for indemnity of the Agent by the Lenders against any loss, liability, cost or expense incurred, or to be incurred, or which is contrary to this Agreement or Laws.
- (b) Except as provided otherwise in Sections 2.2 and 14.1(e), where the terms of this Agreement refer to any action to be taken hereunder or thereunder by the Lenders or to any such action that requires the consent, approval, satisfaction, agreement or other determination of the Lenders, the action taken by and the consent, approval, satisfaction, agreement or other determination given or made by the Majority Lenders shall constitute the action or consent, approval, agreement or other determination of the Lenders herein or therein referred to.
- (c) Except as provided otherwise in this Section 14.1, the Agent shall have the right to take such actions as it deems necessary, or to refrain from taking such actions or to give agreements, consents, approvals or instructions to the Borrower on behalf of the Lenders in respect of all matters referred to in or contemplated by this Agreement.
- (d) Except as provided otherwise in Section 14.1(e) or where this Agreement expressly requires that any matter be determined or consented to by all the Lenders, any provision of this Agreement may be amended only if the Borrower and the Majority Lenders so agree in writing and any Default or Event of Default

may be waived before or after it occurs only if the Majority Lenders so agree in writing.

- (e) Any amendment, extension or waiver of, or consent or determination relating to, the terms of this Agreement which changes or relates to:
 - (i) the amount of the Loan Limit, the Total Commitment, the Total Syndicated Commitment, any Lender's Commitment or the Swing Line Commitment;
 - (ii) a decrease in the rates, or an extension in the dates of payment, of interest payable hereunder;
 - (iii) a decrease in the amount, or an extension in the dates of payment, of fees payable hereunder except for agency fees payable pursuant to Section 3.6;
 - (iv) the dates or amounts of repayment of principal required hereunder, unless an Event of Default has occurred and is continuing (in which case a decision of the Majority Lenders shall bind all Lenders);
 - (v) the types of Loans available hereunder;
 - (vi) the Security Documents or the Fund Subordination Agreement;
 - (vii) the definitions of "Borrowing Base", "Borrowing Base Assets", "Majority Lenders", "Residual Percentage" or "Super Majority Lenders";
 - (viii) an assignment or transfer by the Borrower of any or all of its rights and obligations under this Agreement; or
 - (ix) Sections 2.2 (other than in respect of the notice periods referred to therein), 2.8, 9.2(m), 9.3(a), 9.3(b), 10.1, 10.2 or 11.1 or this Section 14.1(e);

shall require the unanimous consent in writing of all the Lenders; and any amendment or waiver which does fall within any of (i) to (ix) immediately above, inclusive, and which changes or relates to the rights or obligations of the Agent or the Swing Line Lender, shall require (i) the agreement of the Majority Lenders thereto in writing, (ii) the agreement of the Agent or the Swing Line Lender, as applicable, thereto in writing, and (iii) the agreement of the Borrower thereto in writing.

- (f) Provided that an Event of Default has occurred and is continuing, the Agent shall declare an Event of Default and demand payment of any or all of the Loan Indebtedness under Section 11.2 when directed to do so by written notice of the Majority Lenders.

14.2 Procedure for Making Drawdowns

- (a) Except as expressly otherwise provided herein (including, without limitation, as otherwise provided in Sections 2.2(f), 2.9, 2.10, 4.1 and 16.2), all Loans made by the Lenders will be made in accordance with each Lender's Pro Rata Share of such Loan.
- (b) The Agent will not be liable for any damages, claims or costs which may be suffered by the Borrower or any of the Lenders occasioned by the failure of a Lender to make a Loan or the failure of any Loan to reach its designated destination, unless such failure is due to the gross negligence or wilful misconduct of the Agent.
- (c) Unless the Agent has been notified by a Lender at least one Banking Day prior to the Drawdown Date requested by the Borrower that such Lender will not make available to the Agent its Pro Rata Share of the relevant Loan, the Agent may assume that such Lender has made or will make such portion of the Loan available to the Agent on the Drawdown Date in accordance with the provisions hereof and the Agent may, but shall be in no way obligated to, in reliance upon such assumption, make available to the Borrower on such date a corresponding amount. If and to the extent such Lender shall not have so made its Pro Rata Share of a Loan available to the Agent, such Lender agrees to pay to the Agent forthwith on demand such Lender's Pro Rata Share of the Loan and all reasonable costs and expenses incurred by the Agent in connection therewith together with interest thereon (at the rate payable hereunder by the Borrower in respect of such Loan or, in the case of funds made available in anticipation of a Lender remitting proceeds of a Bankers' Acceptance, at the rate of interest per annum applicable to a Prime Loan) for each day from the date such amount is made available to the Borrower until the date such amount is paid to the Agent; provided, however, that notwithstanding such obligation if such Lender fails to so pay, the Borrower covenants and agrees that, without prejudice to any rights the Borrower may have against such Lender, it shall repay such amount to the Agent forthwith after demand therefor by the Agent. The amount payable to the Agent pursuant hereto shall be set forth in a certificate delivered by the Agent to such Lender and the Borrower (which certificate shall contain reasonable details of how the amount payable is calculated) and shall be *prima facie* evidence thereof, in the absence of manifest error. If such Lender makes the payment to the Agent required herein, the amount so paid shall constitute such Lender's Pro Rata Share of the Loan for purposes of this Agreement.

14.3 Remittance of Payments

Except for amounts payable to the Agent, the Issuing Bank or the Swing Line Lender for its own account and except where this Agreement otherwise requires or contemplates payments to be made on a non-Pro Rata Basis, forthwith after receipt of any repayment of principal, interest or fees pursuant hereto, the Agent shall remit to the Designated Lending Branch of each Lender its Pro Rata Share of such payment (or, if Section 6.1 applies, the applicable Lender's

SECOND AMENDING AGREEMENT

THIS AMENDING AGREEMENT is made August 2, 2005.

AMONG:

SHININGBANK ENERGY LTD.
as Borrower (the "**Borrower**")

OF THE FIRST PART

- and-

THE TORONTO-DOMINION BANK
as Administration Agent (the "**Agent**")

OF THE SECOND PART

- and-

THE PERSONS NAMED ON THE SIGNATURE PAGES HEREOF
as Lenders (hereinafter collectively referred to as the "**Lenders**"
and sometimes individually referred to as a "**Lender**")

OF THE THIRD PART

WHEREAS The Toronto-Dominion Bank ("**TD**"), Bank of Montreal ("**BMO**"), The Bank of Nova Scotia ("**BNS**") and Canadian Imperial Bank of Commerce ("**CIBC**") are currently Lenders under the Credit Agreement;

AND WHEREAS the parties hereto wish to (i) add Alberta Treasury Branches ("**ATB**") and National Bank of Canada ("**NBC**") as Lenders under the Credit Agreement, (ii) increase the Loan Limit and Borrowing Base under the Credit Agreement, and (iii) make certain other amendments to the Credit Agreement;

NOW THEREFORE in consideration of the covenants and agreements herein contained and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by each of the parties hereto, the parties hereto agree as follows:

1. Interpretation

1.1 In this Agreement and the recitals hereto, unless otherwise defined herein or something in the subject matter or the context is inconsistent therewith:

- (a) "**Agreement**" means this agreement, as amended, modified, supplemented or restated from time to time;
- (b) "**Amalgamation**" means the amalgamation of Shiningbank Energy Ltd., Outlook Energy Corp. and Blizzard Energy Inc. to form the Borrower;

- (c) "**Credit Agreement**" means the Restated Credit Agreement dated as of December 31, 2004 among Shiningbank Energy Ltd., the Agent, and TD, BMO, BNS and CIBC as Lenders, as amended by the First Amending Agreement;
- (d) "**Effective Date**" means the date on which all of the conditions in Sections 4.1 and 4.2 of this Agreement have been satisfied or waived by the Lenders;
- (e) "**Existing Bankers' Acceptances**" means the following Bankers' Acceptances issued as Syndicated Loans:
 - (i) Bankers' Acceptances in the aggregate principal amount of Cdn. \$33,000,000 and with a maturity date of September 16, 2005;
 - (ii) Bankers' Acceptances in the aggregate principal amount of Cdn. \$20,000,000 and with a maturity date of August 19, 2005;
 - (iii) Bankers' Acceptances in the aggregate principal amount of Cdn. \$18,000,000 and with a maturity date of August 19, 2005;
 - (iv) Bankers' Acceptances in the aggregate principal amount of Cdn. \$22,000,000 and with a maturity date of August 19, 2005;
 - (v) Bankers' Acceptances in the aggregate principal amount of Cdn. \$10,000,000 and with a maturity date of August 25, 2005;
 - (vi) Bankers' Acceptances in the aggregate principal amount of Cdn. \$13,000,000 and with a maturity date of August 25, 2005;
 - (vii) Bankers' Acceptances in the aggregate principal amount of Cdn. \$46,000,000 and with a maturity date of August 25, 2005;
 - (viii) Bankers' Acceptances in the aggregate principal amount of Cdn. \$22,000,000 and with a maturity date of September 16, 2005; and
 - (ix) Bankers' Acceptances in the aggregate principal amount of Cdn. \$7,000,000 and with a maturity date of September 26, 2005;
- (f) "**First Amending Agreement**" means the First Amending Agreement made April 18, 2005 among the Shiningbank Energy Ltd., the Agent, and TD, BMO, BNS and CIBC as Lenders;
- (g) "**Information Circular**" means the Notice of Special Meeting, Notice of Petition, and Information Circular and Proxy Statement of Blizzard Energy Inc. relating to the proposed arrangement involving Blizzard Energy Inc., Shiningbank Energy Income Fund, Shiningbank Energy Ltd. and others, dated June 28, 2005; and
- (h) "**Plan of Arrangement**" means has the meaning ascribed thereto in the Information Circular.

share of such payment as specified in such Section); provided that, if the Agent, on the assumption that it will receive on any particular date a payment of principal, interest or fees hereunder, remits to a Lender its share of such payment and the Borrower fails to make such payment, each of the Lenders on receipt of such remittance from the Agent agrees to repay to the Agent forthwith on demand an amount equal to the remittance together with all reasonable costs and expenses incurred by the Agent in connection therewith and interest thereon at the rate and calculated in the manner customarily applicable to interbank payments for each day from the date such amount is remitted to the Lenders without prejudice to any right such Lender may have against the Borrower. The exact amount of the repayment required to be made by the Lenders pursuant hereto shall be as set forth in a certificate delivered by the Agent to each Lender, which certificate shall be conclusive and binding for all purposes in the absence of manifest error.

14.4 Redistribution of Payment

If a Lender (an "**Overpaid Lender**") shall obtain any payment (an "**Excess Payment**"), whether voluntary, involuntary, through the exercise of any right of set-off or otherwise (other than any amounts expressly permitted to be paid solely to such Lender pursuant to this Agreement), to be applied on account of any portion of the Loan Indebtedness owed to it in excess of its share thereof as provided for hereunder, then:

- (a) such Overpaid Lender shall immediately pay to the Agent an amount equal to the Excess Payment, together with interest thereon at a rate determined in accordance with such Overpaid Lender's usual banking practice in respect of deposits of amounts comparable to the amount of such payment at the time such payment is made, whereupon the Agent shall notify the Borrower of such amount and of its receipt by the Agent;
- (b) the Agent shall remit to each Lender (other than the Overpaid Lender) its share of such Excess Payment (calculated without reference to the share of the Overpaid Lender); and
- (c)
 - (i) as between the Borrower and the Overpaid Lender, the Excess Payment shall, except as provided in paragraph (ii) below, be treated as not having been paid; and
 - (ii) as between the Borrower and each Lender (other than the Overpaid Lender), the applicable share of the Excess Payment shall be treated as having been paid to each such Lender on the date such Excess Payment was made to the Overpaid Lender;

provided that if all or any portion of such Excess Payment is subsequently required to be repaid by the Overpaid Lender to the Borrower, each other Lender will promptly repay to the Agent for the account of such Overpaid Lender an amount equal to any amount which such other Lender had received pursuant to this Section.

14.5 Duties and Obligations

Neither the Agent nor any of its directors, officers, agents or employees (and, for purposes hereof, the Agent shall be deemed to be contracting as agent and trustee for and on behalf of such persons) shall be liable to the Lenders for any action taken or omitted to be taken by it or them under or in connection with this Agreement except for its or their own gross negligence or wilful misconduct. Without limiting the generality of the foregoing, the Agent:

- (a) may assume that there has been no assignment or transfer by any means by the Lenders of their rights hereunder, unless and until the Agent receives written notice of the assignment thereof from such Lender and the Agent receives from the assignee an executed assignment agreement providing, *inter alia*, that such assignee is bound hereby as it would have been if it had been an original Lender party hereto;
- (b) may consult with legal counsel (including receiving the opinions of Borrower's counsel and Lenders' counsel required hereunder), independent public accountants and other experts selected by it and shall not be liable for any action taken or omitted to be taken in good faith by it in accordance with the advice of such counsel, accountants or experts;
- (c) shall incur no liability under or in respect of this Agreement by acting upon any notice, consent, certificate or other instrument or writing (which may be by telegram, cable, telecopier or telex) believed by it to be genuine and signed or sent by the proper party or parties or by acting upon any representation or warranty of the Borrower made or deemed to be made hereunder;
- (d) may assume that no Default or Event of Default has occurred and is continuing unless it has actual knowledge to the contrary;
- (e) may rely as to any matters of fact which might reasonably be expected to be within the knowledge of any person upon a certificate signed by or on behalf of such person;
- (f) shall not be bound to disclose to any other person any information relating to the Borrower, any of the Subsidiaries or any other Person if such disclosure would or might in its opinion constitute a breach of any Laws, be in default of the provisions hereof or be otherwise actionable at the suit of any other Person; and
- (g) may refrain from exercising any right, power or discretion vested in it which would or might in its reasonable opinion be contrary to any Laws or any directive or otherwise render it liable to any Person, and may do anything which is in its reasonable opinion necessary to comply with such Laws.

Further, the Agent (i) does not make any warranty or representation to any Lender nor shall it be responsible to any Lender for the accuracy or completeness of the representations and warranties of the Borrower herein or the data made available to any of the Lenders in connection with the negotiation of this Agreement, or for any statements, warranties or representations (whether

written or oral) made in or in connection with this Agreement; (ii) shall not have any duty to ascertain or to enquire as to the performance or observance of any of the terms, covenants or conditions of this Agreement on the part of the Borrower or to inspect the property (including the books and records) of the Borrower or any of the Subsidiaries; and (iii) shall not be responsible to any Lender for the due execution, legality, validity, enforceability, genuineness, sufficiency or value of this Agreement or any instrument or document furnished pursuant hereto.

14.6 Prompt Notice to Lenders

Notwithstanding any other provision herein, the Agent agrees to provide to the Lenders, with copies where appropriate, all information, notices and reports required to be given to the Agent by the Borrower, promptly upon receipt of same, excepting therefrom information and notices relating solely to the role of Agent hereunder.

14.7 Agent's and Lenders' Authorities

With respect to its Commitments and its Pro Rata Shares of the Drawdowns, Rollovers and Conversions made by it as a Lender, the Agent shall have the same rights and powers under this Agreement as any other Lender and may exercise the same as though it were not the Agent. Subject to the express provisions hereof relating to the rights and obligations of the Agent and the Lenders in such capacities, the Agent and each Lender may accept deposits from, lend money to, and generally engage in any kind of business with the Borrower and the Subsidiaries or any corporation or other entity owned or controlled by any of them and any Person which may do business with any of them without any duties to account therefor to the Agent or the other Lenders and, in the case of the Agent, all as if it was not the Agent hereunder.

14.8 Lender Credit Decision

It is understood and agreed by each Lender that it has itself been, and will continue to be, solely responsible for making its own independent appraisal of and investigations into the financial condition, creditworthiness, condition, affairs, status and nature of the Borrower. Each Lender represents to the Agent that it is engaged in the business of making and evaluating the risks associated with commercial revolving or term loans, or both, to corporations similar to the Borrower, that it can bear the economic risks related to the transaction contemplated hereby, that it has had access to all information deemed necessary by it in making such decision (provided that this representation shall not impair its rights against the Borrower) and that it is entering into this Agreement in the ordinary course of its commercial lending business. Accordingly, each Lender confirms with the Agent that it has not relied, and will not hereafter rely, on the Agent (i) to check or enquire on its behalf into the adequacy, accuracy or completeness of any information provided by the Borrower or any other Person under or in connection with this Agreement or the transactions herein contemplated (whether or not such information has been or is hereafter distributed to such Lender by the Agent), or (ii) to assess or keep under review on its behalf the financial condition, creditworthiness, condition, affairs, status or nature of the Borrower. Each Lender acknowledges that a copy of this Agreement has been made available to it for review and each Lender acknowledges that it is satisfied with the form and substance of this Agreement and the other Loan Documents. Each Lender hereby covenants and agrees that it

will not make any arrangements with the Borrower for the satisfaction of any Loans or other Loan Indebtedness without the consent of all other Lenders.

14.9 Indemnification of Agent

The Lenders hereby agree to indemnify the Agent (to the extent not reimbursed by the Borrower), on a Pro Rata Basis, from and against any and all liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements of any kind or nature whatsoever which may be imposed on, incurred by, or asserted against the Agent in any way relating to or arising out of this Agreement or any action taken or omitted by the Agent under or in respect of this Agreement in its capacity as Agent; provided that no Lender shall be liable for any portion of such liabilities, obligations, losses, damages, penalties, actions, judgments, suits, costs, expenses or disbursements resulting from the Agent's gross negligence or wilful misconduct. If the Borrower subsequently repays all or a portion of such amounts to the Agent, the Agent shall reimburse the Lenders their pro rata shares (according to the amounts paid by them in respect thereof) of the amounts received from the Borrower. Without limiting the generality of the foregoing, each Lender agrees to reimburse the Agent promptly upon demand for its portion (determined as above) of any out-of-pocket expenses (including counsel fees) incurred by the Agent in connection with the preservation of any rights of the Agent or the Lenders under, or the enforcement of, or legal advice in respect of rights or responsibilities under, this Agreement, to the extent that the Agent is not reimbursed for such expenses by the Borrower.

14.10 Successor Agent

The Agent may, as hereinafter provided, resign at any time by giving 45 days' prior written notice thereof to the Lenders and the Borrower. In addition, if the Commitment of the Lender acting as Agent falls below 12% of the Total Commitment, the Borrower may request the Agent to resign and upon being so requested, the Agent shall resign. Upon any such resignation, the Lenders shall, after soliciting the views of the Borrower, have the right to appoint another Lender as a successor agent (the "**Successor Agent**") approved by the Borrower (such approval not to be unreasonably withheld). If no Successor Agent shall have been so appointed by the Lenders and shall have accepted such appointment within 30 days after the retiring Agent's giving of notice of resignation, then the retiring Agent shall, on behalf of the Lenders, appoint a Successor Agent who shall be a Lender approved by the Borrower (such approval not to be unreasonably withheld). Upon the acceptance of any appointment as Agent hereunder by a Successor Agent, such Successor Agent shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the retiring Agent, and the retiring Agent shall thereupon be discharged from its further duties and obligations as Agent under this Agreement. After any retiring Agent's resignation hereunder as Agent, the provisions of this Article shall continue to enure to its benefit as to any actions taken or omitted to be taken by it as Agent or in its capacity as Agent while it was Agent hereunder.

14.11 Taking and Enforcement of Remedies

- (a) Each of the Lenders hereby acknowledges that, to the extent permitted by Laws, the remedies provided hereunder to the Lenders are for the benefit of the Lenders

collectively and acting together and not severally and further acknowledges that its rights hereunder are to be exercised not severally, but collectively by the Agent upon the decision of the Majority Lenders regardless of whether any Loan Indebtedness is accelerated pursuant to Section 11.2. Notwithstanding any of the provisions contained herein, each of the Lenders hereby covenants and agrees that it shall not be entitled to individually take any action with respect to the Credit Facility, including, without limitation, any exercise of any remedies under Section 11.2, but that any such action shall be taken only by the Agent with the prior written agreement or instructions of the Majority Lenders; provided that, notwithstanding the foregoing, if (i) the Agent, having been adequately indemnified against costs and expenses of so doing by the Lenders, shall fail to carry out any such instructions of the Majority Lenders, any Lender may do so on behalf of all Lenders and shall, in so doing, be entitled to the benefit of all protections given the Agent hereunder or elsewhere, and (ii) in the absence of instructions from the Majority Lenders and where in the sole opinion of the Agent the exigencies of the situation warrant such action, the Agent may without notice to or consent of the Lenders or any of them take such action on behalf of the Lenders as it deems appropriate or desirable in the interests of the Lenders. Each of the Lenders hereby further covenants and agrees that upon any such written consent being given by the Majority Lenders, or upon a Lender or the Agent taking action as aforesaid, it shall cooperate fully with the Lender or the Agent to the extent requested by the Lender or the Agent in the collective realization including, without limitation, and, if applicable, the appointment of a receiver, or receiver and manager to act for their collective benefit. Each Lender covenants and agrees to do all acts and things and to make, execute and deliver all agreements and other instruments, including, without limitation, any instruments necessary to effect any registrations, so as to fully carry out the intent and purpose of this Section; and each of the Lenders hereby covenants and agrees that it has not heretofore and shall not seek, take, accept or receive any security for any of the Loan Indebtedness of the Borrower hereunder or under any other document, instrument, writing or agreement ancillary hereto and shall not enter into any agreement with any of the parties hereto or thereto relating in any manner whatsoever to the Credit Facility, unless all of the Lenders shall at the same time obtain the benefit of any such security or agreement.

- (b) With respect to any enforcement, realization or the taking of any rights or remedies to enforce the rights of the Lenders hereunder, the Agent shall be a trustee for each Lender, and all monies received from time to time by the Agent in respect of the foregoing shall be held in trust and shall be trust assets within the meaning of applicable bankruptcy or insolvency legislation and shall be considered for the purposes of such legislation to be held separate and apart from the other assets of the Agent, and the Lenders shall be entitled to their pro rata shares of such monies (according to the Loan Indebtedness then owing to each of them). In its capacity as trustee, the Agent shall be obliged to exercise only the degree of care it would exercise in the conduct and management of its own business and in accordance with its usual practice concurrently employed or hereafter instituted for other substantial commercial loans.

14.12 Reliance Upon Agent

The Borrower shall be entitled to rely upon any certificate, notice or other document or other advice, statement or instruction provided to it by the Agent pursuant to this Agreement, and the Borrower shall generally be entitled to deal with the Agent with respect to matters under this Agreement which the Agent is authorized to deal with without any obligation whatsoever to satisfy itself as to the authority of the Agent to act on behalf of the Lenders and without any liability whatsoever to the Lenders for relying upon any certificate, notice or other document or other advice, statement or instruction provided to it by the Agent, notwithstanding any lack of authority of the Agent to provide the same.

14.13 No Liability of Agent

The Agent shall have no responsibility or liability to the Borrower on account of the failure of any Lender to perform its obligations hereunder (unless such failure was caused, in whole or in part, by the Agent's failure to observe or perform its obligations hereunder), or to any Lender on account of the failure of the Borrower or any Lender to perform its obligations hereunder.

14.14 Article for Benefit of Agent and Lenders

The provisions of this Article 14 which relate to the rights and obligations of the Lenders to each other or to the rights and obligations between the Agent and the Lenders shall be for the exclusive benefit of the Agent and the Lenders, and, except to the extent expressly provided for in this Article, the Borrower shall not have any rights or obligations thereunder or be entitled to rely for any purpose upon such provisions. Any Lender may waive in writing any right or rights which it may have against the Agent or the other Lenders hereunder without the consent of or notice to the Borrower.

ARTICLE 15 **ASSIGNMENT**

15.1 Assignment and Participation Prior to Default

- (a) Any Lender (herein sometimes called a "**Granting Lender**") may grant a participation in the Credit Facility to one or more Persons resident in Canada for the purposes of the *Income Tax Act* (Canada) and entitled to lend money in Canada (the "**Participant**"). If such a participation is granted, (i) the Granting Lender shall remain fully liable for all of its obligations and responsibilities hereunder to the same extent as if such participation had not been granted, and (ii) the Granting Lender shall administer the participation of the Participant and none of the Participant, the Borrower and the Agent shall have any rights against or obligations to one another, nor shall any of them be required to deal directly with one another in respect of the participation by such Participant.
- (b) With the prior written consent of the Agent (which shall not be unreasonably withheld), any Lender (herein sometimes called an "**Assigning Lender**") may assign all or any part of such Lender's rights to, and may have its respective

obligations in respect of, the Credit Facility assumed by one or more Persons resident in Canada for the purposes of the *Income Tax Act* (Canada) and entitled to lend money in Canada (each an "Assignee"). Any permitted assignment shall become effective when the Agent and the Borrower have been notified of it by the Assigning Lender, have received from the Assignee an executed copy of an assignment agreement substantially in the form of Schedule G (an "Assignment Agreement"), and the Agent has received from the Assignee an assignment fee of Cdn. \$3,500 (other than in respect of the initial syndication of the Credit Facility). Any Assignee of a Lender shall be and be treated as a Lender for all purposes of this Agreement, and each Assignee shall be entitled to the full benefit hereof and shall be subject to the obligations of the Assigning Lender to the same extent as if it were an original party in respect of the rights or obligations assigned to it and the Assigning Lender shall be released and discharged accordingly and to the same extent (subject to Section 5.4(e)), and Schedule A (to the extent such Schedule relates to the Assigning Lender) shall be deemed to be amended accordingly from time to time without further notice or other requirement.

- (c) The Borrower will, at the applicable Lender's expense, execute such further documents and instruments and do such further things as the Agent or such Lender may reasonably request for the purpose of any participation or assignment.
- (d) Notwithstanding any other provision of Section 15.1, no Assigning Lender shall assign an interest to an Assignee unless (i) the Assignee acquires a Commitment with an aggregate principal amount of not less than Cdn. \$10,000,000, and (ii) the Assigning Lender, if it retains any Commitment, retains a Commitment with an aggregate principal amount of not less than Cdn. \$10,000,000.

15.2 Assignment After Event of Default

Notwithstanding anything to the contrary herein contained, where an Event of Default has occurred and is continuing, nothing in this Agreement shall preclude an assignment to one or more financial institutions not resident in Canada for the purposes of the *Income Tax Act* (Canada) or an assignment where the assignor or assignee acquires or retains a Commitment of less than Cdn. \$10,000,000.

15.3 Assignment by Borrower

The Borrower shall not assign, delegate or transfer all or any part of its rights or obligations hereunder without the prior written consent of all the Lenders.

ARTICLE 16
AMENDMENT AND RESTATEMENT

16.1 Amendment and Restatement

On the Effective Date:

- (a) the Original Credit Agreement shall be and is hereby amended and restated in the form of this Agreement; and
- (b) all Loans (as that term is defined in the Original Credit Agreement) and other amounts outstanding under the Original Credit Agreement prior to the date hereof shall continue to be outstanding under this Agreement and shall be deemed to be Loans and other amounts owing by the Borrower to the Lenders under this Agreement and, for such purpose, outstanding Syndicated Loans shall be allocated to the Syndicated Lenders on a Pro Rata Basis and outstanding Swing Line Loans shall be allocated to the Swing Line Lender.

16.2 Continuing Rights, Etc.

Notwithstanding the foregoing or any other term hereof, all of the covenants, representations and warranties on the part of the Borrower under the Original Credit Agreement and all of the claims and causes of action arising against the Borrower in connection therewith, in respect of all matters, events, circumstances and obligations arising or existing prior to the date hereof shall continue, survive and shall not be merged in the execution of this Agreement or any other Loan Documents or any advance or provision of any Loan hereunder.

ARTICLE 17
GENERAL PROVISIONS

17.1 Exchange and Confidentiality of Information

- (a) The Borrower agrees that the Agent and each Lender may provide any assignee or participant or any bona fide prospective assignee or participant pursuant to Article 15 with any information concerning the financial condition of the Borrower provided such party agrees in writing with the Agent or such Lender for the benefit of the Borrower to be bound by a like duty of confidentiality to that contained in this Section.
- (b) Each of the Agent and the Lenders acknowledges the confidential nature of the financial, operational and other information and data provided and to be provided to them by the Borrower pursuant hereto (the "**Information**") and agrees to use all reasonable efforts to prevent the disclosure thereof; provided, however, that:
 - (i) the Agent and the Lenders may disclose all or any part of the Information if, in their reasonable opinion, such disclosure is required in connection with any actual or threatened judicial, administrative or governmental proceedings including, without limitation, proceedings initiated under or

in respect of this Agreement or, provided that the recipients shall be under a like duty of confidentiality to that contained in this Section, for the purpose of syndicating the Credit Facility;

- (ii) the Agent and the Lenders shall incur no liability in respect of any Information required to be disclosed by any Laws, or by applicable order, policy or directive having the force of law, to the extent of such requirement;
- (iii) the Agent and the Lenders may provide counsel and their other agents and professional advisors with any Information; provided that such persons shall be under a like duty of confidentiality to that contained in this Section;
- (iv) the Agent and each of the Lenders shall incur no liability in respect of any Information: (i) which is or becomes readily available to the public (other than by a breach hereof) or which has been made readily available to the public by the Borrower, (ii) which the Agent or the relevant Lender can show was, prior to receipt thereof from the Borrower, lawfully in the Agent's or Lender's possession and not then subject to any obligation on its part to the Borrower to maintain confidentiality, or (iii) which the Agent or the relevant Lender received from a third party who was not, to the knowledge of the Agent or such Lender after reasonable inquiry, under a duty of confidentiality to the Borrower at the time the information was so received;
- (v) the Agent and the Lenders may disclose the Information to other financial institutions in connection with the syndication by the Agent or Lenders of the Credit Facility where such financial institution agrees to be under a like duty of confidentiality to that contained in this Section; and
- (vi) the Agent and the Lenders may disclose all or any part of the Information so as to enable the Agent and the Lenders to initiate any lawsuit against the Borrower or to defend any lawsuit commenced by the Borrower the issues of which touch on the Information, but only to the extent such disclosure is necessary to the initiation or defence of such lawsuit.

17.2 Telephone Instructions

Any verbal instructions given by the Borrower in relation to this Agreement will be at the risk of the Borrower and neither the Agent nor the Lenders will have any liability for any error or omission in such verbal instructions or in the interpretation or execution thereof by the Agent or a Lender, as the case may be, provided the Agent or Lender, as the case may be, acted without gross negligence in the circumstances. The Agent will notify the Borrower of any conflict or inconsistency between any written confirmation of such verbal instructions received from the Borrower and the said verbal advice as soon as practicable after the conflict or inconsistency becomes apparent to the Agent.

17.3 Further Assurances

Each party hereto shall, at the request of the other (but at the expense of the Borrower), perform all such further acts and execute and deliver all such further documents as may, in the reasonable opinion of the other, be necessary or desirable in order to fully perform and carry out the purpose and intent of the Loan Documents.

17.4 Conflicting Provisions

In the event of (but to the extent only of) a conflict or inconsistency between the terms of this Agreement and any of the other Loan Documents, the terms of this Agreement shall govern.

17.5 Notice

Any notice or other communication hereunder shall be in writing and, if delivered, it shall be considered received on the day it is given to an officer of the recipient, or if by facsimile transmission (fax) during normal business hours on a Banking Day, it shall be considered received on the same day as the transmission thereof was successfully completed to the number provided as follows:

In the case of the Borrower:

Shiningbank Energy Ltd.
1310, 111 - 5th Avenue S.W.
Calgary, Alberta
T2P 3Y6

Attention: Vice President, Finance and Chief Financial Officer
Fax No.: (403) 269-3615

In the case of the Agent:

The Toronto-Dominion Bank, as Agent
18th Floor, Royal Trust Tower
77 King Street West
Toronto, Ontario
M5K 1A2

Attention: Vice President, Loan Syndications - Agency
Fax No.: (416) 982-5535

In the case of each Lender:

At the address set forth opposite such Lender's name on Schedule A hereto.

Any party may change its address or fax number from time to time in a notice similarly given.

17.6 Non-Performance of Covenants

If the Borrower fails to perform any of its covenants or agreements hereunder, the Agent may itself, but shall not be obliged to, perform or cause to be performed the same and all reasonable expenses incurred or payments made by the Agent in so doing shall be paid by the Agent forthwith upon demand. Any such expenses or payments remaining unpaid after demand shall bear interest at the Prime Rate in effect from time to time plus the Applicable Pricing Margin from the date such expense or payment was incurred or made by the Agent until paid.

17.7 Entire Agreement

This Agreement and the other Loan Documents contemplated by this Agreement constitute the entire agreement between the Borrower and the Lenders in respect of the obligations herein set out and supersede and cancel any prior agreements between the Borrower and any of the Lenders concerning such obligations. For greater certainty, the Borrower acknowledges that nothing herein supersedes and cancels the Agency Agreement between the Agent and the Borrower.

17.8 Counterparts

Any Loan Document may be executed in any number of counterparts, including by facsimile, all of which taken together shall constitute one and the same instrument and any of the parties thereto may execute a Loan Document by signing any such counterpart.

IN WITNESS WHEREOF the parties hereto have executed this Agreement as of the date first above written.

**SCHEDULE G
TO THE RESTATED CREDIT AGREEMENT**

LENDER ASSIGNMENT AGREEMENT

THIS LENDER ASSIGNMENT AGREEMENT is made as of the _____ day
of •, 200____.

BETWEEN:

•

(hereinafter referred to as the "Assignor")

OF THE FIRST PART

- and -

•

(hereinafter referred to as the "Assignee")

OF THE SECOND PART

- and -

SHININGBANK ENERGY LTD. (hereinafter referred to as the
"Borrower")

OF THE THIRD PART

- and -

THE TORONTO-DOMINION BANK, in its capacity as agent
of the Lenders (hereinafter referred to as the "Agent"),

OF THE FOURTH PART

WHEREAS the Assignor is a Lender under the Restated Credit Agreement dated
as of December 31, 2004 among the Borrower, the Agent and the Lenders (as amended,
modified, supplemented or restated from time to time, the "**Credit Agreement**");

AND WHEREAS the Assignor has agreed to assign and transfer to the Assignee
certain rights under the Credit Agreement in compliance with the Credit Agreement, and the
Assignee has agreed to accept such rights and assume certain obligations of the Assignor under
the Credit Agreement.

NOW THEREFORE, in consideration of the premises and other good and valuable consideration (the receipt and sufficiency of which are hereby conclusively acknowledged), the parties hereby agree as follows:

1. Interpretation

- (a) In this Agreement, including the recitals, capitalized terms used herein, and not otherwise defined herein, shall have the same meanings attributed thereto as set forth in the Credit Agreement. In addition, the following terms shall have the following meanings:
 - (i) **"Assigned Commitment"** has the meaning set forth in Section 2 hereof;
 - (ii) **"Assigned Interests"** has the meaning set forth in Section 2 hereof;
 - (iii) **"Assumed Obligations"** has the meaning set forth in Section 4 hereof; and
 - (iv) **"Effective Date"** means the 5th Banking Day following the date this Agreement is executed by the Agent.
- (b) The division of this Agreement into Articles, Sections, paragraphs and other subdivisions and the insertion of headings are for convenience of reference only and shall not affect the construction or interpretation hereof.
- (c) In this Agreement:
 - (i) the terms "this Agreement", "hereof", "herein", "hereunder" and similar expressions refer, unless otherwise specified, to this Lender Assignment Agreement taken as a whole and not to any particular section, subsection or paragraph;
 - (ii) words importing the singular number or masculine gender shall include the plural number or the feminine or neuter genders, and vice versa; and
 - (iii) words and terms denoting inclusiveness (such as "include" or "includes" or "including"), whether or not so stated, are not limited by their context or by the words or phrases which precede or succeed them.
- (d) This Agreement shall be governed by and interpreted in accordance with the laws of the Province of Alberta and the laws of Canada applicable therein. The parties hereby irrevocably submit to the non-exclusive jurisdiction of the courts of the Province of Alberta, without prejudice to the rights of the parties to take proceedings in any other jurisdictions.
- (e) If any provision of this Agreement shall be invalid, illegal or unenforceable in any respect in any jurisdiction, it shall not affect the validity, legality or enforceability

of any such provision in any other jurisdiction or the validity, legality or enforceability of any other provision of this Agreement.

2. Assignment of Rights by Assignor

Effective as of the Effective Date, the Assignor hereby absolutely assigns and transfers to the Assignee:

- (a) subject as provided in Section 3 hereof, [all OR •% of all] of the right, title and interest in, to and under each of the outstanding Loans and other Loan Indebtedness owing by the Borrower under the Credit Facility; and
- (b) Cdn. \$• of the Assignor's Syndicated Commitment (the "**Assigned Commitment**");

together with all of the Assignor's other rights under the Credit Agreement and the other Loan Documents but only insofar as such other rights relate to (a) and (b) above (collectively, the "**Assigned Interests**").

[NOTE: Appropriate changes to this section and elsewhere in this agreement are to be made if the assignment relates to or includes the Swing Line Commitment.]

3. Outstanding Assignor BAs and Letters of Credit

- (a) The parties hereto agree that the following provisions shall apply to the outstanding Bankers' Acceptances accepted by the Assignor and described in Appendix I hereto (collectively, the "**Outstanding Assignor BAs**"):
 - (i) such Outstanding Assignor BAs shall remain the liability and obligation of the Assignor and the Assignor shall be entitled to all of the rights, titles and benefits arising out of the Credit Agreement and the other Loan Documents with respect to such Outstanding Assignor BAs (including reimbursement rights); provided, however, that the Assignee shall indemnify the Assignor for the respective amounts set forth under the heading "Indemnity Amount" in Appendix I in respect of such Outstanding Assignor BAs (other than losses or costs with respect to such Indemnity Amounts which arise out of the negligence or wilful misconduct of the Assignor); and
 - (ii) the Assignee will pay to the Assignor on the Effective Date as fees for the giving of the indemnity in Section 3(a)(i) the respective amounts set forth under the heading "Indemnity Fee" in Appendix I hereto.
- (b) The parties hereby acknowledge that, on the Effective Date, Letters of Credit issued by the Issuing Bank and having expiry dates ending on or after the Effective Date may be outstanding (collectively, the "**Outstanding LCs**"); and that pursuant to Section 5.4(d) of the Credit Agreement, the Issuing Bank is

entitled to be reimbursed by the Assignor for its Pro Rata Share of such Outstanding LCs. Accordingly, the Assignor shall be entitled to all of the rights, titles and benefits arising out of the Credit Agreement and the other Loan Documents with respect to such Outstanding LCs (including reimbursement rights); provided, however, that the Assignee shall indemnify the Assignor and hold the Assignor harmless from and against any losses or costs paid or incurred by the Assignor in connection with such Outstanding LCs (other than losses or costs which arise out of the negligence or wilful misconduct of the Assignor).

4. Assumption of Obligations by Assignee

The Assignee assumes and covenants and agrees to be responsible for all obligations relating to the Assigned Interests to the extent such obligations arise or accrue on or after the Effective Date (collectively, the "**Assumed Obligations**") and agrees that it will be bound by the Credit Agreement and the other Loan Documents to the extent of the Assumed Obligations as fully as if it had been an original party to the Credit Agreement.

5. Credit Agreement References; Notices

Effective as of the Effective Date:

- (a) the Assignee shall be a Lender for all purposes of the Credit Agreement and the other Loan Documents and all references therein to "Lenders" or "a Lender" shall be deemed to include the Assignee;
- (b) the Syndicated Commitment of the Assignee shall be the Assigned Commitment and all references in the Credit Agreement to the Syndicated Commitment of the Assignee shall be deemed to be to the Assigned Commitment;
- (c) any demand, notice or communication to be given to the Assignee in accordance with Section 17.5 of the Credit Agreement shall be made or given to the following address or telecopy number (until the Assignee otherwise gives notice in accordance with such Section 17.5); and
- (d) Schedule A to the Credit Agreement shall be deemed to be and is hereby amended to the extent necessary to give effect to the assignment of the Assigned Commitment contemplated hereby and to give effect to Sections 5(b) and 5(c) hereof.

6. The Agent

Without in any way limiting the provisions of Section 4 hereof, the Assignee irrevocably appoints and authorizes the Agent to take such action as agent on its behalf and to exercise such powers under the Credit Agreement and the other Loan Documents as are delegated to the Agent by the terms thereof, together with such powers as are reasonably incidental thereto, all in accordance with the provisions of the Credit Agreement.

7. No Entitlement to Prior Interest or Other Fees

Except as otherwise agreed in writing between the Assignor and the Assignee, notwithstanding any provision of the Credit Agreement or other Loan Documents or any other provision of this Agreement, the Assignee shall have no right, title or interest in or to any interest or fees paid or to be paid to the Assignor under, pursuant to or in respect of:

- (a) [the fees paid to the Assignor in respect of the establishment of the Credit Facility;]

[NOTE: Insert 7(a) above, as applicable.]

- (b) [the fees payable to the Agent for acting as Agent under the Credit Agreement; or]

[NOTE: 7(b) above to be inserted for any assignment by the Agent.]

- (c) the Loans, the Credit Facility or the Credit Agreement for any period of time or in respect of any event or circumstance prior to the Effective Date.

8. Consent of Borrower or Agent

The Borrower and the Agent consent to the assignment of the Assigned Interests to the Assignee and the assumption of the Assumed Obligations by the Assignee and, as and from the Effective Date, agree to recognize the Assignee as a Lender under the Credit Agreement as fully as if the Assignee had been an original party to the Credit Agreement. The Borrower and the Agent, as and from the Effective Date, agree that the Assignor shall have no further liability or obligation to either of them in respect of the Assumed Obligations.

9. Representations and Warranties

Each of the parties hereby represents and warrants to the other parties as follows:

- (a) it is validly subsisting under the laws of its governing jurisdiction;
- (b) it has all necessary power and authority to enter into this Agreement and to perform its obligations hereunder and under the Credit Agreement and the other Loan Documents;
- (c) the execution, delivery, observance and performance on its part of this Agreement has been duly authorized by all necessary action and this Agreement constitutes a legal, valid and binding obligation of such party enforceable against it in accordance with its terms; and
- (d) all consents, authorizations and approvals of any Governmental Authority, if any, required for the execution, delivery, observance and performance by it of this Agreement, the Credit Agreement and the other Loan Documents have been obtained and remain in full force and effect, all conditions have been duly complied with and no action by, and no notice to or other filing with any

Governmental Authority is required for such execution, delivery, observance or performance.

The Assignee represents and warrants that it is not a non-resident of Canada for the purposes of the *Income Tax Act* (Canada).

The Assignor represents and warrants to the Assignee that it has the right to sell to the Assignee the Assigned Interests and that the same are free and clear of all Liens. The Assignor also represents and warrants to the Assignee that it has not received written notice of the occurrence of any Default or Event of Default under the Credit Agreement which is continuing.

The representations and warranties set out in this Agreement shall survive the execution and delivery of this Agreement and notwithstanding any examinations or investigations which may be made by the parties or their respective legal counsel.

Except as expressly provided herein, the Assignee confirms that this Agreement is entered into by the Assignee without any representations or warranties by the Assignor or the Agent on any matter whatsoever, including, without limitation, on the effectiveness, validity, legality, enforceability, adequacy or completeness of the Credit Agreement or any other Loan Document delivered pursuant thereto or in connection therewith or any of the terms, covenants and conditions therein or on the financial condition, creditworthiness, condition, affairs, status or nature of the Borrower.

10. Assignee Credit Decision

The Assignee acknowledges to the Assignor and the Agent that the Assignee has itself been, and will continue to be, solely responsible for making its own independent appraisal of and investigations into the financial condition, creditworthiness, condition, affairs, status and nature of the Borrower, all of the matters and transactions contemplated herein and in the Credit Agreement and the other Loan Documents and all other matters incidental to the Credit Agreement and the other Loan Documents. The Assignee confirms with the Assignor and the Agent that it does not rely, and it will not hereafter rely, on the Agent or the Assignor:

- (a) to check or inquire on its behalf into the adequacy, accuracy or completeness of any information provided by the Borrower or any other Person under or in connection with the Credit Agreement and the other Loan Documents or the transactions therein contemplated (whether or not such information has been or is hereafter distributed to the Assignee by the Agent); or
- (b) to assess or keep under review on its behalf the financial condition, creditworthiness, condition, affairs, status or nature of the Borrower.

The Assignee acknowledges that a copy of the Credit Agreement (including a copy of the Schedules) has been made available to it for review and further acknowledges and agrees that it has received copies of such other Loan Documents and such other information that it has requested for the purposes of its investigation and analysis of all matters related to this

Agreement, the Credit Agreement, the other Loan Documents and the transactions contemplated hereby and thereby. The Assignee acknowledges that it is satisfied with the form and substance of the Credit Agreement and the other Loan Documents.

11. Payments

The Assignor and the Assignee acknowledge and agree that all payments under the Credit Agreement in respect of the Assigned Interests from and after the Effective Date received by the Agent on or after the Effective Date shall be the property of the Assignee and the Agent shall be entitled to treat the Assignee as solely entitled thereto.

12. Amendments and Waivers

Any amendment or modification or waiver of any right under any provision of this Agreement shall be in writing (in the case of an amendment or modification, signed by the parties) and any such waiver shall be effective only for the specific purpose for which given and for the specific time period, if any, contemplated therein. No failure or delay by any party in exercising any right, power or privilege under this Agreement shall operate as a waiver thereof and any waiver of any breach of the provisions of this Agreement shall be without prejudice to any rights with respect to any other or further breach.

13. General Provisions

- (a) The parties hereto shall from time to time and at all times do all such further acts and things and execute and deliver all such documents as are required in order to fully perform and carry out the terms of this Agreement.
- (b) The provisions of this Agreement shall enure to the benefit of and shall be binding upon the parties hereto and their respective successors and permitted assigns.

- (c) This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, and it shall not be necessary in making proof of this Agreement to produce or account for more than one full set of counterparts.

IN WITNESS WHEREOF the parties hereto have caused this Agreement to be executed by its duly authorized representative(s) as of the date first above written.

**RE: Shiningbank Energy Income Fund - Prospectus dated September 21, 2005
(the "Prospectus")**

To the extent that the securities legislation in some jurisdictions is ambiguous regarding certain matters set forth in NP 41-201, and in connection with the filing of the Prospectus, Shiningbank Energy Income Fund (the "Fund") hereby undertakes as follows:

1. in complying with its reporting issuer obligations, the Fund will treat Shiningbank Energy Ltd. ("SEL") and Shiningbank Limited Partnership ("SLP") as subsidiaries of the Fund; however, if generally accepted accounting principles prohibit the consolidation of financial information of SEL, SLP and the Fund, we expect that, for as long as SEL or SLP (and any of its significant business interests) represents a significant asset of the Fund, the Fund will provide unitholders with separate financial statements for SEL and SLP (and any of its significant business interests), as applicable;
2. for so long as the Fund is a reporting issuer, the Fund will take appropriate measures to require each person who would be an insider of SEL or SLP if SEL or SLP were reporting issuers to file insider reports about trades in trust units of the Fund (including securities which are exchangeable into trust units of the Fund); and
3. the Fund will annually certify that it has complied with this undertaking and file the certificate on SEDAR concurrently with the filing of its annual financial statements.

4,100,000 TRUST UNITS

Price: \$24.45 per Trust Unit

Shiningbank Energy Income Fund ("Shiningbank" or the "Fund") is hereby qualifying 4,100,000 trust units ("Trust Units") of the Fund for distribution (the "Offering") at a price of \$24.45 per Trust Unit. Each Trust Unit represents an undivided beneficial interest in the Fund. The outstanding Trust Units are listed and posted for trading on the Toronto Stock Exchange (the "TSX") under the trading symbol "SHN.UN". Shiningbank has applied to list the Trust Units offered pursuant to this short form prospectus on the TSX. The TSX has conditionally approved the listing of the Trust Units subject to Shiningbank fulfilling the listing requirements of the TSX on or before December 7, 2005. On September 8, 2005, the closing price of the Trust Units on the TSX prior to the public announcement of the Offering was \$24.99. On September 20, 2005, the closing price of the Trust Units on the TSX was \$24.95.

The offering price of the Trust Units was determined by negotiation between Shiningbank and CIBC World Markets Inc., on behalf of itself and BMO Nesbitt Burns Inc., Scotia Capital Inc., RBC Dominion Securities Inc., National Bank Financial Inc., TD Securities Inc. and FirstEnergy Capital Corp. (collectively, the "Underwriters").

	Price to Public	Underwriters' Fee	Net Proceeds to Shiningbank ⁽¹⁾
Per Trust Unit	\$ 24.45	\$ 1,2225	\$ 23,2275
Total	\$ 100,245,000	\$ 5,012,250	\$ 95,232,750

Note:

(1) Before deducting expenses of the Offering estimated to be \$280,000.

Shiningbank pays distributions on the Trust Units on or about the 15th day of each month to holders of Trust Units ("Unitholders") of record on the last business day of the month preceding payment. Purchasers of Trust Units under this Offering who own such Trust Units on September 30, 2005 will receive the monthly distribution of the Fund to be paid on or about October 15, 2005. See "RECORD OF CASH DISTRIBUTIONS".

The Underwriters, as principals, conditionally offer the Trust Units, subject to prior sale if, as and when issued by the Fund and accepted by the Underwriters, in accordance with the conditions contained in the Underwriting Agreement referred to under the section entitled "PLAN OF DISTRIBUTION" and subject to the approval of certain legal matters on behalf of the Fund by Gowling Lafleur Henderson LLP, Calgary, Alberta, and on behalf of the Underwriters by Macleod Dixon LLP, Calgary, Alberta. Subject to applicable laws, the Underwriters may, in connection with the Offering, effect transactions which stabilize or maintain the market price of the Trust Units at levels other than those which otherwise might prevail in the open market. Such transactions, if commenced, may be discontinued at any time. See "PLAN OF DISTRIBUTION".

DEPARTMENT OF FINANCIAL SERVICES

Five of the Underwriters, being CIBC World Markets Inc., BMO Nesbitt Burns Inc., Scotia Capital Inc., National Bank Financial Inc. and TD Securities Inc., are, directly or indirectly, subsidiaries of Canadian chartered banks (the "Banks"), all of which are lenders to Shiningbank Energy Ltd. (the "Corporation"). Consequently, the Fund may be considered to be a connected issuer of each of these Underwriters in connection with this Offering for the purposes of applicable Canadian securities laws. All of the net proceeds of this Offering will be used initially to reduce the Corporation's indebtedness to the Banks under its revolving credit facility. See "USE OF PROCEEDS" and "RELATIONSHIP BETWEEN THE CORPORATION AND THE UNDERWRITERS".

In the opinion of counsel, provided the Fund is a "mutual fund trust" for purposes of the *Income Tax Act* (Canada) (the "Tax Act"), the Trust Units will, when issued, be qualified investments for registered retirement savings plans, registered retirement income funds, registered education savings plans and deferred profit sharing plans under the Tax Act. See "CANADIAN FEDERAL INCOME TAX CONSIDERATIONS - Taxation of Unitholders - *Eligibility for Exempt Plan Investment*".

A return on an investment in the Fund is not comparable to the return on an investment in a fixed-income security. The recovery of an initial investment in the Fund is at risk, and the anticipated return on such investment is based on many performance assumptions. Although the Fund intends to make distributions of its available cash to Unitholders, these cash distributions may be reduced or suspended. The actual amount distributed will depend on numerous factors, including the financial performance of the Fund's operating entities, debt obligations, working capital requirements and future capital requirements. In addition, the market value of the Trust Units may decline if the Fund is unable to meet its cash distribution targets in the future, and that decline may be significant. **Cash distributions by the Fund to Unitholders are not guaranteed.**

It is important for an investor to consider the particular risk factors that may affect the industry in which it is investing, and therefore the stability of the distributions that it receives. See, for example, "Credit Facility", "Oil and Natural Gas Prices – Marketability of Production", "Environmental Concerns", "Purchase of Reserves", "Depletion of Reserves", "Foreign Exchange", "Capital Investment", "Operating Risks", "Changes in Legislation", "Investment Eligibility", "Additional Financing", "Distribution of Cash" and "Delays in Cash Distribution" under the heading "RISK FACTORS", at pages 65 to 71 of the Renewal Annual Information Form of the Fund dated March 21, 2005. These sections also describe the Fund's assessment of those risk factors as well as the potential consequences to an investor if a risk should occur.

The after-tax return from an investment in Trust Units to Unitholders subject to Canadian income tax can be made up of both a return on and a return of capital. That composition may change over time, thus affecting an investor's after-tax return. Returns on capital are generally taxed as ordinary income or as dividends in the hands of a Unitholder. Returns of capital are generally tax-deferred (and reduce the Unitholder's cost base in the Trust Unit for tax purposes). See "CANADIAN FEDERAL INCOME TAX CONSIDERATIONS".

Subscriptions for Trust Units will be received subject to rejection or allotment in whole or in part and the right is reserved to close the subscription books at any time without notice. It is expected that closing of this Offering will take place on or about September 28, 2005, or such other date as may be agreed to by the Fund and the Underwriters, but in any event not later than September 29, 2005.

Dominion Bond Rating Service Limited ("DBRS") has assigned a stability rating of STA-6 (middle) to the Trust Units. Income funds rated as STA-6 are considered by DBRS to have a very weak level of stability and sustainability of distributions per unit. STA-1 is the highest DBRS rating available to units of income funds and STA-7 is the lowest DBRS rating available to units of income funds. See "DETAILS OF THE OFFERING - Stability Rating".

The Trust Units are not "deposits" within the meaning of the *Canada Deposit Insurance Corporation Act* and are not insured under the provisions of such Act or any other legislation. Furthermore, the Fund is not a trust company and, accordingly, is not registered under any trust and loan company legislation, as it does not carry on or intend to carry on the business of a trust company.

ABBREVIATIONS

In this short form prospectus, the abbreviations set forth below have the following meanings.

"ARTC" means Alberta Royalty Tax Credit.	"mdbl" means one thousand barrels.
"bbl" means one barrel.	"mboe" means one thousand barrels of oil equivalent.
"bbls" means barrels.	"mcf" means one thousand cubic feet.
"bbl/d" means barrels per day.	"mcf/d" means one thousand cubic feet per day.
"boe" means barrel of oil equivalent.*	"MMS" means millions of dollars.
"boe/d" means one barrel of oil equivalent per day.	"mmboe" means one million barrels of oil equivalent.
"GJ" means Gigajoule.	"MMbtu" means one million British Thermal Units.
"GJ/d" means Gigajoule per day.	"mmcf/d" means one million cubic feet per day.
"MS" means thousands of dollars.	"NGL" means natural gas liquids.

* A barrel of oil equivalent is determined by converting a volume of natural gas to barrels using the ratio of six mcf to one barrel. Boe's may be misleading, particularly if used in isolation. The boe conversion ratio of six mcf:one bbl is based on an energy equivalency method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead.

In this short form prospectus, references to "dollars" and "\$" are to Canadian dollars, unless otherwise indicated.

DOCUMENTS INCORPORATED BY REFERENCE

The following documents of Shiningbank, filed with Canadian securities regulatory authorities in all of the provinces of Canada (the "**Filing Jurisdictions**"), are specifically incorporated by reference into and form an integral part of this short form prospectus:

1. the Renewal Annual Information Form of Shiningbank dated March 21, 2005 (the "**Annual Information Form**") for the fiscal year ended December 31, 2004 (excluding the third sentence from the second paragraph under the sub-heading "Management Internalization Transactions");
2. the interim unaudited comparative consolidated financial statements of Shiningbank and notes thereto as at and for the three and six month periods ended June 30, 2005 and 2004 together with management's discussion and analysis of financial condition and results of operations ("**MD&A**") for the periods then ended;
3. the audited comparative consolidated financial statements of Shiningbank and notes thereto as at and for the years ended December 31, 2004 and 2003, including the auditors' report thereon, together with the MD&A for the years then ended, contained in Shiningbank's 2004 Annual Report to Unitholders;
4. the information circular of Shiningbank dated March 21, 2005 (excluding the sections entitled "Executive Compensation - Trust Performance Graph" and "Corporate Governance", which, pursuant to National Instrument 44-101 of the Canadian securities regulatory authorities, are not required to be incorporated by reference herein) prepared in connection with Shiningbank's annual and special meeting of Unitholders held on May 10, 2005;
5. the interim unaudited financial statements of Blizzard Energy Inc. ("**Blizzard**") as at and for the six month periods ended June 30, 2005 and 2004 and notes thereto which was filed on Shiningbank's page on the SEDAR website on September 12, 2005;
6. the audited financial statements of Birchill Resources Limited ("**Birchill**") for the years ended December 31, 2003 and 2002, including the auditors' report thereon, contained in Appendix B to the short form prospectus of Shiningbank dated February 27, 2004;

7. the material change report of Shiningbank dated June 7, 2005 relating to the execution of an arrangement agreement dated June 6, 2005 with Blizzard pursuant to which Shiningbank would acquire Blizzard; and
8. the material change report of Shiningbank dated August 12, 2005 relating to the completion of Shiningbank's acquisition of Blizzard.

Any material change reports (except confidential material change reports), comparative interim financial statements, management's discussion and analysis for interim financial periods, comparative financial statements for the most recently completed financial year (together with the accompanying report of the auditor) and any information circular (excluding the portions thereof which, pursuant to National Instrument 44-101 of the Canadian securities regulatory authorities, are not required to be incorporated by reference in a short form prospectus) filed by Shiningbank in the Filing Jurisdictions subsequent to the date of this short form prospectus and prior to the termination of this distribution shall be deemed to be incorporated by reference into this short form prospectus.

Any statement contained in this short form prospectus or in a document incorporated or deemed to be incorporated by reference herein shall be deemed to be modified or superseded for purposes of this short form prospectus to the extent that a statement contained herein or in any other subsequently filed document which also is, or is deemed to be, incorporated by reference herein, modifies or supersedes such statement. The modifying or superseding statement need not state that it has modified or superseded a prior statement or include any other information set forth in the document that it modifies or supersedes. The making of a modifying or superseding statement shall not be deemed an admission for any purpose that the modified or superseded statement, when made, constituted a misrepresentation, an untrue statement of a material fact or an omission to state a material fact that is required to be stated or that is necessary to make a statement not misleading in light of the circumstances in which it is made. Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this short form prospectus.

Information has been incorporated by reference in this short form prospectus from documents filed with securities commissions or similar authorities in Canada. Copies of the documents incorporated herein by reference may be obtained on request without charge from the Chief Financial Officer of the Corporation, the administrator of the Fund, by sending a written request to Suite 1310, 111 - 5th Avenue S.W., Calgary, Alberta, T2P 3Y6, by faxing a written request to 403-268-7499 or by calling 403-268-7477. For the purpose of the Province of Québec, this simplified prospectus contains information to be completed by consulting the permanent information record. A copy of the permanent information record may be obtained from the Chief Financial Officer of the Corporation, the administrator of the Fund, at the above-mentioned address and fax and telephone numbers.

FORWARD-LOOKING STATEMENTS

Certain statements contained in this short form prospectus, and in certain documents incorporated by reference into this short form prospectus, constitute forward-looking statements. The use of any of the words "anticipate", "continue", "estimate", "expect", "may", "will", "project", "should", "believe" and similar expressions are intended to identify forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors that may cause actual results or events to differ materially from those anticipated in such forward-looking statements. The Fund believes the expectations reflected in those forward-looking statements are reasonable but no assurance can be given that these expectations will prove to be correct and such forward-looking statements included in, or incorporated by reference into, this short form prospectus should not be unduly relied upon. These statements speak only as of the date of this short form prospectus or as of the date specified in the documents incorporated by reference into this short form prospectus, as the case may be.

In particular, this short form prospectus, and the documents incorporated by reference, contain forward-looking statements pertaining to the following:

- the performance characteristics of the Fund's oil and natural gas properties;

- oil and natural gas production levels;
- the size and value of the Fund's oil and natural gas reserves;
- projections of market prices and costs and the related sensitivity of distributions;
- supply and demand for oil and natural gas;
- expectations regarding the ability to raise capital and to continually add to reserves through acquisitions and development;
- treatment under governmental regulatory regimes and tax laws; and
- capital expenditure programs.

The actual results could differ materially from those anticipated in these forward-looking statements as a result of the risk factors set forth below and elsewhere in this short form prospectus and the documents incorporated by reference:

- volatility in market prices for oil and natural gas;
- liabilities inherent in oil and gas operations;
- uncertainties associated with estimating oil and natural gas reserves;
- competition for, among other things, capital, acquisitions of reserves, undeveloped lands and skilled personnel;
- incorrect assessments of the value of acquisitions;
- geological, technical, drilling and processing problems;
- fluctuations in foreign exchange or interest rates and stock market volatility; and
- changes in income tax laws or changes in tax laws and incentive programs relating to the oil and gas industry and income trusts.

Statements relating to "reserves" or "resources" are deemed to be forward-looking statements, as they involve the implied assessment, based on certain estimates and assumptions, that the resources and reserves described can be profitably produced in the future. Except as required under applicable securities legislation, Shiningbank does not undertake any obligation to publicly update or revise any forward-looking statements.

Readers are cautioned that the foregoing lists of factors are not exhaustive. The forward-looking statements contained in this short form prospectus and the documents incorporated by reference herein are expressly qualified by this cautionary statement.

NON-GAAP MEASURES

In this short form prospectus, and in certain documents incorporated by reference herein, the Fund uses the terms "cash flow", "cash available for distribution" and "distributable cash" to refer to the amount of cash available for distribution to Unitholders and as indicators of financial performance. The Fund also uses the term "netbacks", which are calculated as average unit sales price less royalties, transportation costs and operating costs, to represent the cash margin for product sold, calculated on a boe basis. "Cash flow", "cash available for distribution", "distributable cash" and "netbacks" are not measures recognized by Canadian generally accepted accounting principles ("**GAAP**") and do not have standardized meanings prescribed by GAAP. Therefore, "cash flow", "cash available for distribution", "distributable cash" and "netbacks" of the Fund may not be comparable to similar measures presented by other issuers, and investors are cautioned that "cash flow", "cash available for distribution", "distributable cash" and "netbacks" should not be construed as alternatives to net earnings, cash flow from operating activities or other measures of financial performance calculated in accordance with GAAP. The Fund considers "cash flow from operations" a key measure of performance as it demonstrates the Fund's ability to generate the cash flow necessary to fund future distributions and capital investments and repay indebtedness. The Fund considers "netbacks" a key measure as it indicates the relative performance of crude oil and natural gas assets. Cash available for distribution cannot be assured and future distributions may vary.

SHININGBANK ENERGY INCOME FUND

The Fund

The Fund is an unincorporated open-ended investment trust created under the laws of the Province of Alberta and governed by an amended and restated trust indenture (the "**Trust Indenture**") between Computershare Trust Company of Canada (the "**Trustee**") and the Corporation dated September 6, 2005. The head and principal office of the Fund is located at 1310, 111 - 5th Avenue S.W., Calgary, Alberta, T2P 3Y6. The registered office of the Fund is located at Suite 1200, 700 - 2nd Street S.W., Calgary, Alberta, T2P 4V5.

The Fund's assets consist primarily of royalties equal to 99% of the net cash flow generated by the petroleum and natural gas interests held by the Corporation and Shiningbank Limited Partnership ("**SLP**") after certain costs, expenditures and deductions (collectively, the "**Royalty**") and the notes issued on the acquisitions of Raider Resources Ltd., Ionic Energy Inc., Birchill and Blizzard (collectively, the "**Acquisition Notes**").

The Fund has an obligation (the "**Deferred Purchase Price Obligation**") to pay to the Corporation and SLP, as the case may be, as partial consideration for the Royalty, to the extent of the Fund's available funds, up to 99% of the cost of any Canadian resource property (as such term is defined in the Tax Act) acquired by the Corporation or SLP, excluding any amount borrowed to fund such acquisitions, and up to 99% of the cost of certain designated capital expenditures, excluding any amount borrowed to fund such expenditures. The Fund is also required to pay a Deferred Purchase Price Obligation respecting the Corporation's or SLP's acquisition of certain other corporations or entities that own Canadian resource property, excluding any amount borrowed to fund such acquisitions.

Each Trust Unit entitles the holder to receive distributions of the holder's proportionate share of distributable cash ("**Distributable Cash**") equal to the income that the Fund receives under the Royalty, plus interest income received or receivable by the Fund from the Acquisition Notes, any ARTC received and other payments or distributions received, directly or indirectly, from its operating entities, less certain charges and cash expenses of the Fund. From its inception through December 31, 2002, the distributions were made on a quarterly basis. Since February 2003, distributions have been paid monthly on or about the 15th day of each month to Unitholders of record on the last business day of the month preceding payment.

Pursuant to Sections 3.1 and 3.4 of National Policy 41-201 *Income Trusts and Indirect Offerings*, the Fund has provided an undertaking to the securities regulators in all the provinces of Canada that, consistent with its existing practice, (i) in complying with its reporting issuer obligations, the Fund will treat the Corporation and SLP as subsidiaries of the Fund; however, if generally accepted accounting principles prohibit the consolidation of financial information of the Corporation, SLP and the Fund, then for as long as the Corporation or SLP represents a significant asset of the Fund, the Fund will provide Unitholders with separate financial statements for the Corporation and SLP; (ii) it will take appropriate measures to require each person who would be an insider of the Corporation or SLP if the Corporation or SLP were reporting issuers to file insider reports about trades of Trust Units; and (iii) annually certify that it has complied with this undertaking.

Shiningbank Energy Ltd.

The Corporation was incorporated under the *Business Corporations Act* (Alberta) (the "**ABCA**") on March 7, 1996 as Proximity Energy Ltd. Its articles were amended by a Certificate of Amendment dated April 9, 1996 to change the Corporation's name to Shiningbank Energy Ltd. Effective July 1, 2000, it amalgamated with Shiningbank Energy Acquisitions Ltd., Raider Resources Ltd. and Cambright Gas Corporation and continued under the name Shiningbank Energy Ltd. Effective May 4, 2001, the Corporation amalgamated with 923720 Alberta Inc. and Ionic Energy Inc. and continued under the name Shiningbank Energy Ltd. Effective October 9, 2002, the Corporation amalgamated with Shiningbank Energy Management Inc. and continued under the name Shiningbank Energy Ltd. Effective January 1, 2004, the Corporation amalgamated with Jocsak Energy Ltd. and continued under the name Shiningbank Energy Ltd. Effective March 8, 2004, the Corporation amalgamated with Birchill and Good Ridge Explorations Ltd. and continued under the name Shiningbank Energy Ltd. Effective August 2, 2005, the Corporation amalgamated with Outlook Energy Corp. and Blizzard and continued under the name Shiningbank

Energy Ltd. The Corporation is a wholly-owned subsidiary of Shiningbank Holdings Corporation ("SHC") and an indirect wholly-owned subsidiary of the Fund. The head and principal office of the Corporation is located at 1310, 111 - 5th Avenue S.W., Calgary, Alberta, T2P 3Y6. The registered office of the Corporation is located at Suite 1200, 700 - 2nd Street S.W., Calgary, Alberta, T2P 4V5.

The Corporation is in the business of acquiring, developing, exploiting, owning and disposing of oil and natural gas properties, providing certain administrative services to the Fund and acting as a general partner of SLP. The Corporation has approximately 75 employees. The Corporation has agreed, pursuant to an Administrative Services Agreement between the Corporation and the Trustee dated October 9, 2002 (the "**Administrative Services Agreement**"), to provide certain management, advisory and administrative services in connection with the Royalty, the Fund, the Trust Units and any entity of the Fund managed by the Corporation. The Corporation receives no management fees for acting as administrator of the Fund or as general partner of SLP and is reimbursed only for general and administrative expenses incurred in connection therewith.

Shiningbank Holdings Corporation

SHC was incorporated under the ABCA on July 24, 2002 as 999972 Alberta Inc. Its articles were amended by a Certificate of Amendment dated October 8, 2002 to, among other things, change its name to Shiningbank Holdings Corporation and authorize the issuance of an unlimited number of non-voting exchangeable shares ("**Exchangeable Shares**"). With the exception of the Exchangeable Shares, the Fund owns all the issued and outstanding shares of SHC. The head and principal office of SHC is located at 1310, 111 - 5th Avenue S.W., Calgary, Alberta, T2P 3Y6. The registered office of SHC is located at Suite 1200, 700 - 2nd Street S.W., Calgary, Alberta, T2P 4V5.

SHC was incorporated for the purpose of acquiring all of the shares of Shiningbank Energy Management Inc., the former manager of the Fund, for cash and Exchangeable Shares, to effect the internalization of the Fund's management as further described under the heading "General Development of the Business of the Fund - Management Internalization Transactions" on pages 22 and 23 of the Annual Information Form. SHC has no business or employees.

Shiningbank Limited Partnership

SLP is a limited partnership which was formed on December 10, 2004 under the *Partnership Act* (Alberta). The head and principal office of SLP is located at 1310, 111 - 5th Avenue S.W., Calgary, Alberta, T2P 3Y6. The registered office of SLP is located at Suite 1200, 700 - 2nd Street S.W., Calgary, Alberta, T2P 4V5.

SLP is in the business of acquiring, developing, exploiting, owning and disposing of oil and natural gas properties. Shiningbank Operating Trust ("**SOT**") owns 100% of the limited partnership interests in SLP and the Corporation is the general partner of SLP.

Shiningbank Operating Trust

SOT is an unincorporated commercial trust created under the laws of the Province of Alberta and governed by a trust indenture dated September 30, 2004. The head and principal office of SOT is located at 1310, 111 - 5th Avenue S.W., Calgary, Alberta, T2P 3Y6. The registered office of SOT is located at Suite 1200, 700 - 2nd Street S.W., Calgary, Alberta, T2P 4V5.

The trustee of SOT is 1130243 Alberta Inc. The Fund holds the entire beneficial interest in SOT. The assets of SOT consist of its limited partnership interest in SLP.

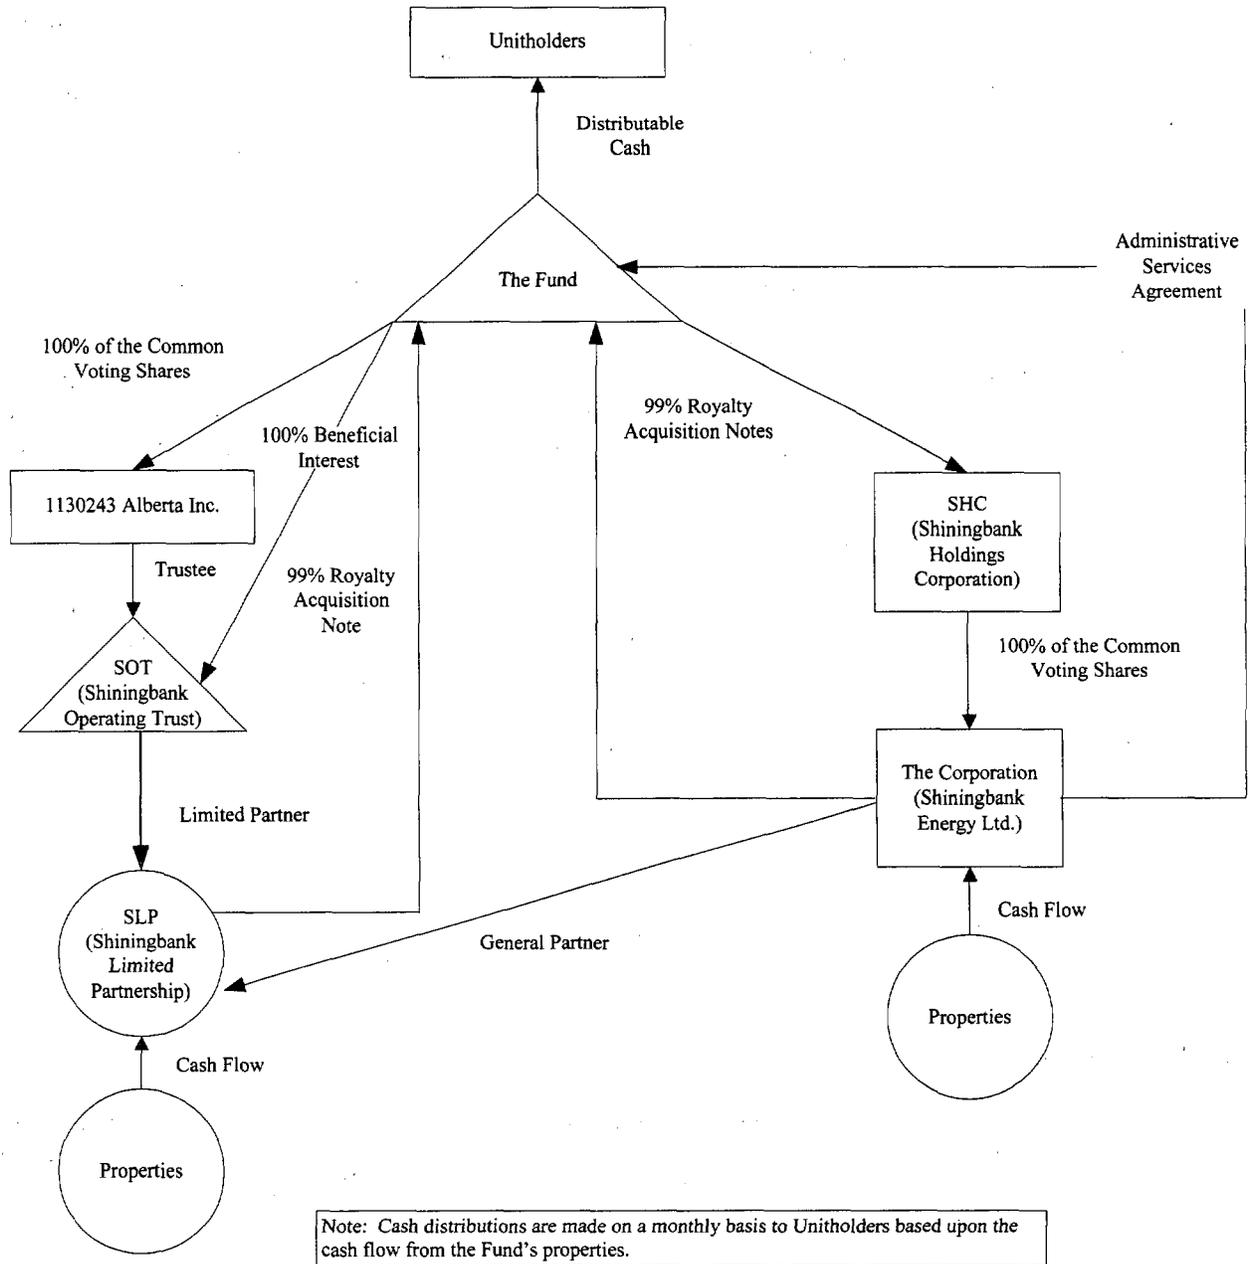

1130243 Alberta Inc.

1130243 Alberta Inc. was incorporated under the ABCA on September 30, 2004. Its head and principal office is located at 1310, 111 - 5th Avenue S.W., Calgary, Alberta, T2P 3Y6 and its registered office is located at Suite 1200, 700 - 2nd Street S.W., Calgary, Alberta, T2P 4V5.

1130243 Alberta Inc. was incorporated for the purpose of being the trustee of SOT. All of the outstanding shares of 1130243 Alberta Inc. are held by the Fund.

Structure

The following diagram illustrates the structure of the Fund and the flow of cash from the Fund's properties to the Unitholders.

RECENT DEVELOPMENTS

Credit Facility

On August 2, 2005, the Corporation's revolving credit facility with a syndicate of Canadian chartered banks was increased from \$250 million to \$330 million in connection with the completion of the Blizzard Acquisition (as defined below under "ACQUISITIONS – 2005 Acquisitions – Blizzard Acquisition"). For more information on the credit facility, see note (1) under "CAPITALIZATION".

Hedging Contracts

Currently, the Corporation has the following hedging contracts in place:

Collar

Period		Commodity	Volume Fixed	Prices	
Commencement Date	Termination Date			Floor	Ceiling
April 1, 2005	December 31, 2005	Gas	5,000 GJ/d	\$5.00/GJ	\$6.39/GJ
April 1, 2005	October 31, 2005	Gas	5,000 GJ/d	\$6.65/GJ	\$7.75/GJ
May 1, 2005	October 31, 2005	Gas	5,000 GJ/d	\$6.90/GJ	\$9.50/GJ
November 1, 2005	March 31, 2006	Gas	5,000 GJ/d	\$7.50/GJ	\$12.00/GJ

April 1, 2006	October 31, 2006	Gas	5,000 GJ/d	\$7.50/GJ	\$12.00/GJ
February 1, 2005	December 31, 2005	Oil	500 bbl/d	US\$40.00/bbl	US\$55.40/bbl
January 1, 2006	June 30, 2006	Oil	500 bbl/d	US\$55.00/bbl	US\$89.00/bbl

Swap

Period		Commodity	Volume Fixed	Price
Commencement Date	Termination Date			
April 1, 2005	October 31, 2005	Gas	5,000 GJ/d	\$6.70/GJ

Board of Directors

On June 22, 2005, Richard W. Clark was appointed to the board of directors of the Corporation, bringing the board to six members.

ACQUISITIONS

2005 Acquisitions

Blizzard Acquisition

On August 2, 2005, the Corporation acquired all of the outstanding shares of Blizzard for aggregate consideration of \$275 million, subject to adjustments, consisting of the issuance of 8,837,729 Trust Units, the payment of \$46.6 million in cash and the assumption of \$42.4 million in debt and working capital deficiency (the "**Blizzard Acquisition**"). The Blizzard Acquisition was completed pursuant to a plan of arrangement involving Blizzard, the Fund, the Corporation, Zenas Energy Corp., Zenas Finance Corp. and the security holders of Blizzard and Zenas Finance Corp. Through the Blizzard Acquisition, the Corporation acquired Blizzard's long-life natural gas properties (the "**Blizzard Properties**") concentrated in the Peace River Arch area near Grande Prairie, Alberta and the Sousa area of north-western Alberta. The majority of the Blizzard Properties are operated and are characterized by high working interests, low operating costs and high field netbacks. At the time of the Blizzard Acquisition, production from the Blizzard Properties, as estimated by the Corporation, was 4,600 boe/d, approximately 95% of which was natural gas. Based on an independent engineering report prepared for Blizzard, the Corporation estimated the gross proved plus probable reserves of the Blizzard Properties acquired as at the time of the Blizzard Acquisition, after adjustment for the Corporation's estimate of reserves added through first quarter 2005 exploration and development drilling activity, to be 16 mmbob. The acquisition of Blizzard also included

approximately 265,000 net acres of undeveloped land with a significant inventory of development drilling possibilities. See "SCHEDULE A - INFORMATION CONCERNING BLIZZARD".

For further information on the effect of the Blizzard Acquisition, see "EFFECT OF THE BLIZZARD ACQUISITION ON SHININGBANK" below, the Material Change Report dated August 12, 2005 (which is incorporated by reference herein) and the Pro Forma Financial Statements attached hereto. Certain of the information set out in Schedule A was provided by Blizzard and other third parties. While management of the Corporation has performed certain procedures to satisfy itself that such disclosure constitutes full, true and plain disclosure and has no reason to believe that the information is incorrect, there can be no assurances concerning the completeness or accuracy of such information in respect of the assets acquired from Blizzard.

Effective August 2, 2005, the Corporation amalgamated with Blizzard. See "SHININGBANK ENERGY INCOME FUND – Shiningbank Energy Ltd."

Acquisitions of Other Oil and Gas Assets in 2005

On June 21, 2005, the Corporation acquired all the issued and outstanding shares of Outlook Energy Corp. ("**Outlook**"), a private corporation, for \$31.4 million in cash. Outlook's properties include a mix of gas focused, operated and non-operated interests in west-central Alberta. The principal properties are located in the Minnehik, Alexander and Nelson areas of Alberta and are adjacent to a number of Shiningbank's existing operations at Pembina, Alexander and Penhold. At the time of acquisition, Outlook's production, as estimated by the Corporation, was 600 boe/d, approximately 95% of which was natural gas.

2004 Acquisitions

Birchill Acquisition

On March 8, 2004, the Corporation acquired all of the outstanding shares of Birchill for consideration of \$170.1 million in cash (the "**Birchill Acquisition**"). Through the Birchill Acquisition, the Corporation acquired oil and natural gas properties (the "**Birchill Properties**") and facilities, which included a mix of operated and non-operated interests, located primarily in west central Alberta and southern Saskatchewan, with the principal Birchill Properties being located in the Ferrier, Kaybob/Winterburn and Rainbow areas of Alberta and in the Nottingham and Coleville areas of southern Saskatchewan. For further information on the Birchill Acquisition and its effect on Shiningbank, see the disclosure under the heading "General Development of the Business of the Fund – Three Year History – Year Ended December 31, 2004" on pages 24 and 25 of the Annual Information Form.

Acquisitions of Other Oil and Gas Assets in 2004

Effective January 1, 2004, the Corporation acquired all the outstanding shares of Good Ridge Explorations Ltd., a private oil and gas corporation, for \$7.0 million in cash. The acquisition closed on March 5, 2004. For further information on this acquisition see the disclosure under the heading "General Development of the Business of the Fund – Three Year History – Year Ended December 31, 2004" on pages 24 and 25 of the Annual Information Form.

Potential Acquisitions

The Fund continues to evaluate potential acquisitions of all types of petroleum, natural gas and other energy-related assets as part of its ongoing acquisition program. The Fund is regularly in the process of evaluating several potential acquisitions at any one time which individually or together could be material. As of the date hereof, the Fund has not reached agreement on the price or terms of any potential acquisition. The Fund cannot predict whether any current or future opportunities will result in one or more acquisitions for the Fund.

EFFECT OF THE BLIZZARD ACQUISITION ON SHININGBANK

The following table sets forth selected pro forma financial information for the Fund for the year ended December 31, 2004 and the six months ended June 30, 2005, after giving effect to the Blizzard Acquisition and certain other adjustments.

The following information is qualified in its entirety by, and should be read in conjunction with, the unaudited pro forma consolidated financial statements of Shiningbank set forth on pages 23 to 30 of this prospectus.

	Six Months Ended June 30, 2005	Year Ended December 31, 2004
	(unaudited) (\$000s)	(unaudited) (\$000s)
Oil and Natural Gas Sales	194,922	351,240
Operating Expenses	(28,218)	(54,698)
Net Earnings	37,197	136,026

USE OF PROCEEDS

The estimated net proceeds to the Fund of this Offering are \$94,952,750, after deducting the Underwriters' fee of \$5,012,250 and the expenses of this Offering, estimated to be \$280,000. The net proceeds will be applied to the amounts owing to the Corporation by the Fund under the Deferred Purchase Price Obligation and thereafter will be applied by the Corporation to its revolving loan credit facility, which has the effect, pursuant to the Corporation's banking arrangements, of increasing the available undrawn portion of its credit facility. The Corporation's credit facility will then be drawn upon to the extent necessary to continue with the Fund's business strategy of acquiring long-life natural gas reserves and exploiting development opportunities. The estimated amount owing to the Corporation under the Deferred Purchase Price Obligation as at June 30, 2005, prior to the reduction from the proceeds of the Offering, was \$12,099,000. In the event that the net proceeds of the Offering exceed the amounts owing under the Deferred Purchase Price Obligation, the excess amount will be loaned by the Fund to the Corporation, which loan will be reduced by future additions to the Deferred Purchase Price Obligation.

RECORD OF CASH DISTRIBUTIONS

The accompanying table summarizes the cash distributions made by Shiningbank since the beginning of the most recently completed financial year.

Record Date	Payment Date	Distribution per Trust Unit
January 31, 2004	February 15, 2004	\$0.23
February 29, 2004	March 15, 2004	\$0.23
March 31, 2004	April 15, 2004	\$0.23
April 30, 2004	May 15, 2004	\$0.23
May 31, 2004	June 15, 2004	\$0.23
June 30, 2004	July 15, 2004	\$0.23
July 31, 2004	August 15, 2004	\$0.23
August 31, 2004	September 15, 2004	\$0.23
September 30, 2004	October 15, 2004	\$0.23
October 31, 2004	November 15, 2004	\$0.23
November 30, 2004	December 15, 2004	\$0.23
December 31, 2004	January 15, 2005	\$0.23
Total For Year		\$2.76

<u>Record Date</u>	<u>Payment Date</u>	<u>Distribution per Trust Unit</u>
January 31, 2005	February 15, 2005	\$0.23
February 28, 2005	March 15, 2005	\$0.23
March 31, 2005	April 15, 2005	\$0.23
April 30, 2005	May 15, 2005	\$0.23
May 31, 2005	June 15, 2005	\$0.23
June 30, 2005	July 15, 2005	\$0.23
July 31, 2005	August 15, 2005	\$0.23
August 31, 2005	September 15, 2005	\$0.23
Total For Year to Date		\$1.84

The Fund has declared a distribution of \$0.23 per Trust Unit to be paid on October 15, 2005 to Unitholders of record on September 30, 2005.

PRICE RANGE AND TRADING VOLUME OF TRUST UNITS

The Trust Units are listed and posted for trading on the TSX under the trading symbol "SHN.UN". The following table sets forth the reported high and low sale prices (which are not necessarily the closing prices) and the trading volumes for the Trust Units for the periods indicated as reported by sources the Corporation believes to be reliable.

	<u>Price Range (\$)</u>		<u>Trading Volume</u>
	<u>High</u>	<u>Low</u>	
2004			
First Quarter	18.85	16.51	10,634,690
Second Quarter	19.74	17.44	10,752,035
Third Quarter	22.48	18.83	9,899,130
Fourth Quarter	23.98	20.01	12,714,651
2005			
First Quarter	23.35	19.77	9,574,319
Second Quarter	22.19	19.60	8,916,032
July	25.00	21.50	4,363,253
August	25.75	22.02	7,295,008
September (1-20)	25.25	24.24	2,855,076

On September 8, 2005, the closing price of the Trust Units on the TSX prior to the public announcement of this Offering was \$24.99. On September 20, 2005, the closing price of the Trust Units on the TSX was \$24.95.

CAPITALIZATION

The following table sets forth the consolidated capitalization of Shiningbank as at December 31, 2004, June 30, 2005 and August 31, 2005 before and after giving effect to the issue of Trust Units pursuant to the Offering.

	<u>Authorized</u>	<u>December 31, 2004</u> (audited)	<u>June 30, 2005</u> (unaudited)	<u>Outstanding as at August 31, 2005 before giving effect to the Offering</u> (unaudited)	<u>Outstanding as at August 31, 2005 after giving effect to the Offering⁽⁴⁾</u> (unaudited)
Bank Loan ⁽¹⁾	\$ 330,000,000	\$ 182,147,000	\$ 207,432,000	\$ 303,244,000	\$ 208,291,000
Trust Units ⁽²⁾⁽³⁾	300,000,000	\$ 706,954,000 (54,140,619 units)	\$ 713,718,000 (54,524,356 units)	\$ 894,245,000 (63,527,377 units)	\$ 989,198,000 (67,627,377 units)
Exchangeable Shares ⁽⁵⁾	unlimited	\$ 7,019,000 (263,482 shares)	\$ 7,755,000 (263,482 shares)	\$ 7,783,000 (248,482 shares)	\$ 7,783,000 (248,482 shares)

Notes:

- (1) The Corporation maintains a \$330 million revolving credit facility with a syndicate of Canadian chartered banks. Borrowings under the credit facility bear interest at an annual rate ranging from the banks' prime rate to the banks' prime rate plus 0.95%, depending on the total debt to cash flow ratio, or, at Shiningbank's option, the bankers' acceptance rate plus a stamping fee. The credit facility is secured by a \$600 million floating charge debenture on all assets of the Corporation together with supporting debentures and guarantees from the Fund's material subsidiaries and affiliates. The revolving period extends to April 27, 2006, at which time the credit facility, unless renewed, reverts to a two-year term with the principal payments, if necessary, commencing on July 28, 2006.
- (2) As at August 31, 2005, an aggregate of 2,910,862 Trust Units were reserved for issuance under Shiningbank's Trust Unit Rights Incentive Plan (the "**Incentive Plan**"). As at August 31, 2005, there were outstanding rights granted pursuant to the Incentive Plan to acquire an aggregate of 1,892,467 Trust Units at an average grant price of \$18.98 per Trust Unit. As at August 31, 2005, the average adjusted exercise price of these rights was \$17.01 per Trust Unit.
- (3) As at August 31, 2005, an aggregate of 849,184 Trust Units were reserved for issuance upon the exchange of the Exchangeable Shares, at the holders' option, at the exchange ratio in effect at August 31, 2005 of 1.41038 Trust Units for each outstanding Exchangeable Share.
- (4) Based on the issuance of 4,100,000 Trust Units for aggregate gross proceeds of \$100,245,000 less the Underwriters' fee of \$5,012,250 and expenses of the issue estimated to be \$280,000, the net proceeds from this issue are estimated to be \$94,952,750. See "USE OF PROCEEDS" and "PLAN OF DISTRIBUTION".
- (5) The Exchangeable Shares were originally issued on October 9, 2002 in connection with the management internalization transaction. The Exchangeable Shares are exchangeable, at the option of the holder, into Trust Units for no additional consideration. In addition to the 248,842 Exchangeable Shares reflected in the table as outstanding on August 31, 2005, an additional 353,614 Exchangeable Shares were held in escrow to be released over periods up to October 2007 under the terms of the escrow agreements with each of the two holders of the Exchangeable Shares. As at August 31, 2005, \$960,000 of the total purchase price was recorded as a deferred reduction to Exchangeable Shares representing Exchangeable Shares subject to escrow provisions net of the amortization.

PLAN OF DISTRIBUTION

Pursuant and subject to the terms and conditions contained in an agreement (the "**Underwriting Agreement**") dated September 12, 2005 among Shiningbank, the Corporation and the Underwriters, Shiningbank has agreed to issue and sell and the Underwriters have severally agreed to purchase on or about September 28, 2005, or such other date as Shiningbank and the Underwriters agree, but in any event not later than September 29, 2005, 4,100,000 Trust Units at a price of \$24.45 per Trust Unit for total gross consideration of \$100,245,000 payable in cash to Shiningbank against delivery of the Trust Units. The offering price of the Trust Units was determined by negotiation between Shiningbank and CIBC World Markets Inc., on behalf of itself and the other Underwriters. The Underwriting Agreement provides that Shiningbank will pay to the Underwriters an underwriters' fee in the aggregate amount of \$5,012,250 (5% or \$1.2225 per Trust Unit) in consideration for the services of the Underwriters in connection with the Offering.

The obligations of the Underwriters under the Underwriting Agreement are several and may be terminated at their discretion upon the occurrence of certain stated events. The Underwriters are, however, obligated to take-up and pay for all of the Trust Units if any of the Trust Units are purchased under the Underwriting Agreement.

Without the prior written consent of CIBC World Markets Inc., which consent shall not be unreasonably withheld, Shiningbank has agreed, for a period of 90 days from the closing of the Offering, not to sell or issue any Trust Units or securities convertible into or exchangeable for Trust Units other than pursuant to the Incentive Plan, Shiningbank's Distribution Reinvestment and Optional Trust Unit Purchase Plan, the exchange of issued and outstanding Exchangeable Shares or the issuance of Trust Units as bonuses to employees of the Corporation consistent with past practice.

Pursuant to policy statements of the Ontario Securities Commission and the Autorité des marchés financiers, the Underwriters may not, throughout the period of distribution, bid for or purchase Trust Units. The foregoing restriction is subject to certain exceptions, including: (i) a bid or purchase permitted under the by-laws and rules of the TSX relating to market stabilization and passive market making activities; and (ii) a bid or purchase

made for and on behalf of a customer where the order was not solicited during the period of distribution, provided that the bid or purchase was not engaged in for the purpose of creating actual or apparent active trading in, or raising the price of, the Trust Units.

In connection with this Offering and subject to the foregoing, the Underwriters may over-allot or effect transactions which stabilize or maintain the market price of the Trust Units at levels other than those which might otherwise prevail on the open market. Such transactions, if commenced, may be discontinued at any time.

The Fund has agreed to indemnify the Underwriters and their controlling persons, directors, officers and employees against certain liabilities.

Shiningbank applied to list the Trust Units offered pursuant to this short form prospectus on the TSX. The TSX conditionally approved the listing of the Trust Units subject to Shiningbank fulfilling all the listing requirements of the TSX contained in the TSX's conditional approval letter dated September 15, 2005.

The Trust Units issuable hereunder have not been and will not be registered under the U.S. Securities Act, or the securities laws of any state of the United States and, accordingly, may not be offered or sold within the United States or to a U.S. person (as such term is defined in Regulation S under the U.S. Securities Act) except in transactions exempt from the registration requirements of the U.S. Securities Act and applicable state securities laws. In addition, until 40 days after the commencement of this Offering, any offer or sale of the Trust Units within the United States by any dealer (whether or not participating in the Offering) may violate the registration requirements of the U.S. Securities Act.

RELATIONSHIP BETWEEN THE CORPORATION AND THE UNDERWRITERS

CIBC World Markets Inc., BMO Nesbitt Burns Inc., Scotia Capital Inc., National Bank Financial Inc. and TD Securities Inc., being five of the Underwriters, are each, directly or indirectly, subsidiaries of major Canadian chartered banks (the "Banks") all of which are lenders to the Corporation. Accordingly, the Fund may be considered a connected issuer of CIBC World Markets Inc., BMO Nesbitt Burns Inc., Scotia Capital Inc., National Bank Financial Inc. and TD Securities Inc. in connection with this Offering for the purpose of applicable Canadian securities laws.

As at August 31, 2005, the Corporation was indebted to the Banks in the amount of \$303,244,000 under the revolving credit facility between the Corporation and the Banks. The Corporation is in compliance with all material terms of the agreements governing such revolving credit facility and the Banks have not waived any material breach of the agreements relating to such facility. The revolving credit facility is secured by a \$600 million floating charge debenture on all assets of the Corporation, together with supporting debentures and guarantees from operating subsidiaries and affiliates. Neither the financial position of the Corporation nor the value of the security under the revolving credit facility has changed substantially since the indebtedness under the credit facility was incurred.

The decision to distribute the Trust Units offered hereby and the determination of the terms of the distribution were made through negotiations between the Corporation, on behalf of the Fund, and CIBC World Markets Inc., on behalf of itself and the other Underwriters. The Banks did not have any involvement in such decision or determination; however, the Banks have been advised of the issuance of the Trust Units and the terms thereof. In connection with the distribution of the Trust Units, CIBC World Markets Inc., BMO Nesbitt Burns Inc., Scotia Capital Inc., National Bank Financial Inc. and TD Securities Inc. will each receive their share of the Underwriters' fee and, until required for the Corporation's capital expenditure requirements relating to property acquisitions and development programs, all of the net proceeds of the Offering will be paid to the Banks as a reduction of the Corporation's outstanding indebtedness to the Banks. See "CAPITALIZATION" and "USE OF PROCEEDS".

RISK FACTORS

An investment in the Trust Units offered hereunder is subject to certain risks. The risk factors identified under the heading "Risk Factors" at pages 65 to 71 of the Annual Information Form, which is incorporated by reference herein, should be carefully reviewed and evaluated by prospective purchasers before purchasing the Trust Units being offered hereunder.

DETAILS OF THE OFFERING

The Offering consists of 4,100,000 Trust Units at a price of \$24.45 per Trust Unit. See "PLAN OF DISTRIBUTION".

Trust Units

A maximum of 300,000,000 Trust Units have been authorized and may be issued pursuant to the Trust Indenture, of which 63,527,377 were issued and outstanding as at August 31, 2005, and an aggregate of 3,760,046 Trust Units were reserved for issuance under the Incentive Plan and the exchange of issued and outstanding Exchangeable Shares. The Trust Units represent equal and undivided beneficial interests in the Fund. All Trust Units share equally in all distributions from the Fund and all Trust Units carry equal voting rights at meetings of Unitholders. No conversion or pre-emptive rights are attached to the Trust Units.

Future Offerings

Under the Trust Indenture, the Fund may offer additional Trust Units or rights to purchase additional Trust Units (up to the authorized maximum) at such times and on such terms and conditions as the Corporation may determine.

Cash Distributions of Income

The amount of cash to be distributed annually per Trust Unit is equal to a *pro rata* share of the Fund's Distributable Cash for the year. The Corporation determines the Distributable Cash for a particular period and, after payment of all direct expenses of the Fund from such cash, distributes the remainder of such cash to the Unitholders. From Shiningbank's inception through to December 31, 2002, the distributions were made on a quarterly basis. Since February 2003, distributions have been paid on a monthly basis. See "SHININGBANK ENERGY INCOME FUND - The Fund" and "RECORD OF CASH DISTRIBUTIONS".

Retraction Rights

Trust Units are retractable at any time on demand by the holder thereof upon delivery to the Fund of the certificate or certificates representing such Trust Units, accompanied by a duly completed and properly executed notice requesting retraction. Upon receipt of the retraction request by the Fund, all rights to and under the Trust Units tendered for retraction shall be surrendered and the holder thereof shall be entitled to receive a price per Trust Unit equal to the lesser of: (i) 95% of the "**market price**" (as defined in the Trust Indenture) of the Trust Units on the principal market on which the Trust Units are quoted for trading during the 10 trading day period commencing immediately after the date on which the Trust Units are surrendered for retraction; and (ii) the "**closing market price**" (as defined in the Trust Indenture) on the principal market on which the Trust Units are quoted for trading on the date that the Trust Units are surrendered for retraction.

Limitation on Non-Resident Ownership

In order for the Fund to maintain its status as a mutual fund trust under the Tax Act, the Fund must not be established or maintained primarily for the benefit of non-residents of Canada ("**non-residents**") within the meaning of the Tax Act. Accordingly, the Trust Indenture provides that at no time may non-residents be the beneficial owners of a majority of the Trust Units. The Trustee may require declarations as to the jurisdictions in which beneficial holders of Trust Units are resident. If the Trustee becomes aware, as a result of requiring such

declarations or otherwise, that the beneficial owners of 49% of the Trust Units then outstanding are or may be non-residents or that such a situation is imminent, the Trustee shall make a public announcement thereof and shall not accept a subscription for Trust Units from, or issue or register a transfer of Trust Units to, a person unless the person provides a declaration that the person is a resident of Canada. If, notwithstanding the foregoing, the Trustee determines that a majority of the Trust Units are held by non-residents, the Trustee shall send a notice to non-resident holders of Trust Units, chosen in inverse order to the order of acquisition or registration or in such other manner as the Trustee may consider equitable and practicable, requiring them to sell their Trust Units or a portion thereof within a specified period of not less than 60 days. If the Unitholders receiving such notice have not sold the specified number of Trust Units or provided the Trustee with satisfactory evidence that they are not non-residents within such period, the Trustee shall on behalf of such Unitholders sell such Trust Units and in the interim, shall suspend the voting and distribution rights attached to such Trust Units. Any such sale shall be made on any stock exchange on which the Trust Units are listed and, upon such sale, the affected holders shall cease to be holders of Trust Units and their rights shall be limited to receiving the net proceeds of sale upon surrender of the certificates representing such Trust Units.

Stability Rating

DBRS has assigned a stability rating of STA-6 (middle) to the Trust Units. The stability rating is based on a rating scale developed by DBRS that provides an indicator of both the stability and sustainability of an income fund's distributions per unit. Ratings categories range from STA-1 to STA-7, with STA-1 being the highest. In addition, DBRS further separates the ratings into "high", "middle" and "low" subcategories to indicate where they fall within the rating category. Ratings take into consideration the seven main factors of: (1) operating and industry characteristics; (2) asset quality; (3) financial flexibility; (4) diversification; (5) size and market position; (6) sponsorship/governance; and (7) growth. In addition, consideration is given to specific structural or contractual elements that may eliminate or mitigate risks or other potentially negative factors. Specifically, income funds rated as STA-6 are considered by DBRS to have very weak distributions per unit in terms of stability and sustainability. A rating is not a recommendation to buy, sell or hold any security and may be subject to revision or withdrawal at any time by DBRS.

CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Gowling Lafleur Henderson LLP, counsel to Shiningbank, and Macleod Dixon LLP, counsel to the Underwriters, the following is, as of the date hereof, a fair and adequate summary of the principal Canadian federal income tax considerations generally applicable to an investor who acquires Trust Units pursuant to this Offering and who, for purposes of the Tax Act, is resident in Canada, holds the Trust Units as capital property and deals at arm's length and is not affiliated with the Fund, the Corporation, SLP and the Underwriters. Generally, the Trust Units will be considered to be capital property to an investor provided the investor does not hold the Trust Units in the course of carrying on a business and has not acquired them in one or more transactions considered to be an adventure in the nature of trade. Certain investors who might not otherwise be considered to hold their Trust Units as capital property may, in certain circumstances, be entitled to have them treated as capital property by making the election permitted by subsection 39(4) of the Tax Act.

This summary is not applicable to a purchaser that is a "financial institution" or a "specified financial institution" as defined in the Tax Act for purposes of the mark-to-market rules or to a purchaser an interest in which would be a "tax shelter investment" pursuant to the Tax Act and any such purchaser should consult its own tax advisor with respect to an investment in Trust Units.

This summary is based upon the facts set out in this short form prospectus, the current provisions of the Tax Act and the regulations thereunder (the "**Regulations**"), all specific proposals to amend the Tax Act and the Regulations publicly announced prior to the date hereof (the "**Proposals**"), counsels' understanding of the current administrative practices of the Canada Revenue Agency and certificates as to certain factual matters provided by the Corporation, SLP and the Fund. No assurance can be given that the Proposals will be enacted as proposed. This summary is not exhaustive of all possible Canadian federal income tax considerations and, except for the Proposals, does not take into account or anticipate changes in the law, whether by way of judicial,

government or legislative decision or action, nor does it take into account provincial, territorial or foreign tax legislation.

This summary is of a general nature only and is not intended to be, and it should not be construed to be, legal or tax advice to any prospective purchaser of Trust Units. The tax liability of a purchaser will depend on the purchaser's particular circumstances. Each prospective purchaser should obtain independent legal advice regarding the income tax consequences of investing in Trust Units with reference to such prospective purchaser's particular circumstances.

Status of the Fund

Based on certain factual representations by the Corporation, SLP and Fund, the Fund currently qualifies as a "unit trust" and a "mutual fund trust" for purposes of the Tax Act. It will continue to so qualify provided certain conditions under the Tax Act (relating principally to the number and residence for tax purposes of Unitholders, the fair market value of the Trust Units from time to time and the nature of the Fund's activities) are maintained. **Except as otherwise indicated, this summary is based on the assumption that the Fund will at all material times qualify as a mutual fund trust for the purposes of the Tax Act.** Counsel is of the view that it is reasonable to assume that the Fund will maintain such qualification for the foreseeable future based on the Corporation's, SLP's and the Fund's representations to counsel.

If the Fund was not at present or a future time to qualify as a mutual fund trust, the income tax considerations respecting the Fund and Unitholders may be materially different from those described in this summary, and in particular the following adverse income tax consequences may result:

- The Trust Units may cease to be qualified investments for registered retirement savings plans ("RRSPs"), registered retirement income funds ("RRIFs"), deferred profit sharing plans ("DPSPs") and registered education savings plans ("RESPs") (collectively referred to as "Exempt Plans"). Where at the end of any month an Exempt Plan holds non-qualified investments, the Exempt Plan may be obligated to pay, with respect to that month, tax equal to 1% of the fair market value of such investments at the time such investments were acquired by the Exempt Plan. Where a trust governed by an RRSP or an RRIF acquires investments that are not qualified investments, the beneficiary of that trust will be deemed to have received taxable income in an amount equal to the purchase price of such investments, and while it holds investments that are not qualified investments, that trust will be taxable on its income attributable to such investments. Where a trust governed by a DPSP acquires investments that are not qualified investments the trust is liable for tax in an amount equal to the fair market value of such investments at the time of their acquisition. Where a trust governed by a RESP acquires investments that are not qualified investments or does not dispose of investments within 60 days of their ceasing to be qualified investments, the registration of the RESP may be revoked and the RESP will cease to be exempt from tax.
- The Fund will be required to pay a tax under Part XII.2 of the Tax Act in respect of amounts distributed to non-resident persons. The payment of this tax by the Fund may have adverse income tax consequence for certain Unitholders, including non-resident persons and tax exempt persons (including Exempt Plans).
- The Fund will cease to be eligible for the capital gains refund mechanism available to mutual fund trusts.
- Trust Units would become taxable Canadian property. As a result, non-resident Unitholders would be subject to Canadian income tax on any gains realized on a disposition of Trust Units held by them.

The Tax Act currently provides that, subject to certain exceptions, a trust that is maintained primarily for the benefit of non-residents of Canada will cease to qualify as a mutual fund trust. On September 8, 2005, the Department of Finance released its consultation paper "Tax and Other Issues Related to Publicly Listed Flow-Through Entities (Income Trusts and Limited Partnerships)". It is not known whether legislation will result from the consultation of which the paper is part. Any legislation could materially affect the Fund or its Unitholders.

The Trust Indenture contains provisions that are intended to permit the Fund to take measures to reduce the number of Trust Units held by non-residents and partnerships that are not Canadian partnerships for purposes of the Tax Act ("**Non-Canadian Partnerships**") in certain circumstances that are intended to enable the Fund to retain its mutual fund trust qualification. If non-residents and Non-Canadian Partnerships acquire a substantially greater number of Trust Units than they now own, the Fund's ability to maintain its status as a mutual fund trust may be dependent on its ability to determine the amount of the Trust Units held by non-residents and Non-Canadian Partnerships on an accurate and timely basis and to take effective steps to prevent a majority of Trust Units from being held by non-residents and Non-Canadian Partnerships. If the Fund takes steps to limit the percentage of Trust Units held by non-residents and Non-Canadian Partnerships or others so as to protect its mutual fund trust qualification, such steps could adversely affect some Unitholders and could adversely affect the market value of the Trust Units. Moreover, there can be no assurance that any steps taken by the Fund will prevent the Fund from losing its mutual fund trust status.

Taxation of the Fund

Income of the Fund

The Tax Act requires the Fund to compute its income or loss for a taxation year as though it were an individual resident in Canada. The Fund's taxation year is the calendar year.

The Fund will be required to include in computing its income for a taxation year all net realized taxable capital gains, all amounts that become receivable or are received in that year in respect of royalties, including any amount subject to set off, and including any amounts paid by it to the Corporation or SLP in respect of reimbursed Crown charges and any amounts that become payable to the Fund from SOT. An amount will be considered to be payable to the Fund in a taxation year if it is paid in the year by SOT or the Fund is entitled in that year to enforce payment of the amount. The Fund will also be required to include in its income for each taxation year all interest on any investments held by the Fund, including the Acquisition Notes, that accrues to it to the end of the year, or becomes receivable or is received by it before the end of the year, or is deemed to have been paid (including a premium on redemption, if any) except to the extent that such interest was included in computing its income for a preceding year.

The Fund will be entitled to deduct in computing its income for a taxation year, reasonable current expenses incurred in its ongoing operations, expenses incurred respecting the issuance of Trust Units on a five year, straight line basis, as well as annual deductions in respect of its cumulative Canadian oil and gas property expense account ("**cumulative COGPE**"), on a 10% declining balance basis.

In accordance with the Tax Act and the Regulations, the Fund may deduct in computing its income for a year a resource allowance computed by reference to its "adjusted resource profits". Generally, the Fund's adjusted resource profits will equal its income from the royalties less amounts deducted in computing its income, other than deductions in respect of its COGPE account, interest expense or any amount deducted in respect of distributions to Unitholders. The Fund may deduct a portion of the Crown charges reimbursed by it to the grantors of the royalties in the year. The excess, if any, of reimbursed Crown charges over the resource allowance deductible by the Fund in the year is deemed to be an amount that has become payable to the Unitholders, to the extent designated by the Fund and must be included in the Unitholders' income. Counsel is advised that the Fund intends to designate the full amount of any such excess annually in respect of the Unitholders. The resource allowance is being phased out, and deductibility of actual Crown charges is being phased in over a five-year period commencing in 2003.

To the extent that the Fund has any income for a taxation year after the inclusions and deductions outlined above, the Fund will be permitted to deduct all amounts which are payable by it to Unitholders in the year. An amount will be considered to be payable to a Unitholder in a taxation year if it is paid in the year by the Fund or the Unitholder is entitled in the year to enforce payment of the amount. The Trust Indenture provides that the Fund's income for purposes of the Tax Act each year that has not otherwise been made payable to Unitholders will be deemed to become so payable on December 31 of such year, and that each Unitholder has the right to enforce

payment of same on the date it becomes payable, provided that any income of the Fund that is required to satisfy any tax liability on the part of the Fund shall not be payable to Unitholders.

Counsel has been advised that the Fund intends to make payable to the Unitholders with respect to each taxation year an amount equal to all of the income of the Fund for such year, together with the taxable and non-taxable portion of any capital gains realized by the Fund in such year (excluding capital gains which may be realized by the Fund upon a distribution *in specie* of the property of the Fund in connection with a redemption of the Trust Units) less the Fund's expenses and the amount, if any, required to be retained to pay the Fund's tax liability.

Counsel has been advised that for purposes of the Tax Act, the Fund intends to deduct in computing its income the full amount available in each year to the extent of its income that will be subject to tax, otherwise determined. Therefore, the Fund does not expect to be liable for a material amount of tax under the Tax Act. The Tax Act provides that the Fund may, at its discretion, claim a deduction in computing income for a taxation year in an amount less than its income for such year that becomes payable to Unitholders in such year. The Fund may wish to do so in order to utilize losses from prior taxation years.

Acquisition of the Royalty and Release of the Royalty on Certain Properties

Counsel is advised that the amount paid by the Fund for the acquisition of the Royalty has been, and subsequent amounts paid or payable by the Fund pursuant to the Deferred Purchase Price Obligation are intended to be, added to the Fund's cumulative COGPE in the taxation year of the Fund in which such acquisition occurs.

Where as a result of a sale of a property by the Corporation or SLP and the release of the Royalty relating to that property, proceeds of disposition from the sale become receivable by the Fund in a taxation year, the amount of such proceeds will be required to be deducted from the balance of the Fund's cumulative COGPE otherwise determined at the end of that year. If all or a portion of the consideration receivable in a taxation year upon the release of the Royalty relating to a property is used by the Corporation or SLP, as the case may be, to acquire in that year one or more replacement Canadian resource properties, the amount so used will be added in that year to the Fund's cumulative COGPE.

The Fund may deduct, in computing its income from all sources for a taxation year, an amount not exceeding 10%, on a declining balance basis, of any positive balance of its cumulative COGPE at the end of the year. If the balance of the Fund's cumulative COGPE at the end of a particular taxation year after all additions and deductions for the year have been made would otherwise be a negative amount, the negative amount will be included in the Fund's income for purposes of the Tax Act for that year.

Redemption of Trust Units

Where the Fund distributes property of the Fund to a Unitholder on a redemption of Trust Units, the Fund will be deemed to have received proceeds of disposition equal to the fair market value of such property at that time, and such distribution may give rise to a capital gain or income to the Fund, depending upon the nature of the property. The Fund will be entitled for each taxation year to reduce (or receive a refund in respect of) its liability, if any, for tax on its net taxable capital gains by an amount determined under the Tax Act based on the redemption or retraction of Trust Units during the year (the "**Capital Gains Refund**"). The Capital Gains Refund in a particular year may not completely offset the Fund's tax liability for such taxation year that may arise upon distributions of property in connection with the redemption of Trust Units. The Trust Indenture provides that income of the Fund that is required to satisfy any tax liability on the part of the Fund shall not be payable to Unitholders. Under the Trust Indenture, the Fund's income may be used to finance cash redemptions of the Trust Units.

Taxation of Unitholders

Income from Trust Units

Each Unitholder is required to include in computing income for a particular taxation year the Unitholder's *pro rata* share of the Fund's net income for tax purposes that was payable in that year by the Fund to that Unitholder whether such amounts are reinvested in additional Trust Units and whether the amount was actually paid to the Unitholder in that year, together with all amounts designated to the Unitholder as reimbursed Crown charges in excess of the resource allowance deducted in computing the Fund's income. An amount will be considered to be payable to the Unitholders in a taxation year if it is paid in the year by the Fund or the Unitholder is entitled in that year to enforce payment of the amount.

Income of a Unitholder from the Trust Units will generally be considered to be income from property and not business income, dividend income or income from production for purposes of the Tax Act. Any loss of the Fund for purposes of the Tax Act cannot be allocated to, and treated as a loss of, the Unitholders. The amount of income for purposes of the Tax Act allocable to a Unitholder by the Fund may not be the same as the amount of cash paid by the Fund to such Unitholder as a result of the deduction by the Fund for purposes of determining income pursuant to the Tax Act of certain non-cash expenses, and the non-deductibility or deferred deductibility for the same purpose of certain Fund expenditures.

Provided that appropriate designations are made by the Fund, all income derived from the Fund's net taxable capital gains and taxable dividends as is paid or payable to a Unitholder will retain its character as taxable capital gains and taxable dividends, respectively, and shall be treated as such in the hands of the Unitholders for purposes of the Tax Act.

Adjusted Cost Base of Trust Units

The cost to a Unitholder of Trust Units acquired pursuant to this Offering will equal the purchase price of the Trust Units plus the amount of any other reasonable costs incurred in connection therewith. Trust Units issued pursuant to a reinvestment of distributions will be considered acquired at a cost equal to the amount of the distribution. The cost of a Trust Unit will be averaged with the cost of all other Trust Units owned by a Unitholder to determine the adjusted cost base of each Trust Unit so owned. Amounts distributed by the Fund to a Unitholder in respect of a Trust Unit will reduce the Unitholder's adjusted cost base respecting such Trust Unit to the extent that the amounts distributed are in excess of such Unitholder's share of the Fund's income for the purposes of the Tax Act computed prior to any deduction for amounts distributed to Unitholders. To the extent that the adjusted cost base to a Unitholder of a Trust Unit at the end of a taxation year would otherwise be less than zero, the negative amount will be treated as a capital gain from the disposition of such Trust Units, and the adjusted cost base will be adjusted to a nil amount.

Disposition of Trust Units

An actual or deemed disposition of Trust Units will give rise to a capital gain (or capital loss) equal to the amount by which the proceeds of disposition are greater than (or less than) the adjusted cost base to the holder of such Trust Units plus reasonable costs associated with the disposition.

Generally, one-half of any capital gain (a "**taxable capital gain**") realized by a Unitholder in a taxation year must be included in the Unitholder's income for purposes of the Tax Act for that year, and one-half of any capital loss (an "**allowable capital loss**") realized by a Unitholder in a taxation year must be deducted from taxable capital gains realized by the Unitholder in that year. Allowable capital losses for a taxation year in excess of taxable capital gains for that year generally may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against net taxable capital gains realized in such years, to the extent and under the circumstances described in the Tax Act. Taxable capital gains realized by a Unitholder that is a "Canadian controlled private corporation" for the purposes of the Tax Act may give rise to a liability for certain refundable taxes.

Interest on Funds Borrowed to Acquire Trust Units

Reasonable amounts of interest paid or payable pursuant to a legal obligation by a Unitholder on borrowed money used to acquire Trust Units will generally be deductible in computing the Unitholder's income for the period during which the Unitholder holds the Trust Units. Interest on money borrowed to directly or indirectly make a contribution to an Exempt Plan is not deductible.

Eligibility for Exempt Plan Investment

Subject to the qualifications set out above under the heading "CANADIAN FEDERAL INCOME TAX CONSIDERATIONS - Status of the Fund", the Trust Units at the date of issue will be qualified investments for Exempt Plans.

Redemption of Trust Units

Where the Fund distributes property (a "**Distributed Property**"), other than a Canadian or foreign resource property, as defined by the Tax Act (a "**Resource Property**"), including the Royalty, to a Unitholder on a redemption of Trust Units, the Unitholder will generally be considered to have disposed of its Trust Units for proceeds of disposition equal to the fair market value of the Distributed Property at that time (the "**Fair Market Value**"), less (a) the portion, if any, of such amount that is considered to be a payment to the Unitholder out of the income or capital gains of the Fund for the year (the Fair Market Value less such amount hereinafter referred to as the "**Adjusted Proceeds**"), and (b) the amount, if any, by which the Fair Market Value is greater than the cost amount of the Distributed Property to the Fund, determined for purposes of the Tax Act. If the Distributed Property is a Resource Property, the Unitholder will be considered to have disposed of its Trust Units for proceeds of disposition equal to the Adjusted Proceeds. The cost to a Unitholder of the Distributed Property will be equal to the Fair Market Value. Income earned from Distributed Property or Resource Property may not be treated in the same manner for income tax purposes as income earned from Trust Units and such property may not be a qualified investment for Exempt Plans.

LEGAL MATTERS

Legal matters in connection with the issuance of the Trust Units will be passed upon on behalf of Shiningbank by Gowling Lafleur Henderson LLP, Calgary, Alberta, and on behalf of the Underwriters by Macleod Dixon LLP, Calgary, Alberta.

INTERESTS OF EXPERTS

As at the date hereof, the partners and associates of each of Gowling Lafleur Henderson LLP and Macleod Dixon LLP as a group owned beneficially, directly or indirectly, less than one percent of the outstanding Trust Units. Richard W. Clark, a partner of Gowling Lafleur Henderson LLP, is a director of the Corporation.

As at the date hereof, the directors, officers and associates of each of Paddock Lindstrom & Associates Ltd., Sproule Associates Limited and Gilbert Laustsen Jung Associates Ltd. as a group owned beneficially, directly or indirectly, less than one percent of the outstanding Trust Units.

AUDITORS, TRANSFER AGENT AND REGISTRAR

The auditors of Shiningbank are KPMG LLP, Chartered Accountants, 1200, 205 - 5th Avenue S.W., Calgary, Alberta, T2P 4B9.

The registrar and transfer agent for the Trust Units is Computershare Trust Company of Canada at its principal offices in Calgary, Alberta and Toronto, Ontario. The Trustee of the Fund is Computershare Trust Company of Canada at its principal office in Calgary, Alberta.

STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser.

AUDITORS' CONSENTS

Consent of KPMG LLP

To the Board of Directors of Shiningbank Energy Ltd. on behalf of Shiningbank Energy Income Fund

We have read the short form prospectus dated September 21, 2005 relating to the qualification for distribution of 4,100,000 trust units of Shiningbank Energy Income Fund (the "Fund") (the "Prospectus"). We have complied with Canadian generally accepted standards for an auditors' involvement with offering documents.

We consent to the incorporation by reference in the above-mentioned Prospectus of our report to the unitholders of the Fund on the consolidated balance sheets of the Fund as at December 31, 2004 and 2003 and the consolidated statements of earnings and unitholders' equity and cash flow for each of the years then ended. Our report is dated March 1, 2005.

We also consent to the incorporation by reference in the above-mentioned Prospectus of our report to the directors of Birchill Resources Limited on the consolidated balance sheets of Birchill Resources Limited as at December 31, 2003 and 2002 and the consolidated statements of earnings and retained earnings and cash flows for each of the years then ended. Our report is dated February 20, 2004.

PRO FORMA FINANCIAL STATEMENTS

COMPILATION REPORT

To the Board of Directors of Shiningbank Energy Ltd. on behalf of Shiningbank Energy Income Fund

We have read the accompanying unaudited pro forma consolidated balance sheet of Shiningbank Energy Income Fund (the "Fund") as at June 30, 2005 and the unaudited pro forma consolidated statements of operations for the six months then ended and the year ended December 31, 2004, and have performed the following procedures:

1. Compared the figures in the columns captioned "Shiningbank" to the unaudited interim consolidated financial statements of the Fund as at June 30, 2005 and for the six months then ended and to the audited consolidated financial statements of the Fund for the year ended December 31, 2004, respectively, and found them to be in agreement.
2. Compared the figures in the columns captioned "Blizzard" to the unaudited interim consolidated financial statements of Blizzard Energy Inc. ("Blizzard") as at June 30, 2005 and for the six months then ended and to the audited consolidated financial statements of Blizzard for the year ended December 31, 2004, respectively, and found them to be in agreement.
3. Compared the figures in the column captioned "Clairmont Property" to the audited schedule of revenue, royalties and operating expenses associated with the Clairmont Property that Blizzard Energy Inc. acquired as of December 22, 2004 for the period from January 1, 2004 to December 22, 2004 and found them to be in agreement.
4. Made enquiries of certain officials of the Fund who have responsibility for financial and accounting matters about:
 - (a) the basis for the determination of the pro forma adjustments; and
 - (b) whether the pro forma financial statements comply as to form in all material respects with the regulatory requirements of the various Securities Commissions and similar regulatory authorities in Canada.

The officials:

- (a) described to us the basis for determination of the pro forma adjustments; and
 - (b) stated that the pro forma financial statements comply as to form in all material respects with the regulatory requirements of the various Securities Commissions and similar regulatory authorities in Canada.
5. Read the notes to the pro forma financial statements, and found them to be consistent with the basis described to us for determination of the pro forma adjustments.
 6. Recalculated the application of the pro forma adjustments to the aggregate of the amounts in the applicable columns captioned "Shiningbank", "Blizzard", "Birchill" and "Clairmont Property" as at June 30, 2005 and for the six months then ended and for the year ended December 31, 2004 and found the amounts in the column captioned "Pro Forma" to be arithmetically correct.

A pro forma financial statement is based on management assumptions and adjustments which are inherently subjective. The foregoing procedures are substantially less than either an audit or a review, the objective of which is the expression of assurance with respect to management's assumptions, the pro forma adjustments and the application of the adjustments to the historical financial information. Accordingly, we express no such assurance. The foregoing procedures would not necessarily reveal matters of significance to the pro forma financial statements, and we therefore make no representation about the sufficiency of the procedures for the purposes of a reader of such statements.

SHININGBANK ENERGY INCOME FUND

Notes to the Pro forma Consolidated Financial Statements

As at June 30, 2005 and December 31, 2004

(Unaudited)

(\$ thousands, except per Trust Unit amounts)

1. **Basis of presentation:**

The accompanying unaudited pro forma consolidated financial statements (the "Pro Forma Statements") of Shiningbank Energy Income Fund ("Shiningbank") have been prepared by the management of Shiningbank, in accordance with accounting principles generally accepted in Canada.

The unaudited pro forma consolidated balance sheet as at June 30, 2005 and the unaudited pro forma consolidated statement of earnings for the six months ended June 30, 2005 have been prepared from the unaudited consolidated balance sheets and statements of earnings of Shiningbank and Blizzard Energy Inc. ("Blizzard").

The unaudited pro forma consolidated statement of earnings for the year ended December 31, 2004 has been prepared from the audited consolidated statements of earnings for Shiningbank and Blizzard and the audited schedule of revenue and expenses associated with the asset acquisition by Blizzard for the period from January 1, 2004 to December 22, 2004.

The unaudited pro forma consolidated financial statements have been prepared from information derived from and should be read in conjunction with the published audited consolidated financial statements of Shiningbank for the year ended December 31, 2004 and published unaudited financial statements of Shiningbank for the six months ended June 30, 2005.

In the opinion of management, these Pro Forma Statements include all material adjustments necessary for a fair presentation in accordance with Canadian generally accepted accounting principles. The pro forma consolidated balance sheet gives effect to the transactions in note 2 as if they occurred on the balance sheet date while the pro forma consolidated statement of earnings gives effect to those transactions as if they had occurred at the beginning of the periods to which these statements relate.

The Pro Forma Statements are not necessarily indicative either of the results that actually would have occurred if the events reflected herein had taken place on the dates indicated or of the results which may be obtained in the future, including operational and administrative efficiencies which would be expected to occur as a result of combining Shiningbank and Blizzard.

It is the recommendation of management that this financial information should be read in conjunction with the financial statements and notes thereto of the financial statements referred to above.

2. **Pro forma assumptions and adjustments:**

The accounting policies used in preparing the Pro Forma Statements are in accordance with those disclosed in the consolidated financial statements of Shiningbank for the fiscal year ended December 31, 2004.

The Pro Forma Statements give effect to the following transactions and adjustments:

- (a) The acquisition of Blizzard was accounted for using the purchase method of accounting. The following table shows the allocation of the purchase price to the net assets of Blizzard. The following is a preliminary calculation which is subject to change with regards to closing adjustments and other items.

SHININGBANK ENERGY INCOME FUND

Notes to the Pro forma Consolidated Financial Statements

As at June 30, 2005 and December 31, 2004

(Unaudited)

(\$ thousands, except per Trust Unit amounts)

Fair Value of Shiningbank Trust Units issued	\$	177,816
Cash consideration		46,600
Related fees and expenses		1,000
Cost of acquisition	\$	225,416
Working capital deficiency	\$	(42,400)
Future income taxes		(50,800)
Asset retirement obligation		(4,281)
Goodwill		42,657
Petroleum and natural gas properties and equipment		280,240
Total consideration	\$	225,416

Included in the working capital deficiency is the estimated fair market value of the marketing contract assumed of \$400,000.

- (b) Prior to the closing of the Blizzard acquisition certain producing assets and undeveloped lands were transferred to Zenas Energy Corp. The revenues and expenses from these assets have been removed for the purposes of the pro forma statement of earnings.
- (c) Completion of the proposed business combination whereby all issued and outstanding Blizzard Preferred A Shares were acquired by Shiningbank for consideration of 0.0777 of a Trust Unit and cash consideration of \$0.4097 each. 8,837,792 Trust Units were issued, and a cash payment of \$46.6 million was made.
- (d) Interest is calculated at Shiningbank's average cost of borrowing on additional bank indebtedness arising from the acquisition of Blizzard.
- (e) The provisions for depreciation, depletion and accretion are adjusted as a result of the increase in property, plant and equipment carrying costs recorded under the purchase method of accounting.
- (f) Large corporation tax has been adjusted to reflect the impact of the change in debt, trust units, asset retirement obligation, and future income taxes.
- (g) The future income tax liability and provision for income taxes have been adjusted to incorporate all pro forma adjustments.
- (h) General and administrative expenses have been adjusted to reflect Shiningbank's estimate of incremental costs related to the Blizzard acquisition.
- (i) The earnings per Trust Unit amounts were calculated using the weighted average number of Shiningbank Trust Units outstanding during the six months ended June 30, 2005 and the year ended December 31, 2004 had the equity issue noted in (c) occurred on January 1, 2005 and January 1, 2004, respectively. The basic weighted average number of Trust Units after giving effect to the issuance of equity was 67,652,359 (diluted – 68,329,665) for the six months ended June 30, 2005. The basic weighted average number of Trust Units after giving effect to the issuance of equity was 65,146,644 (diluted – 66,130,800) for the year ended December 31, 2004.

SHININGBANK ENERGY INCOME FUND

Notes to the Pro forma Consolidated Financial Statements

As at June 30, 2005 and December 31, 2004

(Unaudited)

(\$ thousands, except per Trust Unit amounts)

- (j) On March 8, 2004 Shiningbank acquired Birchill Resources Limited. The pro forma consolidated statement of earnings for the year ended December 31, 2004 has been adjusted to include the effect of this acquisition as if it had occurred on January 1, 2004.
- (k) Includes the issuance by Shiningbank, as anticipated under this Prospectus, of 4,100,000 Trust Units for net proceeds of \$94,952,750 after deducting estimated underwriters fees and expenses of the issue of \$5,292,250. The issue is expected to close on September 28, 2005.

BLIZZARD FINANCIAL STATEMENTS

Audited financial statements of Blizzard Energy Inc. as at and for the years ended December 31, 2004 and 2003	32
Audited schedule of revenues, royalties and operating expenses for the Clairmont Property for the years ended December 31, 2003 and 2002 and for the period from January 1, 2004 to December 22, 2004	45

Note: The audited schedule of revenues, royalties and operating expenses for the Clairmont Property have been provided as Blizzard Energy Inc. acquired the Clairmont Property on December 22, 2004 and, as such, while Blizzard Energy Inc.'s audited balance sheet for December 31, 2004 reflects such acquisition, Blizzard Energy Inc.'s audited statements of earnings (loss) and deficit and statements of cash flows for the year ended December 31, 2004 do not.

AUDITORS' REPORT

To the Shareholders of Blizzard Energy Inc.

We have audited the balance sheets of Blizzard Energy Inc. as at December 31, 2004 and 2003 and the statements of earnings (loss) and deficit and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2004 and 2003 and the results of its operations and its cash flows for the years then ended in accordance with Canadian generally accepted accounting principles.

Notes To Financial Statements

Blizzard Energy Inc.

December 31, 2004

1. Nature of Operations

Blizzard Energy Inc. (the "Company" or "Blizzard") was incorporated with nominal share capital under the laws of the Province of Alberta on December 19, 2002 with the intent to develop and operate oil and natural gas properties primarily in Western Canada. From the date of incorporation to December 31, 2002, the only transaction was the issuance of share capital for cash. During 2003 and prior to the closing of the "Sousa Acquisition" on December 18, 2003, the Company's activities were limited to administrative and start-up expenses.

2. Summary of Significant Accounting Policies

These financial statements have been prepared by management in accordance with Canadian generally accepted accounting principles and a summary of accounting policies follows:

(a) Capitalized Costs

The Company follows the full cost method of accounting for oil and gas operations whereby all costs relating to the acquisition of, exploration for and development of oil and gas reserves are capitalized in a single cost centre. Such costs include lease acquisition, lease rentals on undeveloped properties, geological and geophysical, drilling both productive and non-productive wells, production equipment and overhead charges directly related to acquisition, exploration and development activities.

Gains or losses are not recognized under the disposition of oil and gas properties unless such a disposition would result in a change in the depletion rate by 20% or more. Gains and losses are recognized upon the disposition of other assets.

(b) Depletion and Depreciation

All costs of acquisition, exploration and development of oil and gas reserves, associated tangible plant and equipment costs (net of salvage value), and estimated costs of future development of proved undeveloped reserves are depleted and depreciated using the unit-of-production method based on estimated gross proved reserves as determined by independent engineers. For purposes of the depletion and depreciation calculation, relative volumes of petroleum and natural gas production and reserves are converted to the energy equivalent conversion rate of six thousand cubic feet of natural gas to one barrel of crude oil.

Costs of unproved properties are initially excluded from oil and gas properties for the purpose of calculating depletion. When proved reserves are assigned or the property is considered to be impaired, the cost of the property or the amount of the impairment is added to costs subject to depletion.

Computer and office furniture and equipment are depreciated on a straight-line basis over five years.

(c) Asset Retirement Obligations

The Company recognizes the fair value of a liability for an asset retirement obligation in the period in which it is incurred and a corresponding increase in the carrying value of the related long-lived asset. The liability is carried on the balance sheet at its discounted present value and is subsequently adjusted for the passage of time, which is recognized as an operating expense in the statement of earnings (loss) on a basis consistent with depreciation and depletion of the underlying assets. The fair value of the obligation is periodically adjusted for revisions in either the timing or the amount of the original estimated cash flows associated with the liability.

2. Summary of Significant Accounting Policies (continued)

(d) Ceiling Test Limitations

The Company calculates its ceiling test by comparing the carrying value of property and equipment to the sum of undiscounted cash flows expected to result from the future production of proved reserves. Cash flows are based on third party quoted forward prices, adjusted for transportation and quality. Should the ceiling test result in an excess of carrying value, the Company would then measure the amount of impairment by comparing the carrying amounts of property and equipment to an amount equal to the estimated net present value of future cash flows from proved plus probable reserves and the cost of unproved properties. A risk-free interest rate is used to arrive at the net present value of the future cash flows. Any excess is recorded as an impairment charge in the statement of earnings (loss). Adoption of this guideline, effective January 1, 2004, had no effect on the Company's operating results for the years presented.

(e) Revenue Recognition

Oil and natural gas sales are recognized as revenue when the commodities are delivered to purchasers.

(f) Joint Interests

Certain of the Company's exploration, development and production activities are conducted jointly with others, and accordingly, these financial statements reflect only the Company's proportionate interest in such activities.

(g) Stock-Based Compensation

The Company has a stock-based compensation plan, which is described in note 7. Options issued are accounted for in accordance with the fair value method of accounting for stock-based compensation. The associated compensation expense is charged to earnings (loss) and corresponding increase in contributed surplus, based on an estimate of the fair value determined using a Black-Scholes option pricing model at the date of the grant. Consideration paid to the Company on the exercise of stock options is credited to share capital. At the time of exercise, the related amounts previously credited to contributed surplus are also transferred to share capital. Stock options issued to directors and employees are amortized into income over their vesting life, while stock options granted to consultants are recorded to earnings (loss) at the time of grant.

(h) Measurement Uncertainty

The amount recorded for depletion and depreciation of oil and gas properties, the provision for future asset retirement obligations and the ceiling test calculation are based on estimates of gross proved reserves, production rates, commodity prices, future costs and other relevant assumptions. By their nature, these estimates are subject to measurement uncertainty and the effect on the financial statements of changes in such estimates in future years could be significant.

(i) Per Share Information

Per share information is calculated using the treasury stock method. Under this method, the diluted weighted average number of common shares is calculated assuming that the proceeds from the exercise of outstanding and in-the-money options is used to purchase common shares at the estimated average market price.

(j) Flow-Through Common Shares

A portion of the Company's exploration and development activities are financed through proceeds received from the issue of flow-through shares or warrants. Under the terms of the flow-through issues, the tax attributes of the resource expenditures related to exploratory and development activities are renounced to the subscribers as incurred. To recognize the foregone tax benefits to the Company, the carrying value of the shares or warrants issued is reduced and the future income tax liability increased by the tax effect of the tax benefits renounced to subscribers. The foregone tax benefit is recognized at the time of the renouncement provided there is reasonable assurance that the expenditures will be incurred.

2. Summary of Significant Accounting Policies (continued)

(k) Future Income Taxes

The Company follows the liability method to account for income taxes. Under this method, future tax assets and liabilities are determined based on differences between the carrying value and the tax basis of assets and liabilities, and measured using the substantively enacted tax rates and laws expected to be in effect when the differences are expected to reverse.

3. Acquisitions

On December 22, 2004, the Company acquired a number of producing properties in the Grande Prairie area of Alberta for cash consideration of \$63,037,000.

On March 15, 2004 and August 5, 2004, the Company acquired the working interest of two different joint venture partners for cash consideration of \$2,030,000 and \$1,988,000, respectively, to increase its total working interest in the Sousa, Alberta unit to 100%.

The purchase price of these acquisitions were allocated to the assets and liabilities acquired as follows:

Year Ended December 31, 2004 (000s)	Grande Prairie (\$)	Sousa (\$)	Total (\$)
Property and equipment	64,010	4,214	68,224
Asset retirement obligations	(973)	(196)	(1,169)
	63,037	4,018	67,055

On December 18, 2003, the Company acquired a natural gas property in the Sousa area of Alberta for cash consideration of \$36,922,000. The purchase price was allocated to property and equipment for \$39,298,000 and asset retirement obligations for \$2,376,000.

4. Property and Equipment

Years Ended December 31,	2004			2003		
	Cost	Accumulated Depletion and Depreciation	Net Book Value	Cost	Accumulated Depletion and Depreciation	Net Book Value
(000s)	(\$)	(\$)	(\$)	(\$)	(\$)	(\$)
Oil and gas properties	140,712	6,521	134,191	39,759	103	39,656
Office assets	306	36	270	47	--	47
	141,018	6,557	134,461	39,806	103	39,703

At December 31, 2004, oil and gas properties included \$27,442,000 (2003 – \$6,400,000) relating to undeveloped properties, which have been excluded from the depletion and depreciation calculation. Future development costs on proven undeveloped reserves of \$21,836,000 (2003 – \$10,263,000) are included in the determination of the asset base subject to depletion and depreciation in the calculation.

During the year ended December 31, 2004, the Company capitalized \$949,000 (2003 – \$33,991) in general and administrative costs related to exploration and development activities.

5. Bank Loan

The Company has a \$50,000,000 extendible revolving term credit facility (#1) from a Canadian chartered bank, of which \$12,099,000 was drawn on the facility at December 31, 2004 (December 31, 2003 – \$5,920,000). This facility bears interest at the bank's prime rate (4.25% at December 31, 2004), payable monthly in arrears. The Company may also borrow by way of bankers' acceptances, which are subject to a stamping fee. In addition, the Company has a \$10,000,000 credit facility (#2) from its bank, of which no amount was drawn at December 31, 2004 (December 31, 2003 – \$nil). The credit on both facilities revolve until May 31, 2005 with annual extension periods available at the request of the borrower and subject to the bank's approval. These facilities are subject to an annual review and re-determination of the Company's borrowing base by the bank.

So long as the loan remains revolving and the borrowing base supports the facility outstanding, there are no repayment requirements. In the event the revolving period is not extended, the credit facility shall be converted to a term facility with a term not exceeding five years. Under the terms of the loan agreement, the Company is subject to certain financial and non-financial covenants.

Collateral pledged for the facility consists of a first floating charge demand debenture in the amount of \$150,000,000 over all of the property of the Company.

6. Asset Retirement Obligations

The Company has recorded a liability for future site restoration and abandonment of \$4,494,000 and \$2,376,000 as at December 31, 2004 and December 31, 2003, respectively. No liabilities were settled in the current period, \$138,000 of accretion expense was recognized for the year of 2004 (2003 – \$nil) and a revision of \$1,980,000 in estimated cash flows was recorded during the year of 2004 for new wells drilled or acquired and new facilities constructed or acquired. The total undiscounted amount of the estimated future cash requirements was \$5,234,000 at December 31, 2004 and \$3,654,000 at December 31, 2003. In both calculations, the future cash requirements were expected to occur at the end of the reserves useful life of ten years. The undiscounted estimate has been discounted to the present value of \$4,494,000 at December 31, 2004 and \$2,376,000 at December 31, 2003 using a credit adjusted risk-free rate of 7.0%.

Years Ended December 31,	2004	2003
(000s)	(\$)	(\$)
Obligation at beginning of year	2,376	—
Increase in obligation	1,980	2,376
Accretion	138	—
Obligation at end of year	4,494	2,376

7. Share Capital

(a) Authorized

Unlimited number of voting common shares, without par value.

Unlimited number of voting Class A common shares, without par value.

Unlimited number of preferred shares to be issued in series.

7. Share Capital (continued)

(b) Common Shares Issued

	Shares	Amount
(000s)	(#)	(\$)
Balance at December 31, 2002	375	217
Converted to Class A common shares	(375)	(217)
Balance at December 31, 2003	--	--
Conversion of Class A common shares to common shares	59,875	40,511
Issued for cash	44,721	78,767
Share issue costs	--	(4,795)

Exercise of warrants	4,104	4
Exercise of stock options	75	60
Balance at December 31, 2004	108,775	112,336

The 375,000 common shares issued in December 2002 were issued at \$1.00 per share on a flow-through basis and recorded net of tax benefits renounced to the shareholders. These shares were converted to Class A common shares in December 2003.

On May 26, 2004, the Company issued 20,000,000 common shares at a price of \$1.25 per common share for gross proceeds of \$25,000,000 and net proceeds of \$23,086,000, after share issue expenses. On June 16, 2004, under an over allotment option, the Company issued a further 3,000,000 common shares at a price of \$1.25 per common share for gross proceeds of \$3,750,000 and net proceeds of \$3,525,000.

On December 21, 2004, the Company issued 18,000,000 common shares at a price of \$2.20 per common share for gross proceeds of \$39,600,000 (net proceeds of \$37,498,000, after share issue expenses) and 3,720,500 flow-through common shares at \$2.80 per common share for gross proceeds of \$10,417,400 (net proceeds of \$9,863,000 after share issue expenses).

(c) Class A Common Shares Issued

	Shares	Amount

Share issue costs	--	(43)
Conversion to common shares	(59,875)	(40,511)
Balance at December 31, 2004	--	--

7. Share Capital (continued)

(c) Class A Common Shares Issued (continued)

During the year ended December 31, 2003, the Company issued 250,000 flow-through shares at a price of a \$1.00 per Class A common share and renounced \$250,000 of expenditures, the tax effect of which is \$102,000 was recorded as an adjustment to share capital. On December 16, 2003, the Company issued 51,250,000 Class A common shares at a price of \$0.80 per share for gross proceeds of \$41,000,000 and net proceeds of \$39,630,000, after share issue expenses. Share capital at December 31, 2003 included 8,000,000 Class A common shares (subsequently converted to common shares) that were issued at a price of \$0.0001 per share to founders. The Company had no business assets at the date of issue. Of the 8,000,000 Class A common shares issued, 1,400,000 were being held in trust for employees and directors of the Company. 696,000 of the shares have been released from trust to date, with the balance being released as to one-half of the remainder on each of December 18, 2005 and December 18, 2006.

The fair value of these shares was \$1,120,000 based on the market value of the Class A common shares at the date of closing the "Sousa Acquisition." The Company has recorded \$280,000 in the statement of earnings for the year ended December 31, 2004 as additional compensation expense related to these shares with a corresponding increase to contributed surplus. An amount of \$292,000 was recorded in 2003, leaving a remainder of \$548,000 to be recorded as additional expense over the next 24 months from December 31, 2004.

(d) Performance Warrants

The management, employees and directors of the Company have the right to purchase additional common shares of the Company at a purchase price of \$0.001 per share through the granting of performance warrants. On December 16, 2003, 2,500,000 Series A performance warrants and 2,000,000 Series B performance warrants were issued for no consideration.

As at December 31, 2004, 4,104,000 of the performance warrants had been exercised. The remaining 220,000 Series A warrants and 176,000 Series B warrants (collectively "the Employee Warrants") may be exercised by the security holder as to one-half on each of December 16, 2005 and May 31, 2006. An additional 220,000 Series A performance warrants and 176,000 Series B performance warrants have been issued to the founders and may be exercised only if a corresponding number of Employee Warrants are cancelled.

The Company has determined the fair value of the performance warrants at the date of issuance to be \$3,600,000 being the difference between the exercise price and the estimated market value of the Class A common shares at the date of grant. The Company recognized \$200,000 as stock-based compensation expense in the statement of earnings for the year ended December 31, 2004 with a corresponding increase to contributed surplus. With \$3,111,000 being recognized in 2003, \$289,000 remains to be recorded as additional expense over the next 18 months.

(e) Stock Options

The Company has a stock option plan that provides for the issuance of options to its directors, officers, employees and consultants to acquire up to 10% of the issued and outstanding common shares. Vesting of options and exercise prices are set by the board of directors at the time of grant. The dates on which options expire are also set by the board of directors at the time of grant and cannot exceed ten years. In connection with this plan, the Company has reserved 4,532,000 common shares for future issuance. The Company has issued stock options to acquire common shares through its stock option plan of which the following were outstanding at December 31, 2004:

7. Share Capital (continued)

(e) Stock Options (continued)

	Options Outstanding (#000s)	Weighted Average Exercise Price (\$)
Outstanding at January 1, 2003	--	--
Granted December 16, 2003	2,610	0.80
Outstanding at December 31, 2003	2,610	0.80
Granted March 22, 2004	372	0.80
Granted June 1, 2004	30	1.25
Cancelled June 24, 2004	(225)	0.80
Granted August 18, 2004	700	1.67
Granted November 8, 2004	50	2.35
Granted December 8, 2004	1,070	2.20
Exercised	(75)	0.80
Outstanding at December 31, 2004	4,532	1.28
Options exercisable at December 31, 2004	2,111	1.06

Of the stock option grants awarded on December 16, 2003, 800,000 were issued to directors and were fully vested on the date of the grant. The balance of the options were issued to employees, which vest as to one-quarter on the date of the grant and one-quarter for each of the first three anniversary dates from the date of the grant. All of the outstanding options expire in five years, and the weighted average remaining contractual life at December 31, 2004 was 52 months.

The fair value of common share options granted to date was estimated to be \$1,351,000 as at the date of grant using the Black-Scholes option pricing model and the following assumptions:

Years Ended December 31,	2004	2003
Risk free interest rate (%)	3.00	3.00
Expected life (years)	3.00	3.00
Expected volatility (%)	32.00	2.00
Expected dividend yield (%)	0.00	0.00

The estimated fair value of the options is amortized to expense over the options' vesting period on a straight-line basis, \$89,000 of this expense was recognized as stock-based compensation expense in 2003 with \$354,000 for the year ended December 31, 2004 each with a corresponding increase to contributed surplus.

(f) Per Share Amounts

The net earnings (loss) per common share and diluted net earnings (loss) per common share were calculated using the weighted average number of shares outstanding of 76,138,545 and 78,196,036, respectively, for the year ended December 31, 2004. The weighted average number of shares was 375,000 for the year ended December 31, 2003.

8. Income Taxes

The actual income tax provision differs from the expected amount calculated by applying the Canadian combined federal and provincial corporate tax rates to earnings (loss) before income taxes. These differences are explained as follows:

Years Ended December 31,	2004	2003
(000s)	(\$)	(\$)
Earnings (loss) before income taxes	5,655	(3,737)
Statutory income tax rate (%)	39.63	40.74
Expected income tax expense (recovery)	2,241	(1,522)
Increase (decrease) in income taxes from:		
Non-deductible crown charges	770	13
Resource allowance	(1,029)	7
Non-deductible stock-based compensation costs	330	1,423
Other	175	7
Future and current income tax expense (recovery)	2,487	(72)

The net future income tax asset (liability) is comprised of:

Years Ended December 31,	2004	2003
(000s)	(\$)	(\$)
Differences between tax base and reported amounts for depreciable assets	(2,318)	45
Resource allowance and crown lease rentals rate reductions	--	(1)
Provision for asset retirement obligations	41	3
Tax benefits renounced on flow-through shares	(4,388)	(260)
Tax benefits on share issue expenses	2,475	558
	(4,190)	345

The Company had unused resource tax pool balances of approximately \$130,000,000 at December 31, 2004, which are available for reducing future income taxes.

9. Related Party Transactions

A director of the Company is a partner of a law firm that was paid \$97,000 for legal services for the year ended December 31, 2004 (2003 – \$250,000). The fees charged were based on standard rates and time spent on Company matters.

Of the 8,000,000 common shares issued to founders as described in note 7(c) herein, 1,400,000 were being held in trust by a trustee for directors and employees at December 31, 2003. Over the course of the year 2004, 696,000 of the shares held in trust were released. The balance will be released in two equal amounts on each of December 18, 2005 and 2006. If any of the directors or employees leave the Company before the applicable release date, the unvested shares will become the property of the founding shareholders.

10. Cash Flow Information

Cash was provided or (used) for changes in non-cash working capital as follows:

Years Ended December 31,	2004	2003
(000s)	(\$)	(\$)
Accounts receivable	(12,021)	(674)
Prepaid expenses	8,565	(8,867)
Inventory	(7,253)	--
Accounts payable and accrued liabilities	16,849	912
Net change	6,140	(8,629)
Net change by activity		
Operating	(2,952)	349
Investing	9,092	(8,978)
Net change	6,140	(8,629)

The following shows the actual cash amount paid:

Years Ended December 31,	2004	2003
(000s)	(\$)	(\$)
Cash interest paid	183	3
Cash taxes paid	4	--

11. Prepaid Expenses and Inventory

Prepaid expenses at December 31, 2003 included an advance of \$8,727,000 to a contract operator for the winter drilling program that was completed in the first quarter of 2004. Inventory at December 31, 2004 included pipeline and facility equipment in the amount of \$7,253,000, purchased for the upcoming winter drilling program.

12. Commitments

The Company has a drilling commitment with a senior oil and gas producer to spend \$16,000,000 after December 31, 2004, but before April 30, 2005. Collateral pledged as security for the commitment consists of a \$16,000,000 fixed and floating charge debenture over certain of the Company's oil and gas properties, which is subordinated to the Company's bank.

Auditors' Report

**To the Directors of
EnCana Corporation**

At the request of EnCana Corporation, we have audited the Schedule of Revenues, Royalties and Expenses for the years ended December 31, 2003 and 2002 and the period ended December 22, 2004 for the Clairmont Property that Blizzard Energy Inc. acquired as of December 22, 2004. This financial information is the responsibility of management. Our responsibility is to express an opinion on this financial information based on our audits.

We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial information is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial information. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial information presentation.

In our opinion, the Schedule of Revenues, Royalties and Operating Expenses presents fairly, in all material respects, the revenues, royalties and operating expenses for the Clairmont Property for each of the years ended December 31, 2003 and 2002 and the period ended December 22, 2004 in accordance with basis of accounting disclosed in note 1.

PRICEWATERHOUSECOOPERS LLP

Clairmont Property

Notes to Schedule of Revenues, Royalties and Operating Expenses

For the Years Ended December 31, 2003 and 2002

And the Period Ended December 22, 2004

1. Basis of presentation

The Schedule of Revenues, Royalties and Operating Expenses includes the operating results relating to the Clairmont property ("the Property") that Blizzard Energy Inc. acquired as of December 22, 2004. The results have been compiled on an activity month basis.

The Schedule of Revenues, Royalties and Operating Expenses for the Property does not include any provision for the depletion, depreciation and amortization, asset retirement costs, future capital costs, impairment of unevaluated properties, administrative costs and income taxes for the Property as these amounts are based on the consolidated operations of the vendor of which the Property forms only a part

2. Significant accounting policies

(A) Joint Venture Operations

Substantially all of the Property is operated through joint ventures therefore the schedule reflects only the vendor's proportionate interest.

(B) Revenue Recognition

Revenues are recorded net of related transportation costs when the product is delivered. Gas revenues are recorded based on AECO reference pricing used for sales between operating divisions of EnCana Corporation and do not reflect ultimate marketing related activities. Oil revenues are recorded based on blended prices established between operating divisions of EnCana Corporation for similar quality product delivered to a common carrier.

(C) Royalties

Royalties are recorded at the time the product is produced and sold. Royalties are calculated in accordance with the applicable regulations and/or the terms of individual royalty agreements. Crown royalties for natural gas are based on the Alberta Government posted reference prices. Crown royalties for crude oil are taken in kind by the Alberta Petroleum Marketing Commission.

(D) Operating Expenses

Operating expenses include amounts incurred on extraction of product to the surface, gathering, field processing, treating and field storage.

SCHEDULE A – INFORMATION CONCERNING BLIZZARD

INFORMATION CONCERNING BLIZZARD

Blizzard Energy Inc. ("**Blizzard**") was engaged in the exploration for, and the development and production of, natural gas and crude oil in the Western Canadian Sedimentary Basin in Alberta and in the Greater Sierra area of northeastern British Columbia.

Pursuant to a plan of arrangement involving Shiningbank Energy Income Fund (the "**Fund**"), Shiningbank Energy Ltd. (the "**Corporation**"), Zenas Energy Corp. ("**Zenas**"), Zenas Finance Corp. and the securityholders of Zenas and Zenas Finance Corp. (the "**Arrangement**"), certain of Blizzard's producing assets and undeveloped lands were transferred to Zenas, and Blizzard became a wholly-owned subsidiary of the Corporation. Effective August 2, 2005, the Corporation amalgamated with Outlook Energy Corp. and Blizzard and continued under the name Shiningbank Energy Ltd.

In this schedule, references to Blizzard's properties, reserves, landholdings and historical production exclude the assets transferred to Zenas pursuant to the Arrangement.

RESERVES AND OTHER INFORMATION

The following is a description of Blizzard's principal oil and natural gas properties as of December 31, 2004. Unless otherwise specified, gross and net acres and well count information are as at December 31, 2004. Reserve amounts are stated before the deduction of royalties as at December 31, 2004, based on forecast cost and price assumptions as evaluated in the report prepared by Gilbert Laustsen Jung Associates Ltd. ("**GLJ**") evaluating the crude oil, natural gas and NGL reserves of Blizzard having a preparation date of February 28, 2005 and an effective date of December 31, 2004 (the "**Blizzard Engineering Report**"). At Shiningbank's request, GLJ updated this report on September 8, 2005 to remove the assets transferred to Zenas pursuant to the Arrangement.

The estimates of reserves and future net revenue for individual properties may not reflect the same confidence level as estimates of reserves and future net revenue for all properties, due to the effects of aggregation.

Properties

Sousa, Alberta

At December 31, 2004, Blizzard had an average 83% working interest in 105 gross (87.34 net) producing gas wells in the Sousa area. Almost all of the gas is processed at company owned facilities. In addition, 97 gross (97 net) gas wells were drilled in the Sousa area in the first quarter of 2005 with all new wells being brought on production in April 2005. In addition, Sousa currently has a significant portion of undeveloped land consisting of 164,816 gross (148,404 net) acres available for future development.

Due to this area being winter access only, no further development activity is planned until 2006.

Grande Prairie, Alberta

At December 31, 2004, Blizzard had an average 72% working interest in 30 gross (21.2 net) producing gas wells and four gross (3.3 net) producing oil wells in the Grande Prairie area. All production is processed at third party owned and operated facilities. In addition, five gross (1.5 net) gas wells that were drilled in 2004 are standing and awaiting tie-in.

During the six months ended June 30, 2005, an additional five gross (1.8 net) gas wells were drilled and are awaiting tie-in, and two gross (1.0 net) gas wells were re-completed and are on production. In total, at June 30, 2005, there were 10 gross (3.3 net) gas wells awaiting completion and tie-in. The majority of these will be on-stream in the third quarter with the start-up of third party operated compression facilities.

Additional drilling and re-completion opportunities are scheduled through the remainder of 2005.

Reserves Data

The reserves data set forth below (the "Reserves Data") is based upon the Blizzard Engineering Report. The Blizzard Engineering Report has been prepared in accordance with the standards contained in the Canadian Oil and Gas Evaluation Handbook and the reserves definitions contained in Canadian Securities Administrators' National Instrument 51-101 ("NI 51-101") and the Canadian Oil and Gas Evaluation Handbook. The Reserves Data summarizes the oil, natural gas and NGL reserves of Blizzard and the net present values of future net revenue for these reserves using constant prices and costs and forecast prices and costs. The Reserves Data conforms with the requirements of NI 51-101. Blizzard engaged GLJ to provide an evaluation of the Proved Reserves and Proved plus Probable Reserves of Blizzard and the Corporation had GLJ assist in the update of such information after removing the assets transferred to Zenas pursuant to the Arrangement. No attempt was made to evaluate possible reserves.

All evaluations of future net revenue are stated after the deduction of future income tax expenses (unless otherwise noted in the tables), royalties, development costs, production costs and well abandonment costs, but before consideration of indirect costs such as administrative, overhead and other miscellaneous expenses. The estimated future net revenue contained in the following tables does not necessarily represent the fair market value of Blizzard's reserves. There is no assurance that the forecast price and cost assumptions contained in the Blizzard Engineering Report will be attained and variances could be material. Other assumptions and qualifications relating to costs and other matters are summarized in the notes to the following tables. The recovery and reserves estimates on Blizzard's properties herein are estimates only. The actual reserves on Blizzard's properties may be greater or less than those calculated.

Disclosure provided in this Schedule in respect of boes may be misleading, particularly if used in isolation. A boe conversion ratio of 6 mcf: 1 bbl is based on an energy equivalency method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead.

Notes:

- (1) Columns may not add due to rounding.
 - (2) "Gross" or "gross" means:
 - (a) in relation to Blizzard's interest in production or reserves, Blizzard's gross reserves, which are its working interest (operating or non-operating) share before deduction of royalties and without including any of Blizzard's royalty interests;
 - (b) in relation to wells, the total number of wells in which Blizzard has an interest; and
 - (c) in relation to properties, the total area of properties in which Blizzard has an interest;
- "Net" or "net" means:
- (a) in relation to Blizzard's interest in production or reserves, Blizzard's working interest (operating or non-operating) share after deduction of royalty obligations, plus Blizzard's royalty interests in production or reserves;
 - (b) in relation to Blizzard's interest in wells, the number of wells obtained by aggregating Blizzard's working interest in each of its gross wells; and

(c) in relation to Blizzard's interest in a property, the total area in which Blizzard has an interest multiplied by the working interest owned by Blizzard;

"reserves" are the estimated remaining quantities of oil and natural gas and related substances anticipated to be recoverable from known accumulations, from a given date forward, based on: analysis of drilling, geological, geophysical and engineering data; the use of established technology; and specified economic conditions, which are generally accepted as being reasonable. Reserves are classified according to the degree of certainty associated with the estimates.

"Proved plus Probable Reserves" means the aggregate of Proved Reserves and Probable Reserves, before deduction of royalties.

"Proved Reserves" are those reserves that can be estimated with a high degree of certainty to be recoverable. It is likely that the actual remaining quantities recovered will exceed the estimated Proved Reserves. At least a 90% probability that the quantities actually recovered will equal or exceed the estimated Proved Reserves is the targeted level of certainty.

"Probable Reserves" are those additional reserves that are less certain to be recovered than Proved Reserves. It is equally likely that the actual remaining quantities recovered will be greater or less than the sum of the estimated Proved plus Probable Reserves. At least a 50% probability that the quantities actually recovered will equal or exceed the sum of the estimated Proved plus Probable Reserves is the targeted level of certainty.

"Developed Reserves" are those reserves that are expected to be recovered from existing wells and installed facilities or, if facilities have not been installed, that would involve a low expenditure (e.g. when compared to the cost of drilling a well) to put the reserves on production. The developed category may be subdivided into producing and non-producing.

"Developed Producing Reserves" are those reserves that are expected to be recovered from completion intervals open at the time of the estimate. These reserves may be currently producing or, if shut-in, they must have previously been on production, and the date of resumption of production must be known with reasonable certainty.

"Developed Non-Producing Reserves" are those reserves that either have not been on production, or have previously been on production, but are shut-in, and the date of resumption of production is unknown.

"Undeveloped Reserves" are those reserves expected to be recovered from known accumulations where a significant expenditure (e.g., when compared to the cost of drilling a well) is required to render them capable of production. They must fully meet the requirements of the reserves classification (proved, probable, possible) to which they are assigned.

(3) The forecast cost and price assumptions assume the continuance of current laws and regulations and increases in wellhead selling prices, and take into account inflation with respect to future operating and capital costs. In the Blizzard Engineering Report, operating costs are assumed to escalate at 2% per annum. Oil and natural gas base case prices as forecast by GLJ effective January 1, 2005 are as follows:

**SUMMARY OF PRICING ASSUMPTIONS
as of December 31, 2004**

CONSTANT PRICES AND COSTS

Year	Oil			Natural Gas	Exchange Rate (SUS/SCDN)
	WTI Cushing Oklahoma (SUS/bbl)	Edmonton Par Price 40° API (SCdn/bbl)	Cromer Medium 29.3° API (SCdn/bbl)	AECO Gas Price (SCdn/MMbtu)	
Historical (Year End)					
2001	25.97	39.40	31.56	6.21	0.6448
2002	26.08	40.33	35.48	4.04	0.6376
2003	31.07	43.66	37.55	6.66	0.7213
2004 (Year End)	43.45	46.54	32.12	6.79	0.8308

- (4) The constant price assumptions assume the continuance of current laws, regulations and operating costs in effect on the date of the Blizzard Engineering Report. Product prices were not escalated beyond December 31, 2004. In addition, operating and capital costs have not been increased on an inflationary basis.
- (5) Effective on January 1, 1995, the ARTC rate ranges from a maximum of 75% of \$2,000,000 when the royalty tax credit reference is below \$100/m³ to a minimum of 25% of \$2,000,000 when the royalty tax credit reference is above \$210/m³.
- (6) The extent and character of all factual data supplied to GLJ were accepted by GLJ as represented. The oil and natural gas reserve calculations and any projections upon which the Blizzard Engineering Report is based were determined in accordance with generally accepted evaluation practices. No field inspection was conducted. Salvage values for facilities and lease reclamation costs have not been included in the Blizzard Engineering Report (well abandonment costs associated with existing and future reserves wells have been included).
- (7) The royalties deducted from the reserves are based on the percentage royalty calculated by applying the applicable royalty rate or formula. In the case of Crown sliding scale royalties which are dependent on selling prices, the price forecasts for the individual properties in question have been employed.

Notes:

- (1) Blizzard actual before income taxes, excluding general and administrative expenses.
- (2) The impact of changes in prices and other economic factors on future net revenue.
- (3) Actual capital expenditures relating to the exploration, development and production of oil and gas reserves.
- (4) The change in forecast development costs.
- (5) End of period net present value of the related reserves.
- (6) Estimated as 10% of the beginning of the period net present value.
- (7) The difference between forecast income taxes at the beginning of the period and the actual taxes for the period plus forecast income taxes at the end of the period.
- (8) Includes changes due to revised production profiles, development timing, operating costs, royalty rates, actual price received in 2004 versus forecast, etc.

Additional Information Relating to Reserves Data

Undeveloped Reserves

Based on the evaluation carried out by GLJ and reflected in the Blizzard Engineering Report, 10,266 mmcf of natural gas was attributed to Proved Undeveloped Reserves and 30,403 mmcf of natural gas was attributed to Probable Undeveloped Reserves for the year ended December 31, 2004, using forecast prices and costs. As at December 31, 2004, approximately 71% of Blizzard's Probable Undeveloped Reserves were attributable to the Sousa property.

Significant Factors or Uncertainties

For details of significant economic factors or uncertainties affecting the reserves data generally, see "Risk Factors" in the Renewal Annual Information Form of the Fund for the year ended December 31, 2004 dated March 21, 2005.

Future Development Costs

The following table details the development costs deducted in the estimation of future net revenue attributable to the reserves categories noted below, calculated using no discount and a 10% discount:

Year	Constant Prices and Costs (M\$)		Forecast Prices and Costs (M\$)	
	Proved Reserves		Proved Reserves	Proved Plus Probable Reserves
2005.....	22.6		22.6	27.8
2006.....	2.8		2.9	14.7
2007.....	-		-	-
2008.....	-		-	-
2009.....	-		-	-
Remainder.....	-		-	-
Total (Undiscounted).....	25.5		25.6	42.6
Total (Discounted at 10%).....	24.0		24.1	39.3

Future development costs will be funded from a combination of cash flow, debt and new equity.

Other Oil and Gas Information

Landholdings

Blizzard's developed and undeveloped landholdings as at June 30, 2005 are set forth in the following table:

Location	Undeveloped (acres)		Developed (acres)		Total (acres)	
	Gross	Net	Gross	Net	Gross	Net
Alberta.....	262,608	228,980	67,902	51,335	330,510	280,315
Total.....	262,608	228,980	67,902	51,335	330,510	280,315

Oil and Natural Gas Wells

The following table summarizes Blizzard's interest as at December 31, 2004 and June 30, 2005 in wells that are currently producing or which Shiningbank considers to be capable of production:

December 31, 2004

Location	Producing Wells				Shut-in Wells ⁽¹⁾⁽²⁾			
	Oil		Natural Gas		Oil		Natural Gas	
	Gross	Net	Gross	Net	Gross	Net	Gross	Net
Alberta	4	3.3	133	109.1	3	1.3	99	82.1
Total	4	3.3	133	109.1	3	1.3	99	82.1

June 30, 2005

Location	Producing Wells				Shut-in Wells ⁽¹⁾			
	Oil		Natural Gas		Oil		Natural Gas	
	Gross	Net	Gross	Net	Gross	Net	Gross	Net
Alberta	5	3.6	249	210.9	2	1.0	78	63.2
Total	5	3.6	249	210.9	2	1.0	78	63.2

Notes:

- (1) "Shut-in Wells" refers to wells that have encountered and are capable of producing crude oil or natural gas but which are not producing due to lack of available transportation facilities, available markets or other reasons. Shut-in wells are located no further than five kilometres from existing pipelines.
- (2) Includes 24 gross (24 net) natural gas wells that were tied-in in the first quarter of 2005.

Properties with No Attributed Reserves

As at June 30, 2005, Blizzard had an interest in 262,608 gross (228,980 net) acres in Alberta to which no reserves have been attributed. Approximately 79% of Blizzard's gross land holdings as at such date were considered undeveloped. Approximately 63,744 gross and net acres or 24% of this undeveloped land is considered non-prospective and will be permitted to expire in 2005.

Abandonment & Reclamation Costs

Abandonment costs for existing and future reserves wells have been estimated by GLJ based on data specific to Blizzard's operating areas as provided by the AEUB. Reclamation costs for leases were estimated by Blizzard based on historical average costs as provided by the AEUB. This data and the procedures used for calculating abandonment liabilities is consistent with those endorsed by the AEUB using their "Licensee Liability Rating System".

The undiscounted abandonment liability, net of estimated salvage value, in respect of Blizzard's total Proved Reserves, as estimated in the Blizzard Engineering Report, is \$5.4 million (\$2.0 million at a 10% discount rate) using constant prices and costs. The expected undiscounted cost over the next three years is \$70,000. The total liability in respect of Blizzard's total Proved Reserves represents cost estimates in respect of 207 net wells.

Costs Incurred

The following table outlines the costs incurred by Blizzard during the financial year ended December 31, 2004 for acquisitions, dispositions and capital expenditures:

Nature of Cost	Year Ended December 31, 2004 Amount (MMS)
Property Acquisition Costs	
Proved	33.8
Unproved	13.0
Exploration Costs	5.1
Development Costs	30.6
Total	82.5

Exploration and Development Activities

The following table summarizes the results of Blizzard's exploration and development activities for the periods indicated:

	Six Months Ended June 30, 2005		Year Ended December 31, 2004	
	Gross	Net	Gross	Net
Development Wells				
Gas	97	97	65	48.4
Oil	-	-	-	-
Service	-	-	-	-
Dry	-	-	3	1.6
Exploratory Wells				
Gas	5	1.8	8	3.7
Oil	-	-	-	-
Service	-	-	-	-
Dry	-	-	-	-
Total Wells	102	98.8	76	53.7

Production Estimates

The following table, which is based on the Blizzard Engineering Report, summarizes the total estimated production of Blizzard for the year ended December 31, 2005 using constant and forecast prices and costs:

	Estimated Production	
	Constant Prices and Costs	Forecast Prices and Costs
Light and Medium Crude Oil (mbbls)		
Sousa Property	-	-
Other	27	27
Total	27	27
Natural Gas (mmcf)		
Sousa Property	4,419	4,419
Other	2,600	2,600
Total	7,019	7,019
NGL (mbbls)		
Sousa Property	-	-
Other	73	73
Total	73	73

Approximately 63% of the estimated 2005 natural gas production is attributable to the Sousa property.

Production History and Netbacks

The following table sets forth Blizzard's average daily production volumes, prices, royalties, production costs and netbacks, before deduction of royalties, for the periods indicated:

	2005		2004			Year Ended December 31, 2004
	Three Months Ended		Three Months Ended

NEWS RELEASE

SHININGBANK ANNOUNCES CLOSING OF EQUITY FINANCING

Shiningbank Energy Income Fund ("Shiningbank") is pleased to announce that it has closed the previously announced bought deal equity financing. At closing, a total of 4,100,000 Trust Units were issued at \$24.45 per Trust Unit for gross proceeds of \$100,245,000.

Net proceeds from the financing will be used to repay indebtedness incurred in respect of Shiningbank's recent acquisitions of Outlook Energy Corp. and Blizzard Energy Inc., to fund ongoing capital expenditures and for general corporate purposes.

The underwriting syndicate was led by CIBC World Markets Inc. and included BMO Nesbitt Burns Inc., Scotia Capital Inc., RBC Capital Markets, National Bank Financial Inc., TD Securities Inc. and FirstEnergy Capital Corp.

This news release shall not constitute an offer to sell, or the solicitation of an offer to buy, securities in the United States, or any province or territory of Canada, nor shall there be any sale of the securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. The securities offered will not be, and have not been, registered under the United States *Securities Act of 1933* and may not be offered or sold in the United States absent registration or applicable exemption from the registration requirement.

Shiningbank Energy Income Fund is a conventional oil and gas royalty trust and its units are listed on The Toronto Stock Exchange under the symbol "SHN.UN".

**NEWS RELEASE
FOR IMMEDIATE RELEASE**

**Shiningbank Energy announces November 2005 monthly distribution and
Inclusion in S&P/TSX Composite Index**

Shiningbank Energy Income Fund (the "Fund") today announced that its cash distribution for November 2005 will be **C\$0.23 PER UNIT**. This distribution is consistent with the stable monthly distribution paid to unitholders since June 2003. **The distribution is payable on November 15, 2005 to unitholders of record on October 31, 2005. The ex-distribution date is October 27, 2005.**

The Fund is also pleased to announce that it has been advised by the Toronto Stock Exchange that Shiningbank will be one of the income trusts included in the S&P/TSX Composite Index commencing in late 2005.

Shiningbank Energy Income Fund is a natural gas focused energy trust founded in 1996. The Fund purchases, develops and operates producing properties for the direct benefit of its unitholders. Shiningbank has one of the highest weightings of natural gas in the energy trust sector at 78%.

Shiningbank is listed on the Toronto Stock Exchange under the symbol SHN.UN. For further information please visit our website www.shiningbank.com or contact us at:

**NEWS RELEASE
FOR IMMEDIATE RELEASE**

Shiningbank Energy announces 30% increase in monthly distribution

Shiningbank Energy Income Fund (the "Fund") today announced that its cash distribution for December 2005 will be **C\$0.30 per unit**. This distribution reflects an increase of 30% from the previous distribution of \$0.23 per unit which has been paid since June 2003. **The distribution is payable on December 15, 2005 to unitholders of record on November 30, 2005. The ex-distribution date is November 28, 2005.**

The increase in the monthly distribution is reflective of stable production performance and continued strength in natural gas prices. Future distributions, as always, are subject to change as dictated by commodity prices, operations and future business development.

Shiningbank Energy Income Fund is a natural gas focused energy trust founded in 1996. The Fund purchases, develops and operates producing properties for the direct benefit of its unitholders. Shiningbank has one of the highest weightings of natural gas production in the energy trust sector at 76%.

Shiningbank is listed on the Toronto Stock Exchange under the symbol SHN.UN. For further information please visit our website, www.shiningbank.com or contact us at:

NEWS RELEASE FOR IMMEDIATE RELEASE**Shiningbank Energy announces third quarter 2005 financial results**

Shiningbank Energy Income Fund (the "Fund"), today announced its financial results for the three months ended September 30, 2005. Production for the third quarter was 21,252 barrels of oil equivalent per day (boe/d) where natural gas is converted to barrels of oil equivalent on the basis of 6 mcf per boe. Revenues, cash flow and net earnings all increased over the comparable period in 2004 due mainly to higher commodity prices. Operating results include the Blizzard Energy Inc. acquisition which closed August 2, 2005 and contributed 13% to third quarter daily production. The Fund distributed \$0.69 per Trust Unit in the quarter representing an 11% annualized pre-tax cash-on-cash distribution rate based on the period end closing price of Trust Units. The accompanying table provides additional highlights.

	Three months ended September 30,			Nine months ended September 30,

The following discussion and analysis of the operating and financial results of Shiningbank Energy Income Fund ("Shiningbank" or the "Fund") is for the three and nine month periods ended September 30, 2005. This information is provided as of November 2, 2005. The third quarter and nine month results have been compared with the corresponding periods in 2004. This discussion and analysis should be read in conjunction with the Fund's audited consolidated financial statements for the years ended December 31, 2004 and 2003, together with the accompanying notes, and the Management Discussion and Analysis and Annual Information Form ("AIF") for the year ended December 31, 2004. These documents and additional information about the Fund are available on SEDAR at www.sedar.com.

NON-GAAP MEASURES

Management believes that cash flow and operating netbacks are useful supplemental measures. All references to cash flow throughout this discussion and analysis are based on cash flow before changes in non-cash working capital, which management uses to analyze operating performance and leverage. Cash flow as presented is not intended to represent operating cash flow or operating profits, nor should it be viewed as an alternative to cash flow from operating activities, net earnings or other measures of financial performance calculated in accordance with Canadian generally accepted accounting principles ("GAAP"). The Fund considers cash flow a key measure of performance as it demonstrates the Fund's ability to generate the cash flow necessary to fund future distributions and capital investments and repay indebtedness. Operating netbacks, which are calculated as average unit sales price less royalties, transportation costs and operating costs, represent the cash margin for product sold, calculated on a boe basis. The Fund considers operating netbacks a key measure as it indicates the relative performance of crude oil and natural gas assets. Cash flow and operating netbacks as presented do not have any standardized meanings prescribed by Canadian GAAP and therefore may not be comparable with the calculations of similar measures for other entities.

FORWARD-LOOKING STATEMENTS

This discussion and analysis contains forward-looking statements relating to future events. In some cases, forward-looking statements can be identified by such words as "may," "expects" or similar expressions. These statements represent management's best projections, but undue reliance should not be placed upon them as they are derived from numerous assumptions. These assumptions are subject to known and unknown risks and uncertainties, including the business risks discussed in this discussion and analysis and in the AIF, which may cause actual performance and financial results to differ materially from any projections of future performance or results expressed or implied by such forward-looking statements. Accordingly, readers are cautioned that events or circumstances could cause results to differ materially from those predicted.

BARREL OF OIL EQUIVALENT

Barrel of oil equivalent (boe) volumes are reported at 6:1 with 6 mcf = 1 bbl. The 6:1 boe conversion ratio is based on an energy equivalency conversion method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead. While it is useful for comparative measures, it may not accurately reflect individual product values and may be misleading if used in isolation.

REPORTING CURRENCY

All figures are in Canadian dollars unless otherwise noted.

RESULTS OF OPERATIONS

PRODUCTION VOLUMES

Daily Production Volumes

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Oil (bbl/d)	2,282	2,156	6	2,321	2,340	(1)
Natural gas (mmcf/d)	97.5	84.2	16	88.7	85.3	4
Natural gas liquids (bbl/d)	2,716	3,531	(23)	2,959	3,080	(4)
Oil equivalent (boe/d)	21,252	19,721	8	20,063	19,631	2
Natural gas % of production	76%	71%	5	74%	72%	2

Daily production for the third quarter averaged 21,252 boe/d, up 8% from the same period last year. For the nine months ended September 30, 2005, daily production volumes averaged 20,063 boe/d, 2% higher than in 2004. Natural gas accounted for the majority of the volume increases as a result of the natural gas-rich properties acquired during the third quarter. The most significant acquisition was the Blizzard Energy Inc. ("Blizzard") acquisition for \$269.7 million, including \$44.3 million in working capital deficiency, which closed August 2, 2005. This, along with the Outlook Energy Corp. ("Outlook") acquisition, which closed June 21, 2005, contributed 15% to third quarter 2005 production and 5% to production in the nine month period. These acquisitions were partially offset by the loss of 400 boe/d in the third quarter due to pipeline damage caused by unprecedented flooding in southern Alberta in June 2005 and by the natural declines of producing properties, which are estimated to average 13% - 15% per year. Production for the fourth quarter of 2005, including Blizzard and Outlook, is anticipated to average 23,500 to 24,000 boe/d.

PRICING - INCLUDING HEDGING ACTIVITY

Average Prices - After Hedging

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Average Prices						
Oil (\$/bbl)	\$ 69.55	\$ 47.40	47	\$ 60.82	\$ 43.33	40
Natural gas (\$/mcf)	\$ 9.26	\$ 6.72	38	\$ 8.09	\$ 7.01	15
Natural gas liquids (\$/bbl)	\$ 56.04	\$ 41.13	36	\$ 48.84	\$ 39.01	25
Oil equivalent (\$/boe)	\$ 57.18	\$ 41.25	39	\$ 50.04	\$ 41.75	20
Benchmark Prices						
WTI (US\$/bbl)	\$ 63.19	\$ 43.88	44	\$ 55.40	\$ 39.11	42
AECO natural gas (Cdn\$/mcf)	\$ 8.17	\$ 6.66	23	\$ 7.41	\$ 6.69	11

Natural Gas

Shiningbank's realized natural gas prices averaged \$9.26/mcf for the quarter, 38% higher than third quarter 2004. Year to date, the average price was up 15% at \$8.09/mcf. Hedging decreased the gas price by \$0.14/mcf for the quarter and \$0.06/mcf for the nine month period. This compares with a 2004 hedging loss of \$0.07/mcf for the quarter and \$0.06/mcf for the nine months. Benchmark futures prices remain high with upcoming winter prices averaging over \$13.00/mcf.

Oil and Natural Gas Liquids

Realized oil prices for the quarter averaged \$69.55/bbl, up 47% from third quarter 2004. Realized oil prices for the first nine months were \$60.82/bbl, 40% higher than in the same period in 2004. Hedging reduced the price by \$2.01/bbl for the quarter and \$1.08/bbl year to date, compared with 2004 hedging losses of \$7.67/bbl for the quarter and \$4.42/bbl year to date.

The benchmark West Texas Intermediate (“WTI”) price averaged 44% higher for the third quarter and 42% year to date. Oil prices continue to be exceptionally high, with WTI futures averaging over US\$60.00/bbl for the remainder of 2005.

NGL prices were also strong reflecting high oil prices. The quarterly average NGL price was 36% higher than in third quarter 2004 at \$56.04/bbl, and 25% higher year to date at \$48.84/bbl.

Hedging

Shiningbank maintains an active hedging program designed to reduce the variability of cash flow and stabilize distributions. Under the Fund’s hedging policy, not more than one-half of production volumes of any commodity can be hedged at any one time. Gains and losses from hedging activities are typically recorded when they are realized and are included in oil and natural gas sales unless a particular hedge is considered ineffective. Currently, Shiningbank has the following hedging contracts in place:

Period	Commodity	Volume	Price
April 1, 2005 – December 31, 2005	Gas	5,000 GJ/d	\$5.00 /GJ floor
			\$6.39/GJ ceiling
April 1, 2005 – October 31, 2005	Gas	5,000 GJ/d	\$6.70/GJ
April 1, 2005 – October 31, 2005	Gas	5,000 GJ/d	\$6.65 /GJ floor
			\$7.75/GJ ceiling
May 1, 2005 – October 31, 2005	Gas	5,000 GJ/d	\$6.90 /GJ floor
			\$9.50/GJ ceiling
November 1, 2005 – March 31, 2006	Gas	5,000 GJ/d	\$7.50 /GJ floor
			\$12.00/GJ ceiling
November 1, 2005 – March 31, 2006	Gas	5,000 GJ/d	\$10.00 /GJ floor
			\$15.15/GJ ceiling
April 1, 2006 – October 31, 2006	Gas	5,000 GJ/d	\$7.50 /GJ floor
			\$12.00/GJ ceiling
February 1, 2005 – December 31, 2005	Oil	500 bbl/d	US\$40.00/bbl floor
			US\$55.40/bbl ceiling
January 1, 2006 – June 30, 2006	Oil	500 bbl/d	US\$55.00/bbl floor
			US\$89.00/bbl ceiling

REVENUES

(000s)	Three months ended September 30,				Nine months ended September 30,			
	2005	% of Revenue	2004	% of Revenue	2005	% of Revenue	2004	% of Revenue
Oil	\$ 15,024	13	\$ 10,924	15	\$ 39,217	14	\$ 30,621	14
Natural gas	84,486	76	52,552	70	197,417	72	165,188	73
Natural gas liquids	14,004	12	13,359	18	39,457	14	32,917	15
Other income (loss)	(40)	-	(121)	-	1,037	-	490	-
Gas hedging	(1,288)	(1)	(480)	(1)	(1,324)	-	(1,319)	(1)
Oil hedging	(423)	-	(1,521)	(2)	(680)	-	(2,836)	(1)
	\$ 111,763	100	\$ 74,713	100	\$ 275,124	100	\$ 225,061	100

The accompanying table demonstrates the net effect of price and volume variances on revenues.

Sales Variance Analysis (Including Hedging Activity)

(000s)	Three months ended September 30,		Nine months ended September 30,	
	2005/2004		2005/2004	
Oil and natural gas liquids				
Volume decrease	\$	(2,534)	\$	(1,740)
Price increase		8,377		19,032
Net increase	\$	5,843	\$	17,292
Natural gas				
Volume increase	\$	8,218	\$	5,970
Price increase		22,908		26,254
Net increase	\$	31,126	\$	32,224

ROYALTIES

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Total royalties, net (000s)	\$ 23,320	\$ 13,321	75	\$ 58,924	\$ 44,771	32
As a % of revenue	20.9%	17.8%	17	21.4%	19.9%	8
Per boe	\$ 11.93	\$ 7.34	63	\$ 10.76	\$ 8.32	29

Royalty expense consists of royalties paid to provincial governments, freehold landowners and overriding royalty owners. The royalty rate was higher in 2005 mainly due to a one-time credit received in the third quarter of 2004 relating to 2003 Crown royalties. The Fund expects royalty rates to average 22.5% for the remainder of 2005.

TRANSPORTATION COSTS

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Transportation costs (000s)	\$ 1,400	\$ 1,489	(6)	\$ 3,642	\$ 4,364	(17)
Per boe	\$ 0.72	\$ 0.82	(12)	\$ 0.66	\$ 0.81	(19)

On a boe basis, transportation costs declined 12% from third quarter 2004 and 19% year to date. The decrease resulted from the termination of certain unutilized transportation service commitments earlier in 2005. These terminations are not expected to impact the Fund's ability to market its production.

OPERATING COSTS

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Operating costs (000s)	\$ 14,034	\$ 13,514	4	\$ 39,755	\$ 37,227	7
Per boe	\$ 7.18	\$ 7.45	(4)	\$ 7.26	\$ 6.92	5

Operating costs on a boe basis decreased 4% from third quarter 2004 due to the incorporation of the Blizzard assets which have lower operating costs. This was partially offset by higher field and plant maintenance costs in most other areas, and extra costs associated with the second quarter flooding in southern Alberta. This resulted in year to date operating costs on a boe basis increasing 5%. Operating costs are expected to average \$7.00/boe for the remainder of 2005.

OPERATING NETBACKS

(\$/boe)	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Oil and natural gas sales	\$ 57.18	\$ 41.25	39	\$ 50.04	\$ 41.75	20
Other income (loss)	(0.02)	(0.07)	(71)	0.19	0.09	111
Royalties	(11.93)	(7.34)	63	(10.76)	(8.32)	29
Transportation costs	(0.72)	(0.82)	(12)	(0.66)	(0.81)	(19)
Operating costs	(7.18)	(7.45)	(4)	(7.26)	(6.92)	5
Operating netbacks	\$ 37.33	\$ 25.57	46	\$ 31.55	\$ 25.79	22

Operating netbacks increased 46% quarter over quarter and 22% year over year due mainly to higher commodity prices and lower transportation costs. This was partially offset by higher royalty costs.

GENERAL AND ADMINISTRATIVE COSTS

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
General and administrative costs (000s)	\$ 2,101	\$ 1,571	34	\$ 6,028	\$ 4,995	21
Per boe	\$ 1.07	\$ 0.87	23	\$ 1.10	\$ 0.93	18
Per average Trust Unit	\$ 0.03	\$ 0.03	-	\$ 0.11	\$ 0.10	10

General and administrative costs on a boe basis increased 23% from third quarter 2004 and 18% year to date. These increases were due to higher activity levels related to acquisitions and development activities, and increasing costs due to additional regulatory requirements. Costs are expected to average \$1.25/boe for full year 2005.

INTEREST ON LONG TERM DEBT

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Interest on long term debt (000s)	\$ 2,617	\$ 1,498	75	\$ 6,392	\$ 4,400	45
Per boe	\$ 1.34	\$ 0.83	61	\$ 1.17	\$ 0.82	43
Per average Trust Unit	\$ 0.04	\$ 0.03	33	\$ 0.11	\$ 0.09	22

Interest expense per average Trust Unit, which includes bank charges, increased 33% from third quarter 2004 and 22% year over year due to higher debt levels resulting from the funding of acquisitions and capital expenditures. Shiningbank is currently in compliance with all external debt covenants.

DEPLETION, DEPRECIATION AND ACCRETION

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Depletion, depreciation and accretion (000s)	\$ 38,451	\$ 29,564	30	\$ 98,455	\$ 86,512	14
Per boe	\$ 19.67	\$ 16.29	21	\$ 17.98	\$ 16.08	12

Depletion, depreciation and accretion per boe rose 21% for the third quarter and 12% year over year. These increases were primarily related to the effect of the acquisitions in 2004 and 2005.

TRUST UNIT INCENTIVE COMPENSATION

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Trust Unit incentive compensation (000s)	\$ 643	\$ 328	96	\$ 1,865	\$ 930	101
Per boe	\$ 0.33	\$ 0.18	83	\$ 0.34	\$ 0.17	100

During third quarter 2005, four new issues aggregating 80,000 Trust Unit rights were granted (2004 – two issues aggregating 70,000). Eight new issues aggregating 847,500 Trust Unit rights were granted during the nine months ended September 30, 2005 (2004 – five issues aggregating 565,000). The fair value of rights issued was determined using a Black-Scholes model and will be brought into income over the vesting period of the rights. The total third quarter 2005 expense of \$643,000 (2004 - \$328,000) represented the fair value of rights issued during 2003 through to 2005 and which vested in third quarter 2005. During the nine months ended September 30, 2005, the total expense was \$1.9 million (2004 - \$930,000). All of these costs are “non-cash” costs and are not deducted in calculating distributions to Unitholders.

INTERNALIZATION OF MANAGEMENT CONTRACT

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Internalization of management contract (000s)	\$ 368	\$ 735	(50)	\$ 1,104	\$ 2,204	(50)
Per boe	\$ 0.19	\$ 0.41	(54)	\$ 0.20	\$ 0.41	(51)

Effective October 9, 2002, the Fund internalized its management by acquiring all of the shares of Shiningbank Energy Management Inc., the former manager of the Fund. Prior to the acquisition, the Fund paid a fee equal to 3.25% of net operating income, a fee of 1.5% on the purchase price of acquisitions and a quarterly scheduled dividend in accordance with the terms of a management agreement. The acquisition eliminated all future fees and dividends.

Of the total purchase price of \$20.6 million, \$11.0 million was deferred, representing Exchangeable Shares subject to escrow provisions which are being amortized into income over specific vesting periods through 2007. During third quarter 2005, \$368,000 (2004 - \$735,000) was expensed, representing the amortization of these escrowed Exchangeable Shares. During the nine months ended September 30, 2005, \$1.1 million was expensed (2004 - \$2.2 million).

TAXES

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Capital and large corporation taxes (000s)	\$ 570	\$ 396	44	\$ 796	\$ 1,025	(22)
Future income tax recovery (000s)	\$ (2,736)	\$ (3,603)	(24)	\$ (5,988)	\$ (12,135)	(51)
Per boe	\$ (1.11)	\$ (1.77)	(37)	\$ (0.94)	\$ (2.07)	(55)

The Fund is obligated to pay provincial capital taxes and federal large corporations tax in its operating entities. Under the Fund’s structure, payments are made between Shiningbank Energy Ltd. and the Fund. These payments provide the mechanism for transferring income to Unitholders along with tax benefits and future tax liabilities. Current income taxes are not presently payable by the Fund or its operating entities.

NET EARNINGS

Shiningbank’s third quarter earnings were \$31.0 million (2004 – \$15.9 million) or \$0.51 per Trust Unit, basic and \$0.50 diluted (2004 - \$0.30 basic, \$0.29 diluted). Year to date net earnings were \$64.2 million (2004 - \$50.8 million) or \$1.13 per Trust Unit basic, \$1.11 diluted (2004 - \$0.99 basic, \$0.97 diluted).

DISTRIBUTIONS TO UNITHOLDERS

(000s except per Trust Unit amounts)	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Cash flow before change in non-cash working capital	\$ 67,721	\$ 42,924	58	\$ 158,583	\$ 127,658	24
Capital expenditures	(24,690)	(22,391)	10	(50,422)	(43,016)	17
Asset retirement expenditures	32	(258)	(112)	(878)	(476)	84
Working capital adjustments	2,687	16,951	(84)	13,592	24,804	(45)
Distributions to Unitholders	\$ 45,750	\$ 37,226	23	\$ 120,875	\$ 108,970	11
Distributions per Trust Unit	\$ 0.69	\$ 0.69	-	\$ 2.07	\$ 2.07	-
Trust Units outstanding, end of period	67,676	53,983	25	67,676	53,983	25

Total distributions to Unitholders increased 23% for the third quarter and 11% year to date over 2004. The increased cash flow was based on large gains in pricing for oil and NGL and strong gas prices.

On a per Trust Unit basis, distributions were consistent in both periods at \$0.69 for the quarter and \$2.07 year to date. The increase in the number of Trust Units outstanding offset the higher cash flow. The Fund paid out 68% of its cash flow from the third quarter 2005, and 76% year to date.

QUARTERLY FINANCIAL INFORMATION

(000s except per Trust Unit amounts)	September 30, 2005	June 30, 2005	March 31, 2005	December 31, 2004

Quarterly fluctuations are primarily the result of production increases due to acquisitions, volumes added through the Fund's development drilling program and realized commodity prices which can be extremely volatile.

Volume increases from acquisitions occurred through the acquisition of Birchill Resources Limited (second quarter 2004), the acquisition of Outlook (second quarter 2005), and again with the acquisition of Blizzard (third quarter 2005). The Fund's development drilling program strives to replace natural declines on the production base, with results fluctuating depending on field access for equipment and drilling success. Shiningbank's drilling success rate in the first nine months of 2005 was 98%.

Natural gas prices remained strong through the past eight quarters with a sharp increase in third quarter 2005. Oil prices increased substantially in late 2004 and continued to rise in 2005. Distributions per Trust Unit have remained constant through the eight quarters presented as the incremental cash flow derived from higher commodity prices was used to fund capital expenditures and to pay distributions on a greater number of Trust Units outstanding.

COSTS OF ACQUISITIONS AND DEVELOPMENT

During second quarter 2005, Shiningbank spent \$31.9 million, including \$496,000 in working capital deficiency, on the acquisition of Outlook. Shiningbank spent \$269.7 million, including \$44.3 million in working capital deficiency, on the acquisition of Blizzard during third quarter 2005.

A total of \$24.7 million was spent on drilling and new facilities during the third quarter and \$50.4 million in the first nine months of 2005, compared with \$22.4 million and \$43.0 million, respectively, for the same periods in 2004. Cash flow funded \$22.0 million of the third quarter expenditures and \$36.8 million of the year to date expenditures, with the balance funded by bank debt and proceeds from the Fund's Distribution Reinvestment Plan.

LIQUIDITY AND CAPITAL RESOURCES

Shiningbank's ability to grow depends on access to bank lines of credit and periodic equity infusions. Smaller acquisitions through the course of a year may be funded by a combination of bank debt, cash flow and proceeds from the Fund's Distribution Reinvestment Plan. Equity is issued to fund single large acquisitions, or to pay down bank debt acquired following a number of smaller acquisitions. When the proceeds of an equity issue are greater than acquisition costs, the excess is used to reduce bank debt.

LONG TERM DEBT

The Fund has a \$330 million revolving credit facility with a syndicate of Canadian chartered banks of which \$202.9 million was drawn at September 30, 2005. This facility was increased from \$250 million on August 2, 2005 as a result of the Blizzard acquisition. The revolving period extends to April 27, 2006, at which time the facility, unless renewed, reverts to a two-year term with principal payments, if necessary, commencing on July 28, 2006. The facility is secured by a \$600 million floating charge debenture on all assets of Shiningbank together with supporting debentures and guarantees from the Fund's material subsidiaries and affiliates. Borrowings under the facility bear interest at an annual rate ranging from the banks' prime rate to the banks' prime rate plus 0.95%, depending on the Fund's total debt to cash flow ratio or, at Shiningbank's option, the bankers' acceptance rate plus a stamping fee. The Fund's total debt to cash flow ratio was 0.7:1 for the quarter ended September 30, 2005.

UNITHOLDERS' EQUITY

On August 2, 2005, the Fund issued 8,837,793 Trust Units at \$20.12 each to Blizzard shareholders in connection with the Blizzard acquisition. On September 28, 2005, the Fund issued 4,100,000 Trust Units at \$24.45 to repay bank indebtedness incurred in connection with the Blizzard and Outlook acquisitions. An additional 193,139 Trust Units were issued during the third quarter (576,876 year to date) under the Trust Unit Rights Incentive Plan and the Distribution Reinvestment Plan.

When equity is raised in a public equity issue, the intended use of proceeds is specified in the related prospectus. Each major equity issue has been undertaken to acquire properties or to reduce debt incurred from prior acquisitions. In all cases, the proceeds were used according to the purpose specified.

As of November 2, 2005, the Fund had 67,708,571 Trust Units, 248,482 non-escrowed Exchangeable Shares and 353,614 escrowed Exchangeable Shares outstanding. Exchangeable Shares held in escrow will be released over the next three years under the terms of two escrow agreements. Exchangeable Shares are not eligible for distributions until they are exchanged for Trust Units at the discretion of the holder. The exchange rate was initially one Trust Unit for each Exchangeable Share. The exchange rate increases with each distribution by an amount equal to the per unit distribution divided by the 10-day weighted average trading price of the Trust Units preceding the record date for that distribution. As of September 30, 2005, the exchange rate was 1.42010 Trust Units for each Exchangeable Share.

CONTRACTUAL OBLIGATIONS

(000s)	Total	Payments Due by Period			
		Less than 1 Year	1 - 3 Years	4 - 5 Years	After 5 Years

Total obligations	\$ 216,602	\$ 2,826	\$ 209,393	\$ 4,383	\$ -

¹ Assumes that the revolving credit facility is not renewed in April 2006.

Shiningbank has on-going capital commitments in the ordinary course of business for development drilling, equipment and facilities. These are funded through a combination of cash flow, debt financing and periodic equity financing.

IMPACT OF NEW ACCOUNTING POLICIES

NON-CONTROLLING INTEREST

On March 8, 2005 and effective for second quarter 2005, the Emerging Issues Committee of the Canadian Institute of Chartered Accountants amended its position on the reporting of exchangeable securities issued by subsidiaries of income trusts. The amendment states that exchangeable securities issued by a subsidiary of an income trust should be reflected as either non-controlling interest or debt on the consolidated balance sheet unless they meet certain criteria. Shiningbank's Exchangeable Shares meet the specified criteria and therefore, the current treatment of reporting exchangeable securities as equity on the balance sheet continues to be appropriate.

CRITICAL ACCOUNTING ESTIMATES

The Fund makes numerous accounting estimates in its financial statements in order to provide timely information to users. A critical accounting estimate is one that requires management to make assumptions about matters that are highly uncertain at the time the estimate is made and, if a different estimate was used, financial results would be materially different. The following estimates are considered critical:

RESERVES

The Fund must estimate its reserves. Reserves are evaluated and reported on annually by independent petroleum reserve evaluators who use various subjective factors and assumptions, including forecasts of costs based on geological and engineering data, projected future rates of production, and timing and amounts of future development costs. Although reserves are estimated, management believes the estimates are reasonable based on information available at the time the estimates were prepared. Management, the Fund's internal engineers, and the Environmental, Corporate Governance and Reserve Review Committee of the Board of Directors of Shiningbank Energy Ltd. all review the estimates reported by the independent reserve evaluators.

As new information becomes available, changes are made to the reserve estimates and future development cost estimates. Historically, the Fund has had no significant changes to these estimates, with the exception of adjusting reserves for acquisitions and divestitures and the results of new drilling. Future actual results could vary greatly from the estimates made, resulting in material changes to the depletion calculation and the asset impairment test.

ASSET RETIREMENT OBLIGATION

The Fund's estimated asset retirement obligation is based on estimated timing and costs to abandon and restore properties.

Notes to the Consolidated Financial Statements

For the periods ended September 30, 2005 and 2004

1. Significant Accounting Policies

The interim consolidated financial statements of Shiningbank Energy Income Fund (“Shiningbank” or the “Fund”) have been prepared by management in accordance with Canadian generally accepted accounting principles and follow the same accounting principles and methods of computation as the audited annual consolidated financial statements for the year ended December 31, 2004 unless otherwise disclosed. The disclosures provided below are incremental to those included with the audited annual consolidated financial statements. The interim consolidated financial statements should be read in conjunction with the audited annual consolidated financial statements and the notes thereto contained in the Fund’s 2004 annual report.

2. Long Term Debt

Shiningbank Energy Ltd. (the “Corporation”) has a \$330 million revolving credit facility with a syndicate of Canadian chartered banks of which \$202.9 million was drawn at September 30, 2005. The revolving period extends to April 27, 2006. If the revolving facility is not renewed on that date, it will revert to a two year term with principal payments commencing on July 28, 2006. The facility is secured by a \$600 million floating charge debenture on all assets of the Corporation together with supporting debentures and guarantees from operating subsidiaries and affiliates. Borrowings under the facility bear interest at an annual rate ranging from the banks’ prime rate to the banks’ prime rate plus 0.95%, depending on the Fund’s total debt to cash flow ratio, or, at the Corporation’s option, the bankers’ acceptance rate plus a stamping fee.

3. Fixed Assets

(a) Acquisition of Outlook Energy Corp.

Effective June 21, 2005, the Corporation acquired the issued and outstanding common shares of Outlook Energy Corp. (“Outlook”) for \$31.4 million. The acquisition was accounted for by the purchase method and the results of operations of Outlook are included in the accounts from the closing date. The following allocation of net assets acquired is a preliminary calculation which is subject to change with regards to closing adjustments and other items.

Cash consideration	\$ 31,210
Related fees and expenses	150
Cost of acquisition	\$ 31,360
Working capital deficiency	\$ (496)
Future income taxes	(7,800)
Asset retirement obligation	(806)
Goodwill	7,601
Petroleum and natural gas properties and equipment	32,861
Total consideration	\$ 31,360

(b) Acquisition of Blizzard Energy Inc.

Effective August 2, 2005, the Corporation acquired Blizzard Energy Inc. (“Blizzard”) pursuant to a Plan of Arrangement for \$225.5 million. The acquisition was accounted for by the purchase method and the results of operations of Blizzard are included in the accounts from the closing date. The following allocation of net assets acquired is a preliminary calculation which is subject to change with regards to closing adjustments and other items.

Fair value of Shiningbank Trust Units	\$ 177,816
Cash consideration	46,600
Related fees and expenses	1,059
Cost of acquisition	\$ 225,475
Working capital deficiency	\$ (44,252)
Future income taxes	(51,500)
Asset retirement obligation	(2,802)
Goodwill	43,789
Petroleum and natural gas properties and equipment	280,240
Total consideration	\$ 225,475

4. Trust Units

(a) Authorized
300,000,000 Trust Units

(b) Issued

	Number	Amount (000s)
Balance, December 31, 2004	54,140,619	\$706,954
Issued on acquisition (note 3)	8,837,793	177,816
Issued for cash	4,100,000	100,245
Issued on exercise of rights	307,734	3,930
Issued for cash under Distribution Reinvestment Plan	269,142	5,961
Issued on conversion of Exchangeable Shares	21,156	218
Less: Commissions and issue costs		(5,372)
Transfer from contributed surplus on exercise of rights		496
Balance, September 30, 2005	67,676,444	\$990,248

(c) Exchangeable Shares ¹

	Number	Amount (000s)
Balance, December 31, 2004	263,482	\$7,019
Conversion of Exchangeable Shares	(15,000)	(218)
Amortization of deferred portion		1,104
Balance, September 30, 2005	248,482	\$7,905

Trust Units issuable upon conversion of non-escrowed shares	352,869	
Trust Units issuable upon conversion of 353,614 escrowed shares	502,167	
Total Trust Units issuable upon conversion of all shares	855,036	

¹ The Exchangeable Shares are non-transferable.

(d) Trust Unit Rights Incentive Plan

At September 30, 2005, there were 1,896,667 (2004 - 1,451,668) rights outstanding, of which 537,500 (2004 - 465,001) were exercisable at a weighted average exercise price of \$13.16 (2004 - \$13.55).

	Number	Weighted Average Exercise Price
Balance, December 31, 2004	1,396,901	\$14.74
Granted	847,500	21.63
Exercised	(307,734)	12.77
Forfeited	(40,000)	19.76
Balance before reduction of exercise price	1,896,667	\$18.03
Reduction of exercise price		(0.96)
Balance, September 30, 2005	1,896,667	\$17.07

The following table summarizes information about the outstanding and exercisable rights at September 30, 2005:

Range of Exercise Prices	Rights Outstanding			Rights Exercisable	
	Number Outstanding At 9/30/05	Weighted Average Remaining Contractual Life (Yrs)	Weighted Average Exercise Price	Number Exercisable At 9/30/05	Weighted Average Exercise Price
\$9.00 to \$13.99	574,168	6.6	\$ 11.92	166,668	\$ 11.05
\$14.00 to \$19.99	504,999	8.4	\$ 16.73	352,499	\$ 13.90
\$20.00 to \$25.00	817,500	9.3	\$ 20.89	18,333	\$ 18.05
\$9.00 to \$25.00	1,896,667	8.2	\$ 17.07	537,500	\$ 13.16

Shiningbank recorded Trust Unit incentive compensation expense of \$1,865,000 for the nine months ended September 30, 2005 (2004 - \$930,000) and \$643,000 for the quarter (2004 - \$328,000) for rights issued between 2003 and 2005, and which vested in 2005.

During the first nine months of 2005, \$496,000 (2004 - \$419,000) of contributed surplus was transferred to Trust Unit equity in respect of rights exercised during the period. For the third quarter, \$88,000 (2004 - \$208,000) was transferred.

The following table reconciles the movement in the contributed surplus balance:

Contributed surplus	Amount (000s)
Balance, December 31, 2004	\$ 1,416
Trust Unit incentive compensation	1,865
Net benefit on rights exercised ¹	(496)
Balance, September 30, 2005	\$ 2,785

¹ Upon exercise, the net benefit is reflected as a reduction of contributed surplus and an increase to Unitholders' capital.

The \$4.0 million fair value of the 847,500 rights issued during the first nine months of 2005 (\$400,000 fair value of the 80,000 rights issued during the third quarter) was estimated using a Black-Scholes option-pricing model with the following assumptions: risk-free interest rate of 3.78 to 4.21% (3.78 to 3.94% for the third quarter), volatility of 60%, life of 10 years, and a distribution yield rate of 10% representing the difference between the anticipated distribution and the anticipated reduction in the exercise price. Users are cautioned that the assumptions made are estimates of future events and actual results could differ materially from those estimated.

For rights issued in 2002, Shiningbank has elected to disclose the pro forma effect as if the amended accounting standard had been adopted January 1, 2002. The rights granted on January 1, 2002 became fully vested on January 1, 2005 and therefore, no Trust Unit incentive compensation expense related to those rights would have been recorded during the quarter. For the nine months ended September 30, 2004, Shiningbank's net income would have decreased by \$381,000 (\$127,000 for the quarter) due to additional Trust Unit incentive compensation expense related to those rights. As a result of the additional expense, net earnings per Trust Unit for the nine months ended September 30, 2004 would have been \$0.98 (\$0.96 diluted), as compared to the \$0.99 (\$0.97 diluted) previously reported. Third quarter 2004 net earnings per Trust Unit would have been \$0.29, basic and diluted, as compared to the \$0.30 (\$0.29 diluted) previously reported.

(e) Per Trust Unit amounts

For the nine months ended September 30, 2005, the weighted average number of Trust Units and non-escrowed Exchangeable Shares outstanding was 56,797,492 (2004 - 51,470,271) and for the three months ended September 30, 2005 was 60,895,421 (2004 - 53,876,524). In computing diluted net earnings per Trust Unit, the dilutive effect of Trust Unit rights and escrowed Exchangeable Shares added 811,028 Trust Units (2004 - 1,113,160) for the nine months ended September 30, 2005 and 848,169 (2004 - 1,096,461) for the three months ended September 30, 2005 to the weighted average number of Trust Units outstanding.

6. Financial Instruments

At September 30, 2005, Shiningbank held certain oil and natural gas hedge contracts, the terms of which are listed in the following table. The estimated market value at September 30, 2005, had the contracts been settled at that time, would have been a loss of \$7.8 million.

Period	Commodity	Volume	Price
April 1, 2005 – December 31, 2005	Gas	5,000 GJ/d	\$5.00/GJ floor \$6.39/GJ ceiling
April 1, 2005 – October 31, 2005	Gas	5,000 GJ/d	\$6.70/GJ
April 1, 2005 – October 31, 2005	Gas	5,000 GJ/d	\$6.65/GJ floor \$7.75/GJ ceiling
May 1, 2005 – October 31, 2005	Gas	5,000 GJ/d	\$6.90/GJ floor \$9.50/GJ ceiling
November 1, 2005 – March 31, 2006	Gas	5,000 GJ/d	\$7.50/GJ floor \$12.00/GJ ceiling
November 1, 2005 – March 31, 2006	Gas	5,000 GJ/d	\$10.00/GJ floor \$15.15/GJ ceiling
April 1, 2006 – October 31, 2006	Gas	5,000 GJ/d	\$7.50/GJ floor \$12.00/GJ ceiling
February 1, 2005 – December 31, 2005	Oil	500 bbl/d	US\$40.00/bbl floor US\$55.40/bbl ceiling
January 1, 2006 – June 30, 2006	Oil	500 bbl/d	US\$55.00/bbl floor US\$89.00/bbl ceiling

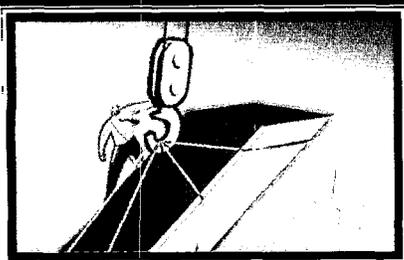

Shiningbank Energy Income Fund is a natural gas focused energy trust founded in 1996. The Fund purchases, develops and operates producing properties for the direct benefit of its unitholders. Shiningbank has one of the highest weightings of natural gas in the energy trust sector at 76%.

Shiningbank is listed on the Toronto Stock Exchange under the symbol SHN.UN. For further information please visit our website www.shiningbank.com or contact us at:

Forward-looking statements

This document contains forward-looking statements relating to future events. In some cases, forward-looking statements can be identified by such words as "may," "expects" or similar expressions. These statements represent management's best projections, but undue reliance should not be placed upon them as they are derived from numerous assumptions. These assumptions are subject to known and unknown risks and uncertainties, including the business risks discussed in this document and in the Fund's Annual Information Form, which may cause actual performance and financial results to differ materially from any projections of future performance or results expressed or implied by such forward-looking statements. Accordingly, readers are cautioned that events or circumstances could cause results to differ materially from those predicted.

FELLOW UNITHOLDERS

After closing the books on the third quarter, we were pleased to announce an increase in our monthly distribution to \$0.30 per unit, up from the \$0.23 per unit which had been in place since June 2003. On November 3, it was announced that the 30% increase would commence with our December distribution and be paid to unitholders of record as of November 30, 2005. The increase was warranted by the success of our acquisition program over the past year, primarily the accretive nature of the assets acquired, the success of our development program and a commodity price environment that has risen sharply and, based on futures pricing, should remain robust. The following third quarter highlights, combined with the healthy outlook for commodity prices, were key considerations in the distribution increase.

- We added 4,600 boe/d with the August 2 closing of the acquisition of Blizzard Energy Inc. (Blizzard).
- The full impact of the acquisitions of Outlook Energy Corp. (Outlook) and Blizzard will be seen going into the fourth quarter with an expected production increase of approximately 15% over last year's fourth quarter.
- Natural gas prices averaged \$9.26/mcf, one of the highest ever for a quarterly period, while local futures prices for the coming winter are currently in excess of \$11.00/mcf. Oil prices for the quarter set a new record averaging \$69.55/bbl, although there has been some recent softening.
- Cash flow increased by 58% from third quarter 2004 due to higher volumes and commodity prices. We executed an active development program funded almost entirely by cash flow.
- We paid down debt with the proceeds of a \$100 million "bought deal" financing which saw the issue of 4.1 million Trust Units at \$24.45 each. This issue brought our debt back to roughly the same as before the acquisitions and to what we consider a very healthy level in the current environment.
- Our development drilling program regained momentum after delays caused by months of wet weather. We achieved a 95% success rate on 41 wells (8.2 net) drilled in the quarter.
- Shiningbank was advised by the Toronto Stock Exchange that it will be one of the income trusts included in the S&P/TSX Composite Index commencing in late 2005. The inclusion of income trusts in the index should improve liquidity within the sector and attract new investors.

While we are pleased to report such positive results, one issue has surfaced with the potential to impact the entire income trust sector; specifically, the federal government has announced a public consultation process on the taxation and economic efficiency of flow-through entities, including income trusts. We are preparing a submission to the government which will clearly state our objections to any changes to the tax structure that would reduce returns to unitholders and we will continue to advocate that position. We encourage our unitholders to write, phone or email their local members of Parliament and the Minister of Finance to make their position known. In response to inquiries from numerous Shiningbank unitholders, more information on how to respond is provided later in this message.

ASSIMILATING OUR ACQUISITIONS

Outlook Energy Corp.

The \$31.9 million purchase of Outlook, a private natural gas focused company, added 480 boe/d in the quarter, 94% natural gas. This was lower than the 600 boe/d anticipated due to delays in our drilling and tie-in program resulting from wet weather and government regulatory processes, and some volume reductions from planned facilities maintenance. During the quarter we participated in four wells (1.3 net) on the Outlook lands, resulting in three gas wells (0.9 net) and one dry hole (0.4 net). Two of these wells have now been completed and will be tied-in and on production in the fourth quarter.

Blizzard Energy Inc.

The purchase of Blizzard boosted production by approximately 4,600 boe/d commencing on August 2, again, 95% natural gas. Production from the Blizzard properties was essentially on track with our expectations in the quarter.

Exploitation of these lands also commenced in the quarter with recompletions and tie-ins of wells in the Grande Prairie area. A further four wells (1.6 net) are scheduled for the fourth quarter. In the 100% working interest Sousa area, a major development program is being planned for this winter which will include drilling of more than 70 wells.

PRODUCTION GROWTH

Third quarter production increased 8% to 21,252 boe/d from third quarter 2004. When compared with second quarter 2005, production was up by 2,361 boe/d with volumes from Outlook and two months production from Blizzard. The tie-in of wells drilled earlier in the year was behind schedule due to weather-related delays. Record June rainfall in central Alberta combined with a wet spring prevented the tie-in of an estimated 500 boe/d of new production. We expect these wells to be on production by year end. Flood damage also caused the partial shut-in of the Caroline area for July and August resulting in the loss of approximately 400 boe/d for the quarter, however, these volumes were reinstated in September.

STRONG PRICING

Our quarterly gas prices averaged \$9.26/mcf after a hedging loss of \$0.14/mcf. This was the highest price recorded since first quarter 2001 when we averaged \$9.74/mcf. This year, though, the price increase occurred in the summer, driven by strong electrical demand, an active hurricane season and high oil prices. Underlying those factors is general nervousness about the ability of gas supply to meet demand; a concern being exacerbated by questions about the level of recovery of production from the Gulf of Mexico, and the supply crunch that could unfold in the event of a colder than normal winter. As this is written, local gas price futures for the coming winter are in excess of \$11.00/mcf. We expect prices to be volatile through the winter, but generally very strong and, accordingly, our gas production is largely unhedged for the winter.

Oil prices are coming off of their all-time highs as this is written. For the third quarter, realized prices set a new quarterly record averaging \$69.55/bbl. We expect to see some short-term weakening in markets to levels below US\$60/bbl, a price that will continue to provide excellent netbacks.

SUCCESSFUL DEVELOPMENT ACTIVITY

The third quarter really marked the start of our 2005 drilling season as wet field conditions through the spring and the early part of the summer hampered operations industry-wide. During the third quarter, we participated in 41 wells (8.2 net), which resulted in 35 gas wells (6.8 net), five oil wells (1.0 net) and one dry hole (0.4 net). With many of the wells, we participated with a low percentage interest, but we did operate the drilling of nine wells (5.7 net). We have commenced the completion and tie-in of wells drilled in the third quarter and expect most of them to be on production before year end. Shiningbank expects to participate in approximately 14 wells in the fourth quarter, seven operated.

FEDERAL INCOME TAX DEVELOPMENTS

Late in the quarter, the federal government issued a Consultation Paper aimed at assessing the tax and economic efficiency implications of flow-through entities, including income trusts, to determine if the current tax system is appropriate or should be modified. With no decisions expected until next year, a great deal of uncertainty has been introduced into the income trust market and the result has been an erosion of value in the sector.

From our perspective, we object to any changes to the current tax regime that would negatively impact cash flow and distributions from income trusts, and we will be stating that position in a submission to the government. Some changes being discussed would have the immediate impact of reducing distributions to unitholders through increased tax payments. The longer-term impacts of this are far-reaching and the issues are complex, but it is our opinion that the income trust sector, particularly energy trusts, has brought innovation, growth and a more efficient use of capital to corporate Canada. Shiningbank has been a major contributor to the strength of the energy trust sector for over nine years, with unitholders directly benefiting from our growth, solid asset management and strong cash distributions.

Copies of the Consultation Paper can be found on the Department of Finance website at:
http://www.fin.gc.ca/toce/2005/toirplf_e.html.

Written submissions can be made by:

Email: trusts-fiducies@fin.gc.ca

Mail: Denis Normand, Tax Policy Branch,
Business Income Tax Division, Department of Finance
17th floor, East Tower, 140 O'Connor St., Ottawa, ON, K1A 0G5

Fax: (613) 943-8436.

We also encourage unitholders to contact their member of Parliament.

A directory of members of Parliament can be found at www.canada.gc.ca/directories/direct_e.html. Unitholders may also wish to contact the Minister of Finance, the Honourable Ralph Goodale:

Email: goodale.R@parl.gc.ca

Mail: The Honourable Ralph Goodale, Department of Finance,
140 O'Connor St., Ottawa, ON, K1A 0G5

Fax: (613) 996-9790.

We strongly encourage our unitholders to make their feelings known to the government. In what is primarily a political issue, the voices of individual voters and investors will be far more persuasive to government officials than the voice of corporate Canada.

FOURTH QUARTER OUTLOOK

As we head into the fourth quarter, we are expecting strong production due to the full impact of Blizzard and our revitalized drilling program. Commodity prices remain highly robust for all of our production and cash flow is expected to be very strong, allowing us to fund most, if not all, of our capital expenditures with cash flow in the fourth quarter.

DAVID M. FITZPATRICK
President and Chief Executive Officer

November 2, 2005

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following is management's discussion and analysis ("MD&A") of the operating and financial results of Shiningbank Energy Income Fund ("Shiningbank" or the "Fund") for the three and nine month periods ended September 30, 2005. This information is provided as of November 2, 2005. The third quarter and nine month results have been compared with the corresponding periods in 2004. This MD&A should be read in conjunction with the Fund's audited consolidated financial statements for the years ended December 31, 2004 and 2003, together with the accompanying notes, and the Annual Information Form ("AIF") for the year ended December 31, 2004. These documents and additional information about the Fund are available on SEDAR at www.sedar.com.

NON-GAAP MEASURES

Management believes that cash flow and operating netbacks are useful supplemental measures. All references to cash flow throughout this MD&A are based on cash flow before changes in non-cash working capital, which management uses to analyze operating performance and leverage. Cash flow as presented is not intended to represent operating cash flow or operating profits, nor should it be viewed as an alternative to cash flow from operating activities, net earnings or other measures of financial performance calculated in accordance with Canadian generally accepted accounting principles ("GAAP"). The Fund considers cash flow a key measure of performance as it demonstrates the Fund's ability to generate the cash flow necessary to fund future distributions and capital investments and repay indebtedness. Operating netbacks, which are calculated as average unit sales price less royalties, transportation costs and operating costs, represent the cash margin for product sold, calculated on a boe basis. The Fund considers operating netbacks a key measure as it indicates the relative performance of crude oil and natural gas assets. Cash flow and operating netbacks as presented do not have any standardized meanings prescribed by Canadian GAAP and therefore may not be comparable with the calculations of similar measures for other entities.

FORWARD-LOOKING STATEMENTS

This MD&A contains forward-looking statements relating to future events. In some cases, forward-looking statements can be identified by such words as "may," "expects" or similar expressions. These statements represent management's best projections, but undue reliance should not be placed upon them as they are derived from numerous assumptions. These assumptions are subject to known and unknown risks and uncertainties, including the business risks discussed in this MD&A and in the AIF, which may cause actual performance and financial results to differ materially from any projections of future performance or results expressed or implied by such forward-looking statements. Accordingly, readers are cautioned that events or circumstances could cause results to differ materially from those predicted.

BARREL OF OIL EQUIVALENT

Barrel of oil equivalent (boe) volumes are reported at 6:1 with 6 mcf = 1 bbl. The 6:1 boe conversion ratio is based on an energy equivalency conversion method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead. While it is useful for comparative measures, it may not accurately reflect individual product values and may be misleading if used in isolation.

REPORTING CURRENCY

All figures are in Canadian dollars unless otherwise noted.

RESULTS OF OPERATIONS

PRODUCTION VOLUMES

Daily Production Volumes

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Oil (bbl/d)	2,282	2,156	6	2,321	2,340	(1)
Natural gas (mmcf/d)	97.5	84.2	16	88.7	85.3	4
Natural gas liquids (bbl/d)	2,716	3,531	(23)	2,959	3,080	(4)
Oil equivalent (boe/d)	21,252	19,721	8	20,063	19,631	2
Natural gas % of production	76%	71%	5	74%	72%	2

Daily production for the third quarter averaged 21,252 boe/d, up 8% from the same period last year. For the nine months ended September 30, 2005, daily production volumes averaged 20,063 boe/d, 2% higher than in 2004. Natural gas accounted for the majority of the volume increases as a result of the natural gas-rich properties acquired during the third quarter. The most significant acquisition was the Blizzard Energy Inc. ("Blizzard") acquisition for \$269.7 million, including \$44.3 million in working capital deficiency, which closed August 2, 2005. This, along with the Outlook Energy Corp. ("Outlook") acquisition, which closed June 21, 2005, contributed 15% to third quarter 2005 production and 5% to production in the nine month period. These acquisitions were partially offset by the loss of 400 boe/d in the third quarter due to pipeline damage caused by unprecedented flooding in southern Alberta in June 2005 and by the natural declines of producing properties, which are estimated to average 13% – 15% per year. Production for the fourth quarter of 2005, including Blizzard and Outlook, is anticipated to average 23,500 to 24,000 boe/d.

PRICING – INCLUDING HEDGING ACTIVITY

Average Prices – After Hedging

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Average Prices						
Oil (\$/bbl)	\$ 69.55	\$ 47.40	47	\$ 60.82	\$ 43.33	40
Natural gas (\$/mcf)	\$ 9.26	\$ 6.72	38	\$ 8.09	\$ 7.01	15
Natural gas liquids (\$/bbl)	\$ 56.04	\$ 41.13	36	\$ 48.84	\$ 39.01	25
Oil equivalent (\$/boe)	\$ 57.18	\$ 41.25	39	\$ 50.04	\$ 41.75	20
Benchmark Prices						
WTI (US\$/bbl)	\$ 63.19	\$ 43.88	44	\$ 55.40	\$ 39.11	42
AECO natural gas (Cdn\$/mcf)	\$ 8.17	\$ 6.66	23	\$ 7.41	\$ 6.69	11

Natural Gas

Shiningbank's realized natural gas prices averaged \$9.26/mcf for the quarter, 38% higher than third quarter 2004. Year to date, the average price was up 15% at \$8.09/mcf. Hedging decreased the gas price by \$0.14/mcf for the quarter and \$0.06/mcf for the nine month period. This compares with a 2004 hedging loss of \$0.07/mcf for the quarter and \$0.06/mcf for the nine months. Benchmark futures prices remain high with upcoming winter prices currently in excess of \$11.00/mcf.

Oil and Natural Gas Liquids

Realized oil prices for the quarter averaged \$69.55/bbl, up 47% from third quarter 2004. Realized oil prices for the first nine months were \$60.82/bbl, 40% higher than in the same period in 2004. Hedging reduced the price by \$2.01/bbl for the quarter and \$1.08/bbl year to date, compared with 2004 hedging losses of \$7.67/bbl for the quarter and \$4.42/bbl year to date.

The benchmark West Texas Intermediate ("WTI") price averaged 44% higher for the third quarter and 42% year to date. Oil prices continue to be exceptionally high, with WTI futures averaging over US\$60.00/bbl for the remainder of 2005.

NGL prices were also strong reflecting high oil prices. The quarterly average NGL price was 36% higher than in third quarter 2004 at \$56.04/bbl, and 25% higher year to date at \$48.84/bbl.

Hedging

Shiningbank maintains an active hedging program designed to reduce the variability of cash flow and stabilize distributions. Under the Fund's hedging policy, not more than one-half of production volumes of any commodity can be hedged at any one time. Gains and losses from hedging activities are typically recorded when they are realized and are included in oil and natural gas sales unless a particular hedge is considered ineffective. Currently, Shiningbank has the following hedging contracts in place:

Period	Commodity	Volume	Price
April 1, 2005 – December 31, 2005	Gas	5,000 GJ/d	\$5.00/GJ floor \$6.39/GJ ceiling
April 1, 2005 – October 31, 2005	Gas	5,000 GJ/d	\$6.70/GJ
April 1, 2005 – October 31, 2005	Gas	5,000 GJ/d	\$6.65/GJ floor \$7.75/GJ ceiling
May 1, 2005 – October 31, 2005	Gas	5,000 GJ/d	\$6.90/GJ floor \$9.50/GJ ceiling
November 1, 2005 – March 31, 2006	Gas	5,000 GJ/d	\$7.50/GJ floor \$12.00/GJ ceiling
November 1, 2005 – March 31, 2006	Gas	5,000 GJ/d	\$10.00/GJ floor \$15.15/GJ ceiling
April 1, 2006 – October 31, 2006	Gas	5,000 GJ/d	\$7.50/GJ floor \$12.00/GJ ceiling
February 1, 2005 – December 31, 2005	Oil	500 bbl/d	US\$40.00/bbl floor US\$55.40/bbl ceiling
January 1, 2006 – June 30, 2006	Oil	500 bbl/d	US\$55.00/bbl floor US\$89.00/bbl ceiling

REVENUES

(000s)	Three months ended September 30,				Nine months ended September 30,

	\$ 111,763	100	\$ 74,713	100	\$ 275,124	100	\$ 225,061	100

The accompanying table demonstrates the net effect of price and volume variances on revenues.

Sales Variance Analysis (Including Hedging Activity)

(000s)	Three months ended September 30,		Nine months ended September 30,	
	2005/2004		2005/2004	
Oil and natural gas liquids				
Volume decrease		\$ (2,534)		\$ (1,740)
Price increase		8,377		19,032
Net increase		\$ 5,843		\$ 17,292
Natural gas				
Volume increase		\$ 8,218		\$ 5,970
Price increase		22,908		26,254
Net increase		\$ 31,126		\$ 32,224

ROYALTIES

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Total royalties, net (000s)	\$ 23,320	\$ 13,321	75	\$ 58,924	\$ 44,771	32
As a % of revenue	20.9%	17.8%	17	21.4%	19.9%	8
Per boe	\$ 11.93	\$ 7.34	63	\$ 10.76	\$ 8.32	29

Royalty expense consists of royalties paid to provincial governments, freehold landowners and overriding royalty owners. The royalty rate was higher in 2005 mainly due to a one-time credit received in the third quarter of 2004 relating to 2003 Crown royalties. The Fund expects royalty rates to average 22.5% for the remainder of 2005.

TRANSPORTATION COSTS

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Transportation costs (000s)	\$ 1,400	\$ 1,489	(6)	\$ 3,642	\$ 4,364	(17)
Per boe	\$ 0.72	\$ 0.82	(12)	\$ 0.66	\$ 0.81	(19)

On a boe basis, transportation costs declined 12% from third quarter 2004 and 19% year to date. The decrease resulted from the termination of certain unutilized transportation service commitments earlier in 2005. These terminations are not expected to impact the Fund's ability to market its production.

OPERATING COSTS

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Operating costs (000s)	\$ 14,034	\$ 13,514	4	\$ 39,755	\$ 37,227	7
Per boe	\$ 7.18	\$ 7.45	(4)	\$ 7.26	\$ 6.92	5

Operating costs on a boe basis decreased 4% from third quarter 2004 due to the incorporation of the Blizzard assets which have lower operating costs. This was partially offset by higher field and plant maintenance costs in most other areas, and extra costs associated with the second quarter flooding in southern Alberta. This resulted in year to date operating costs on a boe basis increasing 5%. Operating costs are expected to average \$7.00/boe for the remainder of 2005.

OPERATING NETBACKS

(\$/boe)	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Oil and natural gas sales	\$ 57.18	\$ 41.25	39	\$ 50.04	\$ 41.75	20
Other income (loss)	(0.02)	(0.07)	(71)	0.19	0.09	111
Royalties	(11.93)	(7.34)	63	(10.76)	(8.32)	29
Transportation costs	(0.72)	(0.82)	(12)	(0.66)	(0.81)	(19)
Operating costs	(7.18)	(7.45)	(4)	(7.26)	(6.92)	5
Operating netbacks	\$ 37.33	\$ 25.57	46	\$ 31.55	\$ 25.79	22

Operating netbacks increased 46% quarter over quarter and 22% year over year due mainly to higher commodity prices and lower transportation costs. This was partially offset by higher royalty costs.

GENERAL AND ADMINISTRATIVE COSTS

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
General and administrative costs (000s)	\$ 2,101	\$ 1,571	34	\$ 6,028	\$ 4,995	21
Per boe	\$ 1.07	\$ 0.87	23	\$ 1.10	\$ 0.93	18
Per average Trust Unit	\$ 0.03	\$ 0.03	-	\$ 0.11	\$ 0.10	10

General and administrative costs on a boe basis increased 23% from third quarter 2004 and 18% year to date. These increases were due to higher activity levels related to acquisition and development activities, and increasing costs due to additional regulatory requirements. Costs are expected to average \$1.25/boe for full year 2005.

INTEREST ON LONG TERM DEBT

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Interest on long term debt (000s)	\$ 2,617	\$ 1,498	75	\$ 6,392	\$ 4,400	45
Per boe	\$ 1.34	\$ 0.83	61	\$ 1.17	\$ 0.82	43
Per average Trust Unit	\$ 0.04	\$ 0.03	33	\$ 0.11	\$ 0.09	22

Interest expense per average Trust Unit, which includes bank charges, increased 33% from third quarter 2004 and 22% year over year due to higher debt levels resulting from the funding of acquisitions and capital expenditures. Shiningbank is currently in compliance with all external debt covenants.

DEPLETION, DEPRECIATION AND ACCRETION

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Depletion, depreciation and accretion (000s)	\$ 38,451	\$ 29,564	30	\$ 98,455	\$ 86,512	14
Per boe	\$ 19.67	\$ 16.29	21	\$ 17.98	\$ 16.08	12

Depletion, depreciation and accretion per boe rose 21% for the third quarter and 12% year over year. These increases were primarily related to the effect of the acquisitions in 2004 and 2005.

TRUST UNIT INCENTIVE COMPENSATION

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Trust Unit incentive compensation (000s)	\$ 643	\$ 328	96	\$ 1,865	\$ 930	101
Per boe	\$ 0.33	\$ 0.18	83	\$ 0.34	\$ 0.17	100

During third quarter 2005, four new issues aggregating 80,000 Trust Unit rights were granted (2004 – two issues aggregating 70,000). Eight new issues aggregating 847,500 Trust Unit rights were granted during the nine months ended September 30, 2005 (2004 – five issues aggregating 565,000). The fair value of rights issued was determined using a Black-Scholes model and will be brought into income over the vesting period of the rights. The total third quarter 2005 expense of \$643,000 (2004 – \$328,000) represented the fair value of rights issued during 2003 through to 2005 and which vested in third quarter 2005. During the nine months ended September 30, 2005, the total expense was \$1.9 million (2004 – \$930,000). All of these costs are “non-cash” costs and are not deducted in calculating distributions to Unitholders.

INTERNALIZATION OF MANAGEMENT CONTRACT

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Internalization of management contract (000s)	\$ 368	\$ 735	(50)	\$ 1,104	\$ 2,204	(50)
Per boe	\$ 0.19	\$ 0.41	(54)	\$ 0.20	\$ 0.41	(51)

Effective October 9, 2002, the Fund internalized its management by acquiring all of the shares of Shiningbank Energy Management Inc., the former manager of the Fund. Prior to the acquisition, the Fund paid a fee equal to 3.25% of net operating income, a fee of 1.5% on the purchase price of acquisitions and a quarterly scheduled dividend in accordance with the terms of a management agreement. The acquisition eliminated all future fees and dividends.

Of the total purchase price of \$20.6 million, \$11.0 million was deferred, representing Exchangeable Shares subject to escrow provisions which are being amortized into income over specific vesting periods through 2007. During third quarter 2005, \$368,000 (2004 – \$735,000) was expensed, representing the amortization of these escrowed Exchangeable Shares. During the nine months ended September 30, 2005, \$1.1 million was expensed (2004 – \$2.2 million).

TAXES

	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Capital and large corporation taxes (000s)	\$ 570	\$ 396	44	\$ 796	\$ 1,025	(22)
Future income tax recovery (000s)	\$ (2,736)	\$ (3,603)	(24)	\$ (5,988)	\$ (12,135)	(51)
Per boe	\$ (1.11)	\$ (1.77)	(37)	\$ (0.94)	\$ (2.07)	(55)

The Fund is obligated to pay provincial capital taxes and federal large corporations tax in its operating entities. Under the Fund's structure, payments are made between Shiningbank Energy Ltd. and the Fund. These payments provide the mechanism for transferring income to Unitholders along with tax benefits and future tax liabilities. Current income taxes are not presently payable by the Fund or its operating entities.

NET EARNINGS

Shiningbank's third quarter earnings were \$31.0 million (2004 – \$15.9 million) or \$0.51 per Trust Unit, basic and \$0.50 diluted (2004 – \$0.30 basic, \$0.29 diluted). Year to date net earnings were \$64.2 million (2004 – \$50.8 million) or \$1.13 per Trust Unit basic, \$1.11 diluted (2004 – \$0.99 basic, \$0.97 diluted).

DISTRIBUTIONS TO UNITHOLDERS

(000s except per Trust Unit amounts)	Three months ended September 30,			Nine months ended September 30,		
	2005	2004	%	2005	2004	%
Cash flow before change in non-cash working capital	\$ 67,721	\$ 42,924	58	\$ 158,583	\$ 127,658	24
Capital expenditures	(24,690)	(22,391)	10	(50,422)	(43,016)	17
Asset retirement expenditures	32	(258)	(112)	(878)	(476)	84
Working capital adjustments	2,687	16,951	(84)	13,592	24,804	(45)
Distributions to Unitholders	\$ 45,750	\$ 37,226	23	\$ 120,875	\$ 108,970	11
Distributions per Trust Unit	\$ 0.69	\$ 0.69	–	\$ 2.07	\$ 2.07	–
Trust Units outstanding, end of period	67,676	53,983	25	67,676	53,983	25

Total distributions to Unitholders increased 23% for the third quarter and 11% year to date over 2004. The increased cash flow was based on large gains in pricing for oil and NGL and strong gas prices.

On a per Trust Unit basis, distributions were consistent in both periods at \$0.69 for the quarter and \$2.07 year to date. The increase in the number of Trust Units outstanding offset the higher cash flow. The Fund paid out 68% of its cash flow from the third quarter 2005, and 76% year to date.

QUARTERLY FINANCIAL INFORMATION

(000s except per Trust Unit amounts)	September 30, 2005	June 30, 2005	March 31, 2005	December 31, 2004

Per Trust Unit	0.69	0.69	0.69	0.69
Payout ratio	87%	82%	88%	102%

Quarterly fluctuations are primarily the result of production increases due to acquisitions, volumes added through the Fund's development drilling program and realized commodity prices which can be extremely volatile.

Volume increases from acquisitions occurred through the acquisition of Birchill Resources Limited (second quarter 2004), the acquisition of Outlook (second quarter 2005), and again with the acquisition of Blizzard (third quarter 2005). The Fund's development drilling program strives to replace natural declines on the production base, with results fluctuating depending on field access for equipment and drilling success. Shiningbank's drilling success rate in the first nine months of 2005 was 98%.

Natural gas prices remained strong through the past eight quarters with a sharp increase in third quarter 2005. Oil prices increased substantially in late 2004 and continued to rise in 2005. Distributions per Trust Unit have remained constant through the eight quarters presented as the incremental cash flow derived from higher commodity prices was used to fund capital expenditures and to pay distributions on a greater number of Trust Units outstanding.

COSTS OF ACQUISITIONS AND DEVELOPMENT

During second quarter 2005, Shiningbank spent \$31.9 million, including \$496,000 in working capital deficiency, on the acquisition of Outlook. Shiningbank spent \$269.7 million, including \$44.3 million in working capital deficiency, on the acquisition of Blizzard during third quarter 2005.

A total of \$24.7 million was spent on drilling and new facilities during the third quarter and \$50.4 million in the first nine months of 2005, compared with \$22.4 million and \$43.0 million, respectively, for the same periods in 2004. Cash flow funded \$22.0 million of the third quarter expenditures and \$36.8 million of the year to date expenditures, with the balance funded by bank debt and proceeds from the Fund's Distribution Reinvestment Plan.

LIQUIDITY AND CAPITAL RESOURCES

Shiningbank's ability to grow depends on access to bank lines of credit and periodic equity infusions. Smaller acquisitions through the course of a year may be funded by a combination of bank debt, cash flow and proceeds from the Fund's Distribution Reinvestment Plan. Equity is issued to fund single large acquisitions, or to pay down bank debt acquired following a number of smaller acquisitions. When the proceeds of an equity issue are greater than acquisition costs, the excess is used to reduce bank debt.

LONG TERM DEBT

The Fund has a \$330 million revolving credit facility with a syndicate of Canadian chartered banks of which \$202.9 million was drawn at September 30, 2005. This facility was increased from \$250 million on August 2, 2005 as a result of the Blizzard acquisition. The revolving period extends to April 27, 2006, at which time the facility, unless renewed, reverts to a two-year term with principal payments, if necessary, commencing on July 28, 2006. The facility is secured by a \$600 million floating charge debenture on all assets of Shiningbank together with supporting debentures and guarantees from the Fund's material subsidiaries and affiliates. Borrowings under the facility bear interest at an annual rate ranging from the banks' prime rate to the banks' prime rate plus 0.95%, depending on the Fund's total debt to cash flow ratio or, at Shiningbank's option, the bankers' acceptance rate plus a stamping fee. The Fund's total debt to cash flow ratio was 0.7:1 for the quarter ended September 30, 2005.

UNITHOLDERS' EQUITY

On August 2, 2005, the Fund issued 8,837,793 Trust Units at \$20.12 each to Blizzard shareholders in connection with the Blizzard acquisition. On September 28, 2005, the Fund issued 4,100,000 Trust Units at \$24.45 to repay bank indebtedness incurred in connection with the Blizzard and Outlook acquisitions. An additional 193,139 Trust Units were issued during the third quarter (576,876 year to date) under the Trust Unit Rights Incentive Plan and the Distribution Reinvestment Plan.

When equity is raised in a public equity issue, the intended use of proceeds is specified in the related prospectus. Each major equity issue has been undertaken to acquire properties or to reduce debt incurred from prior acquisitions. In all cases, the proceeds were used according to the purpose specified.

As of November 3, 2005, the Fund had 67,708,571 Trust Units, 248,482 non-escrowed Exchangeable Shares and 353,614 escrowed Exchangeable Shares outstanding. Exchangeable Shares held in escrow will be released over the next three years under the terms of two escrow agreements. Exchangeable Shares are not eligible for distributions until they are exchanged for Trust Units at the discretion of the holder. The exchange rate was initially one Trust Unit for each Exchangeable Share. The exchange rate increases with each distribution by an amount equal to the per unit distribution divided by the 10-day weighted average trading price of the Trust Units preceding the record date for that distribution. As of September 30, 2005, the exchange rate was 1.42010 Trust Units for each Exchangeable Share.

CONTRACTUAL OBLIGATIONS

(000s)	Total	Payments Due by Period			
		Less than 1 Year	1-3 Years	4-5 Years	After 5 Years
Long term debt principal ¹	\$ 202,923	\$ -	\$ 202,923	\$ -	\$ -
Operating leases	9,951	1,682	4,181	4,088	-
Pipeline transportation	3,728	1,144	2,289	295	-
Total obligations	\$ 216,602	\$ 2,826	\$ 209,393	\$ 4,383	\$ -

¹ Assumes that the revolving credit line is not renewed in April 2006.

Shiningbank has on-going capital commitments in the ordinary course of business for development drilling, equipment and facilities. These are funded through a combination of cash flow, debt financing and periodic equity financing.

IMPACT OF NEW ACCOUNTING POLICIES

NON-CONTROLLING INTEREST

On March 8, 2005 and effective for second quarter 2005, the Emerging Issues Committee of the Canadian Institute of Chartered Accountants amended its position on the reporting of exchangeable securities issued by subsidiaries of income trusts. The amendment states that exchangeable securities issued by a subsidiary of an income trust should be reflected as either non-controlling interest or debt on the consolidated balance sheet unless they meet certain criteria. Shiningbank's Exchangeable Shares meet the specified criteria and therefore, the current treatment of reporting exchangeable securities as equity on the balance sheet continues to be appropriate.

CRITICAL ACCOUNTING ESTIMATES

The Fund makes numerous accounting estimates in its financial statements in order to provide timely information to users. A critical accounting estimate is one that requires management to make assumptions about matters that are highly uncertain at the time the estimate is made and, if a different estimate was used, financial results would be materially different. The following estimates are considered critical:

RESERVES

The Fund must estimate its reserves. Reserves are evaluated and reported on annually by independent petroleum reserve evaluators who use various subjective factors and assumptions, including forecasts of costs based on geological and engineering data, projected future rates of production, and timing and amounts of future development costs. Although reserves are estimated, management believes the estimates are reasonable based on information available at the time the estimates were prepared. Management, the Fund's internal engineers, and the Environmental, Corporate Governance and Reserve Review Committee of the Board of Directors of Shiningbank Energy Ltd. all review the estimates reported by the independent reserve evaluators.

As new information becomes available, changes are made to the reserve estimates and future development cost estimates. Historically, the Fund has had no significant changes to these estimates, with the exception of adjusting reserves for acquisitions and divestitures and the results of new drilling. Future actual results could vary greatly from the estimates made, resulting in material changes to the depletion calculation and the asset impairment test.

ASSET RETIREMENT OBLIGATION

The Fund's estimated asset retirement obligation is based on estimated timing and costs to abandon and restore properties.

See selected accompanying notes to the interim financial statements

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the periods ended September 30, 2005 and 2004

1. SIGNIFICANT ACCOUNTING POLICIES

The interim consolidated financial statements of Shiningbank Energy Income Fund (“Shiningbank” or the “Fund”) have been prepared by management in accordance with Canadian generally accepted accounting principles and follow the same accounting principles and methods of computation as the audited annual consolidated financial statements for the year ended December 31, 2004 unless otherwise disclosed. The disclosures provided below are incremental to those included with the audited annual consolidated financial statements. The interim consolidated financial statements should be read in conjunction with the audited annual consolidated financial statements and the notes thereto contained in the Fund’s 2004 annual report.

2. LONG TERM DEBT

Shiningbank Energy Ltd. (the “Corporation”) has a \$330 million revolving credit facility with a syndicate of Canadian chartered banks of which \$202.9 million was drawn at September 30, 2005. The revolving period extends to April 27, 2006. If the revolving facility is not renewed on that date, it will revert to a two year term with principal payments commencing on July 28, 2006. The facility is secured by a \$600 million floating charge debenture on all assets of the Corporation together with supporting debentures and guarantees from operating subsidiaries and affiliates. Borrowings under the facility bear interest at an annual rate ranging from the banks’ prime rate to the banks’ prime rate plus 0.95%, depending on the Fund’s total debt to cash flow ratio, or, at the Corporation’s option, the bankers’ acceptance rate plus a stamping fee.

3. FIXED ASSETS

a) Acquisition of Outlook Energy Corp.

Effective June 21, 2005, the Corporation acquired the issued and outstanding common shares of Outlook Energy Corp. (“Outlook”) for \$31.4 million. The acquisition was accounted for by the purchase method and the results of operations of Outlook are included in the accounts from the closing date. The following allocation of net assets acquired is a preliminary calculation which is subject to change with regards to closing adjustments and other items.

Cash consideration	\$ 31,210
Related fees and expenses	150
Cost of acquisition	\$ 31,360
Working capital deficiency	\$ (496)
Future income taxes	(7,800)
Asset retirement obligation	(806)
Goodwill	7,601
Petroleum and natural gas properties and equipment	32,861
Total consideration	\$ 31,360

(b) Acquisition of Blizzard Energy Inc.

Effective August 2, 2005, the Corporation acquired Blizzard Energy Inc. ("Blizzard") pursuant to a Plan of Arrangement for \$225.5 million. The acquisition was accounted for by the purchase method and the results of operations of Blizzard are included in the accounts from the closing date. The following allocation of net assets acquired is a preliminary calculation which is subject to change with regards to closing adjustments and other items.

Fair value of Shiningbank Trust Units	\$ 177,816
Cash consideration	46,600
Related fees and expenses	1,059
Cost of acquisition	\$ 225,475
Working capital deficiency	\$ (44,252)
Future income taxes	(51,500)
Asset retirement obligation	(2,802)
Goodwill	43,789
Petroleum and natural gas properties and equipment	280,240
Total consideration	\$ 225,475

4. TRUST UNITS**(a) Authorized**

300,000,000 Trust Units

(b) Issued

	Number	Amount (000s)
Balance, December 31, 2004	54,140,619	\$ 706,954
Issued on acquisition (note 3)	8,837,793	177,816
Issued for cash	4,100,000	100,245
Issued on exercise of rights	307,734	3,930
Issued for cash under Distribution Reinvestment Plan	269,142	5,961
Issued on conversion of Exchangeable Shares	21,156	218
Less: Commissions and issue costs		(5,372)
Transfer from contributed surplus on exercise of rights		496
Balance, September 30, 2005	67,676,444	\$ 990,248

(c) Exchangeable Shares¹

	Number	Amount (000s)
Balance, December 31, 2004	263,482	\$ 7,019
Conversion of Exchangeable Shares	(15,000)	(218)
Amortization of deferred portion		1,104
Balance, September 30, 2005	248,482	\$ 7,905
Exchange ratio, September 30, 2005	1.42010	
Trust Units issuable upon conversion of non-escrowed shares	352,869	
Trust Units issuable upon conversion of 353,614 escrowed shares	502,167	
Total Trust Units issuable upon conversion of all shares	855,036	

¹ The Exchangeable Shares are non-transferable.

(d) Trust Unit Rights Incentive Plan

At September 30, 2005, there were 1,896,667 (2004 – 1,451,668) rights outstanding, of which 537,500 (2004 – 465,001) were exercisable at a weighted average exercise price of \$13.16 (2004 – \$13.55).

	Number	Weighted Average Exercise Price
Balance, December 31, 2004	1,396,901	\$ 14.74
Granted	847,500	21.63
Exercised	(307,734)	12.77
Forfeited	(40,000)	19.76
Balance before reduction of exercise price	1,896,667	\$ 18.03
Reduction of exercise price		(0.96)
Balance, September 30, 2005	1,896,667	\$ 17.07

The following table summarizes information about the outstanding and exercisable rights at September 30, 2005:

Range of Exercise Prices	Rights Outstanding			Rights Exercisable	
	Number Outstanding at September 30, 2005	Weighted Average Remaining Contractual Life (Years)	Weighted Average Exercise Price	Number Exercisable at September 30, 2005	Weighted Average Exercise Price
\$9.00 to \$13.99	574,168	6.6	\$ 11.92	166,668	\$ 11.05
\$14.00 to \$19.99	504,999	8.4	\$ 16.73	352,499	\$ 13.90
\$20.00 to \$25.00	817,500	9.3	\$ 20.89	18,333	\$ 18.05
\$9.00 to \$25.00	1,896,667	8.2	\$ 17.07	537,500	\$ 13.16

Shiningbank recorded Trust Unit incentive compensation expense of \$1,865,000 for the nine months ended September 30, 2005 (2004 – \$930,000) and \$643,000 for the quarter (2004 – \$328,000) for rights issued between 2003 and 2005, and which vested in 2005.

During the first nine months of 2005, \$496,000 (2004 – \$419,000) of contributed surplus was transferred to Trust Unit equity in respect of rights exercised during the period. For the third quarter, \$88,000 (2004 – \$208,000) was transferred.

The following table reconciles the movement in the contributed surplus balance:

Contributed surplus	Amount (000s)
Balance, December 31, 2004	\$ 1,416
Trust Unit incentive compensation	1,865
Net benefit on rights exercised ¹	(496)
Balance, September 30, 2005	\$ 2,785

¹ Upon exercise, the net benefit is reflected as a reduction of contributed surplus and an increase to Unitholders' capital.

The \$4.0 million fair value of the 847,500 rights issued during the first nine months of 2005 (\$400,000 fair value of the 80,000 rights issued during the third quarter) was estimated using a Black-Scholes option-pricing model with the following assumptions: risk-free interest rate of 3.78 to 4.21% (3.78 to 3.94% for the third quarter), volatility of 60%, life of 10 years, and a distribution yield rate of 10% representing the difference between the anticipated distribution and the anticipated reduction in the exercise price. Users are cautioned that the assumptions made are estimates of future events and actual results could differ materially from those estimated.

For rights issued in 2002, Shiningbank has elected to disclose the pro forma effect as if the amended accounting standard had been adopted January 1, 2002. The rights granted on January 1, 2002 became fully vested on January 1, 2005 and therefore, no Trust Unit incentive compensation expense related to those rights would have been recorded during the quarter. For the nine months ended September 30, 2004, Shiningbank's net income would have decreased by \$381,000 (\$127,000 for the quarter) due to additional Trust Unit incentive compensation expense related to those rights. As a result of the additional expense, net earnings per Trust Unit for the nine months ended September 30, 2004 would have been \$0.98 (\$0.96 diluted), as compared to the \$0.99 (\$0.97 diluted) previously reported. Third quarter 2004 net earnings per Trust Unit would have been \$0.29, basic and diluted, as compared to the \$0.30 (\$0.29 diluted) previously reported.

(e) Per Trust Unit amounts

For the nine months ended September 30, 2005, the weighted average number of Trust Units and non-escrowed Exchangeable Shares outstanding was 56,797,492 (2004 – 51,470,271) and for the three months ended September 30, 2005 was 60,895,421 (2004 – 53,876,524). In computing diluted net earnings per Trust Unit, the dilutive effect of Trust Unit rights and escrowed Exchangeable Shares added 811,028 Trust Units (2004 – 1,113,160) for the nine months ended September 30, 2005 and 848,169 (2004 – 1,096,461) for the three months ended September 30, 2005 to the weighted average number of Trust Units outstanding.

5. OTHER CASH FLOW DISCLOSURES

(000s)	Three months ended September 30,		Nine months ended September 30,

**NEWS RELEASE
 FOR IMMEDIATE RELEASE**

Shiningbank Energy announces February 2006 monthly distribution

Shiningbank Energy Income Fund (the "Fund") today announced that its cash distribution for February 2006 will be **C\$0.30 per unit**. This is the third consecutive month of the \$0.30 per unit payment, which reflects an increase of 30% from the previous distribution of \$0.23 per unit. **The distribution is payable on February 15, 2006 to unitholders of record on January 31, 2006. The ex-distribution date is January 27, 2006.**

The distribution is reflective of stable production performance and strength in natural gas prices. Future distributions, as always, are subject to change as dictated by commodity prices, operations and future business development.

Shiningbank Energy Income Fund is a natural gas focused energy trust founded in 1996. The Fund purchases, develops and operates producing properties for the direct benefit of its unitholders. Shiningbank has one of the highest weightings of natural gas production in the energy trust sector at 78%.

Shiningbank is listed on the Toronto Stock Exchange under the symbol SHN.UN. For further information please visit our website, www.shiningbank.com or contact us at:

**NEWS RELEASE
FOR IMMEDIATE RELEASE**

**Shiningbank Energy announces January 2006 monthly distribution
and an expanded capital program**

Shiningbank Energy Income Fund (the "Fund") today announced that its cash distribution for January 2006 will be **C\$0.30 per unit**. This is the second consecutive month of the \$0.30 per unit payment, which reflects an increase of 30% from the previous distribution of \$0.23 per unit. **The distribution is payable on January 15, 2006 to unitholders of record on December 31, 2005. The ex-distribution date is December 28, 2005.**

The distribution is reflective of stable production performance and continued strength in natural gas prices. Future distributions, as always, are subject to change as dictated by commodity prices, operations and future business development.

Shiningbank is also pleased to announce a \$90 million capital program for 2006. The expanded program will target natural gas developmental drilling opportunities in the following key areas: Sousa, Ferrier, Grande Prairie and Monias.

Shiningbank Energy Income Fund is a natural gas focused energy trust founded in 1996. The Fund purchases, develops and operates producing properties for the direct benefit of its unitholders. Shiningbank has one of the highest weightings of natural gas production in the energy trust sector at 78%.

Shiningbank Energy Announces Corporate Appointments

Mr. David Fitzpatrick, President and C.E.O., is pleased to announce the appointments of Gregory Moore to Chief Operating Officer and Bruce Thornhill to Vice President, Geology. Both these appointments reflect Shiningbank's expanding operations and development activities.

Mr. Moore has been with Shiningbank since its inception in 1996. He is a graduate of Acadia University and Nova Scotia Technical College in Chemical Engineering. Greg has over 30 years experience working with senior and junior companies in both Canada and Australia. Greg remains Vice President, Operations with this change reflecting the growing responsibilities of his position with Shiningbank.

Mr. Thornhill joined Shiningbank in 2004 as Manager of Development Geology. He is a graduate of Memorial University of Newfoundland with a Bachelor of Science degree in Geology. Bruce has 25 years of experience in development and exploration geology with extensive knowledge of Alberta, and off-shore exploration experience in eastern Canada.

Shiningbank Energy Income Fund is a natural gas focused energy trust founded in 1996. The Fund purchases, develops and operates producing properties for the direct benefit of its unitholders. Shiningbank has one of the highest weightings of natural gas production in the energy trust sector at 78%.

**NEWS RELEASE
FOR IMMEDIATE RELEASE**

**SHININGBANK ENERGY ANNOUNCES 2005
CANADIAN INCOME TAX INFORMATION**

Shiningbank Energy Income Fund (the "Fund") today announced that distributions to unitholders in 2005 were **84.41% taxable and 15.59% tax deferred**. A total of \$2.83 per unit was distributed from January to December of 2005.

Unitholders holding their investment in a Registered Retirement Savings Plan, Registered Retirement Income Fund, Registered Education Savings Plan or Deferred Profit Sharing Plan should not report any distribution income on their 2005 income tax return.

Unitholders holding their units outside such plans will receive a "T3 Supplementary" slip from the Fund's Trustee, Computershare Trust Company of Canada, if their units are held in registered form, or from their broker if the units are held in a brokerage account. The deadline for mailing all T3 Supplementary slips to unitholders is March 31, 2006.

The taxable portion of distributions received should be recorded as "Other Income" on the 2005 income tax return in accordance with the following table. Amounts received, which were not considered taxable are used to reduce the adjusted cost base (ACB) of the units for calculating capital gains or losses upon disposition of the units.

<u>Record Date</u>	<u>Payment Date</u>	<u>Distribution (\$ per unit)</u>	<u>Taxable Income (\$ per unit)</u>	<u>ACB Reduction (\$ per unit)</u>
December 31, 2004	January 15, 2005	\$0.23	\$0.1941	\$0.0359

Dear Sirs:

Subject: Shiningbank Energy Income Fund (the "Fund")

We advise the following with respect to the upcoming Meeting of Unitholders for the subject Fund:

1.	Meeting Type	:	Annual General & Special Meeting
2.	Security Description of Voting Issue	:	Trust Units
3.	CUSIP Number	:	824916100
4.	ISIN	:	CA 8249161008
5.	Record Date	:	March 20, 2006
6.	Meeting Date	:	May 16, 2006
7.	Meeting Location	:	Calgary, AB

We are providing this confirmation to you in our capacity as agent for the Fund.

Yours truly,

COMPUTERSHARE TRUST COMPANY OF CANADA

("Signed by")

Jodie Hansen
 Assistant Trust Officer
 Corporate Trust
 Ph: (403) 267-6889

**NEWS RELEASE
FOR IMMEDIATE RELEASE**

Shiningbank Energy Announces 2005 Reserve Information

Shiningbank Energy Income Fund (the "Fund" or "Shiningbank"), today announced the results of its December 31, 2005 independent reserves evaluation. The evaluation was conducted by Paddock Lindstrom & Associates Ltd. ("PLA") effective December 31, 2005 and prepared in accordance with National Instrument 51-101 – Standards of Disclosure for Oil and Gas Activities ("NI 51-101").

2005 HIGHLIGHTS

- Increased proved plus probable reserves by 16% and proved reserves by 11% through acquisition and development in 2005;
- Proved producing reserves constitute 86% of total proved reserves and total proved reserves equate to 64% of total proved plus probable reserves;
- Shiningbank replaced 260% of 2005 production with new reserves acquired or developed in the year, bringing cumulative replacement to 273% of production over the life of the Fund; and
- On the basis of proved plus probable reserves:
 - Finding and development costs for the year aggregated \$11.10 per barrel of oil equivalent ("boe") bringing the three year average finding and development costs to \$9.66/boe.
 - New reserves were acquired at an average cost of \$23.74 per boe. Three year average acquisition costs are \$15.37 per boe;
 - Total acquisition and development costs were \$19.36 per boe for 2005 and the three year average was \$13.77 per boe;
 - The recycle ratio for 2005, based on an operating netback of \$35.86 per boe was 1.9 to 1; and
 - The Fund's reserve life index ("RLI") stands at 9.7 years based on estimated 2006 production. Shiningbank's RLI has fluctuated between 9.7 and 10.1 years over the past five years.

The following tables summarize the independent reserve estimates and values at December 31, 2005:

Summary of Oil and Gas Reserves - Forecast Prices and Costs

	Reserves (Company Interest) ⁽²⁾				
	Oil (mdbl)	Natural Gas (bcf)	NGL (mdbl)	2005 Oil Equivalent (mboe) ⁽¹⁾	2004 Oil Equivalent (mboe) ⁽¹⁾
Proved

Production	(856)	(34.0)	(1,096)	(7,620)
December 31, 2005	7,451	373.5	11,857	81,558

Notes to tables:

1. Barrel of oil equivalent (boe) volumes are reported at 6:1 with 6 mcf = 1 bbl. The 6:1 conversion ratio is based on an energy equivalency conversion method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead. While it is useful for comparative measures, it may not accurately reflect individual product values and may be misleading if used in isolation.
2. Company interest includes working interest plus royalty interests attributable to the Fund.
3. The present value of reserves is net of estimated future capital expenditures, royalty burdens, operating costs and abandonment costs, but prior to any provision for general and administrative expenses. It should not be assumed that present value is representative of the fair market value of the assets. Present value is based on PLA's escalated price forecast as of December 31, 2005, which assumes a base 2006 oil price of US\$60.00/bbl and an Alberta natural gas reference price of C\$10.30/mmbtu.

Finding, Development and Acquisition ("FD&A") Costs

Under NI 51-101, the methodology to be used to calculate FD&A costs includes changes in future development costs. For completeness, Shiningbank has presented these costs both including and excluding such costs. The following table sets out the finding and development costs, acquisition costs and aggregate FD&A costs for the year for both proved and proved plus probable reserves together with comparative figures for prior years and the three year average costs.

Proved plus probable	2005	2004	2003	Three year costs
Finding and development cost				
Development expenditures (000s)	\$ 81,772	\$ 56,339	\$ 22,931	\$ 161,042
Change in future development costs (000s)	\$ 67,332	\$ (13,230)	\$ (5,854)	\$ 48,248
Reserve additions from development (mboe)	7,369	5,746	3,552	16,667

**NEWS RELEASE
FOR IMMEDIATE RELEASE**

Shiningbank Energy Announces 2005 Financial Results

Shiningbank Energy Income Fund (the "Fund" or "Shiningbank"), today announced its financial results for the year ended December 31, 2005.

2005 HIGHLIGHTS

- Production volumes increased by 5% over 2004 to average 20,876 boe/d of which 74% was natural gas. Fourth quarter production averaged 23,288 boe/d, up 12% from fourth quarter 2004.
- Production increases were mainly due to the 2005 drilling development program and the acquisition of Blizzard Energy Inc. in fourth quarter 2005.
- Revenues increased by 36% in 2005 to \$419.7 million, as a result of higher commodity prices and production volumes.
- Net earnings before income taxes increased by 104% to \$107.5 million from \$52.6 million in 2004.
- Net earnings after income taxes decreased by 18% to \$114.2 million from \$138.8 million due to a \$74.8 million one-time recovery of future income taxes related to a corporate restructuring recorded in the fourth quarter of 2004. This had no effect on funds flow or distributions.
- Funds flow from operations increased 45% in 2005 to \$252.8 million, up from \$174.9 million in 2004.
- Fourth quarter distributions totaling \$61.4 million resulted in a payout ratio of 65% in the quarter and 72% for the year.
- Strong commodity prices in 2005, resulted in record operating netbacks of \$35.86 per boe for the year.
- The Fund's balance sheet ended the year in very healthy condition with a debt to annual funds flow ratio of 0.8 to 1.
- **Investors' pre-tax total return for 2005 amounted to 49%, comprised of a 14% cash-on-cash distribution yield and a 35% increase in unit price.**

The following discussion and analysis of the operating and financial results of Shiningbank Energy Income Fund ("Shiningbank" or the "Fund") is for the three months and year ended December 31, 2005. This information is provided as of February 28, 2006. The fourth quarter and year-end results have been compared with the corresponding periods in 2004. Certain comparative figures have been restated to reflect the accounting changes described in note 3 to the consolidated financial statements. This discussion and analysis should be read in conjunction with the Fund's audited consolidated financial statements for the years ended December 31, 2005 and 2004, together with the accompanying notes. These financial statements and additional information about the Fund are available on SEDAR at www.sedar.com.

NON-GAAP MEASURES

Management believes that funds flow and operating netbacks are useful supplemental measures. All references to funds flow throughout this discussion and analysis are based on funds flow from operations, which management uses to analyze operating performance and leverage. Funds flow as presented is not intended to represent operating cash flow or operating profits, nor should it be viewed as an alternative to cash flow from operating activities, net earnings or other measures of financial performance calculated in accordance with Canadian generally accepted accounting principles ("GAAP"). The Fund considers funds flow a key measure of performance as it demonstrates the Fund's ability to generate the cash flow necessary to fund future distributions and capital investments and repay indebtedness. Operating netback, which is calculated as average unit sales price less royalties, transportation costs and operating costs, represents the cash margin for product sold, calculated on a boe basis. The Fund considers operating netback a key measure as it indicates the relative performance of crude oil and natural gas assets. Funds flow and operating netback as presented do not have any standardized meanings prescribed by Canadian GAAP and therefore may not be comparable with the calculations of similar measures for other entities.

FORWARD-LOOKING STATEMENTS

This discussion and analysis contains forward-looking statements relating to future events. In some cases, forward-looking statements can be identified by such words as “anticipate”, “continue”, “estimate”, “expect”, “may”, “will”, “project”, “should”, “believe” or similar expressions. These statements represent management’s best projections, but undue reliance should not be placed upon them as they are derived from numerous assumptions. These assumptions are subject to known and unknown risks and uncertainties, including the business risks discussed in this discussion and analysis and in the Annual Information Form, which may cause actual performance and financial results to differ materially from any projections of future performance or results expressed or implied by such forward-looking statements. Accordingly, readers are cautioned that events or circumstances could cause results to differ materially from those predicted.

BARREL OF OIL EQUIVALENT

Barrel of oil equivalent (boe) volumes are reported at 6:1 with 6 mcf = 1 bbl. The 6:1 boe conversion ratio is based on an energy equivalency conversion method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead. While it is useful for comparative measures, it may not accurately reflect individual product values and may be misleading if used in isolation.

REPORTING CURRENCY

All figures are in Canadian dollars unless otherwise noted.

RESULTS OF OPERATIONS

PRODUCTION VOLUMES

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Oil (bbl/d)	2,421	2,502	(3)	2,346	2,381	(1)
Natural gas (mmcf/d)	106.4	90.4	18	93.2	86.6	8
Natural gas liquids (bbl/d)	3,133	3,259	(4)	3,003	3,125	(4)
Oil equivalent (boe/d)	23,288	20,833	12	20,876	19,933	5
Natural gas % of production	76%	72%	4	74%	72%	2

Daily production for the fourth quarter averaged 23,288 boe/d, up 12% from the same period last year. 2005 daily production averaged 20,876 boe/d, 5% higher than in 2004. Natural gas accounted for all of the volume increases, while oil and NGL production declined slightly in both periods due to natural declines and the Fund’s emphasis on natural gas.

The growth in natural gas volumes resulted from two corporate acquisitions: the Blizzard Energy Inc. (“Blizzard”) acquisition for \$269.3 million, including \$43.9 million in working capital deficiency, which closed August 2, 2005; and the \$31.9 million purchase of Outlook Energy Corp. (“Outlook”) which closed June 21, 2005. The combined purchases contributed 18% to fourth quarter 2005 production and 9% to 2005 production. These acquisitions were partially offset by the natural declines of producing properties, which are estimated to average 15% per year. Additional production volumes from drilling activities, originally anticipated to be on-stream in late 2005, did not materialize due to delays caused by weather and regulatory backlogs. Production for 2006 is anticipated to average 22,500 to 23,000 boe/d.

PRICING - INCLUDING HEDGING ACTIVITY

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Average Prices - Including Hedging						
Oil (\$/bbl)	\$ 64.48	\$ 42.61	51	\$ 61.78	\$ 43.14	43
Natural gas (\$/mcf)	\$ 11.70	\$ 7.20	63	\$ 9.13	\$ 7.06	29
Natural gas liquids (\$/bbl)	\$ 54.83	\$ 43.70	25	\$ 50.42	\$ 40.24	25
Oil equivalent (\$/boe)	\$ 67.52	\$ 43.23	56	\$ 54.96	\$ 42.14	30
Benchmark Prices						
WTI (US\$/bbl)	\$ 60.02	\$ 48.28	24	\$ 56.56	\$ 41.40	37
AECO natural gas (Cdn\$/mcf)	\$ 11.68	\$ 7.08	65	\$ 8.48	\$ 6.79	25

Natural Gas

Shiningbank's realized natural gas prices averaged \$11.70/mcf for the quarter, 63% higher than fourth quarter 2004. For the full year, the average price was up 29% at \$9.13/mcf. Hedging decreased the realized gas price by \$0.36/mcf for the quarter and \$0.15/mcf for the year. This compares with a 2004 hedging loss of \$0.11/mcf for the quarter and \$0.07/mcf for the year. Shiningbank has historically received a premium gas price to AECO benchmark monthly prices, but this was reduced in the fourth quarter due to a reduction in daily versus monthly index gas prices in November. This variation is not expected to continue into 2006 but could occur again in periods of rapidly weakening daily prices. Benchmark futures prices remain high with prices for the rest of 2006 averaging over \$7.00/mcf.

Oil and Natural Gas Liquids

Realized oil prices for the quarter averaged \$64.48/bbl, up 51% from fourth quarter 2004. Realized oil prices for the year were \$61.78/bbl, 43% higher than in 2004. Hedging reduced the realized price by \$1.13/bbl for the quarter and \$1.08/bbl for the year, compared with 2004 hedging losses of \$8.36/bbl for the quarter and \$5.46/bbl for the year.

The benchmark West Texas Intermediate ("WTI") price averaged 24% higher for the fourth quarter and 37% higher for the year than the comparable periods in 2004. Oil prices are expected to remain high in US dollar terms, with many analysts expecting WTI to average over US\$60.00/bbl in 2006. Benchmark futures prices for the rest of 2006 at the time of writing were over US\$65.00/bbl.

NGL prices were also strong reflecting high oil prices. The quarterly average NGL price was 25% higher than in fourth quarter 2004 at \$54.83/bbl, and 25% higher for the full year at an average \$50.42/bbl. Shiningbank's NGL prices typically average approximately 80% of Edmonton par oil prices. In fourth quarter 2005, the Fund's NGL prices averaged 84%, slightly higher than usual due to a strong market in November.

Hedging

Shiningbank maintains an active hedging program designed to reduce the variability of funds flow and stabilize distributions. Under the Fund's hedging policy, not more than one-half of production volumes of any commodity can be hedged at any one time. Gains and losses from hedging activities are typically recorded when they are realized and are included in oil and natural gas sales unless a particular hedge is considered ineffective. During 2005, the Fund hedged an average of 17% of total gas production (26% - 2004) and 30% of total oil production (39% - 2004). Currently, Shiningbank has the following hedging contracts in place:

Period	Commodity	Volume	Price
November 1, 2005 – March 31, 2006	Gas	5,000 GJ/d	\$7.50/GJ floor \$12.00/GJ ceiling
November 1, 2005 – March 31, 2006	Gas	5,000 GJ/d	\$10.00/GJ floor \$15.15/GJ ceiling
April 1, 2006 – October 31, 2006	Gas	5,000 GJ/d	\$7.50/GJ floor \$12.00/GJ ceiling
January 1, 2006 – June 30, 2006	Oil	500 bbl/d	US\$55.00/bbl floor US\$89.00/bbl ceiling
July 1, 2006 – December 31, 2006	Oil	500 bbl/d	US\$55.00/bbl floor US\$89.10/bbl ceiling

REVENUES

(000s)	Three months ended December 31,				Year ended December 31,			
	2005	% of Revenue	2004	% of Revenue	2005	% of Revenue	2004	% of Revenue
Oil	\$ 14,613	10	\$ 11,731	14	\$ 53,830	13	\$ 42,352	14
Natural gas	118,031	82	60,850	74	315,448	75	226,040	74
Natural gas liquids	15,803	11	13,102	15	55,260	13	46,019	15
Other income (loss)	(121)	-	(398)	-	916	-	91	-
Gas hedging	(3,536)	(3)	(909)	(1)	(4,860)	(1)	(2,229)	(1)
Oil hedging	(251)	-	(1,923)	(2)	(931)	-	(4,759)	(2)
	\$ 144,539	100	\$ 82,453	100	\$ 419,663	100	\$ 307,514	100

The accompanying table demonstrates the net effect of price and volume variances on revenues.

Sales Variance Analysis (Including Hedging Activity)

(000s)	Three months ended December 31,		Year ended December 31,	
	2005/2004		2005/2004	
Oil and natural gas liquids				
Volume decrease	\$ (825)		\$ (2,571)	
Price increase	8,080		27,118	
Net increase	\$ 7,255		\$ 24,547	
Natural gas				
Volume increase	\$ 10,585		\$ 16,396	
Price increase	43,969		70,381	
Net increase	\$ 54,554		\$ 86,777	

ROYALTIES

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Total royalties, net (000s)	\$ 29,154	\$ 19,159	52	\$ 88,078	\$ 63,930	38
As a % of revenue	20.2%	23.2%	(13)	21.0%	20.8%	1
Per boe	\$ 13.61	\$ 10.00	36	\$ 11.56	\$ 8.76	32

Royalty expense consists of royalties paid to provincial governments, freehold landowners and overriding royalty owners. The royalty rate was slightly higher in 2005 mainly due to a one-time credit received in the third quarter of 2004 relating to 2003 Crown royalties. Increasing production from the Sousa area, where the Fund has lower royalty rates, slightly reduced the overall rate in the fourth quarter and should reduce rates in 2006. The Fund expects royalty rates to average 21.5% for 2006.

TRANSPORTATION COSTS

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Transportation costs (000s)	\$ 1,662	\$ 1,186	40	\$ 5,304	\$ 5,550	(4)
Per boe	\$ 0.78	\$ 0.62	26	\$ 0.70	\$ 0.76	(8)

On a boe basis, fourth quarter transportation costs increased 26% from 2004 as a result of prior quarter adjustments flowing through fourth quarter 2005. The 8% year over year decrease resulted from lower pricing and the termination of certain unutilized transportation service commitments early in 2005. These terminations did not impact the Fund's ability to market its production. Transportation costs are expected to average \$0.80/boe in 2006.

OPERATING COSTS

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Operating costs (000s)	\$ 13,290	\$ 11,465	16	\$ 53,045	\$ 48,692	9
Per boe	\$ 6.20	\$ 5.98	4	\$ 6.96	\$ 6.67	4

Operating costs on a boe basis increased 4% from 2004 for both periods due to higher field and plant maintenance costs in most areas, and extra costs associated with flooding in southern Alberta during the second quarter. This was partially offset by the incorporation of the Blizzard properties which have lower operating costs. Operating costs are expected to average \$7.25/boe in 2006.

OPERATING NETBACKS

(\$/boe)	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Natural Gas Wells						
Oil and natural gas sales	\$ 69.34	\$ 44.46	56	\$ 55.14	\$ 42.89	29
Hedging loss	(1.81)	(1.22)	48	(0.74)	(0.78)	(5)
Royalties	(13.64)	(10.09)	35	(11.52)	(8.83)	30
Transportation costs	(0.82)	(0.64)	28	(0.74)	(0.79)	(6)
Operating costs	(5.98)	(5.59)	7	(6.43)	(6.29)	2
Operating netbacks	\$ 47.09	\$ 26.92	75	\$ 35.71	\$ 26.20	36
Oil Wells						
Oil and natural gas sales	\$ 68.67	\$ 49.85	38	\$ 61.99	\$ 47.10	32
Hedging loss	(1.28)	(7.54)	(83)	(1.03)	(4.45)	(77)
Royalties	(13.26)	(8.07)	64	(11.95)	(7.55)	58
Transportation costs	(0.17)	(0.15)	13	(0.17)	(0.16)	6
Operating costs	(8.95)	(14.29)	(37)	(12.78)	(14.15)	(10)
Operating netbacks	\$ 45.01	\$ 19.80	127	\$ 36.06	\$ 20.79	73
All Wells						
Oil and natural gas sales	\$ 69.29	\$ 44.71	55	\$ 55.72	\$ 43.10	29
Hedging loss	(1.77)	(1.48)	20	(0.76)	(0.96)	(21)
Other income (loss)	(0.06)	(0.21)	(71)	0.12	0.01	1,100
Royalties	(13.61)	(10.00)	36	(11.56)	(8.76)	32
Transportation costs	(0.78)	(0.62)	26	(0.70)	(0.76)	(8)
Operating costs	(6.20)	(5.98)	4	(6.96)	(6.67)	4
Operating netbacks	\$ 46.87	\$ 26.42	77	\$ 35.86	\$ 25.96	38

Total operating netback increased 77% quarter over quarter and 38% year over year due mainly to higher commodity prices. This was partially offset by higher royalty and operating costs.

GENERAL AND ADMINISTRATIVE COSTS

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
General and administrative costs (000s)	\$ 4,216	\$ 1,686	150	\$ 10,244	\$ 6,681	53
Per boe	\$ 1.97	\$ 0.88	124	\$ 1.34	\$ 0.92	46
Per average Trust Unit	\$ 0.06	\$ 0.03	100	\$ 0.17	\$ 0.13	31

General and administrative costs on a boe basis increased 124% from fourth quarter 2004 and 46% year over year. These increases were due to higher activity levels related to acquisitions and development activities, increasing costs due to additional regulatory requirements and significant pressure on salary

and benefit costs in a very competitive environment for staff. At year end, Shiningbank had 55 full-time employees and 25 full-time and part-time consultants at its head office. Field and production staff consisted of three production superintendents, 17 full-time employees and 52 contract operators. Costs of field and production staff are included in operating costs. General and administrative costs for 2006 are expected to trend upward to approximately \$1.40/boe.

INTEREST ON LONG TERM DEBT

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Interest on long term debt (000s)	\$ 2,031	\$ 1,759	15	\$ 8,423	\$ 6,159	37
Per boe	\$ 0.95	\$ 0.92	3	\$ 1.11	\$ 0.84	32
Per average Trust Unit	\$ 0.03	\$ 0.03	-	\$ 0.14	\$ 0.12	17

Interest expense per average Trust Unit remained consistent with fourth quarter 2004 and increased 17% for the year due to higher debt levels resulting from the funding of acquisitions and capital expenditures. Shiningbank is currently in compliance with all external debt covenants. All of Shiningbank's debt is floating rate bank debt. Interest expense in 2006 is expected to be approximately \$1.25/boe due to higher projected debt levels and interest rates.

DEPLETION, DEPRECIATION AND ACCRETION

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Depletion, depreciation and accretion (000s)	\$ 43,915	\$ 32,035	37	\$ 142,370	\$ 118,547	20
Per boe	\$ 20.50	\$ 16.71	23	\$ 18.68	\$ 16.25	15

Depletion, depreciation and accretion per boe rose 23% for the fourth quarter and 15% year over year. These increases were primarily related to the effect of the acquisitions in 2004 and 2005.

TRUST UNIT INCENTIVE COMPENSATION

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Trust Unit incentive compensation (000s)	\$ 641	\$ 333	92	\$ 2,506	\$ 1,263	98
Per boe	\$ 0.30	\$ 0.17	76	\$ 0.33	\$ 0.17	94

During 2005, eight new issues aggregating 847,500 Trust Unit rights were granted (2004 – six issues aggregating 580,000). No new issues were granted during the fourth quarter (2004 – one issue aggregating 15,000). The fair value of rights issued was determined using a Black-Scholes model and will be brought into income over the vesting period of the rights. The total fourth quarter 2005 expense of \$641,000 (2004 - \$333,000) represented the fair value of rights issued during 2003 through to 2005 and which vested in fourth quarter 2005. During the year, the total expense was \$2.5 million (2004 - \$1.3 million). All of these costs are “non-cash” costs and are not deducted in determining distributions to unitholders.

INTERNALIZATION OF MANAGEMENT CONTRACT

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Internalization of management contract (000s)	\$ 205	\$ 1,307	(84)	\$ 1,309	\$ 3,511	(63)
Per boe	\$ 0.10	\$ 0.68	(85)	\$ 0.17	\$ 0.48	(65)

Effective October 9, 2002, the Fund internalized its management by acquiring all of the shares of Shiningbank Energy Management Inc., the former manager of the Fund. Prior to the acquisition, the Fund paid a fee equal to 3.25% of net operating income, a fee equal to 1.5% of the purchase price of acquisitions and a quarterly scheduled dividend in accordance with the terms of a management agreement. The acquisition eliminated all future fees and dividends.

Of the total purchase price of \$20.6 million, \$11.0 million was deferred, representing Exchangeable Shares subject to escrow provisions which are being amortized into income over specific vesting periods through 2007. During fourth quarter 2005, \$205,000 (2004 - \$1.3 million) was expensed, representing the amortization of these escrowed Exchangeable Shares. During the year, \$1.3 million was expensed (2004 - \$3.5 million).

TAXES

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Capital and large corporation taxes (000s)	\$ 89	\$ (451)	(120)	\$ 885	\$ 574	54
Future income tax recovery (000s)	\$ (749)	\$ (74,064)	(99)	\$ (6,737)	\$ (86,199)	(92)
Per boe	\$ (0.31)	\$ (38.88)	(99)	\$ (0.76)	\$ (11.74)	(94)

The Fund is obligated to pay provincial capital taxes and federal large corporations tax in its operating entities. Under the Fund's structure, payments are made between Shiningbank Energy Ltd. and the Fund. These payments provide the mechanism for transferring income to unitholders along with tax benefits and future tax liabilities. Current income taxes are not presently payable by the Fund or its operating entities.

During fourth quarter 2004, the Fund changed its organizational structure to take advantage of certain tax attributes of a partnership acquired through the acquisition of Birchill Resources Limited ("Birchill"). The change eliminated future income taxes payable within the Fund on income earned from the Birchill assets by taking advantage of the tax flow-through structure of the acquired partnership.

As a result of the Fund's restructuring, a reduction in future income taxes was credited to income in the fourth quarter of 2004 in accordance with Canadian GAAP. This increased earnings for 2004 by \$78.4 million, or \$1.50 per Trust Unit (\$1.47 diluted). Net earnings were also affected by increased depletion charges as future income taxes were recorded in the cost of the assets at the time of the Birchill acquisition. This additional depletion reduced 2004 earnings by \$8.1 million, or \$0.15 per Trust Unit, basic and diluted. The costs of the restructuring were included in general and administrative costs in fourth quarter 2004.

NET EARNINGS

The following table sets out changes in net earnings before and after income taxes.

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Net earnings before income taxes (000s)	\$ 49,336	\$ 13,974	253	\$ 107,499	\$ 52,607	104
Per Trust Unit - basic	\$ 0.72	\$ 0.26	177	\$ 1.80	\$ 1.01	78
Per Trust Unit - diluted	\$ 0.71	\$ 0.25	184	\$ 1.77	\$ 0.99	79
Net earnings after income taxes (000s)	\$ 50,085	\$ 88,038	(43)	\$ 114,236	\$ 138,806	(18)
Per Trust Unit - basic	\$ 0.73	\$ 1.62	(55)	\$ 1.91	\$ 2.66	(28)
Per Trust Unit - diluted	\$ 0.72	\$ 1.60	(55)	\$ 1.88	\$ 2.61	(28)

DISTRIBUTIONS TO UNITHOLDERS

(000s except per Trust Unit amounts)	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Funds flow from operations	\$ 94,181	\$ 47,220	99	\$ 252,764	\$ 174,878	45
Capital expenditures	(31,350)	(13,323)	135	(81,772)	(56,339)	45
Asset retirement expenditures	(619)	(208)	198	(1,497)	(684)	119
Working capital adjustments	(821)	3,701	(122)	12,771	28,505	(55)
Distributions to unitholders	\$ 61,391	\$ 37,390	64	\$ 182,266	\$ 146,360	25
Distributions per Trust Unit	\$ 0.90	\$ 0.69	30	\$ 2.97	\$ 2.76	8
Trust Units outstanding, end of period	68,186	54,141	26	68,186	54,141	26
Payout ratio	65%	79%		72%	84%	

Total distributions to unitholders increased 64% for the fourth quarter and 25% for full-year 2005. Both increases were attributable to improved funds flow due to large gains in commodity pricing. The increase in the number of Trust Units outstanding and larger deductions for capital expenditures offset the higher funds flow. The Fund paid out 65% of its funds flow for fourth quarter 2005, and 72% for full-year 2005. Total accumulated Trust Unit distributions were \$690.2 million.

On a per Trust Unit basis, distributions increased 30% for fourth quarter 2005 to \$0.30 per Trust Unit from \$0.23 per Trust Unit which had been paid since June 2003. This increase reflected stable production performance and continued strength in natural gas prices. Future distributions are subject to change as dictated by commodity prices, operations and future business development.

FUNDS FLOW FROM OPERATIONS

The following table reconciles a non-GAAP measure, funds flow from operations, to the nearest GAAP measure, cash flow from operating activities.

(000s except per Trust Unit amounts)	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Cash flow from operating activities	\$ 81,319	\$ 41,829	94	\$ 205,470	\$ 152,903	34
Change in non-cash working capital	12,243	5,183	136	45,797	21,291	115
Asset retirement expenditures	619	208	198	1,497	684	119
Funds flow from operations	\$ 94,181	\$ 47,220	99	\$ 252,764	\$ 174,878	45

2006 Funds Flow Sensitivities

The estimated sensitivity of funds flow to important variables is shown in the table below.

	(\$000s)	Per Trust Unit
US \$1 per bbl	\$ 1,500	\$ 0.02
Cdn \$0.25 per mcf	\$ 8,200	\$ 0.12
US \$0.01 exchange	\$ 970	\$ 0.01
100 bbl/d	\$ 2,500	\$ 0.03
1 mmcf/d	\$ 3,600	\$ 0.06
1% prime rate	\$ 2,000	\$ 0.03

INCOME TAX INFORMATION

In 2005, 84.41% of cash distributions paid by the Fund were required to be included in the income of unitholders. The remaining 15.59% reduced each unitholder's adjusted cost base ("ACB") for income tax purposes. A summary of cash distributions paid in 2005 and the implications for Canadian taxpayers are shown below.

Record Date	Payment Date	Distribution ¹ (\$ per Trust Unit)	Taxable Income (\$ per Trust Unit)	ACB Reduction (\$ per Trust Unit)
December 31, 2004	January 15, 2005	\$ 0.23	\$ 0.1941	\$ 0.0359
January 31, 2005	February 15, 2005	0.23	0.1941	0.0359
February 28, 2005	March 15, 2005	0.23	0.1941	0.0359
March 31, 2005	April 15, 2005	0.23	0.1941	0.0359
April 30, 2005	May 15, 2005	0.23	0.1941	0.0359
May 31, 2005	June 15, 2005	0.23	0.1941	0.0359
June 30, 2005	July 15, 2005	0.23	0.1941	0.0359
July 31, 2005	August 15, 2005	0.23	0.1941	0.0359
August 31, 2005	September 15, 2005	0.23	0.1941	0.0359
September 30, 2005	October 15, 2005	0.23	0.1941	0.0359
October 31, 2005	November 15, 2005	0.23	0.1941	0.0359
November 30, 2005	December 15, 2005	0.30	0.2532	0.0468
Total		\$ 2.83	\$ 2.3883	\$ 0.4417

¹ Distributions for income tax purposes are based on cash received during 2005 rather than accrual-based income reported elsewhere in this report.

For US unitholders, 86.79% of distributions were taxable in 2005. Unitholders in both Canada and the US should consult tax advisors as to the proper treatment of Shiningbank distributions for income tax purposes.

ANNUAL FINANCIAL INFORMATION

(000s except per Trust Unit amounts)	2005	2004	2003
			Restated
Oil and natural gas sales	\$ 419,663	\$ 307,514	\$ 247,207
Net earnings before income taxes	107,499	52,607	51,232
Per Trust Unit – basic	1.80	1.01	1.23
Per Trust Unit – diluted	1.77	0.99	1.21
Net earnings after income taxes	114,236	138,806	63,954
Per Trust Unit – basic	1.91	2.66	1.54
Per Trust Unit – diluted	1.88	2.61	1.51
Total assets	1,169,580	826,797	614,149
Total long term debt	199,129	182,147	121,691
Property acquisitions	28,389	2,615	156,829
Corporate acquisitions	256,859	177,067	-
Capital expenditures	81,772	56,339	22,931
Funds flow from operations	252,764	174,878	136,038
Per weighted average Trust Unit	4.23	3.35	3.27
Distributions to unitholders	182,266	146,360	122,287
Per Trust Unit	2.97	2.76	2.85
Payout ratio	72%	84%	90%
Trust Units outstanding	68,186	54,141	44,343
Weighted average	59,711	52,209	41,595

Shiningbank's growth has been driven by acquisitions. In 2003, the Fund completed a major acquisition of properties at Ferrier/O'Chiese. In 2004, the Fund completed the large corporate acquisition of Birchill and a much smaller corporate acquisition of Good Ridge Explorations Ltd. In 2005, the Fund completed the major corporate acquisitions of Blizzard and Outlook. Such acquisitions add to production volumes, revenues, earnings and assets. Revenues and earnings are also greatly affected by commodity prices, particularly natural gas prices as 74% of the Fund's 2005 production was natural gas. With such a high weighting to natural gas, the Fund's revenues and earnings closely track changes in natural gas pricing.

In 2003, substantial production growth through acquisitions and a rebound in oil and gas prices boosted revenues and earnings. In 2004 and again in 2005, the same combination of acquisition-driven production growth and high commodity prices led to improved revenues and funds flow. Earnings

increased as a percentage of revenue in 2004 through the recovery of future income taxes related to the Fund's internal restructuring.

QUARTERLY FINANCIAL INFORMATION

(000s except per Trust Unit amounts)	December 31, 2005	September 30, 2005	June 30, 2005	March 31, 2005
Oil and natural gas sales	\$ 144,539	\$ 111,763	\$ 83,222	\$ 80,139

Quarterly fluctuations primarily result from production increases due to acquisitions, volumes added through the Fund's development drilling program and realized commodity prices which can be extremely volatile.

Volume increases occurred through the acquisition of Birchill in second quarter 2004, the acquisition of Outlook in second quarter 2005 and again with the acquisition of Blizzard in third quarter 2005. The Fund's development drilling program strives to replace natural declines on the production base, with results affected by such factors as field conditions, availability of drilling and production equipment and drilling success. Shiningbank's drilling success rate in 2005 was 98%.

Natural gas prices remained strong through the past eight quarters with a sharp increase in third quarter 2005. Oil prices increased substantially in late 2004 and continued to rise in 2005. Distributions per Trust Unit increased 30% in fourth quarter 2005 to \$0.30 from \$0.23 based on stable production volumes and high commodity prices, particularly for natural gas. The increase in funds flow from higher commodity prices was used to fund capital expenditures and to pay distributions on a greater number of Trust Units outstanding.

COSTS OF ACQUISITIONS AND DEVELOPMENT

During second quarter 2005, Shiningbank acquired all the outstanding shares of Outlook for \$31.9 million. In its largest acquisition to date, Shiningbank acquired all the outstanding shares of Blizzard pursuant to a Plan of Arrangement for \$269.3 million, including \$43.9 million in working capital deficiency, during third quarter 2005.

A total of \$31.4 million was spent on drilling and new facilities during the fourth quarter (\$13.3 million in 2004) and \$81.8 million for the full year (\$56.3 million in 2004). Funds flow funded all of the fourth quarter capital expenditures and \$70.5 million of the full year expenditures, with the balance funded by proceeds from the Fund's Distribution Reinvestment Plan of \$8.3 million and bank debt drawdown of \$3.0 million.

A total of 104 wells (32.9 net) were drilled in 2005, 91 (28.2 net) of which were successful gas wells, 11 (4.5 net) were successful oil wells and two (0.2 net) were dry and abandoned. In addition, Shiningbank farmed-out an additional 33 wells resulting in 23 successful wells in which Shiningbank retained royalty or working interests at no cost to the Fund.

In 2006, the Fund plans to spend approximately \$90 million on drilling, new facilities and maintenance capital. This will be funded through a combination of funds flow and debt financing.

NET ASSET VALUE

(000s except per Trust Unit amounts)	Discount factor

¹ The present value of reserves is calculated based on the reserves estimates and price forecast prepared by Paddock Lindstrom & Associates Ltd. in their December 31, 2005 evaluation.

LIQUIDITY AND CAPITAL RESOURCES

Shiningbank's ability to grow depends on access to bank lines of credit and periodic issues of new equity to fund acquisitions. Smaller acquisitions through the course of a year may be funded by a combination of bank debt, funds flow and proceeds from the Fund's Distribution Reinvestment Plan. Equity is issued to fund single large acquisitions, or to pay down bank debt accumulated following a number of smaller acquisitions. When the proceeds of an equity issue are greater than acquisition costs, the excess is used to reduce bank debt.

Since the Fund's initial public offering in 1996, 12 public equity issues have been completed, all in conjunction with a major acquisition. These acquisitions and strong commodity prices have led to steady accretion in value to unitholders. While the issue of new equity has the potential to dilute existing unitholders, over time, that has not been the case. This is evident in the growth of the Net Asset Value ("NAV") per unit. At the inception of the Fund, the NAV was \$9.43 per unit, discounted at 10%. At the end of 2005, the NAV per unit was \$20.00, discounted at 10%, despite payment of over \$22 per unit in distributions over nine years. That level of per unit growth indicates that unitholders have not been diluted.

LONG TERM DEBT

The Fund has a \$330 million revolving credit facility with a syndicate of Canadian chartered banks of which \$199.1 million was drawn at December 31, 2005. This facility was increased from \$250 million on August 2, 2005 as a result of the Blizzard acquisition. The revolving period extends to April 27, 2006, at

which time the facility, unless renewed, reverts to a two-year term with principal payments, if necessary, commencing on July 28, 2006. The facility is secured by a \$600 million floating charge debenture on all assets of Shiningbank together with supporting debentures and guarantees from the Fund's material

subsidiaries and affiliates. Borrowings under the facility bear interest at an annual rate ranging from the banks' prime rate to the banks' prime rate plus 0.95%, depending on the Fund's total debt to funds flow ratio or, at Shiningbank's option, the bankers' acceptance rate plus a stamping fee. The Fund's total debt to funds flow ratio at year end was 0.5:1 based on fourth quarter annualized funds flow.

UNITHOLDERS' EQUITY

On August 2, 2005, the Fund issued 8,837,793 Trust Units at \$20.12 each to Blizzard shareholders as part of the Blizzard acquisition. On September 28, 2005, the Fund issued 4,100,000 Trust Units at \$24.45 to repay bank indebtedness incurred in connection with the Blizzard and Outlook acquisitions. An additional 128,023 Trust Units were issued during the fourth quarter (704,899 full-year 2005) under the Trust Unit Rights Incentive Plan and the Distribution Reinvestment Plan.

When equity is raised in a public equity issue, the intended use of proceeds is specified in the related prospectus. Each major equity issue has been undertaken to acquire properties or to reduce debt incurred from prior acquisitions. In all cases, the proceeds were used according to the purpose specified.

As of February 28, 2006, the Fund had 68,349,351 Trust Units, 184,326 non-escrowed Exchangeable Shares and 151,549 escrowed Exchangeable Shares outstanding. Exchangeable Shares held in escrow will be released over the next two years under the terms of an escrow agreement. Exchangeable Shares are not eligible for distributions until they are exchanged for Trust Units at the discretion of the holder. The exchange rate was initially one Trust Unit for each Exchangeable Share. The exchange rate increases with each distribution by an amount equal to the per unit distribution divided by the 10-day weighted average trading price of the Trust Units preceding the record date for that distribution. As of December 31, 2005, the exchange rate was 1.44988 Trust Units for each Exchangeable Share.

FUTURE GROWTH

Shiningbank's growth is based on its ability to raise debt and equity capital in Canadian financial markets. The Fund examines acquisition opportunities and selects those it believes to be accretive for such parameters as funds flow, distributions, net asset value, production and reserves.

Acquisitions are typically made using the Fund's credit facilities. Periodically, new Trust Units are issued, and the proceeds are used to pay down debt accumulated from previous acquisitions.

If the Canadian equity or debt markets were unable to satisfy Shiningbank's funding needs, it would impair the Fund's ability to continue to replace production and maintain distributions. The Fund has lines of credit held by six Canadian chartered banks, which provide sufficient debt capital to complete all but the largest acquisitions. However, Shiningbank's governing documents restrict debt levels to 40% of the value of its properties, and debt service costs are not to exceed 30% of the projected annual funds flow.

CONTRACTUAL OBLIGATIONS

(000s)	Total	Payments Due by Period				After 5 Years
		Less than 1 Year	1 - 3 Years	4 - 5 Years		
Long term debt principal ¹	\$ 199,129	\$ -	\$ 199,129	\$ -	\$ -	-
Operating leases	11,131	1,790	4,994	4,347	-	-
Pipeline transportation	3,442	1,144	2,289	9	-	-
Total obligations	\$ 213,702	\$ 2,934	\$ 206,412	\$ 4,356	\$ -	-

¹ Assumes that the revolving credit facility is not renewed in April 2006.

Shiningbank has on-going capital commitments in the ordinary course of business for development drilling, equipment and facilities. These are funded through a combination of funds flow, debt financing and periodic equity financing.

IMPACT OF NEW ACCOUNTING POLICIES

NON-CONTROLLING INTEREST

On March 8, 2005 and effective for second quarter 2005, the Emerging Issues Committee of the Canadian Institute of Chartered Accountants amended its position on the reporting of exchangeable securities issued by subsidiaries of income trusts. The amendment states that exchangeable securities issued by a subsidiary of an income trust should be reflected as either non-controlling interest or debt on the consolidated balance sheet unless they meet certain criteria. Shiningbank's Exchangeable Shares meet the specified criteria and therefore, the current treatment of reporting exchangeable securities as equity on the balance sheet continues to be appropriate.

CRITICAL ACCOUNTING ESTIMATES

The Fund makes numerous accounting estimates in its financial statements in order to provide timely information to users. A critical accounting estimate is one that requires management to make assumptions about matters that are highly uncertain at the time the estimate is made and, if a different estimate was used, financial results would be materially different. The following estimates are considered critical:

RESERVES

The Fund must estimate its oil and gas reserves. Reserves are evaluated and reported on annually by independent petroleum reserve evaluators who use various subjective factors and assumptions, including forecasts of costs based on geological and engineering data, projected future rates of production, and timing and amounts of future development costs. Although reserves are estimated, management believes the estimates are reasonable based on information available at the time the estimates were prepared. Management, the Fund's internal engineers, and the Environmental, Corporate Governance and Reserve Review Committee of the Board of Directors of Shiningbank Energy Ltd. all review the estimates reported by the independent reserve evaluators.

As new information becomes available, changes are made to the reserve estimates and future development cost estimates. Historically, the Fund has had no significant changes to these estimates, with the exception of adjusting reserves for acquisitions and divestitures and the results of new drilling. Future actual results could vary greatly from the estimates made, resulting in material changes to the depletion calculation and the asset impairment test.

ASSET RETIREMENT OBLIGATION

The Fund's estimated asset retirement obligation is based on estimated timing and costs to abandon and restore properties.

FINANCIAL REPORTING

During 2004 and 2005, there were some changes to financial reporting and regulatory requirements. The most important changes for Shiningbank are described below.

Asset Retirement Obligations

Effective January 1, 2004, Shiningbank adopted CICA handbook section 3110, "Asset Retirement Obligations." The standard requires the recognition and measurement of liabilities related to legal obligations to retire property, plant and equipment upon acquisition of the liability. The initial liability must be measured at fair value and subsequently adjusted for the accretion of discount and changes in the fair value. The asset retirement cost is capitalized and depleted into earnings over time.

Hedging Relationships

Effective January 1, 2004, the Fund adopted Accounting Guideline 13, "Hedging Relationships" which establishes standards for the documentation and effectiveness of hedging relationships for the purposes of applying hedge accounting. The adoption of this standard had no effect on the Fund's financial results.

RELATED PARTY TRANSACTIONS

During 2005, Shiningbank paid \$1.0 million for legal services (2004 - \$1.1 million) provided by a firm in which a current director is a partner, \$29,000 of which was outstanding at December 31, 2005. These payments were made in the normal course of operations, on commercial terms, and therefore were recorded at the exchange amount.

BUSINESS RISKS

Shiningbank is faced with a number of business risks that are inherent in the oil and gas business, and which can have a material impact on distributions to unitholders. To mitigate these risks, the Fund employs policies and procedures in its day-to-day operations and in its longer-term planning. These risk factors include, but are not limited to, the following influences:

MARKET RISKS

Commodity Prices

The primary risk to funds flow and therefore, distributions, is fluctuations in oil and gas prices. With Shiningbank's production weighted heavily to natural gas, changes in natural gas markets and pricing are the primary driver behind the level of distributions.

To mitigate price risk, the Fund actively manages the sales of its production to optimize pricing. The Fund has an active hedging program through which management attempts to minimize the effect of

commodity price drops in the short run, while retaining exposure to upward price changes. This is accomplished by use of simple hedging instruments, primarily “costless collars” and fixed price swaps.

Under the Fund's hedging policy, not more than 50% of production volumes can be hedged at any one time. Shiningbank's hedging practices are not designed to have a material impact on the medium- and long-term effects of commodity prices on distributions to unitholders. Unitholders remain exposed to price fluctuations over time. Hedging is employed only as a risk-management tool to stabilize short-term distributions, or to improve the economics of an acquisition, and not for speculation.

Interest Rates

Shiningbank is exposed to changes in interest rates, however, interest rates have significantly less of an impact on distributions than changes in commodity prices. The Fund's governing documents restrict debt levels to 40% of the value of its properties, and debt service costs are not to exceed 30% of the projected annual funds flow. All of Shiningbank's debt is currently exposed to short-term interest rate fluctuations.

Currency Rates

Exposure to currency exchange risk arises from the fact that prices for oil and, to a lesser degree natural gas, are determined in international markets, usually in US dollars. As a result, the amount received by Shiningbank may depend on the strength of the Canadian dollar versus the US dollar.

Shiningbank has the ability to hedge its currency exposure to manage currency fluctuations. The Fund currently has no hedges of this type in place.

ENVIRONMENTAL RISKS

Environmental laws and regulatory initiatives impact Shiningbank financially and operationally. The Fund may incur substantial capital and operating costs to comply with increasingly complex laws and regulations covering the protection of the environment and human health and safety. In particular, the Fund may be required to incur significant costs to comply with the 1997 Kyoto Protocol to the United Nations Framework Convention on Climate Change.

POLITICAL AND LEGAL RISKS

Shiningbank's activities are affected by the political and legal environment in which it operates. Some examples of these uncertainties include:

- Changes in securities regulations which could affect the Fund's ability to raise additional equity or debt capital or its cost structure related thereto;
- Changes in income tax laws which could affect either tax costs to the Fund or to its unitholders;
- Changes in provincial Crown royalty regulation and compliance; and,
- Changes in law that affect the price or ownership of oil and gas reserves and production.

OPERATING RISKS

Field Operations

Oil and gas production activities carry a number of inherent risks including production risks related to the ability to produce and process crude oil and natural gas from existing wells; the ability to develop or acquire sufficient quantities of crude oil and natural gas to replace production and maintain reserves; risks of environmental damage; and risks to the safety of its employees, contractors and the public.

To mitigate these risks, the Fund maintains financial flexibility to ensure its ability to operate efficiently in the field. The Fund employs skilled personnel, both in the field and in its head office, and ensures that they are equipped with efficient and effective tools and training. Shiningbank's strategy of operating a significant portion of its production provides greater control over operational factors, including ensuring properties are operated in accordance with its policy to minimize impacts on the environment.

Insurance coverage is maintained in order to minimize the impact of events that might cause substantial financial damage.

Reserve Replacement

As oil and gas reserves are produced, they naturally deplete over time. Shiningbank's ability to replace production depends on acquiring new reserves and developing existing reserves. Acquisition of oil and gas assets depends on the availability of economically desirable opportunities and on management's assessment of the value of the assets.

To mitigate these risks, the Fund subjects all potential prospects to stringent investment criteria, due diligence and review. All acquisitions over \$20 million require Board of Directors' review and approval.

Notes to the Consolidated Financial Statements

For the years ended December 31, 2005 and 2004

(Tabular amounts are in \$ thousands, except Trust Units and per Trust Unit amounts) (unaudited)

1. ORGANIZATION

Shiningbank Energy Income Fund (“Shiningbank” or the “Fund”) is an unincorporated open-end investment trust formed under the laws of the Province of Alberta pursuant to a trust indenture dated May 16, 1996 and subsequently amended. Operations commenced on July 1, 1996. The beneficiaries of the Fund are the holders (the “unitholders”) of trust units (the “Trust Units”).

The business of the Fund is carried on by Shiningbank Energy Ltd. (the “Corporation”) and Shiningbank Limited Partnership (“SLP”). The Fund owns, directly and indirectly, 100% of the common shares [excluding the Exchangeable Shares – see note 9 (c)] of the Corporation and 100% of the units of SLP. The activities of the Corporation and SLP are financed through interest bearing notes from the Fund and third party debt as described in the notes to the financial statements.

Pursuant to the terms of an agreement (the “Royalty Agreement”), the Fund is entitled to a payment from the Corporation and SLP each month equal to the amount by which 99% of the gross proceeds from the sale of production exceed 99% of certain deductible expenditures (as defined). Under the terms of the Royalty Agreement, deductible expenditures may include amounts, determined on a discretionary basis, to fund capital expenditures and to repay third party debt of the Corporation and SLP.

The Fund may declare payable to the unitholders all or any part of the net income of the Fund earned from interest income on the notes and from the income generated under the Royalty Agreement, less any expenses of the Fund.

On June 21, 2005, the Fund acquired all of the shares of Outlook Energy Corp. (“Outlook”) through the Corporation. On August 2, 2005, the Corporation acquired Blizzard Energy Inc. (“Blizzard”) pursuant to a Plan of Arrangement. Also on August 2, 2005, the Corporation, Outlook and Blizzard were amalgamated, continuing as Shiningbank Energy Ltd.

The trust indenture provides that 300,000,000 Trust Units may be issued. Each Trust Unit represents an equal fractional beneficial interest in any distributions from the Fund and in the net assets of the Fund on termination or winding up of the Fund. All Trust Units rank among themselves equally and rateably without discrimination, preference or priority. The trust indenture provides that Trust Units are redeemable at any time on demand by the unitholders at amounts as determined by a market price formula. The total amount payable by the Fund in respect of all Trust Units tendered for redemption, however, may not exceed \$100,000 in any calendar month.

2. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements have been prepared by management using Canadian generally accepted accounting principles. The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingencies at the date of the financial statements, and revenues and expenses during the reporting period. Actual results could differ from those estimated.

Significant items subject to such estimates and assumptions include the amounts recorded for depletion and depreciation of the petroleum and natural gas properties, accretion of discount on asset retirement obligations, and asset retirement expenditures which are based on estimates of reserves and future costs and the amounts recorded for Trust Unit incentive compensation which are based on the estimated fair

value of rights granted. By their nature, these estimates, and those related to future fund flows used to assess impairment, are subject to measurement uncertainty and the impact on the financial statements of future periods could be material.

(a) Principles of consolidation

These consolidated financial statements include the accounts of the Fund and its direct and indirect subsidiaries, including the Corporation, SLP, Shiningbank Operating Trust, Shiningbank Holdings Corporation (“SHC”) and 1130243 Alberta Inc.

(b) Fixed assets

The Fund follows the full cost method of accounting for petroleum and natural gas properties under which all acquisition and development costs are capitalized. Such costs include land acquisition, geological, geophysical and drilling costs for productive and non-productive wells and directly related overhead charges. Proceeds from the sale of petroleum and natural gas properties are applied against capitalized costs. Gains or losses upon disposition of such properties are not recognized unless the disposition would alter the depletion and depreciation rate by 20% or more.

The costs of fixed assets, plus a provision for future development costs of proved reserves, are depleted and depreciated using the unit-of-production method based on estimated total proved reserves volumes, before royalties, as determined by independent engineers. Proved reserves are converted to a common unit of measure on the basis of their approximate relative energy content. Other miscellaneous assets are depreciated on a declining balance basis at 20% per annum.

Oil and gas assets are evaluated annually to determine that the carrying amount in a cost centre is recoverable and does not exceed the fair value of the properties in the cost centre. The carrying amounts are assessed to be recoverable when the sum of the undiscounted fund flows expected from the production of proved reserves, the lower of cost and market of unproved properties excluded from the depletion base and the cost of major development projects, exceeds the carrying amount of the cost centre. When the carrying amount is in excess, and is therefore assessed as not recoverable, an impairment loss would be recognized to the extent that the carrying value of assets exceeds the sum of the discounted fund flows from the production of proved and probable reserves, the lower of cost and market of unproved properties and the cost of major development projects. The fund flows are estimated using expected future product prices and costs and are discounted using a risk-free interest rate [see note 5 (a)].

(c) Goodwill

Goodwill is recorded upon a corporate acquisition when the total purchase price exceeds the fair value of identifiable assets and liabilities of the acquired company. The goodwill balance is not amortized but instead is assessed for impairment annually or more frequently, if necessary. Impairment is determined based on the fair value of the reporting entity compared to the carrying or net book value of the reporting entity. Any impairment will be charged to earnings in the period in which the fair value of the reporting entity is below the carrying value.

(d) Asset retirement obligation

Shiningbank recognizes the fair value of an Asset Retirement Obligation (“ARO”) in the period in which it is incurred when a reasonable estimation of the fair value can be made. The fair value of the estimated ARO is recorded as a long-term liability, with a corresponding increase in the carrying value of the asset. In periods subsequent to initial measurement, the passage of time results in liability increases and the

amount of accretion is charged against current period income. The liability is also adjusted for revisions to previously used estimates.

(e) Income taxes

The Fund is a taxable trust under the Income Tax Act (Canada). Any taxable income is allocated to the unitholders and therefore no provision for income taxes relating to the Fund is included in these financial statements.

The Fund's corporate subsidiaries follow the tax liability method of accounting for income taxes. Under this method, income tax liabilities and assets are recognized for the estimated tax consequences attributable to differences between the amounts reported in the financial statements and their respective tax bases, using enacted income tax rates. The effect of a change in income tax rates on future income tax liabilities and assets is recognized in income in the period that the change occurs.

The Fund's corporate subsidiaries are taxable Canadian corporations and are liable for tax on income that they retain. The Corporation is also subject to capital taxes in jurisdictions where such taxes apply and these taxes are deducted from distributions to unitholders.

(f) Financial instruments

The Corporation from time to time employs financial instruments to manage exposures related to interest rates and commodity prices. These instruments are not used for speculative trading purposes. The Fund formally documents all relationships between hedging instruments and hedged items and assesses, both at the hedge's inception and on an ongoing basis, whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in fair values or fund flows of hedged items. Gains and losses on commodity price hedges are included in revenues upon the sale of related production provided there is reasonable assurance that the hedge is and will continue to be effective.

Realized and unrealized gains and losses associated with hedging instruments that have been terminated or cease to be effective prior to maturity, are deferred on the balance sheet and recognized in income in the period in which the underlying hedged transaction is recognized.

For transactions that do not qualify for hedge accounting, the Fund applies the fair value method of accounting by recording an asset or liability on the consolidated balance sheet and recognizing changes in the fair value of the instruments in the current period statement of earnings.

(g) Trust Unit Rights Incentive Plan

The Fund accounts for the Trust Unit Rights Incentive Plan using the fair value based method. Under this method, compensation costs attributed to the Trust Unit rights are measured at fair value at the grant date and recognized over the vesting period, with a corresponding increase to contributed surplus. Consideration paid by employees and directors of the Corporation on the exercise of Trust Unit rights under this plan is recorded in Trust Units equity upon receipt, along with the amount of non-cash Trust Unit incentive compensation expense recognized in contributed surplus.

(h) Joint ventures

Substantially all of the Fund's petroleum and natural gas activities are conducted jointly with others and, accordingly, these financial statements reflect only the Fund's proportionate interest in such activities.

(i) Per Trust Unit amounts

Basic net earnings per Trust Unit is computed by dividing net earnings by the weighted average number of Trust Units outstanding for the year. Diluted net earnings per Trust Unit amounts reflect the potential dilution that could occur if securities or other contracts to issue Trust Units were exercised or converted to Trust Units.

(j) Revenue recognition

Revenue from the sale of oil and natural gas is recognized when the product is delivered.

(k) Comparative figures

Comparative figures have been reclassified to conform to current year presentation.

3. CHANGE IN ACCOUNTING POLICIES

(a) Asset retirement obligation

Effective January 1, 2004, Shiningbank adopted Canadian Institute of Chartered Accountants handbook section 3110, “Asset Retirement Obligations.” The standard requires the recognition and measurement of liabilities related to legal obligations to retire property, plant and equipment upon acquisition of the liability. The initial liability must be measured at fair value and subsequently adjusted for the accretion of discount and changes in the fair value. The asset retirement cost is capitalized and depleted into earnings over time.

The estimated asset retirement obligation is based upon the Fund’s net ownership interest in each area, estimated costs to abandon and reclaim wells and facilities in the area, and the anticipated timing of such expenditures.

(b) Hedging relationships

Effective January 1, 2004, the Fund adopted Accounting Guideline 13, “Hedging Relationships” that establishes standards for the documentation and effectiveness of hedging relationships for the purposes of applying hedge accounting. The adoption of this standard had no effect on the Fund’s financial results.

4. CORPORATE ACQUISITIONS

(a) Acquisition of Blizzard Energy Inc.

Effective August 2, 2005, the Corporation acquired all the outstanding shares of Blizzard pursuant to a Plan of Arrangement for \$225.4 million. The acquisition was accounted for by the purchase method and the results of operations of Blizzard are included in the accounts from the closing date.

Fair value of 8,837,793 Shiningbank Trust Units	\$ 177,816
Cash consideration	46,600
Related fees and expenses	1,001
Cost of acquisition	\$ 225,417
Working capital deficiency	\$ (43,852)

Future income taxes	(49,400)
Asset retirement obligation	(2,802)
Goodwill	41,631
Petroleum and natural gas properties and equipment	280,240
Total consideration	\$ 225,417

(b) Acquisition of Outlook Energy Corp.

Effective June 21, 2005, the Corporation acquired all the outstanding shares of Outlook for \$31.4 million. The acquisition was accounted for by the purchase method and the results of operations of Outlook are included in the accounts from the closing date.

Cash consideration	\$ 31,210
Related fees and expenses	232
Cost of acquisition	\$ 31,442
Working capital deficiency	\$ (496)
Future income taxes	(7,900)
Asset retirement obligation	(806)
Goodwill	7,783
Petroleum and natural gas properties and equipment	32,861
Total consideration	\$ 31,442

(c) Acquisition of Birchill Resources Limited

Effective January 1, 2004, the Corporation acquired all the outstanding shares of Birchill Resources Limited (“Birchill”) for \$170.1 million. The transaction closed on March 8, 2004. The acquisition was accounted for by the purchase method and the results of operations of Birchill are included in the accounts from the closing date. Birchill and the Corporation were subsequently amalgamated.

Cash consideration	\$ 169,639

Asset retirement obligation	(147)
Goodwill	1,710
Petroleum and natural gas properties and equipment	7,025
Total consideration	\$ 6,965

5. FIXED ASSETS

(a) Ceiling test

The Fund performed a ceiling test calculation at December 31, 2005 to assess the recoverable value of fixed assets. Escalated future prices were obtained from third parties and adjusted for commodity differentials specific to the Fund. The following table summarizes the benchmark prices used in the ceiling test calculation. Based on these assumptions, the undiscounted value of future net revenues from proved reserves exceeded the carrying value of the Fund's fixed assets at December 31, 2005.

Year	Oil		Gas	
	WTI US\$/bbl	Edmonton Light CS/bbl	AECO CS/mmbtu	Alberta Reference CS/mmbtu
2006	\$ 60.00	\$ 69.57	\$ 10.54	\$ 10.30
2007	57.50	66.61	9.52	9.30
2008	55.00	63.64	8.32	8.13
2009	52.50	60.68	7.71	7.52
2010	50.00	57.72	7.10	6.90
2011	47.50	54.76	7.24	7.04
2012	48.45	55.85	7.39	7.18
2013	49.42	56.97	7.53	7.33
2014	50.41	58.11	7.68	7.47
2015	51.42	59.27	7.84	7.62
Thereafter	+ 2.0%/annum	+ 2.0%/annum	+ 2.0%/annum	+ 2.0%/annum

(b) Depletion

The Fund does not exclude any value for undeveloped land in the depletion calculation. The depletion calculation does include future development costs of \$57.2 million.

6. ASSET RETIREMENT OBLIGATION

Undiscounted expenditures totalling \$45.4 million are expected to be made over the next 30 - 40 years. The Fund's credit adjusted risk free rate of 7% and an inflation rate of 2% were used to calculate the present value of the obligation.

The Fund's asset retirement obligation is as follows:

	Year ended December 31, 2005	Year ended December 31, 2004
Carrying amount, beginning of year	\$ 30,242	\$ 26,524
Liability incurred during the year, net of dispositions and adjustments	(4,120)	(963)
Settlement of liability during the year	(1,497)	(684)
Acquisitions during the year	3,608	3,175
Accretion expense	2,115	2,190
Carrying amount, end of year	\$ 30,348	\$ 30,242

7. LONG TERM DEBT

The Corporation maintains a \$330 million revolving credit facility with a syndicate of Canadian chartered banks of which \$199.1 million was drawn at December 31, 2005. Borrowings under the credit facility bear interest at an annual rate ranging from the banks' prime rate to the banks' prime rate plus 0.95%, depending on the total debt to funds flow ratio, or, at the Corporation's option, the bankers' acceptance rate plus a stamping fee. The credit facility is secured by a \$600 million floating charge debenture on all assets of the Corporation together with supporting debentures and guarantees from the Fund's material subsidiaries and affiliates. The revolving period extends to April 27, 2006, at which time the credit facility, unless renewed, reverts to a two-year term with the principal payments, if necessary, commencing on July 28, 2006.

8. INCOME TAXES

The provision for income taxes in the financial statements differs from the result that would have been obtained by applying the combined federal and provincial tax rate to the earnings before income taxes. This difference results from the following items:

	2005	2004
Income before income tax	\$ 108,384	\$ 53,181
Combined federal and provincial tax rate	37.62%	38.62%
Expected tax	40,774	20,539
Increase (decrease) in income taxes resulting from:		
Non-deductible Crown charges	5,700	3,500
Other	833	2,901
Internalization of management contract	500	1,400
Internal restructuring	-	(78,400)
Change in tax rate	(100)	(3,100)
Resource allowance	(3,400)	(1,800)
Non-taxable portion of net income	(51,044)	(31,239)
Future income tax recovery	(6,737)	(86,199)
Capital and large corporation taxes	885	574
Income and capital taxes	\$ (5,852)	\$ (85,625)

The components of the future income tax liability for the Corporation and SHC at December 31, are as follows:

	2005	2004
Future income taxes:		
Oil and natural gas properties	\$ 101,729	\$ 49,151
Asset retirement obligation	(9,153)	(9,084)
Non-capital losses	(3,465)	(4,383)
Other	(5,282)	(2,418)
	<u>\$ 83,829</u>	<u>\$ 33,266</u>

The non-capital losses expire as follows: 2006 – \$4.3 million; 2007 – \$113,000; 2008 – \$4.7 million and 2009 - \$6.1 million.

For the entities not subject to tax, the net difference between the tax bases and the reported amount is \$107.5 million.

9. TRUST UNITS

(a) Authorized

300,000,000 Trust Units

(b) Issued

	2005		2004	
	Number	Amount	Number	Amount
Balance, beginning of year	54,140,619	\$ 706,954	44,343,415	\$ 550,267
Issued on acquisition [note 4 (a)]	8,837,793	177,816	-	-
Issued for cash	4,100,000	100,245	8,800,000	149,600
Issued on conversion of Exchangeable Shares	402,887	4,080	82,500	941
Issued for cash under Distribution Reinvestment Plan	355,498	8,302	296,538	5,846
Issued on exercise of rights	349,401	4,451	618,166	8,024
Less: Commissions and issue costs		(5,551)		(8,143)
Transfer from contributed surplus on exercise of rights		558		419
Balance, end of year	<u>68,186,198</u>	<u>\$ 996,855</u>	<u>54,140,619</u>	<u>\$ 706,954</u>

(c) Exchangeable Shares

On October 9, 2002, SHC issued 1,136,614 Exchangeable Shares in connection with the management internalization transaction (see note 12). The Exchangeable Shares are exchangeable, at the option of the holder, into Trust Units for no additional consideration. As at December 31, 2005, 151,549 (2004 - 353,614) Exchangeable Shares were held in escrow to be released over periods up to October 2007 under the terms of an escrow agreement. The number of Trust Units issuable upon conversion is based upon the exchange ratio in effect at the conversion date. The exchange ratio is adjusted by the distributions paid to unitholders divided by the 10-day weighted average unit price preceding the record date. The Exchangeable Shares are not eligible for distributions.

	2005		2004	
	Number	Amount	Number	Amount
Balance, beginning of year	263,482	\$ 7,019	126,290	\$ 5,267
Released from escrow	202,065	-	202,064	-
Conversion of Exchangeable Shares	(281,221)	(4,080)	(64,872)	(941)
Amortization of deferred portion		1,309		2,693
Balance, end of year	184,326	\$ 4,248	263,482	\$ 7,019
Exchange ratio, end of year	1.44988		1.32647	
Trust Units issuable upon conversion of non-escrowed shares	267,251		349,501	
Trust Units issuable upon conversion of 151,549 escrowed shares	219,728		469,058	
Total Trust Units issuable upon conversion of all shares	486,979		818,559	

(d) Trust Unit Rights Incentive Plan

Under Shiningbank's Trust Unit Rights Incentive Plan the initial exercise price of rights granted may not be less than the current market price of the Trust Units as of the date of grant and the maximum term of each right is not to exceed 10 years. The exercise price of the rights is to be adjusted downwards from time to time by the amount, if any, that distributions to unitholders in any calendar quarter exceed 2.5% (10% annually) of the Fund's consolidated net book value of fixed assets. A total of 3,995,692 Trust Units have been reserved for issuance under the plan, of which 3,002,297 rights had been issued as at December 31, 2005. At December 31, 2005, there were 1,855,000 (2004 - 1,396,901) rights outstanding, of which 500,833 (2004 - 395,234) were exercisable at a weighted average exercise price of \$12.84 (2004 - \$13.34). In January 2006, a further 844,000 Trust Unit rights were granted.

Rights	2005		2004	
	Number	Weighted Average Exercise Price	Number	Weighted Average Exercise Price
Balance, beginning of year	1,396,901	\$ 14.74	1,460,067	\$ 13.93
Granted	847,500	\$ 21.63	580,000	\$ 18.75
Forfeited	(40,000)	\$ 19.76	(25,000)	\$ 16.44
Exercised	(349,401)	\$ 12.74	(618,166)	\$ 12.98
Balance before reduction of exercise price	1,855,000	\$ 18.16	1,396,901	\$ 16.31
Reduction of exercise price		(1.42)		(1.57)
Balance, end of year	1,855,000	\$ 16.74	1,396,901	\$ 14.74

The following table summarizes information about Trust Unit rights outstanding and exercisable at December 31, 2005:

Range of Exercise Prices	Rights Outstanding		Rights Exercisable		
	Number Outstanding At 12/31/05	Weighted Average Remaining Contractual Life (Yrs)	Weighted Average Exercise Price	Number Exercisable At 12/31/05	Weighted Average Exercise Price
\$9.00 to \$13.99	542,501	6.4	\$ 11.55	372,501	\$ 11.66
\$14.00 to \$19.99	509,999	8.1	\$ 16.38	128,332	\$ 16.25
\$20.00 to \$24.50	802,500	9.1	\$ 20.49	-	\$ -
\$9.00 to \$24.50	1,855,000	8.0	\$ 16.74	500,833	\$ 12.84

Shiningbank recorded Trust Unit incentive compensation expense of \$2.5 million for the year ended December 31, 2005 (2004 – \$1.3 million) for rights issued between 2003 and 2005, and which vested in 2005. This expense is related to costs reported in general and administrative expenses on the statement of earnings and deficit.

The following table reconciles the movement in the contributed surplus balance:

Contributed surplus	2005	2004
Balance, beginning of year	\$ 1,416	\$ 572
Trust Unit incentive compensation	2,506	1,263
Net benefit on rights exercised ¹	(558)	(419)
Balance, end of year	\$ 3,364	\$ 1,416

¹ Upon exercise, the net benefit is reflected as a reduction of contributed surplus and an increase to unitholders' equity.

The \$4.0 million fair value of the 847,500 rights issued during the year (\$4.67 per right; 2004 - \$4.12 per right) was estimated using a Black-Scholes option-pricing model with the following assumptions: risk-free interest rates ranging from 3.8% to 4.2% (2004 – 4.3% to 4.8%), volatility of 60%, life of 10 years, and a dividend yield rate of 10% representing the difference between the anticipated distribution and the anticipated reduction in the strike price. Users are cautioned that the assumptions made are estimates of future events and actual results could differ materially from those estimated.

For rights issued in 2002, Shiningbank has elected to disclose the pro forma effect as if the amended accounting standard had been adopted January 1, 2002. The rights granted on January 1, 2002 fully vested on January 1, 2005 and therefore, no Trust Unit incentive compensation expense related to those rights would have been recorded during the year. For the year ended December 31, 2004, Shiningbank's net income would have decreased by \$508,000 (\$0.01 per basic and diluted Trust Unit) due to additional Trust Unit incentive compensation expense related to those rights.

(e) Distribution Reinvestment Plan

The Distribution Reinvestment and Optional Unit Purchase Plan ("DRIP") entitles eligible unitholders to purchase additional Trust Units by re-investing their cash distributions or by making additional optional cash payments of up to \$3,000 per quarter for the purchase of additional Trust Units. Trust Units are acquired on the open market at the prevailing market price or issued from treasury at the average market price over the last 10 days of trading. During 2005, 355,498 Trust Units were issued from treasury (2004 – 296,538) under the DRIP for proceeds of \$8.3 million (2004 - \$5.8 million).

(f) Per Trust Unit amounts

For the year ended December 31, 2005, the weighted average number of Trust Units and non-escrowed

Exchangeable Shares outstanding was 59,711,327 (2004 - 52,208,852). In computing diluted net earnings per Trust Unit, the dilutive effect of unit rights and escrowed Exchangeable Shares, added 965,690 Trust Units (2004 – 984,155) to the weighted average number of Trust Units outstanding.

10. OTHER CASH FLOW DISCLOSURES

	2005	2004
Change in non-cash operating working capital		
Corporate acquisitions <i>(note 4)</i>	\$ (44,348)	\$ (5,146)
Accounts receivable	(26,233)	(19,125)
Prepaid expenses	(2,276)	(1,841)
Accounts payable and accrued liabilities	27,060	4,821
	<u>\$ (45,797)</u>	<u>\$ (21,291)</u>
Change in non-cash financing working capital		
Distributions payable to unitholders	\$ 16,020	\$ 4,502
Change in non-cash investing working capital		
Accounts payable for capital accruals	\$ 11,004	\$ 4,720
Cash payments		
Cash payments made for taxes	\$ 772	\$ 1,231
Cash payments made for interest	\$ 8,474	\$ 6,023

11. FINANCIAL INSTRUMENTS

As at December 31, 2005, there are no significant differences between the carrying amounts and the fair value of accounts receivable, accounts payable, accrued liabilities, and Trust Unit distributions payable due to the short-term nature, or to long-term debt due to the floating interest rate. The Corporation is exposed to interest rate variance on the long term debt disclosed in the balance sheet. Gains and losses on commodity price hedges are included in revenues upon the sale of related production provided there is reasonable assurance that the hedge is and will continue to be effective.

Substantially all of the Fund's accounts receivable are due from customers in the oil and gas industry and are subject to the normal industry credit risks. The carrying value of accounts receivable reflects management's assessment of the associated credit risk. Substantially all derivative financial instruments are entered into with Canadian chartered banks in order to reduce credit risk.

At December 31, 2005, Shiningbank held certain derivative financial instruments which are not recognized on the consolidated balance sheets. The estimated market value at December 31, 2005, had the contracts been settled at that time, would have been a loss of \$239,000.

Period	Commodity	Volume	Price
November 1, 2005 – March 31, 2006	Gas	5,000 GJ/d	\$7.50 /GJ floor \$12.00/GJ ceiling
November 1, 2005 – March 31, 2006	Gas	5,000 GJ/d	\$10.00 /GJ floor \$15.15/GJ ceiling
April 1, 2006 – October 31, 2006	Gas	5,000 GJ/d	\$7.50 /GJ floor \$12.00/GJ ceiling
January 1, 2006 – June 30, 2006	Oil	500 bbl/d	US\$55.00/bbl floor US\$89.00/bbl ceiling

Subsequent to December 31, 2005, Shiningbank entered into an additional hedge contract.

Period	Commodity	Volume	Price
July 1, 2006 – December 31, 2006	Oil	500 bbl/d	US\$55.00/bbl floor US\$89.10/bbl ceiling

12. INTERNALIZATION OF MANAGEMENT CONTRACT

Effective October 9, 2002, the Fund acquired all of the outstanding shares of Shiningbank Energy Management Inc., the former manager of the Fund. Total consideration for the transaction consisted of a cash payment of \$2.9 million plus 1,136,614 Exchangeable Shares. Total consideration was reduced by \$1.8 million to provide for performance/retention bonuses to be paid to employees. During 2004, the remainder of this bonus pool, or \$817,000 was paid out in cash and expensed.

Total consideration:	
Cash	\$ 2,910
Exchangeable Shares issued	16,490
Costs associated with the transaction	1,195
Total purchase price	\$ 20,595

Prior to the acquisition, the Fund paid fees to the former manager of 3.25% of net operating income, a fee equal to 1.5% of the purchase price of acquisitions and a quarterly scheduled dividend in accordance with the terms of the management agreement. The acquisition resulted in the elimination of all fees and dividends under the management contract.

Exchangeable Shares in the amount of \$10.0 million were originally subject to escrow provisions and are being deferred and amortized into income as internalization of management contract expense over the specific vesting periods through 2007. For the year ending December 31, 2005, \$1.3 million (2004 - \$2.7 million) has been recorded as expense representing the amortization of these escrowed Exchangeable Shares.

13. COMMITMENTS AND CONTINGENCIES

The following is a summary of the Fund's contractual obligations and commitments as at December 31, 2005:

	Payments Due by Period				
	Total	Less than 1 Year	1 - 3 Years	4 - 5 Years	After 5 Years
Operating leases	\$ 11,131	\$ 1,790	\$ 4,994	\$ 4,347	\$ -
Pipeline transportation	3,442	1,144	2,289	9	-
Total obligations	\$ 14,573	\$ 2,934	\$ 7,283	\$ 4,356	\$ -

The Fund is involved in litigation and claims arising in the normal course of operations. Management is of the opinion that any resulting settlements would not materially affect the Fund's financial position or reported results of operations.

14. RELATED PARTY TRANSACTIONS

During 2005, Shiningbank paid \$1.0 million for legal services (2004 - \$1.1 million) provided by a firm in which a current director is a partner, \$29,000 of which was outstanding at December 31, 2005. These payments were made in the normal course of operations, on commercial terms, and therefore were recorded at the exchange amount.

Shiningbank Energy Income Fund is a natural gas focused energy trust founded in 1996. The Fund purchases, develops and operates producing properties for the direct benefit of its unitholders. Shiningbank has one of the highest weightings of natural gas production in the energy trust sector at 78%.

Shiningbank is listed on the Toronto Stock Exchange under the symbol SHN.UN. For further information please visit our website, www.shiningbank.com, or contact us at:

RE: Shiningbank Energy Income Fund

To the extent that securities legislation in some jurisdictions is ambiguous regarding certain matters set forth in NP 41-201, the undersigned hereby certifies as an officer of Shiningbank Energy Ltd. ("**SEL**"), administrator of Shiningbank Energy Income Fund (the "**Fund**"), and not in any personal capacity, that the Fund has complied with the undertaking given September 21, 2005, specifically:

1. in complying with its reporting issuer obligations, the Fund treats SEL and Shiningbank Limited Partnership ("**SLP**") as subsidiaries of the Fund; however, if generally accepted accounting principles prohibit the consolidation of financial information of SEL, SLP and the Fund, we expect that, for as long as SEL or SLP (and any of its significant business interests) represents a significant asset of the Fund, the Fund will provide unitholders with separate financial statements for SEL and SLP (and any of its significant business interests), as applicable; and
2. the Fund has taken appropriate measures to require each person who would be an insider of SEL or SLP if SEL or SLP were reporting issuers to file insider reports about trades in trust units of the Fund (including securities which are exchangeable into trust units of the Fund).

DATED this 3rd day of March, 2006.

SHININGBANK ENERGY INCOME FUND,
by its administrator Shiningbank Energy Ltd.

(signed) "David M. Fitzpatrick"

**NEWS RELEASE
FOR IMMEDIATE RELEASE**

Shiningbank Energy announces April 2006 monthly distribution

Shiningbank Energy Income Fund (the "Fund") today announced that its cash distribution for April 2006 will be **CS\$0.25 per unit**. **The distribution is payable on April 15, 2006 to unitholders of record on March 31, 2006. The ex-distribution date is March 29, 2006.** This represents a 12.4% annualized pre-tax cash-on-cash yield based on the March 16, 2006 closing price of \$24.29 per unit.

This distribution level reflects a reduction of \$0.05 per unit or 17% from the recent distribution level of \$0.30 per unit, paid for the last four months, and results from the significant weakening in natural gas prices since fourth quarter 2005. Canadian spot market natural gas prices have declined from over \$12 per mcf in late 2005 to current levels of under \$7 per mcf. Shiningbank's production volumes remain on target and early results from the Fund's winter drilling program are positive.

Shiningbank Energy Income Fund is a natural gas focused energy trust founded in 1996. The Fund purchases, develops and operates producing properties for the direct benefit of its unitholders. Shiningbank has one of the highest weightings of natural gas production in the energy trust sector at 76%.

Shiningbank is listed on the Toronto Stock Exchange under the symbol SHN.UN. For further information please visit our website, www.shiningbank.com or contact us at:

SHININGBANK
ENERGY INCOME FUND

Financial Report 2005

management's

For the three months and years ended December 31, 2005 and 2004

The following is management's discussion and analysis ("MD&A") of the operating and financial results of Shiningbank Energy Income Fund ("Shiningbank" or the "Fund") for the three months and year ended December 31, 2005. This information is provided as of February 28, 2006. The fourth quarter and year-end results have been compared with the corresponding periods in 2004. Certain comparative figures have been restated to reflect the accounting changes described in note 3 to the consolidated financial statements. This MD&A should be read in conjunction with the Fund's audited consolidated financial statements for the years ended December 31, 2005 and 2004, together with the accompanying notes. These financial statements and additional information about the Fund are available on SEDAR at www.sedar.com.

Management's Discussion and Analysis

ABILITY

discussion and analysis

Non-GAAP Measures

Management believes that funds flow and operating netbacks are useful supplemental measures. All references to funds flow throughout this MD&A are based on funds flow from operations, which management uses to analyze operating performance and leverage. Funds flow as presented is not intended to represent operating cash flow or operating profits, nor should it be viewed as an alternative to cash flow from operating activities, net earnings or other measures of financial performance calculated in accordance with Canadian generally accepted accounting principles ("GAAP"). The Fund considers funds flow a key measure of performance as it demonstrates the Fund's ability to generate the cash flow necessary to fund future distributions and capital investments and repay indebtedness. Operating netback, which is calculated as average unit sales price less royalties, transportation costs and operating costs, represent the cash margin for product sold, calculated on a boe basis. The Fund considers operating netback a key measure as it indicates the relative performance of crude oil and natural gas assets. Funds flow and operating netback as presented do not have any standardized meanings prescribed by Canadian GAAP and therefore may not be comparable with the calculations of similar measures for other entities.

Forward-Looking Statements

This MD&A contains forward-looking statements relating to future events. In some cases, forward-looking statements can be identified by such words as "anticipate", "continue", "estimate", "expect", "may", "will", "project", "should", "believe" or similar expressions. These statements represent management's best projections, but undue reliance should not be placed upon them as they are derived from numerous assumptions. These assumptions are subject to known and unknown risks and uncertainties, including the business risks discussed in this MD&A and in the Annual Information Form, which may cause actual performance and financial results to differ materially from any projections of future performance or results expressed or implied by such forward-looking statements. Accordingly, readers are cautioned that events or circumstances could cause results to differ materially from those predicted.

Barrel of Oil Equivalent

Barrel of oil equivalent (boe) volumes are reported at 6:1 with 6 mcf = 1 bbl. The 6:1 boe conversion ratio is based on an energy equivalency conversion method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead. While it is useful for comparative measures, it may not accurately reflect individual product values and may be misleading if used in isolation.

Reporting Currency

All figures are in Canadian dollars unless otherwise noted.

49% total return in 2005 •

\$7.66 growth in unit price •

\$2.97 cash distributions •

Total return includes cash distributions and growth in the unit price. See page 26 for how to calculate total return.

Total Return 2005

Results of Operations

Production Volumes

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Oil (bbl/d)	2,421	2,502	(3)	2,346	2,381	(1)
Natural gas (mmcf/d)	106.4	90.4	18	93.2	86.6	8
Natural gas liquids (bbl/d)	3,133	3,259	(4)	3,003	3,125	(4)
Oil equivalent (boe/d)	23,288	20,833	12	20,876	19,933	5
Natural gas % of production	76%	72%	4	74%	72%	2

Daily production for the fourth quarter averaged 23,288 boe/d, up 12% from the same period last year. 2005 daily production averaged 20,876 boe/d, 5% higher than in 2004. Natural gas accounted for all of the volume increases, while oil and NGL production declined slightly in both periods due to natural declines and the Fund's emphasis on natural gas.

The growth in natural gas volumes resulted from two corporate acquisitions: the Blizzard Energy Inc. ("Blizzard") acquisition for \$269.3 million, including \$43.9 million in working capital deficiency, which closed August 2, 2005; and the \$31.9 million purchase of Outlook Energy Corp. ("Outlook") which closed June 21, 2005. The combined purchases contributed 18% to fourth quarter 2005 production and 9% to 2005 production. These acquisitions were partially offset by the natural declines of producing properties, which are estimated to average 15% per year. Additional production volumes from drilling activities, originally anticipated to be onstream in late 2005, did not materialize due to delays caused by weather and regulatory backlogs. Production for 2006 is anticipated to average 22,500 to 23,000 boe/d.

Pricing – Including Hedging Activity

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Average Prices – Including Hedging						
Oil (\$/bbl)	\$ 64.48	\$ 42.61	51	\$ 61.78	\$ 43.14	43
Natural gas (\$/mcf)	\$ 11.70	\$ 7.20	63	\$ 9.13	\$ 7.06	29
Natural gas liquids (\$/bbl)	\$ 54.83	\$ 43.70	25	\$ 50.42	\$ 40.24	25
Oil equivalent (\$/boe)	\$ 67.52	\$ 43.23	56	\$ 54.96	\$ 42.14	30
Benchmark Prices						
WTI (US\$/bbl)	\$ 60.02	\$ 48.28	24	\$ 56.56	\$ 41.40	37
AECO natural gas (Cdn\$/mcf)	\$ 11.68	\$ 7.08	65	\$ 8.48	\$ 6.79	25

Natural Gas

Shiningbank's realized natural gas prices averaged \$11.70/mcf for the quarter, 63% higher than fourth quarter 2004. For the full year, the average price was up 29% at \$9.13/mcf. Hedging decreased the realized gas price by \$0.36/mcf for the quarter and \$0.15/mcf for the year. This compares with a 2004 hedging loss of \$0.11/mcf for the quarter and \$0.07/mcf for the year. Shiningbank has historically received a premium gas price to AECO benchmark monthly prices, but this was reduced in the fourth quarter due to a reduction in daily versus monthly index gas prices in November. This variation is not expected to continue into 2006 but could occur again in periods of rapidly weakening daily prices. Benchmark futures prices remain high with prices for the rest of 2006 averaging over \$7.00/mcf.

Oil and Natural Gas Liquids

Realized oil prices for the quarter averaged \$64.48/bbl, up 51% from fourth quarter 2004. Realized oil prices for the year were \$61.78/bbl, 43% higher than in 2004. Hedging reduced the realized price by \$1.13/bbl for the quarter and \$1.08/bbl for the year, compared with 2004 hedging losses of \$8.36/bbl for the quarter and \$5.46/bbl for the year.

The benchmark West Texas Intermediate ("WTI") price averaged 24% higher for the fourth quarter and 37% higher for the year than the comparable periods in 2004. Oil prices are expected to remain high in US dollar terms, with many analysts expecting WTI to average over US\$60.00/bbl in 2006. Benchmark futures prices for the rest of 2006 at the time of writing were over US\$65.00/bbl.

NGL prices were also strong reflecting high oil prices. The quarterly average NGL price was 25% higher than in fourth quarter 2004 at \$54.83/bbl, and 25% higher for the full year at an average \$50.42/bbl. Shiningbank's NGL prices typically average approximately 80% of Edmonton par oil prices. In fourth quarter 2005, the Fund's NGL prices averaged 84%, slightly higher than usual due to a strong market in November.

Hedging

Shiningbank maintains an active hedging program designed to reduce the variability of funds flow and stabilize distributions. Under the Fund's hedging policy, not more than one-half of production volumes of any commodity can be hedged at any one time. Gains and losses from hedging activities are typically recorded when they are realized and are included in oil and natural gas sales unless a particular hedge is considered ineffective. During 2005, the Fund hedged an average of 17% of total gas production (26% – 2004) and 30% of total oil production (39% – 2004). Currently, Shiningbank has the following hedging contracts in place:

Period	Commodity	Volume	Price
November 1, 2005 – March 31, 2006	Gas	5,000 GJ/d	\$7.50/GJ floor \$12.00/GJ ceiling
November 1, 2005 – March 31, 2006	Gas	5,000 GJ/d	\$10.00/GJ floor \$15.15/GJ ceiling
April 1, 2006 – October 31, 2006	Gas	5,000 GJ/d	\$7.50/GJ floor \$12.00/GJ ceiling
January 1, 2006 – June 30, 2006	Oil	500 bbl/d	US\$55.00/bbl floor US\$89.00/bbl ceiling
July 1, 2006 – December 31, 2006	Oil	500 bbl/d	US\$55.00/bbl floor US\$89.10/bbl ceiling

Revenues

(000s)	Three months ended December 31,				Year ended December 31,			
	2005	% of Revenue	2004	% of Revenue	2005	% of Revenue	2004	% of Revenue
Oil	\$ 14,613	10	\$ 11,731	14	\$ 53,830	13	\$ 42,352	14
Natural gas	118,031	82	60,850	74	315,448	75	226,040	74
Natural gas liquids	15,803	11	13,102	15	55,260	13	46,019	15
Other income (loss)	(121)	–	(398)	–	916	–	91	–
Gas hedging	(3,536)	(3)	(909)	(1)	(4,860)	(1)	(2,229)	(1)
Oil hedging	(251)	–	(1,923)	(2)	(931)	–	(4,759)	(2)
	\$ 144,539	100	\$ 82,453	100	\$ 419,663	100	\$ 307,514	100

The accompanying table demonstrates the net effect of price and volume variances on revenues.

Sales Variance Analysis (Including Hedging Activity)

(000s)	Three months ended December 31,		Year ended December 31,	
	2005/2004		2005/2004	
Oil and natural gas liquids				
Volume decrease	\$	(825)	\$	(2,571)
Price increase		8,080		27,118
Net increase	\$	7,255	\$	24,547
Natural gas				
Volume increase	\$	10,585	\$	16,396
Price increase		43,969		70,381
Net increase	\$	54,554	\$	86,777

Royalties

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Total royalties, net (000s)	\$ 29,154	\$ 19,159	52	\$ 88,078	\$ 63,930	38
As a % of revenue	20.2%	23.2%	(13)	21.0%	20.8%	1
Per boe	\$ 13.61	\$ 10.00	36	\$ 11.56	\$ 8.76	32

Royalty expense consists of royalties paid to provincial governments, freehold landowners and overriding royalty owners. The royalty rate was slightly higher in 2005 mainly due to a one-time credit received in the third quarter of 2004 relating to 2003 Crown royalties. Increasing production from the Sousa area, where the Fund has lower royalty rates, slightly reduced the overall rate in the fourth quarter and should reduce rates in 2006. The Fund expects royalty rates to average 21.5% for 2006.

Transportation Costs

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Transportation costs (000s)	\$ 1,662	\$ 1,186	40	\$ 5,304	\$ 5,550	(4)
Per boe	\$ 0.78	\$ 0.62	26	\$ 0.70	\$ 0.76	(8)

On a boe basis, fourth quarter transportation costs increased 26% from 2004 as a result of prior quarter adjustments flowing through fourth quarter 2005. The 8% year over year decrease resulted from lower pricing and the termination of certain unutilized transportation service commitments early in 2005. These terminations did not impact the Fund's ability to market its production. Transportation costs are expected to average \$0.80/boe in 2006.

Operating Costs

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Operating costs (000s)	\$ 13,290	\$ 11,465	16	\$ 53,045	\$ 48,692	9
Per boe	\$ 6.20	\$ 5.98	4	\$ 6.96	\$ 6.67	4

Operating costs on a boe basis increased 4% from 2004 for both periods due to higher field and plant maintenance costs in most areas, and extra costs associated with flooding in southern Alberta during the second quarter. This was partially offset by the incorporation of the Blizzard properties which have lower operating costs. Operating costs are expected to average \$7.25/boe in 2006.

Operating Netbacks

(\$/boe)	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Natural Gas Wells						
Oil and natural gas sales	\$ 69.34	\$ 44.46	56	\$ 55.14	\$ 42.89	29
Hedging loss	(1.81)	(1.22)	48	(0.74)	(0.78)	(5)
Royalties	(13.64)	(10.09)	35	(11.52)	(8.83)	30
Transportation costs	(0.82)	(0.64)	28	(0.74)	(0.79)	(6)
Operating costs	(5.98)	(5.59)	7	(6.43)	(6.29)	2
Operating netbacks	\$ 47.09	\$ 26.92	75	\$ 35.71	\$ 26.20	36
Oil Wells						
Oil and natural gas sales	\$ 68.67	\$ 49.85	38	\$ 61.99	\$ 47.10	32
Hedging loss	(1.28)	(7.54)	(83)	(1.03)	(4.45)	(77)
Royalties	(13.26)	(8.07)	64	(11.95)	(7.55)	58
Transportation costs	(0.17)	(0.15)	13	(0.17)	(0.16)	6
Operating costs	(8.95)	(14.29)	(37)	(12.78)	(14.15)	(10)
Operating netbacks	\$ 45.01	\$ 19.80	127	\$ 36.06	\$ 20.79	73
All Wells						
Oil and natural gas sales	\$ 69.29	\$ 44.71	55	\$ 55.72	\$ 43.10	29
Hedging loss	(1.77)	(1.48)	20	(0.76)	(0.96)	(21)
Other income (loss)	(0.06)	(0.21)	(71)	0.12	0.01	1,100
Royalties	(13.61)	(10.00)	36	(11.56)	(8.76)	32
Transportation costs	(0.78)	(0.62)	26	(0.70)	(0.76)	(8)
Operating costs	(6.20)	(5.98)	4	(6.96)	(6.67)	4
Operating netbacks	\$ 46.87	\$ 26.42	77	\$ 35.86	\$ 25.96	38

Total operating netback increased 77% quarter over quarter and 38% year over year due mainly to higher commodity prices. This was partially offset by higher royalty and operating costs.

General and Administrative Costs

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
General and administrative costs (000s)	\$ 4,216	\$ 1,686	150	\$ 10,244	\$ 6,681	53
Per boe	\$ 1.97	\$ 0.88	124	\$ 1.34	\$ 0.92	46
Per average Trust Unit	\$ 0.06	\$ 0.03	100	\$ 0.17	\$ 0.13	31

General and administrative costs on a boe basis increased 124% from fourth quarter 2004 and 46% year over year. These increases were due to higher activity levels related to acquisitions and development activities, increasing costs due to additional regulatory requirements and significant pressure on salary and benefit costs in a very competitive environment for staff. At year end, Shiningbank had 55 full-time employees and 25 full-time and part-time consultants at its head office. Field and production staff consisted of three production superintendents, 17 full-time employees and 52 contract operators. Costs of field and production staff are included in operating costs. General and administrative costs for 2006 are expected to trend upward to approximately \$1.40/boe.

Interest on Long Term Debt

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Interest on long term debt (000s)	\$ 2,031	\$ 1,759	15	\$ 8,423	\$ 6,159	37
Per boe	\$ 0.95	\$ 0.92	3	\$ 1.11	\$ 0.84	32
Per average Trust Unit	\$ 0.03	\$ 0.03	-	\$ 0.14	\$ 0.12	17

Interest expense per average Trust Unit remained consistent with fourth quarter 2004 and increased 17% for the year due to higher debt levels resulting from the funding of acquisitions and capital expenditures. Shiningbank is currently in compliance with all external debt covenants. All of Shiningbank's debt is floating rate bank debt. Interest expense in 2006 is expected to be approximately \$1.25/boe due to higher projected debt levels and interest rates.

Depletion, Depreciation and Accretion

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Depletion, depreciation and accretion (000s)	\$ 43,915	\$ 32,035	37	\$ 142,370	\$ 118,547	20
Per boe	\$ 20.50	\$ 16.71	23	\$ 18.68	\$ 16.25	15

Depletion, depreciation and accretion per boe rose 23% for the fourth quarter and 15% year over year. These increases were primarily related to the effect of the acquisitions in 2004 and 2005.

Trust Unit Incentive Compensation

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Trust Unit incentive compensation (000s)	\$ 641	\$ 333	92	\$ 2,506	\$ 1,263	98
Per boe	\$ 0.30	\$ 0.17	76	\$ 0.33	\$ 0.17	94

During 2005, eight new issues aggregating 847,500 Trust Unit rights were granted (2004 – six issues aggregating 580,000). No new issues were granted during the fourth quarter (2004 – one issue aggregating 15,000). The fair value of rights issued was determined using a Black-Scholes model and will be brought into income over the vesting period of the rights. The total fourth quarter 2005 expense of \$641,000 (2004 – \$333,000) represented the fair value of rights issued during 2003 through to 2005 and which vested in fourth quarter 2005. During the year, the total expense was \$2.5 million (2004 – \$1.3 million). All of these costs are "non-cash" costs and are not deducted in determining distributions to unitholders.

Internalization of Management Contract

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Internalization of management contract (000s)	\$ 205	\$ 1,307	(84)	\$ 1,309	\$ 3,511	(63)
Per boe	\$ 0.10	\$ 0.68	(85)	\$ 0.17	\$ 0.48	(65)

Effective October 9, 2002, the Fund internalized its management by acquiring all of the shares of Shiningbank Energy Management Inc., the former manager of the Fund. Prior to the acquisition, the Fund paid a fee equal to 3.25% of net operating income, a fee equal to 1.5% of the purchase price of acquisitions and a quarterly scheduled dividend in accordance with the terms of a management agreement. The acquisition eliminated all future fees and dividends.

Of the total purchase price of \$20.6 million, \$11.0 million was deferred, representing Exchangeable Shares subject to escrow provisions which are being amortized into income over specific vesting periods through 2007. During fourth quarter 2005, \$205,000 (2004 – \$1.3 million) was expensed, representing the amortization of these escrowed Exchangeable Shares. During the year, \$1.3 million was expensed (2004 – \$3.5 million).

Taxes

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Capital and large corporation taxes (000s)	\$ 89	\$ (451)	(120)	\$ 885	\$ 574	54
Future income tax recovery (000s)	\$ (749)	\$ (74,064)	(99)	\$ (6,737)	\$ (86,199)	(92)
Per boe	\$ (0.31)	\$ (38.88)	(99)	\$ (0.76)	\$ (11.74)	(94)

The Fund is obligated to pay provincial capital taxes and federal large corporations tax in its operating entities. Under the Fund's structure, payments are made between Shiningbank Energy Ltd. and the Fund. These payments provide the mechanism for transferring income to unitholders along with tax benefits and future tax liabilities. Current income taxes are not presently payable by the Fund or its operating entities.

During fourth quarter 2004, the Fund changed its organizational structure to take advantage of certain tax attributes of a partnership acquired through the acquisition of Birchill Resources Limited ("Birchill"). The change eliminated future income taxes payable within the Fund on income earned from the Birchill assets by taking advantage of the tax flow-through structure of the acquired partnership.

As a result of the Fund's restructuring, a reduction in future income taxes was credited to income in the fourth quarter of 2004 in accordance with Canadian GAAP. This increased earnings for 2004 by \$78.4 million, or \$1.50 per Trust Unit (\$1.47 diluted). Net earnings were also affected by increased depletion charges as future income taxes were recorded in the cost of the assets at the time of the Birchill acquisition. This additional depletion reduced 2004 earnings by \$8.1 million, or \$0.15 per Trust Unit, basic and diluted. The costs of the restructuring were included in general and administrative costs in fourth quarter 2004.

Net Earnings

The following table sets out changes in net earnings before and after income taxes.

	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Net earnings before income taxes (000s)	\$ 49,366	\$ 13,974	253	\$ 107,499	\$ 52,607	104
Per Trust Unit – basic	\$ 0.72	\$ 0.26	177	\$ 1.80	\$ 1.01	78
– diluted	\$ 0.71	\$ 0.25	184	\$ 1.77	\$ 0.99	79
Net earnings after income taxes (000s)	\$ 50,085	\$ 88,038	(43)	\$ 114,236	\$ 138,806	(18)
Per Trust Unit – basic	\$ 0.73	\$ 1.62	(55)	\$ 1.91	\$ 2.66	(28)
– diluted	\$ 0.72	\$ 1.60	(55)	\$ 1.88	\$ 2.61	(28)

Distributions to Unitholders

(000s except per Trust Unit amounts)	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Funds flow from operations	\$ 94,181	\$ 47,220	99	\$ 252,764	\$ 174,878	45
Capital expenditures	(31,350)	(13,323)	135	(81,772)	(56,339)	45
Asset retirement expenditures	(619)	(208)	198	(1,497)	(684)	119
Working capital adjustments	(821)	3,701	(122)	12,771	28,505	(55)
Distributions to unitholders	\$ 61,391	\$ 37,390	64	\$ 182,266	\$ 146,360	25
Distributions per Trust Unit	\$ 0.90	\$ 0.69	30	\$ 2.97	\$ 2.76	8
Trust Units outstanding, end of period	68,186	54,141	26	68,186	54,141	26
Payout ratio	65%	79%		72%	84%	

Total distributions to unitholders increased 64% for the fourth quarter and 25% for full-year 2005. Both increases were attributable to improved funds flow due to large gains in commodity pricing. The increase in the number of Trust Units outstanding and larger deductions for capital expenditures offset the higher funds flow. The Fund paid out 65% of its funds flow for fourth quarter 2005, and 72% for full-year 2005. Total accumulated Trust Unit distributions were \$690.2 million.

On a per Trust Unit basis, distributions increased 30% for fourth quarter 2005 to \$0.30 per Trust Unit from \$0.23 per Trust Unit which had been paid since June 2003. This increase reflected stable production performance and continued strength in natural gas prices. Future distributions are subject to change as dictated by commodity prices, operations and future business development.

Funds Flow from Operations

The following table reconciles a non-GAAP measure, funds flow from operations, to the nearest GAAP measure, cash flow from operating activities.

(000s except per Trust Unit amounts)	Three months ended December 31,			Year ended December 31,		
	2005	2004	%	2005	2004	%
Cash flow from operating activities	\$ 81,319	\$ 41,829	94	\$ 205,470	\$ 152,903	34
Change in non-cash working capital	12,243	5,183	136	45,797	21,291	115
Asset retirement expenditures	619	208	198	1,497	684	119
Funds flow from operations	\$ 94,181	\$ 47,220	99	\$ 252,764	\$ 174,878	45

2006 Funds Flow Sensitivities

The estimated sensitivity of funds flow to important variables is shown in the table below.

	(\$000s)	Per Trust Unit
US \$1 per bbl	\$ 1,500	\$ 0.02
Cdn \$0.25 per mcf	\$ 8,200	\$ 0.12
US \$0.01 exchange	\$ 970	\$ 0.01
100 bbl/d	\$ 2,500	\$ 0.03
1 mmcf/d	\$ 3,600	\$ 0.06
1% prime rate	\$ 2,000	\$ 0.03

Income Tax Information

In 2005, 84.41% of cash distributions paid by the Fund were required to be included in the income of unitholders. The remaining 15.59% reduced each unitholder's adjusted cost base ("ACB") for income tax purposes. A summary of cash distributions paid in 2005 and the implications for Canadian taxpayers are shown below.

Record Date	Payment Date	Distribution ¹ (\$ per Trust Unit)	Taxable Income (\$ per Trust Unit)	ACB Reduction (\$ per Trust Unit)
December 31, 2004	January 15, 2005	\$ 0.23	\$ 0.1941	\$ 0.0359
January 31, 2005	February 15, 2005	0.23	0.1941	0.0359
February 28, 2005	March 15, 2005	0.23	0.1941	0.0359
March 31, 2005	April 15, 2005	0.23	0.1941	0.0359
April 30, 2005	May 15, 2005	0.23	0.1941	0.0359
May 31, 2005	June 15, 2005	0.23	0.1941	0.0359
June 30, 2005	July 15, 2005	0.23	0.1941	0.0359
July 31, 2005	August 15, 2005	0.23	0.1941	0.0359
August 31, 2005	September 15, 2005	0.23	0.1941	0.0359
September 30, 2005	October 15, 2005	0.23	0.1941	0.0359
October 31, 2005	November 15, 2005	0.23	0.1941	0.0359
November 30, 2005	December 15, 2005	0.30	0.2532	0.0468
Total		\$ 2.83	\$ 2.3883	\$ 0.4417

¹ Distributions for income tax purposes are based on cash received during 2005 rather than accrual-based income reported elsewhere in this report.

For US unitholders, 86.79% of distributions were taxable in 2005. Unitholders in both Canada and the US should consult tax advisors as to the proper treatment of Shiningbank distributions for income tax purposes.

Annual Financial Information

(000s except per Trust Unit amounts)	2005	2004	2003
			<i>Restated</i>
Oil and natural gas sales	\$ 419,663	\$ 307,514	\$ 247,207
Net earnings before income taxes	107,499	52,607	51,232
Per Trust Unit – basic	1.80	1.01	1.23
– diluted	1.77	0.99	1.21

Trust Units outstanding	68,186	54,141	44,343
Weighted average	59,711	52,209	41,595

Shiningbank's growth has been driven by acquisitions. In 2003, the Fund completed a major acquisition of properties at Ferrier/O'Chiese. In 2004, the Fund completed the large corporate acquisition of Birchill and a much smaller corporate acquisition of Good Ridge Explorations Ltd. In 2005, the Fund completed the major corporate acquisitions of Blizzard and Outlook. Such acquisitions add to production volumes, revenues, earnings and assets. Revenues and earnings are also greatly affected by commodity prices, particularly natural gas prices as 74% of the Fund's 2005 production was natural gas. With such a high weighting to natural gas, the Fund's revenues and earnings closely track changes in natural gas pricing.

In 2003, substantial production growth through acquisitions and a rebound in oil and gas prices boosted revenues and earnings. In 2004 and again in 2005, the same combination of acquisition-driven production growth and high commodity prices led to improved revenues and funds flow. Earnings increased as a percentage of revenue in 2004 through the recovery of future income taxes related to the Fund's internal restructuring.

Quarterly Information

(000s except per Trust Unit amounts)	December 31, 2005	September 30, 2005	June 30, 2005	March 31, 2005

Per Trust Unit	0.69	0.69	0.69	0.69
Payout ratio	79%	87%	82%	88%

Quarterly fluctuations primarily result from production increases due to acquisitions, volumes added through the Fund's development drilling program and realized commodity prices which can be extremely volatile.

Volume increases occurred through the acquisition of Birchill in second quarter 2004, the acquisition of Outlook in second quarter 2005 and again with the acquisition of Blizzard in third quarter 2005. The Fund's development drilling program strives to replace natural declines on the production base, with results affected by such factors as field conditions, availability of drilling and production equipment and drilling success. Shiningbank's drilling success rate in 2005 was 98%.

Natural gas prices remained strong through the past eight quarters with a sharp increase in third quarter 2005. Oil prices increased substantially in late 2004 and continued to rise in 2005. Distributions per Trust Unit increased 30% in fourth quarter 2005 to \$0.30 from \$0.23 based on stable production volumes and high commodity prices, particularly for natural gas. The increase in funds flow from higher commodity prices was used to fund capital expenditures and to pay distributions on a greater number of Trust Units outstanding.

Costs of Acquisitions and Development

During second quarter 2005, Shiningbank acquired all the outstanding shares of Outlook for \$31.9 million. In its largest acquisition to date, Shiningbank acquired all the outstanding shares of Blizzard pursuant to a Plan of Arrangement for \$269.3 million, including \$43.9 million in working capital deficiency, during third quarter 2005.

A total of \$31.4 million was spent on drilling and new facilities during the fourth quarter (\$13.3 million in 2004) and \$81.8 million for the full year (\$56.3 million in 2004). Funds flow funded all of the fourth quarter capital expenditures and \$70.5 million of the full year expenditures, with the balance funded by proceeds from the Fund's Distribution Reinvestment Plan of \$8.3 million and bank debt drawdown of \$3.0 million.

A total of 104 wells (32.9 net) were drilled in 2005, 91 (28.2 net) of which were successful gas wells, 11 (4.5 net) were successful oil wells and two (0.2 net) were dry and abandoned. In addition, Shiningbank farmed-out an additional 33 wells resulting in 23 successful wells in which Shiningbank retained royalty or working interests at no cost to the Fund.

In 2006, the Fund plans to spend approximately \$90 million on drilling, new facilities and maintenance capital. This will be funded through a combination of funds flow and debt financing.

Net Asset Value

(000s except per Trust Unit amounts)	8%	Discount factor 10%	12%
Present value of reserves ¹			
Proved	\$ 1,236,548	\$ 1,158,674	\$ 1,092,336
Probable	408,025	356,983	316,377
Undeveloped lands	82,693	82,693	82,693

Total assets	1,691,676	1,562,760	1,455,816
Long term debt	(199,129)	(199,129)	(199,129)
Net asset value	\$ 1,492,547	\$ 1,363,631	\$ 1,256,687
Trust Units outstanding at December 31, 2005	68,186	68,186	68,186
Net asset value per Trust Unit at December 31, 2005	\$ 21.89	\$ 20.00	\$ 18.43

¹ The present value of reserves is calculated based on the reserves estimates and price forecast prepared by Paddock Lindstrom & Associates Ltd. in their December 31, 2005 evaluation.

Liquidity and Capital Resources

Shiningbank's ability to grow depends on access to bank lines of credit and periodic issues of new equity to fund acquisitions. Smaller acquisitions through the course of a year may be funded by a combination of bank debt, funds flow and proceeds from the Fund's Distribution Reinvestment Plan. Equity is issued to fund single large acquisitions, or to pay down bank debt accumulated following a number of smaller acquisitions. When the proceeds of an equity issue are greater than acquisition costs, the excess is used to reduce bank debt.

Since the Fund's initial public offering in 1996, 12 public equity issues have been completed, all in conjunction with a major acquisition. These acquisitions and strong commodity prices have led to steady accretion in value to unitholders. While the issue of new equity has the potential to dilute existing unitholders, over time, that has not been the case. This is evident in the growth of the Net Asset Value ("NAV") per unit. At the inception of the Fund, the NAV was \$9.43 per unit, discounted at 10%. At the end of 2005, the NAV per unit was \$20.00, discounted at 10%, despite payment of over \$22 per unit in distributions over nine years. That level of per unit growth indicates that unitholders have not been diluted.

Long Term Debt

The Fund has a \$330 million revolving credit facility with a syndicate of Canadian chartered banks of which \$199.1 million was drawn at December 31, 2005. This facility was increased from \$250 million on August 2, 2005 as a result of the Blizzard acquisition. The revolving period extends to April 27, 2006, at which time the facility, unless renewed, reverts to a two-year term with principal payments, if necessary, commencing on July 28, 2006. The facility is secured by a \$600 million floating charge debenture on all assets of Shiningbank together with supporting debentures and guarantees from the Fund's material subsidiaries and affiliates. Borrowings under the facility bear interest at an annual rate ranging from the banks' prime rate to the banks' prime rate plus 0.95%, depending on the Fund's total debt to funds flow ratio or, at Shiningbank's option, the bankers' acceptance rate plus a stamping fee. The Fund's total debt to funds flow ratio at year end was 0.5:1 based on fourth quarter annualized funds flow.

Unitholders' Equity

On August 2, 2005, the Fund issued 8,837,793 Trust Units at \$20.12 each to Blizzard shareholders as part of the Blizzard acquisition. On September 28, 2005, the Fund issued 4,100,000 Trust Units at \$24.45 to repay bank indebtedness incurred in connection with the Blizzard and Outlook acquisitions. An additional 128,023 Trust Units were issued during the fourth quarter (704,899 full-year 2005) under the Trust Unit Rights Incentive Plan and the Distribution Reinvestment Plan.

When equity is raised in a public equity issue, the intended use of proceeds is specified in the related prospectus. Each major equity issue has been undertaken to acquire properties or to reduce debt incurred from prior acquisitions. In all cases, the proceeds were used according to the purpose specified.

As of February 28, 2006, the Fund had 68,349,351 Trust Units, 184,326 non-escrowed Exchangeable Shares and 151,549 escrowed Exchangeable Shares outstanding. Exchangeable Shares held in escrow will be released over the next two years under the terms of an escrow agreement. Exchangeable Shares are not eligible for distributions until they are exchanged for Trust Units at the discretion of the holder. The exchange rate was initially one Trust Unit for each Exchangeable Share. The exchange rate increases with each distribution by an amount equal to the per unit distribution divided by the 10-day weighted average trading price of the Trust Units preceding the record date for that distribution. As of December 31, 2005, the exchange rate was 1.44988 Trust Units for each Exchangeable Share.

Future Growth

Shiningbank's growth is based on its ability to raise debt and equity capital in Canadian financial markets. The Fund examines acquisition opportunities and selects those it believes to be accretive for such parameters as funds flow, distributions, net asset value, production and reserves.

Acquisitions are typically made using the Fund's credit facilities. Periodically, new Trust Units are issued, and the proceeds are used to pay down debt accumulated from previous acquisitions.

If the Canadian equity or debt markets were unable to satisfy Shiningbank's funding needs, it would impair the Fund's ability to continue to replace production and maintain distributions. The Fund has lines of credit held by six Canadian chartered banks, which provide sufficient debt capital to complete all but the largest acquisitions. However, Shiningbank's governing documents restrict debt levels to 40% of the value of its properties, and debt service costs are not to exceed 30% of the projected annual funds flow.

Contractual Obligations

(000s)	Total	Payments Due by Period			
		Less than 1 Year	1 - 3 Years	4 - 5 Years	After 5 Years
Long term debt principal ¹	\$ 199,129	\$ -	\$ 199,129	\$ -	\$ -
Operating leases	11,131	1,790	4,994	4,347	-
Pipeline transportation	3,442	1,144	2,289	9	-
Total obligations	\$ 213,702	\$ 2,934	\$ 206,412	\$ 4,356	\$ -

¹ Assumes that the revolving credit facility is not renewed in April 2006.

Shiningbank has on-going capital commitments in the ordinary course of business for development drilling, equipment and facilities. These are funded through a combination of funds flow, debt financing and periodic equity financing.

Impact of New Accounting Policies

Non-Controlling Interest

On March 8, 2005 and effective for second quarter 2005, the Emerging Issues Committee of the Canadian Institute of Chartered Accountants amended its position on the reporting of exchangeable securities issued by subsidiaries of income trusts. The amendment states that exchangeable securities issued by a subsidiary of an income trust should be reflected as either non-controlling interest or debt on the consolidated balance sheet unless they meet certain criteria. Shiningbank's Exchangeable Shares meet the specified criteria and therefore, the current treatment of reporting exchangeable securities as equity on the balance sheet continues to be appropriate.

Critical Accounting Estimates

The Fund makes numerous accounting estimates in its financial statements in order to provide timely information to users. A critical accounting estimate is one that requires management to make assumptions about matters that are highly uncertain at the time the estimate is made and, if a different estimate was used, financial results would be materially different. The following estimates are considered critical:

Reserves

The Fund must estimate its oil and gas reserves. Reserves are evaluated and reported on annually by independent petroleum reserve evaluators who use various subjective factors and assumptions, including forecasts of costs based on geological and engineering data, projected future rates of production, and timing and amounts of future development costs. Although reserves are estimated, management believes the estimates are reasonable based on information available at the time the estimates were prepared. Management, the Fund's internal engineers, and the Environmental, Corporate Governance and Reserve Review Committee of the Board of Directors of Shiningbank Energy Ltd. all review the estimates reported by the independent reserve evaluators.

As new information becomes available, changes are made to the reserve estimates and future development cost estimates. Historically, the Fund has had no significant changes to these estimates, with the exception of adjusting reserves for acquisitions and divestitures and the results of new drilling. Future actual results could vary greatly from the estimates made, resulting in material changes to the depletion calculation and the asset impairment test.

Asset Retirement Obligation

The Fund's estimated asset retirement obligation is based on estimated timing and costs to abandon and restore properties.

Financial Reporting

During 2004 and 2005, there were some changes to financial reporting and regulatory requirements. The most important changes for Shiningbank are described below.

Asset Retirement Obligations

Effective January 1, 2004, Shiningbank adopted CICA handbook section 3110, "Asset Retirement Obligations." The standard requires the recognition and measurement of liabilities related to legal obligations to retire property, plant and equipment upon acquisition of the liability. The initial liability must be measured at fair value and subsequently adjusted for the accretion of discount and changes in the fair value. The asset retirement cost is capitalized and depleted into earnings over time.

Hedging Relationships

Effective January 1, 2004, the Fund adopted Accounting Guideline 13, "Hedging Relationships" which establishes standards for the documentation and effectiveness of hedging relationships for the purposes of applying hedge accounting. The adoption of this standard had no effect on the Fund's financial results.

Related Party Transactions

During 2005, Shiningbank paid \$1.0 million for legal services (2004 – \$1.1 million) provided by a firm in which a current director is a partner, \$29,000 of which was outstanding at December 31, 2005. These payments were made in the normal course of operations, on commercial terms, and therefore were recorded at the exchange amount.

Business Risks

Shiningbank is faced with a number of business risks that are inherent in the oil and gas business, and which can have a material impact on distributions to unitholders. To mitigate these risks, the Fund employs policies and procedures in its day-to-day operations and in its longer-term planning. These risk factors include, but are not limited to, the following influences:

Market Risks

Commodity Prices

The primary risk to funds flow and therefore, distributions, is fluctuations in oil and gas prices. With Shiningbank's production weighted heavily to natural gas, changes in natural gas markets and pricing are the primary driver behind the level of distributions.

To mitigate price risk, the Fund actively manages the sales of its production to optimize pricing. The Fund has an active hedging program through which management attempts to minimize the effect of commodity price drops in the short run, while retaining exposure to upward price changes. This is accomplished by use of simple hedging instruments, primarily "costless collars" and fixed price swaps.

Under the Fund's hedging policy, not more than 50% of production volumes can be hedged at any one time. Shiningbank's hedging practices are not designed to have a material impact on the medium- and long-term effects of commodity prices on distributions to unitholders. Unitholders remain exposed to price fluctuations over time. Hedging is employed only as a risk-management tool to stabilize short-term distributions, or to improve the economics of an acquisition, and not for speculation.

Interest Rates

Shiningbank is exposed to changes in interest rates, however, interest rates have significantly less of an impact on distributions than changes in commodity prices. The Fund's governing documents restrict debt levels to 40% of the value of its properties, and debt service costs are not to exceed 30% of the projected annual funds flow. All of Shiningbank's debt is currently exposed to short-term interest rate fluctuations.

Currency Rates

Exposure to currency exchange risk arises from the fact that prices for oil and, to a lesser degree natural gas, are determined in international markets, usually in US dollars. As a result, the amount received by Shiningbank may depend on the strength of the Canadian dollar versus the US dollar.

Shiningbank has the ability to hedge its currency exposure to manage currency fluctuations. The Fund currently has no hedges of this type in place.

Environmental Risks

Environmental laws and regulatory initiatives impact Shiningbank financially and operationally. The Fund may incur substantial capital and operating costs to comply with increasingly complex laws and regulations covering the protection of the environment and human health and safety. In particular, the Fund may be required to incur significant costs to comply with the 1997 Kyoto Protocol to the United Nations Framework Convention on Climate Change.

Political and Legal Risks

Shiningbank's activities are affected by the political and legal environment in which it operates. Some examples of these uncertainties include:

- Changes in securities regulations which could affect the Fund's ability to raise additional equity or debt capital or its cost structure related thereto;
- Changes in income tax laws which could affect either tax costs to the Fund or to its unitholders;
- Changes in provincial Crown royalty regulation and compliance; and,
- Changes in law that affect the price or ownership of oil and gas reserves and production.

Operating Risks

Field Operations

Oil and gas production activities carry a number of inherent risks including production risks related to the ability to produce and process crude oil and natural gas from existing wells; the ability to develop or acquire sufficient quantities of crude oil and natural gas to replace production and maintain reserves; risks of environmental damage; and risks to the safety of its employees, contractors and the public.

To mitigate these risks, the Fund maintains financial flexibility to ensure its ability to operate efficiently in the field. The Fund employs skilled personnel, both in the field and in its head office, and ensures that they are equipped with efficient and effective tools and training. Shiningbank's strategy of operating a significant portion of its production provides greater control over operational factors, including ensuring properties are operated in accordance with its policy to minimize impacts on the environment.

Insurance coverage is maintained in order to minimize the impact of events that might cause substantial financial damage.

Reserve Replacement

As oil and gas reserves are produced, they naturally deplete over time. Shiningbank's ability to replace production depends on acquiring new reserves and developing existing reserves. Acquisition of oil and gas assets depends on the availability of economically desirable opportunities and on management's assessment of the value of the assets.

To mitigate these risks, the Fund subjects all potential prospects to stringent investment criteria, due diligence and review. All acquisitions over \$20 million require Board of Directors' review and approval.

Disclosure Controls and Procedures

The Chief Executive Officer and Chief Financial Officer have evaluated the effectiveness of the Fund's disclosure controls and procedures as of December 31, 2005 and concluded that the Fund's disclosure controls and procedures were effective.

Certification of Annual Filings during Transition Period

RECEIVED

2006 MAY -2 A 11:51

OFFICE OF INTERNATIONAL
CORPORATE FINANCE

I, Bruce K. Gibson, Vice President, Finance and Chief Financial Officer of Shiningbank Energy Ltd., administrator of Shiningbank Energy Income Fund, certify that:

1. I have reviewed the annual filings (as this term is defined in Multilateral Instrument 52-109 *Certification of Disclosure in Issuers' Annual and Interim Filings*) of Shiningbank Energy Income Fund (the issuer) for the financial year ended December 31, 2005;
2. Based on my knowledge, the annual filings do not contain any untrue statement of a material fact or omit to state a material fact required to be stated or that is necessary to make a statement not misleading in light of the circumstances under which it was made, with respect to the period covered by the annual filings;
3. Based on my knowledge, the annual financial statements together with the other financial information included in the annual filings fairly present in all material respects the financial condition, results of operations and cash flows of the issuer, as of the date and for the periods presented in the annual filings; and
4. The issuer's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures for the issuer, and we have:
 - (a) designed such disclosure controls and procedures, or caused them to be designed under our supervision, to provide reasonable assurance that material information relating to the issuer, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which the annual filings are being prepared; and
 - (b) evaluated the effectiveness of the issuer's disclosure controls and procedures as of the end of the period covered by the annual filings and have caused the issuer to disclose in the annual MD&A our conclusions about the effectiveness of the disclosure controls and procedures as of the end of the period covered by the annual filings based on such evaluation.

GLOSSARY OF TERMS

The following are defined terms used in this Annual Information Form:

"Administrative Services Agreement" means the agreement between the Corporation and the Trustee on behalf of the Fund, dated October 9, 2002, as amended, pursuant to which the Corporation agreed to provide certain management, advisory and administrative services in connection with the Royalties, the Fund, the Trust Units and any entity of the Fund administered by the Corporation;

"ARTC" means credits or rebates in respect of Crown royalties which are paid or credited by the Crown, including those paid or credited under the *Alberta Corporate Tax Act*;

"Cash Distribution Date" means the date distributions are paid to Unitholders, which is not later than the fifteenth day of the month following the applicable Distribution Record Date;

"Corporation" means Shiningbank Energy Ltd.;

"Corporation Royalty Agreement" means the royalty agreement dated July 31, 1996, as amended and restated as of February 28, 2003 between the Corporation and the Trustee;

"Corporation USA" means the unanimous shareholder agreement of the Corporation dated October 9, 2002 among the Corporation, SHC and the Trustee;

"Crown" means Her Majesty the Queen in Right of Canada or a Province thereof;

"Debt Service Charges" means all interest and principal repayments relating to the borrowing of funds by the Corporation. See "Incorporation and Organization - The Corporation - Borrowing";

"Deferred Purchase Price Obligation" means the ongoing obligation of the Fund to pay to the Corporation and SLP, in certain circumstances, an amount equal to 99% of the cost of any additional Canadian resource properties (as defined in the Tax Act) which may be subsequently acquired by the Corporation and SLP, directly or by way of corporate take-over or other business combination, to the extent that such cost is not financed by the borrowings of the Corporation and SLP; 99% of any indebtedness incurred by the Corporation and SLP for the purposes of acquiring any additional Canadian resource properties; and 99% of any capital expenditures incurred in respect of the Properties and so designated by the Corporation and SLP, to the extent such cost is not financed by the borrowings of the Corporation and SLP. See "Incorporation and Organization - The Royalties - Deferred Purchase Price Obligation";

"Distribution Record Date" means such dates as the Trustee may from time to time, upon written direction from the Corporation, designate as a "Distribution Record Date" except that December 31 in each year shall be a Distribution Record Date;

"Distributions to Unitholders" means, for any particular period, "net income" as calculated pursuant to the terms of the Trust Indenture, and means the Royalty Income received or receivable by the Fund plus interest and dividend income received or receivable and ARTC received or receivable, if any, and other payments or distributions from the Managed Entities, less the aggregate of Crown charges and any other direct cash expenses of the Fund;

"Exchangeable Shares" means the non-voting exchangeable shares of SHC, which are exchangeable into Trust Units based on the Exchange Ratio. See "Incorporation and Organization - Shiningbank Holdings Corporation";

"Exchange Ratio" means the ratio used to determine the number of Trust Units that each Exchangeable Share can be exchanged for;

"Exempt Plans" means, collectively, registered retirement savings plans, registered retirement income funds, registered education savings plans and deferred profit sharing plans;

"Fund" means Shiningbank Energy Income Fund;

"Managed Entities" means the Corporation, SHC, SLP Holdings Inc., SOT and SLP and all other subsidiary entities of the Fund and of any Managed Entity;

"Managed Entities Notes" means the demand promissory notes issued from time to time by a Managed Entity to the Fund. See "Incorporation and Organization – Managed Entities Notes";

"Net Operating Income" means Net Production Revenue plus capital expenditures less all applicable Crown charges net of ARTC, if applicable;

"Net Production Revenue" means the amount received or receivable by the Corporation and by SLP in respect of the sale of its interest in all Petroleum Substances collected from the Properties less: (i) expenditures paid or payable by or on behalf of the Corporation and SLP in respect of the operation of the Properties including, without limitation, the cost of gathering, compressing, processing, lifting, transporting and marketing all Petroleum Substances produced therefrom, the cost of equipment repair and maintenance and all other amounts paid or payable to third parties which are calculated with reference to production from the Properties including, without limitation, gross overriding royalties, lessors' royalties, but excepting Crown charges and other applicable charges; and (ii) capital and asset retirement expenditures paid or payable;

"NI 44-101" means Canadian Securities Administrators' National Instrument 44-101 – Short Form Prospectus Distributions;

"NI 51-101" means Canadian Securities Administrators' National Instrument 51-101 – Standards of Disclosure for Oil and Gas Activities;

"Paddock" means Paddock Lindstrom & Associates Ltd., independent petroleum consultants of Calgary, Alberta;

"Paddock Report" means the report dated January 28, 2006 (forecast prices and costs) and February 9, 2006 (constant prices and costs) prepared by Paddock that reports on certain reserves attributable to the Corporation and SLP as at December 31, 2005;

"Petroleum Substances" means oil, natural gas and related hydrocarbons (except coal) including, without limitation, all liquid hydrocarbons and all other substances, including sulphur, whether gaseous, liquid or solid and whether hydrocarbon or not, produced in association with such petroleum, natural gas or related hydrocarbons;

"Property" or "Properties" means the working, royalty or other interests of the Corporation and of SLP in any petroleum and natural gas rights, tangibles and miscellaneous interests which the Corporation and SLP may own from time to time. See "Statement of Reserves Data and Other Oil and Gas Information";

"Royalties" means the entitlement of the Fund to receive Royalty Income derived from the Corporation's and SLP's working interests in the Properties. See "Incorporation and Organization - The Royalties";

"Royalty Agreements" means, collectively, the Corporation Royalty Agreement and the SLP Royalty Agreement;

"Royalty Income" means 99% of the amount by which Net Production Revenue exceeds the aggregate of Debt Service Charges, costs, expenses, taxes and other applicable charges payable by the Corporation and SLP in respect of their Properties;

"SHC" means Shiningbank Holdings Corporation;

"**SHC USA**" means the unanimous shareholders agreement of SHC dated October 9, 2002 among SHC, the Trustee and Proximus Energy Corporation and Kivacorp Petroleum Ltd., being the holders of the Exchangeable Shares;

"**SOT**" means Shiningbank Operating Trust;

"**SLP**" means Shiningbank Limited Partnership;

"**SLP Royalty Agreement**" means the royalty agreement dated effective March 8, 2004 between the Corporation, as the general partner of SLP, and the Trustee, as the same shall be amended from time to time;

"**Special Resolution**" means a resolution passed by a majority of not less than 66 2/3% of the votes cast by the Unitholders who voted in respect of that resolution;

"**Statement**" means the statement and disclosure provided in this Annual Information Form under the heading "Statement of Reserves Data and Other Oil and Gas Information";

"**Tax Act**" means the *Income Tax Act* (Canada), as amended from time to time;

"**Trustee**" means Computershare Trust Company of Canada, or its successors, as trustee of the Fund. See "Incorporation and Organization – Trustee";

"**Trust Indenture**" means the trust indenture of the Fund dated May 16, 1996, as amended and restated on September 6, 2005, by the Trustee and the Corporation. See "Incorporation and Organization – Trust Units";

"**Trust Unit**" means an equal undivided beneficial interest in the Fund;

"**TSX**" means the Toronto Stock Exchange; and

"**Unitholder**" means a holder of one or more Trust Units.

ABBREVIATIONS, TERMS AND CONVERSIONS

Certain terms and abbreviations used in this Annual Information Form are defined below:

"bbl"	barrel of oil or NGL;
"bcf"	billion cubic feet of natural gas;
"boe"*	barrel of oil equivalent;
"boe/d"*	barrel of oil equivalent per day;
"bbl/d"	barrel of oil or NGL per day;
"mdbl"	thousand barrels;
"mboe"*	thousand barrels of oil equivalent;
"mmbtu"	million British Thermal Units;
"mcf"	thousand cubic feet of natural gas;
"mcf/d"	thousand cubic feet of natural gas per day;
"mmcf"	million cubic feet of natural gas;
"mmcf/d"	million cubic feet of natural gas per day;
"mstb"	thousand stock tank barrels; and
"NGL"	natural gas liquids.

- * A barrel of oil equivalent is determined by converting a volume of natural gas to barrels using the ratio of six mcf to one barrel. Boe's may be misleading, particularly if used in isolation. The boe conversion ratio of 6 mcf:1 bbl is based on an energy equivalency method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead.

In this Annual Information Form measurements are given in standard Imperial or metric units only. The following table sets forth certain standard conversions.

<u>To Convert From</u>	<u>To</u>	<u>Multiply By</u>
mcf	cubic metres	28.174
cubic metres	cubic feet	35.494
bbl	cubic metres	0.159
cubic metres	bbl	6.290
feet	metres	0.305
metres	feet	3.281
miles	kilometres	1.609
kilometres	miles	0.621
acres	hectares	0.405
hectares	acres	2.471

Unless stated otherwise, all sums of money referred to in this Annual Information Form are expressed in Canadian dollars.

FORWARD-LOOKING STATEMENTS

Certain statements contained in this Annual Information Form constitute forward-looking statements. The use of any of the words "anticipate", "continue", "estimate", "expect", "may", "will", "project", "should", "believe" and similar expressions are intended to identify forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors that may cause actual results or events to differ materially from those anticipated in such forward-looking statements. The Fund believes the expectations reflected in those forward-looking statements are reasonable but no assurance can be given that these expectations will prove to be correct and such forward-looking statements included in this Annual Information Form should not be unduly relied upon. These statements speak only as of the date of this Annual Information Form.

following: In particular, this Annual Information Form contains forward-looking statements pertaining to the

- the performance characteristics of the Fund's oil and natural gas properties;
- oil and natural gas production levels;
- the size and value of the Fund's oil and natural gas reserves;
- projections of market prices and costs and the related sensitivity of distributions;
- supply and demand for oil and natural gas;
- expectations regarding the ability to raise capital and to continually add to reserves through acquisitions and development;
- treatment under governmental regulatory regimes and tax laws; and
- capital expenditure programs.

The actual results could differ materially from those anticipated in these forward-looking statements as a result of the risk factors set forth below and elsewhere in this Annual information Form:

- volatility in market prices for oil and natural gas;
- liabilities inherent in oil and gas operations;
- uncertainties associated with estimating oil and natural gas reserves;
- competition for, among other things, capital, acquisitions of reserves, undeveloped lands and skilled personnel;
- incorrect assessments of the value of acquisitions;
- geological, technical, drilling and processing problems;
- fluctuations in foreign exchange or interest rates and stock market volatility; and
- changes in income tax laws or changes in tax laws and incentive programs relating to the oil and gas industry and income trusts.

Statements relating to "reserves" or "resources" are deemed to be forward-looking statements, as they involve the implied assessment, based on certain estimates and assumptions, that the resources and reserves described can be profitably produced in the future. Except as required under applicable securities legislation, Shiningbank does not undertake any obligation to publicly update or revise any forward-looking statements.

Readers are cautioned that the foregoing list of factors is not exhaustive. The forward-looking statements contained in this Annual Information Form are expressly qualified by this cautionary statement.

PRESENTATION OF OIL AND GAS RESERVES AND PRODUCTION INFORMATION

All oil and natural gas information contained in this Annual Information Form has been prepared and presented in accordance with NI 51-101. The actual oil and natural gas reserves and future production will be greater than or less than the estimates provided in this Annual Information Form. The estimated future net revenue from the production of the disclosed oil and natural gas reserves does not represent the fair market value of these

reserves. There is no assurance that the constant or forecast prices and costs or other assumptions made in connection with the reserves disclosed herein will be attained and variances could be material.

The estimates of reserves and future net revenue for individual properties may not reflect the same confidence level as estimates of revenue and future net revenue for all properties, due to the effects of aggregation.

NON-GAAP MEASURES

In this Annual Information Form, the Fund uses the terms "funds flow", and "cash available for distribution" to refer to the amount of cash available for distribution to Unitholders and as indicators of financial performance. The Fund also uses the term "netback", which is calculated as average unit sales price less royalties, transportation costs and operating costs, to represent the cash margin for product sold, calculated on a boe basis. "Funds flow", "cash available for distribution" and "netback" are not measures recognized by Canadian generally accepted accounting principles ("**GAAP**") and do not have standardized meanings prescribed by GAAP. Therefore, "funds flow", "cash available for distribution" and "netback" of the Fund may not be comparable to similar measures presented by other issuers, and investors are cautioned that "funds flow", "cash available for distribution" and "netback" should not be construed as alternatives to net earnings, cash flow from operating activities or other measures of financial performance calculated in accordance with GAAP. The Fund considers "funds flow from operations" a key measure of performance as it demonstrates the Fund's ability to generate the funds flow necessary to fund future distributions and capital investments and repay indebtedness. The Fund considers "netback" a key measure as it indicates the relative performance of crude oil and natural gas assets. Cash available for distribution cannot be assured and future distributions may vary.

INCORPORATION AND ORGANIZATION

The Fund

The Fund is an unincorporated open-ended investment trust created under the laws of the Province of Alberta and formed and governed by the Trust Indenture. The head and principal office of the Fund is located at 1310, 111 - 5th Avenue S.W., Calgary, Alberta T2P 3Y6. The registered office of the Fund is located at Suite 1200, 700 - 2nd Street S.W., Calgary, Alberta, T2P 4V5.

The Fund's assets consist primarily of the Royalties granted by the Corporation and SLP and the Managed Entities Notes. The Royalties entitle the Fund to receive Royalty Income earned by the Corporation and by SLP. See "*Incorporation and Organization - The Royalties*". The Managed Entities Notes entitle the Fund to receive payments of principal and interest from the Managed Entities in accordance with the terms of promissory notes. See "*Incorporation and Organization - Managed Entities Notes*".

Holders of Trust Units are the beneficiaries of the Fund. Unitholders indirectly receive the benefit of the Royalties consisting of the entitlement to receive an amount equal to the Royalty Income and also indirectly receive the benefit of the interest income on the Managed Entities Notes.

Shiningbank Energy Ltd.

Shiningbank Energy Ltd. was incorporated under the *Business Corporations Act* (Alberta) on March 7, 1996 as Proximity Energy Ltd. Its articles were amended by a Certificate of Amendment dated April 9, 1996 to change its name to Shiningbank Energy Ltd. Effective July 1, 2000, Shiningbank Energy Ltd. amalgamated with Shiningbank Energy Acquisitions Ltd., Raider Resources Ltd. and Cambright Gas Corporation and continued under the name Shiningbank Energy Ltd. Effective May 4, 2001, Shiningbank Energy Ltd. amalgamated with 923720 Alberta Inc. and Ionic Energy Inc. and continued under the name Shiningbank Energy Ltd. Effective October 9, 2002, Shiningbank Energy Ltd. amalgamated with Shiningbank Energy Management Inc. and continued under the name Shiningbank Energy Ltd. Effective January 1, 2004, Shiningbank Energy Ltd. amalgamated with Jocsak Energy Ltd. and continued under the name Shiningbank Energy Ltd. Effective March 8, 2004, Shiningbank Energy Ltd. amalgamated with Birchill Resources Limited and Good Ridge Explorations Ltd. and continued under the name Shiningbank Energy Ltd. Effective August 2, 2005, Shiningbank Energy Ltd. amalgamated with Outlook Energy Corp. and Blizzard Energy Inc. to form the Corporation. The Corporation is a wholly-owned subsidiary of SHC and an indirect wholly-owned subsidiary of the Fund. The head and principal office of the Corporation is

located at 1310, 111 - 5th Avenue S.W., Calgary, Alberta, T2P 3Y6. The registered office of the Corporation is located at Suite 1200, 700 - 2nd Street S.W., Calgary, Alberta, T2P 4V5.

The Corporation is in the business of acquiring, developing, exploiting, owning and disposing of oil and natural gas properties, providing certain administrative services to the Fund and acting as general partner of SLP. The Corporation has approximately 80 employees. The Corporation has agreed, pursuant to the Administrative Services Agreement, to provide certain management, advisory and administrative services in connection with the Royalties, the Fund, the Trust Units and any entity of the Fund administered by the Corporation. The Corporation receives no management fees for acting as administrator of the Fund or as general partner of SLP and is reimbursed only for administrative expenses incurred in connection therewith.

Shiningbank Holdings Corporation

Shiningbank Holdings Corporation was incorporated under the *Business Corporations Act* (Alberta) on July 24, 2002 as 999972 Alberta Inc. Its articles were amended by a Certificate of Amendment dated October 8, 2002 to, among other things, change its name to Shiningbank Holdings Corporation and authorize the issuance of an unlimited number of Exchangeable Shares. With the exception of the Exchangeable Shares, the Fund owns all of the issued and outstanding shares of SHC. The head and principal office of SHC is located at 1310, 111 - 5th Avenue S.W., Calgary, Alberta, T2P 3Y6. The registered office of SHC is located at Suite 1200, 700 - 2nd Street S.W., Calgary, Alberta, T2P 4V5. SHC has no employees or business other than holding the shares of the Corporation.

On October 9, 2002, SHC acquired all of the shares of Shiningbank Energy Management Inc., the former manager of the Fund, for \$2.9 million in cash and 1,136,614 Exchangeable Shares. The acquisition of Shiningbank Energy Management Inc. was approved by Unitholders at a special meeting held on October 8, 2002.

The Exchangeable Shares are exchangeable for Trust Units at the election of the holder based on the Exchange Ratio in effect on the date of exchange. The Exchange Ratio on October 9, 2002 was one (i.e., one Trust Unit was issuable upon the exchange of one Exchangeable Share). The Exchange Ratio is increased at the time of payment of each distribution on the Trust Units by an amount equal to the distribution per Trust Unit divided by the weighted average trading price of the Trust Units on the TSX for the 10 trading days ending on the record date for that distribution. The Exchange Ratio in effect as at December 31, 2005 and March 16, 2006 was 1.44988 and 1.48281, respectively.

Holders of Exchangeable Shares have the right to receive notice of and to vote at meetings of Unitholders. See "Incorporation and Organization - Trust Units - Meetings and Voting".

As at March 1, 2006, there were 335,875 Exchangeable Shares outstanding, of which 151,549 were subject to the terms of an escrow agreement with 50% to be released from escrow on each of October 9, 2006 and October 9, 2007.

Shiningbank Limited Partnership

Shiningbank Limited Partnership is a limited partnership which was formed on December 10, 2004 under the *Partnership Act* (Alberta). The head and principal office of SLP is located at 1310, 111 - 5th Avenue S.W., Calgary, Alberta, T2P 3Y6. The registered office of SLP is located at Suite 1200, 700 - 2nd Street S.W., Calgary, Alberta, T2P 4V5.

SLP is in the business of acquiring, developing, exploiting, owning and disposing of oil and natural gas properties. Shiningbank Operating Trust owns 100% of the limited partnership interests in SLP and SEL is the general partner of SLP.

Shiningbank Operating Trust

Shiningbank Operating Trust is an unincorporated commercial trust created under the laws of the Province of Alberta and governed by a trust indenture dated September 30, 2004. The head and principal office of

SOT is located at 1310, 111 - 5th Avenue S.W., Calgary, Alberta T2P 3Y6. The registered office of SOT is located at Suite 1200, 700 - 2nd Street S.W., Calgary, Alberta, T2P 4V5.

The trustee of SOT is SLP Holdings Inc. All of the beneficial interest of SOT is held by the Fund. The assets of SOT currently consist of its limited partnership interest in SLP.

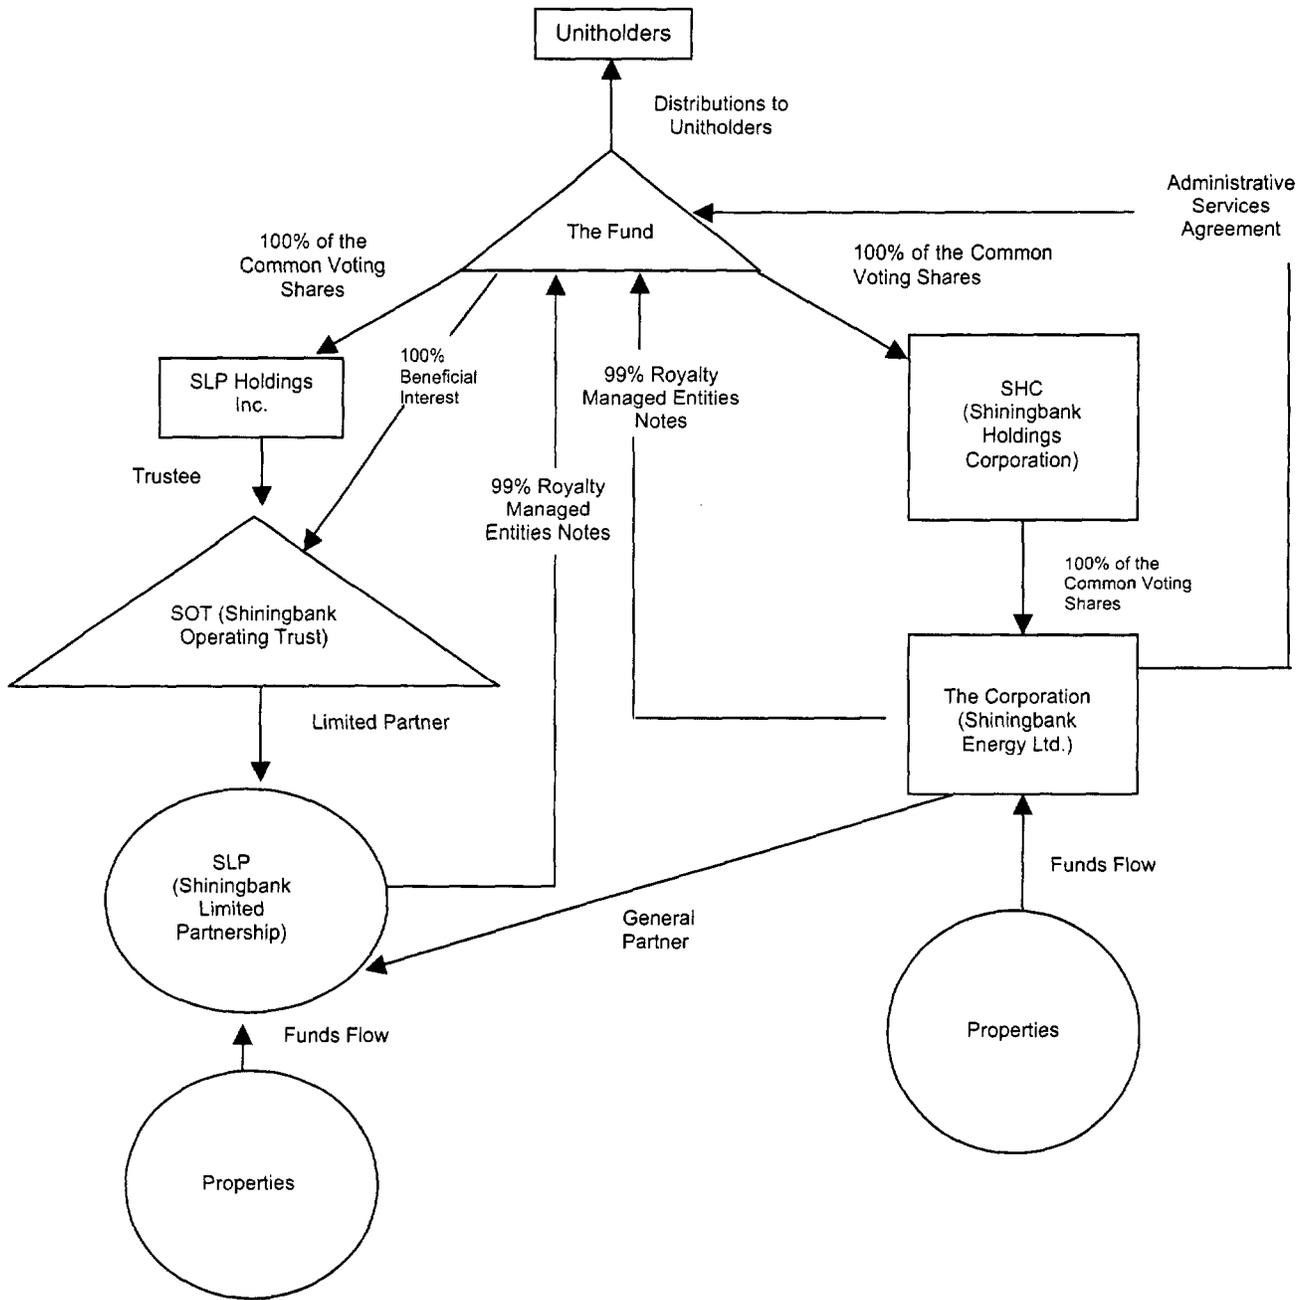

SLP Holdings Inc.

SLP Holdings Inc. was incorporated under the *Business Corporations Act* (Alberta) on September 30, 2004 as 1130243 Alberta Inc. Its articles were amended by a Certificate of Amendment dated January 9, 2006 to change its name to SLP Holdings Inc. Its head and principal office is located at 1310, 111 - 5th Avenue S.W., Calgary, Alberta, T2P 3Y6 and its registered office is located at Suite 1200, 700 - 2nd Street S.W., Calgary, Alberta, T2P 4V5.

SLP Holdings Inc. was incorporated for the purpose of being the trustee of SOT. All of the outstanding shares of SLP Holdings Inc. are held by the Fund.

Intercorporate Relationships

The following diagram illustrates the flow of cash from the Properties to the Fund and from the Fund to the Unitholders. Reference should be made to the appropriate sections of this Annual Information Form for a complete description of the structure of the Fund:

The Royalties

Pursuant to the Royalty Agreements, the Corporation and SLP have granted the Royalties to the Fund. The Royalties do not constitute an interest in land and the Fund is not entitled to take its share of production in kind or to separately sell or market its share of Petroleum Substances.

The Corporation and SLP are required to pay all Crown charges in respect of the Properties and the Fund is required to reimburse the Corporation and SLP for 99% thereof. At the option of the Corporation and SLP, such reimbursement may be effected by setting off the amount of such reimbursement against Royalty Income which the Corporation and SLP are obliged to pay the Fund.

The Royalty Agreements provide that the Fund will be entitled to be paid by the Corporation and SLP, by way of cash payments, the amount payable in respect of the Royalties for each month or quarter, at the election of the Corporation and SLP, on or before the fifteenth day of the month following the completion of such period.

Deferred Purchase Price Obligation

Recognizing that funds flow from properties acquired by the Corporation and SLP will be subject to the Royalties for the benefit of Unitholders, the Royalty Agreement imposes upon the Fund the Deferred Purchase Price Obligation. The Deferred Purchase Price Obligation constitutes an ongoing obligation of the Fund to pay to the Corporation and SLP, as additions to the purchase price for the Royalties on the following basis: (i) 99% of the cost of any Canadian resource properties (as defined in the Tax Act) which may be subsequently acquired by the Corporation and SLP, directly or by way of corporate or other business combination, to the extent that such cost is not financed by the debt incurred or assumed by the Corporation and SLP; and (ii) 99% of any capital expenditures incurred in respect of the Properties and so designated by the Corporation and SLP to the extent that such cost is not financed by debt incurred or assumed by the Corporation and SLP. If the Corporation or SLP does not make a designation in respect of capital expenditures at the time they are incurred, the Deferred Purchase Price Obligation shall not be applicable to such expenditures. The Royalty Agreement also provides that the net proceeds realized by the Fund from any offerings of Trust Units which occur subsequent to the initial public offering of Trust Units may be payable by the Fund to the Corporation and SLP pursuant to the Deferred Purchase Price Obligation outstanding at the relevant time.

The cost of the 1% of Canadian resource properties acquired by the Corporation or SLP that is not subject to the Deferred Purchase Price Obligation and the entire cost of depreciable tangible equipment relating to any such additional properties, shall be borne by the Corporation and SLP utilizing their own working capital or funds borrowed by them for such purposes from the Fund or otherwise.

Release of Royalties and Acquisition of Replacement Properties

Pursuant to the terms of the Royalty Agreements, the Corporation and SLP may assign, sell, exchange or otherwise dispose of, all or any portion of the Properties and may release the Royalties therefrom, provided that they determine that such assignments, sales, exchanges or other dispositions would be in the best interests of the Unitholders and that such sales are in accordance with the following:

- (i) all assignments, sales, exchanges or other dispositions of Properties for proceeds in excess of 5% of Asset Value (as defined in the Royalty Agreements) of all Properties must be approved by the Board of Directors of the Corporation and, in connection with such approval, the Board of Directors of the Corporation must determine whether the net proceeds of any sales allocable to the Fund should be distributed to Unitholders or used to purchase additional properties; and
- (ii) all assignments, sales, exchanges or other dispositions of Properties in a calendar year having an aggregate Asset Value (as defined in the Royalty Agreements) greater than 25% of the Asset Value of all Properties must be approved by a Special Resolution of the Unitholders and, in connection with such approval, the Unitholders, subject to the recommendation by the Board of Directors of the Corporation, are also required to consider whether the net proceeds of the assignment, sale, exchange or other disposition, allocable to the Fund should be distributed to the Unitholders or used to purchase additional properties.

The Royalty Agreements provide, with respect to the release of the Royalties, that:

- (i) the proceeds of disposition of an interest in any of the Properties (excluding proceeds in respect of related tangible equipment and certain other miscellaneous interests), to the extent not applied to repay borrowings of the Corporation and SLP, shall be allocated 99% to the Fund and 1% to the residual interest of the Corporation and SLP and 100% of the proceeds in respect of related tangible equipment and certain other miscellaneous interests shall be allocated to the Corporation and SLP;
- (ii) the proceeds of disposition allocable as aforesaid to the Fund (the "**Royalty Disposition Proceeds**") shall be forthwith deposited in an interest bearing account with a Canadian chartered bank maintained by the Corporation or SLP, as the case may be, in trust for the Fund (the "**Proceeds Account**") and to the extent that there is a Deferred Purchase Price Obligation outstanding, the amount thereof shall be paid to the Corporation out of those proceeds of disposition;
- (iii) interest received on the Proceeds Account during any Period shall be paid by the Corporation and to the Fund on or before the fifteenth day of the month following the end of such Period;
- (iv) to the extent that Royalty Disposition Proceeds create a negative balance in the cumulative Canadian oil and gas property expense account of the Fund (as defined in the Tax Act) as at the end of any calendar year, the Corporation and SLP shall remit to the Fund an amount from the Proceeds Account equal to such negative balance so as to permit the distribution thereof; and
- (v) to the extent that Royalty Disposition Proceeds are not used to purchase replacement properties within one year from the date such proceeds are deposited in the Proceeds Account, such proceeds shall be forthwith paid by the Corporation and SLP to the Fund and distributed to Unitholders.

Managed Entities Notes

The business of the Managed Entities involves the development of their existing oil and natural gas reserves and the acquisition of additional oil and natural gas reserves, both of which can require significant capital expenditures. The Fund, primarily through public offerings of its securities, provides the Managed Entities with access to external sources of capital. Following the completion of a public offering of securities, the Fund may loan the net proceeds received from such offering to a Managed Entity, to the extent that such proceeds exceed the Deferred Purchase Price Obligation, in return for a demand promissory note bearing a market rate of interest. The Managed Entity can then utilize such funds to finance an acquisition or capital expenditures or to repay indebtedness incurred to finance an acquisition or capital expenditures.

The Fund currently holds Managed Entities Notes issued in connection with the acquisitions of Raider Resources Ltd., Ionic Energy Inc., Birchill Resources Limited and Blizzard Energy Inc. As at December 31, 2005, the principal amount of the Managed Entities Notes held by the Fund was \$483.7 million. The interest rate on such notes is based on the prime rate announced from time to time by a major Canadian chartered bank plus a spread of up to 0.25%.

Trust Units

A maximum of 300,000,000 Trust Units are authorized for issuance pursuant to the Trust Indenture, of which 68,349,351 were issued and outstanding as at March 1, 2006. The Trust Units represent equal and undivided beneficial interests in the Fund. All Trust Units share equally in all distributions from the Fund and all Trust Units carry equal voting rights at meetings of Unitholders. No conversion or pre-emptive rights are attached to the Trust Units.

The following is a summary of certain provisions of the Trust Indenture. For a complete description of the Trust Indenture, reference should be made to the Trust Indenture, a copy of which is accessible on the SEDAR website at www.sedar.com (filed September 8, 2005 as a material document).

Distributions of Cash

The amount of cash to be distributed annually per Trust Unit is equal to a pro rata share of the Fund's Distributions to Unitholders for the year. Subject to the approval of the Board of Directors of the Corporation, Distributions to Unitholders are made on a monthly basis on the Cash Distribution Date. The Corporation determines the Royalty Income and interest income accrued to the Fund on the Managed Entities Notes for a particular period and arranges for payment of all direct expenses of the Fund from such income.

Future Offerings

The Fund may offer additional Trust Units or rights to purchase additional Trust Units (up to the authorized maximum) at such times and on such terms and conditions as the Corporation may determine with the approval of the Board of Directors of the Corporation. The Royalties will attach to the interests of the Corporation and SLP in any additional properties which are acquired, whether directly or by way of corporate or other business combination, from time to time. Accordingly, the proceeds from any future offerings may be used to finance the acquisition of additional properties, whether directly or by way of corporate or other business combination, should such be available on terms and conditions acceptable to the Corporation, with the approval of the Board of Directors of the Corporation in certain circumstances.

Meetings and Voting

Annual meetings of the Unitholders have been held since the inception of the Fund. Special meetings of Unitholders may be called at any time by the Trustee and shall be called by the Trustee upon the written request of Unitholders holding in the aggregate not less than 20% of the issued and outstanding Trust Units. Notice of all meetings of Unitholders shall be given to Unitholders at least 21 days (or such other period of time as may be prescribed by applicable securities legislation) prior to the meeting.

Unitholders may attend and vote at all meetings of Unitholders either in person or by proxy and a proxy holder need not be a holder of Trust Units. Two persons present in person or represented by proxy and representing in the aggregate not less than 5% of the votes attaching to all outstanding Trust Units constitute a quorum for the transaction of business at all such meetings.

Unitholders are entitled to one vote per Trust Unit at all meetings of Unitholders. A Special Resolution of the Unitholders is required to, among other things, amend (except for certain amendments that are not consequential or are required to ensure the Fund complies with applicable laws) the Trust Indenture, the Royalty Agreements, the Administrative Services Agreement, the Corporation USA and the SHC USA, to remove the Trustee, or terminate the Fund.

In addition, holders of Exchangeable Shares have the right to receive notice of, and to vote, at meetings of Unitholders. The holders of the Exchangeable Shares are entitled to vote at meetings of Unitholders through a Special Voting Unit issued by the Fund, on the basis of one vote for each outstanding Exchangeable Share. These rights are governed by a Voting and Exchange Trust Agreement dated October 9, 2002 among the Fund, SHC and the Corporation, and a Support Agreement dated October 9, 2002 among the Fund, SHC and the Corporation as the trustee of the Exchangeable Shares.

Corporation USA

The Corporation, SHC and the Trustee, have entered into the Corporation USA which provides that the Unitholders will be entitled to receive notice of and to attend all meetings of the shareholders of the Corporation and, except as set forth below, to direct the manner in which SHC votes its shares in the Corporation at all such meetings. Prior to SHC voting its shares of the Corporation, each Unitholder will be entitled to vote in respect of the matter on the basis of one vote per Trust Unit held and SHC will be required to vote its shares of the Corporation in

accordance with the result of the votes of Unitholders. Holders of Trust Units are entitled to direct SHC as to how to vote in respect of all matters placed before it as the holder of all voting shares of the Corporation, including the election of directors of the Corporation and the appointment of the auditors of the Corporation (if any) and the Fund. In addition, Unitholders are entitled to direct SHC as to how to vote its shares in the Corporation on any proposed amendment to the Corporation USA, the Trust Indenture or the Administrative Services Agreement, which amendments are required to be approved by Special Resolution. SHC is not entitled to exercise its rights as a shareholder except as set forth above.

The Corporation USA also provides that the Board of Directors of the Corporation shall consist of a minimum of three and a maximum of nine directors. The number of directors is currently set at six.

SHC USA

SHC, the Trustee and the holders of the Exchangeable Shares (Proximus Energy Corporation and Kivacorp Petroleum Ltd.) have entered into the SHC USA which provides that the Unitholders will be entitled to receive notice of and to attend all meetings of the shareholders of SHC and, except as set forth below, to direct the manner in which the Trustee, on behalf of the Fund, votes its shares in SHC at all such meetings. Prior to the Trustee voting the Fund's shares in SHC, each Unitholder will be entitled to vote in respect of the matter on the basis of one vote per Trust Unit held and the Trustee will be required to vote the Fund's shares in SHC in accordance with the result of the votes of Unitholders. Holders of Trust Units are entitled to direct the Trustee as to how to vote in respect of all matters placed before the shareholders of SHC, including the election of directors of SHC and the appointment of the auditors of SHC (if any). In addition, Unitholders are entitled to direct the Trustee as to how to vote the Fund's shares in SHC on any proposed amendment to the SHC USA, the Trust Indenture or the Administrative Services Agreement, which amendments are required to be approved by Special Resolution. The Fund is not entitled to exercise its rights as a shareholder except as set forth above.

The SHC USA also provides that the Board of Directors of SHC shall consist of a minimum of three and a maximum of nine directors. The number of directors is currently set at five.

Limitation on Non-Resident Ownership

In order for the Fund to maintain its status as a mutual fund trust under the Tax Act, the Fund must not be established or maintained primarily for the benefit of non-residents of Canada ("**non-residents**") within the meaning of the Tax Act. Accordingly, the Trust Indenture provides that at no time may non-residents be the beneficial owners of a majority of the Trust Units. The Trustee may require declarations as to the jurisdictions in which beneficial holders of Trust Units are resident. If the Trustee becomes aware, as a result of requiring such declarations or otherwise, that the beneficial owners of 49% of the Trust Units then outstanding are or may be non-residents or that such a situation is imminent, the Trustee shall make a public announcement thereof and shall not accept a subscription for Trust Units from, or issue or register a transfer of Trust Units to, a person unless the person provides a declaration that the person is a resident of Canada. If, notwithstanding the foregoing, the Trustee determines that a majority of the Trust Units are held by non-residents, the Trustee shall send a notice to non-resident holders of Trust Units, chosen in inverse order to the order of acquisition or registration or in such other manner as the Trustee may consider equitable and practicable, requiring them to sell their Trust Units or a portion thereof within a specified period of not less than 60 days. If the Unitholders receiving such notice have not sold the specified number of Trust Units or provided the Trustee with satisfactory evidence that they are not non-residents within such period, the Trustee shall on behalf of such Unitholders sell such Trust Units and in the interim, shall suspend the voting and distribution rights attached to such Trust Units. Any such sale shall be made on any stock exchange on which the Trust Units are then listed and, upon such sale, the affected holders shall cease to be holders of Trust Units and their rights shall be limited to receiving the net proceeds of sale upon surrender of the certificates representing such Trust Units. To the best of the knowledge of management, non-resident ownership of the Trust does not exceed 49% as of the date of this Annual Information Form.

Laws in certain jurisdictions outside Canada may also limit the ownership of Trust Units by certain non-residents, and the Trustee may from time to time take steps similar to the foregoing to minimize any adverse consequences to non-resident Unitholders arising from such laws.

Voting at Meetings of SHC, the Corporation and SLP Holdings Inc.

The Unitholders are entitled to certain voting rights at meetings of SHC, the Corporation and SLP Holdings Inc., including voting rights with respect to the appointment of auditors (if any) and the election of directors of these corporations. See "Incorporation and Organization – Trust Units – Corporation USA" and "Incorporation and Organization – Trust Units – SHC USA".

Termination of the Fund

The Unitholders may vote to terminate the Fund at any meeting of the Unitholders, subject to the following: (a) the vote is requested in writing by the holders of not less than 20% of the Trust Units; (b) a quorum of holders of 50% of the issued and outstanding Trust Units is present in person or by proxy at the meeting; and (c) the termination is approved by Special Resolution of the Unitholders at the meeting. The Unitholders may also vote to terminate the Fund if the Trust Units have become ineligible for investment by Exempt Plans.

Unless the Fund is terminated or extended by vote of the Unitholders prior to December 31, 2096, the Trustee shall commence to wind up the affairs of the Fund on December 31, 2096. In the event that the Fund is wound-up, the Trustee will liquidate all the assets of the Fund, pay, retire, discharge or make provision for some or all obligations of the Fund and then distribute the remaining proceeds of sale, if any, to Unitholders.

Reporting to Unitholders

The Fund furnishes to Unitholders, within 45 days of the end of the first, second and third quarters of each year, a report which includes an unaudited statement of receipts and disbursements attributable to the Royalties for the quarter. Within 90 days of the end of each calendar year, the Fund furnishes tax reporting information to each person who received distributions at any time during the previous calendar year (or such shorter period of time as may be prescribed by applicable securities legislation).

The financial statements of the Fund are audited at least annually by an independent, recognized firm of chartered accountants and the audited financial statements of the Fund, together with the report of such chartered accountants, are mailed by the Trustee to Unitholders within 90 days of the end of each calendar year. The fiscal year end of the Fund is December 31.

The Fund also furnishes annually to Unitholders a summary review of the acquisitions and dispositions of Properties that have occurred during the preceding year and activities conducted thereon, including locations of Properties and aggregate amounts of crude oil, natural gas and natural gas liquids produced therefrom and related operating costs. A summary description of material changes in the Fund's financial affairs and their expected impact on Unitholders is also provided.

Take-over Bids and Unitholder Rights Plan

The Trust Indenture contains provisions to the effect that if a take-over bid is made for Trust Units and not less than 90% of the Trust Units (other than Trust Units held at the date of the take-over bid by or on behalf of the offeror or associates or affiliates of the offeror) are taken up and paid for by the offeror, the offeror shall be entitled to acquire the Trust Units held by Unitholders who did not accept the offer on the terms offered by the offeror, subject to compliance with the relevant provisions of the Trust Indenture.

On January 25, 2000, the Board of Directors of the Corporation approved the adoption by the Fund of a unitholder rights plan (the "**Rights Plan**"). The Unitholders ratified the adoption of the Rights Plan at the Annual and Special Meeting of Unitholders held on May 9, 2000. The provisions of the Rights Plan require that Unitholders ratify the continued existence of the Rights Plan at the first annual meeting of Unitholders of the Fund following the second anniversary of the date of the Rights Plan, and at every second annual meeting of Unitholders of the Fund held thereafter. In addition, pursuant to amendments to the Trust Indenture approved by Unitholders on May 9, 2000, the Trustee has delegated its authority to the Corporation to address all matters pertaining to the Rights Plan or the maximization of Unitholder value in the context of a response to an offer for Trust Units or for all or substantially all of the assets of the Fund or any of the Managed Entities. The Unitholders reconfirmed the

Rights Plan at the Annual and Special Meetings of Unitholders held on May 7, 2002 and May 12, 2004. At the Annual and Special Meeting of the Unitholders to be held on May 16, 2006, Unitholders are being asked to approve a resolution to amend and continue the Rights Plan to the date of the annual meeting of Unitholders held in 2009.

Retraction Rights

Trust Units will be retractable at any time on demand by the holder thereof upon delivery to the Fund of the certificate or certificates representing such Trust Units, accompanied by a duly completed and properly executed notice requesting retraction. Upon receipt of the retraction request by the Fund, all rights to and under the Trust Units tendered for retraction shall be surrendered and the holder thereof shall be entitled to receive a price per Trust Unit ("**Redemption Price**") equal to the lesser of: (i) 95% of the "market price" of the Trust Units on the principal market on which the Trust Units are quoted for trading during the 10 trading day period commencing immediately after the date on which the Trust Units are surrendered for retraction; and (ii) the "closing market price" on the principal market on which the Trust Units are quoted for trading on the date that the Trust Units are surrendered for retraction.

The "market price" for the purposes of a retraction of Trust Units will be an amount equal to the simple average of the closing price of the Trust Units for each of the 10 trading days on the principal market on which the Trust Units are quoted for trading and on which there was a closing price; provided that if the applicable exchange or market does not provide a closing price but only provides the highest and lowest prices of the Trust Units traded on a particular day, the "closing price" shall be an amount equal to the simple average of the highest and lowest prices for that trading day if there was a trade; and provided further that if there was a trade on the applicable exchange or market for fewer than five of the 10 trading days, the "market price" shall be the simple average of the "closing market price" on each of the 10 trading days. The "closing market price" shall be an amount equal to the closing price of the Trust Units if there was a trade on the date; an amount equal to the average of the highest and lowest prices of Trust Units if there was trading and the exchange or other market provides only the highest and lowest prices of Trust Units traded on a particular day; and the average of the last bid and last ask prices of the Trust Units if there was no trading on the date.

The aggregate cash Redemption Price payable by the Fund in respect of any Trust Units surrendered for retraction during any calendar month shall be satisfied by way of a cash payment on the last day of the following month; provided that the entitlement of Unitholders to receive cash upon redemption of their Trust Units is subject to the limitations that: (i) the total amount payable by the Fund in respect of such Trust Units and all other Trust Units tendered for retraction in the same calendar month shall not exceed \$100,000 provided that such limitation may be waived at the discretion of the Board of Directors of the Corporation; (ii) at the time such Trust Units are tendered for retraction the outstanding Trust Units of the Fund shall be listed for trading on a stock exchange or traded or quoted on any other market which the Board of Directors of the Corporation consider, in their sole discretion, provides representative fair market value prices for the Trust Units; or (iii) the normal trading of Trust Units is not suspended or halted on any stock exchange on which the Trust Units are listed (or, if not listed on a stock exchange, on any market on which the Trust Units are quoted for trading) on the date that the Trust Units are tendered for retraction or for more than five trading days during the 10 day trading period commencing immediately after the date on which the Trust Units are tendered for retraction.

If a Unitholder is not entitled to receive cash upon the redemption of Trust Units as a result of the foregoing limitations, then the Redemption Price for such Trust Units shall be the fair market value thereof as determined by the Board of Directors of the Corporation and shall, subject to any applicable regulatory approvals, be paid and satisfied by way of a distribution in specie of the Fund's property (the "**Fund Property**"). The Fund Property may include interests in shares and/or debt instruments (the "**Securities**"). No fractional Securities will be distributed and where the number of Securities to be received by a Unitholder includes a fraction, such number shall be rounded to the next lowest whole number. The Fund shall be entitled to all interest paid or accrued and unpaid and to all dividends paid or declared payable with respect to the Fund Property on or before the date of such distribution in specie. The holders of the Fund Property will be subject to the provisions of all material agreements that relate to the Fund Property.

It is not anticipated that the retraction right will be the primary mechanism for Unitholders to liquidate their investment. The Securities which may be distributed to Unitholders in connection with any retraction may be subject to resale restrictions under applicable securities laws, will not be listed on any stock exchange and

no market is expected to develop for such Securities. The Securities received as a result of a retraction of Trust Units may not be qualified investments for Exempt Plans, depending upon the circumstances existing at that time. The holders of the Securities will be subject to the provisions of all agreements that relate to the Securities. See "Incorporation and Organization — The Royalties" and "— Managed Entities Notes".

Stability Rating

Dominion Bond Rating Service Limited ("**DBRS**") has assigned a stability rating of STA-6 (middle) to the Trust Units. The stability rating is based on a rating scale developed by DBRS that provides an indicator of both the stability and sustainability of an income fund's distributions per unit. Ratings categories range from STA-1 to STA-7, with STA-1 being the highest. In addition, DBRS further separates the ratings into "high", "middle" and "low" subcategories to indicate where they fall within the rating category. Ratings take into consideration the seven main factors of: (1) operating and industry characteristics; (2) asset quality; (3) financial flexibility; (4) diversification; (5) size and market position; (6) sponsorship/governance; and (7) growth. In addition, consideration is given to specific structural or contractual elements that may eliminate or mitigate risks or other potentially negative factors. Specifically, income funds rated as STA-6 are considered by DBRS to have very weak distributions per unit in terms of stability and sustainability. A rating is not a recommendation to buy, sell or hold any security and may be subject to revision or withdrawal at any time by DBRS.

Trustee

Computershare Trust Company of Canada ("**Computershare**") is the Trustee of the Fund and also acts as the transfer agent for the Trust Units. The Trustee is responsible for, or has delegated to the Corporation, the following: (i) receiving and reviewing subscriptions for Trust Units and issuing Trust Units pursuant thereto; (ii) maintaining books and records of the Fund and providing timely reports to holders of Trust Units; (iii) paying Distributions to Unitholders; and (iv) monitoring, on a continuous basis, the activities of the Fund. The Trustee may require declarations as to the jurisdictions in which beneficial owners of Trust Units are resident.

The Trust Indenture provides that the Trustee shall exercise its powers and carry out its functions thereunder as Trustee honestly, in good faith and in the best interests of the Fund and the Unitholders and, in connection therewith, shall exercise that degree of care, diligence and skill that a reasonably prudent trustee would exercise in comparable circumstances, subject to compliance by the Trustee with any agreements contemplated by the Trust Indenture, which may be binding upon the Trustee or the Fund.

The Trustee is reappointed or changed every two years as may be determined by a majority of the votes cast at a meeting of the Unitholders. The Trustee may resign upon 60 days' notice to the Corporation. The Trustee may also be removed by Special Resolution of the Unitholders if the Trustee becomes bankrupt or insolvent or otherwise incapable of performing its responsibilities under the Trust Indenture or as the result of a material increase in the fees charged by the Trustee. Such resignation or removal becomes effective upon the acceptance or appointment of a successor trustee. Prior to November 1, 2001, Montreal Trust Company of Canada ("**Montreal Trust**") was the trustee of the Fund and was replaced by Computershare, the successor in interest to Montreal Trust by virtue of the acquisition of certain assets of Montreal Trust by Computershare early in 2001.

The Corporation, on behalf of the Trustee, keeps such books and records as are necessary for the proper recording of the business transactions of the Fund. Where it is practical to do so, these records are similar to those required to be maintained by a distributing corporation incorporated under the *Business Corporations Act* (Alberta). Unitholders generally have access to such records to the same extent as though they were shareholders of such a corporation. All such records are kept by the Corporation at its offices in Calgary, Alberta.

The Trust Indenture provides that the Trustee shall be under no liability to any holder of Trust Units for any action taken in good faith reliance upon any documents that are, prima facie, properly executed, for any depreciation of, or loss to, the Fund incurred by reason of the sale of any property, for any inaccuracy in any evaluation provided by the Corporation or any other appropriately qualified person, for relying on any such evaluation, for any action or failure of the Corporation to act, or for any other action or failure to act (including, without limitation, the failure to compel in any way any former trustee to redress any breach of trust or any failure by the Corporation to perform its duties under the Trust Indenture, the Royalty Agreements, the Administrative

Services Agreement, the Corporation USA, the SHC USA or any underwriting agreement to which the Fund is a party), unless such liabilities arise out of the Trustee's gross negligence, wilful default or fraud. If the Trustee has retained an appropriate expert or advisor with respect to any matter connected with its duties under the Trust Indenture or the Royalty Agreements, the Trustee may act or refuse to act based on the advice of any such expert or advisor without liability.

The Trustee shall be indemnified out of the assets of the Fund and shall have no additional recourse against Unitholders for: (i) any taxes or other government charges imposed upon the Trustee in consequence of its performance of its duties; (ii) losses suffered by it arising out of the performance of its duties under the Trust Indenture; and (iii) for losses arising in respect of third party environmental claims, provided: (a) that such losses do not arise out of the Trustee's gross negligence, wilful default or fraud; and (b) the assets of the Fund are sufficient to satisfy the above losses of the Trustee. Pursuant to the Administrative Services Agreement, the Trustee and any person who is serving or has served as a director, officer, employee or agent of the Trustee shall be indemnified by the Corporation out of the assets of the Corporation against all liabilities (including environmental liabilities), obligations, costs and expenses (including judgments, fines, penalties, amount paid in settlement with the approval of the Corporation, as the case may be, and reasonable counsel fees) arising from or related to any manner of breach of the Administrative Services Agreement by the Corporation or in any way arising from or related in any manner to the fraud, wilful misconduct, or gross negligence of the Corporation in the performance of its obligations thereunder, provided any other person claiming indemnification hereunder shall be indemnified only to the extent such person is not finally adjudged in said action, suit or proceeding to have acted with wilful misfeasance, bad faith, or gross negligence and provided that any such person shall not be indemnified if such person is finally adjudged to have acted other than honestly and in good faith.

The Trust Indenture provides that all contracts signed by or on behalf of the Fund must (except as the Trustee or Corporation may otherwise, in any respect, determine) contain a provision to the effect that the obligations in such agreement will not be binding upon Unitholders personally. Personal liability may also arise in respect of claims against the Fund that do not arise under contracts, including claims in tort, claims for taxes and possibly certain other statutory liabilities. The possibility of any personal liability of this nature arising is considered unlikely. In addition, the *Income Trust Liability Act* (Alberta) provides that a beneficiary of a trust that is (a) created by a trust instrument governed by the laws of Alberta, and (b) a reporting issuer as defined in the *Securities Act* (Alberta), is not liable as a beneficiary for any act, default, obligation or liability of the trustee. See "Risk Factors – Unitholder Liability".

Administrative Services Agreement

The Trustee and the Corporation entered into the Administrative Services Agreement on October 9, 2002. The Administrative Services Agreement may be terminated by the Trustee on the earlier of the expiry of three months written notice of termination given by the Trustee to the Corporation, and the date on which a satisfactory replacement administrator is appointed.

Pursuant to the Administrative Services Agreement, the Corporation provides certain management, advisory and administrative services in connection with the Royalties, the Fund, the Trust Units and any entity of the Fund managed by the Corporation. In return, the Corporation is reimbursed only for administrative expenses incurred, with the intention that the Corporation not derive any financial gain, nor suffer any financial loss, as a result of providing such services.

The main duties of the Corporation under the Administrative Services Agreement include:

- ▶ managing all of the operations and other affairs of the Fund;
- ▶ advising the Fund in respect of the Royalties;
- ▶ administering all matters respecting the assets of the Fund and the Trust Units;
- ▶ providing or causing to be provided to Unitholders all information to which Unitholders are entitled under the Trust Indenture;

- ▶ determining the timing and terms of future offerings of Trust Units, if any, and all other services as may be necessary for the Trustee to discharge its responsibilities under the Trust Indenture;
- ▶ ensuring compliance by the Fund with continuous disclosure obligations under all applicable securities legislation;
- ▶ providing investor relations services to the Fund;
- ▶ calling and holding all necessary meetings of Unitholders and distributing materials including notices of meetings and information circulars in respect thereof;
- ▶ determining the amounts payable from time to time to Unitholders and arranging for Distributions to Unitholders; and
- ▶ providing office space, equipment and staff, including clerical, technical, managerial and accounting services for the Fund and the Corporation.

In exercising its powers and discharging its duties under the Administrative Services Agreement, the Corporation is required to exercise that degree of care, diligence and skill that a reasonably prudent administrator would exercise in comparable circumstances.

The Corporation will be indemnified by the Fund in respect of certain liabilities, obligations, costs and expenses which it may suffer in discharging its obligations under the Administrative Services Agreement provided that such liabilities, obligations, costs and expenses do not arise from the fraud, wilful misconduct or gross negligence of the Corporation.

The Board of Directors of the Corporation reviews the provision of services under the Administrative Services Agreement on an ongoing basis. Any significant amendment to the Administrative Services Agreement must be approved by the Board of Directors of the Corporation, the Trustee and by Special Resolution of the Unitholders.

The Corporation's Business Strategy

The Corporation manages and administers the assets of the Fund according to the terms and conditions set forth in the Administrative Services Agreement. A business strategy has been set out which utilizes the extensive management, technical and business experience of the directors and officers of the Corporation with the objective of maintaining and enhancing Distributions to Unitholders and the value of the Trust Units. Optimizing income and value will be achieved by increasing both the quality and quantity of the assets held by the Corporation and underlying the Royalties. To execute this strategy the Corporation:

- ▶ plans to acquire additional producing assets having a long reserve life;
- ▶ operates a significant number of the Properties in order to proactively manage the factors impacting Distributions to Unitholders, including operating costs, capital costs, development plans and timing, abandonment liabilities, commodity markets, joint venture billings and receipts;
- ▶ uses capital to exploit oil and natural gas assets and optimize funds flow where the Corporation considers the risk to be reasonable;
- ▶ has developed a production marketing strategy to provide a competitive commodity price portfolio as well as to reduce price volatility; and
- ▶ endeavours to optimize funds flow by controlling operating costs and general and administrative costs.

The Corporation endeavours to capitalize on the operating, exploitation, evaluation and management experience of its officers and the directors in order to be competitive in the asset acquisition and funds flow enhancement process.

The Corporation's Acquisition Criteria

The Corporation may periodically purchase additional oil and natural gas properties or acquire corporations or other entities holding such assets, with a view to maintaining or increasing distributions for Unitholders. Such acquisitions generally comply with the following criteria and procedures:

- ▶ each is evaluated using industry accepted pricing and reserve definitions and discount rates. Payout periods and acquisition costs per boe are rigorously evaluated as part of the process to attempt to ensure improved Distributions to Unitholders will result from such acquisitions;
- ▶ not more than 50% of the net asset value of all Properties can be attributable to a single pool;
- ▶ the Properties must be selected, in part, on the basis that the amount of anticipated capital expenditures required thereon will be of the type which are intended to maintain, realize or improve production from such properties; and
- ▶ the approval of the Board of Directors of the Corporation is required for acquisitions exceeding \$20 million per transaction.

The oil and natural gas industry continues to go through a period of consolidation and rationalization which has resulted in an increase in property divestitures by industry participants. The Corporation believes that this process will continue, thereby providing it with opportunities to acquire oil and natural gas producing properties which meet the foregoing acquisition criteria.

The Corporation and SLP

Business

The Corporation was incorporated and organized for the purpose of, and carries on the business of, acquiring, developing, exploiting and disposing of oil and natural gas properties and granting the royalty to the Fund under the terms of the Corporation Royalty Agreement. It also performs its duties under the Administrative Services Agreement and its duties as general partner of SLP under the limited partnership agreement for SLP.

SLP was formed for the purpose of, and carries on the business of, acquiring, developing, exploiting and disposing of oil and natural gas properties. It granted the royalty to the Fund under the terms of the SLP Royalty Agreement. The Corporation is the general partner of SLP and, in that capacity, directs the operations and policies of SLP.

Borrowing

The Corporation maintains a \$330 million revolving credit facility with a syndicate of Canadian chartered banks. Borrowings under the credit facility bear interest at an annual rate ranging from the banks' prime rate to the banks' prime rate plus 0.95%, depending on the total debt to funds flow ratio, or, at the Corporation's option, the bankers' acceptance rate plus a stamping fee. The credit facility is secured by a \$600 million floating charge debenture on all assets of the Corporation together with supporting debentures and guarantees from the Fund's material subsidiaries and affiliates. The revolving period extends to April 27, 2006, at which time the credit facility, unless renewed, reverts to a two-year term with the principal payments, if necessary, commencing on July 28, 2006.

Limitations on Borrowing

Pursuant to the Royalty Agreements, the Corporation is permitted to borrow funds to finance the purchase of Properties, incur capital expenditures or other financial obligations or encumbrances in respect of the Properties or for working capital purposes and to grant security on the Properties in priority to the Royalties to secure the loans of such monies. However, the Royalty Agreements restrict the ability of the Corporation to borrow from third parties if: (i) the amounts borrowed from such third parties to finance the purchase of Properties exceeds 40% of the asset value of all of the Properties at the time of borrowing; or (ii) the Debt Service Charges on amounts borrowed from such third parties to finance the purchase of Properties or capital expenditures to maintain or improve production from the Properties or other borrowings, exceed 30% of the aggregate of the projected annual Royalty Income and the projected annual income from the Managed Entities Notes.

Capital Expenditures

The Corporation may approve and fund capital expenditures under the terms of the Royalty Agreements. Future capital expenditures are intended to maintain or improve production and to exploit the assets of the Corporation and of SLP. Capital expenditures will not be incurred to fund what management considers to be high risk exploratory drilling activities. Capital expenditures may be financed from Royalty Income, additional issuances of Trust Units, borrowings or by joint venture agreements on the basis that the joint venture partner will assume such capital expenditures in exchange for a working interest participation in the Properties. Capital expenditures which are funded from Royalty Income may result in a short-term reduction in Distributions to Unitholders.

Environmental Obligations

The Corporation and SLP are liable for their respective working interest share of ongoing environmental obligations and for the ultimate reclamation of the Properties upon abandonment. Ongoing environmental obligations are expected to be funded as incurred. Management of the Corporation believes that funding environmental obligations in this manner is appropriate given that the Corporation and SLP operate a significant number of the Properties. The Corporation pro-actively monitors the factors giving rise to environmental liabilities on behalf of itself and SLP.

The Corporation and SLP record a liability equal to the present value of future abandonment and reclamation costs and a corresponding increase in property, plant and equipment costs. The initial liability must be measured at fair value and subsequently adjusted for the accretion of discount and changes in such fair value. The asset retirement cost is capitalized and depleted into earnings over time. Actual abandonment costs incurred in a specific period are charged against this provision. For Royalty Income calculations, actual abandonment costs paid or payable are charged as an expense. All salvaged equipment is re-used or sold to help offset well abandonment and asset retirement expenditures.

Insurance

The Corporation carries insurance policies to provide protection for the assets of the Corporation and SLP, providing coverage at or above industry standards. Insurance policies cover property damage, business interruption and general liability. The ongoing level, type and maintenance of insurance will be determined by the Corporation based upon the availability and cost of such insurance and the Corporation's perception of the risk of loss. The Corporation carries insurance which provides standard industry levels of coverage to individuals for all good faith acts carried out by them on behalf of the Corporation in their capacity as directors or officers of the Corporation.

The DRIP Plan

On March 14, 2000, the Board of Directors of the Corporation approved the adoption by the Fund of a distribution reinvestment and optional trust unit purchase plan (the "**DRIP Plan**"). On May 9, 2000, the adoption of the DRIP Plan was ratified by the Unitholders at the Annual and Special Meeting of Unitholders. The purpose of the DRIP Plan is to allow eligible Unitholders to purchase additional Trust Units by either re-investing their cash distributions or by making additional optional cash payments of up to a maximum of \$3,000 per quarter

for the purchase of additional Trust Units. During the year ended December 31, 2005, 355,498 Trust Units were issued from treasury pursuant to the DRIP Plan.

Rights Incentive Plan

Effective July 1, 2001, the Fund replaced its trust unit option plan with a trust unit rights incentive plan (the "**Rights Incentive Plan**"). The Rights Incentive Plan permits the Board of Directors of the Corporation to grant rights to purchase Trust Units to employees, officers, directors or other service providers of the Corporation. The purpose of the Rights Incentive Plan is to provide an effective long-term incentive to eligible participants and to reward them on the basis of the long-term Trust Unit trading price performance and distributions of the Fund, thereby reflecting the total return to Unitholders. Further information on the Rights Incentive Plan is available in the Fund's Information Circular dated March 16, 2006 that relates to the Annual and Special Meeting of the Unitholders of the Fund to be held on May 16, 2006.

Unitholder Rights Plan

For details respecting the Unitholder Rights Plan, see "Trust Units – Take-over Bids and Unitholder Rights Plan" above.

Employee Savings Plan

Effective January 1, 2001, the Corporation established an Employee Savings Plan (the "**ESP**") to assist employees in meeting long term savings goals through the acquisition of Trust Units of the Fund and other professionally managed investment funds and to encourage its employees to have a direct investment in the Fund. Under the ESP, employees may contribute as much of their semi-monthly pay period earnings to the Plan as they wish, subject to a minimum contribution of 2% per pay period. The Corporation contributes an amount equal to the amount contributed by the employee to a maximum of 6% of the employee's semi-monthly pay period earnings. The Corporation's contributions accumulate and are directly deposited into the employee's account on a monthly basis. Once deposited, the contributions vest immediately in favour of the employee even if his or her employment with the Corporation ends thereafter. All contributions under the ESP are contributed to the employees' respective self-directed RRSP accounts or non-RRSP accounts. The contributions made under the ESP by the Corporation are used to purchase Trust Units of the Fund in the secondary market through the facilities of the TSX. All commissions payable respecting the purchase of Trust Units are paid by the Corporation. Employees are responsible for commissions payable in connection with the sale of their Trust Units or other securities held under the ESP.

GENERAL DEVELOPMENT OF THE BUSINESS OF THE FUND

General

The Fund was created in July 1996, pursuant to an initial public offering of \$53 million of Trust Units, the proceeds of which were used to acquire the royalty from the Corporation under the terms of the Corporation Royalty Agreement. The Fund is a conventional oil and gas royalty trust which earns income from the Royalties and from the Managed Entities Notes, for the benefit of Unitholders and operates as an open-end mutual fund trust, providing Unitholders with regular payments of distributions. The Corporation and SLP acquire, develop and operate oil and gas properties, the funds flow from which pays the Royalties and the principal and interest under the Managed Entities Notes. The Corporation is the general partner of SLP.

Three Year History

Year Ended December 31, 2003

On January 15, 2003, the Corporation acquired long-life oil and gas reserves in the Modeste Creek, Whitecourt and Long Coulee areas of Alberta, all of which were complementary to its existing operations, in two separate transactions. The aggregate cost of these acquisitions was \$16.7 million. The Modeste Creek asset

acquisitions were effective October 1, 2002 and the Whitecourt and Long Coulee asset acquisitions were both effective November 1, 2002.

Pursuant to an offering of 3,340,000 Trust Units under its prospectus dated January 31, 2003, the Fund raised net proceeds of approximately \$47.3 million which were applied to the amounts owing to the Corporation under its Deferred Purchase Price Obligation.

On March 31, 2003, the Corporation acquired, with an effective date of January 1, 2003, operated and non-operated interests in long life oil and gas reserves principally located in the Ferrier and O'Chiese areas of west central Alberta (the "**Ferrier/O'Chiese Properties**"), adjacent to the Corporation's then existing properties in the Ferrier area, for a purchase price of \$134.3 million net of closing adjustments (the "**Ferrier/O'Chiese Acquisition**"). The Ferrier/O'Chiese Properties are characterized by long-life, liquids-rich gas production combined with low operating costs. The Ferrier/O'Chiese Acquisition also included 22,755 net acres of undeveloped land. Funds flow and income from the Ferrier/O'Chiese Properties has been consolidated with the Corporation's financial position since April 1, 2003. The Ferrier/O'Chiese Acquisition was funded entirely through the Corporation's credit facilities. For the purposes of NI 44-101, the Ferrier/O'Chiese Acquisition was a "significant acquisition" for the Fund.

Pursuant to an offering of 6,497,500 Trust Units under its prospectus dated April 22, 2003, the Fund raised net proceeds of approximately \$92.6 million which were used to repay a portion of the debt incurred by the Corporation in connection with the Ferrier/O'Chiese Acquisition.

During 2003, additional acquisitions for a total cost of \$9.1 million in 11 separate transactions and dispositions of non-core assets with total proceeds of \$5.8 million in 13 separate transactions were completed.

Year Ended December 31, 2004

Effective January 1, 2004 the Corporation acquired all the outstanding shares of Good Ridge Explorations Ltd. for \$7.0 million. The transaction closed on March 5, 2004.

On February 19, 2004, the Corporation entered into a share purchase agreement (the "**Share Purchase Agreement**") with Dutch Canadian Investments S.A. and Anthos Canada Inc. (collectively, the "**Vendor**") providing for the acquisition of all of the issued and outstanding shares of Birchill Resources Limited ("**Birchill**"), a private company incorporated under the laws of Alberta, for a purchase price of \$170.1 million (the "**Birchill Acquisition**"), which acquisition closed on March 8, 2004. Birchill's oil and gas properties and facilities included a mix of operated and non-operated interests located primarily in west central Alberta and southern Saskatchewan. Birchill's principal oil and gas properties are located in the Ferrier, Kaybob/Winterburn and Rainbow areas of Alberta and in the Nottingham and Coleville areas of southern Saskatchewan. The Birchill Acquisition complemented the Corporation's production in the Ferrier/O'Chiese area, which has become the Corporation's largest core property. The acquisition of Birchill's interest at Ferrier also provided additional facility synergies and yielded a significant number of additional development drilling opportunities. For the purposes of NI 44-101, the Birchill Acquisition was a "significant acquisition" for the Fund.

The Fund completed an underwritten financing on March 8, 2004, issuing 8,800,000 subscription receipts for net proceeds of approximately \$141.5 million which were used to complete the Birchill Acquisition. Each subscription receipt entitled the holder thereof to receive, without payment of additional consideration, one Trust Unit. On March 8, 2004, a total of 8,800,000 Trust Units were issued pursuant to the terms of these subscription receipts.

In December, 2004, the Fund implemented an internal reorganization of certain of its subsidiaries and assets which resulted in the transfer of certain assets which the Corporation acquired pursuant to the Birchill Acquisition to SLP, a newly formed limited partnership, of which SOT, a newly formed commercial trust, is the sole limited partner and the Corporation is the general partner. The Fund owns all of the shares of SLP Holdings Inc. which is the Trustee of SOT. The Fund is SOT's sole beneficiary. The SLP Royalty Agreement was entered into between SLP and the Fund. See "Incorporation and Organization – Shiningbank Limited Partnership", "– Shiningbank Operating Trust", "– SLP Holdings Inc." and "– Intercorporate Relationships".

Year ended December 31, 2005

Effective June 21, 2005, the Corporation acquired all the outstanding shares of Outlook Energy Corp. ("**Outlook**") for \$31.9 million, including \$496,000 in working capital deficiency.

The Corporation also acquired all the outstanding shares of Blizzard Energy Inc. ("**Blizzard**") pursuant to a Plan of Arrangement for \$269.3 million, including \$43.9 million in working capital deficiency. The transaction closed on August 2, 2005. Pursuant to the Plan of Arrangement, Blizzard shareholders received 8,837,793 Trust Units. For purposes of NI 44-101, the acquisition of Blizzard was a "significant acquisition" for the Fund.

The Fund completed an underwritten financing on September 28, 2005, issuing 4,100,000 Trust Units at \$24.45 per Trust Unit for gross proceeds of \$100.2 million. Net proceeds from the financing were used to repay indebtedness incurred in respect of the Outlook and Blizzard acquisitions, to fund ongoing capital expenditures, and for general corporate purposes.

STATEMENT OF RESERVES DATA AND OTHER OIL AND GAS INFORMATION

This statement of reserves data and other information is dated March 16, 2006 and is effective December 31, 2005. The preparation date of the information regarding reserves in the Statement from the Paddock Report was January 28, 2006 for forecast prices and costs and February 9, 2006 for constant prices and costs.

The future net revenue numbers presented throughout this Statement, whether calculated without discount or using a discount rate, are estimated values and do not represent fair market value.

Disclosure of Reserve Data

The following reserves data and associated tables summarize the reserves of crude oil, natural gas and associated products and the net present values of future net revenues associated with the reserves of the Corporation and SLP as evaluated or audited in the Paddock Report, based on constant and forecast price assumptions presented in accordance with NI 51-101.

The tables summarize the data contained in the Paddock Report and, as a result, may contain slightly different numbers than the Paddock Report due to rounding. There is no assurance that the price and cost assumptions set out below will be attained and variances could be material. The reserve estimates provided herein are estimates only and there is no guarantee that the estimated reserves will be recovered. Actual reserves may be greater than or less than the estimates provided herein.

All of the properties, reserves and production of the Corporation and SLP are located in Canada in the provinces of Alberta, British Columbia, Saskatchewan and Ontario.

The following tables detail the gross, net and "Company Interest" reserves as at December 31, 2005 of the Corporation and SLP that are evaluated in the Paddock Report, using constant prices and costs as well as the net present value of future net revenue attributable to the reserves estimated using constant prices and costs, calculated without discount and using discount rates of 5%, 10%, 15% and 20%:

Note:

- (1) NI 51-101 requires that issuers engaged in oil and gas activities report their reserves on a "gross" and "net" basis as those terms are defined in the Canadian Oil and Gas Evaluation Handbook (the "**COGE Handbook**"). See "Definitions, Notes and Other Cautionary Statements". Prior to 2004, the Corporation reported its reserves on a "Company Interest" basis which is the Corporation's working interest reserves before reduction for royalty obligations plus the Corporation's royalty interests. For continuity and comparison purposes, the Corporation is including in the table above its reserves on a "Company Interest" basis.

		\$1,917,516	\$1,515,657

Notes:

- (1) Including solution gas and other by-products.
- (2) Including by-products but excluding solution gas from oil wells.

Pricing Assumptions

The following tables detail the benchmark reference prices for the regions in which the Corporation and SLP operated as at December 31, 2005 reflected in the reserves data disclosed above under "Statement of Reserves Data and Other Oil and Gas Information – Disclosure of Reserves Data". The pricing assumptions for both the constant prices and costs and forecast prices and costs were provided by Paddock, an independent reserves evaluator and auditor.

Summary of Pricing Assumptions As of December 31, 2005 Constant Prices and Costs⁽¹⁾

Year	OIL		NATURAL GAS AECO (\$Cdn/mmbtu)	EDMONTON LIQUIDS PRICES		
	Edmonton Reference (\$Cdn/bbl)	Hardisty 25° API (\$Cdn/bbl)		Condensate (\$Cdn/bbl)	Butane (\$Cdn/bbl)	Propane (\$Cdn/bbl)
As at December 31, 2005	68.05	37.34	10.26	74.85	55.94	48.56

Note:

- (1) The prices shown on the table were adjusted to reflect actual prices received for each area.

Summary of Pricing and Inflation Rate Assumptions As of December 31, 2005 Forecast Prices and Costs

Year	OIL				NATURAL GAS AECO (\$Cdn/ mmbtu)	EDMONTON LIQUIDS PRICES			Inflation Rate %/Year	Exchange Rate (\$US/\$Cdn)
	WTI Cushing (\$US/bbl)	Edmonton Reference (\$Cdn/bbl)	Hardisty 25° (\$Cdn/bbl)	Cromer 29° (\$Cdn/bbl)		Condensate (\$Cdn/bbl)	Butane (\$Cdn/bbl)	Propane (\$Cdn/bbl)		
Forecast:										
2006	60.00	69.57	46.57	64.70	10.54	69.57	48.70	41.74	2.0%	0.85
2007	57.50	66.61	47.61	61.94	9.52	66.61	46.62	39.96	2.0%	0.85
2008	55.00	63.64	50.64	59.19	8.32	63.64	44.55	38.19	2.0%	0.85
2009	52.50	60.68	47.68	56.43	7.71	60.68	42.48	36.41	2.0%	0.85
2010	50.00	57.72	44.46	53.68	7.10	57.72	40.40	34.63	2.0%	0.85
2011	47.50	54.76	41.23	50.92	7.24	54.76	38.33	32.85	2.0%	0.85
2012	48.45	55.85	42.06	51.94	7.39	55.85	39.10	33.51	2.0%	0.85
2013	49.42	56.97	42.90	52.98	7.53	56.97	39.88	34.18	2.0%	0.85
2014	50.41	58.11	43.75	54.04	7.68	58.11	40.68	34.86	2.0%	0.85
2015	51.42	59.27	44.63	55.12	7.84	59.27	41.49	35.56	2.0%	0.85
2016	52.44	60.46	45.52	56.22	7.99	60.46	42.32	36.27	2.0%	0.85
Thereafter	+2.0%/yr	+2.0%/yr	+2.0%/yr	+2.0%/yr	+2.0%/yr	+2.0%/yr	+2.0%/yr	+2.0%/yr	2.0%	0.85

The weighted average prices received by the Corporation and SLP in 2005 were \$61.78/bbl for oil, \$9.13/mcf for natural gas and \$50.42/bbl for natural gas liquids.

Reconciliations of Changes in Reserves and Future Net Revenue

The following table outlines the reconciliation of changes in the net reserves estimates for the Corporation and SLP for the period December 31, 2004 to December 31, 2005 using forecast prices and costs:

Reconciliation of Changes in Net Oil and Gas Reserves Forecast Prices and Costs as at December 31, 2005⁽¹⁾

Factors	Light & Medium Oil			Heavy Oil			Associated & Non-Associated Gas ⁽²⁾			Natural Gas Liquids		
	Proved (mbl)	Probable (mbl)	Proved plus Probable (mbl)	Proved (mbl)	Probable (mbl)	Proved plus Probable (mbl)	Proved (mmcf)	Probable (mmcf)	Proved plus Probable (mmcf)	Proved (mbl)	Probable (mbl)	Proved plus Probable (mbl)
December 31, 2004	4,056.1	2,046.6	6,102.7	279.3	121.3	400.6	167,304	78,154	245,458	5,176.1	2,615.7	7,791.8

Production ⁽³⁾	(628.9)	-	(628.9)	(46.4)	-	(46.4)	(26,935)	-	(26,935)	(864.3)	-	(864.3)
December 31, 2005	4,009.6	2,148.2	6,157.8	229.8	95.4	325.3	198,138	109,352	307,490	5,254.8	3,049.0	8,303.8

Notes:

- (1) The above table is based on data from the Paddock Report, adjusted for the items referred to in notes 2, 3 and 4 below.
- (2) Includes solution gas.
- (3) Includes acquired production from the effective date of the Outlook and Blizzard acquisitions.
- (4) Includes development activity associated with the Outlook and Blizzard acquisitions after the effective date thereof.

The following table outlines the reconciliation of changes in respect of future net revenue for the Corporation and SLP, estimated using constant prices and costs and calculated using a 10% discount rate, attributable to net proved reserves of the Corporation and SLP:

**Reconciliation of Changes in Net Present Values of Future Net Revenue
Discounted at 10% Per Year**

Net Proved Reserves

**Constant Prices and Costs
as at December 31, 2005**

Factors	(\$thousands)
Estimated Net Present Value of Future Net Revenue, beginning of year	\$782,922
Estimated 2005 net operating income discounted at 10%	(173,521)
Net Changes in prices, costs and royalties related to future production ⁽¹⁾	386,177
Changes in estimated future development costs	(11,343)
Changes resulting from extensions and improved recovery	-
Changes resulting from discoveries	84,295
Changes resulting from acquisitions of reserves	252,106
Changes resulting from dispositions of reserves	(14,557)
Net change resulting from revisions in quantity estimates	20,396
Accretion of discount	78,292
Net change in royalty tax credits	-
All other changes	17,347
Estimated Net Present Value of Future Net Revenue, end of year	\$1,422,115

Note:

(1) The impact of changes in prices and other economic factors on future net revenue.

Additional Information Relating to Reserves Data

Undeveloped Reserves

The proved and probable undeveloped reserves of the Corporation and SLP have been estimated in accordance with procedures and standards contained in the COGE Handbook. In general, undeveloped reserves of the Corporation and SLP are scheduled to be developed within the next two years. See "Statement of Reserves Data and Other Oil and Gas Information – Oil and Gas Properties" for general development plans of the Corporation and SLP for their undeveloped reserves.

Significant Factors or Uncertainties

For details of important economic factors or significant uncertainties that may affect the components of the reserves data in this Statement, see "Management's Discussion and Analysis" and "Risk Factors".

Future Development Costs

The following table details the development costs deducted in the estimation of future net revenue attributable to the proved reserves of the Corporation and SLP derived from the Paddock Report (estimated using both constant prices and costs and forecast prices and costs) and proved plus probable reserves of the Corporation and SLP (estimated using forecast prices and costs):

Future Development Costs
(Thousands)

Year	Proved Reserves		Proved plus Probable Reserves
	(Constant prices and costs)	(Forecast prices and costs)	(Forecast prices and costs)
2006	\$46,277	\$46,277	\$110,543
2007	7,757	7,871	36,112
2008	721	750	20,243
2009	327	348	2,337
2010	235	254	817
Remainder	1,341	1,694	5,168
Total Undiscounted	\$56,659	\$57,194	\$175,220
Total Discounted at 10%	\$52,957	\$53,199	\$157,667

The source of funding for future development costs of the reserves of the Corporation and SLP will be derived from a combination of funds flow, debt and new equity. Management does not anticipate that the costs of funding referred to above will materially affect the disclosed reserves and future net revenues of the Corporation and SLP or will make the development of any of the properties of the Corporation and SLP uneconomic.

Oil and Gas Properties

The assets of the Corporation and SLP are the oil and natural gas interests upon which the Royalties have been granted and the oil and natural gas interests underlying the Managed Entities Notes. The assets of the Corporation and SLP include operated and non-operated interests. Set out below is a description of the principal producing properties, plants, facilities and installations of the Corporation and SLP. All of the properties referred to below are onshore properties.

Ferrier/O'Chiese, Alberta

The Corporation owns various operating and non-operating interests in long life oil and gas reserves located in the Ferrier and O'Chiese areas, located approximately 150 kilometres southwest of Edmonton. These properties are characterized by long-life, liquids-rich gas production combined with low operating costs. The natural gas production from these properties, which constitutes 72% of total area production on a boe basis, is primarily uncontracted and is processed in three non-operated gas plants in which the Corporation owns minor working interests or processes for a fee as a non-owner. The Corporation owns and operates an average 43% working interest in 156 gross (66.6 net) producing natural gas wells and 12 gross (5.9 net) producing oil wells in this area. During 2006, the Corporation plans to drill up to 29 gross (13.8 net) wells in the area to further develop the producing pools.

Whitecourt, Alberta

The Corporation owns and operates an average 55% working interest in 63 gross (34.5 net) producing natural gas wells and three gross (1.5 net) producing oil wells in the Whitecourt area. The natural gas is processed in the Corporation-operated Whitecourt gas plant. The property is located approximately 150 kilometres northwest of Edmonton, Alberta. The Corporation has an ongoing program of well recompletions and workovers designed to optimize production from the area, but no significant development activity is planned.

Sousa, Alberta

SLP owns working interests in 212 gross (185.4 net) producing natural gas wells in the Sousa area. Over 95% of the production from this area is operated with all operated natural gas production being processed at a 100% owned gas plant. The natural gas production from this area is long-life, sweet gas with low operating costs,

low royalties and numerous low-risk development opportunities. This area is located approximately 625 kilometres northwest of Edmonton, Alberta. During 2006, SLP plans to drill up to 81 gross (75.4 net) natural gas wells in the area to further develop the producing pools.

Caroline, Alberta

The Corporation holds an average 64% working interest in 32 gross (21.9 net) oil wells and 9 gross (4.2 net) natural gas wells in the Caroline area. The property consists of varying working interests in four separate units, including an 86.5% working interest in 20 gross (17.3 net) producing oil wells in the Corporation-operated Caroline Cardium "B" Sand Unit No. 1, along with an interest in 21 gross (8.8 net) non-unit producing oil and natural gas wells. This property is located immediately southwest of the town of Caroline, Alberta. The Corporation currently has no development plans in this mature field.

Dunvegan, Alberta

The Corporation holds an average 4.2% working interest in 193 gross (8.0 net) producing wells in the Dunvegan area, located approximately 400 kilometres northwest of Edmonton, Alberta. Included in this is a 4.29% working interest in the Dunvegan Gas Unit No. 1 (the "Unit"), which consists of 177 gross (7.6 net) producing natural gas wells. Production comes from as many as seven pay zones, but primarily the Debolt zone. The Unit was initially placed on production in 1973. The operator of this property has continuous development drilling activity in the area, in which the Corporation participates up to its proportionate share, but due to its small interest, the Corporation has no control over the drilling activity.

Windfall, Alberta

The Corporation owns and operates an average 72% working interest in 22 gross (15.8 net) producing natural gas wells and two gross (1.0 net) producing oil wells in the Windfall area. The natural gas is processed at a third party owned and operated gas plant. The property is located approximately 200 kilometres northwest of Edmonton, Alberta.

Penhold, Alberta

The Corporation owns and operates an average 59% working interest in 43 gross (25.5 net) producing natural gas wells and six gross (3.3 net) oil wells in the Penhold area. This property is located immediately southwest of Red Deer, Alberta. Natural gas is processed in three gas plants operated by others. The Corporation holds an interest in one of these gas plants.

Medicine Hat, Alberta

The Corporation owns an overriding royalty interest in approximately 475 producing natural gas wells in the Medicine Hat area. The property is located immediately northeast of the City of Medicine Hat. By virtue of the terms of the overriding royalty agreement, the Corporation receives revenue from the wells through the operator and is not responsible for operating or capital costs. Over the last several years this area has been the subject of development drilling by others which has increased the Corporation's production from the area at no cost.

Minehead, Alberta

The Corporation owns and operates an average 45% working interest in 25 gross (11.5 net) producing natural gas wells in the Minehead area. The property is located approximately 160 kilometres west of Edmonton, Alberta. Production is from the Cardium formation, which is characterized by liquids-rich gas exhibiting low decline rates and long producing life. Production is processed in a non-operated gas plant in which the Corporation holds no interest. During 2006, the Corporation plans to drill up to 6 gross (0.6 net) wells in the area to further develop the producing pools.

Monias, British Columbia

The Corporation holds an average 52% working interest in, and operates, the Monias gas field and related facilities, located approximately 50 kilometres southwest of Fort St. John, British Columbia. Production is from the Triassic Halfway formation, which exhibits low decline rates and a long reserve life. Production is processed in a non-operated gas plant in which the Corporation holds no interest.

Grande Prairie, Alberta

The Corporation owns and operates an average 62% working interest in 43 gross (26.7 net) producing natural gas wells and five gross (3.1 net) producing oil wells in the Grande Prairie area. A majority of the wells are operated by the Corporation with natural gas being processed at various non-operated gas plants in which the Corporation holds no interest. The area is characterized by multiple geological horizontal potential with low operating costs and numerous low-risk development opportunities. During 2006, the Corporation plans to drill up to 18 gross (12.6 net) wells to further develop the area. This area is located approximately 350 kilometres northwest of Edmonton, Alberta.

Producing and Non-Producing Wells

The following table summarizes the interests of the Corporation and SLP, as at December 31, 2005 in oil and gas wells:

	Oil wells		Natural gas wells		Total	
	Gross	Net	Gross	Net	Gross	Net
Producing ⁽¹⁾						
Alberta	512	141.6	2,186	561.8	2,698	703.4
Ontario	102	102.0	48	48.0	150	150.0
British Columbia	2	-	18	6.7	20	6.7
Saskatchewan	64	15.7	1,589	7.6	1,653	23.3
TOTAL PRODUCING	680	259.3	3,841	624.1	4,521	883.4
Non-producing ⁽²⁾						
Alberta	322	62.8	268	56.9	590	119.7
Ontario	11	11.0	9	9.0	20	20.0
British Columbia	5	2.2	9	2.3	14	4.5
Saskatchewan	4	0.1	18	0.6	22	0.7
TOTAL NON-PRODUCING	342	76.1	304	68.8	646	144.9

Notes:

- (1) Includes wells that are temporarily shut-in but which are capable of production.
- (2) Includes wells that are not capable of production but that are not yet abandoned.

Properties with no Attributed Reserves

The following table summarizes information with respect to properties of the Corporation and SLP to which no reserves have been specifically attributed:

Land Holdings Without Attributed Reserves as at December 31, 2005

(Acres)	Unproved Properties		Expiring in 2006	
	Gross	Net	Gross	Net
Alberta	720,842	395,669	77,997	33,401
British Columbia	19,597	3,075	-	-
Ontario	14,822	13,470	-	-
Saskatchewan	38,788	1,249	-	-
TOTAL	794,049	413,463	77,997	33,401

There are no material work commitments on the above undeveloped land holdings.

Forward Contracts

For information with respect to the forward contracts of the Corporation and SLP as at December 31, 2005, see the section titled "Results of Operations – Pricing (including Hedging Activity) – Hedging" on page 3 of Management's Discussion and Analysis for the year ended December 31, 2005, which section is incorporated herein by reference.

Additional Information Concerning Abandonment and Reclamation

The Corporation and SLP base their estimates for the costs of abandonment and reclamation of surface leases, wells, facilities and pipelines on previous experience of management with similar well sites and facility locations. As at December 31, 2005, management expected to incur such costs on 1,028.3 net wells. The total of such costs, net of estimated salvage value, was \$20.7 million (undiscounted) and \$8.4 million (discounted at 10%).

Future net revenue figures set forth in this Statement include abandonment liabilities only for wells assigned reserves. Reclamation costs of \$9.8 million (undiscounted) and salvage values of \$24.6 million are not considered in the future net revenue figures. Within the next three financial years, it is expected that abandonment and reclamation costs will total approximately \$3.7 million (\$3.2 million discounted at 10%).

Tax Horizon

Under its existing trust structure, the Corporation, SLP and the Fund do not pay income tax because the tax liability is transferred to the individual Unitholders of the Fund.

Costs Incurred

For the year ended December 31, 2005, the Corporation and SLP incurred the following costs on their properties:

Costs Incurred Year Ended December 31, 2005 (\$thousands)	
Property Acquisition costs	
Proved Properties	\$24,283
Unproved Properties	4,106
Exploration costs	63
Development costs	<u>81,709</u>
	<u>\$110,161</u>

In addition to the above, the Corporation purchased Outlook Energy Corp. and Blizzard Energy Inc. in 2005 at a total cost of \$301.2 million (see "General Development of the Business of the Fund – Three Year History").

Exploration and Development Activities

For the year ended December 31, 2005, the Corporation and SLP completed the following exploratory and development wells:

	Exploratory wells		Development wells	
	Gross	Net	Gross	Net
Oil	-	-	11	4.52
Gas	-	-	91	28.14
Service	-	-	-	-
Dry	-	-	2	0.19
<u>Total</u>	<u>-</u>	<u>-</u>	<u>104</u>	<u>32.85</u>

The most important current and likely exploration and development activities of the Corporation and SLP are described under "Statement of Reserves Data and Other Oil and Gas Information - Oil and Gas Properties".

Production History

The following tables set forth the average daily production volumes, royalties, production costs and the resulting netback for the periods indicated:

	Average Daily Production ⁽¹⁾ Company Interest			
	Three Months Ended			
	March 31, 2005	June 30, 2005	September 30, 2005	December 31, 2005
Oil (bbl/d)	2,327	2,354	2,282	2,421
Gas (mmcf/d)	86.8	81.7	97.5	106.4

Definitions, Notes and Other Cautionary Statements

In the tables set forth in "Statement of Reserves Data and Other Oil and Gas Information" and elsewhere in this Annual Information Form, unless otherwise indicated, the following definitions and other notes are applicable.

1. **"Gross"** means:
 - (a) in relation to the Corporation's and SLP's interest in production and reserves, its "gross reserves", which are the Corporation's and SLP's interest (operating and non-operating) share before deduction of royalties and without including any royalty interest of the Corporation and SLP;
 - (b) in relation to wells, the total number of wells in which the Corporation and SLP has an interest; and
 - (c) in relation to properties, the total area of properties in which the Corporation and SLP has an interest.

2. **"Net"** means:
 - (a) in relation to the Corporation's and SLP's interest in production and reserves, its "net reserves", which are the Corporation's and SLP's interest (operating and non-operating) share after deduction of royalty obligations, plus the Corporation's and SLP's royalty interest in production of reserves;
 - (b) in relation to wells, the number of wells obtained by aggregating the Corporation's and SLP's working interest in each of its gross wells; and

- (c) in relation to the Corporation's and SLP's interest in a property, the total area in which the Corporation and SLP has an interest multiplied by the working interest owned by the Corporation and SLP.

3. Definitions used for reserve categories are as follows:

Reserves are estimated remaining quantities of oil and natural gas and related substances anticipated to be recoverable from known accumulations, from a given date forward, based on:

- analysis of drilling, geological, geophysical and engineering data;
- the use of established technology; and
- specified economic conditions, which are generally accepted as being reasonable.

Reserves are classified according to the degree of certainty associated with the estimates.

- (a) **Proved reserves** are those reserves that can be estimated with a high degree of certainty to be recoverable. It is likely that the actual remaining quantities recovered will exceed the estimated proved reserves.
- (b) **Probable reserves** are those additional reserves that are less certain to be recovered than proved reserves. It is equally likely that the actual remaining quantities recovered will be greater or less than the sum of the estimated proved plus probable reserves.

Development and Production Status

Each of the reserve categories (proved and probable) may be divided into developed and undeveloped categories:

- (a) **Developed reserves** are those reserves that are expected to be recovered from existing wells and installed facilities or, if facilities have not been installed, that would involve a low expenditure (for example, when compared to the cost of drilling a well) to put the reserves on production. The developed category may be subdivided into producing and non-producing.
- (i) **Developed producing reserves** are those reserves that are expected to be recovered from completion intervals open at the time of the estimate. These reserves may be currently producing or, if shut-in, they must have previously been on production, and the date of resumption of production must be known with reasonable certainty.
- (ii) **Developed non-producing reserves** are those reserves that either have not been on production, or have previously been on production, but are shut-in, and the date of resumption of production is unknown.
- (b) **Undeveloped reserves** are those reserves expected to be recovered from known accumulations where a significant expenditure (for example, when compared to the cost of drilling a well) is required to render them capable of production. They must fully meet the requirements of the reserves classification (proved, probable) to which they are assigned.

In multi-well pools it may be appropriate to allocate total pool reserves between the developed and undeveloped categories or to subdivide the developed reserves for the pool between developed producing and developed non-producing. This allocation should be based on the estimator's assessment as to the reserves that will be recovered from specific wells, facilities and completion intervals in the pool and their respective development and production status.

Levels of Certainty for Reported Reserves

The qualitative certainty levels referred to in the definitions above are applicable to individual reserve entities (which refers to the lowest level at which reserves calculations are performed) and to reported reserves (which refers to the highest level sum of individual entity estimates for which reserves are presented). Reported reserves should target the following levels of certainty under a specific set of economic conditions:

- at least a 90 percent probability that the quantities actually recovered will equal or exceed the estimated proved reserves; and
- at least a 50 percent probability that the quantities recovered will equal or exceed the sum of the estimated proved plus probable reserves.

A qualitative measure of the certainty levels pertaining to estimates prepared for the various reserves categories is desirable to provide a clearer understanding of the associated risks and uncertainties. However, the majority of reserves estimates will be prepared using deterministic methods that do not provide a mathematically derived quantitative measure of probability. In principle, there should be no difference between estimates prepared using probabilistic or deterministic methods.

4. Forecast prices and costs

Future prices and costs that are:

- (a) generally acceptable as being a reasonable outlook of the future; and
- (b) if and only to the extent that, there are fixed or presently determinable future prices or costs to which the Corporation and SLP is legally bound by a contractual or other obligation to supply a physical product, including those for an extension period of a contract that is likely to be extended, those prices or costs rather than the prices and costs referred to in paragraph (a).

5. Constant prices and costs

Prices and costs used in an estimate that are:

- (a) the Corporation's and SLP's prices and costs as at the effective date of the estimation, held constant throughout the estimated lives of the properties to which the estimate applies; and
- (b) if, and only to the extent that, there are fixed or presently determinable future prices or costs to which the Corporation and SLP is legally bound by a contractual or other obligation to supply a physical product, including those for an extension period of a contract that is likely to be extended, those prices or costs rather than the prices and costs referred to in paragraph (a).

For the purposes of paragraph (a), the Corporation's and SLP's prices are the posted prices for oil and the spot price for gas, after historical adjustments for transportation, gravity and other factors.

6. ARTC is included in the cumulative funds flow amounts, ARTC is based on the program announced November 1989 by the Alberta government with modifications effective January 1, 1995. The Fund qualifies for the maximum ARTC.

7. Future income tax expense

Future income tax expenses are estimated:

- (a) making appropriate allocations of estimated unclaimed costs and losses carried forward for tax purposes;

- (b) without deducting estimated future costs that are not deductible in computing taxable income;
- (c) taking into account estimated tax credits and allowances; and
- (d) applying to the future pre-tax net funds flows relating to the Corporation's and SLP's oil and gas activities the appropriate year-end statutory rates, taking into account future tax rates already legislated.

Under its existing trust structure, the Corporation, SLP and the Fund do not pay income tax because the tax liability is transferred to individual Unitholders of the Fund.

8. **"Development well"** means a well drilled inside the established limits of an oil and gas reservoir, or in close proximity to the edge of the reservoir, to the depth of a stratigraphic location horizon known to be productive.

9. **"Development costs"** means costs incurred to obtain access to reserves and to provide facilities for extracting, treating, gathering and storing the oil and gas from reserves. More specifically, development costs, including applicable operating costs of support equipment and facilities and other costs of development activities, are costs incurred to:

- (a) gain access to and prepare well locations for drilling, including surveying well locations for the purpose of determining specific development drilling sites, clearing ground, draining, road building, and relocating public roads, gas lines and power lines to the extent necessary in developing the reserves;
- (b) drill and equip development wells, development type stratigraphic test wells and service wells, including the costs of platforms and of well equipment such as casing, tubing, pumping equipment and wellhead assembly;
- (c) acquire, construct and install production facilities such as flow lines, separators, treaters, heaters, manifolds, measuring devices and production storage tanks, natural gas cycling and processing plants, and central utility and waste disposal systems; and
- (d) provide improved recovery systems.

10. **"Exploration well"** means a well that is not a development well, a service well or a stratigraphic test well.

11. **"Exploration costs"** means costs incurred in identifying areas that may warrant examination and in examining specific areas that are considered to have prospects that may contain oil and gas reserves, including costs of drilling exploratory wells and exploratory type stratigraphic test wells. Exploration costs may be incurred both before acquiring the related property and after acquiring the property. Exploration costs, which include applicable operating costs of support equipment and facilities and other costs of exploration activities, are:

- (a) costs of topographical, geochemical, geological and geophysical studies, rights of access to properties to conduct those studies, and salaries and other expenses of geologists, geophysical crews and others conducting those studies;
- (b) costs of carrying and retaining unproved properties, such as delay rentals, taxes (other than income and capital taxes) on properties, legal costs for title defence, and the maintenance of land and lease records;
- (c) dry hole contributions and bottom hole contributions;
- (d) costs of drilling and equipping exploratory wells; and
- (e) costs of drilling exploratory type stratigraphic test wells.

12. "Service well" means a well drilled or completed for the purpose of supporting production in an existing field. Wells in this class are drilled for the following specific purposes: gas injection (natural gas, propane, butane or flue gas), water injection, steam injection, air injection, salt water disposal, water supply for injection, observation or injection for combustion.
13. Numbers may not add due to rounding.
14. The estimates of future net revenue presented do not represent fair market value.
15. Disclosure provided herein in respect of boes may be misleading, particularly if used in isolation. A boe conversion ratio of 6 mcf : 1 bbls is based on an energy equivalency conversion method primarily applicable at the burner tip and does not represent a value equivalency at the wellhead.
16. Estimated future abandonment and reclamation costs related to a property have been taken into account by Paddock in determining reserves that should be attributable to a property and in determining the aggregate future net revenue therefrom, there was deducted the reasonable estimated future well abandonment costs.
17. Both the constant and forecast price and cost assumptions assume the continuance of current laws and regulations.
18. All factual data supplied to Paddock was accepted by them as represented. No field inspection was conducted.

DISTRIBUTIONS TO UNITHOLDERS

Unitholders of record on each Distribution Record Date are entitled to receive cash distributions. The Corporation will calculate the Distributions to Unitholders that will be paid by the Trustee to the Unitholders on each Cash Distribution Date. The accompanying table summarizes cash distributions from the Fund since January, 2003. Commencing February, 2003, the Fund began paying cash distributions monthly.

<u>Record Date</u>	<u>Payment Date</u>	<u>Distribution per Trust Unit</u>
December 31, 2002	January 15, 2003	\$0.60
February 28, 2003	March 15, 2003	\$0.22
March 31, 2003	April 15, 2003	\$0.28
April 30, 2003	May 15, 2003	\$0.28
May 31, 2003	June 15, 2003	\$0.23
June 30, 2003	July 15, 2003	\$0.23
July 31, 2003	August 15, 2003	\$0.23
August 31, 2003	September 15, 2003	\$0.23
September 31, 2003	October 15, 2003	\$0.23
October 31, 2003	November 15, 2003	\$0.23
November 30, 2003	December 15, 2003	\$0.23
December 31, 2003	January 15, 2004	\$0.23
January 31, 2004	February 15, 2004	\$0.23
February 29, 2004	March 15, 2004	\$0.23
March 31, 2004	April 15, 2004	\$0.23
April 30, 2004	May 15, 2004	\$0.23
May 31, 2004	June 15, 2004	\$0.23
June 30, 2004	July 15, 2004	\$0.23
July 31, 2004	August 15, 2004	\$0.23
August 31, 2004	September 15, 2004	\$0.23
September 30, 2004	October 15, 2004	\$0.23
October 31, 2004	November 15, 2004	\$0.23
November 30, 2004	December 15, 2004	\$0.23
December 31, 2004	January 15, 2005	\$0.23
January 31, 2005	February 15, 2005	\$0.23
February 28, 2005	March 15, 2005	\$0.23
March 31, 2005	April 15, 2005	\$0.23
April 30, 2005	May 15, 2005	\$0.23
May 31, 2005	June 15, 2005	\$0.23
June 30, 2005	July 15, 2005	\$0.23
July 31, 2005	August 15, 2005	\$0.23

<u>Record Date</u>	<u>Payment Date</u>	<u>Distribution per Trust Unit</u>
August 31, 2005	September 15, 2005	\$0.23
September 30, 2005	October 15, 2005	\$0.23
October 31, 2005	November 15, 2005	\$0.23
November 30, 2005	December 15, 2005	\$0.30
December 31, 2005	January 15, 2006	\$0.30
January 31, 2006	February 15, 2006	\$0.30
February 28, 2006	March 15, 2006	\$0.30

The total distributions per Trust Unit paid in 2005 were \$2.83 (2004 - \$2.76).

MARKET FOR SECURITIES

The outstanding Trust Units of the Fund are listed and posted for trading on the TSX under the symbol SHN.UN.

The following table sets out the price range for, and trading volume of, the Trust Units as reported by the TSX on a monthly basis for the most recently completed financial year:

	<u>Low</u>	<u>High</u>	<u>Volume</u>
January 2005	\$20.90	\$22.75	2,399,463
February 2005	\$22.40	\$23.35	3,309,914
March 2005	\$19.77	\$23.05	3,864,942
April 2005	\$19.60	\$21.97	3,369,090
May 2005	\$20.25	\$22.19	2,583,816
June 2005	\$20.65	\$21.84	2,963,126
July 2005	\$21.50	\$25.00	4,363,253
August 2005	\$22.02	\$25.75	7,295,008
September 2005	\$24.15	\$26.18	5,991,025
October 2005	\$22.00	\$27.00	6,837,030
November 2005	\$23.42	\$29.00	5,019,636
December 2005	\$28.06	\$30.99	4,969,020

DIRECTORS AND EXECUTIVE OFFICERS

The Board of Directors of the Corporation is currently set at six members, all of whom were either elected in accordance with a vote of Unitholders taken at the annual meeting of Unitholders of the Fund or appointed in accordance with the articles of the Corporation. The Fund does not have any directors or officers.

The following are the names, municipalities of residence and principal occupations of the directors and executive officers of the Corporation.

<u>Name and Municipality of Residence</u>	<u>Position with the Corporation</u>	<u>Principal Occupation</u>
Arne R. Nielsen ⁽¹⁾⁽²⁾⁽³⁾ Alberta, Canada	Chairman	Chairman of the Corporation
David M. Fitzpatrick Alberta, Canada	President, Chief Executive Officer and Director	President and Chief Executive Officer of the Corporation
Warren D. Steckley ⁽¹⁾⁽²⁾⁽³⁾ Alberta, Canada	Director	President and Chief Operating Officer, Barnwell of Canada, Limited, a private oil and gas company
Edward W. Best ⁽¹⁾⁽²⁾⁽³⁾ Alberta, Canada	Director	Corporate director

Name and Municipality of Residence	Position with the Corporation	Principal Occupation
Richard W. Clark ⁽²⁾⁽³⁾ Alberta, Canada	Director	Partner with Gowling Lafleur Henderson LLP, lawyer
D. Grant Gunderson ⁽¹⁾⁽²⁾⁽³⁾ Alberta, Canada	Director	Corporate director
Gregory D. Moore Alberta, Canada	Vice President, Operations and Chief Operating Officer	Vice President, Operations and Chief Operating Officer of the Corporation
Terry P. Prokopy Alberta, Canada	Vice President, Land	Vice President, Land of the Corporation
Bruce K. Gibson Alberta, Canada	Vice President, Finance and Chief Financial Officer	Vice President, Finance and Chief Financial Officer of the Corporation

Notes:

- (1) Member of the Audit Committee
- (2) Member of the Compensation Committee
- (3) Member of the Environmental, Corporate Governance and Reserve Review Committee

Other than Richard W. Clark who was appointed on June 20, 2005, each of the Directors has been a director since the inception of the Fund in July, 1996. Directors are elected at each annual meeting of Unitholders to hold office until the next such meeting. The next annual meeting of Unitholders will be held on May 16, 2006. As at March 1, 2006, the Directors and Executive Officers of the Corporation, as a group, beneficially owned, directly or indirectly, or exercised control over, 910,099 Trust Units or approximately 1.3% of the issued and outstanding Trust Units (assumes that the Exchangeable Shares beneficially held by Messrs. Nielsen and Fitzpatrick are exchanged for Trust Units).

Arne R. Nielsen

Mr. Nielsen was President of Mobil Oil Canada Ltd. ("**Mobil**") from 1967 through 1977. From 1977 to 1982, he was President and Chief Executive Officer of Canadian Superior Oil Ltd. also serving as Chairman from 1982 through 1986. Pursuant to the acquisition of Canadian Superior Oil Ltd. by Mobil, Mr. Nielsen served as Chairman and CEO of Mobil from 1986 through 1989. From 1989 to 1993, Mr. Nielsen served as Chairman and Chief Executive Officer of Bowtex Energy (Canada) Corporation and thereafter through May, 1994 in executive positions with Poco Petroleum Ltd. Since May, 1994, Mr. Nielsen has consulted to various western Canadian and international oil companies. In April, 1995, Mr. Nielsen was appointed Chairman and a director of Serenpet Inc., a position he held until July 31, 1996 when he resigned upon closing of the Fund's initial public offering. On July 31, 2003, Mr. Nielsen retired as the Executive Chairman of the Corporation. He remains the non-executive Chairman of the Corporation. Mr. Nielsen currently is also a director of VAALCO Energy Inc. (American Stock Exchange) and Softrock Minerals Ltd. (TSX Venture Exchange). Mr. Nielsen graduated from the University of Alberta in 1949 with an Honors Bachelor of Science Degree in Geology and, subsequently, a Master's Degree in Geology in 1950. In 2000, he received an Honorary Doctorate of Science Degree from the University of Alberta. He is a member of the Association of Professional Engineers, Geologists, and Geophysicists of Alberta, the Canadian Society of Petroleum Geologists, the American Association of Petroleum Geologists and the American Institute of Professional Geologists. In 1998, Mr. Nielsen was inducted into the Canadian Petroleum Hall of Fame.

David M. Fitzpatrick

Mr. Fitzpatrick has been involved with the Fund since its formation in July, 1996 in the following capacities: President and Chief Executive Officer of the Corporation (October, 2001 to present); and President and Chief Operating Officer (July, 1996 to September, 2001). He currently is also a director of the following public

issuers: Fairquest Energy Ltd. (TSX); Platform Resources Inc. (TSX Venture Exchange); and Strike Petroleum Ltd. (TSX Venture Exchange). Mr. Fitzpatrick graduated from Queen's University in 1981 with a degree in Geological Engineering and received an Executive Management Program certificate from Queen's University in 1994. He is a member of the Association of Professional Engineers, Geologists, and Geophysicists of Alberta and the Society of Petroleum Engineers.

Warren D. Steckley

Mr. Steckley is currently President and Chief Operating Officer of Barnwell of Canada, Limited, an oil and gas company and a wholly-owned subsidiary of Barnwell Industries Inc., a public company which trades on the American Stock Exchange. From 1994 to 1998, he was an independent consultant providing a range of technical and financial services to emerging oil and gas companies. Prior to 1994, Mr. Steckley was employed at PowerWest Financial Ltd. (now ARC Financial Corporation) as a Senior Investment Analyst and then as a Vice-President. He currently is also a director of Prairie Schooner Ltd. (TSX) and Strike Petroleum Ltd. (TSX Venture Exchange).

Edward W. Best

Mr. Best was President of the Oil and Gas Division and a director of BP Canada Inc. from 1980 to 1985 when he retired after being employed with BP Canada Inc. and related companies in various management and professional functions for 30 years. From 1985 to 1995, he was a partner of Foster Research, a management and economic consulting firm. He has consulted internationally and domestically for a number of companies, governments and associations, primarily in the petroleum industry. Mr. Best has been a director for a variety of Canadian companies such as NOVA Corporation, Polysar Energy and Chemical Corporation, Canterra Energy Ltd., ProGas Ltd. and CanWest Gas Supply Inc. and was a member of the Alberta Environmental Appeal Board. He is currently a director of TG World Energy Corp. (TSX Venture Exchange).

Richard W. Clark

Mr. Clark is a partner at the Calgary office of the national law firm of Gowling Lafleur Henderson LLP, and practices primarily in the areas of securities and corporate finance law. He received a Bachelor of Laws degree from the University of Calgary in 1990, a Bachelor of Arts degree from the University of Calgary in 1987 and was admitted to the Law Society of Alberta in 1990. From July, 1996 to September, 2005, Mr. Clark was the Corporate Secretary of the Corporation. Mr. Clark is a director of Platform Resources Inc., and is the CEO and a director of Strike Petroleum Ltd., both of which are listed on the TSX Venture Exchange. In addition, Mr. Clark is also a director or officer of a number of private companies.

D. Grant Gunderson

Mr. Gunderson was Vice-President, Economics and Planning of Canadian Superior Oil Ltd. from 1981 through January, 1986 when that company was acquired by Mobil Oil Canada. From 1986 through 1987, Mr. Gunderson was Manager of Mobil Canada's heavy oil division. From 1988 until July, 1990, Mr. Gunderson worked in Mobil Oil's head offices in New York and Fairfax, Virginia, in a planning capacity. Returning to Canada in July, 1990, Mr. Gunderson served as Vice President, Business Development of Bowtex Energy (Canada) Corporation until 1992, and as President and Director of that company until July 1, 1993 when Bowtex was merged with Luscar Oil and Gas Ltd. Mr. Gunderson joined Sayer Securities Limited in February, 1994, as an associate, and continued in that position until his retirement on June 30, 2003. While at Superior and Mobil, Mr. Gunderson developed long range financial planning models to use as valuation tools and for strategic planning purposes. During his tenure with Bowtex and Sayer, Mr. Gunderson directed corporate and asset evaluation activities, developed budgets (and a system for monitoring the same) and business plans and participated in financial reorganizations. Over the course of his career, along with the extensive experience he obtained in corporate valuations, Mr. Gunderson had the opportunity to work with the controllers and other financial officers in the preparation of financial information and disclosure, in addition to his regular review of reserves data and financial statement information for purposes of preparing corporate valuation reports. Mr. Gunderson is a director of Stoneham Administration Inc. and Stoneham Drilling Inc., both subsidiaries of Stoneham Drilling Trust, a TSX-listed income trust.

Gregory D. Moore

Mr. Moore has been involved with the Fund since its formation in July, 1996 in the following capacities: Vice President, Operations and Chief Operating Officer (January, 2006 to current) and Vice President, Operations (July, 1996 to December, 2005). Mr. Moore graduated from Nova Scotia Technical College in 1970 with a degree in Chemical Engineering and received a Western Executive Program Certificate in 1989 from the University of Western Ontario. He is a member of the Association of Professional Engineers, Geologists and Geophysicists of Alberta, the Society of Petroleum Engineers and the Canadian Institute of Mining, Metallurgy and Petroleum.

Terry P. Prokopy

Mr. Prokopy has over 29 years of land experience with both major and junior oil and gas companies. Mr. Prokopy was appointed Vice President, Land of the Corporation in July, 2001. Prior to joining the Corporation in December, 2000, Mr. Prokopy consulted to Cabre Exploration from 1999. Mr. Prokopy has a Bachelor of Arts Degree in Economics from the University of Calgary and is a member of the Canadian Association of Petroleum Landmen.

Bruce K. Gibson

Mr. Gibson was appointed Vice President, Finance and Chief Financial Officer of the Corporation on September 16, 1997. Mr. Gibson obtained a Bachelor of Commerce Degree from the University of Calgary in 1978. He is a member of the Canadian and Alberta Institutes of Chartered Accountants and a member of the Canadian Petroleum Tax Society.

AUDIT COMMITTEE

The purpose of the Corporation's audit committee is to provide assistance to the Board of Directors of the Corporation in fulfilling its legal and fiduciary obligations with respect to matters involving the accounting, auditing, financial reporting, internal control and legal compliance functions of the Fund and its subsidiaries. It is the objective of the audit committee to maintain a free and open means of communication among the Board of Directors of the Corporation, the independent auditors and the financial and senior management of the Corporation.

The full text of the audit committee's terms of reference is included as Schedule A to this Annual Information Form.

Composition of the Audit Committee

The audit committee is comprised of Arne R. Nielsen, Warren D. Steckley, Edward W. Best and D. Grant Gunderson. Mr. Gunderson is the chairman of the audit committee. Each of the members is financially literate under Section 1.5 of MI 52-110 and independent under Section 1.4 of MI 52-110.

Relevant Education and Experience

See the descriptions for each of Messrs. Nielsen, Steckley, Best and Gunderson under "Directors and Executive Officers".

Pre-Approval Policies and Procedures

The audit committee pre-approves engagements for non-audit services provided by the external auditors or their affiliates, together with estimated fees and potential issues of independence.

Auditors' Fees

The following table provides information about the fees billed to the Fund and its subsidiary entities for professional services rendered by KPMG LLP during fiscal 2005 and 2004.

	2005	2004
Audit Fees ⁽¹⁾	\$404,000	\$316,000
Audit-Related Fees ⁽²⁾	-	-
Tax Fees ⁽³⁾	43,000	111,000
All Other Fees	-	-
Total	<u>\$447,000</u>	<u>\$427,000</u>

Notes:

- (1) Audit fees consist of fees for the audit and review of the Fund's financial statements or services that are normally provided in connection with statutory and regulatory filings or engagements, including public offerings of securities.
- (2) Audit-related fees consist of fees for assurance and related services that are reasonably related to the performance of the audit or review of the Fund's financial statements and are not reported as Audit Fees.
- (3) Tax fees consist of fees for tax compliance services, tax advice and tax planning.

CONFLICTS OF INTEREST

Some of the directors of the Corporation are also directors of other oil and natural gas companies, which may from time to time be in competition with the Corporation and the Fund for property acquisitions, or other limited resources. Where required by law, appropriate disclosure of such conflicts will be made by the applicable directors. In particular, the Corporation follows the provisions of the *Business Corporations Act* (Alberta). These provisions state that in the event that a director has an interest in a contract or proposed contract or agreement, such director shall disclose his interest in such contract or agreement and shall refrain from voting on any matter in respect of such contract or agreement unless otherwise permitted by the *Business Corporations Act* (Alberta).

INFORMATION CONCERNING THE OIL AND NATURAL GAS INDUSTRY

Government Regulation

The oil and natural gas industry is subject to extensive controls and regulations imposed by various levels of government. Outlined below are some of the more significant aspects of the legislation, regulations and agreements governing the oil and gas industry. It is not expected that any of such controls or regulations would affect the operations of the Fund, the Corporation or SLP in a manner materially different than they would affect other companies of similar size in the oil and natural gas industry. All current legislation is a matter of public record and the Corporation is unable to predict what additional legislation or amendments may be enacted.

Pricing and Marketing - Oil

In Canada, producers of oil negotiate sales contracts directly with oil purchasers, with the result that the market determines the price of oil. The price depends in part on oil quality, prices of competing fuels, distance to market, the value of the refined products and the supply and demand balance. Oil exports may be made pursuant to export contracts with terms not exceeding one year in the case of light crude, and not exceeding two years in the case of heavy crude, provided that an order approving any such export has been obtained from the National Energy Board ("NEB"). Any oil export to be made pursuant to a contract of longer duration requires an exporter to obtain an export license from the NEB and the issue of such a license requires the approval of the Governor in Council.

Pricing and Marketing - Natural Gas

In Canada, the price of natural gas sold is determined by negotiation between buyers and sellers. Natural gas exported from Canada is subject to regulation by the NEB and the government of Canada. Exporters are free to negotiate prices and other terms with purchasers, provided that the export contracts in excess of two years must continue to meet certain criteria prescribed by the NEB and the government of Canada. As is the case

with oil, natural gas exports for a term of less than two years must be made pursuant to an NEB order, or, in the case of exports for a longer duration, pursuant to an NEB license and Governor in Council approval. The price received by the Corporation or SLP depends, in part, on the prices of competing natural gas and other substitute fuels, access to downstream transportation, distance to markets, length of the contract term, weather conditions, the supply and demand balance and other contractual terms.

The governments of Alberta and British Columbia also regulate the volume of natural gas which may be removed from those provinces for consumption elsewhere based on such factors as reserve availability, transportation arrangements and market considerations.

The North American Free Trade Agreement

On January 1, 1994, the North American Free Trade Agreement ("**NAFTA**") among the governments of Canada, the U.S. and Mexico became effective. The NAFTA carries forward most of the material energy terms contained in the Canada - U.S. Free Trade Agreement. In the context of energy resources, Canada continues to remain free to determine whether exports to the U.S. or Mexico will be allowed provided that the restrictions are justified under certain provisions of the General Agreement on Tariffs and Trade and then only if the export restrictions do not: (i) reduce the proportion of energy resources exported relative to the total supply of the energy resource (based upon the proportion prevailing in the most recent 36 month period), (ii) impose an export price higher than the domestic price, and (iii) disrupt normal channels of supply. All three countries are prohibited from imposing minimum export or import price requirements.

NAFTA contemplates the reduction of Mexican restrictive trade practices in the energy sector and prohibits discriminatory border restrictions and export taxes. The agreement also contemplates clearer disciplines on regulators to ensure fair implementation of any regulatory changes and to minimize disruption of contractual arrangements, which is important for Canadian natural gas exports.

Royalties and Incentives

In addition to federal regulation, the provinces of Alberta, Saskatchewan and British Columbia have legislation and regulations which govern land tenure, royalties, production rates, environmental protection and other matters. The royalty regime is a significant factor in the profitability of oil and natural gas production. Royalties payable on production from lands other than Crown lands are determined by negotiations between the mineral owner and the lessee. Crown royalties are determined by government regulation and are generally calculated as a percentage of the value of the gross production, and the rate of royalties payable generally depends in part on the prescribed reference prices, well productivity, geographical location, field discovery date, the method of recovery and the type or quality of the petroleum product produced.

From time to time the provincial governments of Canada have established incentive programs which have included royalty rate reductions, royalty holidays and tax credits for the purpose of encouraging oil and natural gas exploration or enhanced production projects.

Oil and natural gas royalty holidays and reductions for specific wells reduce the amount of Crown royalties paid by the Corporation and SLP to governments. These incentives increase the net income of the Corporation and SLP.

There are no assurances that the government's programs or other incentives currently in place will remain so. The termination of any of the current incentives may have a significant effect upon the Fund and the amount of distributions available to Unitholders. ARTC may be claimed in respect of eligible properties by the Corporation or the Fund and not by holders of Trust Units. The Fund is currently eligible to claim the full amount of the ARTC.

Land Tenure

Crude oil and natural gas reserves located in the western provinces are owned predominantly by the respective provincial governments. Provincial governments grant rights to explore for and produce oil and

natural gas pursuant to leases, licences and permits for varying terms and on conditions set forth in provincial legislation, including requirements to perform specific work or make payments. Oil and natural gas located in such provinces can also be privately owned and rights to explore for and produce such oil and natural gas are granted by lease on such terms and conditions as may be negotiated.

Environmental Regulation

The oil and natural gas industry is subject to environmental regulation pursuant to local, provincial and federal legislation. Environmental legislation provides for restrictions and prohibitions on releases or emissions of various substances produced in association with certain oil and natural gas industry operations and can affect the location and operation of wells and other facilities and the extent to which exploration and development is permitted. In addition, such legislation requires that well and facility sites be abandoned and reclaimed to the satisfaction of provincial authorities. A breach of such legislation may result in the imposition of fines or clean-up orders.

The Corporation is committed to meeting its responsibilities to protect the environment wherever it operates and anticipates making increased expenditures of both a capital and expense nature, as a result of the increasingly stringent laws relating to the protection of the environment. The Corporation's internal procedures are designed to ensure that the environmental aspects of new developments are taken into account prior to proceeding. The Corporation believes that it is reasonably likely that the trend towards stricter standards in environmental legislation and regulation will continue.

RISK FACTORS

The Trust Units do not represent a traditional investment in the oil and natural gas industry. Prospective purchasers of the Trust Units should carefully consider the information set forth below and the other information set forth herein before deciding to invest in the Trust Units.

Dependence on the Corporation and SLP

The Fund is an open-ended, limited purpose trust which is entirely dependent upon the operations and assets of its direct and indirect subsidiaries. Accordingly, any Distributions to Unitholders will be dependent on the ability of the Corporation and SLP to meet their interest and principal repayment obligations under the Managed Entities Notes and to pay the Royalties. The income of the Corporation and SLP will be received from the production of oil and natural gas from their existing properties and will be susceptible to the risks and uncertainties associated with the oil and gas industry generally.

Development of Additional Reserves

The Fund's future success and its Distributions to Unitholders are dependent upon the Corporation's and SLP's ability to develop or acquire additional oil and natural gas reserves that are economically recoverable at attractive acquisition prices. Acquisitions of resource companies and resource assets by the Corporation and SLP will be based on engineering and economic assessments made by management and, in certain cases, reviewed by independent engineers. These assessments include a series of assumptions regarding such factors as recoverability and marketability of oil and natural gas, future prices of oil and natural gas and operating costs, future capital expenditures and royalties and other governmental levies which will be imposed over the producing life of the reserves. Many of these factors are subject to change and are beyond the control of the Corporation, SLP or the Fund. In particular, changes in the prices of and markets for oil and natural gas from those anticipated at the time of making such assessments will affect the return on and value of the Trust Units. In addition, all such assessments involve a measure of geological and engineering uncertainty which could result in lower production and reserves than anticipated. Exploitation and development risks are due to the uncertain results of searching for and producing oil and natural gas using imperfect scientific methods.

Except to the extent that the Corporation and SLP conduct successful development activities or acquire properties containing proved reserves, or both, the proved reserves and production of the Corporation and SLP will generally decline as reserves are produced. If prevailing oil and natural gas prices were to increase significantly, the Corporation's and SLP's costs to add reserves could be expected to increase. The drilling of oil

and natural gas wells involves a high degree of risk, especially the risk of a dry hole or of a well that is not sufficiently productive to provide an economic return on the capital expended to drill the well. There can be no assurance that the Corporation and SLP will be successful in developing additional reserves or acquiring reserves on terms that meet the Fund's investment criteria.

Oil and Natural Gas Prices - Marketability of Production

The Corporation's and SLP's revenues are dependent upon prevailing prices for oil and natural gas. Oil and natural gas prices can be extremely volatile and are affected by the actions of foreign governments, international cartels and the Canadian federal and provincial governments. In addition, the marketability of the production underlying the Royalties depends upon the availability and capacity of gathering systems and pipelines, the effect of federal and provincial regulation on such production, supply and demand conditions for oil and natural gas and general economic conditions. All of these factors are beyond the control of the Corporation, SLP and the Fund.

Oil and natural gas prices are and could be affected by a number of factors beyond the control of the Fund. The Corporation's and SLP's results of operations and financial position, and therefore the amounts paid to the Fund pursuant to the Royalties are dependent on the prices received for their oil and natural gas production. Oil and natural gas prices have fluctuated widely during recent years and are determined by supply and demand factors, including weather and general economic conditions as well as conditions in other oil producing regions, which are beyond the control of the Corporation, SLP and the Fund. Any decline in oil or natural gas prices could have a material adverse effect on the Corporation's and SLP's operations, financial condition, proved reserves and the level of expenditures for the development of their oil and natural gas reserves. Distributions to Unitholders will therefore be sensitive to prevailing oil and natural gas prices.

The Corporation may manage the risk associated with changes in oil and natural gas prices and foreign exchange rates by causing the Corporation and SLP, from time to time, to enter into crude oil or natural gas price hedges and forward foreign exchange contracts. To the extent that the Corporation engages in risk management activities related to oil and natural gas prices and foreign exchange rates, it and SLP will be subject to credit risks associated with counterparties with which they contract.

Environmental Concerns

The operation of oil and natural gas wells involves a number of natural hazards which may result in blowouts, environmental damage or other unexpected or dangerous conditions resulting in liability to the Corporation and SLP and possibly liability to third parties. The oil and natural gas industry is subject to extensive environmental regulation which provides for restrictions and prohibitions on releases or emissions of various substances produced in association with certain oil and natural gas industry operations. In addition, legislation requires that well and facility sites be abandoned and reclaimed to the satisfaction of provincial authorities. A breach of such legislation may result in fines or the issuance of clean up orders. The Corporation and SLP will make reasonable provision for well abandonment where appropriate, however there can be no assurance that such provision will be sufficient to satisfy all such obligations. No sinking fund or reserve will be established for the purpose of asset retirement or abandonment costs. Actual abandonment costs incurred in a specific period are deducted for purposes of the Royalty Income and will reduce the amount of Distributions to Unitholders.

Reserves

Although Paddock, the Corporation and SLP have carefully prepared the reserve estimates included herein and believe that the methods of estimating reserves have been verified by judgment and operating experience, such figures are estimates and no assurance can be given that the indicated levels of reserves will be produced. Probable reserves estimated for properties may require revision based on the actual development strategies employed to prove such reserves. Declines in the reserves of the Corporation and SLP that are not offset by the acquisition or development of additional reserves may reduce the underlying value of the Trust Units. The Trust Units will have little or no value once all of the oil and natural gas reserves of the Corporation and SLP have been produced. As a result, holders of Trust Units will have to obtain the return of capital invested out of funds flow derived from their investment in such Trust Units.

Depletion of Reserves

The Fund has certain unique attributes that differentiate it from other oil and gas industry participants. Distributions to Unitholders in respect of the Corporation's and SLP's oil and gas properties, absent oil and natural gas price increases or cost effective acquisition and development activities, will decline over time in a manner consistent with declining production from typical oil, natural gas and natural gas liquids reserves. The Corporation and SLP will not be reinvesting funds flow in the same manner as other industry participants. Accordingly, absent capital injections, the Corporation's and SLP's production levels and reserves will decline.

The Corporation's and SLP's future oil and natural gas reserves and production, and therefore its funds flows, will be highly dependent on the Corporation's and SLP's success in exploiting its reserve base and acquiring additional reserves. Without reserve additions through acquisition or development activities, the Corporation's and SLP's reserves and production will decline over time as reserves are exploited.

There can be no assurance that the Corporation or SLP will be successful in developing or acquiring additional reserves on terms that meet the Fund's investment objectives.

Credit Facility

The Corporation has a \$330 million revolving credit facility with a syndicate of Canadian chartered banks. See "Incorporation and Organization – The Corporation – Borrowing". There is no assurance that the Corporation will be able to refinance its credit facility when it matures. If the Corporation is unable to obtain such refinancing, or obtains such refinancing on less favourable terms, it could have a material adverse affect on the Corporation's funds flow and Distributions to Unitholders.

Amounts paid in respect of interest (which can be affected by variation in interest rates) and principal on funds advanced under the credit facility (as required by the lenders or as determined by the Corporation) will reduce the Corporation's funds flow, may reduce Distributions to Unitholders and may result in the Corporation or SLP having taxable income and cash taxes payable as taxable income would no longer be reduced by the payment of the Royalties at the time debt repayment occurs.

If the Corporation fails to maintain compliance with certain covenants contained in the credit facility agreement, its ability (and the ability of SLP) to pay the Royalties and principal or interest on the Managed Entities Notes may be restricted, which could have a material adverse affect on Distributions to Unitholders. In addition, in such circumstances the lenders may be in a position to compel a sale of the working interests underlying the Royalties and the Managed Entities Notes in certain circumstances, with all proceeds from such sale going to the lenders and not to the Fund.

Although the Corporation believes that its credit facility is sufficient for its immediate requirements, there can be no assurance that the amount will be adequate for the future financial obligations of the Corporation or SLP or that access to additional funds will be available in the future. Upon annual review of the underlying assets pledged as security for the credit facility, the lenders may adjust the size of the credit facility.

Variations in Foreign Exchange Rates and Interest Rates

Operating costs incurred by the Corporation and SLP are generally paid in Canadian dollars. World oil prices are quoted in United States dollars and the price received by Canadian producers is therefore affected by the Canadian/U.S. dollar exchange rate that may fluctuate over time. A material increase in the value of the Canadian dollar may negatively impact the Corporation's and SLP's net production revenue. To the extent that the Corporation has engaged or will in the future engage in risk management activities related to oil and natural gas prices and foreign exchange rates, through entry into oil and natural gas price hedges and forward foreign exchange contracts or otherwise, the Corporation and SLP will be subject to unfavourable price changes and credit risks associated with the counterparties with which it contracts. Variations in interest rates could result in a significant increase in the amount the Fund pays to service debt, resulting in a decrease in Distributions to Unitholders.

Capital Investment

The timing and amount of capital expenditures will directly affect the amount of Distributions to Unitholders. Distributions may be reduced, or even eliminated, at times when significant capital or other expenditures are made.

Competition

There is strong competition relating to all aspects of the oil and gas industry. The Corporation and SLP will actively compete for reserve acquisitions and skilled industry personnel with a substantial number of other oil and gas companies, many of which have significantly greater financial resources than the Corporation and SLP. The Corporation and SLP will compete for joint venture partners and capital with a substantial number of other companies which have greater resources. Many such companies not only explore for and produce oil and natural gas, but also carry on refining operations and market petroleum and other products on a worldwide basis and as such have greater and more diverse resources upon which to draw. There is also competition between the oil industry and other industries with respect to the supply of energy and fuel to industrial, commercial and individual customers.

Operating Risks

The oil and natural gas business involves a variety of operating risks, including the risk of fire, explosions, blowouts and encountering formations with abnormal pressure and oil spills, the occurrence of any of which could result in substantial losses to the Fund. Oil and natural gas operations involve a high degree of risk, which even a combination of experience, knowledge and careful evaluation may not be able to overcome. The Corporation and SLP maintain insurance against some, but not all, of these risks. There can be no assurance that any insurance will continue to be available at premium levels that justify its purchase or whether insurance will be available at all. The occurrence of a significant event that the Corporation or SLP is not fully insured against could have a material adverse effect on the Corporation's or SLP's financial position, results of operations or prospects.

Continuing production from the Properties, and to some extent the marketing of production therefrom, are dependent upon the ability of the operator of such Properties. To the extent that the operator of a Property fails to perform these functions properly, revenue may be reduced. Payments from production generally flow through the operator and there is a risk of delay and additional expense in receiving such revenues if the operator becomes insolvent or experiences cash flow problems.

Changes in Legislation

There can be no assurance that income tax laws, other laws or government incentive programs relating to the oil and gas industry, such as the status of investment trusts and resource allowance, will not be changed in a manner which will adversely affect the Fund or Unitholders.

Administrative Discretion

Many of the income rules on which the tax efficiency of the Fund depends are a matter of administrative discretion as opposed to legislation. There can be no assurance that tax authorities having jurisdiction will agree with how the Fund calculates its income for tax purposes or that such tax authorities will not change their administrative practices to the detriment of the Fund or Unitholders.

Non-Arm's Length Transactions

The Fund's determination of its distributions and the tax payable by its Managed Entities depends upon a variety of historical and ongoing non-arm's length transactions. The taxation consequences of such transactions depend upon the reasonableness of their terms from an arm's length party's point of view, and no assurance can be given in that regard. Should a taxation authority successfully challenge such transactions on the basis that their terms were not reasonable in the circumstances, it could have a material adverse effect upon the amount of Distributions to Unitholders. In particular, oil and gas income trusts, including the Fund, generally rely on

significant amounts of inter-company debt, royalties or similar instruments that generate substantial interest expense or other deductions which serve to reduce taxable income and income tax payable during the life of the Fund. There can be no assurance that taxation authorities will not seek to challenge the amount of such interest expense and other deductions. If such a challenge were to succeed, it could materially adversely affect the amount and taxability of Distributions to Unitholders.

Nature of Trust Units

The Fund is governed by the terms and conditions of the Trust Indenture. As the Fund is not a corporate entity, it is not governed by the provisions of either provincial or federal corporate law. Securities such as the Trust Units are hybrids in that they share certain attributes common to both equity securities and debt instruments. The Trust Units are dissimilar to debt instruments in that there is no principal amount owing to Unitholders. The Trust Units do not represent a traditional investment in the oil and natural gas industry and should not be viewed by investors as shares in the Fund. The Trust Units represent an equal undivided beneficial interest in the Fund. As holders of Trust Units, Unitholders will not have the statutory rights normally associated with ownership of shares of a corporation including, for example, the right to bring "oppression" or "derivative" actions. In addition, the Fund is not a legally recognized entity within the relevant definitions of the *Bankruptcy and Insolvency Act (Canada)*, the *Companies' Creditors Arrangement Act (Canada)* and in some cases, the *Winding Up and Restructuring Act (Canada)*. As a result, if a restructuring of the Fund were necessary, the Fund would not be able to access the remedies available under such legislation. In the event of a restructuring, a Unitholder may be in a different position than a shareholder of a corporation. The market price per Trust Unit is a function of anticipated Distributions to Unitholders, the market's perception of the value of Properties and the Corporation's ability to effect long term growth in the value of the Fund.

Mutual Fund Status of the Fund

It is intended that the Fund will continue to qualify as a mutual fund trust for the purposes of the Tax Act. The Fund may not, however, always be able to satisfy any future requirement for the maintenance of mutual fund trust status. Should the Fund's status as a mutual fund trust be lost or successfully challenged by a relevant tax authority, certain adverse consequences may arise for the Fund and Unitholders. Some of the significant consequences of losing mutual fund trust status are as follows:

- The Trust Units may cease to be qualified investments for Exempt Plans. Where at the end of any month an Exempt Plan holds Trust Units that are not qualified investments, the Exempt Plan must, in respect of that month, pay a tax under Part XI.1 of the Tax Act equal to 1% of the fair market value of the Trust Units at the time such Trust Units were acquired by the Exempt Plan. A registered retirement savings plan or a registered retirement income fund holding Trust Units that are not qualified investments would become taxable on income attributable to the Trust Units while they are not qualified investments (including the entire amount of any capital gain arising on a disposition of the non-qualified investment). Registered education savings plans which hold Trust Units that are not qualified investments may have their registration revoked.
- The Fund would be taxed on certain types of income distributed to Unitholders, including income generated by the Royalties held by the Fund. Payment of this tax may have adverse consequences for some Unitholders, particularly Unitholders that are not residents of Canada and residents of Canada that are otherwise exempt from Canadian income tax.
- The Fund would cease to be eligible for the capital gains refund mechanism available under Canadian tax laws.
- The Trust Units held by Unitholders that are not residents of Canada would become taxable Canadian property. As a result, non-resident Unitholders would be subject to Canadian income tax on any gains realized on a disposition of Trust Units held by them.

The Fund may take certain measures in the future to the extent it believes such measures are necessary to ensure the Fund maintain its status as a mutual fund trust. These measures, if adopted, could be adverse to certain holders of Trust Units and could have an adverse effect on the market price of the Trust Units

Non-Resident Ownership of Trust Units

In order for the Fund to maintain its status as a mutual fund trust under the Tax Act, it must not be established or maintained primarily for the benefit of non-residents of Canada. The Trust Indenture provides that if at any time the Fund becomes aware that the beneficial owners of 49% or more of the Trust Units then outstanding are or may be non-residents or that such a situation is imminent, the Fund, by or through the Corporation on its behalf, will take such action as may be necessary to carry out the foregoing intention. See "Incorporation and Organization – Trust Units – Limitation on Non-Resident Ownership".

Unitholder Liability

The Trust Indenture provides that no Unitholder will be subject to any liability in connection with the Fund or its obligations and affairs and, in the event that a court determines Unitholders are subject to any such liabilities, the liabilities will be, with certain exceptions, enforceable only against, and will be satisfied only out of, the Fund's assets.

The Trust Indenture provides that all contracts signed by or on behalf of the Fund must (except as the Trustee or the Corporation may otherwise, in any respect, determine) contain a provision to the effect that the obligations in such agreement will not be binding upon Unitholders personally. Personal liability may also arise in respect of claims against the Fund that do not arise under contracts, including claims in tort, claims for taxes and possibly certain other statutory liabilities. The possibility of any personal liability of this nature arising is considered unlikely. In addition, the *Income Trust Liability Act* (Alberta), which was proclaimed in Alberta on July 1, 2004, provides that a beneficiary of a trust that is (a) created by a trust instrument governed by the laws of Alberta, and (b) a reporting issuer as defined in the *Securities Act* (Alberta), is not liable as a beneficiary for any act, default, obligation or liability of the trustee.

Reliance on Key Personnel

The Fund is highly dependent upon the executive officers and key employees of the Corporation. The unexpected loss of the services of any of these individuals could have an adverse effect on the Fund. See "Directors and Executive Officers".

Additional Financing

To the extent that external sources of capital, including the issuance of additional Trust Units and borrowings under the Corporation's credit facility, become limited or unavailable, the Fund's, the Corporation's and SLP's ability to make the necessary capital investments to maintain or expand their oil and natural gas reserves and to invest in assets, as the case may be, will be impaired. To the extent that the Corporation and SLP are required to use funds flow to finance capital expenditures, property acquisitions or asset acquisitions, as the case may be, the level of Distributions to Unitholders will be reduced.

Enforcement of Operating Agreements

The operation of wells located on properties not operated by the Corporation or SLP are generally governed by operating agreements that typically require the operator to conduct operations in a good and workmanlike manner. Operating agreements generally provide, however, that the operator will have no liability to the other non-operating working interest owners for losses sustained or liabilities incurred, except such as may result from gross negligence or wilful misconduct. In addition, third-party operators are generally not fiduciaries with respect to the Corporation, SLP, the Fund or the Unitholders. The Corporation and SLP, as owners of working interests in properties not operated by them, will generally have a cause of action for damages arising from a breach of such duty. Although not established by definitive legal precedent, it is unlikely that the Fund or Unitholders would be entitled to bring suit against third-party operators to enforce the terms of the operating agreements; thus, Unitholders will be dependent on the Corporation and SLP, as owner of the working interest, to enforce such rights.

Third Party Credit Risk

The Corporation and SLP are or may be exposed to third party credit risk through their contractual arrangements with their current or future joint venture partners, marketers of their petroleum and natural gas production and other parties. In the event such entities fail to meet their contractual obligations to the Corporation or SLP, such failures could have a material adverse effect on the Corporation or SLP and their cash flow from operations.

Title

Although satisfactory title reviews of the Properties are conducted in accordance with industry standards, those title reviews do not guarantee or certify that a defect in the chain of title may not arise to defeat the claim of the Corporation or SLP to a Property. A reduction of Royalty Income could result in those circumstances.

Distributions

Distributions to Unitholders may not represent a "yield" in the traditional sense as they may represent a return of capital, a return on investment or both. The amount of Distributions to Unitholders is subject to a number of factors, including prevailing prices for oil and natural gas, operating costs, capital costs, general and administrative costs, borrowing costs, the cost of capital, Crown and freehold royalty payments and other forms of taxation applied to the Corporation and SLP and their production, as well as the magnitude of other direct expenses of the Corporation and SLP. It is possible that no Distributions to Unitholders will be available due to these or other factors. The Fund's historical distributions may not be reflective of future distribution payments, which will be subject to review by the Board of Directors of the Corporation taking into account its prevailing financial circumstances at the relevant time. The actual amount distributed, if any, is dependent on the factors listed above and is at the discretion of the Board of Directors of the Corporation.

In addition to the usual delays in payment by purchasers of oil and natural gas to the operators of oil and gas properties, and by the operators to the Corporation and SLP, payments between any of such parties may also be delayed by restrictions imposed by lenders, delays in the sale or delivery of products, delays in the connection of wells to a gathering system, blowouts or other accidents, recovery by the operator of expenses incurred in the operation of oil and gas properties or the establishment by the operator of reserves for such expenses. Any of these delays could adversely affect Distributions to Unitholders.

Potential For Write-Downs

Under Canadian accounting rules, the net capitalized cost of oil and gas properties may not exceed a "ceiling limit", which is based, in part, upon estimated future net cash flow from reserves. If the net capitalized costs exceed this limit, the Corporation and SLP must charge the amount of the excess against earnings. As oil and natural gas prices decline, the Corporation's and SLP's net capitalized cost may approach and, in certain circumstances, may exceed this cost ceiling resulting in a charge against earnings. While these write-downs would not affect cash flow, the charge to earnings could be viewed unfavourably in the market or could limit the Corporation's and SLP's ability to borrow funds or comply with covenants contained in current or future credit agreements or other debt instruments.

Emerging GAAP surrounding hedge accounting may result in non-cash charges against net income as a result of changes in the fair market value of hedging instruments. A decrease in the fair market value of the hedging instruments as the result of fluctuations in oil and natural gas prices and foreign exchange rates may result in a write-down of net assets and a non-cash charge against net income. Such write-downs and non-cash charges may be temporary in nature if the fair market value subsequently increases.

Net Asset Value

The net asset value of the assets of the Fund from time to time will vary dependent upon a number of factors beyond the control of management, including oil and natural gas prices. The trading price of the Trust

Units from time to time is also determined by a number of factors which are beyond the control of management and such trading prices may be greater or less than the net asset value of the Fund's assets.

Aboriginal Claims

Aboriginal peoples have claimed aboriginal title and rights to portions of western Canada. The Corporation and SLP are not aware that any claims have been made in respect of their assets, however, if a claim arose and was successful this could have an adverse effect on the Corporation or SLP and their operations.

INTEREST OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

No director or officer or principal shareholder, or any associate or affiliate of the foregoing, has or has had, any material interest, direct or indirect, in any transaction within the three most recently completed financial years or in the current financial year that has materially affected or will materially affect the Corporation or the Fund.

TRANSFER AGENTS AND REGISTRARS

The transfer agent and registrar of the Trust Units of the Fund is Computershare Trust Company of Canada, at its offices in Calgary, Alberta and Toronto, Ontario.

MATERIAL CONTRACTS

Except for contracts entered into in the ordinary course of business, the only material contracts that were entered into within the most recently completed financial year, or before the most recently completed financial year and still in effect are:

1. The Trust Indenture;
2. the Royalty Agreements;
3. the Corporation USA;
4. the SHC USA;
5. the Administrative Services Agreement;
6. the Rights Plan; and
7. the Credit Facility Agreement dated December 31, 2004 between the Corporation and a syndicate of Canadian chartered banks, as amended.

INTERESTS OF EXPERTS

Paddock prepared the Paddock Report relating to certain reserves of the Corporation. As of the date hereof, the directors, officers and associates of Paddock as a group, did not beneficially own any of the outstanding Trust Units.

The consolidated financial statements of the Fund as at and for the years ended December 31, 2005 and 2004 have been examined by KPMG LLP, Chartered Accountants, as detailed in their auditors' report dated February 28, 2006. KPMG LLP is independent of the Fund in accordance with the Rules of Professional Conduct as outlined by the Institute of Chartered Accountants of Alberta.

ADDITIONAL INFORMATION

Additional information, including remuneration and indebtedness of directors and executive officers of the Corporation, the principal holders of Trust Units and the securities authorized for issuance under equity compensation plans, is contained in the Fund's information circular relating to the Annual and Special Meeting of Unitholders to be held on May 16, 2006, or any adjournment thereof. Additional financial information is provided in the annual audited financial statements of the Fund for the year ended December 31, 2005 and the Management's Discussion and Analysis pertaining thereto.

The above documents and other information may be found on SEDAR at www.sedar.com.

**REPORT ON RESERVES DATA BY INDEPENDENT QUALIFIED RESERVES EVALUATOR
FORM 51-101F2**

Terms to which a meaning is ascribed in National Instrument 51-101 have the same meaning herein.

To the Board of Directors of Shiningbank Energy Ltd. and the Board of Directors of the General Partner of Shiningbank Limited Partnership (collectively, the "Company"):

1. We have evaluated and audited the Company's reserves data as at December 31, 2005. The reserves data consist of the following:

- (a) (i) proved and proved plus probable oil and gas reserves estimated as at December 31, 2005 using forecast prices and costs; and
- (ii) the related estimated future net revenue; and
- (b) (i) proved oil and gas reserves estimated as at December 31, 2005 using constant prices and costs; and
- (ii) the related estimated future net revenue.

2. The reserves data are the responsibility of the Company's management. Our responsibility is to express an opinion on the reserves data based on our evaluation and audit.

We carried out our evaluation and audit in accordance with standards set out in the Canadian Oil and Gas Evaluation Handbook (the "COGE Handbook") prepared jointly by the Society of Petroleum Evaluation Engineers (Calgary Chapter) and the Canadian Institute of Mining, Metallurgy & Petroleum (Petroleum Society).

3. Those standards require that we plan and perform an evaluation and audit to obtain reasonable assurance as to whether the reserves data are free of material misstatement. An evaluation and audit also includes assessing whether the reserves data are in accordance with principles and definitions presented in the COGE Handbook.

4. The following table sets forth the estimated future net revenue (before deduction of income taxes) attributed to proved plus probable reserves, estimated using forecast prices and costs and calculated using a discount rate of 10 percent, included in the reserves data of the Company evaluated and audited by us for the year ended December 31, 2005, and identifies the respective portions thereof that we have evaluated and audited and reported on to the Company's board of directors:

Independent Qualified Reserves Evaluator or Auditor	Description and Preparation Date of Evaluation/Audit Report	Location of Reserves (Country or Foreign Geographic Area)	Net Present Value of Future Net Revenue (\$millions - before income taxes, 10% discount rate)			
			Audited	Evaluated	Reviewed	Total
Paddock Lindstrom & Associates Ltd.	January 28, 2006	Canada	78.4*	1,437.2	nil	1,515.7

* The audited value does not include the Alberta Royalty Tax Credit attributable to the audited properties. The Alberta Royalty Tax Credit was calculated corporately and is included in the value of the evaluated properties.

5. In our opinion, the reserves data respectively evaluated and audited by us have, in all material respects, been determined and are in accordance with the COGE Handbook. We express no opinion on the reserves data that we reviewed but did not audit or evaluate.

6. We have no responsibility to update our reports referred to in paragraph 4 for events and circumstances occurring after their respective preparation dates.

7. Because the reserves data are based on judgements regarding future events, actual results will vary and the variations may be material.

Executed as to our report referred to above:

Paddock Lindstrom & Associates Ltd.
Calgary, Alberta, Canada

Execution Date: January 28, 2006

(signed) "L.K. Lindstrom"
L.K. Lindstrom, P.Eng.
President

**REPORT OF MANAGEMENT AND DIRECTORS ON OIL AND GAS DISCLOSURE
FORM 51-101F3**

Terms to which a meaning is ascribed in National Instrument 51-101 have the same meaning herein.

Management of Shiningbank Energy Ltd. (the "Company") are responsible for the preparation and disclosure of information with respect to the Company's oil and gas activities in accordance with securities regulatory requirements. This information includes reserves data, which consist of the following:

- (a) (i) proved and proved plus probable oil and gas reserves estimated as at December 31, 2005 using forecast prices and costs; and
- (a) (ii) the related estimated future net revenue; and
- (b) (i) proved oil and gas reserves estimated as at December 31, 2005 using constant prices and costs; and
- (b) (ii) the related estimated future net revenue.

Independent qualified reserves evaluators and auditors have evaluated and audited the Company's reserves data. The reports of the independent qualified reserves evaluators and auditors are presented in the Annual Information Form of Shiningbank Energy Income Fund effective as of December 31, 2005.

The Environmental, Corporate Governance and Reserve Review Committee of the board of directors of the Company has

- (a) reviewed the Company's procedures for providing information to the independent qualified reserves evaluator and auditor;
- (b) met with the independent qualified reserves evaluators and auditors to determine whether any restrictions affected the ability of the independent qualified reserves evaluators and auditors to report without reservation; and
- (c) reviewed the reserves data with management and the independent qualified reserves evaluators and auditors.

The Environmental, Corporate Governance and Reserve Review Committee of the board of directors has reviewed the Company's procedures for assembling and reporting other information associated with oil and gas activities and has reviewed that information with management. The board of directors has, on the recommendation of the Environmental, Corporate Governance and Reserve Review Committee, approved:

- (a) the content and filing with securities regulatory authorities of the reserves data and other oil and gas information;
- (b) the filing of the report of the independent qualified reserves evaluator and auditor on the reserves data; and
- (c) the content and filing of this report.

Because the reserves data are based on judgements regarding future events, actual results will vary and the variations may be material.

SCHEDULE "A"
Audit Committee - Terms of Reference

SHININGBANK ENERGY LTD.

(Adopted by the Board of Directors of Shiningbank Energy Ltd. effective December 13, 2005)

PURPOSE

The overall purpose of the Audit Committee (the "Committee") of the Board of Directors of Shiningbank Energy Ltd. (the "Corporation") is to carry out the functions associated with an audit committee of an issuer of the size and nature of the Corporation and the Fund (as defined below). The purpose of the Committee is to ensure that the Corporation's management has designed and implemented an effective system to review and report on the integrity of the consolidated financial statements of Shiningbank Energy Income Fund ("SEIF") and its consolidated subsidiaries (collectively referred to as the "Fund"). As part of this mandate, the Committee shall take all necessary steps so as to ensure compliance by the Fund with all laws and regulatory policies, rules, regulations and instruments pertaining to audit and financial reporting that are applicable to the Fund from time to time (the "Applicable Laws").

COMPOSITION, PROCEDURES AND ORGANIZATION

1. The Committee shall consist of not less than three members of the Board of Directors of the Corporation (the "Board"), each of whom:

- (a) must meet any independence tests; and
- (b) must satisfy any financial literacy or other competency standards;

as set out under Applicable Laws, except as may be allowed under any applicable exemptions provided for under Applicable Laws or any exemption orders obtained from applicable regulatory authorities.

2. The Board, at its first meeting following the annual meeting of the holders of trust units of SEIF, shall appoint the members of the Committee for the ensuing year. The Board may at any time remove or replace any member of the Committee and may fill any vacancy in the Committee.

3. Unless the Board shall have appointed a chair of the Committee, the members of the Committee shall elect a chair (the "Chairman") from amongst their number.

4. The Corporate Secretary of the Corporation shall be the secretary of the Committee, unless otherwise determined by the Committee.

5. The quorum for meetings shall be a majority of the members of the Committee, present in person or by telephone or other telecommunication device that permits all persons participating in the meeting to speak and to hear each other.

6. The Committee shall have access to such officers and employees of the Corporation and of the other consolidated subsidiaries of the Fund, and to the Fund's external auditors and to such information respecting the Fund, as the Committee considers to be necessary or advisable in order to perform its duties and responsibilities.

7. Meetings of the Committee shall be conducted as follows:

- (a) the Committee shall meet at least four times annually at such times and at such locations as may be requested by the Chairman. The Fund's external auditors or any member of the Committee may request a meeting of the Committee;
 - (b) the Fund's external auditors shall receive notice of and have the right, and shall be encouraged, to attend all meetings of the Committee; and
 - (c) the Chief Executive Officer and the Chief Financial Officer of the Corporation shall be invited to attend all meetings of the Committee, except *in camera* sessions of the members of the Committee. Other management representatives of the Corporation shall be invited to attend as necessary.
8. The external auditors of the Fund shall have a direct line of communication to the Committee through the Chairman. The Fund shall require the external auditors of the Fund to report directly to the Committee.

DUTIES AND RESPONSIBILITIES

9. The overall duties and responsibilities of the Committee shall include:
- (a) assisting the Board in the discharge of its responsibilities relating to the Fund's accounting principles, reporting practices and internal controls and approving the Fund's annual and quarterly consolidated financial statements;
 - (b) establishing and maintaining a direct line of communication with the Fund's external auditors and assessing their performance;
 - (c) ensuring that the management of the Corporation has designed, implemented and is maintaining an effective system of internal controls for the Fund;
 - (d) reporting regularly to the Board on the fulfilment of the duties and responsibilities of the Committee;
 - (e) ensure adequate procedures are in place for the review of the Fund's public disclosure of financial information extracted or derived from the Fund's financial statements and periodically assess the adequacy of those procedures;
 - (f) review the appropriateness and effectiveness of the Fund's policies and business practices which impact on the financial integrity of the Fund, including those relating to insurance, accounting, information services and systems and financial controls, management reporting and risk management; and
 - (g) review any unresolved issues between management and the external auditors that could affect the financial reporting or internal controls of the Fund.
10. The duties and responsibilities of the Committee as they relate to the external auditors shall include:
- (a) recommending to the Board a firm of external auditors to be engaged by the Fund;
 - (b) reviewing the scope and timing of the audit and other related services rendered by the external auditors and recommending the approval of the fee for all audit services to the Board;
 - (c) overseeing the work of the external auditors engaged for the purpose of preparing or issuing an auditors' report or performing other audit, review or attest services for the Fund, including the resolution of disagreements between management of the Corporation and the external auditors regarding financial reporting;
 - (d) reviewing the audit plan of the external auditors prior to the commencement of the audit;

- (e) reviewing with the external auditors, upon completion of their audit:
 - (i) contents of their report;
 - (ii) scope and quality of the audit work performed;
 - (iii) adequacy of the Corporation's financial and auditing personnel;
 - (iv) co-operation received from the Corporation's personnel during the audit;
 - (v) internal resources used;
 - (vi) significant transactions outside of the normal business of the Fund; and
 - (vii) significant proposed adjustments and recommendations for improving internal accounting controls, accounting principles or management systems;
- (f) pre-approving all non-audit services (and the fee for such services) to be provided to the Fund by the Fund's external auditors in accordance with Applicable Laws; and
- (g) periodically review the Fund's financial and auditing procedures and the extent to which recommendations made by the external auditors have been implemented.

11. The Committee shall hold an *in camera* session with the external auditors at least once a year prior the approval of the annual audited financial statements of the Fund and at such other times as determined necessary or appropriate by the Committee.

12. The Committee is also charged with the responsibility to:

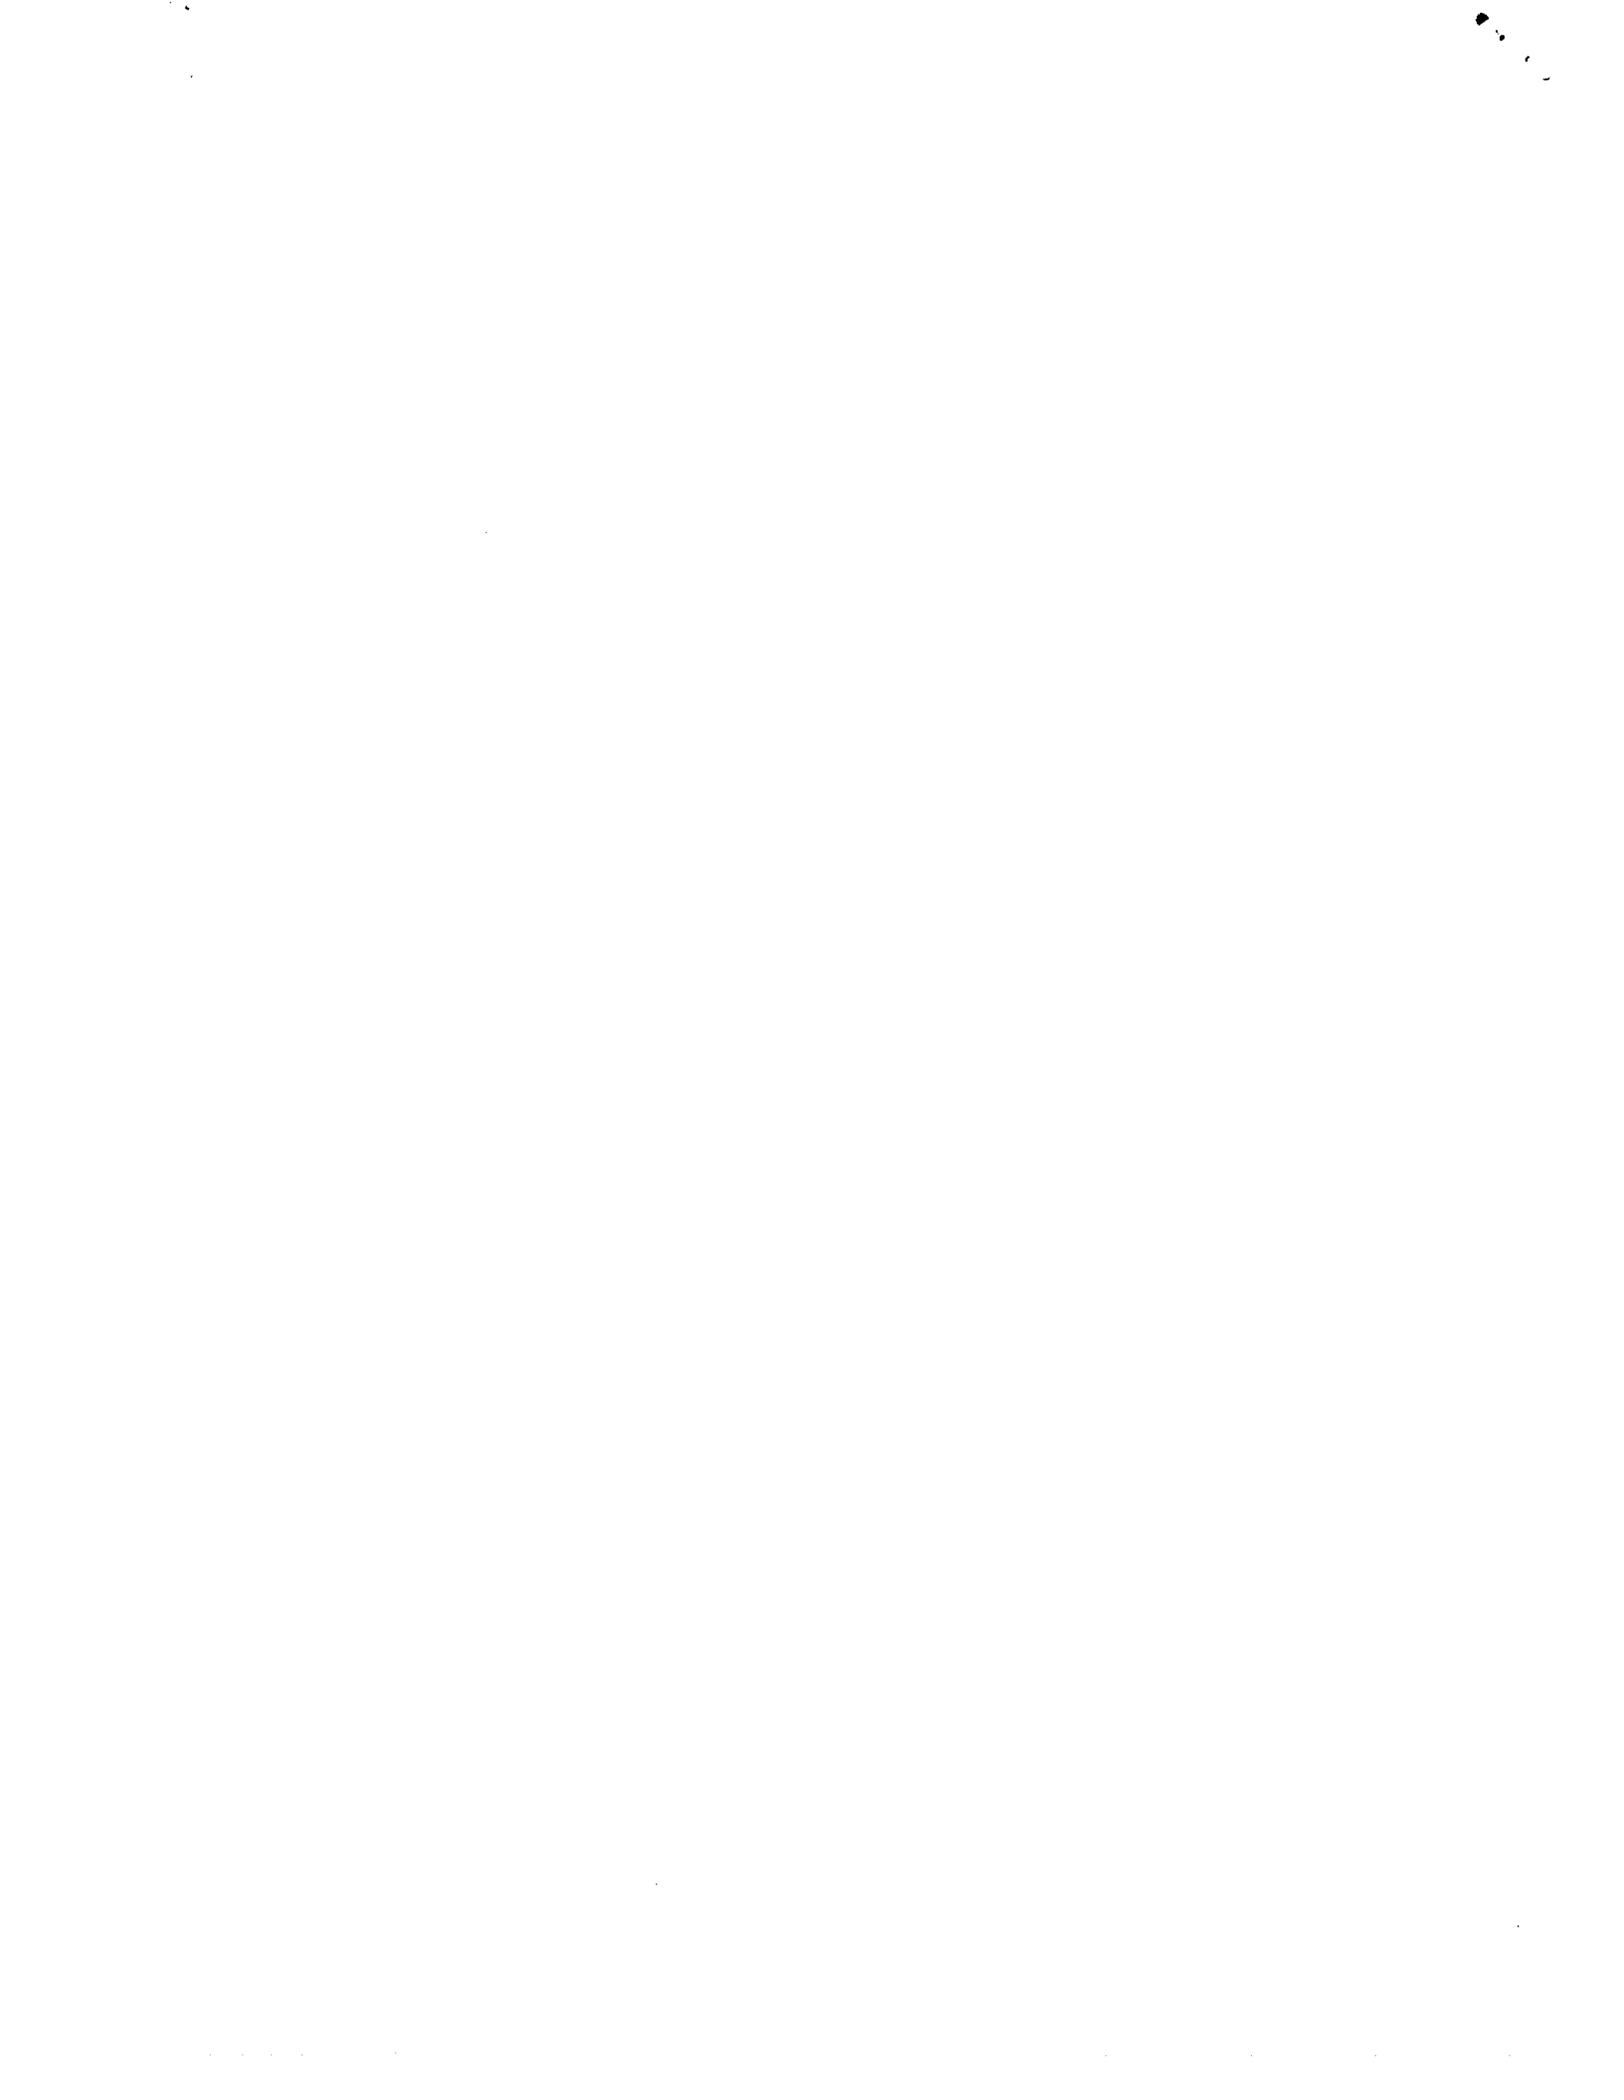

- (a) review the Fund's annual financial statements and MD&A and related earnings news release and recommend the approval thereof to the Board;
- (b) review and approve the Fund's interim financial statements and MD&A and related earnings news releases;
- (c) review and approve the financial sections of other public reports of the Fund requiring approval by the Board before such documents are publicly disclosed, other than prospectuses and business acquisition reports which will be reviewed and approved by the Board;
- (d) review regulatory filings and decisions as they relate to the Fund's consolidated financial statements;
- (e) review the minutes of any audit committee meeting of associated companies, partnerships or trusts;
- (f) review with management, the external auditors and, if necessary, legal counsel any litigation, claim or other contingency, including tax assessments, that could have a material affect upon the financial position or operating results of the Fund and the manner in which such matters have been disclosed in the consolidated financial statements;
- (g) review annually insurance programs relating to the Fund;
- (h) establish procedures for the receipt, retention and treatment of complaints received by the Fund regarding accounting, internal accounting controls, or auditing matters;

- (i) establish procedures for the confidential, anonymous submission by employees of the Corporation or any other consolidated subsidiary of the Fund of concerns regarding questionable accounting or auditing matters;
- (j) review and approve the Corporation's hiring policies regarding partners, employees and former partners and employees of the present and former external auditors of the Fund;
- (k) develop a calendar of activities to be undertaken by the Committee for the ensuing year and present such calendar to the Board prior to the commencement of such year; and
- (l) review and reassess the adequacy of these Terms of Reference at least annually and recommend to the Board changes which the Committee may deem appropriate.

13. The Committee has the authority:

- (a) to engage independent counsel and other advisors as it determines necessary to carry out its duties; and
- (b) to set and pay the compensation for any advisors employed by the Committee.

CAL_LAW\ 1207218\8

SHININGBANK ENERGY INCOME FUND

NOTICE OF THE ANNUAL AND SPECIAL MEETING OF UNITHOLDERS

TAKE NOTICE that the annual and special meeting (the "Fund Meeting") of the Unitholders of Shiningbank Energy Income Fund (the "Fund") will be held at the Calgary Petroleum Club, McMurray Room, 319 – 5th Avenue S.W., Calgary, Alberta, at 3:00 p.m. (Calgary time) on Tuesday, May 16, 2006 for the following purposes:

1. to receive the consolidated financial statements of the Fund for the year ended December 31, 2005 and the auditors' report thereon;
2. to appoint auditors of the Fund;
3. to direct the appointment of auditors for Shiningbank Holdings Corporation, Shiningbank Energy Ltd. and SLP Holdings Inc.;
4. to elect nominees for directors of Shiningbank Holdings Corporation;
5. to elect nominees for directors of Shiningbank Energy Ltd.;
6. to elect nominees for directors of SLP Holdings Inc.;
7. to consider a special resolution which, if passed, will amend the Royalty Agreement between Computershare Trust Company of Canada, as trustee of the Fund, and each of Shiningbank Energy Ltd. and Shiningbank Limited Partnership;
8. to consider a resolution which, if passed, will continue, ratify, confirm and approve the Unitholders' Rights Plan Agreement among the Fund, Shiningbank Energy Ltd. and the Rights Agent thereunder; and
9. to transact any other business which may properly come before the Fund Meeting.

SHININGBANK ENERGY INCOME FUND

INFORMATION CIRCULAR

ANNUAL AND SPECIAL MEETING OF UNITHOLDERS

SOLICITATION OF PROXIES FOR FUND MEETING

This Information Circular is furnished in connection with the solicitation of proxies by the management of Shiningbank Energy Ltd., as the administrator of Shiningbank Energy Income Fund (the "Fund"), for use at the Annual and Special Meeting (the "Fund Meeting") of the holders (the "Unitholders") of trust units (the "Trust Units") issued by the Fund, to be held on May 16, 2006 at 3:00 p.m. (Calgary time) at the Calgary Petroleum Club, McMurray Room, Calgary, Alberta, and at any adjournment thereof, for the purposes set forth in the Notice of Meeting. This Information Circular is dated March 16, 2006 and information contained herein is given as of March 1, 2006, unless otherwise specifically stated.

SHC SHAREHOLDER'S MEETING

Pursuant to the terms of a Unanimous Shareholder Agreement dated October 9, 2002 (the "SHC Unanimous Shareholder Agreement"), Unitholders are entitled to notice of, and to attend at, the annual meeting of the shareholders of Shiningbank Holdings Corporation ("SHC") to be held on May 16, 2006 at 4:00 p.m. (Calgary time) at the Calgary Petroleum Club, McMurray Room, Calgary, Alberta, but have no right to vote at that meeting. This meeting is described herein as the "SHC Shareholder's Meeting". At the SHC Shareholder's Meeting, Computershare Trust Company of Canada, on behalf of the Fund (the "Trustee"), will vote all of the shares of SHC according to the directions given by resolutions to be passed at the Fund Meeting. The Fund has agreed to refrain from exercising its voting rights as a shareholder of SHC, except as directed by the Unitholders.

CORPORATION SHAREHOLDER'S MEETING

Pursuant to the terms of a Unanimous Shareholder Agreement dated October 9, 2002 (the "Corporation Unanimous Shareholder Agreement"), Unitholders are entitled to notice of, and to attend at, the annual meeting of Shiningbank Energy Ltd. (the "Corporation") to be held on May 16, 2006 at 4:15 p.m. (Calgary time) at the Calgary Petroleum Club, McMurray Room, Calgary, Alberta, but have no right to vote at that meeting. This meeting is described herein as the "Corporation Shareholder's Meeting". At the Corporation Shareholder's Meeting, SHC will vote all of the shares of the Corporation according to the directions given by resolutions to be passed at the Fund Meeting. SHC has agreed to refrain from exercising its voting rights as a shareholder of the Corporation except as directed by the Unitholders.

SLP SHAREHOLDER'S MEETING

Unitholders shall receive notice of, and may attend at, the annual meeting of SLP Holdings Inc. ("SLP") to be held on May 16, 2006 at 4:30 p.m. (Calgary time) at the Calgary Petroleum Club, McMurray Room, Calgary, Alberta, but have no right to vote at that meeting. This meeting is described herein as "SLP Shareholder's Meeting". At the SLP Shareholder's Meeting, the Trustee, on behalf of the Fund, will vote all of the shares of SLP according to the directions given by resolutions to be passed at the Fund Meeting.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed Form of Proxy are the Chairman of the Board and the President of the Corporation.

A UNITHOLDER HAS A RIGHT TO APPOINT A PERSON, WHO NEED NOT BE A UNITHOLDER OF THE FUND, OTHER THAN A PERSON DESIGNATED IN THE FORM OF PROXY AS NOMINEE, TO ATTEND AND ACT FOR AND ON BEHALF OF SUCH UNITHOLDER AT THE FUND MEETING AND MAY EXERCISE SUCH RIGHT BY INSERTING THE NAME OF SUCH PERSON IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY PROVIDED OR MAY SUBMIT ANOTHER APPROPRIATE FORM OF PROXY. IF A UNITHOLDER APPOINTS A PERSON DESIGNATED IN THE FORM OF PROXY AS NOMINEE AND DOES NOT DIRECT THE SAID NOMINEE TO VOTE EITHER IN FAVOUR OF OR AGAINST OR TO ABSTAIN ON A MATTER OR MATTERS WITH RESPECT TO WHICH AN OPPORTUNITY HAS BEEN GIVEN TO SPECIFY HOW THE TRUST UNITS REGISTERED IN THE NAME OF SUCH UNITHOLDER SHALL BE VOTED, THE PROXY SHALL BE VOTED IN FAVOUR OF SUCH MATTER OR MATTERS.

In order to be acted upon and voted, properly executed proxies of Unitholders must be received at the Toronto office of Computershare Trust Company of Canada at 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, at least 24 hours before the time set for the Fund Meeting or any adjournments thereof (excluding Saturdays, Sundays and holidays). Accordingly, such proxies must be received by no later than 3:00 p.m. (Calgary time) on Monday, May 15, 2006. **PLEASE NOTE THAT NO PROXIES CAN BE ACCEPTED AFTER THIS TIME INCLUDING AT THE FUND MEETING.**

Any person or corporation giving a proxy has the power to revoke such proxy prior to the exercise thereof by instrument in writing executed by the Unitholder, or by his attorney authorized in writing or, if the Unitholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized, and deposited at the address set out above, at least 24 hours before the time set for the Fund Meeting or any adjournments thereof (excluding Saturdays, Sundays and holidays) or with the Chairman of the Fund Meeting prior to the commencement of the Fund Meeting, or any adjournment thereof, and upon either of such deposits, the proxy is revoked.

ACTION TO BE TAKEN UNDER THE PROXY

Unless the Unitholder specifies otherwise, proxies in the form enclosed which are properly executed and returned will be voted in favour of the matters referred to in the Notices of Meeting. In each case where the giver of a proxy has appropriately specified that the proxy is to be voted otherwise, it will be voted in accordance with the specifications so made. The persons named in the enclosed proxy, who are members of the management of the Corporation, may, if in their judgment it is deemed to be advisable, vote such proxy to adjourn the Fund Meeting from time to time. It is the intention that, as to any matters or business other than the matters described herein which may be properly brought before the meeting, a vote may be cast pursuant to the enclosed proxy in accordance with the judgment of the person or persons voting the same. Management of the Corporation knows of no such amendments, variations, or other matters to come before the meeting other than the matters referred to in the Notices of Meeting.

SIGNATURE OF PROXY

The Form of Proxy must be executed by the Unitholder or his attorney authorized in writing, or if a Unitholder is a corporation, the Form of Proxy must be signed in its corporate name under its corporate seal or under the hand of any officer or attorney duly authorized and persons signing as executors, administrators, trustees or in some other representative capacity should so indicate following their signature. The appropriate instrument evidencing qualification and authority to act should accompany the proxy (unless such has been previously filed with the Trustee or the Fund). **IF YOUR TRUST UNITS ARE REGISTERED IN THE NAME OF A BROKER OR OTHER INTERMEDIARY, THE FORM OF PROXY RECEIVED BY THE TRUSTEE MUST BE SIGNED BY THE REGISTERED HOLDER. THE INSTRUCTIONS FROM THE INTERMEDIARY ENCLOSED WITH THE FORM OF PROXY SHOULD BE FOLLOWED.**

VOTING BY NON-REGISTERED UNITHOLDERS

Only registered Unitholders or the persons they appoint as their proxies are permitted to vote at the Fund Meeting. However, in many cases, Trust Units beneficially owned by a person (a "Non-Registered Holder") are registered either:

- (i) in the name of an intermediary (an "Intermediary") (which may include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered registered retirement savings plans, registered retirement income funds, registered education savings plans and similar plans) that the Non-Registered Holder deals with in respect of the Trust Units; or
- (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited ("CDS")) of which the Intermediary is a participant.

In accordance with the requirements of National Instrument 54-101 *Communication with Beneficial Owners of Securities of Reporting Issuer*, the Fund has distributed copies of this Information Circular and the accompanying Notices of Meeting together with the form of proxy (collectively, the "Meeting Materials") to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Frequently, Intermediaries will use service companies to forward the Meeting Materials to Non-Registered Holders. Generally, Non-Registered Holders who have not waived their right to receive Meeting Materials will either:

- (i) be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile stamped signature), which is restricted as to the number of Trust Units beneficially owned by the Non-Registered Holder but which is not otherwise completed. Since the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Holder when submitting the proxy. In this case, the Non-Registered Holder who wishes to vote by proxy should otherwise properly complete the form of proxy and deliver it as specified above under "Appointment and Revocation of Proxies"; or
- (ii) more typically, be given a voting instruction form which must be completed and signed by the Non-Registered Holder and returned to the Intermediary or its service company in accordance with the directions accompanying the voting instruction form. A Non-Registered Holder receiving a voting instruction form cannot use such form to vote his or her Trust Units directly at the Meeting; rather the voting instruction form must be returned to the Intermediary well in advance of the Meeting to have his or her Trust Units voted.

In either case, the purpose of these procedures is to permit Non-Registered Holders to direct the voting of the Trust Units they beneficially own. A Non-Registered Holder who wishes to attend and vote at the Meeting in person (or to have another person attend and vote on behalf of the Non-Registered Holder) should print the Non-Registered Holder's (or such other person's) name in the blank space provided for that purpose in the first paragraph of the proxy form or, in the case of a voting instruction form, follow the corresponding instructions on that form. **In either case, Non-Registered Holders should carefully follow the instructions of their Intermediary and its service company, as applicable.**

THIS SOLICITATION IS MADE ON BEHALF OF THE ADMINISTRATOR OF THE FUND

The solicitation is made on behalf of the Fund by the management of the Corporation, as the administrator of the Fund. This solicitation is being made primarily by mail but may also be made personally by telephone and facsimile by directors, officers and other employees of the Corporation who have been delegated responsibility for the solicitation of proxies on behalf of the Fund and who will not be additionally compensated therefor. The total cost of soliciting proxies will be borne by the Fund.

TRUST UNITS ENTITLED TO VOTE AND PRINCIPAL UNITHOLDERS

Pursuant to the terms of the Trust Indenture dated May 16, 1996, as amended and restated on September 6, 2005 between the Corporation and the Trustee, on behalf of the Fund (the "Trust Indenture"), Unitholders are entitled to notice of, and to attend at the Fund Meeting and to one vote per Trust Unit held on any ballot thereat.

The Corporation has set the close of business of the Trustee at its office in Calgary, Alberta, on March 20, 2006 as the date for determination of Unitholders entitled to receive notice of the Fund Meeting, the SHC Shareholder's Meeting, the Corporation Shareholder's Meeting and the SLP Shareholder's Meeting. The registered Unitholders at that time are entitled to attend and vote at the Fund Meeting and to attend the SHC Shareholder's Meeting, the Corporation Shareholder's Meeting and the SLP Shareholder's Meeting.

As at March 1, 2006, the Fund had 68,349,351 issued and outstanding Trust Units. In addition, there were 335,875 Exchangeable Shares of SHC issued and outstanding, which Exchangeable Shares are entitled to one vote per share at the Fund Meeting. To the best of the knowledge of the management of the Corporation, no persons beneficially own, directly or indirectly, Trust Units carrying more than 10% of the voting rights attached to the issued and outstanding Trust Units.

MATTERS TO BE CONSIDERED AT THE FUND MEETING

Capitalized terms used in this section and not otherwise defined herein shall have the meanings ascribed to such terms in the Trust Indenture.

FINANCIAL STATEMENTS

The consolidated financial statements of the Fund for the year ended December 31, 2005, together with the auditors' report thereon, will be presented at the Fund Meeting.

APPOINTMENT OF AUDITORS

It is proposed that the firm of KPMG LLP, Chartered Accountants, of Calgary, Alberta, be re-appointed as auditors of the Fund, to hold office until the next annual meeting of the Unitholders or until their successor is appointed and that the Trustee be authorized to fix the remuneration of the auditors. KPMG LLP have been the auditors of the Fund since its inception in 1996. The persons named in the enclosed Form of Proxy, if not expressly directed to the contrary in such Form of Proxy, will vote such proxies in favour of a resolution to re-appoint KPMG LLP as auditors of the Fund and authorize the Trustee to fix their remuneration.

Pursuant to the terms of the SHC Unanimous Shareholder Agreement, the Unitholders will direct the Trustee as to the appointment of auditors of SHC. It is proposed that KPMG LLP be appointed auditors of SHC until the next annual meeting of SHC, and that the Board of Directors of SHC be authorized to fix the remuneration of the auditors.

Pursuant to the terms of the Corporation Unanimous Shareholder Agreement, the Unitholders will direct SHC as to the appointment of auditors of the Corporation. It is proposed that KPMG LLP be appointed auditors of the Corporation until the next annual meeting of the Corporation, and that the Board of Directors of the Corporation be authorized to fix the remuneration of the auditors.

The Unitholders will direct the Trustee as to the appointment of auditors of SLP. It is proposed that KPMG LLP be appointed auditors of SLP until the next annual meeting of SLP, and that the Board of Directors of SLP be authorized to fix the remuneration of the auditors.

A summary of the aggregate fees billed by KPMG LLP in each of the last two fiscal years is contained in the Fund's Annual Information Form for the year ended December 31, 2005 under the heading "Audit Committee".

INSTRUCTION TO TRUSTEE AS TO ELECTION OF DIRECTORS OF SHC, THE CORPORATION AND SLP

Pursuant to the terms of the SHC Unanimous Shareholder Agreement and the Corporation Unanimous Shareholder Agreement, the members of the Boards of Directors of SHC and the Corporation are to be selected by a vote of the Unitholders at the Fund Meeting. Pursuant to the Trust Indenture, the members of the Board of Directors of SLP are to be selected by a vote of the Unitholders at the Fund Meeting. Edward W. Best, Richard W. Clark, David M. Fitzpatrick, D. Grant Gunderson, Robert B. Hodgins, Arne R. Nielsen and Warren D. Steckley have been proposed as the Fund's nominees as directors of SHC and the Corporation. David M. Fitzpatrick, Arne R. Nielsen and Warren D. Steckley have been proposed as the Fund's nominees as directors of SLP.

At the Fund Meeting, the persons named in the enclosed Form of Proxy, if not expressly directed to the contrary in such Form of Proxy, will vote such proxies (i) to direct the Trustee, on behalf of the Fund, to vote the shares of SHC and to direct SHC to vote the shares of the Corporation in favour of the election, as directors of the SHC and the Corporation, of Edward W. Best, Richard W. Clark, David M. Fitzpatrick, D. Grant Gunderson, Robert B. Hodgins, Arne R. Nielsen and Warren D. Steckley, and (ii) to direct the Trustee, on behalf of the Fund, to vote the shares of SLP in favour of the election, as directors of SLP, of David M. Fitzpatrick, Arne R. Nielsen and Warren D. Steckley.

The following table sets forth information about each individual nominated for election as a director of SHC, the Corporation or SLP, as applicable:

Edward W. Best	Calgary, Alberta	Director since: April 22, 1996
<p>Mr. Best is a retired businessman. Mr. Best worked at BP Canada Inc. for 30 years where he held various management and professional positions, including President of the Oil and Gas Division and director. Mr. Best was a professional geologist.</p> <p>Mr. Best currently is also a director of TG World Energy Corp. (TSX Venture).</p> <p>Mr. Best is the Chair of the Compensation Committee and a member of the Audit Committee and the Environmental, Corporate Governance and Reserve Review Committee. During 2005, Mr. Best attended 8 of 8 Board meetings and 9 of 9 Board committee meetings.</p> <p>As at March 1, 2006, Mr. Best beneficially owned, directly or indirectly, or had control or direction over 35,500 Trust Units and 43,334 options to acquire Trust Units.</p>		
Richard W. Clark	Calgary, Alberta	Director since: June 20, 2005
<p>Mr. Clark is a lawyer with Gowling Lafleur Henderson LLP. From July, 1996 to September, 2005, Mr. Clark was the Corporate Secretary of the Corporation.</p> <p>Mr. Clark currently is also a director of the following public issuers: Platform Resources Inc. (TSX Venture); and Strike Petroleum Ltd. (TSX Venture).</p> <p>Mr. Clark is a member of the Compensation Committee and the Environmental, Corporate Governance and Reserve Review Committee. During 2005, Mr. Clark attended 4 of 4 Board meetings and 2 of 2 Board committee meetings that occurred while he was a director.</p> <p>As at March 1, 2006, Mr. Clark beneficially owned, directly or indirectly, or had control or direction over 6,375 Trust Units and 45,000 options to acquire Trust Units.</p>		
David M. Fitzpatrick	Calgary, Alberta	Director since: April 22, 1996
<p>Mr. Fitzpatrick has been involved with the Fund since its formation in July, 1996 in the following capacities: President and Chief Executive Officer of the Corporation (October, 2001 to present); and President and Chief Operating Officer (July, 1996 to September, 2001). Mr. Fitzpatrick is a professional engineer.</p> <p>Mr. Fitzpatrick currently is also a director of the following public issuers: Fairquest Energy Ltd. (TSX); Platform Resources Inc. (TSX Venture); and Strike Petroleum Ltd. (TSX Venture).</p> <p>Although Mr. Fitzpatrick is not a member of any Board committees, he is invited to attend all meetings of the Board committees. During 2005, Mr. Fitzpatrick attended 8 of 8 Board meetings and 9 of 9 Board committee meetings.</p> <p>As at March 1, 2006, Mr. Fitzpatrick beneficially owned, directly or indirectly, or had control or direction over 54,768 Trust Units and 408,333 options to acquire Trust Units. Mr. Fitzpatrick, through Kivacorp Petroleum Ltd., also owns 163,167 Exchangeable Shares (exchangeable as at March 1, 2006 into 239,948 Trust Units for no additional consideration), of which 151,549 are subject to escrow conditions with 50% releasable on each of October 9, 2006 and October 9, 2007.</p>		

D. Grant Gunderson	Calgary, Alberta	Director since: April 22, 1996
<p>Mr. Gunderson is a retired businessman. From 1994 to 2003, Mr. Gunderson worked at Sayer Securities Limited where he directed corporate and asset evaluation activities, developed business plans and provided advice on financial reorganizations and mergers and acquisitions in the petroleum and natural gas industry. Mr. Gunderson has extensive experience in the resources sector with Mobil Oil Canada Ltd., Canadian Superior Oil Ltd. and Bowtex Energy (Canada) Corporation.</p> <p>Mr. Gunderson currently is also a director (or equivalent) of Stoneham Drilling Trust (TSX).</p> <p>Mr. Gunderson is the Chair of the Audit Committee and a member of the Compensation Committee and the Environmental, Corporate Governance and Reserve Review Committee. During 2005, Mr. Gunderson attended 7 of 8 Board meetings and 9 of 9 Board committee meetings.</p> <p>As at March 1, 2006, Mr. Gunderson beneficially owned, directly or indirectly, or had control or direction over 29,000 Trust Units and 43,334 options to acquire Trust Units.</p>		
Robert B. Hodgins	Calgary, Alberta	Director since: n/a
<p>Mr. Hodgins is a retired businessman. Mr. Hodgins is a Chartered Accountant and has been a senior financial executive with several senior Canadian issuers, including Pengrowth Energy Trust, Canadian Pacific Limited and TransCanada PipeLines Limited, during his 25 year career.</p> <p>Mr. Hodgins currently is also a director (or equivalent) of the following public issuers: AltaGas Income Trust (TSX); Calpine Power Income Fund (TSX), Enerflex Systems Ltd. (TSX) and Fairborne Energy Trust (TSX).</p> <p>As at March 1, 2006, Mr. Hodgins beneficially owned, directly or indirectly, or had control or direction over 3,000 Trust Units.</p>		
Arne R. Nielsen	Calgary, Alberta	Director since: April 22, 1996
<p>Mr. Nielsen is a retired businessman. Mr. Nielsen has been involved with the Fund since its formation in July, 1996 in the following capacities: Chairman of the Board of the Corporation (July, 2003 to present), Executive Chairman of the Corporation (October, 2001 to July, 2003) and Chairman of the Board and Chief Executive Officer of the Corporation (July, 1996 to September, 2001). During his career, Mr. Nielsen held several senior executive positions with Mobil Oil Canada Ltd., including Chairman and Chief Executive Officer. Mr. Nielsen is a professional geologist.</p> <p>Mr. Nielsen currently is also a director of the following public issuers: Softrock Minerals Ltd. (TSX Venture) and VAALCO Energy Inc. (American Stock Exchange).</p> <p>Mr. Nielsen is a member of the Audit Committee, the Compensation Committee and the Environmental, Corporate Governance and Reserve Review Committee. During 2005, Mr. Nielsen attended 7 of 8 Board meetings and 9 of 9 Board committee meetings.</p> <p>As at March 1, 2006, Mr. Nielsen beneficially owned, directly or indirectly, or had control or direction over 198,097 Trust Units and 95,000 options to acquire Trust Units. Mr. Nielsen, through Proximus Energy Corporation, also owns 172,708 Exchangeable Shares (exchangeable as at March 1, 2006 into 253,979 Trust Units for no additional consideration).</p>		

Warren D. Steckley	Calgary, Alberta	Director since: April 22, 1996
<p>Mr. Steckley is currently President and Chief Operating Officer of Barnwell of Canada, Limited, an oil and gas company and a wholly-owned subsidiary of Barnwell Industries Inc., a public company which trades on the American Stock Exchange. Mr. Steckley is a professional engineer.</p> <p>Mr. Steckley currently is also a director of the following public issuers: Prairie Schooner Ltd. (TSX) and Strike Petroleum Ltd. (TSX Venture).</p> <p>Mr. Steckley is the Chair of the Environmental, Corporate Governance and Reserve Review Committee and a member of the Audit Committee and the Compensation Committee. During 2005, Mr. Steckley attended 8 of 8 Board meetings and 9 of 9 Board committee meetings.</p> <p>As at March 1, 2006, Mr. Steckley beneficially owned, directly or indirectly, or had control or direction over 37,300 Trust Units and 43,334 options to acquire Trust Units.</p>		

AMENDMENT TO ROYALTY AGREEMENTS

The Fund receives royalties from (i) the Corporation pursuant to the terms of a royalty agreement dated July 31, 1996 and amended and restated as of September 6, 2005 between the Corporation and the Trustee, on behalf of the Fund (the "SEL Royalty Agreement"); and (ii) Shiningbank Limited Partnership pursuant to the terms of a royalty agreement dated March 8, 2004 between the Corporation, as the general partner of Shiningbank Limited Partnership, and the Trustee, on behalf of the Fund (the "SLP Royalty Agreement"). The SEL Royalty Agreement and the SLP Royalty Agreement are collectively referred to as the "Royalty Agreements". Pursuant to the terms of the Trust Indenture, certain types of amendments to the Royalty Agreements must be approved by the Unitholders.

As a result of recent amendments to the *Income Tax Act* (Canada) (the "Tax Act"), the Corporation completed a review of the Royalty Agreements and determined that two types of amendments are necessary. First, the Royalty Agreements need to be amended to ensure that they are compliant with the new definition of royalties that will be accorded "Canadian resource property" treatment under the Tax Act. This required the addition and amendment of various clauses.

Second, the Royalty Agreements are based on a template established when the Fund was created approximately ten years ago. Since then, experience with royalty trusts has caused an evolution of the clauses used in royalty agreements. Accordingly, a variety of other changes are needed to bring the Royalty Agreements into conformity with current industry practices. None of these changes materially affects the rights of the Fund or its Unitholders under the Royalty Agreements. Details of the proposed amendments to the Royalty Agreements are available by contacting the Corporate Secretary of the Corporation at (403) 268-7477.

Unitholders will be asked at the Fund Meeting to consider and, if deemed advisable, to approve, the following special resolutions to amend the Royalty Agreements (the "Royalty Agreement Resolution"):

"BE IT RESOLVED THAT:

- (a) The Royalty Agreement dated as of July 31, 1996 and amended and restated as of May 16, 2006 between Shiningbank Energy Ltd. (the "Corporation") and Computershare Trust Company of Canada (the "Trustee"), as trustee of Shiningbank Energy Income Fund (the "Fund"), be and it is hereby approved;
- (b) The Royalty Agreement dated as of March 8, 2004 and amended and restated as of May 16, 2006 between the Corporation, as general partner of Shiningbank Limited Partnership, and the Trustee, on behalf of the Fund, be and it is hereby approved; and
- (c) Any Officer or Director of the Corporation be and is hereby authorized for and on behalf of the Corporation, in its own capacity and in its capacity as administrator of the Fund and general partner of Shiningbank Limited Partnership, to do all such

things and to execute all such documents or instruments as may be necessary or desirable to give effect to this resolution and the matters authorized hereby, such determination to be conclusively evidenced by the execution and delivery of any such documents or instruments and the taking of any such actions."

The Royalty Agreement Resolution will be passed if it is approved by not less than 66⅔% of the votes cast in respect thereof by or on behalf of the Unitholders present in person or represented by proxy at the Fund Meeting.

The Board of Directors of the Corporation has determined that amending the Royalty Agreements is in the best interests of the Fund and its Unitholders and unanimously recommends that Unitholders vote in favour of the Royalty Agreement Resolution.

At the Fund Meeting, the persons named in the enclosed Form of Proxy, if not expressly directed to the contrary in such Form of Proxy, will vote such proxies in favour of the Royalty Agreement Resolution.

CONTINUATION OF UNITHOLDERS' RIGHTS PLAN

At the Fund Meeting, Unitholders will be asked to reconfirm the Unitholders' rights plan (the "Rights Plan") of the Fund, the terms and conditions of which are set out in the Unitholders' Rights Plan Agreement (the "Rights Plan Agreement") among the Fund, the Corporation and Montreal Trust Company of Canada dated January 25, 2000, as amended. The Rights Plan was adopted by the Board of Directors of the Corporation on January 25, 2000, was ratified by the Unitholders at the Annual and Special Meeting held on May 9, 2000 and was reconfirmed by the Unitholders at the Annual and Special Meetings held on May 7, 2002 and May 12, 2004. On January 16, 2002, Montreal Trust Company of Canada assigned its rights, powers, duties and obligations under the Rights Plan Agreement to Computershare Trust Company of Canada. A description of the reasons for having a Rights Plan, as well as a summary of the principal terms of the Rights Plan, is set forth in Schedule "A" to this Information Circular.

The Corporation has reviewed the Rights Plan for conformity with current practices with respect to rights plan design and has determined that since May 2004, when the Rights Plan was last reconfirmed by the Unitholders, there have been no material changes to such rights plan design. On March 16, 2006, the Board of Directors of the Corporation resolved to continue the Rights Plan with minor amendments by approving a Unitholders' Rights Plan Agreement dated as of January 25, 2000 and amended and restated as of May 16, 2006 (the "2006 Rights Plan Agreement"). A copy of the 2006 Rights Plan Agreement is available by contacting the Corporate Secretary of the Corporation at (403) 268-7477.

The Rights Plan embodied in the 2006 Rights Plan Agreement is the same in all material respects as the prior Rights Plan apart from a change to the definition of Expiration Time to remove the concept of a fixed term for the Rights Plan and to lengthen the time period before the Rights Plan must be reconfirmed by Unitholders (increased from two years to three years to reflect current practices), which changes are discussed in Schedule "A" to this Information Circular under the heading "Description of the Rights Plan – Term".

Unitholders will be asked at the Fund Meeting to consider and, if deemed advisable, to approve, by simple majority of votes cast at the Fund Meeting, the following resolution (the "Rights Plan Resolution") to continue, ratify, confirm and approve the Rights Plan:

"BE IT RESOLVED THAT:

- (a) The Unitholders' Rights Plan of Shiningbank Energy Income Fund (the "Fund") be continued and the Unitholders' Rights Plan Agreement (the "2006 Rights Plan Agreement") dated as of January 25, 2000 and amended and restated as of May 16, 2006 among the Fund, Shiningbank Energy Ltd. (the "Corporation") and Computershare Trust Company of Canada, as Rights Agent, be and it is hereby continued, ratified, confirmed and approved;
- (b) The making on or prior to May 16, 2006 of any revisions to the 2006 Rights Plan Agreement as may be required by any stock exchange or by professional commentators on shareholder rights plans to conform the 2006 Rights Plan Agreement to versions of shareholder rights plans prevalent for public reporting issuers in Canada, as may be approved by any two of the Chief Executive Officer, the Chief Financial Officer, any Vice President and the Corporate Secretary, is hereby approved;

- (c) The 2006 Rights Plan Agreement, as amended in accordance with paragraph (b), is hereby ratified, confirmed and approved; and
- (d) Any Officer or Director of the Corporation be and is hereby authorized for and on behalf of the Corporation, in its own capacity and in its capacity as administrator of the Fund, to do all such things and to execute all such documents or instruments as may be necessary or desirable to give effect to this resolution and the matters authorized hereby, such determination to be conclusively evidenced by the execution and delivery of any such documents or instruments and the taking of any such actions."

The Board of Directors of the Corporation has determined that the Rights Plan is in the best interests of the Fund and its Unitholders and unanimously recommends that Unitholders vote in favour of the Rights Plan Resolution.

For the Rights Plan to continue in effect after the Fund Meeting, the Rights Plan Resolution must be passed by the Unitholders. If the Rights Plan Resolution is not passed, the Rights Plan will terminate.

At the Fund Meeting, the persons named in the enclosed Form of Proxy, if not expressly directed to the contrary in such Form of Proxy, will vote such proxies in favour of the Rights Plan Resolution.

OTHER BUSINESS

The Corporation knows of no amendment, variation or other matter to come before the Fund Meeting other than the matters referred to in the Notice of Meeting. If any other matter properly comes before the Fund Meeting, however, the accompanying proxies will be voted on such matter in accordance with the best judgment of the person or persons voting the proxies.

MATTERS TO BE CONSIDERED AT THE SHC SHAREHOLDER'S MEETING

APPOINTMENT OF AUDITORS

The Trustee, on behalf of the Fund, will vote the shares of SHC as directed by resolution of the Unitholders at the Fund Meeting, for the appointment of its auditors. KPMG LLP, Chartered Accountants, using their offices in Calgary, Alberta, have been proposed for re-appointment as auditors of the Corporation, to hold office until the next annual meeting thereof. KPMG LLP were first appointed auditors of SHC on August 22, 2002. See "Matters to be Considered at the Fund Meeting – Appointment of Auditors".

ELECTION OF DIRECTORS

The terms of the current directors of SHC expire at the end of the SHC Shareholder's Meeting. Pursuant to the terms of the SHC Unanimous Shareholder Agreement, the Trustee, on behalf of the Fund, will vote for the Board of Directors of SHC pursuant to the instructions of the Unitholders. The Unitholders will direct the Trustee, on behalf of the Fund, how to vote with respect to the seven nominees: Edward W. Best, Richard W. Clark, David M. Fitzpatrick, D. Grant Gunderson, Robert B. Hodgins, Arne R. Nielsen and Warren D. Steckley as directors of SHC. See "Matters to be Considered at the Fund Meeting – Instruction to Trustee as to Election of Directors of SHC, the Corporation and SLP".

OTHER MATTERS

The Corporation knows of no amendment, variation or other matter to come before the SHC Shareholder's Meeting other than the matters referred to in the Notice of Meeting for the SHC Shareholder's Meeting.

MATTERS TO BE CONSIDERED AT THE CORPORATION SHAREHOLDER'S MEETING

APPOINTMENT OF AUDITORS

SHC will vote the shares of the Corporation as directed by resolution of the Unitholders at the Fund Meeting, for the appointment of its auditors. KPMG LLP, Chartered Accountants, using their offices in Calgary, Alberta, have been proposed for re-appointment as auditors of the Corporation, to hold office until the next annual meeting thereof. KPMG LLP were first appointed auditors of the Corporation on April 22, 1996. See "Matters to be Considered at the Fund Meeting – Appointment of Auditors".

ELECTION OF DIRECTORS

The terms of the current directors of the Corporation expire at the end of the Corporation Shareholder's Meeting. Pursuant to the terms of the Corporation Unanimous Shareholder Agreement, SHC will vote for the Board of Directors of the Corporation pursuant to the instructions of the Unitholders. The Unitholders will direct SHC how to vote with respect to the seven nominees: Edward W. Best, Richard W. Clark, David M. Fitzpatrick, D. Grant Gunderson, Robert B. Hodgins, Arne R. Nielsen and Warren D. Steckley as directors of the Corporation. See "Matters to be Considered at the Fund Meeting - Instruction to Trustee as to Election of Directors of SHC, the Corporation and SLP".

OTHER MATTERS

The Corporation knows of no amendment, variation or other matter to come before the Corporation Shareholder's Meeting other than the matters referred to in the Notice of Meeting for the Corporation Shareholder's Meeting.

MATTERS TO BE CONSIDERED AT THE SLP SHAREHOLDER'S MEETING

APPOINTMENT OF AUDITORS

The Trustee, on behalf of the Fund, will vote the shares of SLP as directed by resolution of the Unitholders at the Fund Meeting, for the appointment of its auditors. KPMG LLP, Chartered Accountants, using their offices in Calgary, Alberta, have been proposed for re-appointment as auditors of SLP, to hold office until the next annual meeting thereof. KPMG LLP were first appointed as auditors of SLP on May 10, 2005. See "Matters to be Considered at the Fund Meeting - Appointment of Auditors".

ELECTION OF DIRECTORS

The terms of the current directors of SLP expire at the end of the SLP Shareholder's Meeting. The Trustee, on behalf of the Fund will vote for the Board of Directors of SLP pursuant to the instructions of the Unitholders. The Unitholders will direct the Fund how to vote with respect to the three nominees: David M. Fitzpatrick, Arne R. Nielsen and Warren D. Steckley as directors of the Corporation. See "Matters to be Considered at the Fund Meeting - Instruction to Trustee as to Election of Directors of SHC, the Corporation and SLP".

OTHER MATTERS

The Corporation knows of no amendment, variation or other matter to come before the SLP Shareholder's Meeting other than the matters referred to in the Notice of Meeting for the SLP Shareholder's Meeting.

EXECUTIVE COMPENSATION

COMPENSATION OF THE DIRECTORS AND OFFICERS OF SHC AND SLP

The officers and directors of both SHC and SLP do not receive compensation of any kind for their positions as officers or directors of such companies.

COMPENSATION OF DIRECTORS OF THE CORPORATION

The Board of Directors of the Corporation, through its Compensation Committee, is responsible for the development and implementation of a compensation plan for the independent directors of the Corporation. No compensation is paid to a member of the Board of Directors who is also a member of management.

The main objectives of the compensation plan are: (a) to attract and retain the services of the most qualified individuals; (b) to compensate the directors in a manner that is commensurate with the risks and responsibilities assumed in board and committee membership and is competitive with other comparable public issuers; and (c) to align the interests of the directors with the Unitholders. To meet and maintain these objectives, the Compensation Committee periodically performs a review of the compensation plan, making any changes it deems necessary.

The following table sets forth the retainers and fees that were paid by the Corporation to the independent directors during the year ended December 31, 2005. In addition, directors were reimbursed for any expenses incurred to attend a board or committee meeting.

Compensation Element	Amount
Board Retainer – Annual	\$ 15,000
Additional Chair of Board Retainer – Annual	\$ 10,000
Additional Board Committee Chair Retainer – Annual:	
Audit	\$ 5,000
Compensation	\$ 2,500
Environmental, Corporate Governance and Reserve Review	\$ 2,500
Meeting Attendance Fee ⁽¹⁾⁽²⁾	\$ 1,000

Notes:

- (1) The Chairman of the Board is paid a meeting attendance fee of \$1,500.
- (2) Meeting attendance fees are paid for each Board or Committee meeting attended, provided that only one meeting attendance fee is paid where more than one meeting is held on the same day. Meeting attendance fees are not paid for teleconference meetings.

During the year ended December 31, 2005, the Corporation paid an aggregate of \$143,000 to the independent directors as compensation for their services as directors of the Corporation. The amount paid to each independent director during the year ended December 31, 2005 was as follows: Edward W. Best (\$29,500); Richard W. Clark (\$11,500); D. Grant Gunderson (\$31,000); Arne R. Nielsen (\$41,500); and Warren D. Steckley (\$29,500).

Each member of the Board of Directors of the Corporation is eligible to receive options to purchase Trust Units ("Unit Options") under the Trust Unit Rights Incentive Plan of the Fund adopted and approved by the Board of Directors and the Unitholders on May 8, 2001, as amended from time to time (the "Option Plan"). The following table sets out the number of Unit Options granted to the Chairman of the Board and the independent directors, along with the number of Unit Options held as at March 1, 2006. All Unit Options vest over a period of three years, with the Unit Options first becoming exercisable one year from the date of grant. The Unit Options granted to members of the Board of Directors who are members of management are discussed under the heading "Summary of Executive Compensation".

Holder	Date of Grant	Total Options Granted	Grant Price (\$/Security)	Exercise Price at March 1, 2006 ⁽³⁾ (\$/Security)	Expiry Date	Options Outstanding as at March 1, 2006 ⁽⁴⁾
Chairman of the Board ⁽¹⁾	July 1, 2001	50,000	\$17.25	n/a	June 30, 2011	nil
	January 1, 2002	70,000	\$13.97	n/a	December 31, 2011	nil
	January 1, 2003	90,000	\$15.15	\$10.63	December 31, 2012	30,000
	January 1, 2004	20,000	\$18.64	\$15.49	December 31, 2013	20,000
	January 1, 2005	25,000	\$21.49	\$19.69	December 31, 2014	25,000
	January 1, 2006	20,000	\$29.15	\$28.81	December 31, 2015	20,000
Independent Directors ⁽²⁾	July 1, 2001	150,000	\$17.25	n/a	June 30, 2011	nil
	January 1, 2002	60,000	\$13.97	n/a	December 31, 2011	nil
	January 1, 2003	60,000	\$15.15	n/a	December 31, 2012	nil
	January 1, 2004	60,000	\$18.64	\$15.49	December 31, 2013	20,001
	January 1, 2005	75,000	\$21.49	\$19.69	December 31, 2014	50,001
	June 20, 2005	25,000	\$21.65	\$20.41	June 20, 2015	25,000
	January 1, 2006	80,000	\$29.15	\$28.81	December 31, 2015	80,000

Notes:

- (1) Arne R. Nielsen, the Chairman of the Board of Directors, was the Executive Chairman of the Board, and a salaried employee, of the Corporation (and prior to October 9, 2002, of the manager of the Fund) until July 31, 2003.
- (2) Amounts shown reflect the Unit Options granted to all independent directors, other than the Chairman of the Board. Each of the independent directors receives an equal number of Unit Options when granted.
- (3) The actual exercise price of these Unit Options reduces as distributions are paid on the Trust Units. For more information on the reducing exercise price of these Unit Options refer to "Executive Compensation - Summary of Executive Compensation - Unit Options".

- (4) Since the inception of the Option Plan in 2001, the independent directors have exercised 334,998 Unit Options and the Chairman of the Board has exercised 180,000 Unit Options. All Unit Options are subject to three year vesting periods.

Richard W. Clark is a director of the Corporation and a partner at the law firm of Gowling Lafleur Henderson LLP, which receives fees for the provision of legal services to the Corporation.

COMPOSITION OF THE COMPENSATION COMMITTEE

The Corporation's Board of Directors has appointed a compensation committee (the "Compensation Committee") whose mandate includes compensation awards, issues and policies, and evaluation of executive performance. The Compensation Committee is comprised of five unrelated directors, Edward W. Best, Richard W. Clark, D. Grant Gunderson, Arne R. Nielsen and Warren D. Steckley, and is chaired by Mr. Best. Mr. Clark was the Corporate Secretary of the Corporation from July, 1996 to September, 2005.

REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee, whose members are appointed by and from the Board of Directors, convenes at least once a year to assess executive management, review proposals for compensation for all executive officers and conduct an independent evaluation of compensation for current management. The Compensation Committee submits its recommendations to the Board of Directors. The Compensation Committee has the goal of achieving an effective compensation structure that aligns the interests of management with that of the Unitholders.

The Corporation's policy is to provide a compensation package that will attract and retain qualified executive officers and at the same time link incentives to short and long term corporate and Trust Unit performance. Currently, the compensation program for executive officers of the Corporation is comprised of salary, benefits, Unit Options and a bonus plan.

The following are the components of executive compensation at the Corporation. Although each of the following components have different objectives, each are considered by the Compensation Committee to be equally important and each must be competitive within the Fund's peer group.

Base Salary and Benefits

Base salaries and benefits for executive officers are determined by the Compensation Committee on the basis of position held and related responsibilities and functions performed, having regard to base salary and benefit ranges for similar positions in the Corporation's comparative group. The Compensation Committee also utilizes an independent annual industry survey containing comparative data for a peer group of oil and gas royalty trusts and similarly sized oil and gas exploration and production companies. Compensation levels are to approximate the median level of the survey but individual, executive group and Fund performance are also considered by the Compensation Committee in assessing compensation.

Bonus Plan

The purpose of the bonus plan is to relate a component of compensation directly to the annual results of the Fund and performance of the individual and executive group. The bonus plan was created by the Board of Directors upon the recommendation of the Compensation Committee. Bonus awards are determined by considering the Corporation's growth, financial and operating factors such as cash flow, operating and general and administrative costs and netbacks, all considered on a per boe basis. None of these factors is given a specific weight in determining the bonuses awarded under the bonus plan. The Compensation Committee compares the Fund's results with comparative data for a peer group of oil and gas royalty trusts in order to remove non-controllable external factors such as royalty rates and commodity prices. The Board of Directors has retained complete discretion in the awarding of bonuses and utilizes independently collected comparative data.

Unit Options

Unit Options are granted as a long-term incentive. The Compensation Committee, in determining the number of Unit Options to be granted, will consider the number and terms of Unit Options held, the responsibilities and functions of the executive officer, the officer's individual and group performance and the overall performance of the Fund over a period of recent years. A wide range of performance factors such as unit price, distributions per Trust Unit, annual and multi-year yields, net asset value per Trust Unit, finding, development and acquisition costs per barrel, recycle ratio and internal rate of return are considered.

Compensation of the Chief Executive Officer

The factors considered by the Compensation Committee in determining total compensation for the CEO, as well as the manner in which these factors are reviewed, are similar to those used in determining total compensation for the other executives of the Corporation. However, in the case of the CEO, more weight is given to the overall performance of the Fund, as well as the CEO's performance in such areas as leadership, communications skills and strategic vision.

The foregoing report is respectfully submitted to the Unitholders by the Compensation Committee.

Edward W. Best (Chair)
Richard W. Clark
D. Grant Gunderson

Arne R. Nielsen
Warren D. Steckley

SUMMARY OF EXECUTIVE COMPENSATION

The following table sets forth the annual, long-term and other compensation paid or granted by the Corporation for the financial years ended December 31, 2003, 2004 and 2005 to the Chief Executive Officer, the Chief Financial Officer and the other executive officers whose total salary and bonus exceeded \$150,000 in the most recently completed financial year.

Name & Principal Position	Year	Annual Compensation			Awards		Payouts	All Other Compensation (\$) ⁽³⁾
		Salary (\$)	Bonus (\$)	Other Annual Compensation (\$) ⁽¹⁾	Securities Under Options Granted (#)	Shares or Units Subject to Resale Restrictions (\$)	LTIP Payouts (\$)	
David M. Fitzpatrick President and CEO	2005	275,000	220,000	Nil	125,000	Nil	Nil	17,536
	2004	250,000	200,000	Nil	100,000	Nil	Nil	18,338
	2003	212,500	Nil	Nil	90,000	Nil	Nil	13,328
Bruce K. Gibson Vice President, Finance and CFO	2005	210,000	175,000	Nil	70,000	Nil	Nil	13,653
	2004	170,000	150,000	Nil	60,000	Nil	Nil	12,809
	2003	149,500	90,000 ⁽²⁾	Nil	60,000	Nil	Nil	9,637

Notes:

- (1) Except as disclosed in the table, perquisites and other personal benefits are less than \$50,000 and 10% of the total annual salary and bonus for any of the named executive officers.
- (2) Out of this bonus amount, \$25,000 was paid by the issuance of 1,599 Trust Units to each of executive officers at a deemed issue price of \$15.63 per Trust Unit.
- (3) Includes the annual contributions by the Corporation in accordance with the employee savings plan and the insurance premium paid by the Corporation with respect to term life insurance for the benefit of the executive officers. See "Employee Savings Plan".

UNIT OPTIONS

The purpose of the Option Plan is to encourage ownership of Trust Units, to maintain a direct link between compensation and performance and to retain and motivate directors, officers, employees and consultants to optimize the Fund's long-term financial success.

The Option Plan reserves a maximum of 3,995,692 Trust Units for issuance upon the exercise of Unit Options. From July 1, 2001 (being the inception date of the Option Plan) to March 1, 2006, an aggregate of 1,241,795 Trust Units have been issued upon the exercise of Unit Options. As a result, 2,753,897 Trust Units remain reserved for issuance under the Option Plan as at March 1, 2006, which represents 4.0% of the Fund's issued and outstanding Trust Units. As at March 1, 2006, 2,616,502 Unit Options were outstanding, which represent 3.8% of the Fund's issued and outstanding Trust Units. The Fund has capacity under the Option Plan to grant an additional 137,395 Unit Options in the future.

Listed below is a summary of the principal terms of the Option Plan:

Limitation on Trust Units Reserved: The Option Plan reserves a maximum of 3,995,692 Trust Units for issuance upon the exercise of Unit Options, provided that the number of Trust Units reserved under the Option Plan shall not at any time exceed 7.5% of the aggregate number of issued and outstanding Trust Units unless otherwise approved by the Toronto Stock Exchange (the "TSX") and the Unitholders.

Eligible Participants: The directors, officers, employees and other service providers of the Corporation are eligible to participate in the Option Plan.

Limitation on Individual Grants: The aggregate number of Unit Options granted to any single participant under the Option Plan shall not exceed 5% of the issued and outstanding Trust Units of the Fund.

Option Term: The term of all Unit Options granted under the Option Plan shall not exceed ten years.

Vesting Provisions: Under the terms of the Option Plan, one-third of the Unit Options granted to each optionee may be exercised commencing after the first anniversary of the date of grant and an additional one-third become exercisable upon each of the following two anniversaries of the date of grant. However, these vesting provisions will be accelerated upon a change of control (as defined in the Option Plan).

Exercise Price at Time of Grant: The exercise price of Unit Options will be equal to the closing price of the Trust Units on the TSX on the day preceding the date of grant.

Adjustment of Exercise Price: Under the terms of the Option Plan, the exercise price of each Unit Option is reduced monthly pursuant to a formula. This formula provides that the exercise price of each Unit Option is reduced monthly by the aggregate amount of any decreases in the daily closing prices on the TSX of the Trust Units from the date prior to the date the Trust Units first trade "ex-distribution" (the "Ex-Distribution Date") of the monthly distribution amount thereon to the date that is prior to the next Ex-Distribution Date that is in excess of 0.83333% of the Fund's consolidated net fixed assets (the "Monthly Return Amount"); provided however that such monthly decrease in the exercise price will not exceed the amount of that month's per Trust Unit distribution amount that exceeds the Monthly Return Amount (the "Excess Monthly Return"). In addition, any amount by which the aggregate of the monthly reduction in the exercise price is less than the Excess Monthly Return for that month can be carried over to future months to permit the exercise price to be reduced further by that amount.

Termination: Upon the cessation of a participant's services to the Corporation (including services as a member of the Board of Directors of the Corporation) for any reason whatsoever (other than death), any unvested Unit Options terminate immediately and such participant will have the shorter of 60 days from the date of such cessation and the end of the option term to exercise all vested Unit Options, after which time such unexercised Unit Options will terminate; provided, however, that upon termination for cause, all Unit Options, whether vested or unvested, may, at the discretion of the Board of Directors, be terminated immediately. Upon cessation of services by reason of death, the executor or personal representative shall be entitled to exercise all vested Unit Options of the deceased for a period commencing on the date of death and ending on the date which is the shorter of six months and the end of the option term.

Assignment: Unit Options may not be transferred or assigned.

Financial Assistance: No financial assistance will be provided by the Fund or any of its affiliates to participants under the Option Plan to facilitate the exercise of Unit Options.

Amendment: The Option Plan may be amended, modified or terminated by the Board of Directors with the approval of the TSX, and any Unitholder approvals required by the TSX.

The following table summarizes information about outstanding Unit Options as at March 1, 2006:

Range of Exercise Prices	Outstanding Unit Options			Exercisable Unit Options	
	Number Outstanding at March 1, 2006	Weighted Average Remaining Contractual Life (Years)	Weighted Average Exercise Price	Number Exercisable at March 1, 2006	Weighted Average Exercise Price
\$8.75 to \$15.99	905,501	6.9	\$12.97	735,501	\$12.43
\$16.00 to \$20.99	800,001	8.8	19.47	215,001	19.47
\$21.00 to \$28.99	911,000	9.8	28.43	-	-
Total	2,616,502	8.5	\$20.34	950,502	\$14.02

Unit Options Granted During the Most Recently Completed Financial Year

The following table indicates the Unit Options granted to the named executive officers of the Corporation during the financial year ended December 31, 2005. Also see "Unit Option Exercises During the Most Recently Completed Financial Year and Financial Year-End Option Values" for details on further Unit Options granted on January 1, 2006.

Name	Securities Under Unit Options Granted (#)	% of Total Options Granted to Employees in Financial Year	Exercise Price at Date of Grant (\$/Security)	Market Value of Securities Underlying Unit Options at Date of Grant (\$/Security)	Expiration Date (mm/dd/yyyy)
David M. Fitzpatrick	125,000	15%	\$21.49	\$21.49	12/31/2014
Bruce K. Gibson	70,000	8%	\$21.49	\$21.49	12/31/2014
Gregory D. Moore	70,000	8%	\$21.49	\$21.49	12/31/2014
Terry P. Prokopy	70,000	8%	\$21.49	\$21.49	12/31/2014

Unit Option Exercises During the Most Recently Completed Financial Year and Financial Year-End Option Values

The following table indicates Unit Option exercises by the named executive officers of the Corporation during the financial year ended December 31, 2005 and the year end values of the Unit Options held by those persons as at December 31, 2005.

Name ⁽¹⁾	Trust Units Acquired on Exercise (#)	Aggregate Value Realized (\$)	Unexercised Unit Options at December 31, 2005 Exercisable/Unexercisable (#)	Value of Unexercised in the money Unit Options at December 31, 2005 ⁽²⁾ Exercisable/Unexercisable (\$)
David M. Fitzpatrick	36,900	367,501	86,666 / 221,667	1,441,222 / 2,531,288
Bruce K. Gibson	71,667	836,775	110,000 / 130,000	1,786,300 / 1,510,100
Gregory D. Moore	31,667	463,522	66,667 / 130,000	1,114,740 / 1,510,100
Terry P. Prokopy	16,667	206,508	185,000 / 130,000	3,098,450 / 1,510,100

Notes:

- (1) On January 1, 2006, a further 100,000 Unit Options were granted to David Fitzpatrick and a further 70,000 Unit Options were granted to each of Bruce Gibson and Gregory Moore, all at a grant price of \$29.15 per Trust Unit.
- (2) The value of unexercised Unit Options at December 31, 2005 was based on a closing price per Trust Unit on the TSX on December 31, 2005 of \$29.15.

EMPLOYMENT AGREEMENTS

Employment agreements have been entered into with each of Messrs. Fitzpatrick, Gibson, Moore and Prokopy. Upon a change of control (as defined in the applicable employment agreement), then within 30 days of the earlier of: (i) the date that the

executive officer has been terminated without cause; (ii) the date of resignation by the executive officer (which must occur within six months of the change of control); or (iii) in the case of Mr. Fitzpatrick, the date the Administrative Services Agreement (as defined below) is terminated, the Corporation will be responsible for a lump sum payment to the executive officer of 36 months of salary in the case of Mr. Fitzpatrick and 18 months salary in the case of the Messrs. Gibson, Moore and Prokopy, plus benefits applicable at time of termination.

In the event that a change of control as defined in the applicable employment agreement does not result in a change of control as defined in the Option Plan, the executive shall elect to either (i) exercise all of the unexercised outstanding Unit Options held by the executive, whether or not such Unit Options have vested, and receive Trust Units upon payment of the exercise price, or (ii) receive a further lump sum payment equal to the 'in-the-money' value of all unexercised Unit Options held at that time, whether or not such Unit Options have vested, and upon the payment of such amount, the executive shall consent to the termination of all such Unit Options.

In addition, if the Corporation terminates any executive officer without cause, the Corporation will be responsible for a lump sum payment equal to, in the case of Mr. Fitzpatrick, 36 months salary and any earned portion of the bonus, and in the case of Messrs. Gibson, Moore and Prokopy, 18 months salary, and such lump sum payment shall include benefits applicable at time of termination.

REIMBURSEMENT OF THE CORPORATION BY THE FUND - ADMINISTRATIVE EXPENSES

Pursuant to an administrative services agreement (the "Administrative Services Agreement") entered into by the Corporation and the Trustee, on behalf of the Fund, dated October 9, 2002, the Corporation is entitled to reimbursement from the Fund for administrative expenses. Such payment is not intended to provide the Corporation, directly or indirectly, with any financial gain or loss and the Corporation has agreed that such payment will be made only to the extent necessary to reimburse the Corporation for actual costs incurred, including carrying costs until payment. Costs and expenses incurred by the Corporation for the benefit of the Trustee or the Fund and others shall be prorated in a reasonable manner and shall be subject to reimbursement only to the extent such costs and expenses can reasonably be attributed to the services provided under the Administrative Services Agreement.

Administrative expenses are defined in the Administrative Services Agreement as the amount in aggregate representing all expenditures and costs incurred by the Corporation in the management and administration of the Fund, including: (i) reasonable costs and expenses solely and exclusively relating to the Fund which are paid to third parties by the Corporation; and (ii) reasonable costs and expenses incurred by the Corporation to the extent such costs and expenses are reasonably identifiable as being incurred specifically for the Fund including, without limitation, auditing, accounting, bookkeeping, legal, land administration, engineering, travel, telephone, data processing, reporting, executive and management time, salaries and bonuses incurred in providing services provided under the Administrative Services Agreement.

The Administration Services Agreement may be terminated by the Trustee upon the earlier of three months from the date of such notice and the date on which a satisfactory replacement administrator is appointed in compliance with the terms of the Trust Indenture.

Upon the effective date of termination, the Corporation shall: (i) pay to or to the order of the Fund, as the case may be, all monies collected and held for it pursuant to the Administrative Services Agreement, after deducting any amounts incurred to which it is then entitled; and (ii) deliver to or to the order of the Fund a complete report including a statement showing all payments collected by it, and a statement of all monies held by it pursuant to the Administrative Services Agreement during the period following the date of the last audited statement furnished to the Fund pursuant to the Administrative Services Agreement and prior to the effective date of termination and should an auditors' report for this period be requested, the expense of such a report will be borne by the Fund.

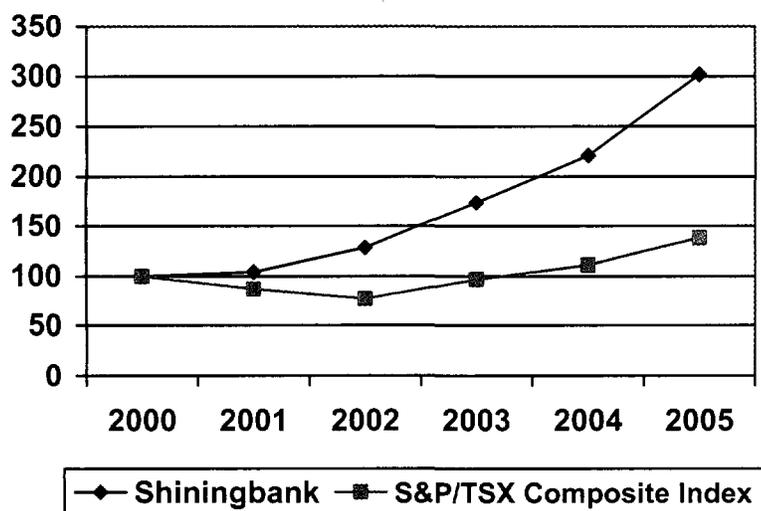

EMPLOYEE SAVINGS PLAN

Effective January 1, 2001, the Corporation established an Employee Savings Plan (the "ESP") to assist employees in meeting long term savings goals through the acquisition of Trust Units of the Fund and other professionally managed investment funds and to encourage its employees to have a direct investment in the Fund. Under the ESP, employees may contribute as much of their semi-monthly pay period earnings to the ESP as they wish, subject to a minimum contribution of 2% per pay period. The Corporation contributes an amount equal to the amount contributed by the employee to a maximum of 6% of the employee's semi-monthly pay period earnings. The Corporation's contributions accumulate and are directly deposited into the employee's account on a monthly basis. Once deposited, the contributions vest immediately in favour of the employee even if his or her employment with the Corporation ends thereafter. All contributions under the ESP are contributed to the employees' respective self-directed RRSP accounts or non-RRSP accounts. The contributions made under the ESP by the Corporation are used to

purchase Trust Units of the Fund in the secondary market through the facilities of the TSX. All commissions payable respecting the purchase of Trust Units are paid by the Corporation. Employees are responsible for commissions payable in connection with the sale of their Trust Units or other securities held under the ESP.

TRUST PERFORMANCE GRAPH

The following graph and table compare Shiningbank's five-year cumulative unitholder return (assuming reinvestment of distributions) for \$100 invested in the Trust Units of Shiningbank on December 31, 2000 with the cumulative total return of the S&P/TSX Composite Index (assuming reinvestment of dividends) for the five most recently completed financial years.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

Since the inception of the Fund, no directors or officers of the Corporation, nor any associate or affiliate of any of them, have been indebted to the Fund or the Corporation.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Except as disclosed in this Information Circular, management of the Corporation is not aware of any material interest of any informed person, director, proposed director or officer of the Corporation, SHC or SLP, any shareholder of the Corporation, SHC or SLP who beneficially owns more than 10% of the common shares of any such corporation, any Unitholder who beneficially owns more than 10% of the Trust Units, or any known associate or affiliate of these persons, in any transaction since the commencement of the last fiscal year of the Fund or in any proposed transaction that has materially affected or would materially affect the Fund or any of its subsidiaries.

ADDITIONAL INFORMATION

Additional information relating to the Fund is accessible on the SEDAR website at www.sedar.com. The Fund has a current Annual Information Form ("AIF") filed with the securities commissions of all the provinces of Canada pursuant to National Instrument 51-102 *Continuous Disclosure Obligations*. Financial information is provided in the Fund's comparative financial statements and management's discussion and analysis ("MD&A") for its most recently completed financial year. The following documents will be provided to any Unitholder upon request to the Corporate Secretary of the Corporation at (403) 268-7477:

1. A copy of the AIF of the Fund, together with one copy of any document or the pertinent pages of any document, incorporated by reference in the AIF; and
2. A copy of the comparative financial statements of the Fund for its most recently completed financial year together with the accompanying report of the auditors and one copy of any interim financial statements of the Fund subsequent to the financial statements for its most recently completed financial year, together with the applicable MD&A.

Such documents are also accessible on the Fund's website at www.shiningbank.com.

CORPORATE GOVERNANCE

Corporate governance relates to the activities of the Board of Directors of the Corporation (the "Board"), the members of which are elected by and are accountable to the Unitholders, and takes into account the role of the individual members of management who are appointed by the Board and who are in charge of the day-to-day management of the Corporation.

The Board is committed to sound corporate governance practices which are both in the interest of the Unitholders and contribute to effective and efficient decision making. Corporate governance practices continue to evolve and change. The Board, primarily through the Environmental, Corporate Governance and Reserve Review Committee, continually evaluates developments in the area of corporate governance and, where appropriate, implements changes to improve the Corporation's governance practices. The Board is of the view that the Corporation's approach to corporate governance is appropriate for its size and resources.

On June 30, 2005, the Canadian Securities Administrators adopted National Instrument 58-101 *Disclosure of Corporate Governance Practices* (the "Governance Instrument") and National Policy 58-201 *Corporate Governance Guidelines* (the "Governance Policy"). The Governance Instrument and the Governance Policy replaced the TSX's guidelines for effective corporate governance which had been in effect since 1995.

The Governance Instrument requires issuers to disclose those corporate governance practices that it has adopted. The Governance Policy contains guidelines that issuers are encouraged to consider in developing their own corporate governance practices.

Listed below is a description of the Corporation's approach to corporate governance:

Board of Directors

The Board is presently composed of six members, five of whom are considered independent. The independent directors are Messrs. Best, Clark, Gunderson, Nielsen and Steckley. Mr. Fitzpatrick, the President and Chief Executive Officer of the Corporation, is not independent.

The directors of the Corporation serve as directors of other public issuers. The names of such issuers are contained in the biographical description of each director under "Instruction to Trustee as to Election of Directors of SHC, the Corporation and SLP".

At each meeting of the Board, an opportunity is provided for the independent members to meet independently of the non-independent members and members of management (commonly referred to as an "in camera session"). In addition, the Board committees are provided with an opportunity to hold an in camera session at each meeting. During the year ended December 31, 2005, a total of four in camera sessions were held by the Board and the Board committees.

The Chairman of the Board is Arne R. Nielsen. Mr. Nielsen is an independent director. The responsibilities of the Chairman of the Board include managing the affairs of the Board, including ensuring the Board is organized properly, functions effectively and meets its obligations and responsibilities, facilitating the functioning of the Board independent of management and contributing to the development of the strategic plan of the Corporation.

During the year ended December 31, 2005, the Board held eight meetings and the Board Committees held nine meetings. The attendance record of each director is contained in the biographical description of each director under "Instruction to Trustee as to Election of Directors of SHC, the Corporation and SLP".

Board Mandate

The Board is responsible for the stewardship of the Corporation and is responsible for the governance and management of the Corporation's affairs. The Board delineates its roles and responsibilities to each Board committee in written Terms of Reference that are approved by the Board.

The Board has established procedures with regard to the approval of material transactions, the delegation of authority and the execution of documents as part of its organizational structure. Any responsibility which is not delegated to management or a Board committee remains with the full Board.

Position Descriptions

The Board does not currently have written position descriptions for the Chairman of the Board and the chair of each Board committee. As the Chairman of the Board has significant senior executive experience and has been in this role since the formation of the Fund in 1996, the Board does not believe that a written position description is necessary.

As each Board committee has written Terms of Reference that are approved by the Board, the Board does not feel that written position descriptions for the chair of each Board committee are necessary.

The Board is actively involved in discussing, establishing and approving the strategic plan of the Corporation. The principal responsibility of the Chief Executive Officer is to execute the strategic plan. The Board communicates its expectations to the Chief Executive Officer directly and monitors his performance.

Orientation and Continuing Education

As all of the current directors have been involved with the Corporation since inception, the Board has not had a need to develop an orientation program for new directors. If a new director is appointed in the future, it is expected that she/he would meet with the Chairman of the Board and each member of senior management to learn about the Corporation's operations, activities and governance structure and the responsibilities of a director.

The Board takes the following measures to provide continuing education for its members: (a) presentations by management and/or external service providers on changes affecting the Corporation or their duties and responsibilities are made at Board and Board committee meetings; (b) the provision of various publications by management; and (c) periodic tours of field operations. In addition, the Corporation will pay the cost for a director to attend a continuing education seminar provided the prior approval of the Environmental, Corporate Governance and Reserve Review Committee has been obtained.

Ethical Business Conduct

The Board has adopted a written code of conduct for the directors, officers, employees and consultants of the Corporation. On an annual basis the President of the Corporation sends a memo to all directors, officers, employees, consultants and contract field operators of the Corporation reminding them of the requirement to comply with the terms of the code of conduct at all times. A copy of the code of conduct is available by contacting the Corporate Secretary of the Corporation at (403) 268-7477.

The by-laws of the Corporation require that any director or officer who has a material interest in a transaction or agreement with the Corporation declare their conflict of interest at the time and in the manner provided in the *Business Corporations Act* (Alberta). Any such transaction or agreement shall be referred to the Board or the shareholders for approval even if such transaction or agreement is one that in the ordinary course of the Corporation's business would not require approval by the Board or shareholders. The director with the interest in the transaction or agreement may be excused from any discussion of such matter and shall abstain from voting on any resolution related to such matter.

Nomination of Directors

The Environmental, Corporate Governance and Reserve Review Committee, which is composed entirely of independent directors, is responsible for identifying individuals qualified to become new board members and recommending to the Board the new director nominees for appointment or election at the next annual meeting of unitholders.

This committee has written Terms of Reference that clearly establish the committee's purpose, responsibilities, membership qualification, appointment and removal, structure and operations, and manner of reporting to the Board.

In making its recommendations respecting the nomination of a director, the committee considers, among other factors, the competencies and skills the Board considers necessary to possess as a whole, the competencies and skills the Board considers each existing director to possess and the competencies and skills each new nominee will bring to the boardroom. The committee also considers whether or not each new nominee can devote sufficient time and resources to his or her duties as a board member.

Compensation

The Compensation Committee, which is composed entirely of independent directors, is responsible for reviewing and making recommendations to the Board regarding: (a) executive compensation policies, practices and overall philosophy; (b) the compensation of the Corporation's directors and executive officers; (c) the granting of long-term incentive compensation; (d) the evaluation of corporate and individual executive officer performance from the previous year and longer-term results; (e) the overall level and type of compensation for staff; and (f) the executive compensation disclosure contained in the Fund's information circular.

In establishing the compensation of the directors, the committee considers the commitment and knowledge required of the directors and the compensation paid by a peer group of oil and gas royalty trusts to their directors. For information regarding the compensation program for the Corporation's directors, see "Executive Compensation – Compensation of Directors of the Corporation".

With respect to establishing the compensation of the Corporation's employees (including its executive officers), the Corporation participates in annual surveys of salary, benefits and other incentive programs of a peer group of oil and gas royalty trusts and similarly sized oil and gas exploration companies in Canada conducted by Mercer and Towers Perrin, independent compensation consultants. For further information regarding the compensation program for the Corporation's executive officers, see "Executive Compensation – Report on Executive Compensation".

Except for participation in annual industry compensation surveys, neither the Compensation Committee nor the Corporation engaged a compensation consultant or advisor during the year ended December 31, 2005.

Other Board Committees

The Board has formed three committees: Audit; Compensation; and Environmental, Corporate Governance and Reserve Review.

Information relating to the Audit Committee, including a copy of its Terms of Reference, is contained in the Fund's AIF for the year ended December 31, 2005 under the heading "Audit Committee".

In addition to its responsibilities for nominating new directors, the mandate of the Environmental, Corporate Governance and Reserve Review Committee also includes: (a) adopting and overseeing the guidelines and policies for environment, health and safety matters; (b) developing the Corporation's approach to corporate governance and reviewing the annual disclosure of the Corporation's corporate governance practices; and (c) reviewing the annual evaluation reports on the oil and natural gas reserves of the Fund's subsidiaries and periodically reviewing the qualifications, experience and independence of, and meeting with, the consulting engineering firm retained to report on the oil and natural gas reserves of the Fund's subsidiaries.

Assessments

The Board has a process where individual directors meet with the Chairman of the Board occasionally to discuss the effectiveness of the Board, the Board committees or individual directors.

APPROVAL

The contents and mailing of this Information Circular have been approved by the directors of the Corporation.

(This page has been left blank intentionally.)

SCHEDULE "A"
SUMMARY OF THE RIGHTS PLAN

Reasons for Continuing the Rights Plan

The Board has considered the appropriateness of continuing the Rights Plan and concluded, for the reasons discussed below, that it is in the best interest of the Fund and its Unitholders to do so. Accordingly, the Board unanimously recommends that Unitholders approve the amendment to the Rights Plan Agreement referred to above and reconfirm the Rights Plan by voting in favour of the above resolution.

The Rights Plan was initially adopted by the Fund to provide Unitholders and the Board with adequate time to properly assess the merits of any take-over bid made for the Trust Units and to allow for a reasonable period of time for the Board to explore and develop alternatives to maximize Unitholder value. Since initial approval of the Rights Plan by the Unitholders, changes in applicable legislation have, among other things, increased the time during which an offer must remain open from 21 days to 35 days. However, the legislation now also permits take-over bids and tender offers to be initiated by way of press release, with the circular to be mailed within 10 days. Therefore, although the legislation currently provides for an additional 14 days to the time in which the Board would have to fully assess offers and to explore and develop alternatives for Unitholders in the event of a take-over bid, in fact, it may, in certain circumstances, only provide for an additional four days. **The Board unanimously recommends that the current Rights Plan be continued.**

The Board continues to believe that the Rights Plan will not adversely limit the opportunity for Unitholders to dispose of their Trust Units through a take-over bid or tender offer for the Fund which provides fair value to all Unitholders. The provisions of the Rights Plan relating to Permitted Bids (as defined in the Rights Plan) permit Unitholders to tender to a take-over bid or tender offer which is a Permitted Bid regardless of the views of the Board as to the acceptability of the bid or offer. Further, even if an offeror determines not to meet the requirements of a Permitted Bid, the Board may, through the opportunity to negotiate with such offeror, be able to influence the terms of the take-over bid or tender offer for the purpose of maximizing Unitholder value.

At the time of this Information Circular the Board was not aware of any pending or threatened take-over bid or offer for the Trust Units. **It is not the intention of the Board in recommending that the Rights Plan be reconfirmed, that the continuance in office of the existing members of the Board be secured or that an acquisition of control of the Fund in a transaction that is considered to be fair and in the best interest of the Unitholders be avoided.** The rights of Unitholders under existing law to seek a change in the management of the Fund or to influence or promote action of management in a particular manner is not affected by the continuation of the Rights Plan. The continuation of the Rights Plan does not affect the duty of the Board to act honestly and in good faith with a view to the best interest of the Fund and its Unitholders.

Description of the Rights Plan

Rights plans have been adopted by many publicly-held companies and trusts in Canada. The terms of the Rights Plan, set forth in the Rights Plan Agreement, are substantially similar to those adopted by many other publicly-held companies and trusts.

The following is a summary description of the general operation of the Rights Plan. This summary is qualified in its entirety by reference to the text of the Rights Plan Agreement. A copy of the Rights Plan Agreement is available by contacting the Corporate Secretary of the Corporation at (403) 268-7477. Capitalized terms used but not defined below have the meanings ascribed to them in the Rights Plan Agreement.

Effective Date

The effective date of the Rights Plan is January 25, 2000 (the "Effective Date").

Term

The current Rights Plan has a six-year term expiring on May 16, 2006 and requires reconfirmation by Unitholders every two years during such term. The 2006 Rights Plan Agreement provides that the Rights Plan must be continued, ratified, confirmed and approved by Unitholders every three years without specifying a fixed term. If the Rights Plan embodied in the 2006 Rights Plan Agreement is continued, ratified, confirmed and approved by Unitholders at the Fund Meeting, the Rights Plan will remain in effect until the date of the 2009 Annual Meeting of Unitholders.

Unitholder Approval

For the Rights Plan to continue in effect following the Fund Meeting, the Rights Plan Resolution must be approved by a majority of the votes cast in respect thereof by or on behalf the "Independent Unitholders" (as defined in the 2006 Rights Plan Agreement) present in person or represented by proxy at the Fund Meeting.

Issue of Rights

On the Effective Date, one right (a "Right") was issued and attached to each Trust Unit outstanding and attaches to each Trust Unit subsequently issued.

The Rights

The Rights will trigger (i.e., separate from the Trust Units) and will be exercisable ten trading days after a person (an "Acquiring Person") has acquired 20% or more of, or commences or announces a Take-over Bid for, the outstanding Trust Units, other than by an acquisition pursuant to a Permitted Bid or a Competing Permitted Bid. The acquisition by an Acquiring Person of 20% or more of the Trust Units is referred to as a "Flip-in Event". When a Flip-in Event occurs each Right becomes a right to purchase from the Fund, upon exercise of the Right in accordance with the terms of the Rights Plan Agreement, \$100.00 worth of Trust Units for \$50.00.

Any Rights held by an Acquiring Person will become void upon the occurrence of a Flip-in Event. Any Take-over Bid other than a Permitted Bid or a Competing Permitted Bid will be prohibitively expensive for the Acquiring Person. The Rights Plan is therefore designed to require any person interested in acquiring more than 20% of the Trust Units to do so by way of a Permitted Bid or a Competing Permitted Bid or to make a Take-over Bid which the Board of Directors considers to represent the full and fair value of the Trust Units.

The Rights will have no value and no dilutive effect on the Trust Units prior to being triggered. Upon a Flip-in Event occurring and the Rights separating from the Trust Units, reported earnings per unit on a fully-diluted or non-diluted basis may be affected. Holders of Rights not exercising their Rights upon the occurrence of a Flip-in Event may suffer substantial dilution.

Trading of Rights

Until the Separation Time, the Rights will be evidenced only by outstanding Trust Unit Certificates. The Rights Plan provides that, until the Separation Time, the Rights will be transferred with and only with the associated Trust Units. Until the Separation Time, or earlier termination or expiration of the Rights, each new Trust Unit Certificate issued after the Record Time, upon transfer of existing Trust Units or the issuance of additional Trust Units, will display a legend incorporating the terms of the Rights Plan Agreement. As soon as practicable following the Separation Time, separate certificates evidencing the Rights (the "Rights Certificates") will be mailed to the holders of record of Trust Units as of the close of business at the Separation Time, and thereafter the Rights Certificates alone will evidence the Rights.

Permitted Bid Requirements

The Permitted Bid requirements include the following:

- (a) the Take-over Bid must be made by means of a Take-over Bid circular and be made to all registered holders of Trust Units;
- (b) the Take-over Bid must be outstanding for a minimum of 45 days and the Trust Units tendered or deposited pursuant to the Take-over Bid may not be taken up prior to the expiry of the 45 day period and only if at that time more than 50% of the Trust Units held by Independent Unitholders (who are Unitholders who are not the bidder, its associates, affiliates, persons acting jointly or in concert with them and certain other persons) have been tendered to the Take-over Bid and not withdrawn;
- (c) the Trust Units deposited pursuant to the Take-over Bid may be withdrawn until taken up or paid for; and
- (d) if more than 50% of the Trust Units held by Independent Unitholders are tendered pursuant to the Take-over Bid within the 45 day period, the bidder must make a public announcement of that fact and the Take-over

Bid must remain open for deposits of Trust Units for an additional 10 business days from the date of such public announcement.

Accordingly, the Rights Plan permits a partial bid to qualify as a Permitted Bid, provided that it satisfies the conditions set out above. The Rights Plan also allows for a "Competing Permitted Bid" to be made while a Permitted Bid is in existence. A Competing Permitted Bid must satisfy all of the requirements of a Permitted Bid except that it may expire on the same day as the Permitted Bid, subject to the requirement that it be outstanding for a minimum period of 35 days.

Neither a Permitted Bid nor a Competing Permitted Bid need be approved by the Board and may be taken directly to the Unitholders.

Permitted Lock-up Agreements

The Rights Plan does not prohibit lock-up agreements entirely, but requires that they provide that the selling Unitholder be permitted to tender into a "clearly" better offer or other competing transaction (i.e., one that meets the threshold tests in the Rights Plan).

To be a Permitted Lock-up Agreement, the agreement must allow the signing Unitholder to withdraw its Trust Units and to deposit or tender into a competing bid or in support of a competing transaction if the price for that bid or value under that competing transaction is at least 7% higher or, if the original bid is a partial bid, the bid price or competing transaction value is at least as high as the original bid, but the bid or competing transaction is for at least 7% more Trust Units than the original bid. In addition, the Rights Plan provides that a Permitted Lock-up Agreement cannot provide for a "break-up" fee to be payable by the locked-up person (in the event it withdraws from the locked-up bid) in excess of the greater of (a) 2.5% of the value of the consideration payable under the locked-up bid to the locked-up person, and (b) 50% of the amount by which the value of the consideration received by the locked-up person under the other bid exceeds the value that the person would have received under the locked-up bid.

Waiver, Redemption and Amendment

The Board may, prior to the occurrence of a Flip-in Event, waive the application of the Rights Plan to a particular Flip-in Event that would result from a Take-over Bid made by way of a Take-over Bid circular to all holders of Trust Units. In such case, such waiver would be deemed also to be a waiver in respect of any other Flip-in Event which occurs by reason of another Take-over Bid made prior to the expiry of the Take-over Bid for which the initial waiver was given. The Board may also waive the Rights Plan in respect of a particular Flip-in Event that has occurred through inadvertence, provided that the Acquiring Person that inadvertently triggered such Flip-in Event reduces its beneficial holdings to less than 20% of the outstanding Trust Units at the time of the waiver. Subject to the prior consent of the holders of Trust Units or of Rights, at any time prior to the occurrence of a Flip-in Event the Board may at its option redeem all, but not less than all, of the outstanding Rights at a price of \$0.00001 each. Amendments to the Rights Plan require the prior consent of the holders of Trust Units or Rights (in the event that separation has occurred), except the Board may correct typographical errors and make amendments to maintain the validity of the Rights Plan.

Board of Directors

The Rights Plan will not detract from or lessen the duty of the Board to act honestly and in good faith with a view to the best interests of the Fund. The Board, when a Permitted Bid is made, will continue to have the duty and power to take such actions and make such recommendations to Unitholders as are considered appropriate.

Exemptions for Investment Advisors

Investment advisors (for fully managed accounts), trust companies (acting in their capacities as trustees and administrators), statutory bodies whose business includes the management of funds, administrators of registered pension plans and mutual funds acquiring greater than 20% of the Trust Units are exempted from triggering a Flip-in Event, provided that they are not making, or are not part of a group making, a Take-over Bid.

Canadian Federal Income Tax Consequences of the Rights Plan

Although the matter is not free from doubt, under the *Income Tax Act* (Canada) (the "Tax Act"), the issue of the Rights under the Rights Plan may be a taxable benefit which must be included in the income of a recipient. However, no amount must be included in income if the Rights do not have a monetary value at the date of issue. The Fund considers that the Rights, when issued, will have negligible monetary value because the possibility that the Rights will ever be exercised is remote. However,

if the Rights become exercisable, are exercised or are otherwise disposed of, the holder of the Rights may have income or be subject to withholding tax under the Tax Act.

The foregoing statement is of a general nature only and is not intended to constitute nor should it be construed as legal or tax advice to any particular holder of Trust Units. Such holders are advised to consult their own tax advisors regarding the consequences of acquiring, holding, exercising or otherwise disposing of their Rights, taking into account their own particular circumstances and applicable federal, provincial, territorial, state or foreign legislation.

Shiningbank Energy Ltd.

David M. Fitzpatrick, President and C.E.O.
Bruce K. Gibson, Vice President, Finance and C.F.O.
Debbie Carver, Investor Relations Coordinator

**SHININGBANK ENERGY INCOME FUND
PROXY FOR THE ANNUAL AND SPECIAL MEETING OF UNITHOLDERS**

The undersigned Unitholder of Shiningbank Energy Income Fund (the "Fund") hereby appoints Arne Nielsen, Chairman of Shiningbank Energy Ltd. (the "Corporation") of Calgary, Alberta, or, failing him, David Fitzpatrick, President of the Corporation, of Calgary, Alberta, or instead of them, _____ as proxy of the undersigned with full power of substitution, to attend, act and vote for the undersigned, at the proxy's discretion, except as specified below, at the Annual and Special Meeting of Unitholders of the Fund, to be held at the Calgary Petroleum Club, McMurray Room, 319 – 5th Avenue S.W., Calgary, Alberta, at 3:00 p.m. (Calgary time) on Tuesday, May 16, 2006, at any adjournments thereof (the "Fund Meeting") and at every poll arising therefrom:

1. **VOTE FOR ___ or WITHHOLD FROM VOTING ___** for the appointment of KPMG LLP as auditors of the Fund and to authorize Computershare Trust Company of Canada, as trustee of the Fund (the "Trustee"), to determine the remuneration of the auditors.
2. To direct Shiningbank Holdings Corporation to vote at Shiningbank Energy Ltd.'s shareholder meeting on May 16, 2006, with respect to the following matters:

- (a) **VOTE FOR ___ or WITHHOLD FROM VOTING ___** for the appointment of KPMG LLP as auditors of Shiningbank Energy Ltd. and to authorize the Board of Directors of Shiningbank Energy Ltd. to determine the remuneration of the auditors.
- (b) The election of the directors of Shiningbank Energy Ltd. for the ensuing year:

	VOTE FOR	WITHHOLD FROM VOTING		VOTE FOR	WITHHOLD FROM VOTING
Edward W. Best	<input type="checkbox"/>	<input type="checkbox"/>	Robert B. Hodgins	<input type="checkbox"/>	<input type="checkbox"/>
Richard W. Clark	<input type="checkbox"/>	<input type="checkbox"/>	Arne R. Nielsen	<input type="checkbox"/>	<input type="checkbox"/>
David M. Fitzpatrick	<input type="checkbox"/>	<input type="checkbox"/>	Warren D. Steckley	<input type="checkbox"/>	<input type="checkbox"/>
D. Grant Gunderson	<input type="checkbox"/>	<input type="checkbox"/>			

3. To direct the Trustee on behalf of the Fund to vote at Shiningbank Holdings Corporation's shareholder meeting on May 16, 2006, with respect to the following matters:
 - (a) **VOTE FOR ___ or WITHHOLD FROM VOTING ___** for the appointment of KPMG LLP as auditors of Shiningbank Holdings Corporation.
 - (b) **VOTE FOR ___ or WITHHOLD FROM VOTING ___** for the nominees set out in the accompanying information circular of the Fund dated March 16, 2006 (the "Circular") as the directors of Shiningbank Holdings Corporation for the ensuing year.
4. To direct the Trustee on behalf of the Fund to vote at SLP Holdings Inc.'s shareholder meeting on May 16, 2006, with respect to the following matters:
 - (a) **VOTE FOR ___ or WITHHOLD FROM VOTING ___** for the appointment of KPMG LLP as auditors of SLP Holdings Inc. and to authorize the Board of Directors of SLP Holdings Inc. to determine the remuneration of the auditors.
 - (b) **VOTE FOR ___ or WITHHOLD FROM VOTING ___** for the nominees set out in the Circular as the directors of SLP Holdings Inc. for the ensuing year.

(see reverse)

5. **VOTE FOR ____ or VOTE AGAINST ____** the special resolution, as set out in the Circular, to authorize the Trustee to amend the royalty agreement between the Trustee, on behalf of the Fund, and each of Shiningbank Energy Ltd. and Shiningbank Limited Partnership, as further described in the Circular.
6. **VOTE FOR ____ or VOTE AGAINST ____** the resolution, as set out in the Circular, to continue, ratify, confirm and approve the Unitholders' Rights Plan Agreement, as further described in the Circular.
7. To vote at the discretion of said proxy upon any amendments to or variations of the above matters or any other matters brought before the Fund Meeting or adjournments thereof.

This Proxy is solicited by management of the Corporation, as administrator of the Fund. If named as proxy, the management designees will vote the Trust Units represented by this proxy as directed above, and if not directed, will vote in favour of each of the matters referred to above.

A Unitholder has the right to appoint a proxy other than management's nominees to attend and act for it at the Fund Meeting. To exercise this right, cross out the names of management's nominees and print the name of your appointee, who need not be a Unitholder, in the space provided above.

The undersigned hereby revokes any proxy previously given to vote at the Fund Meeting.

DATED this ____ day of _____, 2006

(signature of unitholder)

(name of unitholder, please print)

NOTE: Joint owners should each sign; executors, trustees, administrators, etc. should include their full title; and for corporations, the proxy must be under seal, or signed by a duly authorized officer or attorney. A proxy will not be valid unless properly completed, dated (if this proxy is not dated, it shall be deemed to bear the date on which it was mailed) and received by Computershare Trust Company of Canada, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1 at least 24 hours preceding the time set for the Fund Meeting, or any adjournment thereof (excluding Saturdays, Sundays and holidays).

SHININGBANK ENERGY INCOME FUND CODE OF BUSINESS CONDUCT AND ETHICS

I. Introduction

This Code of Business Conduct and Ethics (this "Code") of Shiningbank Energy Income Fund (the "Fund") is the guide to ethical and lawful conduct in the daily business of the Fund's operating entities. This Code applies to all directors, officers, employees, consultants and contract field operators of the Fund's operating entities (hereinafter collectively referred to as "staff"). As used in this Code, "Shiningbank", "we" and "our" means the Fund and its operating entities which include Shiningbank Energy Ltd. and Shiningbank Limited Partnership and "you" and "your" means staff.

This Code reflects our commitment to a culture of honesty, integrity and accountability and outlines the basic principles and policies with which all staff are expected to comply. No staff member will be permitted to achieve results through violations of laws or regulations, or through unscrupulous dealings.

We intend that our business practices will be compatible with the economic and social priorities of each location in which we operate, currently or in the future. Although customs vary from country to country and standards of ethics may vary in different business environments, honesty and integrity must always characterize our business activity.

In addition to following this Code in all aspects of your business activities, you are expected to seek guidance in any case where there is a question about compliance with both the letter and spirit of our policies and applicable laws. This Code sets forth general principles and does not replace any other rules, policies and procedures adopted by Shiningbank, including other work rules and personal conduct policies. This Code and any such rules, policies and procedures may be updated from time to time. All staff are required to stay informed of any updates and to comply with all requirements.

The cooperation and commitment of staff is necessary to the continued success of our business and the cultivation and maintenance of our reputation as a good corporate citizen. Please read this Code carefully.

II. Conflicts of Interest

A conflict of interest occurs when a staff member's private interest interferes, or appears to interfere, in any way with the interests of Shiningbank. It is not always easy to determine whether a conflict of interest exists, so any potential conflicts of interests must be reported immediately to the President, any Vice President or the General Counsel (a "Senior Officer") of Shiningbank Energy Ltd. (the "Corporation").

A conflict situation can arise when a staff member takes actions or has interests that may make it difficult to perform his or her work effectively. Conflicts of interest also arise when a staff member or a member of his or her family receives improper personal benefits (such as loans or loan guarantees) as a result of his or her position with Shiningbank. Conflicts of interest may also arise when a staff member or member of his or her family holds an interest in an organization which enters into transactions of any kind with Shiningbank, provided that the holding of a minor interest (below 5%) in a publicly traded issuer that enters into transactions with Shiningbank will not constitute a conflict of interest.

Activities that could give rise to conflicts of interest are prohibited unless specifically approved in advance by the President of the Corporation (or the Chair of the Board of the Corporation in the case of the President).

III. Corporate Opportunities

Staff are prohibited from taking for themselves personally opportunities that arise through the use of corporate property, information or position and from using corporate property, information or position for personal gain.

IV. Confidentiality

Staff must maintain the confidentiality of information entrusted to them by Shiningbank or that otherwise comes into their possession in the course of their employment, except when disclosure is authorized or legally mandated. The obligation to preserve confidential information continues even after you leave Shiningbank.

Confidential information includes all non-public information that may be of use to our competitors, or harmful to Shiningbank or its customers, if disclosed. It also includes information that suppliers and customers have entrusted to Shiningbank, including pricing, technology or proprietary design information.

V. Protection and Proper Use of Shiningbank Assets

All staff should endeavour to protect our assets and ensure their efficient use. Theft, carelessness and waste have a direct impact on our profitability. Any suspected incidents of fraud or theft should be immediately reported for investigation.

Our assets, such as funds, products or computers, may only be used for legitimate business purposes or other purposes approved by management. Our assets may never be used for illegal purposes.

The obligation to protect our assets includes proprietary information. Proprietary information includes any information that is not generally known to the public or would be helpful to our competitors. Examples of proprietary information are financial information, engineering reports, geological information, well data, prospect data, compilations, cross-sections, seismic information, well logs, intellectual property, business and marketing plans and employee information. The obligation to preserve proprietary information continues even after you leave Shiningbank.

VI. External Communications

The Fund's Disclosure Policy designates certain individuals to speak on behalf of Shiningbank for purposes of communicating with the investment community, regulators and the media. Staff who are contacted by the media for information regarding our business activities and plans, financial information or position on public issues must not respond, unless they are specifically authorized to do so by a designated spokesperson. All such inquiries are to be referred to the Investor Relations Coordinator of the Corporation.

From time to time staff may be contacted by government representatives or legal counsel representing other companies, government agencies or individuals in connection with investigations that govern Shiningbank, its businesses, customers, staff or suppliers. While Shiningbank cooperates with all reasonable requests from government agencies and authorities, all requests for information (other than what is provided on a routine basis) should be reported to the General Counsel of the Corporation (the "General Counsel") immediately. A staff member who is contacted should decline to respond and should refer the person making the request to the General Counsel. Likewise, if a staff member receives a subpoena or other request to testify or produce documents, a copy of the subpoena or request should be forwarded immediately to the General Counsel.

The guidance of the General Counsel should be received before responding to any request and all responses must be coordinated through the General Counsel. All information provided should be truthful and accurate. Staff must never mislead any investigator and must never modify or destroy documents or records in response to an investigation.

VII. Insider Trading

Insider trading is unethical and illegal. Staff are not allowed to trade in securities of a public issuer while in possession of material non-public information regarding such public issuer. It is also illegal to "tip" or pass on material non-public information to any other person who might make an investment decision based on that information or pass the information on further.

The Fund has Insider Trading and Reporting Guidelines, which set forth the obligations of staff in respect of trading in the Fund's securities, including pre-defined periods of time during which trading is not permitted (commonly referred to as blackout periods). Staff are expected to be in compliance with the Fund's Insider Trading and Reporting Guidelines at all times.

VIII. Fair Dealing

Each staff member should endeavour to deal fairly with Shiningbank's customers, suppliers, competitors and staff. No staff member should take unfair advantage of anyone through illegal conduct, manipulation, concealment, abuse of privileged information, misrepresentation of material facts or any other unfair-dealing practice.

Contractor and supplier relationships must be managed in a fair, equitable and ethical manner consistent with this Code and all applicable laws and good business practices. Shiningbank promotes competitive procurement and evaluates supplier's products and services on the basis of technical expertise, quality, reliability, service, price, delivery and other relevant objective

factors. Shiningbank prohibits staff from making purchasing decisions based on the opportunity for personal financial gain.

While information about competitors, customers and suppliers is a valuable asset, applicable laws and our standards of appropriate business conduct require that staff obtain this information legally. It is not unusual to obtain such information about other organizations, including competitors, through legal and ethical means such as public documents, public presentations, journal and magazine articles and other published and spoken information. However, staff are prohibited from obtaining proprietary or confidential information about competitors, customers or suppliers through illegal means, or from using any proprietary or confidential information acquired during a prior employment relationship. It is also not acceptable to use or seek to acquire proprietary or confidential information when doing so would require anyone to violate a contractual agreement, such as a confidentiality agreement with a prior employer.

IX. Compliance with Laws, Rules and Regulations

Compliance with both the letter and spirit of all laws, rules and regulations applicable to our business is critical to our reputation and continued success. When in doubt, check with your supervisor or a Senior Officer. All staff must respect and obey the laws of the cities, provinces, states, and countries in which we currently operate or may operate in the future and must avoid even the appearance of impropriety. Staff who fail to comply with this Code and applicable laws will be subject to disciplinary action.

X. Compliance with Environmental Laws

Shiningbank is sensitive to the environmental, health and safety consequences of its operations. Accordingly, Shiningbank's objective is strict compliance with all applicable Federal and Provincial environmental laws and regulations. If any staff member has any doubt as to the applicability or meaning of a particular environmental, health or safety regulation, they should discuss the matter with their supervisor, the EH&S Corporate Compliance Coordinator or a Senior Officer.

XI. Discrimination and Harassment

We value the diversity of our staff and are committed to providing equal opportunity in all aspects of employment. Abusive, harassing or offensive conduct is unacceptable, whether verbal, physical or visual. Threats or acts of violence or physical intimidation are also prohibited. It is the responsibility of each staff member to maintain a work environment free of discrimination and harassment and to report any situation that they believe may be workplace discrimination or harassment to their supervisor or a Senior Officer.

XII. Safety and Health

Shiningbank and its staff are both responsible for maintaining a safe workplace by following safety and health rules and practices. We are committed to keeping our workplaces free from hazards. Please report any accidents, injuries, unsafe equipment, practices or conditions immediately to your supervisor, the EH&S Corporate Compliance Coordinator or a Senior

Officer. If at any time a staff member feels that there is a safety risk, they have the right to stop work and report the safety risk.

Staff must report to work free from the influence of any substance that could prevent them from conducting work activities safely and effectively.

XIII. Accuracy of Financial Records and Reporting

To ensure the accuracy of our financial records, all significant events or developments which have occurred, or which may occur, and which could have a material effect on the financial position of Shiningbank or its results of operations must be promptly disclosed by staff to a Senior Officer. We do not permit intentional misclassification of transactions as to accounts, departments or accounting periods. All transactions must be supported by accurate documentation in reasonable detail and recorded in the proper account and in the proper accounting period. If at any time you believe that accurate financial records are not being maintained, you are required to immediately bring this to the attention of a Senior Officer.

Expense accounts should be used only to reimburse staff for items and activities that are purchased in furtherance of our business. Each staff member must submit an accurate expense report of the money spent for this purpose.

XIV. Use of E-Mail and Internet Services

The Corporation has an Acceptable Use Policy that outlines what constitutes acceptable use of Shiningbank's computer equipment. Staff are expected to be in compliance with this policy at all times. Violation of this policy may result in disciplinary action.

Your messages (including voice mail) and computer information are considered Shiningbank's property and you should not have any expectation of privacy. Unless prohibited by law, Shiningbank reserves the right to access and disclose this information as necessary for business purposes. Use good judgment, and do not access, send messages or store any information that you would not want to be seen or heard by other individuals.

XV. Political Activities and Contributions

We respect and support the right of our staff to participate in political activities. However, these activities should be conducted on your personal time and should not involve the use of any of our resources such as telephones, computers or supplies. Staff will not be reimbursed for personal political contributions.

We may occasionally express our views on local and national issues that affect our operations. In such cases, our funds and resources may be used, but only when permitted by law and authorized by the President of the Corporation. We may also make contributions to political parties or candidates in jurisdictions where it is legal and customary to do so. We may pay related administrative and solicitation costs for political action committees formed in accordance with applicable laws and regulations. No staff member may make or commit to political contributions on behalf of Shiningbank unless authorized by the President of the Corporation.

XVI. Gifts and Entertainment

Business gifts and entertainment are customary courtesies designed to build goodwill among business partners. Offering or receiving any gift, gratuity or entertainment that might compromise (or appear to compromise) your ability to make objective and fair business decisions should be avoided. The same rules apply to staff offering gifts and entertainment to our business associates.

The value of gifts should be nominal, both with respect to frequency and amount. Gifts that are repetitive (no matter how small) may be perceived as an attempt to create an obligation to the giver and are therefore inappropriate. Likewise, business entertainment should be moderately scaled and intended only to advance business goals. Use good judgment. "Everyone else does it" is not sufficient justification. If you are having difficulty determining whether a specific gift or entertainment item lies within the bounds of acceptable business practice, ask yourself these guiding questions.

- Is it legal?
- Is it clearly business related?
- Is it moderate, reasonable, and in good taste?
- Would public disclosure embarrass Shiningbank?
- Is there any pressure to reciprocate or grant special favours?

Strict rules apply when we do business with governmental agencies and officials, whether in Canada or in other countries. Due to the sensitive nature of these relationships, talk with your supervisor or a Senior Officer before offering or making any gifts or hospitality to governmental employees.

XVII. Reporting Illegal or Unethical Behaviour / Investigations / Disciplinary Action

We have a strong commitment to conduct our business in a lawful and ethical manner. Staff are encouraged to talk to their supervisor or a Senior Officer when in doubt about the best course of action in a particular situation and to report violations of laws, rules, regulations or this Code.

Once a possible Code violation is reported, Shiningbank will promptly conduct a confidential investigation into all issues raised to the extent possible. Shiningbank will not identify the person(s) who reported the possible Code violation unless it is necessary for completing the investigation. The General Counsel will coordinate any investigation and recommend needed corrective action or changes to the Environmental, Corporate Governance and Reserve Review Committee of the Board of Directors of the Corporation (the "Governance Committee"). Staff are expected to cooperate with investigations of possible Code violations.

It is a violation of this Code to retaliate against or take other adverse actions against those who report a possible Code violation in good faith. Any staff member who believes they have been the subject of retaliation should contact the General Counsel immediately. Any staff member who retaliates against another staff member for reporting a possible Code violation will themselves be subject to disciplinary action.

This Code is intended to help staff conduct themselves in a manner consistent with Shiningbank's values. Staff may face disciplinary action if they:

- Violate this Code.
- Encourage or help other staff to violate this Code.
- Condone other staff who violate this Code.
- Fail to report a violation of this Code.
- Retaliate against any staff member who reports a possible Code violation in good faith.
- Fail as a director, officer or supervisor to take appropriate steps to ensure compliance with this Code.

Management has the discretion to determine the level and type of disciplinary action that is appropriate in any given circumstance. Disciplinary action may include a warning, a written reprimand, mandatory reimbursement of losses or damages, suspension, demotion, termination of employment or referral for criminal prosecution or civil action.

XVIII. Waivers of the Code of Business Conduct and Ethics

Any waiver of this Code will be made only by the Governance Committee and will be promptly disclosed as required by applicable laws.

XIX. Compliance Procedures

This Code cannot, and is not intended to, address all of the situations you may encounter. There will be occasions where you are confronted by circumstances not covered by policy or procedure and where you must make a judgment as to the appropriate course of action. In those circumstances we encourage you to use your common sense or to contact your supervisor or a Senior Officer for guidance.

If you do not feel comfortable discussing the matter with your supervisor or a Senior Officer, you may follow the process outlined in the Fund's Treatment of Complaints Policy and submit your concerns confidentially and, if desired, anonymously to the General Counsel of the Corporation or the Chair of the Governance Committee.

All staff are expected to comply with this Code as a term and condition of their employment.
