AGM TRADING STATEMENT

The following is an extract from the report that will be presented at Alliance & Leicester plc's Annual General Meeting on 2 May 2006:

In the first three months of 2006 Alliance & Leicester has achieved strong franchise growth.

We have continued to focus our lending activities on the homeowner and commercial sectors with net mortgage lending of £1.4bn and commercial lending balances increasing to £5.8bn in the first three months of 2006. In our personal unsecured lending operations gross lending in the first three months was lower than in the same period last year, and our balances are unchanged from the end of 2005 at £3.5bn. This reflects the tightening of our credit criteria over the past 12 months and our focus on maintaining high credit standards.

We have continued to see good new business volumes in each of our other core products with particularly strong growth in new personal and business banking current accounts.

Our asset quality remains strong and better than industry averages.

Alliance & Leicester Pre-Close Trading Statement

Background

Alliance & Leicester will be holding a conference call for analysts and investors at 9.00am today, to update the market on its trading in 2006. This statement sets out the information being provided in the conference call and subsequent analyst meetings.

Overall progress

Alliance & Leicester continues to focus on delivering its business strategy and is making good progress against each of its strategic objectives.

Franchise growth

We delivered strong franchise growth in the first three months of 2006.

We have continued to focus on the prime residential mortgage market. Our gross lending in the first quarter of 2006 was £3.2bn, a market share of 4.3%, and net lending was £1.4bn, a market share of 6.3%. We will shortly start to distribute buy to let, self certified, near prime and sub prime specialist mortgage products through a number of mortgage intermediaries. The assets originated will be sold to Lehman Brothers under an agreement.

Our unsecured personal loan gross advances were £565m in the first quarter of 2006 compared to £890m in the same period last year. Unsecured loan balances have remained stable compared to the end of 2005 at £3.5bn. Sales of our new secured loan product are not expected to make a material contribution in the first half of 2006.

Personal customer deposit balances increased to over £21bn at the end of March 2006 (December 2005: £20.6bn) and our current account base continues to grow, with sales of new current accounts in the first quarter of 2006 significantly higher than in the same period in 2005.

Wholesale Banking business volumes grew in the first quarter of 2006, with the value of cash sales increasing by over 10% and new business banking account openings increasing by over 30%, compared to the same period in 2005. Commercial lending balances increased to over £5.8bn at the end of March 2006 (December 2005: £5.5bn).

Income and costs

Average interest earning assets in the first three months of 2006 were 11% higher than in the whole of 2005. As expected, the Group's net interest margin continued to decline during the first quarter of 2006, due to a lower mortgage and savings margin and a change in business mix towards lower margin assets.

Revenues from our Partner 4 products (credit cards, long-term investments, life assurance and general insurance) in the first half of 2006 are expected to be similar to the same period in 2005.

Total Group revenues in the second half of 2006 will reflect franchise growth, the continued active management of our commercial lending portfolio and the benefit of the growth in customer accounts and balances in the first half of the year.

Total costs (Note 1) in the first half of the year are expected to be broadly similar to the same period last year.

This results from continuing productivity improvements almost completely offsetting the costs of servicing increased business volumes and implementing and operating the new developments highlighted in our preliminary results

announcement in February 2006.

Operating lease depreciation for the first half of 2006 is expected to be broadly in line with the £39m incurred in the first half of 2005.

We are making good progress in the re-organisation of our current account back office operations and expect around £15m of the previously announced one-off voluntary redundancy costs associated with this project to be incurred in the first half of 2006.

Asset quality and impairment losses

The Group's asset quality remains strong and above industry averages.

Our mortgage asset quality remains excellent, with the proportion of accounts in arrears lower than at the end of 2005, and our commercial lending asset quality remains very strong.

Our unsecured lending asset quality remains strong, with new lending in 2006 being of better quality than that in 2005. We continue to monitor our unsecured lending performance closely and have tightened our scorecards further this year. Our leading credit indicators are showing signs of improvement, although the proportion of balances in arrears at the end of May 2006 - at 5.7% - reflects the seasoning of the loan book and market-wide trends in unsecured lending credit quality.

In line with the guidance we gave in February 2006 we expect the growth rate in the Retail Banking impairment charge in the first half of 2006 to be slightly lower than for the whole of 2005.

Capital

We issued £300m of preference shares in May 2006.

We continue to aim for a core tier 1 (equity and preference shares) capital ratio of between 6.0% and 6.5% at the end of 2006. Further guidance on our plans for a share buyback programme in the second half of 2006 will be given in our interim results announcement.

Tax

Our total tax charge, post-tax profit, return on equity tier 1 capital and earnings per share in 2006 will all benefit from the release of a tax provision of £29.7m in the first half of 2006, following final agreement with HM Revenue & Customs on the tax treatment of the excess received on the disposal of our credit card accounts to MBNA on 1 August 2002.
