SingT

Agenda

1. Regulatory outcomes drive Optus costs and revenues

2. Fixed line

- wholesale price increases
- unbundled local loop (ULL)
- Telstra's FTTN plan - impact on competition

3. Mobile termination

SingTel

Traffic expenses: regulated rates are key cost drivers

➢ FY06 traffic expenses A$1.7bn – up 8% vs FY05

Traffic expense by category	FY06 trend	FY06 drivers	Initiatives to control cost
Fixed resale: local and DSL — ca. 30%	ca. 20% ↑	**Building scale through resale** ▪ CMM-local resale subs ▪ DSL resale lines doubled ▪ OB voice mins **Telstra increasing wholesale rates**	**Migrate traffic "on-net" with ULL** ▪ pricing dispute notified to ACCC **ULL line rental & migration costs** ▪ substituting resale cost in FY07 **ACCC competition notice & Optus legal action**
PSTN and other fixed interconnect — ca. 10%	flat	**Modest price declines offset Optus traffic growth** ▪ "mobile to fixed" ▪ "fixed to fixed"	**Telstra seeking PSTN increase from Jun06** ▪ Optus has notified dispute to ACCC ▪ Telstra unlikely to succeed
Mobile voice & SMS terminating — ca. 30%	flat	**Optus is net receiver** ▪ mobile termination receipts exceed costs **ACCC seeking rate reductions but offset by mobile MoU growth**	**Optus appeal to ACT** ▪ aim to slow decline **Commercial negotiations with other carriers continuing**
Other traffic expenses — ca. 30%	ca. 10% ↑	**Outpayments to overseas carriers** ▪ caps increase international traffic **Domestic fixed leases** ▪ trunk and access	**Minimise the outgoing termination rate at acceptable quality** **Volume growth offsetting price reductions**

SingTel

Agenda

1. Regulatory outcomes drive Optus costs and revenues

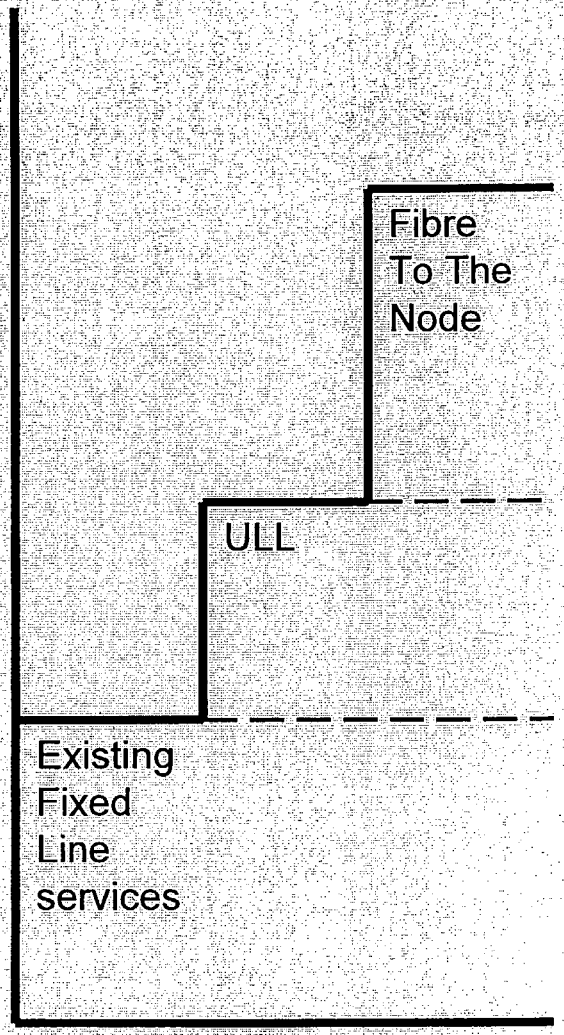

2. Fixed line

- wholesale price increases
- unbundled local loop (ULL)
- Telstra's FTTN plan - impact on competition

3. Mobile termination

SingTel

The fixed line regulatory battle covers 3 horizons

	Telstra Objective	**Telstra Strategy**	**Optus Response**
Horizon 1: Present	• Restore its monopoly	• Seek access holiday for Fibre To The Node (FTTN)	• Lobby ACCC against "Access Holiday" • Work with other carriers in "FTTN Consortium"
Horizon 2: Emerging	• Head off serious competitive threat	• Delay ULL pricing • Operational processes as difficult as possible	• Request ACCC to arbitrate dispute
Horizon 3: Future	• Squeeze oxygen from resellers	• Increase wholesale line rental price to above retail • Try to push other wholesale prices up	• Obtain Competition Notice • Sue Telstra

SingTel

Existing fixed line services: line rental

➢ Telstra price increase December 2005

Telstra monthly line rental

A$ per month at Dec 05 - all prices include GST

Telstra action December 05

- Increased wholesale line rental by A$3.41 (GST - inclusive)
- Increased HomeLine Part by A$5.00
- No change to HomeLine Plus or HomeLine Complete

Implications for resellers

- Further damages preselect business - A$5 line rental penalty per month to take long distance from Optus
- Also damages local call resale business – vast majority of Telstra retail customers pay less than A$31.95

Legal and Regulatory response

- ACCC issued Competition Notice April 2006
- Optus commenced legal action April 2006 – hearing expected late 2006/early 2007

SingTel

Existing fixed line services: PSTN and local calls

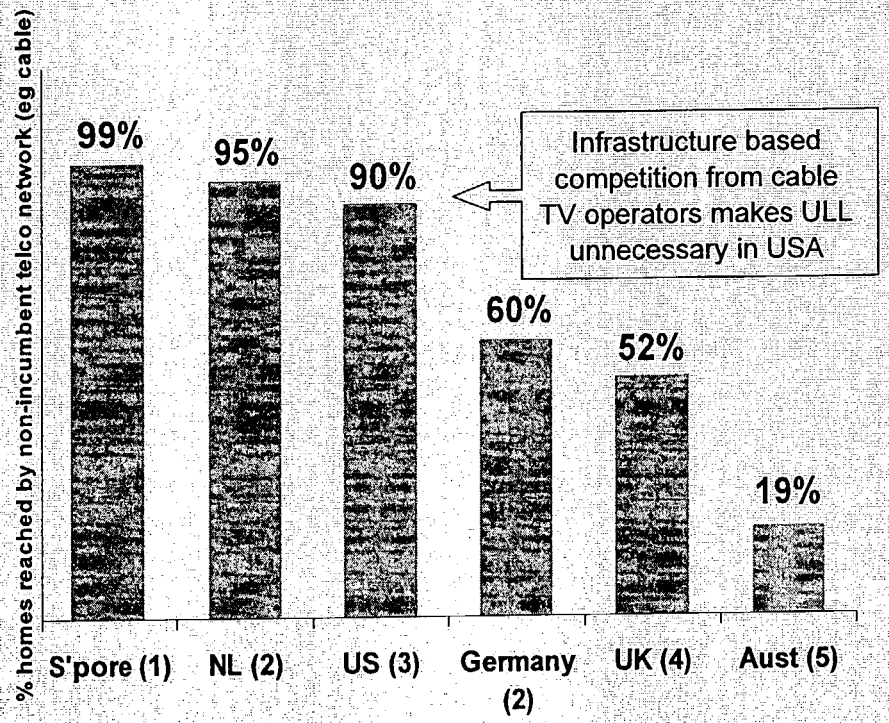

Service	Current price basis	Price prospects
PSTN Originating and terminating access	• Under contract until 30 June 06	• ACCC's 2004 decision signalled further reductions from 2006 – removal of "access deficit contribution" • March 2006 Telstra lodged undertaking proposing rate increase of 100%. • ACCC near certain to reject this undertaking • Optus has commenced ACCC arbitration to set pricing.
Local Call Resale – Line Rental	• Set by Telstra – tracks Telstra's "Homeline Part" retail line rental	• Optus reducing dependency through ULL rollout. • Optus challenging recent Telstra price increase – via Competition Notice, s46 action.
Local Call Resale – Per Call Charge	• Under contract until 30 June 06	• Optus reducing dependency through ULL rollout • ACCC has set rates at 13.61c/call to 30/6/06 • Telstra undertaking proposes reduction but linked to PSTN increase • Outcome likely to require ACCC arbitration

SingTel

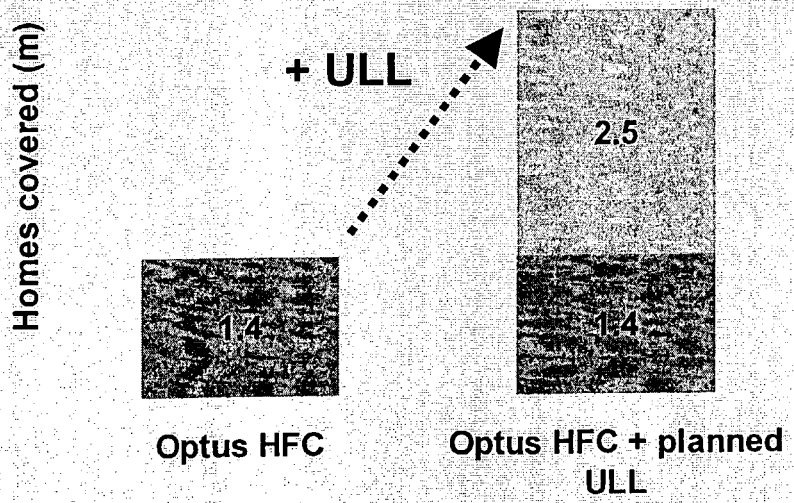

ULL: why is it important for competition?

➢ promotes alternative access where incumbent dominates local loop

Australia has limited competition in residential fixed line infrastructure

ULL allows Optus to extend "on net coverage"

   The instrument appointing the proxy that has been executed by or on behalf of CHESS Depositary Nominees Pty Ltd and, where relevant, by a holder of CHESS Units of Foreign Securities relating to Shares, must be lodged at the office of the Company's Australian registry, Computershare Investor Services Pty Limited, at Level 3, 60 Carrington Street, Sydney, NSW 2000, Australia or GPO Box 242, Melbourne, VIC 8060, Australia, not less than 48 hours before the time appointed for the Extraordinary General Meeting.

3. The amount of financing required for the Company to purchase or acquire its Shares, and the impact on the Company's financial position, cannot be ascertained as at the date of this Notice as these will depend on the number of Shares purchased or acquired, whether the purchase or acquisition is made out of profits or capital, the price at which such Shares were purchased or acquired and whether the Shares purchased or acquired are held in treasury or cancelled.

   Based on the existing issued shares of the Company as at 30 April 2006 (the "**Latest Practicable Date**"), the purchase by the Company of 10% of its issued Shares will result in the purchase or acquisition of 1,670,436,361 Shares. In the case of market purchases by the Company and assuming that the Company purchases or acquires the 1,670,436,361 Shares at the Maximum Price of S$2.877 for one Share (being the price equivalent to 5% above the average of the last dealt prices of the Shares for the five consecutive market days on which the Shares were traded on the SGX-ST immediately preceding the Latest Practicable Date), the maximum amount of funds required for the purchase or acquisition of the 1,670,436,361 Shares is S$4,805,845,410.59. In the case of off-market purchases by the Company and assuming that the Company purchases or acquires the 1,670,436,361 Shares at the Maximum Price of S$3.014 for one Share (being the price equivalent to 10% above the average of the last dealt prices of the Shares for the five consecutive market days on which the Shares were traded on the SGX-ST immediately preceding the Latest Practicable Date), the maximum amount of funds required for the purchase or acquisition of the 1,670,436,361 Shares is S$5,034,695,192.05.

   The financial effects of the purchase or acquisition of such Shares by the Company pursuant to the proposed Share Purchase Mandate on the audited financial statements of the Group and the Company for the financial year ended 31 March 2006 based on these assumptions are set out in paragraph 3.7 of the Company's Circular to Shareholders and CUFS Holders dated 28 June 2006.
