Dear Sir,

Re: Chemical Division Plant

We have taken shut down of about four weeks for major repair in the Captive Power Plant attached to our Chemical Division at Nagda.

Consequently there will be reduction in the production by about 50% in our Chemical Division plant during the said period of four weeks. While this will impact the profitability of Chemical Division for Q2, the Company does not expect any impact on its overall profitability for the company as a whole on this account.

This is for your information.

Thanking you,

Yours faithfully,

Ashok Malu
