## **Electrocomponents plc - AGM**

14/07/2006

Electrocomponents plc, the leading international high service distributor, has today issued a trading statement and details of Board changes at its Annual General Meeting.

### **Trading Update**

We announced our results for the year ended 31 March 2006 on 1 June 2006 and provided a review of current trading as part of that announcement.

During the first quarter of the year International sales have increased at around 16% and the UK has been flat, giving overall growth for the Group of around 9%, adjusted for trading days and exchange rate movements.

### **Change to Board of Directors**

Bob Lawson, the Chairman, has announced that he will be retiring from the Company in October and will be handing over to Helmut Mamsch. Helmut will be appointed to the Board on 1 September 2006 as Chairman designate and, following a handover, will take over as Chairman at the October Board meeting.

Bob Lawson has made an enormous contribution to the development of EC plc over his 26 years with the business. The Board wishes to express its thanks to Bob for his leadership and contribution throughout this time and wishes him every success with his future plans.

Helmut Mamsch is a German national and a UK resident who has operated throughout Europe, Asia and the USA. He has significant relevant experience including operational responsibility for VEBA's US electronic businesses.

Bob Lawson, Chairman, commented: "Revenues from our international businesses are growing strongly and now represent over half of the total. Helmut will bring considerable international perspective across a wide range of sectors and I am delighted to welcome him to our Board. After such a long association with Electrocomponents I am pleased to leave the leadership of the business in such good hands".

### **Background on Bob Lawson**

Bob Lawson has worked for EC plc for 26 years in total. He has been Chairman for the past 5 years and prior to that was CEO for 10 years. Bob joined the business in 1977 as Sales Director of RSUK.

As CEO, Bob led the internationalisation of the Group taking what was essentially a UK business and establishing a global footprint of 26 Operating Companies, and the leading position in e-Commerce, the Group has today. The successful acquisition of Allied in the US and the creation of the Groupwide Processes completed the global infrastructure. 57% of the Group's turnover is now outside the UK and 25% of sales are over the web.

As Chairman, Bob has seen through the development of the new Group strategy and the successful implementation of EBS in the UK. Good progress has been made in the first year of our declared 3 year plan as reported recently.

The people and culture of EC plc have been greatly influenced by Bob through his example and passionate commitment to service and people.

Bob is also Chairman of Hays plc.

**Background on Helmut Mamsch**

Born in Bergen in 1944 Herr Mamsch studied economics at the Bremen School of Foreign Trade and also received training in business administration and shipping in Germany, the UK and Belgium.

He worked for Continho Caro & Co. for 20 years, joining the Management Board in 1986 with responsibility for international trade and shipping. From 1989 to 2000 he worked for VEBA AG (now E.ON AG), Germany's largest utility-based conglomerate, where he held various roles including: Chairman of the Management Board of Raab Karcher AG, Board member of VEBA Oel AG, Chairman of the Management Board of Stinnes AG. Concurrently in 1993 he was appointed to the VEBA AG Management Board assuming responsibility for their corporate strategy and development and for the US electronic businesses in 1998.
