REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrator of the
Johnson Controls Federal Systems, Inc. Retirement Savings Plan:

We have audited the accompanying statement of net assets available for benefits of the Johnson Controls Federal Systems, Inc. Retirement Savings Plan (the "Plan") as of December 31, 2005, and the related statement of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Johnson Controls Federal Systems, Inc. Retirement Savings Plan as of December 31, 2005, and the changes in net assets for the year ended December 31, 2005, in conformity with accounting principles generally accepted in the United States.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule, as listed in the accompanying table of contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

JOHNSON CONTROLS FEDERAL SYSTEMS, INC.
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2005

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Johnson Controls Federal Systems, Inc. Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document, provided to all participants, for a more complete description of the Plan’s provisions.

GENERAL

The Plan is a defined contribution plan adopted effective January 1, 2005 for participation by eligible employees of Johnson Controls Federal Systems, Inc. (the “Company” or “employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan is administered by the Employee Benefits Policy Committee appointed by the Company.

CONTRIBUTIONS

Participants can designate an amount up to twenty-five percent (25%) of their gross annual compensation as contributions, as defined by the Plan, of which the first six percent (6%) is eligible for the employer’s matching contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participant contributions are deposited in the investment programs of their choice. Participant contribution balances may be reallocated by participants among the investment programs at any time in increments of one percent. However, participants can reallocate deposits out of the Fixed Income Fund no more than once each calendar quarter in order to maximize the rate of return for that fund. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s discretionary contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is fully vested after five years of credited service. If employment terminates other than by reason of retirement, death or total and permanent disability and the participant is not reemployed by the Company or its affiliates within 72 months of that date, the participant’s interest in the non-vested portion of the employer contributions may be applied to reduce future employer contributions under the Plan.

NOTE 1 – DESCRIPTION OF THE PLAN (continued)

PARTICIPANT ACCOUNTS

Participant recordkeeping is performed by Fidelity Investments Institutional Retirement Services Company (“Fidelity”).

Plan assets of \$3,204,693 have been allocated to the accounts of persons who are no longer active participants of the Plan as of December 31, 2005.

PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or fifty percent (50%) of their account balance, whichever is less. Loans are subject to certain limitations based on the plan document. Only two loans may be outstanding at any time. Each loan may be for a term up to 5 years. Regular payroll deductions are required to repay a loan. The loan will bear interest at a reasonable rate on the basis of rates charged by commercial lenders at the loan’s inception. Loans must be repaid in full at the time of retirement or termination.

ADMINISTRATIVE EXPENSES

Administrative expenses are paid by the Plan, as allowed by plan provisions with all remaining expenses paid by the Company.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

SAVINGS AND INVESTMENT MASTER TRUST

All investments and participant loans of the Plan are included under a master trust arrangement, the Johnson Controls, Inc. Savings and Investment Master Trust (“Master Trust”), trustee by Fidelity. All investments of the Master Trust, except the investments in the Johnson Controls Common Stock Fund, U.S. Equity Index Commingled Pool and the Fixed Income Fund, are stated at market value, based on quoted market prices. The investments in the Johnson Controls Common Stock Fund and the U.S. Equity Index Commingled Pool are stated at an estimated fair value accounted for on a unit value method computed daily based on the share price and the value of the fund’s short-term investments. The guaranteed investment contracts within the Fixed Income Fund are stated at contract value, which approximates fair value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals.

At December 31, 2005, the Plan held 15,901 units of the Johnson Controls Common Stock Fund at a unit value of \$152.38, and as of the same date 14,658 units of the U.S. Equity Index Commingled Pool at a unit value of \$39.24.

Investment income of the Master Trust is allocated among the participating plans daily based on the plans’ relative equity interests in each of the Master Trust’s investment programs as of the beginning of the applicable day. Interest income and share price appreciation or depreciation is recorded daily by each of the applicable investment programs. Dividend income is recorded either quarterly or semi-annually, depending on the investment program.

The Statements of Financial Position as of December 31, 2005 and 2004 and the Statement of Operations and Changes in Participating Plans’ Equity for the year ended December 31, 2005 for the Master Trust are presented in Note 9.

The Plan’s assets accounted for less than one percent (1%) of the assets held in the Master Trust at December 31, 2005.

Forfeitures of \$12,166, related to the Plan, were in the Master Trust at December 31, 2005.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 4 - TAX STATUS

A request has been made by the Company to the Internal Revenue Service for a determination letter that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE 5 - PLAN TERMINATION

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Transactions involving the Johnson Controls Common Stock Fund, participant loans and the funds administered by Fidelity, trustee of the Plan, are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

NOTE 7– RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 8– TRANSFER OF ASSETS

As stated in Note 1, the Plan was adopted effective January 1, 2005 for participation by eligible employees of Johnson Controls Federal Systems, Inc. Certain participant balances totaling \$8,439,914 were transferred on December 31, 2004, but effective January 1, 2005, from the Johnson Controls World Services Inc. Retirement Savings Plan (Plan #004, EIN #59-1575859) to the Plan. Johnson Controls World Services Inc. Retirement Savings Plan was sold to IAP World Services, effective March 2005.
