New York, NY 10154

Report of Independent Registered Public Accounting Firm

The participants of the Siemens Savings Plan and the Siemens Savings Plan for Union Employees and the Members of the Siemens Corporation Administrative and Investment Committees:

We have audited the accompanying individual statements of net assets available for benefits of the Siemens Savings Plan and the Siemens Savings Plan for Union Employees (collectively, the Plans) as of December 31, 2005 and 2004, and the related individual statements of changes in net assets available for benefits for the year ended December 31, 2005. These individual financial statements are the responsibility of the Plans' management. Our responsibility is to express opinions on these individual financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the individual financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the individual financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall individual financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the individual financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plans as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005 in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming opinions on the basic individual financial statements taken as a whole. The individual supplemental schedules H, line 4i – schedule of assets (held at end of year) as of December 31, 2005 are presented for purposes of additional analysis and are not a required part of the basic individual financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These individual supplemental schedules are the responsibility of the Plans' management. These individual supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic individual financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic individual statements taken as a whole.

SIEMENS SAVINGS PLANS

Notes to Individual Financial Statements

December 31, 2005 and 2004

(1) Description of Plans

The following description of the Siemens Savings Plan (the Savings Plan), and the Siemens Savings Plan for Union Employees (the Union Plan) (separately, the Plan, and collectively, the Plans or the Siemens Savings Plans) is provided for general information purposes only. Participants should refer to each Plan document for a more complete description of each of the Plans.

General

The Plans are defined contribution plans sponsored by Siemens Corporation (the Company), an indirectly wholly owned subsidiary of Siemens Aktiengesellschaft (Siemens AG), covering salaried, hourly, and union employees of the Company, its affiliates and other participating companies. The Plans are subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plans generally define an employee as any person employed by the Company or any affiliated or participating company provided the person is residing in the United States and is receiving United States source income.

Participation in the Savings Plan is available to any employee who is employed by the Company or a participating company, excepting leased employees, nonresident aliens and anyone employed on a temporary basis for not more than twelve months. Unless expressly approved by the Company, employees covered by a collective bargaining agreement which does not provide for participation in the Savings Plan are excluded from participation in the Savings Plan. The Union Plan defines an employee as any person employed by the Company or any affiliated company and covered by a collective bargaining agreement providing for participation in the Union Plan, provided that said person is residing in the U.S. and is receiving U.S. source income.

Eligible employees may enroll in the appropriate Plan on any day following their date of employment. Each newly hired employee who is eligible to participate in a respective Plan generally automatically becomes a participant in the appropriate Plan and will have tax-deferred contributions of 3% of the employee's annual compensation withheld unless the employee affirmatively indicates that he or she does not want to participate in the Plan, elects to participate at a different rate, or on a basis other than tax deferred contributions. The automatic contributions will be invested in the Stable Value Investment Option unless otherwise indicated.

As a result of acquisitions during 2005, employees from certain companies became eligible to participate in one of the Plans as of the effective dates outlined in note 10. In addition, the assets and liabilities of participants in plans associated with these companies (the Prior Plans) were transferred into one of the Plans as noted in note 10. Prior service under the Prior Plans is recognized as stated in the document for each of the Plans. Generally, service recognized under the Prior Plans is recognized as continued employment for eligibility and vesting purposes under the Plans. All employees who transferred into the Plans from the Prior Plans were fully vested in their Prior Plans' account balances.

As a result of sales of certain businesses or participants transferring to other qualified Siemens Plans, the assets and liabilities of participants for the companies listed in note 10 were transferred out of one of the Plans into plans established by the acquiring company.

SIEMENS SAVINGS PLANS

Notes to Individual Financial Statements

December 31, 2005 and 2004

Administration

The Administrative Committee of the Company is responsible for administering the Plans' operations and the Investment Committee of the Company is responsible for monitoring investments by the Plans. The ten-person Administrative Committee is composed of the Director of Employee Benefits of the Company, the Vice President/Controller of the Company, and eight human resource representatives from certain of the Company's affiliates who are appointed by the Senior Vice President of Human Resources of the Company. The six-person Investment Committee is composed of the following employees of the Company: the Executive Vice President and Chief Financial Officer (who serves as Chairman of the Investment Committee); the Vice President and Treasurer; Senior Vice President/General Counsel and Secretary; Vice President of Mergers & Acquisitions and Group Head; Senior Vice President of Human Resources; and Vice President and Controller of Accounting and Reporting, all of whom are appointed by the board of directors of the Company.

Contributions

Participants in the Savings Plan and Union Plan can elect to contribute from 2% to 25%, in 1% increments, of their annual compensation, as defined by the documents for each of the Plans. Participants may make contributions on a tax-deferred basis, an after-tax basis, or a combination of a tax-deferred and after-tax basis. The Plans also allow participants to change their contribution percentages daily. Participants may cease their contributions at any time.

Effective February 2003, the Savings Plan and the Union Plan allowed participants age 50 and older to make additional tax-deferred contributions. These catch-up contributions are subject to IRS limits of \$4,000 in 2005 and \$3,000 in 2004 and will increase by \$1,000 each year up to the maximum of \$5,000 in 2006.

For the most part, the Company or the participating company, as applicable, matches 50% of its employee's contribution on the first 6% of the employee's compensation contributed to the appropriate Plan. For some groups of employees, the Company or the participating company, as applicable, matches 75% of its employee's contribution on the first 6% of the employee's compensation contributed to the appropriate Plan.

Each participant whose employment with the Company or a participating company is terminated has the option to deposit any lump sum amount that may be received from the Siemens Pension Plan (a defined benefit pension plan sponsored by the Company) directly into the appropriate Plan.

As dictated by the Internal Revenue Service (IRS), the maximum combined participant and employer contributions to a participant's account for a plan year was limited to the lesser of \$42,000 for 2005 and \$41,000 for 2004, or 100% of the participant's annual compensation. The IRS had limited a participant's annual tax-deferred contribution to \$14,000 for the 2005 calendar year. Other IRS limits exist for certain highly compensated employees participating in the Plans.

SIEMENS SAVINGS PLANS

Notes to Individual Financial Statements

December 31, 2005 and 2004

Investment Options

A participant may direct his or her contributions to the following investment options in increments of at least 1% within the Master Trust for the Siemens Savings Plans (the Master Trust):

- a) Stable Value Investment Option,
- b) Large Cap U.S. Stock Investment Option,
- c) High Yield Bond Investment Option,
- d) Non-U.S. Developed Markets Stock Investment Option,
- e) Self-Directed Brokerage Window Investment Option - effective December 20, 2004,
- f) Core Bond Investment Option,
- g) Small Cap U.S. Stock Investment Option,
- h) LifeCycle Portfolios (Five LifeCycle Portfolios - effective December 20, 2004),
- i) Non-U.S. Emerging Markets Stock Investment Option, and
- j) Siemens AG Stock Investment Option.

Each of the Plans allows participants to change their investment elections prospectively and to transfer their funds between investment options, on any business day, with the exception of the Non-U.S. Developed Markets Stock Investment Option and the Non-U.S. Emerging Markets Stock Investment Option accounts. Any amount invested in the Non-U.S. Developed Markets Stock Investment Option or the Non-U.S. Emerging Markets Stock Investment Option that results from a reallocation by a participant's investments must remain invested in that option for at least 30 days. The SGSOP Award shares as described below are non-participant directed investments.

Participant Accounts

Each participant's account is credited with the participant's contributions, company contributions, and applicable earnings or losses (net of apportioned plan expenses). The benefit to which a participant is entitled at any given time is the participant's vested account balance at such time.

Vesting

Participants' contributions and earnings thereon are fully vested at all times. Except for the 2001 Siemens Global Stock Ownership Program (SGSOP) Award, formerly called the Let's Share contribution (a special one-time stock award for exceptional results of Siemens AG in fiscal year 2000/2001), Company contributions and earnings thereon become 40% vested after two years of continuous employment and continue to vest at an annual rate of 20%, to 100% after five years of continuous employment with the Company, its subsidiaries and affiliates. The 2001 SGSOP Award and earnings thereon are fully vested at all times. In addition, participants become 100% vested in the Company's contributions and earnings thereon upon retirement, death, total or permanent disability, complete or partial termination of the Plans, complete discontinuance of Company contributions, permanent layoff, or transfer (without intervening employment) to an affiliated company outside the United States which does not participate in one of the Plans.

SIEMENS SAVINGS PLANS

Notes to Individual Financial Statements

December 31, 2005 and 2004

For Company contributions made subsequent to the effective date of a Company subsidiary or affiliate plan's merger into one of the Plans, former participants of the originating plan vest according to the relevant vesting schedule of the respective plan. Prior service under each originating plan is recognized, as stated in the documents of the appropriate Plan.

Participant Loans

Each of the Plans allows participants to borrow amounts equal to the lesser of 50% of their vested account balance or \$50,000. The term of a loan shall not exceed four years (a thirty year loan term is permitted in cases where the loan proceeds are used to purchase the participant's principal residence). The balance in the participant's account secures any such loans. Such loans bear interest at a "reasonable rate" as established periodically by the Administrative Committee. Principal and interest are paid ratably during the year through payroll deductions. Any loans outstanding at the time a participant leaves employment with Siemens are termed "loan cancellations" and are treated as disbursements from the Plans, unless repaid within 60 days.

The outstanding balance of any active participant loan that is deemed to be in default, because of missed payments, will automatically become taxable income to the participant that must be reported to the IRS at the end of the relevant tax year. The amount taxable will include both the remaining principal and any accrued interest that was due as of the date of the loan default.

Payment of Benefits

Each of the Plans disburses funds for terminations of participation as a result of the following: retirement, death, total or permanent disability, permanent layoff, termination of employment with the Company, or transfer to an affiliated company outside the United States which does not participate in one of the Plans. The payment can take one of three forms: lump sum payments, two partial payments within a calendar year, or installment payments. However, currently any vested benefit of \$1,000 or less at the time of termination will automatically be paid out as a lump sum. The Plans also permit in-service withdrawals under certain circumstances.

(2) Summary of Significant Accounting Policies

Method of Accounting

The financial statements of the Plans have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The assets of each of the Plans are held in the Master Trust, along with assets of certain other Company-sponsored or Company affiliate sponsored defined contribution plans. Unit values of funds within the Master Trust represent the proportionate participation in the Master Trust's funds and include earnings

SIEMENS SAVINGS PLANS

Notes to Individual Financial Statements

December 31, 2005 and 2004

from realized and unrealized appreciation and depreciation of the funds' investments, accruals for asset transfers, less investment-related fees and expenses charged to the funds.

Investments in securities and American Depository Shares (ADSs) are valued at the closing market price as established on the appropriate national securities exchange. Investments in mutual funds and short-term investment funds are valued at their aggregate unit value as established by the fund trustee and reported to the general public. Investments in collective investment funds are valued at their aggregate unit value as established by the fund trustee and reported to the Master Trust. Guaranteed investment contracts with insurance companies and other financial institutions are valued at contract value because such investments are fully benefit-responsive. Contract value represents contributions made under the contract, plus interest credited at the contract rate, less distributions and administrative expenses. Investments in forward currency futures contracts are marked-to-market using recognized, quoted exchange rates on the valuation date. Purchases and sales of securities by the Master Trust are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Plan Expenses

All expenses of the Plans that are permitted to be charged to the Master Trust are charged to the Master Trust. For expenses that are not specific to an investment fund, such as administrative, trustee, and auditing expenses, an expense allocation is charged to the net asset balance of each investment fund on a daily basis. For expenses that are specific to an investment fund, such as investment manager fees, the contracted expense rate is charged to the specific investment fund's net assets on a daily basis and are included in the investment fund's reported income. Contracted expense rates vary based on the investment fund.

Forfeitures

Employees who terminate their employment with the Company or its affiliates forfeit their nonvested portion of company contributions and any earnings thereon. Such forfeitures of company contributions are applied to reduce future company contributions. During 2005, employer contributions for the Savings Plan and the Union Plan were reduced by \$4,006,488 and \$49,483, respectively, from forfeited nonvested accounts. At December 31, 2005, forfeited non-vested amounts totaled \$61,020 and \$0 for the Savings Plan and the Union Plan, respectively, at December 31, 2004, forfeited nonvested amounts totaled \$50,709 and \$0 for the Savings Plan and the Union Plan, respectively.

(3) Parties-in-Interest

Six members of the Investment Committee and the ten members of the Administrative Committee are participants in the Savings Plan.

(4) Plan Termination

The Company reserves the right to discontinue either or both of the Plans at any time. In the event that a termination of either of the Plans should occur, the value of each participant's account (including company contributions and earnings thereon) shall become fully vested.

SIEMENS SAVINGS PLANS

Notes to Individual Financial Statements

December 31, 2005 and 2004

(5) Tax Status of the Plans

The IRS has issued determination letters dated January 21, 2004 for both the Savings Plan and the Union Plan advising that the Plans, as both amended and restated effective January 1, 2001, qualify for tax-exempt status pursuant to the provisions of the Internal Revenue Code. Accordingly, no provision has been made for Federal income taxes. The Plans' administrator and management of the Company believe that the Plans, as subsequently amended, conform to ERISA requirements and continue to qualify as tax exempt under the Internal Revenue Code.

(6) Non-Participant-Directed Investments

Investments in the respective Plans are fully participant-directed except for the SGSOP award (see note 1). Information about the net assets and significant components of the changes in net assets relating to the non-participant-directed investments is as follows:

<u>December 31, 2005</u>	<u>Savings Plan</u>	<u>Union Plan</u>
Net assets:		
Siemens AG Stock Investment Option	\$ 45,618,432	4,430,534
<u>December 31, 2004</u>		
Net assets:		
Siemens AG Stock Investment Option	\$ 46,837,140	4,634,760
<u>Year ended December 31, 2005</u>		
Changes in net assets:		
Net appreciation in fair value of investments	\$ 1,014,261	59,370
Dividends	707,594	61,824
Benefits paid to participants	(2,957,952)	(300,439)
Asset transfers, net *	17,389	(24,981)
Net decrease	<u>\$ (1,218,708)</u>	<u>(204,226)</u>

* Includes transfers between the Plans and transfers in/out of the Plans as noted in note 10.

(7) Investment in Master Trust

All of the Plans' investments are in the Master Trust, which was established for the investment of assets of the Plans and certain other Company-sponsored or Company affiliate sponsored defined contribution plans. Each participating defined contribution plan has a proportionate interest in the Master Trust. The assets of the Master Trust were held by Mellon Bank at December 31, 2005 and 2004.

At December 31, 2005 and 2004, each of the Plans' respective proportionate interests in the net assets of the Master Trust were approximately as follows:

SIEMENS SAVINGS PLANS

Notes to Individual Financial Statements

December 31, 2005 and 2004

	2005	2004
Savings Plan	97.4%	97.4%
Union Plan	2.5%	2.5%

Investment income (loss) and administrative expenses relating to the Master Trust are allocated to the individual Company-sponsored plans on a daily, weighted average basis.

Related Party Transactions

For the year ended December 31, 2005, the Master Trust purchased 829,203 Siemens ADSs with a fair market value of \$62,891,963 and sold 1,313,099 ADSs for proceeds of \$99,916,973 resulting in realized gains of \$18,840,393. At December 31, 2005 and 2004, the market values of the Siemens AG Stock Investment Option were \$204,407,322 and \$240,456,026, respectively, which represented 3.6% and 4.9% of the Master Trust's total market value, respectively.

Securities Lending

As of December 31, 2005, the Master Trust participated in the Mellon Global Securities Lending Program for its U.S. and Non-U.S. securities. These securities are lent to certain unrelated third-party brokers in exchange for collateral, usually in the form of cash. Collateralization levels are equal to a percentage of the market value of the borrowed securities. For U.S. securities, collateral shall not be less than 102%, and for non-U.S. securities, collateral shall not be less than 105%, unless it is denominated in the same currency as the collateral, in which case it will be 102%. Collateral received is invested in an AAA-rated money market fund, which consists of high quality short-term money market investments. The value of loaned securities amounted to \$150,416,669 and \$128,160,167 at December 31, 2005 and 2004, respectively. The obligation to return collateral is reflected as a liability in the Master Trust's financial statements.

SIEMENS SAVINGS PLANS

Notes to Individual Financial Statements

December 31, 2005 and 2004

The following table presents the fair values of investments for the Master Trust at December 31, 2005 and 2004:

	<u>2005</u>	<u>2004</u>
Guaranteed investment contracts	\$ 1,600,427,236	1,453,683,516
Common collective funds	2,099,593,413	2,019,666,991

Total investment income of the Master Trust	<u>\$ 382,915,526</u>

SIEMENS SAVINGS PLANS

Notes to Individual Financial Statements

December 31, 2005 and 2004

Forward Currency Contract – Net

In order to hedge against foreign currency exchange rate risks, certain investment managers for the Master Trust may buy or sell foreign forward currency contracts. Foreign forward currency contracts obligate one party to purchase, and the other party to sell, a specific currency at a set price on a future date. Foreign forward currency contracts are valued daily based on forward currency rates with the resulting adjustment being recorded as unrealized gain/loss. At December 31, 2005 and 2004, the net unrealized gain (loss) balance for forward currency futures contracts was \$(15,479) and \$(34,100), respectively, as detailed below.

As of December 31, 2005 and 2004, the Master Trust had open positions to buy foreign forward currency futures contracts in various denominations in exchange for \$2,639,550 and \$2,044,160, respectively, and whose values at December 31, 2005 and 2004 were \$2,595,001 and \$2,044,152, respectively, resulting in losses of \$44,549 and \$8 for 2005 and 2004, respectively.

As of December 31, 2005 and 2004, the Master Trust had open positions to sell foreign forward currency futures contracts in various denominations in exchange for \$2,639,550 and \$2,044,160, respectively, and whose values at December 31, 2005 and 2004 were \$2,610,481 and \$2,078,252, respectively, resulting in gains of \$29,070 and losses of \$34,092 for 2005 and 2004, respectively.

(8) Investments

The following description of the Master Trust's investments relates only to the investment options that were available to the Plans' participants at December 31, 2005. The information is provided for general information purposes only and participants should refer to the respective Plan's prospectus and to each fund's prospectus and annual report for more complete information.

Stable Value Investment Option

The option invests in financial instruments designed to create a synthetic guaranteed investment contract. The financial instruments consist of high quality fixed income instruments along with investment contracts and wrapper contracts with insurance companies, banks, and other financial institutions. The wrapper contracts are issued by highly-rated financial institutions and serve to preserve the value of the fund's investments by mitigating the fluctuations in the market value of the fixed income instruments. The objective of this investment option is to provide liquidity and safety of principal while providing a higher return over time than the return offered by money market funds. The assets underlying this investment option are currently managed by INVESCO Institutional. However, there is no guarantee (either from INVESCO Institutional or the Company) of achieving the objective, nor is there a guarantee against loss of principal or earned investment returns.

Employer and participant contributions invested in the investment contracts, as well as any interest credited thereon, are guaranteed by the financial institution that issues the investment contract and not by the Company. The investment contracts are fully benefit-responsive and are maintained at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. At December 31, 2005 and 2004, the contract value of

SIEMENS SAVINGS PLANS

Notes to Individual Financial Statements

December 31, 2005 and 2004

the investment contracts approximated fair value. The overall credit quality of the assets in each separately managed account will not be below a grade of AA.

Participant accounts are credited with the average rate being earned by all of the option's investments, which changes on a daily basis. The rate of return credited to participants' accounts for the Stable Value Investment Option was 4.49% and 4.42% for 2005 and 2004, respectively.

Large Cap U.S. Stock Investment Option

The option's assets are invested in approximately 10% of the S&P 500 Index portfolio, with the remainder invested in one or more widely diversified portfolios, each holding stock issued primarily by large and medium-sized U.S. companies. The assets underlying this investment option are currently managed by Barclays Global Investors, N.A. (BGI), Legg Mason, Capital Guardian and State Street Global Advisors (SSGA). The objective of this investment option is to seek long-term capital growth while generating returns that exceed that of the S&P 500 Index. However, there is no guarantee (either from BGI, Legg Mason, Capital Guardian, SSGA, or the Company) of achieving the objective, nor is there a guarantee against loss of principal or earned investment returns.

High Yield Bond Investment Option

The option invests in a variety of below-investment-grade income securities, including (but not limited to) public and private corporate fixed-income securities, U.S. dollar fixed-income securities of foreign issuers, convertible securities, zero-coupon securities and preferred stocks. The assets underlying this investment option are managed by Loomis Sayles & Company and WR Huff Asset Management Company. The investment option seeks to approximate the return of the Merrill Lynch High Yield Master II Bond Index through both current income and capital appreciation, while approximating the average portfolio maturity and credit rating of that index. However, there is no guarantee (either from Loomis Sayles & Company, WR Huff Asset Management Company, or the Company) of achieving the objective, nor is there a guarantee against loss of principal or earned investment returns.

This investment option includes a money market fund to provide liquidity necessary to accommodate daily transactions by participants. This liquidity vehicle may constitute as much as 4-10% or more of the total investment option.

Non-U.S. Developed Markets Stock Investment Option

The option invests primarily in the stocks of companies based outside the United States. These companies operate in countries considered to have well-developed, smoothly functioning securities markets and an underlying legal structure that supports financial investments. The assets underlying this investment option are managed by Capital Guardian, BGI and Gratham, Mayo, Van Otterloo (GMO). The objective of the investment option is to seek long-term capital growth with performance exceeding that of the Morgan Stanley Capital International Europe, Australasia, Far East (MSCI EAFE) Index. However, there is no guarantee (either from Capital Guardian, BGI, GMO or the Company) of achieving the objective, nor is there a guarantee against loss of principal or earned investment returns.

This investment option includes an indexed portfolio, managed by BGI, to provide liquidity necessary to accommodate daily transactions by participants. This liquidity vehicle may constitute as much as 20-30% or more of the total investment option.

SIEMENS SAVINGS PLANS

Notes to Individual Financial Statements

December 31, 2005 and 2004

Self-Directed Brokerage Window Investment Option

The self-directed brokerage (SDB) account is administered through Hewitt Financial Services via *Harrisdirect*. This account allows participants to build and manage their own portfolios by selecting from over 9,500 mutual funds and 8,000 individual stocks. A minimum balance of \$500 in investments in one of the Plans other than in the SDB account and the Siemens Global Stock Ownership Program (SGSOP) account is required to be eligible to participate in this option. This investment choice is designed for the sophisticated investor who is willing to assume responsibility for closely monitoring his own investments. Employee contributions to one of the Plans directly from the employee's paycheck cannot be directed into an SDB account. Transfers from other investment options in such Plan are the only way a participant can contribute to an SDB account. There is no guarantee (either from Hewitt Financial Services, *Harrisdirect*, or the Company) against loss of principal or earned investment returns.

Core Bond Investment Option

The option invests in a variety of investment-grade fixed-income securities, including (but not limited to) fixed-income securities issued by the U.S. Government and Agencies, corporations, mortgage-backed issuers, asset-backed issuers, U.S.-dollar-denominated securities of foreign issuers and preferred stocks. The assets underlying this investment option are managed by Blackrock Financial Management, Inc. and Wellington Management Company. The objective of the investment option is to seek a total return that exceeds that of the Lehman Brothers Aggregate Bond Index. However, there is no guarantee (either from Blackrock Financial Management, Inc., Wellington Management Company or the Company) of achieving the objective, nor is there a guarantee against loss of principal or earned investment returns.

This investment option includes an indexed portfolio, managed by BGI, to provide liquidity necessary to accommodate daily transactions by participants. This liquidity vehicle may constitute as much as 4-10% or more of the total investment option.

Small Cap U.S. Stock Investment Option

The option invests in securities of a diverse group of small U.S. companies whose securities are traded in the U.S. securities markets. The assets underlying this investment option are managed by AXA Rosenberg Investment Management, Peregrine Capital Management, SSGA and Wellington Management Company. The objective of the investment option is to seek long-term growth of principal, with performance exceeding that of the Russell 2500 Index. However, there is no guarantee (either from AXA Rosenberg Investment Management, Peregrine Capital Management, SSGA, Wellington Management Company or the Company) of achieving the objective, nor is there a guarantee against loss of principal or earned investment returns.

LifeCycle Portfolios

Each portfolio invests in shares of one of the five diversified collective funds managed by BGI. The objective of each portfolio is to meet long-term investment goals based upon various time horizons. However, there is no guarantee (either from BGI or the Company) of achieving any of the various portfolio objectives, nor is there a guarantee against loss of principal or earned investment returns. Each portfolio uses an asset allocation strategy to invest in a portfolio with a changing mix of U.S. and international asset

SIEMENS SAVINGS PLANS

Notes to Individual Financial Statements

classes. As time passes and market conditions change, each portfolio is adjusted, seeking to maximize investment returns as appropriate for each portfolio's investment time horizon. The LifeCycle Retirement Portfolio is designed for those withdrawing their money because they are in their retirement. The four other LifeCycle Portfolios' time horizons are: LifeCycle 2010 Portfolio, LifeCycle 2020 Portfolio, LifeCycle 2030 Portfolio and LifeCycle 2040 Portfolio. The funds became available effective December 20, 2004 to replace the LifePath Portfolios.

Non-U.S. Emerging Markets Stock Investment Option

This option invests primarily in the securities of companies based outside the United States, in countries considered to have less highly developed securities markets. The assets underlying this investment option are managed by Capital International, Inc., Dimensional Fund Advisors, and SSGA. The objective of this investment option is to seek long-term capital growth with performance exceeding that of the Morgan Stanley Capital International (MSCI) Emerging Markets Free Index. However, there is no guarantee (either from Capital International, Dimensional Fund Advisors, SSGA or the Company) of achieving the objective, nor is there a guarantee against loss of principal or earned investment returns.

Siemens AG Stock Investment Option

The option invests only in the American Depository Shares (ADSs) of Siemens AG with a small amount in money market instruments to provide liquidity and to accommodate daily transactions. The objective of this option is to give participants an opportunity to track the performance of Siemens AG ordinary shares. ADSs are securities issued by a U.S. bank depository under an agreement with Siemens AG that represent an interest in ordinary shares of Siemens AG held by a custodian bank on behalf of the depository. Siemens AG ADSs are listed on the New York Stock Exchange and provide a way for U.S. investors to indirectly invest in Siemens AG ordinary shares through a security that is publicly traded in the United States. Trading of the ADSs is priced in U.S. dollars and dividends on the ordinary shares underlying ADSs are paid in U.S. dollars. Cash dividends are reinvested into the fund on the date paid by Siemens AG. The dividends are paid in cash at the rate of 85% of the full dividend due to foreign withholding taxes. The option is not diversified since assets are invested in a single security. There is no guarantee against loss of principal or earned investment returns. The trustee buys and sells the Siemens AG ADSs at fair market value, paying brokerage commissions from fund assets.

The 2001 SGSOP Award and earnings thereon are restricted to investment in the Siemens AG Stock Investment Option for as long as the participant is employed with the Company and for as long as the participant maintains an account balance in one of the Plans. In addition, the 2001 SGSOP Award and earnings thereon are not available for withdrawals or loans and they are excluded from the calculation of a participant's eligible loan balance. Each of the Plans allows participants to direct contributions and transfer existing balances (except for the balances associated with the 2001 SGSOP Award) into or out of the Siemens AG Stock Investment Option.

(9) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits from the Savings Plan financial statements to its Form 5500 at December 31, 2005 and 2004:

	<u>2005</u>	<u>2004</u>
Net assets available for benefits per the financial statements	\$ 5,597,505,148	4,834,067,311
Less amounts allocated to withdrawing participants	<u>(5,277,797)</u>	<u>(957,408)</u>
Net assets available for benefits per the Form 5500	<u>\$ 5,592,227,351</u>	<u>4,833,109,903</u>

The following is a reconciliation of benefits paid to participants from the Savings Plans financial statements to its Form 5500 at December 31, 2005:

Benefits paid to participants per the financial statements	\$ 368,511,558
Add amounts allocated to withdrawing participants at December 31, 2005	5,277,797
Less amounts allocated to withdrawing participants at December 31, 2004	<u>(957,408)</u>
Benefits paid to participants per the Form 5500	<u>\$ 372,831,947</u>

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to each December 31 but have not yet been paid as of that date.

(10) Asset Transfers, Net

In connection with acquisitions by the Company or its affiliates, certain employees of the acquired companies were offered participation in the respective Plans and afforded the ability to transfer their accumulated qualified balances in their Prior Plans to whichever one of the Plans in which they were eligible to participate. In connection with the sales of certain businesses of the Company or its affiliates, certain employees of the divested companies or business units were required to terminate participation in the Plans and, as such, their vested balances were transferred to plans established by the acquiring companies. In addition, certain subsidiaries of the Company merged their 401(k) plans into the Plans, and certain employees transferred assets into or out of the Plans from or to other Company-sponsored or Company affiliate-sponsored qualified plans.

Net transfer – between Siemens Savings Plan and Siemens Savings Plan for Union Employees	Various	<u>941,411</u>	<u>(941,411)</u>
Total		\$ <u><u>290,753,407</u></u>	<u><u>1,015,028</u></u>

Note 11 – Recently Issued Accounting Pronouncements

On December 29, 2005, the Financial Accounting Standards Board (FASB) issued FASB Staff Position (FSP) AAG INV-1 and SOP 94-4-1, "*Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*," effective for our Plans' financial statements as of January 1, 2006. This FSP will require that fully benefit-responsive investment contracts be reported at fair value rather than contract value, as they are currently reported, with an offsetting asset or liability in the statement of net assets available for benefits. Implementation of this FSP will have no net impact on net assets of the Plans and will only affect the presentation of the investments within the "Plan Interest in Master Trust" footnote.
