1. DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Invemed Associates LLC (the "Company") is a wholly owned subsidiary of Invemed Securities, Inc. (the "Parent"). The Company is registered under the Securities Exchange Act of 1934 as a broker and dealer in securities and is a member of the New York Stock Exchange, Inc. (the "NYSE").

The Company maintains cash in bank deposit accounts which, at times, may exceed federally insured limits.

Transactions in securities and related commission revenue and expense are recorded on a trade-date basis. Securities owned are valued at quoted market values and other investments are valued at estimated fair value (see Note 3).

The Company earns underwriting, syndicate and other fees from securities offerings in which the Company acts as an underwriter or agent.

This financial statement has been prepared in conformity with accounting principles generally accepted in the United States of America, which require the use of estimates by management. Actual results may differ from those estimates.

As a single member limited liability company, the Company is not subject to federal, state or local income taxes. The Company's income or loss is reportable by its Member (Parent) on its corporate income tax return.

The clearing and depository operations for the Company's security transactions are provided by one broker. At June 30, 2006, all of the Company's owned securities are security positions with the same clearing broker.

The Company conducts business with its clearing broker on behalf of its customers and for its own proprietary accounts. The Company earns commissions as an introducing broker for the transactions of its customers. The clearing and depository operations for the Company's customer accounts and proprietary transactions are performed by its clearing broker pursuant to a clearance agreement. In connection therewith, the Company indemnifies its clearing broker for losses that it may sustain from the customer accounts introduced by the Company.

All the securities owned reflected in the statement of financial condition are positions with this clearing broker. The securities owned are subject to margin requirements.

In the normal course of business, customers may sell securities short. Subsequent market fluctuations may require the clearing broker to obtain additional collateral from the Company's customers. It is the policy of the clearing broker to value the short positions weekly and to obtain additional deposits where it is deemed appropriate.

The investment in securities consists primarily of one security position representing in the aggregate 98% of the total market value.

INVESTMENT IN EXCHANGE MEMBERSHIP:** The Company as a member and seat holder of the New York Stock Exchange ("NYSE") received 80,177 shares of the NYSE in exchange for the seat membership it owned. The NYSE ceased having seats and issued the shares on March 8, 2006. The shares are recorded at cost on the statement of financial condition.

The Company is also a shareholder in these corporations.

The Company is the general partner of Invemed Fund, L.P. (the "Partnership"), a private investment partnership. As general partner, the Company is contingently liable for all of the liabilities of the Partnership, which amounts were not significant at June 30, 2006.

SUPPLEMENTARY REPORT ON
INTERNAL CONTROL**

GOLDSTEIN GOLUB KESSLER LLP

GOLDSTEIN GOLUB KESSLER LLP

INDEPENDENT AUDITOR'S SUPPLEMENTARY REPORT ON INTERNAL CONTROL

To the Members of
Invemed Associates LLC

In planning and performing our audit of the financial statements and supplemental schedule of Invemed Associates LLC (the "Company") for the year ended June 30, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons;
2. Recordation of differences required by rule 17a-13;
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at June 30, 2006 to meet the SEC's objectives.

This report recognizes that it is not practicable in an organization the size of Invemed Associates LLC to achieve all the divisions of duties and cross-checks generally included in a system of internal control and that, alternatively, greater reliance must be placed on surveillance by management.

This report is intended solely for the information and use of management, the Securities and Exchange Commission, the New York Stock Exchange, Inc. and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
