NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006

Note 1 - Nature of Business

Meridian Equity Partners, Inc. (The "Company") is a New York State corporation formed for the purpose of conducting business as a broker on the floor of the New York Stock Exchange. The Company is registered as a broker-dealer with the Securities and Exchange Commission ("SEC").

Note 2 - Summary of Significant Accounting Policies

a) Revenue Recognition

Securities transactions (and the recognition of related income and expenses) are recorded on a trade date basis. Commission income and related expense are recorded on a settlement date basis. There is no material difference between settlement date and trade date.

b) Income Taxes

The Company has elected to be treated as an "S" Corporation under the provisions of the Internal Revenue Code and New York State tax regulations. Under the provisions, the Company does not pay federal or state corporate income taxes on its taxable income. Instead, the stockholder is liable for individual income taxes on his respective share of the Company's taxable income. The Company continues to pay New York City general corporation taxes.

c) Cash and Cash Equivalents

The Company considers demand deposited money market funds to be cash equivalents. The Company maintains cash in bank accounts which, at times, may exceed federally insured limits or where no insurance is provided. The Company has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on cash and cash equivalents.

d) Fixed Assets

Equipment is carried at cost and is depreciated over a useful life of 5-7 years using the straight-line methods. Organization expense is amortized over five years using the straight-line method.

e) Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported amounts of revenues and expenses.

Note 3- Marketable Securities Owned

Marketable securities consist of trading securities at quoted market values, as illustrated below

	<u>Owned</u>
U. S. Government Bonds	<u>\$99,474</u>

Note 4 - Profit Sharing Plan

The Company is a sponsor of a defined contribution profit sharing plan for its eligible employees. Contributions to the plan, if any, are determined by the employer and come out of its current accumulated profits. The employer's contribution for any fiscal year shall not exceed the maximum allowable as a deduction to the employer under the provisions of the IRS Code Section 404, as amended, or replaced from time to time.

The Company's liability to the plan for the year ended December 31, 2006, was \$33,080.

Note 5 - Commitments

2007	\$59,381
2008	\$60,987
2009	\$30,901

Note 6 - Financial Instruments with Off-Balance Sheet Credit Risk

As a securities broker, the Company is engaged in buying and selling securities for a diverse group of institutional and individual investors. The Company introduces these transactions for clearance to another broker-dealer on a fully disclosed basis.

The Company's exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair customers' ability to satisfy their obligations to the Company and the Company's ability to liquidate the collateral at an amount equal to the original contracted amount. The agreement between the Company and its clearing broker provides that the Company is obligated to assume any exposure related to such non-performance by its customers. The Company seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing broker's internal guidelines. The Company monitors its customer activity by reviewing information it receives from its clearing broker on a daily basis, and requiring customers to deposit additional collateral, or reduce positions, when necessary.
