## INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Stockholders  
of Meridian United Capital, LLC  
Hudson, Ohio

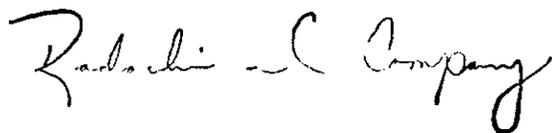

We have audited the accompanying statement of financial condition of Meridian United Capital, LLC (the Company) as of December 31, 2006, and the related statements of income, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Meridian United Capital, LLC as of December 31, 2006, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on pages 11 through 15 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The financial statements include the accounts of the Company only.

Note 2. Summary of Significant Accounting Policies:

A. Estimates:

The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

B. Cash and Cash Equivalents:

For purposes of the statement of cash flows, the Company considers all highly-liquid investments with an initial maturity of three months or less to be cash equivalents.

D. Goodwill:

Goodwill represents the excess of the cost of acquiring the Company over the fair market value of identified net assets at the date of acquisition, and is reflected at cost on the statement of financial condition. SFAS No. 142 addresses the recognition and measurement of goodwill and other intangibles subsequent to their acquisition. Under those rules, goodwill will not be amortized but will be subject to annual impairment tests.

## **INDEPENDENT AUDITORS' REPORT ON INTERNAL ACCOUNTING CONTROL**

To The Board of Directors and Stockholders  
of Meridian United Capital, LLC  
Hudson, Ohio

In planning and performing our audit of the financial statements of Meridian United Capital, LLC (the Company) for the year ended December 31, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11), and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for

INDEPENDENT AUDITORS' REPORT ON INTERNAL ACCOUNTING CONTROL  
(Continued)

which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with U.S. generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006, to meet the SEC's objectives.

INDEPENDENT AUDITORS' REPORT ON INTERNAL ACCOUNTING CONTROL  
(Continued)

Our report recognizes that it is not practicable in a company the size of Meridian United Capital, LLC to achieve all the division of duties and cross-checks generally included in a system of internal accounting control, and alternatively, greater reliance must be placed on surveillance by management.

This report is intended solely for the use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc. and other regulatory agencies which rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
