**INDEPENDENT AUDITORS' REPORT**

To the Stockholder of  
Global Securities (USA), Inc.:

We have audited the accompanying statement of financial condition of Global Securities (USA), Inc. (the "Company") as of December 31, 2006, and the related statements of operations, changes in liabilities subordinated to the claims of general creditors, changes in stockholder's equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Global Securities (USA), Inc. as of December 31, 2006, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on pages 13 and 14 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole and in conformity with the rules of the Securities and Exchange Commission.

GLOBAL SECURITIES (USA), INC.  
(wholly owned subsidiary of Global Menkul Degerler A.S.)  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2006

NOTE 1 - ORGANIZATION AND BUSINESS

Global Securities (USA), Inc. (the "Company") is a broker-dealer in securities registered with the Securities and Exchange Commission (the "SEC") and a member of the National Association of Securities Dealers, Inc. The Company engages primarily in brokerage services with respect to Turkish securities and is a wholly owned subsidiary of Global Menkul Degerler A.S. (the "Parent").

All domestic securities transactions are cleared through a clearing broker on a fully-disclosed basis and, accordingly, the Company does not carry securities accounts for these customers or perform custodian functions relating to the securities.

The Company acts as agent for institutional customers in the purchase and sale of foreign securities. The Company executes and clears all of these foreign trades through the Parent. These trades are settled on a delivery versus payment basis. The Company maintains a k(2)(i) account for customer payments received in advance. The Company's commissions on foreign securities transactions are collected by the Parent and remitted periodically.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Purchases and Sales of securities and related revenues and expenses are recorded on a trade date basis.

Furniture, equipment and leasehold improvements are recorded at cost (net of accumulated depreciation and amortization). Furniture and equipment are depreciated over their estimated useful lives of five to seven years using the straight-line method. Leasehold improvements are amortized over the life of the lease using the straight-line method.

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those amounts.

(wholly owned subsidiary of Global Menkul Degerler A.S.)  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2006  
(continued)

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (continued)

At December 31, 2006, substantially all of the Company's financial instruments, are carried at fair value or amounts approximating fair value.

NOTE 3 - REGULATORY REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1 and has elected to compute its net capital requirements in accordance with the alternative net Capital Requirements. Under this alternative, net capital, as defined, shall not be less than \$250,000. At December 31, 2006, the Company had net capital of \$597,218, which exceeded the required net capital by \$347,218.

The Company is exempt from the provisions of Rule 15c3-3 under the Securities Exchange Act of 1934 in that the Company's activities are limited to those set forth in the conditions for exemption appearing in paragraphs k(2)(i) and k(2)(ii) of that rule.

NOTE 4 - LIABILITIES SUBORDINATED TO THE CLAIMS OF GENERAL CREDITORS

The Company has a subordinated loan agreement for equity capital in the amount of \$500,000, which became effective, December 14, 2006. The loan matures on January 31, 2009 at the aforementioned sum and interest thereon, which accrues as an additional subordinated liability, at the rate of 7% per annum from the effective date.

These borrowings are subordinated to the claims of general creditors, have been approved by the NASD and are available in computing adjusted net capital under the SEC net capital requirements. Subordinated borrowing may only be repaid if, after giving effect to such repayment, the Company meets the SEC's and NASD's capital regulations governing the withdrawal of subordinated debt.

(wholly owned subsidiary of Global Menkul Degerler A.S.)  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2006  
(continued)

NOTE 5 - CONCENTRATION OF CREDIT RISK

The Company is engaged in various brokerage activities with counterparties who are primarily institutions. In the normal course of business, the Company is involved in the execution and settlement of various securities transaction. These activities may expose the Company to risk of loss in the event that the counter party is unable to fulfill its contracted obligations and the Company has to purchase or sell the securities underlying the contract at a loss.

The Company is subject to credit risk should the clearing broker be unable to fulfill its obligations.

Substantially all of the Company's cash is held at a bank.

NOTE 6 - RELATED PARTY TRANSACTIONS

During the year ended December 31, 2006 the Parent provided market research and technical advice to the Company at no cost. Additionally, the Company received \$1,536,781 of commission revenue from the Parent arising from customer trades cleared through the Parent and paid \$999,026 to the parent in clearing costs associated with these trades.

NOTE 7 - INCOME TAXES

The Company records its income taxes on a separate company basis. The Company complies with Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes", which requires an asset and liability approach to financial reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce the deferred income tax assets to the amount expected to be realized.

**SUPPLEMENTARY REPORT  
OF INDEPENDENT AUDITORS**

INDEPENDENT AUDITOR'S SUPPLEMENTARY REPORT  
ON INTERNAL ACCOUNTING CONTROL

To the Stockholder of  
Global Securities (USA), Inc.:

In planning and performing our audit of the financial statements and supplemental schedules of Global Securities (USA), Inc. (the "Company") for the year ended December 31, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
- Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.
- Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practice and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection or any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and our study, we believe that the Company's practices and procedures were adequate at December 31, 2006, to meet the SEC's objectives.

This report recognizes that it is not practicable in an organization the size of Global Securities (USA), Inc. to achieve all the divisions of duties and cross-checks generally included in a system of internal accounting control and that alternatively greater reliance must be placed on surveillance by management.

This report is intended solely for the information and use of management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc. and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than those specified parties.
