INDEPENDENT AUDITORS' REPORT

Board of Directors
Arcadia Investment Corporation
Portland, Oregon

We have audited the accompanying statement of financial condition of Arcadia Investment Corporation (the "Company") as of December 31, 2006 and the related statements of operations, changes in shareholders' equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Arcadia Investment Corporation as of December 31, 2006, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on pages 9 and 10 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. This information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

Geffen Meshner & Company, P.C.

ARCADIA INVESTMENT CORPORATION

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2006

1. Line of business and significant accounting policies

Line of business

The Arcadia Investment Corporation (the "Company") operates principally as a fully disclosed securities broker dealer with institutional customers throughout the United States. Operations further consist of consulting activities and advisory services for capital resources.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue recognition

Security transactions and related commission revenue and expense are recorded on a settlement date basis, generally the third business day following the transaction. Differences between trade date and settlement date, if any, are not significant.

Revenues from consulting activities and advisory services are recorded as fees when earned under the terms of the related agreements.

Concentrations of credit risk

The Company has cash and cash equivalents in the form of deposits which may exceed depository insurance limits. The Company makes such deposits with high credit quality entities and has not incurred any credit related losses.

Cash equivalents

Cash equivalents are funds in a money market account and are recorded at cost, which approximates fair value. The Company considers short-term, highly liquid investments with an original maturity date of three months or less to be cash equivalents.

Investments

The Company accounts for its marketable equity securities in accordance with Statement of Financial Accounting Standards No. 115, Accounting for Certain Investments in Debt and Equity Securities. This statement requires certain investments in debt and equity securities to be classified as trading, available-for-sale or held-to-maturity.

At December 31, 2006, the Company's marketable equity securities have been categorized as available-for-sale. Available-for-sale securities are carried at fair value, with the unrealized holding gains and losses reported as a separate component of shareholders' equity. For the purpose of determining gross realized gains and losses, the cost of securities sold is based upon specific identification. Quoted market prices are used in determining the fair value of the Company's assets.

Equipment

Equipment is stated at cost. Depreciation is being provided on a straight-line method over the estimated useful lives of the related assets.

ARCADIA INVESTMENT CORPORATION

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2006

1. Line of business and significant accounting policies (continued)

Income taxes

The Company, with the consent of its shareholders, has elected to be treated as an "S" Corporation under the Internal Revenue Code. Instead of paying corporate income taxes, the shareholders of an "S" Corporation are taxed individually on the Company's taxable income. Therefore, no provision or liability for corporate income taxes has been included in these financial statements.

2. Investments

Marketable equity securities include the following at December 31, 2006:

Cost	\$	25,600
Gross unrealized gains		38,704
Gross unrealized losses	(15,040)
<hr/>		
Fair value	\$	49,264

3. Net capital

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1. As a result, the minimum net capital required is the greater of \$100,000 or 1/15th of aggregate indebtedness, as defined. At December 31, 2006, the Company has net capital and required net capital of \$692,401 and \$100,000, respectively, and a ratio of aggregate indebtedness to net capital of .28 to 1. Net capital and required net capital may fluctuate on a daily basis.

4. Notes payable, shareholders

The notes payable to shareholders relate to assets necessary and essential to the business of the Company. The demand notes payable have a 9% interest rate and are collateralized by marketable securities, which are on deposit with the Company's carrying broker. Interest paid to shareholders during 2006 was \$4,500.

5. Commitments

Lease

The Company occupies office space under a year-to-year lease, with certain shareholders, which began September 1, 2005. The lease is accounted for as an operating lease and minimum lease payments for 2007 total \$36,000. Total rent expense was approximately \$41,000 in 2006.

Shareholder agreement

The Company has a shareholder agreement in effect which restricts the transfer of shares of common stock. The agreement provides the Company with the option to purchase a shareholder's interest upon termination of employment, death, disability or normal retirement for an agreed upon purchase price and with specified payment terms.

ARCADIA INVESTMENT CORPORATION
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2006

6. Employee benefit programs

The Company has a 401(k) plan covering substantially all employees who meet prescribed requirements. The employer's portion of contributions is at the discretion of the Board of Directors, but limited to the amount deductible for federal income tax purposes. A profit sharing contribution of approximately \$102,000 was declared for the year ended December 31, 2006.

ARCADIA INVESTMENT CORPORATION

COMPUTATION OF NET CAPITAL UNDER RULE 15c3-1 OF THE SECURITIES AND EXCHANGE COMMISSION

DECEMBER 31, 2006

ARCADIA INVESTMENT CORPORATION

EXEMPTION FROM RESERVE REQUIREMENTS UNDER RULE 15c3-3 OF THE SECURITIES AND EXCHANGE COMMISSION

YEAR ENDED DECEMBER 31, 2006

Exemptive provisions

The Company is exempt from Rule 15c3-3 because the Company does not receive or hold any customer securities or cash.

GEFFEN MESHER

& COMPANY, P.C.

CERTIFIED PUBLIC ACCOUNTANTS & BUSINESS CONSULTANTS

INDEPENDENT AUDITORS' REPORT ON INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5

Board of Directors
Arcadia Investment Corporation
Portland, Oregon

In planning and performing our audit of the financial statements of Arcadia Investment Corporation for the year ended December 31, 2006, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, we made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

Making quarterly securities examinations, counts, verifications, and comparisons.

Recordation of differences required by Rule 17a-13.

Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

ARCADIA INVESTMENT CORPORATION
INDEPENDENT AUDITORS' REPORT ON INTERNAL ACCOUNTING CONTROL
REQUIRED BY SEC RULE 17a-5 (CONTINUED)

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they might become inadequate because of changes in conditions and that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a control deficiency, or a combination of control deficiencies, that results in a more than remote likelihood that a material misstatement of the financial statements will not be prevented or detected. However, we noted no matters involving internal control that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate as of December 31, 2006, to meet the SEC's objectives.

This report recognizes that it is not practicable in an organization the size of Arcadia Investment Corporation to achieve all the divisions of duties and cross-checks generally included in a system of internal accounting control, and that, alternatively, greater reliance must be placed on surveillance by management.

This report is intended for the use of the Board of Directors, management, the Securities and Exchange Commission and other regulatory agencies which rely on Rule 17a-5(g) under the Securities and Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Jefferson Messner & Company, P.C.
