**FINANCIAL STATEMENTS AND
INDEPENDENT AUDITOR'S REPORT**

DECEMBER 31, 2006 AND 2005

INDEPENDENT AUDITOR'S REPORT

February 19, 2007

The Shareholder
Energy Spectrum Advisors, Inc.

We have audited the accompanying statements of financial condition of Energy Spectrum Advisors, Inc. (a Texas Corporation) (the "Company") as of December 31, 2006 and 2005 and the related statements of operations, changes in stockholder's equity, and cash flows for the years then ended, that the Company is filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934 (the "Act"). These financial statements and the schedule referred to below are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and the schedule based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2006 and 2005, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for the purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Act. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

ENERGY SPECTRUM ADVISORS, INC.
(A Texas Corporation)

NOTES TO FINANCIAL STATEMENTS

1. ORGANIZATION

Energy Spectrum Advisors, Inc. (the "Company") was organized as a Texas corporation on October 7, 1997. The Company is a wholly owned subsidiary of Energy Spectrum Securities Corporation ("ESSC") and was formed to provide investment banking and financial advisory services primarily to operating entities and sophisticated institutional investors in the oil and gas industry.

The Company is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and a member of the National Association of Securities Dealers.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements are presented on the accrual basis of accounting and present the results of operations of the Company for the years ended December 31, 2006 and 2005.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash

Cash represents money market funds held by the Company for general operating purposes.

Accounts Receivable

Accounts receivable represents amounts due from clients for expenses incurred in connection with advisory services. Reimbursable expenses are dictated as to types of expenses and maximum reimbursements allowed by signed engagement contracts for each client. Management reviews receivables periodically and reduces the carrying amount by an allowance that reflects management's best estimate of the amount that may not be collectible.

Prepaid and Other

Prepaid and other consists of expenses that are prepaid and will be charged to expense as the benefit is realized.

Due from Affiliate

Due from affiliate represents a deposit for a portion of a lease for office space for which the Company and affiliate occupy. The affiliate is named as the lessor on the lease agreement, and the amount is collectible upon the expiration of the lease or reimbursement by the affiliate.

Property and Equipment

Property and equipment consists of computer equipment and furniture and fixtures used at the Company's headquarters. The Company calculates depreciation on property and equipment using a method that approximates the straight-line method.

ENERGY SPECTRUM ADVISORS, INC.
(A Texas Corporation)

NOTES TO FINANCIAL STATEMENTS

The major classifications of property at December 31, 2006 and 2005 are as follows:

	2006	2005
Computer equipment	\$ 51,469	\$ 51,469
Furniture and fixtures	23,425	23,425
Accumulated depreciation	<u>(74,894)</u>	<u>(74,894)</u>
Total property and equipment, net	<u>\$ -</u>	<u>\$ -</u>

Net Capital

The Company's net capital as of December 31, 2006 and 2005 was \$42,563 and \$24,997, respectively, computed in accordance with SEC Rule 15c3-1, *Net Capital Requirements for Brokers or Dealers* (the "Rule"). The Company's required net capital pursuant to the Rule is \$5,000.

Transaction Fees

The Company earns transaction fees from its clients in accordance with engagement contracts equal to specified percentages of debt and/or securities offerings. These fees are recognized when earned according to the terms of such engagement contracts. The Company generally earns its fees when the respective transaction closes.

Advisory Fees

The Company earns fees for services rendered in connection with providing financial advisory services to clients that are considering potential mergers, acquisitions, divestitures, financial recapitalizations, and financial restructuring opportunities. Advisory fees are recognized when earned for services rendered.

Consulting Fees Paid to Parent

In the course of providing services to its clients, the Company periodically pays consulting fees to its parent.

Effective January 1, 2000, ESSC began paying 90% to 95% or more of routine operating expenses previously incurred and paid by the Company. In return for ESSC incurring such expenses and providing professional assistance to the Company, the Company began paying consulting fees to ESSC out of the Company's revenues, when and if collected, provided that immediately following such payments, the Company's net capital level will continue to be in compliance with the Rule.

Income Taxes

The Company is included in the consolidated federal income tax return of ESSC. Pursuant to an informal tax-sharing agreement, the federal income tax provision is determined on the basis of pretax accounting income of the Company computed as if the company filed a separate federal income tax return. Any current or deferred taxes payable or refundable is recognized as of the date of the financial statements utilizing currently enacted tax laws and rates. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax liabilities or assets between years.

ENERGY SPECTRUM ADVISORS, INC.
(A Texas Corporation)

NOTES TO FINANCIAL STATEMENTS

The reconciliation between income taxes at the computed statutory income tax rate of 15% for the years ended 2006 and 2005, respectively, to the Company's provision for income taxes is as follows:

	<u>2006</u>	<u>2005</u>
Income tax computed at the federal statutory rate	\$ (6,595)	\$ 4,846
Reconciling items	-	-
Valuation allowance	<u>-</u>	<u>-</u>
Provision for income taxes	<u>\$ (6,595)</u>	<u>\$ 4,846</u>

3. CUSTOMER PROTECTION – RESERVES AND CUSTODY SECURITIES

The Company does not hold funds or securities for customers and, accordingly, is exempt from the provisions of Rule 15c3-3 under the Securities Exchange Act of 1934, pursuant to Paragraph (k)(2)(i) of such rule. Rule 15c3-3 provides for the maintenance by broker-dealers of basic reserves with respect to customers' cash and securities and enumerates standards relating to the physical possession of customers' securities.

The Company carries no customer-regulated commodities futures accounts; therefore, the computation of segregated funds pursuant to Section 4d(2) of the Commodity Exchange Act is not applicable.

Supplemental Schedule of Computation
of Net Capital for Brokers and
Dealers Pursuant to Rule 15c3-1
under the Securities and Exchange Act of 1934

DECEMBER 31, 2006

CRD #45880

TOTAL STOCKHOLDER'S EQUITY (from statement of financial condition)	\$ 130,388
Less nonallowable assets:	
Accounts receivable and due from affiliate	(60,058)
Deferred Tax Asset	(6,595)
Prepaid expenses and deposits	<u>(16,000)</u>
Tentative net capital	47,735
Less haircuts	<u>172</u>
Total net capital as defined by Rule 15c3-1	47,563
Minimum net capital required under Rule 15c3-1	<u>5,000</u>
Net capital in excess of minimum requirement (1)	<u>\$ 42,563</u>

- (1) There are no material differences between the above computation and that filed by the Company on its unaudited Form X-17A-5 as of December 31, 2006; therefore, no reconciliation between the two computations is necessary

**Report of Independent Public Accountants on
Internal Control Structure Required by Rule 17a-5
of the Securities and Exchange Commission**

February 19, 2007

The Shareholder
Energy Spectrum Advisors, Inc.

In planning and performing our audit of the financial statements and supplemental schedule of Energy Spectrum Advisors, Inc. (the "Company") for the year ended December 31, 2006, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by the Company that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of net capital under Rule 17a-3(a)(11) and in determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company (1) in making quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13; (2) in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the board of governors of the Federal Reserve System; and (3) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

ENERGY SPECTRUM ADVISORS, INC.
(A Texas Corporation)

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

In addition, no facts came to our attention indicating that the exemptive provision of Rule 15c3-3 has not been complied with during the year.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our consideration of the internal control structure, we believe that the Company's practices and procedures were adequate at December 31, 2006 to meet the SEC's objectives.

This report is intended solely for the use of stockholder, management, the SEC, the National Association of Securities Dealers, and other regulatory agencies which rely on Rule 17a-5(g) under the Act and should not be used for any other purpose.
