## INDEPENDENT AUDITORS' REPORT

To the Board of Directors of  
EDI Financial, Inc.:

We have audited the accompanying statement of financial condition of EDI Financial, Inc. as of March 31, 2007, and the related statements of operations, changes in stockholders' equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of EDI Financial, Inc. as of March 31, 2007, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

See notes to financial statements and independent auditors' report.

**EDI FINANCIAL, INC.**  
**Notes to the Financial Statements**  
**March 31, 2007**

**Note 1 -Nature of Business**

EDI Financial, Inc. (Company) is registered as a broker/dealer with the Securities and Exchange Commission (SEC) and is a member of the National Association of Security Dealers, Inc. (NASD). The Company operates under the provisions of Paragraph K (2)(ii) of Rule 15c3-3 of the SEC, and accordingly is exempt from the remaining provisions of that Rule. The Company's customers consist primarily of individuals located throughout the United States of America.

**Note 2 -Significant Accounting Policies**

Basis of Accounting

These financial statements are presented on the accrual basis of accounting in accordance with generally accepted accounting principles whereby revenues are recognized in the period earned and expenses when incurred.

Cash equivalents

For purposes of the statements of cash flows, the Company considers short-term investments, which may be withdrawn at any time without penalty, and restricted cash, which will become available within one year from the date of the financial statements, to be cash equivalents.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Securities Transactions

Security transactions and the related commission revenues and expenses are recorded on the trade date.

Depreciation

The Company's policy is to capitalize all fixed asset with a useful life greater than one year. These items are then depreciated over the estimated useful lives of the assets using the straight line method as follows:

Furniture and fixtures	7 years
Computer equipment	3 years

**EDI FINANCIAL, INC.**  
**Notes to the Financial Statements**  
**March 31, 2007**

**Note 2 -Significant Accounting Policies (Continued)**

Insurance Commissions

Insurance commissions are recorded when the insurance products are funded by the customer and the commission is earned.

Trading Profit

Trading profits include gains and losses on securities traded as well as adjustments to record securities positions at market value.

Financial instruments and credit risk

Financial instruments that potentially subject the Company to credit risk include cash, receivables from clearing broker-dealers and securities owned. The Company had cash balances in excess of federally insured limits of \$100,000 at various times during the year. Receivables from clearing broker-dealers represent cash deposited and commissions receivable from these broker dealers and are insured by the Securities Investor Protection Corporation. Securities owned consist of securities held for trading purposes. Securities that are marketable are stated at fair market value (as determined by quoted market prices) and securities not readily marketable are carried at fair value as determined by management of the Company. The increase or decrease in net unrealized appreciation or depreciation of securities is credited or charged to operations.

Income Taxes

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. In addition, a valuation allowance is established to reduce any deferred tax asset in which the Company is not able to determine on a more likely than not basis that the deferred tax asset will be realized.

The Company is also subject to the Texas Franchise tax at 4.5% of Federal taxable income.

**EDI FINANCIAL, INC.**  
**Notes to the Financial Statements**  
**March 31, 2007**

**Note 3 -Property and Equipment**

As of March 31, 2007, property and equipment consisted of the following:

Office furniture	\$ 16,044
Computer equipment	13,032
	<u>29,076</u>
Accumulated depreciation	(10,385)
Property and equipment, net	\$ <u>18,691</u>

**Note 4 -Net Capital Requirements**

The Company is subject to the SEC uniform net capital rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At March 31, 2007, the Company had net capital and net capital requirements of \$235,807 and \$100,000, respectively. The Company's aggregate indebtedness to net capital ratio was 2.46 to 1.

**Note 5 -Income Taxes**

Federal income tax expense for the year ended March 31, 2007 totaled \$80. The actual Federal income tax provision differs from the amount computed by applying the Federal corporate income tax rate of 15% in 2007 to income before taxes as follows:

Expected Federal tax expense	\$ 1,398
Non-deductible expenses	622
Other items	<u>(1,940)</u>
Income tax expense	\$ <u>80</u>

The deferred tax liabilities recorded on the balance sheet as of March 31, 2007 are related to the following:

Fixed assets, net	\$ <u>2,225</u>
-------------------	-----------------

**Note 6 - Commitments and Contingencies**

Litigation

The Company is involved in various claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on the Company's financial position, results of operation, and liquidity.

**EDI FINANCIAL, INC.**  
**Notes to the Financial Statements**  
**March 31, 2007**

**Note 6 - Commitments and Contingencies (Continued)**

Clearing Agreement

Included in the Company's clearing agreement with its clearing broker-dealer, is an indemnification clause. This clause relates to instances where the Company's customers fail to settle security transactions. In the event this occurs, the Company will indemnify the clearing broker-dealer to the extent of the net loss on any unsettled trades. At March 31, 2007, management of the Company had not been notified by the clearing broker-dealer, nor were they otherwise aware, of any potential losses relating to this indemnification.

Leases

The Company has entered into leases for certain administrative office space and equipment. A summary of the total minimum lease payments under non-cancelable operating leases for office space and equipment follows:

<u>Year Ending March 31,</u>		<u>Minimum Lease Payments</u>
2007	\$	61,617
2008	\$	51,348
2009	\$	-
2010	\$	-
2011	\$	-

During the year ended March 31, 2006, rental expense under these leases totaled \$52,815.

**Note 7 -Securities**

Securities include stocks and options to purchase and sell the stocks of publicly traded companies.

**Note 8 -Related Party Transactions**

The Company earns fee income related to insurance products from an insurance agency owned by a stockholder of the Company. Total insurance commissions earned from this related party were approximately \$352,000 during the year.

**Note 9 -Repurchase and Retirement of Common Stock**

On December 5, 2006, the Company repurchased and retired 100% of the 1,205 nonvoting common stock shares at fair market value of \$9,442, as determined by third party valuation specialist.

Audit adjustments to record accrued commissions receivable and to accrue related commissions payable	<u>5,381</u>
Net capital per above	<u><u>\$235,870</u></u>

See notes to financial statements and independent auditors' report.

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL

To the Board of Directors of  
EDI Financial, Inc.:

In planning and performing our audit of the financial statements and supplemental schedule of EDI Financial, Inc. (the Company) for the year ended March 31, 2007, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5 (g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at March 31, 2007 to meet the SEC's objectives.

This report is intended solely for use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc. and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
