**HENNIKER RIVER ADVISORS, LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2006 AND 2005**

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

The Company was incorporated in the State of Delaware on January 27, 2005 to conduct business as a registered broker-dealer under the Securities and Exchange Act of 1934. The Company acts principally as a representative of business clients in the private placements of their securities arising from mergers, acquisitions, divestitures, recapitalizations, debts, mezzanine and equity financing.

Income Taxes

The Company is a Limited Liability Company and is taxed as a partnership for federal income tax purposes. Consequently, income or loss flows directly to the members, and income taxes are determined at the member level.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities as of the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - NET CAPITAL

As a broker-dealer, the Company is subject to the Securities and Exchange Commission's regulations and operating guidelines which require the Company to maintain a specified amount of net capital, as defined, and a ratio of aggregate indebtedness to net capital, as defined, not exceeding 15 to 1. The Company's net capital as computed under Rule 15c3-1, was \$9,424 at December 31, 2006, which exceeded required net capital of \$5,000 by \$4,424 and did not differ from the unaudited calculation of net capital per the Company's December 31st 2006 and 2005 Focus Report. **Independent Auditor's Report on Internal
Control Structure required by SEC Rule 17a-5**

To the Members
Henniker River Advisors, LLC

In planning and performing our audit of the financial statements and supplemental schedules of Henniker River Advisors, LLC for the years ended December 31, 2006 and 2005, we considered its internal control structure, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because Henniker River Advisors, LLC does not carry securities accounts for customers or perform custodial functions relating the customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) list additional objectives of the practices and procedures listed in the preceding paragraphs.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control; that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control, including control activities for safeguarding securities that we consider to be material weakness as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe the Company's practices and procedures were adequate at December 31, 2006 and 2005, to meet the Commission's objectives.

This report is intended solely for the use of the Members, the Securities and Exchange Commission, The National Association of Securities Dealers, Inc. and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.
