## Independent Auditor's Report

To the Member  
Mosaic Funds Distributor, LLC  
Madison, Wisconsin

We have audited the accompanying statement of financial condition of Mosaic Funds Distributor, LLC (the "Company") as of December 31, 2006, and the related statements of operations, changes in member's capital, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Mosaic Funds Distributor, LLC as of December 31, 2006, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### Note 1. Nature of Business and Significant Accounting Policies

Nature of business: Mosaic Funds Distributor, LLC (the "Company") is a Wisconsin limited liability company formed on December 19, 1997, and is a registered broker dealer with the Securities and Exchange Commission (SEC) and a member of the National Association of Securities Dealers, Inc (NASD). The Company is a wholly owned subsidiary of Madison Investment Advisors, Inc. The Company's sole business activities are to serve as the marketing agent and distributor of the Madison Mosaic family of no-load mutual funds.

The Company operates under the provisions of paragraph (k)(1) of rule 15c3-3 of the SEC and, accordingly, is exempt from the remaining provisions of rule 15c3-3. Essentially, the requirements of paragraph (k)(1) provide that the Company limits its transactions to the purchase, sale, and redemption of redeemable securities of mutual funds and promptly transmits all funds received and delivers securities to customers.

The following is a summary of the Company's significant accounting policies:

Accounting estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Revenue recognition: Contract revenue represents amounts earned for services related to its marketing and distribution of mutual funds. Contract revenue is earned as such services are provided.

Cash equivalents: The Company considers cash and short-term liquid investments with a maturity date, when purchased, of three months or less to be cash or cash equivalents.

Securities and other investments owned: Securities owned include a certificate of deposit with a maturity greater than 90 days held at a reputable financial institution.

Income tax status: The Company is organized as a limited liability company. Accordingly, the member separately accounts for the Company's items of taxable income, deductions, losses, and credits. As a result, no income taxes have been recognized in the accompanying financial statements.

New accounting pronouncements: In September 2006, the FASB issued SFAS No. 157, *Fair Value Measurements*, which establishes a single authoritative definition of fair value, sets out a framework for measuring fair value and requires additional disclosures about fair-value measurements. SFAS No. 157 is effective for fiscal years beginning after November 15, 2007. The Company is currently evaluating the provisions of SFAS No. 157 and the potential effect on its financial position and results of operations.

In June 2006, the FASB issued Interpretation No. 48, *Accounting for Uncertainty in Income Taxes*, which defines the threshold for recognizing the benefits of tax return positions in the financial statements as "more-likely-than-not" to be sustained by the taxing authority. Interpretation No. 48 applies to all tax positions accounted for under SFAS No. 109, *Accounting for Income Taxes*. Interpretation No. 48 is effective as of the beginning of the first fiscal year beginning after December 15, 2006. The Company is currently analyzing the effects of adopting Interpretation No. 48 and has not yet determined if the adoption will have a material effect on its financial position and results of operations.

**Notes to Financial Statements**

**Note 2. Net Capital Requirements**

The Company is a broker-dealer subject to the SEC Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn if the resulting net capital ratio would exceed 10 to 1. At December 31, 2006, the Company had net capital of \$39,050, which was \$34,050 in excess of its required net capital of \$5,000. The Company's net capital ratio was 5.12 to 1.

**Note 3. Significant Business Relationships and Related Party Transactions**

The Company relies entirely on the operational support of Madison Mosaic, LLC, another wholly owned subsidiary of Madison Investment Advisors, Inc., for its day-to-day staffing and operations. All persons associated with the Company are employees of Madison Mosaic, LLC (or another Madison Investment Advisors, Inc. affiliate) and such firms share office space and supplies. The relationship between the Company and Madison Mosaic, LLC is documented in a Services Agreement between the companies dated January 29, 1998 and in a Distributor Services Compensation Agreement dated July 1, 2000 (Service Agreements). The Service Agreements will terminate in the event Madison Mosaic, LLC or Madison Investment Advisors, Inc. ceases to serve as the investment advisor to the Madison Mosaic family of mutual funds. The Company earned contract revenue from Madison Mosaic, LLC in the amount of \$27,922 for the year ended December 31, 2006.

At December 31, 2006, included in other assets is \$2,200 due from Madison Mosaic, LLC.

## Independent Auditor's Report on Internal Control

To the Member  
Mosaic Funds Distributor, LLC  
Madison, Wisconsin

In planning and performing our audit of the financial statements of Mosaic Funds Distributor, LLC (the "Company") as of and for the year ended December 31, 2006, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- (1) Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
- (2) Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or a combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of the managing member, management, the SEC, the National Association of Securities Dealers, Inc., and other regulatory agencies which rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
