We have audited the accompanying statement of financial condition of Brinker Capital Securities, Inc. (the Company), a wholly owned subsidiary of Brinker Capital Holdings, Inc., as of December 31, 2006. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. (A Wholly Owned Subsidiary of Brinker Capital Holdings, Inc.)

Notes To Financial Statement

December 31, 2006

Note A – Business and Organization

Brinker Capital Securities, Inc. (“the Company”) is a wholly owned subsidiary of Brinker Capital Holdings, Inc. (the “Parent”). The Company was incorporated on February 8, 1995 for the purpose of doing business as a registered broker-dealer. The Company is registered with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers (NASD). The Company commenced operations on October 23, 1995 as an introducing broker-dealer for various Brinker Capital, Inc. advisory clients. The parent is an affiliated investment advisor.

The Company clears its securities transactions on a fully disclosed basis through National Financial Services, and First Clearing Corporation (“the clearing brokers”).

Note B – Significant Accounting Policies

Revenue Recognition

Commissionable transactions in securities are recorded on a trade date basis.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than ninety days, which are not held for sale in the ordinary course of business.

Investments

Marketable securities are valued at market value, and securities not readily marketable are valued at fair value as determined by management.

Taxes

No provision has been included in the accompanying financial statements for any federal, state or local income taxes since, pursuant to provisions of the applicable taxing authorities, each item of income, gain, loss, deduction or credit is reportable by the Parent as the Company has elected Subchapter S status.

Securities Sold, Not Yet Purchased

Securities transactions and related revenues and expenses are recorded on a trade date basis. Securities sold, not yet purchased, represent obligations to deliver specified securities at predetermined prices. The Company is obligated to acquire the securities sold short at prevailing market prices in the future to satisfy these obligations. Arbitrage positions included in securities sold, not yet purchased result from buying or selling a security subject to exchange, conversion or reorganization and selling or buying a security or securities to be received upon the exchange, conversion or reorganization.

At December 31, 2006, no cash was restricted as there were no such transactions described above.

Note C – Clearing Agreements

The Company has agreements with the clearing firms (the “Brokers”) to carry its customer accounts. The Brokers have custody of the Company’s securities and, from time to time, cash balances which may be due from the Brokers.

These securities and cash positions serve as collateral for any amounts due to the Brokers as well as collateral for securities sold, not yet purchased or purchased on margin.

The Company is subject to credit risk if the Brokers are unable to repay balances due or deliver securities in its custody.

Note D – Regulatory Net Capital Requirements

The Company is subject to the Securities and Exchange Commission’s “Uniform Net Capital Rule” (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1.

At December 31, 2006, the Company’s net capital was \$260,136, which was \$160,136 in excess of its required net capital of \$100,000. The Company’s aggregate indebtedness/net capital ratio was 4%.

Under the clearing arrangement with the clearing brokers, the Company is required to maintain certain minimum levels of net capital and comply with other financial ratio requirements. At December 31, 2006, the Company was in compliance with all such requirements.

Note E – Special Account for the Exclusive Benefit of Customers

The Company is exempt from the provisions of Rule 15c3-3 of the Securities Exchange Act of 1934 and, therefore, is not required to maintain a “Special Reserve Bank Account for the Exclusive Benefit of Customers” since it meets the requirements of Rule 15c3-3(k)(2)(ii), which, among other provisions, requires the Company to clear all transactions with and for customers on a fully disclosed basis with a clearing broker or dealer which carried all of the accounts of such customers.

Note F- Transaction with Related Parties

The Company earned \$88,581 in commissions from securities transactions in customer accounts of an affiliate.

At December 31, 2006, the Company had a receivable from the parent in the amount of \$22,000.

Certain operational and administrative services are provided to the Company by its parent without charge or cost to the Company. The parent has irrevocably waived its right to bill and collect any amounts for these services for 2006. Accordingly, if the Company operated as independent entity, the results of operations of the Company would have been different from those actually presented.

The Company's fidelity bond coverage is provided by a plan in the name of its parent, which guarantees that it will pay any deductibles to the fidelity bond.
