## INDEPENDENT AUDITORS' REPORT

To the Board of Directors of  
D.B. McKenna & Co., Inc.  
Bennington, Vermont

We have audited the accompanying comparative balance sheet of D.B. McKenna & Co., Inc. as of December 31, 2006 and 2005, and the related statements of income, retained earnings and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of D.B. McKenna & Co., Inc. as of December 31, 2006 and 2005, and the results of its operations and its cash flows for the years then ended in conformity with generally accepted accounting principles, except for the use of tax depreciation basis for computing depreciation expense as described in the notes to the financial statements.

Respectfully submitted,

FEIDEN & GREENBERG, CPAs

## Report on Internal Controls Required by SEC Rule 17a-5

To the Board of Directors and Stockholders  
D.B. McKenna & Co., Inc.  
Bennington, Vermont

In planning and performing our audit of the financial statements and supplemental schedules of D.B. McKenna & Co., Inc. for the year ended December 31, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures, that we considered relevant to the objectives stated in Rule 17a-5(g), in the following:

- 1 - Making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11); and
- 2 - Determining compliance with the exemptive provisions of Rule 15c3-3.

The company does not carry securities accounts for customers or perform custodial functions relating to customer securities' we therefore did not perform reviews of practices and procedures for this function.

The management of the company is responsible for establishing and maintaining internal control and the practices and procedures. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control and of practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the company has responsibility are safeguarded against loss from unauthorized use or disposition and the transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting

principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control, errors or fraud may occur and not be detected. Also, projection of any evaluation of internal control to future periods is subject to the risk that control may become inadequate because of changes in conditions or that effectiveness of their designs and operations may deteriorate.

In our review of the internal controls of D.B. McKenna & Co., Inc. for the year ended, we noted no matters involving internal control that we consider to be material weaknesses. Based on our study we therefore believe that the company's practices and procedures were adequate at December 31, 2006 to meet the SEC's objectives.

This report is intended solely for the information and use of the board of directors, management, the Sec, the NASD and other regulatory agencies that rely on Rule 17a-5(g) under the Securities and Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be used by anyone other than these parties.

Respectfully submitted,
