INDEPENDENT AUDITORS' REPORT

To the Member of Reliant Trading LLC (Formerly Reliant Trading)

We have audited the accompanying statement of financial condition of Reliant Trading LLC (the "Company"), as of December 31, 2006. This statement of financial condition is the responsibility of the Company's management. Our responsibility is to express an opinion on this statement of financial condition based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit of the statement of financial condition provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above present fairly, in all material respects, the financial position of Reliant Trading LLC as of December 31, 2006, in conformity with accounting principles generally accepted in the United States of America.

Rothstein, Kass & Company, P.C.

NOTES TO FINANCIAL STATEMENTS

1. Nature of operations and summary of significant accounting policies

Nature of Operations

Reliant Trading LLC (formerly Reliant Trading) (the "Company"), commenced operations on October 1, 1994. During the year, the Company converted from a Wisconsin partnership to a Delaware limited liability company. Stark Offshore Management, LLC (the "Managing Member") replaced Stark Onshore Management, LLC as the Managing Member of the Company. In addition, all membership interest in the Company was transferred to Stark & Roth, Inc. ("S&R"), a related Wisconsin corporation, with S&R becoming the sole member of the Company at December 31, 2006.

The Company is a broker-dealer registered with the Securities and Exchange Commission and is a member of the National Association of Securities Dealers, Inc. The Company's principal operations consist of trading and investing in securities for its own account.

Basis of Presentation

These financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

Valuation of Investments in Securities and Securities Sold Short

The Company values investments in securities and securities sold short that are freely tradable and are listed on a national securities exchange or reported on the NASDAQ national market at their last sales price as of the last business day of the period. Investments not so listed are valued at the mean between the last reported "bid" and "asked" prices. Convertible securities are valued at their conversion value, if such value more accurately represents the price obtainable for the security. If the securities constitute a block which, in the judgment of the Managing Member, could not be liquidated in a reasonable time without depressing or inflating the market, such block may be valued by the Managing Member, provided that such value does not exceed, for a long position, or fall below, for a short position, the quoted market price of such security.

Financial Instruments

In the normal course of business, the Company utilizes derivative financial instruments in connection with its proprietary trading activities. The Company records its derivative activities at market or fair value. Gains and losses from derivative financial instruments are included in net gain (loss) on investments in the statement of operations.

Translation of Foreign Currency

Assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts at the period end exchange rates. Purchases and sales of investments, and income and expenses, that are denominated in foreign currencies, are translated into U.S. dollar amounts on the transaction date. Adjustments arising from foreign currency transactions are reflected in the statement of operations.

The Company does not isolate that portion of the results of operations arising from the effect of changes in foreign exchange rates on investments from fluctuations from changes in market prices of investments held. Such fluctuations are included in net gain (loss) on investments in the statement of operations.

RELIANT TRADING LLC

(Formerly Reliant Trading)

NOTES TO FINANCIAL STATEMENTS

1. Nature of operations and summary of significant accounting policies (continued)

Investment Transactions and Related Investment Income

Investment transactions are accounted for on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recognized on the accrual basis. Where applicable, discounts and premiums on securities purchased are amortized over the lives of the respective securities.

Income Taxes

The Company does not record a provision for income taxes because the members report their share of the Company's income or loss on their income tax returns. The financial statements reflect the Company's transactions without adjustment, if any, required for income tax purposes.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Managing Member to make estimates and assumptions that affect the amounts disclosed in the financial statements. Actual results could differ from those estimates.

2. Related party transactions

The Company pays a management fee to S&R. The management fee is computed based on the net asset value of the Company at the end of each month, which is divided into two separate net asset values for purposes of calculating the management fee, as determined by the Company's applicable percentage of Stark Investments Limited Partnership's ("SILP"), a related party and majority investor during the year, underlying investors' aggregate capital accounts, as detailed below:

- 1) 1¼% per annum of the Company's applicable percentage of SILP's underlying investors' aggregate capital accounts who participate in Special Investments.
- 2) 2% per annum of the Company's applicable percentage of SILP's underlying investors' aggregate capital accounts who do not participate in Special Investments.

The fee is calculated monthly and paid quarterly. Management fees for the year ended December 31, 2006 were used primarily to cover payroll costs incurred by the Company.

During the year, the Company transferred securities with a cost of approximately \$31,100,000 and a market value of approximately \$43,100,000 to affiliated entities.

3. Net capital requirements

The Company is a member of the National Association of Securities Dealers, Inc. and is subject to the Securities and Exchange Commission Uniform Net Capital rule 15c3-1. This Rule requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1, and that members' capital may not be withdrawn if the resulting net capital ratio would exceed 10 to 1. At December 31, 2006, the Company's net capital was approximately \$20,000, which was approximately \$15,000 in excess of its minimum requirement of \$5,000.

RELIANT TRADING LLC

(Formerly Reliant Trading)

NOTES TO FINANCIAL STATEMENTS

4. Exemption from rule 15c3-3

The Company is exempt from the Securities and Exchange Commission Rule 15c3-3 pursuant to the exemptive provision under sub-paragraph (k)(2)(ii) and, therefore, is not required to maintain a "Special Reserve Bank Account for the Exclusive Benefit of Customers".
