INDEPENDENT AUDITORS' REPORT

We have audited the accompanying statement of financial condition of Holloway & Associates, Inc. as of December 31, 2006, and the related statements of income, changes in stockholder's equity, the computation of net capital requirement and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the accompanying financial statements, including the net capital computation, were prepared as required by the Securities and Exchange Commission.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Holloway & Associates, Inc. as of December 31, 2006, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

HOLLOWAY & ASSOCIATES, INC.
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2006

NOTE 1. FORM OF PRESENTATION

These financial statements are presented as the Annual Audited Report Form X-17A-5, Part IIA, as required by the Securities and Exchange Commission. This information is required of brokers and dealers. Holloway & Associates, Inc. holds membership in the National Association of Securities Dealers, and, as such, is also required to file an annual report with that association.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Significant accounting policies are as follows:

Property and Equipment

The major groups of equipment consist of:

Machinery and Equipment	\$ 11,595
Furniture and Fixtures	<u>5,298</u>
	16,893
Less Accumulated Depreciation	<u>16,893</u>
TOTAL	<u>\$ 0</u>

Depreciation

Depreciation is provided primarily on accelerated methods, including IRS Code Section 179 deductions, used for federal income tax purposes over the applicable life of the depreciable asset. All fixed assets have been fully depreciated. Depreciation expense for 2006 was zero.

Income Taxes

The Company has elected to have its income taxed under Subchapter S of the Internal Revenue Code, which provides that, in lieu of corporate income taxes, the shareholder is taxed on his proportionate share of the Company's taxable income. Therefore, a provision or liability for federal or state income taxes is not included in these financial statements. In addition, deferred income taxes have not been calculated.

Minimum Net Capital Requirement

Effective July 1, 1994, the Company must maintain minimum net capital of \$5,000.

Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents.

HOLLOWAY & ASSOCIATES, INC.
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2006

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash Management

The Company invests its working cash balances in interest bearing accounts whenever possible. Cash accounts are adequately covered by FDIC insurance at the end of the calendar year.

Risk Management

The Company carries commercial general, property, employee, and liability insurance coverage. Insurance needs and coverage are reviewed periodically.

NOTE 3. LEASE AGREEMENTS

INDEPENDENT AUDITORS' SUPPLEMENTARY
REPORT ON INTERNAL CONTROL STRUCTURE REQUIRED BY
SEC RULE 17a-5

In planning and performing our audit of the financial statements of Holloway & Associates, Inc. for the year ended December 31, 2006, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures followed by Holloway & Associates, Inc., including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g): (1) making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and the reserve required by rule 15c-3(e); (2) making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13; (3) complying with the requirements for prompt payment for securities under section 8 of Regulations T of the Board of Governors of the Federal Reserve System; and (4) obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing the assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the New York Stock Exchange, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.
