An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. GFG SECURITIES, LLC
NOTES TO STATEMENT OF FINANCIAL CONDITION

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business and Organization

GFG Securities, LLC., (the Company) incorporated on March 2, 2004, in the State of Delaware, and on January 26, 2005 received authorization from the National Association of Securities Dealers, Inc. to operate as a registered broker dealer. The Company provides distribution and consulting services for mutual funds.

The Company is a wholly owned subsidiary of GFG Holdings, LLC., (the Parent).

Government and Other Regulation

The Company's business is subject to significant regulation by various governmental agencies and self-regulatory organizations. Such regulation includes, among other things, periodic examinations by these regulatory bodies to determine whether the Company is conducting and reporting its operations in accordance with the applicable requirements of these organizations.

Deposits with Financial Institutions

The Company may during the course of operations, maintain cash deposits in excess of federally insured limits.

Receivables

Accounts receivable are uncollateralized customer obligations due under normal trade terms. The carrying amount of accounts receivable may be reduced by an allowance that reflects management's best estimate of the amounts that will not be collected. Management individually reviews all accounts receivable balances and based on an assessment of current credit worthiness, estimates the portion, if any, of the balance that will not be collected. As management believes that the accounts recorded are fully collectable and are therefore stated at net realizable value, at December 31, 2006, management has no allowance for doubtful accounts. At December 31, 2006, three mutual fund companies accounted for all of the Company's total accounts receivable.

Property and Equipment

Property and equipment is recorded at cost. Expenditures for major betterments and additions are charged to the asset accounts while replacements, maintenance and repairs which do not improve or extend the lives of the respective assets are charged to expense currently.

Depreciation of property and equipment is computed using the straight-line method based upon an estimated useful life of 3 years.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Company is not subject to income taxes as it is a disregarded entity for income tax purposes as a single member limited liability company, whose operations are reflected in the tax return of the Company's sole member.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE 2. NET CAPITAL REQUIREMENTS

As a registered broker-dealer, the Company is subject to the Uniform Net Capital Rule of the Securities and Exchange Commission, which requires that "Net Capital", as defined, shall be at least the greater of \$5,000 or 6 2/3% of "Aggregate Indebtedness", as defined. At December 31, 2006, the Company's "Net Capital" was \$14,498 which exceeded requirements by \$9,498, and the ratio of "Aggregate Indebtedness" to "Net Capital" was 0.87 to 1.

NOTE 3. RELATED PARTY AND LEASE COMMITMENT

The Company leases its office space facility located in Miami, Florida from the Parent. The current lease expires in 2011.

At December 31, 2006, approximate future minimum lease payments under noncancelable operating leases, with lease terms in excess of one year are as follows:

2007	\$	6,000
2008		6,000
