INDEPENDENT AUDITOR'S REPORT ON

INTERNAL CONTROL

To the Board of Directors
Charter Oak Asset Management, Inc.
Cheshire, Connecticut

In planning and performing our audit of the financial statements, we considered the Company's internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure. We noted no certain matters involving the internal control structure and its operation that we considered to be reportable conditions under standards established by the American Institute of Certified Public Accountants.

Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgement, could adversely affect the organization's ability to record, process, summarize and report financial data consistent with the assertions of management in financial statements.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be a material weakness.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

This report is intended for the information of the management of Charter Oak Asset Management, Inc. and the National Association of Securities Dealers, Inc.

To the Board of Directors
and Stockholders of:
Charter Oak Asset Management, Inc.
Cheshire, Connecticut

We have audited the accompanying balance sheet of Charter Oak Asset Management, Inc. as of December 31, 2006 and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
