To the Board of Directors and Stockholders
Spectrum Capital, Inc.

We have audited the accompanying statement of financial condition of Spectrum Capital, Inc. as of December 31, 2006, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit of the financial statements provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Spectrum Capital, Inc. at December 31, 2006, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental information, as listed in the index, is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

ORGANIZATION AND OPERATIONS

Spectrum Capital, Inc. is an introducing broker-dealer registered with the National Association of Securities Dealers (NASD). The Company is engaged in the sale of mutual funds, stocks, bonds, variable annuities, and variable universal life insurance. The Company executes and clears trades through an unaffiliated brokerage firm on a fully disclosed basis.

The Company is a wholly owned subsidiary of Premier Financial, Inc.

ACCOUNTING POLICIES

Accounting Method

The financial statements are prepared on the accrual basis of accounting. Commission income is recorded on a trade-date basis.

Depreciation and Amortization

Depreciation and amortization are computed on the straight-line method over the estimated useful lives of the assets.

Income Taxes

The Company is included in the consolidated income tax return of its parent company. No provision for income taxes has been made in the accompanying financial statements because the Company has elected to be taxed as a "qualified sub-chapter S subsidiary." Under this election, the Company's net income is reported by the shareholders of the parent company on their individual returns.

Use of Estimates

The financial statements are prepared in conformity with accounting principles generally accepted in the United States of America and, accordingly, include amounts that are based on management's estimates and judgments.

NON-COMPETE AGREEMENT, NET

The non-compete agreement is being amortized over its three-year life using the straight-line method. Amortization expense for 2006 is \$27,083.

Cost	\$ 150,000
Accumulated Amortization	<u>(150,000)</u>
Book Value, December 31, 2006	<u><u>0</u></u>

FURNITURE AND EQUIPMENT, NET

Furniture and equipment are as follows:

	<u>Estimated Lives</u>	<u>Cost</u>	<u>Net Investment</u>
Computer Equipment	5 years	\$ 37,399	\$ 10,467
Office Furniture and Equipment	7 years	18,822	10,847
Computer Software	3-5 years	<u>27,527</u>	<u>755</u>
		<u>\$ 83,748</u>	<u>\$ 22,069</u>

Depreciation expense is \$15,734 for 2006. Accumulated depreciation at December 31, 2006, is \$61,679.

GOODWILL

Goodwill arises from the purchase of assets from the former parent company. The purchase cost in excess of the fair value of tangible and identifiable intangible assets is recorded as goodwill. SFAS No. 142, "Goodwill and Other Intangible Assets," requires that goodwill not be amortized, but that it be reviewed annually for impairment. If, based on these reviews, goodwill is found to be impaired, the carrying value will be adjusted through a charge to earnings. Management believes that there has been no impairment of goodwill.

Cost and Carrying Value \$ 243,000

NET CAPITAL AND NET CAPITAL REQUIREMENT

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires maintenance of minimum net capital of \$50,000 and requires that the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1. At December 31, 2006, the Company had net capital of \$61,919 and a net capital ratio of 5.7 to 1.

RELATED-PARTY TRANSACTIONS

The Company paid its parent for the following items:

Management Fee	\$ 81,434
Reimbursement of Employee Benefits	39,043
Reimbursement of Insurance	34,022

The parent paid the Company for the following item:

Reimbursement of Office Wages	\$ 21,079
-------------------------------------	-----------

The Company paid its sole shareholder for the following item:

Commissions	\$ 18,106
-------------------	-----------

Included in Other Receivables is \$39,198 that is due from the parent company; it is treated as an open account.

OPERATING LEASES

The Company leases its office space under a lease ending May 31, 2010, which calls for monthly rent of \$3,234, increasing to \$3,443 in December 2008. It also leases office equipment for a total of \$554 per month under leases ending in 2007 and 2008.

Minimum lease payments are as follows:

2007	\$ 45,272
2008	42,661
2009	41,316
2010	17,215

Total rent expense for all operating leases is \$56,585 in 2006.

RETIREMENT PLAN

The Company has a Savings Incentive Match Plan for Employees of Small Employers (SIMPLE). Under the plan, the employee may make contributions of up to \$10,000 annually. The Company has chosen to make non-elective contributions of 2%. Expense under this plan was \$5,964 for the year ended December 31, 2006.

FINANCIAL INSTRUMENTS AND CREDIT CONCENTRATION RISKS

The Company utilizes a carrying broker to execute and settle securities transactions on behalf of the Company's customers. In the event that a Company customer is unable to fulfill his contractual obligations, the Company is required to indemnify the carrying broker for any loss suffered.

Bank balances often exceed the FDIC insured limit of \$100,000.

Approximately 30% of the Company's revenue comes from a group of affiliated banks. The agreement with these banks expires in July 2009.

Part B

21. 2% of combined aggregate debit items as shown in Formula for Reserve Requirements pursuant to Rule 15c3-3 prepared as of the date of the net capital computation including both brokers or dealers and consolidated subsidiaries' debits	\$		3970
22. Minimum dollar net capital requirement of reporting broker or dealer and minimum net capital requirement of subsidiaries computed in accordance with Note (A)	\$		3880
23. Net capital requirement (greater of line 21 or 22)	\$		3760
24. Excess capital (line 10 less 23)	\$		3910
25. Net capital in excess of the greater of:			
A. 5% of combined aggregate debit items or \$120,000	\$		3920

NOTES:

- (A) The minimum net capital requirement should be computed by adding the minimum dollar net capital requirement of the reporting broker dealer and, for each subsidiary to be consolidated, the greater of:
 1. Minimum dollar net capital requirement, or
 2. 6 $\frac{2}{3}$ % of aggregate indebtedness or 4% of aggregate debits if alternative method is used.
- (B) Do not deduct the value of securities borrowed under subordination agreements or secured demand note covered by subordination agreements not in satisfactory form and the market values of memberships in exchanges contributed for use of company (contra to item 1740) and partners' securities which were included in non-allowable assets.
- (C) For reports filed pursuant to paragraph (d) of Rule 17a-5, respondent should provide a list of material non-allowable assets.

35	4640	4641	4642	4643	4644	4645
			Total \$ ³⁶	0	4699	

OMIT PENNIES

Instructions: Detail Listing must include the total of items maturing during the six month period following the report date, regardless of whether or not the capital contribution is expected to be renewed. The schedule must also include proposed capital withdrawals scheduled within the six month period following the report date including the proposed redemption of stock and anticipated accruals which would cause a reduction of Net Capital. These anticipated accruals would include amounts of bonuses, partners' drawing accounts, taxes, and interest on capital, voluntary contributions to pension or profit sharing plans, etc., which have not been deducted in the computation of Net Capital, but which you anticipate will be paid within the next six months.

WITHDRAWAL CODE:	DESCRIPTIONS
1.	Equity Capital
2.	Subordinated Liabilities
3.	Accruals

SPECTRUM CAPITAL, INC.

In planning and performing our audit of the financial statements of Spectrum Capital, Inc. (the Company), as of and for the year ended December 31, 2006, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above. However, we identified the following deficiency in internal control that we consider to be a significant deficiency, as defined above. This condition was considered in determining the nature, timing, and extent of the procedures performed in our audit of the financial statements of Spectrum Capital, Inc. as of and for the year ended December 31, 2006, and this report does not affect our report thereon dated February 20, 2007.

The Company needs to improve its system of recording and reporting monthly accounts payable.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of the board of directors, management, the SEC, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
