Independent Auditors' Report

Kendrick Pierce Securities, Inc.
Tampa, Florida:

We have audited the accompanying statement of financial condition of Kendrick Pierce Securities, Inc. (the "Company") at December 31, 2006, and the related statements of income, changes in stockholder's equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2006, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

December 31, 2006 and the Year then Ended

(1) Nature of Business and Summary of Significant Accounting Policies

Nature of Business. Kendrick Pierce Securities, Inc. (the "Company"), a Florida corporation, is a wholly-owned subsidiary of Kendrick Pierce & Company, Inc. ("Parent") and provides investment banking, financial advisory services and merger and acquisition advisory services.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Securities Transactions. Securities transactions are recorded on the trade date, as if they had settled. Profit and loss arising from all securities and transactions entered into for the account and risk of the Company are recorded on a trade date basis. Marketable securities are valued at market value, and securities not readily marketable are valued at fair value as determined by management.

Revenue Recognition. The Company recognizes revenue from investment banking and investment advisory services upon completion of the related transactions.

Income Taxes. The Parent's shareholders have elected for it to be treated as an S-Corporation and have elected for the Company to be treated as a qualified Subchapter S subsidiary. For federal and state income tax purposes all items of income and expense flow through to its stockholders. Therefore no provision for income taxes has been reflected in these financial statements.

(2) Securities Owned

Marketable securities owned consist of investment securities at market values, as follows:

	<u>Owned</u>
Equities	\$ 226,397
Money markets	<u>45,221</u>
Total securities owned	\$ <u>271,618</u>

(continued)

Notes to Financial Statements, Continued

(3) Net Capital Requirements

The Company is subject to the Securities and Exchange Commission uniform net capital rule (SEC Rule 15c3-1) which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness must not exceed net capital as those terms are defined by a ratio of more than 15 to 1. At December 31, 2006 the Company's minimum net capital requirement was \$5,000. The Company's net capital computed in accordance with the Rule of the Commission amounted to \$363,847 and the Company did not have any aggregate indebtedness at December 31, 2006.

(4) Economic Dependence

During the year ended December 31, 2006, the Company derived revenues related to the sale of securities, from five customers aggregating 81% of total revenues.

(5) Related Party Transactions

During the year ending December 31, 2006, the Parent provided the Company with administrative services such as payroll, facility rent, and certain professional services. In addition, the Company has prepaid \$230,000 for future services. The Company expects to realize the benefit of the prepaid management fees through July of 2007.

(6) Contingencies

Various legal claims also arise from time to time in the normal course of business which, in the opinion of management, will have no material effect on the Company's financial statements.

KENDRICK PIERCE SECURITIES, INC.**Computation of Net Capital Under Rule 15c3-1 of the
Securities and Exchange Commission****December 31, 2006****NET CAPITAL**

Report on Internal Control Required by SEC Rule 17a-5 for a Broker-Dealer Claiming an Exemption From SEC Rule 15c3-3

February 9, 2007

Kendrick Pierce Securities, Inc.
Tampa, Florida

Gentlemen:

In planning and performing our audit of the financial statements and supplemental schedules of Kendrick Pierce Securities, Inc. (the "Company"), as of and for the year ended December 31, 2006, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Hacker, Johnson & Smith PA
