Independent Auditor's Report

Board of Directors and Stockholders
R.F. Lafferty & Co., Inc.
80 Broad Street 26th Floor
New York, NY 10004

I have audited the accompanying statement of financial condition of R.F Lafferty & Co., Inc. as of December 31, 2006, and the related statements of income, cash flows, changes in stockholders' equity, and changes in liabilities subordinated to claims of general creditors for the twelve months then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on our audit.

I conducted the audit in accordance with generally accepted auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that the audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of R.F Lafferty & Co., Inc. as of December 31, 2006, and the results of their operations and their cash flows for the twelve months then ended in conformity with generally accepted accounting principles generally accepted in the United States.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I, II and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL REQUIRED BY SEC
RULE 17a-5 FOR A BROKER DEALER CLAIMING AN EXEMPTION FROM SEC RULE
15c3-3.**

R.F. Lafferty & Co., Inc.
80 Broad Street
New York, NY 10004

In planning and performing the audit of the financial statements of R.F. Lafferty & Co. Inc., for the twelve months ended December 31, 2006, I considered its internal control structure, including procedures for safeguarding securities, in order to determine the auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5 (g) (1) of the Securities and Exchange Commission, I have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by R.F. Lafferty & Co., Inc, that I considered relevant to the objectives stated in rule 17a 5 (g) (I) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3 (a) (II) and the procedures for determining compliance with the exemptive provisions of rule 15c3-3. I did not review the practices and procedures followed by the company (I) in making the quarterly securities examinations, counts, verifications and comparisons and the recordation of differences required by Rule 17a-13 or (II) in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 14a-5 (g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

R.F. Lafferty & Co., Inc.

Because of inherent limitation in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness or their design and operation may deteriorate.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the internal control structure, including procedures for safeguarding securities, that I consider to be material weakness as defined above, except for:

The size of the business and resultant limited number of employees imposes practical limitations on the effectiveness of those internal control structure procedures that depend on the segregation of duties. Since this condition is inherent in the size of the Company, the specific weaknesses are not described herein and no corrective action has been taken or proposed by the Company.

The foregoing condition was considered in determining the nature, timing and extent of the procedures to be performed in our audit of the financial statements of R.F. Lafferty & Co., Inc. for the year ended December 31, 2006 and this report does not affect our report thereon dated February 12, 2007.

I have advised you of the limitations of the audit regarding the detection of fraud that is immaterial to the financial statements (including immaterial misappropriation of cash or other assets). I have offered to perform other agreed-upon procedures specifically designed to detect such immaterial fraud for an additional fee. Although you understand the limitation of my audit, you did not wish to engage me to perform any such additional procedures at this time.

R.F. Lafferty & Co., Inc.

I understand that practices and procedures that accomplish the objective referred to in the second paragraph of this report are considered by the Commission to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, I believe that the Company's practices and procedures were adequate at December 31, 2006, to meet Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission and other regulatory agencies which rely on Rule 17a-5 (g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
