INDEPENDENT AUDITORS' REPORT

We have audited the accompanying statements of financial condition of North Hampton Partners, L.P., as of December 31, 2006 and 2005, and the related statements of income, changes in partners' capital, and cash flows for the years then ended, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of North Hampton Partners, L.P. at December 31, 2006 and 2005, and the results of its operations, and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits of the financial statements were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the audit procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NORTH HAMPTON PARTNERS, L.P.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2006 AND 2005

NOTE 1. NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

North Hampton Partners, L.P. (the Partnership) was organized as a Delaware Limited Partnership on May 20, 1996 and shall continue until December 31, 2045, unless earlier dissolved or terminated. The Partnership was established to acquire, trade, lend and dispose of securities on its own account. The Partnership was granted a license as a broker/dealer by the NASD in 1997.

The Partnership's general partner, North Hampton Partners Corporation (the Corporation), directs the activities of the Partnership under the provisions of a management agreement between the entities. Except as provided under the Delaware Revised Uniform Limited Partnership Act, or by applicable law, no limited partner in its capacity as a limited partner, shall be liable for the debts, liabilities, contracts or any other obligation of the Partnership, except to the extent of their capital contribution, and no limited partner shall be required to loan funds to the Partnership. Additionally, capital contributions may be required only with the consensus of all partners.

Cash and Cash Equivalents

The Partnership considers cash in bank and all other highly liquid investments with an original maturity of less than three months to be cash and cash equivalents for purposes of the statement of cash flows. As of December 31, 2006 and 2005 the Partnership had no cash equivalents.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Securities Transactions

Securities transactions are recorded on the trade date, as if they had settled. Profit and loss arising from all securities transactions entered into for the account and risk of the Partnership are recorded on a trade date basis.

Marketable Trading Securities at Market Value

The Partnership trades only in securities whose market values are readily determinable. The difference between the cost and market value of securities held at December 31, 2006 is included in income. There were no open positions at December 31, 2005.

Commissions

Commissions and related clearing expenses are recorded on a trade date basis as securities transactions occur.

Furniture, Equipment and Leasehold Improvements

Furniture, equipment and leasehold improvements are stated at cost. The Partnership's policy is to capitalize acquisitions and improvements while expenditures for maintenance and repairs, which do not extend the useful lives of the assets, are charged to operations as incurred. The provision for depreciation is computed utilizing accelerated methods over the estimated useful lives of the related assets, ranging from 5 to 7 years, for financial statement purposes.

Depreciation expense for 2006 and 2005 was \$4,081 and \$6,719, respectively.

Furniture, equipment and leasehold improvements consist of the following:

	<u>2006</u>	<u>2005</u>
Equipment	\$ 40,515	\$ 33,536
Furniture and fixtures	34,570	34,570
Leasehold improvements	<u>783</u>	<u>-</u>
	75,868	68,106
Less accumulated depreciation	<u>(68,054)</u>	<u>(63,973)</u>
	<u>\$ 7,814</u>	<u>\$ 4,133</u>

Income Taxes

The financial statements do not include a provision for income taxes because the Partnership does not incur federal or state income taxes. Instead, its earnings and losses are included in the partners' personal income tax returns and are taxed based on their personal tax rates.

Securities Owned and Sold, But Not Yet Purchased

Marketable securities owned and sold, but not yet purchased consist of trading securities valued at market. All marketable securities are invested in corporate stocks that are readily marketable.

NOTE 2. COMMITMENTS

The Partnership rents two office spaces in Wellesley, Massachusetts under the terms of two agreements, both expired August 2005, at which time the leases were renewed for an additional three year term, through August 31, 2008. The leases required combined monthly payments of \$3,177 through August 2005, decreasing to \$2,880 per month through August 31, 2008.

The Partnership had a non-cancelable three-year lease agreement for its principal operating facilities in North Hampton, New Hampshire, expiring June 2006. The lease required monthly base payments that increased annually, every June 1, plus additional payments for the allocation of building and common area charges. The monthly base payments were \$2,643 in year one, \$2,722 in year two and \$2,804 in year three. In December 2005, the Partnership elected to close the North Hampton office. However, the Partnership remained liable for the remaining monthly base payments plus the additional payments for the allocation of building and common area charges, through June 2006. Accordingly, the remainder due on the lease of approximately \$19,000 was treated as a current period expense and was included in the accompanying statement of income at December 31, 2005.

The Partnership also rented office space in Beverly, Massachusetts under the terms of a three year non-cancelable agreement through December 2004, at which time the lease was renewed for an additional year, through December 2005. The lease required payments of \$2,613 per month through December 2004, increasing to \$2,927 per month through December 2005. The Beverly office was closed December 2005.

Approximate future minimum payments due under the terms of the two Wellesley leases are as follows:

2007	35,000
2008	<u>23,000</u>
	<u>\$ 58,000</u>

Total rent expense under these leases for 2006 and 2005 was \$32,516 and \$145,065, respectively.

NOTE 3. RELATED PARTY TRANSACTIONS

Management Fees

The Partnership's general partner, North Hampton Partners Corporation (the Corporation), manages the Partnership's affairs and trading activities, under the terms of a management agreement. Under the original agreement, the Corporation was paid a general management fee of 1% of the Partnership's net trading activities, including net investment interest income and expense. The partnership agreement was amended January 2005. Under the amended agreement, the Corporation is paid a general management fee of 1% of the of the Partnership's beginning capital. The management fee amounted to \$55,329 and \$54,930 for 2006 and 2005, respectively. The Partnership is also responsible for all costs directly associated with its trading activities, including general and administrative expenses. Such costs are deducted from the net investment gains and related investment income and expense in arriving at the return on investment.

Due to/from North Hampton Partners Corporation

The Corporation is reimbursed for all transferable expenses it pays on the Partnership's behalf per the management agreement. Any amount in the due to/from the Corporation account at year end is directly related to these expenses. The amount due to the Corporation at December 31, 2006 and December 31, 2005 amounted to \$642,761 and 520,893, respectively.

NOTE 4. NET CAPITAL REQUIREMENTS

The Partnership is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires that the Partnership maintain a minimum net capital equal to the greater of \$100,000 or six and two thirds percent of aggregate indebtedness. It also requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed fifteen to one and provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed ten to one. At December 31, 2006 and 2005, the Partnership had net capital, as defined, of \$4,960,910 and \$5,417,875, respectively, that exceeded its required net capital of \$100,000. The Partnership's ratio of aggregate indebtedness to net capital was 0.15 to 1 and 0.09 to 1 at December 31, 2006 and 2005, respectively.

NOTE 5. CAPITAL INVESTMENTS AND WITHDRAWALS

The Partnership agreement provides that partners may withdraw from the Partnership upon timely written notification and that new partners may be admitted upon the agreement of the existing partners. On January 1, 2006, the partners accepted approximately \$37,000 in additional contributions from existing partners. The partners accepted approximately \$100,000 in additional contributions from existing partners during 2005. Additionally, there were no withdrawals during 2006 and 2005.

NOTE 6. REQUIRED DISTRIBUTIONS

The Partnership agreement provides for annual distributions of all "distributable cash", as defined. As of December 31, 2006 and 2005, the amount that was available for distribution amounted to \$712,236 and \$287,377, respectively. The Partnership generally disburses the distributions in the first quarter of the subsequent year.

NOTE 7. RETIREMENT PLAN

The Partnership and its General Partner adopted a 401(k) Retirement Savings Plan (the "Plan") effective January 1, 1998, covering all employees who meet defined eligibility requirements. Employee contributions to the Plan are made at predetermined rates elected by the employees. Additionally, the employer matches a portion of the employee contributions and may also make a discretionary contribution to the Plan. The Partnership's matching contribution amounted to \$8,601 in 2006 and \$21,601 in 2005. The Partnership elected not to make discretionary contributions in 2006 and 2005.

NOTE 8. FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET RISK

The Partnership sells securities that it does not currently own and is therefore obligated to purchase such securities at a future date. These obligations are recorded at the market values of the related securities. The Partnership will incur a loss if the market value of these securities increases subsequent to year end. As of December 31, 2006, such sold securities amounted to \$595,665. These obligations were settled in January 2007 at a net gain. There were no open obligations at December 31, 2005.

NORTH HAMPTON PARTNERS, L.P.

SCHEDULE I
COMPUTATION OF NET CAPITAL UNDER RULE 15c3-1 OF THE
SECURITIES AND EXCHANGE COMMISSION

WOLFEBORO • NORTH CONWAY
DOVER • PEMBROKE
EXETER

In planning and performing our audits of the financial statements and supplemental schedules of North Hampton Partners, L.P. (the Partnership) for the years ended December 31, 2006 and 2005, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Partnership including such tests and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making periodic computations of aggregate indebtedness (or aggregate debits) and net capital computations under rule 17a-3(a)(11) and for determining compliance with exemptive provisions of rule 15c3-3. Because the Partnership does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Partnership in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve Board

The management of the Partnership is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Partnership has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be a material weakness as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Partnership's practices and procedures were adequate at December 31, 2006 and 2005, to meet the SEC's objectives.

This report is intended solely for the use of the Partners, management, the SEC, NASD, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.
