INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Stockholders
Union Capital Holdings Corp. and Subsidiary
Union Capital Company

We have audited the accompanying consolidated statement of financial condition of Union Capital Holdings Corp. (a Corporation) and subsidiary Union Capital Company (a Corporation) as of December 31, 2006 and the related consolidated statements of operations, stockholders' equity and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities and Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Union Capital Holdings Corp. and subsidiary Union Capital Company as of December 31, 2006 and the results of their operations and their cash flows for the year then ended in conformity with generally accepted accounting principles accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The supplementary information is presented for purposes of additional analysis and is not a required part of the basic consolidated financial statements. However, this information is required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and, in our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements taken as a whole.

UNION CAPITAL HOLDINGS CORP. AND SUBSIDIARY UNION CAPITAL COMPANY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Organization

The consolidating financial statements include the accounts of Union Capital Holdings Corp. (UCHC) and its wholly owned subsidiary Union Capital Company (UCC), collectively referred to as the Company.

UCC, an Arizona corporation, began operations in December 1999 as Inversionista Online.com, Inc. and became a registered securities broker-dealer during 2001. The name was changed to Union Capital Company during 2002. UCC operates a customer business whereby transactions are cleared through another broker-dealer on a fully disclosed basis in accordance with the exemption under rule 15c3-3(k)(2)(ii) of the Securities and Exchange Commission.

2. Summary of Significant Accounting Policies

Basis of Accounting

The consolidated financial statements include the accounts of UCHC and its wholly-owned subsidiary UCC. All intercompany balances and transactions have been eliminated in consolidation. The consolidated financial statements of the Company have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables and other liabilities.

Cash

For purposes of the statement of cash flows, the Company considers all highly-liquid investments purchased with a maturity of three months or less to be cash equivalents. There were no cash equivalents at December 31, 2006.

Commissions Revenue and Receivable

Commissions revenue and related expenses are recognized on a trade date basis and recorded monthly. Commissions receivable represent commissions earned on transactions that occurred prior to and on December 31, 2006 and paid to UCC after December 31, 2006. All of the commissions receivable were collected during January 2007.

Furniture and Equipment

Property and equipment is stated at cost. The cost of maintenance, repairs and minor renewals is charged to expense in the year incurred. Expenditures that increase the useful lives of the assets are capitalized and depreciated. When items are retired or disposed of, the cost and accumulated depreciation are removed from the accounts and any gain or loss is included in income.

For financial statement purposes, depreciation is computed using the straight-line method over the following estimated useful lives of the various classes of assets:

Office furniture and fixtures	7 years
Computer equipment and software	5 years

Intangible Asset

The costs for UCC to purchase its website domain name are stated at cost. These costs are being amortized using the straight-line method over an estimated useful life of five years.

Income Taxes

UCHC and UCC file a consolidated income tax return and maintain a December 31 year-end for financial and income tax reporting purposes.

The Company records deferred income tax assets and liabilities based on items of income and expense that are reported for financial statement purposes in different periods than for income tax purposes. The differences relate principally to the use of different methods of depreciation for financial and tax purposes and net operating loss carryovers.

UNION CAPITAL HOLDINGS CORP. AND SUBSIDIARY UNION CAPITAL COMPANY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, Continued

Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Concentration of Credit Risk

UCC, as an introducing broker, clears all transactions with and for customers on a fully-disclosed basis with a clearing broker and promptly transmits all customer funds and securities to the clearing broker who carries all of the accounts. These activities may expose UCC to off-balance sheet risk in the event that the customer and/or clearing broker is unable to fulfill their obligations. UCC does not maintain margin accounts for its customers, and therefore, there were no excess margin securities at December 31, 2006.

UCC transacts its business with customers located throughout the United States and Latin America.

3. Net Capital

UCC, as a registered broker-dealer in securities, is subject to the Uniform Net Capital Rule of the Securities and Exchange Commission and the related rules of the National Association of Securities Dealers, Inc. Such rules prohibit the UCC from engaging in any securities transactions whenever its "aggregate indebtedness" (as defined by SEC rules) exceeds eight times its "net capital" (as defined by SEC rules) for the first year, and fifteen times its "net capital" for subsequent years.

At December 31, 2006, UCC had a net capital requirement of \$5,000 and net capital and aggregate indebtedness of \$53,015 and \$36,337, respectively.

4. Deposits

The clearing deposit at December 31, 2006 in the amount of \$35,000 represents monies on deposit with RBC Dain Correspondent Services, the broker-dealer through which all UCC transactions are cleared. The deposit in the amount of \$1,705 at December 31, 2006 represents monies paid in connection with the rental of the Company's office space.

5. Furniture and Equipment

Furniture and equipment consists of:

Office furniture and fixtures	\$ 17,705
Computer equipment and software	21,901
	<hr/>
Total furniture and equipment, at cost	39,606
Less: accumulated depreciation	(31,714)
	<hr/>
Furniture and equipment, net	<u>\$ 7,892</u>

6. Intangible Asset

The intangible asset consists of:

Website domain name	\$ 3,400
Accumulated amortization	(1,587)
	<hr/>
Intangible asset, net	<u>\$ 1,813</u>

UNION CAPITAL HOLDINGS CORP. AND SUBSIDIARY UNION CAPITAL COMPANY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

7. Capital Leases Payable

The Company is obligated under two capital leases. The total cost of computer equipment under these leases was \$5,745 and accumulated depreciation was \$1,012 at December 31, 2006.

Dell Financial, capital lease with payments of \$112 per month including interest through November 2009; collateralized by computer equipment	\$ 2,892
Dell Financial, capital lease with payments of \$113 per month including interest through July 2008; collateralized by computer equipment	<u>1,752</u>
Net minimum lease payments	4,644
Capital leases, current	<u>(1,817)</u>
Capital leases, non-current	<u>\$ 2,827</u>

The future maximum lease payments due under the capital leases at December 31, 2006 are:

<u>Year ending</u> <u>December 31,</u>	
2007	\$ 2,707
2008	2,142
2009	<u>1,239</u>
Total lease payments	6,088
Less imputed interest	<u>(1,444)</u>
Net minimum lease payments	<u>\$ 4,644</u>

8. Income Taxes

The income tax provision for the year ended December 31, 2006 is:

Current:	
Federal	\$ -
State	<u>50</u>
	50
Deferred:	
Federal	3,275
State	<u>375</u>
	<u>3,650</u>
	<u>\$ 3,700</u>

The income tax provision approximates the expected taxes using combined federal and state statutory rates. Deferred taxes are calculated based on temporary differences in the recognition of certain income and expense items for financial reporting and income tax purposes.

UNION CAPITAL HOLDINGS CORP. AND SUBSIDIARY UNION CAPITAL COMPANY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

8. Income Taxes, Continued

The deferred tax asset and liability in the accompanying financial statements consists of the following at December 31, 2006:

Deferred tax liability	\$ 400
Deferred tax asset	\$ 30,400
Deferred tax asset, net	\$ (30,000)

The net deferred tax asset is the result of approximately \$206,000 and \$185 in federal and Arizona net operating loss carryovers, respectively. These loss carryovers are available to offset future taxable income. The federal loss carryover expires in 2020, and the Arizona loss carryover expires in 2011. The deferred tax liability is the result of differences between depreciation methods used for income tax and financial reporting purposes.

9. Related Party Transactions

As of December 31, 2006, UCC was owed \$16,285 from short-term advances made to stockholders. The advances are interest-free, due on demand and unsecured.

10. Commitments and Contingency

Commitments

The Company leases office space under an operating lease that expired December 2006. Rent expense under this lease during the year ended December 31, 2006 was \$25,513. As of January 31, 2007, the Company is leasing the space on a month-to-month basis while negotiating the lease renewal. The Company also leases a vehicle under an operating lease that expires July 2009. Rent expense under this lease during the year ended December 31, 2006 was \$6,442.

Future minimum lease payments under these leases are:

2007	\$ 6,390
2008	6,390
2009	3,727
	<u>\$ 16,507</u>

Contingency

UCC does not carry general liability insurance, therefore, the Company's assets are subject to loss in the event of damage of business property and equipment or malpractice claims filed against the Company or its employees. As described in Note 1 above, UCC is an introducing broker and does not hold client funds in any of its accounts.

11. Common Stock and Options

During the year ended December 31, 2006, UCHC issued 274,182 shares of common stock to stockholders who exercised purchase options. As of December 31, 2006, UCHC has options outstanding for the purchase of 50,460 shares of common stock at \$0.01 per share. None of the options outstanding are to employees of the Company.

REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5 FOR A BROKER-DEALER
CLAIMING AN EXEMPTION FROM SEC RULE 15c3-3

To the Board of Directors and Stockholders
Union Capital Holdings Corp. and Subsidiary
Union Capital Company

In planning and performing our audit of the consolidated financial statements and supplemental schedules of Union Capital Holdings Corp. and Subsidiary Union Capital Company (the Company), for the year ended December 31, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal

control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on rule 17a-5(g) under the Securities and Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
