INDEPENDENT AUDITOR'S REPORT

To the Shareholders and
Board of Directors
DMG Securities, Inc.

We have audited the accompanying statement of financial condition of DMG Securities, Inc. as of December 31, 2006, and the related statements of income, changes in stockholder's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of DMG Securities, Inc. at December 31, 2006, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II, is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DMG SECURITIES, INC.
Notes to Financial Statements
December 31, 2006

1. ORGANIZATION

DMG Securities, Inc. ("The Company") is a registered broker dealer with the Securities and Exchange Commission ("SEC") and is a member of the NASD. The Company is incorporated under the laws of the state of Delaware. The Company, like other broker dealers and investment advisors, is directly affected by general economics and market conditions, including fluctuations in volume and price level of securities, changes in interest rates and securities brokerage services, all of which have an impact on the Company's liquidity.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue - Securities transactions (and related commission revenue and expense, if applicable) are recorded on a settlement date basis, generally the third business day following the transaction date. This is not materially different from trade basis.

Fair Value of Securities - Securities owned and sold, but not yet purchased, are valued at market value and the resulting difference between cost and market is included in income.

Substantially all of the Company's financial assets and liabilities are carried at market value or at amounts which because of short-term nature of the financial instruments, approximate current fair value.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates and assumptions.

Income taxes - The Company has elected to be taxed under the provision of Subchapter S of the Internal Revenue Code and similar state provisions. Under these provisions, the Company does not pay federal or state corporate income taxes on its taxable income. Instead, the stockholders are liable for individual federal and state income taxes on their respective shares of the corporate income. Accordingly, no provision has been made for federal or state income tax for the year ended December 31, 2006, in the accompanying financial statements.

Cash and cash equivalents - The Company includes as cash and cash equivalents amounts invested in money market funds.

DMG SECURITIES, INC.
Notes to Financial Statements (Continued)
December 31, 2006

3. DEPOSIT WITH CLEARING BROKER

The Company maintains a clearing agreement with National Financial Services LLC. Under the agreement the Company maintains a clearing deposit of \$15,000.

4. COMPUTATION FOR DETERMINATION OF RESERVE REQUIREMENTS

The Company will operate in accordance with the exemptive provisions of paragraph (k)(2)(ii) of SEC Rule 15c3-3. All customer transactions are cleared through National Financial Services LLC on a fully disclosed basis.

5. NET CAPITAL REQUIREMENTS

The Company is subject to the Uniform Net Capital Rule (Rule 15c3-1) of the Securities Exchange Act of 1934 which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2006, the Company's "Aggregate Indebtedness" and "Net Capital" (as defined) were \$410,091 and \$205,053, respectively, and its net capital ratio was 2.0 to 1.0. "Net Capital" exceeded minimum capital requirements by \$155,053 at that date.

6. LEASE COMMITMENT

The Company leases its office space under a lease that expires March 31, 2007. The future minimum lease payments required for the years ended December 31, are as follows: 2006 - \$39,908; and 2007 - \$9,977. The Company paid rent expense of \$41,944 for the year ended December 31, 2006. The Company also leases storage space on a month to month basis. The rent expense for the year ended December 31, 2006 was \$3,466 for that lease.

Board of Directors
DMG Securities, Inc.

In planning and performing our audit of the financial statements and supplemental schedules of DMG Securities, Inc. ("the Company") for the year ended December 31, 2006, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC) we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1) Making quarterly securities examinations, counts, verifications, and comparisons.
- 2) Recordation of differences required by Rule 17a-13.
- 3) Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including procedures for safeguarding securities, which we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the NASD, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
