INDEPENDENT AUDITORS' REPORT

To the Partners of
Louis Capital Markets, LP

We have audited the accompanying statement of financial condition of Louis Capital Markets, LP (the "Partnership") as of December 31, 2006. This statement of financial condition is the responsibility of the management of Louis Capital Markets, LP. Our responsibility is to express an opinion on this statement of financial condition based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Louis Capital Markets, LP as of December 31, 2006, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of expressing an opinion on the statement of financial condition taken as a whole. The supplementary information listed in the accompanying table of contents is presented for purposes of additional analysis and is not a required part of the statement of financial condition, but is supplementary information required by Rule 17a-5 of the Securities Exchange Act of 1934 and Regulation 1.10 under the Commodity Exchange Act. Such information has been subjected to the auditing procedures applied in the audit of the statement of financial condition and, in our opinion, is fairly stated, in all material respects, in relation to the statement of financial condition taken as a whole.

NOTES TO FINANCIAL STATEMENTS

2. Summary of significant accounting policies (continued)

Rent Expense

The Partnership complies with SFAS No. 13, "Accounting for Leases." Rent is charged to operations by amortizing minimum lease over the term of the lease using the straight-line method.

Use of Estimates

The preparation of financial statements in conformity with the accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. Property and equipment

At December 31, 2006, property and equipment consisted of the following:

Computer equipment	\$	225,317
Office equipment		199,849
Furniture and fixtures		328,015
Automobile		26,161
Leasehold improvements		<u>254,759</u>
		1,034,101
Less accumulated depreciation and amortization		<u>400,052</u>
	\$	<u>634,049</u>

Included in office equipment, computer equipment, and furniture and fixtures at December 31, 2006 is \$499,472 relating to assets recorded under capital leases. Included in accumulated depreciation and amortization at December 31, 2006 is \$177,806 of accumulated amortization relating to assets recorded under capital leases.

4. Net capital requirements

The Partnership is a member of the NASD and is subject to the SEC Uniform Net Capital Rule 15c3-1. This Rule requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 and that equity capital may not be withdrawn or dividends paid if the resulting net capital ratio would exceed 10 to 1. The Partnership is also subject to the CFTC's minimum financial requirements which require that the Partnership maintain net capital, as defined for securities brokers and dealers, equal to or in excess of the greater of \$45,000 or the amount of net capital required by the SEC Rule 15c3-1. At December 31, 2006, the Partnership's net capital was approximately \$738,000 which was approximately \$581,000 in excess of its minimum requirement of approximately \$157,000.

LOUIS CAPITAL MARKETS, LP

NOTES TO FINANCIAL STATEMENTS

5. Exemption from Rule 15c3-3

The Partnership is exempt from the SEC Rule 15c3-3 pursuant to the exemptive provision under sub-paragraph (k)(2)(ii) and, therefore, is not required to maintain a "Special Reserve Bank Account for the Exclusive Benefit of Customers".

6. Due to affiliate

The Partnership entered into a Foreign Correspondent Agreement with an affiliate located in London, England. It incurred approximately \$3.5 million in fees related to this agreement and owed approximately \$683,000 to its affiliate at December 31, 2006. The Partnership also paid approximately \$3.4 million to its affiliate in 2006 for correspondent fees.

The Partnership entered into an Administrative Service Agreement with another affiliate whereby it provides administrative support and use of office space and equipment in exchange for a fee. The Partnership billed approximately \$162,000 to its affiliate, which has not been collected at December 31, 2006.

7. Concentration of risk

Off-Balance Sheet Risk

Pursuant to its clearance agreement, the Partnership introduces all of its securities transactions to its clearing broker on a fully-disclosed basis. Therefore, all of the money balances and long and short security positions are carried on the books of the clearing broker. Under certain conditions, as defined in the clearance agreement, the Partnership has agreed to indemnify the clearing broker for losses, if any, which the clearing broker may sustain from carrying securities transactions introduced by the Partnership. In accordance with industry practice and regulatory requirements, the Partnership and the clearing broker monitor collateral on the securities transactions introduced by the Partnership. In addition, the receivables from the clearing broker are pursuant to this clearance agreement and the Partnership must maintain at least \$1,000,000 in cash and securities at all times with the clearing broker.

In the normal course of business, the Partnership's customer activities involve the execution and settlement of securities transactions. These activities may expose the Partnership to off-balance-sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Partnership has to purchase or sell the financial instrument underlying the contract at a loss.

Credit Risk

The Partnership maintains its cash balances in various financial institutions. These balances are insured by the Federal Deposit Insurance Corporation up to \$100,000 per institution. The General Partner regularly monitors the financial condition of these institutions in order to keep the potential risk to a minimum.

LOUIS CAPITAL MARKETS, LP

NOTES TO FINANCIAL STATEMENTS

8. Profit sharing plan

In December 2005, the Partnership initiated a Profit Sharing Plan covering all employees with certain eligibility requirements. The Partnership deposits three percent of each employee's earnings up to the maximum pension contribution allowed by the Internal Revenue Service in that year. Contributions vest immediately and are deposited in the employee's 401(k) plan. The Partnership made a matching contribution of approximately \$93,000 for the year ended December 31, 2006.

9. Commitment and contingencies

Operating Lease

In December 2006, the Partnership moved to a new office space and entered into a new lease agreement that expires in February 2013. Rent expense for the year ended December 31, 2006 was approximately \$310,000. Future approximate minimum lease payments at December 31, 2006 are as follows:

LOUIS CAPITAL MARKETS, LP

NOTES TO FINANCIAL STATEMENTS

9. Commitment and contingencies (continued)

Required Tax Distributions

As required by the limited partnership agreement, the Partnership is required to make a tax distribution in an amount no less than an amount determined by multiplying the net income of the Partnership by the highest combined applicable federal, state and local tax rates. For the year ended December 31, 2006 this amount approximates \$830,000. Amounts paid during the year were made in accordance with this requirement.

Loss Contingency

In December 2006, the Partnership received separate orders to sell shares of a New York Stock Exchange-listed security from a customer. Both orders were affirmed by the customer on their respective trade dates and the trades were duly executed by the Company. The customer failed to deliver the securities as required by the requisite settlement dates and despite having been given additional time to do so. Accordingly, the securities ultimately were bought-in by the Partnership to cover the transactions. As a result of the buy-ins, the Partnership sustained damages of \$442,327, all of which is attributable to the customer's breach of its contractual obligations. The Partnership is presently attempting amicably to recover its damages from the customer before considering litigation to vindicate its rights. As a result, the Partnership accrued a contingency loss for that amount at December 31, 2006, which is included in "Due to Clearing Broker".

10. Subsequent event

In January 2007, the Partnership made a capital distribution of \$200,000.
