INDEPENDENT AUDITORS' REPORT

**Board of Directors
Breckenridge Securities Corp.**

We have audited the accompanying balance sheet of Breckenridge Securities Corp. as of December 31, 2006, and the related statements of income, stockholders' equity and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Breckenridge Securities Corp. at December 31, 2006, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II on Pages 13-15 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

BRECKENRIDGE SECURITIES CORP.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2006

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business – The Company participates in the private placement of debt and equity securities as an agent, not as a principal, for or on behalf of the issuers of such securities. All private placement activity is on a "best efforts" basis. Private placement transactions on behalf of issuers involve capital formation activity on behalf of such issuers, merger and acquisition advice related to such issuers, and other transactions which involve the private placement of securities. The Company does not engage in any securities trading activities, market making, or firm commitment underwriting, nor does it carry or maintain customer accounts, engage in securities clearing activities, or maintain or hold cash or securities of customers or offerees in connection with private placement transactions.

Cash and Cash Equivalents – For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of one year or less to be cash equivalents.

NOTE 2 – RELATED PARTY ARRANGEMENTS

The Company has made arrangements with a related party, The Breckenridge Group, Inc. (The Group), to provide office space for the operations of the Company and to provide the Company with office support services, such as clerical, administrative, and bookkeeping/record keeping services.

The Company has entered into an agreement to perform certain investment banking and financial advisory services for The Group. Under the agreement, as amended, the Company receives an annual retainer not to exceed \$40,000. The agreement can be terminated by either party with a 30-day notice.

During 2006, \$39,996 in fee revenue was earned from The Group and \$11,616 in office support services was expensed to The Group.

NOTE 3 – INCOME TAXES

The Company has elected to be treated as a "Subchapter S-Corporation". Under "Subchapter S" provisions of the Internal Revenue Code, the Company does not pay income taxes on its taxable income. Instead, the stockholders include their prorata share of the Company's income and expenses on their individual income tax returns.

**BRECKENRIDGE SECURITIES CORP.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 4 – NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (8 to 1 in the first year) and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2006, the Company had net capital of \$20,961, which was \$15,961 in excess of its required net capital of \$5,000.

SUPPLEMENTARY INFORMATION

SUPPLEMENTARY REPORT OF INDEPENDENT ACCOUNTANTS

Board of Directors Breckenridge Securities Corp.

In planning and performing our audit of the financial statements of Breckenridge Securities Corp. for the year ended December 31, 2006, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

We also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2006, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, and other regulatory agencies, which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
