INDEPENDENT AUDITORS' REPORT

To the Member
Winebrenner Capital Partners, LLC

We have audited the accompanying statements of financial position of Winebrenner Capital Partners, LLC as of December 31, 2006 and 2005, and the related statements of operations, changes in member's equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Winebrenner Capital Partners, LLC as of December 31, 2006 and 2005, and the results of its operations and its cash flows for the years then ended in conformity with auditing standards generally accepted in the United States of America.

Our audits were made for the purposes of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, III and IV is presented for the purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements, and in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**WINEBRENNER CAPITAL PARTNERS, LLC
INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING IN ACCORDANCE WITH
GENERALLY ACCEPTED AUDITING STANDARDS**

Board of Directors
Winebrenner Capital Partners, LLC
Louisville, Kentucky

In planning and performing our audit of the financial statements of Winebrenner Capital Partners, LLC as of and for the year ended December 31, 2006, in accordance with auditing standards generally accepted in the United States of America, we considered Winebrenner Capital Partners, LLC internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above.

This communication is intended solely for the information and use of management, others within the organization, and is not intended to be and should not be used by anyone other than these specified parties.
